

Negaunee Iron Herald

The only Paper in the World that gives a darn about Negaunee

VOLUME LXXVI.

NEGAUNEE, MICHIGAN, FRIDAY, JULY 1, 1919.

NUMBER 30.

ENTERTAINMENT IN BOTH THE MODERN and old-time manner is expected to attract 3,000,000 visitors to the Chicago Railroad Fair this summer. Many new exhibits in the spectacular 50-acre exposition on the waterfront afford a great variety of entertainment and educational features to Fairgoers.

A glittering new ice show and a thrilling exhibition of water sports will vie for attention throughout the summer with such historic attractions as a San Francisco cable car and the zip-roaring frontier town of "Gold Gulch," where a "hamboning den," an assay office, old-time barber shop, printing office for the town's newspaper, a courthouse, jail and leather tannery will all be open for business as in the olden days.

New scenes have been added to the popular "Wheels-a-Rolling" pageant, including a "Buffalo Bill" circus parade, led by the famous ringmaster outside his white bears, and a scene featuring the bridal coach which was built in London 111 years ago and brought to Nova Scotia on the same ship with the new governor general of Canada and was used to carry his bride and himself from the sea-

port to their new home 25 miles away.

Another feature of the pageant is the powerful motor "4000" locomotive of the Grand Trunk Western Railroad, shown in the front above. A replica of one of the road's new Diesel locomotives (upper left) has been mounted on a truck chassis to form a parade float, led by the GTW Highland pipe band (upper right).

The model of the first sleeping car used in Canada shown in the picture at the lower right is being presented to Maj. Lenox R. Lohr, president of the Railroad Park, by Gen. L. Keyson, passenger traffic manager of the Grand Trunk Western—Canadian National Railways.

New School Project Receives Endorsement Of 4 Organizations

Spurred on by the knowledge that the project has already received the endorsement of four local organizations, block captains, pressed by a month's anticipation of possible continuing live-or-leave-or-quit to the construction of the proposed new elementary school and gymnasium.

Collins Elected United Welfare Fund Director

With a recommended campaign goal of just under \$20,000.00 and the possibility of adding an additional five or six agencies to the present 15 members of the United Fund, the United Health and Welfare Fund of Michigan completed tentative plans for its second annual campaign by selecting J. M. Shortkett, Saginaw banker, as its president.

Officers elected included G. Sherman Collins, First National Bank president, in a report of the executive directors.

In a report prepared by James C. Watkins, chairman of the audit-committee and Budget Committee, it was reported that all of the present participating members of the Fund had requested inclusion in the second campaign. He stated that the committee probably would recommend the inclusion of the National Foundation of Child Endowment, Michigan Welfare League, League for Blind, Epileptic Clinic, Sister Elizabeth Hospital, French Foundation for Idiots and the Roscoe B. Jackson Memorial Laboratory for Cancer Research.

George Shush, chairman of the advisory committee opened the meeting by introducing Supt. Glenn K. Kelg, who familiarized block captains with the background of the school project. The superintendent of schools pointed out that the overcrowded conditions in the elementary school dates back to the closing of the Jackson and Park street schools, but that it has been increased considerably due to increased enrollment, as wartime babies became of school age. A similar situation confronts numerous other suburbs Kelly stated and emphasized that the progress of this new enterprise either exemplified yours or are in the process of building. The superintendent stressed the fact that the problem of alleviating this condition is not one for board action alone or the citizen's committee alone, but is the concern of every citizen residing in the state of Michigan and of Negaunee children at heart.

The election of the elementary school and gymnasium has already received the sanction of the Negaunee Board of Education, Board of Association, American Legion executive committee, American Legion Auxiliary and the Negaunee women's club. It is planned to hold a public hearing on the organization in the city.

Plans have been completed by the board and advisory committee for a public forum which will be held Thursday night, July 7, at 8:00 in the high school auditorium. At this forum any questions of local residents regarding the project will be answered.

Propose Cut For City Employees

Faced with a deficit in their budget by August, city fathers this week took initial steps to economize by proposing a reduction in salaries and wages of city employees.

Although at this time it is impossible to determine the amount of the deficit, it is anticipated that the city's revenue will be less than two months and it will be necessary to borrow funds to maintain operations for the balance of the year.

