Negaunee Iron Herald

The only Paper in the World that gives a darn about Negaunee

VOLUME LXXVI.

NEGAUNEE, MICHIGAN, FRIDAY, JUNE 24, 1949.

Seek School **Board Seat**

Nominating petition, were filed Theoday atternoon by Juck Pow-ell for membership on the Negau-ner Longs of Emeration, thereby providing a contest for the vacant zent on the hoard at me annu i school election scheduled Mond

Powell is opening Lestie Richaris, the incumbent, who amoundiddle for a finite term received a former mayor of the City of legamines, was elected in 1933 and was the choice of the voters again in 1946. At present he is reving as boatd secretary and it also vice-president on the Madidate for a third term, itichards also vice-president of the Mar-quette county board of education.

It will be Powell's first attempt as a candidate for public office. He was born in 1901 in Dalby Springs, Texas, and is the son of a Baptist minister who served as editor of the Arkansus Baptist and of the Sword an Trowel, He grew up on a faim near Little Rock, Ark., and attended country schools there. In 1939, Powell came to this section of the country, ob-taining employment at the Camtaining employment at the Cam-brin mine, and four years later the was appointed to his present pos-ition as staff representative for the United Steelworkers of Amer-ica, (CiO) for District 33, covering the Minnesota and Iron rang-es, Mr. Powell at present is serv-ing as a member of the citizen's advisory committee to the board of education on its project to con-struct a new elementary school and gymnasium.

As in preceeding elections, the Iron Herald in the interests of good government will throw its columns open to both candidates for the purpose of representing to the voters reasons why they be-lieve they should be elected.

Registrations for qualified school voters will begin today and con-tinue through Saturay, July 2. tinue through Saturay, July 2. Hours of registration will be from I to S p. m. in the lower corridor of the high school building.

Rev. Howard Returns To Local Parish

Rev. Arthur B. Howard was reassigned as pastor of the Mitchell Methodist church in Negaunce as Bishop Marshall R. Reed at the annual Detroit Area Conference of Methodist church in Flint, it learned here yesterday.

This will mark the fifth year that Rev. Howard has served as paster of the local Methodist church, Since coming here, the terially increased and an exten-sive remodeling program has been completed on both the church and the parsonage, Rev. Howard has been in considerable demand as a speaker and has taken an active port in civic affairs. Prior to his assignment in Negaunce, he serv-ed as paster of the Sheridan Avenue Methodist church in Saginaw.

Four other Methodist pastors were returned to Marquette coun-ti assignments. Rev. Wesley Da-foe and Rev. Alexis Poobus again being assigned to Espeming and heing assigned to Espening and Roy, James Wright and Wilbur Egaland to Marquette.

2 Candidates Eleanor Roosevelt Honored By Children of Eagle Hero

NEW YORK—Mrs. Eleaner Rosswelt, widow of America's war-time Praideat, received the Mattonial Club Service Award of the time Praideat, received the Mattonial Club Service Award of the rane, whose Marine failure was killed on Salpan. The accepted the plaque in her New, York apartners, for "distillarialised service to plaque in the New, York apartners, for "distillarialised service to Lacraine Aan, 5, They represent 1,296 boys and girls for whose faiture benefit 190000 Engles are buying commonstrative east, to faiture benefit 190000 Engles are buying to memorarities to all some analysis of the property of the property of the property of guarantee health care and educational assistance to all sons and aughters of Eagles who died in World War II.

Why? Here's Why!

egarding the new school and gramasium project, to be distri-lock captains to voters are as follows:

1. Is a new school needed now?

Yes, and enrollment increases will continue for many years to be on the basis of local population trends. 2. Why not use basement rooms?

All basement rooms are in use at the present time and are ser-

3. Why not buy temporary buildings, such as quonset buts? They are too costly, too hard to heat, and where they have beer i, have proven unsatisfactory.

4. What about solving the enrollment problem with buil-day ses-

This would be unfair to the children as it would lower the ed-urational standards in Nogaunee, 5. Why not build a new high school building instead and use the high school building for an elementary school?

high sensor busining for an economisty sensors. This would be too custly, and it would involve a 16 room school instead of seven, it would result in the vocational unit being separated from the reat of the high school, and it still would not provide needed playground space for elementary children.

layground space for elementary cantation.

5. Why not had on to the present high school?

The population trend is moving, the present site is already over-uallt, and it will be disaper to erect a building on a new site. 7. Why not add on to the present grade school?

The foundation is inadequate, 8. Why not move the Park street school?

Why not move the Furn street school?
 It is on old building, a fire heared, and such a move would not be emitted by the Department of Public Instruction.
 Is the hoard of education trailing away minered rights?

Board is not giving up unineral rights, as it does not have them under the Jackson and Purk street eschools. 10. Why build a large gymnusium in the proposed new school?

10. Why build a large gymposium in the proposed new school? Sentling feelillites in the present gymmosium are inindequate, the is a panic hexard, the playing courr is not of standard length a width for present day busker-all, a face gymmosium would per Negamore to handle district and U-jeer Peninsula courraments.
11. Is it a soud policy to build a gym and elementary school and the present of the pr d permit

Yes, the two buildings will be separate, but connected by a closed walk so the elementary pupils could use the gym for play, lunch room and other purposes.

