The only Paper in the World that gives a darn about Negaunee

THE CLEANEST CITY OF ITS SIZE IN AMERICA

Volume LXXXII

NEGAUNEE, MICHIGAN FRIDAY, JULY 22, 1955

NUMBER 35

250 Years of Service

Honored by the Negaunee City Band at its seventh summer concert Sunday night will be the five oldest members of the organization. The quintet has a total of better than 200 years of service to the community in the field of music to its credit. From left to right the members are as follows: Robert Veale, Dominic Franciosi, Henry Willis, Joseph Sedlock Sr. and Frank Catanese.

Municipal Financial Position Strongest In Several Years

With a total of \$307,336.83 in its treasury, the City of Negaunee is in the strongest financial condition it has been since the present form of government was adopted. The municipality enters its sixth year under the Council-Manager plan.

Revenue on hand represents three funds, the general, electric utility and water utility. In the general fund there is a total of \$256,726.45, in the electric utility treasury, \$51,201.15, and in the water utility a balance of \$20,242.

Figures for each of the funds are contained in a budget summary expense report for the first six months of the current fiscal year compiled by City Manager George Monlock Jr.

Included in the report are 1923 appropriations for each fund and amount spent during the first 6 months which are as follows: General Fund, appropriation, \$273,000.20, expenditures, \$273,007.31; electric utility, appropriation, \$16,200, operating costs to July 1, \$85,048.82; water utility, appropriation, \$23,200 expenditures, \$23,150.

During the first half of the current fiscal year, operational costs have included approximately \$40 for several pieces of new equipment required by the municipality which are in the process of being purchased. Included in this amount was a new Walters truck for about \$14,000 for the public works department, a new 100 KVA regulator for the electric utility, curb and gutter forms, plus other miscellaneous small items amounting to \$1,500.

In addition to normal costs, the city has purchased \$100,000 of equipment, there was an outlay from the general fund of \$15,229 for payment on the principal and interest on the original street ment plan. Construction costs for the new water plant and as a result, no additional mileage for this purpose has been levied on property holders.

out that most service will suffer in the area unless some substitute form of transportation is provided. Meetings were held at South Shore and Atlantic train between Marquette and St. Ignace to discuss the proposed service.

Forms bearing signatures of local residents will be collected every next week by the BPA secretary, Mrs. E. J. Bennett. Citizens of the BPA and Negaunee Lions Club, which is holding its meeting on the 21st.

Highway Post Office Service, which has been in effect since last September, requires the entire distribution of mail in areas where train service has been discontinued to be made by means of unsatisfactory.

Rev. Robert Cordy New Pastor of St. Paul's Church

As a result of a change of assignments involving St. Paul's parish of Negaunee and St. Michael's of Marquette, Rev. Robert J. Cordy, yesterday succeeded St. Rev. Msgr. Joseph J. Zyra as pastor of St. Paul's.

Msgr. Zyra returns to St. Michael's, the parish he left in 1951, when he was named pastor here to succeed the late Msgr. Joseph P. Dittman, who had served the Negaunee congregation for 32 years.

A native of Marquette, Msgr. Zyra was ordained in Rome, Italy in 1927, and since that time all of his assignments have been in the Marquette diocese with the exception of two short periods in which he was assigned to Bessemer.

Msgr. Zyra was a member of the staff of St. Peter's Cathedral until 1945, when he was appointed pastor of St. Michael's at the time the parish was organized.

During his four years in Negaunee, Msgr. Zyra has been active member of the Negaunee Business and Professional Association, particularly in regard to projects which the organization sponsored with cooperation of public and parochial schools.

Fr. Cordy, the new St. Paul pastor is a native of Fort Collins, He attended Iron Mountain High School, where he was an outstanding athlete in the late 1920's.

Rev. Robert He and Rev. Wm. T. Russell will remain in Negaunee as assistants to Fr. Cordy.

Replacement Of Train Mail Service Asked

Under the direction of the Negaunee Business and Professional Association secretary's office petition forms were distributed to business places yesterday for the signature of local residents requesting immediate establishment of Highway Post Office Service.

The action is being taken as a result of letters mailed last to business organizations and civic groups to advise in this area of the proposed distribution of mail in areas where train service has been discontinued to be made by means of unsatisfactory.

