Katanga Leader Yields To U.N.; Asks Sakania Troops Not To Resist

ELISABETHVILLE, Katanga (AP)—With his army disintegrating and his control over Katanga shattered, President Moise Tshombe yielded a bit today to the United Nations after a brief period of house arrest.

President Wins Rules Struggle

WASHINGTON (AP)—The Kennedy administration has won the first battle of the new Congress—the showdown over the House Rules Committee. But not even the victory claimed it was a major breakthrough for the President's program.

High-Level Talks Spur U.S. Hopes

WASHINGTON (AP)—U.S. officials expressed hope today that periodic high level talks with Soviet representatives, such as the ones now under way here, will lead eventually to a breakthrough in improving East-West relations.

President Kennedy spent an hour at the White House late Wednesday with Soviet Deputy Foreign Minister Vasily V. Kuznetsov, who is scheduled to return to Moscow in a few days.

Talks Cut Short In Press Strike

NEW YORK (AP)—Suddenly revived joint peace talks between striking printers and publishers of New York City's nine major newspapers, blacked out for 34 days, broke off after 45 minutes.

No Worse, No Better

Asked why, Powers replied: "I don't know why—the publishers are not yet ready to negotiate a contract."

Michigan Reports 17,000 Less Jobs

DETROIT (AP)—The number of jobs in Michigan decreased by 17,000 during December, the Employment Security Commission reported Wednesday.

The Weather

Forecast for Marquette and vicinity: Cloudy with snow flurries and colder tonight and Friday; occasional snow squalls near Lake Superior; low tonight ranging from 10 along lake to near zero inland; high Friday 10 to 15. Outlook for Saturday: Mostly cloudy and continued cold.

News In Brief

WASHINGTON (AP)—The government reported today the nation's job situation remained virtually unchanged in December. Employment declined seasonally by 420,000 and unemployment increased by 16,000.

SAIGON, Viet Nam (AP)—The government said today its forces have killed 56 Viet Cong guerrillas in new drives through two southern delta provinces. Government losses were placed at three dead.

LONDON (AP)—Holiday camp millionaire Billy Butlin has offered a million pounds—62.3 million—for the liner Queen Mary when she is retired in five years.

PARIS (AP)—Two subway trains collided today on a line in southwest Paris. Police said about 40 persons were injured, but a spokesman for the line said the number at 10 to 15.

OXFORD, Miss. (AP)—A new incident of minor violence has been reported at the University of Mississippi. Freshman student William Jordan Temple, who once sat with the school's only Negro student, James Meredith, during a meal in the school cafeteria, was hit by flying glass after a soft drink bottle was thrown into his dormitory room Wednesday night. He was not believed seriously hurt.

Winds Bring Cold, Snow To Midwest

(By the Associated Press) Strong northerly winds fanned arctic air and snow from Montana into northern sections of the Midwest today, ending a brief period of spring-like weather.

The huge mass of cold air extended from Montana through the central Plains into the northern Ohio Valley and headed southward. Temperatures dropped sharply as the icy air moved in from Canada and were below zero in Montana, the Dakotas and Minnesota.

Heavy, blowing snow and zero cold created blizzard conditions in parts of Montana and the Dakotas Wednesday. Winds which were clocked at 60 m.p.h. during the height of the storm in northwest Montana diminished during the night. Snow depths ranged from four to six inches in parts of Montana and South Dakota.

Federal Jury Frees Bidwell

NEW YORK (AP)—J. Truman Bidwell, former board chairman of the New York Stock Exchange, was acquitted Wednesday on income-tax evasion charges.

A federal court jury brought in its verdict after 3½ hours' deliberation. Bidwell, 58, told newsmen the verdict "vindicates my faith in the jury system."

Dock Strike Costly For U.S.

NEW YORK (AP)—Because of the East Coast dock strike workers at a West Germany automobile factory will get an enforced two-day vacation next week.

Fifty thousand banana farmers in Ecuador, lacking insurance on their perishable crop, half of which is sold in the United States, are threatened with ruinous losses.

A million tons of U.S. food consigned as aid to foreign nations is dammed up in nearly paralyzed ports from Maine to Texas.

Losses to the domestic economy alone are estimated at beyond \$400 million, and rising \$20 to \$25 million a day.

STATE-OF-STATE ADDRESS: Gov. Romney Offers Blueprint For Action

Two Legislative Sessions Urged

LANSING (AP)—Gov. George Romney, outlining a "blueprint for action," urged today that the State Legislature convene twice this year—once in a short, regular session and then in a special session after Labor Day.

In a prepared "state of the state" message, at a joint session of the House and Senate, the former American Motors president declared: "By getting right down to work and passing essential and possible legislation and adjourning, the Legislature can do much to destroy the image of Michigan state government as a dawdling, do-nothing organism beset with irreconcilable internal divisions and conflicts."

The House voted 57-51 along strict party lines to refuse to seat Leonard Walton, a Detroit Democrat, until the special committee can rule, by Jan. 24, on whether to let him take the oath of office. Walton, elected from Wayne County's 12th District, faces trial in Detroit next month on charges of having violated election laws by permitting distribution of campaign literature urging voters to "re-elect" him.

Use of the words "incumbent" and "re-lect" by persons who have never held the office they seek in a violation of state law. The House selected its leadership, naming Rep. Allison Green, R-Kingston, as the new speaker and re-installing Rep. Wilfred Bassett, R-Jackson, as speaker pro tem.

In the Senate, Sen. Charles Blundy, D-Detroit, won a narrow 6-5 Democratic caucus vote to oust Sen. Raymond Dzsandzel, D-Detroit, as minority floor leader. "Sen. Philip Rahouf, D-Iron Mountain, was picked as assistant floor leader for the Democrats."

In their House caucus, the Democrats returned Rep. Joseph Kowalski, D-Detroit, to the post of minority floor leader and named Rep. Albert Horrigan, D-Flint, as assistant floor leader. "In opening business, the Senate approved a resolution to appoint a six-member committee to conduct a recount of a Nov. 6 election race in the Upper Peninsula."

In the Senate recount, results will be checked in the election of Sen. Charles McManiman, D-Houghton, whose 27-vote victory over Republican Bert Heideman of Hancock is being challenged. "The House will name a committee to conduct a recount in the Menominee District, at the request of Rep. James Constantini, D-Iron Mountain, who was defeated by 55 votes by Republican Clifford Perras of Nadeau."

Perras was sworn in Wednesday as one of 29 new legislators sitting for the first time. "Romney said the Jackson post will be filled permanently on the basis of Civil Service examinations to be administered to eligible persons in February."

Kropp has been in the state corrections service since 1925, serving at the Marquette Branch Prison and as deputy warden in charge of the trusty division at Jackson. "Kropp will serve as a temporary replacement for former warden William H. Bannan until a permanent successor is picked, said Corrections Director Gus Harrison."

Bannan has retired from state service to become superintendent of the Detroit House of Correction. "Harrison said the Jackson post will be filled permanently on the basis of Civil Service examinations to be administered to eligible persons in February."

Highlights Of Address By Governor

LANSING (AP)—Highlights of Gov. Romney's "State of the State" message today to the legislature: FISCAL AFFAIRS "Re-establishing confidence in Michigan's financial integrity is an absolute must. We must get more service for each dollar."

1963-64 BUDGET "It will be a balanced budget. It will be a tight budget."

TAX REVISION "Michigan must have complete tax revision. Taxes must be as low as possible, and distributed as equitably as possible among all citizens."

ECONOMIC EXPANSION "Economic expansion means more jobs. No matter what terms are used, the basic problem here in Michigan is to create more jobs, produce more paychecks, have more people working at better jobs."

"Michigan's tourism business does not accurately reflect our assets and our potential. Our immediate aim must be a billion-dollar-a-year business. Michigan must be promoted not merely as a summer wonderland but as a four-season vacation haven."

UPPER PENINSULA "The Upper Peninsula economy must be strengthened if the area is to make its full contribution to Michigan's total development. I recommend increased support for intensified and expanded research programs to improve processing and use of low-grade ores and to develop forest resources more fully; increased support for a geological mapping program to aid in development of mineral resources; and intensified programs for promotion of the Upper Peninsula as a four-season tourist and recreation center."

SENIOR CITIZENS "Every citizen, regardless of age or economic means, should have access to competent medical attention. Help should be provided for those who need help."

MINIMUM WAGE "I believe our citizens recognize and accept a responsibility to prevent the exploitation of human beings. A part of this responsibility, which we must exercise as elected officials, lies in the establishment of minimum levels of compensation, below which no one should be expected to accept employment."

APPOINTMENT "Action is needed in this session of the legislature to fairly apportion the 19 seats to which Michigan is entitled."

Fire Damages Palace Home Of Princess "LONDON (AP)—Fire broke out at Kensington Palace, the home of Princess Margaret, today and brought part of the roof crashing down near an apartment being prepared for her."

The princess watched fire-eating trapezists at the top of the palace as smoke gushed from upper story windows. "The blaze started in the palace's rafters near the 20-room apartment being prepared for the princess and her husband, Antony Armstrong-Jones. When it broke out, Margaret was in his present quarters at the other end of the palace."

15 Fire Trucks "London Fire Brigade sent 15 fire trucks to the blaze after an alarm was sounded by a palace painter. It took an hour to bring the flames under control."

Damage was mostly confined to a section of roof over the servants quarters in the apartment of Princess Marina, Duchess of Kent. This adjoins the home being readied for Margaret. "Servants fled from the building as flames crackled through the roof."

The fire marshal's office later advanced the "educated guess" that a workman's discarded cigarette fell on the felt-like covering of a cold water pipe that rises to the 85th floor through a utility shaft. "The fire apparently smoldered for hours before developing into choking curtains of smoke."

Brown, Detroit FBI Head, To Speak At NMC Lawmen School

Bernard C. Brown, special agent in charge of the Federal Bureau of Investigation's district office in Detroit, will be the guest speaker at the final session and graduation luncheon for Upper Peninsula civil law enforcement officers completing a training program at Northern Michigan College in February.

Developed by an advisory committee of police officers and state police officials, the course will cover such topics as police authority, duties of the patrolman, trial preparation and procedure and techniques of investigation.

The program is under the auspices of Northern's public services division. Harold S. Fisher, NMC business consultant, will serve as coordinator.

With FBI Since 1940

A native of Illinois, Brown's career with the FBI started in 1940 when he was appointed special agent and subsequently assigned to the Albany and New York City offices. Six years later, Brown was appointed assistant special agent

'Red Meats' Featured At Food Stores

DETROIT — It's red meat time at the nation's food stores this weekend.

One national chain is featuring porterhouse steaks at its lowest price since last July, 85 cents a pound.

Beef Attractions

Other beef attractions include cube, sirloin and rib steaks, round roasts and steaks, short ribs, brisket, stew meat and ground beef.

There is also a broad variety of pork cuts offered at bargain prices. Included are loin roasts, cutlets, chops, and spare ribs.

Lamb Regionally Featured

Lamb is regionally featured, with roasts and legs bargain priced some places. For poultry fans, broiler-fryers continue to be one of the supermarket's best protein buys. Eggs are also lower in many markets.

Markets still feel the effect of the Florida freeze in December, and probably will continue to for some time. However, there are good supplies of cabbage, carrots, celery, lettuce, potatoes, radishes and tomatoes.

