NUMBER 44

For Band Trip Fund

Paul Rasmussen, local musician, who donated his services, asks for "just a little more" on this item as the radio auction held to raise funds for the Negaunee High band trip to Ann Arbor next week. Sponsored by the Negaunee Business and Professional Association, with cooperation of Station WFDJ, which donated five hours radio time, the auction began in proceeds totaling \$860.

Public Meeting Will Be Held Here Tonight On Annexation Proposition

Residents of Negaunee and adjoining Richmond and Negaunee townships are invited to attend a public meeting at 7:30 p. m. Thursday in the Negaunee High School auditorium at which representatives of the Michigan Department of Public Instruction will discuss problems and answer questions pertaining to a proposal that city and township school districts consolidate.

Reorganization to provide for consolidation, has been under consideration by school governing bodies in each of the three districts since last spring, and several preliminary meetings have been held, which were attended by representatives of school boards, the Marquette County Board of Education, the state superintendent of schools and the state department.

Thinking of the majority of districts and consensus of members of the county board of education, according to E. W. Negaunee Schools superintendent, is that the annexation program should be adopted.

- Their reasoning is based on the following factors:
1. A single school district would erase local area feuds and students would feel as they belonged to one system.
 2. The single school district would create within the student the feeling it is his school, which is not evident when there are tuition pupils.
 3. The single school district makes possible a curriculum containing a larger variety of subjects, for both city pupils and those in outlying areas.
 4. There are now three Negaunee systems in grades seven through 12 a total of 305 tuition students, 207 from the Richmond township and 98 from Richmond.
 5. From the point of view of

Rain Halts Completion of City Program

With seal coating and blacktopping of city streets completed, rain is holding up concrete work, which will wind up the 1955 municipal summer public works summer improvement program, City Manager George E. Meliolick Jr., disclosed Wednesday.

"We haven't been able to make progress in the templating because of rain," Meliolick said, "but we are hopeful of completing the Kewadin portion of the work by the end of this week.

City Test Lake Work
"That will leave two sides of the street on one block Wisconsin and Opechee, in the new residential area in the Test Lake Development Company plot. If possible it will also install some sidewalks on Pine, Maple and Oak between Mess and Cross streets, and a section on Mess between Maple and the highway, which is in need of replacement.

"The length of time the program will continue now depends entirely on the weather, as we plan to keep going until frost sets the manager stated.

Jerrold Asked About Future of Community TV

City Manager George E. Meliolick Jr., today was attempting to obtain confirmation in writing from Jerrold Electronics Corp. on status of Jerrold plans for a community television station. Installation in Negaunee. Authorization was given by the City Council at a special meeting for placing a long distance call to Jerrold's office to request information on the antenna program.

Action was taken upon motion by Councilman Howard Leitch following a discussion in which it was stated there were rumors the Jerrold organization did not intend to go ahead with the program in Negaunee due to plans for construction of a sta-

Method Of Taxing Mine Properties Highlights Hearing By Committee

Reasons for the difference in methods of estimating values of mineral reserves and other taxable properties was the principal point at issue here Tuesday afternoon as a special legislative tax committee held the first of three hearings scheduled in the Upper Peninsula.

Object of discussion was the Finlay method of assessing mines which has been in operation in Michigan since 1911 and has been the cause of several hearings, similar to the ones now being conducted, in the 44 year period it has been in effect.

The current hearing had its birth in a decision handed down by the Michigan Supreme Court that all properties should be assessed at their state equalized valuations. There arose some question whether Upper Peninsula mining companies were being taxed on such a basis. The Legislature authorized the interim committee headed by Gov. Ilole G. Conlin (R-Tripoli), who is also chairman of the House committee on taxes, to conduct the hearings. Wire recordings were made of all proceedings by Mrs. Virginia Currier, Secretary to the committee.

Representatives Clayton Morrison (R-Pickston) and Louis Metz (D-Walker) were most persistent in their questions about the method of taxation, and Representative Dennis Jacobett (D-Negaunee) posed challenges. E. S. Archibald, Negaunee, president of North House Mining Company; Stanley W. Sundeen, chairman of the Michigan Mining sources for the Cleveland-Cleveland Iron Company; and Bruce Kennedy, mining engineer for Richards-Mather, presented papers on the various phases of the taxation method.

Local assessors do not get figures on mine properties and Representatives Morrison, Metz and Jacobett, wanted to know the

reason for secrecy. They were told that the law provided assessors could go to Lansing and get figures bearing on properties within their particular taxing units. There also is provision for a county assessor, which was tried out in Gogebic County. Jacobett repeatedly would not be known by an auditor instead of knowledge, or at least he said, made it a "dual job between auditor and assessor." He also said Frank Pardee, Cleveland, former assessor and now president of the Lake Superior Iron Ore Association, said that figures presented by mines had to be audited anyway, that they were the same figures presented to the Department of Internal Revenue and the Michigan Department of Taxation, entitled engineering backlogs, and that the assessor, a geologist, was satisfied. Jacobett was not satisfied with the answer.

Metz, in a prolonged discussion, said that he had made a satisfactory answer to his questions. He said that he and Morrison were allowed on operations and that he had been allowed to discuss the discussion by turning to his colleague (Mr. Mountain), and asking, "Do

50% of June Graduates Attend Colleges, Universities This Fall

Approximately 50 per cent of the 1955 Negaunee High School graduates have enrolled in institutions of higher learning this fall, according to a report made by R. K. Richards, high school principal.

Graduates have displayed a preference for the two institutions located in northern Michigan with 10 attending Michigan College of Mining and Technology at Houghton and nine enrolling at Northern Michigan College, Marquette.

Attending Michigan Tech are Roy C. Mattson, Lowell Marjama, Robert Chapman, Richard Johnson, David Anderson, James Collins, David Anderson, James Collins, David Harty and Robert Harty. Enrollees at Northern include Carolyn Melt, Nancy Koger, John Stuart Valenti, Leon Kott, Philip Kempton, Franz Gustaf and William White.

