## Chief Johnson Lists Good Fire Prevention Practices

Painting that observing common sense measures brought a decrease in the number of urban home fires throughout the nation for the second consecutive year. Fire Chief Melvin Johnson today urged local residents to check their homes for fire hazards during Fire Prevention Week, which will be held Oct. 9 to Oct. 16.

There is still considerable loss in lives and property, although the downward trend in the number of fires is encouraging, the fire chief observed. He suggested Negaunee residents take advantage of Fire Prevention Week to observe the following safety precautions as ways of preventing fires:

- Clean out all combustible rubbish in closets, attic and cellar.
- Get rid of gasoline, and benzene.
- Keep other flammable liquids in tightly closed cans.
- Put oil rags, and paint cloths in covered metal containers or dispose of them.
- Keep electric wiring, electric appliances and extension cords in good repair.
- Chief Johnson was emphatic in warning parents never to leave children unattended in a home, and urged them to follow these rules in protecting their youngsters from fire.
- Have an adult or responsible officer in charge when you leave the house.
- Keep matches in places where they cannot be reached by children, and train youngsters to be dangerous to play with matches.
- Keep children out of the kitchen or any other room where boiling liquids are likely to be in reach.
- Don't allow children to get close to open fire and keep a metal screen in front of a fire place at all times.
- Don't dress youngsters in clothing that is highly flammable.
- The fire chief had suggestions also for care of outdoor fires, which are common at this season of the year, whether they are lighted for picnickers' pleasure, hunters' needs, or townshippers' chores.
- He stressed that these fires have a common danger in the fact of spreading out of control, and

ideas to lessen the likelihood of this occurring:

- Be sure only in areas where fire is permitted.
- Never start an outdoor fire on a windy day.
- Clear a three-foot strip around the place where you wish to burn, removing all grass or underbrush.
- If the fire is in your yard, hook up your garden hose for use in case of emergency.
- Don't start a fire near a building, fence, or overhanging branches.

## "Big Show" Scheduled For 2 Nights

Bringing to memory days of yesteryear, Negaunee Eagles will present The Big Show, first musical production in this city in several years at the Negaunee High School auditorium Friday and Saturday nights.

Featuring the interactor and end men, the production will include all of the individual, quartet and ensemble vocal selections, plus the solo and group dance routines that combined to make minstrel shows a popular feature in by-gone days.

The cast includes Fred Penrose as Miss Bixbee, David LaChene in the role of Dolly Dimples, Donald Hill as Miss Negaunee of 1885, Clifford Jukola as Mr. Vermont, and Kevin Maska as Miss Sterndon.

End men will include Alvin Hamilton, Albert Dusheno, William Conway, and Robert Toles.

Vocal soloists are William Wangberg, William Conway, Cheryl Carlson, and Edred Hooper.

Ensemble selections include such numbers as Swanee, Show Business, The Humming Bird, Town Strutters Ball, Oh Susanna, and Old Pat at Home.

The Negaunee Eagles will be featured in two specialties, Hula Dancers, and Pat Your Arms Around Me, Money.

## Action By Legislature First Step Necessary In Annexation Program

Questions of area residents pertaining to annexation of Negaunee and Richmond township school districts by the City of Negaunee school district were answered by George Scott, at a public meeting held Thursday night in the high school auditorium.

Held for the purpose of enlightening residents with possible problems that may arise in connection with the proposed annexation, the session was attended by a disapplying crowd of only 70 persons, including approximately 10 from the City of Negaunee.

Whether or not the proposal becomes a reality will depend on four factors: action of the state legislature, a resolution authorizing the annexation by the Negaunee Board of Education, approval of the program by the Michigan Department of Public Instruction, and acceptance of the idea by registered and qualified electors in the township school districts.

After representatives were welcomed by Supr. E. W. Born, Stanley Williams, county school superintendent, pointed out in a brief address that in considering annexation, residents of the area and school board members should have as their chief objective the answer to the question, "What is the best for the school children in Marquette County?"

Williams then called on George Scott, who is in charge of transportation and reorganization for the Michigan Department of Public Instruction, to explain the steps involved in forming a single school district, and the annexation or consolidation methods.

