Succeeds to Presidency Of Men's Union

JOHN HOGAN

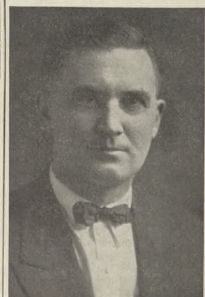

John Hogan, as vice president of the Men's Union, becomes acting president on the graduation of Milton Gustafson. He is on the squad, and should have the support of every man in school to round up a rousing enthusiasm for the big games this fall. When he says, "All out!" turn out and boost.

NORTHERN GETS READY FOR FIRST GAME OF SEASON

Twenty-Two Men, Old And New, Hard At It.

We saw coach Hedgecock going busily about school the other day with a rather satisfied far-away look in his eyes. He didn't seem to see the halls, or the walls, or us or anything. He was chasing day dreams, and you don't have to go far wild to guess what he was dreaming about.

The first scrimmage was pulled off Monday, September 17, when twenty men showed up for work. It found six letter men in their togs, hard and ready as ever. Ronberg, Washberg, Collins, Seger, De Cook, and Hogan, each with a record of his own and something to make Northern proud of him.

COACH HEDGECOCK

The letter men were backed by a nice collection of men who have been schooled in previous grinds of hard training. Treado, Derleth, Jack and Waino Neilmack, Vicklund, Ferguson, and Sullivan. Treado is already wearing a heroic countenance, scared and bruised by some unexplained contact. The rest are ready to suffer anything necessary to make the grade, and we are going to see some work done in this quarter before the season is over.

Then there are some new men who are to try a hand for the first time. Johnson of Painesdale, Haglund from Crystal Falls, Corneliusson and Tamlin from Ishpeming, Perrin of Marquette, Petranick from Bessemer, and the two Snells from Ishpeming. From what we have known of these men about Northern we are confident that they are going to do some work worth while and there will be more news later on.

The squad is in training quarters at the new Tri Mu house on College Ave., where pastry, smokes and late hours have been relegated and the only indulgences are those that produce beauty and brawn.

Former Union President Goes To Ypsilanti High

HOWARD IVENS

Howard Ivens is a Stambaugh man who made the grade by way of hard work and persistent effort. He knows how to be janitor as well as teacher, and got his training at Northern. He took his degree this summer and went to Ypsilanti to teach mathematics and science. Ivens is a Theta Omicron Rho and past-president of the Men's Union.

THREE MEN GO TO GOOD POSITIONS IN U. P. SCHOOLS

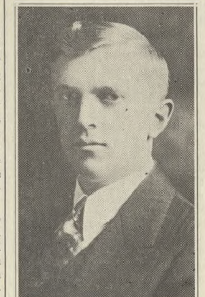

Will Teach History, Geography and Social Science.

Larrie Tuomela comes from South Range and Painesdale, where he taught before returning for his degree which he finished in June. He made a splendid record at Northern, where he made Phi Epsilon. He has gone to Hancock to teach geography and history in junior high.

LARRIE TUOMELA

Robert Dolf is a Marquette boy, a product of Marquette Hi. Dolf is a "mind-your-own-business" type of fellow who works conscientiously and arrives. He took his A. B. in June and has gone to Rock to teach history and geography in junior high.

ROBERT DOLF

Raymond Trudgeon is from Wakefield, and has gone to the Soo to teach history and social science in the junior high school. Trudgeon has made a nice record at Northern in

RAYMOND TRUDGEON

his quiet unpretentious way. He never makes a big noise about anything, but gets there just the same. He is an Alpha Delta, and took his bachelor's in June.

Inter-Class Games Are All Set For Fall. Watch Calendar

Intramural sports, sponsored by Coach Hurst, came thru their first year with gratifying results. They carried with them a lot of enthusiasm and ended in a close victory for the Frosh.

S'AMUSE

Team Work
It's all very well to have courage and skill
And it's fine to be counted a star,
But the single deed with its touch of thrill
Doesn't tell us the man you are;
For there's no lone hand in the game we play,
We must work to a bigger scheme,
And the thing that counts in the world today
Is, How do you pull with the team?

