PROTESTANT YOUTH HOLD BEAN SUPPER

50 Attend First Meeting To Hear Speech On Lincoln By Wiggins

The United Christian Youth, one of Northern's newer student organizations, held its first meeting of the semester on Monday, February 9, in the form of a baked bean supper and program in the college's recreation room. Approximately fifty persons attended the meeting which lasted from 5:30 to 7:30 p. m.

Served buffet style, the supper and food preparations were in charge of the Wesleyan Guild of the Methodist Church.

The evening's program, in charge of the Lutheran Students' Association, consisted of: group-singing of hymns; a solo, "Prayer Perfect" (Speaks) by Gwynn Lawry; Scripture reading by Stanley Lund; and a talk, "Tolerance and Intolerance," by Mr. C. C. Wiggins of Northern's faculty.

Mr. Wiggins' talk, the high-light of the evening, centered around the life of Lincoln. Mr. Wiggins stressed the background of Lincoln's life and related incidents in the emancipator's early life. Mr. Wiggins explained his later actions as President.

In the business meeting, conducted by John Hamel, president of the UCY, the new constitution of the organization was presented to the group and was adopted. According to the constitution, members of the organization have the choice of joining one of three committees: the Worship Committee; the Outreach Committee (organized for obtaining new members); and the Fellowship Committee. The constitution was prepared by the officers of the organization who include, besides Hamel: Howard Hansen, vice-president; Marilyn Lane, secretary; and Janet Hoagland, treasurer.

Among those present at the meeting were two Marquette pastors: the Rev. Donald W. Lane of the First Baptist Church, and Captain J. Hookin of the Salvation Army.

Faculty members present were Dr. Burrows, adviser to the UCY, and Mr. Gant.

SOCIAL SCIENTISTS PLUG CONVENTION

The Social Science Club met on Tuesday to elect officers to fill the vacancies created by the resignations of Peter Whitman, Edward Kulick, and Clarence Kall. Pete Whitman was a recent graduate, while Kulick has transferred to Wayne University. The newly elected officers are: James Luckman, Vice-President; Ida Gietis, Secretary; Treasurer; and William Carlson and Lawrence Eastley as trustees.

The remainder of the meeting was devoted to the discussion of the mock political convention to be held in May. The Social Science Club has need of all the help it can get to swing this mock political convention successfully. Therefore, if you have any talent whatsoever, please raise a loud, helpful voice to anyone who has affiliations with the club and the convention planning groups. Join a pressure group; help campaign for a candidate; if you play a musical instrument, provide some typical convention music. There is plenty of work for everyone, and the work is varied to suit every talent.

Poetry Of Mrs. Spooner Appears In Anthology Designed For Radio Use

Mrs. C. C. Spooner, a former Northern student and wife of C. C. Spooner, Professor Emeritus of Northern has written a group of ten poems which were included in an anthology *Poetry of the Air* issued by Poetry House, New York City and designed for radio use.

The editor of the anthology, Michael Everett, noted that the poems represent a cross section of verse, but in every case the spoken word has been considered. In the anthology there are lyric poems, those of sentiment and romance, the easy and those that hint at the tragedy and frustration of life as expressed by contemporary poets. It is a volume of six hundred and eighty pages.

Mrs. Spooner's contributions have the following titles: "The Yacht Race," "The Rivulet," "The Tornado," "The Giant Redwood," "Northern Autumn," "The Water Wheel," "The Town That Was," "October," "A Confession," "Camping."

VA DOPE APPLIES TO DISABLED; ATTORNEY FEES

Disabled veterans may continue educational or on - job training courses longer than the usual four years if necessary to attain their vocational objectives under provisions of the Vocational Act (Public Law 16).

VA officials explained the time-extension provision is applicable in cases where veterans are so severely disabled that no course of training would restore them to employability in four years. Also, it applies to veterans who lose time in their courses because of their health or other circumstances beyond their control. Application for courses of more than four years should be made through the VA regional office which has the veteran's records.

Veterans are not required to pay attorneys or agents for representing them in monetary claims against the Veterans' Administration, VA said today in answer to numerous recent inquiries.

Fees for such services, VA said, are payable only by the agency itself and are deducted from the monetary benefit due the veteran at the time the claim is allowed.

Fees are fixed by statute at \$10 for an original claim and \$2 for a claim to obtain increased benefits.

