Um, I was born and raised in Lapeer, Michigan, I went to Eldridge elementary for elementary school and I went to Zemmer Middle School, and then I did 5 years including 8th grade Lapeer East High School. I was in girl scouts from the time I was in kindergarten til the time I graduated. I have both my gold and silver award

I came to Northern Michigan University in 05, I was a transfer student I did my first year at a community college at a community college called Lamott community College. Umm I basically just did my basic stuff there and transferred here for my major

Why did you come to northern?

Well, my sister's up here so I felt I'd have a little family up here, not that I really get homesick I just feel more secure with family around

Can you tell me your major or any classes you're taking this semester/

I am a hospitality management Major, I have HM..., let's see.. I don't remember the course number, it is ProCook 2 I also have pastry and I also have a...and I also have a math 100 and HS295

Is there anything you'd like to say about any courses you've taken this semester or any previous semester at this college?

My hospitality classes, they're really involving I love them we get a lot of hands-on we learn a lot, umm other than that most my other classes have been fairly interesting and pretty easy

Alright, do you have any likes or dislikes about the college in general?

Umm, I like that it's a fairly small campus, you get to know a lot more people that way, there's a lot of things you can do around, (oh, I thought you were going to say something) uhh, I don't really have any dislikes, maybe the parking situation, that gets kind of annoying, umm I wish there was more parking on campus for students, especially around the UC, I mean, it's not that far of a walk, but in the cold, it would be nice

How about extracurriculars, are there any activities specifically that you like to spend free time doing?

Umm, we do a lot of movie nights, I guess, at my house, umm that's a lot of fun, we do a lot of things together, we do house dinners, we umm, play video games, we go to the movies. I like to hang out with my friends a lot, I love going to the sporting events and pretty much attend every home sporting event I can.

Is there anything, uh,

Have you lived on-campus or off-campus during your stay

I have lived on campus both years I have lived in Van Antwerp, in American Graffiti.[a house]

Is there anything you'd like to say about your residential situation, your RA, other members of your house or hall?

well, my first year up here my RA was wonderful he was very involved if he didn't hear from you, err, didn't talk to you that day, he was, later at night, knocking on your door making sure you were okay, we spent a lot of time together last year our house was really close, umm and last year was, would've been 05-06 school year. umm, this year in the 06-07 school year we're not *as* close we still do a lot of activities together but it's not the whole house doing things it's just parts of the house and every once in a while we might get someone else out of the house too, to do things.

Umm, Is there anything else in particular you'd like to say about the university, your experience here, a notable story, a memorable sporting event that you went to, something of that nature?

Umm, well I'll always remember my first semester up here, for student rally, our house err, our hall has a house competition and our RD brought his motorcycle so our theme was Harley-Davidson, basically. And we had to dress our RA up like a biker chick or dude, depending on their sex, well because there was not that many guys in our house we couldn't find clothes for our RA, so we dressed him up like a biker chick and it was the best ever. We won that year, we won a pizza party for it, it was a lot of fun.
