88th Congress Opens

WASHINGTON (AP) — The 88th Congress opened its doors today for a politically charged showdown on the reception it intends to give President Kennedy's legislative program.

The President met with Democratic leaders at a White House breakfast for a last-minute review of his proposals before the formal convening.

In both Houses, new members will be sworn in as the new session gets under way. All House members begin new two-year terms, and on the other side of Capitol Hill 41 newcomers will take the senatorial oaths.

New Lineup — The new House lineup will be 258 Democrats, 176 Republicans and one Democratic vacancy.

The House then goes through motion of re-electing Rep. John W. McCormack, D-Mass., as its speaker. Republicans put up their party leader, Rep. Charles A. Halleck of Indiana, as a candidate foredoomed to defeat.

With the preliminaries out of the way, the House plunges into a battle Kennedy is favored to win over the size and political complexion of the Rules Committee, which calls the signals for action on major legislation.

The alternative would be to return to a 12-member lineup with the conservatives in control.

Kennedy has said the fate of his legislative program could hinge on the makeup of the committee. As for the House as a whole, he has said that it is "slightly against us more than it was" in the last Congress.

Bright Spot — The bright spot for Kennedy is the alternative would be to return to a 12-member lineup with the conservatives in control.

Romney Sets U.P. Inaugural For February

ESCANABA (AP) — Fulfilling a 1962 campaign promise, Gov. Romney will return to this Upper Peninsula city Feb. 23 to take his second oath of office.

Romney had said he would participate in a second inauguration to demonstrate the unity between Michigan's Lower and Upper Peninsulas. He was inducted into office at Lansing Jan. 1 as the state's first Republican chief executive in 14 years.

John Wallbridge, Delta County Republican chairman, said Michael O'Hara of Menominee, a new member of the Michigan Supreme Court, has been asked to administer the second oath.

Ceremonies will take place in front of the state office building here at 2:30 p.m. Feb. 23. There will be an evening reception at the House of Ludington hotel, followed by inaugural ball for Upper Peninsula Republicans.

Film Star Pier Angeli Gives Birth To Son

LONDON — Film star Pier Angeli gave birth to a 7 pound, 14 ounce son by Cesarean section Tuesday night. She was reported recovering satisfactorily today.

The 30-year-old Italian-American brunette and her second husband, Italian band leader Armando Trovajoli, were married in London last February. They live in Rome.

The Weather

was the Senate. But easy going in the Senate would do the administration little good if the House blocked its proposals.

A coalition of liberal Senate Democrats and Republicans has delayed seeking a rules change which would make it easier to stop filibusters against civil rights and other measures. It plans to move after Kennedy delivers his message.

Resigns — Resigning Senate Democrats hoped to retain their leadership intact under Sen. Mike Mansfield of Montana. However, Sen. George A. Smathers of Florida submitted his resignation as secretary of the party conference. Mansfield and other leaders asked him to reconsider.

Senate Republicans kept their lineup unchanged in a caucus at which they received a proposal by Mansfield for a midsummer recess of Congress, with the session to be completed in the fall.

The international situation, which Kennedy outlined late Tuesday at a White House conference with leaders of both parties, will get an immediate look from the Senate Foreign Relations Committee. Secretary of State Dean Rusk will go before the group Friday in a closed session.

Domestic Issues — On domestic issues, Kennedy faces opposition from the coalition phalanx on top priority proposals. Chief among these are efforts to plug some loopholes in the revenue law and to give tax reductions to corporations and individuals.

In this case coalition members want to cut his expected \$99 billion spending budget deeply to make up in part for the tax reductions.

McCormack voiced hope that another of the President's principal proposals, the financing of health care for the elderly through Social Security, will pass the House. But he didn't say when Senate approval seems likely but even friends of this bill don't think it can be cleared before 1964.

Changes — Kennedy reportedly will come up with some changes in federal aid to education recommendations, which got nowhere in the 87th Congress.

Minnesotans Await Word On Recount

ST. PAUL, Minn. (AP) — Gov. Elmer L. Andersen was given the traditional chief executive's advice to the Minnesota Legislature today, but against an ironic background.

He was bypassed when oaths of office were administered to other state officials at opening ceremonies Tuesday, and he doesn't know yet if he'll be around to sign the bills the legislature passes.

The Republican governor is awaiting results of a recount to determine whether he or Democrat Karl Rolvaag, former lieutenant governor, was elected by Minnesota voters Nov. 6.

2-Alarm Fire Hits Empire State Building

NEW YORK (AP) — A troublesome fire whipped through a pipe shaft running the height of the 102-story Empire State Building today, shooting flames into offices an eighth of a mile above the ground.

Firemen closed two floors of the building, the world's tallest, as they continued finding and fighting smoldering blazes. No injuries were reported.

The building was twice evacuated, the first time before dawn, the second time when the bulk of the 16,000 people who man the 910 offices in the super-skyscraper had begun to arrive for work. In all, 60,000 persons normally move through the man-made colossus each day.

Felt In Viet Nam For Talks On War

State of the Union message to Congress next Monday.

Since Southern opponents expected to filibuster against this rules move, there was little likelihood of reaching any early decision on a proposal to give a majority of the 100 members the right to end debate. Presently this can be accomplished only by a two-thirds majority of those voting.

Senate Republicans kept their lineup unchanged in a caucus at which they received a proposal by Mansfield for a midsummer recess of Congress, with the session to be completed in the fall.

The international situation, which Kennedy outlined late Tuesday at a White House conference with leaders of both parties, will get an immediate look from the Senate Foreign Relations Committee. Secretary of State Dean Rusk will go before the group Friday in a closed session.

Domestic Issues — On domestic issues, Kennedy faces opposition from the coalition phalanx on top priority proposals. Chief among these are efforts to plug some loopholes in the revenue law and to give tax reductions to corporations and individuals.

Tail Of Talent

That fellow on the left with furry ears may be Baltimore's answer to Plessie, Jack, the burro, has just sold this zovoo picture for \$50. Talent scout Arthur Watson, the Baltimore zoo director, read that Khrushevich described abstract art as looking as if it were done with a donkey's tail. Watson decided to put Jack to work, and Jack, with the help of a paint-smearer tail, produced "Black Wisk." Watson is also holding additional orders for the burro's talented tail. (AP Wirephoto).

Dock Strike Has Kennedy Worried

NEW YORK (AP) — President Kennedy is concerned because of the effect of the Atlantic and Gulf coasts dock strike on foreign aid, a federal official reports.

As international pressure mounted for settlement of the 18-day-old strike that has crippled shipping in ports from Maine to Texas, an assistant secretary of labor, James J. Reynolds, told newsmen of Kennedy's concern, and said "pressures are mounting up on both sides."

The impact of the strike of 60,000 dock workers was being felt as far away as West Germany.

Cautious Cockatiel

ANN ARBOR — Penelope is a canny—and cautious—cockatiel.

This small Australian parrot lives, uncaged, in a biological chemistry laboratory in the University of Michigan medical school. She is surrounded constantly by chemicals—many of them poisonous.

So, to be on the safe side, she refuses to eat or drink anything until a human has taken some first. The human usually is Wendell P. Drouyer, preparator in the laboratory.

"She'll eat almost anything—if I eat some first," he said. Penelope, coaxed out of a nearby tree seven years ago and kept when efforts to locate her owners failed, does have one aversion: dill pickles.

Second love comes late to 104-year-old prospector Hubert T. Miller, who stands with his bride, former Edna M. Wills, 58, after their marriage by a justice of the peace at Las Vegas, Nev. Each had been married once before. Miller said when he first visited Las Vegas in 1872 there were a trading post, two saloons and a herd of Buffalo in the area. (NEA Telephoto).

Katanga Leader Plans Scorched-Earth Policy If U.N. Raids Kolwezi

ELISABETHVILLE, Katanga — President Moise Tshombe told a news conference today he intends to carry out a scorched-earth policy if the United Nations attacks Kolwezi. He said Katangans have every major industrial installation mined, ready for demolition.

UNITED NATIONS, N. Y. — U. N. sources said today Katanga President Moise Tshombe could prove his avowed intentions to cooperate with the United Nations by ordering his gendarmes to surrender Kolwezi to the U. N. Congo command.

The informants said Secretary-General U Thant was reacting with extreme caution to the Katanga president's statement in Elisabethville that he wanted to restore peace and calm in Katanga.

LONDON — The British government said today President Moise Tshombe has issued a statement indicating he is giving up the fight for an independent Katanga.

A Foreign Office spokesman said Tshombe issued the statement in Elisabethville after being strongly urged by British Consul Derek Dodson to cooperate with the United Nations plan for Congo reconciliation and unification and abandon any thoughts of a scorched earth policy.

5 Michigan Firms Helped Pay Ransom

NEW YORK (AP) — Five Michigan firms reportedly contributed nearly \$3-million worth of supplies for the recent ransom of 1,113 Cuban invasion prisoners.

Time Magazine, in compiling a nationwide list of contributions, pointed out that the figures listed included goods already shipped to Cuba, and not necessarily the firms' full commitments.

In all, \$3 million worth of medicines, medical supplies and baby food was pledged by American industry to Prime Minister Fidel Castro of Cuba.

The list included: Pharmaceuticals — Upjohn Co. Kalamazoo, \$1,507,040; Parke-Davis & Co., Detroit, \$417,540.

