

Rainfall on Thursday Set New Record

With the cessation of a temporary interruption in light air and sea breeze, Neagunee residents in general felt little or no rain. The water downpour in the city's history last Thursday night totaled 5.55 inches of rain fall in less than a three hour period.

While thousands of dollars of damage was caused by the storm in the neighboring communities, Neagunee and Ishpeming, particularly in the business sections few local concerns suffered any loss.

Hardest hit was the office of the Northern Terrazzo and Tile Company on Gold street, where the water reached a depth of ten feet on a level with desk tops and also caused considerable sink damage. Local residents living in the 'dip' on Gold street were victims of the storm also as water reached the level of first floor windows. The wreck of the basement of the Suez warehouse was damaged and other concerns reporting slight financial losses were the Western Auto and the Iron Herald.

Only lightning damage reported to date occurred in the Pioneer Agency, where lightning struck a large Seth Thomas clock, knocking it from the wall and shattering it.

Tragic was noted on Highway No. 1, S. 41 between Neagunee and Neagunee as water flooded the road at Partridge creek and also on Gold street and on the viaduct on Silver street. The youngsters had a field day, swimming beneath the viaduct and diving from cars stalled there. A party of six local residents including Mr. and Mrs. George Winter, Mr. and Mrs. John Kirtland, Mr. G. McCarrie and Mrs. Agnes Bowman, accompanied by the Warren Thomas cottage, encountered water five to six feet deep near Schweitzer creek, where they directed a rescue party to the aid of a marooned Bohemian couple.

Electric light service was back in operation shortly after the end of the storm, and gas service, which was interrupted at Neagunee, returned to normal Friday afternoon.

Neagunee Native Makes Air Force Headquarters Clerk

Holding a list of decorations as long as his arm, the man who is the "nerf" section at 14th Air Force Headquarters, Orlando, Fla., clerk, is a native of Neagunee, Captain Al Francisco, son of Mr. and Mrs. Dominic B. Francisco.

Captain Francisco, supply officer at 14th Air Force headquarters, has a World War II combat pilot's wings and has traveled through his various travels from the steaming heat of the South-Sea Pacific to the cold of Europe.

Proclaimed a hero for his gallantry in action, he was among the personnel participating in a flight of B-17 bombers that, based at Hickam Field, Hawaii, during the famous "snake attack" on Pearl Harbor. At that time he was an enlisted man on a B-17, where he was the only Neaguneean.

With a flight of planes that he left the office December 6, 1941, he and the others of the crew were in Hawaii in the midst of the attack with empty cars and no way of flying back.

Named "Buddy" by his fellow flyers, he had to land on Hebe Island under a hail of enemy fire and death and gunfire. Not one of the crew was scratched.

After the war ended the crew proceeded to Australia to join the 44th Bombardment Group.

As a member of the 43th Bombardment Group, he flew 100 missions and four major engagements with the 19th, battling the Japs in the Philippines, at Bali, Samarra, and in the Macassar Straits during his 100 days of combat flying.

For this action, he was awarded the Silver Star, Distinguished Flying Cross, Air Medal, and the 11th Bombardment Group Citation. Captain Francisco is officially credited with downing three enemy planes and 1000 bombs, and is also co-ordinating General Douglas MacArthur from the Philippines to the United States.

Tourists Use Jackson Park Facilities

Visitors from 16 states, representing 118 different counties, in addition to local residents, have used facilities at Neagunee's Jackson Park during the month of this summer, a check made this week by the Neagunee Chamber of Commerce.

It is stated there have been 101 trailers and 25 families camping in tents at the park. Students, 110 in the region include Messrs. H. C. Hodge, Perry, and J. W. Pennington, Wisconsin, New Hampshire, Minnesota, Georgia, Oklahoma, Arkansas, Ohio, Oregon, Virginia and Kentucky, included in the list of residents at "Smiley" Wood's of Piquetteville, an annual picnic and fishing festival.

The recreation lodge is proving to be as popular a spot as it was last summer. In July alone the lodge had 21 parties, and the attendance at various entertainments numbering 882 persons.

In addition to the increasing popularity, partly due to the facilities for sports and recreation which now include tennis courts, a swimming pool, a golf course, and well equipped equipment, the well attended picnic in the month of August and September was a success. The picnic was a heavy influx of bay fever victims and fishermen, and the residents will be set at the picnic grounds.

Attention of local residents using park facilities is called to the fact that the picnic grounds are open from 9 a. m. to 5 p. m. daily. The picnic grounds are open from 9 a. m. to 5 p. m. daily. The picnic grounds are open from 9 a. m. to 5 p. m. daily.
