

Lots Of Mail

George C. Jones, who was known for 28 years by the prison nickname of Kansas City Fat, holds part of the estimated 4,000 letters he has received since news stories told of his never having received a letter or a visitor while serving a life sentence for a 15-cent holdup. Jones was released on a 30-day leave Dec. 22 to work in an Okmulgee, Okla. laundry and won a parole recommendation Monday. This photo was taken the day he left the penitentiary for the first time since he entered it Oct. 1, 1934. — (AP Wirephoto)

Michigan Remains In 'Deep Freeze'

(By the Associated Press) Temperatures dropped to zero and below in Michigan Tuesday night and the Weather Bureau said today there will be no relief from the cold wave until Friday. The outlook for Friday is "not quite so cold."

Michigan. Lower Michigan will have lows of 3 to -20. A snowfall over night added to driving hazards. The Highway Department reported an average of about three inches of fresh snow in southern and western Lower Michigan.

New Buffalo, at the extreme southwestern point of the state, had 11 inches. Ingham and Hillsdale counties had four inches of fresh snow.

Covington in Upper Michigan's Baraga County with a temperature of 35 below apparently was the coldest spot in the state. Other temperature readings included: Flint 6, Lansing, 2; Battle Creek, 1 above; Marquette, -20; Houghton, -20; Sault Ste. Marie, -21; Pellston, -19; Traverse City, -21; Grand Rapids, -5, and Saginaw, -6.

In southeastern Michigan, half of the schools in Monroe County were closed today because of drifted secondary roads. Some 10,000 pupils stayed home. Only the schools in Monroe and the larger towns of the county remained open.

Iron Mountain in western Upper Michigan marked the 11th straight day of below zero temperatures. The temperature dropped to 30 below today—the coldest for the period. Outlying areas of Dickinson County reported temperature readings as low as 40 below Tuesday night. All schools in the county were closed.

A Michigan - Wisconsin Pipeline Co. equipment malfunction left some 1,200 southeast Grand Haven homes without heat overnight as the temperature dropped to zero. Spokesmen for Michigan Gas Utilities Co. in Grand Haven, which is supplied by the pipeline firm, said emergency crews had restored service in about 80 percent of the cases by 8 a.m. Servicemen traced the equipment breakdown to a six-inch line near Coopersville.

Cold, Snows Continue To Plague Europe

LONDON (AP)—Europe's snow line moved relentlessly southward today as the continent remained locked in one of its bitterest winters in memory.

Snow piled up in the Italian Adriatic coastal towns of Foggia and Bari, where it is a rare sight. Most of Italy was under snow for the fourth straight day. Salonika, Greece, was buried under snow 5 feet deep in places. Frozen engines stalled the Simplon Express between Paris and Istanbul just outside Salonika. Low clouds foiled a Greek air force attempt to parachute supplies to isolated mountain villages near the Yugoslav border.

New Hampshire Legislator Irked By Short Skirts

CONCORD, N.H. (AP)—A bill outlawing the display of feminine legs more than one inch above the knee was filed in the legislature Tuesday.

Rep. Peter P. Charland, D-Franklin, a 75-year-old grandfather, said he filed the measure because he has "long been disgusted seeing women, some even expectant mothers, cluttering shopping centers in shorts."

Coldest Spot On Earth In Soviet Union

WASHINGTON (AP)—When you are shivering these cold days you might cheer yourself up by thinking of the poor Russians at a Soviet antarctic station called Vostok.

That's the coldest spot in the world. The U.S. Weather Bureau says the thermometer there registered a global record by slipping to 126.9 below zero on Aug. 24, 1960.

2 South Carolina Legislators Seek To Shut Clemson

COLUMBIA, S.C. (AP)—Two members of the South Carolina House of Representatives were reported today to be preparing legislation to close Clemson College rather than allow its integration under federal court order.

The state apparently has exhausted all legal remedies against admission of Gantt, 20.

Circulation Of Upper Air Directs Cold

CHICAGO (AP)—Air circulation may not be an ear-perking conversational tidbit but it's having a jolting impact this winter on millions of residents of the United States, the British Isles and western Europe.

The circulation of the upper air has determined the targets in a series of global blows struck by a winter which, although only one-third completed, has been the most vicious in years.

Doc Says Wives In Better Shape To Shovel Drive

(By the Associated Press) A heart specialist, Dr. Oglesby Paul, admits that his advice may be "uncharitable," but he insists that the lady of the house may be better equipped to shovel snow off the driveway than her husband.

Paul, chief of the medicine division of Chicago's Passavant Memorial Hospital, explained: "The wife benefits by regular exertion at household tasks and probably is in better physical condition because of it. Her desk-bound husband, on the other hand, may be unaccustomed to strenuous physical effort and, comparatively speaking, not be in the same shape as she is."

Winter-Weariness Midwest Gets More Of Same

(By the Associated Press) Frigid weather, strong winds and snow staggered the nation's winter-weariness midsection again today.

The severe wintry weather extended from Montana eastward to the upper Great Lakes region and southward into Oklahoma and Texas. Temperatures plunged to 30 degrees below zero in northern Midwest areas.

Tax Deduction Cuts Planned By President

WASHINGTON (AP)—Corporations might find themselves paying more tax instead of less under the first full year of President Kennedy's proposed tax reduction program, it was learned today.

Well-posted sources reported also that Kennedy plans to call for a sharp curtailment of the personal deductions claimed by millions of taxpayers for charity, interest, local taxes and casualty losses.

French Agree To Study Of Trade Issue

PARIS (AP)—French President Charles de Gaulle agreed today to put the problem of Britain's entry into the European Common Market on ice for the time being.

Reliable sources said De Gaulle, at a final half-hour talk with West German Chancellor Konrad Adenauer, agreed to Adenauer's proposal that the executive commission of the European Economic Community make a thorough new study of the problems of British entry and submit its recommendations to the foreign ministers of the six Common Market countries.

Wife 'Sweetens' Her Hubby With Meat Tenderizer

EDGEWOOD, Tex. (AP)—Mrs. C. C. Estes wanted her husband to be extra presentable at a gathering of her family, so she laced his bath water with what she called "some good smelling stuff."

Estes related that he got in the tub and relaxed only momentarily. "I began to burn and turn red," he said. The bottle of "sweet smelling stuff" was meat tenderizer.

War In Katanga May Not Be Over

KOLWEZI, Katanga (AP)—Thousands of Katanga soldiers slipped into the bush with their weapons as the United Nations today began disarming President Moise Tshombe's forces.

The situation remained tense despite the peaceful capitulation to the United Nations of the last stronghold in the rebellious province. The Katanga commander asserted that the war was not over.

Three Men Lose Lives In Soo, Ontario Blast

SAULT STE. MARIE, Ont. (AP)—Three men were killed and a fourth was missing following an explosion in a coke oven at the Algoma Steel Corp. plant here today.

Dead are: Charles J. Wolfe, 48, a helper on the oven; Steven Tarasuk, 36, a foreman, and Charles E. Gooderham, 60, labor foreman in the department. Missing is Henry Crawford, 50, another foreman.

JFK Willing To Take Risk For N-Treaty

WASHINGTON (AP)—President Kennedy is willing to take some risks in order to get a nuclear test ban treaty with the Soviet Union, U.S. officials now are trying to find out whether Soviet Premier Khrushchev is willing to reduce the risks to what they consider a reasonable level.

The heart of the problem in negotiations now under way here is whether Khrushchev will agree to the kind of foreign inspection on Soviet territory which would give the United States confidence that its agreement.

Lawmakers May Censure Rep. Walton

LANSING (AP)—A controversy which developed when Republicans challenged the fitness of Rep.-elect Leonard Walton, D-Detroit, to serve was all but settled Tuesday when a special House committee agreed tentatively to recommend that he be sworn in.

A formal vote on the matter is expected Thursday, but still unsettled is the question of whether Walton, 37, should be censured for violation of state election laws. Walton faces trial next month on charges he broke the law by permitting the word "re-elect" to be used on campaign literature although he never had held office.

Dockers Vote On Pact, May Work Friday

NEW YORK (AP)—Striking longshoremen from Maine to Virginia voted today Thursday on a peace pact—accepted by ship-owners—which would end the month-long dock tie-up, longest and costliest in Atlantic Coast maritime history.

A return to work by Friday is possible. It remains to be seen whether South Atlantic and Gulf Coast ports will go along with the so-called master contract negotiated in New York.

Walton faces trial next month on charges he broke the law by permitting the word "re-elect" to be used on campaign literature although he never had held office.

Intelligent Life May Exist On Many Planets

NEW YORK (AP)—Scattered through the Milky Way are perhaps 600 million planets bearing intelligent life, an astronomer theorized today.

The Milky Way is a galaxy of family of 20 to 200 billion stars, with our sun being a rather average star. Prof. Lloyd Motz of Columbia University said he estimates the Milky Way contains 200 million stars similar to our sun, and if they have planets like ours, each might possess three "as abodes of an intelligent form of life."

The Weather

Forecast for Marquette and vicinity — Generally fair, continued very cold tonight and Thursday. Lows 10 to 25 below zero. Highs Thursday 5 to 10 below. Friday: Cloudy, chance of snow, continued cold.

The Weather

Forecast for Lake Superior — W winds 28-34 knots tonight, diminishing slightly Thursday. Snow flurries, squalls.

The Weather

Data for preceding 24 hours: Temperatures — Minimum 18 at 6:30 a.m.; minus 14 at noon; highest in last 24 hours, minus 7 at noon Tuesday; lowest, minus 20 at 8 a.m.

The Weather

Relative humidity at noon — 63. Precipitation — None in last 24 hours; total to date this year, 1.22 inches; normal to date, 1.4.

The Weather

Sun rises at 8:23 a.m. and sets at 5:41 p.m. tomorrow. Records for Jan. 23—Maximum temperature, 52 in 1942; minimum temperature, 20 below, 1963 (19 below, in 1883); most precipitation, in 1949.

The Weather

Forecast for Marquette and vicinity — Generally fair, continued very cold tonight and Thursday. Lows 10 to 25 below zero. Highs Thursday 5 to 10 below. Friday: Cloudy, chance of snow, continued cold.

The Weather

Forecast for Lake Superior — W winds 28-34 knots tonight, diminishing slightly Thursday. Snow flurries, squalls.

# Record -20° Set In City; No Letup Due

Upper Michigan's bitterest cold wave in at least three decades raged on today, with a new weather mark already set in Marquette for today and no prospect for any extended letup.

The mercury plummeted to 20 degrees below zero this morning, the coldest weather ever recorded in Marquette on this date. Previous mark was -19, in 1883.

It was 20 below from 6:30 to 9:30 this morning, and by noon it had inched upward only a few degrees. Subzero temperatures were reported this morning from every section of the Upper Peninsula, with official readings ranging from the 27 below reading at the Marquette County Airport to the 39 below at Sault Ste. Marie. Subzero since Monday.

Unofficial readings were in low as -35 at Michiganville, -28 in Iron Mountain and Ironwood and -26 in Menominee.

In Marquette, the temperature has not gone above zero since 3 Monday afternoon, and

it was not expected to reach zero today. It will be very cold again tonight and tomorrow. Fred Mueller, meteorologist in charge of the U. S. Weather Bureau Station here, said the cold blast, due to Arctic air coming through Canada, will possibly ease up Saturday, but become frigid again Sunday and Monday.

This morning's -20 here was the coldest temperature since the -22 recorded Feb. 5, 1936. Coldest January temperature was -26, on Jan. 14, 1881, and the coldest ever here was 27 below, on Feb. 6, 1885; Feb. 9, 1888, and Feb. 12, 1875.

Today marked the 11th consecutive day in Marquette that it was zero or below and the 16th day this winter that it plunged to zero or colder. Normally, there are only 10 such days in an entire winter.

The cold blast caused some school classes in the area to be closed and saw absenteeism in schools soar. Many employees were unable to get to work on time because of the cold and hundreds of car owners were unable to start their automobiles.

Taxis, Garages Busy  
Taxicabs did a rushing business, with waiting lists for calls. Garages and filling station employees were kept busy assisting motorists having troubles with vehicles.

State police said driving was extremely hazardous in the Calumet area this morning, where blizzard conditions caused closing of all schools.

In some sections of the Upper Peninsula, particularly in the east end, highways were snow-covered and slippery.

Roads Clear In County  
Roads were clear in Marquette this morning, and if drivers could get their vehicles started, they had no trouble moving on the county's highways.

Yesterday's "high" temperature here was three degrees below zero and the low was -15, for a mean temperature (and we do mean MEAN) of -9, which was 28 below normal. Today's average temperature will be much colder.

It was not expected to get higher than five or 10 below zero today, with lows tonight predicted to be -15 along the lake and five or 10 degrees colder inland. Tomorrow it will be -5 or zero here.

For the month it's averaging 7.2 degrees a day below normal.

Long-Range Forecast  
The long-range forecast for this area, covering the period from tonight through Monday, calls for temperatures to average 14 to 18 degrees below the normal extremes of 26 and 12 for this period.

It'll be very cold through Friday, with the Saturday warming trend being interrupted by another frigid wave on Sunday and Monday.

Precipitation will be less than a half inch, occurring as snow Saturday and as flurries other times.

16-Inch Snow Depth  
Marquette's snow depth, frozen at a 16-inch figure, has been unchanged for several days.

For the month 16.3 inches of snow has fallen, more than two inches above normal, but the winter's fall of 48.5 is a half foot below average.

