Agreement Deals Immediate Strike

Word was received here Thursday afternoon by Jack Powell, manager representative for United Steelworkers of America (U. S. A.), that agreements had been reached in a conference in New York City whereby all contracts in the Lake Superior region between manufacturers and the union has been extended until September 14, 1949. This extension of contract places the union in the iron industry in exactly the same position as was existing in basic steel industries in the previous contract would have expired August 1, 1949.

Shriners Are Planning For Ceremonial

Neguance Shriners are busy making plans to participate in the annual Ahmed Temple summer ceremonial, which will be held on Saturday, August 6, in the Shrine auditorium at Marquette. The summer ceremonial, which follows the national convention in Chicago and the Shrine circuit, will include a busy summer season for local Shriners.

Highlighting the ceremonial will be the appearance of the Tri-Club Chanters, of Tripoli Temple, Milwaukee. This group, recognized as one of the best in the 50 Shrine temples in North America, will give a wide variety of music including classical, popular, religious and secular; solemn and gay songs, including burlesque harmony.

Registration for the Ahmed ceremony will be held Saturday morning and a banquet will be scheduled for 1:15 p. m. with a picnic 1:30. The Shrine and ceremonial sessions will begin at 2:30 and conclude with a dinner in the Temple at 7:30. The day's program will end with a concert by the Tri-Club Chanters at 9:15 in Northern Michigan College of Education auditorium, in which Shriners and their ladies are invited.

For Shriners' ladies there will be celebration in the Federation Women's clubhouse, beginning at 10:30 p. m. The ladies will be given a luncheon at 1:30 p. m. and a concert at 2:30. They will attend the dinner at 7:30 and will go from there to the College auditorium for the Chanters' concert.

John P. Collins, of this city, assistant sultan of Ahmed Temple is a member of the reception committee and Fritz Wagner will serve as master of ceremony for the second session of the Saturday afternoon program. Capt. Joseph Thomas is business manager of the band which includes the following local residents as members: Paul W. Goodman, assistant leader; Robert W. Johnson, Walter Warren, and Melvin G. Warren. Trustees ambassadors from Negu-

Free Chest X-rays Available at Fairs

Michigan residents may have free chest x-rays made at 28 fairs and festivals in the state this summer.

Public health chest x-ray units of the Michigan Department of Health's state-wide tuberculosis control program will be available at fairs between July and October.

The chest x-rays made at the fairs reveal other chest abnormalities besides tuberculosis. However, the x-rays will not be substituted as a diagnostic tool for tuberculosis. It is not possible to tell whether a person has tuberculosis by means of chest x-rays and more complete diagnosis must be made by means of the tuberculin test. It is recommended that chest x-rays be normal.

HOME TOWN REPORTER

'Christian-Communist' Existence Impossible Because of Conflicts

By Walter Sheard
LAST WEEK your home town Reporter gave the results of a poll on the question of whether or not we were moving toward a religious government in this country, and the answers received from the home towns and rural areas of the nation were overwhelmingly in the negative.

And while this gives us a feeling of satisfaction and security that our farmers and the people in the rural communities have their feet firmly implanted on the solid rock of democracy, individual freedom and the dignity of man, there were several answers upon which we touched in last week's column which lend us to wonder just how far-reaching some of the fallacious communistic propaganda has spread. One such letter was from the man in Oregon who said many of his neighbors believed in "Christian communism." This man went on to say that after much study "I have finally concluded the Bible in spirit taught Christian communism. . . a spiritual interpretation of the Bible teaches peace and Christian communism."

As we pointed out last week the word "Christian" and the word "communism" are direct opposites and there can be no such thing as a Christian Communist. Communism is anti-God and anti-Christ.

The martyrdom of Cardinal Minichinsky and the 13 prominent ministers in Hungary, of Cardinal Stepline in Yugoslavia and lately the program against Archbishop Beran and the church in Czechoslovakia and against religion in Russia and the iron curtain countries is indicative of this anti-spiritual, anti-God stand of Marxian communism.

