brands of goods and deals from the square  
with all his customers. To be convinced  
call and see me at my sample room on  
the corner.  
245096 FRANK MCCARTHY.

## LOCAL NEWS.

**O. YOU CATAMARAN.**  
The excursion train to Houghton last  
Sunday, was composed of 17 coaches and  
they were all packed full. It is said that  
at least 1,400 people were on the train.

A COLLECTION was taken by a couple of  
Baraga boys for the benefit of Angus Mc-  
Donald, who sustained a serious fracture of  
the leg a few days ago. The collection  
amounted to about \$60.00 we are informed.

THE Torch Lake Times gets wrathy be-  
cause the Iron Herald locates Lake Linden  
in the vicinity of Duluth. Keep your net-  
work on Bro. Wilson; Flynn was the  
author of the article "Irony" at the  
expense of the Harcock base ball club.

A NEW little historical and descriptive  
pamphlet has been issued by C. D. Whit-  
comb, general passenger agent of the De-  
troit & Cleveland Steam Navigation Com-  
pany, describing the places of interest upon  
the route traversed by this line of elegant  
passenger steamers. It is neatly printed,  
and handsomely illustrated, and may be  
had gratis by applying to C. D. Whitcomb,  
Detroit.

**Teachers Institute.**  
The State Superintendent of Public In-  
struction has arranged to hold a three weeks  
Institute, for the counties of Baraga, Hough-  
ton and Keweenaw, at Hancock, beginning  
August 17. The teachers are requested to  
be present and to bring their text books.  
Any inquiries concerning board or other  
matters pertaining to the Institute will be  
answered with pleasure by the undersigned.  
W. J. Cox, Local Com.  
Hancock, Mich.

EVIDENTLY a misunderstanding has arisen  
with regard to the publication of the card  
of Mr. Myers last week concerning Mr.  
Trombly. As no name was signed some  
seem to think that the article should be con-  
sidered as the editor's own production. We  
would state that whatever is inserted under  
the head of "a card" is not intended as the  
utterances of the editor, and whether a  
name is signed or not does not alter our re-  
sponsibility as a publisher. As to the dif-  
ferences between the two gentlemen named,  
we know nothing except from hearsay and  
have no further interest in the matter than  
any other private citizen. The columns of  
the SENTINEL are open to all upon the same  
terms, as Mr. Trombly knows, but we don't  
want to be mixed up in the matters which  
we are asked to publish.

**Persons.**  
Hon. A. P. Sibleyford paid our village a  
visit last Tuesday. He is en route to his  
new home, Alaska.

Ex-congressman R. G. Horr was in the  
county again this week looking over the  
Silver River and Huron Bay slate proper-  
ties.

Capt. Hooper, of Avron, was out for a  
breath of fresh lake air yesterday. He  
expects to go below on a two weeks trip  
Tuesday or Wednesday.

W. H. Deo of Houghton is around em-  
bossing for the Grant Memoirs. He is the  
authorized agent for this county and the  
copper district.

Mrs. Minnie Smith, the Marquette Jour-  
nal's accomplished proof reader, will spend  
several weeks at Pequaming this summer  
visiting friends.

Miss Daisy Mason visited friends at Pe-  
quaming a few days this week.

Ex-governor Felch passed up the line  
Thursday to visit his daughter Mrs. Cham-  
ber, at Houghton. The old gentleman has  
been an important figure in Michigan political  
history in years gone by.

Capt. James Pascoe, formerly superin-  
tendent of the Champion mine, made a  
brief stop at this place last Thursday, to  
dispose of a lot of fine fat steers, which he  
and Fred Bishop raised on their Champion  
farm. He expects to return to his farm at  
Marblehead, Iowa, soon.

Mr. and Mrs. Roberts of the Delaware  
mine, Keweenaw county, are visiting 35c.  
and Mrs. A. C. Davis this week.

Miss Lillie Foote has returned from her  
visit to Marquette, where she has been so-  
journing the past month.  
Miss Emma Glazier of Marquette is vis-  
iting at L'Anse, the guest of the Misses  
Foote.  
H. D. Fleisher of Florence, accompanied  
Hon. R. G. Horr on his tour of inspection to  
our slate fields.  
After a thorough test D. J. Norton,  
L'Anse and Baraga, most positively asserts  
that Acker's English Mincey is the best  
medicine for Asthma, Croup, Whooping  
Cough, Croup, and all lung troubles that  
can be found. Ask him about it, for he  
fully guarantees it.