At a meeting of the wages and salaries committee of the council, comprising Aldermen Gutzorn, Malena, and Gutzert, and Mayor Alvin C. Hampton Monday night, it was decided the first step in the economy program would be an immediate four work week pay cut for employees.

Employees have already been notified of this action and authorized that they would work Saturday of this week in view of the fact that Monday is a legal holiday. The board members will be asked to take a cut but the amount has not yet been decided. It is expected that the committee will have its report on this matter ready for the council's consideration in July.

Propose Cut For City Employees

The vote on the questions of exchanging properties on which the school and district street schools are located for the site on which the new elementary building and gymnasium would be built, and a bond issue for \$20,000 to defray the cost of the new buildings will be held at the annual school election July 11. Candidates for the seat on the board of education at this election are Leslie W. Richards, the incumbent, and Donald Drake.

As in preceding elections, the town board in the interests of economy will be reduced to six members, and it is anticipated for the purpose of providing for the maintenance of the school building they should be elected.

Only two more days remain in which qualified voters may register for the elections, as the deadline is Saturday, July 19. The hours of registration are from 8 to 8 p. m. in the lower auditorium of the high school.

OBITUARY

DONALD DRAKE

Word was received here of the death of the death of Posthumus, a well-known resident of Negaunee, Michigan, on Monday, June 24, 1919, at the residence of Mrs. B. H. Drake. An Arden, Negaunee, Michigan, resident, he was the father of one child, his parents, and one brother, John, Jr.

School Needed, But Program Extravagant, Says Archibald Collins Issues Rebuttal

A new primary school and large gymnasium.

I believe that under present conditions this large expenditure for school facilities is ill conceived and that the taxpayers of the City of Negaunee should vote against this bond issue.

Archibald in the letter argued there is no question that additional room is required for primary grades in Negaunee, but the North Range representative advised voters to vote against it, declaring "the expenditure of \$250,000 is entirely out of line under present conditions and that a more adequate program could and should be worked out." His statement follows:

The School Board at the school election to be held on July 11th is submitting for the approval of the taxpayers of the City of Negaunee a bond issue in the amount of \$250,000 for the construction of

ly 84 per cent it is well known that the personal and real property in the City of Negaunee outside of the mining property has been about the same for many years, and it is fair to assume that when the Tax Commission comes to work in Negaunee, which they will do in late fall of this year, that real and personal property in the City excepting mining valuations will be increased at least 100 per cent and probably more. Mining valuations for many years have been at true cash value, but property other than mining property paid only about 17 per cent of the taxes in the City of Negaunee. This year with the increased valuations, mining property will pay in excess of 20 per cent of the total taxes. If the school bond issue is approved by the taxpayers an additional 100 per cent will be made to amortize this bond. Accordingly, assuming that the same mill rate will be in effect in Negaunee this year as last year, and this is indicated by the extreme

The Michigan State Tax Commission has been in Marquette County for over a year on the job of auditing the valuations of the County. They have completed their work in Marquette and they have increased the real and personal property valuations in the City of Marquette by approxi-

(Continued on Page Three)

SCHOOL NEEDED

(Continued from first page)

gan examinations by the City and School District, then the taxpayers in Negaunee will have their tax bills raised in excess of 10 per cent. In other words, if you paid \$100 this year you will pay in excess of \$200 next year.

There could not be a worse time for the floating of a bond issue for school purposes in Negaunee. On account of the exhaustion of the Negaunee mine, mine valuations are at a low ebb. It is expected that in the future these valuations will increase through the development of new mines by the Cleveland Cliffs and the Jones & Laughlin, but for a period of a few years the effects of this increase will not be materially felt and the ordinary home owners and property owners in Negaunee will have to assume a much larger part of the taxes than they have in the past and the additional burden of paying for an extravagant school building at this time seems to be unwarranted.

What is required in the City of Negaunee over the next few years to relieve the taxpayers of an excessive burden is economy both in their city government and in their school government. There is plenty of money in the City for reasonable expenditures both for city and school purposes, but both of

these bodies have spent over the past few years all the money they could get hold of to carry on their functions. It has not been because for the ordinary taxpayers while the mining companies were leaving most of the burden last when the market is shifted the small taxpayers will feel the burden of this reckless extravagance.

