The Only Paper in the World that gives a darn about Negaunee  
THE CLEANEST CITY OF ITS SIZE IN AMERICA

Volume LXXVII

NEGAUNEE, MICHIGAN FRIDAY, DECEMBER 2, 1955

NUMBER 1

## STATEMENTS ISSUED BY FOUR CANDIDATES EXPLAINING VIEWS ON QUESTIONS FACING CITY

Following a policy established several years ago by which it is hoped to present to the voters an impartial picture of views of candidates in municipal elections, The Iron Herald this week is presenting statements by several of the entries in the race for city council seats.

Statements submitted by these candidates expressing their views and their reasons why they believe they should be elected are as follows:

**G. WANCE HINEY**  
"So many of my friends have contacted me that I feel a public statement is in order. While I am presently hospitalized, I am looking forward to the complete restoration of my health. My interest in contributing to good government in Negaunee continues, and I am actively seeking re-election.

"I have been gratified by the many kindnesses shown me by so many of my friends who have been ill. Their interest in my candidacy is deeply appreciated. I believe that I am qualified for the best interests of all the people with special favor to none and I further believe that our local government should be organized in a dignified and constructive manner."

Hiney is the only member of the present Council who was on the commission that wrote Negaunee's charter, and was a member of the original governing body which took office under the charter in 1950. He holds a master's degree from the University of Michigan and has for several years been principal of the Central Grade School.

During his tenure on the Council the City of Negaunee became debt free after being \$100,000 in the red at the time the council manager form of government went into effect. The city entered on the largest public works program in its history over the past two years, and spent over \$50,000 in capital improvements with no additional tax levy. In addition, Negaunee ranks at the top among Peninsula cities as far as employment are concerned with personnel receiving a life insurance policy paid by the City, social security, hospitalization, pay increases and other fringe benefits.

**ANDREW J. VERHEYEN**  
Andrew J. Verheyen in support of his candidacy for election to the Council Monday endorsed early improvement of M-36 to Gwin, construction of a new water tower, and building of a central municipal garage. "M-36 from Negaunee to Parkman should be improved," he said, and the City Council should continue to do what it can particularly take more such action than ever may be using the road twice daily if the proposed annexation of Robinson's School District is approved," he

said. "None of us want to see these children using an unsafe road for any longer than is absolutely necessary, and the sooner M-35 is improved all the way to Gwin, the better."

"The building of an elevated storage tank should be hastened when we consider the hazards under our present system. It is too bad the reserve tank wasn't built in WPA days when the Federal government would have paid much of the bill, but the problem is with us today and should be met today.

"and a central municipal garage is long overdue. Our city manager for the last several years has recommended this project, a high time this is taken part the recommendation and take stage, particularly since our City fleet of motor vehicles represents a more substantial investment every year. With the huge increase in tax money collected resulting from our home building program, and the development of Walter B. and Lewy, it carries out in a position to carry out as well as talk about needed capital improvements."

**THOMAS BOOS**  
"I am a strong advocate of the Council - Manager type of government. The form of municipal government is the only form that can operate efficiently and successfully. This has been quite evident during the five years that Negaunee has operated with a city council and manager."

"I am in favor of the elevated water storage tank on a suitable location. Its good points are many. The very inadequate and erratic water pressure this past summer indicated strongly the need for this addition to our water system."

"There is a great need for a well organized and supervised municipal recreation program. The recent survey conducted by a nationally recognized organization emphasized the great need for some positive and beneficial action on this matter. Negaunee is one of the very few cities in the Upper Peninsula without an organized summer and winter program, and I believe this should be corrected immediately.

During the past few weeks I have examined numerous suggestions and complaints regarding various city services, some of which require immediate consideration. It would be very simple for me to criticize and find fault, but personally I feel I should be so unselfish as to become more familiar with all of the problems and limitations existing in the various departments.

"It is also worth to state that I have no complaints other than I should be elected to Negaunee City Council."

## Grid Season Reviewed for BPA Members

Coach Roger Grove termed the 1955 Negaunee High School football season a successful one as he reviewed progress made by his boys for members of the Negaunee Athletic and Pictorial Association Monday noon at their annual football luncheon.

