**The Rush and You.**

The annual Freshman-Sophomore Rush is scheduled for Friday of this week. A great deal of interest in this impending contest has been manifested about school during the past few weeks. Apropos of this, it is perhaps fitting that we say a few things concerning the Rush—things which should be in the minds of all students at such a time.

In the first place, may we say that the Rush is not the affair of merely the lowerclassmen. The Rush is a project by the entire student body and for the entire student body. It ought to be supported and attended by all students. In past years the Rush has been one of the most popular events on the school calendar, and there is no indication that there will be any lessening of interest in the contest this year. It will be backed by the same zeal and co-operation that have made all of Northern's activities tremendously successful this year.

There is at least one event in the day's program of events in which every organization and every individual in school can and should participate. This event is the Rush Day Parade. In this parade are to be found the entire membership of each of the four classes—Freshman, Sophomore, Junior, and Senior—as well as floats representing the various campus organizations. An additional inducement to organizations entering floats in the parade this year is the fact that the Men's Union and Student Girls' League will give two silver loving cups as prizes for the best floats in the procession. One of the cups will go to a girls' organization, and one to a men's group. *Every loyal Northerner should be in the procession to swell the ranks of "Northern on parade."*

We hate to seem to preach, but we do want to say something concerning sportsmanship and the Rush. In doing this, we have in mind the old adage about "an ounce of prevention." It is far better, we think, to mention this subject before the Rush than after, when it might be too late.

The Rush is scheduled for Friday—and for Friday only. This does not mean that hostilities can begin anywhere from Monday to Thursday. The Rush is not a miniature war; it is a game, and a game that is to be played fairly and within the time limit. Northern has had some rather disastrous experience with pre-Rush hazing, and there is no pressure on the part of the administration for recurrence of such happenings. The Men's Union, the Student Girls' League, and the Faculty Rush Committee have declared themselves opposed to any and all pre-Rush activities. Let's co-operate with them in this stand!

Nor is the Rush the place to nurse a grudge. It is the place to strive as hard as you can for the victory of your class, but all hostilities

**Black and White**

(Continued from Page 1)

One of our practical men is Professor Ferns, who has an eighteen foot sailboat, constructed by his own hands. It has a small enclosure providing quarters for the sleeping of two persons. He has made some rather extensive cruises, for the size of the boat and encountered rough weather at times.

Sketches in color are now appearing in the *Graphic*. They are unusual, daringly different, and should please the American taste, but will probably not be as well received by the more conservative British. Few things are as desolate as a deserted dance hall, or a house empty and bare. Depression has torn down any barriers of social difference that may have arisen during prosperity. People flaunt their poverty and brag about their decreasing incomes. An unique book of poetry, penned by a fellow student of Tom Kelly's, is *Bitter Wine*, written as a toast to a life of hell. Changing trends: Professor refers to Groucho Marx, and a student takes his sociology report from the *Police Gazette*.

Amid the jangle and clamor of a newspaper office nothing has quite the fascination of a teletype machine. Here the latest news is typed out as it comes direct from some operator in a distant city. There was a moment of silence in the confusion of many a press-room when the machine tapped off: "Lindbergh baby found—a tense moment as the keys clicked off—dead." This is a medley of life and death, gladness and sadness, carried from the heart of a metropolis to the distant corners of the continent. Each paper has some front page caption, such as the *New York Times* "All The News That's Fit To Print." The *Boston Evening Transcript*, which is one of the most distinctive papers in America, heads itself with this: "Today's Truth—Tomorrow's Trend."

Rico Zenti's roommate burlied in the other night, and upon entering the dark room was confronted with a series of queer, muffled sounds, which he was unable to locate. Switching on the light he found the room apparently empty but noticed a queer lump on the bed. Throwing back the covers he revealed Zenti, in night attire, sucking a monstrous orange, which he attempted to hide from the greedy glare of his fellow roommate. His mad craze for citrus fruit is not understood by his roommate, who went sullenly to bed, munching on his thumb, as the depleted orange sailed out the window.

should be forgotten after the affair is over. Forget that certain big brute tread on your neck during the pushball contest; give him a broad grin the first time you meet thereafter—and you'll be firm friends for life!

