BICENTENNIAL
LET'S MAKE IT
A GOOD YEAR

BUDGET CUT STEPS TAKEN BY WHITE PINE SCHOOL BOARD AT THURSDAY MEETING

Faced with the necessity of paring \$100,000 from next year's operating budget, the White Pine School Board took a number of steps toward accomplishing the reduction at last Thursday's meeting.

The steps were taken following a public forum meeting held the week before in which the Board explained the condition of the School District and invited audience comment and question participation in an effort to receive and evaluate public sentiment.

Termination notices were offered to two faculty members at Thursday's session; Mrs. C. Domitrovich, a first grade teacher, and Mrs. J. Valesano, half-time librarian, were so notified. The reduction of the custodial staff by one member was also approved, resulting in the termination of Gerald Knickerbocker effective June 30th.

The remainder of the staff were also offered notices of possible termination. This was necessitated by a combination of circumstances: Teacher contracts require a 60-day notification prior to the date of expiration of contract. Because of uncertainty over the May 18th millage election, Allocation by the Allocation Board not yet being firm, and the fact that the employment situation in the district is resulting in a decline in school enrollment, the 'possible' termination notices to all staff were necessary at this time.

In addition to the staff reductions, the Board made a number of cuts or reductions in regular line items from the operating budget. Also, all non-revenue sports - those involving students in Grades six through nine - were cut. Track for the high school age group will be continued but a charge for admission will be made. Bussing cuts will also be made with the elimination of the Evergreen Acres and Trailer Court routes.

The total amount of reduction accomplished is roughly \$65,397, leaving \$35,000 short.

In other business covered at the meeting the June 14th School Board Election was discussed and it was noted that two positions will be open. The positions now held by Tom Johnson and Mrs. June Aho are expiring. A resolution was passed recommending a Vote of Thanks be expressed to the twenty-two staff members who donated their time and effort at the U.P. Winter Games held in White Pine. Discussion regarding a Coaching Clinic to be held in Escanaba and permission for David Koski to attend was held.

A report on the High School Band trip was given and it was decided that the Band would attend the event at Traverse City next month, but that no contribution toward the trip would be made by the School District.

An additional matter receiving attention during the meeting was that of Special Education programs for the dis-

trict. A resolution was passed by the Board and sent to the Governor and the state representatives requesting that a stronger part be played by the State in the funding of the Special Education Programs. The In-Service Day for teachers was set by the Board for Friday, April 2nd.

WHITE PINE PRODUCTION WILL INCREASE ALLOWING RECALL OF 250 WORKERS

On March 17th, the Copper Range Company Board of Directors approved an increase in mine production at White Pine.

Effective March 29, mine production will be increased to approximately 9200 tons per day, an increase of about 50% over the previous level. A second mill section will begin operation at that time.

This plan will result in the recall of about 250 hourly personnel to full-time status. Most of these additions will be in the mine, but there will also be people added in surface operations.

The increase will also result in the recall of some salaried employees to fulltime status; however, others will continue on the short work week basis. In addition, some of the salaried employees who are not required for the levels of production contemplated in the immediate future, but who will be required when business conditions dictate a return to a full production basis, will be placed on a layoff status. These employees are advised to apply for the State Unemployment benefits. The company will continue full fringe benefits for this group, including pension credits, and will inaugurate a supplemental unemployment benefit payment system for those who qualify.

C. O. Ensign, President of the company, stated in a letter to employees, that, "It is impossible to state how long this stage will be in effect since it is dependent entirely on conditions in the copper market." Ensign said that copper production for April has been sold but uncertainty over copper demand for May exists. On March 22 the White Pine price for copper was increased to 66¢ per pound.

Ensign closed the statement to employees by saying, "As I wrote to you earlier, we must continue every effort to conserve cash until profitability returns. I will keep you informed of major developments."

JAMES E. CLARK ANNOUNCES CANDIDACY FOR ONTONAGON COUNTY CLERK

Ontonagon Village Clerk James E. Clark recently announced his candidacy for Ontonagon County Clerk.

Clark will run as a Republican. He is a life-long resident of Ontonagon. A self-employed contractor, he is a Navy veteran, married and the father of eight children.

Clark, in announcing his candidacy, stated, "I believe the office of County Clerk requires someone who is knowledgeable and who has the necessary experience to continue the fine service provided by our retiring County

Clerk Irene Wolfe."