Fruit Buys

Among fruits, apples, grapes and pears are the best buy.

California and Texas orchards have helped fill some voids caused by the Florida freeze, but the price and supply effects are still widely felt.

The strike at Atlantic and Gulf docks has slowed banana shipments.

Alaska's 20,320-foot Mount McKinley far overshadows 14,495-foot Mount Whitney, once loftiest in the Union.

Pedestrian Injured In Mishap Here

A pedestrian was injured in one of two traffic mishaps reported this morning by city police.

Injured was Helen Mayrand, 19, of 223 W. Hewitt Ave., who was struck from behind by an automobile operated by Clara M. Christensen, 1028 S. Lake St., at 8:12 yesterday morning.

City police said Mrs. Christensen was driving north on N. Fourth St. when the mishap occurred. Miss Mayrand had just walked out from a driveway on the east side of the street and was walking north on the roadway, to get into a car which was parked on the east side, when she was hit from behind, officers said.

Miss Mayrand was knocked down and suffered minor bruises on her right knee, officers said. She was taken to St. Luke's Hospital by another motorist.

The accident, which occurred near the Fourth St. intersection, was kept open for investigation.

The other collision took place at 3:20 yesterday afternoon and was reported to city police by the driver of the car involved.

Still Under Investigation

Officers said John E. Eggen, 332 E. Ohio St., reported he was driving south on County Road 350 when his car was struck on the right rear fender by a train at the Soo Line Railroad Co. crossing.

He said he didn't see the engine approaching, from the west. The engineer stopped and talked to him, he said, but his name was not obtained.

The car, a 1959 four-door sedan, was driven from the scene under its own power. Officers kept the accident open for investigation.

Opening Of USO Here To Mark Reality Of 3-Year County Dream

A three-year dream will become a reality when Marquette County's first USO Club opens shortly. According to Robley H. Morrison, Marquette, chairman of the executive committee for the club, the new facility will be open on a limited basis during the third or fourth week in January.

The club, located in the Guelff Building on N. Front St. across from the First Presbyterian Church, will consist of four areas: Reception Counter Staffed.

One area will be the reception desk located in a small lounge at the entrance to the club. Another will be a reception counter consisting of a check room and offices for staff personnel.

A third area will consist of a large lounge containing facilities for eating, card playing, table tennis and dancing. The fourth area will have rest room accommodations for both men and women and a powder room for women, a small kitchenette, a snack bar and a storage room.

Morrison stressed the fact that the kitchenette will be available for personnel who may want to bring their own food and do some

light cooking in the club. Furniture Due Soon

The club will be open on a permanent basis as soon as the recently ordered new furniture arrives. Morrison said it should take anywhere from six to eight weeks.

When the club does go into full time operation, the hours will be, Monday, closed all day; Tuesday through Friday, 7 to 10:45 p. m.; Saturday, 10 a. m. to 10:45 p. m. and Sunday, 10 a. m. to 1 p. m. Hours of operation while the club is on a limited basis have not yet been set.

Mrs. Vernon Bleckner of Marquette will be the club director and Carl Nelson of Marquette will be the assistant director.

Morrison said that although efforts to open a USO Club in Marquette County have been made for the past three years, it wasn't until last year that a definite drive was made.

He said that through the combined efforts of K. I. Sawyer Air Force Base officials, the military affairs committee of the Marquette Chamber of Commerce, and the various county governments, the dream is becoming a reality.

21 Died In Highway Crashes In Tri-County Area In 1962

Twenty-one persons died in the tri-county area during 1962 from highway and road accidents.

Marquette County had 13 highway deaths during the past year, Alger County had four and Baraga County also had four.

For Marquette County, the total was a drop from the previous year's total of 18, but that was the second highest figure on record. The worst year was 1941, when 21 died in the county of road mishaps.

In 1960, for example, 12 died of road deaths, seven in 1959 and nine in 1958.

All In 2 Separate Crashes

All of last year's fatalities in Marquette County resulted from separate accidents.

In 1961 there were five persons who died as a result of a single smashup, which occurred on April 8, and two who were killed in a

wreck only two days earlier. The seven deaths for that three-day period is believed to be the worst ever for any similar period in the history of the county.

Eight of last year's fatalities occurred in the period from mid-July to early November.

The four road deaths for Alger County was the same as the 1961 toll, but three under the 1960 highway death figure.

While there were no road fatalities in Marquette or Baraga Counties in December, half of the Alger total occurred in one crash on Dec. 14.

Baraga County's four deaths from highway wrecks represent twice the previous year's figure, and, like Alger's statistics, half of the year's fatalities occurred in one crash, on Nov. 16. The other two, by coincidence, occurred in January.

Changes In Treating Mentally Ill Bring Dramatic Results

(EDITOR'S NOTE — Just 15 years ago, the average mental hospital was hopelessly ill equipped to treat the patients crammed within its walls. Today, more effort than ever before is being directed toward better care with sometimes dramatic results. Here, in the second of five special stories, is a report on the continuing struggle to rehabilitate the mentally ill.)

By ALTON BLAKESLEE

NEW YORK (AP) — At age 64, John C. came home after 23 desolate years in a state mental hospital. He is one of thousands salvaged from back wards of mental hospitals.

Fourteen years ago, he was another inmate in a hospital with 1,850 patients, and only two doctors. To feed, clothe, house and "treat" each of them, the hospital spent \$1.08 a day. In some other hospitals the expenditure was as little as 43 cents a day.

Intensive Treatment

Then an aroused state acted, providing more psychiatrists, nurses and psychiatric aides, things to do, new stimulation, to win the sick back to health. With intensive treatment, John C. recovered.

Today that same hospital spends about \$11 daily per patient and has only half as many patients. There, and in other of the nation's best mental hospitals, 70 to 85 per cent of patients go home within three months to a year after admission. And this same hospital now spends only half as much, for total treatment, for every patient who recovers, due to the shorter stay.

'Until Light Goes On'

The dolorous rub is that only 20 per cent of patients in all the nation's mental hospitals get the benefits of such effective treatment.

This includes drugs and intensive psychotherapy, the psychiatrist's way of listening and talking to and encouraging patients, such as John C., "until finally a light goes on in their minds and they understand what they were doing to themselves," as Dr. William Menninger expresses it.

Community Psychology

Still today in state mental hospitals, only half of all patients are getting anything more than custodial care — bed and board. As a national average, mental hospitals spend only \$5 daily per patient, as against \$34.90 daily in a general hospital for the person ill with a physical complaint.

Another idea is spreading — strike away the locks and bars in mental hospitals.

Coming along rapidly is a new concept of community psychiatry, says Philip E. Ryan, executive director of the National Association for Mental Health.

Other Helping Hands

In this, the emphasis is to get

the patient over the acute stage of illness by hospital treatment, then send him home to finish his recovery, much like the patient with a heart attack or tuberculosis.

Only about one-fifth of the nation's general hospitals as yet have such psychiatric units. Last year, general hospitals cared for about 350,000 of the emotionally ill.

There are other helping hands. Hospitals and communities now operate nearly 1,500 psychiatric outpatient clinics, assisting half a million persons last year.

Treatment For Children

In some communities, emotionally sick children from broken homes are finding foster homes, for affection and normal experiences while being treated at mental health clinics.

Recovery from mental illness is one thing. But people can slip back if they cannot find jobs, are shunned by friends, or return to bad home situations and old problems.

New and well-established community facilities are tackling these problems.

Formerly, about one-third of patients discharged from mental hospitals relapsed and had to go back within a year.

Long Waiting Lists

Pilot programs stressing total rehabilitation through multiple services indicate this recurrence of illness could be reduced to 10 per cent or less, says the National Institute of Mental Health.

But only one fourth of the nation's counties have any mental health clinics at all, and most have long waiting lists. Most hospitals are under-staffed. There are few clinics for children.

Staggering Costs

The battle for mental health costs money. Fifteen states by law now share with cities and communities the costs of expanding mental health facilities. The latest budget of the institute allocates \$4,200,000 for matching grants with states to plan comprehensive mental health plans. Last year, federal, state and local agencies spent \$91 million for community mental health programs.

It marks a beginning toward reducing staggering costs in human suffering.

Army Procurement Fair Set To Open In Jackson

JACKSON (AP)—A U.S. Army Mobility Command procurement fair will open here Thursday, Maj. Gen. Aiden K. Sibley, commander, said. He said small business firms will be invited to bid on a variety of items, including many airplane spare parts. Sibley said many of the items would be within the capabilities of the smallest machine shop.

'Stay-In-School'

The Chamber of Commerce of the United States is asking local chambers throughout the nation to embark on programs to prevent high school dropouts. The Marquette Chamber of Commerce very likely will cooperate in this very worthwhile program, which aims ultimately at a higher level of education, achievement and earnings for American citizens.

As of now, one-third of all high school freshmen quit school before graduation. Unemployment among youths under 21 in the labor force is three times as high as in the adult population — and over half of these unemployed youths are dropouts.

The tragedy of youthful failure and the cost of unemployment compensation and welfare benefits resulting from this waste of human potential should concern every community leader. Our shortage of technicians and skilled manpower contrasts sharply with unemployment figures for youths.

The dropout rate from high schools declined during the last decade, but the actual number of dropouts increased because of the rising proportion of young people of high school age. If the same dropout rate continues throughout the 1960's, 7,500,000 teen-agers will drop out and 2,500,000 of them will not even complete eight years of formal education.

"In some communities where school guidance departments have identified potential dropouts, business and other community leaders have taken a personal interest in individual students," said John E. Harmon, assistant manager of the education department for the national chamber. "Such a 'big brother' program has given schools new meaning and greater value to the individual and to the community."

The chamber's program will involve several other activities intended to help reduce the dropout rate. The national chamber has prepared a "Stay-in-School" poster to carry the message to young people throughout the nation. Working in cooperation with educators, chamber people hope

to increase the publicity given to the value of education and the unemployability of dropouts. The national chamber is urging local units to work with the guidance departments of schools to inform young people about the job opportunities available in their respective communities and the educational requirements for them. "Career Conferences for Teen-Agers," a booklet prepared by the national chamber, suggests ways to carry out this activity. After assessing the dropout situation, some local chamber units will spot announcements on radio or television programs, arrange for appearances by businessmen before youth groups and work out other plans for making the value of education known to the community's teen-agers.

In its campaign against dropouts, the chamber points out that better-educated people earn more money, are better adjusted to the changing demands of the times and have a better understanding of their political freedoms than do those who have not completed their education.

Before making the decision to leave school, young people are advised by chamber leaders to talk over their particular problems with school advisors, parents, religious and civic leaders. What may seem to be a bright job opportunity may end just there. The future cannot mean advancement without adequate preparation for it.

People In Love With The Past

BY HAL BOYLE

NEW YORK (AP) — Everybody is in love with his past, whether it was rich or poor.

Even a child of 10 eagerly asks a parent, "tell me how it was when I was just a baby." As we grow older, many of us spend more time recalling the past than we do planning for the future. But your memories date you just as surely as rings of growth date a tree.

And you've been around some time now if you can remember when —

Husbands were more suspicious of the ice man than they now are of the television repair man.