## 160 Persons Attending U.P. Dairy Meeting In Marquette

About 160 representatives of Upper Peninsula dairy plants and dairy sales forces are attending the U. P. Dairy Manufacturers' Association 29th annual convention here.

The convention went into its second and final day at the Northland Hotel this morning. Representatives of the 35 dairy manufacturers in the U. P. and representatives of the Wolverines, an organization of dairy sales persons, are attending.

Yesterday's agenda included a report from Frank Loyal, Lansing, executive secretary of the Michigan Dairy Products Association, an organization which represents the dairy industry in the State Legislature.

Boyd Rice, Lansing, secretary-manager of the American Dairy Association of Michigan, previewed the association's 1963 dairy promotion and selling program, followed by a film which depicted the role of farmers, plant operators and association representatives in the dairy association.

Election of officers was scheduled for the final business meeting this afternoon. Present officers of the association are William Gilbert, Gilbert Dairy, Calumet, president; Roy Fassbender, Bancroft Dairy, Marquette, vice president, and Reginald Turner, Soo Creamery, Sault Ste. Marie, secretary-treasurer.

## Union, Dow Meeting Set Tomorrow

Representatives of the Cliffs Dow Chemical Co. and its union, Local 14322, United Mine Workers of America, will meet at 10 tomorrow morning in an effort to settle the strike which began Jan. 3.

The meeting, which will be held

## Gooch Given State Week Post For U.P.

James W. Gooch, Michigan State University information specialist assigned to the Upper Peninsula district extension center, Marquette, has been named deputy chairman of the Michigan Week public relations board for the Upper Peninsula.

He will work with regional and county Michigan Week chairmen in the three regions and 15 counties to promote and publicize participation in activities related to Michigan Week, May 19-25, 1963.

The appointment was made this week by E. T. Burroughs, Detroit, chairman of the Michigan Week public relations board.

In U. P. Five Years  
"Mr. Gooch's experience in working with people in all northern Michigan counties, his acquaintance with press, radio and television people of the north country and his voluntary assistance to groups promoting economic development and tourism for the Upper Peninsula make him invaluable to the Michigan Week effort," said Burroughs.

Gooch who has been a MSU employee in Upper Michigan for the past five years, was a field editor for Capper's Farmer, Topeka, and an advertising employee with Ralston-Purina Co., St. Louis, before he came to Michigan. He has also served as an assistant national 4-H editor in Chicago. He is now publicity consultant for the Michigan Congress of Parents and Teachers.

His home is at 319 E. Prospect St.

in the company offices, was called by Carl York, Escanaba, of the State Mediation Service, and follows a lengthy meeting of the union, held yesterday afternoon in the Odd Fellows Hall.

Over 200 union employees have been jobless since the walkout, which stemmed over a dispute concerning a proposed wage boost of two cents an hour, plus a one-cent fringe benefit hike, offered by the company.

The union had asked 15 cents an hour at the outset of negotiations in December, reduced the request to five, and then upped it back to 15 when the strike started.

No Comments Made  
Neither union nor company officials had any comment to make concerning tomorrow's session, which will be attended by York and Thomas R. Bush, Sault Ste. Marie, district representative for the UMW, in addition to company and union officials.

The company has started winterization of the plant.

butions in the technical aspects of soil and water conservation as well as his success in creating public interest in the cause.

Heathman, who moved to the U. P. after working in Indiana and Ohio, was the first district soil conservationist assigned to the area. Since he came to the U. P. in the early '40s, he has helped 12 soil districts that cover most of the area.

The state directors held panel discussions on many problems relating to their responsibility in land use and developing watersheds.

They heard special challenges from Michigan State University Resource Development Specialist Louis Twardzik, who listed ways in which the soil conservation districts can contribute in sub-urban developments and from MSU's food science department head, Dr. George Borgstrom, who spoke of soil and water in the global food crisis.

## City Paragraphs

Marquette Lodge, Free and Accepted Masons, will have a Master Mason degree at 3 p. m., Saturday. Buffet supper at 6:15. Reservations may be made by calling CA 6-0818 by Friday.

## Award Given Heathman At Soil Meeting

A delegation from the Upper Peninsula attended the Michigan Association of Soil Conservation District directors meeting held in East Lansing.

Attending from the U. P. were county directors Toivo Lahti of Houghton, Robert Godell of Covington, Lawrence C. Ewing of Marquette and Walter Adler of Newberry. Area Conservationist Delmer Meister of Marquette also attended the two-day annual meeting.

Former U. P. Area Conservationist Harold "Hap" Heathman of Marquette was given a special award for his outstanding contri-

## Why "Good-Time Charlie" Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills. Doan's Pills act 3 ways for speedy relief: 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3—Aches, tenderness to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. For convenience, buy the large size, Get Doan's Pills today!

## Albert Houle, Lifelong Area Resident, Dies

Albert Joseph Houle, 57, of 216 Blehmber Ave., was pronounced dead on arrival at St. Mary's Hospital at 5:40 yesterday afternoon.

Mr. Houle had attended a meeting of the Cliffs Dow Chemical Co. union and had walked home. Shortly after arriving home he was stricken.

Born June 18, 1905, in Chocoma Township, he had been a lifelong resident of the Marquette area. He had been employed as a pipefitter and in the fire department at the Cliffs Dow plant for 27 years.

Mr. Houle was a member of St. Peter's Cathedral.

Survivors are his wife, Florence; five sons, Albert Jr., Robert, Donald, Lloyd and William, at home; two daughters, Sandra, at home, and Mrs. William (Betty) Beckman, Marquette; two brothers, Frank and Peter, Marquette; a sister, Mrs. Mary LeMere, Neenah, Wis., and two grandchildren, Daniel and James Beckman, Marquette.

Funeral services have been scheduled for Friday morning.

The body is in the Fassbender Funeral Home, where friends may call beginning tomorrow afternoon. The Rosary will be recited at 8 tomorrow evening.

## Vonck Elected President Of Builders Unit

Raymond L. Vonck Jr., of Charles Dressler & Son, Plumbers, was elected president of the Marquette Building Exchange at its officers election meeting held in the Marquette Chamber of Commerce building.

The exchange's board of directors meets after the annual meeting to choose officers for the coming year.

Vonck succeeds Howard G. McKie as president of the group.

Other Officers Listed  
Other officers for the coming year are Leonard J. Sampaia, of Sampaia Construction Co., vice-president, and Ben E. Knauss, secretary of the chamber, secretary-treasurer.

Other directors of the builders exchange are Russell F. Bergstrom, Russell E. Young, Harold W. Alholm, Norman P. Bergh, Richard Hytinen and William D. Bucklin, in addition to the officers and McKie. All are from Marquette.

The builders exchange is comprised of approximately 120 individuals and business groups associated with the construction industry.

Although most of them are from this area, there are members from throughout Upper Michigan and Northern Wisconsin.

Offices of the exchange are maintained in the chamber building.

## \$33,000 Grant For Research On Plants Received By College

Research to learn more about how plants use carbon dioxide will be conducted at Northern Michigan College with the help of a \$33,000 grant from the National Institutes of Health.

The grant, covering three years, will provide \$11,000 a year for the project under the direction of Dr. Thomas Griffith, NMC biochemist.

The first project of its kind at Northern will utilize radioactive tracers to study ways in which plants take carbon

dioxide from the air and convert it into different plant components.

The research team headed by Dr. Griffith will include Dr. Gail Griffith, assistant professor of chemistry and physics at Northern, and two student assistants.

A laboratory equipped to carry out the study will be used for teaching as well as research, college officials said.

**Role Of Alkaloids**  
Dr. Griffith said radioactive compounds will be fed to tobacco

plants in an attempt to determine how the plants produce amino acids and alkaloids. Certain compounds will be extracted from the plants and the molecules will be broken down into smaller parts to determine the specific location of the radioactive material.

One of the significant aspects of the project will be to discover the role of alkaloids in plants, why they are present in plants, and what they do.

Researchers also will look for the relationship of alkaloids to amino acids and certain vitamins such as niacin.

Griffith, who joined Northern's faculty last fall, previously was a research associate at Michigan State University. He received his

## Mrs. Boyer Heads Social Agencies Unit

Dorothy Boyer was elected president of the reactivated Marquette Council of Social Agencies at its meeting this week at Northern Michigan College.

Dr. Jean R. Pearman of Northern was temporary chairman, with 25 persons in attendance. Mrs. Angeline Gingrass presented the report of the nominating committee.

In addition to Mrs. Boyer, other officers are Vern Dahlquist, vice president; Bernice Chamberlain, secretary, and Milton Duckworth, treasurer.

**Committee Named**  
After reviewing the committee in the former organization the following committees were appointed: Mrs. Gingrass, case committee; John Ruhovina, aging, with Dr. Pearman and Mary Louis Fontaine; program and agency information, Dahlquist.

Publicity, Leslie Ruhomaki, Helen Stringer and Mrs. Chamberlain. Curtis Poole was asked to ascer-

tain the need for a committee on children and youth.

Roy Cassett was appointed to service on the United Marquette Community Chest Council.

The next meeting of the council will be held Feb. 19 and it will be a luncheon meeting.

**Providence, Vancouver Win Safety Contest**  
BOSTON (AP) — The National Fire Protection Association has named Providence, R. I., and Vancouver, B. C., grand award winners in its annual fire prevention contest. The awards, for which nearly 1900 entrants from the United States and Canada competed,

are bronze plaques. The top award for industry went to the steel division of Ford Motor Co., Dearborn, Mich.

## Program For Inmate Variety Show At Prison Announced

Final plans have been completed for the inmate variety show to be presented at the Marquette State Prison tomorrow evening at 7:30.

All donations will be used for the construction of a new outside chapel at the prison. It will serve inmates from the trusty division.

Funds have been appropriated by the Legislature for a chapel inside the walls, but no provision has been made for similar services for inmates who live and work outside the walls.

Since there are no washroom

facilities for women and children, the variety show, which will be presented in the prison's chapel auditorium, will be open to adult males only. The Rev. Eugene W. LeVine, Protestant chaplain of the prison, is chairman of the committee on arrangements.

Tickets may be obtained at Doncker's.

**All-Faith Chapel**  
By summer there will be around 350 inmates in the trusty division, which now numbers upwards of 270.

The all-faiths chapel will be erected near the dormitories east of the prison.

Warden Raymond J. Buchkoe has strongly endorsed the program, saying the proposed structure will "provide a proper setting for programs of religious services and guidance essential to the rehabilitative goals of the correctional system."

The program being planned will open with a presentation by the inmate band. Following are the 10 other numbers on the program:

**Country Stylists**  
The "Country Stylists," a group which gained fame this fall when they made a record of "The Lifer," written by Al Gilva, the group's leader;

The "Gunther Blues," a harmonica trio, playing "Kansas City," and "Moon Look Lonesome";

The "Spiritualists," singing "Run, Sinners, Run," and "Blind Barabaz";

**Inmate Combo**  
An inmate combo, accompanying a vocalist singing "Wonderful" and a group of tap dancers;

The inmate band accompanying a vocalist singing "The Talk of the Town";

An inmate group composed of guitarists, with a vocalist and two instrumental numbers;

A tap dancer;

The "Country Stylists," accompanying a vocalist and playing an instrumental feature;

The inmate combo, followed by a closing piece played by the inmate band.

## Marquette's Milk Local Picks Officers

Edwin P. Johnson, Perkins, was re-elected president of the Marquette Local of the Michigan Milk Producers Association at its annual meeting held in Perkins.

Johnson and Leonard W. Johnson, Chatham, the organization's secretary-treasurer, were re-elected to the board of directors. Walter Maki, Eben; Arnold Hill, Trenary; Elmer Lepisto, Rock, and Clayton Ford, Corwell, were selected delegates from membership.

**Delegates Picked**  
The board chose Johnson and Morton Schire, Cornell, delegates to the district and state annual meetings.

**Other officers chosen, in addition to the Johnsons, were Edgar Williams, Trenary, vice president; and Robert Elsner, Engadine; Philip Clish, Marquette, and Schire and Maki, members of the board.**

Dale Long, Traverse City, northern markets supervisor for the MMPA, commended the local's membership for contributions and for improvements in dairying in the Upper Peninsula, termed one of the most important segments of the U. P.'s economy.

**National Trends Noted**  
Herbert Varney, MMPA economist, spoke on trends and some of the problems facing dairying in the region.

Richard T. Hartwig, Marquette, Michigan State University Extension Service farm economist, spoke on national trends, noting that per capita consumption of dairy products has decreased.

The local authorized a two cents per hundredweight deduction for advertising.

Membership in the Marquette local extends from Engadine to Atlantic Mine, or from the Straits of Mackinac to the Copper Country, with the farmers furnishing Grade A milk to the Bancroft and Hillcrest Dairies in Marquette and to Gauthier Dairy in Skandia.

W. H. TRELOAR, General Manager

What's Right With U.P.?

The Upper Peninsula has been classified as a "depressed area," eligible to receive special federal loans and grants because of its economic situation.

But not all people have this view of the Upper Peninsula. In fact, some of Michigan's most influential leaders take quite the opposite view.

One of these leaders is Dr. Edgar L. Harden, president of Northern Michigan College and co-chairman of Operation Progress, a movement designed toward taking a positive approach to Upper Peninsula problems.

Dr. Harden sets forth his viewpoint in an article in the January issue of Michigan Municipal Review, a publication of the Michigan Municipal League.

An almost limitless supply of fresh water.

Natural air-conditioning provided by the Great Lakes.