"I feel that this was a successful season, when you consider that the boys were new to the coach and the coach was new to the boys," Grove said. "We were installing a system that was completely foreign to any of the boys who were members of the team at their annual football luncheon."

"This system we devised to teach was a more wide-open brand of football played on a field in Negaunee were familiar with, but it proved fairly successful in that we scored in every game we played. Incidentally, with this system, the weather worked to our disadvantage in four of the eight games."

Grove introduced members of his squad and listed accomplishments of each one, pointing out that Roger Jennings had been named the All-State player of the Conference, All-U. P. and All-State teams; that Tom Hart was selected for the conference team and received honorable mention for his play; and that Bruce Collins was listed for honorable mention on the Great Lakes team.

"I revealed he was sending 24 major letters and that next fall, 17 of these letter winners would return to Negaunee. The captain of the 1956 team will be Donald Roberts."

## Three Soloists, Choral Units, Chorus Take Part In Concert

Three guest soloists, two choral clubs, and choral representing six local churches will combine their talents Sunday afternoon for the annual Community Christmas Concert, sponsored by the Negaunee Women's Choral Club, which will be presented at three o'clock in Memorial Gymnasium.

Guest soloists will be Carl Peterson, Charles Phare and Miss JoAnn Drake.

Mr. Peterson and Mr. Phare have distinguished careers in this area, as both have been soloists for the Negaunee Male Chorus concerts and have participated in numerous other musical functions. They have selected for their numbers songs from the Christmas portion of Handel's Messiah. Peterson will sing "Comfort Ye My People" and Phare "Ye Shall Feed This Flock." They will be accompanied by Mrs. Clifford Warner.

Miss Drake, who resides in L'Anse-au-Loup, is a vocal soloist at Northern Michigan College. She is a newcomer to Negaunee and is a mezzo-soprano. Her number will sing "Gains Needs the Sky." Adam Gelboi, her accompanist, will be Miss Marian Strangert.

Under direction of Walter Dickey, the male chorus will sing "I have no complaints other than I should be elected to Negaunee City Council." "Now Let Every Tongue Adore Thee" by Johann Sebastian Bach. The

## COUNCIL RACE, TWO PROPOSALS EXPECTED TO ATTRACT LARGE NUMBER OF VOTERS MONDAY

With the majority of candidates seeking seats on the City Council in the annual municipal election Monday this week issuing public statements and publishing advertising, veteran local officials today predicted that the vote should show a marked increase over a year ago, when only 101 ballots were cast.

The 1954 total represented less than one-third of the eligible voters in the city, but election officials said the activity on the part of candidates will interest in two advisory proposals that are on the ballot, will draw a much larger group of residents to the polls, unless the weatherman should come up with another storm.

"I feel that this was a successful season, when you consider that the boys were new to the coach and the coach was new to the boys," Grove said. "We were installing a system that was completely foreign to any of the boys who were members of the team at their annual football luncheon."

"This system we devised to teach was a more wide-open brand of football played on a field in Negaunee were familiar with, but it proved fairly successful in that we scored in every game we played. Incidentally, with this system, the weather worked to our disadvantage in four of the eight games."

**EDITORIALS**

**DO YOUR DUTY MONDAY**

Negaunee residents will have an opportunity Monday to cast ballots for candidates of their choice in the annual city election. This year there are seven candidates in the race for City Council seats and three for the position vacant on the County Board of Supervisors representing Negaunee.

This is an opportunity that qualified electors cannot afford to pass up. If there is one thing that will assure continuance and effectiveness of the Council-Manager form of government in Negaunee, it is the constant effort by the citizenry to elect the best possible representation on the governing body.

If there is one thing that is deconcerting since the present form of government went into effect in Negaunee, it is the growing lack of interest in municipal affairs on the part of local residents.

Granted, Negaunee in five years has come from an "in the red" total of \$100,000 to an "in the black" bank balance. More improvements have been made than ever before, more equipment added, and taxes lowered, but not related. These accomplishments are the result of excellent work on the part of the Council and the fact Negaunee has been blessed with top rate managers.

Nevertheless, it is alarming to see the number of voters on election day decline each year. If it continues a minority will be naming our representatives on the city governing body and this would be most unfortunate. It is not only the privilege — but the duty — of every good citizen to vote Monday.

