

Welch Lists 5 Marks Of Educated Man

Real learning does not consist of academic experience and diplomas and degrees. Indeed, therefore, President Dale L. Welch of Case College returned to the High School exercises at Commencement exercises held Wednesday night in the local school auditorium.

Further quoting the speech, Mr. Welch stated that the five marks of an educated man were the ability to use correctly and properly the refined and gentle manners, the proper tongue, the possession of method and gentle manners, the capacity for reflection, the capacity for growth, and the power to do something worthwhile.

In addressing the graduates, Dr. Welch asked the class the question, "Whether educated?" He asked the young people what they proposed to do about making a living. After pointing out the necessity of earning food, clothing and shelter, he suggested to the graduates that they learn to do something that the world wants done tomorrow, that they learn to do something they assume the responsibilities of a family and that they learn to do it well.

Dr. Welch reminded the seniors that further learning and making a living were the two main things he challenged every member of the class to also make a life of. He cited as an illustration the sacrificial service of Jane Addams who turned her back upon a comfortable and opulent life in order to give relief to the needs of those who looked to Hull House as their center of service and inspiration.

He concluded his address by expressing the hope that the graduates of Negaunee High School would do so well during the next 20 years that their parents would be as proud of them in 1969 as they were in 1949.

Graduates were presented with their diplomas by Thomas Collins, president of the board of education. The Commencement program included also the invocation of Rev. John Wargentin, D. D., pastor of Immanuel Lutheran church, selections by the concert choir, orchestra, and group singing of "America."

Awards Given 74 Pupils on Class Night

Seventy-four awards were presented to Negaunee High School seniors at the annual class night program held Monday evening in the high school auditorium.

Paul Jutila was presented by Supt. Glenn K. Kelly with the honor trophy, outstanding student of the year to a member of the student body. Selection of the student receiving this award is determined on the basis of scholarship, character, leadership and service.

Harlan Hawke was named the outstanding commercial student. The vocational award to the outstanding student in wood work, a one-year subscription to Popular Mechanics, was presented by Joseph Dally to Leo Steeby, while the vocational award for the top student in wood work, a one-year subscription to Popular Homecraft, was presented by P. C. Dewey to Robert Jackson. The award named also as the winner of the

Pop Chalek, talented artist from the scenic Indian territory of the Northwest, was the artist of the Delta Pop Railway Indian Village at the Chicago Railroad Fair, acting as mistress of ceremonies at the recent annual convention of the Pop Club, Internationally known artist and illustrator, is perhaps the only outstanding artist of today and is the only one left. WFO's WHO. The Fair opens June 25th, and will close October 2nd.

Tribute Paid Former Local Man By Gladstone Editor

Tribute was paid Irving Johns, son of Mr. and Mrs. Irving R. Johns, 612 Snow street, who is leaving the Gladstone school system after four and one-half years as music director to become associated in business with his father, in an article appearing in the June 2 issue of the Gladstone Bel-Action Reporter. The article, written by Ben Watson, editor and publisher of the Delta Reporter follows:

Coincidental with the ending of the school year in Gladstone comes the departure of Irving Johns, Jr., from the Gladstone scene. Irving, who has headed the music department in the Gladstone public schools for the past four and one-half years, is resigning to become associated with his father in the manufacture of a new product which replaces old worn outmolded ladders used to shore up walls and ceilings in mines.

"The story of Johns' tenure in the Gladstone schools must of necessity deal with intangible things that are hard to evaluate. There are no records or statistics in high school music, no medals or prizes for outstanding achievement. But we feel sure Irving would have made an excellent collection of them if anyone has. Certainly he deserves one for the manner in which he has developed interest, music and built up the morale of the school. He has been in the Gladstone in 1945 three years and seven boys in the school chorus. In 1947, 55 boys and 84 girls sang for him, 182 boys and girls joined out that year, almost doubling the enrollment.

Anyone who has watched performances by Johns' groups, the band, the Girls' Ensemble, and the chorus will have marveled at the enthusiasm, appreciation and self-discipline of the musicians

Three Proposals May Confront Voters At School Election

Negaunee school voters may vote on three items at the annual school election July 11, although the board of education was unable to court definite action on the board at its several meetings held Monday and Wednesday nights of this week.