"My experience as Ontonagon Village Clerk and my interest in good government are two qualities I believe essential to this office. If elected County Clerk, I promise you continued personal service and 100% of my time devoted to this important job. I want to devote my life to the people of Ontonagon County and pledge to do everything necessary to make our county a better place to live," said Clark.

BLOOD PRESSURE CLINIC SCHEDULED

The Western Upper Peninsula District Health Department will be holding a Hypertensive Screening Clinic for adults attending evening classes under the Community Schools Program. This clinic will be held on April 8, from 6:00 p.m. until 9:00 p.m. at the Ontonagon Area High School. The purpose of this clinic is to detect people with high blood pressure and refer them to their family physician for care. Hypertensive booklets will also be available.

This clinic is not intended for monitoring the blood pressure of those people who are already on anti-hypertensive drugs and under doctor's care. This is a free clinic and is open to the adult Community School night class students.

Hypertensive Clinics will be held periodically in different locations throughout Ontonagon County. Check newspapers or contact the Western U.P. District Health Department by calling 884-4485.

CLEARINGHOUSE FOR PARENTS OF CHILDREN HANDICAPPED OFFERED BY HEW

The ambiguous term, "special children" refers to youngsters who are physically handicapped or who have emotional problems, including mental retardation, learning disabilities and autism. Sometimes the symptoms are so subtle parents may not realize anything is wrong until the child starts failing in his schoolwork. Then they don't know what the trouble is or how to deal with it.

"Closer Look," a program sponsored by the U.S. Department of Health, Education and Welfare, provides a clearinghouse of information for parents who don't know where to begin to look for help. If you write to CLOSER LOOK, Box 1492, Washington, D.C. 20013, you will get back specific advice on how to spot a disability in a child, what to do about schooling, where to find special education programs, job training, financial aid and parents' organizations.

The service will also provide you with a complete list of all the education officials, special schools, homes and hospitals treating such children in your state. Upon request, it will also include a list and explanation of your state's laws regarding handicapped children and a listing of your state's vocational schools. In addition you'll get a free subscription to its informative newsletter.

2022.15.12

OBITUARY

MISS A. BLOOMQUIST

Miss Adele Bloomquist, 73, of Rockland, died on March 20th, at the Ontonagon Memorial Hospital.

She was born June 22, 1902, in Australia and came to Rockland with her parents when she was 12 years old. She resided there since, graduating from the Rockland High School in 1922. Until retiring several years ago, she had been employed as a teller at the First National Bank in Ontonagon.

A brother, William died in 1975. No other survivors are known.

The Allen Cane Funeral Home was open for visitation at four on Monday and funeral services were held at the Rockland United Methodist Church on Tuesday, March 23. Entombment was in the Rockland Vault for spring burial in Woodlawn Cemetery.

BURTON MARTIN

Burton Martin, 64, a lifetime Greenland resident, passed away on Saturday evening, March 20th.

He was the son of Mr. & Mrs. Ephraim Martin and was born August 4, 1911, in Greenland. He spent his life there and was employed as a laborer in various occupations.

He was a member of the United Methodist Church, Greenland, a veteran of World War II, Lake Superior Post VFW and the DAV, Mass post.

Surviving are two brothers, William of Hot Springs, Calif., and Bennie of Greenland; a sister, Mrs. Myrtle Buzzo of Rockland, and numerous nieces and nephews.

The Allen Cane Funeral Home handled the funeral arrangements with the funeral service held at the United Methodist Church, Greenland on Wednesday, March 24th. Interment was at the Maple Grove Receiving Vault with burial in the Maple Grove Cemetery in the spring.

JAMES HEARD

James T. Heard, 74, passed away on Thursday, March 26th, at the Ontonagon Memorial Hospital.

He was born April 22, 1901 in Ontonagon and attended Ontonagon Schools, graduating in the high school class of 1919. He also graduated from the University of Michigan. He was employed as a chemist at the local pulp mill until 1949. He was also employed as a pharmacist at a local store for a short time. He served as a pharmacist mate in the U.S. Navy during W.W. II. He had been retired for the past 25 years.

He was a member of the Ontonagon Masonic Lodge, the Episcopal Church and the Lake of the Clouds Post VFW.

