CONFERENCE THEME CONCENTRATES ON CHILD GUIDANCE

Wenrich Speaks On Group Guidance Techniques Today

Striving to develop a better guidance program for all schools in the Upper Peninsula, Northern Michigan College of Education is conducting a Summer Conference this week on the subject, Guidance. The conference which opened Wednesday, July 7, will be in session until Friday, July 9. This program of educational development is made possible by Northern in cooperation with the University of Michigan and the State Department of Public Instruction.

The theme of the conference is "Better Guidance For Our Children." Dr. Rutherford B. Porter, counselor and guidance director at Northern, is general director and in charge of all the arrangements of the conference. Dr. Porter has emphasized that all persons interested in guidance are invited to attend the conference. There is no registration fee required but all persons attending any of the sessions are asked to register. However there will be tickets sold to defray the expenses of the picnic which is being held at Presque Isle tonight at six o'clock.

In arranging this program both Dr. Porter and his sponsors are to be highly commended for no expense has been spared in bringing to the Upper Peninsula some of the most eminent men in the guidance field. An examination of the below printed program will reveal that not only have they secured some of the best informed men in their fields but they have also included a wide number of subjects which are of interest to all participating in guidance programs.

STATE TO AWARD ADDITIONAL FUNDS FOR SCHOLARSHIPS

Beginning this year the number of State Scholarships for freshmen has been increased from ten to twenty. Each scholarship is valid for four years and pays seventy-five dollars per year, provided the student maintains an average of B or better. Those who drop below this average lose their scholarships, which are reassigned to other students who have the required level of scholarship. This will mean a total of eighty scholarships when the new plan is in full force.

Graduates from Michigan accredited high schools are eligible for State Scholarships provided they are in the upper ten per cent of their classes and are recommended by their high school principals. Need and the intention of entering the teaching profession are other factors which are considered in awarding these scholarships.

Thus far this year eleven State Scholarships have been granted. High School principals are invited to make further recommendations for the remaining nine State Scholarships. While some high schools may not have anyone eligible for State Scholarships there may be other high schools that have two eligible students. In this case both students may be recommended by application forms can be obtained by writing to the Honors Committee. Applications should be accompanied by complete transcripts of the high school records and letters of recommendation by the high school principals or superintendents.

The Wallace Scholarships, seven in number, are awarded under conditions similar to those for State Scholarships. Three have thus far been granted. The other four are available to eligible students. This scholarship is good for one year and pays a total of one-hundred-twenty-eight dollars.

The following students have been granted State Scholarships: Norma Katola, Gwinn; Shirley Boucher, Hancock; Dorothy Lindstrom, Chassel; Ruth Fallstrom, Rapid River; Rita Honkavaara, St. Paul Parochial; Doreen Good, Bark River; Joseph Shazer, Menominee; Coleen Daley, Negaunee; Dorothy Lahti, J. D. Pierce; Shirley Rieppel, Baraga Parochial; and Julie Daback, Iron River.

The following students have been awarded Wallace Scholarships: Calvin Frisk, Michigamme; Evelyn Yoki, Alpha; and Julius Tiziani, Watermeet.

Below is a list of students who during the second semester 1947-48 carried 15 semester hours or more and attained an average of B or above, who carried less than 15 semester hours and earned 30 or more honor points.

The Walden String Quartet is the last of three Summer Assembly Programs which have been scheduled for the summer session. The first program featured Carleton Eldridge, tenor and his second was presented by Dr. Ralph T. Berdie, Director of Counseling Bureau, University of Minnesota, who delivered a lecture yesterday morning, July 7. This last of the programs will be heard next Wednesday, July 14, 10:45 a. m.

239 ENROLLED IN PIERCE CLASSES

Classes for the John J. D. Pierce summer school opened June 22, with 239 students applying for admission. The six-week term is meeting in the morning only, and will close Friday, July 30.

In past years, the summer session was operated only for the first six grades. The summer school for the Junior and Senior high is being offered this year to fill a demand for practice teaching courses at these levels.

Instruction and activities in the Junior high school are organized around core programs in science and social science materials and experiences. A large amount of the activity and instruction is determined by the interests expressed by the 12 students.