There is a rumor in circulation in Negaunee that the increase in valuations for the City of Negaunee will not be effective for next taxes payable December 1st. This is not correct. The City of Marquette has already been assessed on the increased valuations because the city portion of their taxes is payable in July, and if a uniform procedure is not used in the County it will institute all of the taxes for the County.

T. S. ARCHIBALD

Collier Boggs, Thomas Collins president of the Board of Education, in replying to Archibald's statement, called attention of local residents to the fact that the expenditure for the school and grammar school was the estimate of one of the best architectural firms in the country and pointed out that figures quoted by the mining executives for the tax increase necessary to defray cost of the project was based on misinformation.

The board president's statement follows: We agree with Mr. Archibald's

statement that a school building is needed in Negaunee, but we do not agree that an expenditure of \$500,000 is entirely out of line as he claims. The board of education has engaged the services of Perkins and Will, recognized as one of the outstanding school architectural firms in the country, and this figure is their estimate of the middle cost of an elementary building and gymnasium suitable for the needs of Negaunee.

Mr. Archibald's statement on the tax increase is based on misinformation as the people are being asked to vote a tax increase of 1 per cent and not 5 per cent on a

statement by Mr. Archibald, Avenue 1, only about 1 of 1 per cent is estimated as necessary to maintain the bonds. The Michigan Finance Commission, however, has estimated on the Board of Education that a levy of 1 per cent be voted in order that the Board may have a leverage in the event there is a shrinkage in assessed valuation of the school district. The Board of Education is required to keep the amount needed within the 1 per cent authorized by the people.

Secondly, the Board of Education has not been extravagant in its expenditures, as Mr. Archibald would realize if he had a better

idea, because of educational advances. Schools in central Michigan, Negaunee, were in such deplorable condition that last two years ago it was necessary to conduct the state-wide tax district valuation in order to make available funds for school to purchase and retain the services of competent, qualified teachers.

Although this assessment is particularly improved Negaunee's situation to a certain extent, the action of the Marquette County Tax Allocation Board in reducing the millage allowed the second district of Negaunee resulted in a

Personal Paragraphs

Charles Frostin has left for a visit with relatives and friends in Detroit.

Mr. and Mrs. Thornton Philander and family of Wilberch, New York, arrived home Sunday for a 10 day visit with Mr. Philander's parents, Mr. and Mrs. L. H. Philander.

Kan Rosse, representative for Duluth Paper and Stevedores Co., was a business caller in Negaunee Tuesday.

Mr. and Mrs. John Bennett of Detroit left Tuesday for Christian, Iowa, following a visit with relatives here.

Mr. and Mrs. John Wood of Manistowic spent Sunday and Monday at the home of their daughter and daughter, Mr. and Mrs. Harry Devlin, Jr., enroute to the Chequamegon country where they will visit relatives.

Belno Seppanen left Tuesday for Detroit, following a visit with relatives here.

Rev. Fr. Clarence Bagella, has returned to Chicago after spending a week with relatives here.

Ray Barney spent the weekend visiting relatives in Esaukee.

Mrs. Martha Amnell has returned from Washington, D. C., where she accompanied Mr. and Mrs. Carl Messner on a motor trip.

Mr. and Mrs. Donald Lovin are leaving Saturday for a vacation trip through Canada.

Sister Frances Clark, who was a guest at the home of her brother John H. Williamson, has left for Yorkville, N. Y.

Jr. and Mrs. George Kinnison and family are spending the week visiting the Kinnison's parents in Huxton, North Dakota.

William Mus of Winnetka, Ill., will arrive here tomorrow to spend the weekend with his mother, Mrs. Kate Mus.

Mrs. Abel Levine, who has been convalescing during the last two weeks at the home of her parents Mr. and Mrs. Thomas Grubbe in Esaukee, following an operation at Belland Memorial hospital in Green Bay returned to her home, J. R. Watkins Co., 10th Winnetka.

Two-day.

Mr. and Mrs. Daniel J. Stulek left Tuesday morning for a 10 day visit in Duluth, Minneapolis and St. Paul.

J. Neel Hagan, sales representative for Stamps-Continum Co., of New York City was a business caller here Tuesday.

Mr. and Mrs. Raymond Hyslop have left for Traverse City, where they will spend three weeks.

The Days Of The Model "T" Are Gone And So Are the Days of Overcrowded Classrooms in a Modern Educational System

The Central Grade School is crowded to the gunwales now and students are attending their classes in the library, a cloakroom and a projection room.