Medical supplies — Tecumseh Products, Tecumseh, \$200.

Children's food — Gerber Products, Fremont, \$920,000; Kellogg Co., Battle Creek, \$54,000.

Blast Wrecks Jet Fighter At Selfridge

MOUNT CLEMENS (AP) — An explosion and fire destroyed one F-106 Delta Dart jet fighter interceptor and severely damaged another today at Selfridge Air Force Base near here.

Base spokesmen said no one was injured in the blaze which apparently started when a fuel line caught fire while an engine test was in progress.

Fuel Tank Explodes

A fuel tank on the plane exploded while the aircraft was under going minor maintenance repairs in a hangar and flames quickly engulfed the plane and spread to the other aircraft.

general met with Tshombe shortly after the secessionist leader returned to the Katanga capital Tuesday.

Tshombe's apparent capitulation came after he hinted that sabotage might still be used to combat unification by force.

With a gesture as if pushing a button, he said he and his ministers had been very busy at his emergency headquarters in Kolwezi "preparing the demolition of all industries."

Dams Said Mined

Dodson told the Katanga president there must be no scorched earth policy or destruction of roads, bridges, power stations or installations of the rich Union Miniere mining company. Union Miniere had reported two dams and power stations in the Kolwezi area were mined and Katanga police occupied its pits and plants there.

Tshombe subsequently issued a pledge of cooperation, which was transmitted to the Foreign Office in London.

"It is evident that in these circumstances I will abstain from any declaration against the United Nations," Tshombe said.

Declines

In the light of the confusion which has surrounded political developments in the past in the Congo, the British spokesman declined to interpret the meaning of Tshombe's declaration.

However, the British believe that if Tshombe's pledge is kept, and if the Central Congo government and U. N. authorities treat Tshombe with tact, a settlement of the Congo problem could be in sight.

Tshombe has claimed to be the president of an independent nation. Congo unification would leave him with the status merely of a provincial leader.

State Democrats Propose 6-Point Priority Program

LANSING (AP) — Democratic Party leaders Tuesday proposed a six-point program of "immediate priority" legislation but told Gov. Romney, in effect, the first move on state fiscal and tax reform is up to him.

They urged the Republican Governor to offer his fiscal reform program in specific terms as soon as possible, and said April should be a tentative deadline for enactment.

On the eve of the 1963 legislative session, the Democrats—with Lt. Gov. T. John Lesinski serving as chief spokesman—declared themselves willing to work for accomplishment of any legislation "which will serve the best interests of the state."

Oliver Branch

"We are offering the olive branch to Romney," said Rep. Jo-yeur's House minority floor leader.

Lesinski said the six-point program is only the first phase of the party's plans for legislation in 1963, but contains those problems which Democrats feel to be most urgently requiring solution.

The program, composed primarily of legislation sought by Democrats without success in the past, included:

—Action to put a proposed greater Michigan authority on the ballot in April as a constitutional amendment to spur industrial expansion and diversification, full employment and job opportunities.

—"Economic Security"

—A state civil rights commission as the keystone in a "human relations" program.

—An "economic security" package to include a \$1.25 minimum wage, modernization of the Michigan Employment Security Act and enabling legislation to gain Michigan some \$55,000 per day from Federal sources for aid to dependent children or unemployed.

—A "youth opportunities" program aimed at cutting down juvenile delinquency.

—Additional facilities for mental health treatment.

—A plan for "senior citizen security."

Legislation already is in the drafting stage for about 90 per cent of the "priority" legislation, according to Kowalski and Sen. Raymond Dzendzel, D-Detroit, the Senate minority leader.

Dzendzel and Kowalski later met briefly with Romney and gave him a copy of the Democratic program to study.

Relay Beams Telecast From U.S. To Europe

NEW YORK (AP) — Relay, the newest U. S. communications satellite, beamed its first full-scale television program simultaneously to Europe and the United States today.

Stations on both continents saw films of the ceremonies at Washington's National Art Gallery Tuesday night where President Kennedy opened the display of the painting Mona Lisa.

The signals were sent from the American Telephone and Telegraph Co. station at Andover, Maine.

Technicians in charge of the operation reported that reception in France was good, but that signals were "not so good" in England or Italy because the signals had to be converted from the sole receiving point in Britain.

The picture and sound reception was good in the United States.

The signals were transmitted to the satellite and relayed right back to this country and onto home television sets — all in a fraction of a second.

News In Brief

GRANADA, Spain — The government has seized all of Granada's garages to give temporary housing to more than 1,500 persons made homeless by heavy weekend rains. Victims have received 11 tons of powdered milk, 300 blankets and 300 mattresses from the United States.

ATHENS, Greece — King Paul and Queen Frederika observed their silver wedding anniversary today, attending a thanksgiving service in the palace chapel. No public celebration was planned.

NEW YORK — The chairman of a three-man board of jurists probing New York's month-long newspaper blackout says the study will continue despite what he called "a very serious mistake" by the head of a striking printers union local in refusing to cooperate.

WASHINGTON — John W. Flora, a reactor inspector for the Atomic Energy Commission, said today the \$95 million Enrico Fermi Atomic Power Plant built near Monroe, Mich., is substantially complete.

WASHINGTON — A special committee reports that the capital's Thanksgiving Day football riot was "a serious racial conflict" brewed in what it calls an overcrowded public school system with lax discipline and a pattern of violence and lawlessness.

First Report On Area Planning Study Comes Off Press In February

First report made as part of the "701 Study" will come off the press sometime in February.

The "701 Study" is being conducted by Vilican-Leman and Associates, Inc., Southfield, under contract with the City of Marquette, Choccolay and Marquette Townships and the Marquette Board of Education. Consultant of the planning firm in Marquette is Max Putters.

First phase of the urban planning program includes preliminary work such as population analysis and projection, a study of land use, physical features, a neighborhood unit plan, recreation and community facilities. The first report will be subject to revision and modification when the study is completed.

A preliminary report on public school needs will also be submitted sometime in February, Putters said. The final school report will be completed later in the year.

To Include Recommendations

The school study is being made by members of the education department at Michigan State University, under the direction of Dr. Floyd Parker, and the Vilican-Leman firm.

First National's Assets Top 17 Million As Bank Retains 'Largest In U.P.' Ranking

Assets of First National Bank and Trust Co. of Marquette climbed over the 17 million dollar mark in 1962, S. M. Cohodas, president, reported to stockholders at their annual meeting yesterday afternoon.

Cohodas said this enables the "First National, the oldest bank in the Upper Peninsula, to maintain its position as the largest bank in the Upper Peninsula."

An increase of 10 per cent in deposits, going from \$13,897,000 to \$15,358,000 was noted.

Among the highlights of the year's operation, as listed by Cohodas were:

"In January our capital account was increased from \$450,000 to \$700,000, an increase of \$250,000, which now permits us to increase our line of credit to customers to \$100,000.

Reserve Accounts Up

"Our reserve accounts were increased by \$10,898.98, making the total of our Capital Account \$1,720,853.43 — the highest in our history.

"New savings interest rates went into effect on Feb. 1, 1962. On that date the bank began issuing four per cent certificates for twelve months, 3.5 per cent certificates for six months and 2.5 per cent certificates for three months. At the same time, interest paid on book accounts was advanced from one per cent to two per cent. A large part of the growth in our deposits for this year is a direct result of this increase in interest rates.

"Our loan portfolio increased 30 per cent — from \$5,837,000 to \$7,578,000 — a new high for the bank.

"The number of accounts increased by 10 per cent this year — another new high for First National.

Credit Department

"Our installment credit department has now had one full year of operation in its new location, and we are very much encouraged by the results.

designed to improve any phase of our banking.

Faith In Future

"The weekly meetings of the board of directors to handle the affairs of the bank are more than ever the enthusiastic backbone of our institution.

"Our staff is most able and loyal and has contributed very heavily to our successful operation in 1962.

"It is most gratifying to see the ever growing number of accounts in our bank. This means that we are maintaining a high standard of customer service and, after all, our success is dependent upon satisfied customers.

"We have made tremendous gains this past year. Now, what about the future? Can we look ahead with confidence?"

"Yes, I am sure we can — I have lived in this area most of my life and I have tremendous faith in the people here and in the economic possibilities of this area. Marquette will enjoy a tremendous building year in 1963 with a new high school being built, new construction at Northern Michigan College, additional facilities at St. Mary's Hospital, a new steam generating plant at the Upper Peninsula Generating Station, plus continuing expansion at Sawyer Base.

"The ever-increasing enrollment at Northern Michigan College means more dollars will be spent in the area. The mining companies are continuing to expand their low-grade ore properties in Marquette County and the tourist industry seems destined to get a boost when the tourist train between Marquette and Big Bay starts operation.

"These are a few of the major factors that convince me 1963 will be a good year for our community, and I can assure you First National is going to be on the job to provide the very best in banking services — just as it has for the past 99 years. This institution takes great pride in its position of leadership, and we are very much aware of the responsibility associated with such leadership. We pledge ourselves to do everything possible to maintain a standard of banking service that will continue to merit your enthusiastic support and confidence."

Cost Breakdown Given

Total cost of the three-year area study is \$96,000, of which \$24,000 is being paid locally, with the remainder financed by the federal government under terms of Section 701 of the Federal Act of 1954.