Any agent or attorney who charges or attempts to charge any veteran for such services is subject to penal provisions of the law in addition to loss of his accreditation, VA said.

Spanish-American War Commemoration Features Dr. West As Speaker

Dr. L. S. West was the featured speaker at the Spanish-American War commemoration services at the Gravelot Auditorium Sunday, February 15, sponsored by the Samuel W. Wheeler Spanish-American War Veterans, Camp No. 37.

In his speech, Dr. West traced the events leading to the war and the subsequent expansion of the United States made possible by the defeat of the Spanish from Cuba to the Philippines. He also stressed the increased attention paid to public health and army sanitation resulting from the extremely high mortality rate from disease during the war.

Spanish Students Describe Past And Future Planning

"Nuestra Tertulia," which, in Spanish, means Our Social Club, was the theme chosen by the Spanish section of the Modern Language Club when its picture was taken during a regular Thursday night meeting recently. The club has been holding a meeting each Thursday evening at the cafeteria since the beginning of the semester. Supper is always the first order of business at these meetings followed usually by games designed to enlarge each member's vocabulary and songs sung in Spanish. Each week two or three people have been named as the entertainment committee.

There has been splendid cooperation among the members in this, a fact which has contributed much toward the success of the group. Of course, only Spanish is supposed to be spoken during the course of these get-togethers; to speak English is to risk incurring the wrath of Mrs. Rubin, the adviser.

At the Christmas party the group had a "Posada." This is a Mexican Christmas celebration at which the traditional songs are sung and a "Pinata" is broken. A "Pinata" is a large clay bowl filled with prizes and fortunes which is hung from the ceiling by a rope and broken by one of the members who is blindfolded. When the bowl is broken everyone scrambles for one of the prizes and the fortunes are read.

The club has big plans for the second semester. It has tentative plans for sleigh-rides, skating parties, and other entertainments and has named a committee of three, composed of Dorothy Nashland, Carmen Conte and Howard Karjala to make the necessary arrangements. The time of meetings for the second semester, will be Tuesday night at 5:15 instead of Thursday night.

ISHPEMING MAYOR CROWNS BEAUDIN '48 SNOW QUEEN

Miss Maribelle Beaudin was crowned Ishpeming Winter Sports Queen for 1948 by Mayor Altelbom last Sunday at a ceremony at the Ishpeming Winter Sports Club. She is now eligible to compete for the title of Queen of the North, to be decided Friday evening at the Palace.

Judged on skating, skiing, public speaking, poise, personality, and ability to wear formal and ski attire, Miss Beaudin ranked first, to defeat six other candidates. In order to be eligible for the title Miss Beaudin had to sell two hundred Winter Sports Memberships.

Miss Beaudin will preside at the Ishpeming Snow Ball, Saturday evening at the Mother Lode and will be presented at the ski tournament on Sunday.

As a candidate for Queen of the North, she will be entertained Thursday and Friday of this week at banquets and other events. The queens will be presented at Tom Brennan's Breakfast in Hollywood on Saturday.

Capacity Crowd Hears Negro Men Sing At College

Monday evening, February 16th, the de Paur Infantry Chorus presented a program of a capella singing at Northern under the auspices of the Community Concert Series.

Captain de Paur has picked his singers from the best Negro voices in the U. S. Army, and under his leadership has fused the group into this effective ensemble. The de Paur Chorus has sung for more than 2000 concerts for American Servicemen in both the European and Pacific theaters of war. They are now on their first American Concert Tour.

Unlike most Negro choruses, the de Paur ensemble does not feature spirituals, making up much of its repertoire from the music of the many lands the ex-soldiers have visited, and songs of World War II which were as much a part of Army life as reveille. The audience seemed especially enthusiastic about the de Paur rendition of "Vidalia," "Roger Young," "Water Boy," "Ell Ell" called back for encores, the chorus sang "Bless the Lord, Oh My Soul" and the Air Force version of the "Whitfence Song."

Richey, Bertodatto, Nault Attend Home Ec. Convention

Miss Luella Nault, a senior at Northern, will attend a Home Economics meeting in Chicago, Thursday through Saturday of this week. Delegates from affiliated college clubs of Michigan, Iowa, Illinois and Wisconsin will participate in the Pre-Workshop. The meeting will be held in the Allerton hotel.