City Band Will Honor "Old Timers"

Five members of the Negaunee City Band with more than 250 years of music in the community to their credit will be honored when the organization presents its seventh in its series of 1955 summer concerts Sunday night.

Accepting special recognition will be Joseph Sedlock Sr., Dominic Franciosi, Bob Veale Catanese and Henry Willis.

Dedicated to the quintet will be the selection "Old Comrades", by Telus. During the playing of this selection the "old timers" will participate as a group, standing at the front of the stage.

All of the veterans are over 85 years of age and have retired from their lifetime occupations, but are still active in and faithful band members, seldom missing rehearsal or concert.

Each member of the group has held also various offices in the band organization. Parade appearances do not phase them and they all went the route last summer in the Negaunee Diamond Jubilee and following Centennial parades.

Director Joseph Barbara Jr. today announced the following program: Negaunee City Band March, Tremblay.

The Golden Dragon, King A Golden Dance, King Two Pairs of Slippers, Putnam Old Comrades, Telus Rhythmic Mood, Little Lute Thoroughly in Blue, Ger-shwin Antlers, Gilt Somewhere in Old Wyoming, Lesser Basses on a Rampage, Huffey Star Spangled Banner, Key

Annual County Legion Picnic Set For Sunday at Champion Beach

Members of Marquette County American Legion Posts, Auxiliary units, and their families will gather at Champion Beach on the Legion calendar, Sunday, annual picnic, one of the outstanding social events each year on the Legion calendar.

Activities will include races and games with contestants divided into similar age groups. The program will be short and informal as the purpose of the event is to provide an opportunity for Legionnaires and members of their families to become better acquainted with one another.

The large picnic table at the park will be used as a contest eating point and all Legionnaires are asked to bring their picnic baskets to this spot and enjoy their meal as a group.

One of the features for adults and youngsters alike will be the appearance of the Marquette Clown troupe.

Organization of the unit in 1947 was the result of efforts of Fred Bennett to promote a circus, which was being held in the area. To publicize the event they dressed up as clowns and visited business places.

Later in the summer, Negaunee was the site of the Iron Portage Legion convention, and Gray was asked to appear in the parade. The following year Gray Bullock teamed up with Gray followed by McCreo, Bishop and Pogue to form the present clown troupe.

Members of the troupe are not professional clowns, although their acts have the polish of professional. Each of the men has his own business or profession and contributes funds needed to purchase the equipment for the hobby. At the present time, the organization has approximately \$70 in funds. The clown troupe has performed at every Legion convention since 1944, and each year entertains the Holy Family Orphanage, the Cliff Health camp and hospitals in the area.

The Richard M. Jopling Post.

Rev. Johnson Takes Over Duties at Calvary Baptist

Arriving here this week to assume his duties as new pastor of the Calvary Baptist church was Rev. Arthur Johnson of New Bolton, Minn.

Rev. Johnson, who succeeded Rev. Emil Nyland, was accompanied here by his wife and son, Stephen.

The new Calvary Baptist pastor is a graduate of Bethel Junior College in St. Paul, and of Northwestern Bible School and College in Minneapolis.

Mrs. Johnson was guest speaker at a meeting of the Ladies Society of the church last night and Rev. Johnson will conduct his first service here at 11 a.m. Sunday.

Rev. Nyland resigned his post here effective July 1 in accept of call to serve as pastor of the Kirkcubbin Baptist church at Killdeer, North Dakota.

He served the Negaunee church for four years, completing here near Vancouver British Columbia, where he was superintendent of the Scandinavian Baptist Mission.

RICHMOND TOWNSHIP SCHOOLS

ANNUAL MEETING

JULY 11, 1955

ANNUAL MEETING - RICHMOND TOWNSHIP SCHOOLS DISTRICT JULY 11, 1955

YEAR ENDING JUNE 30, 1955

Annual School meeting and election, July 11, 1955.

The following officers were sworn in as members of the election board: Senia Mattson, Ida Pytko, Anna Korpi, Bernice Korpi and Stephen Trewhella.

The polls were opened at 10:00 a.m., to voting for one trustee to the board of education for a full three year term.

