NUMBER 32.

Ninety-One Years of Safe Driving

FIVE FISHER BODY truck drivers have been recognized 91 years of driving without accident, approximately 2,700,000 miles, to help Fisher lead all large trucking groups in the nation for safe truck driving in 1948 with an average of less than one accident per 100,000 miles. On this occasion, they were presented with Safe Driving Certificates and con-

gratulated by J. J. Cronin, (center), vice president of General Motors and general manager of Fisher Body, while their boss, T. H. Wilson (third from right), superintendent of transportation, looks on. The drivers are (left to right), Dan Smith, Julius Ward, and Ben Biecki, of Detroit, William Oliver of Mt. Morris, Mich., and Aris Thayer of Lansing.

Count Votes For All-Star Candidates

If compilation of a record number of votes is completed in time announcement of the members of the North and South squads, who will face each other here in the annual U. P. All-Star football game, is expected to be made Friday afternoon, Edward Steves, city director, announced Thursday.

Spots writers and radio sports announcements throughout the U. P., have forwarded their ballots to the Negaunee recreation committee, sponsors of the tilt, and the votes are now being tabulated.

The task confronting selectors proved more difficult this year than previously because of the increased-banking number of applicants. A total of 42 boys applied for membership on the North squad and 39 on the South. The number of votes will be aimed to represent the North and the same procedure will be used to select the South squad.

Lloyd Larson, sports editor of the Milwaukee Sentinel and Big 10 official, slated to act as head official for the 1949 All Star game, notified the committee this week that he will be unable to accept the assignment.

In his letter Larson stated he had been selected to help in a preliminary discussion of the rules for discussion purposes at the Big 10 annual pre-season clinic for grid coaches and officials. This clinic will be held on the same day as the football game here.

Larson, who will help conduct the clinic, wrote the recreation committee, "I had planned to pass by the clinic unit this week when I was assigned to help in the de-

Michigan Will Inaugurate New Highway Marking System

The Michigan State Highway department has outlined a new system "first" by receiving Public Roads Administration approval of its program for installation of a new and completely modern sign system on the 9,400 miles of state trunkline in the state, Highway Commissioner Charles M. Ziegler announced.

The new sign system will cost approximately \$1,500,000 with the Federal government participating in the cost on a 50-50 basis.

Three major routes on the Federal Aid Primary System in Michigan with a total of approximately 2,350 miles of trunkline, comprise the first part of the new marking program.

All existing signs relative to a direction or warning will be replaced and existing signs will be altered to better serve the motorists. In the main the signposts of information and safety. Signs involved are those displaying route numbers, directional arrow, destination, directional mileage, curves, speed limits, stop, city and village limits, river and lake names, and caution and warning.

Intersections will have special treatment with signs arranged to better offer visibility, more information and greater safety. Mileage signs on principal roads and directions will be placed some distance ahead of the intersection. In the case of one-way streets in cities at the intersections in order that the motor vehicle driver may observe the flow of traffic in time to make a proper lane placement. This lessening the hazard of looking while at the intersection as the signs will be made under

contract after competitive bids, which the Department expects to take in August, Ziegler stated. Highway Department crews will install the signs. It is expected they will be completed in time to start installation into the fall, with the first part of the program to be completed in the Spring, later season.

St. Paul Council Host Thursday at Deanery Meeting

Members of St. Paul Council will be hostess at a meeting of the Marquette-Agter County Deanery of the National Council of Catholic Women, scheduled to be held Thursday, July 21, in Negaunee.

Following a board meeting, a solemn high mass will be held at 10:30 a. m. in St. Paul's church with Msgr. Joseph P. Dillman as celebrant. Rev. Fr. Dreyer will act as deacon and Rev. Fr. Holtenbach as sub-deacon.

Luncheon will be served by the ladies of the Altar Society in St. Paul's gymnasium. Round table discussion will be held concerning problems of the individual countries, which will be followed by benediction of the Blessed Sacrament.

St. Paul's Council is composed of the Lady Druids, Daughters of Isabella and Alice Society and all members of these organizations are invited to attend. Those who plan to be present are requested to make luncheon reservations with Mrs. Gordon Vinco, president of the hostess committee, or Helen Winter, secretary, no later than Monday, July 18.

The Lady Druids will be in charge of registration and the

Voters Approve New School, Gymnasium Richards Reelected

Plans for the construction of a new elementary school and a school at 21st and Negaunee were voted to be approved by a record number of voters in a recent ballot. Also passed by a majority of 60 was a proposal to build a new school district for \$95,000 to defray expenses of constructing the buildings but the district call, passing by a majority of 111 votes. The "yes" vote on this proposal was 68, as compared with 44 for the "no" vote. Voting on this issue was limited to taxpayers and a total of 1,019 ballots were cast, 17 being spoiled or blank.