Tremendous iron ore reserves—more reserves, in fact, than the combined production of iron ore of the past 100 years.

Extensive copper ore reserves. The richest body of copper found in the Upper Peninsula in the past 20 years was reported recently by Calumet & Hecla, Inc.

Timber stands so vast that timber production presently exceeds markets.

More diversification in business and industry.

Expanding educational facilities. Enrollments at the four colleges in the Upper Peninsula more than tripled in the past 10 years, moving from 2,162 in 1952 to 7,467 last year.

Recreational facilities that include great forest lands and thousands of lakes and streams within the Peninsula's 16,500 square miles.

Peninsula Perambulator

Duncan Cameron, Trout Creek, was re-elected chairman of the Ontonagon County Road Commission at a meeting in Ontonagon.

Clare N. Hounsell, director of music in the Stambaugh school system, has accepted a similar position at the Allouez public schools near Green Bay, Wis.

The Weber-Gunville brothers quartet, a popular barbershop group of the late 1940's, was reunited for its first public appearance in years at the annual meeting of the Iron Mountain-Kingsford Community Federal Credit Union.

The first crossing on the ice bridge between Mackinac Island and St. Ignace was made this week when four young men walked from the island to the mainland. They were Carl Anderson, 17; Lawrence Viswan, 16; Thomas Viswan, 20; and Stanley Green, 21.

From The Journal Files

60 Years Ago

Marquette—The scene of the annual ice harvest for Marquette will be Dead River this year, the failure of the lake to freeze thick enough making this location necessary.

30 Years Ago

Marquette—Although the storm Tuesday was not as severe as had been predicted and had generally abated here at 10 p.m., some townships in Marquette County were snowbound yesterday as the result of big snowdrifts piling up on the roads.

Ishteping—Do you remember when Henry and Carl Hall represented Ishteping in a ski tournament held in Duluth in 1916 and won first and second places, respectively?

A growing tourist and resort industry. Dr. Harden points out that the Upper Peninsula's weather and its remoteness are not liabilities.

"The Upper Peninsula currently is in a period of transition," Dr. Harden says in his summary. "Old, established industries are experimenting with new techniques, developing new processes and seeking new markets."

"Workers are learning new skills, and talent of all kinds is being nourished and encouraged."

"What's right with the Upper Peninsula? The signs are right, and the time is right. The Upper Peninsula stands at the threshold of a new era. It looks to a future stirred by change and marked by progress."

Editor's Mail

(Contributions are invited. Letters should be limited to less than 300 words. Only signed letters will be considered for publication. Personal attacks on individuals will be eliminated.)

Trailer Accommodations

To the Editor: I have read Clarence J. Vaughan's letter in the Jan. 15 Mining Journal in regards to overnight parking for travel trailers, and I fully agree with him.

I, too, hope the Area Redevelopment Administration has made arrangements for parking for the many tourists with travel trailers who will want to see our many new, as well as our many present, attractions in the Marquette area.

The Wells Vagabond Camping Club, of which I am a member, is a group of enthusiastic outdoor lovers with trailers and tents. We have seen much of our Upper and Lower Michigan, neighboring states and Canada by being accommodated in city and state parks.

Let's wise up, Marquette, and accommodate this great influx of tourists.

SHIRLEY PETERSON 305 Summit St. Marquette

Surplus Animal Breeding

Dear Sir: All puppies and kittens are surplus while any cats and dogs are homeless.

Many people who allow their female cats and dogs to breed litter after litter believe that are kind because "we find a good home for every one of the babies." But that reasoning doesn't hold water.

The homeless animals die of disease, injury or starvation. They freeze. They agonize in thirst. They are shot, poisoned, killed in traffic, trapped—and sometimes unspeakably tortured. And it is surplus breeding that causes all of this.

This cruelty can be ended. The American people can stop the cruelties of surplus animal breeding at any time. The entire problem can be solved by spraying of female dogs and cats that should not breed or by their careful control when they are ready to breed.

A spayed animal makes a more attractive pet than an unsapied one. If you do not keep your female pet from breeding, you contribute to the skyrocketing surplus of animals.

1. If you own a female cat or dog, have her spayed.

2. Campaign for and support laws imposing heavy penalties for allowing a female dog or cat to run at large while ready to breed.

3. Give financial support to your local humane society so that it may provide rescue services and shelter for the homeless animals and make sure that your local public pound is humane and efficient.

MARQUETTE COUNTY HUMANE SOCIETY

Outstanding Alger County March Of Dimes Record Spearheaded By Pereault

BY KENNETH S. LOWE Of The Journal Staff

MUNISING — Hubert (Hub) Pereault, Alger County's Mr. March of Dimes, is a study in determination.

The month after the Pereaults' only child, Dale, died of polio in September, 1949 at the age of 3, Pereault agreed to accept the chairmanship of the Alger County March of Dimes for the 1950 campaign. He's been chairman ever since.

Objective Realized Alger County owed \$4,300 in hospital bills for polio patients in 1949, and Pereault vowed he would raise \$5,000 by the following June 10 to pay off the bills. It took Pereault no less than 76 separate fund-raising projects to accomplish his objective, but by the time June 10 came around, he had raised \$5,000 for the March of Dimes. By that time, the polio bills had mounted to \$5,000, so the treasury was still broke, but the debts were paid and Pereault had proved his point.

The \$5,000 he raised during his first year as chairman was more than has been raised in Alger County in the preceding eight campaigns combined. It was among the highest per capita totals in the state.

Never Lower Than 3rd In fact, since Pereault has been chairman, Alger County has never finished below third among Michigan's 83 counties in per capita contributions to the March of Dimes. This is a record that is probably unmatched by any other county in Michigan.

On three occasions Alger County has been first in the state in per capita contributions. Alger is the defending champion in this category, having finished first in Michigan in the 1962 campaign with a per capita contribution of 45.22 cents.

21 Cases In One Year In 1956, following Alger's worst polio year (21 cases), the county raised 62.15 cents on a per capita basis. This was tops in Michigan and, Pereault says may have been the highest per capita total for any county in the United States that year.

In the 13 campaigns he has conducted, Alger County has raised a total of \$49,572 in the March of Dimes drives, not counting the 1963 campaign. But during those 13 years the March of Dimes has spent \$69,000 on Alger County polio cases, including \$30,000 spent on a single case involving a patient who was hospitalized in an iron lung at St. Luke's Hospital in Marquette for three and a half years.

Kennedy Sisters Cancel Trip To India, Pakistan WASHINGTON (AP) — President Kennedy's three sisters have called off a trip to India and Pakistan.

A spokesman for Eunice Shriver, wife of Peace Corps Director Sargent Shriver, said the trip had depended on whether all three could get away at the same time, and it didn't work out.

Walk-Don't Walk Signs Said Adequate By State LANSING (AP) — The "walk-don't walk" signals used by the State Highway Department are timed to give pedestrians ample time to cross the street even if they leave the curb just before the signals change, the department said today.

WASHINGTON — Following President Kennedy, several cabinet members are planning to give up "off the record" interviews with reporters. Because it is always smart to follow the President's example, off-the-record interviews have been dropped at lower levels of bureaucracy.

This will tend to restrict the flow of news to the public. Many officials on intermediate levels have been eager to let the public know about what they are doing. They have hesitated to issue statements in their own name in fear of seeming to steal glory (and column inches) from their superiors, but they have given credit generously but "not for attribution." Now they may not do even that.

The President called off his background interviews because of a breach of confidence. How It Happened On New Year's Eve, the President had an off-the-record interview with reporters at Palm Beach. Reporters for the London Times and the London Sunday Times, two unrelated newspapers, quoted the President directly and seem to have exaggerated his remarks. They implied that the President sought a stronger United States leadership in European affairs. Roy Brandon of the Sunday paper said he had permission to quote the President from McGeorge Bundy, Mr. Kennedy's national security advisor.

To clear up the question of what he had said, the President released part of the transcript of his statement. What he really said was, "I think too often in the past we have defined our leadership as an attempt to be rather well regarded in all these countries. What we have to do is to be ready to accept a good deal more expression of newspaper and governmental opposition to the U.S. in order to get something done. I don't expect that the U.S. will be more beloved, but I would hope that we could

the Telethon and the Mother's March. The two projects covered only 21 hours altogether. That works out to an average of \$184 an hour for the Alger County March of Dimes.

Pereault's third big fund raising activity is the Night of Bands, an event that features as many bands as he can contract for. On the night of the event each band plays at the Forest Inn for a few minutes and then gives way to the next aggregation.

On one occasion it appeared as though time would run out before all of the bands could perform, so Pereault ordered four or five units merged into one. The result was a 17-piece band that included seven saxophones. "More than Wayne King," Pereault says.

Pereault, who came to Munising from Hubble in 1946, says there isn't a county in the United States that has a better polio vaccination record than Alger.

The vaccine program was begun in 1956, the year after Alger's severe outbreak of polio cases. There hasn't been a new polio case in Alger County since the vaccine program was undertaken, Pereault states.

16,139 Shots Given With the cooperation of the Alger-Schoolcraft County Health Department, volunteer nurses and mothers, 16,139 vaccine shots (four per person) have been given in Alger County.

"This would have cost the residents of the county \$49,000 if they had had to pay for these shots," Pereault remarks.

He says every pregnant mother and practically every child in the county up to 22 years of age have had their four polio shots.

Looking back over the past 13 years, Pereault comments, "I planned to put in only one year as county chairman and pay the \$4,500 in bills, but no one wants this job and I've kept it ever since." Alger County residents are happy it turned out that way.

Hubert (Hub) Pereault proudly displays certificate of appreciation from National Foundation honoring Alger County for having made the highest per capita contribution of any county in the state to the March of Dimes in 1962. This is the third time Alger County has achieved this distinction. — (Photo by Dick Hallifax)

I don't expect that the U.S. will be more beloved, but I would hope that we could

State Budget Message Due This Month

LANSING (AP) — Gov. George Romney says he expects to have his budget message ready for the Legislature before the end of the month and may have other messages to submit later on.

At a news conference Monday, Romney indicated he is satisfied with a proposed April 26 deadline for the legislature to wind up its work in what he hopes will be an action-packed session.

The adjournment schedule, outlined in a resolution sponsored by Sen. John Fitzgerald, R - Grand Ledge, was tailored to meet Romney's suggestion in his "state-of-the-state" message that lawmakers hold a short regular session now, followed by a special session this fall.

The special session, he said, should be devoted to such controversial subjects as tax reform.

Romney was asked what he thought of the formation of an organization called the Conservative Federation of Michigan, which met in Lansing Saturday. The Federation has the avowed purpose of backing conservative candidates for office. Its leaders claim 500 members now and predict that the membership roll will number 20,000 by the end of the year.

The Governor, saying he knows very little about the new political organization, said he has had great difficulty in determining what a conservative really is.

Meaning Less Romney remarked that he cannot agree with the thinking of some so-called conservatives, but that he had met others where the definition really was meaningless.

In an apparent reference to his previous clash with elements of the John Birch Society, Romney said: "I object to those who use methods or support programs which would undermine the strength of the country."

Founders of the Conservative Federation said they have no direct connection with the Birch Society, but that they don't know whether any Birchites have joined the new organization as individuals.

21 Committees Romney also announced that of 21 special Governor's committees in operation when he assumed office, eight will be continued and four dissolved while he studies the future of nine others.

The committees mostly serve in an advisory capacity. Members are not salaried but in most cases receive necessary expenses. A few have paid secretaries or executive secretaries.

The eight to be continued, with probable changes or additions to personnel, are: Advisory Committee on Annexation Legislation, Anti-Litter Study Committee, Michigan Cultural Commission, Fair Campaign Practices Commission, State Fair Grounds Development Committee, Advisory Committee on Reorganization of State Government, Commission to Observe the Sesquicentennial of the War of 1812 and the Michigan Youth Commission.

On Banning Nuclear Tests

BY JAMES MARLOW

WASHINGTON — The Russians make a concession, at last. The United States says it's not enough. The very phrase — "international agreement on banning nuclear tests after years of talking."

But just banning nuclear tests is only part of the bigger problem: General disarmament. Agreement on that looks even more dim and far off after 15 years of talking.

Basic to both agreements is the American requirement to prevent cheating. That outside inspectors be allowed inside the countries making the agreement. This is what the Russians wouldn't buy until now, and now only a little bit.

'International Security' President Kennedy indicated only last week — in his budget and State of the Union messages to Congress — how remote any hope of disarmament seems, although he didn't say it in so many words.

1. He said "until the world can develop a reliable system of international security, the free people have no choice but to keep their arms ready." The very phrase — "international security" — is so vague it can hardly be defined.

2. He followed this up by asking Congress to vote even more money next year than this for defense — \$55.4 billion. That's more than half the total expense of running the government.

There was a time when the United States insisted any nuclear test ban agreement must permit outside inspectors inside Russia and this country to prevent cheating on tests both in the atmosphere and underground.

Reasons For On-Site Checks Now the United States is more confident it can detect atmospheric tests anywhere. It still insists on the on-site inspection to prevent trickery on underground tests.

The reasoning here is that what might seem, far off, like an earthquake might, if checked close up, prove to have been a test underground.

There was also a time when the Russians flatly rejected any inspection system inside the Soviet Union as a spy system. In 1960 the Russians softened a bit.

Exchange Of Letters They agreed three on-site inspections — in a test ban agreement, not in any disarmament agreement — might be acceptable. They switched and still rejected inspection. They argued there were enough mechanical devices to do the checking.