The annual meeting was called to order at 3:00 P.M. by President of the Board of Education, William Korpi.

Moved by Stephen Trewhella supported by Anna Korpi and carried that the minutes of the last annual meeting be approved as read.

Moved by William Riekkilä supported by Bernice Korpi and adopted that the annual statistical and financial report be approved as read.

Moved by Senia Mattson supported by William Riekkilä and carried that the budget as submitted be approved and adopted as read.

Moved by Bernice Korpi supported by Senia Mattson and carried that the First National Bank of Negaunee be designated as the depository of all school funds.

Moved by Ida Pytko supported by Bernice Korpi and carried that the Board of Education be authorized to levy taxes necessary for the operation of the Schools for the school year 1955-56.

Moved by Senia Mattson supported by William Riekkilä and carried that the salary of the members of the Board of Education remain the same as last year.

Moved by Ida Pytko supported by Anna Korpi and carried that the length of the school term be left to the Board of Education with power reserved.

On the closing of the polls at 8 p.m. the inspectors announced the following tally of votes cast: 11 ballots of which William Riekkilä received 11 votes. As proposed none, William Riekkilä was declared elected for a full three year term.

Moved by Anna Korpi supported by Ida Pytko and carried that the meeting adjourn.

Ida Pytko, Secretary.

Negaunee Forty Years Ago

Dr. J. H. Andrus and Thomas Somers will continue to be members of the Board of Education for another three years, having been re-elected for another term without opposition last week. Toward the close of last week there was a little talk of one or more aspirants entering the lists against them, but the opposition failed to materialize on Monday. Two hundred and eight persons voted last Monday, quite a few of those

who cast ballots being women.

Since the city has had its streets and waterworks improvements underway it has made use of a large number of red lights to give warning at night of excavations or obstructions. Late by a number of youths have considered it "savage" to throw stones and break the globes of these antennas. Believing the earlier occurrences to be isolated cases of juvenile delinquency. The city authorities

made no special effort to get after the offenders, but more recently it has become evident that gangs are making a regular thing of the practice.

The city clock is back in town after a journey to the eastern works of the Howard Cook Co. to be remodeled in a manner which would fit it for use in the new city hall. The clock works themselves are unchanged but numerous readjustments, length of pinions, and the supplying of new hands and dials were necessary to adapt the clock to the new location. The four new dials each have a diameter of eight feet, and are therefore just twice

the size of those used when the clock was in the fire hall tower. The clock arrived Wednesday and an expert from the factory will superintend its installation. It will probably be a week or two before the huge timepiece is in working order.

LaVerne Seas, proprietor of the Breitung Hotel, and John Moffatt made a trip to Iron Mills last Saturday on Moffatt's automobile.

William Cole, who came here from Ironwood to attend the funeral of the late Julius Jacobson returned home Sunday night.

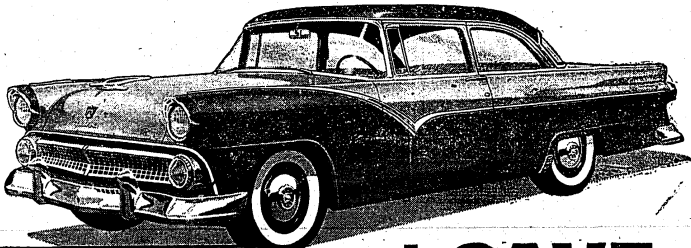

Arthur Moll, eldest son of Dr. and Mrs. C. F. Moll, of Keston,

has returned to his home after spending several days here visiting his grandmother, Mrs. A. C. Mackenzie.

Mr. and Mrs. W. B. Pattison and Mr. and Mrs. J. E. O'Donoghue made a trip to Escanaba last Saturday afternoon in Mrs. Pattison's automobile and returned home Sunday afternoon. Miss Myrie Corey, daughter of Capt. and Mrs. G. W. Corey, has accepted a position as instructor at Normal School, in Springfield, S. D.

A. F. Willman and Leslie Gaffney were passengers in Milwaukee Monday evening and returned this morning.

Get your FORD now...

YOU GET . . .

- More car for your money!
- Top dollar for your present car!
- Top resale price when it comes time to sell!