Big Adventure
You couldn't buy a dictionary, a box of aspirin, or a packet of hairpins at the corner grocery store. Eating in a Chinese restaurant was a big adventure, because you just knew that somewhere behind a secret panel was an opium den.

It was considered normal for a dog to have fleas. The goal of every Iowa farmer was to grow enough corn so that he could retire to Southern California and listen to some really interesting evangelists.

You could get the operator on the telephone merely by lifting the receiver. The ambition of every arriving Irishman was to get on a police force.

Politics
You could tell how new a man's shoes were by how low they squeaked. No candidate had much hope of being elected to the U. S. Senate unless he could hold a crowd of 10,000 spellbound by his oratory for two hours, rain or shine.

A hired hand wouldn't stay on a farm where he couldn't have a huge slab of apple pie for breakfast. Kids earned their spending money by collecting scrap iron, tin foil and bottles and selling them to the junk dealer.

One-Way Street
Hamburger sold for three pounds for a quarter, and it was wrapped in butcher's paper, not plastic. Traffic was no problem and there was no trouble finding a parking place. The only one-way street, as the popular saying went, was the one that led to the cemetery.

Advocates of the straight-edged razor confidently predicted the safety razor was a passing fad.

No one knew where Cuba was — or cared — except a few veterans of the Spanish-American War. Yes, those were the days of innocence. Remember?

From The Journal Files

60 Years Ago

—Marquette—
"There is no danger of further interruption of the municipal lighting and power service." This is the verdict of Superintendent Retallic on his return from an inspection of the lay of the ground at the points where the operations of the loggers have interfered, during the past several days, with the regular flow of water in Dead River. Superintendent Retallic visited the Reichel camp Sunday, as well as the Ferguson camp, about a mile further up the stream, and he obtained full information concerning the condition existing on other parts of the river. He ascertained that the river bed is pretty well filled with logs, but there is no danger of the timber moving before spring.

—Ishpeming—
Capt. and Mrs. W. H. Johnston expect to leave today on a six weeks' trip in the West. They will first go to Chicago, and while Mr. Johnston transacts some business at other points Mrs. Johnston will remain there. Then they will go to Colorado Springs, where Mrs. Johnston will stay until her husband returns from a visit to the mining district in Arizona, which is the chief object of the trip.

—Negaunee—
Charles Johnson of Ishpeming has almost completed a difficult moving contract, the first of its kind that has ever been attempted here. He has been moving the large brick veneer dwelling on Main St., formerly the property of Mrs. Lobb of Munising, to a lot on Lincoln St., near the site of Louis Corbett's former barn, destroyed by a fire a short time ago. The house will be in its destined place in a few days and will have traversed a comparatively long and perilous journey on the rollers and moving outfit. It was first moved slowly for two blocks on the street and then across two vacant lots.

30 Years Ago

—Marquette—
Roscoe "Fatty" Arbuckle returns to the screen after his long absence and it is one of short subjects on today's program at the Delft. Other "shorts" today are a news reel, a travel-laugh, "Dancing Nations," and an animated cartoon, "Bosco's Dizzy Date."

Before the largest crowd to witness a hockey game here this season the Michigan Tech Engineers blanked the Marquette Millionaires on the Palestra ice last night, final count being 4 to 0.

—Ishpeming—
Miners are much interested in the safety campaign, which the companies have fostered for some time past and 1961 records, recently made public, show that Michigan miners led

the nation.

Leo Vingle, sales manager for the Ishpeming branch of the Carpenter Cook Co., announced yesterday that all children who competed in the label saving contest have been awarded their prizes.

—Negaunee—
George Reidenbach, postal department agent, who spent yesterday here interviewing property owners interested in disposing of their proposed post office sites to the government, will remain here today at the Breitung Hotel.

The Friday Music Club will meet this evening.

Mrs. Ina Beamer, kindergarten teacher in the Case St. School, is a patient in the Ishpeming Hospital.

Ernest L. Pearce, Dynamic Marquette Leader, Retires To Behind Scenes At Bank

BY ROBERT L. BIOLO Of The Journal Staff

One of the most dynamic figures in the banking field in the Midwest withdraws today from active management of "his" bank in Marquette to the "behind the scenes" activities of chairman of its board.

Ernest L. Pearce, 77, dean of Upper Peninsula bankers and one of the most influential bankers in the region for decades, is "retiring" to the board chairmanship at his own request, leaving the reins of the executive operations of the Union National Bank to his son, Edward L. Pearce, until now vice president of the Union National.

A phenomenal person who at 75 "graduated" from high school and appeared over a nationwide television show, Mr. Pearce's knowledge of banking has been widely recognized for years and his many activities, accomplishments and affiliations would take columns and columns to recount.

Employed starting in 1900 at the Lake Shore Engine Works (now Lake Shore, Inc.), Pearce in 1915 became a director of the Marquette National Bank, now the Union National.

Helped Organize Bank

He became executive officer of the Union National in February 1928. He had been a vice president of the Union National since 1923 and a director when it was organized in 1921.

Prior to 1928 he had been general manager of Lake Shore.

Until 1935 he held down two positions, executive vice president of the bank and president of Lake Shore. He became president of Union National in 1945.

When he disclosed to the more than 400 shareholders attending the annual bank meeting this week that he was withdrawing from the presidency in favor of the board chairmanship, the audience gave him a standing ovation in tribute to his long career.

It was the 34th time that Pearce had submitted a report in detail concerning the bank's operations to the shareholders.

"A great poet once said, 'today will die tomorrow; time stoops to no man's lure,'" Pearce said. "So, as it does to all men, time has reached its relentless hand to me to signal the moment when I must leave my post — a moment when the responsibilities of the presidency of the Union National Bank pass into new hands."

"As it arrives, however, I can still see clearly, through busy life," Pearce fondly recalls. "I saw the beginnings of the electric light and the telephone, the introduction of the automobile, the motion picture, the radio, the television, electronics, automation and the atomic age."

Honored Many Times
"I have been highly honored in my business, civic, fraternal and religious life. I have traveled extensively and covered much of the world. I am grateful to my Creator for a joyful and healthy 77 years."

the mist in my eyes, all the pleasures and blessings which my association with you and the bank have heaped upon me. Their memory and the affection and trust which prompted them will remain with me always."

Declaring that he has "been a most fortunate and favored individual in an abundant life," Pearce pointed out that he spent half of his career in the machinery business, starting as an apprentice at Lake Shore on Dec. 17, 1900, at 50 cents a day.

In 11 years, however, he became general manager of the plant, and continued in this post until he joined the bank as its executive vice president in 1928.

"I have had an interesting and

Born in Lake Linden, Pearce has kept his fingers on the pulse of the Upper Peninsula throughout his lifetime.

He was a committee chairman in the savings and mortgage division of the American Bankers Association (ABA) for several years, a speaker at several national ABA conventions, president of the Michigan Bankers Association (1935) and has addressed state conventions in Wisconsin, Iowa, Kansas and New Jersey.

Although he actually did not get his high school diploma until two years ago (completing an adult night class course in the Marquette Public School System), Pearce has lectured for many years at the University of Wisconsin School of Banking and addressed the

Ernest L. Pearce, 77, long-time president of the Union National Bank, shown at his desk in the bank, today assumed new duties as chairman of the bank's board, being succeeded in the executive operations of the bank by his son, Edward L. Pearce, who was advanced from vice president to president.—(Mining Journal photo).

Federal Reserve Bank forums in Minneapolis. He has served as chairman of the U. S. Savings Bonds volunteer forces for Marquette County since 1941, and it's been decades since this area hasn't met its bond quota.

Railroad Director
For the record, here are Pearce's other present connections: ● Director of the Lake Superior & Ishpeming Railroad Co., Upper Peninsula Power Co., Lake Shore, Inc. and First National

Bank of Alger County, Munising. ● Chairman, board of trustees, Morgan Heights Sanatorium, which he has served for 28 years. ● President, Marquette Masonic Association; chairman of the Marquette Masonic Executive Committee, and active member of the Supreme Council, Thirty-third Degree, Northern Masonic Jurisdiction, Ancient and Accepted Scottish Rite, Boston.

● Honorary trustee, First Methodist Church; treasurer, Marquette Wesley Foundation. ● Member, advisory committee, Upper Midwest Research and Development Council, Minneapolis. ● Charter member and past president of the Marquette Rotary Club.

'Get Into Politics'
Pearce served as an alderman for four years on the city's light and power committee and as a commissioner for 14 years, in charge of accounts and finances.

"Every young person should be encouraged to enter politics," Pearce once said. "It gives him an opportunity to evaluate his own quality, to cultivate a better and more considerate understanding of his fellow citizens and aids him to appreciate human nature. It is one of the great breeding grounds for an understanding of the citizen's role in the community."

He has been in charge of Community Chest drives here and for more than two decades was treasurer of the Bay Cliff Health Camp. For almost a quarter century he was Marquette County chairman for the American Red Cross.

TV Appearance Recalled
On Feb. 22, 1961, Pearce appeared on the nationally televised panel show, "I've Got a Secret." Before an audience of more than 25,000,000 television viewers, Pearce appeared as a guest, his secret being that he became a high school graduate at 75.

His appearance on TV, the first by a Marquette resident on a nationally televised show, presented from New York, resulted in his receiving literally hundreds of letters and calls from well-wishers and friends throughout the country. Notes even came from outside the country.

The TV appearance and resultant reports in newspapers and on radio stations heaped untold publicity upon Marquette.

To Take Big Trip
Pearce has hit almost all corners of the globe on his extensive travels. He said he has decided to take advantage of the opportunity presented by the bank's board of directors with his new position and planned a two-month trip "down under."

He'll travel to the Fiji and other islands of the Pacific, and then will go on to New Zealand, Australia, Indonesia, Singapore, the Philippines, Formosa, Hong Kong, Japan and Honolulu, before returning home.

When he does return, you can rest assured that, as was the case with his previous travels, he'll have many interesting stories to tell about his journey.

Al Lewis Rates High In 'Car 54'

By CYNTHIA LOWRY AP Television-Radio Writer

NEW YORK (AP) — As television's "Bilko" series ended, its creator, Nat Hiken, started planning another comedy series about policemen, "Car 54, Where Are You?"

Al Lewis, who had been playing a member of Phil Silver's comedy platoon, was interested in changing from olive drab to blue. But Hiken shook his head firmly and said, "No. You're not a cop."

In the fourth "Car 54" episode, Lewis was cast as a superintendent of construction. Fan response was so good that two weeks later he played a garage owner. One week later Hiken changed his mind and wrote in a regular part for Lewis. Thus, Sgt. Leo Schnauzer of the 53rd Precinct was born.

Newcomer

Now, in the second season, Lewis is almost as important to the series as the stars, Joe E. Ross and Fred Gwynne.

Lewis, a tall, mobile-faced man well past the first fine flush of youth, is—surprisingly—almost a newcomer to acting. A native New Yorker, he has been fascinated by the theater for years and studied nights in the Actors' Workshop for nine years. But he has been a professional only since 1956.

He made his stage debut in an off-Broadway revival of "The Iceman Cometh" (playing an ex-cop) but developed his distinctive, appoplectic comedy style during his student years.

Fan Mail

Lewis is fascinated by his fan mail. "Remember, in most of my acting I've been cast as a heavy or as an idiot," he explained. "I don't get as much mail from the kids as Joe E.—they love him. I get my mail from women. And they write to tell me what a charming interesting man I seem to be. My wife watches the show, and she thinks they must be kidding."