Surveys show that enrollment in the public schools will increase from 1121 this year to 1415 in 1953. These figures do not include children of families that may move into Negaunee because of new mining developments.

Additional rooms will be needed because of the department of instruction ruling that space must be provided for a school library which means moving seventh grade students to the Central Grade School.

Will We Have A New School?

Will We Have Half-Day Sessions?

Will We Put These Children in Quonset Huts?

The answer is up to you Negaunee Parents and Taxpayers.

From where I sit... by Joe Marsh

Now I'm Going Back To High School

When I saw lights burning in the High School auditorium last night, I looked in to see what was on. About twenty people were listening to Buzz Ellis, the electrician, talk about television.

I slipped into a back seat and asked Hal Thomas what was up. Hal told me it was the new Self-Improvement Club. I stayed to listen—and learned a lot. Buzz really knows his stuff.

Turns out this club meets every Friday night. Each member gives a talk on the subject he knows most about. I joined on the spot because

learning new things is one of my favorite hobbies.

From where I sit, it's willingness to learn from the other person that makes Americans tolerant towards so many different viewpoints and tastes in things. Just because Buzz Ellis goes for chocolate malteds, while I prefer a mellow glass of beer, doesn't mean I'm right and he's wrong. Incidentally, next week I'm going to talk on how to run a newspaper.

Negaunee Forty Years Ago

ITEMS REPRODUCED FROM

Negaunee Iron Herald

Negaunee dropped a game to Marquette last Sunday, but it was a pretty good game, 3 to 0 for all that—and besides Marquette won't play the game here. The game was played on Marquette grounds and was the best seen there this season. Murray pitched a good game for Negaunee, giving but one base on balls and striking out five. Scholas for Marquette did effective work, allowing but two hits in nine innings.

Rosene DeCarlele, who went west some five years ago and, is now numbered among the prosperous businessmen in Boston, Wash., visited friends here last week while on his way to Italy.

It. Rev. Mgr. Langer visited Rt. Rev. Bishop Ely of Marquette in confirmation exercises in Republic Tuesday.

David Gregg arrived in Negaunee on Tuesday from Saginaw.

Albert Rough was a passenger Tuesday night to Duluth where he went to join a government surveying party, which is to work in Northern Minnesota territory this year.

Robert Schneider, who was graduated from the Negaunee High School in the class of '09, left Saturday morning for Ann Arbor, where he will take the University of Michigan's summer course by way of preparation for a course in the university here.

Mr. and Mrs. John Hauseman arrived home Monday from a three weeks' wedding trip.

Mrs. Richard Langford, who had been here on an extended visit to her parents, departed Monday morning for her home in Colorado.

Corn Powell of Lawton, who is here on a visit.

A new coat of gravel was given the roadbed on Gold street between the depot and from Street early in the week, which improves that thoroughfare considerably.

Marshall Rough's residence quarters in the city building have been improved by the installation of a tan-burner hot plate by the gas company.

A fine cement walk has just been completed about the property of Henry Schweitzer at the corner of Pioneer avenue and Park street.

A ten gallon gas heater has been placed in the home of Alexander Maltland and furnishes hot water for both kitchen service and bathroom supply.

John Honka has added a Westinghouse electric fan to the equipment of the Negaunee Shaving Parlor.

Mrs. Henry Lee was a passenger to Marinette yesterday morning. She plans to spend a week with her daughter, Mrs. M. Wetton. She was accompanied by her son, Roy.

Louis Salatin, Sr., one of the oldest employees at the Negaunee mine had a narrow escape from death Friday. While letting down some ore to the pockets the brake

slipped he was using brake and he the fatal moment at the instant fell to the track in front of the car, sustaining severe injuries to his head and body which will lay him up for some time.

John Allison returned yesterday morning from an extended visit in Chicago and Detroit.

A gas engine has been added to his own cars.

John Bond of Duluth was in Negaunee early this week selling his own cars.

Chief Wampum Say:

Something aghast happened about work in Upper Coupinch north about coming on Sunday. Chief went on me war in legs. His hoop clever! On Sunday him take his wife and family to the

Urge Drivers To Take Care Over Fourth

Local residents planning Fourth of July motor trips today were urged to exercise extreme care over the holiday according to Chief of Police Aron Pynneman, who pointed out that the Fourth holiday is ordinarily marked by a greatly increased volume of accidents and fatalities.