A twin brother, Lloyd of Ontonagon and six nieces and nephews survive.

The Allen Cane Funeral Home opened for visitation on Sunday at 4 p.m. Masonic memorial services were held on Sunday evening at the funeral home.

Funeral services were held on Monday at 2 p.m. from the funeral home with the Rev. John Lusth officiating. Interment will be in the Riverside Vault with spring burial in the Riverside Cemetery.

EMIL MAKI

Emil Maki, 85, a long-time New Calumet area resident, passed away at the Medical Care Facility, Ontonagon, on Thursday, March 26th. He had been a patient there since August.

He was born June 4, 1890 in Finland. He came to the United States in 1909 to the Copper Country area, where he was employed in the mines. In 1913 he married the former Hanna Lahti and she

preceded him in death in 1921. He married the former Mary Kinnunen in 1922 in Baltic. They moved to the New Calumet area in 1935 where he was engaged in farming. His wife died in 1967.

Surviving are five daughters, Mrs. Louie (Alma) Perskari, Houghton; Mrs. Ivar (Erma) Erickson, Greenland; Mrs. Leo (Elma) LaMoine of West Allis, Wis.; Mrs. Gordon (Esther) Heeter, Elkhart, Ind., and Mrs. William (Lorraine) Kuhl of Rockland, Ill.; a son, Eino of Milwaukee; 10 grandchildren and 15 great-grandchildren.

The Allen Cane Funeral Home opened for visitation on Sunday at 4 p.m. Funeral services were held at the funeral home at 10 a.m. on Monday with the Rev. Donald Reichers officiating.

Interment will be in the Maple Grove Receiving Vault with spring burial in the family lot, Maple Grove Cemetery.

CLUBS

WHITE PINE BOOSTER CLUB HOLD MEETING

The White Pine Booster Club held their regular meeting on March 11th, at the Konteka. The minutes of that meeting follow:

Present: J. Giuliano, R. McNabb, E. Helakoski, P. Lencioni, J. Hilden, K. Manninen, Mike & Dan Calhoun, Tim Stieg

President McNabb called the meeting to order. Minutes of the last meeting were approved as submitted. Treasurer Giuliano reported no change in the financial report since last meeting. It was agreed to change the date of the Athletic Banquet from Wednesday, June 2 to Tuesday, June 1. The main reason for the change was because of graduation being held on Thursday, June 3. It was felt that one day between activities would be better for all concerned. The officers of the Booster Club agreed to meet before the next meeting to draft a budget for 1976 which would be subject to approval by the membership. Three members of the White Pine Ski Club, Mike & Dan Calhoun and Tim Stieg, were present and thanked the Booster Club for financial assistance to attend Indianhead Ski Camp and each gave a short talk on their experiences gained by the attendance.

The following changes were made with respect to the Constitution and Bylaws of the White Pine Booster Club.

Article III - Membership - Section 1: Change to read: "Membership in the Club shall be open to all adult residents of the school district." Delete: "and dues shall be set at \$1.00 per year per member. Non-voting or courtesy memberships may be offered by the Club."

Article IV - Government - Section 1: Add: "A member in good standing is defined as one who has attended at least three meetings during the previous 12 months."

Article V - Finance - Add new section, Section 5: Financial disbursements to activities or groups sponsored by the White Pine Booster Club and voted on at a regular club meeting may be subject to review by a finance committee consisting of the officers of said Booster Club if the initial vote is not unanimous."

The meeting was adjourned followed by serving of coffee and pie. The next scheduled meeting will be on Thursday, April 8, 1976, at 6:30 at the Konteka.

"LEGION NOTES"

.....
NONESUCH POST 462 - WHITE PINE, MI.

The next Legion Meeting will be held on Tuesday, April 13th. Hopefully, more members will take an interest in attending meetings.

The Legion will be a sponsor for American Legion baseball this coming sum-

mer. Dave Brabank has agreed to assume the duties of Baseball Chairman for the Post. Mr. Monville of Ontonagon will be the Manager. This project was initiated by the Auxiliary ladies of the former Ontonagon Legion Post.

A 12th District spring meeting will be held at Lake Linden on April 10th. Interested Legionnaires should contact the Commander or Adjutant if they plan to attend.

