"It's great!" Red reports. "But it would work a lot better if all box holders would follow regula-tions. A mailbox should be 49 inches high, on the right of the inches high, on the right of the read...within reaching distance from a car window. Mrs. James K. Stowe, of Northville, was in the kitchen when she heard Vicky Lyn scream.',

The 17-month-old baby had climbed to the top of the stairs. By the time Mrs. Stowe reached her, the baby had fallen to the bottom, injuring herself badly.

The frantic mother rushed to the telephone. She knew she must get someone to take them to the hospital.

When the operator, Mrs. Shirley Golze, heard Mrs. Stowe's excited voice she quickly called the Service Assistant, Mrs. Florence Russell, in case extra help was needed.

Mrs. Stowe declined the operators' offer to call the police. After making several unsuccessful calls to relatives, she finally reached her aunt, Mrs. Lester Kitchen. She sped to the house and took the Stowes to the hospital.

There little Vicky Lyn's injuries were treated and Mrs. Stowe took her home.

Mrs. Stowe wrote to Michigan Bell:

"The operators were so nice, even though they could hardly hear me. My baby was crying and I was so upset I could hardly speak. Thank you for your wonderful assistance when I needed help so badly."