Chief Pynneman emphasized that it is better to start early and drive slowly. "The wise driver will start earlier, drive slower than necessary, to observe all highway markings, particularly on hills and curves, and be alert for pedestrians and cars coming out of side roads," Pynneman said. "Above all, don't drink to drive if you are going to do any drinking, obey traffic laws and give the other driver the right-of-way," he stressed.

The police chief emphasized that the danger of the July celebration is "Speeders' Loss" and he urged motorists to be cautious of their speed at all times. "Modern, smooth running cars give a delusion of safety when running at high speeds," he declared. "No car, however, is safer than its driver, and records show that speed is a factor in accidents more often than any other violation. Speed is likewise a contributing cause in two out of every five traffic deaths."

"There's just aren't enough policemen to control the situation," he added. "If we are to reduce accidents, drivers must police themselves by being conscientious in the operation of their cars."

Barling your leisure time through the Michigan State highway department, don't be surprised if you remember miles of way-out roads. In fact, he is surprised if you don't. The \$1.2 billion gasoline tax and other revenue sources, which \$25 million in road money for the fiscal year ending this June 30th, "That sums like a hot of money, but it really isn't so much, as the State Highway Commissioner said recently here.

"From this amount \$700,000 is required for general administration, \$25 million for engineering and supervision, \$14 million for highway and bridge maintenance, \$20 million for material operations, and \$200,000 for surveying, testing and other services at the Straits of Mackinac," says the Commissioner.

It must also be seen for the unemployed, especially emigrants or refugees on the part of the other driver. And remember, you must discuss the record, speed kills, so take it easy."

"This leaves a balance of only \$15,200,000 of state funds for highway and bridge construction and rehabilitation, and well as to meet unforeseen emergencies, not in our program such as the immediate improvement of three bridges between Detroit and this year.

"The Legislature has approved a budget item of \$250,000 to start construction of a double-ended ferry across the St. Ignace-Mackinac Straits. The increased traffic volume across the Straits of Mackinac, both winter and summer. Money spent in construction of this ferry may come out of the funds available for highway construction."

Lack of finances do not permit the state highway department to provide for normal depreciation of its truckline system of 9,400 miles. "We should be spending \$25 million each year in order to take care of depreciation only," says the commissioner. "We still have about \$10 million of highway bicycles today. Finances have not been adequate. "From 1932 through 1935 repair highway construction was im-

possible because of our restrictions, but depreciation was covered up by unreported traffic maintenance or wearing contingencies. Government statistics show that 75 per cent of all a production of transportation in Michigan comes over Michigan highways.

"In 1936, immediately after the war, we expected to see our year's construction program underway. We could not do so because of the impossibility of getting financing, steel, new equipment and other materials. Therefore, we lost four years of war, plus 1936, of time when there was no new

motor highway construction. There is inflation also in highway use. The new car traffic is up nearly 25 per cent compared with 1931; industrial traffic is up 70 per cent. More heavy trucks and buses joined the pavement. If all state roads were not closed, just remember this: Better roads and higher taxes go hand in hand.

"The richest man in the world is reported to be the Niara of Hyderabad, with an estimated fortune that is a measure of more billion dollars.

Treatments of Hay Fields Feature at Farmers Round-Up

Ways to increase the production of Upper Peninsula alfalfa hay fields will be one of the feature topics at the 26th annual Farmers Round-Up to be held at Chatham on Friday, August 5.

Russell E. Howard, superintendent of the experiment station here, believes that hay is an important part of the crop program of northern farmers. Much research on the subject has been carried on at Chatham under the direction of Arthur H. Wolcott, station agronomist.

Fertilizer demonstrations on incense grass mixtures at Chatham and in tests in the Upper Peninsula have shown that potash both increases yield and helps maintain alfalfa stands.

A test in Menominee county last year with an application of 100 pounds per acre of 0-20-0 fertilizer brought an increase of 134 percent in the yield of an alfalfa-incense mixture. The proportion of alfalfa to grass in the mixture was increased, which resulted in increased protein content of the hay so that better feeding value was gained.