Ho, hum, let's have done with the preaching! See you at the Rush!

**OFFICIAL LIST OF RUSH DAY EVENTS GIVEN**

(Continued from page 1)

3. Comic Stunt (10 points). Each class will be represented by three or fewer students, who will put on a comic stunt on the platform. The points will be given to the class having the more comic number.
4. Yells (5 points). Cheer leaders from each class will call for the yell N.O.-R.-H.-E-R-N. Class presidents will flip coins for cheering order, after which each class will give the yell twice, in alternate order. The judges will decide as to the better yelling, taking into account the difference in numbers between classes.
5. Results of spelling contest (15 points).
- B. At Presque Isle:
  - 1:00 P. M.—Girls' Obstacle Race on Land (15 points). Judges—Elsworth Sullivan, Ethel Stephens. Police—George Gundry. *Directions*—Two girls from each class begin at the starting signal. They will run 15 yards, jump a hurdle not over two feet high, run 20 yards, pick up jumping ropes, go thru the barrels, turn two somersaults, and jump rope to the finishing point. The same girls will return, and run to the starting point. The girl finishing first wins all the points for her class. The girls may drop their jumping ropes at the first finishing point. The total distance is not to exceed 80 yards.
  - 1:20 P. M.—Men's Goat Fight (15 points). Judge—Rico Zenti. Police—Elsworth Sullivan. There will be three contestants. One member from each class will compete in each. The contestants will take positions on the horizontal bars over the water and directly in front of the bath house. Player must stay erect on the bar. Should a player upset and have his body below the bar, he loses the points for his class. Should a player grasp anything but the bar for support, he is disqualified and loses the points for his class. The object of the game is to disqualify the opponent by striking him with a bag filled with some soft material. Each player is provided with a bag. The winner of each of the three contests wins 5 points for his class.
  - 1:40 P. M.—Girls' Balance Beam Walk (15 points). Judges—Martin Erickson, Dorothy Wright, Jack Stephens. *Directions*—Ten contestants are chosen from each class. The girls are given one trial each. They stand on one end of the beam, walk to the ribbon, must touch one knee to board, rise, and walk to the other end. The side getting the greater number across wins. In case none reach the goal, the girl who walked the greatest distance wins all the points for her class.
  - 1:55 P. M.—Men's Egg Throwing Contest (15 points). Judge—George Gundry. Police—Henry Durstan. 20 members of each class will participate. Freshmen will divide themselves into pairs, and sophomores will do the same. Freshman and sophomore pairs will alternate and will face one another at a distance of one hundred feet. At a signal, contestants will toss or throw the egg to their partners. If the egg is caught without mishap, the pair remains in the contest. Should the egg break, or not be caught, the pair to which this happens will drop out. In case of a tie, the two remaining pairs will each get another egg and continue the contest until a decision is obtained.
  - 2:10 P. M.—Girls' Human Wheelbarrow Race (15 points). Judge—Ruth Craig. Police—Gust Carlson. Six girls from each class will participate. They will divide into teams of three. One girl in each team will act as the wheelbarrow. She will run the race on her hands with a teammate grasping each foot. The distance to be run is 35 feet. The first team at the finish line will win all the points for their class.
  - 2:15 P. M.—Men's King of the Float (15 points). Judges—W. Tommala, Onnie Makl. Police—W. Holmlund, Rico Zenti. Five men from each class will