**Annexation Vs. Consolidation**

Scott pointed out that annexation would be the most simple procedure, as it established only a favorable resolution by the Negaunee Board of Education, approval of the program by the Michigan Department of Public Instruction, and acceptance by

electors in the townships.

In the event consolidation was proposed it also would necessitate filing of petitions signed by the proper number of electors in both city and township school districts, plus a vote on the question in each of the areas, in addition to approval of the state department.

He stressed that before any action could be taken on either type of program it would first be necessary for the legislature to repeal the act which created the Negaunee city school district.

"Negaunee, it so happens, is a special act school district, and, as such, it cannot annex any outside territory," Scott said. "The first step necessary in this program is for the legislature to repeal the act which created the Negaunee school district."

The state department representative explained charts which traced the increase in valuation in each of the districts and pointed out that estimated valuation for next year would be \$25,000,000. The graph revealed that the increase in valuation in Negaunee Township during the past decade had been 90 per cent, in Richmond, 56 per cent, and in Negaunee 50 per cent. The growth in school population in the three areas had increased the most in the same time in Negaunee Township, which sent 30 tuition students to the city school system in 1945, as compared with 207 this year.

**Question Period Held.**

The balance of the meeting was devoted to a question and answer session. Questions asked by members of the audience were answered given by Scott were as follows:

A—That depends entirely on the number of students sent out to

Miss Westgate's meeting Thursday will open with a potluck supper at 8:30 p. m. in the Central Grade School girls' activity room. All council members, leaders, assistants, sponsors, and committee members are requested to be present.

## Organize Team To Handle Legion Membership Drive

Urging team competition as a basis for increasing membership, the John H. Mitchell American Legion Auxiliary has launched its annual membership drive.

Two teams, named the Go-Gotters and Speeders, have been formed to conduct the campaign, which will run throughout the balance of October.

Members of the Go-Gotters are Hilma Nelson, captain, Margaret Bann, Verna Borjone, Lina St. Arnaud, Tina Kozik, Lydia Lee and Emily Graffis.

The Speeders, captained by Myra Sweeney, have a roster composed of Mildred Wetton, Ida Marie Woodland, Mae Hendrickson, Florence Field, Jeannine Nora and Tama Peel.

Dues may be paid to any of the team members.

The 1955-56 yearbook has been distributed to the membership with the first book presented to Hilma Nelson in memory of her mother, Mrs. Kate Mitchell, as a tribute to her son in whose memory the post is named.

Christmas and all occasion cards are being sold by auxiliary members in the community as one of their fund raising projects.

Have you noticed what's been happening to kitchens lately? Cheerful in knotty western pine or clear paneling, they're moving back into the center of things—just like they were in Grandmother's day. Different.

In Grandmother's day, the kitchen was where the family gathered, the living center of the home. It had its charms, but it also had its long hours of hard work.

Now come the era of modern conveniences, labor-saving devices relieved the hours of drudgery. But, in making the kitchen practical, they also made it cold.

Today the kitchen is combining the best features of both in new enclosures. For labor-saving enjoyment, it's unarmaged. At the same time its warm personality is being restored.

The abundant western pine woods add friendliness and interest as well paneling and a cabinet which serves the double purpose of storage and cheerful decoration.

Come to look at the modern kitchen it being brought out into the open and once again become a warm gathering place for friends and family.

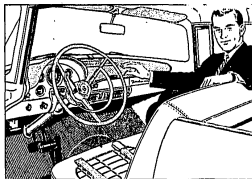

No wonder you hear less and less longing for "the good old days."

**Annexation Program Continued From Page One**  
 Candidates receiving the greatest number of votes are elected, regardless of the area in which they live. Under annexation the usual regular school election would be held. Under consolidation, it would be necessary to elect an entire new school board.

**Q—Will it be necessary to build an addition to Lakeview School?**

**A—**That cannot be answered at this time, as future growth will tell the story. It will depend on the board of education and people who are interested in where school buildings should be located. We in the department of public instruction are interested in placing buildings where the largest number of children are located.

**Q—What advantages would there be in annexation, as compared with constructing a new building in the township?**

**A—**Annexation would provide broader tax base, which would make the tax burden lighter for each individual property owner. A larger group would pay the construction cost, thereby lessening the expense to each individual.