MEET THE GLAMOUR QUEENS OF THE OLD SOUTH

Meet the "Yellow Dishes," "Ella," "The Early Bride," and the other colorful beauties who ruled Natchez, while pillared cotton capital. Begin this fabulous series "Queens of the Old South," by Forrest T. Kane, author of "New Orleans Women," in the American Weekly, with this Sunday's (July 3) issue of the Detroit Sunday Times.

Reproduction Important in Dairy Herd

Production is necessary in a dairy herd, but reproduction is of high importance too, according to Dr. E. W. Pritchard, Michigan State College dairy extension specialist.

The utility of a dairy cow to keep producing each year and giving good animals to the herd not only keeps production of milk high, but provides replacement animals. Parsons contends.

He points to the record of a 31n, 23 year old registered Holstein in the herd of Jack H. Chamberlain and sons of Leslie, Adelia, producer of her six-year-old last summer and twelve of these offspring have been heifers.

Every animal in the Chamberlain herd, which led his Dairy Herd Improvement Association this is a direct descendent of Adelia. The 37-cow milking herd averaged 4825 pounds of butterfat per animal in the year recently closed. In 30 years under D. H. T. A. test, Adelia produced an average of 500 pounds of butterfat a year.

Jack Chamberlain says he keeps the cow because she was strong rugged, kept in good health and was always able to produce a good calf. He's still hopeful of another offspring from the old cow, now past her 21st birthday.

Dairymen who keep records and know what kind of a production as well as reproduction record each cow in the herd can do a better job of management, Parsons believes.

The largest crowd to attend a prize fight in America was 130,157 people at the first Dempsey-Tunney battle in 1926, which Tunney won by a decision.

Notice of a meeting of the qualified electors of School District No. 1, City of Negaunee, County of Marquette, and State of Michigan

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT: PLEASE TAKE NOTICE that a meeting of the qualified electors of said school district will be held in the high school district on the 11th day of July, A. D. 1949, between the hours of 10 o'clock A. M. and 8:00 P. M. Eastern Standard Time for the purpose of submitting the following propositions:

PROPOSITION I

Shall the Board of Education of School District No. 1, City of Negaunee, Michigan, be authorized in accordance with Section 7345 of the Compiled Laws of Michigan of 1929, to make sale of the sites and buildings hereinafter referred to, for the reason that said sites and buildings are no longer needed for school purposes, said sites and buildings being legally described as:

- (1) Lot Twelve (12) of Block Seven (7) of the Jackson Iron Company's Addition to the City of Negaunee, Michigan, being commonly known as the Jackson Street School.
- (2) Lots One (1), Two (2) and Three (3) of Block One (1) of Kiskadee and J. Kellan's Addition to the City of Negaunee, Michigan, being commonly known as the Park Street School.

NO

PROPOSITION II

Shall the total tax rate limitation, on the total amount of taxes which may be assessed against all property in School District Number One (1) of the City of Negaunee, in the County of Marquette, State of Michigan for all purposes except taxes levied for the payment of principal and interest on obligations incurred prior to December 8, 1932, be increased as provided by Section 21, Article X of the Constitution of the State of Michigan, by one per cent (1%) of the assessed valuation (10 mills) of all property in the School District for a period of twenty (20) years from 1949 to 1968, both inclusive?

- Persons voting on Propositions I and II must have the following qualifications:
- a. Be a citizen of the United States.
 - b. Be over 21 years of age, and,
 - c. Be the owner of the state for 6 months and of the school district for 20 days prior to the date of the election.

YES

NO

PROPOSITION III

Shall School District Number One (1) of the City of Negaunee, in the County of Marquette, State of Michigan, borrow the sum of Six Hundred Fifty Thousand (\$650,000.00) Dollars for the purpose of raising funds for the construction of, furnishing and equipping of an elementary school building and a gymnasium in said district and issue bonds therefor, said bonds to be payable as follows:

\$40,000 in 1950
40,000 in 1951
40,000 in 1952
40,000 in 1953
40,000 in 1954
40,000 in 1955
40,000 in 1956
40,000 in 1957
45,000 in 1958
45,000 in 1959
45,000 in 1960
45,000 in 1961
50,000 in 1962
50,000 in 1963
50,000 in 1964

and to bear interest at not to exceed Four Per Cent (4%) per annum, payable semi-annually?