Then, beginning last December, Kennedy and Premier Khrushchev began exchanging letters. The White House didn't let this be known until over the past weekend. It turned out, the Russians had made another switch.

Now Khrushchev expressed willingness to permit on-site inspections in Russia, but no more than three a year. Kennedy told the Russian he was encouraged. But there was a hitch.

Another Bottleneck Develops Some time ago this country had wanted 12 to 20 on-site inspections a year. Then it lowered the number to 8 to 10. Kennedy wrote Khrushchev that this is what the United States still wants, that three would not be enough.

Monday another bottleneck. In Moscow Foreign Minister Andrei Gromyko said the Soviet Union could never accept more than three on-site inspections a year. So the whole thing got bogged again.

There are even more boggles ahead—not mentioned much now — even if the United States and Russia could agree on the number of on-site inspections. Two come to mind at once: France and Red China.

Stubborn Do-It-Yourselfer Gromyko said that unless France also signs the agreement there can be none. This brings into the picture that stubborn and stalwart do-it-yourselfer, French President Charles de Gaulle.

He's trying to make France a nuclear force. The United States and Russia are far in front. One reason is that they've done a lot of nuclear testing. France has done very little. He probably feels France has to do more.

Would he agree to stop French testing before it has done much? It seems unlikely. It seems even more unlikely he'd agree mutely to anything laid down by the United States and Russia. He'd undoubtedly have conditions. More talking.

Red Chinese Question It's also unlikely the U.S. Senate would permit a test ban agreement that did not include Red China. That country, also trying to become a nuclear force, hasn't been in on the discussions at all.

It's hard to see the Red Chinese agreeing to a test ban before they've even begun testing, particularly since they not only distrust the United States but now seem to distrust Russia.

Views Of Others

MR. LIPPMANN'S DIM VIEW

Walter Lippmann has been forced to a dim view of representative government at home and abroad. Parliamentary breakdowns such as led to Gaullism in France may force Italy and Germany to coalition of their major parties—the equivalent in the United States of a union of Democrats and Republicans.

But is there hope in an unnatural marriage of the majority and the opposition? What happens to the debate essential to representative government? Mr. Lippmann naturally does not prescribe this radical remedy for Congress. He hopes for an end of the unjustified power of committee chairmen.

Even if politicians may be inclined to the narrow view, can they not be expected to see the national interest? Surely it is not necessary for a Republican to oppose what a Democrat proposes, and vice versa. Nor is it necessary to hold paramount the custom of seniority. Parliamentarians and members of Congress alike may adjust readily enough if they realize that they are elected to serve not themselves or even their party, but the whole nation. If that is beyond them, then democracy really is in trouble.—St. Louis Post-Dispatch.

'I DON'T HAVE HORNS'

Sen. Ellender, forbidden to leave the plane in Tanganyika after slurring African peoples, urged photographers to "take some more—I don't have horns on my head." But the pictures might show a hoof in his mouth?—Baltimore Evening Sun.

IMPROVING CHARACTER

Each year, one vicious habit rooted out in time ought to make the worst man good.—Benjamin Franklin.

"No wonder Kitty makes 'As' in French. She's learning to speak it with a baby-talk accent!"

# Final Plans For High School In City Approved

Final plans were approved and Thursday, March 14 was set as the date to open bids for the Marquette Senior High School, at a meeting of the board of education yesterday afternoon in the Graveret building.

Completion date for the multi-million dollar high school building can be expected at Christmas-time in 1964, Architect Malcolm Williams of Warren S. Holmes Co., Lansing, said.

**In Three Contracts**  
Bids for three contracts — general construction; heating, plumbing and ventilating work, and electrical work, will be opened at 7:30 p. m., March 14.

Specifications for built-in equipment such as some of the kitchen, cafeteria and science equipment, will be included in the general construction contract.

Williams said that inquiries already received from contractors indicate that the bid opening has created great interest among contractors and that bidders will come from a wide area.

**Alternates To Be Included**  
Williams said that a number of alternates, both additive and deductive, will be included in the bids.

Although the plans have been approved by the school board, minor changes can be made by addendum during the six weeks before bids are opened.

Plans and specifications will be turned over to the Marquette Builders Exchange for perusal. School board members said that suggestions from members of the Builders Exchange would be appreciated, reviewed and incorporated as possible.

The school board also selected a soft light-brown color for the building.

brick from several brick samples. Williams recommended the brick, saying that it would fit in with the "tailored" design of the building.

The front of the building, on W. Fair Ave., will also have precast panels of a white quartz surface, set off by varnished black aluminum in two horizontal strips and in the window frames and steel doors painted a dull gold.

Williams "conducted" board members on a tour by blueprint of the high school building during the two-hour long board meeting yesterday.

**Review Plans Today**  
The final plans are based on the educational specifications made through meetings with the high school staff, Paul M. Kotila, high school principal, was scheduled to meet today with teachers to review the final plans.

The building will be located 125 feet west of Lincoln Ave. and 150 feet south of W. Fair Ave., on the site purchased from Munising Wood Products Co.

Main parking area will be in the front of the building off Fair Ave., with staff parking behind the building and bus unloading on the right side. Williams indicated that parking lots would be well drained.

The building will have two floors and will be similar to a "Block A" shape, with the front corridor forming the top of the "Block A." The center bar of the "Block A" will be the cafeteria-multipurpose room on the first floor and the library on the second floor.

A special feature will be a basement built under the right wing, including a maintenance shop, custodial head office and several storage rooms.

Finishes in the building will include terrazzo floors in corridors and toilet rooms. Corridor and toilet room walls will be cement block surfaced with a sprayed-on plastic, which will be easy to clean and will give the appearance of glazed tile.

Outside walls will be painted cement block and interior walls will be of metal studs with sheet rock and plaster, except for the shops and gymnasium which will have painted cement block walls.

Classrooms will have vinyl or asbestos tile floors. In general, each classroom will have two windows, 10 feet wide and six feet high.

Fluorescent lighting will be used throughout the building, even in the gymnasium, except for incandescent waterproof lighting in shower rooms.

**Administration Offices**  
On the first floor, the front (Fair Ave.) of the building will contain high school administration offices. On the other side of the corridor, facing a center court, will be classrooms for business education.

The left corridor will house science classrooms, with a wing, connected only by two joining walls, for general administration offices at the rear. The right corridor will contain the art room, home economics rooms, kitchen and boiler room.

**3,000 Seat Gym**  
The center bar of the "Block A" will contain the cafeteria and multipurpose room and the gymnasium foyer. The foyer will serve as a public entrance for activities held in the gymnasium.

The gymnasium, at the rear of the building, will have a total seating capacity for 3,000, including the balcony.

To do away with a cluttered look, a special steel structure will take the place of trusses, Williams said.

Boys' locker rooms and the music wing will be to the left and girls' locker rooms and shop rooms will be at the right of the gymnasium.

**Large Library**  
The center of the second floor will be a large library, located in the library, on the recommendation of teachers, will be a classroom for library instruction and regular classroom use.

In the library, shelving will be provided for 10,000 books; although the required minimum number of books, according to the expected number of pupils is 750 books.

Mathematics classrooms will be on both sides of the front corridor. The right wing will hold the English department, including rooms for speech and journalism.

Social studies rooms, language classrooms and two language laboratories will be on the left corridor.

**3.** At 7:50 yesterday morning a car being driven east on W. Hewitt Ave. by Robert J. Koval, 526 1/2 W. Ridge St., slid through the intersection, being struck by an automobile operated by Arvo M. Rantanen, 1145 Cleveland Ave., who was driving south on N. Fourth St.

**Right-Of-Way Violation**  
The right front fender of Rantanen's 1955 fourdoor and the left side of Koval's 1950 pickup truck were damaged.

City police ticketed Koval for a right-of-way violation.

**4.** An automobile being backed west, out of a driveway on the east side of Presque Isle Ave., by Dorothy P. Fisher, 117 E. Ridge St., struck a car which was parked on the west side of the street in the 1700 block, at 10:45 last night.

**Unsafe Backing**  
Owner of the parked car, which was damaged on the left front fender, was not known this morning.

# Sawyer's Line Item Spending During 1962 Exceeding \$5,000,000

Total 1962 expenditures for line items at K. I. Sawyer Air Force Base in Marquette County topped \$5,000,000, according to an announcement this week by Morris E. Woodbridge, base procurement officer.

Line item spending at Sawyer went up from \$4,200,000 during 1961 to \$5,400,000 in the year just ended — a 25 per cent increase, Woodbridge noted.

He also reported that \$529,368 was spent during December for 3,960 items required for operations at Sawyer. (Line items are materials like automotive supplies, photographic equipment and hardware items not stocked on the base.) The figures compared with \$377,578 for 3,109 items in December 1961.

**75 Per Cent In U.P.**  
More than 75 per cent of the overall December 1962 expenditures, or \$410,277, went to Upper Peninsula firms, the procurement officer stated.

# Menninger Foundation Seeks To Prevent Mental Illness

EDITOR'S NOTE — Doctors, clergymen, teachers and community workers are combining forces today to help those who suffer mental affliction and emotional distress. It is a far cry from former days when the mental patient was shunned as a social outcast. Here in the fourth of five special articles, is the story of this joint attempt to prevent emotional trouble before it starts.)

BY ALTON BLAKESLEE  
Associated Press Science Writer

TOPEKA, Kan. — Along the highways to the Menninger Foundation are coming clergymen, businessmen, doctors, lawyers, teachers, community leaders.

They share a common goal — the prevention of mental illness with its incalculable human suffering.

**Big, Relaxed Man**  
"The exciting thing is to help people before they become ill," says Dr. William Menninger, a big, relaxed man who with his brother, Karl, is among the pioneers in psychiatric care who have helped change state mental hospitals from keepers of the ill to effective treatment centers.

Mental illness begins or is aggravated in the home, the school, on the job, in many situations. Life can begin going sour in hundreds of ways — for the woman feeling useless after her children leave home, the man failing of his dreams, the child feeling inadequate to parental expectations and demands.

**Not Enough To Turn To**  
There are not enough psychiatrists and psychologists for troubled persons to turn to. Many physicians give such aid, and half the people going to family doctors do so because of symptoms arising from psychological causes. Psychiatric education of the general physician is a major program of the American Psychiatric Association.

Community leaders could become a small army of men and women giving counsel to help solve emotional problems.

Some already know intuitively how to advise the emotionally troubled, says Dr. Joseph Satten, director of the Menninger Foundation's social psychiatry department, stressing research on prevention.

**Seminar For Businessmen**  
Others can be given an understanding of some scientific principles, the ABC with which to recognize problems, to counsel people, to prevent situations from becoming worse, to suggest helpful courses of action in a useful way.

What happens to people at work

can powerfully influence mental health, explains Dr. Harry Levinson. So, since 1956, top business executives have been coming to the foundation for special week-long seminars to "learn what makes people tick."

**Training For Clergymen**  
Why does a top salesman fail as a desk-bound executive? Why do seemingly successful men turn to alcoholism, or threaten suicide? What makes employees angry or frustrated?

By one estimate, 80 to 90 per cent of emotional problems seen on the job among employees arise in their home life.

The objective is to teach business leaders how to listen, to know how humans feel, Dr. Levinson adds. And, since top men have emotions also, how to maintain their own balance.

One survey finds that 42 per cent of people turn first to their ministers or pastors when emotional troubles begin to take a toll. Appropriate training for future clergymen is sponsored by the National Institute of Mental Health at Loyola University in New York and at Harvard Divinity School.

Thousands of school children run into serious emotional problems. The nervous, tyrannical and lackadaisical child can be reflecting emotional and family problems.

**Consultations With Parents**  
Dr. Edward Greenwood heads a program in which Topeka schools, teachers, psychiatrists and psychologists join hands in counseling to detect troubles, find causes and remedies. Invariably this involves voluntary con-

sultations with parents, who may unwittingly be triggering the child's reactions.

"Being a good parent is one of the most difficult tasks of all," Dr. Greenwood remarks sympathetically. This teamwork approach for children reaches into elementary and junior high schools.

**Suicide Prevention Centers**  
Growing old brings on other stresses, and a new retirement and geriatrics clinic under Dr. Prescott Thompson now is treating a small number of men and women in a study of their special problems.

In other steps, suicide prevention centers (where the distraught can call for help), improved training of more marriage counselors and mental health courses in high schools and colleges, are being sponsored by the NIMH and National Association for Mental Health.

**UPI Official Dies Of Injuries From Traffic Accident**  
BAY CITY (AP) — James J. Klockenkemper, 36, United Press International regional executive for Michigan, died today of injuries suffered in a two-car accident Jan. 12.

He was injured when a car in which he was riding collided with another vehicle on U.S. 10, south of Clare. Injured was William Norunas, 28. UPI maintenance man from Michigan, the driver.

Funeral arrangements are incomplete.

Klockenkemper joined UPI in Springfield, Ill., in 1959 and was appointed bureau manager five years later. He became Detroit bureau manager for UPI in 1956 and became automotive editor the following year.

In 1958, he was appointed regional executive.

# Negaunee Girl Wins Selin Scholarship

Kathryn E. Connors, Negaunee junior, has been selected as the first recipient of the Mitzel Selin Memorial Scholarship at Northern Michigan College.

Mrs. Selin, former resident of Marquette, was a student at Northern and was active in speech and drama activities at the college and in the community.

The scholarship, established by friends and relatives in memory of Mrs. Selin, will provide an annual award to qualified students, with preference given to those in the speech curriculum.