LOCAL and SOCIETY

ENGAGEMENT ANNOUNCED

Mr. & Mrs. John Marander, White Pine, are pleased to announce the engagement of their daughter, Melanie Lynn, to Wayne Carrier, son of Mr. & Mrs. William Carrier, Waukegan, Illinois.

The bride-to-be was employed at Bob's Carpet & Furniture, White Pine. Her fiancé is employed with Johnson Motors Inc., of Waukegan.

A May 15th wedding is being planned at the Trinity Lutheran Church in Boul-dur Junction, Wisconsin.

"HORT FACTS" FROM MSU INFORMATION DEPT

*One of the first contributions of the colonies in the New World was the introduction of new foods to the tables of the Old World. Corn (maize), lima beans, potatoes, sweet potatoes, beans, tomatoes, green peppers, Jerusalem artichokes, sunflowers, pumpkins, squash and peanuts are all native to the Americas...

*Did you know that Arkansas, Louisiana, Texas and California produce more rice than the United States people can consume?....

*The word "corn" means different things to different people. In many areas of Europe, "corn" means wheat and other cereal grains. What we think of as corn is called maize....

*The sweet potato is not a true yam-- it is a member of the morning glory family.....

*The yams you buy in the supermarket are probably sweet potatoes. True yams are a tropical root crop....

CANCER IN CHILDREN STATISTICS

Cancer is second only to accidents as the cause of death for children under 15 years of age. Childhood cancer accounts for 1 out of 28 deaths compared to adult figures of 1 out of 6. The incidence and death rate has decreased in recent years. The most common forms of childhood cancer are leukemia, brain and central nervous system, lymphomas, kidney and bone. Cancer kills more children between the ages of 3 and 14 than any other disease. Leukemia accounts for one-half of these deaths. In Comprehensive Cancer Centers, the five-year survival rate rises to 50% for children with acute lymphocytic leukemia. These results reflect aggressive treatment, more than 60% of leukemia cases in children are of this type.

YCC APPLICATION DEADLINE APRIL 1

The final date for acceptance of applications for the 1976 Youth Conservation Corps program on the Ottawa National Forest has been extended from March 15 to April 1, according to M.K. Lauritsen, Forest Supervisor.

Extension of the cut-off date was necessitated by the three-fold increase in the 1976 program, and the need to insure that all interested youths have an opportunity to apply for enrollment, according to Lauritsen. In addition to the Golden Lake Resident Co-ed Camp near Iron River, Michigan, with a capacity of 28, the Ottawa plans to open another Co-ed Resident Camp at Nesbit Lake, 8 miles south of Sidnaw, with a capacity of 60 young people.

The non-resident YCC Program will also be increased from 12 Co-ed enrollees in 1975 to 60 in 1976.

In the non-resident program, the youths live at home and report to work at the various Ranger District Offices each morning, Monday through Friday.

In the resident program, the youths live at one of the camps seven days a week, and work five days a week on one or two of the nearby Ranger Districts.

"The YCC Program," explained Supervisor Lauritsen, "is designed to provide young people, ages 15 through 18, with a summer job, while helping them develop an appreciation for America's natural environment. In addition, the National Forests benefit by YCC enrollees' work on needed conservation projects."

Enrollees in the non-resident program are paid \$13.20 per day for a five-day week consisting of 30 hours work and 10 hours of Environmental Education.

Enrollees in the Resident Program are paid \$7.43 per day, plus room and board for a seven-day week consisting of 30 hours work and 10 hours of Environmen-

tal Education.

All programs will run for eight continuous weeks, with the Golden Lake Resident Camp and the Forest-wide Non-Resident Program scheduled to open about June 28, and the Nesbit Lake Resident Camp scheduled to open July 5.

All Michigan youths, ages 15 through 18, are eligible to participate. Interested youths should contact their High School Advisor, or other appropriate official, immediately for an application form in order to meet the April 1 cut-off date.

Any questions concerning the YCC program should be directed to Arnold Sartori, Forest YCC Program Manager, in Ironwood.

LAST CHANCE TO ORDER TREES FROM OSCD

This is the last week to order trees from the Ontonagon Soil Conservation District. The deadline to order these seedling trees is April 1. Orders cannot be guaranteed after that date.

White pine, red pine, Scotch pine, white spruce and Douglas fir are available. The price is \$7 or \$8 per hundred, depending upon the specie. Orders of 500 or more of one specie are cheaper.