Cost to the political bodies in this area is to be paid over a three-year period and breaks down as follows: City of Marquette, \$10,000; the school board, \$6,000, and Choccolay and Marquette Townships, each \$4,000.

Vilican-Leman consultants are working closely with the Marquette Area Planning Commission, an 11-member group composed of seven representatives from the city and two from each of the two townships.

Chairman of the area commission is Mrs. L. O. Gant, Marquette.

Marquette Steam Laundry, One Of Oldest Businesses In City, To Close Saturday

Emery Chartier, owner of the Marquette Steam Laundry and Cleaners, one of the oldest business establishments in Marquette, today announced that the laundry is going out of business.

Chartier said the business would be terminated this Saturday. However, the office will remain open until Feb. 1 to close out the books.

Building Sold

Chartier said the laundry equipment is being sold and that the building, located at 112-114 W. Main St., has been sold to Don M. Pearce, operator of the Superior Agency, a real estate firm.

The business, first opened in 1893, and then known as Needham Bros., was operated in the Marquette County Historical Society Building, N. Front St.

Subsequent owners of the laundry were St. Williams and A. P. Hamby. When Mr. Williams died in 1939, Hamby became the sole owner. On Jan. 1, 1947, Chartier purchased the laundry from Hamby.

The laundry remained in the historical society building until after the turn of the century, when it was moved to its present location.

Entire Adulthood In Business

Chartier, who is 65, had been employed at the laundry since he was 17 years old.

Chartier said the peak employment at the laundry was reached in 1957, when 36 women and nine men were on the payroll. In recent weeks the employment has numbered about 18.

Chartier plans to retire but will remain in Marquette. He is married to the former Florence Bertram of Marquette and they have four children. The family resides at 517 N. Fourth St.

Chartier is a member of the Rotary Club, the Elks Lodge, the United Commercial Travelers Council, and the Third and Fourth Degree of the Knights of Columbus. He is a member of St. John's Church.

Mediators Here For Dow Meeting

Mediators from state and federal agencies were expected to be on hand for the negotiation meeting scheduled at the Cliffs Dow Chemical Co. office this afternoon between company and union officials.

The meeting was called by James A. Deepins, Green Bay, U.S. Mediation Service, and Carl York, Rapid River, Michigan Mediation Service, in an effort to settle the strike at the Dow plant which began at midnight last Thursday by the company's union employees, members of Local 14522, United Mine Workers of America.

Disagreement is over a proposed wage boost. The company had offered a two-cent wage hike and an additional one cent in added fringe benefits.

The union had asked 15 cents, reduced the demand to five during negotiations prior to the strike, reverted the request to 15 after the walkout began.

Picketing has been in effect at the plant since the strike began.

Pharmacists Irked By Reappointment

LANSING — The reappointment of Pharmacy Director David Moss has angered a group of druggists that supported George Romney in the Fall election.

Moss, a Democrat, was reappointed last week to a two-year term by the unanimous vote of the five-member State Board of Pharmacy, all Democrats. His appointment did not require the approval of the Governor.

A spokesman for the group of druggists, Bert Brennan, a Saginaw pharmacist, said a protest is planned.

He Stages Robberies In Daylight Hours Only

WASHINGTON (AP) — Charles D. Everett, 20, told Washington police who arrested him Tuesday he held up liquor stores during the daylight hours only.

"I'm afraid to be out on the street at night with all that money," he said.

Obituary

MRS. CORDELIA MORIN

Funeral services for Mrs. Cordelia Morin, who died early yesterday morning in St. Mary's Hospital, will be held at 10 tomorrow morning in St. John's Church with the offering of a Solemn Requiem High Mass. Burial will be made in Holy Cross Cemetery.

Funeralbearers will be George G. Johnson, Glenn Morgan, Ivan Raitsh, Rudolph Heikkila, Herbert Anderson and Titus Coats.

The body is in the Fassbender Funeral Home, where the parish Rosary will be recited at 8 this evening.

County CWA Union Elects Ellwood Hella

Ellwood Hella, Marquette, was elected president of the Marquette County Local of the Communications Workers of America (AFL-CIO), at the biennial officers election meeting held last night in the Clifton Hotel.

The local, No. 4025, is comprised of union employees of the Michigan Bell Telephone Co. in Marquette County. The term of office is for two years.

Hella succeeds Allan Morrissey, Marquette.

Other officers elected for the

Woman Files Petition For Supervisor

Mrs. Margaret Schnorr, 423 1/2 W. Crescent St., yesterday filed a nominating petition for supervisor in the spring election to be held on Monday, April 1.

She is the first person to file a petition for supervisor. Terms of Supervisors Charles T. Beaudry and E. Kenneth Goldsworthy will expire in April. Both are expected to seek re-election.

Both incumbents, Mayor James

R. Smith and Commissioner Joseph Fine, have filed nominating petitions for city commissioner. Their terms also expire in April.

The deadline for filing nominating petitions is 5 p.m., Monday, Jan. 21. A municipal primary, if necessary, will be held on Monday, Feb. 18.

"To burn the candle at both ends" is an English phrase that has been familiar since the 17th century.

OH, MY ACHING BACK

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain — you want relief — want it fast! Another following wrong food and drink — often setting up a restless uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 20 years. For convenience, ask for the large size. Get Doan's Pills today!

FORWARD

to new goals and gains
as First National edges
toward its Centennial!

First National

... of Marquette
is observing its

99TH ANNIVERSARY

1963 marks the centennial of commercial banking in this country. It was 100 years ago that a national crisis threatened. Faith in our paper money was slipping. Raising needed cash was difficult. Then President Lin-

coln signed the national currency act. It made possible the dual system of state and national banks. Since then banks have contributed much to American growth and prosperity. But this is the significant fact.

First National Of Marquette Holds Charter No. 390 Under The Provisions Of The National Currency Act

Of all the hundreds of Cities throughout America that might have—and did—come under the act, only 389 throughout all the nation preceded Marquette, then only emerging from a background of virgin forests populated by Indian tribes.

But it was the foresight, the vision, the capacity for service of the founders of First National that made this envied priority possible. And it has been these same qualities of leadership that have made possible ninety nine years of service to the growing needs of a prospering community. As we see the 99th milestone fade

past us and we set our course to fill out the hundredth year, we pledge to our patrons and our friends, to all segments of the community an unflinching dedication to the soundest principles of banking, to the most demanding creed of service.

Outlook For Marquette Area Bright, Union Bank's Pearce Tells Shareholders At Meet

Ernest L. Pearce, president of the Union National Bank, calls the outlook for Marquette and the adjacent areas even brighter than for the state and nation as a whole.

Addressing over 500 shareholders at the bank's annual shareholders' meeting held in the Northern Michigan College Student Center, Pearce asserted that much of what happens will depend on what is done about taxes.

"We have about given up hopes on the predictions of the expert economists," he said, "in view of their inaccurate attempts along this line and their recent 'about face.' We have concluded that the laymen's guess is as good as theirs."

Need Government Spending Cut

Pearce said he feels taxes should be cut, but only as government expenditures are reduced. The Federal Reserve Bank of New York, Pearce said, has announced itself as favoring a tax

cut, but adds the significant reservation that the prospective cut "makes restraint on government spending all the more desirable."

"Granted that there may not be a business boom this year," Pearce stated, "many business leaders feel that a deep recession has been avoided and that the business clouds have lifted enough to show a moderate rise in business activity and profits in 1963."

Pearce said the iron mining situation has not improved so far as the underground ore is concerned, but that the substantial expansion in the ore beneficiation program has had a very beneficial effect on the overall picture for this area.

The construction work involved in the new program has helped considerably as to the employment picture, he added.

Pearce reported the book value on the 12,000 shares of capital stock on Dec. 31 was \$108.13 per share, with the market value, based on recent transfers, being

\$105 per share, as compared to \$100 a year ago.

Loan Figures Discussed

Continuing in his report, Pearce said: "The increase of \$679,055.40 in loans kept pace last year with deposit growth and, at the year end, were at the total of \$8,230,823.21, which is 42.4 per cent of the total assets. This compares with a national average of 50 per cent."

"Our loans are well distributed among those for installment consumer credit and real estate mortgage loans to individuals, and for both large and small businesses. An exceptionally large portion of our loans are well secured by collateral and government guarantees."

"We continue to devote an unusual amount of time and effort to the needs of small businesses, a practice which has been one of the principal factors in the Bank's growth since its inception."

Growth Of Deposits

"The growth of our total deposits was most gratifying and, at the end of 1962, aggregated \$13,322,258.78, an increase of \$773,589.52 over 1961."

"Competition for the savings dollar was intense throughout the year and our increase in time deposits was \$725,738.54."

"The new increase in rates, permitted Jan. 1, 1962, made it possible for us to issue four percent savings certificates with 12 months

maturity, and three per cent with those of six months, which was largely responsible for the increase we experienced."

"Our Christmas Club totals were \$183,029.00 in 1955 accounts and again were easily the largest in Marquette County."

"We feel that the encouragement of thrift is one of our main responsibilities and we are anxious to assist individuals and their families with their savings program."

Investment Figures

"The bank's investment policy continues to stress short maturities, and it is significant that the average maturity of our \$3,381,315.74 government portfolio was less than 25 months."