Miss Connors, daughter of Mr. and Mrs. John E. Connors, 122 E. Lincoln St., Negaunee, is a speech major in the secondary education curriculum.

Active in dramatics, she has appeared in NMC productions of "Look Homeward, Angel," "The Time of Your Life," and "South Pacific."

The recipient of the scholarship must be a full-time student enrolled at Northern or accepted by the college for study and must maintain a satisfactory academic averaged based upon standards set by the honors and scholarship committee.

# Rooms Sought For Nurse Students

Northern Michigan College reports a critical need for suitable rooms in Marquette for women enrolled in the practical nurse program at the college.

The Nursing Education Center said a few apartments also are needed for married students in the program.

A new class of nurses will begin training Jan. 28.

Householders who have rooms to rent within reasonable walking distance of the campus are asked to call the college, CANal 5-1341, Extension 2216, by Friday.

# State Employees Association Holds Meeting Thursday

State employees are invited to attend a meeting Thursday evening at 7:30 at the Chamber of Commerce Building, 501 S. Front St.

Although the meeting is being sponsored by the Michigan State Employees Association, all state employees are urged to attend.

Matters concerning state employment will be discussed, along with the proposed state constitution.

MSEA State President William S. Cook, Executive Secretary John R. Doyle and Field Representative Norman Millar will be in attendance to lead the discussion and answer questions.

# Obituary

**MRS. GEORGE KAUKOLA**  
Funeral services for Mrs. George Kaukula, who died early Sunday morning in Morgan Heights Medical Section, were held yesterday afternoon in the Faith Lutheran Church, Rock, with the Rev. Edward Leppaluoto, Gwinn, officiating.

Pallbearers were Edwin Harvala, Albert Nelson, Wilbert Witala, Kauko Kaukula, Bernard Kaukula, and John Kaminen. Burial was made in the Rock Cemetery.

# Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or stress? Don't be annoyed and embarrassed by such happenings. FASTTETH, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No stummy, soapy, party taste or feeling. Get FASTTETH today at drug counters everywhere.

**VICTOR SODERMAN**, President.  
**DONALD L. THIBELGOW**, Secretary.

Subscribed and sworn to before me this 21st day of January, 1963.  
**GLADYS OBERG**, Notary Public, Marquette County, Michigan. My Commission Expires Dec. 31, 1963.

# You'll make the wisest choice no matter which Chevrolet you choose!

These four different cars are alike in one important way. Each is a product of Chevrolet Division of General Motors. So each will give you more performance, beauty, comfort and good news at trade-in. But each is tailored to a certain kind of buyer. Our big Chevrolet has the Jet-smooth ride, luxury and styling you'd expect only in costly cars. Chevy II features parkable size, perky performance and outstanding fuel economy. Corvair gives you rear engine maneuverability and sports car flair. The new Corvette dramatic. With a choice of 33 models, there's one Chevrolet that will suit you best.

**CHEVROLET**  
Keeps Going Great

# Seven Car Crashes Occur In City; Four Drivers Ticketed

Four motorists were given tickets and 12 automobiles were involved, but no one was hurt, in seven traffic collisions which were reported this morning by city police.

There also were a number of minor mishaps which were not investigated at the scene by police. Summaries of the reportable accidents follow:

**1.** At 6:05 yesterday evening a car being driven south on N. Eighth St. by Ethel M. Nervalva, 426 Center St., was struck by an automobile operated by Paul E. Polkinghorne, New London, Wis., who was traveling west on W. Kaye Ave.

**Right-Of-Way Violation**  
Extensive damage resulted to the front fender of the Nervalva car, a 1960 fourdoor sedan, and to the right front fender of Polkinghorne's 1958 fourdoor sedan. Both were driven from the scene under their own power, however.

Polkinghorne was ticketed by city police for a right-of-way violation.

**2.** An automobile being driven south on N. Seventh St. and being turned right onto W. Washington St. by Thomas J. Musial, Route 2, Box 180, Marquette, struck a car operated by Roy L. Bullock, 609 W. Washington, at 505 p. m., yesterday.

City police said the mishap occurred when Bullock was stopped for traffic ahead of him. The left rear of his 1959 two-door sedan and the right front of Musial's 1959 station wagon were damaged.

**3.** An automobile being backed west, out of a driveway on the east side of Presque Isle Ave., by Dorothy P. Fisher, 117 E. Ridge St., struck a car which was parked on the west side of the street in the 1700 block, at 10:45 last night.

**Unsafe Backing**  
Owner of the parked car, which was damaged on the left front fender, was not known this morning.

**4.** An automobile being backed west, out of a driveway on the east side of Presque Isle Ave., by Dorothy P. Fisher, 117 E. Ridge St., struck a car which was parked on the west side of the street in the 1700 block, at 10:45 last night.

**Unsafe Backing**  
Owner of the parked car, which was damaged on the left front fender, was not known this morning.

**5.** Still under investigation today was an accident which occurred at 5:30 yesterday afternoon on Lake Shore Blvd., between E. Crescent St. and Hewitt Ave.

City police said John Brady Jr., 1821 Van Evera Ave., was driving south on Lake Shore Blvd. when he was forced off the roadway by an oncoming car and his automobile struck a tree on the west side. A witness, following Brady, corroborated his story.

The right front and side of Brady's 1958 station wagon was damaged.

**6.** At 3:20 yesterday afternoon a car being driven north on Blaker St. by Robert M. Kangas, 1103 N. Fourth St., and an automobile being driven east on E. Ridge St. by John R. Dupras, 301 E. Hewitt Ave., collided in the intersection.

City police said neither saw the other until it was too late. The right front fender of Dupras' 1960 foreign model car was damaged. Apparently no damage resulted to Kangas' 1953 fourdoor.

**7.** An automobile owned by Robert E. Brebner, 425 E. Michigan St., was damaged in a hit-and-run accident which occurred between 7:30 and 8:45 Monday night and which was reported to city police yesterday.

Brebner said he parked his car in the emergency parking lot in the rear of St. Luke's Hospital when it was struck by another vehicle. The trunk lid and left tail-light of Brebner's 1962 fourdoor were damaged.

# Yanks, Cubans To Leave For U.S. Today

HAVANA (AP)—A plane load of U.S. citizens who want to go home and a boatload of 900 to 1,000 Cubans who want to leave home are expected to embark for the United States today.

Some 205 U.S. citizens who have been living in Cuba are scheduled to be flown out on two planes—one leaving today and the other Friday.

The Cubans, relatives and friends of former invasion prisoners, are expected to leave Havana tonight aboard the ransom ship Shirley Lykes. The Red Cross in Miami said the ship is expected to arrive at Port Everglades, Fla., about 8 a.m. Thursday.

**Castro Agrees**  
The Swiss Embassy, which represents U.S. interests in Cuba, announced Monday that the Castro regime had agreed to the departure.

The Shirley Lykes arrived in Havana Friday with baby food and medicines shipped from the United States as part of the ransom for the Bay of Pigs invasion prisoners. Unloading of the ship was halted by wind and rain Monday but was resumed Tuesday.

Two high-ranking American Red Cross officials arrived in Havana Tuesday arousing speculation that their mission might have wider implications than delivery of the ransom for the 1,113 Bay of Pigs invasion prisoners freed last month.

**FIRST**  
First vending machine is said to go back to 219 B.C., when Hero Osetbus, a Grecian high priest, invented a device for dispensing holy water at the drop of a drachma (coin).

# Four Persons Fined; One Trial Slated

Four persons were ordered to pay a total of \$40 in fines and costs when they appeared before Municipal Judge Edward H. Dembowski yesterday.

Trial was set for tomorrow for Hollis Hammock, 35, K. I. Sawyer Air Force Base. City police ticketed Hammock Tuesday for leaving the scene of a property damage accident on N. Third St. Hammock entered a plea of not guilty yesterday.

Gordon E. Hodgson, 430 E. Michigan St., paid a fine of \$6.30 and \$3.70 costs for failure to yield the right-of-way at the corner of Sixth and Bluff Sts. City police issued the ticket Jan. 15, following an accident.

A fine of \$6.30 and \$3.70 costs were paid by William J. Myrick, Ishpeming, for failure to stop in the assured clear distance ahead. City police issued the ticket following an accident Monday on Washington St.

**Right-Of-Way Cases**  
Frank C. Matt, 1735 Presque Isle Ave., was fined \$6.30 and ordered to pay costs of \$3.70 for failure to yield the right-of-way. He was ticketed by city police Sunday following an accident at the corner of Arch and Spruce Sts.

For failure to yield the right-of-way at the intersection of W. Kaye Ave. and Second St., Ruth E. Eise-mann, 1115 Second St., paid a fine of \$6.30 and \$3.70 costs. The ticket was issued by city police following an accident Monday.

# Dear Abby . . .

BY ABIGAIL VAN BUREN

DEAR ABBY: I believe in being a good neighbor, but I think my husband has been overdoing the good neighbor policy. For the past three years our house has been in a state of being "renovated." We have holes in the floor, unpaneled walls, untilted floors, doorless and drawerless cupboards. Our driveway needs to be paved and our faucets all leak. Yet my husband finds time to build fences for the neighbors, fix their TV sets, spread concrete and what not. When he isn't volunteering, they are coming over and getting him. I am proud of my husband because he is a handy man to have around, but he's never around.

year-old child with whom I have sat many times. I was asked to sit with their baby from 7 in the morning until midnight on Saturday because they intended to go out of town. I agreed and got up at 6:30 to take the job. At 5 of 7 she called and said, "We decided not to go so we don't need you. Ha Ha." I turned down a date to our football game and the big dance afterwards for this job because I needed the money. Other sitters have been canceled out at the last minute, too. How would the lady like it if the sitter called five minutes before she was due to show up and said, "I just got a date and can't come. Ha Ha." What is your advice?

JUST PLAIN ANGRY  
DEAR ANGRY: Anyone's

MR. FIXIT'S WIFE  
DEAR WIFE: The only reason a man will knock himself out doing odd jobs for the neighbors when his own fence needs mending is quite simple. He likes the "thanks" they give him.

DEAR ABBY: A friend of mine passed away some time ago. He weighed around 230 pounds and was about six feet, six inches tall. What I would like to know is, how did they get him into a six-foot casket?

CURIOS  
DEAR CURIOUS: There are caskets of all sizes and also caskets made to order, so there is no reason to assume that a man six-foot-six was buried in a six-foot casket.

DEAR ABBY: I am 17 and am considered a reliable baby sitter. The lady next door has a two-

plans can change suddenly. However, if signals are switched on you more than once, refuse to sit for the person who stood you up.

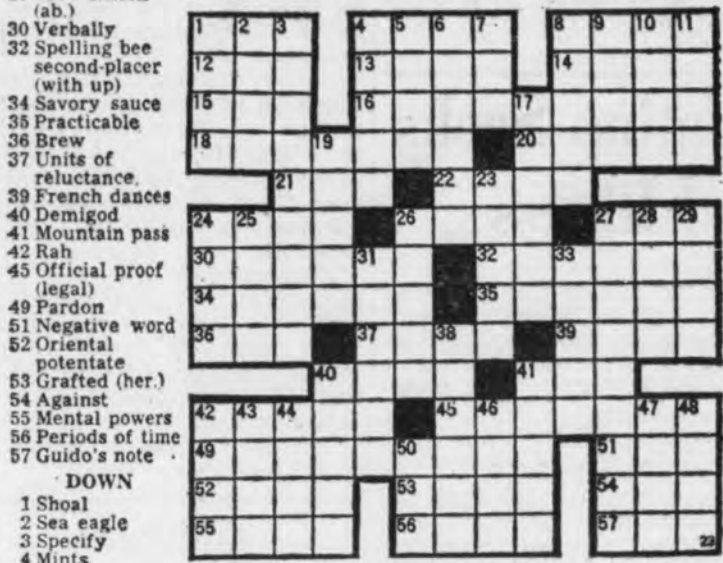

## Jules Verne's Nautilus Wins Prize At Ferris

BIG RAPIDS (AP) — Jules Verne's fictional submarine "Nautilus" rides among weird snow statue companions on the Ferris Institute campus in the wake of the school's sixth annual Winter Carnival. The submarine statue, 120 feet long, 18 feet high and about 20 feet wide, won first place over the weekend for Sigma Phi Epsilon fraternity in a carnival competition.

# Entire Area In Grip Of Cold Wave; Baraga County Schools Closed; Ishpeming's Low -28

(From Journal Reporters) Temperatures plummeted to 28 degrees below zero in the Ishpeming area this morning, while even lower readings were reported from Baraga County, where business and other activities were brought to a virtual standstill by the paralyzing cold.

All schools in Baraga County and in the Copper Country were ordered closed today because of the frigid wave. Many water, oil and gas lines froze in the Baraga-L'Anse area during the night, leaving some

homes without heat or water. A large number of cars were left standing idle in yards and streets.

No Weather Bureau thermometer was available in Baraga County to record the official temperature, but unofficially the mercury dropped to -43 degrees on a thermometer at the post office in Herman — eight miles southeast of L'Anse. Thermometers at State Highway or Conservation Department headquarters and garages registered -41 at Covington, -36 at Crystal Falls, -30 at Mass., -28 at

Wakefield and -20 at Calumet. The official 28-below-zero readings were recorded at 8 a. m. at the Cleveland-Cliffs Iron Co.'s co-operative weather station in Ishpeming and at the water works in Negaunee. Gwinn temperatures, on household thermometers, fell to -38 and -38.