Come in during our

Seek Funds For Lighting LaCombe Softball Field

How to obtain the balance of funds to defray cost of lighting LaCombe Softball Field in time for the District Tournament in early August was the question confronting City Manager C. E. Mcholik Jr., this week.

Mcholik reported to the council at its July meeting that the field could be lighted for night play on an estimated cost of \$4,300. Of this amount, the municipality already has on hand, in the form of materials, an estimated \$1,800. The remainder of the expense consists of \$1,150, for 25 floodlights and lamps, plus \$500 for eight steel cross arms.

Council gave the manager tenta-

tive approval to go ahead with the project, provided it was financially feasible and legally possible. There are reportedly three leases on the area where the field is located, held by the City of Negaunee, Ora L. Moore's LaCombe, and the Negaunee Board of Education. Mcholik was requested to have the leases checked in time for a special meeting of the council later in July.

In other business on its July regular meeting agenda, council accepted and placed on file a report of the boiler inspector, approved a grant of \$500 to the fire department to assist in defraying expenses of department members who will attend the Upper Peninsula firemen's convention in Ontonagon in August; approved a resolution submitted by the city of Hazel Park asking for investigation of Michigan gasoline prices; and accepted monthly reports of department heads.

Personal Paragraphs

Mr. and Mrs. Francis Kennedy have gone to Yellowstone Park and will visit their son, Matthew, in Idaho before their return home.

Mrs. Ollie Gruber has returned to her home in Dallas, Texas after visiting with relatives here for the past three weeks.

Mrs. Gordon Richards and children, Mrs. Thomas Richards and Mr. Sam Trembath of Detroit have returned from a trip to Hibbing, Minnesota.

Mr. and Mrs. LeVerne Lemke and children have returned from a two week visit with relatives in Wausau, Wis.

Mr. and Mrs. Vernon DeCubrie and children have returned to Woccester, Mass., after spend-

ing two weeks visiting relatives in Negaunee.

Mr. and Mrs. Guido Menapace have returned from a two week motor trip through eastern states and Canada.

Mr. and Mrs. Walter Pesola and sons, Calvin and Gary, Port Huron, Mich., are visiting friends and relatives in Negaunee, Ishpeming and Marquette.

Mr. and Mrs. Peter Gharudi and Mr. and Mrs. Frank's Diagne have returned from Detroit where they visited friends and relatives and attended several Tiger baseball games.

Mr. and Mrs. Carolyn Wilson and two daughters, St. Clair Shores, left for Isle Royale after visiting at the home of his parents, Mr. and Mrs. John Wilson, 114 Tol Lake Avenue. They will spend a

week at Isle Royale for deep sea fishing.

Mr. and Mrs. Matt Harill and son, Ernie, Mr. and Mrs. Maurice Balfour and children, Kala-ine and Tommy, and Mr. and Mrs. Edwin Sald and children, Judy and Rita, Priscilla, attended the gold-an anniversary celebration of Mr. and Mrs. Herman Suomi, Aurora, Minn., former Ishpeming residents.

They 2, Camp Fire Girls of Palmyer, held its ceremonial Tuesday at Lohmeier's camp. A pot luck supper was held in honor of the mothers. Girls were awarded honor bands and trail seekers' charms.

OBITUARY

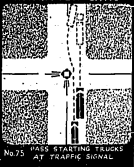

CHRISTIAN VIHURMARI

Services were held at 1:30 p. m. Thursday in the Parola Funeral Home, Rev. Herman Macero, pastor of Immanuel Lutheran church officiating, for Christian Vihurmari, 84, who died at 11 p.m. Monday in the Twin City Hospital.

Born on Nov. 10, 1888 in Solmi, Finland, he had resided in Negaunee for 63 years.

Survivors include two nieces, Mrs. Rose Haukka, Aberdeen, Wash., and Mrs. Lena Basolin, Prichard; four nephews, Mr. Matti and John Nupola, both of Negaunee, and Jalmer and Victor Nupola, Detroit.

UNWRITTEN LAWS

Sometimes things seem to pass, or it just seems that way. You follow and naturally to moving at highway speed there is, frequently assuming there is, no 'ton't post.

One of the smart things to do is to catch the truck just after it has stopped over a traffic signal. When it starts up it will pick up speed slowly. You can accelerate rapidly. So this is frequently your best chance to pass a truck safely.

