

Vote for **ALBERT W. TARO**

Slip Candidate for Supervisor at the November 3, 1964 Election

Dear Mr., Mrs. or Miss Voter:

Many residents of Greenland Township have urged me to run as a Slip Candidate for Greenland Township Supervisor, and I have decided to run on Slips. My record as Supervisor of Greenland Township for the past 8 years is, I believe, well known to the voters of Greenland Township.

I have in the past and will if re-elected continue to devote my best efforts to all township and county problems. I have diligently opposed the attempts of the White Pine Copper Co. to cut their taxes and thus require the other taxpayers to pay higher taxes. I have also continuously tried to improve our roads and there have been many improvements with many more urgently needed. The Township Board has retained an engineer who is presently making a survey for the installation of sewer and water service in Mass and Greenland and a great deal of work will be needed to successfully complete this program.

I am enclosing one of my Slips and earnestly solicit your Vote for Albert W. Taro for Greenland Township Supervisor. Place your X on my Slip and paste my Slip on the Ballot in the space provided for Supervisor. Should you lose the Slip just write in my name, Albert W. Taro in the space provided for Supervisor and place an X in the square in front of the written-in name.

Your vote and consideration is greatly appreciated. If you have any questions on township or county problems please feel free to contact me.

Sincerely yours,
ALBERT W. TARO