12. Why is so much ground required? In receiting an elementary school, it is recommended by the Nat-tional Education, Association, Michigan Education, Association, and in-partment of Public Instruction that there he sufficient space for play grounds purpose, for children, a untilination of two serves being suggest-operations for the sufficient sufficient space of the purpose and 3.3. Why note in township pupils in Negamore schools?

"E" Bond Drive Closes Thursday

June 20th marks the close of the Board of America's Opportunity Savings Bond Drive, As of the last report gan, held Thu from the Federal Receive Bank, Members 1 chigan residents had invested a total of \$36,561,782 or 75 per cent. of the quota of \$18,500,000 in the popular Series "E" Savings Bonds popular Series "E" Savings Bonds thus for in the opportunity drive.

The number of counties having achieved their quota has doubled senever aner quant us gounner since has week, and a great many more will have exceeded their quota within the next few days. With two thirds of the drive nearly over, the following U. P. countles have now raised 66 per cent or beter of quota: Luce, 117, Schoolcraft, 168, Alger 101, Chipsewa, 87, Iron, 76, Gogeble, 73, Dickinson, 72, Marqueste, 72.

Letter to the Editor

REGARDING NEW SCHOOL

June 21st, 1949

Mr. Tom Pellow, Editor Negaunce fron Herald Neggunce, Michigan

Dear Tom:

During the formative years our nation, history indicates that the people were deeply interested of the burning questions of the Chataqua of the day, Lecturers, humorists and in speakers debated the is-f interest before huge crowds and this crusading spirit ulted in the establishmen just about all of our great Amerlern institutions. Perhaps the most important outcome of all was the development of the theory that all children should have equality of ortunity in education and that the Public School system should be a part of the Governmental functions. Today, as a result or that earlier crusading America is most literate nation on earth, we dare not relax our vigil-

ance for a mament lest we find that we are slipping backwards. What does that mean, Tom, in of Negaune Neggunee sche

It means that with our grade overcrowded and with the high school near its canacity that unless new facilities are provided we may be faced with the necessity of doing one or the other of two undesirable things-one of them would be the reopening of the hazardous Park Street and the the inzarvious Park Street and the old Jackson schools, or else the very unsatisfactory solution or sending the children to school on half day schedules. Just think of what a terrible setback cliner or these alternatives would be. The rness materiatives would be. The necessary lowering of scholastic standards that would result might cause the less of the accredited rating which permits Negaunee students to advance to higher learning. Too, children of Negau-nee would be deprived of that right of equality of opportunity to obtain an education, parents would suffer from the need of supervision which builds character ter to the attention of the people. and a sense of responsibility

and a sense of responsibility.

It means also, Tom, that Negauneeds a grade school NOW. This
need is well known and is recognized by members o the Board of Education, by the Superintendent of Schools, and by every responsible and forward looking citizen community. Much construc tive thinking has been done in recent months and plans have reloped to the point where the matter will soon be presented to the people for decision, Presented in the good old American way -at the polls, BUT, where is the crusading spirit that will bring the people out to vote? I'll tell the people out to vote? I'll tell you, I found it in the hearts of the Advisory Committee, in the energy of the School Board, and in the mind and great ability of Superintendent Keily. The spirit is there and undimmed by the years that have passed since the years that have passed sin-people of Negaunce have 1 make such a momentous decision It is up to you, and to me, and to all the others to bring this mat-

The meeting was called to order to the meeting was caused to stoke by President Thomas L. Collins at 4:00 P. M., who stated that the purpose of the meeting was to have the Board of Education re-

view with the architects their conscents relative to the proposed new select stro

Mr. Perkins and Mr. Goodall or Chicogo immediately opened the discussion by stating that there are three important factors any board member should consider it selecting a site for a school build ing.

1. The importance of location sc minimum amount of trave

2. To select a site of beauty that will do justice to a new

building. 3. The necessity of acquiring an adequate amount of land that will allow for expansion in futur

It was definitely the opinion of both men that the site the board members had chosen was ideal in regards to the above mentioned hree requirements.

After a considerable amount of discussion it was the unanimous opinion of the board members that Mr. Alex C. Brown, President of the Cleveland Cliffs Iron Combe contacted immediately and in-

fermed that it was the desire the board to negotiate with his company to obtain the land in uestion as soon as possible.

Upon motion of L. W. Richards, supported by Daniel J. Suess the merking be adjourned. Motion car

WHY? HERE'S WHY! (Continued from first page).

It provides additional revenue, makes Negaunee the con-ter, and makes possible a broader educational program.

14. Would use of the gym be limited to high school teams? No it is planned to make the new garmatum a community cen-ter, a place large enough to fill the need which has long been felt in Negamer for public gatherings of any size. It would also be available to St. Paul teams for games in which Parochila school officials felt their garmatom could not hundle the crowd.

15. Will all elementary children attend the new school?

No, only those residing in that section of the city which the building will serve, 16, How much will it cost?

The cost will be approximately \$650,000. This will cost the individ-al taxbayer between 40 and 45 cents per hundred dollars of assessed abadion for 16 years.
