

Billionth Pound
Commemoration

White Pine Copper Company
White Pine, Michigan

PROGRAM

Billionth Pound
Commemoration

SEPTEMBER 18, 1965

White Pine Copper Company

WHITE PINE, MICHIGAN

A Subsidiary of Copper Range Company

Guest of Honor

Governor George Romney

President's Message

We at Copper Range and White Pine are proud of the milestone which the billionth pound of White Pine Lake Copper signifies, and are pleased and honored that you have chosen to be with us on this occasion.

The billionth pound was reached in a little less than eleven years of smelter production. The recently announced expansion program should enable Copper Range to reach the second billion in much less time.

With the continued cooperation of our employees, our suppliers, and our other associates and the good will of our friends and neighbors, we hope to strengthen our company's position in the copper industry.

JAMES BOYD, President
Copper Range Company
