

## Adenauer, De Gaulle Meet

West German Chancellor Konrad Adenauer, left, and French President Charles de Gaulle are shown at Elysee Palace in Paris as they opened

## Next Time He'll Take Wife Along

HONOLULU (AP)—The steeplejack skipper of the ketch Neophyte says he's ready to take another cruise with an all-girl crew but "I don't want the same girls all the time."

Lee Quinn, bearded, tanned and smiling, said his wife will be along next time, a replacement for one of the four comely girls who accompanied him on the 25-day voyage from Sausalito, Calif., to Honolulu.

The Quinns plan to travel to South Pacific points in a couple of weeks.

### Girls Wants To Go

The four girls want to go. All said they enjoyed the cruise and hoped they could stay with the Neophyte.

The Neophyte with Quinn and his feminine sailors chugged into a Waikiki harbor Monday. The voyage included four storms—one of them described by the skipper as a "hurricane"—and the loss of the mainsail. They traveled the last 10 miles on engine power.

Waiting to greet them was Quinn's wife, Mary Ann, who had been in Hawaii for a suriboari competition when the Neophyte sailed out of the Golden Gate on Dec. 27.

### Never Scared

Quinn insisted he was never worried and never scared, although one of the girls, pretty Jackie Miller, 24, of East Paterson, N.J., admitted, "I think we all were frightened during the first storm."

## Guild Mortgaging Headquarters To Pay Strike Funds

NEW YORK (AP)—The New York Newspaper Guild, announcing it is mortgaging its headquarters building to help pay strike benefits to members, has urged that fresh personnel be brought into negotiations if necessary to end this city's 46-day newspaper shutdown.

At a membership meeting Monday night, the guild adopted a resolution calling on Secretary of Labor W. Willard Wirtz and federal mediators to insist that striking printers and newspaper publishers "resume negotiations and continue in session until an agreement has been reached."

Both sides, the resolution said, "seem to be unable to remain at the bargaining table long enough to effectively discuss a settlement."

## The Weather

Forecast for Marquette and vicinity: Variable cloudiness and turning much colder tonight and Wednesday, with some scattered snow flurries near Lake Superior; lows tonight ranging from 5 to 10 below near lake to 15 to 25 below inland; highs Wednesday zero to 10 below; some blowing of drifting snow. Outlook for Thursday: Partly cloudy and continued cold.

Forecast for Lake Superior: North to northwest winds 20-30 MPH tonight and Wednesday. Snow flurries and snow squalls. Data for 24 hours ending at noon: Temperatures — 5 below at 6 a. m.; 7 below at noon; highest in last 24 hours, 3 below at 3 a. m. today; lowest, 7 below at 11 a. m. today.

Relative humidity at noon — 48. Precipitation — 0.05 of an inch in last 24 hours; total to date this year, 1.20 inches; normal to date, 1.34 inches.

Sun rises at 8:24 a. m. and sets at 5:40 p. m. tomorrow. Records for Jan. 22 — Maximum temperature, 49, in 1906; minimum temperature, -20, in 1883; most precipitation, 0.91 of an inch in 1933.

## Fresh Storm Hits Midwest

(By the Associated Press)

Michigan got a variety of weather today, including a good deal more snow for the already heavily-burdened western section. After a sub-zero siege, with an overnight low of -22 at Covington in the Upper Peninsula, temperatures rose — but only said the weather man, for a brief period.

Below-zero conditions are to return tonight, the U.S. Weather Bureau warned.

West Michigan, from the Holland area to the Straits of Mackinac, got a new snowfall ranging from 5 to 8 inches.

Central Michigan got only a light snowfall and highways of the area were reported clear. Everywhere else highways were described as snow-covered and slippery.

Southern Michigan temperatures were expected to climb to a high range of 12 to 20 degrees but then plunge downward again.

Many west Michigan schools remained closed because school buses could not travel snow-filled side roads.

Early-day temperatures ranged from Covington's 22 below to 13 above in Otta County of the Lower Peninsula.

U.P. Readings  
Houghton had -11, Escanaba -9, and Marquette -7. Lower Peninsula readings included -7 at Alpena, -4 at Lansing and Flint and -3 at Grand Rapids.

Sheriff's departments in Kent, Allegan, Ottawa and Muskegon Counties reported most main roads open, although snow-covered and slippery, while secondary roads were blocked or rapidly becoming impassable with new snow and drifts.

## It's Rough 'Pecking' In Frozen Northland

INTERNATIONAL FALLS Minn. (AP)—A logger says the trees around International Falls are frozen so hard the woodpeckers can't tell them from iron pipes driven into the ground for markers.

That's typical of the stories spawned in this northern Minnesota city that as often as not finds itself at the bottom of the U.S. temperature chart.

The mercury dipped to 14 below zero Jan. 10, and it has taken a possible every day since. Not just a little below zero, either. Most days recently it's been 20 below or more. It was -38 Monday. Surprisingly, such weather does

(By the Associated Press)

A fresh snowstorm swept across areas from the Rockies eastward into the Midwest today and a new surge of cold air spread into the East and deep into the Southland. Subzero temperatures clung to much of the northern Midwest, with no general, immediate relief indicated in the prolonged cold wave. The new mass of arctic air which invaded the Northeast dropped temperatures below zero in northern Maine and western New York State.

Freezing weather chilled areas in northern Florida and much of the Southeast. Miami shimmered as the mercury dropped into the 40s. There were sharp drops in temperatures throughout the East.

Blizzard warnings were posted for west and central South Dakota after snow, powered by winds of 40 m.p.h. swept into North Dakota and the lowlands of Montana. Snow fell across sections from the northern Plains, the upper Mississippi Valley and the Great Lakes region into the Ohio Valley. The amounts ranged from one to three inches.

Cold wave warnings were issued for all parts of Montana, Wyoming, Colorado, New Mexico, South Dakota, Nebraska, Kansas, Oklahoma, Iowa, Missouri and northern Texas.

The cold air from Canada spread southward east of the Continental Divide in Montana and Wyoming and covered most of the Dakotas and Nebraska.

The arctic air was expected to spread southward across the Plains states and cover most of the nation's midsection. Temperatures were expected to drop to more than 30 below zero along the central Canadian border and to below zero in Kansas and Colorado.

## News In Brief

LONDON — Food and fuel shortages threatened Western Europe today as its freeze entered its 33rd day. Hospitals were crowded with the aged and infirm laid low by biting winds, ice and snow. More than 100 deaths were blamed on the cold spell.

WASHINGTON — President Kennedy will hold a news conference Thursday at 4 p.m.

HONG KONG — The Hong Kong government has arrested 37 persons on suspicion of being subversive agents for Red China or Nationalist Chinese saboteurs bound for the Chinese mainland, local Chinese newspapers reported today.

ANN ARBOR — Robert E. Fryer of Ann Arbor has been named director of the Michigan Municipal League, after serving more than 10 years as assistant and associate director.

DETROIT — A five-alarm fire today caused an estimated \$150,000 damage to H. O. Trerice Co. in the near-downtown area of Detroit. Nobody was reported injured in the blaze that was fought by 34 pieces of equipment. A janitor, apparently the only person in the building, escaped unharmed.

CLARE — A housewife from the Detroit suburb of Wayne today passed the halfway point in her 8-day-and-night "survival test" in the woods of Clare County, in the center of Michigan's Lower Peninsula.

# Nuclear Talks Open Today

## Castro Okays Departure Of Cubans, Yanks

HAVANA (AP) — Between 900 and 1,000 relatives of Cuban invasion prisoners and up to 205 Americans are expected to leave Cuba for the United States this week.

The Swiss Embassy announced Monday night that the way had been cleared for the relatives of the former prisoners to sail aboard the American freighter Shirley Lykes, probably within a week.

An embassy spokesman said up to 205 American citizens living in Cuba also are scheduled to leave on two plane flights, one each on Wednesday and Friday. They are U.S. citizens being repatriated and have no connection with the prisoners' relatives.

A list of 1,080 relatives was given to the Cuban government by the new defunct prisoners' mothers committee, a committee member said.

Appeals to leave were still pouring in from Cubans claiming to be related to the prisoners.

In December at least 2,000 applications were turned down when the American freighter African Pilot took out a load of 900 prisoners' relatives. The ship had delivered a major installment on the prisoners' ransom.

Castro described the relatives he permitted to leave then as a bonus for the ransom of \$3 million in cash and \$53 million in foodstuffs and medicines pledged for the freedom of the 1,113 invasion prisoners. The prisoners were flown to Florida at Christmas time.

MIAMI, Fla. (AP)—A leader in the exile organization that mounted the 1961 Cuban invasion insisted that the anti-Castro brigade was promised full air cover.

The exile leader, Antonio de Varona of the Cuban Revolutionary Council, said he was obliged to "break silence" because of Atty. Gen. Robert F. Kennedy's statement Monday that no United States air cover ever was planned.

The attorney general said President Kennedy couldn't have issued last-minute orders canceling air cover, as many administration critics have maintained, because there were never any plans for the United States to provide air support.

Sen. Barry Goldwater, R-Ariz., also took issue with the attorney general in Washington. Goldwater said he talked with the President just after the invasion and "I certainly got the impression then that an air cover had been part of the original invasion plans."

Varona, a former Cuban prime minister who headed the leading Cuban Democratic Revolutionary Front at the time of the invasion, declared in a statement: "The colonel designated by the government of the United States as head of the camp where the Cubans trained assured me in February 1961, when I expressed concern over the reduced number of troops, that the Cuban patriots would have 'full air control' during the invasion."

"The brave expeditionaries never had the promised air coverage. Neither was I informed of the date nor of the plans for invasion, which in any case would not have had my approval in view of the conditions under which it took place."

As second only to President Jose Miro Cardona in the U.S.-supported Cuban Revolutionary Council, Varona said he would not talk about the invasion publicly any more. But the Bay of Pigs episode, he said, "will some day require the full investigation which always precedes the just recordings of historians."

WASHINGTON (AP) — President Kennedy told Democratic congressional leaders today that he plans to send Congress a special message Jan. 29 on aid to education.

## Cautious Praise Greets Griffin's Park Proposal

GLEN LAKE (AP)—Unofficially, Sleeping Bear legislation proposed by Rep. Robert Griffin, R-Mich., has drawn cautious praise from the most bitter critics of a somewhat broader bill by Sen. Philip Hart, D-Mich.

Griffin expected to introduce today a bill creating a national park of about 37,000 acres in northwest Lower Michigan. It would include the Manitou Islands, the Sleeping Bear Dunes and a stretch of Lake Michigan's Leelanau County shoreline.

Hart would convert about 77,000 acres of Benzie and Leelanau counties into a national recreation area.

Griffin said Hart's measure is unnecessarily expensive and would take vested property rights from private owners without just compensation and would not protect holders of highly developed inland lake resorts.

## Home Cares For Aged ... Dogs That Is

WESTHAMPTON, N.Y. (AP)—Ten years ago, Mike McGarvey dedicated his life to bringing a little more sunshine into the twilight years of the aged.

Today he has 50 guests at his retirement residence here known as Bide-A-Wee Home.

Should a guest complain, McGarvey is by his side in a matter of minutes, patting his head with one hand and offering a biscuit in the other.

More often than not, the guest will be solved and the problem will bark with satisfaction. "That's right, bark."

All the guests are dogs. McGarvey is in charge of the kennel which began the "old-age pension plan for dogs" a decade ago. Three years ago, there were but 10 aged guests in the residence along with about 100 other dogs taken there to be placed for adoption.

"The dogs we take in under the old-age pension plan are of an age equivalent to an aged human being," McGarvey said. "Many of them have heart trouble, need special diets and require constant care and supervision."

As in the case of humans, McGarvey said, dogs are living longer. Their diets have been improved and their ailments are being cured.

Bide-A-Wee is a nonprofit organization subsidizing on fees paid for adopted animals, public donations and funds from a large pet cemetery in Wantagh, N.Y. The organization has a home in Manhattan, one in Wantagh and one in Westhampton.

Only the Westhampton home caters to aged dogs.

Why would people put a dog in such a home? "Sometimes the dog came to the family when the children were growing up. Then the kids go off to school and the dog is no longer thought about," McGarvey said.

"So, rather than neglect the dog, the owners bring him here and pay \$300 a year to enter him in the pension plan which covers all care and food."

## Group Seeks Isle Safe From Fallout

LONDON (AP)—Jeffrey Forse, 21, and his wife, Christine, 19, are on their way to Australia's Great Barrier Reef to look for an island home away from the rush of city life and the threat of nuclear fallout.

Nineteen others are supposed to join them after they've chosen an island to establish a life where there will be no money and all work will be shared.

The 21 were picked from 5,000 applicants from all over the world, Forse said.

## Ike Says Nixon Right On Press

NEW YORK (AP) — Former President Dwight D. Eisenhower says his vice president, Richard M. Nixon, "did have a point" when he issued what Eisenhower calls his "bitter indictment of the press."

In the current Saturday Evening Post, Eisenhower has an article saying that throughout Nixon's political career, "it seemed that a considerable segment of the press was on his back."

"I suppose," Eisenhower wrote, "it was an extension of the curious, 'I don't like Nixon' cult, which I never could really understand."

## GOP Plans Dinner For Goldwater

WASHINGTON (AP) — Republican colleagues are arranging a dinner salute to Sen. Barry Goldwater which they hope will produce \$500,000 to help bail out financially strapped party committees.

No mere \$100-a-plate affair, the Goldwater testimonial is expected to attract sizable subscriptions from party financial angels who applaud the Arizona senator's conservative views.

If it tends to implant the Goldwater image more firmly on the party, GOP liberals will not like that. But some of them conceded privately there isn't much they can do about it.

Slated For Feb. 28  
Presumably the dinner, presently scheduled for Feb. 28, will supplant the customary June congressional fund-raising rally at which former President Dwight Eisenhower has been the principal attraction in recent years.

Goldwater has retired from the post he has held for four years as chairman of the Republican Senatorial Campaign Committee.

In agreeing to permit himself to be lauded publicly for the contributions he has made toward getting Republican senators elected, Goldwater laid down some limits.

The first of these is that there mustn't be anything said about him as a potential candidate for the 1964 GOP presidential nomination. It will be all right, however, to remind the faithful that there is in the offing his likely candidacy for re-election in Arizona next year.

Primarily the dinner is planned for members of the Senate and House. But Goldwater has stipulated that Republican governors also must be invited, but not necessarily urged, to attend.

Problematical  
Whether New York Gov. Nelson A. Rockefeller would feel called upon to join in the festivities remained problematical.

## U.S. Drops Court Action, Walker Free

OXFORD, Miss. (AP)—The federal government has dropped charges against former Army Maj. Gen. Edwin A. Walker and six others arrested after the University of Mississippi desegregation riots last fall.

U.S. Atty. H. H. Ray asked for the dismissal Monday several hours after a federal grand jury quit without indicting Walker.

James H. Meredith, the Negro whose arrival at the University Sept. 30 ignited the riot—takes his final semester test today.

The 29-year-old former Air Force sergeant has threatened to withdraw from the university after this semester unless campus conditions change. He has been the target of frequent harassment.

"Without Prejudice"  
The charges against Walker were dismissed by U.S. Dist. Judge Claude F. Clayton "without prejudice." This means the federal government may reconsider them before the statute of limitations expires in five years.

The white grand jury panel indicted four persons last week in connection with the riots which killed two and injured scores.

They were Melvin Bruce of Decatur, Ga., Philip Lloyd Miles and Kline Lamar May, both of Pritchard, Ala., and Richard Hays Hinton of Luedale, Miss.

They were charged with interfering with federal marshals in the performance of duties and impeding them in the execution of court orders directing Meredith's enrollment.

Besides Walker, charges were dropped against Frank Lamar Ott and Joseph Cutler, both of Kentwood, La., Edward Louis Shade of Atlayum, Miss., Robert Blackard of Memphis, Tenn., William Gilbert Murr of Olive Branch, Miss., and Charles Clark, Prentiss Miss.

Walker, who commanded federal troops at Little Rock, Ark., during the 1957 desegregation crisis, was arrested in Oxford the day after the riot.

## Committee Will Urge House To Seat Walton

LANSING (AP) — A special House committee investigating the fitness of representative-elect Leonard Walton, D-Detroit, to the legislature decided today to recommend that he be sworn into office.

## Paralyzed Boy Lay Helpless For Two Days

MANHATTAN BEACH, Calif. (AP)—A teen-age boy paralyzed from the waist down lay helpless in his home for two days while his father, critically injured in a traffic accident, was unconscious in a hospital.

Then a neighbor heard of Bill Weber Sr.'s auto collision and asked police to check the son's condition.

Cold, Hungry, Bewildered  
They found Bill Jr., 18, cold, hungry and bewildered. He became a paraplegic two years ago when injured in a water skiing accident. Neighbors and police pitched in to help him. An officer's wife cooked him dinner. Others brought clothes. Some offered to stay with him until his father recovers. The boy's mother died six years ago.

"It was almost worth all this to find out I have so many friends," he said Monday.

## Congo Views Modern-Day Mercenary

ELISABETHVILLE, the Congo (AP)—Eight men lounged on cots in a makeshift internment room at Elisabethville Airport. Two were blackjacks. A couple of others read paperbacks. A bored United Nations guard looked on.

These were eight mercenaries who had led troops for Katanga President Moise Tshombe in his unsuccessful battle to secede from the central Congo. All had been captured and were awaiting repatriation.

What kind of a man is the 20th-century mercenary soldier? Case of Skimmer  
Let's take the case of Skimmer, a 6-foot-2 South African with a broad grin that never quite reaches his eyes and the shoulders of a professional fullback.

Now that the fighting was over, what did he worry about? "I suppose I won't get the last of my pay," he said. "I don't see how they can pay that now and I can use it."

Mercenaries got around \$1,000 a month with half paid in foreign currency. The rest in Katangan francs. Skimmer thought the pay wasn't bad. "They gave us three months in advance when we signed up."

About half of his enormous right bicep had been shot away by automatic rifle fire. He walked to a dressing station and got back into the fighting after treatment.

"This arm isn't ever going to be the same again. I lost too much muscle. Still got a machine-gun slug in my hip. It's not comfortable."

Did he want to join up some other venture? "Not me. But I hope I get the last of my pay. I can use it. I got a relative in South Africa who runs a little garage I'm going to go in with him."

Skimmer didn't want to talk much about the fighting, but he obviously was chagrined at the way he had been captured.

"I nipped into Elisabethville for a good dinner. First thing I know I was surrounded by guns. 'I expect we'll be sent off pretty soon now. It's been all right here. Absolutely no abuse, no bad treatment. The food is good, we've got no complaints."

## Sergeant's Wife Stabbed To Death

OSCODA — The wife of a Wurtsmith Air Force Base sergeant was killed at her home in a base housing unit Monday night.