The Peninsula Record is offered for sale  
or lease to "some bright, energetic young  
man." To such an one the proprietor will  
make liberal terms.

The Houghton Gazette says that R. M.  
Horr and H. Sollen have secured the con-  
tract for building a portion of the Hecla and  
Torch Lake railroad, from the mine to the  
stamp mill at the lake.

Gordon Hosser, the driver of the trotting  
horse "John R.," has been arrested for horse  
stealing and was taken by the sheriff of  
Iloone county, Ills., to Belvidere where he  
will be tried if the case is not settled. Hos-  
sick is undoubtedly a crook.

The many friends of Mr. Michael Ryan  
in this village will be pained to learn that  
his wife died very suddenly at Marquette  
last Friday. Mr. Ryan was the daughter  
of Mr. and Mrs. August Heinso, of Green-  
land, where the body was taken for inter-  
ment.

The report that Mr. John Q. McKernan  
had been appointed postmaster at L'Anse,  
proves to have been quite correct. He was  
notified of his appointment some ten days  
ago and has forwarded his official bond  
for acceptance. As soon as that is approved  
of his commission will be forwarded and he  
will enter upon the duties of the office.

We congratulate Mr. McKernan on his  
good fortune in securing this official plum  
and predict that his administration of the  
office will throw no discredit upon the  
Democratic party. We have not learned yet  
where the office is to be located.

SATURDAY's tabernacle meetings are attracting  
large crowds in our town, and many have  
been reached through this irregular gospel  
effort. The evangelist has been set apart  
for this special work by the wisdom of the  
conference, and his methods have met the  
approval of the different churches. He is  
faithful in his public ministrations and rec-  
less as to the opinions and likes of his  
hearers. He handles the scolding religion-  
ists without gloves, and shows that "he  
do sin not to count sin." He calls the hall  
room "the devil's auxiliary and dancing  
"hanging set to music." The evangelist has  
"adjudged" the ordinance of baptism to  
several, and tied one couple knot for a  
pair, and Pequaming in the tabernacle.

The meetings have measured up to the  
most sanguine expectations. It is ex-  
pected that the text will be removed to Pe-  
quaming the latter part of this week.

Somebody has started a report that the  
editor of this paper circulated a petition to  
have Mr. McKernan removed from the post-  
office and to have Mr. McKernan appointed  
in his place. We brand this report as a  
falschod, made without any regard for  
truth or without the shadow of a foundation,  
and whoever started it must have known  
that he was telling a willful falsehood. We  
know of but one object to be attained by  
circulating such a report, and that is to cre-  
ate an enmity against us, but such a despicable  
plot should, and we think will, fall  
of its purpose. The story is absurd on the  
face of it. We claim to be a Republican,  
and while we act with that party we shall  
not be in the least degree party-tainted  
and putting Democrats in the Denney  
cave supposed to be competent to take  
charge of their own funeral, and if they are  
not we are not going to volunteer our  
services either as pall bearer or mourner. We  
knew pretty well when Mr. Cleveland  
was elected that all Republican officers  
would have to go sooner or later—got  
kicked in a fair fight and there is no use in  
whining about it. It was unfortunate for  
Mr. Cressida, but he, like the rest of us,  
must accept the result as final and abide by  
it. The facts are that we saw the peti-  
tion nor heard of it before and knew nothing  
concerning Mr. McKernan's candidacy  
until told of it by Capt. Beach a few weeks  
ago, who had just returned from lower  
Michigan, and it is presumed that he got his  
information from Democratic headquarters.  
The application and petition, if any were  
circulated, must have been sent in long be-  
fore that. Further, we have never had any  
complaints on the subject, and Mr. McKernan  
has always treated us in a fair and gentle-  
manly manner and always conducted the  
affairs of his office satisfactorily so far as we  
are concerned. So we had no personal grudge  
to gratify by his removal; if we had, we  
should have preferred charges against him  
with our political friends behind the reins of  
government and could render us some as-  
sistance. We hope this will put an end to  
any further annoyance on this score.