**Q—Low would annexation affect taxes?**

**A—**All taxes are based on the county equalized valuation. If Negaunee is in favor of annexing the two districts, then the tax rate in the townships for school purposes would be the same as it is in the city district, 13.5 mills. That would mean in Negaunee Township, for example, that the tax rate would drop from 17 mills to 13.5 mills.

**Q—What will happen to tuition under the annexation plan?**

**A—**There will no longer be any money for tuition purposes. All children, as far as school is concerned, will be residents of the Negaunee district. As far as state funds are concerned, this now amounts to \$75 for each elementary pupil and \$50 for each elementary.

**Q—How would the various district bonds under annexation?**

**A—**I think the benefits would be practically the same in all cases.

The principal advantage is that all of you people in the city and township can give the educational program together. All of you will have a voice in it. You can't separate educational services any more than you can separate health services. Uselessness makes no difference. Negaunee makes no difference. The benefits of a good educational program.

Negaunee has no assurance that, four years from now it can plan, under the present arrangement, for high school students from the entire area, nor do the townships have any assurance that Negaunee will accept their children at that time.

However, if you are a single district, you can plan with assurance for not only five years from now, but longer periods of time.

**How Answers Query**

**Q—Does Negaunee have buildings to provide for all the children if annexation takes place?**

**A—**I think the person in the best position to answer that is Earl Fern. In replying to the query,

born stated: "At the moment Negaunee has the facilities to take care of all resident children, plus 200 who are attending from outside. I would say we could provide for all by making an addition of an area of approximately \$150,000, which is only a fraction of what it would cost to construct new school buildings in the township."

**Q—What would happen to school property under annexation?**

**A—**It becomes part of the common property of the district. People from each of the areas affected have a share in it.

**Q—How would annexation affect present school personnel?**

**A—**All personnel now employed would continue under contract.

**Q—What happens to buses owned by township districts under an annexation program?**

**A—**They become a part of the property of the larger, single district.

**Q—Who would vote in the townships on the annexation proposal?**

**A—**Three ballots cited.

**Q—There would be three ballots which would have to be voted on. One question would be "Should the township school district annex to the city of Negaunee school dis-**

trict?" You must be a registered, qualified elector, also a taxpayer or a property owner, or the holder of a wife of a taxpayer.

The second ballot would contain 30 Day Period limitation. In closing the meeting, Scott Negaunee district? Again, you the law creating the Negaunee same amount it is in the city of years have been asked to repeal. Also, there must be a third ballot, gauging Board of Education and Michigan bonded indebtedness of the Negaunee Department of Public Instruction school district be assumed? On this question you must be a of the township schools districts on

the question within 30 days. If you do not hold your elections within the period, it is necessary to start all over again," he warned. "If the question should be defeated, it cannot be brought up for a vote again for a period of six months."

Mrs. Winifred Odgers, Ulen, and Mrs. Minnie Hill, Detroit, are guests at the home of Mrs. Thomas Crothers this week. A. T. Johnson has returned home from Chicago, where he was a patient in Augustana Hospital.

Steps were taken by Negaunee Lions at their meeting Monday night that may lead to establishment of a community ambulance service here, when they authorized King Lion George E. Metholick, Jr., to appoint an ambulance planning committee.

Action followed a discussion of the need for such a vehicle by Richard Swalt, who listed instances in which a community ambulance would have been of the utmost value.

Metholick will appoint a committee that will investigate costs of obtaining a suitable ambulance, study various types of vehicles that are on the market, additional equipment that would be required for an ambulance, methods of financing the initial ambulance cost and expense of operating the service.

# REGISTRATION NOTICE

FOR

## REGULAR CONVENTION

### MONDAY, DECEMBER 5, 1955

To the Qualified Electors of the CITY OF NEGAUNEE, County of Marquette, State of Michigan:

Notice is hereby given that in conformity with the "Michigan Election Law," the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter to said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration. Provided, however, that I can receive no names for registration during the time intervening between the thirtieth day before any regular, special or official primary election and the day of such election.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT MY OFFICE

## FRIDAY, NOVEMBER 4, 1955—LAST DAY

THE THIRTY-FIRST DAY PRECEDING SAID ELECTION

As provided by Section 10, Chapter 1, Part 2(a), Act No. 305, P. A. 1929, as amended by Act No. 291, Public Acts of 1946 and Act No. 108, Public Acts of 1951.