The Senior high school has a larger enrollment of 19 students, who select their courses from Bookkeeping, World History and English I, 2, 3, or 4.

Throughout the programs, special emphasis is placed on self-expression and training in fundamental learnings. A considerable amount of the time is spent in field and community trips.

With the approval of Willard M. Whitman, superintendent of public schools and the Rt. Rev. Msgr. John T. Holland, of Baraga Parochial school, students who have this session (Continued on Page Four)

LARGE ENROLLMENT ANTICIPATED FOR EXTRA SESSION

Mr. L. O. Gant, Registrar, NMCE, has indicated that a large enrollment is expected in the special three week session Aug. 2-20 which immediately follows the close of the six-week period. Mr. Gant bases his prediction on the steady increase which has been noted since the special session of 1944, when 76 students took advantage of the short course. Last summer that number had been increased to 120.

Two classes, Educational Tests 306 and Weaving 1 are already almost filled. Students who wish to enroll for weaving should see Miss Chisholm, Harrison immediately. Students in residence were asked to make tentative enrollments not later than June 25 to facilitate the selection of courses to be offered.

Thirteen courses have been tentatively decided upon, but the final schedule will depend upon the number of students requesting particular courses. "If there is sufficient demand for a course not mentioned in the summer bulletin," says Mr. Gant, "the college will attempt to schedule a class in that subject."

An enrollment of fifteen or more is necessary to insure a class being scheduled. During the three week session each instructor will teach (Continued on Page 4)

WINOVETS HOLD PICNIC TODAY AT PRESQUE ISLE

As a happy conclusion to its calendar of events for the past school year, the Winovets (Wives of Northern's Veterans) have scheduled a picnic which is to be a family affair. Husbands, wives, and children are all expected to turn out for a good time.

The date set for the picnic is Thursday, July 8, and the time is 5:30 p. m. The place is Presque Isle near the pavilion, but in the event of inclement weather, it will be held at the Federated Women's Club, 104 West Ridge Street.

Each family will bring its own picnic supper. Coffee, cream and sugar will be provided by the Club, but families are asked to bring their own coffee cups. Those who plan to attend are also asked to bring their bathing suits, tennis rackets, balls and bats, or any other sports equipment they wish to use.

Anyone desiring free transportation to Presque Isle and back should call 3348-M as soon as possible. A cordial invitation to the picnic is extended to the families of all veterans attending Northern this summer.

The Winovets will hold an informal meeting at the Marquette Federated Women's Club Thursday, August 12, at 8:00 p. m. No special program is being planned because many of the active members are not in Marquette for the summer. A short business meeting will be held and the remainder of the evening will be spent informally, sewing and chatting. The lunch committee is chaired Mrs. Emmet Levy, Mrs. Peter Ghirdi, and Mrs. William Mitchell.

MAINTENANCE MEN HOLD MEETING

The second conference of Building Operation and Maintenance was held June 28-30 at Northern Michigan College of Education. The conference was sponsored by State Department of Public Instruction, State Board of Control for Vocational Education, Michigan Association of School Employees, Northern Michigan College of Education, and Michigan State College.

The purpose of the conference was to bring to public school employees the latest information to aid them in safe, efficient and economical operation and maintenance of the school plant and equipment. About 50 attended the conference. The personnel who attended the conference were building custodian, boiler operators, and building and maintenance operators. They came from schools, churches, and from public buildings.

RECORD NUMBER STUDENTS ENROLL FOR SUMMER TERM

Six-Week Session Attracts Many Undergraduates

In the traditional way at Northern Michigan College of Education, the campus doors opened on June 21 to "welcome home" a host of Upper Michigan Teachers and welcome a host of other students for the 1948 Summer Semester.

Mr. L. O. Gant, Registrar, announced that the total enrollment is slightly above that of last summer. A final enrollment count reveals that 480 persons have registered for the Six Week Session here at Northern Michigan College of Education. Of this group, 182 are Veterans who are either attending under the G. I. Bill or Public Act 16, and 298 are non-veterans. Not all of the people at the summer session are attending classes at the college. There are 8 people at Indian Lake, 15 people at Munuscong and 4 are attending the Bay Cliff Camp. Mr. Gant also reports that there are 88 Graduate Students enrolled in the Graduate School on the campus.

