

SUMMER PROGRAM IN FULL SWING

LYCEUM NUMBERS ARE VARIED ON TERM SCHEDULE

Students of Northern Will Be Entertained By Talented Artists.

Paul Fleming, magician, cleverly demonstrates to the public to-day his skill in the seemingly supernatural in his startling performance at 9:50 in the College Auditorium.

Coming soon are several other programs of varied entertainment and talent. Jill Edwards, who has been with us before, is again scheduled to appear. Jill is the charming "Personality Expert" who grew up as a girl in China and has spent much of her life in travel.

Another feature of the assembly program is the group of modern day popular one-act plays which Mr. Roberts' class in Dramatic Production will put on.

Following this is Dr. Howard Higgins, noted psychologist and speaker of Boston, who has scored an outstanding success with his illustrated demonstration-lecture, "Among the Spirits".

KELLY-PEARCE WEDDING, JUNE 21

Miss Jean Pearce '36, daughter of President and Mrs. Webster H. Pearce, was married to Milton Kelly '34, son of Mr. and Mrs. Harry Kelly, on Monday, June 21, 1937. The attendants were Miss Patricia Jones '36 and Richard Kelly.

Following the ceremony a reception was held in the Marquette Federated Woman's Club rooms. The following faculty women presided: Mrs. Gant, Mrs. Brown, Mrs. McClintock, and Mrs. Egan. They were assisted by the Misses Marjorie Matson, Helen Derlich and Gertrude Jones of Marquette, Jean Hanson of Negaunee, Annette Richetta of Calumet, and Ann Rentenbach of Hancock.

Mr. and Mrs. Kelly are living in Marquette where Mr. Kelly is associated with his father in the Kelly Hardware Company.

Both young people have a host of friends among Northern's faculty, students, and alumni. They take this opportunity to extend their most sincere good wishes.

SENIOR CLASS PRESENTS GIFT

Class of 1937 Makes Practical Contribution To School

The Senior Class of 1937 has presented to Northern a sum of money which is to be used in the construction of a concrete sidewalk which will extend from the foot of the steps to the gate at the north entrance. The gate was the gift of the class of '32.

Students and faculty who have walked across this part of the campus in the past will realize how

MISS KOGLIN HAS LEFT NORTHERN

Miss Harriet Koglin, who for the past seven years was in charge of physical education for women at Northern, has resigned her position to become assistant educational supervisor in the Upper Peninsula for the Works Progress Administration.

A conference of W.P.A. supervisors of Michigan, which Miss Koglin attended, was held in Detroit recently. The Upper Peninsula director of the W.P.A. educational program is Harold Gill of Iron Mountain.

Miss Koglin holds degrees of bachelor of arts and master of arts from Grinnell college, Iowa, and has attended the University of Minnesota, the University of Wisconsin, the Chicago Normal of Physical Education, Colorado University, and Columbia University.

While at Northern Miss Koglin was a director of the annual Rush Day events and was in charge of the student women's activities in the college gymnasium exhibitions.

The best wishes of Northern go with Miss Koglin in her new field of endeavor.

APPEARS TODAY

PAUL FLEMING

FIRST SOCIAL IS WELL ATTENDED

Northern's faculty and students danced and visited in the gymnasium on Friday evening, July 9. The occasion was the annual faculty reception to those who are doing work here the summer term.

Refreshments were served during the first part of the evening. (Ye adult reporter had not been advised beforehand, so she arrived too late. Woe is she!)

The gym was divided into two sections. One of those who wished to sit and chat or watch the goings-on of those who danced in the other part of the room. Music for dancing was provided by Kendrick's orchestra.

More enthusiasm for such affairs would give an opportunity for many gay social evenings.

Those in years to come will appreciate the thoughtfulness which inspired the gift of this year's class.

ASSEMBLY PERFORMERS

RINK STRING QUARTET

ENROLLMENT IS HIGHER IN 1937

Marquette's Cool Climate Draws Students From Many Places

Enrollment at summer school has now reached 440, an increase of 24 over that of last year.

It is quite natural that Marquette county should top the list with nearly a third of the number. But why Dickinson county next, with 48? Can it be due to Prof. Mize-rcz, or is it the bonus?

