M: What year did you move there?

G: Oh I don't know lets see I know married in 23 didn't have any children for seven years. So what would that be

M: 1930

G: Well then Joan must have been born in 30 then see Richard was born just about 4 1/2 years after or something

M: So then you moved out to the farm

G: Then Jimmy was born out the farm Then Judy I went in Ishpeming hospital and I had her. The only one I went to the hospital on my mother took care of me on the others

M: Was your mother a midwife.

G: Well she was for some people like she took care of me and she took care of my cousins had twelve children she took care of all of them so she used to go and help like they always had a doctor so did I have the doctor to help

G: She was there she did un-hu

M: Was there My ma told me there was a little store by the country market that your parents ran

G: Yeah they did have a little Candy Store

M: Did they have it during the depression or

G: No I don't know that it was during the depression then, cause that was when I was still single I was only a little kid when they had that candy store I don't know too much about it <sup>remember</sup> When I could remember that little candy store used to be a summer kitchen. So they didn't have to heat up the house in summer you know they'd have that to go and cook and eat there meals in.

got the doll <sup>and</sup> I thought she'd be so pleased <sup>cause</sup> that the doll was  
in a new buggy, she took the doll out and I said to her well  
what do you think of the buggy Joann, um, it's all right.

But all she thought of was the doll she didn't even push the <sup>buggy</sup>  
buggy for awhile, then after awhile she put the doll back in the

G: But I couldn't get over that I'd thought she'd be so pleased with the buggy you know | cause

M: Did you always have enough to eat, and everything

G: Oh, yes

M: Did you always have a garden or something like

G: um m yes Only potatoes and turnips and carrots and things like that you know and our own meat cause we always had something for winter like pigs to butcher and young veal like calves that are veal, we always had plenty to eat. One thing we never had to worry about. you know.

M: Did, was like your neighbors and stuff really poor? Did you

G: No they I guess they were a mile or so the first one neighbor I don't think, I don't think his wife was living then. He was all alone that man called Anderson Some used to call him Juntla so which was the right name I don't know

M: Did you, Did you used to play penuchle & stuff

G: Oh sure as far as I know.

Bm: But they probably weren't as big as they are now.

G: Not as big no.

M: But they were still  
course

G: Some were I suppose people that had a lot of money

M: Were there any <sup>you know</sup> when they outlawed drinking were there any clubs around here that you could get in and drink? You know cause they outlawed drinking and stuff

G: Well there was I suppose but I never joined any

M: Did grandpa join any clubs? like

G: Well he ~~was~~ belonged to the oddfellows That's the only <sup>that</sup> one I ever knew him to belong to

M: Were there, was there a finntown.

G: Yeah, There's still a finntown as far as I know. out of National mine

M: Did like the people like the finns + Swedes all go to one place together

G: I don't really know why they called it finn town I don't know if there'll all finns there or not

M: Probably (laugh laugh)

cause G:

G: I was always called that Just like one part between National mine + Salisbury they called that french town now whether they were all <sup>(I think it was)</sup> french there, I don't know must have been a few french people though. (or not) That was years ago though

m: Did you um, was there a grange hall around here It was called Grange hall?

b: Yeah that <sup>that</sup> <sup>was</sup> between National mine and Escanaba River <sup>well I don't know</sup> Some where I know Grange Hall.

m: What used to go on there and stuff

b: Yeah we used to go out there for sleigh rides <sup>a</sup> lots of people did <sup>in winter you know</sup> young people they'd have a team of horses & go out there have something to eat in that Grange Hall & go back again

m: <sup>It was</sup> Just like a serving place like a restaurant kind of

b: no You took your own food um, m

m: were there restaurants and <sup>stuff</sup> around go out to eat at all or any thing

b: were there what

m: Did you go out to eat at restaurants or anything,

b: No no restaurants out there I was in between National mine and way out by the Escanaba River there's nothing out there

m: Did some of the people in the area go to communism during the communist go over to russia or anything

G: not that I never kept track of that stuff kind of  
stuff

M: Did the country market stay open <sup>all</sup>  
during the depression  
and stuff

G: <sup>the</sup> Country Market

M: Year

G: That was always there ever since I <sup>can't</sup> remember, but it  
was Anna's first <sup>so</sup> I was only what I could remember that  
being there.