"Our municipal bond holdings total \$1,508,322.97 and have maturity of 33 months. We stress quality in the selection of these securities, all of which carry a rating of AA or AAA except those in our local area, most of which carry an A rating. We were able to increase our investment portfolio by the sum of \$371,344.42 during the year because of the substantial increase in our deposits."

"The market value of our investments exceeds the book value by over \$25,324.00. The U. S. government securities represented 41.2 per cent of the total deposits."

Stock Ownership

A total of 597 shareholders comprises the ownership of the Union National Bank. The average holding is 20.1 shares. The number of men and women shareholders is about the same.

"Over 90 per cent of our stock is owned by people who live in Marquette County and the balance is scattered over 16 states, Canada and Japan."

"Twenty-four shareholders own 100 shares or more. The largest single holding is 736 shares and the smallest, one. The combined holdings of the directors and their families is 34 per cent of the total."

"The Union National Bank is building for the future," Pearce said. "A growing bank sells itself in terms of expanding usefulness. We long ago concluded that what's good for the Marquette community is good for our bank. It resolves itself simply to the philosophy that in proportion as we help the community, we, in turn, will be benefited."

"We have believed in making the various phrases and services of banking not merely available to our public, but really vital to them."

"We have reason to be proud of our support and participation in the Northern Michigan College Foundation, and in loans for students; in the Junior Achievement project; the Community Chest, the chamber of commerce, the hospitals, and, in fact, in most every community endeavor."

Staff Numbers 30

The bank's staff numbers 30, of whom seven are officers. Six of the staff have been with the bank over 30 years.

Pearce added: "Our pension plan, which dates back to 1944, provides for retired members and their families. The older members of our staff are protected by a life insurance program, and all members have complete surgical and hospital coverage at the bank's expense."

New Office

"Our personnel again continued, as in the past, to take an active part in civic and community affairs. We have always encouraged this and made time available to enable any employee to participate who was inclined to do so. Many civic projects have thus benefited."

"One new officer has been added to our staff, in the person of James N. Braddock, vice president, who has come to us from the Security Bank & Trust Co., Grand Haven."

"The fine results obtained by the bank in 1962 are the product of a capable, willing and enthusiastic staff. We express appreciation to all our staff members for their loyal and unwavering support throughout the year."

Major General Harold E. Humfeld (right), commander of the 40th Air Division, which includes the 4042d Strategic Wing, and Lt. Col. Raymond Strategic Air Command wing at K. I. Sawyer Air Force Base, and Lt. General John D. Ryan (second from left) are met at Sawyer by Col. William B. Kyes (second from right), commander of the base's 4042d Strategic Wing, and Lt. Col. Raymond Strategic Air Command wing at K. I. Sawyer Air Force Base. (USAF photo)

3 Generals Inspect SAC Units At Base

Lt. Gen. John D. Ryan, commander of Second Air Force, yesterday led a group of three generals who visited and inspected the 4042d Strategic Wing (SAC) at K. I. Sawyer Air Force Base.

Purpose of the visit was to inspect and coordinate activities of northern bases utilized by Second Air Force units.

Has Former Humfeld Command

Col. William B. Kyes, wing commander, briefed Gen. Ryan, Major Gen. Harold Humfeld and Brig. Gen. Robert H. Strauss. Humfeld is commander of 40th Air Division, parent unit of the Sawyer Strategic Air Command wing, and Strauss heads the 17th Air Division, formerly commanded by Humfeld, and a division of 2AF.

The briefing by Kyes included a profit and loss report, describing both operations and maintenance activities of the past year. The proposed 1963 training program was also presented in detail to the three generals, as well as to several officers from 2AF who were in Gen. Ryan's party.

Ryan arrived here after stopping over at Wurtsmith AFB, Oscoda, home of the 40th Air Division. Ryan, whose headquarters in Barksdale AFB, La., proceeded from Sawyer this morning to various other northern bases which are under his command. He was accompanied by Strauss.

The visit was the general's fourth to the 4042d (soon to be renamed the 40th Bombardment Wing) since he took over command of 2AF about 18 months ago.

Cold Spell Beginning In District

An end to Marquette's spring-like January weather began with falling temperatures about at daybreak today.

Residents have enjoyed mild temperatures so far this month. The average temperature for the month has been 7.6 degrees above normal.

However, cold air which has been building up over northwestern Canada started moving southward yesterday and rushed across the Canadian border early this morning.

The cold spell which was moving in today follows on the heels of a balmy 35-degree recording yesterday. Yesterday's high of 38 was the warmest temperature here

Car Wrecked In Smashup On U.S. 41

An automobile was wrecked and a motorist was issued a summons, but no one was injured, in a smashup which occurred at 11:05 last night on U. S. 41 in Negaunee Township.

State police from the Marquette post said a car being driven west on U. S. 41 by Richard Boroughf, 26, of 610 Wright St., Marquette, went out of control as he was rounding a right curve, about a half mile west of County Road JB.

Officers said Boroughf's vehicle swung around on the icy roadway, sliding backwards onto the shoulder on the right side of the highway and rolling over.

Extensive damage occurred to the left side and top of the automobile, a 1960 sedan, which had to be hauled from the scene by a wrecker.

State police issued Boroughf a ticket for a speed law violation.

City Paragraphs

WDMJ. The Mining Journal radio station, will carry Governor George Romney's "state of the state" message at 11 tomorrow morning, live from Lansing.

A false call was answered by city firemen at 6:11 last evening. Firemen received a call stating there was a blaze in the 400 block of Lincoln Ave. They responded with the service truck and the Nos. 3 (1,000-gallon) and 4 (750-gallon) pumps, but could find no fire in that block. Firemen returned to the station at 6:35 p. m.

The House of Commons contains 630 members. England is represented by 511; Wales and Monmouth, 36; Scotland, 71, and Northern Ireland, 12.

Long-Range Forecast

The long-range forecast, which covers the period from midnight tonight through midnight Monday, calls for temperatures averaging four to eight degrees below the normal extremes of 25 and 13.

Except for slightly colder temperatures, little change is predicted through Monday. Temperatures are expected to moderate Monday.

Precipitation over the five-day period is expected to total two to three-tenths of an inch, in light snow or flurries, occurring mostly Thursday and Friday.

Changes In 1st National Staff Noted

Sam M. Cohodas, president, announced several changes in staff organization at the annual meeting of the First National Bank and Trust Co. yesterday.

J. Floyd Bowden, who has been assistant cashier and manager of the drive-in bank, has been appointed auditor for the bank.

Irving M. Wagner, who has been manager of the K. I. Sawyer Air Force Base Facility, was named manager of the drive-in bank.

Roy E. Maki, who has been supervisor of the accounting department at the main office, was named manager of the Sawyer Base facility.

With Bank 36 Years

Bowden has been associated with the bank for 36 years, the past five years as manager of the Drive-In Bank.

A veteran of World War II, he is a member of the American Legion Post, Hiawatha Amateur Radio Club and the First Methodist Church. He resides with his wife, Jeannette, at 819 Spruce St. Army Veteran.

Wagner is a native of Antigo, Wis., and a graduate of the Badger Business College at Green Bay. Wagner is recording secretary of the Knights of Columbus, Marquette Council No. 680 and served in the U. S. Army for two years.

He has been active in the Marquette Community Chest and Junior Achievement program. He joined the staff at the First National in 1958 and has been manager of the First National Sawyer Facility since it opened. He resides at 1106 Pine St. with his wife, Patricia, and two children, David and Kathleen.

Maki, a native of Wakefield, graduated from Wakefield High School in 1950. He graduated with honors from Northern Michigan College in 1955 with a degree in business administration. While at-

U.P.'s Field Services Group Meets In Marquette Friday

Members of the Upper Peninsula Field Services Committee will hold their quarterly meeting in Marquette this Friday.

The meeting is set for the Michigan State University Extension Center, beginning at 10 a. m.

The field services group, organized in 1957, is made up of members from the Extension divisions of Michigan Tech, Northern Michigan College, the University of Michigan and Michigan State University.

They meet regularly to coordinate service programs and maintain communications between the institutions.

Nathan To Speak

Among the agenda items for Friday's meeting are: Economic development report by Robert R. Nathan, president of Nathan Associates of Washington D. C.; posters on credit courses; a report on the tourist industry by Kenneth Dorman, secretary-manager of the Upper Michigan Tourist Association; a survey of industrial training needs; an educational program

on the proposed State Constitution; U. P. teacher institutes.

Current chairman of the U. P. Field Services Committee is G. Ralph Noble who is director of the Institute of Extension Services at Michigan Tech.

The U. P. Extension Director for Michigan State University, Dr. Albert S. Mowery of Marquette, is hosting Friday's meeting.

There are approximately 8,600 living species of birds.

20 Schools To Compete In Debate Meet Here

Twenty high schools will compete in the Upper Peninsula Championship Debate Tournament at Northern Michigan College this Friday and Saturday.

Large and small high schools will be represented in two divisions, Escanaba, Gladstone, Hancock, Iron Mountain, Ironwood, Luther L. Wright, Ishpeming, Kingsford, Manistique, Marquette, Menominee, Negaunee and Newberry are participating in the large school division.

Small schools competing are Baraga, Bessemer, Eben, Felch, Houghton, Ironwood St. Ambrose, Negaunee St. Paul and Norway.

The topic for debate is: "Resolved: That the United States should join in forming a Common Market among nations of the western hemisphere."