From 8 o'clock a. m. until 8 o'clock p. m. on said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROVE IT THEREOF.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

#### ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE

SEC. 16. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and affidavits to duplicate the registration affidavits of the elector. Any public officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of registration on the day of registration entitles him to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registrant officer and designate his title.

#### UNREGISTERED PERSONS NOT ENTITLED TO VOTE

SEC. 1. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the precinct in which he offers to vote. (As provided under Act 103, P. A. 1951.)

#### TRANSFER OF REGISTRATION; APPLICATION, TIME

SEC. 10. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address and send the present number and record a new address. He shall also send to the Clerk the original and duplicate registration cards, and shall place the original registration card in proper form for the Clerk. Such transfers shall be made within the 30 days next preceding any election or primary election, (unless such 30th day shall fall on a Saturday, Sunday, or legal holiday in which event registration shall be accepted during next full working day), provided that he shall not permit any person to vote in any Township, City or Village in which he had not resided 30 days next preceding any election or primary election.

#### TRANSFER OF REGISTRATION ON ELECTION DAY

Sec. 20. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village shall have the right to continue application to have his registration transferred on any election or primary election day by executing a request upon his or her signature for such transfer and presenting the same to the election board in the precinct to which he is registered. ## Miners Swim To 13-0 Upset Win Over Houghton Eleven

Staging one of the season's major upsets, Coach Houghton's Negaunee High School football team splashed its way to a 13-0 victory over the previously undefeated Houghton Grizzlies at Hubbard Field, Houghton, Friday night.

It rained all week in Houghton and with the exception of a temperature in the low 40's, conditions were far more suitable for a swimming meet than a football game. A rubber ball, rather than the conventional pigskin was used for the game, and officials wiped it off after nearly every play.

In the face of these adverse conditions, both teams frequently took to the air with Negaunee attempting 17 passes and completing seven, two of which were touchdowns; while Houghton pitched 12 aeris, connecting on three.

### Houghton Threatens

Two plays after the opening kickoff, Horry fumbled the slipper ball at midfield with Houghton recovering, and on the 35 yard line from scrimmage Columbe went inside his left end and on the 15 yard line Negaunee 15. He added five more on the same type of play and the Grizzlies were on the Negaunee 10. This threat was stopped when Jennings and McDonnell combined to nail Anderson for a 15 yard loss, and on fourth down a Coe to Columbe pass was short of a first down. Negaunee taking over on its 12 yard line.

In four plays the Malin and Blue were deep in a hole again, as they were blocked and recovered by Houghton on the Negaunee 12 yard line. Once again the Malin and Blue, despite a five yard offensive penalty that gave the Grizzlies first down with five to go on the Negaunee seven. After Hrivetz picked up three yards in two carries at the center of the line, Anderson lost a yard, and Horry on fourth down dropped Columbe for a two yard loss, the Malin's taking over on their own nine.

Then, the Hares to Jennings combination clicked for one of the longest scoring passes of the year. After a first down less to Gilaradi was incomplete, Hares hit Jennings on the end and he evaded three Houghton defenders for the first Negaunee TD. The play covered 91 yards from the line of scrimmage. A pass from Hares to Fredrickson for the extra point was incomplete.

Throughout the remainder of the first quarter, and the majority of the second, the teams battled on even terms with neither able to advance beyond their opponents' 50 yard line.

### Outstanding Catch

With one and a half minutes to play in the second period, Horry recovered a Houghton fumble on the Negaunee 25. Kotko nicked to six off tackle and Horry nipped five more up the middle for a first down on the 48. Hares then tussled 40 yards north to Jennings, who made use outstanding catch of the year, as he cut - jumped two Houghton defenders, but he was tackled on the 15 and time ran out before the Malin's could run another play.

Negaunee added its insurance touchdowns shortly after the opening of the final period. Following a Houghton punt in middle of the quarter opened, Hares picked up three over the middle and Kotko a pitout went to the Grizzlies on the 31.