Another opportunity is when trucks have slowed down. As a 75 or 35 speed limit. Overtake them before they reach higher speed limit areas. The bigger they are the slower they start, but remember the slogan, SLOW DOWN AND LIVE!

BPA Members See Logging Operations

Members of the Negaunee Business and Professional Association and lumberjack operators, when they were taken on a tour of logging operations Monday at Grand Island in connection with their regular July meeting.

Operations viewed were those of Wm. Carlson, Marquette in lumberjack operations who they serving as the tour guide was Richard Ewasi, superintendent of the Cleveland Cliffs Iron Co., Land and Lumbering Department.

After riding the company barge to the island, members were late on by bus inland to a point near Duck Lake, where the logging operation is in process. Ewasi explained to the group how a program of selective cutting was being carried on designed to remove the mature and over-mature trees, thus making room for young, thirty trees to grow.

Members witnessed tree-length logging, the modern method of cutting trees, and their subsequent "skidding" by large tractors equipped with winches and arches to a central point for cutting.

Lumberjacks working with gasoline power axes cut the timber into 840 foot lengths, following which it is hooked by a tractor equipped with a lift, and then loaded on trucks by a large crane. Two tracts at a time can be carried by the company barge to the mainland, from where the logs go either into Marquette or Munising.

One of the trees felled while BPA members were watching op-

erations was a large hemlock measuring 38 inches across the butt, which the CCI Land Department had estimated was more than 300 years old. The tree contained approximately 1,200 board feet of lumber, and the butt section of 16 feet weighed an estimated five tons. With power saws it took through the large hemlock in about two minutes.

33 Arrests Made Here in June by Negaunee Police

More than half of the arrests were made on drunk and disorderly or disorderly charges, with 15 persons being picked up on the count and four on the second.

There were two arrests for assault and battery, while 12 tickets were issued to motorists on the basis of traffic violations, six; parking violations, four; expired operator's license, one; and operating defective equipment, one.

A total of 188 telephone calls were received during the month by the department, and 87 complaints were lodged. Thirty-eight lights were reported out and 28 persons were lodged at the city hall. Reports were received of one automobile accident; eight doors were found open by officers, and police disposed of six dogs.

Mrs. John Honka, and daughter, Priscilla, left Tuesday on a visit to relatives in the Copper Country.

Hurley, Wisconsin Pays Tribute to J. E. Murphy Former Local Resident

Tribute was paid recently by the City of Hurley, Wis., to Joseph E. Murphy, well known Wisconsin educator and a native of Negaunee, who returned here five July 1 as superintendent of Hurley Public Schools.

Mr. Murphy has been an employee of the Hurley school system for a half century, serving two years as high school principal and 40 as superintendent.

The retiring Hurley school head is the son of pioneer Negaunee residents, his family home being located on Peck street near Park Lake avenue. The family resided there for many years before moving to Oakland, Calif.

Supl. Murphy's two sisters, Margaret and Aurelia, have kept home for him since his wife died four years ago, taught at the old Park Street School during the period in which the family resided in Negaunee.

In recognition of his services, the Hurley board of education voted to rename the high school and physical education building, J. E. Murphy High School and Gymnasium.

Supl. Murphy was also the recipient of other gifts, which are listed in the following account of the tribute carried in the Milwaukee Journal:

Murphy day was no perfunctory salute to an old-timer leaving out after a half century on the job. This tribute has had the town's heart in it from the first day of its planning. Hurley's men said to itself: "We're laying out a day of education for a man who has bettered the lives of nearly every family in town. Let's demonstrate what we really think of him."

So that is precisely what the volatile little city of the north country has done. It has carried out in throngs to shake "J. E." hands, to write his name on the register and to sit down at dinner with the old friend. It has even sent as genuine as an arm around the shoulders or a clap on the back. At least 1,000 friends, many of whom had come from far away, tramped to pump the firm Murphy hand and to tell the man just a little of their feelings toward him, at an afternoon reception.

The reception, you understand, was not palatial. It was neither a gift nor a suave affair, but a meeting of people young and old, who let their eyes and their smiles do most of the talking.

"J. E." plainly understood, and luminaries were touched.