Debaters and coaches will meet at 3 p. m., Friday in the Audio-Visual Auditorium, with the first round of debates scheduled for

3:15 p. m. The second and third rounds on Friday will be at 4:45 and 7:30 p. m., respectively.

Finals Saturday Morning

The four schools in each division making the best record on Friday will debate in the semi-final eliminations Saturday at 9 a. m. The final championship debates will be at 10:30.

Trophies will be presented to the champions and runners-up in each division at the annual awards debate luncheon in West Hall Dining Room, William Gilsdorf, Ann Arbor, state manager of the Michigan High School Forensic Association, will award the trophies.

William Schindler of the Detroit Free Press will be the main speaker and also will award Free Press watches to the members of the winning team in each division.

The public is invited to attend any of the debates.

SAM M. COHODAS

Members of the Upper Peninsula Field Services Committee will hold their quarterly meeting in Marquette this Friday.

The meeting is set for the Michigan State University Extension Center, beginning at 10 a. m.

The field services group, organized in 1957, is made up of members from the Extension divisions of Michigan Tech, Northern Michigan College, the University of Michigan and Michigan State University.

They meet regularly to coordinate service programs and maintain communications between the institutions.

Nathan To Speak

Among the agenda items for Friday's meeting are: Economic development report by Robert R. Nathan, president of Nathan Associates of Washington D. C.; posters on credit courses; a report on the tourist industry by Kenneth Dorman, secretary-manager of the Upper Michigan Tourist Association; a survey of industrial training needs; an educational program

on the proposed State Constitution; U. P. teacher institutes.

Current chairman of the U. P. Field Services Committee is G. Ralph Noble who is director of the Institute of Extension Services at Michigan Tech.

The U. P. Extension Director for Michigan State University, Dr. Albert S. Mowery of Marquette, is hosting Friday's meeting.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just apply a little PASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get PASTEETH at drug counters everywhere.

There are approximately 8,600 living species of birds.

412 N. 3rd St. Marquette

Jordan, Symank Of Packers Talk Here Jan. 16th

Two of the stars of the World Champion Green Bay Packers will be in Marquette next week for a speaking engagement.

They are Henry (Hank) Jordan, defensive tackle, and John Symank, defensive half-back, who will appear at the annual dinner meeting of the Marquette Builders Exchange, to be held in the Elks Temple, W. Washington St., on Wednesday, Jan. 16.

The dinner meeting will be preceded by a social hour at 6. Howard G. McKie, Marquette, is president of the Builders Exchange.

Sixth Year As Pro
Jordan, 27, stands six feet, three inches and weighs 250. This was

in Green Bay, is married, has two children and maintains a home in Green Bay.

Also In Sixth Season
Symank, also 27, stands five feet, 11 inches and weighs 180. The past season was his sixth in pro ball.

Symank was the Packers' 23rd draft choice in 1957. He finished fourth in the league as a rookie in interceptions, with nine, and returned the ball 198 yards on those catches.

One of the toughest tacklers in the league at safety position, Symank won All-Texas Junior College honors at Arlington State and won All-American honors from the University of Florida. He also is a sales representative in Green Bay.

Treloar On Program
W. H. Treloar, general manager of The Mining Journal, also will address the meeting. His topic will be "Fellow Turtles."

Three directors will be elected at the meeting to serve three-year terms on the Builders Exchange board. Nominated for the offices are Norman Bergh, Marquette, general contractor; Richard Hytinen, of J. & H. Electric Co., Marquette, and William D. Bucklin, Marquette, Soo Hardware Co. representative.

Retiring directors are Franz Menze and Wayne Balmes, Marquette. Bucklin has been nominated to succeed himself.

Twelve apprentices who have completed training will be presented with journeyman's certificates by Chester L. Walker, Marquette, U. S. Department of Labor representative. The certificates cover carpenter, masonry and plumbing crafts.

Reservations from members and their guests are being received at the Marquette Builders Exchange office.

More than 100 persons are expected to attend.

FOOTBALLS, NATURALLY

Ben E. Knauss, secretary of the Marquette Builders Exchange, said this morning that in connection with the appearance of the two Green Bay Packers football stars here next Wednesday night, five autographed footballs will be given out during the dinner meeting.

his sixth year in professional football. He's a graduate of the University of Virginia.

Jordan was the Cleveland Browns' fifth draft choice in 1957 and cost the Packers only a fourth choice in 1959, and became an immediate hit. He won All-National Football League honors the past three years and played in the league's all-star pro bowl.

A bulwark on the inner defense line with Dave Hanner, Jordan wrestled and played football in both high school and college and captained the Virginia team in 1957. He reached the finals of the National Collegiate Athletic Association in 1957.

Jordan, a sales representative

Bennett Expects More Funds For Ottawa Works Program

WASHINGTON (AP) — Rep. John Bennett, R-Mich., said today the U. S. Forest Service expects to allocate additional funds to keep some 600 men working on a public works program in the Ottawa National Forest in the Upper Peninsula of Michigan.

This, Bennett said, would be in addition to the \$126,000 allocated Saturday to keep the men employed for only about two weeks. The original grant for the project was \$575,000, covering the last three months of 1962.

Edward Cliff, head of the service, told Bennett he expects to get a substantially larger allocation for the Ottawa National Forest program, but he does not know how much.

Commerce Dept. Funds
The funds are allocated to the service by the U. S. Commerce Department which is in charge of the Accelerated Public Works Program enacted by Congress last fall.

President Kennedy allocated \$200 million for the program in September and another \$200 million on Dec. 20.

Four Called From County For Induction

Four registrants from Marquette County will be summoned for induction into the armed forces during February, the Marquette County Draft Board reported today.

Frances Drake, Marquette, clerk in charge of the board's office here, said notices of induction will be mailed next week. It will be the 152nd induction call under the 1948 Selective Service Act.

There will be no pre-induction call for February.

Col. Arthur A. Holmes, Lansing, state director of selective service, said Michigan will furnish 267 men for the February draft. All inductees will be at least 22 years old, he said, except for volunteers. Other Upper Peninsula counties' quotas named were: Baraga, one; Chippewa, two; Dickinson, one, and Houghton, five.

From 1952 to 1961, 30,000 immigrant engineers and 14,000 physicians entered the country, according to the Labor Department.

Surveying plans for a proposed cultural center at Big Bay as a part of the Superiorland project are John A. Zerbe and Harry McMahon Wirth, Milwaukee promoters of the development; M. Brent Oldham, ARA area coordinator; Aarne R. Ervast, Laurium, Michigan Dept. of Economic Development industrial agent, and G. Ott Romney, Washington, ARA specialist in tourism and recreation. (Mining Journal photo).

Tourist Plan Group, ARA Officials Eye Culture Center Loan

Representatives of the Area Re-development Administration were in Marquette Monday and yesterday discussing the possibility of a grant or loan of more than a million dollars for a proposed cultural center in Big Bay.

The cultural center is one part of the gigantic tourism project being planned by John A. Zerbe, a former Marquette resident, and now a certified public accountant in Milwaukee, and Harry McMahon Wirth, a Milwaukee native who is self-employed in the financing, marketing and management field.

The project would center around a scenic railroad between Marquette and Big Bay over trackage formerly used by the Lake Superior & Ishpeming Railroad Co.

Other features of the proposed project include a Swiss Alpine Village and a large ski resort in Big Bay, site of the proposed cultural center, and a Frontierland located in Marquette.

The ARA has already authorized a \$195,000 industrial loan to purchase, renovate and reactivate the 24-mile scenic steam railroad line from Marquette to Big Bay. The loan was made to the Marquette & Huron Mountain Railroad Co., which is owned by Zerbe and Wirth.

Wirth said yesterday that over the next 24 months the overall project would involve four and one-half million dollars and would employ about 1,000 persons.

Government officials here this week were G. Ott Romney, Wash-

Brunswick Develops Better Pinsetter

CHICAGO (AP) — Brunswick Corp. announced Monday it has developed a pinsetter which will work faster and handle balls and pins more gently. The company said the machine is designed to provide the best possible pace for better bowling and will provide for additional business when leagues finish their games ahead of schedule. Deliveries are scheduled to start in May.

Timberlane Board Gets Award Pins

Members of the Timberlane Girl Scout Council board were given special recognition at last night's semi-annual council meeting in Negaunee's Central School.

Mrs. Eugene Cole, president, awarded Scout membership pins to board members for their service to Timberlane in various capacities. Officers serving on the board, in addition to Mrs. Cole, are: Mrs. Timothy Hughes, Ishpeming, vice-president; Harry Lines, Marquette, treasurer; Mrs. Bernice Hulko, who was secretary recently resigned and her position has not yet been filled.

Other board members are Mrs. Vernon Calkins, Marquette, chairman of the nominating committee; Joe Mason, Marquette, finance committee chairman replacing Robert E. Moore, Marquette, who also resigned recently because of the press of business matters; Mrs. Warren Smith, Marquette, training chairman; Mrs. William McLaughlin, Ishpeming, and Mrs. Robert Sturm, also of Ishpeming, co-chairmen of the program committee; Kenneth Brennan, employed personnel committee chairman; Mrs. John Holzschuh, K. I. Sawyer Air Force Base neighborhood chairman; Mrs. George Schauf, Ishpeming neighborhood chairman; Mrs. Gust Granlund, Negaunee neighborhood chairman, and Mrs. Ludwig Laurich, Mrs. Earl Wilkins and Mrs. John Myhrhall, Marquette neighborhood chairmen.