An official base report said it had been determined tentatively that Sgt. Donald M. Abers, 32, caused fatal knife wounds to his wife, Janet, 25, and then tried to take his own life.

Abers was taken to the base hospital where his condition was reported serious. Mrs. Abers was dead on arrival at the hospital.

A base spokesman said Mrs. Abers had filed suit for divorce recently. There are two children, Donald Jr., 7, and Rose, 4.

## 'What's My Line' To Lose Emcee

NEW YORK (AP) — Big switch coming in television: Next fall they may be asking John Daly, "What's YOUR line?"

## U.S. Officials Stay Hopeful, But Cautious

WASHINGTON (AP)—The United States, Great Britain and the Soviet Union launch here today a major new effort to reach a nuclear test ban agreement.

The conference is regarded as the best chance in almost two years to break the long deadlock. U.S. officials, however, lauded their expressions of hope with words of caution.

They stressed that many issues—both major and minor—will have to be solved, particularly the U.S. and Soviet differences over inspections to guard against test cheating.

Cold Water  
In Moscow, Soviet Foreign Minister Andrei Gromyko dashed a little cold water on optimism. He told correspondents that the Soviet Union can agree to only three on-site inspections a year. The United States contends this is not enough. Gromyko also insisted that France must join in any test ban agreement.

The nuclear talks begin this afternoon when four Americans, four Russians and two Britons sit down at a conference table in the State Department.

U.S. Representatives  
Representing the United States will be William C. Foster, director of the U.S. Arms Control and Disarmament Agency; Charles C. Stelle, deputy U.S. representative at the 18-nation Geneva disarmament talks; and two officials not yet identified.

The Soviet delegation will be headed by Nikolai T. Fedorenko, Soviet ambassador to the United Nations, and Semjon K. Tsarapkin, chief Soviet representative at the Geneva conference.

British Delegate  
Britain's chief representative will be Sir David Ormsby Gore, ambassador to Washington, who was England's chief delegate to the disarmament conference before his appointment to this country.

## Lawmakers Get Off To Rocky Start

LANSING (AP)—Senate Democrats grumbled about a proposed early adjournment and the top tax expert of the House was rebelling against being booted from his committee chairmanship as the 1963 Legislature got busy today with its regular session.

There were no immediate signs which flared in the House over the ouster of Rep. Rollo Conlin, R-Tipton, as chairman of the General Taxation Committee—a job he had held for eight years.

No sooner had House Speaker Allison Green announced his appointments to 47 standing committees than an embittered Conlin declared he was willing to serve on the important Ways and Means Committee.

Green indicated earlier he would dump Conlin as taxation chairman to provide the committee with a more "open mind" on the question of tax reform.

These issues, plus the bitter words of Senate Democrats over the April 28 adjournment proposed by Republicans and backed by Gov. George Romney, got the lawmakers body off to a somewhat rocky start.

Aside from the appointment of Rep. James Folks, R-Horton, to replace the ousted Conlin, there were no important changes in the committee chairmanships and assignments meted out by Green.

Conlin announced on the floor that he wished to resign from Ways and Means—the appropriation committee of the House—and indicated he would not serve if the request was ignored.

Committee appointments resulted in heavy domination by Republicans, who were given 46 of the 47 chairmanships and seniority on virtually all.

Rep. Robert Mahoney, D-Detroit, named to head the Aid to the Handicapped Committee, was the only Democrat to win a committee chairmanship—but even that was one more than in 1962.

Republican strength was increased from a narrow 65 to 9-4 on the Taxation Committee as its membership was increased from 11 to 13, the same as Ways and Means.

21-10 Vote  
In the Senate, a resolution to wind up legislative business by April 26 touched off debate before it was adopted by a 21-10 party-line vote.

# Six In Race For City Commission; Three For Supervisor Posts

Six candidates are in the race for city commissioner, three for supervisor and one for municipal judge.

The municipal election, which this year coincides with the biennial state election, will be held on Monday, April 1, when two members of the city commission and two members of the Marquette County Board of Supervisors and one judge will be chosen.

Both commissioner and supervisor terms are for two years, commencing the week following the election, and the judge's term runs for six years, starting next Jan. 1.

Because the number of candidates for city commissioner total more than twice the number of openings, there will have to be a municipal primary election, and it will be held on Monday, Feb. 18.

In the primary, the four candidates receiving the high-

est number of ballots will be declared nominated and their names will appear on the ballot in April. The other two candidates will be eliminated, unless they choose to run on slips.

Another candidate filed yesterday for commissioner, the other five having submitted nominating petitions earlier. Deadline for submitting nominating petitions was 5 p. m., yesterday.

**Commission Candidates**

Following are the list of candidates for city commissioner:

**James R. Smith**, 401 Center St., currently serving as mayor, who is in his second full term on the commission, and who is employed as a public school teacher.

**Joseph Fine**, 332 E. Ridge St., currently serving as mayor pro-tem, who is in his first full term on the commission, and who oper-

ates Joe Fine's Newsstand and Hobbycraft Shop.

**Rudolph J. Blazina**, 222 N. Fourth St., a disabled former city employee.

**Franz Menze**, 328 E. Arch St., president of Menze Construction Co., Inc.

**Leonard Sappala**, 912 W. College Ave., owner of Sappala Construction Co.

**Robert M. Ling**, 17 E. Nicolet Blvd., general manager, Vollwerth Marquette Co.

Those were the order in which the petitions were filed for commissioner.

**Supervisor Candidates**

Candidates for supervisor are:

**Charles T. Beaudry**, 613 W. Washington St., a retired oil company agent here.

**E. Kenneth Goldsworthy**, 418 E. Albert St., department manager of Getz Department Store.

**Mrs. Margaret Schnorr**, 423 1/2 W. Crescent St.

Terms of Supervisors Beaudry and Goldsworthy, along with those of Smith and Fine on the city commission, expire in April.

Unopposed for both nomination and re-elected as municipal judge is **Edward H. Dembowski**. Under Marquette's charter, the judge is required to be an attorney.

The city commissioners serve in a dual capacity as commissioners and supervisors, under terms of the charter, and hence both Smith and Fine also are members of the county board.

Other commissioners are C. Fred Rydholm, Elmer K. Carlson and Steve A. E. Johnson, whose terms expire next year.

**44 On County Board**

Other elective members of the county board from Marquette are Howard J. Larson, Howard B. Morrison and Richard C. Hamerschmidt, whose terms expire next year.

There are 44 members on the county board, 10 each from Marquette and Ishpeming, six from Negaunee and one from each of the 19 townships.

Last night was the last time for persons to register to vote for the primary. The deadline for registration of voters for the spring election is Monday, March 4.

# 'Lead Or Be Led' Topic For Chamber Meeting Tomorrow

"Lead Or Be Led" is the subject of a talk to be given by Harry R. Hall, Detroit, executive vice president of the Michigan Chamber of Commerce at the Marquette Chamber's annual membership dinner meeting here tomorrow.

Several hundred persons are expected for the dinner meeting at 6:45 tomorrow evening in the Northern Michigan College Student Center. Tickets may still be obtained at the chamber office or from any of the chamber directors.

Hall previously served as the executive vice president of the Minneapolis Area Chamber for almost three years, was executive vice president of the Dayton (Ohio) Chamber nine years and general manager of the Daytona Beach (Fla.) Chamber three years.

**Graduate Of Temple**

Hall was born in Preston, Md. in 1908. He graduated from Temple University, Philadelphia, in 1931 with a B.S. degree and later pursued post-graduate and special studies in organization management at Temple.

While he was at Dayton, the chamber gained recognition as one of the outstanding organizations in the nation. During the first three years of the annual national recognition awards program sponsored by the U. S. Chamber, the Dayton Chamber was awarded eight out of a possible 12 top awards.

In 1959, the Minneapolis Chamber was recognized by the U. S. Chamber award program with two awards for outstanding achievements in economic education and

HARRY R. HALL

congressional action and in 1960 the Minneapolis Chamber received the top award for overall achievement for larger cities.

**Holds Various Posts**

Hall has served as president of the American C-C Executives, president of the Chamber Executives of Ohio, was president-elect of Florida State Chamber Executives when he left the state, and on the board of the Minnesota Chamber Executives.

He has served as chairman of the Operating Council for the Institute for Organization Management at Michigan State University, president of the Florida Publicity and Public Relations Association and was a member of the board of re-

gents of the organization institutes for four years.

He serves as a member of the Michigan Regional Export Expansion Committee of the U. S. Department of Commerce; is chairman of industry and business participation of the Governor's Keep Michigan Beautiful Committee; and chairman of the management standards committee of the American Chamber Executives.

# Cunningham Expects Profit Improvement

DETROIT (AP) — Stockholders of Cunningham Drug Stores were told at the annual meeting Monday that company profits should begin improving within a six-month period. Company directors postponed action until Feb. 28 on the quarterly dividend, explaining that earnings figures for the December quarter will not be available until February due to adjustments in the method of warehouse inventory accounting. The drug store chain has reportedly gone through one of the worst years in its history.

**DAY AND NIGHT TOWING SERVICE**

**24 HOUR SERVICE**  
CALL CA 6-7951  
7:00 A.M. 'TIL 5:30 P.M.

# Ishpeming Physician Put On Probation, Fined \$10,000; Inmate Given Prison Term

Dr. Archie S. Narotzky, 50, of Ishpeming, was ordered to pay a \$10,000 fine and was placed on two years probation by U. S. District Court Judge W. Wallace Kent of Kalamazoo yesterday for income tax evasion.

Dr. Narotzky appeared in federal court here yesterday with his attorney, Paul P. Lipton, Milwaukee, for sentencing on one count of a three-count charge.

In federal court Friday Dr. Narotzky pleaded guilty to the second count: Reporting an income of \$39,730.89 in 1958, although his actual income received was \$52,931.36.

**Two Counts Dismissed**

Pleas of not guilty were entered for the first count, reporting an income of \$27,543.38 in 1957, when income of \$36,635.96 allegedly was received, and the third count, reporting an income of \$35,933.59 in 1959, when actual income received allegedly was \$52,513.69. The first and third counts were dismissed by Judge Kent yesterday.

Following a 10-minute statement by Attorney Lipton yesterday, in which he referred to Dr. Narotzky's "high professional ability and reputation, background of community service and good character," Judge Kent declared: "People of the highest character and integrity do not cheat on their income tax."

Judge Kent said that he ordered the term of probation because the court had every reason to believe that the defendant would not be involved in tax evasion again and because of the effect on the charges on the young people with whom the doctor is associated through community service activities and on his family.

**Attorney Reprimanded**

Judge Kent also reprimanded Lipton for furnishing the court with letters of character reference addressed to "To Whom it May Concern."

Judge Kent noted that the authors of the letters did not know that the letters were to be used in district court and stated: "I want the record to show that the court is available to anyone for information. To ask people who are friends of the court to write an open letter is a reflection on counsel."

**Inmates Case**

Also in federal court yesterday, Thomas J. Blythe Jr. was sentenced to the custody of the attorney general for three years to commence on release from the sentence he is now serving.

Blythe, an inmate of the Marquette State Prison, pleaded guilty during a special December term of district court on the charge, conspiring with others to transport forged and counterfeit securities in interstate commerce.

He is now serving a two to seven-year term on a charge of possession of forged checks and is eligible for parole Feb. 19.

The sentence states that provided the execution of the sentence is suspended, he will be placed on probation for a period of three years, commencing on the day he is released on parole.

Other commissioners are C. Fred Rydholm, Elmer K. Carlson and Steve A. E. Johnson, whose terms expire next year.

**44 On County Board**

Other elective members of the county board from Marquette are Howard J. Larson, Howard B. Morrison and Richard C. Hamerschmidt, whose terms expire next year.

There are 44 members on the county board, 10 each from Marquette and Ishpeming, six from Negaunee and one from each of the 19 townships.

Last night was the last time for persons to register to vote for the primary. The deadline for registration of voters for the spring election is Monday, March 4.

# Hearing In Lundberg Case Continued

A hearing on a petition for a writ of habeas corpus filed by Leonard H. Lundberg, an inmate in the Marquette State Prison, was adjourned by Judge W. Wallace Kent, Kalamazoo, until the April term in U. S. District Court Saturday.

Lundberg, 41, was sentenced to prison from Schoolcraft County Circuit Court following the murder of a 21-year-old schoolteacher who was hitchhiking to Grand Marais, on April 25, 1958.

Lundberg was apprehended in Marquette and after admitting the slaying, led state police to the body of the teacher, Miss Patricia Burdick, six and one-half miles north of Seney in Schoolcraft County.

Lundberg's attorney is Nicholas Bridges, Negaunee.

# Cold Blasts Continue; More Subzero Coming

Marquette's severest cold wave in decades raged on today, with bitter west winds ripping pedestrians like razor blades.

It was well below zero again this morning, and this marks the 10th consecutive day and the 15th this winter that the thermometer has recorded a temperature of zero or below, which is way above the normal number.

The present cold spell is the longest period of zero or below temperatures since the bitter winter of 1936, Fred Mueller, chief meteorologist at the U.S. Weather Bureau in the federal building in Marquette, said.

### Can Break Record

Starting in mid-January in 1936, the temperatures were zero or below almost every day for a five-week period. Because no letup is seen in this winter's cold spell, there's a chance that the 1936 record may be broken, Mueller noted.

Following a blizzard Sunday afternoon which reduced visibility and made driving extremely hazardous, the sun was out 97 per cent of the time from dawn to dusk yesterday, and the glare on the snow also made visibility bad.

Yesterday the mercury managed to creep up to one degree above zero, about 3 p.m., but the low temperature for the

day was 13 below, making the average temperature six degrees below the normal for the day.

The overnight low in Marquette was -7, recorded at 5 this morning.

### Lot Of Drifting

Although only four-tenths of an

inch of snow fell yesterday and during the night three-tenths more came down, the wind caused considerable drifting, and most motorists had to shovel their driveways before coming out this morning (if they could get their cars started).

Total snowfall for the month is 16.3 inches and normal amount for the period through today is 13.3 inches. For the winter, total snowfall is 48.5 inches and normal amount of snowfall so far this season is 53 inches.

### Much Colder Inland

Other early morning temperatures in the Upper Peninsula were -13, at Calumet; -14 Marquette County Airport, Negaunee Township; -9 Sault Ste. Marie; -14 Ironwood, and -13, Iron Mountain.

No hint of a warming up is in the forecast, Mueller said.

Very cold temperatures are expected tonight and tomorrow, with lows tonight between five and 10 below along Lake Superior and from 15 to 25 below inland.

High expected tomorrow is between zero and five below. Thursday is expected to be partly cloudy and continued cold.

Scattered snow flurries are predicted near the lake tonight and are expected to diminish tomorrow.

### Michigan Reports Treasury Balance

LANSING (AP) — Income into the state treasury during the past week was \$22.9 million and outgo was \$31.6 million. The treasury balance at the end of the week was \$91.3 million.

## Dow Union Employees Meet Today, Eye Strike Settlement

Members of Local 14522, United Mine Workers of America, were scheduled to meet this afternoon to discuss the strike situation at the Cliffs Dow Chemical Co.

Because of the large turnout anticipated, the session was to be held in the Odd Fellows Hall.

Union spokesmen this morning said the picture "looks a little brighter than it has in the past," and expressed optimism concerning settlement of the walkout, which began Jan. 3, in a disagreement over a proposed wage boost.

Members of Local 14522, United Mine Workers of America, were expected to be here this afternoon for the session, called by officers of Local 14522.

### Expect To Meet Tomorrow

Union officials said it was expected that a meeting would be called tomorrow with company officials.

Meanwhile, officials of Cliffs Dow said the company is ready to resume negotiations "at any time," but that winterization of the plant, announced last Friday by R. W. Jenner, president of the com-

pany, was continuing as scheduled.

Over 200 union employees have been out of work since the walkout began and picketing has continued at the company's main gate on Presque Isle Ave. since the walkout started.

### Largest Employer Here

The salaried and supervisory personnel have been working since the strike started, but have been scheduled to be placed on a leave basis if the walkout isn't settled. Cliffs Dow is the largest single producer of charcoal, charcoal briquettes and wood distillation products in the United States.

It has operated in Marquette 28 years and is the largest employer in the city, with over 425 on the payroll in peak periods of operation.

## Now... Blessed Relief From ARTHRITIS

Without Drugs or Surgery

If you act promptly, an amazing illustrated new FREE book that may change your whole life will be rushed to you by return mail. Send for it today — and discover why drugs give you only temporary relief. How to eliminate the cause of your aches and pains, without drugs and without surgery, a proven non-medical way. How to avoid years of needless agony and deformities that may cripple you for the rest of your life.

You owe it to yourself to send for this valuable FREE book without delay. No obligation. No agent will call. Write: The Ball Clinic, Dept. 3-1616-JN, Excelsior Springs, Missouri. A postcard will do.

## Six-Cent Hike For Sawyer Workers OK'd

A wage increase for employees at K.I. Sawyer Air Force Base has been approved, effective with the first pay period after Feb. 5.

This announcement was made today by U.S. Sens. Patrick V. McNamara and Philip A. Hart (D-Mich.) in a message to The Mining Journal.

They said the Air Force Wage Board has approved a six cents per hour wage increase for 200 regular wage board employees at the base.

## County Road Report Given By Shroeger

Construction work and winter upkeep activities on state trunk lines and county roads in Marquette County are listed in the monthly report of H. L. Shroeger, Marquette, superintendent-engineer, road commission.

On state trunklines, Schroeger said, 337 tons of rock salt and 492 cubic yards of chlorided-sand were placed on slippery surfaces.

Surface patching operations required the placing of 18 tons of blacktop and 16 tons of crushed gravel. In addition two "bump" signs were erected and three guard rail posts were replaced on trunklines.

### County Road Construction

The construction project on County Road JAB, as being carried out in cooperation with Negaunee Township, was completed on the placing of 1,179 tons of crushed gravel.

The construction project on County Road HJ, as being carried out in cooperation with Marquette Township, was completed with the removal of 60 trees and the placing of 3,180 cubic yards of earth fill, 526 cubic yards of gravel and the installation of 56 feet of metal culvert pipe.

In addition, 79 cubic yards of rock were removed.

### Maintenance Work

Slippery road conditions accounted for the placing of 175 tons of rock salt, three-quarters of a ton of calcium chloride and 1,185 cubic yards of chlorided-sand. Road surface, shoulder surface and drainage repairs required the placing of 876 cubic yards of gravel, 24 tons of crushed gravel, and 44 lineal feet of metal culvert pipe. In addition, 41 culverts were cleaned.

Also, Shroeger said, 127 guard rail markers, to be used as a guide in carrying out plowing operations, were placed, 14 roadside signs were erected and 14 miles of roadside brush was cut and removed.