- participate. The Freshmen will line up on one end of the float and the sophomores on the other. On the starting signal, they will try to force their opponents off the float. When forced off the contestants may try to get back on. At the end of two minutes, the class having the larger number completely on the raft wins all the points. If a tie is declared, the points will be evenly divided.
- 2:25 P. M.—Girls' Tug-of-War (25 points). Judge—Mary Mautino. Police—Whole Force. The full girl membership of each class will participate. Each side will have one half the rope. A handkerchief will be tied in the center of the rope, which will be placed directly over a white line. At equal distances (about 15 feet), from this center line, will be placed two other lines, one on each side. At the starting signal each side will try to pull handkerchief across the line on its side of the center line. When this is done, the contest will be decided. If neither side does so by the expiration of two minutes, the side having the handkerchief nearest its own line will be declared the winner, and will receive all the points.
  - 2:40 P. M.—Mixed Medley Race (20 points). Judge—Gust Carlson. Police—Rollin Thoren, Harris Bowman. Three girls and two men from each class will participate. At the signal, one girl from each class will run to the starting platform at the north end of the pool to the opposite sides of the pool, give the token to a man who will swim the south channel and run along the east side of the pool to give the token to a girl stationed at the north end of the bridge which crosses the north channel. This girl will run about one-half way around the pool to the west side, where another girl will be stationed to receive the token and carry it to a man stationed at the south end of the pool in a boat. The token must be passed to this man and he must row across the pool to the starting platform. The first boat to the platform wins the race and the points for the rowers' class.
  - 3:00 P. M.—Men's Tug-of-War (25 points). Judges—J. Greene, Mr. Meyers. Police—Whole Force. This event will take place at a spot chosen by the president of the Men's Union and the presidents of the two classes, at Presque Isle. The full male membership of both classes will participate. The contest will be when one class is pulled entirely through the water. A contestant must release the rope as soon as he has been pulled through the water.
  - 3:40 P. M.—Girls' Quarter-Mile Relay (15 points). Judge—Mildred Utti. Police—Felix Wotila. Six girls from each class will participate. They will be stationed around the track at equal distances from each other. At the starting signal, the first girl will run with the baton and hand it to the next girl, and so on. The winner of the race will win all the points for her class.
  - 3:50 P. M.—Men's Half-Mile Relay Race (15 points). Judge—Matt Jacobson. Police—Robert Seitz, Milton Lundgren. Eight men from each class will participate. Each man will run 110 yards.
  - 4:00 P. M.—Girls' 75-Yard Dash (points, 5, 3, 1). Judges—Felix Wotila, Anne Derleth, Dorothy Wiggins. Police—Matt Jacobson. Three girls from each class will participate. The girl winning first place wins five points for her class, second place 3, and third place 1.
  - 4:10 P. M.—Men's 100-Yard Dash (points, 5, 3, 1). Judges—Robert Seitz, Henry Durstan, Herb Helman. Police—Martin Erickson. Three men from each class will participate. Man winning first place wins 5 points for his class, second place 3, and third place 1.
  - 4:20 P. M.—Mixed Shuttle Relay (20 points). Judges—Rollin Thoren, Josephine Magoon.

**A YARDSTICK to measure your SUCCESS**

"If you want to know whether you are destined to be a success or failure in life, you can easily find out. The test is simple and infallible. Are you able to save money? If not, drop out. You will lose. You may think not, but you will lose as sure as you live. The seed of success is not in you."

This bank provides you with the planting ground. A few dollars deposited regularly each week in your Savings Account start sprouting interest at once.

A measure of your success is your ability to stick to this plan.

Many people save every tenth dollar. Can you?

**TECH THINCLADS OUTFRAN HEDGEMEN IN RETURN MEET**

Michigan Tech's track team invaded the College field May 28, and garnered all but three first places in the second Tech-Northern track meet. The final score was 82½ to 34½ in favor of the Miners, with their two stars, Skelly and Foster, each smashing two field records.

Foster skinned the 120-yard high hurdles in 16.4 seconds to break his former record of 16.5 and then a few minutes later won the 100-yard dash in 10.5. Not satisfied with these scintillating performances, the half timber-topper stepped the 220-yard low hurdles in 26.1 seconds to hang up his second record of the day.

Skelly vaulted 11 ft. 6 in. in breaking the record in that event and concluded his day's work by gracefully clearing the bar at 5 ft. 8¼ in. to set a new mark in the high jump. He also placed second in the discus throw.

Northern scored their three firsts in the 220-yard dash, javelin and discus. Johns got off to a fast start in the 220, held his lead, and finished well up in the front, stepping the race in 23.9 seconds. Erickson won the discus with a throw of 111 ft. 2 in. and Jacobsen threw the javelin 149 ft. 5 in. to win his first place.