To obtain an order blank, write or call the Ontonagon Soil Conservation District, 200 River St., Ontonagon, 49953; phone 884-2141.

Buyers will be informed of the place and time of pick-up. Usually, the trees arrive around the middle of May.

RED OWL ANNOUNCES BICENTENNIAL BINGO WINNERS

The Bicentennial Bingo being sponsored by the Red Owl Stores of the area have produced a sizable list of winners to date.

The Ontonagon Red Owl Store presented Randy Ongie of Ontonagon with \$100 last week. Other winners at that store were: \$2.00 - James Fyfe, Norman Parander, Anita Anderson, Ann Fraki; \$1.00 - Clarice Strong, Joan Immonen, Ronald Pestka, Emery Ylitalo, Joanne Aho, Theresa Corbeil, Karen Rogers, Mary Williams and Kathleen Wilson.

In White Pine Margaret La Pointe, Raymond Louma, Charlene Husar, Jerry LaFerrier won \$2.00 each. Winner of \$1.00 was Ralph Hill. One \$5.00 winner was announced, Sheila Robertson.

NATIONAL ACADEMY OF SCIENCE COMMITTEE RECEIVES STATEMENT FROM ANTI SEAFARER GROUP

Washington, D.C. - People Against Sanguine/Seafarer presented the following statement last week to members of a National Academy of Science Committee conducting public hearings in Washington, D.C. on the safety of the Navy's controversial Project Seafarer.

The Navy-sponsored committee will study and assess the present scientific knowledge concerning the biological and ecological effects of Seafarer's Extremely Low Frequency radiation. The committee's report is due next December.

Dear Seafarer Committee Members: It is not possible for our group to be represented in person at your hearing on the Navy project Seafarer. For this reason we ask that the following statement be read aloud.

We have general objection to the way in which the Navy's research program into the biological effects of ELF radiation has been conducted. There has been a tendency on the part of the Navy to pursue research projects that promise negative results. Moreover, in public relations materials prepared by the Navy on Seafarer it happens often that negative findings are given prominence while positive results are entirely suppressed. It has also come to our attention that the Navy, in some instances, has stopped it's funding of programs that produce results damaging to its plans (e.g. William Southern's gull chick experiments.)

We should like additionally to remind the members of the NAS committee that the examination results showing elevated triglyceride levels in the blood of workers at the Clam Lake Test Facility in Wisconsin have yet to be made public. We would suggest that these results, that go back now several years, be immediately obtained and evaluated by your committee. Mem-

bers of our organization were promised several months ago by the Navy that these potentially important facts would be made public in a matter of weeks. We would remind the NAS committee also that the blood serum levels were normal in these same Clam Lake workers. We would also call your attention to the fact that your review of the important problem of ELF effects on humans will be necessarily defective because the initial experiments showing possibly adverse consequences (Beischer et al) were not and have not been followed up. Effects of ELF radiation on humans in the period of time during which your committee will be in deliberation

The Navy has no specific plans to initiate studies involving the effects of ELF radiation on humans in the period of time during which your committee will be deliberating. Thus, the only certain basis for an opinion on this important matter are the experimental data from several years ago, which the Navy now tries privately to discredit, and the Clam Lake examination results that the Navy has thus far succeeded in withholding from public scrutiny. In the U per Peninsula the suspicion is widespread that the human population living in the area of the antenna grid will be the test subjects for the next important phase of Pentagon research.

Finally, the people of our organization are chagrined at the lack of sensitivity indicated by your decision to hold a public hearing 2,000 miles away from the people who will be ultimately affected by your conclusions. It is doubtlessly a convenience for the press and the Department of Defense; but for those of us who have had to deplete our incomes and personal savings merely trying to remain abreast of developments in the Seafarer question, the holding of a public hearing in Washington is a cruelty and an outrage.

s/Respectfully
People Against Sanguine/
Seafarer

(Anyone interested in contacting members of the People Against Sanguine/Seafarer group may write: P.O. Box 426, Ewen, Michigan, 49925.)

DISTRICT RANGER REPORTS ON PRESCRIBED BURN IN OTTAWA CARRIED OUT '75

District Ranger Dan Murphy of the Bergland Ranger District, Ottawa National Forest, recently issued the following report on last May's prescribed burn in the area referred to as the Norwich Plains. This area is located off the Norwich Road in Section 23 of T49N, R41W.