In Marquette, 10 graduates have chosen to be professional nurses while another will become a practical nurse. Alvena Anderson, Medge Daniloff, Ruth Peterson, Jacquelline Langlois and Janice Houghton have enrolled in the new Hospital School of Nursing in Chicago. Mary Waluma, E. Ruvalcaba and Rita Wilson are enrolling in the nursing program at Marquette, and Beatrice Kempainen is attending the Upper Peninsula Practical Nursing School in Marquette.

Two graduates, Jack Bean and

Carl Launka, are obtaining technical training at Milwaukee College of Technology. The ceremonial courses are being pursued by Robert Launka at Michigan Business College, Green Bay, and Katherine Hill and Frances Laitinen at the Milwaukee School of principal.

S Beverly LaBelle is attending Michigan State University at East Lansing. James Connors and James Anthebus have both enrolled at Michigan Technological College, Kalamazoo.

Seven graduates from previous years have enrolled in the fall at Northern Michigan College. They include Claudette Holm and Robert Lamm, '54; Kathleen Dunbar and Andrew Miller, '54; John Higginson, '55; Mary Justina Peltola, '55; and Gerald '54. Thirteen other Negaunee High School alumni, all of whom graduated in prior years, have enrolled this fall at institutions in various sections of the country. They include the following:

Maricue Talo, '54, and Rhon Runtio, '52, University of Michigan; Donna Karis, '50, Rollins College; Robert Forsala, '47, '48, '49, '50, '51, '52, '53, Michigan College of Mining and Technology; Medge Daniloff, Ruth Peterson, Jacquelline Langlois and Janice Houghton, '54, Northern Illinois University; E. Ruvalcaba and Rita Wilson, '54, South Chicago Community Hospital; Lillian Harty, '54, '55, '56, '57, St. Fidelis Seminary and Holy Family; Joseph Larson, '43, Queen's College, Flushing, N. Y.; and Robert Launka, '54, Milwaukee School of Technology.

North Of The Straits

STEPHENSON—School officials have been informed that effective Oct. 1, the cost of milk for the school milk program will be increased as a result of an increase in the butterfat content of white and chocolate milk. Under the new schedule pupils will receive 10 bottles for 45 cents. The Federal Government subsidizes the school costs three cents for each bottle of milk consumed by students.

NEWBERRY—Appointment has been made by the Board of Education of a citizens' steering committee to aid the board in working out a solution to the crowded condition of local schools at present, and meet future demands which will be imposed upon the system.

WAKEFIELD—William H. Neale, state inspector of jails has advised the county board of supervisors it should take steps to place a referendum before the people to provide for a new jail.

ONTONAGON—The record of inoculation of Salk vaccine to second and third grade children in the Copper Country health district has been completed with 1899 children receiving shots, Dr. C. A. Lund, health officer, has announced.

MUNISING—To help finance completion of the new Munising-Alger Chamber of Commerce building, Junior Chamber of Commerce members are selling blocks in this building at a money raising venture.

CRYSTAL FALLS—North Range Mining Company's Book

mine near Alpha has stepped up the price of its underground iron ore production to a seven-day week for the balance of the 1955 navigation season.

MUNISING—A tax levy of 6.5 mills for operation of Munising township schools has been authorized by the Board of Education. This figure includes only one of the three extra voted mills. According to Supt. Wm McNeil the extra mill will reduce the carry-over balance.

MUNISING—Mayor Wm. G. Masters has appointed a committee to direct a program aimed at Munising's teen-ager problem, which will make a study of the local situation and recommendations on how to alleviate it.

MANISTIQUE—City taxes were 12 and one-half percent delinquent at the Sept. 15 deadline. W. A. Moreau, city treasurer has reported. A penalty of four percent will be imposed after the deadline.

CRYSTAL FALLS—"Nite After Nite", a well-timed number with words and music by Miss Ebbie Jo Peterson, clerical aide at city hall, will soon be on sale at local sheet music stands, the composer has been advised by publishers. The song was introduced in May over WBAY-TV and has since been recorded.

A Swedish farmer heats his home by harnessing the heat from 2 cows. The air is carried through ducts to heating coils, then out again.

Donna Underhill Attends Meeting For Homemakers

Negaunee was represented at the eighth annual Michigan Homemaking Teachers Conference held over the weekend at Kellogg Center, Michigan State University, by Miss Donna Underhill, local homemaking instructor.

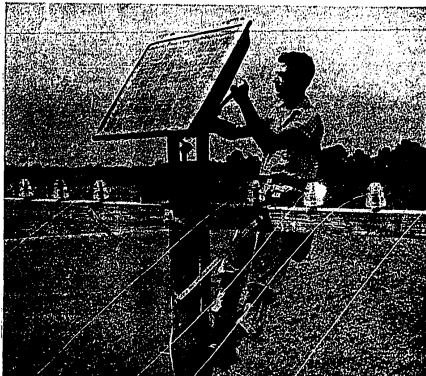

More than 800 teachers attending the session studied new developments in fabrics, fashions, furnishings, homemaking and allied fields.

Theme for the conference was "More Satisfying Personal and Family Living Through More Realistic Approaches to Teaching." Delegate mail addresses by Dean Clifford Erickson of the Michigan State School of Educa-

tion, Dr. Mary Lee Hurt, chairman of the Homemaking education curriculum program at Michigan State, and Miss Esther Minton, wood, of the State Department of Mental Health.

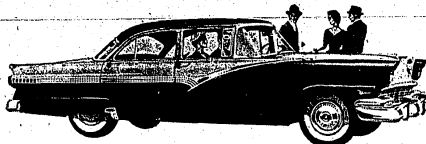

Sponsoring the conference was the Michigan Department of Public Instruction and the homemaking education curriculum committee.