Clio Woman Killed In Car-Train Crash

FLINT (AP)—Mrs. Lois Reid, 45, of Clio, was killed Tuesday when the car in which she was riding collided with a 42-car freight train at a Flint crossing.

Power To Block Legislation

By WALTER LIPPMANN

The dispute about the rules committee, which will be the first business before the House of Representatives, will bring a critical vote: Shall there be 15 members of the committee, or only 12? The chairman, Rep. Howard Smith, wants to go back to 12. For he controls six or seven votes, which are enough to control a committee of 12. The Administration wants 15 members, because that will mean that there are eight or nine votes which Rep. Smith does not surely control. The House will have to decide in what measure Rep. Smith shall regain power to check and block legislation of which he disapproves. The crux of the issue is whether the rules committee of the House shall act as a third legislative organ, whether it has the right to use its own judgment on the merits of a proposed bill. This judgment on the merits comes after a bill has already been approved by the appropriate committee of the House and in many cases by the Senate as a whole.

Contradictory Denial And Assertion
When a bill is controversial, when it is not routine or privileged, like money bills, Chairman Smith wants for himself the power and the right to decide whether it may be put to a vote of the whole House.

study of Chairman Smith's statements on the question shows that, on the one hand, he denies that he has the power to block legislation and that on the other hand he asserts proudly the right as a matter of conscience to block legislation.

The denial that he has the power to block is based on the fact that a majority of the House (218 members) can override the rules committee and bring a bill onto the floor with a discharge petition. This means, says Chairman Smith, that the majority can rule and that the legislation which is blocked by the committee does not in fact command a majority. But then, why block it in the committee? If it is bad and has no majority behind it, why not let it be killed by a vote on the floor of the House?

Spared Embarrassment
The candid answer is, I suppose, that there are representatives who would not dare to vote against a controversial measure and are happy to have the committee block the bill and save them embarrassment. This is particularly true, I should imagine, of the marginal members of the Southern Democratic-Republican coalition who come from two-party districts.

Along with this denial that he has the power to block controversial legislation, Chairman Smith declares that, "When I am asked to pledge aid to the passage of any resolution or bill in this House that I am conscientiously opposed to, I would not yield my conscience and my right to vote in this House to any person or any member or under any conditions." Thus, in his view, to let a bill go to a vote is to "aid" the passage of the bill, and if he dislikes the bill, his duty is to do his best to block it. This amounts to saying that the rules committee is not a committee on rules but another branch of the legislature.

Having said all this, I hasten to add that in any legislative body, especially in a very big one like the House of Representatives, there must be some kind of authority to determine the order of business. It has sometimes been said that the function of the rules committee should be that of a traffic director on the legislative highway.

Confusing Metaphor
This is a confusing metaphor. The traffic director does not decide who shall go first and who shall go second on the highway. But in a legislature, someone must do just that. Otherwise, more important bills may be crowded off the road by the less important bills. After all, 15,000 bills and resolutions are introduced in each session and never more than 1,500 of these are passed.

The really substantial issue is where the power to determine the order of business shall be lodged. At this time, if the House does not pack the committee by enlarging it to 15 members, the power to check, and in fact to prevent legislation, will be in the hands of Rep. Smith of Virginia and the five or six others who vote with him. Not absolutely, but virtually, this would give the Southern Democratic-Republican coalition a veto on "controversial" legislation.

If the committee is again packed to make 15, the veto will be divided and the result is likely to be a series of deals and compromises.

What then would be the right solution? In my view, the Administration—any Administration—should have the right of priority in bringing its measures, as approved by the proper committees, to a vote. There is no good reason that I can see why the committee on rules should interpose itself between the Administration and the committees of the House on the one hand and the House itself on the other.

Moderate Degree Of Cooperation
The Administration should, I believe, have the right of priority even when the other party controls the House. This is in no sense a surrender to the executive branch. The Administration measure will still be approved by the committee of the House and by the whole and by the Senate as a whole. The House will not have yielded to the President any right to legislate. It will have conceded to him only the right to have Congress accept or reject his legislative proposals.

This would seem to provide a moderate but necessary degree of orderly cooperation between the two coordinate branches of the government.

(c) 1963, the Washington Post Co.

★ ODD IN AN ODD YEAR

In all this discussion of a tax cut, one fact of the calendar seems generally to have been forgotten. And we're glad. It is rather refreshing to hear the President, Congress and the politicians seriously weighing the pros and cons of a revenue change to take effect in a non-election year. Too often in the past we have had the impression that Congress in particular was concerned more with the political mileage of a tax cut than with its practical effect.—Kansas City Star

★ A PHONE FROM K TO K?

There are conceivable conditions which might pose the threat of war by accident, diplomatic miscalculation or communication failure. The direct line could be useful, perhaps even world saving, in some such circumstances. But again the weak link is the Kremlin's word, which would be no more trustworthy by direct line than through conventional diplomatic channels.—Montgomery Advertiser

The National Whirligig

News Behind The News

BY RAY TUCKER

WASHINGTON — "Wait! It's a mistake for the United States to make a deal to take families and friends of the Bay of Pigs prisoners out of Cuba?" asks F. W. H. of Omaha. "Wouldn't they be more useful there as a nucleus for a force to overthrow Castro from within? Even if their anti-Castro sympathies were known, wouldn't they tie up a thousand Castro agents keeping a watch on them?"

I agree that some might be of more value to the cause of freedom inside Cuba than out, but the evidence is that relatively few of them could participate in an uprising. And while they may require watching by Castro agents, in event of a revolt or an invasion, the agents would simply imprison them or dispose of them otherwise.

Even if Castro is not endangered, these relatives could become hostages for more blackmail if left in Cuba.

Foreign Aid

Mrs. L. K. M. of Savannah asks, "Will the new Congress keep pouring our tax money down the sinks of incompetently governed countries of Africa?"

The new Congress will probably keep foreign aid at about the present level. While a lot of this money, derived from taxes, is wasted or peeled off in graft by amoral officials, most of it builds friendship and strengthens allies.

Western Europe is booming today, sometimes outstripping us in gains, largely because of speeded aid after World War II. And communism has little influence in France and Italy and almost none at all in other Western countries. Furthermore our aid has kept India, Pakistan and most Southeast Asia countries from leaning toward Moscow or Peiping. State

JFK Sees Bobby's Son As Future President

WASHINGTON (AP)—President Kennedy's shrewd political eye has lighted on one of his family as presidential timber or at least a sprig.

The evidence, on Atty. Gen. Robert F. Kennedy's office wall, is a photograph of his son David, 7, sitting beside the pool on the White House south grounds.

The picture bears this inscription: "From David's uncle, the President." "A future president inspects his property," Robert Kennedy said the photograph was taken last year by the First Lady.

Side Glances

Department officials generally believe that, in international roulette, placing a few more billion on the red republics will win over the Reds.

New Labor Legislation?
"Will the strike of the East Coast and Gulf longshoremen, wrecking commerce in half the nation, lead to legislation making good Americans out of these people?" J. K., Saginaw, Mich.