A statistical comparison between 4 enrollment figures of the 1947 and 1948 Summer Semester reveals some interesting trends. First of all there were more veterans attending the six-weeks session this year than there are enrolled this year. In 1947 there are 226 veterans registered while there is only 182 signed up under the G. I. Bill this summer. The reverse is true when it comes to non-veterans attending the summer sessions. Last year 268 non-veterans attended Northern but this year an increase has been recorded to 298 non-veterans in attendance during the six-weeks. Also of great significance is the fact that this year, last summer only 48 students is almost equivalent in attendance last year. Last summer only 48 students enrolled for graduate work but this year there are 88 Graduate students attending classes at Northern Michigan College of Education.

GRADUATE SCHOOL

The summer graduate school which is being held at Northern in cooperation with the University of Michigan opened on June 21 and will commence on July 30th. As was expected, a record enrollment was reached of eighty-eight students. This was a 91% increase over last year's registration.

The majority of the graduates are veterans. Out of the eighty-eight graduate students, twenty-seven are women. Several of the women are also veterans. Not only are the students residents of Michigan, but there are representatives from Wisconsin, Minnesota and California.

All the classes have been filled satisfactorily. Dr. Frank Curtis' class in Modern High School Curriculum had the peak enrollment. Dr. Curtis is nationally known in the field of science.

Fourteen graduates enrolled in the Education of Exceptional Children class which is being taught by Miss Mary Blair, of the Special Educational Division of the State Department of Education. Mr. Wallace J. Finch, Superintendent of the State School for the Blind will arrive later to take charge and complete this class. The members of this class are doing laboratory work at the Bay Cliff Health Camp.

Members of Northern's Faculty teaching at the Graduate School are: Dr. Max P. Allen, Dr. Holmes Boynton, Dr. Charles C. Clucas, Dr. Russell Thomas and Dr. Abe Burrows. Dr. Burrows is chairman of the Graduate Council at Northern.

MILLER-DAVIS ADDS TO SECOND FLOOR

The Miller-Davis Construction Company is adding a new unit to Northern's second floor. This will provide a corridor which will make it possible to pass from Peter White wing to the Longyear wing on the second floor.

There will be two additional classrooms and eight offices. One of the new offices will be used for the NEW'S OFFICE and Mr. Meyland. The cost of this new construction is approximately \$75,000 which includes the cost of General Contract, Electrical Contract, and the Plumbing and Heating Contract. This al- (Continued on Page 4)

**Strength in America**

The smoke clouds and bombastic nominating speeches of the Republican fiesta at Philadelphia have become history. Northern's mock convention and the real McCoy in Philadelphia differed in their choice of a favorite candidate. It is one of those differences in outlook which are trade marks of a functioning democracy. The many participants of our "convention" should feel very thankful, not only because they have had an opportunity to actually practice political maneuvers, but, also, because wrong guesses on the strength of respective candidates are not followed by purges in America—yet.

Unless the general public of America understands our own political procedure and takes an active part in local politics, to be a wrong-guesser may not always be safe. It should be the duty of our school teachers, not only from the view of "duty", but from desire as well, to instill in all adolescents not just a love of democracy, but an appreciation and understanding of its actual workings.

Such teaching would have to go far beyond the teaching of pure historical facts and philosophies and pedagogical forms of government. It would have to show the student the real functioning of our political system "as is." All prospective teachers should be required to participate in some program such as the recent "mock convention". Many, many students—and adults, too, for that matter—gained a tremendous knowledge of the processes of the nomination of a presidential candidate from Northern's recent effort. The practice of being a politician has filled a large void left by pure classroom study. A large number of people have said that for the first time they understand what is going on at conventions and can appreciate the work progressing under the seeming bewildering hullabaloo.

The sponsors of this program have been much commended for their overwhelming success. They are to be even more commended for its great aid in building a stronger, more successful America. Their program has done more to make students appreciative of the system of government under which they live than any number of patriotic speeches. It is to be hoped that the program so well initiated will, if possible, be enlarged to cover all phases of government. It is further to be desired that student teachers now at Northern will extend the field of "practice" government into whatever schools they may be teaching in the future, for only understanding, participating Americans will ever make a better, stronger America.