Negaunee Forty Years Ago

Negaunee and Marquette are scheduled to meet in a battle tomorrow on the Negaunee gridiron and a battle royal may be relied on. Negaunee bids have been putting in diligent practice work for the contest and expect to make a good showing against strong opponents.

A large number from St. Paul parish will attend dedication exercises at the new Catholic orphanage in Marquette Sunday afternoon.

The Star Theater Company has issued circulars to the patrons calling attention to the fact that a contract has been entered for production on Tuesday and Thursday evenings of each week of Paramount pictures, which contain such well known stars as Mary Pickford, Geraldine Farrer, Blanche Sweet, John Barrymore, Dustin Farnum, Charles

Rites Held Tuesday for Local Man

Funeral rites were held at 1:30 p.m. Tuesday in Immanuel Lutheran church with Rev. Harman Matero officiating for John W. (Bibb) Williamson, 814 Lombard street who died Friday at the address to Francis A. Bell Memorial Hospital.

Mr. Williamson, 67, was born August 19, 1888, in Independence. He was an active member of the Eagles, serving as steward of the lodge, Loyal Order of the Moose, Modern Woodmen of America and Immanuel Lutheran church.

Surviving in his wife, Alma, four brothers, Leo and Elmer, Ishpeming, Hugo, Saul, Sie Marie and Russell, all residing in Oregon; his step-father, Sam Isaacson, three step-sons, Leo and Elmo, Portland, Ore., and Wilco, Palmer, several nieces and nephews.

Funerals were Hartley Ylvisaker, Leonard Hill, Clarence Chapman, Negaunee, Eli Pyykila, Lawrence Collins, Palmer, and Russell Williams, Ishpeming. Burial was made in the Negaunee cemetery.

Walker, Cyril Mauls, Lou Engelen, Elsie Jans, Donald Brian, Hazel Dawn and John Mason.

Leonard Field left Tuesday for a visit with friends in Lansing.

George Doty has gone to Hillsong, Minnesota, where he has accepted a lucrative position.

Ted McKenna, general manager of the Automobile Baseball Company, was in Negaunee on Tuesday coming here from Calumet, where he recently installed the game. McKenna was born in Negaunee 44 years ago, his parents being Mr. and Mrs. Patrick McKenna, well known pioneer residents.

William Davey, clerk in the local office of the Consolidated Fuel and Lumber Company, left last week on a visit to Milwaukee, Chicago and Detroit.

Sunday three autos conveyed Thomas Connors, C. L. Sporty, Charles Johnson, Capt. J. H. Rought, F. E. King, W. S. Hedgeston, Jr. and Fred Kalin' to Little Lake where they partook of a sumptuous dinner at the summer cottage of A. C. Deane and returned in the evening. It was an ideal day for auto riding.

Mr. and Mrs. J. J. Hauserman went to Commonwealth, Wis., on Saturday in their Maxwell automobile to visit Mr. Hauserman's parents and returned Sunday evening. They were accompanied by Capt. and Mrs. Joseph Thomas. When near home they were caught in the rain storm, but only for a short distance.

Henry Blue, 404 Cleveland Street, is a surgical patient at the Billings Hospital in Green Bay, Wis.

NOTICE TO BID

Sealed bids for furnishing fuses and electric light bulbs of various sizes for the school year 1955-56 will be accepted at the office of the Board of Education, Negaunee, Michigan, up to and including Monday, October 10, 1955, at 4:00 p. m.

Bids on bulbs should include all types of low wattage and those bulbs of greater than 200 wattage, which will fit standard sockets.

Bids on fuses to include all standard types and strap type suitable for Memorial Gymnasium.

Quotations should be furnished on a package and carton basis.

The Board of Education reserves the right to accept or reject any or all bids.

Miners Wish "Dry Night" At Houghton

Hoping for a "dry night", Coach Roger Grove and his Negaunee High graders will leave here Friday afternoon for Houghton, where they will meet Houghton High Friday night.

Needing a clean sweep of their remaining three games to assure a better than "dog" season the Maize and Blue are likely to encounter a tartar in Coach Bugday's undefeated Gremilins.

Although the Copper Country club lost several regulars via graduation last June, including Ralph Hurley, one of the outstanding backs in the Peninsula, who was responsible for both victories in last fall as Houghton defeated the Miners 14-6, the Gremilins are still one of the few undefeated teams in the area.

Houghton, due to scheduling difficulties, has played only three games to date, moving past Crystal Falls 28-0, L'Anse 18-4 and Lake Linden, 23-7.

Negaunee to date has played five games, losing to Sittimouth Newberry and Ishpeming, playing a 13-13 deadlock with Marquette and defeating Muskegon 14-0.

Grove revealed yesterday that he will have all of his regulars available for the Houghton game with the possible exception of Billy Bond who was injured again in the Ishpeming fray. Likely to see considerable action on both offense and defense is Dave Ghlerai, who returned the squad last week after sustaining a concussion early in the season.

Houghton holds a seven to five edge in the series between the schools, which started in 1941. There has been one tie, a scoreless game in 1946. The series

record follows:

1941—Houghton 24, Negaunee 0
1942—Houghton 7, Negaunee 0
1943—Houghton 6, Negaunee 7
1944—Houghton 0, Negaunee 25
1945—Houghton 6, Negaunee 29
1946—Houghton 6, Negaunee 0
1947—Houghton 30, Negaunee 0
1948—Houghton 19, Negaunee 16
1949—Houghton 6, Negaunee 7
1951—Houghton 20, Negaunee 10
1952—Houghton 20, Negaunee 0
1953—Houghton 6, Negaunee 19
1954—Houghton 14, Negaunee 0

Mine Taxes

you understand it?" Goulette grinned and said, "No. Valuations of \$10 million." Jacobetti told Pardee he was not disputing the action itself but pointed out that last year the Sinite Tax Commission reduced mine valuations from \$8 million to \$30 million. If there hadn't been a "crampup," he said, the slash would have stayed.

