

Sixteen-year-old Harry Hebard, standing right, is shown with five members of his family who he shot and killed Tuesday at his home in Green Bay, Wis. Victims were Janice and Judy, 11, twins; Mr. and Mrs. Jack Hebard and John Rudell, 15, standing left (above). Janice, Judy and John are children of Mrs. Hebard by a previous marriage. Harry is the son of Mr. Hebard by a previous marriage. Photo at left shows the covered bodies of Mrs. Hebard, left, and son John, lying in the blood-spattered kitchen following the shooting. (AP Wirephotos).

Green Bay Youth Faces Arraignment

GREEN BAY, Wis. (AP) — A high school youth whose broodings, over his place in the family circle exploded into a burst of gunfire, has told authorities how he shot and killed his father and stepmother and her three children.

Harry Hebard, 16, described by his minister as "a good, quiet boy who was real active in the church," apparently had planned the slayings for some time, according to Dist. Atty. Robert Warren.

Psychiatric Exam
The boy was scheduled for arraignment today on first-degree murder charges. Warren said he will seek a psychiatric examination for him.

Harry, a high school junior, surrendered meekly Tuesday about six hours after the bodies were found in the family home.

Killed by shots from an automatic pistol and rifle were the boy's stepmother, Joyce, 35; her three children by a previous marriage, John Rudell, 15, and Judy and Janice, 11-year-old twins; and Harry's thrice-married father, Jack Hebard, 38, a part-time automobile thrill driver and stunt man.

The father, an airline freight foreman, used the professional name "Lucky O'Hara" and was well-known on the Midwest fair circuit.

The boy told the district attorney he "had a general feeling of being left out of the family circle."

Telephone Union Slates Drive To Bolster Pensions

MIAMI BEACH, Fla. (AP) — A new labor trouble area opened today with word that the telephone workers' union plans a drive to win substantial benefit gains from the Bell System's \$4-billion pension reserve.

Joseph A. Beirne, president of the AFL-CIO Communications Workers of America, said, "We've decided to go the limit" in 1963 labor contract negotiations to improve pensions payable to about 400,000 employees of the American Telephone and Telegraph Co., a Bell Telephone affiliate.

"Ridiculously Low"
Beirne told a reporter, "The average actual pension being received by our 63,000 retirees is \$78 a month. That's ridiculously low for a \$25-billion corporation with a \$4-billion pension fund."

Beirne said the fund's interest yield is over \$125 million annually. He said that is more than enough to pay current retirement benefits without touching the principal.

The union wants to eliminate a requirement that company-paid pensions be reduced by half the amount of Social Security payments. It also seeks pension increases and a survivor benefits option.

100 Megaton Warheads On Russian Missiles?

MOSCOW (AP) — A Soviet rocket commander claimed today the Soviet Union has missiles armed with 100 megaton nuclear warheads while the biggest the United States has are only seven megatons.

A megaton is a force equal to the explosive power of one million tons of TNT.

The Weather

Forecast for Marquette and vicinity — Variable cloudiness, windy and much colder tonight, with scattered snow flurries mostly near Lake Superior; low tonight, five below to 10 below along the lake and 20 below inland; Thursday, partly cloudy and cold, high around zero. For Friday: Generally fair and continued cold.

Forecast for Lake Superior — Advisory gale warnings indicated. North to northwest winds 30 to 40 knots tonight, diminishing slowly during Thursday, and snow flurries.

Data for preceding 24 hours: Temperatures 6 at 6:30 a. m.; 8 at noon; highest in last 24 hours, 9 at 8 p. m.; lowest, 0 at noon. Relative humidity at noon — 60 percent.

Precipitation — .05 in last 24 hours; total to date this year, 2.05; normal to date, 3.06.
Sun rises at 7:44 a. m. and sets at 6:23 p. m. tomorrow.
Records for Feb. 20 — Maximum temperature, 56 in 1877; minimum temperature, -17 in 1918; most precipitation, 1.03 in 1898.

U.S. Willing To Cut Demands For Nuclear Test Ban Treaty

Venezuela Stable, Says Betancourt

WASHINGTON (AP) — President Romulo Betancourt of Venezuela declared today his government is stable despite aggressive Communist subversion directed through Havana from Moscow and Peking.

He said in a speech prepared for delivery at the National Press Club that groups of Red terrorists, by making off with five paintings from a French art exhibition in Caracas and hijacking the Venezuelan freighter Anzoategui, had gained "excessive international publicity" that gives a distorted picture of the situation in his country.

"These acts of terrorism are commando operations carried out by small groups that have absolutely no help or support from the people of Venezuela," he said. Betancourt said the Communists had failed to influence organized labor and farm workers, and that among students there was a "lessening of receptivity to their slogans."

"If they have launched themselves on the extreme and desperate path of terrorist acts, it is because they realize they have no popular support and aid," he said.

"The aid and support of the people of Venezuela, their determination and will to live in democracy and freedom, have given real stability to the government that I represent. But it also has had and continues to have the loyalty and support of the armed forces."

Venezuelan Ship Arrives In Macapa

BELEM, Brazil (AP) — The hijacked Venezuelan freighter Anzoategui, flying a Brazilian flag and with Brazilian diplomats and military personnel aboard, reached the Amazon River port of Macapa today.

BELEM, Brazil (AP) — With Brazilian authorities in control, the hijacked Venezuelan freighter Anzoategui sailed slowly today toward the Amazon port of Macapa, last stop in her weeks forced run at gunpoint.

The freighter's pro Communist captors, disarmed Tuesday night without a fight, faced detention as guests of the Brazilian navy while diplomats wrangled over their fate.

At Macapa, a port on the north side of the Amazon Delta 230 miles northwest of Belem, the freighter was to be returned to its owners—the Venezuelan government shipping company—after officials transferred the hijackers to a Brazilian destroyer escort.

The hijackers would be brought to the naval base in Belem and held incommunicado.

The hijackers, who seized the freighter in a dramatic bid to discredit Venezuelan President Romulo Betancourt's anti-Communist government, requested asylum in Brazil. The Venezuelan government demanded their return for trial as criminals.

Asylum
Brazilian authorities said the captors would be treated as political refugees until the Foreign Ministry decides their future. They indicated asylum will be granted if the offenses against the Venezuelan government are considered political and no Brazilian law was broken.

Congressional Leaders Want Russ Out Of Cuba

WASHINGTON (AP) — Leading congressional Democrats joined several Republicans today in calling for the withdrawal of all—and not just part—of the 17,000 Soviet troops in Cuba.