The question of putting proposals regarding construction of the new elementary school building and gymnasium on the ballot at the same time voters will select a candidate for a three year term on the board was discussed but not acted on, but as definite action is taken. It is probable the matter will be decided at the regular meeting of the board scheduled for Monday night.

Final Rites Held For John Larson

Final rites were held at 2 o'clock Monday afternoon in the Park funeral home and at 2:15 in the Bethany Lutheran church. Rev. Luther Knop officiating. John Larson, who died at 9:31 P.M. Friday night in the Twin City hospital.

Mr. Larson, former manager of the Press Telegram, was born Dec. 12, 1880 in Hamlet, N. C. He was married to Mrs. J. Larson, who died at 9:31 P.M. Friday night in the Twin City hospital.

He was a member of the Masonic lodge, Modern Woodmen of America, Swedish lodge, and the Veterans of Foreign Wars and an officer of the American Legion.

Surviving are his wife, the former Della Healt, four sons, Albert, Dearborn, Jack, Pickford, Kenneth, Negaunee; Wilford, Muskegon; daughter, Mrs. Adella Stone, Negaunee; one sister, Mrs. Vera Owen, Chicago; brother, William, Chicago; five grandchildren and several nieces and nephews.

Final honors were members of the Masonic lodge of Negaunee. Burial was made in the Negaunee cemetery.

St. Paul High Seniors Hear Fr. Laforest

Men must look to religious schools if they wish to give their sons and daughters a complete education. Very Rev. George LaForest, declared last night in addressing 1949 graduates of St. Paul High School at their Commencement exercises held in St. Paul church.

"This is a talk on the Unknown God, the God of our fathers, the God who made us, the God who gives us and daily gives us all we have and have ever had, the God who has been nurtured by the prayers of all the people of the States in all the public schools of the land," Fr. LaForest stated. He pointed out the religious and educational aspect in our country and said that the right to call this His own, and declared that education that trains the mind and heart is not a well rounded education.

Fr. LaForest stated, "It will and its heart must be strengthened and protected along the lines of education; else he is faced by the inevitable problems that they are meeting."

"This education gives you the three R's, plus the fourth one, religion. The first three can be given you without with force and speed, the fourth one gives you the power so much needed to meet the problems of life, and to give them with justice to God and to man."

Questions which must be decided by the voters regarding the new school and gymnasium are whether or not to grant authority to the board to exchange the Park street school building for the land on which the new unit would be erected on Highway 1, S. 41, where the school board has a bond issue, and approving of an increase in the tax rate to help defray costs of the bond issue.

All electors, provided they are registered for the school election by June 24 and are qualified for the board of education and the board has increased the tax millage rate, may vote at the school election. However, only real and personal taxpayers, their husbands or wives, are eligible to vote on the bond issue.

Registration for the school election will begin on June 24 and continue through Saturday, July 2. It was announced yesterday by LaForest that the secretary, Hours for registration, which will be held on the first evening of the school election, will be from 1 to 8 p. m.

The term of the secretary expires on June 24. The position has been no announcement made by LaForest as to whether including the incumbent, whether or not to vote for the secretary. Hours for registration, which will be held on the first evening of the school election, will be from 1 to 8 p. m.

Present at the board meeting on Monday night were Rev. George LaForest, member of the firm of Perkins and Will, Chicago architects, who have been engaged by the board as architects for the new school, and members of the citizens' committee. The board outlined for the board 223 citizens' names for the positions encountered in the construction of a new school and discussed forming a board which will be established in the proposed local unit.

Other than the discussion concerning the new school, the only action taken by the board was the engaging of R. K. Richards, high school instructor, as playground director for the summer.

Graduates were presented to the graduate by Mrs. Rev. Thomas Thomsen, plus the fourth one, religion. The first three can be given you without with force and speed, the fourth one gives you the power so much needed to meet the problems of life, and to give them with justice to God and to man."

Diplomas were presented to the graduate by Mrs. Rev. Thomas Thomsen, plus the fourth one, religion. The first three can be given you without with force and speed, the fourth one gives you the power so much needed to meet the problems of life, and to give them with justice to God and to man."

FEDERAL AID TO EDUCATION

There has been much discussion in the columns of Federal aid to education for many years. The National Congress and State Legislatures call for a "federalization" of education.

This, however, does not clearly describe the plan. The objective of this plan is to take relief on a regular basis for all children and youth in the country, or for that matter, to make some such relief from the State.