Improvements at the Gwinn Park accounted for one acre of clearing and grubbing and the placing of 436 tons of crushed gravel and 16 cedar posts.

### Rest Your Feet While You Walk

The kind of foot support you get in Foot-so-Port Shoes makes walking and working a relaxed and healthful exercise. Feet that feel good don't get tired. Cradled in the "easy-chair" construction of Foot-so-Port Shoes... you'll go far, without pausing to refresh. Relax while walking... in Foot-so-Port Shoes.

# Journal Will Conduct Cooking Schools In Marquette, Ishpeming

## Two Dates Chosen In February

The Mining Journal is bringing to Marquette County one of the outstanding events of the year — the cooking school.

Two schools will be held, one in Marquette and the other, for the convenience of the women in the western half of the county, in Ishpeming.

Dates and location are: Marquette — Tuesday and Wednesday, Feb. 5 and 6, in the National Guard Armory. Ishpeming — Thursday and Friday, Feb. 7 and 8, in the National Guard Armory.

In past years, cooking schools have been conducted in Marquette and women of communities in the western half of the county had to travel to Marquette. Time, distance and limited accommodations meant that hundreds who wanted to attend were denied the opportunity.

Modern Living Festival The schools will be known, in each community, as the Modern Living Festival. The home economist in charge will be Susan Lowe, a graduate of the University of Minnesota and a member of the staff of Ruraligravure, which is operating with The Mining Journal in sponsoring the two-city event.

Miss Lowe has already visited the area and has called on a number of merchants who, it is anticipated, will be participating in the festival. Already a generous response indicates the shows will be the best of their kind and will be stimulating and appealing to the women of the county, Luke said.

Can Accommodate 1,000 "We believe the women of the area," he added, "will find the armory sites completely adequate. With the women of Ishpeming and Negaunee and surrounding communities able to attend the festival in Ishpeming's armory, we believe the greatest possible capacity has been provided. With the exception of some local participation, the festivals will be identical. Miss Lowe will present the same recipes in each festival. Most of the major products will be the same.

At least 1,000 women can be accommodated in each armory, and seats will be provided for all of them. Miss Lowe already has set her goal of 4,000 as the attendance for the four days.

First in 11 Years Miss Lowe's organization, Luke said, is one of the best known in the country. It specializes in this promotion and has appeared in behalf of several national advertisers in all parts of the country.

Ship Owners Ready To Act On Offers NEW YORK (AP) — Members of the 145-company New York Shipping Association meet today to act on the dock strike settlement terms proposed by a presidential mediation board.

Sen. Wayne Morse, D-Ore., chairman of the board, predicted Monday that the shipping industry from Norfolk, Va., north to Maine will join the longshoremen's union in accepting the peace formula worked out by the board.

Still Unsettled Still to be worked out is a plan to settle the strike in ports from Norfolk to Texas. Morse made his prediction to newsmen in Washington after he reported to President Kennedy on

Susan Lowe, home economist who will be in charge of Mining Journal cooking schools in Marquette and Ishpeming, makes plans for the schools with J. H. Luke, Mining Journal advertising director, during a visit Miss Lowe made to Marquette recently. (Mining Journal photo).

## Origin Of People Of Finland Told

Has the language of Finland been influenced by Asiatic sources?

Jean Worth, editor of the Escanaba Press, in an article on Scandinavia, reported a travel guide's statement that this was so. Miss Edith Aspholm, Iron River, says it isn't so and has enlisted the aid of S. C. Olin, author of the book "Finlandia" in proof.

Olin wrote Mrs. Aspholm: "Such unpleasant errors are commonplace and have been made before, most generally by uneducated people. All major encyclopedias are now in the process of changing the old story of the origin of the Finnish people. As new editions are published, the modern anthropological theories of the Finns will show positively no Asiatic background."

"There are two official languages in Finland today. These are Finnish and Swedish. It is only a matter of time, in my opinion, when there will be but one official language in Finland. It will be Finnish.

Language Clearly Defined "The writer you quoted said 'Finnish Finnish is as difficult as Chinese.' I agree that the Finnish language is difficult to the uneducated and linguistically stupid persons.

"The Finnish language, like the Estonian, is generally placed in the Ural-Altaic language family. Yet like the Basque and Etruscan, its affinities are not clearly defined. Whatever Asiatic influence the language may have is exceedingly remote and positively has no bearing whatsoever on the anthropological antecedents of the people of Finland."

(No such bearing was suggested in Worth's article.) "Exceedingly Interesting" "I have travelled through all of

the board's work since Kennedy appointed it last Wednesday. Kennedy urged the board to continue efforts to get an immediate settlement of the strike of 60,000 longshoremen that has paralyzed shipping on the Atlantic and Gulf coasts for a month.

Main Problem Morse said the main problem remaining is whether industry and union representatives on the South Atlantic and Gulf coasts will go along with the proposals for settlement in North Atlantic ports.

## Marquette Power Department Load Climbs 5.3 Per Cent

Marquette's light and power department load during the past week was 5.3 per cent higher than it was a year ago, City Manager Thomas Moore states in his weekly report today on municipal department activities.

During the past week line crews replaced one transformer in Duker, installed a flasher light at the corner of Presque Isle Ave. and Wright St. and repaired a line off Wright St. which was broken by the cold weather.

Water received at the hydroelectric plants was more than last week and more than a year ago. Elevation at the Hoist Pond dropped .55 feet and was 1.35 feet lower than last week and 8.5 feet from the top of the dam.

Work on installation of the 2,750-kilowatt diesel engine and generator continued at the diesel plant, with installation of all pistons and cylinder heads completed.

Following are excerpts from the manager's weekly activities report, by department: Water and sewage — Removed snow from around hydrants and removed dials from meters where freezing occurs each winter. Several service lines were thawed. Defective meters were changed and repaired. During the week 13,763,-

000 gallons of water were pumped.

Parks and recreation — A record 600 skiers skied at Mt. Mesnard Jan. 13, but ice rink attendance has been poor because of the cold weather. The six outdoor rinks were cleaned and flooded. At the Palstra the ice was shaved, the building was cleaned and windows and doors were repaired.

The junior basketball program was begun and league games started Saturday with 10 teams participating.

Public works — Christmas tree pick-up was continued. Snow removal, plowing, widening and sanding was carried on over streets and U. S. 41. Parking meters and traffic signs were repaired.

Police — Arrests, five misdemeanors, 68 traffic, 11 accidents. Investigations, one larceny, 26 accidents and 23 disturbances. The dog warden picked up 11 dogs and disposed of 13 dogs and four other animals.

Clerk — Issued seven city licenses, 21 dog licenses, three new voter registrations and four re-instated registrations.

## Marquette Soil Office Study Topic Of Forest Meeting

Work done by the Marquette Soil Conservation Service office will be among the topics to be taken up at the meetings to be held in Escanaba this week to review results of a study of forest growth and other factors in relation to soil type, and to discuss a proposed Peninsula-wide program of this type.

The meeting is scheduled for 10 a. m. Friday in the U. S. Forest Service Headquarters in the Escanaba Post Office Building. Del Meister, Marquette, area conservationist for the U. S. Soil Conservation Service, and Dr. Eric Bourdo, Houghton, director of Michigan Tech's Ford Forestry Center at Alberta, are in charge of arrangements.

Another purpose of the gathering will be to integrate present and future activities of public agencies and private organizations interested in soils-forest relationships.

For the past four years the Soil Conservation Service's Marquette office has been working with Tech's Ford Forestry Center on a study of soils-forest relationships. The work has been concentrated on the Center's 4,000-acre research forest and on timberland of the Ford Motor Co. Fund in northern Baraga and northwestern Marquette Counties.

Results of the study have been so promising that plans are underway to expand the work on a Peninsula-wide basis.

Past Studies Studied The past studies have been closely tied to permanent continuous forest inventory (CFI) plots, of which the Ford Center maintains more than 600. Various public agencies and private firms have more than 10,000 such plots in Michigan.

There are more advantages in combining soils information with CFI information, says Bourdo. Some are: 1. The elimination of possible bias in locating both plot and soil sampling locality.

2. Soil scientists can determine soil characteristics without the necessity of making measurements or judgements concerning the forest.

3. Foresters can measure the plots without having to judge the soil or its characteristics.

4. Detailed information on trees and soil is obtained with maximum economy of time, effort and money.

5. Deductions concerning soils-forest relations become strengthened with each plot re-measurement.

6. Soil information should be applicable even to areas of the same soil which are not sampled, thus existing soil maps can become more meaningful for forestry purposes and field men can better interpret soils in relation to forestry.

James M. McGee, 116 N. Seventh St., was ordered to pay a fine of \$40 and \$3.70 costs for improper backing. The summons was issued by city police Jan. 14, following an accident on N. Fourth St.

Improper Turn For making an improper left turn at the corner of S. Front and Washington Sts., Michael J. Cass, 2301 Presque Isle Ave., was fined and ordered to pay costs of \$3.70.

Thomas G. Kubond, 817 Bluff St., was fined \$6.30 and ordered to pay \$3.70 costs for a stop sign violation at the intersection of U. S. 41 and County Road BAA in Chocoma Township. The ticket was issued by state police Jan. 12.

A fine of \$1.30 and \$3.70 costs were paid by Terrance P. Guidebeck, 506 Rock St., for failure to secure a parked vehicle on S. Front St. The ticket was issued by city police Friday.

Speeding John E. DeVoght, Wright St., paid a fine of \$1.30 and \$3.70 costs for speeding. He was ticketed by state police Jan. 13 for driving 45 miles per hour in a 35-MPH zone on U. S. 41 in Marquette.

For driving with defective brakes on Baraga Ave., Richard P. O'Neill, Hogan St., paid a fine of \$1.30 and \$3.70 costs. State police issued the ticket Jan. 14.

## North Central Again Tops Regional Lines

North Central again led the nation's 13 regional airlines during 1962, enplaning 1,123,393 passengers, the third consecutive year the airline has exceeded the million mark.

"This sets a new record for the regional airline industry," said Hal N. Carr, North Central president. The airline carried 1,716,468 tons of cargo in 1962 for a 15 per cent gain over the previous year. Mail totaled 591,626 tons, an increase of two per cent over 1961.

During 1962 North Central purchased eight more 44-passenger Convair 440s, bringing its fleet to 18 Convairs and 29 DC-3's. "The addition of these Convairs improves North Central's service to the traveling public by increasing its available seat miles, seven per cent," Carr said.

Perfect Safety Mark "Besides carrying a record number of passengers, we continued to maintain one of the best on-time performance operations in the entire airline industry. Of our 188,838 scheduled arrivals last year, 81 per cent were on time, compared with 77 per cent in 1961."

The airline flew 191,127,756 passenger miles in 1962. North Central operated 99 per cent of its 15,164,587 scheduled miles last year.

The carrier continued to maintain its perfect safety record. Since starting scheduled service in 1948, North Central has carried nearly 7,500,000 passengers and flown over 1,210,000,000 passenger miles without fatality or injury to passengers or crew members.

## State Police Probe 113 Complaints

Officers of the Marquette post of the Michigan State Police investigated 131 complaints last month, Sgt. Grant C. Barry, post commander, reports.

The 20 officers stationed here worked 442 days during December. A breakdown shows that 2,049.5 "man hours" were spent on traffic patrol and 467 on investigation of complaints.

In addition, officers spent 180.5 hours on report writing, 51 on desk assignments, 1,088 in administration and supervision, 55 in training activities, 22 on fatigue work and 99 on other duty.

Mileage Report Post cars were driven 29,835 miles during December, including 26,555 on traffic patrol, 1,570 investigating traffic complaints, 2,840 investigating other complaints and 1,070 on other duties.

The cars were driven 1,461.5 hours on patrol. Officers issued 162 traffic tickets and made 16 other arrests. Drivers assisted numbered 108, while vehicle cases investigated totaled 411.

Troopers made 470 property inspections and issued 339 verbal warnings.

## Six Persons Pay \$45 In Fines, Costs

Six persons were ordered to pay a total of \$45 in fines and costs by Municipal Judge Edward H. Dembowski yesterday for traffic violations.

James M. McGee, 116 N. Seventh St., was ordered to pay a fine of \$40 and \$3.70 costs for improper backing. The summons was issued by city police Jan. 14, following an accident on N. Fourth St.

Improper Turn For making an improper left turn at the corner of S. Front and Washington Sts., Michael J. Cass, 2301 Presque Isle Ave., was fined and ordered to pay costs of \$3.70.

Thomas G. Kubond, 817 Bluff St., was fined \$6.30 and ordered to pay \$3.70 costs for a stop sign violation at the intersection of U. S. 41 and County Road BAA in Chocoma Township. The ticket was issued by state police Jan. 12.

A fine of \$1.30 and \$3.70 costs were paid by Terrance P. Guidebeck, 506 Rock St., for failure to secure a parked vehicle on S. Front St. The ticket was issued by city police Friday.

Speeding John E. DeVoght, Wright St., paid a fine of \$1.30 and \$3.70 costs for speeding. He was ticketed by state police Jan. 13 for driving 45 miles per hour in a 35-MPH zone on U. S. 41 in Marquette.

For driving with defective brakes on Baraga Ave., Richard P. O'Neill, Hogan St., paid a fine of \$1.30 and \$3.70 costs. State police issued the ticket Jan. 14.

# Seven Drivers Given Tickets, 13 Automobiles Involved In Six Major Crashes In City

Seven motorists were issued tickets and 13 automobiles were involved, but no one was injured, in six major traffic smashups reported this morning by city police.

There also were a number of minor mishaps which were not investigated at the scene. State police also investigated a collision (see story on Page 10). Reports on the city collisions follow:

1. At 10:20 last night a car being driven east on W. Washington St. by Jerry T. Tinknell, Sherman St., smashed into an automobile operated by Daniel P. Hornbogen Jr., 540 E. Arch St., who was traveling south on Seymour Ave. and was making a left turn onto Washington.

Both Drivers Ticketed

City police said Tinknell apparently was traveling at a high rate of speed, with the impact forcing Hornbogen's car to spin around and wind up on the north side of the street, facing west.

Extensive damage resulted to the left front of Tinknell's automobile, a 1957 four-door sedan, and to the right front and side of Hornbogen's car, a 1963 four-door sedan. Both vehicles had to be hauled from the scene by wreckers.

City police issued Tinknell a summons for driving at an excessive rate of speed for conditions prevailing and gave Hornbogen a summons for a right-of-way violation.

2. A three-car collision occurred at 7:25 last night at the corner of Hebard Ct. and W. College Ave. and involved automobiles operated by Richard P. Coopman, Belmont, Mo.; James K. Lahti, 817 W. College Ave., and Gene L. Dahlin, 806 W. College Ave.

City police said Coopman was driving south on Hebard Ct. and went through the yield sign, with his car striking Lahti's, being driven west on College Ave. and forcing it sideways, into the path of Dahlin's automobile, which was traveling east on College.

**Right-Of-Way Violation**

Extensive damage resulted to the right front fender and light of Coopman's 1956 two-door sedan; the right side, left side and left rear fender of Lahti's 1955 pickup and to the left front and windshield of Dahlin's 1959 station shield of Dahlin's 1959 station hauled from the scene by a wrecker.

City police issued Coopman a summons for a right-of-way violation.

3. An automobile being driven north on N. Second St. by Ruth E. Eisemann, 1115 N. Second, struck a car operated by Vito Perrone, 719 Pine St., who was traveling west on W. Kaye Ave., at 4:20 yesterday afternoon.

City police said the vehicles apparently spun around in the intersection and collided a second time in the northwest corner.

**Didn't Yield Way**

Considerable damage occurred to the right front and right rear door of the Eisemann vehicle, a 1958 four-door sedan, and to the left front fender and left side of the Perrone car, a 1960 station wagon. Both cars had to be hauled from the scene by wreckers.

Mrs. Eisemann was issued a ticket for a right-of-way violation.

4. At 8:10 yesterday morning a car being driven east on the Northern Michigan College drive by Paul H. Korhonen, Mounted Route, Wright St., was struck by an automobile operated by Elvira T. Feltner, who was traveling south on Presque Isle Ave., after he drove out into the intersection, near W. Fair Ave.

**Didn't Yield Way**

The left front fender of the Feltner car, a 1959 four-door sedan, and the left side of the Korhonen vehicle, a 1962 four-door sedan, were extensively damaged. Both vehicles were driven from the scene under their own power, however.

City police ticketed Korhonen for a right-of-way violation.

5. At 3:25 yesterday afternoon a car being driven west on W. Washington St. by Dolf G. Stindt, 218 W. Arch St., was struck from behind by an automobile operated by William J. Myrick, Box 151, National Mine.

City police said the mishap occurred when Stindt stopped for traffic ahead of him, in the 100 block.

**Didn't Stop In Time**

Apparently no damage occurred to Myrick's 1961 sedan, but extensive damage resulted to the rear end of Stindt's car, a 1961 two-door sedan, which had to be hauled from the scene by a wrecker.

City police ticketed Myrick for failing to stop in an assured clear distance ahead.

6. An automobile being driven east on W. Ridge St. by Paul Knutson, 123 E. Main St., Neguinee, was stopped for the stop sign at N. Third St. and then driven out into the intersection, being struck by a car operated by Albert L. Milligan, 226 W. Hewitt Ave., who was going south on Third. Knutson said he didn't see the other vehicle.

**Right-Of-Way Violation**

Extensive damage occurred to the right side of Milligan's 1961 two-door sedan. The front bumper of Knutson's car, a 1962 four-door, was damaged. Both cars were driven away.

City police gave Knutson a summons for failing to yield the right-of-way.

cluding parks) in the preparation of overall economic development plans. It also is responsible for review and approval of proposed projects in these areas.

Local community and other economic development groups may continue to make direct contacts with affected Department of the Interior agencies: Bureau of Commercial Fisheries, Bureau of Indian Affairs, Bureau of Mines, Bureau of Outdoor Recreation, Bureau of Sport Fisheries and Wildlife, Geological Survey and National Park Service.

Bernard Granum, industrial development specialist, Bureau of Indian Affairs, will assist Hawkins in carrying out ARA liaison. Granum had substantial experience in the field of community assistance through 12 years of employment for the Iron Range Resources of Minnesota before he joined the Bureau of Indian Affairs a year ago.

## Region MEA Meet Slated Tomorrow

"Better Personnel Policies Mean Better Teaching," is the theme for a meeting of the Michigan Education Association's Region 17 Council tomorrow at 7 p. m. in Escanaba.

In addition to the school board members and PTA presidents, MEA chapter and district presidents, chairmen of professional problems committees and Upper Peninsula district and county superintendents have been invited to the meeting.

"The conference is designed to inform the participants of trends in personnel policies and to provide them with a working knowledge of their development," according to Robert Ferguson, MEA staff representative to Region 17.