Everywhere behind the iron curtain communism has been open at war not only with genuine political democracy, but also with religion of every type that recognizes man as a child of God and not the creature of the state. This Godless tyranny, by its very nature, is driven to hate against God-given freedom because the two cannot exist side by side.

Communism judges man to be nothing but an animal to be regimented, so Red totalitarianism must fight and destroy philosophy which gives him dignity and makes him free. And it must fight any religion

which endows him with a soul, which makes him a creature of God, and tells him that God alone is his true master, and the state, be it what it may, is a profane, fallacious thinking of the mind. Communism is indicated by replies we received is even less than the 1 per cent indicated by the responses to our query. . . .

Taft Stuck Sober

The son of Sen. Robert A. Taft of Ohio, who comes up for reelection to the senate next year, has scored as a result of his recent personal victory over the administration forces on the Taft-rafty law in the senate.

An insight into Senator Taft's characteristic aplomb is shown upon his return to his office in the senate office building following his dramatic victory in the senate. His office staff had congregated in his private office to congratulate him, and hear from him on his life story of the victory in a round-table bull session. The tall Ohioan strode into his office with a broad grin and wearing a new synthetic Panama hat.

"How do you like my new hat?" he remarked and that is all the staff heard about the Senator's personal victory after days of furious debate on the floor.

Senator Taft, by the way, for all his seniority in the Republican party has a small staff and a modest unpretentious office, compared to some in the senate office building. Chief decoration are scores of books of dogmas, in Spanish, in benzoin, in ivory, in every conceivable shape and color. Near the door, many pictures of the senator's father, the former President and chief architect of the supreme court, William Howard Taft. . . .

New Columnist

And while we are on the subject of Senator Taft, he has joined the ranks of the columnists and is writing a weekly column for congressmen in his home state. Some Washington columnists were somewhat worried lest the senator, whose word is news, could score "baiter" over the regular columnists from his inside knowledge of what goes on in his first column office. "I shall try to report just what comes on in Congress and to clarify the issues. . . ."

 Q.—Miss Sapho Honey, Cox Club, writes in to find out if there is such a thing as a lawn mower with self-adjusting roller, etc., and if so, where she should throw the old one.

A.—An engineer in Cleveland has said to have invented a roller-coaster-type sharp-turn lawn mower with a pack of 10 blades. We forgot his first name, but his first name is Esau. Old lawn mower and roller, never put in a medicine cabinet.

Q.—Edgar Workman of Delaware Water Gap asks, "How many hairs are there on the back of a bee, and is it true a bee likes them parted in the middle?"

A.—There are said to be 238,582 hairs on the back of an adult bee, provided it has never had dandruff. Drones part their hair in the middle. They have no hair to bother about such things.

A pastry diet is bad, too. Q.—A mother in Johnson, Md. asks: "Is it true that tattooed women are barred from Miss America's contest?"

A.—No, but there seems to be no demand for them. The rules are, however, very hard. A woman in Dairies, Conn., says her hair is white and blue, and only lost a tooth in a Miss Barber Polk contest. Q.—A seamstress from Tallahassee writes asking if synthetic silk is best to stuff a sofa?

A.—Yes, cornstarch can be used, and it's good fun. Don't forget lengths of cornstarch make it very exciting. Golden Bantam corn is best. Some people have done wonders stuffing sofas with lint collected from black pants. . . .

Q.—A man in Baltimore, Md. asks: "Will a halibut live in captivity, and where can halibut bowls be bought?"

A.—A man named Krosshennmeister in Butte, Mont., once kept a male halibut in the bathtub of his home for seven months under the impression it was a salmon. The barracuda was preferred as a name for what you want is advertisement.

Q.—A young woman in Houston, Tex., wants to know who invented the clamshell?

A.—I'm glad she asked that question. The curator of the International Clamshell Museum and Oyster Fork Institute says it was designed by an Englishman named Zlich, patented by the Frenchman and built by a Canadian clam trapper. This makes it a Russian invention.