The extent of Federal progress as it is explained by the National Education Association is a transaction between the Federal government and the States.

There is one school of thought which feels that the best way to bring prices tumbling down is to have an article and buy nothing that you can do without.

McNamee, of the Harvard Graduate School of Business Administration, says to say about it: "It may, with the best edge taken off demand for durable, consumer goods, be a good thing for the masses, the lower prices will probably cause, but only as a result of some economic disturbance which will be a disaster to the consumer interests, and great damage to our economic and political structure."

A manufacturer feels that he cannot move his wares at the established price, he will eventually dump them for whatever he can get. But he will be very slow about any such move.

On the credit level, many of our business firms can't afford to keep goods on hand indefinitely. They must be moved with in a certain period of time, or they will be a loss.

It is the welfare of this country is based upon mass production and mass distribution. Whether the general price level is high or low, we usually get a good buy for our money.

CONSUMER BUYING STRIKES

MICHIGAN MIRROR

Like the old nursery song, "Who stole Cock Robin?", Michigan has a new political ditty to sing of her: "Where to blame for the coming state deficit?"

Governor G. Mennen Williams criticizes the Republican legislators. In an address before the State C. I. O. convention in Grand Rapids, he urged labor to "pump state gas into the legislature."

Rather than operate the state in the "red," Governor Williams increases to the legislature a bill to put the Republicans on the defensive—a good strategy if it is any more money.

By continually hammering away at the legislature, refusal to accept new taxes, Williams is putting the Republicans on the defensive—a good strategy if it is any more money.

In his plan for new taxes, the governor has some newspaper editorial support. Here are a few of them: Battle Creek Enquirer & News.

"The major fault in the legislative session was the refusal of members to halt a financial crisis before it occurred." Justice of the Peace-Fairfax - "It is inadvisable that a legislature should shut its job finished while a deficit is still threatening the state."

Robert P. Stearns, state controller, foresees on May 27 an opposing deficit between \$70 and \$72 million in the light of the present decline in general business conditions."

John P. Eshelb, chairman of the house ways and means committee, is a veteran in the legislature. He is now serving his 25th year.

It has been Eshelb's conviction that the constitutional convention of state funds and revenues of governments, were upheld by the state, would inevitably lead to a state treasury deficit. Justice of the Peace-Fairfax - "It might be a good thing to save a deficit and let the people see what they do when they adopted sales tax provision."

This amendment returns to the state of sales tax revenues to the schools, cities, villages and townships, leaving the state treasury for state services."

Rep.'s recommendations, which the legislature apparently approved, levy no new taxes, come back in January 1915, when we will see where we stand.

To those individuals who cry

Negaunee Forty Years Ago

ITEMS REPRODUCED FROM

Negaunee Iron Herald

E. C. Voss returned Tuesday morning from Chicago in which city he was a passenger last Saturday evening.

Dr. J. A. Winger returned Sunday evening from a brief visit in the Copper Country.

Negaunee High School seniors presented their class play in the auditorium of the new school on Wednesday evening. The production was a comedy on Shakespeare's well known work, "The Merchant of Venice." Cast in the lead roles were Alec Freudenreich as the Duke of Venice, Robert Schmitzer as Antonio, John McVie as the porter of Bassanio, Sanford Lowenstein as Gratiano and Arthur Swartz as Shylock.

In a recent letter, John Traubel, son of Mr. and Mrs. Peter Traubel, Sr., who is doing diamond drill work in South Africa, makes it plain that not all of the people on the Dark Continent are as enlightened savages. For instance, they have baseball games over there and it will not surprise Negaunee people to learn that John does some pitching now and then.

Mayor Joseph H. Winger and Postmaster Thomas Connors returned Tuesday morning from a few days of successful fishing on the Escanaba.

Chief Julius Johnson was a passenger Tuesday afternoon for Laurium, where he secured comfortable quarters for members of the Negaunee Fire department who attended the firemen's tournament to be held in that town in August.

Henry Lee, H. P. Johnson, Andrew Johnson, Maurice Van der Meer and son, George Woliner, returned Monday from a two day fishing expedition in the vicinity of H. P. Johnson's homestead with about 100 trout, all in size within the legal requirements of the law.