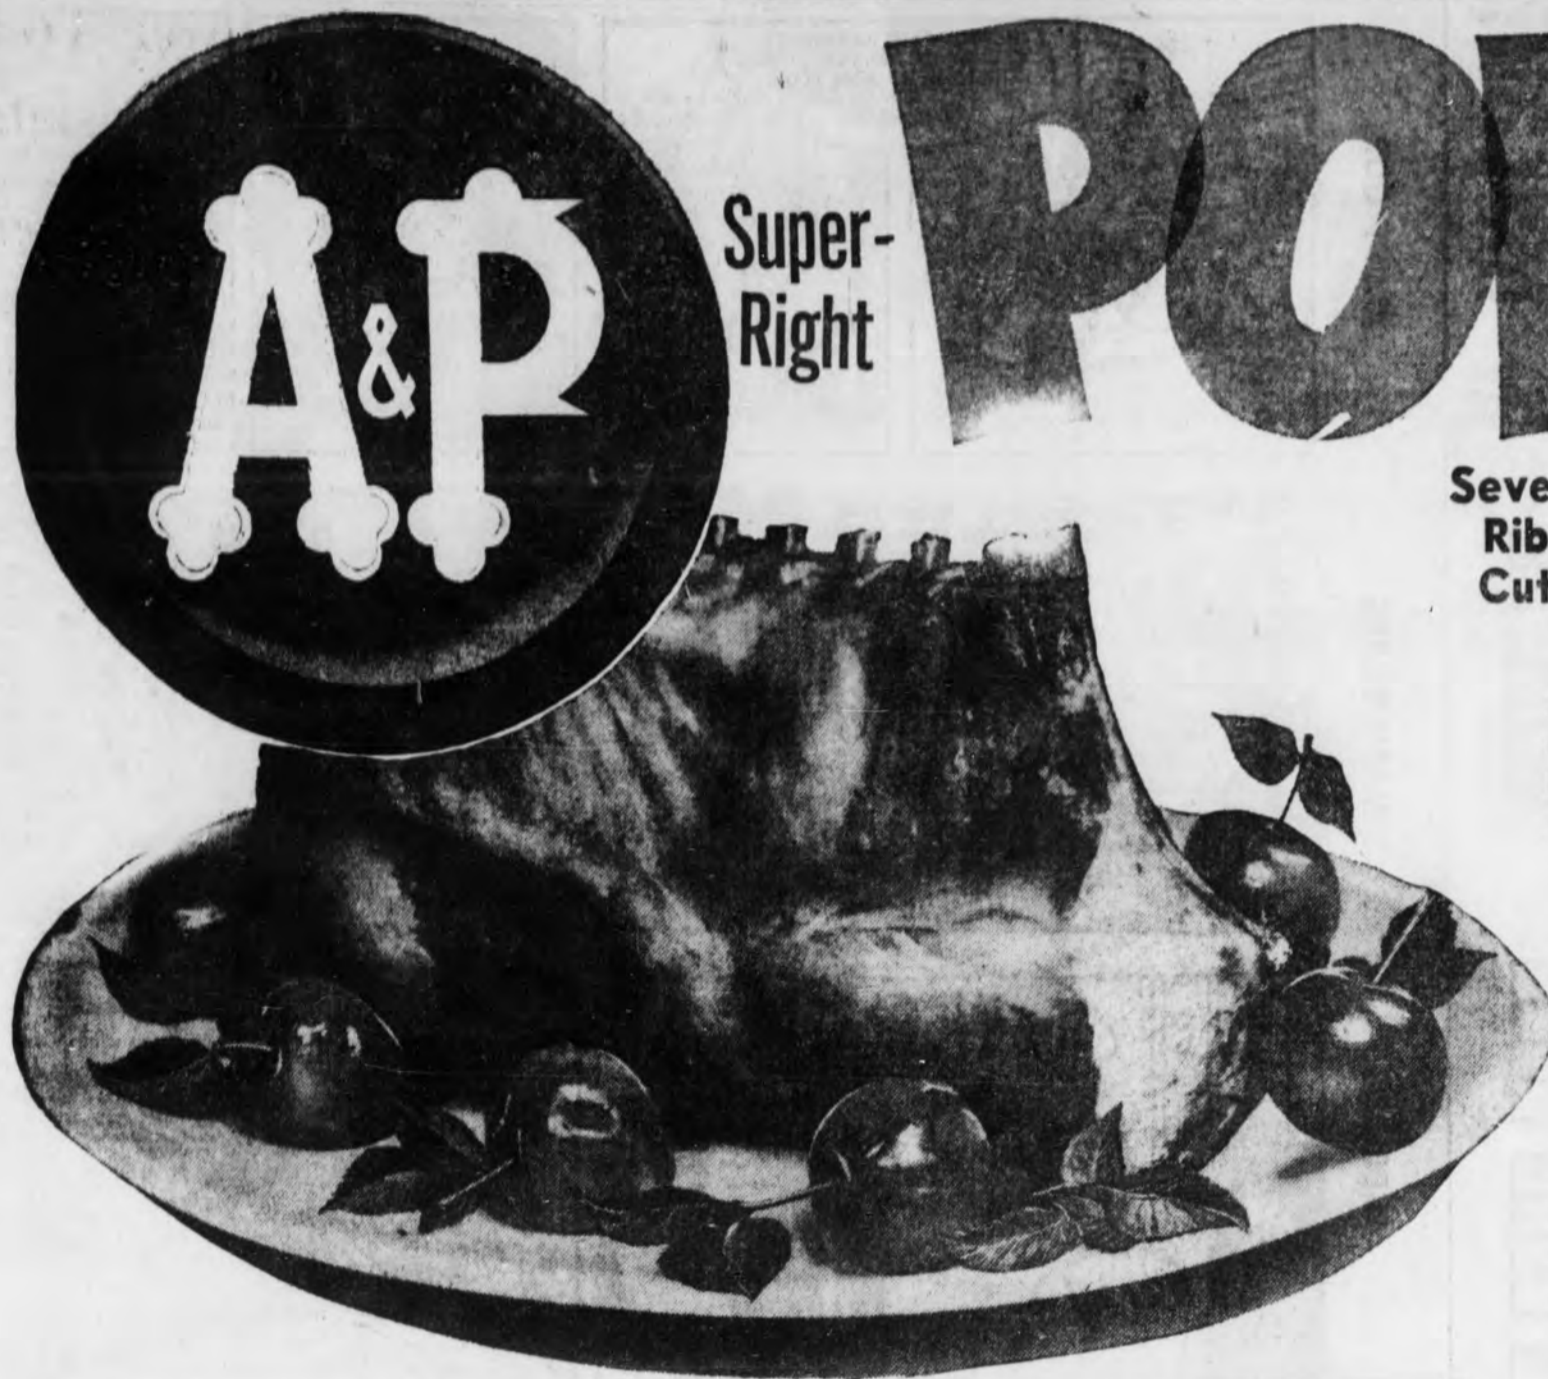

That's a loaded question. The strikers are good Americans even though they may be wrong in bashing the economy when that will aid foreign nations, Red and non-Red.

If you are asking whether the strike will bring changes in labor legislation, the answer is: Not likely.

Many Congressmen are disturbed about current strikes, the Cleveland and New York newspaper tie-ups as well as the longshore walk-out. And many will offer bills taking away power that other Congresses have granted to organized

"I'll be ready in a minute, Blanche! Frank's pretty fussy about having his dinner lined up!"

Dear Abby...

BY ABIGAIL VAN BUREN

DEAR ABBY: About a year ago I met a man. I'll call him Paul. We went together constantly and I learned to care for him deeply. He said the feeling was mutual. Then I found out from a friend that Paul was getting married. In September he married a very respectable

girl. He has called me since his marriage and has begged me to see him again. So far I have refused although my feelings for him have not changed. I want to know two things: (1) Why would a man with a young, attractive and newly acquired wife want to see someone else? (2) What should I do?

"How?"

How actress Mylene Demongeot managed to tie her bow-backed dress is the fascinating question raised by the production, which she wore to a luncheon at Megeve, France, at the opening of the area's winter sports season.

DEAR MIXED UP: (1) Some men are more interested in the chase than in the prize. Once they've caught it, they seek the excitement of the chase again. Your friend is such a man. (2) Tell him the only married man you'd have time for would be your own husband. And hang up!

DEAR ABBY: I have a friend who has travelled a lot and thinks she knows everything. She says that in the Middle East, the traditional bridal dress is RED. I have been unable to find this in any book. Is it true?

DEAR CHECKING UP: Yes. In East Pakistan. And the groom's face is covered with gilt (not guilt) to complete the picture.

DEAR ABBY: Where do I start if I want to check the character and background of a person? A young woman with a child comes to my home uninvited and stays for weeks at a time. She is trying to capture my 13-year-old son. He is a very smart man in some ways, but he's never been married and is stupid when it comes to women. Please, before he marries her, tell me how to get some information on her.

DEAR BOX 443: You could

hire a private detective to check up on her, but it seems to me that a "smart" man of 33 should be smart enough in all matters to take care of himself. The woman is not "uninvited" if she visits you on your son's invitation. Why don't you have a talk with your son and get the facts, ma'am?

DEAR ABBY: I am an interior designer and freelance artist and sometimes I work from 6 p. m. until 4 a. m. My work requires light. My next door neighbor threatens to call the police because she claims my light keeps her awake. What

if her window opened on a street light or neon sign? Is there any law against keeping one's lights on 24 hours if necessary? I don't want to make trouble, but I want your opinion on this.

NIGHT WORKER
DEAR WORKER: It is your privilege to keep your light on all night if you wish. If the light bothers your neighbor, SHE should get herself a heavy shade.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

GHS Juniors Win First In Annual Skits

First place in the annual skit competition which is a feature of the post-holiday schedule of activities at Graveraet High School was won this week by the juniors with "Robin Hood." Shown here,

from left, are David Kallio, Mary Lu Schwarz, Tom Soli, Carol Pierson, Mary Jo Mulligan and Bob Pearson. Judges were four members of Graveraet's faculty. (Photos by Sullivan.)

The sophomores took second place in the skit show with "The Price is Alright." Seated, from left, are Pat McCombie, Pat McGuire, Kathy Ful-

sher and Jim Pearce and behind them, from left, are Dean Bocklund, Jay Olson and Neil Marietta. Standing in foreground is Paul Albright.

"When Knighthood Was in Flower" was the subject of the senior skit, which was adjudged third. Above, from left, are Lynne Beauchamp, Len Posio, Barry Marietta and Paul Challancin. Points

awarded in the judging go toward the total determining which class wins the pep jug at the end of the school year. Originality, humor, good taste and costuming are all considered in the judging.

This Week - Living Expense Records

By INGRID BARTELLI (Consumer Marketing Information Agent, Michigan State University)

"Now, if you select carefully 12 full months of time — the 1963 variety; cut it into 30 or 31 equal parts; add generous sprinkling of faith, courage, patience, love and work; leaven with good spirits; blend together to insure best results; cook with sincerity and garnish with smiles, then I'm sure you'll have the best recipe for helping make '63 a better year than any one preceding it. It's only by "putting in" that we "get it out" so if we expect to "get" happiness out of 1963 then we've got to create an equal amount of happiness out of 1962 then we've should help provide a pattern.

Some of us are very much aware of the fact that you can't "get out" more than you "put in." We've just come to the end of a year "record and budget-wise" as well as calendar-wise. As long as we are human, I expect we'll always want "more and better" than we have. Easy credit, hard sell advertising, plus our human desire to "have and get" has put some of us in the embarrassing situation of having "taken out" more than we've "put in." So where are we at the beginning of this new 1963? In the hole? Lots of unpaid bills? And more coming in?

Sure Money's Gone
Even if we made it through '62,

and kept our "heads above water," insurance, etc.). If you subtract we're pretty much in the dark about where all our money went. We are sure, though, that it's gone. It'll be rough when we have to account for what happened in '62 on our income tax reports.

It might be a pretty good idea to begin this 1963 with a good record keeping system so by 1964 we know where all we "put in" went. Now, you don't have to take a college course in bookkeeping to keep records on your family living expenses. According to Richard Hartwig, extension economist for the Upper Peninsula, there are some real values received from keeping family records. You know the amount of money you spent, where you spent it, the amount left and your financial status. You can develop your own family spending plan and certainly you have the ammunition you need to fill out your income tax forms.

Form Worked Out
The best advice on records, that are most apt to be kept, is to make the record keeping as simple as possible. Hartwig has worked out a simple two-page form (we'll be glad to provide you with a copy) for keeping monthly records on your income and on your "must expenses" such as taxes, mortgage payments, loans, salt and pepper.

Presbyterian Women Plan Youth Study

A special panel discussion on the topic "Youth in a Troubled World" has been arranged for Jan. 29 by the Women's Association of the First Presbyterian Church.

Participating in the talks, to be held at the social rooms of the church at 7:30 p. m., will be Judge of Probate Michael F. DeFani, Chief of Police Donald C. Hermonson and Leslie Ruohomaki, attached to probate court as juvenile probation officer. Kenneth W. Brenner, onetime teacher at John D. Pierce School and now personnel manager and public relations director for the Lake Superior and Ishpeming Railroad Co., will be the moderator.

Mrs. William E. Laycock, chairman of the local "Youth in a Troubled World" study established as one of the "targets" of the U.S.A., announced today that members of the Ishpeming First Presbyterian women's organization and local clergymen have been invited to the meeting.

Problems of all youth of today will be gone into by the panel. Mrs. Laycock said, and there will be particular emphasis on the causes of juvenile delinquency and ways to combat it.

A question-and-answer period will follow the general discussion, she announced.

Leola M. Beatty And Frederick J. Gaiser Married In Cleveland

Announcement has been made here of the holiday wedding ceremony in St. Paul's Lutheran Church in Cleveland, O., of Leola Marie Beatty and Frederick John Gaiser.

The Rev. George E. Gaiser, father of the groom, officiated at the 2:30 p. m. candlelight service. The bride was given in marriage by her father.

Mr. and Mrs. Clarence Beatty of Martinez, Calif., are the bride's parents and Mr. and Mrs. Charles Hampel of Marquette are her grandparents. The groom's parents, the Rev. and Mrs. Gaiser, are from Cleveland.

Three Attendants

Mrs. Gary S. Chappell of Columbus, O., was maid of honor and bridesmaids were Miss Bonnie Hartwig of Buffalo, N. Y., and Miss Judy Gaiser of Cleveland, cousin of the groom. All wore identical gowns with bell-shaped skirts made of beauty red brocade and matching bandeaux with veils. Each carried a cascade of beauty red roses.

George W. Gaiser was best man for his brother and ushers were Richard Kraiger and Del E. Beatty, brother of the bride.

Peau-taffeta fashioned the bride's gown, designed with a notched portrait neckline, pointed basque bodice and bracelet-length sleeves. Bodice and skirt were accented with garlands of Alencon lace and the skirt featured a chapel train. A jeweled headpiece and bouffant veil completed the bride's ensemble and she carried a white cascade of stephanotis, roses and an orchid.

Reception At Church

Following the ceremony, a reception was held in the church parlors.

The new Mrs. Gaiser is a senior in nursing at Capital University in Columbus, O., and the groom is a senior at the Lutheran Theological Seminary in Columbus.

Following the wedding trip to Niagara Falls, the couple established their home in Bexley, O.

