ANNUAL REPORT of CONTRIBUTIONS

for

1966

REV. CHARLES M. HERBST, Pastor

The following Annual Report of Contributions is the last you will receive in the present form. Hereafter the Cathedral Data Processing Service of Buffalo, New York, will send you a quarterly report of your contributions together with an accumulated total at the end of the year. Any questions as to accuracy should be addressed to Cathedral Data Processing Service, 64 Exchange St., Buffalo, New York 14203.

In this report "I & R" represents your contribution by way of the monthly pink envelope to meet costs of improvements and repairs. "Special" includes the diocesan collections for which we are the collecting agency. The rest of the items are self-explanatory. In general your name should be listed in alphabetical order. Should you not find it even under the proper letter, look to the end of the report for late additions to the parish list.

It has been shown by national survey that laymen like yourselves consider 5% of your income a fair share to be returned to Almighty God as "firstfruits". "Firstfruits" is the biblical name for Church contributions. The idea is that you set aside your offerings to God first. Those who intend to contribute what is left usually end up with contributing nothing.

Respectfully submitted,

Charles M. Herbst

Rev. Charles M. Herbst,
Pastor