F. J. Merten, the plumber, has been experiencing not only an unprecedented push of work, but also the largest volume he has had in the five years he has been in business here. One of Mr. Merten's tasks this summer is the installation of five bathrooms in the new

hotel at Grand Island. Among the Negaunee homes where he has contracts to install modern bathrooms are Capt. John Deacon's, the Thomas Connors, and C. L. Stanley residences.

Ernest Klein of the big store returned yesterday from a business trip to Chicago.

Mr. and Mrs. John Nesbitt are expected home tomorrow from their winter sojourn in Chicago.

The Negaunee City Band, the members of which organization are all "home" musicians had their "concert" while they were on the steps of the Breitung Hotel.

Miss Maud Verlan and John J. Hausman were married Monday evening at the home of the bride's parents, Judge and Mrs. Wilbur Verlan. The ceremony was performed by the Rev. R. T. P. Hirske pastor of St. John's Episcopal church and the couple was attended by Miss Maud Thompson and Roy Richardson. The groom is the bookkeeper in the First National Bank of this city and his bride has been one of the clerks in the post office for the past couple of years.

The engraved invitations which the Board of Education has issued for the exercises on the occasion of the dedication of the new high school building were mailed to an equally large list comprising Upper Peninsula people who are prominently identified with education affairs. None of those invitations was sent to any resident of this city, so no one need feel slighted because he failed to receive one. The invitation to Negaunee people is general, as it is realized that all have equal pride and interest in the new structure, and the board could not have well made up a local invitation list even if it had been so inclined.

Gene Wuestberg and Fred Juntila attended the Central Intercollegiate track meet in Milwaukee last weekend.

Supr. and Mrs. Glenn K. Kelly are leaving Monday for Ithaca, N. Y. where they will attend conference exercises at Cornell University. Their daughter, Mrs. Richard Kelly will receive her Master of Science degree.

Albert Jolech, who is a student at the University of Michigan, Ann Arbor, is spending two weeks visiting relatives here.

Jack C. Adams of Saginaw, is arriving here today for a visit with friends.

Miss Helen Kuhlman has returned home from a visit in Milwaukee and Chicago.

Miss Margaret C. Traylor of Detroit is visiting her sister, Mrs. John

Negaunee Will Be Represented At Sewage Institute

With sewage disposal one of Negaunee's main problems, representatives from the city will attend the Institute on waterwork and sewage problems, scheduled for next Thursday and Friday at Iron Mountain. The city council was expected to memorialize delegates to the meeting last week.

The Institute is being sponsored by the Department of Civil Engineering and the Extension Service of the University of Michigan in cooperation with the Education Committee of the Michigan Sewage Works Association and the Michigan section of the American Waterworks Association.

The two day institute will cover such topics as hydrology, fresh water biology, sanitary engineering, and general sewage problems, according to Prof. Ernest Boyce of the University of Michigan.

Speakers on the program from the University will be Gerald M. Bidonour, associate professor of public health engineering; Richard King, assistant professor of civil engineering; and J. A. Borchardt, also assistant professor of civil engineering. T. V. Vander Voelde, assistant engineer of the Division of Sanitary Engineering, will come from Detroit. Mrs. Mary Williams in Ithaca;

Funeral Services Held Wednesday For Toivo Holmi

Funeral services for Toivo Holmi, 41, who died Saturday morning at 2 o'clock in the Ithaca hospital, were held at 2 o'clock Wednesday afternoon in the Finnish funeral home, Rev. John Wenzel, D. D., pastor of Immanuel Lutheran church officiating.

Mr. Holmi suffered a leg injury on June 1 at the Maas mine, where he was employed, and was taken to the hospital. An autopsy was held Wednesday to determine

the cause of his death, but the results will not be available for three or four days.

Surviving are his father, John; one son, Toivo, Jr.; three sisters, Mrs. John Elin Ovin, Mrs. Elin Oronen, Mrs. N. Y. Mrs. Iida Ranta of this city; two brothers, Otto and Emil, both of Richmond township.

Full services were Edward Kerus, Oscar Ranta, Bruno Lehtinen, Eli Mielke, Matti Holmi, Jr. and Charles Anderson, all of Richmond township. Burial was made in the family lot in the Nee area cemetery.

American glass-making was revolutionized by a carpenter of Sandusky, N.Y., who found in 1827 that glass could be blown in a continuous stream. This is the principle used for the first time in the production of every American home.

Of all persons mentioned in the paper, 80 per cent are men.