The meetings will be in the form of round discussions where the problems of Home Ec. clubs of the mid-west will be taken up. There will be several professional women at the meeting in addition to college students.

Miss Nault will be accompanied by Miss Rose Forno, cafeteria director, who is assistant state adviser to College Home Economic Clubs.

NEWCOMERS WILL SEE STUDY FILMS

Two movies will be shown to Freshman students who are enrolled in Orientation this semester. The films entitled, "How to Read a Book" and "How to Use the Library" were obtained from the University of Michigan.

Members of the English and Education departments previewed the films last week and decided that new students would derive much benefit from them. The films will be shown this week.

Porter Urges Students To See Advisers About First Semester Flunks

Dr. Porter, of Northern's psychology department, announced recently that those students who received low grades for their first semester's work, should see their adviser at his or her earliest convenience. Students are asked to accept this responsibility in order to lessen difficulties which might arise later.

Many students had not received their semester grades before regitration as their cards were sent to their homes in most cases. However, all students should have received their grades by now and in the event of unsatisfactory work should report to their respective advisers.

Northerners Skate Friday

Northern students who attend the ice revue Friday evening in the Palace will see two students perform. Ruth Tompkins, Negawee and Robert Bauman, Munising will be seen in a "Double Rhythm" duet.

DON HEDBERG DIES IN AUTO ACCIDENT

Freshman Music Student Loses Life In Collision With South Shore Train

Donald John Hedberg, freshman at Northern, son of Mr. and Mrs. Hilmer B. Hedberg, 418 West Michigan, street, Marquette, was fatally injured when the car in which he was riding struck the baggage car of a South Shore passenger train at the Lakewood crossing at 3:15 Saturday afternoon.

Are You Ready?

"Let's give three cheers for the team! Are you ready?"

"Grun!" "Are you ready?" "Silence..."

And the "yells" got fatter and farther between—then even the cheer leaders gave up. Clearly, the old school spirit hit an all-time low Saturday night at the Gogebic-Northern game.

Perhaps we should take a few post grad courses in school spirit at Pierce. Or perhaps cheers, etc. are a superfluous commodity like glasses when you are dancing cheek to cheek.

Okay then, what is the answer? We shouldn't have to minor in mob psychology to figure that one out. For one thing, we are spread out all over the gym—spread out like leaves in a March wind.

Furthermore, unless we prefer to give out with the Tip Top Drinking Song, truly, something should be done about the present "yells"—that is, they should be chucked into the most convenient garbage can, and new cheers created.

A few pep meetings—at convenient hours, of course—and the situation might be changed.

Above all, let's decide whether or not we are going to get behind the team. And if we decide to do so, let's get out to the games and give the cheer leaders our support.

Student "Cracks The Books", Pupil Notes Title Only

A college enrollee is one who previous to college entrance had a strong animal instinct but since entrance has learned the secret of vegetating. College enrollees, for the most part, fall into two general types, the pupils and the students.

One outstanding type of pupil is the unprepared pupil. One often hears such phrases as "I can't do this" or "I don't understand this" in French phrases questions in General Zoology—they evidently don't realize that Latin is the only highly acceptable language in zoology with English running a remote second choice.

Another type of pupil is the one who has been pursuing the wrong things these past few months. Yet uncle, there are so many varied and fascinating things to pursue up here in the north woods of Michigan.

There is also a type of enrollee who is not to be considered a pupil or a true student either. His place is somewhere in between the two. This is the confused enrollee. He "cracks the books", but he can't be considered a true student, because he lacks the determination of the true student.

NORTHERN LITES

Laure Niemela As the male half of the Northern-lites we present LAURI NIEMELA who hails from Ewen, Michigan. LAURI first entered at Northern back in 1940 but due to circumstances beyond his control he stayed for only a year.

Back to Northern in 1945, LAURI continued his studies toward an A. B. Degree with a Geography major and History and Music minors. His extra-curricular activities included playing with the school Orchestra and singing with the Glee Club.

During this interview, LAURI managed to get the conversation around to the center of interest for he and his wife: Jay Russell Niemela who is all of seven months old.

Heading the list of LAURI'S many and varied hobbies in his collection of old maps. The prize items in this collection are three colored maps of the Shires in England drawn during the 17th century.

MR. NIEMELA'S "in the future" plans definitely center in the field of teaching. His present plans after graduation in June center in the University of Wisconsin where he plans to do graduate work in geography.