A written communication to President Kennedy that Soviet Premier Khrushchev plans to ship several thousand Russian soldiers home soon was hailed as a significant development.

But members of both parties said the Kennedy administration must continue to press with all of the force at its command for complete evacuation of Soviet military men from the island.

Police Jail 338 Pickets In Baltimore

BALTIMORE (AP) — More than 300 persons, most of them Negro college students, are being held in Baltimore jails as demonstrations continue at a segregated movie theater here.

Police charged 120 persons with disorderly conduct after demonstrations Tuesday night at the Northwood Theater. Some of the demonstrators also were charged with trespassing.

A total of 338 persons have been jailed since picketing began Friday. Four who were ill have posted bond.

The integration leaders in a telegram to U.S. Atty. Gen. Robert F. Kennedy protested "against exorbitantly high bail set for these college students and against totally unfounded charges of disorderly conduct."

The integration leaders also appealed for help to Maryland Gov. J. Millard Taves and Atty. Gen. Thomas B. Finan and to Baltimore Mayor Philip Goodman.

Municipal Court Judge Joseph G. Finnerty set bail totaling more than \$90,000 Tuesday for 151 persons arrested in demonstrations Monday night.

Flint Speeder Was Running Out Of Gas

IONIA (AP) — State Police said they caught William Battle, 37, of Flint driving his car at 100 miles an hour Tuesday. They said he told them he was hurrying to reach a gas station before he ran out of fuel. Battle paid fines and court costs of \$79.30 on a reckless driving charge.

Michigan Seeks Patent For Compound 17070

LANSING (AP) — The Health Department will apply for a patent on a new compound used in treating two dogs afflicted with cancer.

Dr. Albert Heustis, health commissioner, said the compound may someday be of use in treating human cancer, but he emphasized that now "it's a long way from humans."

Tentatively dubbed "Compound 17070" by the department, the substance was developed in the agency's Lansing laboratories.

The two dogs treated were brought to the department in December. They were diagnosed to have cancer and were given "a week or two" to live, Heustis said.

Yanks Insist System Must Be Foolproof

GENEVA (AP) — The United States indicated today it would settle for fewer than eight on-site inspections a year within the Soviet Union if the Soviet Union accepted a completely foolproof inspection procedure.

Chief U.S. Delegate William C. Foster presented the idea in a meeting of the 17-nation disarmament conference. He stressed that any American willingness to compromise would depend, among other things, on a satisfactory number of inspectors, the areas where they could operate and the criteria under which they could be dispatched.

Soviet Deputy Foreign Minister Vasily V. Kuznetsov ignored Foster's suggestion. He tried to move the debate away from the test ban and into a discussion of an East-West nonaggression pact.

The Soviet Union had advanced the pact idea frequently, but the West wants it considered only in the general framework of disarmament treaty.

The talk in the corridors around the conference was that the United States and Britain ultimately might compromise on five or six on-site inspections per year on Soviet territory to check on suspicious earth tremors indicative of underground nuclear explosions.

Such a concession never has been spelled out to newsmen by members of the U.S. delegation, however. The negotiations have been deadlocked for weeks between the Soviet maximum offer of two or three inspections and the Western minimum demand for eight.

Snowstorms Lash Areas Of Northeast

(By the Associated Press)
Stormy weather, with heavy snow, sleet and strong winds, lashed wide sections of the Northeast today after pounding many areas in the South and east central states.

The severe storm, centered near Nantucket, Mass., dumped more than eight inches of snow in Worcester, Mass., and seven inches in Windsor Locks, Conn., and Portland, Maine.

The Weather Bureau posted heavy snow and hazardous driving warnings in central and western Massachusetts through northern New England. Gale warnings were displayed from Maine to Rhode Island. Tides are averaging about two feet above normal from northern New Jersey northward.

The storm swept across eastern, south central and northern sections of New York State. Some airplane flights were canceled in Albany, which reported more than five inches of snow.

Sub Zero Reading
A mixture of rain and snow ended in New York Tuesday night, leaving about an inch of slush. Snowfall was heavier in suburban areas.

Driving conditions were hazardous throughout the storm belt. Only subzero temperatures this morning were in northern Minnesota and North Dakota. Low marks included -15 in Grand Forks, N.D., -13 in Bismarck, N.D. and -10 in International Falls, Minn.

Indicted In Mail Fraud

A. Gordon Boone, left, speaker of the Maryland House of Delegates, and Charles F. Culver, right, a former member of the legislature, were indicted by a federal grand jury in Baltimore Tuesday on charges of mail fraud involving savings and loan association activities. (AP Wirephotos).

McCone Quizzed On 'Picture Gap'

WASHINGTON (AP) — Intelligence chief John A. McCone was questioned today at a secret House briefing about a so-called "picture gap" in the aerial surveillance of Cuba during the Soviet missile buildup, it was learned today.

Informed sources said McCone was pinned down on the issue Tuesday, but because of security considerations the sources would give no further details.

"Picture Gap"
The "picture gap" is a blank stretch from last Sept. 5 to Oct. 15 in the aerial photographs made public two weeks ago in an extraordinary two-hour television briefing by Secretary of Defense Robert S. McNamara and an intelligence aide.

In all the 60-odd photographs flashed on the screen, none fell in the "picture gap," a critical time period at the end of which the Soviets were discovered actually to have readied intermediate range missiles that could reach deep into United States territory.

McNamara Quizzed
McNamara was asked about the gap by newsmen in the question and answer session that followed.

JOHN A. MCCONE

riod, but that because of lack of time a selection had to be made of which photos to show on television.

Vietnamese Make Inroads In 'D Zone'

SAIGON, South Viet Nam (AP) — For the first time in their four-year war against the Communist Viet Cong, President Ngo Dinh Diem's troops appear to have made real inroads into the Communist area known as "D Zone."

Although contact with the guerrillas has been light, the government claims more than 30 of the enemy died in the operation.

Penetration of D Zone is an important psychological step for Saigon's forces. The area is shown on Communist maps as a "liberated one" in which Viet Cong forces can operate with complete safety.

Roads through the zone, including an important arterial route, have been subject to a bloody series of Communist ambushes.

Center Of Strength
The main center of Viet Cong strength and its coordinating headquarters are believed to be somewhere in D Zone. Several of the radio propaganda transmitters the Viet Cong call "liberation radio" also are understood to be programs from the one.

