

Somewhere in North Africa

4/25/43.

Dear Sis & all:

Will answer your letters I recieved lately I have recieved quite a few of your letters these last two weeks.

We have been having rainy weather these last few days.

Otherwise it is beginning to get darn hot already. You say you seen some writing in the paper about a soldier here

2.

in africa.

You thought it was interesting
But I bet you haven't read
half of what goes on
here in Africa.

There is a lot of things
I would like to tell you's
all when I write but
we are just not allowed to.
I bet it sure was a thrill
when you saw Norman
in that movies.

Where was Norman when
you saw him inside the
tank or outside?

and was it in action.

when you saw Norman.

3.

I'll bet Norman really saw some rugged action already.

If the people up there in the states think the ration is not enough for them to live on.

What into hell don't they realize what the boys are doing up in the front lines for them.

The people in the states are in a heaven along side of the boys in the battle field even if they are rationed.

But you know how

I am sending you 5 Francs so you will know what it looks like

4.

it is some people are so ignorant and dumb they don't realize there's a war going on.

anyway of what I've seen so far the good U.S.A. is worth while fighting for.

If the Gaps & Hitler would win this war and they would rule us we would be better off dead.

I guess I will ring off for this time
So Long
Clarence.