BOARD OF REVIEW

NOTICE OF BOARD OF REVIEW MEETING:

Notice is hereby given that the Board of Review of the City of Negaunee, Marquette County, Michigan, will be in session in the Council Chamber of the City Hall in said city on MONDAY, the 13th day of June, 1949, and the day following, commencing at 9:00 o'clock in the forenoon, and on MONDAY, the 20th day of June, 1949, and the day following, commencing at 8:00 o'clock each forenoon, for the purpose of reviewing the assessment roll of said city for the year 1949 in compliance with the Charter. Said Board will be in session at least eight hours each day.

Dated Negaunee, Michigan, May 9th, 1949.

By order of the Common Council
JACOB H. ANDERSON, Recorder.

Bishop Predicts Banner Tourist Season in U. P.

Unless something unforeseen happens, Michigan's Upper Peninsula this year will enjoy the greatest tourist and resort travel season in its history.

This is the belief today of George P. Bishop, secretary-manager of the Upper Peninsula Development Bureau, after analyzing reports of increasing traffic at the Straits of Mackinac and all-time records that are being set in the Straits last year.

State ferries to June have carried 30,224 vehicles and 127,000 passengers across the Straits this year, an increase of 17 per cent over the traffic for the first five months of 1948. An all-time mark was set at the Straits last year.

Excluding requests for copies of the Development Bureau's Lure Book, the Upper Peninsula tourist and resort agency files received and answered 3,688 inquiries specifically asking about vacations in this region. That compares with 3,312 received up to June 1, in 1948.

A new peak in the number of inquiries received by the Development Bureau was reached on June 7, when 2,300 pieces of mail were received, all from persons interested in vacationing in Upper Michigan.

Sanitariums Are Checking State Vacation Spots

To assure that Michigan's resort and rural areas which normally serve only a sparse population are prepared to protect the health of more than 7,000,000 vacationers, the Michigan Department of Health and the local health departments of the state are now undertaking special summer activities.

One third of Michigan's resorts will display "Sanitation Approved" signs this summer, indicating that they have complied with the sanitation standards recommended by the Michigan Department of Health. John Hepler, Director of the Division of Engineering of the State Health Department, estimates.

These black and white signs prominently displayed, indicate to tourists and permanent residents alike that the water supply and sewage disposal of the resorts are safe; that the swimming beach is not polluted; that, where food is served, the methods of handling and garbage disposal are approved.

Highway Deaths Take First Drop In Six Months

The first break in the upward traffic accident family trend that began in Michigan last November was recorded during April, when 172 persons lost their lives, or 17 fewer than in the same month of the previous year.

The monthly statistical report of the Michigan State Police shows, however, 2,208 persons injured in April, a gain of six per cent over April of 1948, and 10,581 reported accidents, an increase of eight per cent.

Deaths decreased in urban centers and on rural trunklines, but increased on rural county roads. During the first four months of this year, 295 persons were killed and 11,161 injured in 44,413 accidents, compared with the same period last year, deaths were up 41 or 12 per cent.

Cancer Donations

Total \$1136.06

Negaunee residents this year contributed \$1136.06 to the fund to fight cancer in the drive which recently ended here. Mrs. Jacob A.

neff, city chairman, announced Wednesday.

In announcing results of the drive, Mrs. Arnoth expressed her appreciation to the women who gave so generously of their time to make the drive a success and to persons and organizations contributing to the fund.

Requests Received For 23,000 Copies Of 1949 Lure Book

More than 23,000 copies of the Lure Book have been mailed to date in response to requests received from prospective tourists by the Upper Peninsula Development Bureau.

Many of the inquiries for Lure Books have come direct to the Marquette office in response to Development Bureau advertising.

while others were received at the offices of the Michigan Tourist Council and from "repeater" tourists with whom vacationing in the U. P. has become a habit.

Requests for the Lure Book have been received from as far as London, England, and Honolulu, Hawaii, and from every state in the Union.

Drum Corps Seeks Funds to Attend U. P. Convention

An appeal was made this week to members of Negaunee for funds to send the American Legion Junior drum and bugle corps to Kansas City to participate in the parade which will be held there in connection with the annual Fifteenth Legion convention in July.

Contests will be played in the area in the business district and officials in charge of the corps request local residents to be active in their donations.

It was pointed out that there are 20 members in the organization and less than half of them have any affiliation with the Legion or Auxiliary, so that sending the unit to Kansas would be a community project. Children in the group range from 10 to 15 years of age.