UNREST ON CRUISE'S ISLAND

(Unrest is reported aboard Robinson Crusoe's Island in the South Pacific.—New item.)
 Cruise—Friday, you don't seem cooperative today. What's wrong?
 Friday—I've been Friday long enough. I wanna be Thursday.
 Cruise—Why?
 Friday—I shortens the week.
 Cruise—Come, come, you must be joking.
 Friday—Not at all. I may even want to make it seem shorter by having my name changed to Thursday.
 Cruise—We're not the only two on this island. We've been getting along lamely. You've been my right-hand man.
 Friday—Yes, but I feel a pull to the left.

An American general, attending an official dinner in London, found himself next to a Chinese. Figuring the man knew little or no English, he avoided speaking to him and gave all his attention to the man on his right. He felt, though, that he should give the Chinese some attention so after the soup plates had been removed he turned to the Chinese and asked, "Luker soup?" The man seemed startled at first but smiled and nodded his head. Nothing more was said.

After dessert and coffee the general suddenly became aware of the fact that his Chinese neighbor was standing and speaking brilliantly in perfect English. The American general figured most uncomfortably for the full ten-minute speech.

He sat down. Dr. Wellington Koo, the Chinese Ambassador and a graduate of Columbia University and Oxford, turned to the general and asked with a justifiable amount of sarcasm, "Is it a speech?"

Q.—A lady in Minneapolis asks: "How many turns does a walking mousie make per minute, and is food a factor?"

A.—According to the last quarterly report of the Walzing Mice Research Bureau, these creatures average three turns per second. This is sometimes slowed down by mice cutting in during the wait. Newspapers: Twelve newspapers are received - ten daily and two weekly. 97 magazines are received - 78 monthly, and 10 weekly. Registrars: 388 patrons are registered as library borrowers. Hours: The library is open from 9 A. M. to 8:30 P. M. daily. It is not open on Sundays or legal holidays.

REMARKS: The library started the year with no definite goal in mind other than giving the public the best service possible. Still we feel we have made considerable progress.

We have had two hundred and eighty-eight new patrons added to the registration during the year. Many of the students are newcomers to the city, while most of our regular patrons are continuing to visit us. Their steady attendance for the year has resulted in a considerable increase in the circulation noted in the above report.

The story hour has been mentioned in previous report, but we feel the continued growth of this project should be brought to your attention. It has become necessary to divide the children into two groups, holding two story hours, one meeting at 10 o'clock and the other at 11 o'clock. The attendance is seldom less than 80 to 100.

We have also mentioned the children of the school room at the Central Grade School each Friday afternoon with a preview of the films shown on Saturday morning. The children's book stacks have been reduced about a foot in height, bringing the books to their eye level, making the room more truly their own. The Tom Ago Shelf also is an attraction to the boys and girls.

The library works with the schools wherever called upon. Miss Thomas accompanied her first grade to the library, children were acquainted with the first rules of taking books and then the room was decorated with a story in the story hour room. Classes from the sixth, seventh and eighth grades were treated in the use of the card catalog and reference books. The first day had being set for discussion, the second day, the pupils put their knowledge into actual use.

Miss Rutledge attended the Library Work Shop in June. The library staffs foremost thought is to serve the public in the most efficient manner giving individual attention to all adult and juvenile problems.

List Sprays For Use on Potatoes

Potato insects and diseases come along each year to trouble growers. Better methods of control, however, are continually being studied at the Michigan Agricultural Experiment Station.

Walter Mrosovsky, Michigan State College entomologist, advises the use of DDT at the rate of one and one-half pounds of the fine or table powder in 100 gallons of water for good insect control. This mixture is for control of the beetle, Colorado potato beetle, French leaf hopper and leaf hoppers. Where aphids are present, DDT is not recommended. For control of the Colorado potato beetle, French leaf hopper and leaf hoppers, where aphids are present, use DDT at manufacturer's recommendations or mixture solutions at one pint in 100 gallons of water.