**ADVISORY PROPOSALS SOUND**

Conforming to the Democratic procedure of obtaining the opinion of the electorate on matters of importance, Negaunee's two governing units, the City Council and Board of Education have scheduled advisory votes Monday on proposals concerning the city and schools.

Although I can advise you, a governing body is not necessarily an advisory vote, a governing body is not necessarily a school Board scheduled the ballot indicates they would take cognizance of the wishes of the citizenry.

In our opinion both propositions are sound and should receive an affirmative vote. The Council desires guidance on whether or not to proceed towards a bond issue by expending funds for preliminary plans on an elevated water storage tank.

This is an item long needed in Negaunee from the safety factor alone. We shudder to think what might have happened on oc-

casions in the last few months when the electric system was out of order temporarily had a fire broken out with no power available for pumping purposes. With a storage tank the stand-by supply of several hundred thousand gallons would be available by gravity flow. In addition, by utilizing the tank during minimum consumption periods during the early morning hours, pumps could be shut off, thereby resulting in a considerable saving in power purchased by the community.

The school proposal also indicates sound planning for the future. The growth in population trend is toward the township districts, they are already sending more than 300 pupils to Negaunee each day, and a movement is now underway to eliminate tuition funds by the state, which would throw the burden of paying for these students entirely on the township districts. In this event, they would undoubtedly erect their own facilities and the Negaunee Public School system would lose this revenue entirely. By annexation, this tuition loss could be compensated for by the fact that millage levied for school purposes in the township would be turned into the treasury of the single district.

We urge a "YES" vote on both advisory proposals.

**Knights Hike Lead In Cribbage Loop**

With three games remaining in the first round of the Negaunee Social Cribbage League, the Knights of Columbus this week increased their first place margin to 378 holes by handling a 148 hole loss to the Moose. In other matches played, the Eagles won from the Legion by 161 holes, while the 2Ks whipped the VFW by 74.

High score honors and complimentary theater tickets for the week went to Roy Broad and George Winora of the 2Ks with a 120 match. Other 1200 scores were made by Lee Winola and Clifford Jenkins of the Eagles, who tallied 1200 Tom Marcorie and Fred Sauschinsky, of the Moose, who registered 1205.

**Attention Negaunee Voters**

**Elect FREDERICK J. BATH As COUNCILMAN**

World War II Veteran.

Member of Rod and Gun Club, American Legion.

**City of Negaunee TAXES**

**ARE DUE AND PAYABLE DECEMBER 1, 1955**

City taxes are payable at the City Treasurer's office from December 1st, 1955, through February 1956 with 1% collection fee.

Office hours are 8:00 A. M. to 5:00 P. M., including the noon hour, but closed on Saturday.

**FRANK E. TOMPKINS, City Treasurer**

## Negaunee Forty Years Ago

At the last meeting of the Negaunee Board of Education, it was decided to open a night school for those who wish to learn to speak, read and write the English language.

Mrs. O. J. LaCombe left Wednesday morning on a visit to her sister, Mrs. Oscar Johnson, at Owin.

The open deer hunting season for 1915 closed Tuesday, and it may be truthfully be said that the greater portion of the hunters who went in the woods were unsuccessful in bringing out the one deer allowed under the new law. Among the fortunate ones however, were F. J. Wastala, J. A. Warmuth, Jacob Salo, J. W. Goudge, A. F. Willman and Julius Johnson who returned Saturday evening from Camp Tredeau with a deer each.

Ray Brotherton was a passenger to Duluth last Sunday. Mrs. J. P. Miller and daughter Claire, arrived home Monday evening from their visit to Cheboygan and Detroit.

George J. Maza, a member of a pioneer Lake Superior family, and one of Negaunee's foremost citizens, died yesterday morning at the family home, East Main street. Mr. Maza had been confined to his home for a number of weeks and during the past month had grown steadily weaker.

Ten! Lake froze over Tuesday

night for the second time this season, and with every assurance that the surfaces will remain sealed until 1916 spring thaws come. The final congealing did not take place last year until Dec. 8.

To shoot at a rabbit three times and then club the animal to death with the butt end of his gun was the experience of a Negaunee sportsman who was out hunting last week. He is to be congratulated on his narrow escape from being run over by the rabbit.