The corps has been a self-supporting organization. Money comes from the only project held to help organize it, "Muscle Night," was used to repair drums, purchase instruments and outfit the group. All of the houses, sessions and drum majorettes uniforms were made by mothers of the members.

Arrangements have been made to have the corps represented in the parade in the Marquette Convention of children's parade on July 27. The group is available as a community service at any time for events scheduled to be held in Negaunee.

Homemakers Will Meet at Chatham

Homemakers Camp, to be held at Chatham June 27 to July 1 for extension group members, will not be complete without the contribution of Mabel Miles, music extension specialist at Michigan State College.

Miss Miles will be at camp again this year. Mrs. Jayne Norm, Marquette County home demonstration agent and program chairman announced. She will be in charge of music at the camp. In addition, she will conduct a group discussion on Tuesday morning concerning

Modern Parent Now Asks Advice Of Psychologist

The modern parent goes to the child psychologist instead of the woodshed when he wants to discipline his child, according to the Child Craft Advisory Service in Chicago, a national organization for parents and teachers of young children.

The Service has answered an estimated 1,000,000 queries on the child problems from American mothers and fathers during the past decade. Of these, more than 600,000 with such problems of discipline as desirable punishments, scolding, laziness, and constant ill-temper than with any other subject including honesty, sex education and personal appearance.

"Sleeping and eating problems and fears in childhood also come in for a large share of the parents' concern," Miss Margaret Giessemeyer, director of the Service, declares.

Sleeping problems that keep parents awake feature nightmares and the child who always hops in bed out of bed three or four times before he finally falls asleep.

Children's fears, their frightful parents into seeking expert advice range from fear of mice and of the dark to fear of the water and learning how to swim.

Foods Specialist Lists Practical Canning Rules

Grandmother canned everything in a day and saved money—can you do the same? Do you know that your canning efforts save more money than you think?

Through her music supervision in schools and the popular radio program "Adventures in Music," Miss Miles is well known throughout Michigan. "Adventures in Music" is broadcast over the Michigan State College radio station WKAR.

Miss Miles has been on the MSC staff for the past 18 years. She obtained her B. S. degree from Michigan State Teachers College, and her M. A. degree from New York University.

It's sure all over the land pretty for a wedding and delicious to drink.

I there'll be weddings. Many receptions will be held out-of-doors, and what is lovelier on a beautiful June day? No matter how large or how small the wedding, how elaborate or how simple the refreshments, the wedding cake and the punch are of great importance.

The punch should be attractive looking, cold and of definite good flavor. To be sure of flavor, use a combination of fruit juices perked up with pale dry ginger ale. Ginger ale will give a refreshing tang to any fruit punch. Here is a punch, particularly

Sparkling Strawberry Punch
 2 cups hulled strawberries
 3 cups pineapple juice
 Juice of 1 lime
 1 cup sugar
 Few whole strawberries and lime slices

2 large horns pale dry ginger ale
 1 Place berries in a bowl and lime juice and sugar and crush slightly. Let stand half an hour. Add pineapple juice. Pour over dry ginger ale. Garnish with whole strawberries and lime slices. Yield: 30 servings.

beverage fuel costs make the canning cost even higher. Then there need to consider, particularly if you have to buy it. Of course surplus garden products that would waste otherwise present a different situation.

1 Fresh equipment for canning is very important part to consider because it is necessary in processing foods that will keep. For the tomatoes and fruits a large canner that will work as a hot water bath is ideal. It should be deep enough so that the jars that are placed in it in a rack will be at least two inches under the top of the water.

DAUGHTERS OF ISABELLA
 Corpus Christi Circle, Daughters of Isabella, will hold a business and social meeting at 7:30 Monday evening in the Knights of Columbus hall. Social chairman are Mrs. Mary Trow and Mrs. Albert Osbert.

MICHIGAN BELL TELEPHONE COMPANY

Find Combining Is Most Common Custom Operation

Combining is one of the most common custom jobs done on the Michigan farms, according to R. E. Broussard and R. W. Christian, Michigan State College agricultural economists.

Their recently completed study of custom work shows that most combining is done on an acre basis. Many sizes of combines were reported. From three and one half to 12 feet in width of cut. Most common rate for combining small grain was \$5.00 per acre for all sizes of combines.