**Tenure Discussion**

Discussion will center on the proposed Professional Practices Act which would give the specific dimensions of the teaching profession as well as the specific responsibilities of the members of the profession. Tenure provides for the fostering of careful selection of teachers and also for the proper dismissal of teachers.

Region 17 includes Marquette, Dickinson, Menominee, Alger and Delta Counties.

## Better Service To Be Provided Region Under ARA

Improved service to northern Lake States communities in Wisconsin, Minnesota and Michigan seeking assistance in economic development under the Area Redevelopment Act is being provided by the Department of the Interior, the department has announced.

James E. Hawkins, area director, Bureau of Indian Affairs, Minneapolis, has been named as a local point of contact for assistance from all Department of the Interior agencies on Area Redevelopment matters.

The Department of the Interior is responsible for assistance associated with Indian affairs, minerals, fisheries or public lands (in-

Youngsters at St. Luke's Hospital take on smiles as they're greeted by three members of the World Champion Green Bay Packers. The players also visited Holy Family Orphans Home here. From left are Gary Knafele, Henry Jordan and Ray Nitschke, shown with the children.—(Ike Wood photo).

## Three Packers Visit Children At Hospital, Orphans Home

Three Green Bay Packers proved to be good therapy to children at St. Luke's Hospital and provided encouragement to children of Holy Family Orphans Home during their stay here.

Gary Knafele, Henry Jordan and Ray Nitschke, who appeared in Marquette in connection with the March of Dimes telethon, took time out during their stay to make visits to the children patients at St. Luke's Hospital and to the children at Holy Family Home.

Knafele, an end; Jordan, defensive tackle, and Nitschke, linebacker, tossed footballs about the rooms at both institutions and gave the youngsters a "real lift."

Arriving in Marquette shortly after noon the members of the World Champion Packers were met at the county airport by Harry Culver, general telethon chairman and Gerald Goerlitz, state representative for the National Foundation.

After lunch they attended a Marquette City Mothers' March meeting, a County Teen-Age March of Dimes Meeting, and then proceeded to the hospital and orphanage to cheer up the children.

**'No Happier Children'**

Goerlitz said: "I don't believe there were any happier children in the Marquette area than the boys and girls whom the Packers visited."

"At the hospital the afflictions suffered by the many patients became of secondary importance as these football players signed autographs, chatted with the children, and shook the many grateful hands extended to them."

"The scene at the orphanage was much the same, except that the boys here played catch and received pointers on the game of football from the players."

Nitschke summed up the reaction of his fellow teammates when he said "these children have touched our hearts and we are grateful for the opportunity to visit with them."

Goerlitz stated: "To our knowledge, this was the first time members of a professional football team had visited the hospital and orphanage in Marquette and we of the National Foundation-March of Dimes are happy that we could be of service to those children by arranging such a visit."

## Armed Forces Personnel

David December, shipfitter 2/c, son of Mr. and Mrs. Joseph December, 536 Center St., Marquette, is serving aboard the seaplane tender U.S.S. Greenwich Bay, scheduled to return to Norfolk, Va., in March after serving in the Middle East.

Aiding in training Marines of the Republic of Korea during December while serving aboard the attack transport U.S.S. Cavalier, is Gerald C. Dahlstrom, chief machinist's mate, son of Mr. and Mrs. Carl Dahlstrom, 412 S. Sixth St., Marquette.

## OASI Questions And Answers

**Editor's Note:** If you would like to know the Social Security law affects you, write the Social Security Question Box, P. O. Box 719, Marquette, Michigan. Your answer will appear in future editions of the Question Box, or you will receive a direct reply from the Marquette Social Security Office if you so specify and furnish your name and address.

**Q:** "How soon after my retirement will my wife and I start receiving our social security checks?" — E. M.

**Answer:** That depends on when you become eligible to receive benefit payments and when you file your application, Mr. F.M. For example, if you retired at the end of 1962 and became eligible for a benefit beginning Jan. 1963, your first check would be due February 3, for the month of January.

It takes about two months for the social security Administration to get your claim in payment status. Therefore, your application would have to be filed early in December, 1962, in order to receive your check on the Feb. 3, 1963, due date.

**Q:** "I have been told that you must have at least \$400 profit from a business in a year in order to obtain credit under social security. I have two small seasonal businesses but neither one of them has a net profit of more than \$350. Can't I receive some credit for this work?" — M. J.

**Answer:** Yes, you can. Self-employed people with more than one business or trade during the year should combine the net profits (or losses) from all of the business activities that are covered by social security. If the total net profit amounts to \$400 or more, it counts for social security credit.

Arkansas was a state for more than 75 years before adopting an official state flag.

## Super Valu And Gold Bond Offer Two New Services

Gold Bond Stamp Company and Angel's Super Valu Stores at Marquette and Iron River are offering two new services to assure customers of faster, more convenient shopping. Automatic stamp dispensing machines and the new Golden Ten Stamp (a stamp given with \$1.00 purchases) are being put into use.

Curtis L. Carlson, President of Gold Bond said that after more than three years of extensive testing and research conducted throughout the country, these two services are being introduced in Super Valu Stores January 16 through January 18, 1963.

Gold Bond, in searching for the most accurate dispenser on the market, experimented with more machines over a long period of time than all other stamp companies combined. After testing 1,000 machines strategically located throughout the country, the Astad Stamp Dispenser was selected to give maximum protection to stamps and efficiency to their distribution in Super Valu Stores.

Automatic, fast, accurate, these machines mechanically count out and eject, at the push of a button, the correct number of Gold Bond Stamps for customers' purchases. Attached to cash registers, these small, compact machines are operated by the cashier. They feature counters designed for accuracy and keep a total that can be compared with cash register records.

Combined with this new method of dispensing stamps, the introduction of the new Gold Bond Golden Ten Stamp will offer an additional service to Super Valu customers. The Golden Ten is a high-denomination stamp given with each \$1.00 purchase and is equal to 10 single Gold Bond Stamps.

In surveys conducted in several U.S. cities, 97% of the stamp-saving housewives interviewed who had received high denomination stamps liked them and 71% who had not received them wanted them. 78% of these housewives liked a combination of \$1.00 and \$1.10 stamps the most.

Golden Ten Stamps are easier for customers to handle, easy to count, save pasting time and make it easier to fill a savers book, yet they are of the same value as 10 regular Gold Bond Stamps.

"In considering the use of a \$5.00 stamp," Carlson said, "our research proved that stamp savers are greatly concerned with losing a stamp of this value."

"Furthermore, research indicated that a \$5.00 stamp, plus \$1.00 and \$1.10 stamps, causes confusion," he continued. "Therefore, the best combination was proven to be the offering of single Gold Bond Stamps and the Golden Ten Stamp for the most customer convenience and satisfaction."

The introduction of stamp machines and Golden Ten Stamps simultaneously will speed the traffic flow through the Super Valu check-out counters for two reasons: (1) automatic stamp dispensers will disburse the exact number of stamps to customers more quickly eliminating the necessity of the cashier counting out stamps and (2) the Golden Ten stamps will reduce the total number of stamps to be given, even though the value remains the same.

"These advantages will be passed down to Super Valu customers in the form of faster and more convenient service to them," Carlson said.

Gold Bond Stamp Company is the largest international trading stamp firm in the world.—Adv.

What do you mean, "armamentarium?"

**A** Sometimes physicians forget and talk their own language. Greek to most people. Now, about the mouthful above, ever hear something like this from your doctor? "... drawing on our present armamentarium to treat you..." Actually, "armamentarium" is just a doctor's word for the array of treatments and medications at his disposal. When it comes to drugs, this armamentarium is something. Thousands and thousands, literally. All are readily available in this pharmacy to help preserve your health when needed—a public service which we are pleased to render.

## Paris-Bonn Cooperation Pact Okayed

PARIS (AP) — West German Chancellor Konrad Adenauer and French President Charles de Gaulle faced Atlantic and European issues dividing them today after agreeing on a treaty of close diplomatic cooperation between their countries—traditional enemies.

Adenauer is under heavy pressure from his public to play a mediating role in the crisis which erupted last week when De Gaulle rejected the American plan for a NATO nuclear force and slammed the door on British membership in the European Common Market.

West Germany favors British membership in the Common Market and has endorsed the American project for a multinational nuclear NATO force. Adenauer was expected to press De Gaulle to modify his position at a meeting today.

British bitterness over De Gaulle's position welled up Monday night in a sharp speech by Prime Minister Harold Macmillan, warning the French president against trying to dictate the future of free Europe. Macmillan told a political rally in Liverpool that no country "in these days can stand entirely on its own. Alliances are essential to security."

De Gaulle and Adenauer agreed Monday on a treaty of close cooperation in diplomacy, defense and culture, open to other states of Europe, which they hope will repair their differences in foreign policy.

## Hearing Made Possible With Nothing In Either Ear

Ossining, N. Y. — An amazing invention now makes it possible for tens of thousands of people to enjoy hearing again, yet puts nothing in either ear according to Otari-Otari Laboratories.

Instead of forcing amplified sound through the impaired outer or middle ear, the new patented "Tympano Technique" conducts sound smoothly through the mastoid process directly to the "hearing center," the inner ear!

This amazing invention has no buttons, no tubes, no wires, no bulky batteries. You may wear this aid and not even your best friends realize it unless you tell them.

The new invention is called the RX88 and is the result of 28 years of experience by Otari-Otari specialists. Now made possible by a development of the Bell Telephone Laboratories — the miracle transistors similar to those used in U.S. space satellites.

The RX88 is truly a dramatic step forward in hearing aid technology. If you'd like to know more about this revolutionary RX88, write Otari-Otari Laboratories, 4187 Post Road, Ossining, N. Y.

## U.P. Business Growth

Bank debits leave something to be desired as an indicator of business volume, but for what they're worth they are generally good news in the Upper Peninsula. Of the 19 cities whose banks report to the Federal Reserve Bank of Minneapolis for this index, 16 showed a gain in 1962 and only three slipped, and those not very much.

The losses were in Iron River and Ironwood, struck by decline in iron mining, and in Houghton, which has lost a major economic prop in the closing of a pulp mill.

Houghton, enjoying a college (Michigan Tech) boom like Marquette (Northern Michigan College) and brighter prospects for the mass copper mining industry, led all Upper Peninsula cities in rate of business gain in 1962 as indicated by bank debits.

This is joyous news from one of the Peninsula's chronic economic problem areas. In Ironwood, the Peninsula's top depression spot because of mine closings, the decline in December from the year previous was 10 per cent, but for the year it was only 3 per cent.

Marquette led in growth with a high rate of 15 per cent gain based on a volume of \$215.5 million in debits, and Escanaba in second place reported \$178.7 million and a gain of 7 per cent. Iron Mountain, closing the year strong with a gain of 10 per cent, reported a gain for the year of 6 per cent on volume of \$140 million.

Sault Ste. Marie, which lost 7 per cent in December, managed a gain of one per cent for the year, after continuing industrial reverses. Its service industries continue active and it has been helped greatly by Kincheloe Air Force Base and government work on the St. Marys River, but it would welcome new industrial payrolls to increase its \$159.2 million business volume and stabilize its economy.

December debits were up 9 per cent for the Peninsula over a year ago, indicating a strong closing for the year and at a rate above the year's figure of 7 per cent gain. The year ender is a good augury for the start of 1963, which will see the Peninsula striving as never before to bolster its economy.

Wellington Washburn, 83, of Houghton, last survivor of the original Portage Lakes hockey team, still enjoys reminiscing about the early days of the sport in the Copper Country. Still spry, he recalls that he was converted to a goalie about 1899 and played for three years before he was injured in a practice game.

"Wally," as he's known to hundreds of Copper Country fans, possibly could be called a semi-pro, since he received spending money and had his transportation, board and lodging bills paid. Since he played during a period when there were no protective pads, no enlarged goal tender's stick and no leather helmets, he still carries a mass of scars to attest his days as an early hockey goalie.

Nearing completion in White Pine is a unique church which fits right in with the modern design of dwellings in the new Ontonagon County community. Built on the A-frame principle generally associated with cottages and ski chalets, the Faith Lutheran Church will serve a congregation of 45 families. It is the third church to be constructed in White Pine in eight years. The unusual design is dominated by a roof which slopes to within three feet of the ground.

Six children and a mother huddled barefoot in an unheated porch to escape a house fire in Sault Ste. Marie. Firemen and policemen who arrived on the scene carried all of them to shelter. They were clad only in their nightclothing, with the temperature three degrees below zero at the time. The house was occupied by Mr. and Mrs. John Shuman and their five children, and another girl was visiting them overnight. The husband, a musician, was not home at the time since he was playing for a dance. Firemen said Mrs. Shuman was awakened by the odor of smoke and about 3:45 a.m. She went downstairs to investigate and discovered flames leaping upward from behind the refrigerator and moving across the ceiling of the kitchen. Mrs. Shuman then called the fire department and gathered the children together. No one had time to dress, but all were huddled in the small unheated porch awaiting arrival of firemen. The kitchen area of the house and furnishings were badly damaged by the fire.

Loose wheel lugs always present a problem on a moving vehicle—but when they are found on a truck loaded with 10 tons of dynamite, the situation becomes somewhat more critical. Iron County sheriff's officers were notified that a truck loaded with 500 forty-pound bags of "slurry," a dough-like explosive, was overturned on U. S. 2 near the intersection of County Road 536 at Beechwood. Twenty-two of the bags were broken open, officers found. The truck, owned by the Mesabi Blasting Agents of Bewabic, Minn., and driven by David Sherek, 25, of Bewabic, was on its way to Republic. Sherek said that he noticed the truck was not behaving properly, so he pulled over onto the shoulder of the road. Inspection showed loose lug nuts on one wheel, which was about to collapse. He called a wrecker, which lifted the truck and was about to move along the road when the lifting cable snapped, toppling the truck onto its side and spilling the load. The load was transferred onto another truck and taken to Republic.

## Views Of Others

### ART OF 'SELF DEFENSE'

For the benefit of those who still are wondering why the Chinese Communists invaded India, Peking has offered this explanation: The invasion is a "self-defense strikeback." Since the Indians had not attacked the Chinese, the latter had nothing to defend against. Nor, obviously, were they striking back. But what does that matter to the Communists? Their usual tactic is to yell "aggression" and then haul off and smack an ill-prepared neighbor, and the more ill-prepared the better for the Reds. The Peking verbiage is merely another phony way of using the aggression excuse to pick on a presumably weak nation. And it fits too far removed from the actions of the Soviets in placing offensive weapons in Cuba for the alleged defense of that country. — Grand Rapids Press

### SCIENCE FICTION

It was 2:06 p.m. in the newsroom of the Venus Banner, that planet's largest newspaper. The final edition was off, the presses were humming in the basement and the write man was idly scanning the lines, exclaiming at the odor of smoke and about 3:45 a.m. She went downstairs to investigate and discovered flames leaping upward from behind the refrigerator and moving across the ceiling of the kitchen. Mrs. Shuman then called the fire department and gathered the children together. No one had time to dress, but all were huddled in the small unheated porch awaiting arrival of firemen. The kitchen area of the house and furnishings were badly damaged by the fire.

### READ KHRUSHCHEV BACKWARD

How does Khrushchev interpret the recent events in Cuba to his own people? The official summary of his speech before the Supreme Soviet has just come from the press department of the Soviet embassy in Washington. It quotes Khrushchev to this effect: "The attack on Cuba, prepared by the aggressive imperialist circles of the United States, has been averted. The direct threat of a thermonuclear world war, which arose in connection with the crisis in the Caribbean, has been averted. . . . Events have confirmed that the peace forces are able to overcome the most dangerous international crisis, to curb the imperialist aggressors." Correct, approximately, if put in reverse—labeling Russia as the "imperialist" aggressor and the United States as the "peace force." — Milwaukee Journal

# Should British Give Up Famed Elgin Marbles?

BY JEAN WORTH  
Journal Special Correspondence

LONDON — A member of the parliament of Greece has asked when it intends to demand the return to Greece of the Elgin Marbles. This worthy has suggested that posters be placed on the Acropolis before the Parthenon declaring that the frieze atop the temple was "stolen by the barbarian hand of Thomas Elgin."

Americans are involved in this tizzy. Mrs. John F. Kennedy, our own Jackie, while vacationing in Greece, said, "I would like to see them back."

This is choosing sides in a complex problem of morals (and the legal niceties of possession) and it is likely that the more thought devoted to the problem the more will be the inclination to side with the British, who own this precious collection of temple decorations and who are disinclined to pack them up and send them back to Athens.

The show stopper for the quick-to-act is the almost certainty that if Lord Elgin had not hauled off the metopes and pediments from Greece to London, they would not today be in the rather well preserved condition in which they are provoking an argument that will go on for centuries, no matter what the outcome.

**Taking Saved Them**  
Lord Elgin's men saved the Elgin Marbles. This is an immense fact in the controversy. It is complicated by the circumstances that he acquired them from the Turks when they were owned, spiritually, if not by law, by the Greeks.

The British Museum has the Rosetta Stone and the Magma Carta and many other historic treasures, but nothing to compare with the Parthenon.

**Air-Conditioned**  
It will be the first completely air-conditioned high school in the state, and from this plant will come heating and cooling, depending on the need.

**Air Cleaning**  
The system also will utilize electronic air cleaning, and an unusual fluorescent plan which with reduced window areas is designed to improve the visual environment.

The designers said that the heat exchange concept made possible savings in general construction, and added that the cost of the school will be \$12.42 a square foot, compared with a range of from \$12.00 to \$18.00 for other schools in the same area.

**Side Glances**  
The tax experts have come up with a way to push your wife through a loophole. On the other side she may find happy basking in the social security pool.

**Swimming Through Loophole**  
The tax experts have come up with a way to push your wife through a loophole. On the other side she may find happy basking in the social security pool.

**Everybody Under The Tent**  
It doesn't stop there. Children can get into the social security system after they become 21, whether they work for parents as partners or for a parental corporation.

**Parents Can Come Under Social Security**  
If they do only domestic work in their children's homes, they can't be covered. At least not until tax experts or Congress devise new escape hatches.

**Parents Can Come Under Social Security**  
If they do only domestic work in their children's homes, they can't be covered. At least not until tax experts or Congress devise new escape hatches.

**Parents Can Come Under Social Security**  
If they do only domestic work in their children's homes, they can't be covered. At least not until tax experts or Congress devise new escape hatches.

lar marble. In the 500s the temple was used as a Christian church and when the Turks captured Athens in 1456 they used the building as a mosque and added a minaret.

The building was quite well preserved until 1667 when the Venetians tried to capture Athens. The Turks were using the Parthenon as a powder house, and when the powder exploded the central part of the building was wrecked. Enter Thomas Bruce, seventh Earl of Elgin, who was having Thomas Harrison build him Broom Hall in Fifeshire. When the Earl of Elgin in 1799 was appointed ambassador at Constantinople, Harrison who had studied in Rome and who was an Athens buff, suggested to him the possibility of obtaining some casts and drawings of the remains of ancient sculpture at Athens for his new mansion at Broom Hill.