The prescribed burn was carried out as planned May 8, 1975. Some of the weather factors hoped for and what we got at the time follows:

Temperature: Desired 60° or higher, Actual was 71°; Wind Direction: Desired from the south or southwest; Actual N & NE; Wind Velocity: Desired 5-10 mph (steady); Actual 2-5 mph (calm to variable) Days Since Last Rain: at least 5; Actual was 4; Relative Humidity: 20-40% desired; actual 36-40%.

Since conditions were not highly favorable, we did not get the results we hoped for. Two critical reasons we went ahead anyway were: 1) Grass and shrubs were starting to green-up and optimum conditions for burning were beginning to deteriorate; 2) The weather frontal system moving toward the area at the time would have caused us to postpone our plans for at least another week, and by then green-up would have been too far advanced.

Shortly after lunch we started the firing process, proceeding in a pre-planned manner along the fireline previously established for us by the State

P.O. BOX 371
WHITE PINE, MI. 49971

DNR people from Wakefield. The fireline was made with a fireplow, a device similar to a garden plow, and intended to provide a barrier of mineral soil to prevent fire spreading outside the planned area. By about 2 o'clock, all the line that would burn had been ignited. We attempted to burn out areas the fire missed, and continued this until 6 or 7 p.m.

We were only about 50% successful, i.e. only about half the area received any fire action. While adverse weather factors did not help, probably the condition of fuels was most critical. In the spring, water tends to pool on the surface of the heavy clay soils and this coupled with the matted grasses because of winter snows, inhibited optimum conditions for carrying the fire.

While the burn itself was not successful, there were some other benefits. Our people gained some experience in this type of work. It appears that tag alder and willow are affected by "cool" burns. The few song birds in the area at the time did not seem disturbed and were observed using the same area the next day. Changes in soil chemical properties will be temporary and probably return to pre-burn status by this spring. As our main objective was increasing soil productivity, and this can be met by the highest rate of organic turnover, some soil improvement can be expected. It also raised some questions, particularly as it regards time of year for this type of work. Perhaps a fall burn would be better and insure more positive results. We plan on this in the future when an analysis determines that the best results desired can be met using prescribed fire.

**SCHOOL
LUNCH MENU**

WHITE PINE SCHOOLS - APRIL 5 - 9, 1976

Monday: Pizza, Whole kernel corn, chilled fruit, bread/butter/milk.

Tuesday: Choice of cream of tomato or vegetable beef soup, choice of peanut butter or chicken salad sandwich; carrot/cheese stix, chilled fruit cup, milk.

Wednesday: Copper Country Pasty pie/catsup, cabbage salad/dressing, chilled fruit, bread/butter/milk.

Thursday: Roast beef/gravy, whipped potatoes, buttered green beans, chilled fruit, bread/butter/milk.

Friday: Oven fried fish stix/tartar sauce, French fries, Toss salad, jello/topping, bread/butter/milk.

In the hope that I may help others, I hereby make this anatomical gift, if medically acceptable, to take effect upon my death. The words and marks below indicate my desires.

I give: (a) — any needed organs or parts
(b) — only the following organs or parts

Specify the organ(s) or part(s)

for the purposes of transplantation, therapy, medical research or education.

(c) — my body for anatomical study if needed.

Limitations or special wishes, if any:

YOU CAN GIVE THE "GIFT OF LIFE" - HERE'S HOW: CARRY THIS CARD IN YOUR WALLET. AND, PROTECT YOUR OWN KIDNEY HEALTH. KNOW THESE WARNING SIGNS. 1) PUFFINESS AROUND THE EYES, PARTICULARLY IN CHILDREN, 2) SWELLING OF PARTS OF THE BODY, 3) LOWER BACK PAIN JUST BELOW THE RIBS, 4) VISIBLY BLOODY, OR COFFEE COLORED URINE, CHANGES IN THE PATTERN OF URINATION, INCREASED FREQUENCY, URINATION AT NIGHT, 5) BURNING OR ANY ABNORMAL SENSATION ON URINATION.