Paul Honkavara received a fine seven-passenger Alco touring car on Monday, which he intends to use in carrying passengers between this city and Palmer. The machine is supplied with an 80 horsepower engine.

A chimney fire at the home of Mrs. John Perala, East Case St. gave the fire department a run at noon hour on Wednesday. Mrs. John Erickson, Case St.,

entertained members of the Bethany Society of the Swedish Lutheran Church yesterday afternoon.

The city system of fire protection hydrants and water mains have all been put in shape for the winter season and are amply protected against the onslaughts of cold and frost.

About everything worth having on this earth has advanced in price except the subscription rate to the Iron Herald.

One of our Negaunee deer hunters is optimistic in asserting there is something as well as enjoyable in hunting. If you were ever turned around in the woods and lost, we hope you will never have to enjoy that pleasant, feeling. To add to this experience, the young man who hunted in the woods at Spruce Crossing was compelled to spend the night in a tree top on account of a pack of hungry wolves. We don't wish to mention any names for the usual joshing the young man might receive, but the story is based on fact.

## Legion Auxiliary Will Sell Wreaths

Announcement was made this week by Mrs. Olga Staples, president, that the John Mitchell Post American Legion Auxiliary will make Christmas wreaths again this year for sale during the Yule season.

This project has been carried on by the auxiliary for several years as money making venture, with funds raised being utilized for the character building activities and charitable programs sponsored by the Legion.

Work on the wreaths will start Tuesday, Wednesday and Thursday afternoon and continue each Tuesday afternoon until orders have been filled. Each member is requested to donate work time at her convenience to the project.

Persons having cold hangers to donate are requested to bring them to the Legion club rooms, and workers are asked to bring scissors as money making venture, for and cardboard boxes.

From where I sit... by Joe Marsh

### Easy Coins A Quick Profit

Hear about Easy Roberts last Friday? I helped him count his money—both before and after—so believe me, the story's true.

Easy was on the way to the bank to deposit his "cooie jar" savings—exactly \$24.95 in nickels, dimes and quarters. He had them in a paper bag and as we crossed Main Street the bottom fell out.

Money went flying. Passers-by pitched in to help recover the coins. Later on when Easy counted up, he had \$55.00. The "hears party" had turned up all of

Easy's money plus ten cents someone else had lost!

From where I sit, I wouldn't want to try this "Easy" way to make money. Usually, it takes time for a bank roll to grow... just as it takes time for a friendship to grow. But by respecting a neighbor's rights—including his right to drink coffee, tea, beer or hotchulic milk, whichever and whenever he chooses—it's wonderful the solid friendship you can build. You can "bank" on that.

Joe Marsh

## Board Publishes Pros, Cons, On Annexation Proposition

In an address to the general election voters will find that the proposition is published in the Michigan Iron Herald, Dec. 5, in connection with the regular municipal election. Residents will read the proposition in the city and the Board of Education has arranged for its own electric staff and other material factors to be

month of the election. Although, according to school laws, the Board was not required to submit this question to voters before taking action, it was felt it was probably the most important step in educational history in the city and should be taken to the citizens of the electorate as the proposal. Voters are urged to study the proposition carefully in the newspaper published and then express themselves at the polls on Monday.

Under the direction of Mrs. Dorothy Stinson three kindergarten pupils are learning about the city life. The results approach include students wearing headbands, a large 6' order line dress.

Third grade pupils in the arena taught by Mrs. Carl Peterson, embellished their mothers at a map table party, following conclusion of a unit of work, which parents were invited to attend.

Recent where a committee representative attended in the sixth grade taught by Mrs. Elsie Hironaka to analyze the effects of reading, which members arranged on the bulletin board-part in a study on Geography and maintaining the bond.