**LENDING LIBRARY ACQUIRES SEVERAL NEW PUBLICATIONS**

Northern Michigan College of Education invites the summer school students to make use of the new books that have recently been acquired by the lending library. Foremost among them and most timely is HERITAGE OF FREEDOM, an official book of the Freedom Train. This book gives the history and significance of each of the more than 120 documents exhibited on the Freedom Train's year-long run to 300 American cities. Visitors to the Freedom Train will cherish this book as a permanent record of a great experience and all Americans will find in it a collection of the priceless heirlooms of their country. A second book treating of the history of our nation is Carl Van Doren's THE GREAT REHEARSALS. This book tells the story of the making and ratifying of the constitution of the United States. The great story of how the United States became a nation, known first hand only to Washington and Madison, to Franklin and Hamilton, and to others who shared their confidences, has been woven into full tapestry of history by Van Doren through piecemeal scattered notes and diaries kept by few of the conferees.

Other new books include CHIPPEWA VILLAGE, by Vernon Kinlets; CACHE LAKE COUNTRY, by John J. Rowland; and THE WILDERNESS ROAD, by Robert L. Kincaid. CHIPPEWA VILLAGE is the story of the village of Lac Vieux Desert, or Kattikitegan, as the Indians called it. Lac Vieux Desert lies in an undeveloped region along the Michigan-Wisconsin border. CACHE LAKE COUNTRY is a vivid story of the Canadian north woods. THE WILDERNESS ROAD is an absorbing description of the road to a new civilization in America.

For those who enjoy reading of world affairs the new list offers LETTERS OF GROSVENOR SQUARE, by John Gilbert Winant, our recent ambassador to England; CONFESSIONS OF CONGRESSMAN, by Jerry Voorhis; and A WANDERING STUDENT, a book on Russia by Sir Bernard Pares. Two biographies are included: MONTGOMERY, by Alan Moorehead; and THE LAST BILLIONAIRE, by William C. Richards, an informal portrait of Henry Ford.

**STUDENTS ENJOY CARLTON ELDRIDGE**

Carlton Eldridge, on the first of the three scheduled summer assembly programs (June 30), more than lived up to his advance press notices. Mr. Eldridge has a tenor voice of beautiful clarity and smoothness, notable for its delicacy and subtlety of interpretation.

He is very fortunate in possessing, besides a voice of exceptional quality, an extraordinarily thorough background in theoretical and instrumental music. In fact, he was at the point of embarking upon a career as organist and pianist when purely by chance, his unassuming voice equipment was discovered. As an artistic interpreter of music, he also enjoys an outstanding talent. He holds a Bachelor of Music degree "with high honors" from Michigan State College, and is a member of Phi Kappa Phi, national honorary scholastic society, and Phi Mu Alpha Sinfonia, national music fraternity. He possesses a wide repertoire of songs in the languages, ranging from operatic arias and art songs to the semi-classics.

Mr. Eldridge has faced and conquered what to many would be an insurmountable tragedy, having been without sight since early childhood. Yet, he considers blindness only an inconvenience, not a handicap.

Carlton Eldridge has made several hundred concert appearances in towns and cities of the middle west. His radio experience has included guest appearances on N. B. C. and Michigan Radio Network, and regular programs on Michigan stations.

Mr. Eldridge's concert at N. M. C. E. was most enjoyable. He extended great assistance to those music lovers who were not entirely familiar with the songs in his program by giving the audience a brief explanation of most of the selections and their translations if they were in a foreign language.

An industrial genius who was also a most unpredictable human being. Also to be found are THE SHERWOOD ANDERSON READER, edited by Paul Rosenfeld, containing more of Sherwood's stories than have ever been published in one volume; THE IDES OF MARCH, a new novel by Thornton Wilder; I SEND OF A MAIDEN, by Sister M. Therese, a beautiful anthology of poems in praise of the Blessed Virgin, gathered from the literature of ancient times.

one three-semester hour course. Classes meet in the morning from 8 to 10, and in the afternoon from 1 to 3. The library will be open when classes are not in session. Miss Harriet Wierick, librarian, says that the library will not open in the evenings.