Anyway, please keep this directory where you won't lose it. If you don't, you'll be calling up your friend to find the telephone number of another friend—the way we did, last year. It gets to be rather embarrassing.

STRING QUARTET OPENS LYCEUM

Large Audience Thrilled By Young Symphony Musicians

As the first assembly of the summer lyceum course the Rink String quartet entertained students and friends of Northern State in the college auditorium last Wednesday morning.

The quartet was composed of Carl Rink, first violin; Paul Kahn, second violin; Guido Rizzo, viola; Vera Rehberg, cello.

Selections of chamber music from Hayden, Kopylon, Sokolow-Glazounow, Sladow, Glazounov, Grieg, were offered.

Below is a list of students who during the spring term of 1937 attained an average of "B" or above:

BOSARD LEAVES FOR ALABAMA

Miss Bosard, who has been the head of the Home Economics department at Northern since the fall of 1928, has resigned her position and has accepted another of excellent opportunity in the Home Economics Department at Alabama University.

Miss Bosard earned her Bachelor of Science degree at Purdue University and her Master of Arts at Chicago. Later she attended Iowa State and Ohio State Colleges for further study in her chosen field.

During her stay here, Miss Bosard proved herself a most efficient department head whose tireless energy was ever on the alert to be of assistance not only to her co-workers and the student body but with anyone else with whom she came in contact. Her interest in all teacher and student affairs was an invaluable factor in strengthening the deep bond of friendliness and good will between the teaching staff and the students. Her cheery smile, kindly attitude, willingness to co-operate, and her efficient supervision in all matters she undertook cannot be commended too highly.

She leaves Northern with a host of good wishes for her success in this new undertaking. May her new contacts be as earnest in their welcome to her as we are in wishing her good luck and God speed in her new field of endeavor.

STUDENTS AID LOCAL SUMMER THEATER PROJECT

Talented Group Will Perform In Six Plays During Summer School.

Those who are attending summer school this year will have the unusual opportunity of witnessing a well chosen repertoire of plays, which will be given by the summer theater players assisted by a group of amateurs who have had considerable experience in dramatic work. This project is under the direction of Mr. Joe Calloway, who is a member of the Globe Theater players of Chicago.

Mr. Calloway performed in Marquette with the talented Globe Theater players during the winter lyceum schedule, given in the Kaufman auditorium. He liked the town and its theatrical audience and immediately conceived the idea that Marquette would be an excellent place for a summer theater.

After he contacted several of the people in town interested in dramatics the idea became an actuality and plans were launched for organization and financial details. Many Marquette people contributed generously and under the direction of Forest Roberts, president of the summer theater group, details were arranged here. A group of trained actors are now in Marquette and have been working on the first scheduled play for the last week or two.

The nucleus of the summer theater cast consisted of five professional actors. Miss Marlyn Fink, of Chicago, who is a capable character actress, appeared here last year, with another group of players. Miss Jean MacLachin, of Sault Ste. Marie, will play sophisticated young woman who will play the lead in a number of plays.

Jackson Woolley and Paul Merserve, of Hollywood, California are in the professional cast. William Fenton, of Oklahoma City, Oklahoma is technical director. Mr. Fenton is also a member of the acting cast and is an accomplished dancer. The director, Mr. Calloway, will take part in most of the productions.

A variety of plays has been selected for production purposes and they will follow this schedule of performances.

"Hay Fever" a comedy by Noel Coward—July 15, 16 in Kaufman auditorium.

"Double Door" by Elizabeth MacFadden for production purposes and they will follow this schedule of performances.

"As You Like It" by William Shakespeare—July 20, 30, the Anderson gardens, Colgate avenue.

"There's Always Juliet" by John Van Druten—August 5, 6, Kaufman auditorium.

"The Drunkard" by P. T. Barum—August 18, 20, 21, The Pavilion at Presque Isle.

Another play will be presented August 12 and 13, and Mr. Calloway announced that "Penny Wise", a current Broadway production has been tentatively chosen. Those who are interested in summer theater work may listen to the weekly broadcast, under the direction of Mrs. Kenneth Wagenhauser, which is on the air every Wednesday from 2:00 to 2:30.

Single tickets for plays may be secured, summer school students may attend four performances, the duration of summer school, for a limited ticket of \$1.50. Seat reservations began Monday morning, but those who wish to secure tickets may do so now by seeing Forest Roberts, who has charge of the tickets, or calling at the box office.