There are scores of persons who are suf-  
fering from some form of blood disorder or  
skin disease, such as Scrofula, Boils, etc.  
After a practical test, D. J. Norton asserts  
that Acker's Blood Purifier will certainly  
cure all such diseases, including Syphilis  
and Rheumatism. It is not a patent  
drug, but a scientific preparation. He guar-  
antees it.

The catamaran built by Messrs. Mason  
and Williams has been named "Roger, the  
tramp." Quite an appropriate name.

Drums have as good a chance of going to  
heaven, if converted, as well a human be-  
ing, says the Rev. gentleman of the gos-  
pel tent.

One of our young ladies has been so  
deeply impressed with the words preached  
at Squire's gospel tent that she has almost  
concluded to do away with all things that  
are worldly, and enter a convent.

The play "Only a Woman's Heart" was  
rendered by Gardiner's troupe, at Secotte's  
hall, last Tuesday evening, to a large and  
appreciative audience. The parts were well  
sustained throughout and the audience  
was well satisfied with the performance.

MISS ALICE EMERSON, Miss Nellie Cre-  
assa, Mrs. W. H. Rogers and J. B. Graham's  
three children, Willie, Laura and George,  
are all sick with the bilious fever that is  
now prevalent in this vicinity. Most of  
the patients are in a fair way to recover,  
and it is hoped that all will be out of dan-  
ger soon.

The boys, Willie Mason and Theodore  
Williams have launched their catamaran  
but we fear they are a little disappointed in  
the matter of speed—more so than was sec-  
retary Whitney on the trial of the Dolphin.  
It would do very well, if it had an upper  
deck to float down a lay river on, but for  
sailing craft—well we can't be too severe,  
but we'd bet money that a river driver on a  
sawlog would distance it in a race.

Hox, L. A. BRANT, since returning to his  
home in Detroit, has written a friend here  
some particulars of his visit to this part  
of the state, and from the tone of his letter we  
judge that the "two-shaft" bill will receive  
the cold shoulder from him in the future.  
He states that his visit here was a very  
pleasant one and that, should he be returned to  
the legislature, Upper Peninsula measures  
will receive especial consideration at his  
hands.

Every day a crowd of boys and even  
young men can be found bathing off the  
mud-bank in the lake in plain view of the  
residents of Lake street. While we do  
not wish to say anything against the boys  
bathing, we do wish to impress on their  
minds the necessity of seeking a more re-  
spected spot for bathing. If they have not  
common decency enough in them to do  
this, then more forcible measures should be  
adopted to put a stop to it. Nuff said.

**OBITUARY.**  
Died, at Sheboygan, Wis., Thursday,  
July 30, 1885, Max F. Sandeusch, eldest  
son of Mr. and Mrs. Frank Sandeusch, of  
congestion of the lungs, aged 24 years 11  
months and 24 days.

It will be remembered by the readers of  
the SENTINEL that Mr. and Mrs. Sandeusch  
left with Max about two months ago for a  
trip to Wisconsin for recreation and health.  
Max had been in poor health for some time  
and it was thought best to let him rest  
at Sheboygan for a few months, the parents  
believing that he would be greatly benefited  
from the excellent sanitary conditions of  
that place. Unfortunately, however, Max  
did not get well. He died at the age of 24  
of the young man thought when they shook  
hands good bye and bade him a pleasant  
journey and safe return that it was to be  
the last farewell. Such are the uncertain-  
ties of our existence. The little thread of  
life is broken with scarce a warning sound,  
and the young man lies in a few short  
weeks ago, full of life and sunshine, re-  
turned to us to-day a corpse in a coffin.  
The community mourns the loss of an ex-  
cellent citizen, but words cannot express  
the grief of the afflicted family; our sym-  
pathy in its fullest measure they have, but  
it cannot retrieve their loss.

The last call files in respect to the decas-  
ed will be conducted by Rev. Mr. Wansagan  
of the Lutheran church, Hancock, at the  
M. E. church Monday afternoon. The pro-  
cession will be headed by the members of  
Protection Fire Co., in uniform, to the spot  
in the village cemetery which shall mark  
the last resting place of our esteemed mem-  
ber. Peace to his ashes.

**Reports of Supt's of the Poor.**

JOHN HIGGINS, Supt. of Poor.

**Baraga Breeces.**  
Mr. and Mrs. Philip Eocentz, have the  
sympathy of their friends in the loss of  
their little daughter Clara, aged 2 years,  
which died of inflammation of the lungs Sun-  
day night.