Judge Cites Service
Judge Robert Wright of Ironwood Circuit Court was called today, told what his neighbor and friend has meant to the community. A portrait in oil was to be presented to Murphy. There was also a check for \$1,000 raised by subscription. The five decedents of "J. E." service were described by five actual pupils from each period, from the beginning to the present decade.

Before the big event, the reporter had a chance to see the things over at length with the school man. He found that a little less than fit as a fiddle, because of a stroke suffered last year. But neither his present memory was in the least impaired. His spirits, moreover, were as buoyant as a June graduate's and his own eyes held no hint of doubt.

The veteran was wearing a jaunty straw hat, open at the throat. He had been running through a fast pace of life with the assistance of his daughter, Mary Margaret, a student at Superior State College. His wife died nearly four year ago, and his sisters, Aurelia and Margaret Murphy, have since been keeping house for him.

Teaching, His Passion
"Teaching," J. E. said, has been his passion ever since his college days at the University of Michigan, from where he graduated in 1904. Even as school superintendent he had to substitute for all his teachers, except the home economics instructor. That field, he says, rather baffles him.

A warm philosophy about teaching and a deep understanding of the human mind prevailed through the years, and the kindly Murphy is surely the best friend the quick or the dull in Hurley ever had.

The veteran cherishes an album of operative snips just sent to him by one of his brilliant pupils, Charles Ozdrizki, now in the top brackets with RCA and formerly a vice-president of Montgomery

Ward. "J. E." rattled off the names of the four seniors in his first graduating class. Without hesitation he also ran down the list of former pupils who have scored in a big way in the professions and in business.

Admires Maslo, Musielans
In his college days, Murphy was a tenor in the Michigan glee club and in the chorus. He is tickled by the fact that Ernestine Schumann-Neues turned around during rehearsal and said to him: "Young man, you have a nice tenor voice."

The lazier tenor has boundless admiration for the great one, Enrico Caruso. "He also has a warm spot in his heart for John McCormack, whom he once met. It was in the middle now recounted, he discussed the merits of such important as Martin Luther King and Rito Hutto and other stars whom he often heard in his sorties into culture.

All this, to be sure, was incidental talk. All that "J. E." insisted on leaving with the reporter was that he believed absolutely in Hurley's school. He called the youngsters he has done so much to mold "the very best in the country."

No Pay Hike Now For City Employees

Employees of the City of Negaunee will have to wait until January 1, 1956, before any raises they may be granted would become effective and consideration cannot be given their claims for additional income until the annual budget session of the Council in accordance with charter provisions, workers were informed at the July meeting of the municipal governing body.

"Immediate action on their request was asked in a petition signed by members of the municipal staff, which was presented to City Manager George E. McInelis, Jr. Employees sought raises equal to those given recently to mining company workers and asked that the hikes be retroactive to July 1.

According to charter provisions, compensation of officers and employees, except that of the manager and attorney, is fixed by the manager with approval of council in accordance with budget appropriations.

Further provision is made in the charter that the budget message of the manager include supporting schedules, exhibits and explanatory material in respect to current operations, and that the total of proposed expenditures

must not exceed the total of anticipated revenues.

Commenting on the petition request, City Manager McInelis pointed out that the municipality cannot raise the price of any city product or service, such as is possible with steel or ore.

"I can appreciate the position of our employees, but I don't know where we would get the money at this time," McInelis stated. "In the past couple of years, we have given employees fair and equitable treatment. The cities giving raises at this time are those that operate on a fiscal year beginning July 1 and ending June 30. Our fiscal year corresponds to the calendar year, extending from January 1 to December 31.

"I know that as far as schedule, wages paid, and take home pay are concerned, there is not a community in the Upper Peninsula that exceeds Negaunee," he added. "If I would suggest we give this consideration at our budget meeting and recommend that the communication be received, placed on file, and considered at the proper time."

Additional Tests Underway at Site For TV Antenna

Due to the fact that additional field tests were required at the Cliffs lookout tower site, it is still impossible to set an accurate date for installation of the Community TV antenna system in Negaunee, Flint, Mich., field

engineer or Detroit Electronics Corp. informed Council members at their July session.

"We are conducting further signal tests that will enable specialists at the factory to design equipment that will be used in this installation," Metz reported.

