DEDICATION

This highway is dedicated to and named after
MR. LAWRENCE P. WALSH

who passed away on January 9, 1967. Mr. Walsh, who was born at Greenland, Michigan, served his community, State and Nation as a school teacher, lawyer, Circuit Judge, U. S. Commissioner, member of the Michigan Department of Economic Development and as a counsellor to many people in all walks of life, rich or poor, the important and unimportant.

His devotion to his family, friends, business associates and neighbors has perhaps been equaled by others but never exceeded. More in point to the development of this highway and numerous other community projects his great talents, ambition and desire were available without limitation and in combination with the efforts of others resulted in accomplishing this highway. It was and is his last major accomplishment on behalf of economic development in this area and in creating a better, more enjoyable place in which all of us may live, work and play.

By Donald L. Munro
—his former law partner