Lines from Lou's by ... Maggie

The hectic days are over, or just about. The last minute rush before Christmas, then the wonderful sale right after (plenty of buys in dresses, coats, sportswear and what have you still available — and the prices are low, low, low).

The inventory taking is over, a long tedious job of compiling figures for the accountant, so that in turn he can compile them for the government. Even that is just about done.

Remember, "No rest for the wicked". With all this out of the way, I have just barely enough time to throw some things into a suitcase, put some polish on my nails, and drive down to Milwaukee, hop on a jet, and be all ready, bright and early Monday morning, to work in the New York market. Yes, Ken and I are going to the city for our Spring buying. The hectic days begin — and nights too. Days we work, and evenings will be spent with friends and relatives. And of those we have many in the city. Hoping to take in a play if we can find the time. That reminds me: last year we saw "How to Succeed in Business Without Really Trying." The play was terrific, but not true. We find ourselves working harder than ever! Could be we need to see the play again? Anyway, we'll send you a bulletin or two about all the lovely finery we see, and buy for you.

Meanwhile, we have received some very pretty dresses for Spring, just in case this thaw in the weather has put you into that Spring mood. Drop in and look when you are next downtown, at LOU'S in the center of Marquette.—Adv.

Pins For Board Scout Council Meeting Feature

Mrs. Eugene Cole, president of the Timberlane Girl Scout Council, pins a Scout membership lapel pin on Robert E. Moore, longtime finance chairman of the council who resigned recently. Looking on is Mrs. Vernon Calkins, also of Marquette, who is chairman of the council nominating committee and also a board member. The pins were awarded to board members at the Timberlane Council's semi-

annual meeting Tuesday evening in Negaunee's Central School. At the session, an amendment changing the date of one of the twice yearly meetings from December to the first Wednesday in November was approved. The December meeting has often had to be canceled because of stormy weather. The other semi-annual meeting will continue to be in May. (Mining Journal photo).

State PTA Workshop In City Jan. 28

The Michigan Congress of Parents and Teachers has scheduled four legislative workshops for late January, one of them in Marquette. The state board hopes to encourage Michigan's 400,000 PTA members to take a serious look at legislative issues as the 1963 Michigan legislature begins action, it was announced.

The workshops are set for Western Michigan University at Kalamazoo on Jan. 21; Highland Park High School in Highland Park on Jan. 23; Northern Michigan College in Marquette on Jan. 28, and Delta College at Midland on Jan. 29. Each will begin at 3:30 p. m. and end at 9 p. m.

The Michigan PTA has announced intentions to support a sound fiscal program that will include additional funds to schools to: 1) meet the financial needs of the present program; 2) make it possible to keep children in school until their 18th birthday or graduation; 3) will properly finance programs that already have been committed but which cannot be financed under present funds; 4) will allow for curriculum adjustment and improvement; and 5) will tax citizens on their ability to pay and give relief on real and personal property (this means changing the present formula somewhat.)

The State PTA board has also announced intentions to support the proposed Michigan Constitution, will push for a sound school re-organization bill that will make possible more effective use of money appropriated by the state and will work for adequate financing of intermediate school districts.

Odd Fellows Hall. Officers are requested to be there at 7 for a short practice. Installation of officers is scheduled for this meeting. Following the business session, there will be a social hour and refreshments. All Royal Neighbors in the area are welcome to attend.

Northern Queen Rebekah Lodge will meet Friday evening at 8 in Odd Fellows Hall. Installation of officers is scheduled for this meeting. Refreshments and a social hour will follow.

The official board of Grace Methodist Church will meet Monday evening at 7:30 at the church.

Births

\$24,667 Bid For New Fire Truck Accepted By Council

ISHPEMING — With \$25,000 budgeted for the purpose, the Ishpeming City Council last night authorized purchase of an American LaFrance fire truck at a cost of \$24,667, the low bid entered. The last truck purchased by the

city in 1951 was custom built. "However," Thomas McNabb, city manager, said, "I cannot justify the additional expenditure of \$5,000 for a custom built fire truck this year because these additional funds were not available in the capital outlay budget." The custom built truck would cost approximately \$30,000.

After studying all bids, looking over various new fire trucks in use in the Upper Peninsula and discussing the subject with professional firemen, William Alderton, fire chief, and McNabb recommended purchase of the American LaFrance unit because it meets specifications of the Ishpeming Fire Department.

March Of Dimes 'Kickoff' Dinner At 7:30 Tonight

BARAGA — The annual March of Dimes "kickoff" dinner for Baraga County will be held at 7:30 tonight at the Midway Restaurant. Sheriff Harold Heikkinen, county campaign director, urges all persons connected with the drive to attend the gathering. Details of the campaign, as well as the annual Mother's March, will be completed at this time. Materials for the drive will be distributed.

Area captains include Robert Riopelle, L'Anse; Robert Price, Baraga; Ralph Jokipii, Pelkie; Mrs. Eino Lehto, Aura; Marvin Lindahl, Skanee; Gerald Nopola, Covington; Verna Goodell, Watton; Mrs. Charles Dantes, Herman, and Henry Salvatore, Spurr Township.

Romney

(Continued from Page 1)

"As Governor, I will appoint a citizens committee of the most competent individuals available to make a complete and thorough study of our educational facilities and programs from kindergarten to graduate levels." Acknowledging a critical need for improvement in Michigan's mental health programs and facilities, the Governor recommended thorough scrutiny of present facilities to insure that they are being used to the best advantage. He also urged the establishment of community-based mental health facilities in areas with the most critical needs, and an emphasis on research and training in the mental health field.

Throughout his speech Romney repeatedly urged adoption of the new Constitution. Romney served as a delegate and vice president of the Constitutional Convention which formulated the document. He asserted that adoption of the new Constitution would give Michigan what he described as the strongest civil rights guarantee of any state, "and I am confident that the legislature would give full support, moral and financial, to such a Civil Rights Commission."

Romney said that meanwhile, this session of the Legislature should: —discrimination which would make it clear that no licensee of the state would be permitted to initiate or encourage housing discrimination. "I am convinced that the principle of open housing is sound and accepted by the vast majority of the people," he said. —prohibit discrimination within labor organizations and in apprenticeship programs. —increase the appropriation for the Fair Employment Practices Commission for its educational program and additional staff.

Romney also repeated his campaign pledge to support adoption of a minimum wage law, although he did not specify the figure, and enactment of legislation to provide effectively for the safety of construction workers. **Youth Conservation Camps** Romney said he also would like to see the establishment of youth conservation camps but was not recommending them at this time because of the state's limited financial resources.

He said he would recommend early in the session the enactment of enabling legislation to qualify Michigan for Federal funds available for aid to dependent children of unemployed parents.

Romney's predecessor, former Gov. John Swainson, made several unsuccessful attempts to get the Legislature to act in this field. On the subject of elections, Romney proposed legislation to provide for frequent examination of registration records and removal from the voting rolls of the names of persons who have not voted for more than two years.

Prompt Realization In urging acceptance of his recommendations, Romney said that "prompt realization is the most important action we can jointly take in restoring confidence in our state and its government."

"Favorable action on the legislation I have recommended," he said, "will make this the most productive legislative session in recent history."

Youth Council Asks Check Of Fund Use

ISHPEMING — In its first meeting of the new year, the Ishpeming Youth Council last night named The Mining Journal as the official advertising organ for the City of Ishpeming for 1963 and the Peninsula and Miners' First National Bank as the official depositories. Representatives from the Ishpeming Youth Center Council asked councilmen to check records concerning a payment of \$22,500 to the city for the triangular plot of ground north of the city. They said they had heard the money was to have been earmarked for building of a youth center.

The subject of the building of a youth center, which first arose in 1958, had been discussed at several meetings. At one, a former councilman, Frank Valente, had made a motion that the money be allocated for a youth center to be located behind Gately's store on Pearl St., presently a parking lot.

City Manager Thomas McNabb, when asked by the youth representatives where the money had gone or what decision was made at that time, said the records will be checked again, but as far as he could see, the audit report did not show this money was set aside for this specific purpose. He will report at the Youth Center meeting Jan. 28.

Defendant In Delinquency Case Jailed

ISHPEMING — Charged with contributing to delinquency of minor children, Amelia Beauty, 116 N. Third St., Ishpeming, was committed to the county jail for 60 days. She was arrested by Ishpeming police Jan. 5. The specific complaint named the children of Mrs. Beauty and other minors.

The children have been placed under the jurisdiction of the Juvenile division of Marquette County Probate Court.

Obituary

DONALD KYTRA NEGAUNEE — Services for Donald Kytra, who died at 1:30 Tuesday night in Bell Memorial Hospital, will be held at 1:30 Friday afternoon in the Perala Funeral Home. The Rev. William Sarvela will officiate and burial will take place in Negaunee Cemetery. Pallbearers will be John Pietila, Paul Ketola, Gerald Ketola, Kenneth Kallioinen, Peier Ruokola and Donald Ranta.

Friends may call at the funeral home after 6 tonight.

Irving Moss (center), corporation chairman for the Greater Ishpeming and Surrounding Townships United Fund, receives contributions to UF from Stanley Sundeen (left), manager of research and ore development, Cleveland-Cliffs Iron Co. and R. D. Satterley, general manager of Inland Steel Co. The UF drive is nearing completion. (Mining Journal photo).

Maplewood OES Chapter To Hold Dinner Meeting

L'ANSE — Maplewood Chapter, Order of Eastern Star, L'Anse, will hold its annual winter dinner meeting at 6:30 Saturday evening, Jan. 19, at the Ertmer for members, Masons and their families. There will also be planned recreation.

Those planning to attend are asked to make reservations with Mrs. John Snyder by Jan. 12. There will be a special meeting of officers of Maplewood Chapter for initiatory work at 8 Monday night, Jan. 14.

Dilapidated Houses Eyed By Council

ISHPEMING — Once again, the question of what can be done about so many run-down and dilapidated houses in the city was heard at a meeting of the Ishpeming City Council last night. Councilman Theodore Mattson said that many Ishpeming residents have voiced their concern over these "eye sores" and wondered why something wasn't done about them.

Ishpeming's fire fire, William Alderton, pointed out a city ordinance permits the city to act but it means a long drawn-out and sometimes expensive procedure. Reluctant in pressuring any person or group, the fire chief stated that home owners hesitate to sign petitions to rid their neighborhoods of these old buildings. Buildings may be condemned by the fire inspector and the health department, but in many such instances, buildings have been boarded up, the heat turned off, and the plumbing disconnected. Thus, they do not create an actual fire hazard or health problem.

Only by consent of the people owning the buildings, can they be torn down or destroyed. In a discussion by the council, it was decided that a list of such buildings would be obtained, then a decision on what could be done reached at a later date.

Tri-County Briefs

Negaunee A meeting of the Richmond Township Auxiliary will be held at 7:30 tonight in the Community Club.

Sponsored by Little League baseball teams, a dance for junior high school students will be held from 7 to 9:30 Friday night at the Negaunee Youth Center. All admission proceeds will be used to help finance league activities during 1963. On Saturday night, from 8 to 11:30, the regular dance for high school students will be held.