"To make this final check, it was necessary to manufacture special equipment, which requires additional time. We should complete this check by next week, following which there will be another line-of-sight check which the equipment will be manufactured," he added.

"I am not prepared to say on what date service will be available," Metz said, "but I wish to assure the council and residents of the city of Negaunee that it will be as soon as possible."

In response to a question from Councilman Earl Madala as to whether installation of the community system would eliminate reception from two stations simultaneously on the same channel, Metz replied that this was the main purpose of the present time.

"If I would say that it will be possible to practically eliminate this co-channel interference when the community system is installed," he said.

CRONIN'S PHARMACY

Request by Bell Hospital Board Tabled

In order to obtain additional facts regarding cost of the project and further information concerning legality of such an expenditure, City Council members at their July meeting tabled a request from the Board of Directors of Francis Bell Memorial Hospital, Ishpeming, for aid in paying the parking area adjacent to the hospital.

Assistance of the city in providing a backdrop surface on driveways and parking lot at the hospital was requested in a letter to the manager signed by three members of the Ishpeming Negawnee Hospital Association board, Peter Higgins, Bernard O. Davidson and Oliver Meak.

In the letter it was pointed out that the association is a non-profit, tax-free corporation organized for charitable purposes for the primary function of which is to own and operate the Francis A. Bell Memorial Hospital on a non-profit basis.

According to the communication, the renovation and expansion at the hospital is now nearing completion, but it is expected that expenses may exceed the budget by about \$30,000. The Cleveland-Cities Iron Co., the letter stated, has agreed to donate the work of landscaping the grounds, and the City of Ishpeming, in addition to widening Fourth Street in front of the hospital and providing storm sewer facilities for the parking lot, has agreed to participate in the blacktopping work, providing the city of Negawnee will also participate to some extent.

Suggesting the manager investigate cost of the program and report back to the next meeting, Councilman G. Vance Hines also asked Aaron Lewenstein if he

could give the governing body a preliminary opinion.

"As a general rule, public money raised in the City of Negawnee must be spent in the City of Negawnee," Lewenstein said. "Whether there is any rule that prohibits spending money in the City of Ishpeming, despite the worthiness of this cause, is extremely doubtful," he added.

Consumption Of Water High Here in June

Hot, dry weather during the month of June brought an increased demand for water on the part of Negawnee residents with the single day high occurring on June 28, when 1,480,000 gallons were pumped, according to the activities report for the month released this week by City Manager George E. Melchior.

Fortunately, during the hot, dry spell, there were only two fire calls, one resulting from a grass fire, and the second a blaze in a plastic mini-walkway. There was no insurable damage resulting from either fire.

In the public works department, employees were engaged in grading roads, putting chloride on several thoroughfares, installing guard rail posts along the new highway to Buffalo Hill location, cleaning away moving branches at the playgrounds, repairing catch basin lines, using road cutters in sanitary sewers and flushing sewer lines.

Installation of curb was completed on Mackinac Street, curb on N. Main and Spooner

streets, and sidewalk laid on Myrtle, Scovaydin and Mass streets.

Statistical work consisted of firework on Ann and Birch streets, and at the Rolling Mill location, adjusting floodlights at the playgrounds, and hauling poles for lighting of LaCombe softball field. Six meters were changed and a new meter of three and two - water meters installed.

Water department personnel completed installation of a three quarter - inch sewer on Croik Street, painted hydrants throughout the city, completed sewer lines on Croik and Baldwin avenues, flushed hydrants, laid 100 feet of six - inch pipe from Opocose to N. Main, and 500 feet of six - inch pipe on N. Main street.

Circulation of books in the public library totaled 3,370. Approximately 500 titles were added to the book collection. A number of new volumes were a result from the estate of the late Mrs. E. W. Adams, and Mrs. E. B. Cory presented the library with a number of books.

"Service Is My Business"

SOLUTION:

Sanitone DRY CLEANING

The Sanitone way is the best way to clean your fabrics yet is amazingly gentle on them. It restores the original look and feel of the cleanest-pressed drape better and hold a press and stay new looking longer. It's the best "swank" clean you can buy but costs no more than ordinary cleaning. Call for service today.