**Casts Were Sought**  
Elgin thought the British government might finance a careful recording of the monuments that remained in Athens from the Age of Pericles but the government was overburdened with the cost and Elgin decided to undertake the work at his own expense.

The Turks charged for even a look at anything in Athens, but after obtaining first a firman (permit) for making casts, Elgin's men were finally given permission for "taking away any figures of stone." Down came a marble from the Parthenon. Elgin employed between 300 and 400 men for a year removing sculptures.

**Confined In Paris**  
Lord Elgin was recalled to London in 1803. He stopped at Athens to see completion of the work and inspected 200 chests full of marbles ready for transportation. Journeying toward England, Elgin was taken prisoner in France (Napoleon was loose) and Paris for two years.

Most of the marbles reached England in various ships but in the absence of their imprisoned owner and his family the chests remained unclaimed in English harbors. About a dozen large chests were shipped aboard the brig Mentor which sank near the island of Cerigo. Eventually divers recovered the precious marbles and they were sent to England. But Turkey had declared war on

But Turkey had declared war on

England and the marbles in magazines in Athens were taken to Piraeus under threat of shipment to France. England ruled the seas, so they didn't move. In 1812 the last 80 chests of marbles were sent off to England.

There the artistic worth of the marbles was bitterly attacked in Parliament, and Elgin was pilloried as a "marble dealer" and a "marble stealer." Lord Byron belittled him in Childs Harold. Elgin had met financial reverses and was obliged to offer the sculptures for sale to the British government. Although his bare costs in acquiring the marbles had been 31,000 pounds and the interest he paid on the capital was 23,000 pounds and Canova valued them at 100,000 pounds, the British Government paid 35,000 pounds (\$175,000 for them in 1816 and put them in the British Museum.

Scholars hailed the worth of the marbles from the first. By the end of World War I people from around the world were going to the museum to see them, and the campaigns to have them returned to Greece began, intensified, ebbed and were renewed.

Before World War II bombing got heavy the marbles were stashed in a subway station. In 1941 Britain was urged to hank Greece for her war effort with return of the marbles at war's end. The demands were repeated in 1950 and 1959.

**British Position**  
The reasoning advanced for the return is always the same. The Parthenon is an architectural temple of Western civilization. The marbles which were part of it should be back beside it. No one proposes that they be restored to the building as a frieze because what has remained on the building since Lord Elgin's project has deteriorated seriously.

The British suggest:  
1. The marbles are of great value to all students of western civilization and should be kept in accessible London.  
2. If the British Museum gave them back it would be morally bound to return its Egyptian and Chinese treasures, etc.  
3. If the Greeks are only to transfer them from a British to a Greek museum, what has been accomplished?

4. Museums couldn't exist if all their possessions were returned.

**Power Plant Site**  
Gentlemen:  
I have read with considerable interest the publicity about Marquette's new steam power plant, have heard Mr. Moore speak on the subject and, while I am not wholly in favor of public ownership, am convinced that the decision to build is a wise one, and our city officials are to be commended for their far-sightedness. There are, however, some comments concerning location which I feel have not been made public, as follows:

1. Mr. Moore and the commission defined what constitutes a "clean" plant from the firebox to the top of the stack, but what about the air and water pollution adjacent to the plant from handling up to 100,000 tons of coal annually? Everyone has observed how dirty a truckload of coal delivered to his home can be, and he knows what an area one-half mile in any direction from the steam plant will look like.

2. Apparently the plan on either side of the Standard Oil dock will involve a considerable amount of waterfront construction in the form of fill, dock, dredging, etc. Having worked for railroads, I feel qualified in saying that a ton of coal moved from the mines to Marquette via rail and water will cost the city the same whether it is delivered to them at dockside or dumped out of cars by railroad personnel. Why, then, not take advantage of the present coal dock in the lower harbor and the railroads and eliminate the need for ANY waterfront construction on the part of the city? Incidental to this will be the dock and railroad payrolls generated by such a scheme.

3. The Dead River area adjacent to the present diesel plant is a rather general industrial area, with three sawmills, one chemical plant, one railroad terminal, one tank farm and two electrical generating plants in operation. So any industry as large as the new steam plant would do well to locate in this complex, rather than start a new industrial area. Cooling water is available in large quantities, either from the Dead River or from Lake Superior via a short pipeline.

4. Is it possible that either of the downtown locations would be advantageous because someone has anticipated selling surplus steam to buildings and industries in the downtown area? If so, this should definitely be ruled out as being in direct competition to the present taxpaying coal and fuel oil businesses, who supply the fuel for individual heating units.

**Choraleers Praised**  
Dear Sir:  
The VFW Post 4573, Ishpeming, and Auxiliary would like to thank the "Choraleers" of Ishpeming publicly for their performance at the VA Hospital on Dec. 15. This very fine group of singers gave of their time willingly at a very busy time of year to provide entertainment for the patients at the Iron Mountain VA Hospital. The patients enjoyed the program very much. The therapeutic value of this kind of entertainment is very high, and the hospital encourages it very much. Many thanks to the Choraleers for their fine program to entertain these forgotten men.

WILLIAM J. JOHNSON

**Tech Building Needs**  
Gentlemen:  
Thank you for your Jan. 8 editorial, "Forestry School Problem." You have clearly pointed out one of Michigan Tech's greatest needs, that of adequate academic buildings for our growing enrollment in highly technical fields. We must have adequate funds for capital improvements and research if we are to continue to serve the needs of our state effectively.

The demand for modern space for forestry is only one of our building needs, but it is one of the most critical ones, after the library, our next major project.

Your sympathetic treatment of Michigan Tech in this matter and your broad support of higher education are greatly appreciated.

### Unemployment Figures

Dear Sir:  
Figures, especially when averages are used, are misleading when viewing the economic picture of the nation.

Unemployment figures do not show the actual number unemployed as those not eligible to draw unemployment are not recorded. Nor do these figures show the number employed at two or more jobs, depriving others of any. With job training, many unemployed and on relief could be trained to do some of these extra jobs.

Well-paid government jobs should be rationed one to a family. As long as taxpayers are paying the bills for them, they should be more fairly distributed and it should be further stipulated that those holding them should be barred from holding a second or third one, eliminating the practice of taking these extra jobs at sub-standard wages and underbidding those who have to depend on them for their livelihood.

Figures on averages of incomes are also misleading when computing the economic picture of the nation. These figures do not show how many are without incomes altogether and have to depend on doles for relief. Nor do they show how many have such small incomes, even with a full-time job that they cannot even afford to buy the necessities of life. Those with small incomes with only a \$600 exemption with the high cost of living are being taxed out of money they should have to spend for the essentials of living. An exemption of at least \$1,000 a year should be allowed to take some of the tax hardship from the shoulders of the low income groups, while giving tax relief to everyone.

The supporters of large families are also forced to pay large excise and sales taxes on the necessities of life, thus being forced to pay more than higher wage earners with small families in these taxes.

Necessities of life should not be taxed in any way, not only as it is unfair taxation but endangers the health of the low income groups through malnutrition, when taxed out of their food money.

## High School's Lighting Will Provide Heat

MILWAUKEE (AP)—A high school designed to utilize the heat of its own lighting fixtures and occupants to provide warmth during Wisconsin's frigid winters was described today by its architect.

The Kimberley school has no boilers nor furnace, in a north-eastern Wisconsin community where the temperature, as recently as this week, reached an official low of 25 degrees below zero.

**Air-Conditioned**  
It will be the first completely air-conditioned high school in the state, and from this plant will come heating and cooling, depending on the need.

Architects Ben Seaborne and Robert Sauter of Appleton said the air conditioning system will utilize body and lighting heat entirely to warm the building when the temperature outside is 23 degrees above zero, or more below that, the same system will extract heat from 52-degree well water used to serve the building.

The designers said that the heat exchange concept made possible savings in general construction, and added that the cost of the school will be \$12.42 a square foot, compared with a range of from \$12.00 to \$18.00 for other schools in the same area.

## 'With Friends Like This, Who Needs Enemies?'

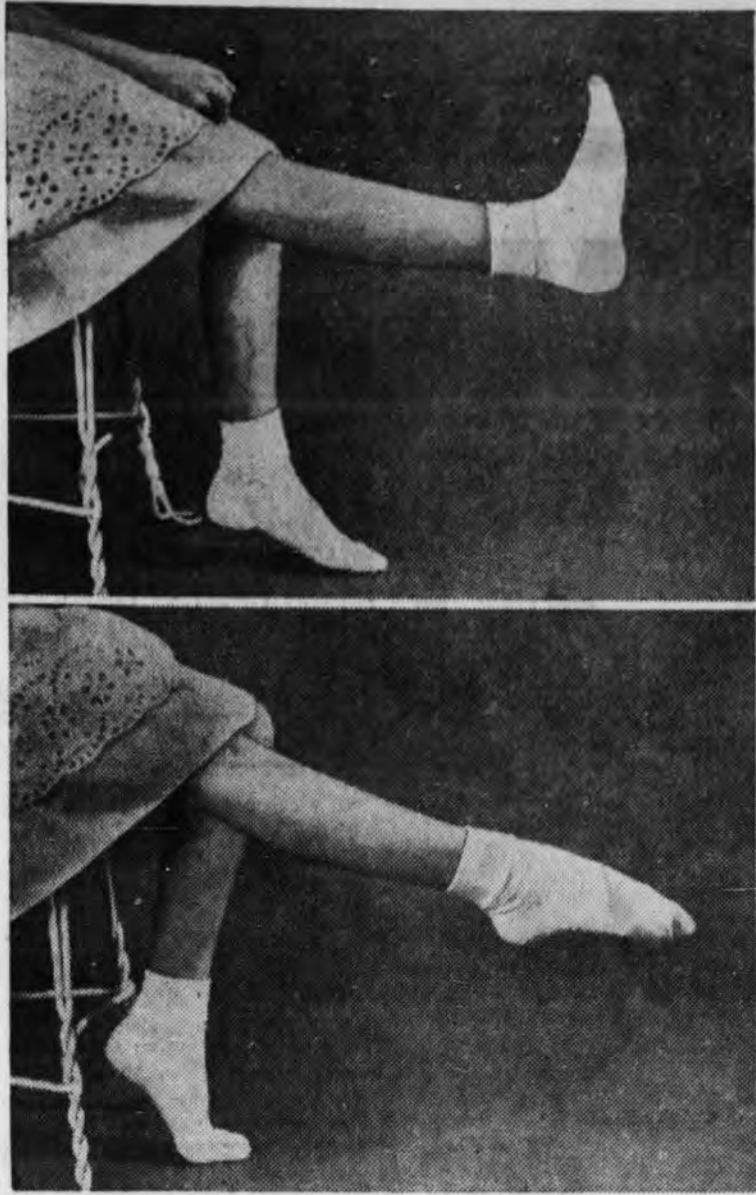

WASHINGTON — The federal income tax started out as a clean, razor-sharp operation that separated people from their money with the efficiency of a Balkan bandit. Then influence and compassion set in. Tax sharks began finding loopholes; Congress began voting concessions. Now there are special provisions for the blind, the oil millionaires, the married, the sick, the rich who invest in state bonds, students, the wealthy who make capital gains and so on through the lists of voters.

A few years ago, a group of experts listed 200 loopholes in the tax laws. More have been driven through since then. Tax laws have become a sort of twilight zone fish net. The big fish get through but the little ones are gilled.

Now another tax, the social security levy, seems to have started undergoing a similar process.

**Swimming Through Loophole**  
The tax experts have come up with a way to push your wife through a loophole. On the other side she may find happy basking in the

This young miss has been taught that strong legs and feet are important to good posture. She strengthens her ankle and leg muscles with this exercise (top left). With knees stiff, heel is forced forward. The position is held for a moment, then relaxed. She stretches her foot muscles (lower left) by stiffening the knee and extending the

toe as far as possible. This position is held for a few moments, then the toes are curled under. Too young for make-up, she enjoys pedicuring (right). Here she tames her cuticle with oil-dipped cotton swab before applying pink polish to nails.

### Foot Care Can Be Fun For The Small Girl

**ALICIA HART**  
Newspaper Enterprise Association  
As every mother knows, telling a small girl to do something because it is good for her invites balkiness. This is especially true during soap-and-water and hair-combing sessions. Fortunately, by the time she reaches 10 or 12, she'll want to primp, and will enjoy anything that smacks of the use of cosmetics just like mommy's. This is a good time for you to help your daughter along to better, lasting foot health. Every woman knows that there is nothing worse than aching feet. Proper care and exercise while a child is young are two of the best

ways to avoid this universal malady. **Grown-Up Feeling** Pedicuring and foot exercises provide a beauty ritual that makes a 10-year-old, for example, feel grown-up. She will enjoy having her own pedicure necessities — pedicure scissors, emery boards, cotton swabs and cuticle oil as well as a scented lotion for smoothing the backs of heels and the soles. A pink nail polish gives the final fillip. Meanwhile, pointing up the importance of exercise at this stage of foot growth, foot health expert Dr. Joseph Lelyveld says, "If corrective measures are taken before a child reaches the age of 12, near-

ly 80 per cent of the foot ailments of our present adult generation can be prevented among future generations." **Doctor Queried** Dr. Lelyveld says preteen foot health can come from "wearing shoes and stockings that fit properly, walking more, exercising to strengthen growing feet and applying a general knowledge of good foot care." He points out that a major cause of foot defects in the young is the wearing of shoes that are stiff. Other hazards to growing feet are nonabsorbent tight socks. He explains that a moisture-absorbing fiber such as a Duure merized cotton is healthiest. Once you have made the most

of proper fitting shoes and socks for your daughter and encouraged her in a pedicuring routine, promote as much walking as possible as well as home exercise. **Exercises Recommended** Dr. Lelyveld recommends these foot limbering exercises be done regularly each evening by your daughter: • After placing a pencil on the floor, have her pick it up with the toes. Do 10 times with each foot. It helps both toes and arches. • Then, plop a thick book on the floor and have her curl her toes over the side. Ten times, too. • As a wind-up, have her walk around the room on the outer rims of her feet. This exercise is wonderful for the arches.

### Benefit For Retarded Set Next Month

Members of the Beta Alpha Chapter of Beta Sigma Phi sorority has scheduled its annual smorgasbord for the benefit of the Marquette Chapter of the Michigan Children's Association on Feb. 16, it was announced today.

The smorgasbord, fourth annual benefit for retarded children, will again be held in St. Peter's Cathedral Hall. Serving will be from 5:30 to 7:30 p. m.

Tickets will be available within a few days, and persons wishing to make reservations now may telephone Mrs. James R. Smith at CANAL 6-8286, or Mrs. Jere B. Stafford at CANAL 5-0665. Sale of tickets, as in former years, is limited.

#### First In 1948

The sorority was among the first local organizations to hold a public smorgasbord, its initial one having been held at the Federated Women's Clubhouse on Nov. 23, 1948. A total of 125 persons were served at that dinner, but because of the need for larger kitchen and seating accommodations, the smorgasbord site was moved to Cathedral Hall, where 250 were served last year.

In former years, proceeds, have gone for the purchase of equipment for St. Mary's and St. Luke's Hospitals, and also for clothing for patients at the Marquette County Citizens Home.

#### Jewelry Report Given

At the smorgasbord-planning meeting, Mrs. Jere Stafford, chairman of the sorority's annual Christmas jewelry project, reported that a total of 179 sets of jewelry were packaged and delivered to the Christmas Bureau for distribution to the needy. Notes of thanks were read from the Family Service Society and the Christmas Bureau for the holiday contribution.

Mrs. Gunther Meyland, an honorary member and former director of the sorority, was a guest at the meeting. She was welcomed by Elsie Cardoni, vice president, who presided at the session.

### Victoria, Superior Lodge Officers For New Year Installed

New officers were installed by the Superior and Victoria Lodges of the Order of Vasa at a meeting Friday evening in the Odd Fellows Hall. Installing officers were Ewald Olson and Esther Anderson, district deputies.

The slate of officers for the Victoria Lodge follows: Dalmer Dahlstrom, past chairman; Judith Mattson, chairman; Ethel Anderson, vice chairman; Alice Oja, recording secretary; Jenny Erickson, financial secretary; Esther Anderson, treasurer; Minnie Anderson, chaplain; Rose Johnson, mistress of ceremonies; Ida Bangren, vice mistress of ceremonies; Ingrid Wagner, inner guard; Edla Johnson, outer guard; Minnie Anderson, trustee for three years; Dalmer Dahlstrom, delegate to district convention, and Jenny Erickson, alternate delegate to district convention.

Superior Lodge officers are: George Oja, past chairman; Albert Erickson, chairman; Gust Anderson, vice-chairman; Ted Martinson, recording secretary; Carl Mattson, financial secretary; W. H. Larson, treasurer; Eskil Froling, chaplain; E. T. Olson, master of ceremonies; Carl Bangren, inner guard; George Oja, trustee for three years; Alfred Eliason, E. T. Olson and Eskil Froling, auditors; Albert Erickson, delegate to district convention, and George Oja, alternate delegate to district convention. A social hour followed the installation.

### Sweeney-Jean

(Putman's, Sault Ste. Marie, Ontario, Canada)

A ceremony Saturday morning in Blessed Sacrament Church of Sault Ste. Marie, Ontario, Canada, united in marriage Louise Winnifred Sweeney, daughter of Mr. and Mrs. Thomas Sweeney of the Canadian Sault, and Robert Harvard Jean, son of Mr. and Mrs. Harvard Jean of Marquette.

Red and white chrysanthemums decorated the high altar of the church for the 11 o'clock double ring ceremony and Nuptial High Mass, at which the Rev. R. J. McFarland officiated. The bride's father gave her in marriage.

Miss Ann Marie Sweeney was her sister's maid of honor and bridesmaids were Mrs. Lawrence Faught and Miss Sandra Vernelli, all of Sault Ste. Marie, Ontario.

**Brother Best Man** Jerome Jean of Sault Ste. Marie was his brother's best man and William Johnson and Richard Johnson of Marquette were groomsmen. Seating the guests were George Raish and Werner Peterson, all of Marquette.

The bride's floor-length gown of white satin brocade was styled with scoop neckline trimmed with seed pearls, long tapered sleeves and full bell-shaped skirt, gathered at the back in a bustle and extending into a chapel train. A satin pillow held her fingertip veil in place and she carried a bouquet of white roses and carnations.

The bridal aides were gowned alike in royal blue brocade, fashioned with scoop necklines, three-quarter sleeves and bell shaped skirts, street-length. They wore white fur headpieces and carried white fur muffs adorned with blue chrysanthemums.