Three amendments to the constitution and five amendments to the by-laws recommended by Kevin Sheard, Marquette attorney, were approved, and several other business matters were discussed.

Engaged

Master Sgt. and Mrs. L. W. Greene of K. I. Sawyer Air Force Base announce the engagement of their daughter, Mary Ellen, to Jen Camden Call, son of Mr. and Mrs. H. T. Call of Point Pleasant, W. Va. The wedding date has not been set.

Mrs. Lucille Wakeman announces the engagement of her daughter, Judie, to James Emerson, son of Mrs. Helen Emerson of Tampa, Fla. Miss Wakeman is a graduate of Bishop Baraga Central High School and Northern Michigan College and is teaching in Rogers High School in Grand Rapids. Her fiancé, an Air Force veteran, is a student at the University of South Florida at Tampa. An August wedding is planned.

Births

HUGHES — A daughter, Deborah Ann, was born Jan. 7 at St. Luke's Hospital to Mr. and Mrs. Charles Hughes, 1302 W. Fair Ave., Marquette.

BROWN — Mr. and Mrs. Ronald Brown, 421 E. Ridge St., Marquette, are the parents of a son, born Jan. 7 at St. Luke's Hospital.

FLETCHER — Twin girls, Karen Lynn and Karla Louise, were born Jan. 7 at St. Luke's Hospital to Mr. and Mrs. Donald Fletcher, Rte. 1, Skandia.

THOMAS — Marvin Stewart is the name of the son born Jan. 7 at St. Luke's Hospital to Airman 2-c and Mrs. Marvin Thomas, 201 W. Arch St., Marquette.

RAPAVI — A daughter, Lisa Josephine, was born Jan. 8 at St. Mary's Hospital to Airman 2-c and Mrs. Richard A. Rapavi, 1746 Longyear Ave., Marquette.

WARK — Leading Aircraftman and Mrs. Ralph Wark, 445 Liberator Drive, K. I. Sawyer Air Force Base, are the parents of a daughter, born Jan. 8 at St. Mary's Hospital.

Unmuth-Kropp

Nuptial vows were spoken in Messiah Lutheran Church Saturday evening by Diane Marie Unmuth, daughter of Mr. and Mrs. Jack Unmuth of Stambaugh, and Alan R. Kropp, son of Mr. and Mrs. Alan R. Kropp, Marquette.

White poinsettias decorated the church altar for the ceremony, performed at seven o'clock by the Rev. J. Otto Magnuson. The bride's father gave her in marriage.

Attending the couple were Mr. and Mrs. John Harkin. Ushers were Jack Unmuth Jr., Stambaugh, and Gary Kropp, the groom's brother, Marquette.

Wore Wool Sheath
The bride wore a white wool knit sheath highlighted by a pink floral embroidery design, also in wool, on the bodice. She wore a matching jacket, white satin hat trimmed with sequins to which her short veil was attached, and a corsage of pink roses and white chrysanthemums.
Mrs. Harkin wore an olive green

sheath with gold accents and beige hat and accessories. Her flowers were also pink roses and white chrysanthemums.

Mrs. Unmuth attended her daughter's wedding wearing a red sheath with white feathered hat and silver jewelry and Mrs. Kropp wore a red suit with white feathered hat and rhinestone jewelry. Their corsages were made of white chrysanthemums.

Dinner After Service
A wedding dinner was served at 8:30 at the Kropp home, 313 E. Hewitt Ave. for the bridal party, immediate family members and close friends.

The new Mrs. Kropp is a 1960 graduate of Stambaugh High School and is employed as a secretary at Brebner Machinery Co. here. Her husband, a 1955 graduate of Graveret High School, attended Northern Michigan College and is now employed as an electrician by the Superior Electric Co. Mr. and Mrs. Kropp are residing at 214 N. Third St.

Mary Ellen Koski And Paul Sorenson Married In L'Anse

L'ANSE — The First Lutheran Church was the scene of a holiday wedding Saturday, Dec. 29, when Miss Mary Ellen Koski and Paul Sorenson pledged their nuptial vows. The bride's parents are Mr. and Mrs. Axel Koski of Keweenaw Bay and the groom is the son of Mrs. Albert Sorenson of St. Ignace.

The Rev. Rodney K. Erickson performed the double ring ceremony at 2 p. m. before an altar decorated with red poinsettias and lighted tapers.

The bride, escorted to the altar by her father, wore a floor-length gown of white satin, its skirt extending into a chapel train appliqued with pearl-centered satin roses. The fitted bodice was designed with a crescent-shaped neckline and was trimmed with Belgian lace at the waist and cuffs. Her bouffant veil of English tulle was secured to a seed pearl and crystal crown, and she carried a cascade of red and white carnations.

Sisters Attendants
The bride's sister, Mrs. David Nasco of Detroit, served as matron of honor, while another sister, Miriam, acted as bridesmaid. Both attendants wore identically-styled street-length gowns of red velvet, with three-quarter length sleeves, white fur hats and muffs, topped with tiny red poinsettias completed their costumes.

Curt Haney of Minneapolis, a classmate of the groom, was best man, and Albert Sorenson served his brother as groomsman. The guests were seated by the bride's brother, Arthur Koski of Ravenna, and by Ralph Ritter of Ft. Wayne, Ind., a brother-in-law of the groom.

David Carlson of Iron Mountain, another classmate of the groom, sang "Jesus, Joy of Man's Desiring" before the service, "The Wedding Prayer" as the bride approached the altar and "The Lord's Prayer" as the bridal couple knelt at the altar. He was accompanied by Miss Jane Kettinger of Ashland, Wis., who also played nuptial music during the service.

Mrs. Koski wore a beige wool dress accented by brown and beige accessories for her daughter's wedding, and the groom's mother was attired in a green and black dress with green accessories. Each had a corsage of white carnations.

Reception At Church
A reception was held in the church parlors.

A rehearsal dinner for 25 was served at the bride's home the evening before the wedding.

The bride is a graduate of Baraga High School and of the University of Michigan School of Nursing. Since her graduation in June, she has been employed at the Moline Lutheran Hospital School of Nursing. The groom, a graduate of St. Ignace High School and Bethany College, Lindsberg, Kan., is now attending the Lutheran School of Theology at Rock

'Cinderella' Chosen For Production

"Cinderella," a children's show with incidental music adapted from the play of the same title by Charlotte B. Chorpenning, was chosen last night by the Marquette Community Theater as its next production.

The show will be presented Feb. 13 and 14 in Kaufman Auditorium by an adult cast and not with child performers, as indicated in a previous announcement. The production is designed as a workshop for a full-scale Broadway musical planned for next fall.

Try-Outs Set
Try-outs for a cast of seven women and four men are being held tonight and tomorrow night at 7:30 in Room 194 of Graveret High School. Although there is some singing and dancing in the show, talents along these lines are not a prerequisite for casting, it was emphasized today by James Lirette, president of the theater unit. "Roles are principally acting ones," Lirette said, "and anyone interested is invited to try out."

Patricia Stoll of Negaunee is director of "Cinderella" and William Lasich is her assistant; Albert Wake will be technical director, and Naima Prevost will handle the choreography. Others named so far on the production staff are Anita E. Meyland, costume consultant, and Ellen Clement, rehearsal pianist.

Others Sought
Persons are sought for make-up and costume committees, stage crews and other technical assignments in connection with the show, Lirette said.

"Cinderella" is the Marquette Community Theater's first venture into children's theater. Its last production was "The Cradle Song," presented last summer under the direction of Vance Paul.

Officers Of Scout Planning Board For Timberlane Named

The senior planning board of Timberlane Girl Scout Council, composed of two representatives of each senior troop in the council, elected officers at a meeting Monday in Ishpeming's Wesley Methodist Church.

Virginia McAvoy of Troop 124, K. I. Sawyer Air Force Base, was named president, and other officers are Yolanda Salinas, also of Sawyer Troop 124, vice-president; Jean Honkavaara, Troop 38 of Ishpeming, secretary, and Karen Anick of Troop 11, Marquette, corresponding secretary.

Discuss U. P. Conclave
The board also discussed plans for an all-Upper Peninsula Senior Conference, tentatively set for mid-April, to which the Timberlane planning board would invite senior Scouts from the entire Upper Peninsula and the northern part of the Lower Peninsula. Further details will be gone into at the board's February meeting.

There are seven senior troops in Timberlane Council: two in Ishpeming, two in Negaunee, two in Marquette and one at the Sawyer Air Base. One Marquette troop is in the Mariner program and the other has a Wing patrol registered with it; one of the Negaunee troops is registered in the Trail Blazer program.

Troop Electors
Senior planning board members are elected by the members of each troop, one delegate for two years and one for one year. Alternates are also named, and these attend meetings when they are held in the town in which they live. Meetings alternate monthly among the four communities represented.

Advisers to the planning board are Mrs. Richard Kirby, Mrs. Lois Pietro and Mrs. Donald Maddock, Ishpeming, and Mrs. John Holzschuh and Mrs. George Hanlon of K. I. Sawyer Air Force Base.

Chocoley Township 4-H Club Planning Bake Sale Jan. 18

The Chocoley Township 4-H Club has made plans for a bake sale to be held Jan. 18 at the Firestone Store. Further details will be announced later.