YES

NO

- Persons voting on Proposition III must have the following qualifications:
- a. Be a citizen of the United States.
 - b. Be over 21 years of age.
 - c. Be a resident of the state for 6 months and of the school district for 20 days prior to the date of election, and,
 - d. Be the owner of property assessed for school taxes within the district or the lawful husband or wife of such owner.
- The Marquette County Treasurer finds that as of June 28, 1949 the total of all voted increases over and above the tax rate limitations established by Section 21, Article 10 of the Constitution of Michigan in any local unit affecting the taxable property located in Negaunee School District, Marquette County, Michigan, is as follows: five (5) mills for the years 1946, 1947, 1948, 1949 and 1950.

The polls of said district meeting will be open from 10 o'clock A. M. Eastern Standard Time, until 8 o'clock P. M. on said 11th day of July, A. D. 1949.

Take notice that the Board of Education of said school district has estimated the total expense of erecting an elementary school and gymnasium and equipping and furnishing the same therein at Six Hundred Fifty Thousand (\$650,000 Dollars.)

This notice is given by the order of the Board of Education of School District No. 1, City of Negaunee, County of Marquette and State of Michigan.

Dated this 8th day of June A. D. 1949.

Sports Powwow from the

By TOM PELLLOW

Local sports fans with nothing in the docket for the hot dog and hot water, will be able to take in some of the best of the season's sports events. The annual "Powwow" from the Laundry & Dry Cleaning Co. is scheduled for Saturday, Sunday and Monday at Gladstone. The event will feature a demonstration of the new "Powwow" competitive leg, which is one of the oldest, yet one of the newest, in the U. S. Leg hitting dates back to the early days of the lumber industry, when the "jacks" for their measurement had to be cut one another from a log into the river. With the passing of lumbering, the sport disappeared and was revived about 10 years ago, when Gladstone played host to the first tournament. Elimination is decided on the basis of the best out of three falls with contestants moving to a smaller log in the event there is not a fall within a specified time.

Of interest also to fishing enthusiasts will be demonstrations

of Bill Bannister former Escanaba legend) coach, as their training camp in northern Wisconsin is in progress. Bannister's appointment was accepted by Thomas C. Minor, chief of the Chippewa fishing organization, who was expected to witness a baseball game in Gladstone over the weekend.

Gladstone will also be a hotbed of "lifetime deals," but when James "Boss" Hill's "Placid" returned to the Escanaba Country Club in company with the York, E. H. H. press sports editor, it marked the first time in his career as a golfer. Placid scored his one Monday on the 183-rod sixth hole, but had hit the pin and falling into the cup. "Dad" who is a well known Upper Peninsula attorney, is one of the club's leading pros at St. Joseph Hill in Escanaba. During his high school days he starred in football, basketball and tennis, one year winning the state scholastic tennis championship.

John Tyler, 10th president of the United States, had a son and a daughter. His son married twice, and had a period of 40 years.

Aaron Lowenstein Named President Of B'Nai B'rith

Aaron Lowenstein, Negamite, Tuesday, was elected the first president of the newly formed Upper Peninsula Council of B'Nai B'rith in a meeting at Escanaba on Sunday, June 26, which was attended by Ben Glass, of Escanaba, Executive Secretary of District Number Six of B'Nai B'rith. The Upper Peninsula Council consists of Lake Superior Local, Marquette, Herman (George) Local, Soudan, Mason Atlas Lodge, of Ironwood, South Side, Marie Lodge, Iron County Lodge, Iron, Dickinson County Lodge, Iron Mountain, Elmhurst Lodge, Hancock, and Menominee Lodges. Lowenstein is presently serving as president of Lake Superior Lodge. Mr. Lowenstein stated that the formation of the Upper Peninsula Council constitutes a major step in integrating the various number lodges in this area. He indicated that in the fall of the year, a U. S. P. meeting would be held in Marquette to consolidate the function of the Council.

SCHOOL NEEDED

(Continued From Page Three)
of the school is that the board will be able to estimate by selling property, but the first year on school is estimated to require and over time needed classroom work.

Wesley Freeman Completes Police Training Course

By Mr. H. Freeman, one of Mr. and Mrs. William E. Freeman, 218 E. Park Street, Soudan, Michigan, has successfully completed a six-week intensive training course at Escanaba. His appointment to the Michigan State Police will be in a position in the 1st motorcycle unit in the 2nd district. He is now assigned to the Central City. He will receive course certificates next week a period of six months before being confirmed in their appointments.