Smithsonian Institute Given 'Friendship 7'

WASHINGTON (AP) — One year ago, John H. Glenn Jr. carried the American flag on a triumphant ride through space.

Today the souvenirs of that flight took their place with the other symbols of the nation's history as astronaut Glenn formally presented to the Smithsonian Institution the Friendship 7 spacecraft, his silvered space suit and the little flag.

It was a day of memories for the Marine lieutenant colonel.

On this first anniversary of the United States' first manned orbital flight, Glenn and his family once again viewed the scorched capsule that carried him three times around the earth.

The Friendship 7, which Glenn named in honor of the seven astronauts, has been on display without fanfare for two months, awaiting the formal presentation ceremony.

It has toured the principal cities of the world and has been inspected by millions.

Small Ceremony
A small ceremony was planned to mark the presentation at the Smithsonian's air museum. Then a motorcade will carry the group to a downtown hotel for a luncheon.

Among those taking part will be Vice President Lyndon B. Johnson, chairman of the National Aeronautics and Space Council.

U. S. May Act If Lid Blows Off In Haiti

By WILLIAM L. RYAN
AP Special Correspondent
The lid may blow off this spring in the confused Caribbean Negro Republic of Haiti.

If an explosion comes, say reliable sources, U.S. military action may be needed to prevent a Castro-like regime from popping up on the Island of Hispaniola, only 50 miles across the strategic Windward Passage from Cuba.

Haiti, a turbulent dictatorship, shares Hispaniola with the Dominican Republic, itself freed recently from the Trujillo dictatorship.

valier, dictator of the French-speaking nation of 4 million, will leave the country suddenly, before May, with the explanation he is seeking medical treatment abroad.

The 55-year-old dictator has been ailing.

Informants add that if Dr. Duvalier decides to leave, he probably will turn the government over to his current interior minister, Luc F. Francois.

Duvalier is a physician turned politician, known to Haitians as "Papa Doc." He has survived a dozen plots since taking office in 1957 after an election denounced by his foes as fraudulent.

May Sees Disaster
Now he may see disaster. A general student strike against the

regime is in the offing. Duvalier's secret police and militia are reported cracking down with a wave of arrests.

Reliable informants said two students were shot dead in Port au Prince's streets Friday and that the capital is being flooded with anti-Duvalier handbills. The situation is described as extremely tense. Haitians in exile all around the hemisphere are reported on the alert for an upheaval.

In 1961, during a legislative election, Duvalier faked a plebiscite and had himself declared re-elected for another full six-year term, two years before his first term was to run out. That first term expires in May.

trustful of his army, fearful of assassination and suspicious of an international move against him in the Organization of American States. His foes say the moment his 1957 mandate expires he will be in the presidency illegally and that Venezuela and the Dominican Republic are prepared to withdraw diplomatic recognition.

Other nations would be expected to follow, isolating Duvalier.

Almost certainly there would be violence. Moderates among Duvalier's foes are not united. The extreme leftist element, however small, is organized, informants report. Communists already in the student groups attempting to touch off violence and seize the leadership.

Duvalier's sudden departure could leave the poverty-stricken nation, 90 per cent of whose people cannot read or write, on the edge of civil war.

The army, distrusted by Duvalier, is poor in weapons. The arms are in the hands of Duvalier's militia, a semi-military organization the president uses to suppress internal opposition.

A struggle for power involving the army and the militia would leave the country vulnerable to operations from outside.

Castroite elements inside Haiti likely would join forces quickly with infiltrators in a strike for power. Communists already in powerful positions would help them, the informants report.

Large Crowd From County Will Attend Romney's Inaugural

Over 100 persons have already planned to attend the unprecedented Upper Peninsula inaugural of a Governor in Escanaba this Saturday.

Dr. Fred C. Sabin, Marquette, inaugural ticket chairman for Marquette County, said that many tickets already have been sold in the county, and more are expected to be sold before Saturday.

Gov. George Romney will be inaugurated in ceremonies in front of the State Office Building in Escanaba, at 2 in the afternoon, in which the "old" will blend with the "new" as the U. P. will stage its own version of Gov. Romney's inaugural.

Dr. Sabin said the \$2.50 per person inaugural ball tickets and the \$10 per person reception tickets are still available from any member of the ticket committee in Marquette County.

The \$5 patron tickets, which entitled the donors to have their names published on the special inaugural program, had to be re-issued today because of the publication deadline, Dr. Sabin added.

Enthusiasm Reported

"We have done real well on our advance ticket sale in Marquette County," Dr. Sabin said, "and we have hopes of selling another hundred before Saturday. The enthusiasm shown by Marquette County in the Upper Peninsula inauguration has been outstanding."

At 2:30 p. m. Gov. Romney will meet and shake hands with the citizens of the U. P. until all have had an opportunity to greet him.

From 5 to 6:30 p. m. there will be a Governor's reception, to be held in the House of Ludington, which will be open to the public by ticket.

The inaugural ball will be held

from 9 p. m. to 1 a. m. in Marco's Restaurant.

Dr. Sabin reminded residents of the county interested in attending any of the ceremonies in Escanaba that the inaugural ball and reception tickets may be obtained from the following ticket committee members:

City of Marquette: Kenneth W. Brenner and James Braddock, co-chairmen.

City of Ishpeming: Mrs. Lavonne Lindroos.

City of Negaunee: Francis Dom-pierre.

Chocoley Township: Mrs. George Wilson and Lawrence E. Ewing.

Ishpeming Township: Mrs. Ralph E. Magnuson Jr.

Skandia and West Branch Townships: Lewis B. Ingalls.

Negaunee Township: Dr. Richard G. Haight.

Michigan Township: Lawrence Paquin.

Tilden Township: Frank Moody Jr.

Marquette Township: John Ho-gan.

Powell Township: John Eggen.

Republic Township: Earl Arola.

Bygone days will be revived when the Governor and his wife ride in a horse-drawn sleigh Saturday from a pre-inaugural luncheon to the State Office Building for the inaugural ceremonies.

German Band In Parade

The 18th century-type parade will feature a German band which played during one of Romney's campaign visits to the Upper Peninsula.

A flyover by jet aircraft from the K. I. Sawyer Air Base and a 19-gun salute will bring the ceremony into the 20th century just before the Governor's second oath of office is administered by Supreme Court Justice Michael O'Hara of Menominee.