For fungus leaf blights, J. H. Manie, MISC plant pathologist, advises the use of Certomycin, fungicide, and insecticides, both at manufacturer's recommendations or Bordeaux mixture 8-10. Fungicide should be made when plants are four to six inches high and the insecticide in the spray material. Combination fungicide and insecticide may be used in place of sprays. The dusts contain the same active principles as the sprays.

Cool Hens Can Produce Better

Summer ventilation of poultry houses is often neglected with resulting lost egg production, say Michigan State College extension specialists.

If flock owners are to get the best performance out of their flocks, special attention should be given to opening every window, door and slot while during hot weather. Shade should still be provided.

Holstein Cattle Auction Will Be Held at Escanaba

Michigan State Institutions will hold their third Upper Peninsula sale of prize registered Holstein cattle at the U. S. State Fairgrounds at Escanaba Saturday July 20 at 11 P. M. according to Arthur H. Clark, Coordinator of the Bureau of Industrial Farms and Herds of the Michigan Department of Agriculture. Fifty-five animals will be auctioned.

Then H. P. Institutions are continuing to host seven each from the Newberry State Hospital, and the Marquette Branch Prison. Other assignments are from Michigan State Sanatorium, Howitz to Ionia State Reformatory, Michigan State Prison at Jackson, Travers City Hospital, St. Plessey State Home and Training School, and the Lapeer State Home and Training School.

The Newberry State Hospital herd consists of 120 head and is one of the top ranking institutional herds. The Marquette herd is one of the nation's outstanding herds. In recent years they have produced two cows with world records; one of them, Marquette Inkis DeOla, sold in the herd with a world's record of 2155 pounds of butterfat as a senior two year old. This herd averages around 100 pounds of butterfat per year.

Collecting eggs frequently in hot weather is another important job. Quality is rapidly lost unless eggs are gathered and placed where they will stay in the proper temperature. Frequent marketing will also help make sure the consumer gets a quality product.

Easily-Prepared Foods Will Make Holiday Meals More Delightful, Less Work for Those Who Serve

Serve Juicy 'Burgers on your Picnic!
"Use Recipes Below"

By Lynn Chambers
Picnic Plans

WHEN YOU PLAN an outing, good food that will please everyone has to be part of the picnic plan. In addition, you have a "pickable" lunch that you can carry in a shopping bag, string such, sandwiches or hamper. The less preparation you have at the picnic grounds where everyone will be famishing, the better will be the lunch. If you want to cook the hamburgers or ribs or frankfurters on an outdoor grill, that's all to the good, since this whets the appetite to a tantalizing sharpness. However, if you have to wash fruits and vegetables, and pare or scrape them when you get there, this may seem like something of a chore. These are things that can be done much more easily at home.

A SAVORY, well-seasoned meat should be the main interest of the "burger. For some this may be old-fashioned picnic "burgers, roasted frankfurters or barbecued ribs. These are easy to serve on buns which can be purchased ready made, and then simply grill and buttered and oiled topped with the meat cooks.

- Picnic 'Burgers**
(Makes 12 'Burgers)
1 cup chopped onion
2 tablespoons fat
1 pound ground beef
1/2 pound ground veal
1 rounded creamed corn
1 teaspoon salt
1/2 teaspoon pepper
2 tablespoons soy sauce
1/2 teaspoon mustard
1 dozen hamburger buns

- Brown onion in fat in a large skillet. Add meats, salt, pepper, soy sauce and dry mustard. Cook over low heat 40 minutes, stirring occasionally. Split hamburger buns and fill with meat mixture. Top with picnic sauce.
- 1 cup tomato sauce, catsup or chili sauce
 - 1/2 cup vinegar
 - 4 tablespoons sugar
 - 1/2 cup chopped onion
 - 1/2 teaspoon cayenne pepper
 - 1/2 cup chopped green olives
 - 2 tablespoons Worcestershire sauce

Mix all ingredients together in a saucepan and cook gently over low heat for one-half hour, stirring occasionally. This makes two cups of sauce.

dessert such as peaches, pears, apricots, cherries or other berries, grapes or melons.
One or two kinds of cookies make an appetizing accompaniment for the fruit. You'll like all this.