Recent activities of the club include a Christmas party in the Chocoley Town Hall, prior to which Mary DeVoght gave a report on the recent Junior Leadership Training School held in Marquette.

Island, Ill. The couple will make their home in Moline.

Historic Slides Show Rooms Like This

The formal dining room picture here is among several room settings to be seen in a new color slide program, "Musée Fabrics For Your Home," which the Lake Superior Creative Arts Association featured last night at the Parkview School. The slides will also be shown this month at meetings of the Marquette Women's Club, the Marquette Business and Professional Women's Club and to adult education art classes. Anita E. Meyland, program chairman for the Arts Association, read the commentary on the 53 slides in the series at last night's meeting. All the fabrics used in decorating the rooms have been inspired by original designs from the Musée de L'Impression Sur Etoffes in Mulhouse, France, the only museum in the world devoted entirely to textile printing and design. Some decorative arrangements were borrowed from the Napoleonic era.

Officers Installed By St. Peter's Unit; Capuchin Speaker

Mrs. Burt Carlston was installed as president of St. Peter's Altar Society at the organization's first meeting of the year Monday evening in Cathedral Hall.

Also installed were Miss Mary Dwyer, recording secretary; Mrs. Leo Bruce, financial secretary, and Miss Mildred Bral, treasurer. Mrs. Lucille Wakeman, the society's vice-president, was unable to attend the installation meeting.

Included on the business meeting agenda were a short talk by the Rt. Rev. Nolan B. McKevitt, cathedral rector, welcoming the officers; a report by Mrs. Ed Higgins on the Gold Bond stamp project, and a report on the society's spiritual development program by Mrs. J. O. Simon.

Featuring the speaking program was a talk by the Rev. Stephen Mannie, O.F.M. Cap., on activities of the Northern Michigan College Newman Club, of which he is chaplain. He showed slides to accompany his discussion.

Refreshments were served later by a committee composed of Mrs. John Shanley, Mrs. Linus Schlacter, Mrs. Victor Seavoy and the Misses Mayme and Caroline Siegel.

GHS 'Good Citizen' Receives Award

Julianne Nelsen, Graveret High School senior and daughter of Mr. and Mrs. Harry K. Nelsen, 358 Harrison St., was presented Monday afternoon with the DAR "Good Citizen Award" pin which she won some weeks ago. Making the presentation, above, is Paul Kotila, principal of Graveret. Miss Nelsen, an honor student, is president of the GHS Student Council and is active in the Marquette Junior Achievement program. She plans to attend Ferris Institute in Big Rapids next fall. Opera 'Four' Directed By Nino Comel

The San Francisco Operatic Quartet, appearing at the Ishpeming High School Auditorium next Tuesday evening, has as its director widely known Nino Comel, one-time director of the Columbia Grand Opera Company.

Comel had an active career as a conductor in his native Italy after receiving a doctor of philosophy degree in music there. His first post in the United States was as director of the Columbia Grand Opera Company and he later conducted the San Francisco Opera for a number of years.

Made Translations
A gifted pianist and lecturer, he is also an accomplished linguist and has made new translations of several operas.

The San Francisco Operatic Quartet, which Comel founded, has just completed its eighth year of existence and is today one of the outstanding group attractions of the concert stage. The quartet is composed of four talented vocalists: Catherine Paul, soprano; Donna Petersen, mezzo-soprano; Kenneth Wahn, tenor, and Richard Frock, baritone.

Widely Praised
Of the group, a critic recently wrote: "Combining extraordinary vocal ability with a spirited performing skill, this youthful group of unusual talent presents an unforgettable, fast-moving program ranging from grand opera to musical comedy . . ."

Next Tuesday's program, the second in this year's Ishpeming Concert Series arranged by George Quaal Presentations, is scheduled for 8:30.

Rev. Smith Speaker Tomorrow At Grace Women's Meeting

The Rev. Norbert W. Smith, pastor of the First Methodist Church, will be the speaker tomorrow at a dessert luncheon meeting of the Grace Methodist Women's Society of Christian Service. His topic will be "The Methodist Church in Ireland."

Included on the program, to follow the 1:30 luncheon, will be piano solos by Kay Galbraith and Claire Matthews and a duet by the two girls; devotions by Miss Jeanette Lundquist and a missionary talk by Miss Agnes Lundquist.

Hostesses for the meeting are Mrs. Rose Johnson, Mrs. Harold Beckman and Mrs. William Lundquist.

A Million Dollars to Relieve Itch of Piles

It is estimated that over a million dollars a year is spent on varied remedies to relieve itch of piles. Yet druggists tell you that cooling, astringent Peterson's Ointment soothes pile torture in minutes. 60¢ box or 85¢ tube applicator. Peterson's Ointment gives fast, joyful relief from itching. Be delighted or money back.

CHEVROLET Keeps Going Great

No wonder Chevrolet is so popular with a choice like this: the luxurious Jet-smooth Chevrolet, lively low-priced Chevy II, sporty rear-engine Corvair, and two new versions of America's only all-out sports car, Corvette.

'63 JET-SMOOTH CHEVROLET

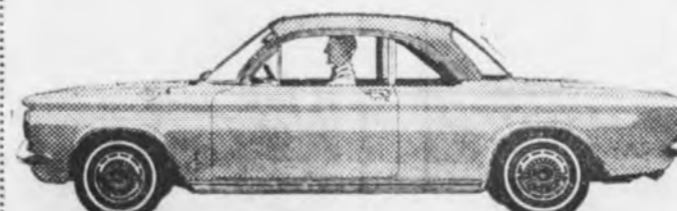

Impala Sport Sedan— one of 13 Jet-smooth Chevrolets

Chevrolet Impala Sport Coupe— beauty, ride and comfort you'll go for instantly

Chevy II Nova 400 Station Wagon— shares the easy-care features of the big Chevrolet

Corvair Monza Club Coupe— with snazzy bucket seat interior

Corvette Sting Ray Sport Coupe— there's also a new Sting Ray Convertible

See four entirely different kinds of cars at your Chevrolet dealer's Showroom!

Rules Committee Battle

When the 88th Congress convened today it was confronted with a basic test of democracy that hinges on whether a small minority can thwart the will of the majority. This is the situation that has existed in the powerful House Rules Committee.

In the past this committee, which ostensibly functions to control the flow of legislative proposals, was composed of 12 Congressmen. The committee went beyond its normal function as a traffic control center and grossly abused its rightful powers by bottling up legislation. This the committee was able to do simply with the vote of six members.

On countless occasions the committee has flatly refused to send bills to the floor. In the summer of 1960 it defied majorities in both the House and Senate by arrogantly refusing to send to conference an education bill passed by both chambers.

In order to reduce the power of the rules committee to obstruct legislation, the late Sam Rayburn, speaker of the House, put his prestige on the line at the opening of Congress two years ago and led a successful maneuver to enlarge the committee from 12 to 15 members. This allowed broader representation on the rules committee and it eliminated the likelihood of tie votes, which also had the effect of blocking legislation.

But the Congress that convened today is a new Congress, and the rules committee battle must be fought all over again. The outcome of that battle will determine

whether the rules committee is to fulfill its primary function as a steering committee designed to expedite legislative procedures or whether it is to arrogate to itself again the additional function of policy control that is wholly beyond its proper jurisdiction. All persons who are concerned over true democratic process hope that a rules committee reform plan will be carried out again in the 88th Congress.

Enlargement of the committee from 12 to 15 members is not a case of "packing" the committee, as has been charged. The plan does not change the existing membership ratio between the two parties. What would be changed is the ability of a few men on the committee to frustrate the will of the majority in the House.

Even when enlarged to 15 members, the House Rules Committee is still the second smallest of the 20 House committees. The veterans affairs and post office and civil service committees have 25 members each. Surely the business of the rules committee is important enough to warrant the attention given to other veterans and to the post office.

The accusation has been made that liberals favor enlarging the rules committee while conservatives want the membership held to 12, but this misses the point. The point of enlarging the rules committee is not to advance liberal legislation. The point is merely to bring legislation—any legislation in the public interest—to the floor of the House. It is far better—certainly far more democratic—to have decisions made on legislative matters after open debate and by vote of the entire House than to have important policies controlled by a small group on the basis of political seniority. A mere six men on the rules committee should not be in a position to prevent a vote on the important bills that will be considered by the 88th Congress.

Peninsula Rambulator

Eugene Moore, Iron River reporter editor and manager for a quarter century, has gone to Sauk Centre, Minn., to take a new job as secretary of the Independent Bankers Association.

Supervisors from Iron, Dickinson, Delta and Menominee Counties apparently are unable to move nearer agreement on sale of Iron County's share of Pinecrest Medicare Hospital than they were when they started negotiations on the proposal a month ago. Iron participated in operations of the Pinecrest facility at Powers for years, withdrawing two years ago when the institution became a medicare unit (Iron County has its own medicare facilities at Crystal Falls). A two-year agreement under which Delta, Menominee and Dickinson Counties operated the hospital expired Dec. 31. Iron County advised the other three before that date that it would expect rental payments for its share if a fair selling price could not be ascertained and said court action would be taken if necessary.

A robin prevented from flying south by a crippled wing was found by two Kingsford boys, Buddy Miller, 12, and Kenneth Lee Rudd, 10. They plan to keep the bird in a cage and feed it until the wing is healed, releasing it with the arrival of warm weather in the spring.