Students who are participating in summer theater activities include Donald Dush, stage manager, Ruby Trathen and Lewis Jacobs who will be in the cast for "Double Door", Toivo Sello, Eino Michelson, Paul Seigel and several others will probably appear in the Shakespearean production.

SUMMER CALENDAR

Thurs., July 15—9:50 A. M. General Assembly Paul Fleming, Magician	Thurs. & Fri., July 22 & 23 Summer Theater Play "Double Door"
Thurs. & Fri., July 15 & 16 Summer Theater Play "Hay Fever"	Sat., July 24—3:00 A. M. Tabungumee Falls Trip Prof. Hurst

Northern Marches On

NORTHERN is certainly keeping step with the changes in the educational field. It is a joy to return to additional work in a school as progressive as our own.

Looking back over the past years, we find those years in which the personnel during the summer term was made up of those in the teaching field whose previous training for their profession consisted of a four-year high school course. Their needs were satisfied by the fundamental courses in technique which form the foundation for our teachers' training. For years these people studied during the summer taking advantage of the work offered at our school.

Then came the days when County Normals were established. These provided for one year of training. The "follow-up" work was done here in a school which has always held its standard high.

Gradually the requirements for teaching became greater. The County Normal was followed by the two-year college, at the end of which the student was graduated and given a "life certificate". At present even three years of training is rewarded by a certificate which enables one to teach for only a limited time before additional college work is taken. A student receiving his Bachelor's Degree after four years of training is now awarded a life certificate to teach.

Little by little school boards have increased the educational standards in their systems. They too have felt the value of additional college training combined with enriched experience. Teachers themselves have recognized the goal set before them and have set out to reach it.

With the changing requirement Northern has provided for the needs of those people who are returning for the summer term. Instead of the "100" courses that were previously offered, we find an opportunity to take the work which every progressive teacher is seeking. It gives us an opportunity to study methods which are new but have been proven successful by those whose interests lie in the same field as our own. They have done the experimenting in order that the results may be our guides.

Certainly these method courses have been a felt need in our school. There is no field which offers more chance for worthwhile work than that in which we are engaged. However, it is very easy to let our methods become stereotyped. Investigating new ways of doing things that the changing trends in education suggest to us should be and is a challenge to all of us.

The children with whom we are associated should not be regarded as tiny experiment stations in themselves. Most of the difficulties that we encounter in attempting new procedures could be avoided if we were to plan our work carefully before presenting it to them. Surely no place offers greater opportunity for providing ourselves with a wealth of material for making such plans than classes in a college where the students' problems and welfare are its main concern.

Our school has provided for us the type of material which we most need. Are we making the most of it?

Let's step along with Northern. She has again felt our needs and come forth to aid us. We sing her praises.

Summer Excursions

SUMMER SCHOOL always brings to Northern groups of enthusiastic sightseers. This year is no exception. From the first day we have "listened in" upon plans being made and revised.

The excursions planned for the summer were begun on Saturday with a trip through the Cliffs Dow Chemical plant conducted by Dr. Garby and one to the Piqua-Munising Woods Products Company with Dr. Clucas in charge.

The Sugar Loaf hike is always a popular one. It is one of the scenic spots that no one should neglect seeing. Thursday, July 15, is the date set. Pack your lunch, and join the party! Professor McClintock will conduct.

There are three excursions planned for Saturday, July 17. The longest of these is to the Copper Country. Superintendent Lee will direct these two days of fun and education.

On the same date Dr. Clucas will take a group to Sault Ste. Marie and Professor McCollom and his followers will travel around points of interest in Negaunee and Ishpeming.

July 24 is the date set for journeys toward picturesque spots in the vicinity of Munising. Professor Hurst will act as conductor to Tahquamenon and Professor Butler to Pictured Rocks, Grand Island, and Munising.

Professor Brown will take his Abnormal Psychology class to the Newberry State Hospital late in the term.

On Saturday, July 31, Professor Hurst will go to Mackinac Island on the final all-student excursion of the summer.

"If you want to see a beautiful peninsula, look about you." Take advantage of the very special opportunities offered to you in visiting these lovely scenic spots in Michigan.