Travels To Tech Highlight Column

Relax, kids—exams, plus one thousand pints of blood, and enrollment day are over. Ah, yes, we're wearing rose-colored glasses, too. Those four vacation days were more than welcomed—in fact, they came in quite handy.

That little college at Houghton seemed to be the mid-winter spot of recuperation—from scholastic chores, says the tongue in the eye check. Gerry Zadra journeyed that-ways to visit her Theta Tau football man... tall, dark, and worth it.

Of course Marquette was still here and not exactly in tune to any drug tempo... but, meek souls that we are, some omissions must be made.

Overheard (natch, how else do we gather material) a remark of Bill Zagelmeter's concerning a cute blonde co-ed. Result: Jeanette Rimpela joins Donna Frel in waiting for their dates after games.

Attractive Rosemary Walsh shares mutual feelings with "E" Ben Randolph... and we mutually agree that they're both lucky... in other words, Rosemary and Bud are nice people.

Pette Ila Bills has a steady companion named Dean Ford. Now tell us who the man with Roxie Bills is. That double datin' sister act is plenty o. k. We must do that more often.

Incidentally, we are all for those basketball dates. But "Jake" Jacobson agrees... Pat Thoney seemed happy, also. Your boy Burton G. proved his social abilities last Friday night. Reports had him the life of the party!

Ila Bills Northern's loss will be the teaching profession's gain when ILA BILLS leaves us in June. ILA, who came Onaway as her home town, entered the ivy-covered walls of Northern with an eye to teaching high school English.

During her four year sojourn at Northern Ila has spent much of her free time on extra-curricular affairs. To list a few of the activities that have kept her busy: the Orchestra; the Band; The Athenaeum Club, with a hitch as president; the Phi Kappa Nu Society; holding the offices of first secretary and later president; the Kappa Delta Pi, with time as the corresponding secretary; the Debate Team, she is, rounding out her fourth year with this organization.

ILa admits that she really hasn't had time to acquire a hobby... that is unless you consider joining things a legitimate hobby. On the subject of pet peeves, ILa thought it best to leave that out of the report.

'Cat Cagers Travel To Houghton

MONEY-MEN SEEK TENTH VICTORY OF CURRENT CAMPAIGN

The attention of the basketball team this week has been centered on tonight's game with Houghton Tech in the Field House at Houghton. The Wildcats will be highly favored to defeat the Engineers when they clash but anything can and usually does happen when these two rivals meet. The disadvantage of playing on a strange floor hasn't bothered the Money-men during their cage wars this year and they still are retaining their pre-game advantages.

Coach Al Bovard has worked his Michigan Tech basketballers into a well rounded squad and they will be out gunning for the scalp of the Wildcats tonight. With a hotly contested rivalry between the two schools the Engineers hope to get a jump on the 'Cats in this first game of a home and home series. The Tech cagers will be ranked as the "underdogs" in this battle and will probably display a good brand of basketball in an attempt to upset the strong N. M. C. E. cagers.

Rated as one of the best teams in Northern's history, the hard-court boys will be out tonight to garner their tenth win in thirteen stars. Returning to the cage wars last weekend after a rest during the final exam week the Wildcats continued in their winning ways by swamping Ferris 64-37 last Friday night and Gogebic J. C. 49-52 last Saturday night.

Northern's starting lineup will probably have Kirby and Zagelmier at forwards and St. Germain and Ruffing at guards. Sam Minard will cover the center slot. The subs, Londo, Gustafson, Wiinikainen and Puckett who have seen lots of action so far this season will probably get into the lineup early in the game.

After tonight's game their is only two more remaining home games on the schedule; February 27, Eau Claire State (Wisc.) and March 5, Michigan Tech.

Men's Intra-Murals

Northern men interested in enlarging the Intra-mural program are asked to read the bulletin board in the men's locker room daily. Now that the current basketball campaign is drawing to a close a larger and greater variety of intra-mural sports will be offered. This program will largely depend upon the response the male student body gives to the various notices posted by the athletic director as he develops the new program. With a large supply of Phys-Ed majors to help organize and run the program the interest in it should be very high.

Lansdorf, one of Northern's weaker sex, for her wonderful performance at the Tech Carnival two weeks ago in the down hill skiing events. Kathy demonstrated her ability on the pine slabs by sweeping top honors in Central Association's combined down hill events and finished second in the slalom events.