Our genial friend John Finnigan, intends  
making a visit to relatives and friends in  
New York State. He will probably start  
next week and expects to be gone about two  
months; John has our best wishes for a  
good time.

Mr. Robert Hamilton who has been on  
the sick list for some time, is again about  
and he wishes us to state that during his  
sickness he has been treated by Dr. Turner,  
of L'Anse, and of whom he cannot say too  
much, for the able manner in which his  
case was treated.

Mr. James Courtney has been under the  
weather the week past.

The death of Miss Kitty Huber, was a  
shock to her great number of friends among  
whom she was a favorite, she being loved  
for her kind and amiable disposition. Mrs.  
Huber has been living at the Baraga  
House and was taken sick but a short time  
ago. Her parents who are living in Wis-  
consin, were telegraphed for when it was  
found she could not live. Her brother at  
Ontonagon arrived by stage Thursday, and  
had her remains taken to Ontonagon that  
evening for burial.

This publication of the Card by Mr. Myers  
in last week issue resulted, as we anticipated,  
it would, in a scrap at Baraga Thursday  
evening last, but not between the innuendae  
belligerents. Mr. Trombly, as we are in-  
formed, used language concerning the editor  
Myers in the presence of Mose Myers which  
he considered as an insult to him as well, and  
resented it. Almost before the bystanders  
could get their breath the two young men  
were in the street with their coats off, and  
in less than no time a crowd gathered and  
formed a ring. The belligerents were in  
good trim and went at it with a vim, Trom-  
bly leading off. We won't attempt to give  
the particulars, but the fight lasted about  
ten minutes, when Trombly cried enough  
and the battle ceased.

This "gospel tent" which was put up by  
Rev. C. G. Squires, Evangelist, a week ago,  
is the center of attraction just now, and is  
filled nearly every evening. Mr. Squires is  
an impressive and forcible speaker—espe-  
cially fitted by nature to make converts—  
and his discourses are interesting to those  
even who resolutely refuse to be converted.  
Mrs. Squires possesses a clear, silver voice  
and rare musical talent, so that the singing  
is no uninteresting feature of the services.  
We hope the meetings will be productive of  
good.

The Michiganian correspondent of the  
Mining Journal notes the departure of the  
following formidable array of citizens from  
that burg without flinching:

August Norburn, Peter Ross, Fred Prie-  
stern, Adolph Wallen, Lars Waa, John and  
Chas. Sandberg, have gone to Ontonagon;  
Freeman, Gus. Olson and Frank Larson, to  
Republic; John Hanson and J. Sines, to  
Hinto City; W. J. Milroy and Wm. Laves  
to Humboldt; Antoine March, Lewis  
Schweitzer and John Moore, to Clarke-  
burg, and still we have a big town left.  
Like the boy who had to wade to keep up  
courage the above correspondent graph-  
ically sets forth the advantages of the "ob-  
scure village" as a summer resort, and a  
stopping place for excursion trains. Nothing  
like lots of pluck, Mont.

**Resolutions of Respect.**  
At a special meeting of Protection Fire  
Co., No. 1, of L'Anse, held last Friday eve-  
ning, the following resolutions of respect  
were adopted:

WHEREAS, It has seemed good to the Al-  
mighty Disposer of Events, to remove from  
our midst our late worthy and esteemed  
fellow-member, Max F. Sandeusch;  
WHEREAS, The intimate relations long  
held by the deceased with the members of  
this company render it proper that we  
should place on record our appreciation of  
his services as a friend, and his merits as a  
man and citizen;

RESOLVED, That we deplore the death of  
Max F. Sandeusch, with deep feelings of  
regret, softened only by the confidence that  
his spirit is with those who, having  
fought the good-fight here, are enjoying  
perfect happiness in a better world.

RESOLVED, That we tender to his afflicted  
relatives our sincere condolence, and our  
earnest sympathy in their affliction. Be-  
lieving that the loss of our deceased mem-  
ber, and an upright young man,  
RESOLVED, That the members of this com-  
pany will attend our deceased member to  
the grave in a body, and that the hall of  
meeting be draped with the ensigns of  
mourning for a period of thirty days.