ALUMNI NEWS

Miss Jane Rayan of Owosso, Mich., and Dr. Paul Edward Derleth, son of Mr. and Mrs. E. A. Derleth, of this city, were married June 30, in St. Paul's rectory, Owosso, Mich.

Dr. Derleth is a graduate of the Baraga Parochial high school, Northern State Teachers College, and the medical school of the University of Michigan. He was a member of the Alpha Omega Alpha medical fraternity. Upon his return to Detroit he will begin his third year in the surgery department of Harper Hospital.

On June 24, Miss Edith Pisoni of Mineral Springs became the bride of Joseph J. Hill. Miss Pisoni taught kindergarten in the Homer school and was a member of the Carrie Jacobs Bond Musicals. Mr. Hill is a graduate of N.S.T.C. They will make their home in Iron River.

Miss Doris Saunders of Escanaba and John Manning of Winona, Minn., were married June 18th. Mrs. Manning is a graduate of Northern and taught school in Winona.

Miss Jean Stalker and Harold Larlsburg, both of Calumet, were married March 31st. The bride is a graduate of N.S.T.C. and taught school in Calumet.

Miss Ethel Luce of Stambaugh became the bride of Frank Rowell of Milwaukee on June 18. They will reside in Milwaukee. Mrs. Rowell, before her marriage, taught in the Wauwatosa schools. She has a degree from Northern and also taught in Stambaugh.

Miss Dorothy Van Dyck was married to Robert K. Sawyer of Ishpeming, Mich. Mrs. Sawyer is a former graduate of Northern and taught in Manistique Junior High. Mr. Sawyer is a graduate of the University of Michigan and teaches in Duluth.

Derleth-Dillon. Miss Ann Louise Derleth of Marquette was united in marriage to Roger Thomas Dillon of Iron Mountain. Mrs. Dillon is a graduate of N.S.T.C. Mr. Dillon attended Northern, and the University of Michigan where he received his Bachelor's and Master's degrees.

Virginia Sandstrom, '34, of Iron Mountain, was married to Melvin (Skipper) Rameger, Nov. 28, 1936, at Aurora, Ill. Both the bride and groom attended Northern.

A special five weeks' summer music course will be offered for Negaunee students, starting Monday, July 19, and ending Friday, August 20th. The course designed to prepare students to enter high school and junior high school organizations will be taught by Paul W. Goodman of Negaunee. The playing of all types of instruments will be taught. H. S. Donliffe, superintendent of schools, and R. W. Nordling, high school music director of the Negaunee school system, have endorsed the undertaking.

Mr. Goodman is a graduate of Negaunee High and the Northern State Teachers College, taking active part as a member of the band, orchestra and glee club of both institutions. While at Northern many of his trumpet solos were featured by school programs. After graduating he entered Albion College for graduate work under Conway Peters, former head of the music department at Northern.

FACULTY FACTS

The faculty hitherto have been prone to hide their lights under baskets—but Ah!—this time we removed the basket: And in the light we discovered the following: Miss Olson has returned from New York City where she attended a National Library Association. She comes back to Northern brimming over with library lore.

Miss Carey and Miss Spalding spent an exciting vacation exploring Door Peninsula, and admiring the famous cherry trees, and at the same time visioning potential cherry pies.

At Lake Independence, at the present time, Mr. Gant is summering and getting a coat of tan equal to any good dye on the market. Mrs. Wentela is acting as register during his absence.

Then after snooping around the training school a bit, we find that Miss Marsh, Miss Cooley, Miss Ayers, and her guest, Miss Irish, spent the week-end of the Fourth in the Copper Country. (Miss Irish was formerly in the music department of N. S. T. C. and is now instructor of music in Hammond, Indiana.)

Looking into Mr. Lee's office we found Miss Densmore gaily planning on driving east with her parents, Poughkeepsie, N. Y., being one of the stops.

And now, back to the college library. We find Miss Phelps with us again after a brief visit to Chicago.

To Northernites, downstate may be all right for a visit, but home's the best place after all. Mr. Butler, of the Botany department, was glad to get back after a week at Lansing (between terms). We learn, also, that the "Fourth" at Grand Marais and reports having had a fine time back in his old haunts.