Fees for Michigan residents are \$12.25, and for non-resident students \$17.25.

Provision has been made to give any of the following courses for which there is sufficient demand: Writing 1, Educational Tests 306, American Literature 207, Beginning Speech Correction, Business History of The S. S., Conservation of Wild Life, Corporations, Europe Since 1918, Field Biology, Geography of Asia, Literature for Children, Science Instruction in Elementary Schools, and State and National Government.

The extra session has become popular with a variety of students. Some have found it an ideal means of qualifying quickly for degrees or renewal of certificates. Others have been grateful for the opportunity to take refresher or improvement courses. Several more people have found it convenient to combine the short course with a vacation trip to the Upper Peninsula.

Tourists or local citizens who can qualify for college entrance are welcome to enroll for the three-week session.

so includes fireproof doors between the halls and in the basement of Northern.

The objectives of this construction:

- (1) Make all entrances and exits available from Peter White Building, Administration Building, and Longyear Building in case of fire or any other reason which might make it desirable for people to pass from any of the buildings.
- (2) Economy of time and energy.
- (3) Prevent congestion.
- (4) Protective measure.

finished the Junior, or Senior high were permitted to enroll in the John D. Pierce summer session if they so desired.

The students in the Senior high came from Gravenet, and those in the Junior high, from all three Marquette schools.

The practice teachers of the summer session are all experienced, but need a few more hours of practice for their degrees.

fits received from Graduate School Study.

Dr. Curtis stated, "School teachers do not get vacations, they only get periods of enforced lay-offs without pay." During the course of his address Dr. Curtis gave much information and suggestions. He said, "Teachers should never state their terms in salary per month but only in terms of a per year basis. Differential between the salary of the holder of an A. B. and that of the holder of an M. A. should be a minimum of \$200."

The speaker on Tuesday, July 7th was Miss Mary Blair who is teaching the course "Education of Exceptional Children". She is also directing the Bay Cliff Health Camp. The topic was "The Education of Exceptional Children relative to the Schools of the Upper Peninsula."

**LOCAL MERCHANTS TO DONATE FUNDS AS SCHOLARSHIPS**

Dr. Tape has appointed a special committee to award scholarships to worthy students desiring to come to Marquette for their college education. These scholarships will amount to \$100 per student which will cover a large part of the student's cost in the new dormitory building for one year. It is believed that a number of Marquette individuals and businesses would like to provide one or more of these.

These scholarships will do several very desirable things such as: extend the influence of Marquette's college over this section of the country, permit the maximum number of students to use and enjoy the facilities of the new building, make Marquette citizens more actively interested in the local college program, and make it possible for many worthy students to attend college who otherwise could not do so.

Any persons interested in giving one of these scholarships can do so simply sending their check to Marquette Scholarship Fund, Northern Michigan College of Education, Dr. Tape, Marquette, Michigan.

More and more residents are coming to a realization of the value of the Northern Michigan College of Education to Marquette and to the Upper Peninsula and this should be a method of showing their interest in a most useful way.

**ANNUAL KAPPA TEA FOR THE ALUMNI**

On Tuesday afternoon, June 22, Miss Van Antwerp, assisted by a few members entertained former members and alumni of the Kappa Delta Pi National Honor Society with a tea held in the recreation rooms of N. M. C. E. The table was decorated with white candles and a centerpiece of pastel-colored flowers. Gifts were made and discussed so that a program will be assured at the next regular meeting of the group, July 6th.

Faculty Welcome  
Summer Students  
At Informal Tea

On Monday afternoon, June 28, from 4:00 to 5:30 o'clock, the students and faculty wives were entertained at an informal reception in the college gymnasium.

Here, after a warm greeting at the door, the students had an opportunity to become better acquainted with faculty members and their wives, in a setting made charming by a profusion of garden flowers.

Coffee "flowed freely," thanks to Mrs. Tape and Miss Olive Fox who poured to the accompaniment of "chit-chat," which is so relaxing at the end of a day of mental gymnastics. The only problem at the moment was—which to choose—the white or the dark cake! You can't have everything!