Romney told newsmen it has not been decided whether to prepare a new inaugural address or deliver the same speech that was presented at the official inauguration in Lansing last January 1.

Campaign Promise

The second inauguration is being conducted in fulfillment of a promise made by Romney during the campaign that he would return for a special ceremony for the supporters unable to attend the Lansing event.

Romney and his wife will fly to Escanaba Saturday morning after he speaks to the Young Republicans Convention in Grand Rapids.

45 Attend Meeting Of Health Council

Needs of both children and the aging in Marquette were discussed yesterday at a meeting of the Community Council of Health, Education and Welfare.

Forty-five members of the council met at the Northland Hotel yesterday noon to hear reports from Curtis Poole and Margaret Rodgers of Marquette on children's needs and a report from John Ruhavina of Marquette on proposals before the council's committee on the aging.

Ruhavina noted that the committee on the aging will be expanded to include older citizens for their counsel and advice.

Panel Discussion

A panel, with Vern Dahlquist as moderator, discussed problems of the United Marquette Community Chest.

Panel members were Glen B. Wilson, 1962 community chest campaign chairman; Mrs. Donald Zwemer, community chest executive-secretary, and Mrs. W. P. Chamberlain, former executive secretary.

The next meeting of the council will be held the evening of March 19. Time and location will be announced later.

JFK Slates Message On Aged Problems

WASHINGTON (AP) — President Kennedy plans to send his message to Congress Thursday as part of a special message on problems of the aged.

SBA Agent In Marquette On Monday

A representative of the U. S. Small Business Administration will visit the Upper Peninsula during the coming week, according to Robert F. Phillips, Detroit, Michigan regional director, for the purpose of furnishing inquiries in that area information about SBA activities.

A temporary office will again be used in quarters provided by the Northern Michigan College, Marquette, at their public service division center, for Monday, Feb. 25, and Iron River at the field office of the Area Redevelopment Administration for the morning of Wednesday, Feb. 27.

As in the past, the SBA representative will visit certain other Peninsula communities, not presently scheduled, Feb. 28-March 1, as may best serve the inquiries as received.

George Washington At Ward's For Three Days

Shades of the great truth! Children especially are invited to see George — he's going to be there in person — and he will have a gift for each child.

M. R. Melby, manager of Wards, looked this reporter straight in the eye and said, "Imagine, George Washington himself, visiting Wards in Marquette. I can't get over it. We all got that chopped down feeling. And we sure hope they didn't catch us in a lie. We told the boss those 300 pounds of chocolate covered cherries — at only 29 cents a pound — would go faster than hot cakes, actually as fast as a cherry tree being whipped by a hatchet." — Adv.

George Romney at the State Office Building in Escanaba at 2 p. m., Saturday. The honor guard, headed by M-Sgt. Rayvon W. King, is pictured here in action at Sawyer, where it has performed in many ceremonies. A large crowd from Marquette County will attend the event.—(USAF photo).

Schedule Given For College's Three-Day Winter Festival

Northern Michigan College's All-Events Weekend, a three-day winter festival, highlighted by the selection of Michigan's 1963 Collegiate Snow Queen, will begin Friday.

At least 12 snow queen candidates from colleges and universities throughout the state, the largest number ever, are expected to vie for the crown.

In addition to the state's most attractive and talented coeds, the weekend will include snow sculpturing, snow shoe and sled races, a basketball game between Northern and Hillsdale College, a talent show, dances and other social events.

Snow Sculpture

Judging of the snow sculpture at 9 a. m. Friday will open the fun-filled weekend.

Simultaneously scheduled to begin at 4 p. m. is the introduction of the queens and the snow queen talent show in Kaye Auditorium, and the snow shoe races which will take place on the NMC campus. A jazz session at 6:30 p. m. will

Receipts Total \$13,612 At Register's Office During Year

Paul A. Nykanen, Negaunee, Marquette County register of deeds, reported today that receipts at the register of deeds' office during 1962 totaled \$13,612.50.

The office closed the year \$3,205.22 under its budget, Nykanen said.

For the year, \$17,800 was budgeted and with the \$13,612.50 in receipts turned over to the county treasurer, the total was \$31,412.50. Actual expenditures for the 12 months were \$28,207.28.

Receipts included:

- Deeds, \$3,143.75; mortgages, \$2,567.25; discharge of mortgages, \$995.25; partial discharge of mortgages, \$105; federal and state tax liens, \$63; discharge of federal and state tax liens, \$67.50;
- Plats, \$5; patents, \$3; lis pendens (a bill of complaint to acquire title), \$5.25; land contracts, \$35.25; assignments of land contracts, \$3.75; mortgage extension agreements, \$9; assignments of mortgages, \$42.75;
- Supplemental indentures, (new facts in mortgages which cannot be added by amendment), \$126.75; mechanic liens, \$5.25; amendment to land contract, \$2.25; consolidation and modification agreements, \$30; telephone calls, \$5.95; notice of levies, \$11.25;
- Discharge of material lien, \$2.25; writ of attachment, \$5.25; waiver of lien, \$2.25; bills of sale, \$162; chattel mortgages, \$4,761; photocopies (outside firms and individuals), \$259; and miscellaneous records, \$1,193.25.

Why all the red tape?

You can understand why we don't sell narcotics without a physician's prescription. But maybe you've wondered why we're so fussy about other things . . . like penicillin, sleeping pills, the new tranquilizers. These potent medications are called "legend drugs" and you have to have a prescription to get them. Reason: Uncontrolled use may do more harm than good. Only your physician knows whether you should use them or not—and, if so, just how much. So we require a prescription. It's a matter of professional ethics and the law. Always it's common sense.

Jury Rules 'No Cause' In Circuit Court Trial In City

A 12-member jury ruled "no cause of action" yesterday afternoon in a \$50,000 auto negligence suit after a three-day trial in Marquette County Circuit Court.

The plaintiff, Alfred J. Maki, Marquette, had claimed damages resulting from a pedestrian-car accident which occurred Nov. 27, 1961, on U. S. 41 west of Marquette. Defendant was Bernard J. Crowley of Marquette.

Out At 2:40 p. m.

The case went to the jury at 10:40 a. m. and the no-cause verdict was returned at 2:40 in the afternoon.

The Ironwood law firm of Cloon and Cloon represented Maki and the defendant was represented by Baldwin and Kendricks, Marquette law firm.

A second auto negligence case scheduled for jury trial

in circuit court has been settled and a petition for dismissal will be entered, Lloyd LeVasseur, Marquette county clerk and also clerk of circuit court, said.