Mr. Parker has returned all rested up after a nice vacation in Lansing and other places downstate. His mother, Mrs. W. E. Parker, accompanied him. (We hesitate to admit we suspect Mr. Parker of throwing rice and old shoes—Rayen-Derleth wedding.)

And then we find that Mackinac Island was Mrs. Dutmer's retreat for a pleasant and well-earned vacation, over the Fourth.

Here's a bit of "Ex-Faculty" news: Miss Hazel Coutts is visiting in Marquette, at the home of Mrs. J. F. McNamara, after an extended motor tour. She formerly taught in the English and Commercial departments in N. S. T. C., and is now instructor in Houlton College.

We haven't put our visiting Profs on the spot to-day, but we now give them fair warning that we will get them into the next issue.

Burton Stevenson vowed toward the end of a five years residence in Europe that he would do everything he could to impress on American children the greatness of their privileges. He says that Americans are too inclined to take America for granted and assume that all nations are alike.

Mr. and Mrs. Bernhardt Micklow are the parents of a son, Jarrett Bruce. Mrs. Micklow was formerly Miss Agnes Darbarow.

5 Responsibilities we have as a Commercial Bank

As a commercial bank this institution recognizes its responsibilities to the following groups of people:

1. To our depositors, whose funds are entrusted to our care.
2. To our borrowers, to whom we have advanced credit.
3. To our stockholders, whose money provides the bank's capital.
4. To our community, which benefits by the sound growth and capable management of this bank.
5. To our officers and our employees.

Though different in many respects our responsibilities to these groups are basically similar. The eternal principle that banking is a trusteeship is the bedrock upon which every policy and action of this bank is founded. It guides us in our daily work of serving the financial needs of the people in this community.

INTRA-MURAL PROGRAM NEXT WEEK

HURST PRESENTS PLANS FOR TERM

Large Number Of Students Expected To Join; Open To All

With the mild salubrious climate supplying the added incentive, a large number of summer term students are demonstrating the fact that they still have the vim and vigor necessary to carry on with after a hard year's work.

Tennis is the popular sport for both men and women; swimming, badminton and soft-ball are holding the interest of a large number, not to mention the likes around the Island.

Coach Hurst issues an invitation to all men students to turn out for soft-ball on Tuesdays and Thursdays at 6:30 P.M. This sport proved to be highly successful in the past, with the members of the faculty contributing to the excitement and fun in no small way. Coach Hurst will draw up a regular schedule, the teams being picked by geographical groupings. For instance, a team representing the Copper Country, Gogebic Range, the Straits Counties, Marquette, and below the Straits and out-of-state men. The gossip around the halls have it that the faculty will enter a team in a try for honors. With such stars as Meyland, Coach Hurst, Crane, Botum, Garby, Glass, Brown, McGollum and others on their roster, it appears that their chances are not slight.

Badminton is open to all college students whether enrolled in the course or not. This is a real opportunity for students to avail themselves of and make the most of it. The nets are kept up in the gymnasium the entire day to meet the convenience of students.

The women are showing more interest in swimming than the men. Miss Mattson has twelve girls enrolled in the course while Hurst has only five men. Six of the girls are beginners and six are working for Life Saving badges. All of the men are preparing to take the Life Saving test.

The co-eds are unusually energetic in the tennis world. Twenty-five are playing under the able tutelage of Miss Mattson. An elimination tournament will be held the last week of school. The courts are open to all students when the regular classes are not using them. The tennis classes meet at 9:15 to 10:45; 1:55 to 3:30.

The News wishes to thank the physical education department for the fine work and recreational advantages offered to the students and again urge all students to avail themselves of these opportunities.

DANCE MUSIC AS A CAREER

By HAL KEMP
When the month of June rolls around college seniors begin to take their last look at the lighter side of campus life and start worrying about the task of finding a job. For the past several weeks college students have been asking me for advice. They want to know if there is a future as a musician in a dance orchestra.

In many instances circumstances will not permit them to take up law, medicine, dentistry or any of the other professions. So they want to enter the field of popular music.

Some of them can play the saxophone, trumpet, trombone, violin, drums, or piano. Others can play no instruments, but link themselves out to be band leaders.