Ishpeming The Miriam Circle of the Neighborhood's Officers Unopposed

ISHPEMING — The Ishpeming Township primary election set for Feb. 18 has been cancelled because of lack of opposition. Present officers are Ken Wallman, supervisor; Leonard Olgren, clerk; Richard Harvala, treasurer; Ray Pajula, member board of review, and Charles Poirier, trustee.

Woman Ticketed After Three-Car Intersection Crash A three-car collision yesterday resulted in a summons being issued to Mrs. Olene I. Prodell, Champion, for failure to yield the right-of-way. Police stated that Mrs. Prodell's vehicle stopped at an intersection, then proceeded into the path of a car driven by Charles E. Poirier.

Two Waive Hearing In Robbery Case

L'ANSE — James C. Lein and Marvin E. Oja, both 23 of Pelkie, charged with breaking and entering in the nighttime, have been bound over to the January term of Baraga County Circuit Court.

The two waived preliminary examination when arraigned before L'Anse Justice Leo D. Harrington. Both are being held in the county jail here because they were unable to furnish \$500 cash or \$1,000 property bonds. The January term of circuit court will convene at 10 next Monday morning. Lein and Oja were arrested by state police Monday after Clarence Seppanen, owner of the Pelkie Mobil gasoline station, reported the establishment was broken into and robbed sometime late Sunday night.

Credit Union Meeting Set For Jan. 19

ISHPEMING — The Ishpeming Co-Op Federal Credit Union will hold its annual meeting at 7 p.m. Saturday, Jan. 19, in National Guard Armory. The business meeting will be followed by a smorgasbord and dancing. An election of officers will be held, with three vacancies on the board of directors to be filled. Elmer Aho, Elmer St. Onga and Elry Backman are the directors whose terms expire.

A position on the credit committee, held by Ina Carlson, is open.

There are 592 members in the Ishpeming Co-Op Federal Credit Union.

CCI Gives \$6,000 To 3 UF Groups

ISHPEMING — Contributions from the Cleveland-Cliffs Foundation to three United Fund organizations in Marquette County were announced today by H. C. Swanson, manager of Michigan mines. A total of \$6,000 has been given to help Ishpeming, Negaunee and Republic meet their 1962-63 goals. The Greater Ishpeming and Surrounding Townships United Fund received \$3,700, the Mid-County United Fund \$1,800 and the Republic Community Services and Youth Organizations \$500.

Swanson explained that the size of the contribution to each organization is determined by the location of company operations, the number of company employees residing in the areas served by these organizations, and the goals set for each drive.

Sturm To Head Retail Division

ISHPEMING — Robert Sturm, manager of the Ishpeming Co-Op Store, has been named chairman of the Retail Division of the Ishpeming Chamber of Commerce, replacing Wesley Morton, who served for the past year. Sturm, who resides at 323 Vine St., is married and the father of three children. Active in civic affairs, he is

serving as first vice commander of the Ishpeming American Legion Post, is a member of the Knights of Columbus, a member of St. John's Church and is in the "Speakeasy" Toastmasters Club of K. I. Sawyer Air Force Base. His appointment becomes effective immediately, resulting from a Retail Division meeting yesterday.

Three Fined In Drinking Party Case In Ishpeming

ISHPEMING — A New Year's Eve drinking party in an Ishpeming dwelling, at which a minor female child became violently ill, was made known today following a thorough investigation by city police.

Three K. I. Sawyer Air Force Base men appeared in Ishpeming Municipal Court and pleaded guilty to the charge of contributing to the delinquency of a minor child.

Three K. I. Sawyer Air Force Base men appeared in Ishpeming Municipal Court and pleaded guilty to the charge of contributing to the delinquency of a minor child.

A complaint had been filed by Conservation Officer Earl Anderson Nov. 8 accusing Pearce of having in his possession a shotgun and slug load in a deer area five days preceding the opening of the season.

City Snow Removal Costs Show \$4,000 Drop In 1962

NEGAUNEE — Despite the fact that approximately 20 inches less snow have fallen this winter, municipal snow removal costs for 1962 were only \$4,000 less than the preceding year, City Manager Leonard Harris revealed Wednesday.

According to records kept by Arthur Anderson, superintendent of public works — who averages out readings taken at various places in the city — 40 inches of snow have fallen this winter, 20 less than the 60 received on the corresponding date a year ago.

Most Of Snow Gone

Anderson pointed out yesterday that it appears the snowfall has been considerably less than the actual figure this winter because so much of it disappeared as a result of weather conditions prior to deer season and the early-December warm trend.

Harris revealed that during the 1961 calendar year municipal snow removal costs, including a capital outlay expenditure of \$2,850, were \$30,728. Total costs for the 1962 calendar year were \$26,186. Labor savings amounted

Street Banners Sought For Auto Club Show In May

ISHPEMING — Byron Grenfell, president of the Peninsula Piston Auto Club, appeared before the Ishpeming City Council last night to request permission to erect banners throughout the city of Ishpeming.

The auto club will stage a custom auto show May 14 and 15 in the Ishpeming National Guard Armory. The welcoming banners will advertise the car show, first in the Upper Peninsula.

The council referred the request to the city manager and police chief for investigation and report.

Evan Vercellino Named Director Of Gwinn Bank

GWINN — At a meeting of the board of directors of the Gwinn State Savings Bank, Evan Vercellino was appointed as a director to fill the vacancy caused by the death of H. E. Metzner.

Vercellino, a lifelong resident of the area, was in the tractor sales and service business until several years ago.

Alger County Officers Sworn In By Judge

Circuit Judge George S. Baldwin (left) swears in newly elected Alger County officers. Carr, county clerk; George Thayer, sheriff, and Milton Bowerman, coroner. Richard Halifax, coroner, is not pictured. — (Halifax photo).

Death Takes 72-Year-Old Chatham Man

CHATHAM — Solomon Luoma, 72, died Wednesday at 1:14 a.m. in Munising Memorial Hospital. He had been ill for two days.

He was born May 14, 1890, in Finland, and was a retired farmer. Surviving are three daughters, Mrs. Charles Maki of Chatham, Mrs. Melvin Sequin of Dearborn and Mrs. George Matson of Detroit; three sons, Carl of Negaunee, Reino of Marquette and Toivo of Chatham; two brothers, Filemon of Chatham and a twin brother, Alex, in Finland; a sister in Finland, and 18 grandchildren.

The body was taken to the Bowerman-Halifax Funeral Home, where friends may begin calling this afternoon. Services will be

No Primary In Richmond

PALMER — No primary election is scheduled for Feb. 18 in Richmond Township because of lack of contests for township offices, Levi Etelamaki, township clerk, announced today.

Incumbents seeking reelection include Edwin F. Larson, supervisor; Robert P. LaMere, treasurer, and Roland Swanson, trustee. Petitions have been filed for trustee by William R. Pietila, a newcomer to township government, as a replacement for Robert R. Hewitt, who decided not to seek reelection.

There were no petitions filed for the vacancy existing on the board of review.

North Carolina has 1,450 miles of navigable waterways.

Captains For Munising Mother's March

Council Gets Reports For '62 Tonight

NEGAUNEE — Year-end reports will occupy the major share of the agenda for the Negaunee City Council when the municipal governing body holds a regular meeting at 7:30 tonight in the city hall council chambers.

What should be a short session for councilmen results from the fact that several items of business that normally would come up at the monthly meeting were part of the agenda at the organization session held last week. Despite the fact the council was scheduled to meet early in the month, it was necessary to hold the special organization session to conform with city charter provisions.

City Manager Leonard Harris will present the governing body with the fourth quarterly budget summary revenue report, which will reveal the condition of the municipal exchequer at the end of the fiscal and calendar year on Dec. 31.

Other items listed on the agenda include the December water and electric utility reports, the

monthly statement of cash receipts, disbursements and balances for December, a communication from the State Highway Department, and monthly departmental reports.

Twelve Pay \$212 Fines In Gwinn

GWINN — Twelve persons paid a total of \$212.20 in fines and costs when arraigned before Justices Arthur Burkman and Clifford Powers at the Gwinn Town Hall.

Wayne Langbecker and Larry Brown, both of Sawyer AFB, paid

\$54.30 each for reckless driving. They were apprehended by Gwinn police.

Others ticketed by Gwinn police were Ernst Steffen, Gwinn, and Ivan Soyrling, Gwinn, who paid a total of \$27.40. Both were charged with exceeding the speed limit. Phillip Harvey, Sawyer AFB, paid \$14.30 for being a disorderly person.

Apprehended by state police were Joseph Pedigo, Sawyer AFB, who paid \$8.70 for speeding; Penny Blaszczyk, Gwinn, \$13.70 for failure to stop within a clear distance, causing an accident; Timothy Beckel, Sawyer AFB, \$6.70 for use of improper lane; Alfred Gagne, Powers, \$13.70 for violation of the basic speed law; John Cundiff, Sawyer AFB, costs of \$3.70 for having no operator's li-

Norge Asks Ishpeming Riders; New 'Suicide' Judges Stand Rises

ISHPEMING—Invitations were received by the Ishpeming Ski Club this week from the Norge Ski Club in Chicago for their annual ski jumping tournament. Selections will be made next week at the club's regular meeting which is held at 7:30 on Tuesday night. Selections could not be made, said club officials, until after the ski meet in Minneapolis this Sunday in which six jumpers from Ishpeming have been entered.

Operating on a small budget the Ishpeming club, blessed with a good supply of qualified jumpers, has a difficult time each week trying to decide who to send on the many ski meets throughout the country.

Work on Suicide Hill is progressing said Jack Bietila, president of the club. Skiers have been working daily on the landing of the huge hill packing and smoothing the rough spots.

The City of Ishpeming has dumped several loads of snow on the hill as the skiers prepare the slide for use.

A new judging stand will be seen this year on the left side of the landing opposite the huge wooden structure used over the years. The new judging stand, made out of steel was erected on concrete footings and will be used for the first time at the Olympic tryouts in March.

NCAA Schools Boycott AAU Meets, Groups

LOS ANGELES (AP) — Delegates to the National Collegiate Athletic Association convention headed home today after adopting an unexpectedly tough four-point policy that shows they intend to keep fighting the Amateur Athletic Union.

The delegates also reaffirmed their support of three new sports federations which have invaded fields governed by the AAU. The immediate effect of the strong stand—which was particularly unexpected in the wake of apparent progress toward arbitration of the dispute under Gen. Douglas MacArthur—will be on the AAU sanctioned major indoor track and field meets in the East which begin at Boston Saturday night.

The delegates also reaffirmed their support of three new sports federations which have invaded fields governed by the AAU. The immediate effect of the strong stand—which was particularly unexpected in the wake of apparent progress toward arbitration of the dispute under Gen. Douglas MacArthur—will be on the AAU sanctioned major indoor track and field meets in the East which begin at Boston Saturday night.

PAUL BROWN

Browns Now Brown-less; Paul Fired

CLEVELAND, Ohio (AP)—Paul Brown, the football master who led the professional Cleveland Browns for 17 years after gaining coaching glory at the high school and college level of the game, has been fired.

The end of a gridiron era in Cleveland came late Wednesday when an announcement from Arthur B. Modell, club president, said that Paul Brown, head coach and general manager of the Cleveland Browns, will no longer serve the team in those capacities. Brown will remain as a vice president. He will finish out the balance of his six-year contract at the same compensation and will continue to be a stockholder.