The case was John Huhtala, etc., vs. Leonard A. Durand Jr., Marquette.

Another Case Begun

In circuit court this morning, jurors were being drawn for another auto negligence case.

The trial is that of Peter Caton, represented by the firm of DeFaut and Bridges, Negaunee, vs. Louis and Donald Heberd, represented by the Ishpeming law firm of Davidson, Clancey and Hansen.

Formosa's Chinese name of Taiwan means "Bay of Terraces."

Joseph Fine (right), commander of the Marquette American Legion Post, presents certificates of appreciation on behalf of the Legion to (from left), Albert Payne, manager of WLUC-TV; Kenneth S. Lowe, editor of The Mining Journal, and Robert J. Luke, manager of WDMJ, The Mining Journal radio station.—(Mining Journal photo).

Legion Honors Newspaper, Radio, TV

Certificates of appreciation were presented today by the American Legion Post of Marquette to the three communications media which assist it.

The presentations were made by Joseph Fine, post commander, to Kenneth S. Lowe, editor of The Mining Journal; Robert J. Luke, manager of WDMJ, The Mining Journal radio station, and Albert Payne, manager of WLUC-TV.

Legion officials said the awards were made "because of the full cooperation extended by all three communications media in helping the Richard M. Jopling Post to attain state-wide recognition for its various projects and become a pace-setter for community affairs."

One of the biggest community projects organized by the Legion is the annual Christmas party for children, held in the National Guard Armory here and to which every youngster in Marquette County is invited.

"Response has been so good to this project that the post is extending invitations to include all children, whether they live in or out of the county," Fine said.

Another post project is the bringing of the 1963 Upper Peninsula Legion convention to Marquette. Scheduled for June 20-23, it is expected to attract thousands of Legionnaires and Auxiliary members to Marquette.

Members finally adjourned to shut off partisan debate. Rep. E. D. O'Brien, D-Detroit, started the session when he charged that Detroit newspapers did not give enough publicity to the Democratic alternative proposal to adoption of the new state Constitution.

O'Brien spoke on personal privilege and insisted his remarks—including a long transcript of a letter to an editor—be printed in the House Journal.

Republicans objected: "A lot of people are angry because they were not Constitutional Convention delegates," observed Rep. Robert Waldron, R-Grosse Pointe. "If they had been, they never would be finished."

Rep. Russell Strange Jr., R-Clare, termed it "a real Democratic filibuster" and made a motion that the remarks not be printed. "This is not a forum for political speeches," he said.

Four Autos Damaged In Area Crackups

Four automobiles were damaged and a motorist was issued a ticket, but no one was injured, in a pair of area traffic collisions reported today by state police from the Marquette post.

At 4 yesterday afternoon a car being driven south on U. S. 41 by Stanley Jensen, 46, Escanaba, was involved in a mishap with a vehicle operated by Billie Lee Little, 21, Route 1, Marquette, at County Road 480, in Chocolay Township.

State police said Jensen was passing Little and was along side of him when Little began to make a left turn.

Extensive damage occurred to the right front and side of Jensen's car, a 1958 coach, which had to be removed from the scene by a wrecker. The left side of Little's 1956 sedan was damaged and his car was driven from the scene under its own power.

State police issued Little a ticket for making an improper left turn. An automobile being driven west on County Road TD by Roy Shaw, 19, Skandia, collided with a car operated by Ann Whitney, 29, Skandia, a half mile west of U. S. 41, in West Branch Township, at 2:35 yesterday afternoon.

State police said she had slowed down to stop and back into her driveway when she saw Shaw approaching and tried to get out of his way. He was unable to stop due to icy conditions, officers stated, and drove into the snowbank in an effort to avoid the mishap.

However, his car swung around, with the front end holding in the snowbank, and its left side struck hers.

The left side of his 1957 sedan

Cold Wave Begins; Mercury Hits Zero Here, Below Inland

Cold northwest winds raced through the Marquette area this morning, heralding the beginning of another cold wave, something area residents are becoming somewhat accustomed to this winter.

Another Arctic cold front passed through the city about 8 last evening, bringing a sudden temperature drop of from 20 to zero this morning.

When the mercury hit zero this morning it marked the 31st day this winter that it's been to zero or below, and most of those times it was well below zero. Normally only a dozen days each winter have zero or below readings.

The cutting wind intensified the cold, as the "chill reading" probably was more like 15 below zero.

The temperature drop prompted homeowners to check their fuel supplies and made motorists groan for fear of more trouble in starting their cars.

Wind velocities of 15 miles per hour were recorded at the weather bureau in Marquette this morning, but at the County Airport in Negaunee Township, gusts reached 30 miles per hour. It dropped to five below at the airport this morning.

Low temperature yesterday was nine, at 2 a.m. The mercury rose slowly to 20, then dropped to 16 at midnight and six above at 6 a.m., Fred Mueller, chief meteorologist at the weather bureau, said.

Mueller said that sunshine would probably put a stop to a big temperature drop during the day, but low clouds will keep below zero along Lake Superior and 10 to 20 below inland are predicted for tonight.

Melted precipitation yesterday totaled .06 of an inch, in sevenths of an inch of snowfall. This brings the month's precipitation to eight-tenths of an inch and snowfall to 10.4 inches. Normal amount of snowfall for so far this month is 11.5 inches.

Snowfall so far this season has totaled 59.1 inches, but the normal amount for the winter through today is 71.5 inches. The snow depth is 19 inches here.

Variable cloudiness, windy and much colder temperatures, with scattered snow flurries near the lake, is the forecast for tonight.

Tomorrow is expected to be partly cloudy and cold, with a high near zero. Generally fair weather and continued cold temperatures are predicted Friday.

For the next five days, temperatures are expected to average from 10 to 13 degrees below the normal extremes for the period of 27 and 14. Only minor daily changes in the continued cold temperatures are expected through Monday.

Precipitation during the five-day period is expected to total one-fourth of an inch, occurring in snow flurries tomorrow and from Saturday through Monday.

Kyes Transferred, McBrayer Successor As SAC Wing Head

Col. William B. Kyes, 46, commander of the 410th Bombardment Wing (SAC) at K. I. Sawyer Air Force Base since June 1960, is being reassigned to Altus AFB, Okla. He plans to report to Altus a week from Monday.