RESOLVED, That these resolutions be  
spread upon the records of this company,  
a copy of them be presented to the family  
of our deceased member and that they be  
published in the LAKE SUPERIOR SENTINEL.  
P. R. MCKERNAN,  
S. KINNEY,  
Committee.

**LAKE SUPERIOR SENTINEL.**

Saturday, August 1, 1885.

Entered at the Post Office at L'Anse au Lac, Michigan as second class matter.

GENERAL McCLELLAN is now the only surviving commander of the army of the Potomac.

MILWAUKEE, according to the new census, contains, 153,365 people, a gain of 42,787 since 1880.

PORT ARTHUR, on the north shore of Lake Superior, wants a line of boats to run between that port and Ashland.

GENERAL GRANT is to be buried at Riverside Park, overlooking the Hudson river. This is a much more appropriate spot than at Central Park.

THERE are only two ex-presidents now living—Hayes and Arthur. Of the ex-vice presidents, Hamlin and Wheeler are the only survivors.

It is estimated that 21,000,000 acres of western grazing lands, are now owned by English capitalists. It is becoming a serious question to what extent foreign capitalists should be allowed to monopolize our soil.

THE most remarkable time on record made by any railway train was accomplished a few days ago by a special train from Buffalo to Newark, a distance of 202 miles. The run was made in 205 minutes, actual running time. Some of the miles were made in 43 seconds.

**Pequaming Pickings.**

Mrs. F. E. Stead, of L'Anse, made a short visit to Pequaming, this week.

W. K. Haviland, has been experiencing a sick spell the past week. We understand he is feeling much better at this writing.

Prof. Samuel Manness is visiting his brother Mr. Wm. Manness of this place. We did not learn as to whether his visit was to be an extended one or not.

Jno. Dalzell left for Ontonagon, one day this week.

Mr. Chas. Hebard, Sr. accompanied by Mr. Peckham, of the firm of Roundy, Peckham & Co., Milwaukee, is making an extended tour through Canada, and the larger cities of this country. We understand Mr. Hebard is making the trip for the benefit of his health.

The electric light apparatus has been out of order the past week, thereby compelling the company to utilize oil lamps for the purpose of lighting the mill. The necessary repairing is about completed and it is expected to have the electric light shining as brilliantly as in the past, in a few days.

Miss Julia Hebard is visiting at M. Raquette this week, the guest of Mrs. Thurber.

Mr. Jno. R. Thomas, has put up a building on the lake shore below the ferry dock, to be used as a slaughter house. Mr. Thomas expects to receive his first consignment of cattle in a few days.

Mr. Homer Pennock of New York City, Mr. N. S. Pennock of Baraga, and Mr. and Mrs. James Hewitt, of Chicago, called on Mrs. J. R. Thomas one day this week.

We understand from good authority that "mustard water" is a good antidote for biliousness, but some of our young people are very averse to having it prescribed for them at every slight indisposition on their

part.

Mr. James Wolf who has been somewhat under the weather for a few days past, is we are pleased to state again about.

Arthur and Will Hebard sons of Mr. E. W. Hebard, who have been attending college together, are spending their summer vacation at Pequaming. We understand that Mr. Arthur Hebard will assume the title of Rev. at some future day.

The many friends of Miss Minnie Singular will be pained to learn of the death of her mother at Houghton the forepart of this week, notice of which she received by telegraphic message. Miss Singular started at once for her home taking with her the kindest expressions of sympathy in the sad loss of a kind mother and friend.

It may be all right to eat a philopend, but we think that the loosing party should pay the forfeit. Do not forget this.

Theing Jay C. Morse, left for Houghton, Wednesday night, for repairs, quite a number of ladies and "gentle" men accompanying her.

Gov. Swineford was in Pequaming this week, the guest of Capt. Wayne Hershey.

We understand that one of our young ladies is so tied to home associations that it is almost an impossibility for her friends to get her to go anywhere.

Miss Daisy Mason of L'Anse, is visiting with Miss Manie Hebard. Mrs. Wm. Baker of Baraga, has been the guest of Miss Sadie Thomas the past week.

While in Pequaming this week, we noticed some very beautiful paintings, the work of Miss Sadie Thomas. Miss Thomas has been receiving instructions in the art, by Mrs. Seaman of L'Anse, and judging by the progress she has made we would not be surprised to see her win a name among the most eminent painters of the country. Such indeed is our wish.