Six hundred men from western Upper Peninsula counties (including Baraga) in which the Ottawa National Forest is located have gone back to work on forest projects following the release of \$120,000 in stopgap funds. The additional funds will permit about two weeks' employment of the 600, but further money may be allocated for the works program.

A director of centennial activities has been named to coordinate projects and programs now being arranged for Escanaba's celebration of its 100th birthday in July. He is Harold F. Cloutier, insurance and real estate salesman, whose principal task will be to coordinate the many centennial events now being planned by hundreds of volunteer workers. He is being employed by the Escanaba Centennial Corp.

Another step toward eventual diversification of industry in that part of the Upper Peninsula is being taken through establishment of a loader and tractor sales and service center at the old Cardiff Mine engine house in Iron County. The center, expected to become one of the largest of its type in the U. P., will employ eight men on a full time basis.

From The Journal Files

60 Years Ago

—Marquette—
During the past few days C. C. Van Idersline has made a start with the demolition of the Longyear mansion. He has half a dozen men employed on the premises, but it will be some time before the public is able to observe any progress with the work of destruction, as, for the present, the contractor is confining his attention to the interior, where the task of removing the finishings is under way.

—Ishpeming—
Both the North Western and St. Paul roads have discontinued their sleeping car service

30 Years Ago

—Marquette—
All men who will be employed on work relief highway projects scheduled at this time in Marquette County have been selected by the unemployment committees in the cities and towns of the county and have been notified for duty.

—Ishpeming—
Starting next week the Ishpeming Theatre will be operated on a part-time basis, somewhat similar to the schedule in force last

to the Copper Country and the North Western has taken off the dining car as well. The change went into effect yesterday. The cars are taken off at this station. Forced economy in the use of coal is the reason for the change. Both roads have been greatly hampered by a lack of fuel, being able to secure barely enough to maintain the regular service.

—Negaunee—
Work on the Hartford shaft house is being pushed with all possible speed. The men employed there are skilled mechanics, especially trained in the construction of steel frame work. Most of them are from Milwaukee.

Phil Levine went to Milwaukee Friday night to visit his brother, Louis.

summer. When feature pictures are under contract to run for more than two days, the theater will be closed three days, Tuesday, Wednesday and Thursday.

Mrs. Daisy Keasler, violinist, and Miss Edna Stolen, pianist, will entertain during dinner hour Sunday at the Mather Inn.

—Negaunee—
George Reidenbach, postal inspector and site agent for the United States Treasury Department, was here yesterday and conferred with persons interested in the new post office building which will be erected here.

Robert Thompson, Negaunee ice dealer, has a crew of men working on Teal Lake on his annual ice harvest and reports good headway.

Fred Rydholm (left), Marquette, strapping six-foot guide for the Huron Mountain Club, pauses momentarily with Brendan Biolo near the top of the Huron Mountain during a day-long hike into the area. Rydholm has been employed by the club for 22 summers. At other times he is a science teacher in the junior high school in Marquette. (AP photo).

At 38, Fred Rydholm Of Marquette Fast Becoming Legend Of North Country

BY A. F. MAHAN Associated Press Writer

Fred Rydholm is the most uncityfied city commissioner you're likely to find anywhere. He'd probably get claustrophobia in the vast expanses of Detroit's Cobo Hall.

At a mere 38, this descendant of Swedes, who pronounce the name Reed-holm, already is becoming a legend in Michigan's north country, parts of which he likely knows better than the bears that spend all their time there.

Has Professional Traits
Rydholm merely spends every minute he can in the woods—and still earn a city living. And the more primitive the woods are, the better he likes them.

Today's Special Story
Journal wrote he was tempted to describe the man as "Fabulous Fred Rydholm" after following him on a 12-mile hike through the Huron Mountains.

But Fred Rydholm has some traits of a professor. (He is an instructor at Cravenet Junior High.) Once he hiked seven and a half miles on snowshoes in the dead of winter to check his forest cabins—and found when he got there he had forgotten the key.

Wilderness Development
He chuckles about things like that, but he gets deadly serious when anyone suggests development of a national park in the Huron Mountains or a broad-band, 37-mile long national lakeshore development between Munising and Grand Marais.

Animals 'Not To Be Feared'
He never carries a gun in the woods and has a theory that animals will not attack humans unless frightened or provoked into it, explaining:

"At one time or another, I've seen about 500 bears in the woods and I've always questioned stories about bears attacking people. Of course, you can't be in their way, but they're not to be feared."

Moose Sighted
At his own lodge he's building in the Michigan State Forest area about 50 miles from Marquette, Rydholm has put up brush piles to give animals cover and put out salt to attract deer and made some lakes to attract geese.

Night In Roofless Cabin
And once, before the roof was on their cabin, Fred and June spent a night there in sleeping bags in a corner with a snowstorm raging.

Gigantic Fireplace
Rydholm still is building, after 14 years, on his place in the woods. He cut and peeled his own cedar and pine logs, and in his gigantic fireplace are embedded rocks from every county in the Upper Peninsula, even from what used to be gold mines near the Hurons.

Public Opinion
"They tell you where you can go and can't go, where you can paddle a canoe and where you can't, insist you use a developed plot for your camping, and they've got ovens all over the place that won't work. Adventure has been taken out of a trip to Isle Royale, and the impersonal treatment of visitors by the concession owners runs one pretty rough at times."

White House
The state and federal governments already own 40 per cent of the 16,500 square mile Upper Peninsula, and Rydholm thinks that's

enough, "and they ought to develop what they've got already before grabbing off any more."

Looks Like A Guide
When school's out in summer, Rydholm can be found at the Huron Mountain Club, an exclusive organization that owns 16,000 acres northwest of Marquette along Lake Superior.

And even when school is out for weekends, Rydholm usually can be found in the woods—even on winter's coldest day or the muddiest one of the springtime thaw.

Great Story Teller
And he is, but not for hunters and fishermen. He just doesn't go along with the philosophy of taking for sport creatures that populate the woods and streams. But he sees nothing objectionable to harvesting a crop if there is too much and it would go to waste."

Wilderness Development
He chuckles about things like that, but he gets deadly serious when anyone suggests development of a national park in the Huron Mountains or a broad-band, 37-mile long national lakeshore development between Munising and Grand Marais.

Animals 'Not To Be Feared'
He never carries a gun in the woods and has a theory that animals will not attack humans unless frightened or provoked into it, explaining:

Public Opinion
"They tell you where you can go and can't go, where you can paddle a canoe and where you can't, insist you use a developed plot for your camping, and they've got ovens all over the place that won't work. Adventure has been taken out of a trip to Isle Royale, and the impersonal treatment of visitors by the concession owners runs one pretty rough at times."

White House
The state and federal governments already own 40 per cent of the 16,500 square mile Upper Peninsula, and Rydholm thinks that's

serve the unexpired term. That was in 1957.

Talented Amateur Magician
In 1958 he ran on his own, but didn't campaign, and led the ticket—as he did in 1960 and 1962. In 1959 at the age of 35 his fellow commissioners elected him mayor. He also is a Marquette County supervisor.

Hopes To Write History
Rydholm is collecting data for a history he hopes to write someday about Marquette County, where his family has spent five generations.

Mason Couple Cleared In Death Of Daughter
MASON (AP)—A Mason couple has been cleared in the death of their five-month old daughter from pneumonia and advanced malnutrition.

Views On Congress
This worked all right for Eisenhower. He remained highly popular eight years and got re-elected without trouble. So far it's worked for Kennedy. He's highly popular although he thinks he may have trouble in 1964.

Playing Safe
The infant was born with a cleft palate. She died Dec. 12 of pneumonia brought on by what Dr. Charles Black, a pathologist, described as "the worst case of advanced malnutrition I ever saw."

JFK's Relations With Congress

By JAMES MARLOW Associated Press News Analyst
WASHINGTON — President Kennedy's reluctance to have pitched battles with Congress for his programs has caused some puzzlement and criticism. He's still reluctant. But for this he has reasons, although they may not please everyone.

Fear For His Popularity
They can be put together from what he said in his hour-long television interview last month and what was told reporters covering his Christmas vacation at Palm Beach.

Tactics Same As Eisenhower's
Burns indirectly suggested Kennedy, like President Franklin D. Roosevelt did, pays too much attention to the House and Senate committee chairmen and not enough to the rank and file in Congress.

Erickson, Seven Other U.P. Educators To Visit Academy

BARAGA — Baraga High School Superintendent E. E. Erickson is one of 30 educators selected from the Upper Peninsula and the northern half of Lower Michigan to attend a three-day tour of the Air Force Academy at Colorado Springs, Colo.

The objective of the tour is to give the group an insight into the workings and curriculum of the academy, and to give them information about the institution which they can relay to students in their areas who might be interested in enrolling at the academy following graduation.

Phillips Tells Of Activities At Negaunee Youth Center

NEGAUNEE—December proved to be one of the busiest months of the year at the Negaunee Youth Center, which was a beehive of activity because of numerous holiday programs. Director Marshall Phillips noted in his monthly report filed Tuesday with City Manager Leonard Harris.

Santa returned to distribute boxed candy to children in a visit also sponsored by the municipality. Over 400 teenagers attended the semi-formal New Year's Eve party, which was an outstanding success. Favors, noise-makers and festive hats added much to the occasion. Punch was served.
