Dear Sis & all,

I recieved the pen & pencil set
this morn it sure is a nice set.

Thanks a lot.

I sure was glad when I opened that
box as I really needed them both.

I had quite a few pencils when I left
the states but I use to carry them
on me every day and that's the way
I loose things in a hurry.

But I aint carrying this set you sent
me around on me.

I'm gonna put them some place where
they won't get lost.

Well today is second day of deer season
up there and I suppose Bob has got
his by now already.

How much did Raymond pay for his car?

Is it in pretty good?

I aint got much news for
to ring off.

Will have
Wishes to all
Clarence