Cancel Plans For V-J Day Program

Plans for a V-J Day celebration here on August 13, have been cancelled. It was revealed Monday by Neal Gray, commander of the Veterans of Foreign Wars Post 3165, which sponsored the event, held here last summer.

The decision to abandon the celebration was made because of the financial difficulties encountered in sponsoring the observance, Commander Gray stated.

A solicitation committee, which had been appointed to contact the employees of the mines, was refused permission to solicit the post at their place of employment and in continuing survey of the business district revealed that those places of business which would be open on V-J Day and would benefit from the celebration would not respond to the appeal for financial aid in a manner adequate enough to warrant promotion of the observance, according to the VFW commander.

U. P. Legion Convention Opens Today

Headed by officers of both organizations, three delegations representing the John H. Mitchell Alerian Legion Post and the American Legion Auxiliary are expected to attend the annual three day Upper Peninsula American Legion convention which opens today in Escanaba.

Representing Negaunee also at the convention will be the Legion Junior drum and bugle corps and the Negaunee City Band, both of which will participate in the convention parade Saturday afternoon.

Highlights of the convention include the parade on mile-long Ludington street, which will feature a television float entered by Escanaba business enterprises; convention banquet at 6:30 Saturday afternoon in the parlors of St. Joseph's church, and the music festival under the lights at the Escanaba athletic field Saturday evening.

William McCauley, former Escanaba resident, who is now district attorney in Marquette County, will be the principal speaker at the convention banquet. His topic will be "Prejudicial and Unconformist Influences in the U. S."

Outstanding entertainment features will be attending the annual convention of the Escanaba Chapter of the International Club, in addition to numerous displays of local decorations.

Several priests from parishes in the two counties are also expected to attend the convention.

Voters gave proposition No. 2, providing for an increase in millage of one per cent, a majority of 725 votes, the count being 852 in favor of it and 527 against, the total number being 60 blank ballots on this question.

Proposition No. 1, a request of the local school board, made appeal to exchange the sites of the Junior and Park street schools for the sites of the high school (Highway U. S. 11) on which the new school and gymnasium will be built. The vote on this proposition was 68 in favor of the plan, while 44 voted against it. There were 12 blank ballots.

In the race for the vacant seat on the school board, Leslie W. Richards was selected by a large majority. Richards was given the largest majority, a total of 1133 votes as compared with 233 for Powell, the incumbent. Richards had indicated his refusal of never having been defeated in a race for public office. He was elected to the school board on three occasions, he twice won the race for reelection as mayor of Negaunee as a candidate on the Taxpayers ticket.

NBPA Votes Cash Donation To Two Legion Youth Units

Contributions to two organizations sponsored by the American Legion - the drum and bugle corps and the Junior Legion Auxiliary - were voted by the Negaunee Business and Professional Association at its monthly meeting Tuesday night at the downtown Park recreation lodge.

It was the opinion of members of the association that the needs of the units are of considerable importance to youth in the community and in recognition of their accomplishments it was decided to give them financial assistance.

President Andy J. Gray reported to the group on a meeting held in Chocoma township at which plans were discussed for the formation of a Marquette county health unit. Gray discussed the need for such a unit and the committee, but emphasized the fact that he was only acquainting members of the NBPA with the details and no requesting an endorsement.

The meeting closed with a social following Saturday night. Participating in the festival will be the Fifth Army Band from Fort Sheridan, Ill., and the outstanding attractions at the convention, Escanaba's parade float, the Escanaba Chapter of the International Club, in addition to numerous displays of local decorations. Plans for the convention program will be a feature by the interestedly famous Jackson-Gaumes.

FORTY YEARS AGO

Mrs. Cora Powell concluded an extended visit in Negaunee with her sister, Mrs. F. A. Bell and departed Tuesday for her home in Livonia.

Richard Nesbit, James Vorobilo and Eric Baitson returned in Thursday evening with as fine a tour of the town as you would wish to see. They were caught in the "Big Ecumeba." The biggest one didn't get away either - Dick pointed that.

Miss Kitty Quinn is visiting in Marquette, the guest of Miss Niel-Land.

At the annual school election on Monday, 161 ballots were cast and were equally divided between Dr. J. H. Andrus and Nicholas Laughlin Sr., the two members of the board seeking reelection.