Jacobetti also challenged the operator's view of the question of knowledge in advance of anticipated tonnage. Using the recently reopened Buster Hill mine as an example, he asked Sundeen whether it was known in advance what a mine would produce. Sundeen pointed out that whether an operator could have "reasonable hopes," he never knew exactly what was underground until he got to it. Jacobetti then pointed out that Buster Hill produced half a million tons and asked, "You didn't know it would produce that much?" Sundeen re-

sponded there "was a difference between a "reasonable hope" and actual knowledge."

Different Tax Systems
Morrison, frankly admitting his agricultural background, had not prepared him for some of the intricate details he tried to determine why there had to be a different system of taxation for mines.

He also did not understand why one background and not proven was not taxable until proven.

Morrison, Mezano and Jacobetti sat together in desiring to know why there would be "more money for the miner out of the farmer," referring to the system which estimates the hip of it.

He also did not understand why one of the factors in determining valuation was the amount of tonnage removed and recovered added.

Sundeen also stressed that the great inaccuracy of mine sales made it difficult to reach a price along "going figures."

He also pointed out that the price for the Sinite Tax Commission, which would be set by the state, is not made by his agency, which is supposed to be administering the laws of the state as they refer to taxes.

Chairman Conlin gave all in the room opportunity to speak, then adjourned the meeting to Wednesday, when the second session will be called at Crystal Falls.

Officials Present Views On Methods of Figuring Mining Property Taxes

The interim committee now studying the Michigan method of taxing mining properties can "do the state a service" if it comes up with the final formula for the 55-year-old problem of equalization of taxes between mining and non-mining property, its members were told here yesterday by Stanley W. Sundeen, legislative manager of mine resources for Cleveland-Cliffs Iron company.

In a paper prepared for the first of the three hearings before the Upper Peninsula, the CCI official pointed out the law provides that property should be valued for tax purposes at its true cash value, "in mining communities" he added, "where 500 per cent mine valuation boosts the taxing value." He asserted valuations to a high level, there is frequently a definite failure to assess all other property at true cash value. In outcrops cases this can lead to a situation where the electronic, paying no appreciable taxes, can vote local civic measures with the result that the energetic and industrious of the people are perverted."

Sundeen stressed the effort made in a number of states to effect a workable tax plan, and advised that despite the objections of both public and private interests, the Flinley system, when used consistently over a period of years by a competent man whose tenure of office is not subject to interruption from political pressures, is the best method yet devised for the fair and equitable taxing of mine properties.

Sundeen said that the efficiency of the system was assured when Michigan's first mining law, the Flinley act in 1881, recognized its findings had to be modified and developed each year. In a factual approach to the problem, Sundeen cited the pros and cons related to the method of mine properties. His list included: (1) taxing units and mine operators in the past and the future which tend to favor the miner; (2) a series of authorities on the subject who hold that the Michigan system, with the Flinley formula as base, was the best available; (3) the continued development of Michigan's resources.

ance of the plan by the Internal Revenue Department, he held, would be "powerful validating forces."

"One final brief comment," he concluded, "is fitting and that is on the Lindquist laws. One of Michigan's great assets has been her mining deposits. In a great measure they were responsible for the burgeoning steel and metal fabricating industry of our whole nation. With reserves dotting throughout the nation, technology has worked overtime to find new deposits and new methods to utilize looser material. Because of the high capital investments required, it is a very, very, technology alone has not been good enough to provide the incentives to go ahead. Future generations will be heartily hoped to provide that incentive. Future generations will look back and recognize the legislative landmark they are, for the continued development of Michigan's resources."

R. S. Archibald, Negaunee president of North Range Mining Company, stressing the benefits gained

by community and industry alike through the liberalized Lindquist laws on mine reserve taxation, struck a member note when he emphasized a "radical change has occurred in the iron mining industry."

The cost of underground mining has increased in the past, he said, where "the trend is the abandonment of underground mining in favor of open pit mining."

Archibald told the committee the Oliver Iron Mining Company closed its last two underground mines on the Mesabi Range which have become non-competitive because of cost factors. There are only three underground mines today on the Mesabi. "There are still many underground reserves on the Mesabi," he advised the interim group, "but on account of their poor position."

"During the past year two changes in ownership have occurred in the Michigan mines which indicate clearly the competitive

situation with regard to underground mines. In October 1954 Republic Steel Corporation sold its Perceps mine in North Range Mining company. This mine had a good reserve of high grade ore but Republic found that with the coming in of Labrador ores and pellets from their plant at Beaver Bay they were over-supplied with workable mine. They sold the least profitable mine they owned. Just recently an announcement has been made in the press that the Oliver company have disposed of their very large Geneva-Davida property to the Maithe Iron company. This was likewise a large producer of high grade ore, but no doubt the Oliver company found that it could produce open pit ores very much more cheaply than it could the underground ores from Michigan.

At present the competitive position of the underground ores is bad and I am sure that the State of Michigan does not desire to put additional burden in the way of unfair taxation on the mines in Michigan in view of their present poor competitive position."

TIPS FOR DUCK HUNTERS

With a full 90 days of duck hunting for Michigan this fall there may well be a record number of hunters in our marshes and on our lakes as the big lights slide down from the skies in the long journey south. The wily ways of waterfowl are learned the hard way by veteran gunners. Through the years, but here and now a few tips for the beginner (and some whose luck has been running bad in the marsh) will not be amiss.