National Focus . . . During the last two weeks of February the eyes of the nation turn to the Upper Peninsula when two of the biggest ski tournaments of the nation are staged by the Ishpeming Ski Club and the Keweenaw Ski Club of Iron Mountain, Mich.

happening, the cradle of ski-jumping in the U. S., is sponsoring its 31st Annual Ski Tournament next Sunday, February 22, at Suicide Hill, which is located about a mile outside of the city limits. Think of it—sixty-one years of ski jumping and still producing national champions in all classes.

Pine Mountain, site of the largest artificial slide in the nation, will be the scene of another spectacular event on the following week-end. This giant ski slide, located in Iron Mountain, held the National record until last year when a new distance was established on a hill in Seattle, Wash. However, during the summer of 1947 the face of the landing at Pine Mountain was remodeled and experts claim that the dream of a ski jump of 300 ft. leap is about to become a reality. This dream of a 300 foot jump was almost realized in practice jumps off the slide earlier this year when a leap of 299 feet was accomplished but the rider fell after he had made his landing.

Coming to the sport fans of the U. P. we can heartily recommend the so-called sports games as offering thrills which come only once in a life time.

Realities . . . The one thrill of journalism is the wonderful and fantastic dreams one can set down in the so-called feature stories. And the niceties of reporting events such as basketball games and ski tournaments. But then there are such things as (censored) see the bulletin board in the boy's locker room. They supply along with a few of the other elements the undesirable things of life that a newspaper must run stories too. So how about it fellows? Let's eat in L-115 and not in the locker rooms. This would make the (censored) at Northern unhappy and they would leave; this would make Coach Money happy, the basketball players happy, and in fact all of us happy.

Closing Notes . . . Beat Tech!!!

CONGRATULATIONS — Congratulations are due to Hank Lindeman, former Wildcat hardcourt coach, who has taken over the reins as basketball coach at Sargeant Parochial High School in Marquette.

WINOVETS GIVE VALENTINE PARTY

Thirty-five attended the Valentine's party at which the Winovets entertained their husbands, Thursday night in the Women's Federated Club House.

After playing games and visiting, a buffet lunch was served. The table was centered with a colonial bouquet of red carnations on a plaque of silver, red and white lace hearts. From the bouquet, red and white streamers, heart-decked, extended to the four corners of the table. Mrs. Oswald Vecellio presided at the table.

Masquers Club
The Masquers a group of college students interested in dramatics, held their bi-weekly meeting at 7:15, Tuesday, February 10, in Room 210. The Masquers have succeeded the now disbanded Trespian Club as the theatrical organization on Northern's campus.

Phillip Walker, of the speech department, and adviser for the Masquers, led the group discussion. Both social and business activities for the ensuing semester were discussed.

Donnie Hurst, a member of the John D. Pierce basketball team placed third in Class C in the slalom event in the Michigan Tech ice carnival staged at Houghton. He was the only Marquette contestant to place.

He sat in class a whole week long. His sociology to learn. But four years past he'd had the course. Then did Lena Colla burn.

Radio Stations Carry Speech Of Northern Professor

Professor C. C. Wiggins of Northern's Commercial department spoke over WDMJ and WFPD on Thursday, February 12th. He spoke on Abraham Lincoln and the Gettysburg Address, tracing the events that led up to the speech and giving a resume of the proceedings of the day.

Commercial Club

The Commercial Club had its annual sleigh ride party on Friday, January 30, 1948. The members and their guests met in front of the college at 6:30 and had their picture taken before starting out. The ride ended at the Orchard Club where the group did every dance from the scottische to the ever-popular "hokey pokey". Dorothy Nashland added to the entertainment by giving out with her version of "Temptation". Refreshments were served by our jovial host and hostess, Mr. and Mrs. Sjolander.

"CRACKS THE BOOKS"
(Continued from Page Two)
he's not sure where to look for what might possibly please him. He "cracks his books" regularly, however, because he finds it easier to turn a page than to turn a good phrase in conversation at the Elite—also because he's afraid he might miss something important. For others it isn't. Those who are still confused at the time of graduation get little out of college but a mass of factual material and a diploma—which they aren't sure how to use. Then they are rudely thrust into the outside world which they find much more confusing than college ever was.