The electrical power plant which the Minehead Cliffs Iron Co. is to establish, and for the transmission of whose power facilities have been granted by the common councils in Negaunee and Ishpeming, will be located on the Carp river, a short distance from Eagle Mills.

The plans for the new fire hall, which were presented by Architects Charlton and Kuepfer of Marquette, have been accepted by the common council and the board of public works. The plans call for a brick structure, which will take

up the greater part of the triangular area between Pioneer avenue, southwest of Iron street.

The poll tax collector is about set to make the rounds. How are your dollar ready.

Herbert Gibble, who resigned this week as leader of the Negaunee City Band has been succeeded by Ernest Hawker, with consent.

The recent improvements to the Geo. J. Mann residence on East

Main street have added greatly to the handsome appearance of this splendid property.

Charles S. Thorne, Jr., is one of the Kauter street residents who has taken advantage of the invitation of Joe Arvola on his street and has equipped his home with a gas range.

John Donithorne, who his res-

ident in Negaunee for years, will leave Sunday to pay a visit to his native home in Cornwall, England and expects to be absent about three months.

FOR SALE
Kitchen range converted to oil, with pipes for wood or coal. At lowest price. Call Bill or inquire 316 E. Park St., Negaunee.

The cardigan, best friend of twosome. In many closets there are two such articles, in going places the great-traveling in company. One has seldom been privileged to assering with before. Smart, manly, thick dark dress is silk. Then and cotton are paired with this popular member of the awate-er family. In this evening she is stepping out sometimes as a light wrap for long dresses, again it is accented with bright jewelry to set off an evening gown.

Daytime devotees of the cardigan are wearing it to accent one of the colors in a favorite silk or rayon print or with a matching solid colored dress for a striking monochrom effect. In either instance, jewels, flowers or belts are used to dress up the ensemble. These days most women's wardrobes are certain to include either a cardigan or a dress which would make a perfect half of this pair.

Both are worn with a lovely color. Color remover should be used in the event you have to lighten the dye color before re-dyeing. Both dye packages give full directions for the best results.

If you have the cardigan which has to be dyed a matching shade, that's no problem. All-purpose dye will turn out a lovely color. Color remover should be used in the event you have to lighten the dye color before re-dyeing. Both dye packages give full directions for the best results.

Beauty by Chrysler

The Beautiful Chrysler | *Silver Anniversary Medal*

Beauty In Appearance Every clean, lustrous line has purpose and meaning. Beauty that is useful is the Chrysler ideal. A striking line of chrome along the fenders may please your eye, but it's there to act as a rub-off for dirt. In the Chrysler design there's a touch of common sense and imagination in engineering.

Beauty In Comfort A chair at home is beautiful if line design gives it grace and comfort. Chrysler chair-height seats have this kind of beauty, too. Perfectly proportioned for comfort, they seat you at the proper height to see the road and to enjoy your driving. Comfort that has beauty through line design—that's the secret of Chrysler engineering and the relaxing pleasure of driving a Chrysler.

Beauty In Performance You know what you mean the moment you feel the smooth response of the great Sixteen High Compression engine. With Pneumatic Fluid Drive Transmission, driving is wonderfully easy. Next to that, a slight lift of your foot takes you into exciting range. You rarely touch the gear shift lever. A few minutes in this car gives you pleasure it would take a book to describe. Please for a demonstration today.

From where I sit... by Joe Marsh.

Windy Sure "Stopped the Show!"

The other night a bunch of us were over at Judge Cunningham's watching a small vaudeville program on his new television set. It came in fine, but just once, the screen got a little scratchy.

If he for the Judge could touch the knob to bring it into focus, old Windy Taylor starts fooling around with the antenna connection. "I can fix that!" he says.

Windy fixed it all right. He "stopped the show" for us, and Dave Ellis had to come over and do a \$20 repair job. I understand

Windy feels as bad, that he's peering the bill and has apologized to the Judge for acting so smart.

From where I sit, it pays to practice a little restraint whenever we get the urge to muddle. Whether it's television or a person's right to enjoy a temporary glass of sparkling beer now and then—let's get a good clear picture of the real situation before we cause more harm than good.

SUMMER COOLERS TO THE FORE

LONG delicious drinks, refreshing and cooling, will have great popularity in the home for months to come. On almost any warm weather occasion the tinkle of ice in glasses, the sparkle of a jewel-like drink, is welcome by guests and members of the family.

