Devaluation Is Nothing New

Don't get excited over news in money values in Great Britain. U. S. money has been changing in value - going up and down ever since the first time it was going to be... the fact that the cost of U. S. goods to the British importers has gone up 44 per cent...

Of course we are affected by devaluation in Great Britain. But it isn't going to knock Uncle Sam off his feet. Our people will have to have the value of money changed overnight.

The real problem is how to live in comfortable homes and have enough money left to buy food and clothing, plus a little skykirting that Americans are so fond of.

When all is said and done, America goes forward, and this so-called devaluation costs a good many raw materials. But the wholesale price index... try and KEEP YOUR CHIN UP!

The greatest change this year in the Michigan educational system will come at the high school level," said Dr. Lew M. Thurston, State superintendent of public instruction. In an interview for the "Michigan Mirror":

Public schools are experimenting with \$140 millions of state aid to school districts and to teacher salaries in Michigan public schools this year have more classrooms, more pupils, better paid teachers and more building construction.

In the opinion of Dr. Thurston, the new college agreement program for Michigan's high schools is of the most significance. Through this plan to all high schools by agreement with the colleges and universities of the state may modify their curriculum to more adequately fit the needs of students and yet permit these students to obtain college entrance.

Increased funds will also mean substantial improvement in the vocational education, said Dr. Thurston, which will attend a district meeting of the Veterans or Porcien Wara at Grand Marais this week-

Modern Turkeys Are Now Packaged For Daily Meals

Thanks to the development of the modern turkey industry we no longer need to reserve a special treat for Thanksgiving and Christmas. Turkey is now in daily retail stores any day of the year.

Both whole turkeys and parts are marketed in new convenient forms—ready to cook, either frozen or freshly dressed. It is also marketed in ready-to-eat form—canned, frozen, smoked, advertising agencies have manifested the demand of home economists at Michigan State College.

Modern turkeys come both larger and smaller than their ancestors. They are also milder, more tender, plumper, and more compact with a larger proportion of breast meat. The smaller ones are suited for the small oven.

Dressed birds come higher per pound than live ones and ready-to-cook ones come higher than the dressed turkeys. But the actual cost per pound of ready-to-cook weight is about the same for all three. The reason is that the dollar spent on live or dressed birds buys more water. Worth considering too is kitchen time saved on ready-to-cook birds.

Weight loss in dressing and in drawing varies with the bird. In dressing, turkeys lose from 8 to 12 per cent of their live weight. In drawing, dressed turkeys lose 13 to 18 per cent of their dressed weight. From the live to the ready-to-cook state, turkeys lose from 20 to 28 per cent of their weight.

22 percent of the U.S. inhabitants have telephones as compared with 2 per cent of the world as a whole.

Progressive Business and Civic Minded People of Marquette and Vicinity

This department has been worked up as a reflection of public opinion. No person has written of himself or his business. These people are all leaders in their various lines of endeavor, and the co-operation of those citizens in Marquette who helped to make this department possible is sincerely appreciated.

ALFRED AHOLM

To become generally accepted as one of those progressive business men of Marquette, it is always be required upon to devote his days to his community, and one who will back up by a sense of duty to civic participation and support of worthwhile civic movements is an honor that can be readily borne.

Such a man is Mr. Alfred Aholm, of the Marquette Baking Co., who a great many times in the past has neglected his own business and private affairs to lend a helping hand or to contribute financially to civic projects. Aholm's friends are always more than glad to have his services, because of his constant cheerfulness and the enthusiasm and optimism which he breathes in his fellow men.

These same estimable traits have also been supplied by Aholm to the management of his business with an outstanding success which is known to all. It is our pleasure to include him in this review of progressive Marquette business men and to include him all the credit which is justly due him.

HERBERT J. FLUETTE

Good Hotels and tourist courts are indispensable to the progress and development of a community and Fluette's Cahins court has the best features of a resort which is known to all. It is our pleasure to include him in this review of progressive Marquette business men and to include him all the credit which is justly due him.

The management of Fluette's Cahins has maintained all times an ideal of service which is thoroughly exemplified in a manner in which every employee attends to his or her duties. Nothing is taken for granted; nothing is forgotten. Hospitality and service are always their first and last consideration.

Much of the credit for the splendid reputation of this resort at Tour Court is due to the executive ability of the owner and manager, Mr. Herbert Fluette, who has given efforts, foresightfulness and careful attention to details. He has maintained a standard for hospitality and service which would be difficult to surpass. It is our pleasure to say to these few words of praise about Fluette's Cahins, which is a friendly neighbor, Herb Fluette.

ERNEST F. BODENUS

Mr. Ernest F. Bodenus of the Iodenus Trucking Service has a well earned reputation for his responsiveness because he has consistently looked ahead in his business, never letting up in his efforts to make the service he renders to the public more valuable. St. Joe, which was supposed to lose to Marquette by at least two touchdowns, dumped the team of St. Joseph, the St. Joe, and Ottumwa was tripped by a much weaker Hancock aggregation. All that wasn't too bad. The only thing happened at Gladstone, where Newberry completely outplayed the Braves, favoring for the Conference semifinal. And