- Butterscotch Bars
(Makes 3 dozen)
1/2 cup butter
2 cups brown sugar
1/2 cup molasses
1 teaspoon vanilla
1 1/2 cups sifted flour
2 teaspoons baking powder
1 cup chopped nuts
Melt butter in a heavy saucepan. Add sugar and bring to a boil over low heat, stirring constantly. Cook 40 minutes. At a time, beating thoroughly. Stir in vanilla, then flour which has been sifted with baking powder. Fold in nuts. Pour into a greased and floured 7 x 9 inch pan and bake in a moderate (350°) oven for 30-35 minutes. Cool, then cut in bars.

Need Tips
If you are burning charcoal, start the fire an hour ahead of the cooking time. For coal, allow one and one-half to two hours. Use enough to build a thick bed of coals.

Getting away with the picnic basket Use windproof decorations such as a tray of the fruit for dessert, or low flower arrangements set under a glass or plastic case cover.

Keep picnic hampers, suitcases or bags all ready for picnics by packing them with essentials such as cups, plates, salt, pepper, sugar, knives, forks and spoon. Then you need only pack the food, and thus save forgetting something essential. Plastic bowls with covers are excellent for carrying salads to the picnic since they are light and pliable.

You'll need more seasoning in salads served out-of-doors than in.

When broiling meat on an outdoor grill, trim off excess fat and slip the edges as the pieces of meat won't get the fire burn down to red coals, then set a grill three feet from the coals and start broiling meat before flames die down.

When using a skillet on an outside grill, set it about 6 inches above the coals.

If you are using sauces for the meat, keep down the fat amount and use more salt or chili sauce. The fat splatters!

To remove coffee, sugar and cream easily, place them in those drip-proof strypp pitcher.
When serving a hot crowd with hot coffee, place the filled cups on a shallow wooden box to prevent spilling hot coffee on someone's lap.
Before turning a car, the fan flames, rub it with a bar of wet soap. Then the soot which collects can be wiped off easily.

Before iron skillets and griddles are put away for another season, rub them thoroughly with unsalted fat and store in a dry place to prevent rusting.

Care of Eyes
People in middle life and beyond should not add to their visual acuity as they grow on other activities. The eyes, like the heart and the rest of the body, require greater care with advancing years.

With the announcement that the boys were signed as a result of the typical round conducted here last week of the Boston Braves, interest in U. P. baseball certainly definitely increased on the part of Major League clubs. The Braves, city recreation director has been approached by one of the New York Giants, sportswriter and now a scout for the New York Giants, reverend school here next summer sponsor of the Giants. The Brooklyn Dodgers have also indicated they would be interested in signing such an event in Negaunee in 1950 and the Braves Scout, Mr. J. J. Stevens that Boston planned to repeat its school here. The Major League Clubs are really heating the bases for prospects and this should give U. P. baseball another shot in the arm.

Everybody's happy once again in Negaunee. The reason—the names of Herb Nicholson and Roy Carlson, Negaunee quarterbacks, and halfback of last season, have been added to the Southwestern roster for the All-Star football game, Yakima fans delight Jim Ward, Provo sports editor with letters when the South Sea was announced because Nicholson and Carlson were omitted and also because the Yakima placed only three men

on the South Squad as compared with six from Negaunee. They pointed out that Negaunee only lost one 11-13 defeat at the hands of the Maroons and so the teams were practically on a par and Negaunee's representation should be on a par with that of Negaunee. Now there are five Negaunee boys on the roster, so there are no more complaints from the Delta City fans.

Red fare department—in a letter received Tuesday of this week, from Arno Johnson, former Greenway and Northern basketball star, our attention was called to a letter in the Pow Wow list week.