UP LAND OWNER MEET AT MARQUETTE APRIL 5

Tony Andreski, Iron River, president of the Upper Peninsula Federation of Land Owners, Inc., announces the program for the Annual Meeting to be held on Monday, April 5, at 2 p.m. (E.S.T.) at the Ramada Inn, Marquette.

The public, as well as all members, are welcome to attend.

Featured speakers will be Lee Botts and Ron Van Mersburg of the National Environmental Protection Agency, Region V, Chicago. They will speak on Federal Clean Air and Water Legislation as it relates to land use and regional planning.

Ray Gummerson of Marquette will talk on the Michigan Commercial Forest Act, Past & Present. He will be followed by David Buell, Escanaba, chairman of the Study Committee on Revisions to the Commercial Forest Act.

Dan Napier, Iron Mountain, will highlight the Relationship of Planning and Regulations. Manager Emil Groth, Lake Linden, will summarize current activities and officers and directors for the group will also be elected.

VEHICLE-MOVING PERMITS AVAILABLE

Michigan vehicle owners can now purchase permits, costing \$2.00, which will allow them to move vehicles from one place to another within a 48-hour period.

Previously, anyone wanting to move a vehicle only from one location to another had to register it and obtain license plates. However, under the new law the secretary of state's office will give out temporary registrations.

SCHOOL NEWS

WHITE PINE SCHOOLS - UPCOMING EVENTS
Wednesday, March 31 - Report cards will be issued for the 3rd quarter;

Thursday, April 1 - High School Forensics at Watersmeet;

Friday, April 2 - Teacher In-service day - No Classes;

Thursday, April 8 - "Pops" Concert, 7:30 p.m., High School Gym.

Note to Parents With Children Starting Kindergarten Next Fall - Please register your child as soon as possible at the White Pine Elementary School. You may do this by calling 885-5721.

W.P. COMMUNITY SCHOOL NEWS

There has been a slight change in the Community School Spelling Bee as reported last week. The District (Ontonagon County) and Regional competition (Gogebic and Ontonagon Counties) will be held at the G.O.I.S.D. office in Bergland on Monday, April 5th, at 1:00 p.m. One Fifty-grader and one Sixth-grader from White Pine, Ontonagon, Ewen-Trout Creek, Bergland, Ironwood, Bessemer, Wakefield, Marenisco, and Watersmeet schools will compete to enter the U.P. Finals in Marquette in May.

There are still openings in the Pre-School and K-2 Swimming classes. There will be an additional charge of \$2.50 per child for Non-Resident (Outside of Carp Lake Township) students.

A few people have indicated interest in Golf and Tennis classes to begin in Mid-April.

Families who have children in the 3rd and 4th grades who may be interested in cooking instruction, call the Community School office for more information on this offering.

Some interest has been indicated in organizing a Crocheting Class. Anyone interested is asked to call the Community School Office, 885-5407.

WHITE PINE BANDS SCORE HIGH AT MEET

On Saturday, March 20, the White Pine Junior High & High School Bands traveled to Baraga to perform in the District 14 1976 Michigan School Band and Orchestra Association Festival.

Beginning at 8:30 a.m., 18 bands performed a march, one of the state-required numbers for their classification and a selected concert piece.

The White Pine Junior Band played 'High School Cadets', a march by Sousa; Little Classic Suite by Akers and Dorian Festival by Erickson. They received II - II - I in performance and a I in sight reading...narrowly missing a I rating. A fine performance they should be proud of, a job well done!

The High School Concert Band played an excellent performance. Tunes of Glory by Cavacas; The Spirit of '76 by Grundman; and Music for A Ceremony by Morrissey. They received a I rating from all three performance judges as well as a I from the sight-reading judge.

This group should be commended for their musicianship and attitude. Many comments were received at the Festival concerning not only their fine performance but appearance, discipline, enthusiasm and respect.

The students voted to attend the state festival in Traverse City on May 1. This year financing a trip such as this will require much hard work by the students as little help is available from the school.

Anyone wishing to help the 1976 Concert Band attend the State Festival, may send donations to Robert Burgess, treasurer of the White Pine Music Boosters Club, or leave donations at the Citizens State Bank in White Pine.

Watch the Nonesuch for further notices about our fund-raising projects. The first will be the "POPS" Concert, Thursday, April 8th, at 7:30 p.m. in the High School Gym. Performing at this concert will be the High School Band, High School Chorus, Junior Band and the Stage Band.