# Here Are The Facts On The SCHOOL ANNEXATION PROPOSAL

(Annexation of Negaunee and Richmond Township School Districts to the City of Negaunee School District No. 1)

Presented Herewith Are Factors Involved In The Proposal And Answers To Questions Already Asked

### ADVANTAGES OF ANNEXATION

1. Negaunee is the Community Center of All Three School Districts.
2. Business and traffic flow towards the School Center.
3. Children of these three Communities would receive equal opportunities by being offered the same Education Program.
4. The more children there are enrolled in a school system, the smaller is the cost per pupil.
5. It will provide a greater valuation base in the event future expansion of the school plant becomes necessary.
6. If annexation does not occur and the township school districts are required to erect buildings, it will mean, with their limited tax base, a levy of about 25 mills for 30 years on Negaunee industries located in these districts. This would be 12 mills more than the present tax levy for schools in Negaunee.
7. If more buildings are needed in Negaunee, a single district would have a valuation of \$25,000,000, and the construction would require a levy of about only one mill.
8. To maintain a Class B High School in Negaunee annexation is necessary, for if the township school districts no longer enrolled school children here, Negaunee would slip back to a Class C School. This happened in another Upper Peninsula school this year.
9. Enrollment of Township students elsewhere would cost the Negaunee system \$50,000 in tuition if membership funds.

### DISADVANTAGES OF THE PROPOSAL

1. One of the Township school districts has already approached the State Department of Public Instruction regarding steps that must be taken toward construction of its own school.
2. This district has a valuation of \$1,500,000 and the construction of the school building would require a minimum of 10 additional mills. The tax levy now is approximately 15 mills. This district now sends 207 students to Negaunee. Ten years ago the same district was sending 30 students. This could be a financial disadvantage to that district, to any resident from Negaunee owning property in that district, and also to the City of Negaunee.
3. Through Annexation Negaunee would lose its present tuition revenue, but this would partially be offset by increased state aid for membership, and the broader tax

base. However, there is now a movement underway to eliminate state aid for tuition purposes, which has the support of state organizations.

4. There will probably be an initial loss in revenue derived by the Negaunee School System, but this will be offset by present balances in treasuries in township school districts.

### OTHER FACTORS INVOLVED

1. Board of Education members would be elected at large in the single school district; thereby giving township residents a vote in selection of the Negaunee School Board.
2. All school property under annexation would become part of the common property of the district.
3. All school personnel now employed would continue under contract.
4. This program did not originate with the local administrator or Board of Education. It is the problem of all three districts, and the movement to reduce school districts is advocated by the State Legislature and Michigan Department of Public Instruction.
5. Michigan Laws do not require that this proposal be submitted to a vote of Negaunee residents. However, it is probably the most important step under consideration in the history of the Negaunee Public Schools and the Board of Education is deeply concerned, and recognizing its responsibility to the people, very earnestly desires to obtain the opinion of the electorate.

**Be Sure to Express Your Opinion at the Polls Monday, Dec. 5**

**POLLS OPEN FROM 7 A. M. TO 6 P. M.**

## North Of The Straits

**MANISTIQUE** — A resolution urging amendment of the Michigan commercial forest reserve act will be considered at a special meeting of the Schoolcraft County Board of Supervisors on Tuesday. An application has been made by the Escanaba Paper Company to transfer approximately 22,000 acres of their Schoolcraft County timber lands to commercial reserve area, which would take the land off tax rolls in several townships and, in the opinion of Supervisors, seriously reduce necessary tax income for county and school purposes.

**CRYSTAL FALLS** — Clinics for the first injection of Salk polio vaccine to pupils in the kindergarten, first and fourth grades of all schools of Iron County were concluded yesterday. The Clinics were arranged by the Iron County Health Department in cooperation with physicians of the county medical society. Immunizations were free.

**GLADSTONE** — The new city parking meter ordinance became effective here Monday with residents parking one hour for the privilege of paying 12 minutes in the area where meters were installed. Violators will be ticketed and given 24 hours in which to settle for the violation by payment of a 50 cent fine.

**ONTONAGON** — Plans have been completed for a blood bank to be operated at the Ontonagon Memorial Hospital for the purpose of drawing blood for replacement. Persons desiring to build reserves either for their family or organizations may give blood at this time.

**GLADSTONE** — A new state law, which requires immediate taxation on the state equalized valuation is responsible for an additional increase in local taxes over and above the six mill increase in school tax voted by Gladstone property owners last July, according to a statement

by the Gladstone Board of Education. The new regulations, which results in a raise of 2.6 mills additional for the school and 1.5 mills for the county, will also net the City of Gladstone some 4.1 mills unless, steps to change the situation are taken prior to the collection of city taxes. The state equalized valuation for Gladstone is \$4,000,000 as compared to \$3,892,440 set by the county. Because tax rolls have already been prepared, local authorities have no choice but to place the rate sufficiently high to collect the same amount that would be raised if the valuations were at the required point. This has resulted in a tax rate of \$24.38 per \$1,000 valuation for county and school purposes with the schools receiving \$15.38 and the county \$9.00.