To those who aspire to be band leaders, my advice is forget it unless you have not only musical talent, but business ability. The competition is keen. However, if you can play an instrument with skill and have original ideas, the music business may be able to use you. And

THE FACULTY VACATIONS

Vacation plans among Northern's faculty are many and varied. Among those who decided to stay at home in Marquette, we see the names of Prof. James C. Bowman, L. A. Chase, Chas. B. Hedgcock, John P. Launer, Dr. Lowe, Miss Melvin, Gunther G. Meyland, Chas. C. Spooner and Casey C. Wiggins.

Two of the above mentioned are busily engaged in building, namely Prof. Chase and Prof. Hedgcock. Of course, the former makes his daily visit to N.S.T.C. to make sure that everything is going right. However, in this paternal anxiety he is not alone, for Doc, Lowe shares it with him. Even Prof. Bowman, busy with his writing, has time to pay us an occasional visit.

Among those who have their homes out-of-town we notice Miss Bosard, at W. Lafayette, Ind., Miss Hunting at Cresco, Ia.; Miss Lang at Fowler, Mich., and Miss Payne at Bridgton, Ind.

Miss Craig and Prof. Ferns are away at school, working on their master's degree. Miss Craig at the University of Chicago, Prof. Ferns at Iowa State College, Ames, Ia.

Miss Koglin has resigned to accept a position as assistant supervisor of educational projects in the Upper Peninsula for the Works Progress Administration.

Several of the faculty are touring. Mr. Gant, our registrar, is at present at his camp at Buckroe, but may go to Annapolis, Ind. Prof. Halverson and family, for the time being at Cedarfalls, Ia. intend to tour Canada; Prof. Hunt and family are at Randalia, Ia.; Prof. Slick and family have gone west with Butte, Mont., as the destination. As may be expected, Prof. Meyland makes his daily tour to his farm.

Alumni News

Word has been received that J. Edward Pearce (A'33) Negaunee, has been selected for the position of principal of the Powers high school for next year. Mr. Pearce is a graduate of the Negaunee high school. Following his graduation from high school he attended school in California for a year and then came to Northern. While at Northern Mr. Pearce was a member of the football team for three years, serving as captain in his senior year. He took an active part in campus activities and was a member and officer of the Tri Mu fraternity. After leaving Northern he taught for one year at Fairmore and last fall was transferred to Powers, where he taught history and mathematics.

Paul H. Gilbert (BS '35), Sault Ste. Marie, director of music at the Ontonagon high school, gave a band concert recently at the school which brought forth praise from the audience. "Much of the credit is due Director Paul H. Gilbert for the fine progress he has made with the band," the Ontonagon Herald said in a story of the concert.

If you can arrange music to conform with certain band styles, those orchestras may like your arrangements and buy them.

In the last analysis, those who go into the music business do so because they like music and not because they are out to make a fortune.

From The Bleachers

by Selio

Welcome, summer students, to our haven of heat, homework, and coffee or tea (whichever you may prefer) on Thursdays.

O. O. McIntyre's daily dilemma—what to write about?—has become my bi-weekly woe. The slim character of the College's summer sports schedule doesn't give a word jockey (sports writing—hopeful) much hope, especially when that person is filling said niche by necessity rather than choice.

Rumors to the effect that Coach Victor Hurst is out to promote intra-mural badminton, tennis, and baseball have reached me. This sounds interesting, due to the fact that I have noticed a prevalence of athletic looking enrollees among those present. That is precisely what the doctor ordered—something to counter-balance the mental gymnastics performed during the winter months. Pop and zest are added to this announcement with a blanket challenge issued by the Tri Mu Fraternity to take all comers in any sport. Of course the Tri Mu doesn't expect anyone to answer the challenge—it was directed to the Independents. They claim that the Independents haven't enough spirit

Athletes Beware!

TO YOUNG SMOKERS
Chas. L. Hill

If you don't succeed at once, Try, try again!

Prove yourself a brainless dunce, Try, try again!
Fools are plenty now, 'tis true, Who can either smoke or chew, To their ranks they'll welcome you, Try, try again!

Take a nasty cigarette— Show that you dare— Common decency forget. Say you "don't care!" Stick the thing beneath your nose, Never mind the stomach's throes, Though it start your very toes, Do not despair.

Greet all warning notes of pain With scoff and jeer, While you poison heart and brain, Close eye and ear! Every sense that God has made Will in protest stand arrayed, Crush them down! Be not afraid! Still persevere.