Kyes will assume command of the 11th Strategic Aerospace Wing (H). A Strategic Air Command unit as is the 410th, the wing at Altus is equipped with the Atlas missile, as well as KC-135 and B-52 aircraft.

Col. Madison M. McBrayer, vice commander of the wing here since September, 1962 and formerly the wing's deputy commander for operations, will become acting commander. He will leave Sawyer this summer to attend the Industrial War College of the Armed Forces in Washington, D. C.

Lt. Gen. John D. Ryan, commander of Second Air Force, said Kyes will replace Col. Kenneth S. Steele at Altus. Steele will go to SAC headquarters, Offutt AFB, Neb.

Part Of 816th The 11th Strategic Aerospace Wing at Altus is part of the 816th Strategic Air Division. The division headquarters are also at Altus.

and the rear end of the Whitney car, a 1958 coach, were damaged. Both vehicles were driven from the scene.

against the Japanese forces in the Guadalcanal area. He also served in the China-Burma-India theater.

Kyes received his master of arts degree at Georgetown University, Washington, D. C., while a staff officer at the Pentagon with the Central Intelligence Agency. He came here from Chennault AFB, La., where he had been a division director of operations.

He and Mrs. Kyes have four children. His family expects to join him in about two weeks.

Kyes said the 410th Bomb Wing "constitutes one of the finest teams that I have ever had the honor to work with. I'm sure that under the guidance of Col. McBrayer the wing will continue to out-fly, out-shoot and out-bomb any unit in the Air Force."

McBrayer, a 20-year veteran of the Air Force, is a graduate of the Command and Staff College at Maxwell AFB, Ala. He was chief of the training division, operations directorate, at Second Air Force headquarters before coming here in 1960.

The Altus wing consists of about 4,000 personnel. In addition to the SAC aircraft and operational missiles, it is equipped with the GAM 72 and the GAM-77 missiles, which are launched from the B-52.

John Lewis has served more than 36 years of a life sentence for the first degree murder of his common-law wife, Mary Gibbs, in Detroit during an argument.

Because of his advanced age, plans have been made for his admittance to the Wayne County General Hospital if he is released.

Other lifers to be considered for release include: Henry Higgins, 64, who has served more than 35 years of a first degree murder sentence imposed in Detroit in 1924 for a fatal shooting following a quarrel at a party.

Panageotes Karagianis, 77, who has served more than 35 years of a first degree murder sentence imposed in Detroit in 1927 for the fatal stabbing of his niece and her husband.

Henry Johnson, 72, who has served more than 34 years of a life sentence as a habitual criminal following a breaking and entering conviction from St. Clair County in 1928.

Jesse Fabian, 54, who has served more than 28 years of his first degree murder sentence imposed in Detroit in 1935 for the fatal shooting of a payroll guard during a holdup. (Fabian served 15 years in Marquette State Prison, leaving in June 1961.)

Thomas Bommarito, 68, who has served more than 27 years of his first degree murder sentence imposed in Livingston County in 1936 for a fatal shooting following a quarrel.

John Abbatoy, 44, who has served more than 17 years of his first degree murder sentence imposed in Lapeer County in 1944 for a fatal shooting following an argument.

Norman Harris, 41, who has served nearly 21 years of his first degree murder sentence imposed in Detroit in 1942 for killing a charwoman he feared might be a witness to a robbery.

Peninsula Boosted At State Show

"This is God's Country," says Peter Baudino (left), Calumet, vice president of the Michigan Retail Hardware Association, to (from left) Jack O'Neill, Cadillac, president of the association; William McGraw, Lansing, of the Michigan Tourist Council, and Ken Dorman, executive director of the Upper Michigan Tourist Association, during their visit to the association's merchandise show in Lansing. Baudino, of course, is pointing to the U. P. Baudino was elected president of the association at the final business meeting yesterday.

Two Ticketed In Collisions In Marquette

Two motorists were given tickets and six automobiles were damaged in three traffic accidents which were reported this morning by city police. No one was hurt.

1. At 10:15 yesterday morning an automobile being driven north on Hebard Ct. by Michael H. Nelson, 358 Harrison St., collided with a car operated by William A. Bleau, 1080 S. Lake St., as Nelson was making a right turn onto W. Kaye Ave. Bleau was traveling west on Kaye.

Right-Of-Way Violation
Considerable damage occurred to the left front fender and door of Bleau's 1962 fourdoor sedan and to the left front fender of Nelson's 1958 fourdoor. Both cars were driven from the scene under their own power, however.

City police ticketed Nelson for a right-of-way violation.
2. An automobile driven south on N. Fourth St. and being turned left onto W. Magnetic St. by Albert J. Crothers, 1008 Tracy Ave., was struck by a vehicle operated by Paul C. Finstrom, 425 W. College Ave., who was traveling west on Magnetic and attempting to stop for the Fourth St. stop sign. Excessive Speed
Extensive damage occurred to

Asian Flu Spreading In State

LANSING (AP) — The Health Department reports an increase in the number of cases of Asian flu confirmed by laboratory tests in Michigan.

The department said there have been two cases confirmed in Ann Arbor, two in Lansing "and a number of cases in Detroit." Absenteeism in Detroit was reported to be significantly higher than usual. The flu has not yet reached epidemic proportions in any section of the state, the report said.

Too Late Now
"The virus has obviously seeded itself in the state and it is anticipated the disease will spread," the department said. It is too late now, health experts advised, for immunization to have any effect since a series of shots a month apart are required to develop immunity.

Common symptoms of the disease include chills and fever, headache, nausea and muscular aches and pains. Severe complications, such as pneumonia, can develop.

Rest, Balanced Diet
Those not immunized are urged to get plenty of rest, eat a balanced diet and avoid exposure to sick persons and large groups.

75 Attend Soil Meet In Marquette

About 75 persons were attending a watershed in-service training meeting sponsored by the State Soil Conservation Committee at the Northwoods Restaurant today.

Attending the Upper Peninsula-wide meeting were county U.S. Soil Conservation Service representatives, U.S. Farmers Home Administration representatives; delegates from various soil conservation district boards; county drain commissioners and highway engineers, and field representatives of the Michigan Department of Conservation.

Speakers included A. J. Collins, Lansing, state conservationist for the U.S. Soil Conservation Service; E. E. Fenton, Lansing, assistant state SCS conservationist; R. G. Hill, Lansing, executive-secretary of the State Soil Conservation Committee.