Some farmers reported rates on an hourly basis and the rates varied with the size of the combine. For small combines, under four and one half feet in width, the usual hourly rate was \$4.75. With five foot combines the hourly rate was \$5.00. For combines six and one half feet in width, the charge was \$5.00 per hour.

Custom rates for combining and silage are reported several ways. The most common rate was \$5.00 per acre or per hour for all sizes of combines. Combining silage and clover seed to a stubble of the soil was reported by about ten per cent of the farmers who combined their crops. The usual share was one-half, but a few reported a one-third share in cases where the yield was especially high.

Dairy Cows Reach Production Peak About June 1st

Michigan's million dairy cows will reach the peak of their winter production around June 1st. Production is coming earlier than usual this spring because of the advanced season. Production for the month of June 1949 will undoubtedly be over 600,000,000 pounds.

Approximately one-third of this product will be consumed immediately as fresh milk and cream while about four million pounds will go into the manufacture of butter, cheese, evaporated milk and ice cream.

June butter has the best flavor and a great deal of it will go into

The Life You Save May Be Your Own!

Advise Careful Use Of Garden Tools

With gardening season in full swing, Michigan State College extension specialists advise care in the use of garden tools. Accidents frequently happen from the improper use of these common implements.

Replace split or broken handles and carry cutting tools with the blade or points facing down. Pruning is much easier when you use the notch provided in the blade for cutting woody stems.

A word of caution is given concerning other tools. When you use a knife, the rake, hoe, spade or fork, leave them with tines and blades downward.

storage for consumption next winter. June cheeses is considered the best cheese for "ripening" to develop that aged, tangy flavor, as necessary in good cheese. Michigan butter and cheeses production for 1949 is expected to be considerably above the 1948 production, Skiver stated.

Grass Days Scheduled for June in Michigan

Typical of the demonstration acres to be shown at the ten Grass Day demonstrations in Michigan this June is the one above taken during the 1948 program to assess the need for good grass and legumes. Sponsored by the Michigan Cooperative Extension Service with other agencies assisting, the regional Grass Day program will be held between June 15 and June 27. County agricultural agents are informing Michigan farmers of the locations of Grass Day programs in each area.

Grass Day Program Set For June 30th

Grass and legume crops hold a big place in Michigan's farming future, according to Michigan State College agricultural specialists.

That's why, they say, the ten Grass Day demonstration programs were arranged for different areas of Michigan during the fall of 1948.

"Not only are grass and legume crops basic to animal nutrition, but they're as important to plant two miles west of Skandi, off U. S. 100," stated Dean E. L. Amstrong in reference to the latest extension suggestion, will be

wide program. He urged Michigan farm people to attend the Grass Day demonstration program in their region to learn more about growing and utilizing the crops.

Starting June 15, eleven demonstrations will be held each week throughout the rest of the month, with four scheduled for the last week of the month.

Featured demonstrations will vary in some areas but the general program calls for excellent work in the morning, a short talk on the importance of grass after lunch and field demonstrations in the afternoon.

The Marquette county grass day program will be held on "Three-lay, crops basic to animal nutrition, June 20, at the Harold Libby farm but they're as important to plant two miles west of Skandi, off U. S. 100," stated Dean E. L. Amstrong in reference to the latest extension suggestion, will be

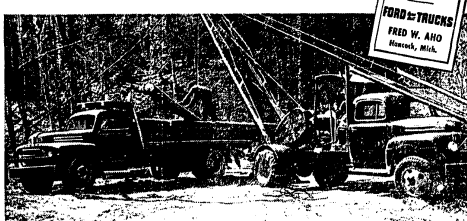

the speaker. Demonstrators will include applications of fertilizers on old meadow land, fertilizers on new seeding and grain, and seed control.

Sports Powwow from the

BY TOM PELLLOW

When Paul Jantilla was presented Monday night with the high school letter trophy it marked a career in which he has been setting a new standard for one of the outstanding Blue and Blue athletes in the past decade. Jantilla, this year, has been awarded for various awards in four sports, football, basketball, tennis and baseball. If history serves us correctly, this is the best all-around performance by a Negaunee high school athlete since the days of George "Burr" Townsend. This year was a year of Marquette. This victory over the past weekend at the Central Intercollegiate Track meet, we understand that "Fishing Paul" is set for Lake Superior, unless something else develops this summer.

