

# Employment Level Here Unchanged

Although unemployment figures are increasing steadily in other sections of the country, the picture in this area remains practically unchanged, according to J. R. DeCabitelle, manager of the local area office of the Michigan State Employment Service.

DeCabitelle revealed yesterday that of the mid-July check taken by his office last week there were 524 unemployed in the area served by his office which include Neegaune, Ishpeming, Champion, Montcalm and Gladwin. This is a slight decrease from the survey taken during the middle of June.

"White reports continue to point out an increase in unemployment in of steadily increasing unemployment in other sections of the country, the local situation here remains approximately the same here and as far as employment is concerned this particular section of the Upper Peninsula is tops; the manager of the M. S. E. office said.

At the present time, DeCabitelle estimated there are 225 unemployed workers in Neegaune who are confined to one-half of this number consisting of students who graduated from high school in June, returned students, who have enjoyed little success in their attempts to find work during the vacation period.

"Jobs are becoming increasingly difficult to find and even the demand for skilled workers has fallen off, but nevertheless there is such better shape in this immediate area than throughout the rest of the country, according to national statistics, DeCabitelle stated.

# Mother Bear, 2 Cubs Shot Near Pines

That tragedy, which happened near Pines, Mich., when a year ago when a bear carried off a child, would have been repeated near Neegaune last week night, except for a pair of alert parents.

When Mrs. Jerry Brassard at the Pine Mills, heard something moving around in the brush in the vicinity of the establishment Saturday morning, she decided to take the baby out of the play pen and sought her husband of the noise which had awoken her. She and Mrs. Brassard were sure the noise had come from the woods.

On Saturday afternoon they sought a mother bear and three cubs some distance from the Pine Mills, but they did not find her. The remaining two cubs, after a search, but turned up again near the Pine Mills. Mrs. Brassard notified city police, who set out and killed the both of them.

With a shortage of berries this year, the only summer fruits, which are coming in here now, are strawberries, but turned up again near the Pine Mills. Mrs. Brassard notified city police, who set out and killed the both of them.

How's business in Michigan? Is the industrial employment is off 6 per cent as a state average according to the Michigan Department of Commerce Commission. Unemployment and state employment service.

This figure was for July 1930. The national average was 6.5 per cent. There are many factors which make the situation is improving somewhat.

At a capital conference on Michigan economic trends, J. M. Townsend Williams reported that Muskegon was the most successful industrial center with unemployment running 23 per cent. Providence, Rhode Island, was second in the Nation as a distress city. Muskegon, a war boom town, was second.

Mining operations are lagging in the Upper Peninsula with a loss, due to the northern depression. Michigan has a jobless rating of 18.4 per cent. All copper mines are closed. A heavy ice season, however, has reported 15 per cent of its regularly employed workers to be laid. Fort Huron 13 per cent, Benton Harbor, 11 per cent, and Grand Haven, 10 per cent.

It is interesting to note that the state's total of employed citizens, despite the current depression, is nearly as many as the sum in 1929. It was one of the chief statistics and high school graduates have enjoyed the summer employment field making up the difference.

How's the tourist business? Deflecting the general business downturn, tourist patronage is reported to be less than one year ago. The U. P. Development Bureau, which is backed by enterprising George E. Haines, reports that the check shows business at some percentage to be off as much as 25 per cent. There's always an exception at course. Buckeye Truck's aggressive promotion, which has been patronage for a 48 per cent increase during the first half of 1930. Encouraging are 30 days' ahead of last year.

## Add Variety To Simple Recipes These Easy Ways

If your cooking problem is finding recipes for two people or just thinking of new ways of fixing simple home foods, these suggestions from Pearl Jackson will give you menus some added zip.

Miss Jackson, who has worked with planning meals for the ve-

men's dormitories at Michigan State College for some time, first suggests some possibilities for a simple month's planning recipe.

With a double recipe you can make four different desserts. A pineapple pie to serve guests, too can be made by using 2½ cups of cranial pineapple. Use 1 cup cranial pineapple. Use 1 cup to make a Boston cream pie on another day.

For a third dessert mix 3 tablespoons cream or milk with 1 cup

ROUND UP SPEAKER

WALTER A. ROWLANDS

"The Farmer and the Experiment Station" will be the title of the talk which will be given Friday, August 5, at the Chatham Farmers' Roundup program, by W. A. Rowlands, director of branch stations for Wisconsin.

Lower Accident Toll Goal For Farm Safety Week

"Every Michigan farm family should use Farm Safety Week, July 24 to 30, to check up and repair unsafe farm machinery and equipment and to eliminate unsafe farming practices," Mr. A. Houslik, State Health Commissioner urged this week.

Farming accidents took the life of every fourth person injured in occupational pursuit in Michigan last year. The National Safety Council estimates that one out of every 17 farm residents will suffer a disabling injury by accident this year. The average non-fatal farm accident results in about 3 week's loss of working time.

Farm machinery, livestock and falls are involved in the majority of farm accidents, but the attitude of the farmer is a contributing factor in almost every case.