M: What kind of railroads came into Do you know the railroads  
railroad trains & stuff Did they come into national mine or did  
they close down

G: The what

M: Railroads <sup>the</sup> trains

G: The trains, well the train used to go through here for over to  
the Tilden But I don't think that was till later years cause  
that Tilden Mine I don't know when that opened up But then  
a train would go down to the Powder mill & you know I don't  
know what they used to deliver down there.

M: Did the powder mill stay open?

G: Oh yes not full it doesn't work too much ~~down there~~ now though

M: What did the powder mill do. I mean what went on there

G: Well they made <sup>powder</sup> I don't know what they made me use to ask me  
that either Mr. My brother worked there too he was killed there

b: I think it was 1911

m: Did you know what the funerals were like in people's homes

b: Umm, (yes) most the time they didn't have like they do now  
Funeral home people had them right in their own home corpse was  
brought back to the home

m: What did you think of the depression? did it was it as really as  
bad as people said it was

b: Well I don't know everybody said how bad it was but I was  
always happy enough, I had enough to eat and enough to wear  
maybe not all that I would have liked to wear but always enough  
to keep clean and warm I was never hungry

m: <sup>there</sup> lots of people in the area were they really, really poor, Did you  
know anybody that was really poor.

b: um, not

m: no, everybody was sort of doing okay I guess

b: Well I never went around very much to know

m: Yeah stayed at home

b: ya I lived in Salsbury first until we bought the farm I  
don't remember what year that was Then we went out the  
farm <sup>well</sup> I never seen very many people only what come out  
to see us like my own relatives

m: Did you, what kind of movie stars did you like? when you  
went to the movies

b: um, I liked anything to be truthfull. But they used to have movies that you'd go and get so much like a serial <sup>younger</sup> so much each saturday well they were the big thing with us. One I can remember years ago I don't know what it's called the red circle I think and I think it was Ruth Polaninit I couldn't swear to it and when she'd get to be bad a red circle would come out on her hand. When she wasn't bad ~~it wouldn't be~~ <sup>that wasn't</sup> there, no that's as much as I remember of that you'd see that red circle come out and you knew she's going to be in ~~mischief~~

b: Did you listen to the radio ~~at~~ lots and the songs on the radio

b: No not much

m: You were always outside doing stuff

b: when we got out to the farm I used to listen to it when I'd be doing my chores in the house you know washing milk bottles and different things but

m: You had milking cows then

b: umm (yes)

m: and pigs & chickens

b: About 12 of them<sup>\*</sup> we got <sup>we got a</sup> gasoline milker so I didn't have to go into the barn anymore Clyde used to milk them

G: cause they just had to be stripped then see he'd put  
the milker on each one

M: <sup>um</sup> Did you milk them by hand then in the morning?

G: At first we did um.

M: Both of you

G: And there was fourteen cows and sometimes I get the no.  
How was it now there was one extra Well anyway I'm milk  
so many and I always lagged behind so he'd get that extra  
one <sup>a little bit</sup> behind

M: there was like thirteen cows maybe

G: Yeah I think so must have been see cause I didn't get the  
extra one to milk any way I was slower milking

M: Did um, Did lots of people <sup>um</sup> bootleg & stuff make their own  
booze and sell it do you know.

G: Well <sup>you</sup> what do mean know,

M: Well like bootlegging ~~or~~ did people make their own booze  
and sell it.

G: Oh I guess so I don't know much about that though  
I never found any but they used to say they did.  
whether they did or not I don't know I was too busy out  
the farm then.

M: Well I guess that's it