Brown, 54, signed an eight-year contract two years ago. He was unavailable to callers Wednesday. And there was some doubt he would remain with the National Football League club he founded in 1946.

Tech Stops Northland Rally, Posts 6th Victory In 7 Tilts; Central Downs Eastern Five

(By the Associated Press) Northland College of Ashland, Wis., was the only small college basketball team to venture into Michigan Wednesday night, and the welcome the visitors got sent them scurrying.

Michigan Tech. playing host at Houghton, slapped down the Wisconsin's late game rally, beating them 83-75 in a non-conference game.

Five other small college games—three in the Michigan Intercollegiate Athletic Association—were on Wednesday night's card.

Central Over Eastern was a MIAA clash. Alma defeated Kalamazoo 69-61. Adrian defeated Olivet 79-60 and Calvin bowed to Albion 67-59. In non-conference contests, Central Michigan took the measure of Eastern Michigan 82-65 and Detroit Tech rolled over Cleary 85-64.

Low 600's Dot Pin List In Wake Of Perfect Game

The area alleys are apparently eyed by Richard Stetson's Tuesday night 800 (the first in the eight-year history of the Miracle Bowl in Ishpeming). At least, no scores reported in since have approached Stetson's tally.

Stetson ended up with a 664, chased by Eldon Isaacson at 627, Bruce Kostamo at 626, Jim Willey, 622, and George Laitinen at 610, in the Ishpeming Major League. Velin, paced by Stetson, totalled a 2,783 match, with a 968 game. Dean Wicox had a 602 (185-195-222) to top Munising Major League.

High games were bowled by Stowe LaFave 244, Harold Methot 234, Bill Douglas 233, Pee Wee LaFave 232, Joe Burke Joe Mahne and Mike Milchuck each bowled a 222 game.

'Butch' Malvasio rolled a 601 (179-246-176) in the Marquette Shoreland Classic league. Andy Lempius rolled a 231, Glen Johnson, 213-201; Bill Bernard, 214-210, and Mel Hirvonen, 205-201.

Cliffons topped teams with a 2,768 (838-878-906).

Ray Desjardins bowled a 601 (184-218-193) in the Marquette Olympic Major League, while Dick Brunette posted a 225. Eriksson's Radio totalled 2,688 (893-853-842). Town & Country won the first round title by a single point. They took only one point from Olson Motors this past week.

Bob Pascoe, Jr., bowling in the Ishpeming Industrial league posted a high game of 236 but close to him was Milt Collick with a 234 game.

High individual match for the evening went to Howard Harsla with a 600 on games of 195-186 and 219.

Red Owl registered a 2,641 with an 850-868 and 923 for high team match and Hi-way Standard Service took the high team game with a 937.

Celtics Lose Without Bill; LA Cops 7th

(By the Associated Press) When Bill Russell is not in the lineup, the Boston Celtics are in trouble.

This was proved again Wednesday night when Russell was sidelined with a sore back and the Chicago Zephyrs won 131-123. It was Chicago's first National Basketball Association victory over Boston this season.

In other games, Jerry West's 40 points sparked the Los Angeles Lakers to their seventh straight victory, 123-113 over Detroit. Cincinnati swept from behind a 14-point deficit on the shooting of Jack Twyman and Oscar Robertson to defeat Syracuse 116-112 and St. Louis turned back the New York Knicks 110-95.

Havlicek Paces Celtics
While Boston didn't have Russell, the Zephyrs had Charley Hardnett and the latter turned in his finest NBA performance with a 33-point effort. Hardnett clinched the game with five straight points after the Celtics pulled to within 119-117. Rookie John Havlicek paced the losers with 20 points.

Hot-shooting by Jerry West and two baskets and a free throw by Dick Barnett were the keys to Los Angeles' success. West scored on 17 out of 26 attempts from the field and finished with 40 points. Barnett's contribution in the final three minutes was a Detroit rally and saved the victory.

Pistons Cut Lead
West made five baskets in each of the first three quarters as the Lakers built up a 99-81 lead. Then, sparked by substitute guard Willie Jones, the Pistons came storming back and reduced the Lakers' lead to only four points with four minutes remaining.

Barnett's key baskets put the Lakers in safe command again. Elgin Baylor, West's All-Star running mate, totaled 25 points while Barnett finished with 20. Ray Scott topped Detroit with 29 points, followed by Jones' 20.

Hawks Regain NHL Lead, Downing Leafs

(By the Associated Press) They put the million-dollar tag on the Chicago Black Hawks' ice of Bobby Hull, Red Hay and Murray Balfour.

But the Hawks' trio which has really been playing like a million bucks is the one centered by Stan Mikita with Ab McDonald and Kenney Wharram on the wings.

Wharram and McDonald scored and Mikita assisted each Wednesday night as the Hawks regained sole possession of first place in the National Hockey League with a 3-1 victory over the Toronto Maple Leafs. No other games were scheduled.

ND Sophs Hand DePaul First Loss

(By the Associated Press) Notre Dame's tender sophomore may not set the basketball world on fire but they're turning into a bunch of old spoilsports.

New Year's Eve they knocked Illinois into the unbeaten ranks, the only blotch on the record of the 5th-ranked Illini.

Spotted Record
Wednesday night, proud DePaul, boasting a spotless 8-0 record came into the South Bend fair of the Irish. With three sophos leading the way, the Irish pushed to a five-point half-time lead, then raced away for an 82-62 decision.

The sophos who did most of the damage were Larry Sheffield, who scored 21 points; Don Reed 17, and Walt Sahn 16.

Rematch Wednesday
Notre Dame now has a 9-3 record. DePaul will have an opportunity to get even on its home court next Wednesday.

Sophomores have been stand-outs all over the country this season. In another game Wednesday night, sopho Billy Rado of Georgia dunked in 23 points in a losing cause. Georgia Tech, 7th-ranked nationally, barely eked out a 72-70 decision over the Bulldogs to keep its record a perfect 9-0.

10th Team Losses
Billy Cunningham, another superb sopho, also did Herculean work for a losing cause. His North Carolina club, No. 10 in the current Associated Press poll, lost a 78-70 Atlantic Coast Conference decision to Wake Forest. Cunningham led all scorers with 25 points.

Virginia turned back North Carolina State 76-69 in another AAC game. The results left Wake Forest and Duke, which coasted past Navy 85-70 in a non-league game, tied for the loop lead.

Nick Werkman of Seton Hall, the nation's top scorer among the major collegians, registered 21 points in the Pirates' 79-47 victory over Rider, a New Jersey rival.

Toledo turned back Bowling Green 60-56 in a Mid-American conference game.

Floyd-Sonny Return April 4 In Miami?

NEW YORK (AP)—Floyd Patterson has finally called the shot on a return bout for the heavy-weight championship, but Sonny Liston may fire another knockout punch.

That was the situation today in the off-again, on-again return battle which seemed settled Wednesday when Patterson's attorney, Julius November, announced the fight would be held in Miami Beach, Fla., April 4, under the auspices of Championship Sports Inc.

Might Talk To Sonny
From his corner in Chicago, Liston said he knew nothing about the date and site for the return with Patterson and emphasized "they better start talking to me about this thing."

Liston's Chicago publicity chief, Ben Bentley, said the champion had not talked recently with Championship Sports, or his own adviser, Jack Nilon, about the details of a rematch.

Details Incomplete
In New York, November said the details had not all been worked out for the bout at Miami Beach's Convention Hall, but indicated the fight would be telecast to theaters around the country.

That was the setup for the first fight in which Liston hardly gave the paying customers enough time to settle back in their seats before dispatching Patterson in 2 minutes, 6 seconds of the first round at Chicago's Comiskey Park last Sept. 25.

Patterson had the contractual right to name the date, site and promoter for the rematch and did so despite the opposition of Jack Nilon, Liston's adviser, who feels April 4 is too late in the tourist season for Miami Beach.

"But," said Nilon, "if Patterson demands Miami Beach there is not much we can do about it."

Carl and Tom Lackey, brothers from Sault Ste. Marie, Mich., are on Michigan State's hockey team.

Top Vaultier Grounded By Blood Disease

BOULDER, Colo. (AP) — Don Meyers, of the University of Colorado, who set a world indoor pole vault record of 16 feet, 14 inches in Chicago Dec. 20, may be out of action indefinitely. CU officials said Wednesday night.

They said Meyers is suffering from mononucleosis, a blood disease. Officials fear that the disease could knock him out of all winter competition and set him back in training for summer meets as well.

Announcements—Card of Thanks

WALINE
We wish to express our sincere appreciation to those who assisted us during our bereavement the loss of our son and brother.
FRANK WALINE.
We especially wish to thank Rev. Nield, the ladies of the V.P.W. who served at the church, those who sent flowers and cards and the use of their cars or assisted in any other manner. Their kindness will always be remembered.
MR. AND MRS. WILLIAM WALINE AND FAMILY.

SAUL
To all the kind friends and neighbors who by their sympathetic manifestations have lightened our sorrow during our bereavement, we extend our most heartfelt thanks and will cherish each day the respect and honor shown to our dear departed wife and mother, WILMA SAUL.
Special thanks to Rev. Will Augsburg for his comforting words, pastoresses, the Ladies of St. James Church in Harbinger, the donors of the many beautiful floral offerings, donations by friends, the Passaduro Funeral Home for their kind and efficient management of the funeral services.
THE FAMILY OF KENNETH SAUL

Jr. Basketball Boys Meet On Saturday

Boys 12 and under who are interested in playing in the Junior Basketball program sponsored by the Parks & Recreation department are asked to report to Sandy Knoll school's multi-purpose room at 9 a.m. Saturday.

Teams will be selected at this time, and it is important that all boys who intend to play in the league this year be present.

Players will be placed by league officials according to ability, size and age, on teams in two divisions. All boys are to bring basketball shoes and other equipment suitable for the game.

George Baksis, Northern Michigan College junior, is the league director this year.

San Diego Open Starts Today; \$25,000 At Stake

SAN DIEGO, Calif. (AP)—Firing got under way today in the \$25,000 San Diego Open Golf Tournament, with gallery attention centered on PGA champion Gary Player and two hometown products, former national open champions Gene Littler and Billy Casper Jr.

Site of the 72-hole event second on the 1963 tournament list, was the 6,800-yard, par 35-36 Stardust Country Club course.

Littler, the United States open champion in 1961, won this tournament in 1955, his last year as an amateur. Neither Casper, the 1958 open king, nor South Africa's Player has won the event.

The field includes virtually every name player except Arnold Palmer and Jack Nicklaus.

BIG NEWS IN USED CARS!

MARQUETTE PUBLIC SERVICE GARAGE AND THE USED CAR MART introduces its "VALUE-RATED PROGRAM" that spells out the value you get in one of our used cars!
There's a new look to our used car lot! Our Value-Rated sign has new meaning to used car buyers . . . assures them of dollar-for-dollar value in all our used cars! Every Value-Rated used car on our lot has been accurately evaluated and fairly priced to give the best value for the money!
Value-Rated means more than just a new look. It's a totally new approach to appraising and pricing our used cars. It's a program designed to show used car buyers what they are getting for their money. When you deal with us . . . you'll know what you're getting . . . you'll get what you pay for!

THIS WEEK'S SPECIAL... '62 CADILLAC FLEETWOOD SPECIAL