Mrs. Sweeney attended her daughter's wedding wearing a gold-colored print sheath trimmed with an organza bow of mint green, beige accessories and a corsage of white chrysanthemums. Mrs. Jean wore a beige silk sheath with matching accessories and a corsage of yellow baby chrysanthemums.

**Breakfast, Reception** A wedding breakfast was served in the Tuscany Room at 754 Queen St. in the Canadian Sault and a Wis.

### Redman-Wendt Team Posts Leading Score In Bridge Club Play

Mrs. W. A. Redman and A. P. Wendt copped the high honors in the Superior Duplicate Bridge Club's regular Friday night session at the Clifton Hotel. Their percentage score was 61.11.

Six other teams posted scores of 50 per cent or above. They were Cleve Sullivan and C. E. Gibbs, 55.92; Mr. and Mrs. Bernard Schmeltzer, 55.55; Mrs. Thomas Robinson and Mrs. Adelaide Jurmu, 54.44; Mrs. Luther McGee and Mrs. Russell Adams, 54.07; Mrs. Carl Johnson and Mrs. Nathan Narotky, 51.85; and Mrs. E. C. Shariner and Mrs. D. D. Rosinsky, 50.74.

reception was also held there. The couple left later on a wedding trip to New Orleans, La., and other points on the Gulf Coast. Friday evening, the groom's parents hosted the rehearsal dinner at the Pagoda Restaurant in Sault, Ont.

The bride is a graduate of Holy Angels School and the Sault Ste. Marie (Ont.) Technical and Commercial High School. The groom, a graduate of Bishop Baraga Central High School here, received a bachelor of business administration degree from the University of Notre Dame, South Bend, Ind., where he was affiliated with the Commerce Club, Program for Administrators Club and the Sailing Club. He is his father's partner in Jean's Jewelry Store here.

**Residing Here** Following their return from the South, Mr. and Mrs. Jean will reside at 418 E. Arch St.

Out of town guests at the wedding were Mr. and Mrs. Jerome Jean, Sault Ste. Marie, Mich.; Mr. and Mrs. Milton Kelly and daughter, Gail, Big Rapids; Mr. and Mrs. Robert W. Kelly, Livonia; Mrs. and Mrs. Richard J. Kelly and children, Maureen and Michael, Mr. and Mrs. Harvard A. Jean, Mr. and Mrs. Werner Peterson, Mr. and Mrs. Daniel Rice, Russell Swenor, Thomas Dunham, Robert Decebor, Frank Sommers, Ed Noel, Dale Anderson, and Dr. and Mrs. K. Charles Wright, all of Marquette; Misses Barbara and Mary Altobello, Ishpeming; Pfc. Robert Sweeney, Fort Hood, Texas; John Sweeney, Toronto, Ontario; Miss Eleanor Keating, Toronto; Specialist-5 Victor Austin, Fort Hood, Texas, and Mr. and Mrs. Frederick Green, Green Bay, Wis.

### Dates Given For Musical At Northern

"Guys and Dolls," the second successive Broadway musical chosen for production at Northern Michigan College, has been scheduled for March 12, 13, 14 and 15 in Kaye Auditorium.

Rehearsals for the show, written by Frank Loesser and based on a story and characters by Damon Runyon, will get under way following the semester vacation, it was reported today by Dr. Harold E. Wright, general coordinator.

The hilarious "Guys and Dolls," which had a long run on Broadway, has an all-college cast. Northern's first musical, the delightful Rodgers and Hammerstein show "South Pacific" was produced a year ago and was an outstanding success. Among those in the cast for this year's musical are Jack Wicklund, Ilona Hatula, Frank Wareham and Deana Ross, all of whom had leading roles in "South Pacific."

Dr. James L. Rapport is director of dramatics and staging and Jerry Stafford is music director. Naima Prevots, who conducts a dancing class at Northern, is choreographer.

### Legion Auxiliary Sponsoring Public Card Party Tonight

The American Legion Auxiliary is holding a card party tonight at the Legion clubrooms. The public is invited to the party, to begin at 8. Prizes will be awarded at each table and refreshments will be served after the games.

### Meetings

The DeMolay Mothers Circle will meet tomorrow evening at 7:30 in the Masonic Temple lounge.

### Personals

Mrs. George Wigglesworth of Kokomo, Ind., and Mrs. David Rogers of Northbrook, Ill., returned last night by plane to their homes after attending funeral services for their uncle, Dr. Andrew L. Swinton, who died Saturday.

### Births

PEDERSEN — A daughter, Penny Lynn, was born Jan. 20 at St. Mary's Hospital to Mr. and Mrs. Allan D. Pedersen, 346 E. Arch St., Marquette.

COTE — Mr. and Mrs. James Cote of Big Bay are the parents of a son, born Jan. 20 at St. Mary's hospital.

### Engaged

Mr. and Mrs. Roy Johnson of Chatham announce the engagement of their daughter, Sandra Lee, to William Laukkanen, son of Mr. and Mrs. Albert Laukkanen of Rock. No date has been set for the wedding.

Sgt. and Mrs. Nick D. Predovic, K. I. Sawyer Air Force Base, announce the engagement of their daughter, Sandra Kathleen, to U.S. Navy Seaman Dennis Jack Erickson, son of Jack Erickson of Gwinn and the late Mrs. Erickson. Miss Predovic and her fiancé, now stationed in Frankfurt, Germany, have not set a date for their wedding.

### 'Salute To Walt Disney' Theme For Next Month's All-Events At Northern

Plans are now being completed for the annual All-Events Weekend, biggest wintertime activity of the year at Northern Michigan College, scheduled Feb. 22, 23 and 24.

Central theme of the weekend this year is "A Salute to Walt Disney." The committee in charge decided on the theme "because the genius of this man has made a tremendous contribution in terms of tears and laughter to millions of Americans, both young and old." This year, as in the past, Northern is inviting all Michigan colleges and universities to enter candidates in the annual Michigan Collegiate Snow Queen Contest.

Last year's queen was Miss Audrey Bauman from Central Michigan University, Mt. Pleasant, and the 1961 queen was Miss Stephanie Cizek from Jackson Junior College.

Again this year, the Northern student body will elect a Northern Sweetheart to act as hostess to the visiting candidates. All interested organizations at the college have been asked to nominate a junior or senior coed as a candidate for the Sweetheart title.

Nominees will be judged, it was announced, on the basis of beauty, poise and charm.

Some changes have been made in this year's All-Events Weekend schedule. In addition to first place trophies and second place plaques, a point system will be set up on the basis of which a major All-Events trophy will be presented to the organization gaining the most points in total competition.

Received, either by letter of transfer, adult instruction or affirmation of faith, were the following:

Mrs. Frank Adamini and son; Mr. and Mrs. Robert Bouscher and family; Mr. and Mrs. Arvo Eskelinen and family; Mr. and Mrs. Douglas Hartz and daughter; Miss Nancy Hartz; Mrs. Freda Johnson; Mr. and Mrs. Reuben Koski and family; Mrs. Daniel Krieg and family; Mrs. Helen Larson and family; Mr. and Mrs. Ronald Peltis and family; Mr. and Mrs. Kenneth Perala and son; Mr. and Mrs. Russell Perala and family; Mr. and Mrs. Raymond Smith; John Solka; Miss Sandra Van Dellen, Mr. and Mrs. Viljo Venetjoki and family, and Virginia Mae Whalen and son.

Following the service, there was a coffee hour at which members of the Mary Circle of the Women of St. Mark's were hostesses.

26 Received Into Membership Sunday At St. Mark's Here

Twenty-six adults were received into membership at St. Mark's Lutheran Church at the 11 o'clock worship service Sunday morning, the Rev. Thomas V. Asuma, pastor, reports.

## 14 Reasons Why RAMBLER '63 Wins Motor Trend Magazine's Award as "CAR OF THE YEAR"

Rambler won this great distinction over all other cars. How come? Read these comments from the Motor Trend experts who tested the American, Classic and Ambassador:

1. You get room for six 6-footers. "Interiors of both Classic and Ambassador are roomy and comfortable... plenty of leg-room."
2. "Classic and Ambassador have cleaner, more functional design... apparent from almost any angle."
3. "The basic-engined Classic gave an overall average of 23.1 miles per gallon."
4. "The Ambassador V-8 is a sportier, more performance-oriented vehicle" (test car had opt. 270 HP V-8, 250 HP std.).
5. "Rambler is now one-up on every other car... with its new sports-car option, Twin-Stick Floor Shift with overdrive."
6. New Advanced Unit Construction... results in a unit so strong it'll take punishment longer and, naturally, hold its resale value."
7. Rambler's exclusive "reclining bucket seats with headrests are options well worth the extra expenditure."
8. "Rough roads can be stormed with confidence. There isn't any pitch or choppiness noticeable."
9. All Ramblers have, in effect, "two separate braking systems for the front and rear wheels. If either one should suddenly fail, the remaining one can bring the car to a safe stop." Self-adjusting brakes standard.
10. "Quality has always been one of American Motors' largest selling points and continues to be in the new models."
11. The sedans' trunks are "large with a good amount of usable space."
12. "We've never seen a heater that produced more heat. At its maximum it should be up to any climate."
13. "In addition to long-recognized owner-appreciation features... the factory has doubled the new-car warranty to 24 months or 24,000 miles!"
14. Rambler's "an even better buy this year," according to Motor Trend experts. Here are some outstanding examples: the American 220 for \$1846\*, the Classic Six 550 for \$2055\*, the Ambassador V-8 880 for \$2465\* (all 2-door sedans).

\*Manufacturer's suggested retail price for 1963 Ramblers. Dealer price may vary. Optional equipment, transportation, state and local taxes, if any, extra.

# State Commander Given Life Membership In Legion Post

ISHPEMING — Michigan Department Commander Joe Paul was presented a life membership in the Ishpeming American Legion Post at a meeting last night in conjunction with the midwinter tour of the Upper Peninsula by state Legion officers.

Paul was accompanied on the tour by State Adjutant Thomas A. Kouri, Service Officer Leo Leggett, and the department auxiliary president, Phyllis Lory.

Also accompanying the group was the state public relations officer, Neil Bertram, who also is editor of the Michigan Legionnaire, official publication of the department.

Reviews Paul's Career

Before 90 members and guests from Ishpeming, Negaunee, Marquette and Ironwood, Jack Boase,

post commander, briefly reviewed the career of Paul in his own post, in district and zone affairs and in the positions he has held on the state level prior to his unanimous election last year as department commander. He then presented Paul with the life membership.

Special guests present included Fifth Zone Commander C. Lester Goodwin of Ironwood, the U.P. association commander, Robert Alexander of Marquette, and the association adjutant, Oral (Moose) LaCombe of Negaunee.

Following entertainment by the Ishpeming Choralers under the direction of Jack Boase, Paul presented a department commander's flag to the Ishpeming Blue Notes color guard and designated the

Ishpeming Blue Notes Drum and Bugle Corps as the official Department of Michigan marching unit. In this capacity, the Blue Notes will lead all parades in which the department commander takes part, including the next state convention parade in Detroit next summer.

Commenting on his first few months in office, Paul recounted some of his experiences, both serious and humorous. He particularly noted the respect paid to the American Legion in the person of the department commander. He stressed that his particular efforts have been toward increased respect for and display of the American flag.

In this respect, Paul presented a flag to the Ishpeming office of the Michigan Employment Security Commission office which was accepted by Jerry DeGabriel, local office manager.

He further noted the extensive work being done by the American Legion and its officers in 550 posts with over 70,000 members in the state.

Boase announced that, earlier in the day, Paul had presented a commemorative plaque to the Ishpeming post chaplain, Charles Olson, who had served in this capacity for 33 years and who has been a member of the American Legion for 40 years.

The meeting was preceded by a dinner at the Mather Inn, where state and post officers were guests of Paul.

Following the meeting, refreshments were served by members of the local unit of the Legion auxiliary.

Later Paul, Mrs. Lory, Leggett and Goodwin appeared on Station WLUC-TV in a public service presentation outlining some of the current projects and objectives of the American Legion and its auxiliary.

# Two Cars Damaged In M-28 Collision

L'ANSE — Two cars were damaged and a driver ticketed in a collision at 12:30 p. m. Sunday on M-28 near Covington.

An auto driven by Larry C. Hiltunen, 20, Watton, was struck by another driven by Richard A. Munro, 23, Ontonagon, who pulled out to pass as Hiltunen started to make a left turn into a filling station. Munro told state police he did not see Hiltunen's left-turn signal.

The right side of the Munro car and the left side of the Hiltunen vehicle were damaged considerably, but both cars were driven away. Munro received a summons for violation of the basic speed law.

# Miss Kemp, Former U.P. Teacher, Dies

ISHPEMING — Miss Mildred Kemp, 60, of 116 1/2 S. North Ave., Fairmont Minn., died early yesterday morning in the St. Joseph's Hospital in Fairmont.

She was born July 2, 1902, in Ishpeming and graduated from Ishpeming High School and Northern Michigan College.

Miss Kemp taught school in Marquette, Lawton and Lansing for eight years, then moved in 1940 to Fairmont, where she was employed by the Fairmont Electric & Hardware Co.

Survivors include three brothers, George and James of Ishpeming and Raymond Kemp of Fairmont, Minn., and a sister, Mrs. Harry Aldrich of Lansing.

The body will be brought to the Bjork & Zhukie Funeral Home tomorrow.

Services will be held Thursday at 2 p. m. at the funeral home with the Rev. Eric Hammar officiating. Burial will be made in Ishpeming Cemetery.

# Fredrickson New President Of Ishpeming Credit Union

ISHPEMING — Clarence Fredrickson, 754 Wabash St., was elected president of the Ishpeming Co-Op Federal Credit Union at its annual meeting in the Ishpeming Armory.

Calling the meeting to order, the new president welcomed members and guests, in addition to giving a report of the board of directors which showed 12 regular and two special meetings during 1962.

**\$39,000 Increase In Assets**

The treasurer's report by Toivo Kivikko showed assets of \$230,451.10 which was an increase of \$39,000 over the previous year. Loans outstanding amounted to \$217,835.80, a gain of \$35,400. Savings amounted to \$190,500, up \$30,000. The number of loans outstanding increased by 24.

Membership increased during the year by 70, for a total membership in the union of 592.

William Goyen gave the supervisory committee's report, while the credit committee report was presented by Ina Carlson. It showed a total of 512 loans for the year 1962.

William S. Antilla, stressing the importance of each member becoming a systematic saver in the credit union, gave his report as chairman of the education committee.

Robert Strum, Co-Op Super Market manager, emphasized the benefits to be derived by each member in patronizing and using the store's services.

**Other Officers**

Elected officers, besides Fredrickson, were William S. Antilla, vice president; Elmer St. Onge, secretary; Toivo Kivikko, treasurer; and Elmer Aho, director.

Appointed to the supervisory committee were William D. Sheldon, chairman; William Goyen, secretary; and George Koski, member.

Ina Carlson was re-elected to the credit committee.

Following the business meeting, a smorgasbord lunch was served, followed by dancing.

A highlight of the meeting was a collection of \$40.10 for the March of Dimes.

Sobeloff of the U.S. 4th Circuit Court of Appeals and Chief Justice Earl Warren of the U.S. Supreme Court refused to delay an order that Harvey Gantt, 26, of Charleston be enrolled at Clemson.

Russell said he might make a statement after conferring with state officials. The trustees set their meeting for Wednesday or Thursday. Other state officials refused comment.

**First Negro**

Gantt, who will probably be enrolled next Monday as a transfer from Iowa State University, will be the first Negro to attend a previously all-white school in South Carolina on any level.

"I hope now that all the legal drawbacks are behind me," Gantt said at his home Monday night. He said he "generally felt real good" about the latest court action.

Atty. Gen. Robert F. Kennedy said he has no plans to send marshals into the state, as was done at the University of Mississippi in the case of James Meredith.

**'No Trouble'**

Leaders in South Carolina, Kennedy said in an address to Washington area Episcopal Church ministers, "have decided there will be no trouble in South Carolina."

Clemson can appeal the order to admit Gantt. Meantime, the college must admit the Negro architecture student.

# Charlevoix Brothers Killed In Road Mishap

CHARLEVOIX (AP) — Leon Wielenga, 20, and his brother Raleigh, 13, of Charlevoix, were killed Monday night when their car ran into the rear of a semi-truck on US-31 just north of here. A sister, Myra, suffered a fractured jaw and minor injuries. Charlevoix County sheriff's officers said the truck had slowed down to make a turn into a bulk plant, and the Wielenga car apparently was unable to stop on the slippery pavement.

# Baraga School Board Seeks Extension Of Accreditation

BARAGA — The Baraga Township Board of Education has agreed to "pull out all the stops" in efforts to retain accreditation with the North Central Association.

At its January meeting, the board authorized two members, Heuben Niemisto and Walfred John Waara Jr., along with E. E. Erickson, superintendent of schools, and Donald Beckman, music director, to confer with North Central officials in Ann Arbor next month in efforts to stall off the threatened loss of accreditation.

**Two Warnings Received**

Arthur A. Kujansuu, principal, and Erickson reported that the school has received official warnings for the past two years concerning grossly inadequate physical facilities for the music department. They added that in past years it has been the practice of North-Central to issue two consecutive warnings and, if the unsatisfactory conditions are not corrected, the school in question is

dropped from the accredited list the third year.

At present, the music program in Baraga High School is conducted in a 10 by 10 foot practice room, which is not sound proof and on the stage of the school gymnasium. A first floor classroom also is used several times a week on a "pinch hit" basis for choral practice.

The North Central Association previously turned thumbs down on a proposal to use the now abandoned 70-year-old wooden grade school building to house the music department. No other complaints were listed on last year's North Central report of Baraga High School.

**'Step Backwards'**

Most of the board members agreed that loss of accreditation would be a serious handicap to the school system. William Mayo, board secretary, declared: "As far as I'm concerned, loss of accreditation would be a definite step backwards."

Dr. E. J. Rosich, trustee, who questioned the necessity of North Central accreditation, suggested that a letter written to the accreditation board would serve as well as a personal visit by board members and faculty representatives.

"We would be shirking our duties as school board members if we did not make every possible effort to stay on the accredited list," Niemisto declared. "We can't afford to overlook any opportunity to present our case to the best advantage."

**To Seek Extension**

Niemisto, Waara, Erickson and Beckman will meet with the accreditation board in Ann Arbor Feb. 6 to seek an extension of accreditation until a method of complying with NCA standards can be decided upon. Actual expenses of the four will be paid by the board.

An engineering survey of the high school building is being made to determine whether the foundation, which has settled considerably, has stabilized sufficiently to permit permanent repairs to the building, or whether it will be necessary to rebuild a part of the existing high school or construct a new building. The rate of settling cannot be determined by the consulting engineers until after the ground thaws in the spring, when precise measurements will be compared with those taken last fall.