The mile run was probably the most thrilling track event of the day, with Murray of Tech and Archibald of Northern finishing first and second respectively in 5 min. 5.5 seconds. The two men, running side by side, fought for the lead the last 100 yards, with Murray finally edging a few inches ahead at the finish. Finnegan was beaten by Rubl of Tech in the half mile in which the finish was almost as close as that of the mile. The 880 was run in the fastest time of 2 min. 9.2 seconds. Kohn of Tech stepped the 440 in 56 flat to win that event handsily.

Although Northern did not succeed in outpacing the Engineer thin-clads, the final tally was considerably more in favor of the olive and gold than was that of the recent meet at Tech's field in Houghton.

Some excellent action pictures of the meet were taken by Jack Rough, official News photographer. It is probable that these will be reproduced in the next issue of the News.

Matt Bennett, Business Manager for the Kawabagwan, announced recently that all second payments must be made by June 10. Upon receipt of the second payment, the purchaser will be given a card which must be presented when the books are distributed. Do not forget—June 10 is the deadline for Kawabagwan second payments!

The second trip was to the new D. S. S. & A. ore dock. The dock was inspected from the top to the surface of Lake Superior. They found it a stupendous project. When all were walking along in the interior of the dock one student looked up and said in tones of awe, "It's just like a cathedral!"

May 31 is the date of the annual Manual Arts picnic. Manual Arts men know what that means. Baseball, races, stunts, and pasties, ice cream, and apple pie. Pres. Mattson promised prompt service, rain or shine!

That Northern co-eds are becoming intensely interested in baseball games this season is shown by the increasing numbers attending the Monday after-school hours of recreation. On Monday, May 23, the freshmen girls topped the sophomores with a score of 24 to 5. Miss Koglin refereed, and the game proved most exciting.

The players were as follows: Freshmen—K. Kinella, pitcher; L. Lake, catcher; I. Bant, first base; C. Wilson, second base; P. Bayer, third base; R. Jolis, right shortstop; A. Johnson, left shortstop; E. Chop, right fielder; S. Kilgus, left fielder. The members of the sophomore team were: G. Olson, pitcher; M. Sandstrom, catcher; M. Mihelich, first base; S. Martinen, second base; M. Mahan, third base; L. Broullire, left shortstop; S. Ranta, right shortstop; M. Nystrom, left fielder; M. Harrington, right fielder.

Officers of the Gamma Phi Alpha sorority are announced: Ellen Richards, president; Faith Nebel, vice-president; Elizabeth Whitte, recording secretary; Pauline Bayer, corresponding secretary; Mae Hanala, treasurer.

The eighth annual dinner dance of Theta Omicron Rho was held at the fraternity house on Saturday evening, May 21.

Dinner was served to members and their guests at 6:30 o'clock, after which dancing was enjoyed until midnight.

Table decorations, place-cards,

Two industrial trips have been taken by the Manual Arts club this term. The first one was to the Lake Shore Engine Works where many interesting things were learned, even though production was not in full swing. As a matter of fact, some things which would ordinarily have been overlooked received considerable attention.

**The Greek World**  
On May 19, the Tri Mu Fraternity opened its baseball season with a victory over the Marquette Athletics, 4 to 3. The batteries—for the Athletics, Tuominen and Olsen, and for the Tri Mu, Jacobsen and Kolehmainen.

The Michigan Tech Engineers, playing their first game of baseball in a number of years, downed the Tri Mu Saturday afternoon, May 21, by a score of 10 to 6. Schroeger and Doyle were the battery for Tech, and Maki and Re for the Tri Mu.

The Tri Mu will play a return engagement in Houghton on Monday, May 30.

Sunday, May 22, the Tri Mu traveled to Chatham and were nipped out 4 to 3. The batteries: O. Possio and Lammi for Chatham, and Ranguette and Re for the Tri Mu.

Alice Johnson, Escanaba; Edna Livingston, Ontonagon, and Mae Strong, Soo, were formally initiated into the Gamma Phi Alpha sorority on Friday, May 20. After the ceremonies, which were held in the recreation rooms, fruit salad, rolls, cake, and coffee were served.

Miss Dean, sorority adviser, was present.

Officers of the Gamma Phi Alpha sorority are announced: Ellen Richards, president; Faith Nebel, vice-president; Elizabeth Whitte, recording secretary; Pauline Bayer, corresponding secretary; Mae Hanala, treasurer.