# Regular City ELECTION

## To the Qualified Electors:

NOTICE IS HEREBY GIVEN, That a Regular City Election will be held in the

## CITY OF NEGAUNEE

## Roger Jennings Named On Free Press All-State Grid Team

For the first time in a decade, Negaunee High School placed a man on the All-State football team, when Roger Jennings, Mine and Blue end was placed on the eleven published by the Detroit Free Press.

Selection on the All-State team culminated an outstanding year for Jennings, who previously had been named on the All U. P. team by the Upper Peninsula Sports Writers Association and the Great Lakes Conference senior team, selected by conference coaches.

Jennings, playing his first season as a regular, set what is probably a scoring record for Peninsula ends by tallying 51 points. He scored eight touchdowns, seven of them on runs and one by scooping up a fumbled punt, and three

points after touchdown on passes. He is the first Negaunee player to receive All-State recognition since 1945, when his cousin Bill Jennings, currently coaching at Newberry, was named as a half back.

Selection of the All-State team was made by a panel of six coaches, with the Upper Peninsula represented by Dick Bonifas, Marquette, Coach. Coaches' weekly articles during the season based on written reports submitted to them by other coaches in the area. Panel members, meeting over the weekend for two days in Detroit, selected the all-star squads from the hundreds of reports submitted by coaches, officials and reporters.

Named a member of the All-State second team was Tim Zinkula, star linebacker back. Five Peninsula players were honored by selection on either first or second All-State teams chosen for Class B and Class C. LeRoy Villeneuve, Escanaba Holy Name tackle; Mel Peterson, Siohaphoon center; and Ron Steiner, Iron Mountain halfback, were chosen on the All-State Class B team; while Tom Walker, St. Ignace center, was named on the Class C first team. Named on the Class C second team were Ray Moughlin, Norway guard, and Walt Houghton, Gladstone back.

ST IGNACE — Another milestone has been completed in the town's development with the erection of a huge 408 foot south back stay span, which was floated on barges and placed on large concrete piers.

## Miners Win 2 On Gogebic Range Trip

Negaunee High made a clean sweep of the twin bill on the Gogebic Range, which opened the Mine and Blue 1955-56 basketball schedule, when the Miners outclassed the Bessemer Speed Boys 44-35 after whipping Ironwood in the season certain riser.

Harry Sorin's quiet rolled into a 12-9 first quarter lead, increased its margin to 17 points at halftime by outscoring Bessemer 11-2 in the second period and then outlasted Ironwood.

With two minutes gone in the fourth quarter, Negaunee led 41-21 and Sorin removed two sugars, Roger Jennings and Bob Herman. At the halfway mark of the final stanza the remaining Miner regulars came out with 13 to score 43-25. Thus in the last four minutes Bessemer required 10 points to Negaunee's one as Miner reserves failed to tally a field goal. Negaunee played without the services of regulars Lou Chiri and Jim Stobanus plus Submitt Dan and David Lindstrom. All three were disciplined by Coach Sorin for watching television Tuesday night in the hotel lobby when they should have been in their rooms. Sorin did not permit any of the trio to dress for the game but indicated the suspension was for only the Bessemer contest.

 Anson Lowenstein, Attorney

Look at the trucks that are  
**ALL-TRUCK**

**New INTERNATIONALS—**  
**All-Truck Built to save you the BIG money!**

To save the BIG money on the job you need a truck that's all truck. And we've got 'em.

They're trucks that are built from the drawing board out as trucks. With no passenger car engines or components asked to do a truck job.

That pays off in BIG-money, because your truck stays on the job longer,

more dependably. Repairs are fewer, and less costly.

And for all their money saving value, we can show you the right truck for your job that can't be beat for comfort, performance or style.

But there's no need to take our word for it, when you can come in and see for yourself. How about today?

**INTERNATIONAL TRUCKS**

Your job is covered in the world's most complete truck line. We offer the right truck for your job, from 1/2-ton pickups to 50,000 lb. off-highway trucks.