MARGE RAZMUS - PROPRIETRESS

over the Air Care team from L'Anse.

Air Care jumped into the lead in the early going of the first period but the patient Antonio's made up some fine plays at the end of the quarter. It ended 14-14. The second quarter Antonio's picked up the pace of the game running a fast break at every opportunity. But this wasn't enough to take the lead from the stubborn Air Care team as their Tom Clish was nearly unstoppable, using a variety of left and right handed hooks to give his team a 3 point advantage at halftime.

In the third quarter Meneguzzo came out hot and quickly made 6 points to give Antonio's their first lead in the game. The lead changed several times in the quarter, with Antonio's taking a slight lead at the buzzer.

The fourth quarter was also very closely fought as both teams shot at a blistering pace until the last few minutes when Antonio's went for only the high percentage shots. With five seconds left Air Care made a layup to pull within one point but Antonio's was able to get the ball in OK to win the one-point victory and the Class C crown, 60-59.

Antonio's used a balanced scoring attack with Robertson and Lenatz netting 14 points apiece and Meneguzzo 11.

In order to reach the finals Antonio's had to get by three tough teams. They beat the Wakefield V.F.W. in an overtime battle by four points. In the next game they defeated Partenens from Dollar Bay by one point. In the third game they beat Norries Amateur Sport Club by 13 points to make the finals.

Team play was the biggest reason for the Antonio's victory. In the rebounding category Robertson, Gentiline, Dan Floyd, Tom Legualt and Darrel Symons were just too much for the opposing big men to put up with. As far as ball control and playmaking, Mark Gusfridi, Joe Lenatz, Tony Meneguzzo, Mark Pierpont, Donny Wernholm and Jim Poutinen all put in a good job. The timely decisions and play calling of Coach Pete Sorrell were of the utmost importance in game outcome.

STATE INVESTIGATION OF COUNTY SHERIFF CONTINUING

Governor William Milliken is expected to receive a report in about three weeks on the results of an investigation being carried on by the State Attorney General's office and the State Police. The investigation is the result of alleged offenses charged against the current sheriff of Ontonagon County, Donald Powelson by the Ontonagon County Board of Commissioners. The Board requested the Governor to take action to remove Sheriff Powelson several months ago and since that time investigators have been compiling a report for the Governor.

COUNTY BOARD MAY SELECT NEW MEMBER WITHOUT SPECIAL ELECTION

Prosecuting Attorney for Ontonagon County, James Jenkins, has informed the County Clerk, Irene Wolfe, that following a study of election laws he has concluded that it is not necessary to conduct a special election to fill the vacancy in the District Five Commissioner seat vacated by John Strancel.

Jenkins stated that the Board of Commissioners could name the successor to Strancel. All board seats will be up for election in the August primary and November election.

The Ontonagon County Board is expected to discuss the matter at their next meeting. The resignation of Strancel will become effective on April 1.

THE WEEK'S NEWS IN BRIEF

..Michigan restaurants will have to set up no-smoking areas by April of 1977 under a bill signed into law by the Governor last week...

..In other legislation signed by the Governor in recent days - Michigan will reimburse private colleges at higher rates for degrees granted to Michigan students; Clubs which are chapters of a national organization which has had a liquor license for 10 years may apply for a license without a waiting period. The same measure also permits wholesalers to sell or deliver beer and wine to governments of federal Indian reservations. A bill limiting the manufacture, sale and use of polychlorinated biphenyls or PCBs will take effect in April, 1977. A law prohibiting discrimination in employment based on marital status, height or weight will add strength to previous laws prohibiting discrimination based on race, color, religion, national origin, sex, age and ancestry. Making advances in the legislative process are bills which would require grocery stores to label perishable food with the recommended last day of sale; one which would shift \$8 million from the state to the counties for road maintenance and construction, a bill to make it illegal to drive on bald tires of different size or construction on the same axle, and a bill which would reduce for first offenders the penalties for use, possession or nonprofit distribution of marijuana under or not exceeding 18 grams.

..Michigan State University experts now say that iodine, not polybrominated biphenyl - may be the cause of illness in some Michigan cattle herds. In 1973 thousands of cattle and other animals along with large quantities of milk and eggs had to be destroyed because they contained PBB in excess of the three-tenths of one part per million tolerance level demanded by federal law.