When you find yourself a slave Chained to the weed, Think how manly and how brave! Boast of the deed!

Boast that you can daily feast On vile stuff of which the least Would disgust the lowest beast, Triumph indeed!

—Taken from the January, 1893 issue of the Phonographic World.

The average high school student attends one to three professional plays during the entire high school course, it was disclosed recently by the Research Department of the WPA Children's Theatre which has completed a survey into the dramatic interests of young people.

FACULTY CHANGES

It is with great interest that Northern's student body scans the schedule sheet to see who the new instructors may be. This year we heard a sigh of satisfaction as familiar names appeared. Miss Magers, who for a year has been working on her Ph. D. at Yale University, is with us again in the English department. Allen L. Mizer, formerly of Ferris Institute and well known to the student body of 1936-37, as well as to the Dickinson County teachers, is again taking Prof. Bowman's place; Lyle Graine, connected with the Extension Division at Madison, and with us last summer, has taken over two geography classes. For several summers we have welcomed Milton M. McGowan, Biology instructor at Graveret. Miss Loubert, French and History critic in John D. Pierce, now teaching history, is also an old friend.

All of the new members are Northern graduates. Lawrence Hubbard of Ishpeming, '34, who went to the University of Michigan on a scholarship and taught a year as fellow in the economics department, is taking Prof. Launer's classes; Marjorie Matson, '35, who taught Physical Education at Barraga last year, is in charge of the girls' Physical Education classes here. Gertrude Kee, '35, is teaching kindergarten at John D. Pierce; last year she taught at Manistiquie.

V. B. ? And what does V. B. stand for? And why does Floyd Carlson mumble Oklahoma? Did he catch that at the carnival? (Aha! you both made the paper!)

Why do Pete Eddy and Steve Baltic hold such confidential talks? Something in common?

Lillian Hubbard lost something (her dinner) on the loop-a-lane.

Mr. Garby has two classes with two students.

LADS AND LADIES

THE SOCIAL WHIRL

Kappa Delta Pi, National Honor Society, is functioning this term. Plans are being made for teas and meetings.

Officers for the summer are: President—Bertha Palo. Vice-President—Sue Paju.

Members and Alumnae of Tau Pi Nu were entertained yesterday afternoon at a tea given by Mrs. Ferns at her home.

Cegmer Seg sorority is planning a supper dance for the last Saturday in July at the Mather Inn at Ishpeming.

Members and Alumnae of Phi Kappa Nu sorority enjoyed a picnic at Presque Isle on July 7. Miss Griswold, faculty adviser, was present.

DRAMATIC CLUB SPONSORS TEA

The summer theater players were guests of honor Monday afternoon from 4 to 5-30 o'clock at a reception table, sponsored by the Drama Club.

Forest Roberts, adviser of the Dramatic Club, Miss E. D'Abrow and Lysle Hutton were in charge of arrangements for the reception.

Myrtle Ann Sandstrom, '35, of Iron Mountain, and Custer Horner, '34, of Marquette, were married at Iron Mountain on July 10.

SUMMER THEATER IS WELL RECEIVED

Marquette Audience Gets Unusual Cultural Opportunity

The Summer Theater movement is becoming popular everywhere. Wherever talent is available, and public taste warrants it, theater groups are springing up.

Marquette is particularly fortunate in possessing the qualities essential to successful theater both from the point of view of actors and audience.

The selection of plays is well balanced and light, light plays being consistently preferred to heavy drama by summer audiences.

By presenting his professional actors, by providing instruction and opportunity to persons interested in the production end of the project, and by offering a splendid selection of plays, the theater group seems to have discharged its duty to its audience.

FACULTY GIVES INFORMAL TEA

Did you attend the faculty tea in the recreation rooms on Thursday afternoon, July first? Such a congenial atmosphere as there was!

Then such a friendly mingling between faculty members and the students. They spoke together about this and that, leaving the formality of the schoolroom behind.

No theatrical project can succeed without sympathetic support. As in the past, Marquette audiences will doubtless do their utmost.

Such get-togethers as this one proved to be greatly appreciated. They are a most helpful factor in bringing a closer bond between the faculty and the student body.

Such selection allows for variety of tastes, yet keeps the general tone on a rather gay level.
