

Ques where were the pasties originated ^{Pam Ostlund}

ans
Pasties came to us from the immigrants from Cornwall England and um they over about the late 1300's bringing them

most of these ^{comish} ^{English} people were miners & that's why the pasties came here to this area

Ques why were they so popular in this area

ans.
well because of mining the way they came here as miners this was an easy thing to take to ~~work~~ the mine ~~to~~ eat in there lunches. you just put all these meats and vegetables, put in a crust and seal it, easy to carry easy to eat you don't need to have forks you can pick it up with your hands & eat it & send it. ~~see~~ is very nourishing
Ques, how ~~are~~ ^{are} these pasties made.

ans
well as I said we have the beef we have the potatoes.

we have the Rutabago
and the onions & they are all
cut up into small pieces
and ^{placed} in a layer of crust folded
in half you put the beef potato
onion & Red - - - in the layers
of crust fold ~~it~~ over & seal it.
~~and~~ & then you bake it.

are.
all pasties still made the same
today some people have a ^{variety} of
ways to make them for instance
some people use ^{carrots} ~~turnip~~ in stead
of Red - - - and some put carrots
in them ^{and turn} different kinds of meat
are used. um you can have
different thing ~~to eat~~ with
them some put gravy on them
some have relish & put ketchup
on them. ^{as} you can buy pasties
now alot more than you
could before, before you had
~~to~~ to make your own ~~you~~
but now you can buy them all
over pasties are ^{noted} in other
areas
California Washington
it started ^{check} in ^(US) originally
Isk.

Q: How were these pasties cooked
Ans.

Well after you get everything
in the crust you bake it in
a ~~pan~~ ^{for about} ~~pan~~ ^{hour} out when you take
it out you let them cool
you can eat them cool &
cold or you can reheat them
now long ago in the digand
pasties when you took them
to the mine you took
a ~~pan~~ shovel you took
on the shovel put the paste
a fire under heat it over
the mine there's one thing
I would like to add even
though pasties came
originated in 1800's

I would
say the Whipping area is
the area in these states
that had originated it
cause we had the under-
ground mines & the immigrants
came here & there for the
area that they really
started in our country came from