**11th Day Of Frigid Wave**  
Cleveland-Cliffs records showed today was the 11th consecutive day of sub-zero temperatures. The mercury has climbed above zero on only four of those days, reaching a high of 12 on Jan. 18. Here are the figures for the prolonged cold spell:

Date	High	Low
Jan. 13	3	-9
Jan. 14	1	-14
Jan. 15	-2	-24
Jan. 16	2	-19
Jan. 17	8	-12
Jan. 18	12	-3
Jan. 19	0	-15
Jan. 20	0	-14
Jan. 21	-3	-19
Jan. 22	-8	-15
Jan. 23	-8	-28

Today's reading of -28 was the lowest recorded by the Ishpeming CCI station since the thermometer registered the same temperature in February of 1938.

Surprising as it may seem, the extreme cold has caused few water lines and sewers to freeze.

However, Ishpeming City Manager said this morning that "We can expect real trouble if this weather continues." He expressed hope that warmer weather will replace the cold wave soon to avoid a repetition of 1959, when the city had to use two crews on two shifts to alleviate freezing conditions created by a severe cold spell.

## Mother's March Chairmen Named In Three Townships

Announcement of the appointment of chairmen for the 1963 Mother's March in three Marquette County communities was made today by Mrs. L. B. Ives, Negaunee, county March of Dimes chairman, and Mrs. Louis Rosenbaum, Ishpeming, county Mother's March chairman.

Named to head the annual drives in their respective townships were:

**Michigamme** — Mrs. Robert Bowman.

**Republic** — Mrs. Walter McClintock and Mrs. Daniel Ringuette, both of whom have served as co-chairman for four years.

## Munising Has -23 Degrees; Cusino -32

MUNISING — Many residents of this area walked to work this morning, when cars could not be coaxed to run on this coldest day of the winter, to date.

The official temperature in Munising, according to Mrs. E. J. Mitchell, cooperative weather coordinator, was -23 at 8 a. m. today.

However, even that low mark was surpassed elsewhere in Alger County, with the Cusino Wildlife Experimental Station at Shingleton reporting an official low this morning of -32 degrees, and from Wetmore came an unofficial reading of 43 degrees below the zero mark.

**2.2-Inch Snowfall**  
Mrs. Mitchell said Munising's snowfall in the 24 hours up to 8 this morning reached 2.2 inches, which boosted the season's amount to 91.3 inches.

Munising's official snow base this morning was 22 inches.

## 92-Year-Old Resident Of Baraga Dies

BARAGA — Mrs. Johannah Shulstad, 92, died early Tuesday morning in St. Joseph Medical Center, Hancock, where she had been a patient since last July.

She was born in Deer Park, Wis., Nov. 1, 1870, and had resided in Baraga the last 58 years. She was a member of the Baraga Methodist Church. The former Johannah Rasmussen, she was married to Peter Shulstad in 1891. He died in 1919.

Surviving are two daughters, Mrs. Harvey (Ruth) Raymond St. of Baraga and Mrs. Edward (Olga) Kotial of Hancock; a son, Herbert of Baraga; nine grandchildren and 16 great-grandchildren, and several nieces and nephews.

Services will be held at 1:30 Thursday afternoon in the Swanson Funeral Home, L'Anse, with the Rev. K. Wipf officiating. Burial will take place in Baraga Cemetery.

Friends may begin calling at the funeral home this afternoon.

## Death Takes Carl Carlson Of Ishpeming

ISHPEMING — Carl (Albert) Carlson, 68, of 850 N. Pine St., died early this morning in Morgan Heights Medical Section, where he had been a patient for seven months.

He was born April 14, 1894, in Ishpeming. A lifelong resident, Mr. Carlson was employed by the Cleveland-Cliffs Iron Co. at the Tilden pit.

Survivors include three brothers, A. George Carlson and Theodore Carlson of Ishpeming and John E. Carlson of North Lake; a sister, Mrs. Lloyd (Mildred) Stone of Ishpeming, and several nieces and nephews.

The body is in the Bjork & Zhulke Funeral Home, where friends may call after 4 p. m. tomorrow. Services will be held at the funeral home Friday at 2 p. m. and burial will be made in Ishpeming Cemetery.

## Gains Shown By Peninsula Bank In '62

ISHPEMING — At the annual meeting of stockholders of the Peninsula Bank, an increase in total assets of \$568,790.63 over the previous year was reported.

Assets at the end of 1962 amounted to \$6,904,909.37.

Deposits increased \$537,732.41, while the capital accounts total went up from \$729,277.97 in 1961 to \$758,644.47 as of Dec. 31, 1962. This total is represented by \$200,000 capital, \$200,000 surplus and \$358,644.47 in undivided profits.

The same dividend was paid to shareholders as in the previous year.

The Peninsula Bank distributed \$106,826.78 to 1,032 Christmas Club members, an average of \$101.55.

The following were re-elected to the board of directors for 1963: Harry S. Peterson, Clayton Simons, James A. Jernstad, Henry R. Ruusi, William Jackson, William A. Trebilcock, A. J. LeSage and Arvid Nelson.

Following the stockholders meeting, the directors elected officers for 1963 as follows:

Harry S. Peterson, president; Clayton Simons, vice president; Arvid Nelson, executive vice president; M. J. Romel, cashier, and Raymond L. Sundblad, Virgil Anderson and Margaret Lehtinen, assistant cashiers.

Last year was highlighted by the bank's observance of its 75 years of financial service to the residents of Ishpeiming and surrounding areas.

## Hearing Test Program Set For Schools

MUNISING — Dr. R. A. Tearnan, director of the Alger-Schoolcraft Health Department, announced today that school hearing tests will be started this month for elementary grades in Alger County's public and parochial schools and for referred students in junior and senior high schools.

The goal for this year's program is "Save children from handicapping through hearing loss."

The testing program planned for this area, Dr. Tearnan said, "is designed to find even the slightest variation in hearing. Children whose tests show possible hearing loss on the group survey will be given more intensive individual hearing check-ups."

"Through the health department and local physicians, each child discovered to have a hearing loss will have the opportunity for a medical ear, nose and throat examination so that the hearing loss can be corrected."

The tests will be conducted by Nestor A. Wickman, audiologist, Michigan Department of Health, assisted by Catherine Casey, local technician, using a device called an audiometer. This preliminary screening finds children who need individual tests to determine their hearing abilities.

"In testing children needing individual hearing tests," Dr. Tearnan stated, "a device called a 'pure tone audiometer' will be used by the technician, Mrs. Lillian Ralson, who has had special training by the Michigan Department of Health. This sensitive instrument will find even the slightest hearing variation."

"About three per cent of all children have some hearing defect which goes undetected by parents and teachers. A hearing loss may cause serious behavior problems and failure at school. Yet, when hearing defects are found early, most of them can be corrected by prompt medical care. A child's hearing may be saved or permanent hearing loss may be prevented."

"Over and over again, testing in the schools has found children who

## Obituary

**IRVING BOOKER**  
GWINN — Irving Booker, 61, former Gwinn resident, died Jan. 14 in Chicago following an illness of three weeks.

He was born Nov. 4, 1901, in Marinette, Wis., and resided for 16 years in Gwinn before moving to Chicago 17 years ago.

Survivors are his wife, Flossie; two sons, Roland and Robert of Evanston; five daughters, Mrs. Dan (Barbara) Stregge and Mrs. Robert (Rita) Miller of Glenview, Ill.; Mrs. Anthony (Marjorie) Mansitto of San Jose, Calif.; Mrs. Lester (Sue) Korte of Azusa, Calif.; and Mrs. William (Jane) Aho of Ishpeiming.

Funeral services and burial were made in Evanston.

**CARROLL INFANT**  
ISHPEMING — Annette Marie, infant daughter of Mr. and Mrs. Douglas Carroll, 128 W. Superior St., died at birth yesterday morning in Bell Memorial Hospital.

Her maternal grandmother is Mrs. Theodore Giguere of Ishpeiming and her paternal grandparents are Mr. and Mrs. John Carroll of Kapac, Mich.

Burial was made today in the Ishpeiming Cemetery. The Fassbender Funeral Home was in charge of arrangements.

**MRS. EMILY THOMAS**  
GWINN — Mrs. Emily Thomas of Gwinn, formerly of Iron Mountain, died at 12:15 this morning in the Palmer Nursing Home after a long illness.

She was born March 4, 1880, in Champlain. Survivors are two daughters, Mrs. Myrtle Gasborro of Gwinn and Mrs. Eunice Lee of Iron Mountain; a son, Clyde Simons of Dearborn; a brother, Arthur Simons of Iron Mountain; two sisters, Mrs. Eva Reynolds and Mrs. Alice Upperstrom of Phoenix, Ariz.; nine grandchildren and two great-grandchildren.

Services will be conducted at 2 (Central Standard Time) Friday afternoon in the Freeman Funeral Home in Iron Mountain and burial will take place in Iron Mountain Cemetery. The Rev. Everett Erickson, pastor of the Gwinn Methodist Church, will officiate.

Mrs. Thomas was a member of the Methodist Church here and of the Iron Mountain Order of Eastern Star.

**MISS MILDRED KEMP**  
ISHPEMING — Services for Miss Mildred Kemp, 60, who died Monday in Fairmont, Minn., will be held tomorrow at 2 p.m. in the Bjork & Zhulkie Funeral Home. The Rev. Eric Hammar will officiate and burial will be made in Ishpeiming Cemetery.

Friends may call at the funeral home after 7 tonight.

**MRS. MARIA LUMMUKKA**  
ISHPEMING — Funeral services for Mrs. Maria Kaisa Lummukka, who died yesterday, will be held tomorrow at 2 p.m. in the Finnish Apostolic Lutheran Church. William Prusi will officiate and burial will be made in Ishpeiming Cemetery.

Friends may call at the Bjork & Zhulkie Funeral Home after 4 this afternoon. The body will be taken to the church at 11 a.m. tomorrow.

**Larson Peggers Lead By 1,389**  
ISHPEMING — Alice DeVold and Jeanette Sutherland came up with a 1,220 score and Elma Graham and Sylvia Parkkonen registered 1,206 in Ishpeiming Women's Cribbage League play.

Larson's team gained 340 holes to lead Scarffe's team by 1,389.

need help to hear, and start them on their way toward more normal, fuller lives."

The local hearing testing program is jointly sponsored by the Michigan Department of Health, local health department, Marquette-Alger Medical Society and the schools.

From 1817 until the Civil War no internal taxes were levied by the United States, as customs and sale of land provided sufficient revenue.

## Claude Smith Retiring From State Position

BARAGA — Claude Smith, Crystal Falls, district field administration supervisor of the Michigan Department of Conservation, is retiring from state service Feb. 9. He is a former resident of Baraga County.

Smith was born in Marinette, Wis., and graduated from high school in Wausau, Wis. He is a veteran of World War I, having served with the U.S. Navy.

Prior to joining the department, he was engaged in ranching and trapping in Northwestern Alberta, Canada, for five years and was a logging contractor in Baraga County for three years.

**Started At Three Lakes**  
He has served as supervisor of District 2, Crystal Falls, since 1943, when he was promoted to this position from assistant district of District 1, Baraga, where he had served for six years. His service began at Three Lakes serving as a fire officer in 1927. He had been district clerk and conservation officer at Baraga at various times.

Smith has contributed numerous articles pertaining to conservation to newspapers and to the official magazine of the department — Michigan Conservation.

He is a member of the American Legion, having been post commander at L'Anse. He has served as secretary of the Veterans' Advisory Committee, Crystal Falls, and is a 32nd degree Mason and past master of the Crystal Falls Masonic Lodge.

Smith is past president of the Crystal Falls Golf Club; past president, Crystal Falls Rotary Club; served as chairman of the Iron County Red Cross Fund Drive in 1946; has been chairman of a Boy Scout troop committee and was on board of directors of the Hiawathaland Boy Scout Council. He is past member of the Baraga County Advisory Board of Registrars.

**To Winter in Florida**  
His family includes his wife, T. Dorothy; two daughters, Mrs. Eugenia St. Germain, Madison, Wis., and Mrs. Barbara Haupt, Boise, Idaho, and two sons, James Smith of St. Clair Shores and Philip Smith, Cincinnati.

A retirement party is being given for him by the conservation personnel of the Crystal Falls district at Crystal Falls on Jan. 30.

He plans to spend the winter in Florida and next summer will travel in western Canada and western United States.

## Alger Circuit Court Term Postponed

MUNISING — Alger County Circuit Court, which was scheduled to open here Monday, has been postponed, due to the illness of Judge George S. Baldwin.

Opening of court has been rescheduled for Monday, Feb. 4, it was reported this morning.

The Washington Monument was completed in 1884.

## Meeting Of Girl Scout Council In Munising Thursday

MUNISING — A meeting of the Girl Scout Council will be held in the home of Mrs. Earl LaMothe Thursday at 7:30 p. m. All former council members, leaders and persons interested in Scouting are urged to attend.

This meeting will start the reorganization of troops for 1963.

## No Evidence Of Fraud In Vote Recount

LANSING (Special to The Mining Journal) — No evidence of fraud or tampering with election processes was uncovered in the 32nd senatorial district vote recount, Sen. Thomas Schweigert, chairman of a special recount committee, declared today.

As had been indicated when the committee's tally was completed last week, the recount confirmed the seating of Charles O. McManiman, Houghton Democrat.

Final tabulations showed a net gain of 34 votes for Bert Heidman, Hancock Republican, leaving McManiman a majority of 243," Schweigert declared in a statement.