Horry cracked the center of the Houghton line for another first down on the 41. Kotko picked up five off the line. Hares added two yards on a quarterback sneak, and Horry made it first down on the Houghton nine. Hares then threw a perfect strike down the middle to Jennings for the second score. On a fake placement - attempt Hares passed to Kotko for the point after touchdown.

Following the kickoff, Houghton marched from its own 47 to the Negaunee 23 as Coe hit on two jump passes to Lezhinski, but the Malin's held, as three Coe were incomplete. Sticking to the ground, the Malin and Blue rolled for two first downs before Hares got off a 51 yard punt to the

Houghton five as the game ended.

## Oldest Peninsula Grid Series Will Be Renewed Here Tonight

Northern Michigan's oldest high school rivalry will be renewed Thursday night in the new No. 20 football field, when the Negaunee Miners play host to the Graveland Redmen in the 70th game between the two schools.

Although the Escanaba-Climax series held the honor of being the oldest in the Peninsula, a recently discovered record of The Negaunee-Graveland-Negaunee High School yearbook, furnished proof that the oldest active-rivalry series, initiated in 1895, and the Negaunee-Marquette series, which had its origin in 1894, are both older than the Escanaba-Climax.

Written by Edward J. Sawbridge, a "Review of Athletics" appearing in the 1953 yearbook, contains the following account of the beginning of an athletic program at Negaunee, which resulted in the first interscholastic football game in the country:

**Material Grade**  
 Previous to the fall of 1894, athletics received little attention from the students of this school. There was an over-abundance of material, but no credit, and needed an experienced hand to develop it. With the advent of H. B. Krogman as principal of the high school in September of that year, athletics received its first impetus.

An organization was formed, officers elected, and a constitution drawn up under the name of the Negaunee High School Athletic Association. Football uniforms were purchased, and after month's coaching under the eye of a master, a challenge was sent to the Marquette High School for a game of football, which was finally played on the Marquette Fair Grounds.

The Queen City Boys went down to defeat, and in a return game played at Union Park, the local boys were again victorious. The last game of the season was played on the Main street practice grounds with a team organization called the Collis and the high school was triumphant with a score of 4-0.

When school opened in September of 1895, the football program was reorganized and the boys again went on the gridiron. The first game was played with Marquette High School at Union Park, and the same tale of defeat for the Queen City boys must be recorded.

**Marquette Was In '97**  
 There was no football in the fall of 1896, but the fall of '97 saw a team again in the field. The first game of the season was played at Marquette September 27th, the latter winning by a score of 16-4. The average weight of the players in this game was 130 pounds, while Marquette had a much heavier line.

"From the spring of 1898 to the spring of 1900, athletes were dormant with more time being spent on developing the mind, rather than muscle."  
 "There old football spirit in the team that was sent to register at the school for the season of 1901. A game was arranged with Marquette High at Marquette and it tells the tale of victory for the home team. A return game was played at Union Park, but the Marquette boys failed to back with them the tidings of victory, as was also true in the fall and blue. Neither side scored."  
 "A football team was organized again in 1902. Only one game was played, and that with Marquette on the Fair Grounds at Marquette Saturday, October 4. The Marquette boys mustered a good team

and by their superior strength won the day. The score was 54-0, a regular walk-over. Some football was disbanded in our school and no more interest was taken in the sport."

**Showed Out In '28**  
 One year after the review in the Negauneean, football returned to the gridiron. The first game of activities at Negaunee, fall of 1904, the Marize and Blue have met the Redmen every year on the gridiron with two exceptions. In 1909, no game was scheduled, and in 1928 the fall was cancelled because of a snow storm.

Since the rivalry has been on the edge in the series with 39 victories to 10 losses, the record of decisions for Marquette, ten of the contests have been no decision affairs, and of the ties, five have been scoreless decisions.

The largest point total run up by either team was 85-0, which they Redmen in 1915, when they routed the Miners 85-0, and equaled by the Marize and Blue in 1912, when they whipped Marquette 52-7.

One of the oddities in the long series is that three consecutive games, one in 1925, and two in 1926, were all decided by forfeit. Negaunee gaining a 2-0 decision in each case.

The series record follows:  
 1894-Negaunee won, games, scores not listed.  
 1896-Negaunee won one game, scores not listed.  
 1897-Negaunee 4, Marquette 16