Fat Hens Shooting

This has been a fine year for "shell" ducks to hatch in Michigan, and our resident population is at a peak. You'll find these ducks in pot holes scattered throughout the state—small bits of marsh or open water no matter how small a couple of acres in area. If you "smack" such a pond and find it well filled with ducks, resist the temptation to shoot, and instead wear them out with the wove of your hat. Sound silly? Not at all. They'll all be back in scattered flocks and three within an hour or two, and if you get yourself concealed in a good situation and spot you're sure to have your limit. Had you fired when the pond was full of ducks you might have hit one or two, and the rest might well be gone with the wind never to return.

The Head-On Shot

Duck hunters have all experienced unaccountable failure to hit a duck that's coming in low, straight at you over the top of the cut bank. It's one of the largest of all shots, probably because of the relatively narrow target presented by a duck in this position. To improve your chances of a hit hold your fire until he's about 25 yards away, stand up suddenly and your duck will fluro straight up, or to one side, giving you a much better target.

Manners in a Blind

If an other person wants maximum shooting from your blind make sure you NEVER MOVE when ducks are overhead when they can sight you. If you do move, the ducks will see you decoys absolutely motionless you'd better be a better shot. When ducks come to them then sitting in a blind and merely filling you a nice to look up at a quacking flock MOTION is the quick way to spook a waterfowl.

Calling Technique

Once the ducks start up their mind to come in to your decoys STOP calling. To continue you must first succeed in getting you and you'll change their minds in a hurry. Keep these tips in mind, and you'll find your luck with ducks might be to go on the opening this season.

FOR BRIDES-TO-BE

A SPECIAL OFFER!

With the purchase of each set of 50 or more wedding invitations we will furnish absolutely free the first 50 wedding napkins.

Invitations are available in the latest folded or paneled card types and may be obtained with regular printing or "virkotype," which gives them an appearance similar to engraving.

Our wedding napkins are white, dinner size, imprinted with silver border and a miniature bride and groom. Names of the bridal couple are imprinted on the napkins.

Seniors Select "Dear Ruth" for Annual Class Play

Negaunee High School seniors have selected "Dear Ruth," a successful three-act Broadway comedy, as their class play.

Directed by Walter L. Brotherton, the production will be presented the latter part of October or early in November.

The story concerns a young girl who carries on a romantic correspondence with a Norwegian seaman in her older sister's room.

Try-outs for the cast, which consists of 10 characters, five boys and five girls will be held on Saturday as play books are received.

New Officers Are Installed by Local DeMolay Chapter

At an installation ceremony held in the Masonic Hall, Stanley Chapman was installed as Minor Councilor of the Negaunee Chapter, Order of DeMolay.

Other officers installed were as follows:

—Jules, senior councilor; Robney Bessolo, junior councilor; Wm. Skewes, treasurer; David Tamblay, secretary; Richard Born, senior deacon; Jack Bratley, junior deacon; David Mathews, senior steward; Bernard Fosco, secretary; Wayne Jarvi, chaplain; David Lindstrom, standard bearer; Gerald Chapman, almoner; Edward Vanni, marshal; Charles Ollin, orator; Paul Williams, organist; Alfred Paine; Jack Sivola, Wm. Kokko, Wm. Johnson, and Brock Sheldon Ahola, Robert Monico, preceptors.

Newly elected officers, who will serve during the coming year, were installed by Paul Johnson of the Fellowship Chapter of Marquette, assistant; Brock Creighton Hill, Jack Trauch, Brodie Weston and Ellwood Mutton, the district governor of the International Order of DeMolay.

Following the ceremony, the DeMolay Mothers Circle of Negaunee served refreshments. The Negaunee chapter will meet on the second and fourth Mondays of each month.

School Annexation

school provides additional room for elementary children, and that larger district provides a greater location base for additional buildings in case the necessity develops.

In Negaunee township, the school board is faced with the immediate necessity of deciding whether to construct a new school at Eagle Mills or consolidate with Negaunee.

Annexation would provide a better transportation system according to the Negaunee school head. "It would be possible," he said, "to utilize smaller buses for hauling elementary children and reserve the larger ones for transporting high school students."

"This movement started," he added, "because board members of all three districts were concerned with the needs of their own particular area, and decided that in each district children would receive the greatest benefit if the areas were reorganized into one district."

"Each of the boards urges residents to attend the meeting Thursday night, the primary purpose of which is to furnish the board members with a list of the number of how people in their respective areas feel concerning the reorganization question."

From where I sit... by Joe Marsh

Shades of Tom Sawyer!

Jack Willis had just stopped the tractor so he could cool off at the pump, when a young insurance salesman came on the driving. Jack was tired of plowing and needed insurance on his new barn. But he also needed to get his winter 170 in fast. The salesman, an eager kid, noticed hesitation. "I come from a farm," he said. "Why don't you look at these booklets—get all the dope—what I'll take that plow a couple rounds for you."

Young fellow laid off a pretty straight furrow, too. It was almost dark before Jack—sitting

In the shade—was able to decide just what kind of policy to get. From where I sit, to be a good salesman—or a good citizen—always helps to "put yourself in the other man's shoes." He may have a different sort of job with different problems... he may prefer to close a deal over, say, a friendly glass of beer while you might prefer something else. But both of us can co-operate if you make it a "policy" to try.

Joe Marsh

City Council Petitions Are Now Available

Nomination petition blanks for the annual city election are now available at the office of the city clerk, Jacob H. Anderson.

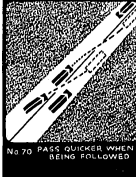

With balloting scheduled for December the first Monday in December, the city charter provides that the nomination petitions must be filed with the clerk by 5 p.m. 20 days in advance of the election. Since the deadline date falls on Saturday this year, a day on which the municipal building is not open, the final day for filing will be Friday, Nov. 11.

9-120 Must Sign
Charter provisions require also that nominating petitions require a list of signatures must be signed by not less than 90, nor more than 120 registered and qualified voters of the city of Negaunee. Nominating petition forms may be obtained at the office of the clerk in the city hall.