**Land Sale Deferred**

Sale of two parcels of school-owned land was deferred until the February meeting, since an offer made by Rudolph Tahtinen of Peikie was considered too low.

Sale of one of the lots to Elmer Lyytikainen of Maywood, Ill., for \$200 has been held up pending a decision to sell the second parcel.

Erickson reminded the board of the annual meeting of school board members and administrators scheduled for Jan. 26 on the Marquette campus of Northern Michigan College. Robert A. Jacobs and Carl Simula, board members, and Erickson, Kujansuu and Grant Berggren, guidance counselor, plan to attend.

Boase announced that, earlier in the day, Paul had presented a commemorative plaque to the Ishpeming post chaplain, Charles Olson, who had served in this capacity for 33 years and who has been a member of the American Legion for 40 years.

The meeting was preceded by a dinner at the Mather Inn, where state and post officers were guests of Paul.

Following the meeting, refreshments were served by members of the local unit of the Legion auxiliary.

Later Paul, Mrs. Lory, Leggett and Goodwin appeared on Station WLUC-TV in a public service presentation outlining some of the current projects and objectives of the American Legion and its auxiliary.

# Iron Ore Again Tops State's Mineral Production Figures

LANSING — Mineral production was valued at 439 million dollars in Michigan last year, some four million short of the 1961 level, according to preliminary figures of the U.S. Department of the Interior and the State Conservation Department.

Smaller shipments of iron ore and petroleum largely accounted for the slip in output, overshadowing gains made in the production of gypsum, copper, cement, salt and chemicals derived from brines.

Although down about 6 million dollars from the year before, iron ore again led all types of mineral production. Next in value were cement, petroleum and copper.

Iron ore shipments totaled an estimated 9,250,000 long tons for a value of 81.4 million dollars. Copper production, valued at 45.3 million dollars, rose slightly to more than 73,000 tons.

Non-metallic minerals used for building and road construction were produced at about the same level as in 1961. Small declines in the output of sand and gravel and stone were balanced by increased shipments of cement, clay and gypsum.

Salt production increased 11 percent while the value of chemicals coming from brines (bromine, calcium-chloride, iodine, magnesium compounds and potash) edged upward six percent from the year before.

Value of mineral fuels was down five percent as petroleum production dropped 1.7

million barrels below the 1961 level. The state's output of natural gas climbed to a record 29.6 billion cubic feet. Production of peat, another mineral fuel, jumped to 225,000 short tons.

Last year's production values for non-metals are estimated at: Cement, \$80.7 million; brine products, \$49.4 million; sand and gravel, \$46.1 million; salt, \$33 million; stone, \$29.9 million; lime, \$13.3 million; gypsum, \$4.9 million, and clays, \$2.1 million.

The breakdown of mineral fuel values shows: Petroleum, \$50.2 million; natural gas, \$6.5 million, and peat, \$2.3 million.

# Olds, Police Officer Fifty Years, Dies

ISHPEMING — William J. Olds, 85, of 713 N. Second St., died last evening in the Medical Section of Morgan Heights, where he had been a patient two years.

Mr. Olds was born July 13, 1877, in Humboldt, and lived in Ishpeming all of his life. He served with the Ishpeming Police Department for 50 years and was a member of the Wesley Methodist Church.

Mr. Olds is survived by three daughters, Mrs. Jack (Lillian) Liberty of Marquette, Mrs. Harold (Alice) Eastberg of Menominee and Mrs. Langford (Evelyn) Collins of Sault Ste. Marie; four brothers, Robert of Marquette, Edward of Butte, Mont., Joseph of Ishpeming and George of Negaunee; four grandchildren and seven great-grandchildren.

Services will be held at 3 Thursday afternoon in the Swanston Funeral Home, Marquette. The Rev. Eric Hammar, pastor of Wesley Methodist Church, Ishpeming, will officiate and burial will be made in Park Cemetery.

Friends may call at the funeral home tomorrow afternoon and evening.

# Poster Boy

President Kennedy posed at the White House Monday with six-year-old Jimmy Boggs of Coy, Ark., the 1963 March of Dimes Poster Boy. Jimmy wears leg braces and can walk slowly with the aid of crutches after two operations, performed to correct birth defects. (AP Wirephoto).

# Two Vehicles Damaged In Area Crackup

ISHPEMING — Two vehicles were damaged in a smashup at 3:50 yesterday afternoon on County Road AD, at County Road A.A., in Champion Township.

State police said Clover Pekuri, 41, Champion, had made a left turn onto Road AD from Road A.A. and had almost completed the turn when her car struck an automobile being driven north on Road AD by Earl DeLarye, 42, Route 1, Marquette. DeLarye was stopped when the mishap occurred.

The left front of Mrs. Pekuri's 1961 pickup truck and the front end of DeLarye's 1963 station wagon were damaged and both vehicles were driven from the scene under their own power.

# Mt. Clemens Woman Killed In 2-Car Crash

WARREN (AP) — Mrs. Tse Fishman, 33, of Mount Clemens, was killed Monday when a car driven by her husband collided with another car in Sterling Township.

# Ishpeming UF Total Climbs To \$26,505

ISHPEMING — A report received today indicated that a total of \$26,505.27 has been pledged to the Greater Ishpeming and Surrounding Townships United Fund. Guido Bonetti, drive chairman, said: "Reports are very encouraging for reaching our goal of \$29,500, but we would like to have those who haven't sent in their donations to do so, so that we can arrive at a final complete figure for the drive."

Solicitors completing assignments were Mrs. Edith Broad, Wilfred Lamour, Al Stam, Vernon Schmeltz, William Heavyside, Roger Benzie, Spencer Heiden, Larry Robertson and Ray Pajula. Organizations reporting 100 per cent employee contributions included: Ishpeming Greenhouse, Simons Bros., Royal Bar, Vielmetti Chevrolet (Vielmetti Chevrolet employees averaged \$11), Barton Malow employees on the Empire Mine project in Palmer, with 93 employees participating, gave one hour's pay as Tom Weaklund and Ray Pajula completed their solicitations. J. C. Penney Co. employees, with William McLaughlin

# Public Invited To Attend Services At Bible Baptist

ISHPEMING — The Rev. Lloyd Wealton, pastor of the Bible Baptist Church, issued a call to the public this week to attend Gospel services at the church each night at 7:30.

Services at the church, which is located on the corner of Third and High Sts., will feature Arelene Wilkins, a soloist, pianist, accordionist, vibist and bellringer, and Joyce Kaufman, an artist using black light chalk.

The services will be conducted through Jan. 27.

# Tel-Star Film Seen By NBPA

NEGAUNEE — Robert Polzin, area manager for Michigan Bell Telephone Co., presented the new Bell film on its Tel-Star satellite at the monthly meeting of the Negaunee Business and Professional Association Monday noon at Gurchinoff Fine Foods.

Following showing of the film, Polzin conducted a 30-minute question-and-answer period on Tel-Star and the new satellite which Bell is in the process of building for commercial purposes.

# 70 From Sawyer Base To Be Transferred To School In Gwinn

GWINN — To solve the problem of unequal distribution of elementary pupils in the schools here, 70 children from K. I. Sawyer Air Force Base will be transported daily to classes at Gilbert Elementary School, Gwinn, beginning Wednesday, according to Thomas Moss, principal of the Sawyer school.

Unpredictable shifts in enrollments have swollen classes at the base schools while the student population at Gilbert School has decreased. At the beginning of the year Gilbert had an enrollment of 555, but has dropped to 305. The Sawyer school has climbed from 660 to 740.

Elementary children living at the Air Force base now attend one of two school shifts being conducted at McDonald school. Within four weeks a new Sawyer Elementary School will open; however, it was designed for only 520 pupils. With its opening, all elementary schools in the Gwinn system will operate on full-day schedules.

# Nine Fined In Negaunee Traffic Court

NEGAUNEE — Nine drivers ticketed by state police for violations of the state motor vehicle code entered guilty pleas when they appeared before Judge William Haupt in Negaunee Municipal Court.

Richard Bought, Marquette, and Roger Herman and Stewart Abbott of Negaunee, each paid a \$5 fine and \$3.70 costs for traveling too fast for conditions.

Aino Keto, Negaunee, paid a \$5 fine plus \$3.70 costs for exceeding the speed limit, and a similar amount was paid by John Ellman, Negaunee, charged with improper overtaking and passing of another vehicle.

Fines and costs amounting to \$5 apiece were paid by David Bennett and Robert Kindstrand, Negaunee, for failure to have operator's license, and Thomas Hopper, Sawyer AFB, for having a mutilated operator's license. Melvin Rosevear, Negaunee, charged with driving a vehicle having defective equipment, was ordered to pay \$2 court costs.

# Two Unhurt In Serious Road Crash

BARAGA — Two Baraga men, Roy Tapio, 21, and Arthur Tessmer, 47, escaped injury in an accident at 5 yesterday afternoon on M-35, a mile west of Baraga, in which a farm tractor and an auto were wrecked.

According to sheriff's officers, Tapio, who was traveling down the right shoulder of the road, made a U-turn onto the highway without signaling, directly into the path of Tessmer's car, which was trying to pass the tractor.

Although Tessmer swerved to the left in an attempt to avoid a collision, his car hit the tractor broadside, knocking the tractor engine completely off and wrecking both vehicles. The Tessmer car then careened off to the left side of the road into the ditch.

Officers said it was surprising that in so serious an accident neither driver was injured. Both vehicles had to be hauled away. Tapio was ticketed for making an improper left turn.

# State Has 150,000 Cattle For Market

LANSING (AP) — Michigan had 150,000 head of cattle and calves on feed for the market as of the first of the year, reports the Federal-State Crop Reporting Service. This was nine per cent higher than the 138,000 on feed last year at the same time and 20 per cent more than the five-year average.

"SKINFLINT" — The expression "skinflint" started in the days when flint was used to make fires. The flint had to be sliced off thinner and thinner for each new fire and the "skinflint" was the one who would use it down to its final layer of skin.

# Tally Termed Inconclusive By Heideman

HANCOCK — Results of last week's recount of votes cast for the 32nd state senatorial district seat are termed "inconclusive" by the defeated Republican candidate, Bert M. Heideman, Hancock attorney.

Heideman stated that, contrary to previously released figures, the vote margin between him and Sen. Charles O. McManiman, Houghton Democrat, had been reduced from 277 to 243. He noted that a large proportion of the challenged precincts could not be recounted because of irregularities and failures to comply with election procedures. The recount also turned up a total of 134 votes in Ontonagon County which had not been counted at the time of the election in November.

"Serious Irregularities" — "The recount requested by me ended with inconclusive results," Heideman said, "inasmuch as 13 precincts, most of them large precincts in Houghton County, could not be recounted because of serious irregularities such as unsealed voting cans, unsealed packages of votes or discrepancies between the total number of votes and the totals listed in the poll books. The Senate committee which conducted the recount set up criteria requiring that two of the three specifications mentioned above be met in order to recount the votes from the challenged precinct."

A total of 63 precincts — 43 in Houghton County, 11 in Baraga County and nine in Ontonagon County — were listed for recount. No precincts in Keweenaw County were challenged by Heideman.

"I gained votes in all three counties," he said. "There were also many votes for me which were not allowed because of some discrepancy on the ballot."

"Although Sen. McManiman finished ahead, this has not been a recount in the sense that I had wanted it to be. We will never know for sure who won this election. There are serious failings in our election procedures and definite changes should be made."

**Absentee Ballots** — "I am convinced for one thing that absentee ballots in machine districts should be tallied in the old-fashioned way, rather than pushed through by an election official. It is a sacred right for a man to be able to vote his own vote, and not have it voted by someone else."

"In a case such as this, there should be a special election held for the candidates involved to determine who really won. Apparently, all that is needed to prevent a recount in a close election is failure to comply with election laws. A precinct that fails to comply is refused a recount and the original figures are used. Thus, there is no chance to find out if errors have been made because there is no recount."

**Report Given Senate** — The Senate recount team, headed by Sen. Thomas F. Schweigert, Republican of Potoskey, began its four-day task in Baraga County and finished in Houghton County. Official results of the tabulations were to be announced following the committee's report tonight to the State Senate.

The recount committee was comprised of Republican Senators Schweigert, Harold Hughes and Milton Zaagman and Democrats William Ford, Basil Brown and Raymond Dzendzel. Talliers and challengers for both Heideman and McManiman followed the proceedings closely. Heideman was represented by L'Anse Attorney William G. Konstenius, and McManiman's counsel included Gordon J. Jaaskelainen, Lawrence P. Walsh, Joseph M. Donnelly and Donald Munro.

# 92-Year-Old Woman Dies In Ishpeming

ISHPEMING — Mrs. Maria Kalsa Lummuikka, 92, West Ishpeming, died early this morning in Bell Memorial Hospital, where she had been a patient for eight days.

She was born Dec. 12, 1887, in Kauhavalla, Finland, and lived in Ishpeming for over 62 years. She was a member of the Finnish Apostolic Lutheran Church.

Survivors include five daughters, Mrs. Adolph (Martha) Ollila, Mrs. Frank (Hilda) Kauppi, Mrs. Hilma Kymberg, Mrs. John (Marie) Rajala and Mrs. Nels (Julia) Santti of Ishpeming; five sons, William, August, Emil and Walter of Ishpeming and Werner of Chicago; two sisters, Mrs. Lisa Kangas and Mrs. Atofina Lahti of Ishpeming; a brother, Emil Kangas of Finland; 25 grandchildren and 48 great-grandchildren, and several nieces and nephews.

The body is at the Bjork & Zhulkie Funeral Home. Arrangements for services are incomplete.

# Cub Pack To Meet Tomorrow Night

ISHPEMING — Cub Scout Pack 328 will meet at the Al Quaal Recreation Area clubhouse tomorrow night at 7.

Cubs are reminded to wear outside clothing and must be accompanied by at least one parent.

# Organ Society Meets Thursday

NEGAUNEE — Members of the Marquette County Hammond Organ Society will meet Thursday night at 8 in Beth Shalom Temple, Ishpeming. President Oscar Wassberg of Negaunee announced today.

The program will include vocal selections by Miss Adele Casper of Marquette and organ selections by Miss Karen Trondson of Ishpeming and Mrs. Philip Pearson of Negaunee.

William Cohodas of Ishpeming will give a talk on the significance of National Hebrew Music Month. Hosts will be William Whitford of Ishpeming and Richard Larson of Negaunee.

# Photography Group Meets In Ishpeming

ISHPEMING — A group will meet at 7:30 tomorrow night in the home of George Laitinen, Snell Plat, for the purpose of forming a photography club.

This will be a non-profit organization formed solely for persons interested in photography to get together so they can learn and profit from others with photographic experience. Plans will be discussed for operation of the club.

Talks will be given on developing, printing, different cameras and methods for taking indoor and outdoor pictures.

Interested persons are encouraged to attend the meeting at the Laitinen home, which is located across from the old tourist park. There will be a light burning atop the radio tower near the home as a direction finder.

Fabric pests are said to account for more than \$2 million damage annually.

# U-M Professor Visits Tech, Forestry Center

HOUGHTON — Dr. Samuel A. Graham, professor emeritus of economic zoology at the University of Michigan, is visiting the Michigan Tech campus this week for a three-day series of lectures and student-faculty consultations.

The visit, which terminates Thursday, is a part of the annual visiting scientist program by the National Science Foundation, the Society of American Foresters and participating schools. Aimed at the undergraduate student, the program is designed to strengthen and stimulate the forestry programs of the visited schools.

While in the Copper Country, Dr. Graham also will visit Tech's Ford Forestry Center at Alberta.

One glass of milk provides 163 calories.

# Mayor, Two Justice Posts To Be Filled

MUNISING — Candidates may file nomination petitions for three Munising city offices until Jan. 29. They are the office of mayor and two justices of the peace.

The mayor will be elected to serve a three-year term and two justices named for four-year terms.

A primary will be held if more than two candidates file for mayor or more than four for the justices' offices.

# \$1,176 Given In Munising's Dimes March

MUNISING — The Mother's March of Dimes here Saturday night was a "great success," according to Mrs. Wally Ahlborn, chairman.

The total collected in the city was \$1,176.92, an increase of \$175. Other returns received by Mrs. Ahlborn included \$65.33 from AuTrain and \$41.75 from Christmas Location.

# Smorgasbord February 10 In Champion

CHAMPION — Plans for a smorgasbord to be held in the Champion-Humboldt High School Sunday, Feb. 10, from 4 to 7 p.m., have been announced by the planning committee of the Champion-Humboldt Parent-Teacher Association.

Proceeds from the annual event will be used to send senior members of the Champion basketball team to the state tournaments in East Lansing in March.

Tickets for the affair may be obtained from any PTA member or by calling ED9-2252 or ED9-2273.

Members of the committee which met to make plans for the smorgasbord were Mrs. Ethel Saari, chairman; Mrs. Marie Waisanen, Mrs. Rosellen Frisk, Mrs. Joyce Kulle, Mrs. Delores Carriere, Mrs. Althea Ekdahl, Mrs. Carol Beck, Mrs. Gloria Saari and Mrs. Kay Boddy.

# Public Hearing On Snow Removal Ordinance Tonight

MUNISING — The Munising City Commission will hold a public hearing on a proposed snow removal ordinance tonight at 7:30 in the Alger County courthouse.

Because of the complexity of the problems involved and the immediate community interests affected, the commission urges all interested persons to attend the hearings and make suggestions or objections to the proposed ordinance.

# Kauppinen Officer Of Northern Fraternity

ISHPEMING — Robert Kauppinen of this city has been elected recording secretary of Iota Chi Chapter of Alpha Phi Omega, national service fraternity, for the spring semester at Northern Michigan College.

# Dear Abby . . .

BY ABIGAIL VAN BUREN

DEAR ABBY: My husband has a few faults I would like to tell you about. Whenever we go any place he walks about four or five steps ahead of me. I sometimes wonder if he isn't trying to give the impression that we aren't together.

A dumb cluck. If she can't get the rings off, a jeweler can help her. If you are interested in marrying her, ask her to get rid of the three-ring circus.

He also has had two fried eggs for breakfast every morning since we've been married. He takes about five minutes to cut up his eggs with a knife, and then he places little pieces on his toast and eats it that way. He also has a habit of leaving shaving cream and whiskers in the sink. We have been married 46 years and I have holed my head off about these habits, but it has done no good. Have you any suggestions?

DEAR ABBY: I am 17 and have a little boy eight months old. I am not married and never was. I didn't love the baby's father enough to marry him. It was just a wrong mistake. I met a boy about five months ago. I really love him and he wants to marry me. He doesn't know the baby is mine. I told him it was my sister's. (She is married.) I am afraid if I tell him the truth he won't want to marry me, but I can't keep it a secret forever. Please tell me if I should

DEAR TIRED: Some men are deaf to hollering. Having lived with him for 46 years, overlook his minor faults and don't press your luck. Many widows would love to have your "problems."