Other speakers were Stanley Quackenbush, Lansing, State Drainage Engineer; Ray Locher, Lansing, State Agricultural Stabilization and Conservation Service, and R. L. Wilson, Petosky, Farmers Home Administration.

No performance of a copyrighted play may be given without permission, even though the performances are free to the public.

curred when Carlson, parked on the east side of the street, facing north, opened the door on the traffic side. She tried to stop, but was unable to, and couldn't turn left due to oncoming traffic.

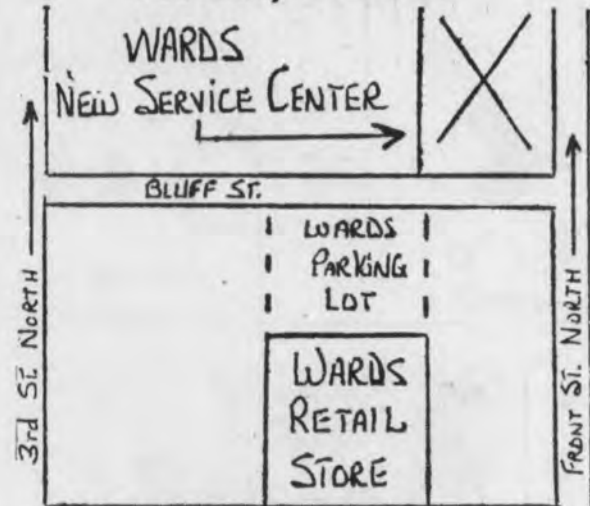

The left front door of Carlson's 1961 fourdoor sedan and the right front of her 1954 twodoor sedan were damaged to a minor extent. Both cars were driven from the scene.

Quick Relief from Pile Irritation

40 years ago a Buffalo druggist created an ointment to relieve itching and smarting of piles. Lumbermen Oppose New Tax Proposal

GREEN BAY — About 100 prominent lumbermen from throughout the Lake States met here for their 53rd annual convention. Drastic changes in the tax treatment of timber as proposed by the Treasury Department, threatens American Tree Farmers with their greatest setback in 30 years, declared Armin Knoke, president of the Northern Hardwood and Pine Manufacturers Association.

"The proposed elimination of capital gains for timber which Congress enacted in 1944 is a threat to the security of every timber dependent community in the United States," Knoke said. **Tree Farm Programs** He stated that more than 64 million acres of privately owned tax paying lands have come under intensive tree farm management programs since passage of the capital gains provision for timber.

A resolution passed unanimously by the association membership states its unalterable opposition to repeal of capital gains for timber. Re-elected officers of the association are president, A. O. Knoke, Appleton, Wis.; vice president, Fred Roberts, Norway, Mich.; treasurer, Fred Menzner, Marathon, Wis.; assistant treasurer, Miss Harriet Holmes, Green Bay, and secretary-manager, William A. McGraw, Green Bay.

the return . . . if it is a joint return, both husband and wife must sign. Drop the completed tax return in the mail. Do it early — Don't wait 'till the last minute! The Internal Revenue Service says "first come, first served" on refunds. Be one of the first!

U.S. Income Tax Return Questions

When And Where To File
You must file your 1962 income tax return not later than April 15, 1963 or penalties may be invoked.

File your tax return with the district director, Internal Revenue Service, Detroit 31. If your tax return indicates money is owing, make checks payable to "Internal Revenue Service." Any tax that is owed must be paid at the time you file your income tax return, Return W-2

When the tax return is completed, be sure to attach a Form W-2 for each employer shown on the income tax form. Double check your arithmetic for accuracy. Sign

three hours closer to the major centers of population.

The result is that many persons are making more frequent trips to their favorite recreation area. Many Detroit-area skiers who previously went north two or three times during the winter to ski report they now go skiing five or six times during the winter because they can travel most of the way on easy-to-drive freeways.

REGISTRATION NOTICE
ANNUAL SPRING ELECTION
MONDAY, APRIL 1, 1963
CITY OF MARQUETTE, COUNTY OF MARQUETTE
STATE OF MICHIGAN
Notice is hereby given that in conformity with the Michigan Election Law, the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said City not already registered who may apply TO MY PERSONALLY for such registration. Provided however, that I can receive no names for registration during the time intervening between the thirtieth day before any regular, special or official primary election and the day of such election.

Catholics Dispensed This Friday

Catholics in the Marquette Diocese may eat meat this Friday, which is Washington's Birthday, a legal holiday, the chancery office announced today.

In the announcement, the Most Rev. Thomas L. Noa, D.D., bishop of the diocese, said: "By virtue of faculties granted by the Sacred Congregation of the Council, the faithful of the Diocese of Marquette are hereby dispensed from the obligation of abstinence on Washington's Birthday on Friday, Feb. 22."

Travel Time Shrinking In Michigan

While the eyes of millions are fixed on the race into space, an equally revolutionary, down-to-earth space shrinker is occurring in Michigan.

Nearly everyone is familiar with the nation's accomplishments in space travel which is shrinking this world into the time of a leisurely Sunday afternoon drive. But the changes brought about the state's freeway program are having a more immediate impact

on the every-day lives of Michigan residents than will space travel time.

Michigan's 1,000-mile freeway system is shrinking travel time by automobile just as the missile and jet programs have cut space travel time.

State Highway Commissioner John C. Mackie estimates the average driver should be able to make the trip on the new Detroit-Muskegon freeway in about three hours at an average speed of 60 miles per hour.

Time To U. P. Reduced
If he averaged 40 miles per hour, the same trip took between four and five hours over old U. S. 16. And to average 40 miles per hour, the driver had to step up his pace considerably on the open highway considering delays en route encountered at traffic lights and in city traffic.

The travel time between Detroit and the Upper Peninsula has been reduced to five hours by the new freeway system compared to eight to nine hours it used to take.