Three seats in the municipal governing body and one on the board of supervisors are open in December. Councilmen whose terms expire include G. Vance Hisey, Donald Agosti and Richard Catron, while the position on the board of supervisors which becomes vacant is that currently held by Arthur Backlund.

Notes on Storage Tank
Voters also will indicate their preference on an advisory ballot as to whether the city should proceed with an expenditure to obtain preliminary plans for construction of an elevated water storage tank.

UNWRITTEN LAWS

When traffic is heavy, remember that you are not the only driver who wants to pass that slow car up ahead. So, when you pull out to pass, and your rear view mirror shows you another car trying to make the pass right behind you, speed up to pass quicker. Pull way up into the pass in the right hand lane to make room for the driver following to pull in behind.

Taking it easy in passing is being a "dog in the manger" in traffic. You prevent someone else from getting ahead. Even more important, if the car behind you doesn't make it, you may be involved in a brace or accident. Remember the slogan, "SLOW DOWN AND LIVE!"

The report of the Buildings, Grounds and Insurance Committee relative to their annual inspection of all county buildings was read. Supervisor Dwyer moved the report be accepted, supported by Supervisors Dempierre and carried.

The annual report of the inspection of County Parks was read. Supervisor Pearce moved it be adopted. Supported by Supervisor Homel and carried.

The monthly reports of the following departments were read and ordered filed by the Chairman.

1. Social Welfare Board
2. County Treasurer
3. Veterans' Referral Agency
4. Morgan Heights Sanatorium
5. Mine Inspector
6. County Controller
7. Marquette County Road Commission

Identical resolutions from the Macomb and Jackson County County Boards of Supervisors urging opposition to the removal of driver's licensing from the sheriff's and police departments were read. No discussion there was ordered filed.

Supervisor Breese gave an oral report of the Highways & Bridges annual tour of county roads and commended the Road Commission and Mr. Storey for the fine job they were doing.

Supervisor Dempierre read the following resolution. Supervisor Rose moved its adoption. Supported by Supervisor Alt-

Statement required by the Act of August 21, 1947, as amended by the Acts of March 3, 1953, and July 21, 1948 (Public Acts, 1947, State Code, Section 233) showing the Ownership, Management and Circulation of the Negaunee Iron Herald, published weekly at Negaunee, Michigan, for October 7, 1955, State of Michigan, County of Marquette.

Before me, a Notary Public in and among the States of Michigan, do hereby depose and say that he is the publisher of the Negaunee Iron Herald, and that the following is, to the best of his knowledge and belief, the true statement of the ownership, management and circulation of the aforesaid publication for and for the State and County aforesaid, personally appeared: P. Fellow, who having been duly sworn and being first duly sworn, testified that the information, required by the Act of August 21, 1947, as amended by the Acts of March 3, 1953, and July 21, 1948 (Section 537, Public Laws and Regulations), to wit:

1. That the names and addresses of the publishers are: Publishers—Thomas P. and Richard W. Fellow, Negaunee, Michigan; Editor—Thomas P. Fellow, Negaunee, Michigan.
2. That the owners are: Thomas P. and Richard W. Fellow, Negaunee, Michigan.
3. That the known bondholders, mortgagees, and other securities holders owning 1 percent or more of total amount of bonds, mortgages, or other securities are: First National Bank, Negaunee Michigan.

bello and carried.

Resolution to Commemorate Passing of Hon. Frank A. Bell
Whereas, Hon. Frank A. Bell died Sunday, September 18, 1955 and

Whereas, Judge Bell had a distinguished record of public service, having held office as City Attorney of Negaunee, member of the School Board of the City of Negaunee, Prosecuting and Judge of the 25th Judicial Circuit from 1927 to January 1, 1948; and

Whereas, Marquette County has lost through the passing of Judge Bell one of its outstanding and most highly respected citizens.

Now Therefore, Be it Resolved that the Board of Supervisors of Marquette County, by these presents, express its sincere condolence and heartfelt sympathy to the family of the late Judge Bell.

Be it Further Resolved that this resolution be approved upon five minutes of the Board and that a copy thereof, under seal, be forwarded to the family of Judge Bell.

There being no further business, on motion of Supervisor Boly supported by Supervisor Rauso and carried the meeting adjourned until Monday, the 10th day of October A. D. 1955 at 10:00 A. M.

Carl W. Corneliuson,
Chairman
Lloyd LeVasseur, Clerk.

4. That the two paragraphs next above, giving the names of the owners, stockholders and security holders, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee (in any capacity) or partner, the name of the person or corporation for whom such trustee is acting, is given; and that the two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as such, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person or corporation has any interest, direct or indirect, in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sent through the mails or otherwise in the State of Michigan during the twelve months preceding the date shown is 170. (This information is required from only weekly, semi-weekly and tri-weekly newspapers.)

THE POLLS of said election will be open at 7 o'clock a. m. and will remain open until 6 o'clock p. m. of said day of election.

J. H. ANDERSON, City Clerk.

Rain, Hematites Combine To Hand Miners 3rd Grid Loss

Jupiter Pluvius combined force with the lashing Hematites here Saturday night to hand the Negaunee Miners a 3-20 defeat in the Diamond Jubilee game of the grid series between the traditional rivals.

Coach Roger Grove who had predicted all season long "we'll be hurting it" when he runs into a night when we can't pass," hit the nail right on the head as rain during the first three quarters completely throtled the Negaunee aerial attack.

When the rain finally ceased the Maize and Blue picked up their final two touchdowns on passes, but by that time it was too late as the Hematites hold a substantial lead.

The downpour which fell through a third of the game made handling the pigskin, and particularly passing, a precarious proposition, but by the time the rain calmed down, the zipping lashing backs had shaken loose for a 20-point lead. The Hematites padded their margin to 30-0 before substitutes took over and the Miners' fine passing game started to click, almost infallibly.