DEAR ABBY: I am keeping company with a woman who is attractive and peppy and lots of fun. She's in her middle 30's and so am I. There is one thing I don't like about her. She wears three wedding rings — one right next to the other. She admits she has had three husbands. One died and she divorced two. I don't know whether she wears those rings because she can't get them off or because she thinks they look good. I've never been married and don't want to add my ring to her collection. Any advice?

**RAISH OIL CO., INC.**

Call today for **Mobil Mobilheat** with RT-98

"The Fuel Oil With An Additive For Clean & Easy Heating."

CA 6-6513

YOUNG MOTHER  
DEAR MOTHER: You most certainly should tell him. And tell him exactly the way you told me. It was a "wrong mistake." He'll understand. And if he loves you, he'll marry you anyway. If he doesn't, you are better off to know now.

CONFIDENTIAL TO T. J.: You are better than you think you are. The more things a man is ashamed of, the more respectable he is.

What's on your mind? For a

personal reply, send a half-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif. (McNaught Syndicate, Inc.)

## Tucson Lady Travels Via The Newspapers

TUCSON, Ariz. (AP) — Joe Voss operates a newsstand in downtown Tucson. Twice a week an elderly lady stops by and purchases a paper.

Each time the paper is from a different city. Voss explained, "She can't afford to travel to these different places but enjoys reading about them."

# Junior Alpine Sub-Regionals This Weekend

Thursday marks the entry deadline for the Upper Peninsula Sub-regionals of Junior Alpine skiing, to be held Saturday and Sunday at Iron Mountain.

Forty-six entries are anticipated from Marquette. Information and entry forms are available from Henry J. Bothwell, Marquette superintendent of schools, at his office at Craveret, or from Ann Dougoveto, in Iron Mountain.

Late entries always go to the end of the list — an undesirable position under most racing conditions. The racing order will be drawn Friday at 3 p. m.

Racing numbers will be picked up Saturday at 8:30 a. m., with slalom competition starting at 10 a. m., with two runs each.

A program is planned for Saturday evening at the Ski Lodge. Slalom medals will be awarded then. Medals not awarded Sunday will be mailed.

Sunday at 10 a. m., giant slalom starts, with downhill to follow — one run in each event.

Richard McCarthy of the Pine Mountain Ski Club is meet manager, assisted by W. P. Dougoveto, Maurice Zacks, also of Iron Mountain, is regional chairman, with Bothwell, sub-regional chairman.

The regionals are set for Feb. 9-10 at Chiff's Ridge, with Bill Hart as meet manager.

Girls will qualify one regional competitor in each event and in total time, in all four classes, getting an extra entrant for total time (downhill, giant slalom and best slalom run) in Classes I and II.

Boys in the first three classes will be shooting for the following regional qualifying berths: First two in downhill, first three in giant slalom, four in slalom, five in total time.

Class IV boys will qualify only the winners in downhill and giant slalom, two in slalom and two in total time.

# Sawyer's 1st Awards Fete On Friday

The first K. I. Sawyer Awards Dinner will be Friday night beginning at 7 p. m. at Dining Hall No. 2.

F. L. (Frosty) Ferrazza will be the guest speaker at the event, according to Major Raymond Clark, director of special services.

Coach Ferrazza is athletic director at Northern Michigan College. The main purpose of the banquet is to further the competitive sports program at Sawyer, and to officially recognize those units and individuals taking part in the program, said Major Clark.

Twenty-five trophies will be awarded for outstanding performance in basketball, baseball, tennis, soccer, small arms, bowling and the like.

More than 125 guests including Sector Commander Col. Richard W. DeVania, 56th Eight Wing Commander Col. James F. Reed, Base Commander, Col. Daniel P. McLean, and 4042nd SAC Commander Col. William R. Kyes, are expected to attend.

In addition, each unit commander has been invited to attend. A new awards program, the Commander's Trophy, will be introduced during the affair, according to Sawyer's director of special services.

# 4 Juniors Boost Loyola Among Top Fives; Iowa Edges Michigan State

(By the Associated Press) Note to Loyola's Chicago's future basketball opposition: If you are waiting for Rambler Coach George Ireland to run thin in the talent department, don't hold your breath.

The fast-moving Ramblers, ranked second in the nation and the country's highest-scoring major college team, have a lot going for them—and that includes youth.

The triumph first for Cincinnati at Peoria after five straight losses there in as many seasons, prompted the AP's 45-man panel of sports writers and sportscasters to make the "Cats an unanimous first-place choice in the weekly poll. It was Cincinnati's 32nd straight victory over a two-season span.

Loyola of Chicago and Illinois, which have been dogging the Bearcats all season, continued in the Nos. 2 and 3 roles but Arizona State dropped from fourth to fifth and Ohio State, sixth a week ago, dropped out of the top ten altogether as Mississippi State returned to the select group.

Duke moved up a peg replacing Arizona State in fourth place and West Virginia jumped three notches, from ninth to sixth. Georgia Tech, Wichita and Stanford retained the seventh, eighth and tenth places, respectively.

The top ten, based on total points allowing 10 for a first place team, 9 for second, 8 for third and down to 1 for tenth place:

1. Cincinnati	450
2. Chicago Loyola	379
3. Illinois	358
4. Duke	282
5. Arizona State	155
6. West Virginia	120
7. Georgia Tech	115
8. Wichita	107
9. Mississippi State	45
10. Stanford	7

(By the Associated Press) Benton Harbor, River Rouge, Ontonagon and Champion remained atop The Associated Press high school basketball rankings for the third straight week today.

CLASS A Team, Record Poll Pts. 1. Benton Harbor (8-0) 117 2. Saginaw Arthur Hill (7-0) 117 3. Grosse Pointe (11-0) 106 4. Detroit Pershing (7-0) 81 5. Grand Rapids South (8-0) 80 6. Detroit Central (7-0) 66 7. Detroit Southwestern (7-0) 66 8. East Lansing (6-0) 49 9. Flint Central (6-1) 36 10. Saginaw (5-1) 29

CLASS B Team, Record Poll Pts. 1. River Rouge (9-1) 130 2. Grosse Pointe (8-1) 120 3. West Bloomfield (8-1) 61 4. Hudsonville Trinity Christian (7-1) 57 5. Paw Paw (8-1) 53 6. Clawson (7-1) 43 7. Holly (7-1) 43 8. He among Gladstone (8-1) 27 9. Udon (7-1) 27 10. Lakeview (8-0) 27

# Stanford Coach

Upper Peninsula native John Ralston is the new head football coach at Stanford University. A former Norway High School athlete who went on to the University of California and led Utah State to a 31-11-1 record as a coach, has a three-year contract. (AP)

# Ontonagon High Only Team With Large League Lead; 5 Unbeaten In Circuits

Five leaders in Upper Peninsula high school conferences, including all-winning Champion, Hermansville and Ontonagon, are unbeaten in league basketball competition, but only one is making a runaway of the race.

Ontonagon, which has won two exhibition games, in addition to eight in league play, has a two and one-half game edge over Houghton (5-2) and Lake Linden in the Copper Country. The Polar Bears of Dave Tucker, who finished far down the ladder last year after winning the conference crown in 1960-61, have six games left. Because of playing one more game than Houghton, they can capture the championship by winning four of them.

Hermansville, perennial title contender in the Big Eight, also has two exhibition victories to go with its eight conference triumphs. The Redskins have a one-game edge over Alpha, whom they defeated by 10 points Saturday night.

Hermansville shared the Big Eight crown with Powers last year after winning it outright the previous season.

Champion, unbeaten titleholder in the Mid-Peninsula Conference in 1961-62, again heads that loop with a 4-0 mark, one and one-half games in front of Negaunee St. Paul. The Indians of Coach Fred Boddy have an overall 11-0 record for the winter to date.

Also unbeaten in league play are Mass in the Porcupine Mountains and Brimley of the Little Seven. Each has lost only one non-league affair.

Mass to runner-up White Pine in a holiday tournament and Brimley to Champion early in the season.

The most exciting race is in the Great Lakes Conference, where five teams all have lost two games. Out front are Gladstone and Escanaba with six victories, followed by Marquette and Negaunee with five and Manistique with four. Four of them play second-division clubs this week; the fifth — Gladstone — meets Norway in an exhibition.

Leaders in other circuits are Ironwood in the Michigan-Wisconsin, Perkins in the Central U. P., and Niagara in the Menominee Range.

# More Action For Negaunee '5s' Tonight

NEGAUNEE — Tonight's play in the Negaunee City basketball league finds Hotel Bar meeting Patch Location at 6, followed at 7 by Neely Lumber vs. Boosta's, and at 8 by Palmer-Metropolitans vs. Mattson Dairy.

Patch powered to an easy win over the smaller Meis, last week, while Mattson's downed Neely's, 94-61, and Boosta's beat Hotel Bar, 69-64.

Led by Don Price's 36 points, Mattson's overcame a 10-point deficit to turn the game into a rout. Dropping a zone and switching to a man-to-man, they demoralized the inexperienced Lumbermen turning the game into a teamwork vs. individuals affair.

"Baby" Sivula scored 16 and Ken Jalonen, 24, as Boosta's good, big team, overcame smaller, determined Hotelmen. Hotel Bar led until the final quarter, in a strong bid to knock the Sportsmen from the ranks of the undefeated.

Marquette 'B' League Led By 3 Teams

Furnace Tavern handed Mel's Sinclair its first defeat, 66-45, and joined Mel's and Shoreland in a three-way tie for first place in the Marquette Municipal "B" League.

The other independent contests were close.

Shoreland withstood a fourth-quarter rally to top Remillard's, 64-55. Tom Bullock scored 12 of his 20 points in the last period, but Lou Taccolini took scoring honors for Shoreland with 21. Rebounder Curt Vandenberg ended up with 14.

Larry's Shell nipped National Guard, 29-22, in a "defensive" affair.

# BASKETBALL TONIGHT

Doelle at Michigamme  
Rock at Trenary  
Tough To Get Ahead

Just as in this action from the Manistique-Negaunee game, Friday night, it's getting tough to get the jump on Great Lakes Conference opponents. Here a Manistique player blocks Richie Kent's shot from behind. Both the Emeralds and the Miners remain in GLC contention. (Mining Journal photo).

# Maury Wills Voted For Pro Of 1962; Bid For Record Came Late In Season

ROCHESTER, N.Y. (AP)—Maury Wills said he was going to "play it by ear and see how it goes" next season but hinted National League pitchers could expect more of the same on the bases.

The fleet shortstop of the Los Angeles Dodgers, who stole a record 104 bases last year, accepted the S. Rae Hickok Professional Athlete of the Year award Monday night. He was presented with the \$10,000 jeweled belt at the annual charity dinner of the Rochester Press-Radio Club.

"If I started at the beginning with the record in mind last year, there is no telling how many bases I would have had. Late in the season I started to think about it."

Track Coaches To Hold Annual Clinic At MSU

# Champion, Ontonagon Keep Leads

(By the Associated Press) Benton Harbor, River Rouge, Ontonagon and Champion remained atop The Associated Press high school basketball rankings for the third straight week today.

1. Champion (10-0)	88
2. Grosse Pointe St. Paul (7-1)	73
3. Capac (8-0)	74
4. Gales (7-0)	64

# Dolph Plays 1,000th NBA Tilt Tonight

NEW YORK (AP)—There will be a touch of nostalgia for basketball fans at Madison Square Garden tonight.

On the same court where he used to star for New York University, 34-year-old Dolph Schayes of the Syracuse Nationals will become the first player in the history of the National Basketball Association to play in 1,000 regular season games.

Part Of Twin Bill The vehicle for this latest milestone in the career of professional basketball's Iron Man is the first game of an NBA doubleheader pitting Syracuse against St. Louis.

Syracuse plays New York in the second game. In another game tonight Detroit is at San Francisco.

Lakers Down Detroit Detroit opened its West Coast trip Monday night by losing to Los Angeles 124-94 as the Lakers started a new winning streak after their 11-game string was snapped by Boston Sunday. It was the only NBA game scheduled Monday.

Since he joined Syracuse 15 years ago after his graduation from NYU, Schayes has become synonymous with durability in the tough pro league. Actually he has played in 1,109 NBA games, including 999 regular season games, 98 playoff games and 12 All-Star games.

# Sawchuk Tops NHL Ballot For 'MVP'

MONTREAL (AP)—Terry Sawchuk, sidelined with a hand injury and victimized by a statistical error, finally came out on top in the National Hockey League tabulated the mid-season voting for the league's most valuable player.

Sawchuk, 33-year-old goalie for the Detroit Red Wings, polled 37 points in the balloting for the Hart Memorial Trophy, edging Chicago's Stan Mikita, who drew 35 in the vote announced by the League Monday.

Also named MVP was Detroit's goalie Glenn Hall on the first team with 61 points. Sawchuk was listed as a second team member with 51 points.

COLLEGE BASKETBALL (By the Associated Press) Georgia 99, Stetson 80 Chicago Loyola 80, Ohio U. 72 Notre Dame 96, Purdue 86 Iowa 60, Michigan State 59 New Mexico Western 94, Wayland 74 Nevada Southern 82, Westminster (Utah) 74

Played In '76 In Row Old No. 4, the number Schayes wears on his jersey, set an NBA record last year of playing in 706 consecutive games before a fractured cheek bone temporarily put him on the bench. Every time he scores a point or grabs a rebound he breaks his own all-time NBA record.

19 Points A Game Going into tonight's game, Schayes has scored 18,771 regular season points on 5,970 field goals and 6,831 free throws, an average of roughly 19 points per game.

Tennessee State Nipped Thorobreds In Tough Battle It took 24 minutes for Coach Herb Hunter's Tennessee State netburners to solve Kentucky State's slowdown and nip the Thorobreds 72-68 last Saturday night in Kean's Little Garden.

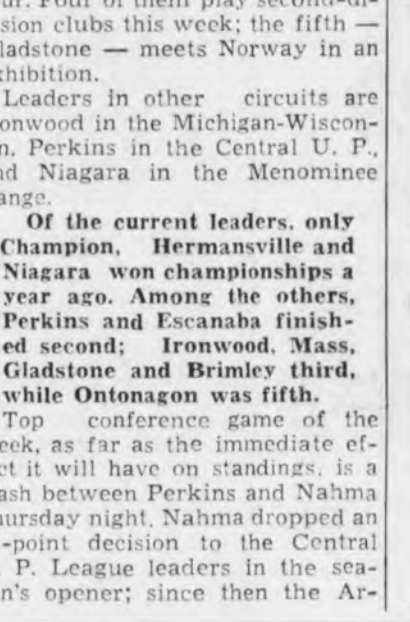

Bill Bradley put the Big Blues out front 36-35 on a 30-foot jump shot with 16 minutes remaining in the game. Knotted 30-all at intermission Kentucky's Sam Adams grabbed the lead for the Thorobreds opening the last stanza.

Big Blue driving guard Ron Smith's 14-point first half firing kept the Tigers in the ball game which was tied six times with the lead changing a half dozen times. Smith chalked up 20 points for his evening's work and Chesser hit 12 as Tennessee State picked up its 14th win in 17 starts.

"We expected the slow-down," Coach Hunter commented after the game. "This is a good ball club and it was a battle of strategy. They were trying to hold the ball and we were trying to run them," he continued.

The win over Kentucky, now 8-3 on the season, gave Tennessee State their first conference victory.

Tennessee State was the highlight of last season's NMC home schedule, while Kentucky State shone in the NMC Classic in December.

THE 1963 DODGE IS WARRANTED FOR 50,000 MILES

... OR FIVE FULL YEARS

Whether you measure it in miles, months or mopeds, the warranty on the '63 Dodge is the longest in the industry. It holds good for a full five years or 50,000 miles, whichever comes first.

The 1963 Dodge offers you a great deal. But please... don't think of it as a medium-price car. In spite of tradition, it is not. There are 24 models, in three series, all in the low-price field. They call 'em "The Dependables"... because they are.

Nike-X Would Give Yanks 1-2 Punch

By FRED S. HOFFMAN AP Military Affairs Writer

WASHINGTON (AP) — The new Nike-X antimissile system, mentioned tersely in President Kennedy's budget message, would give the United States a one-two punch to hurl at oncoming enemy hydrogen warheads.

The Nike-Zeus, under development for more than six years, is designed to intercept hostile missile warheads beyond the atmosphere. The very much faster Nike-X would destroy such warheads penetrating inside the atmosphere, relatively close to the ground.

Since the Nike-X still is in the drawing board stage, it appears likely this new orientation in Pentagon thinking on missile defense will delay any combat-ready system until the latter part of this decade, if not longer.

Kennedy asked Congress for \$325 million to push development of the Nike-Zeus, which already has intercepted three target warheads in tests over the Pacific, and to start work on the advanced system.

The President also requested \$100 million for other unspecified antimissile research projects related to the Zeus.

No Amplification The message provided no amplification, but defense officials said the mysterious sounding Nike-X would complement the Zeus which they said has been radically redesigned and greatly improved in many respects.

Nike-X was described by those officials as a later generation of the Nike-Zeus, with vastly improved radar, a swifter missile and better electronic components. They said it would substantially increase the effectiveness of the Zeus system.

He Has Feeling In Severed Leg After Operation BOSTON (AP) — A strapping man whose left leg was 90 per cent severed and then re-attached to his body continues to progress fairly well, officials at Peter Bent Brigham Hospital reported Monday.

day. William A. Hunt, 37, a six-foot, 200-pound father of seven, was injured Tuesday when a car crushed him against a garbage truck in Brookline.

Thirty doctors, nurses and technicians took part in a six-hour operation to restore the limb. Doctors said circulation in the leg is good and Hunt can move his toes and has some feeling.

NOTICE MARQUETTE & HURON MOUNTAIN RAILROAD COMPANY, INC., a newly organized company hereby gives notice that on the 12th day of December, 1962, it filed with the Interstate Commerce Commission at Washington, D. C., an application for a certificate of public convenience and necessity authorizing the acquisition and operation in interstate and foreign commerce of an existing line of railroad of the Lake Superior & Ishpeming Railroad Company extending from Marquette (West Yard) to Big Bay, approximately 23.74 miles in Marquette County, Michigan. Finance Docket No. 22778.

Card of Thanks

LaCOURSE

We wish to thank our friends, neighbors and relatives for their kindness and sympathy in our recent bereavement, the loss of our beloved mother, MINNIE BOURGEOIS LACOURSE.

We especially thank the Sisters and Staff of St. Mary's Hospital, Major Sharp, the pallbearers, those who donated cars, sent flowers, gifts of food and those who expressed their words of comfort. Your thoughtfulness will always be remembered.

THE FAMILY OF MINNIE (BOURGEOIS) LACOURSE