They may sound your praise and call you great,
They may single you out for fame,
But you must work with your running mate
Or you'll never win the game;
For never the work of life is done
By the man with a selfish dream,
For the battle is lost or the battle is won
By the spirit of the team.

You may think it fine to be praised for skill,
But a greater thing to do
Is to set your mind and set your will
On the goal that's just in view;
It's helping your fellowman to score
When his chances hopeless seem;
It's forgetting self till the game is o'er
And fighting for the team.

Better Not
He: "Let's get tied."
She: "Let's knot."
—Amherst

Better Wear It
Padre: "You'll ruin your stomach, my good man, drinking that stuff."
Old Soak: "Sall right, sall right. It won't show with my coat on."
—Oregon Orange Owl.

Culture
Mr. P: "I hear your son's at college."
Mr. Erfft: "Yep."
Mr. P: "How's he doing?"
Mr. Erfft: "Pretty good, I guess; he's taking three courses. I've just paid out ten dollars for Latin, ten dollars for Greek, and a hundred dollars for Scotch."

To-Day's Best Lie
Voice in the Dark: "Oh, Harold, dear, why did you turn out the light?"
Another: "I wanted to see if my pipe was still lit."
—Jester.

This Covers the Ground
"You say the Smiths are going to build a house soon?"
"Yes, you see, they haven't the plans made, but they have a spot to build it on."
"Well, of course, that's a lot."
—Pelican.

I've All Right
Fish: "I can't see my name in front of my face."
Tush: "Good heavens, whazzamatter?"
Fish: "Tisn't there, fool."
—Chapparral

"Current" Questions
"Watt-hour you doing there?"
"Eatin' currents," replied the apprentice. "Anode you'd catch me at it."
"Wire you insulate this morning?" asked the boss.
"Leyden bed. Wouldn't that jar you!"
"Can't your relay-shunts get you up?"
"Amperently not."
"Fuse going to do that every day, you can go ohm," said the boss, and the circuit was broken right there.

Gilty
Jack Howell: "Say, Dave, I made a terrible mistake last night. I drank a bottle of gold paint."
Dave Thompson: "Is that so? How do you feel now?"
Jack: "Gilty."

Catechism.

We wonder how many upper classmen have noticed the "Freshman Catechism," printed in the freshman leaflet. Have you noticed where the American Association of Teachers Colleges rated Northern after their inspection of the institution?

Did you notice what you get for what you pay? You pay \$35 for what it costs \$350 to give you. You pay one-tenth and Michigan pays nine-tenths.

Sometimes during moments of discouragement we have heard students doubt their chances of getting jobs. If you ever feel that way, just remember that Northern placed ninety-seven percent of her graduates in 1926; ninety-seven percent in 1927; and ninety-nine percent in 1928.

A record like that last must have a reason. No school "flourishes" to sell 97 to 99 percent of its product. You can find some of the reasons without being told. Sometimes you complain because Northern is hard on you. Sometimes you don't "see why" for this or that. But through it all Northern is forging ahead for results—results for Northern and results for you—and results do not come easily if they are to be of any consequence when they have resulted.

Phi Epsilon

Do you know what Phi Epsilon is? If you do not, now is the time to find out. Phi Epsilon lies at the end of two long years of effort and the trail begins right at your feet now.

Mix Wisely.

Maybe you are a good mixer and maybe you are not. If you are, you should make something of your ability and not let it degenerate into a time and money waster.

Two Faculty Men Return After a Year of Absence for Travel and Study

F. W. Lewis, whom every one knows as "Pop," is back after a year of wandering in home and foreign lands. If he hasn't brought a new collection of stories and slants on life he is no longer himself.

Dr. James Cloyd Bowman is back with us again after a year of study and writing at Cambridge. We have announced his forthcoming books from time to time, but now he is here with us again with a fresh store of enthusiasm and ideas to peddle.