"The Senate committee found no evidence of fraud or tampering with election processes. Thirteen precincts could not be recounted because of improper ballot wrapping and ballot box sealing.

"Previous Supreme Court rulings require that recount personnel use the original vote canvass where such discrepancies occur. This procedure is entirely reasonable for the protection of the voter. Persons conducting recounts cannot be expected to second guess what really happened. The Senate committee followed this procedure.

"The committee feels that it would be desirable to count separately absentee ballots in machine precincts, and there is a provision in the law permitting this and it has been used. Further consideration in possible change in the election law to require separate counting of absentee ballots in machine precincts appears desirable."

## Death Claims Limestone Woman, 80

LIMESTONE — Mrs. Mary Mae Parr, 80, Limestone, died at 4:15 yesterday morning in the Munising Memorial Hospital, after an illness of 12 years.

She was born Feb. 3, 1882 in Michigan but had lived in the Limestone area since 1933. Before that, she lived in Shingleton for 10 years.

Mrs. Parr was a member of St. Rita's Catholic Church of Trenary and its guild.

Survivors include two sons, Daniel, Manistee, and Howard, Limestone; two daughters, Mrs. Rachel Koch, Limestone, and Mrs. Leo Tucker, Marquette; a brother, George LarMour, Brule, Wis.; three sisters, Mrs. Rachel Gardibeck and Mrs. Eliza Benson, Marquette, and Mrs. Lilly LaBene, Michigan; 25 grandchildren and 33 great-grandchildren.

**Services Tomorrow**  
The body was taken to the Bowerman-Hallifax Funeral Home in Munising, where friends may call after 7 this evening. The Parish Rosary will be recited in the funeral home tonight at 8.

Funeral services are scheduled for tomorrow morning at 9 in the Sacred Heart Church of Munising, with the Rev. Aloysius Hasenberg, Trenary, officiating. Burial will be in Maple Grove Cemetery, Munising.

**Four Injured When Auto Hits Truck**  
L'ANSE — Four persons were injured and the car in which they were riding was smashed in a collision at 6:45 yesterday morning on M-28 a mile west of Kenton.

The car, driven by James E. Maney, 20, Marble, Minn., plowed into the rear of a snowplow parked on the side of the road.

According to state police, a dump truck owned by the Houghton

## County Road Commission Had To Be Towed Away

County Road Commission had become overheated while being used as a snowplow on M-28 and had been parked without lights on the right shoulder of the highway.

**Second Plow On Other Side**  
A second Houghton County plow, in which both drivers were sitting, was parked on the opposite shoulder with the lights on.

Maney told officers he saw the lights of the plow on his left, but because of swirling snow did not see the other parked truck until he crashed into it.

Maney and three passengers in his car were brought to Baraga County Memorial Hospital here by a passing motorist. They received treatment for their injuries and were released.

Philip Sigfrinius, 18, Marble, suffered neck injuries; Dianna Cogswell, 19, New Swanzey, suffered a broken nose and numerous bruises, and Lloyd Cogswell, 29, also of New Swanzey, received bruises. Maney's injuries consisted of severe head and chest bruises.

The front end of Maney's car was extensively damaged and had to be towed away. The dump truck plow was driven away.

## Driver Ticketed

In a second accident at 2:30 yesterday afternoon, an auto driven by Oscar Klemola, 77, L'Anse, struck another vehicle owned by Donald Michaelson, 35, also of L'Anse, on U. S. 41 near the intersection of L'Anse Ave. Michaelson was driving east on U. S. 41 when the Klemola car pulled out of a service station and hit the right rear of his auto. Both cars were driven away.

State police ticketed Klemola for failure to yield the right-of-way.

## Nine Drivers Fined \$106 In Munising

MUNISING — Fines and costs amounting to \$106 were paid by

## nine persons arraigned in justice court here before Judge Walter Jonas

The tickets in all cases were issued by Munising state police.

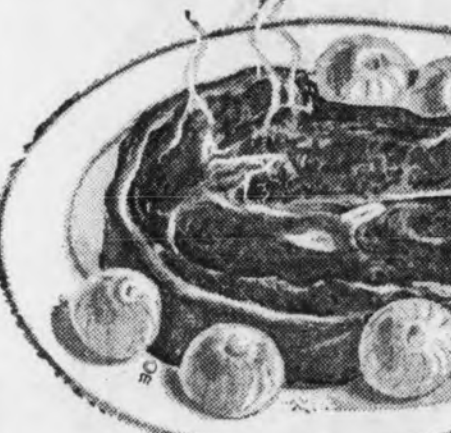

Fines were paid by: August Marentette, Shingleton, defective trailer brakes, \$7; Lee Tolman, Marquette, no tail lights or clearance lights on a truck, \$7; Ray Credlund, Shingleton, defective trailer brakes, \$10; Elmer Brow, McMillan, no mud flaps on trailer and defective brakes, \$24; Bernard Lasich, Manistique, driving to the left of center line, \$12; James Colegrove, Newberry, no mud flaps on truck, \$10; Richard Ellington and Daniel Pearce, Marquette, and William Risley, Sawyer AFB, excessive speed, \$12 each.

## AIRCRAFT SEATBELTS

It is an international requirement for aircraft to have seatbelts since a 1913 accident when a naval pilot fell out of the open cockpit of his seaplane 1,500 feet over Florida.

### Immanuel Picks Partanen As Council Vice Chairman

NEGAUNEE — Wilho Partanen was elected vice chairman of the Immanuel Lutheran Church Council at the annual meeting of parishioners this week. Council members and officers also were elected. Other officers elected included Toivo Talus, secretary, and Arthur Wassberg, treasurer. The Rev. William Sarvela, pastor, automatically serves as council chairman by virtue of his post. Parishioners re-elected to the council were Douglas Evans, George Sivula and Toivo Talus, while Paul Ollila was selected as a replacement for Arvid Saari. Hold-

### Parked Car Hit By School Bus In Ely Township

ISHPEMING — A car owned by Frank Moody, 44, National Mine, which was parked on the north branch of County Road 496 in Ely Township, was struck by a school bus operated by William Haapala, 46, Ishpeming, at 11:30 yesterday morning. State police said Haapala reported he had rounded a curve while driving west on Road 496 when an oncoming car caused him to drive to the right, with the bus sideswiping Moody's vehicle. The right rear of the bus, a 1954 model, and the right side of Moody's 1960 sedan were damaged.

### Tri-County Briefs

Alger . Baraga . Marquette

#### Trenary

Mr. and Mrs. Isaac Hendrickson and Mr. and Mrs. Edward Hendrickson attended funeral services for Matt Hendrickson in Munising Monday.

The Mathias Township School Board will meet Monday, Jan. 28, at 7:30 p. m. in the school.

The Bachelor 4-H Club will conduct a baked goods sale Saturday, Jan. 26, beginning at 10:30 a. m. The baked goods will be sold at the Co-op Store and Finlan's Red Owl.

Mr. and Mrs. Edward Roberts Sr. have returned from a visit with relatives in Wisconsin and Chicago.

The Methodist senior choir will practice Thursday at 6:45 p. m. Work will begin on the Easter cantata, "Gloom to Glory," by Dale Jacobus.

A2 Tom Harris, Colorado Springs, Colo., is spending a 10-day leave with Mr. and Mrs. Erwin Harris.

The Early Homemakers 4-H meeting has been postponed until 7:30 p. m. next Monday.

The First Lutheran Church choir will rehearse Thursday at 7:30 p. m. The Easter cantata, "Mine is a Risen Saviour," will be rehearsed.

Mrs. Victor Niemi and Mrs. Gene Holmquist attended funeral services for Mrs. George Kaukola at Rock Tuesday. Mrs. Holmquist and Mrs. Kaukola were sisters-in-law.

Roger Finlan has been released from St. Mary's Hospital, Marquette, where he was a medical patient.

Mr. and Mrs. Charles Storch, Muskegon and Ft. Knox, Ky., are the parents of a son, Steven Charles, born Jan. 19. Mr. and Mrs. John Storch are the paternal grandparents.

#### Ishpeming

The West Ishpeming Neighborhood Club will meet at 7 tonight in the West Ishpeming School.

Mr. and Mrs. Garfield Matthews, Boston, Mass.; Mr. and Mrs. Lloyd Matthews, Lansing, and Mrs. Arthur Urbach, Milwaukee, have returned to their homes after attending funeral services for Harry Matthews.

Finnish midweek services will be held in the Bethel Lutheran Church parlors at 7 p. m. Thursday. The hostesses are Mrs. Thomas Hampton, Mrs. Charles Ollila, Mrs. Jacob Forsti and Mrs. Lillian Johnson. The speaker will be Rev. William Sarvela, Negaunee.

A reunion meeting of the Ishpeming High School class of 1953 will be held in Room 100 of the school, at 7 Tuesday night, Jan. 29.

#### Negaunee

Melvin Roseveare is a surgical patient in Bell Memorial Hospital.

The Negaunee Township Get-Togethers will meet Thursday morning at 9:30 in the community building. Mrs. Olive Sain will be at the meeting to assist in setting patterns. Members are reminded to bring their patterns, material, pins and tape. Hostesses will be Mrs. George Jandron and Mrs. Phillip

### Terres, Harris Again Peg Top Cribbage Score

NEGAUNEE — Trouncing the Eagles by 508 holes, the Veterans took over first place in the second round of the Negaunee Social Cribbage League this week. The Vets hold a 19-hole margin over the Moose, who whipped the Elks by 173 points. In the third match, the Knights of Columbus posted a 53-hole victory over the American Legion.

High score honors and complimentary treater tickets were won by Eddie Terres and Escott Harris of the Legion, who duplicated their 1,230 match total of last week.

Other scores of 1,200 or over included 1,228 by Charles Kangas and Eino Maki of the Elks and 1,210 by Ronald Smith and William Reichel of the Veterans. A new low for the season of 992 was recorded by Francis Rose and Al Poirer of the Knights of Columbus.

Next week the Veterans entertain the Legion, the Moose visit the Eagles, and the Knights of Columbus host the Elks.

### 'Childhood Fears' Topic For PTA

NEGAUNEE — Members of the Central Grade Parent-Teacher Association will hold their January meeting at 7:30 Monday night in the school activity room.

Robert Drew, Escanaba, a member of the Michigan Department of Mental Health staff, will present a film entitled "Childhood Fears." Following the film, there will be a discussion on the topic. Drew has been conducting a mental health class in Negaunee during the past several months.

Preceding the meeting, supper will be served in the high school cafeteria to acquaint parents with the school lunch program. Persons planning to attend the supper should make reservations by returning forms sent home with school children.

#### Gleason.

A silver wedding anniversary party will be held in honor of Mr. and Mrs. Oscar Jarvi at the Moose Hall Saturday night, Jan. 26, beginning at 7:30.

Beatrice Lahtinen is a surgical patient in Bell Memorial Hospital.

#### Gwinn

A meeting of the Gwinn Women's Bowling League will be held at 2:30 Sunday afternoon at the bowling alleys. All members are urged to attend.

A party sale will be conducted by the Women's Society of Christian Service of the Gwinn Methodist Church Saturday, beginning at 11 a. m., in Fellowship Hall. The public is invited.

Junior Hockey:

Only Six Contests Left, But No Division Lead Safe

With only 6 games left in regular season play, no team in any of the 4 divisions has been able to get a firm grip on first place.

Indy Feature In Overtime

Two tight games marked Neegaunee play, but the rest of the independent basketball scene was pretty lopsided, last night.

In one of the squeakers, another Pioneer City club made a strong bid to be the first to beat Boosta's Neely Lumber led almost all the way, only to lose to the Sportsmen, 69-67, in overtime.

Also in Neegaunee, Hotel Bar, leading by 27 points in the second quarter, held on to edge Patch Location, 65-61, as Louie Chiri scored 39 for Patch.

Second-place Mattson Dairy beat Palmer-Mets, 81-52 as Don Price and Dave Jandson split 36.

Thursday at 6, Mattson's and Boosta's meet head-on, followed by Hotel Bar vs. Palmer-Mets and Neely vs. Patch.

In the Marquette "A" League, Pesola's belted Misfits, 92-65 as Mickey Nevala scored 40, Mike Milecki, 22. Dave Hunter scored 36 but Pesola teamwork was too much.

The crewed down Clifton Bar, 93-79, as Bud Kramer, hitting a high percentage from outcourt, scored 36 and Bob Ricconi scored 20. Bob Maki had 30 for Clifton, while Pete Ciucci and Phil Griffith split 40.

Aguirre Gets \$7,000 Hike For 1963

"May the bubble never burst," said Detroit pitcher Hank Aguirre last season as his earned run average and batting average continued to drop at a rate that would send stock market manipulators scurrying for apple carts.

It didn't end Tuesday the 30-year-old left-hander, who made one of the most astonishing flips in the majors last year, got his dividend—a \$7,000 pay boost to \$25,000 when he signed his 1963 baseball contract with the Tigers.

Complete Change Aguirre had a 4-4 record and a 3.27 ERA in 1962. In 1963 he underwent a complete transformation after getting his first start on May 25, and wound up with a 16-8 mark and a major league leading 2.21 ERA.

How does Aguirre account for the change? He gives much of the credit to team physician Dr. Russell Wright who convinced Aguirre that a pain in his chest stemmed from a quirk in his pitching motion and had nothing to do with his heart.