Since "The Great" Stenback has passed the Marquette baseball team this spring to play with Iron Mountain in the IWM team, he was thus joined by the Mountain men after two games and has performed the first two seasons for Channing in the Inter-Six League. Just what the Iron Mountain management wanted in the way of a ball player is hard to conceive for in the Besenme game the Great versus one connected for two singles, a double and a home run in five trips to the plate. Not only had afternoon's work be wind up. Although he had to be ejected on the mound, his loss was returned to Stank in the end.

That Negaunee will be represented by a top notch independent softball team again this summer was indicated Sunday night when the FFW organization, successor to Ted's Shell lane from a total score six runs in the final frame and base out the Library Louis 7 0th inning. Members of the team during the past two seasons were the editors of the Paper Mill and Taverns and were ranked as one of the strongest teams north of the Straits. In addition to playing together, they had the advantage of considerable money from the FFW, as the Besenme outfit has played 11 times already this season. The team from Negaunee was its second in 11 starts, the other defeat coming last Friday night at the hands of Pishlwig, Wis.

If records were available, they would probably show that Clarence

Hovers 11 foot attempt, good enough to win him the first place in the pole vault in the U. S. Class C track meet, was a new mark in this event in the history of the United sport at Negaunee. High. We cannot recall any other Negaunee athlete ever having hit this mark or won a first place in the pole vault in U. S. competition. Unless a minor leg injury hampers him, Hovers should do even better next spring, as he did not begin his attempts to climb the second time over until the middle of the season when he achieved top baseball to track.

Negaunee Host to Stanton Tonight

Manager Sam Florida Negaunee (Hovers) will open their 1939 exhibition baseball schedule tonight at 6 o'clock in the most athletic field, playing host to an strong Stanton township line.

Stanton, led off by the tough Copper Country line, comes here with an excellent record and is anxious to exceed it at the expense of the Hovers.

Negaunee, after a bad start in league competition, has bounced back the past two weekends to chalk up wins over Gwinn and Gladstone. Kottlin, Puri or Richards will occupy the mound for the Hovers in their first 1939 are light center.

Interested readers in an automobile history is certain to encounter trouble during odd weather.

READ THE IRON HERALD

Rovers Down Gladstone for Second Win

Behind the seven hit starting of seveners, Tommy Hovers, the Negaunee Rovers checked up their own win of the season in Rovers-Rogers (Hovers) 7-1, when they played the Gladstone Braves 2-1 in Gladstone, Wis.

Negaunee was held to eight hits by Rothchild, 43 bases out, but managed to reach across the field in the fourth and seventh innings in the Gladstone win. The win enabled the Rovers to finish out of the league record in a second place tie with Marquette and Channing, each with two victories, and two defeats. The second place teams are a single game behind Gwinn, Tenny and Diorite, tied for first place with three wins and one single loss. The Rovers hope to strengthen their position Sunday when they journey to Marquette for a tilt with the Schroeder county team, which was trounced last Sunday by Herrie 6-3.

Former Resident Escanaba School Board Candidate

History is in the making this month at Escanaba when for the first time a woman is seeking a seat on the Escanaba board of education at the annual school election in June.

The candidate, one of five in the contest for the two vacant seats on the board, is Mrs. M. E. Lindquist, wife of Dr. N. L. Lindquist. Mrs. Lindquist is a college graduate and a registered nurse.

Negaunee residents will recall that Dr. and Mrs. Lindquist formerly lived here during the period in which he was a resident of the Twin City hospital staff.

After leaving Negaunee, Dr. Lindquist practiced in Sheboygan and later became associated with Dr. John Welch in Escanaba. During the past year, Dr. Lindquist has been taking further study in eye, ear, nose and throat at the Mayo Clinic and plans to open an office in Escanaba specializing in this field of medicine.

The brain fever led to a number of brain strokes. His name is taken from the suggested office of Dr. Lindquist.

AWARDS GIVEN

(Continued from first page)

Hansen and Lena winners awarded, which was presented by H. K. Richards.

Other students receiving special recognition were as follows: Bookkeeping awards, presented by Charles White — Typing girls, Marian Hawke, Gretchen Helleman, Betty Heinicke, Lucaine Lahti, Marlin Olive and Marion Tremain. Typing certificates, Joyce Anderson, Gretchen Helleman, Gertrude Helgren, and Kokko and Marion Tremain.