The tug D. L. Hebard, with two scows loaded with lumber in tow, left for Detroit Wednesday evening, of this week.

A number of our people visited Sulist last week on board the tug D. L. Hebard, availing themselves of a ride free of charge. A pleasant time was had by all.

A birthday party was given by Race Dewitt Wednesday evening, at the hotel, a number of our little folks attending, and any person passing the house in the evening would not have to ask the question as to whether they were enjoying themselves.

Miss Dell Hall wishes us to announce that she is prepared to do dress making in the latest styles and hopes to receive the patronage of the ladies of Baraga and vicinity. She will be at Capt. Hendry's where orders may be left until further notice.

For years, quinine was regarded as the only specific for malarious diseases, and immense quantities of the drug were annually consumed throughout our western country, more particularly along the river bottoms and adjoining low lands.

With the fall months malaria, in all its varied forms, strikes like an epidemic through the land, and whole districts are oppressed with chills and fever, the entire population shudders with agony. Heretofore quinine was regularly resorted to; but, while it frequently failed to effect a cure, it invariably deranged the stomach, producing nausea, vertigo and fugitive pains in the head to such an extent that months elapsed ere the system recovered from its effects. These objections to its use were so marked, that the introduction of Misher's Herb Bitters was hailed as a triumph in medicine. Doubtless more certain in its beneficial effects than quinine, it possesses none of the demerits of that drug. Instead of nauseating, it tones and invigorates the stomach, and while speedily expelling the noxious

humors, increases the appetite and facilitates digestion, thus rendering the system stronger and better fitted to resist the attacks of disease. In fact, a judicious use of Misher's Herb Bitters at this season of the year, will prevent the recurrence of this disease, even in those who have never passed an autumn without it. An experience of twenty years proves it to be the greatest anti-periodic known to medical science, not so subject to climatic changes as affections of the kidney. Hundreds of our farmers, mechanics and laboring men, strong and healthy in all other respects, suffer continual inconvenience, and occasionally excruciating pains in the back and across the loins; experience a frequent desire to pass water, pain during its passage, and frequent stoppages in its flow. These are manifestations resulting from some strain or heavy lift (perhaps years ago), and aggravated by every change in the weather. Every slight cold flies direct to this one weak spot, and unless promptly attended to the disease becomes chronic, and the once strong man a miserable wretch. Misher's Herb Bitters is the only certain remedy for this class of disease. It has a peculiar tendency to the kidneys, stimulates them to healthy action, and removing the cause, prevents the formation of brick-dust deposits, which, if permitted to continue, will by cohesion form gravel stone, necessitating a painful operation for its removal. Many of the ingredients entering into its composition, are universally recognized as specifics for all complaints of the urinary organs. In liver complaint, dyspepsia, all disorders of the bowels, and affections of the throat and lungs, it is a change in the complexion is visible, as a remedy for the complaints peculiar to the female sex, it has no equal. Bachelors, old and young, married and single, in every condition of life, will find this great female remedy prompt, safe, certain and reliable. The taste, sallow complexion is replaced by a blooming, healthy countenance, and its occasional use enables Nature to perform her functions regularly and without inconvenience.

**Raffle at Baraga.**

There are to be two raffles held at Webster's billiard hall, Baraga, August 15th, for the benefit of R. D. Deacon, who had the misfortune to have his legs fractured some months ago. One is to be for a gold watch \$50.00 a chance—and the other for a sail boat—50 cents a chance. All the boys should clip in to help this poor fellow out.

**A CARD.**

TO THE PUBLIC.—Having caused a card to be published in the last issue of the SENTINEL reflecting upon the character of D. J. Trombly, of Baraga, I wish to say in explanation to my friends and the public generally that the article was written upon the impulse of the moment on receipt of what I considered a very ungenerous letter from D. J. Trombly, and from the reports that came to my ears, apparently from reliable sources. I believed that Mr. Trombly was richly deserving of everything charged. I now say after more mature consideration, that I was too hasty and may have done Mr. Trombly an injustice, and if I find such to be the case upon further investigation, I shall gladly make him all the reparation the case demands. I do not say this either from fear of a libel suit or personal violence, but to do justice. I regret sincerely the late unpleasantness and hope that it may be closed up to the satisfaction of all concerned.

**NAT MYERS.**