It is always possible to produce a palatable beverage quickly if you see to it that your pantry and refrigerator can provide the ingredients. Canned or bottled fruit juices, citrus fruits and other fresh fruits as they arrive in the market, should be on hand for drink-mixing as well as for eating. Juicy flavings and extracts make wonderful sodas. And of course several bottles of pale dry ginger ale and sparkling water kept in the refrigerator are "musts" for good summer beverages. Ginger ale and sparkling water add zest to any fruit juice drink. If it-

self, ginger ale is a fine refresher, and for individual drinks you might keep the smaller sized bottles in your refrigerator. With a plentiful stock of drink ingredients on hand, refreshments are easily served in just a matter of a few minutes. Grape juice and stilling water in half and half proportions is a good old standby. A half glass of loganberry juice, a tablespoon of lemon juice and the glass filled with ginger ale—try that for a cooler.

Here's another you will like. West Coast Nectar
1 cup loganberry juice
1 cup grapefruit juice
1 cup cranberry juice
Pate dry ginger ale
Combine loganberry and grapefruit juices. Divide among four tall glasses. Add ice cubes and fill glasses with chilled pale dry ginger ale. Stir gently to mix.

Forty Years Ago

Ten members of the Biggame-Negaunee Golf Club—five from Negaunee city—will have tonight for their Mountain, where they will compete with a team from that community tomorrow. The Biggame-Negaunee team will be composed of George and William... Mrs. Barbara W. W... tcraft, Enoch Rogers, J. M. Perkins, A. F. Mathland, T. M. Wells, J. A. Bell and Dr. A. W. Hatfield.

Supt. Willman of the Board of Public Works has a review of men working on the road and are making good progress restoring this thoroughfare to a condition of serviceability such as is found on most other roads in this vicinity.

It was concluded by nearly every fan in the large crowd at Union Park last Sunday that the base-ball game, in which Negaunee took another victory from a formidable team representing Marquette, was the fastest and best of the season. Negaunee scored two runs in the last half of the ninth inning to win the contest by a score of 3 to 2.

Anthony Lovelle was a passenger to Virginia, Minn., where he has been promoted a narrative position, Sunday night.

Miss Iona Mathland arrived home Monday morning from New Haven Conn.

Mrs. William Fry arrived here Tuesday morning from Birmingham, Ala., to spend some time visiting her father, Benjamin Neely and other relatives.

William Hawke, brother of Ernest Hawke, leader of the Negau-

nee City Band, arrived here this week from Encampment.

Messes, Joseph H. Winter and J. M. Perkins and Miss Frances Winter have filed claims under some promise of being understood with soft and deprecating.

Miss Julia McAndrew of this city is doing special work for the summer under Miss Linton at the Northern Normal.

Stewart Gaffney, Clement Sheeh, Howard Connor, Fred Sevelberg, Paul Bell, Harry Lee, Earl Peterson, Sam O. Lovvorn and Gerald Flynn returned yesterday.

from an outing at Shaw's camp at Little Lake and reported a good time.

George J. Lonstaff arrived in Negaunee Tuesday morning from Milwaukee.

Mrs. Esther Erickson has returned from a month's visit with relatives and friends in Chicago.

Mrs. Axel Levine returned Wednesday from Milwaukee, where she had been visiting relatives for the past few weeks.

Specialist Gives
Laundering Hints
For Your Cottons

A few laundering hints may be the secret of keeping your cotton dress as they did when you first bought it made from superior Calvee rayon, rayon-blending specialties of Michigan State University.

All hints are washable unless plainly so worn water and a good laundry soap. Wash dark and red colors. This will prevent fading and discoloration. Use a dash of salt. If your cottons do not have a permanent crease, a light starch solution on the wrong side.

These your cottons will become little soap particles must be washed from the dress to prevent the fibers. When washing on the Iron, first remove the dress to remove large wrinkles and then pin by the iron at the side seams.

Good springing means good ironing. One of the secrets of good ironing is knowing when to stop. Do not use too hot an iron. It makes it difficult to remove wrinkles, and it may damage the living time. A fine spray of water distributes the moisture evenly.

Always iron absolutely dry on so long. This will keep the fabric from wrinkling and mottling at the seams. Avoid shine on dark cottons by ironing on the wrong side. Press a wetter cloth as right up close thicknesses on the washable blouse. Press a wetter cloth on the neck and shoulder seams so the heat will have time to work from inside out. Press a wetter cloth on the dress to the wrong side and press the pocket carefully. Go over the pockets on the right side if necessary.

MICHIGAN
Motoring

With the beginning of the vacation just ahead, Michigan citizens are becoming increasingly aware of our state's highway system. The fact of great vacation states in America is that our highways are in a state of repair.