With 25 seconds left in the game the regular lashing team returned to the game and raced to the Negaunee 24 on a runback by Ed Duane Williams.

The Miners got hit by lightning on the first play from scrimmage after Jack Talbot returned the kick to the 45. Bob Willis tried left end on the first play for 57 yards and the touchdown, if he kicked both of lashing's extra points during the night as the Hematites missed on four other conversion attempts. Tim Zhulke took Joe Polter each time twice for lashing with Rick Wuoremaa accounting for the other touchdowns. Roger Jennings also was on the receiving end of a six-point play for Negaunee.

Following the TD by Willis the Miners failed to gain, but forced lashing to kick from his one yard line with Gas-ave returning the boot to the 12. Negaunee moved to the goal line before losing the ball on a fumble. At this point Zhulke on the

first play broke away for a 96 yard scoring run to make the count 13-0.

Negaunee retaliated on a 43-yard pass play from Hares to Jennings, but Williams blocked the extra point attempt. Talbot returned the kickoff 47 yards to the Miners' 25 but a fumble broke up the drive. The Miners started to get on a yardable break but intercepted his first pass of the night to set up lashing's third touchdown, scored by Zhulke from the eight.

Negaunee again started to convert on passes, but Wuoremaa intercepted for the second time and took on a yardable break shortly before the half ended after Willis Talbot and Zhulke ate up most of the yardage.

Polter failed twice in the third quarter, once on a 35-yard sprint. The Miners' last two touchdowns came on passes from Hares to Jennings and Mancke with the latter going over for a 38-13 score. The Miners' last play occurred after they recovered a fumble on the lashing's 20 with Hares passing twice to Jennings for the final marker.

Tim Zhulke again gained more than 100 yards, accounting for 103 in eight tries. Bob Willis netted 103 in 12 attempts. Billy Nyro, of Negaunee, gained 55 in 10 carries and Polter picked up 40 in three attempts.

Nyro accounted for 34 of the 60 yards Negaunee could register on the ground while Hares hit on eight of 50 passes for a 158 yards. Lashing lost 40 yards in penalties.

| Statistics | Lashing | Negaunee |
|--------------------|---------|----------|
| Total offense | 228 | 228 |
| Passing | 103 | 103 |
| Run | 125 | 125 |
| Penalties | 40 | 40 |
| Points | 20 | 30 |
| Yards Gained | 158 | 158 |
| Interceptions | 3 | 4 |
| Losses | 40 | 40 |
| Time of Game | 58 | 58 |
| Time of Possession | 28 | 30 |
| Yds. Lost | 40 | 40 |
| Yds. Punting | 40 | 40 |
| Downs | 114 | 114 |
| Yards Per Carry | 3.9 | 3.9 |
| Yards Per Pass | 3.9 | 3.9 |

The word hat is derived from the ancient "hath" meaning a shelter.

This action took place at Munising as the Miners won the first game on their 1933 grid schudule by whipping the Mustangs 28-14. Munising's powerful ground game rolled up 303 yards, but was not enough to offset the Maize and Blue aerial attack. In this picture, Jim Campbell, 30, and Ron Laska, 7, are clearing the way for a 12 yard gain by Keith Pangborn, 12. Coming up from behind is Louis Chrl, 46, of Negaunee, while another unidentified Miner is attempting to break through the interference.

Funeral Services Held Monday for Nels Hendrickson

Funeral services were held at 1:30 p.m. Monday in the Per-Aln Funeral Home, Rev. J. E. Helsinki, Muskegon, officiating for Nels Hendrickson, 72, who died at 9 a.m. Friday in the Negaunee Convalescent Home, where he had been a patient for one month.

Mr. Hendrickson was born May 3, 1863 in Sweden and came to the United States in 1906. Survivors include three sons, Carl and Albert, Negaunee, and Emil, Chatham, and eight grandchildren.

"Pallbearers were John and Rudy Johnson, Negaunee, Victor Niemi, lashing, Wm. Hokenes, Sandell, Charles Nelson, Escanaba and Frank Rinne-maki, Chatham.

Publications Staff Heads Are Selected

Helen Rivers and Joyce Ten-huun will serve as co-editors of the Neo-Ny-Nax for the 1933-34 school year, while Susan Cory and Mary Ann MacDonald will be senior editors of the 1933 Pioneer, Miss Kathryn Marriott, Journalism Instructor and Negaunee High School director of publications, announced this week.

This year Miss Marriott plans to institute a continuous training program for executives of the yearbook and has appointed a pair of junior editors, Joan Johnson and Ruth Makiel, who will become chief executives of the staff next year.

Members of the Nur business staff include Sharon Pezzoli, Lois Kemphorne and Barbara Look-shall. Circulation manager is Carol Curtis, Shirley Borsolo and Judy Hill are in charge of features. Bob Miller, sports, and Nancy La-

Rebe will serve as exchange editor.

Compting the executive Pioneer staff are Henrietta Terres and Carolee Kananen, senior business managers; Deonette Manninen and Ilona Robatt, junior business managers; Leona Kananen, art editor, and Bob Miller, sports editor.

Regulators for the school paper are Susan Cory, Joan Johnson, Carolee Kananen, Leona Kananen, Mary Ann MacDonald, Ruth Makiela, Deonette Manninen, Ilona Robatt and Henrietta Terres.

Feature reporters include Shirley Borsolo, Carol Curtis, Judy Hill, Lois Kemphorne, Nancy La-Rebe, Barbara Lookshall, Sharon Pezzoli, Helen Rivers and Joyce Tenhuun, all members of the journalism class, plus the following volunteers: Sharon Kerpil, Kathryn MacDonald, Rosalie Brisson, Ann Ellis, Diane Anderson, Rosalie Laituri, and Payne Allen.