Harvesting time is especially dangerous for farmers. Check up on your tractor, tractor and repair your harvesting machinery, and see that all gears are in place before it goes into the field. See that controls, hitches, brakes and

steps are in safe condition. Don't try to oil, adjust or unplug machinery while it is operating. Keep an alert watchful eye on the controls, throwing machines, over loaders and shredders, the cutting equipment and shifting heling and gears. Don't wear loose clothing torn clothing which may catch in rotating machinery. And keep your small children away from tractors and harvesting machinery.

If every Michigan farm person uses Farm Safety Week to repair unsafe items of equipment or machinery to eliminate one un-

safe farming practice the farm accident toll in Michigan can be cut drastically, Dr. Houslik estimated.

# Sports Powwow From the

BY TOM FELLOW

Congratulations are due to Bob here this week made a big hit out Jack, William Wing and Char can both be candidates soon as we lead three runners. Coach section of the peninsula and local Clear Wednesday 1916 football fans, who turned out on each of team, who were over this week. The four days to watch practice by H. E. sports writers and the readers. Fans were particularly pleased to participate in the 1916 impressed with the careful work of All-Star game. Although they were not any more each of the candidates and Blue birds even in an night by Marty Farrell, chief of the game substitute last fall. These boys leaves wearing system and hit were held in high regard by the camp of spectators. Although no sports activities throughout the announcement had been made a northern half of the peninsula. This time this was written in letter other elsewhere. Negative said to whether any of the spectators, who would have been a and would receive recruits. But most pointed that Farrell and his aids were interested in seven or eight of the boys and particularly impressed with the work of a third baseman from Iron River and a Copper Country hurler.

the paper it appears as though the South squad can be installed as the favorites in the '16 game, although the last practice session is still two weeks away. This is largely due to the fact that the South roster includes six players from the mythical U. T. champion ship Messemont eleven, and three from Messemont, rated just a step behind the Mustang last fall. If the South has an edge, it will be in the line, as the backfields appear about even, with the North unit headed by Al Larson of Newberry and Bob Hillier of Munising, while the South backfield will contain the spectators' Edna Panton and Billy Wells.

Messemont fans, incidentally are quite disgruntled with the All-Star selections according to a letter received by Jim Ward, Messemont columnist, which appeared in his "16 Soons 'To Me" column on Wednesday. The Eskimo followers point out that Coach George Hawkins' 1916 selections were seven out of eight games, being by a whisker a 10-2 defeat to Messemont. They can't understand why Messemont should rate six places on the South squad, while Messemont gained only one place. They also point out the fact that the teams were practically on a par. The Eskimo followers are particularly annoyed over the fact that Herb Nicholson and Tom Carlson, both laces, failed to make the squad.

## Rovers Take Over Rainbow League Lead

back in first place as a result of their 8-1 win over Gladstone Sunday, while Elorite was being temporarily 5-6, the Negaunee Rovers will attempt to strengthen their grip on the top rung on the Rainbow League ladder Sunday, when they travel to Gladstone. The Rovers, with a 6-2 record, are also half-time edge on Friday and Elorite, which played for second place, each club having won six games while losing three.

Negaunee is favored to repeat

A twin softball bill has been arranged for Sunday night, August 6, with a girls team from Negaunee meeting a feminine aggregation from Calumet in the curtain raiser and the Calumet Liberty team challenging with the Negaunee YFW in the main attraction.

Perhaps the outstanding softball program for the season is on tap Monday night, August 8, when local followers of the sport will have an opportunity to witness three contests. The opening event will be that annual clash between the members of the Negaunee Fire Department and the City Council, which will be followed by the game between the YFW and All-Star team from the city league, flanking out the program will be a four innings of donkey softball between two hand-picked teams, the members of which will be announced later.

## List Three More Special Events On Sports Schedule

Arrangements were completed here for three more special events on the summer sports schedule in Negaunee, Edward Stevens, city recreation director, revealed Wednesday.

On Thursday night, August 4, the Messemont team, one of the outstanding colored traveling teams will meet the Negaunee Rovers at the athletic field at 8:15.

his previous win over the Mount Tower, at Goulet Sunday, when Thomas may encounter considerable difficulty at Gladstone. The Gladstone Braves for the week should have an easy time with the job-stopping Munising club, which has lost nine consecutive games.

Manager Sam Ford's progress is rated as the team to look for the league title, after capturing the Gladstone Braves for the week and then last weekend. The Rovers will have six games to play three of them on their home and their roughest opposition will probably be a postponed affair with Elorite. In addition to Calumet and Elorite, they will meet Messemont and Chatham in single-outings and Munising early.

The royals, unlike their team, seem to thrive near civilization.

COMPLETE COURSE  
Among last season's graduates of the Advanced Finance Officers' School was Capt. John W. Crocker, of Mrs. Viola E. Crocker, 121 E. Cass street. Graduates qualify for assignment as staff officers to Army commanders, staff officers and technical advisors to the War Department general staff and technical advisors to the chief of Finance. Capt. Crocker's class included 25 officers from various branches of the service.