Michigan has a short drive away the highways and county roads are in a state of repair. The fact is that Michigan not only from Michigan State University.

FRANK L. NICHOLS, Controller.

A resolution from the Ingham County Board of Supervisors relative to the High increase in utility rates was read. No discussion, it was ordered filed by the Chairman.

A resolution from the Clare County Board of Supervisors relative to the carelessness of hunters on an farm property was read. No discussion, this was likewise ordered filed by the Chairman.

Supervisor Francis moved the Board recess until 11:00 A. M. to enable the Equalization Committee to finish their report to the Board. Supported by Supervisor Christensen and carried.

After recess Supervisor Francis read the following report of the

Equalization Committee and moved that the Board approve of the real and personal property as assessed by the various Boards of Review subject to the State Tax Commissioner's revaluation. Supported by Supervisor Christensen and carried by the following Yeas and Nays.

Yeas: None.
Aldobello, Atrandi, Aalto, Beaudry, Booley, Christensen, Connelley, Dwyer, Erickson, Francis, Francis, Ghobad, Gustafson, Hill, Hooper, Kemp, Kivela, Latta, Larson, Lehto, Lukkar, Luoma, Mack, Nicholas, Nikes, Ollins, Pappi, Peary, Rose, Stearn, Van Riper, Welton, Willey, Williams, Wiseman, Wyle.

Supervisor Dwyer moved that the matter of H. R. Bill 4643, known as the Equalized Property Tax Bill be referred to the Legislative Committee. Supported by Supervisor Ghobad and carried.

PROBATE NOTICE

STATE OF MICHIGAN
In the Probate Court for the County of Marquette.
At a session of said Court, held at the Probate Office in the City of Marquette, Michigan, on the 11th day of July A. D. 1949.
Present, Hon. Carroll C. Ruppberg, Judge of Probate.
It is the Matter of the Estate of Mary Lavette Deceased.
Mary Lavette Deceased, being filed in said Court her final administration account, and the petition praying for the allowance thereof and for the assignment and distribution of the estate among the heirs at law of said deceased intestate thereto.
It is Ordered, That the 12th day of August A. D. 1949, at 10 o'clock A. M. be and is hereby appointed for examining and allowing said account and for hearing and allowing the same.
Further Ordered, That any person interested in said estate among the heirs at law of said deceased intestate thereto, be and is hereby appointed for examining and allowing said account and for hearing and allowing the same.
Witness my hand and the seal of said Court, this 11th day of July A. D. 1949.
CARROLL C. RUPPBERG, Judge of Probate.

THOMAS J. NICHOLAS,
LLOYD LEVASSOUR,
Clerk

Grain Bins Need
Good Cleaning Now

Good housekeeping on the farm now means a thorough cleaning of grain storage bins. Ask agricultural specialists at Michigan State University for more information.

They predict better results in protecting grain from damage by insects if bins are well cleaned. Insects can live over from crop to crop in stored material that remains in unclean grain bins. They start trouble when newly harvested grain is stored and should be eliminated promptly.

Interest Shown
In Hay Driers

Barn hay driers have attracted a lot of attention recently and many Michigan farmers are thinking of installing equipment of this kind on their farms.

Information on barn hay driers can be had at county agricultural agent's offices. A preliminary report on the subject of hay driers can be obtained from the Michigan State University.

Sports Powwow from the

By TOM FELLOW

Before another year rolls around something should be done about balancing the number of teams in the two Legion junior baseball tournaments in the Upper Peninsula. The practice now in effect is to have elimination tournaments in both the eleventh and twelfth zones with the winners meeting for the right to represent the area north of the Straits in the state affair. This plan, while it sounds all right in theory, is not proving too practical.

Principal drawback to the zone tournaments is the fact that there seems to be considerably more interest in the twelfth zone. This year, for example, there were only five teams entered in the Mustang elimination, while there were 14 in the twelfth zone affair at Crystal Falls. As a result, Menominee, the Mustang winner, qualified for the U. P. finals by playing only two games, while Iron River, which covered the Crystal Falls event last weekend, was forced to play double that number. Negaunee, unfortunately, was forced to play at Crystal Falls and Coon Rapids. There would be a good reason of themselves, although they were eliminated in the second round, in their opinion, the Miners knowled of the previously undefeated Iron River, which by a 9-7 count. Unfortunately their chances would have been much better at Mustang, had they returned to the Legion baseball committee that another year the teams be evenly divided for the two elimination tournaments.

Local game fans are undoubtedly visualizing watching the Miners in action on a standard size baseball field at their own convenience.