Twelve volunteers are working as staff photographers for both publications. They include Jack Bratley, James Stone, Patricia Palm, Eunice Johnson, Susan Ives, Jean Johnson, Jean Niemi, Nancy Dobson, Nancy Johnson, Joy Holmstrom, Caryl Sandline and Ilona Robatt.

THE PERMA-GUARD

by LES BINGAMAN

CLAD in a freshly-cleaned uniform, helmet in perching hand, the muscular young player sat in front of his locker, waiting nervously as he waited for the signal to call the team onto the playing field.

He glanced at other players, also in varying attitudes of waiting. Some of them first-year men like himself and nervous but most veterans of other campaigns and visibly composed over the contest that was only a few minutes away.

No, this wasn't a high school youngster awaiting his first game or a collegian about to make his big debut but a professional football player, with eight solid years of gridiron experience behind him, as the first as a schoolboy ready to play before mom and dad for the jitters.

The cause of the young player's nervousness was the realization that once again he was a freshman, his time on the most competitive level of football, the intensely rugged professional level.

School Society

Where thousands of players annually land berths on college teams, and an even greater number plays on high school squads, the opportunity is diminished tremendously in pro football.

Less than 400 players are actively engaged in the National Football League, 35 players on each of 12 teams, or a total of 420 to be exact. And most of these 396 are veteran performers, the talented, durable and enter in the land. Only half a dozen to a dozen rookies make the grade in any given season.

Thus, to join this select society,

Negaunee Defeats

Ispheming 27-19

In Reserve Game

The Negaunee High School B team won its first football game of the 1955 season Saturday morning when the Minier reserves defeated the Ispheming reserves.

a player had to be very, very good — exceptional, in fact — and the reserve young player awaiting his first game was not the best of the best.

Maybe that he has survived the initial cuts of the training season. He can be cast aside any time his performance suffers, for this play is for cash as well as for lines. There are any number of talented young men eager to fill his shoes.

Using Will Power

I well remember how upset I was during my first year at middle guard with the Lions in 1948. I was fearful that I was playing poorly and that every game would be my last. It took me a long time to get over that feeling.

With the competition so keen and the threat of unemployment always a factor, why do most of the top-notch collegians graduate into pro football instead of immediately embarking on a business or professional career?

There are several answers. One is the pay, which for an established star of the first rank can run up to \$20,000 for six month's work. Others are the glamour, the opportunity to make contacts for business positions later and the strong desire to prove oneself as one of the best 400 players in the country.

In addition, there is love for the game, which I still have, well over 500 yards of it. I have a lot of will power for me not to get on the field with a lions sign on my back and to limit my football to assisting in broadcasting the games and writing the weekly column on pro ball and the Lions. I'll have a lot to tell in the coming weeks.

and strings here 27-19.

The Minier reserves, coached by Harry Sotall, lead 7-0, 7-0, and finally 20-19. Then, with seconds left, Rudy Johnson open left flory ahead, and streaked in from midfield.

Russell Jacka scored first for Negaunee, Jarvi set up the second score, made by Johnson. Jim West water scored on runs of 79 and 80 yards for Ispheming and Don Kona backed for the extra point.

Dick Pellow New Emerald Cage Coach

Announcement was made yesterday by Rev. Robert Cordery, pastor of St. Paul's Church, of the appointment of Richard Pellow as basketball coach to replace Max Vanni, who submitted his resignation early in September.

DICK PELLOW

Vanni resigned due to pressure of other duties, which will not permit him sufficient time to devote to the coaching job. In addition to his regular position on the Negaunee High School faculty, he serves as a night school instructor, and last spring was appointed coordinator for the industrial arts department.

During his five year tenure at the Catholic school, Vanni was constantly handicapped by lack of height, and at the time he took over the coaching reins fell heir to a green squad. He initiated a building program, which culminated last winter, when the Emeralds came up with a 15-3 record winning nine games in a row at one point in

the season.

Pellow is not new to the Parish school having guided the Emeralds to their last Class D district championship back in 1949-50. His club that year lost only four games and reached the semi-finals of the regional tournament where they were edged by Valencin, which in turn was defeated by Brimley, State D finalists.

He relinquished the position to return to Ferris Institute to complete his schooling and since 1952 has been a partner in the Pellow Printing Co., local publishing and printing concern.

As a nucleus for his 1955-56 quint the new mentor will have seven members of last year's squad, including two regulars, Tony Millour and Dick Jandron. Other players returning are Red Lequin and Pete Arnsuld, seniors, Paul Campagin and Dick Marlett, juniors and Ruben Hanson, a sophomore.

Principal problem will be replacing Don Bouscure, one of the best engers in St. Paul history and Tod Pegin, a good defensive man and Bob Jandron, starting center a year ago, all of whom received their diplomas in June. St. Paul plays an 18 game schedule opening with National Mine away from home on November 23.

Group 5 of St. John's Episcopal Church will meet Thursday, Oct. 6, at the home of Mrs. Irene Bueck, 744 Boulevard Avenue at 7:30.

NOTICE OF PUBLIC MEETING

On Plan For Consolidation of Negaunee School District No. 1

—And—

Negaunee and Richmond Township School Districts

Public notice is hereby given that on Thursday, October 6, 1955, at 7:30 p. m. in the auditorium of Negaunee high school, a Public Meeting will be held on a proposal to Consolidate the City of Negaunee School District No. 1 with adjacent Negaunee Township and Richmond Township School Districts.

This Meeting will be held for the purpose of providing City and Township Board of Education Members with an indication of the opinion of residents of these areas, on the plan to reorganize and annex the districts to Negaunee City District.

Representatives from the Michigan Department of Public Instruction will be present to answer questions pertaining to the Annexation program.

All interested residents of Negaunee and the townships are invited and urged to attend.

BOARD OF EDUCATION
NEGAAUNEE, MICHIGAN,
THOMAS L. COLLINS, Secretary