'Attack' In 1960 "I got sick the second day of the season in 1960," says Aguirre. "I was in church when it happened. I got a pain in the chest. I thought I had a heart attack. The doctors told me I didn't, but I didn't believe them."

Wright convinced him, and Aguirre corrected the hitch in his pitching form and became a winner.

Felipe Not Satisfied Felipe Alou of National League champion San Francisco, who batted .316, hit 25 home runs and drove in 98 runs, now is numbered as an unsatisfied customer of the Giants.

Alou said at his home in Santo Domingo that he had mailed his contract back to San Francisco unsigned. "I think I had a good season," he said, "and I think I deserve more than they offered."

Reports indicate Alou wants a \$12,000 boost to \$30,000. Giants' Vice President Chub Feecey agreed that Alou had had a good season. "All I can say is that he had a good year and we offered what we considered a good raise. We will wait and see what he asks."

4 Servicemen Training For Ski Tryouts

K. I. SAWYER AFB — Four skiers, all servicemen, have been using K. I. Sawyer AFB as training headquarters in preparation for the Olympic Ski Trials.

The skiers are A3C Leonard J. Mayers, home base McGuire AFB, N. J.; PFC Nelson Langlois, Canal Zone; PVT. Walter Cherry, Picatinny Arsenal, Dover, N. J.; and PVT. Robert A. Keck, Ft. Carson, Colo.

Both Cherry, formerly of Munising and Michigan Tech and Keck, from Oconomowoc, are familiar to ski fans.

They are currently touring and competing in meets which will bring them to peak level for the trials to be held in Ishpeming, Mich. Mar. 9 and 10.

In their lone meet to date in Minneapolis, Keck had the best performance of the four, finishing fourth with jumps of 190 and 191 feet. He was only two feet off the winning jump of 193 feet.

Future meets will take them to Eau Claire, Wis. Jan. 27, Duluth Feb. 9 and 10, Steamboat Springs, Colo. Feb. 16 and 17 and Crested Butte, Colo. Feb. 21-24.

The finale for the trials will be at Ishpeming, Mar. 9 and 10. They were scheduled for a meet in Chicago this past weekend.

If they are successful in the trials they will then be assigned to the American Olympic Team which will train further as a team in Europe for approximately a year.

The ninth winter Olympic games will be held in Innsbruck, Austria Jan. 29-Feb. 9, 1964.

NATIONAL BASKETBALL ASSOCIATION Tuesday's Results Boston 124, New York 100 St. Louis 113, Syracuse 93 Detroit 115, San Francisco 107

Table with columns W, L, T, Pct. for various teams including Denver, North Dakota, Michigan Tech, Minnesota, Colorado College, Michigan State, and Michigan.

Armstead, Silc Lead Balanced Wildcat '5' Through Half Of Slate

The semester-exam break is a better time than most to take a statistical look at Northern Michigan College basketball.

The Wildcats would like to have the same names, plus a couple more, on the roster for the last half of the schedule. With an 8-3 mark on the books, Northern goes to Calvin College (Grand Rapids), Saturday, and to Mankato (Minn.) State, Tuesday.

They host Ferris, Friday, Feb. 1, before heading into the second semester.

Coach Stan Albeck has used eight men in every game to date, and up to 14 on three occasions.

The scoring and rebounding lead is pretty well shared by Bob Armstead and Gary Silc. Each is averaging just over 16 points a game. Bobby has 77 field goals, Gary, 76. Each has 26 free throws. Silc has 92 rebounds (not including the Aquinas game) and Armstead has 88.

Close behind in these categories are Wayne Lundy and Jerry Wright, each averaging about 11 points a game. Wright has 81 rebounds in 10 games; Lundy has 72. Behind this foursome, the scoring and rebounding reflects the juggled lineup which has seen a total of ten starters to date, including Duane Soine, Tim Bullock, Dave Cade, Bob Pecotte, Bill Webb, and Ron Sliktas.

Pecotte has 76 points, Bullock, 68; Cade, 61; Soine, 60; John Hemr, 25, and the rest between 17 and 10 points.

Since figures (other than points scored) from the alteration at Aquinas are not available, percentages cover 10 games. Leading the field goal shooting averages is Soine at a fine .685, followed by Silc at .523. Pecotte at .507, among the "regulars." Hemr has a .647 average (.11-for-17).

Armstead has hit on 46 per cent of 150 shots. Bill LeClair leads in free throw shooting. He's 7-for-8 from the line. Armstead has an .806 average on FTs, while Cade and Soine hit 80 per cent of the time. Wright has the most free throw tries and the most FTs — he's 32-for-54.

As a team, the 'Cats are averaging .424 from the field, .624 on charity tosses.

Pin Stars Set More Meet Marks KANSAS CITY (AP) — Billy Welu and Marion Ladewig won the qualifying trophies in the All-Star Bowling Tournament Tuesday.

Welu, former champion from St. Louis, won the medal with a 32-game total of 7,202 pins. Welu and 13 other semifinalists demolished the record of 6,874 established last year by Roy Lown of El Paso, Tex.

Welu climaxed his outstanding performance by shooting six-game blocks of 1,292 and 1,347. Broke Own Record Mrs. Ladewig, seven-time champion from Grand Rapids, Mich., felled 5,018 pins in 24 games to break her record of 4,808 set in 1961.

It was the third qualifying trophy in a row for the dignified grandmother of five.

The leading 16 scorers in the men's and women's fields advanced to the round robin finals today. The \$100,000 classic ends Saturday.

VanderKelen Casts Lot With Vikings

ST. PAUL-Minneapolis (AP) — It's a mighty leap from a 90-second scrub in college to National Football League apprentice quarterback, but Wisconsin's Ron VanderKelen is so nonchalant about it all you'd think he was Y. A. Tittle.

"I realize nobody can just step in and play pro football," the handsome Badger grinner said Tuesday after he had signed a one-year contract with the Minnesota Vikings.

Terms were not disclosed, but the pact does not include a no-cut clause. It is believed he signed for about \$20,000 in bonus and salary. A personal agreement with a Viking owner will guarantee employment so VanderKelen will realize his salary next year whether he makes the team or not.

"I think I can make it or I wouldn't have signed," the Rose Bowl hero said.

"Sure this club has a real good quarterback in Fran Tarkenton. I don't know if I'll ever be as good as he is, but I'll try and I know with this team I'll get the chance."

A chance is all VanderKelen wants. The 23-year-old has offers from 11 other pro clubs, some of them possibly more lucrative.

He picked Minnesota because "I think it's a great opportunity to play on a young team. Now it just depends on how well I perform whether I can make it."

The last time VanderKelen "got a chance," was only five months ago when coach Milt Bruhn assembled his Badger squad for the start of fall practice.

Vandy, a 6-foot-2, 185-pounder not only became Wisconsin's first-string quarterback. He led Wisconsin to an 8-1 season and the Big Ten championship.

Then came the Rose Bowl and VanderKelen surpassed even his most brilliant Big Ten performances. Wisconsin lost to national champion Southern California 42-37, but not before Vandy rallied the Badgers from a four-touchdown deficit.

MARQUETTE MIXED Vi Camilli fowled a 491. Betty McGinley had a 205 high, while John Person rolled 507 and tied Gene Beckman with a 186 game, in the Elks Sunday Mixed league. King Pins bowled 1,937, and Jets had high team game of 690, but Cream Puffs ended up in first place for the first half of the season.

GAME CANCELLED AIR FORCE ACADEMY, Colo. — Maj. Gen. Robert Warren, Superintendent of the Air Force Academy, said plans have been cancelled for a National Football League exhibition game in the Academy stadium next Sept. 8. The date had been accepted by the Detroit Lions and Dallas Cowboys. It drew a vehement protest from Calvin Kunz, president of the Denver Broncos of the rival American Football League.

Trenary Comets Even Record By Edging Rock Five, 75-70

TRENARY — The Trenary Comets took the lead in the last minute of the first half, then held on through a tough 16 minutes of play to edge Rock, 75-70, in Central U. P. League play Tuesday night.

Both teams entered the game with 4-5 records, and they proved well-matched. Trouble at the free

throw line kept Rock from overcoming an 8-point Trenary edge in field goals.

The Little Giants missed half of 32 FT chances, stemming from 22 Trenary fouls. The Comets were 13-for-17 from the line.

Scoring, too, was well-balanced. Vertanen led Rock with 19 points, followed by Alan Niemela at 17 and Bob Salmi at 16. Trenary scoring was nearly balanced, as Wayne Lusardi, Mike Hawley and Roy Aho virtually split 51 points, and Tom Quartfoot added another 16. Hawley and Hill fouled out, as did Salmi of Rock.

Rock took a 20-13 lead at the quarter, but Coach Steve Ellis' club tied it with a minute left before intermission, and left the floor with a 37-32 bulge which held up as the final margin, although Rock frequently cut that bulge — as in a 52-50 third quarter.

Trenary plays at National Mine, Friday night.

Table with columns FG, F, FT, Pct. for various players including Mike Hawley, Tom Quartfoot, Wayne Lusardi, Roy Aho, Larry Hill, Alan Niemela, Greg Cady.

Table with columns FG, F, FT, Pct. for various players including Jim Lund, Bill Vertanen, Bob Salmi, Alan Niemela, Greg Cady.

MARQUETTE MAJOR "Buck" Rogers bowled a 536 (174-176-181) while Jack Fleury had high game of 214 this week. Virg's Bootery bowled a 2,556 (845-885-826), at Shoreland Alleys.

MARQUETTE CITY Bernie Olds bowled a 569 (183-174-212) and Bernie Pello had high bowled a 2,719 and Lake Shore had game of 239, this week. Shoreland high game of 929.

MARQUETTE COMMERCIAL Andy Lempsis posted a 591 (223-169-190) and Fred Mueller had high game of 234 in the Olympic loop. Stroh's bowled a 2,738 team series, and Trinity Lutheran had a 954 game.

MARQUETTE QUEEN CITY Leona Flynn and her Marquette teammates set new highs in the league this week. Leona rolled a 568 (233-166-169) and Marqs at 2,323 (891-765-667). All but the team series are new highs. Sue Brigman bowled 520 (199-163-158). Elsie Conant, 515 (229-135-151). Laverne Olson 506 (173-168-165). Reva Swanson had a 200 game.

MARQUETTE 825 Marv Johns led the Olympic loop with a 575 (178-190-207), while Ray Olson had a 222. Balms Decorators rolled 2,633, featuring a 946 high game.

MARQUETTE PRISON Tony Hogan fired a 534 (191-162-181) and Wes Johnson had a 199 game, while Hall Office managed a 2,370 with an 826 high team game.

MARQUETTE LSAI Bill Musolf bowled a 583 (206-168-209), Marty Grobar a 225 game, while the Electricians swept to a 2,612 (852-844-916).

MQT. PRISON NIGHTS Toivo Kallio bowled a 518 (178-172-168), and Bob Leaf had high game of 206, while Casinos posted a 2,396 match, Pabst, an 858 game.

Parlaying muscle, height and an impressive crew of sophomores, Georgia Tech's Yellow Jackets are making perhaps their loudest bid in a quarter of a century for top basketball honors in the Southeastern Conference — by winning the big ones in a whisper.

In a whirlwind comeback sparked by a trio of sophs, Georgia Tech took another close decision Tuesday night—69-64 over Auburn. R. D. Craddock, Jim Caldwell and Ron Scharf scored all but one of Tech's last 17 points as the Jackets, ranked seventh nationally, ran their season record to 13-1.

Georgia Tech, gunning for its first SEC title in 25 years, also pushed into second place ahead of Auburn and right behind Mississippi State. Tech is 3-1. The Maroons, only club to beat the Yellow Jackets, are 4-1.

In other games, Canisius won its ninth in 11 starts, beating Scranton 88-78. Dartmouth closted New Hampshire 66-50, and Idaho beat Montana 78-69.

HEINRICH TO HELP LOS ANGELES (AP) — Head Coach Harland Svare has selected Don Heinrich, former New York Giants quarterback, to be backfield coach for the National Football League team.

Georgia Tech Sophs Shine

Parlaying muscle, height and an impressive crew of sophomores, Georgia Tech's Yellow Jackets are making perhaps their loudest bid in a quarter of a century for top basketball honors in the Southeastern Conference — by winning the big ones in a whisper.

In a whirlwind comeback sparked by a trio of sophs, Georgia Tech took another close decision Tuesday night—69-64 over Auburn. R. D. Craddock, Jim Caldwell and Ron Scharf scored all but one of Tech's last 17 points as the Jackets, ranked seventh nationally, ran their season record to 13-1.

JANUARY ANNOUNCEMENT:

Comet's newest fun car...the SPORTSTER

Again Comet proves that it has a wonderful way with a roof. Evidence: the clean, racy lines of this luxurious new S-22 Sportster hardtop with individually adjustable bucket seats. There's also the new Custom Sportster model, so now you have a choice of 14 fun cars from Comet — jaunty hardtops, new convertibles, roomy station wagons, and sedans with Comet's classic roofline. And cost-cutting, service-savers like self-adjusting brakes, 36,000-mile major lubrication intervals and 6,000-mile minor lube come in every '63 Comet. Sound good? Visit your Mercury dealer and see just how good!

'63 MERCURY COMET COMET • METEOR • MERCURY: PRODUCTS OF Ford MOTOR COMPANY • LINCOLN-MERCURY DIVISION NOW AVAILABLE ONLY AT MERCURY DEALERS! EXCLUSIVE ARNOLD PALMER GOLF INSTRUCTION ALBUM—ON TWO LP RECORDS!