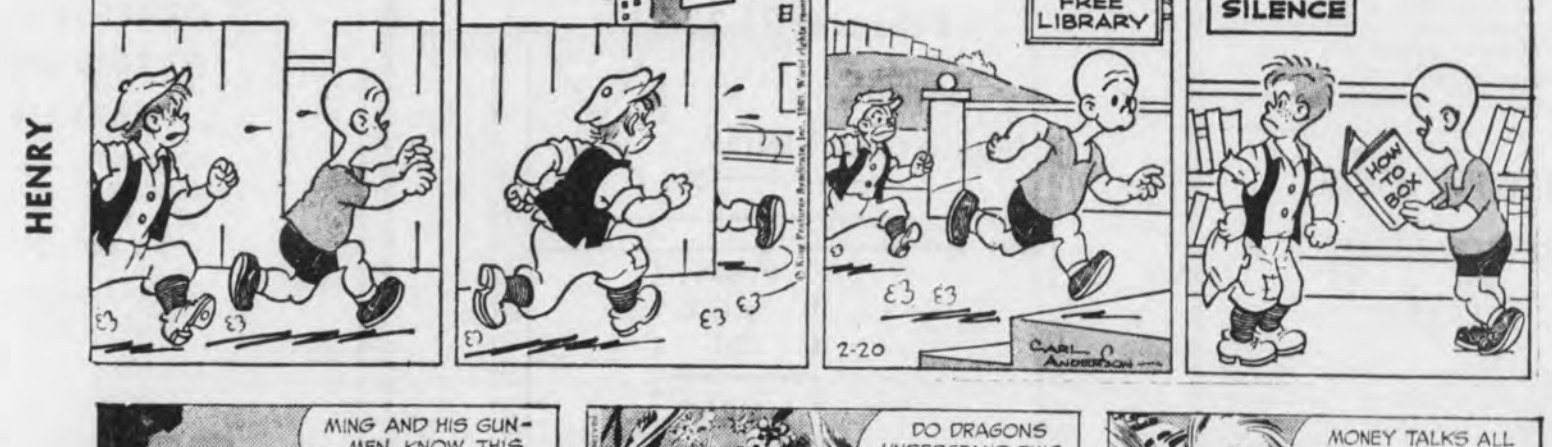

All of Michigan's cities of 50,000 or more population have been brought closer together by the freeway system. For example, Lansing and Grand Rapids, via I-96, are now an easy 60 minutes apart compared to an hour and a half it previously took.

Vacation Trips To U. P.
All of the major cities on I-94 — Ann Arbor, Jackson, Battle Creek, Kalamazoo and Benton Harbor-St. Joseph — are up to an hour closer to Detroit and Chicago.

At the same time, the thousands of vacation attractions in Northern Michigan and the Upper Peninsula are two to

WINKLER NURSING HOME

The Winkler Nursing Home at L'Anse, Michigan is accepting applications for admittance of patients. It is the most modern and beautiful Nursing Home in the northern half of Michigan.

Shown at Monday night's dinner meeting of clergymen attending the Upper Peninsula Pastors' Conference at Northern Michigan College are, from left, William Wright, conference director at Northern Michigan College; Charles Folio of the University of Michigan Extension Service, Escanaba; Prof. William Morse

of the University of Michigan, Ann Arbor; the Rt. Rev. Richard S. Emrich, Detroit, bishop of the Episcopal Diocese of Michigan; the Rt. Rev. Herman R. Page, Menominee, bishop of the Episcopal Diocese of Northern Michigan, and Mrs. Emrich. (Mining Journal photos).

U.P. Pastors' Parley Here Big Success

The annual Upper Peninsula Pastors' Conference concluded at Northern Michigan College yesterday afternoon was one of the most successful ever held here, participants report.

An estimated 60 clergymen from throughout the Peninsula attended the two-day gathering, sponsored yearly by the Michigan Council of Churches, the University of Michigan Extension Service and Northern Michigan College.

Two addresses by the Rt. Rev. Richard S. Emrich of Detroit, bishop of the Episcopal Diocese of Michigan, highlighted the conference. Bishop Emrich, who was making his first visit to Marquette since his consecration 17 years ago, spoke on "Experiences of Salvation" and on "The Nature of Salvation." The Rt. Rev. Herman R. Page, bishop of the Episcopal Diocese of Northern Michigan, was also at the conference.

Speaker at Monday evening's dinner meeting, held in the Student Center at Northern Michigan College, was Prof. William C. Morse of the University of Michigan. His topic was "Changing Patterns in Delinquent Behavior." Toastmaster for the dinner session was Charles Folio of the University of Michigan Extension Service, Escanaba. The invocation was by Maj. R. B. Sharp of the Salvation Army and benediction was given by Bishop Page. Musical numbers were presented by the Negaunee Men's Chorus.

Panel discussions were arranged for each of the general sessions. Presiding at the opening general session Monday afternoon was the Rev. John Alford of St. Paul's Episcopal Church here; the Rev. Douglas Seelen of the First Presbyterian Church, Escanaba, presided at the concluding session yesterday morning.

The conference was held in Northern's audio-visual auditorium.

Chatting informally during the two-day pastors' gathering are, from left, the Rev. Herschell G. Martin, pastor of the First Baptist Church here and president of the Marquette Ministerial Association; Paul H. King of the Michigan Council of Churches, Lansing; the Rev. John A. Alford, rector of St. Paul's Episcopal Church of Marquette; Bishop Emrich; Prof. Morse and Bishop Page.

relation; Paul H. King of the Michigan Council of Churches, Lansing; the Rev. John A. Alford, rector of St. Paul's Episcopal Church of Marquette; Bishop Emrich; Prof. Morse and Bishop Page.

Nurse Study Panel Talks Tomorrow

A panel discussion, in which three clergymen will participate, will be held tomorrow evening at Wallace Nurses Home for student nurses at St. Luke's Hospital School of Nursing and all registered and practical nurses of the area.

The discussion, scheduled from 7 to 9, will be on the subject "Spiritual Growth and Development Throughout the Life Span." Participants will be the Rev. Harold E. Nelson, pastor of Trowbridge Park Covenant Church; Lt. Col. Boleslaus Karpowicz, Catholic chaplain at K. I. Sawyer Air Force Base; the Rev. Eugene Levine, Protestant chaplain at Marquette State Prison, and Mrs. Gene Trotter, an instructor at St. Luke's who arranged the program.

Mrs. Trotter said today that the spiritual growth discussion was originally planned as part of freshmen student studies at the nursing school and but was opened to everyone in the nursing field because of its general interest.

Freshmen At Baraga Sponsoring 'Sock-Hop' Tomorrow Evening

The freshman class at Baraga Central High School is sponsoring a roller-skating "sock-hop" tomorrow from 7 to 10 in the school's gymnasium.

Tickets for the party, to which all skaters are invited, may be obtained from any freshman or at the door. Proceeds will go to Catholic missions.

Mary Ferzacca is chairman of the committee in charge of arrangements. Serving with her are Alice Andriacchi, Ray Beauchamp, Gretchen Glantz, Douglas McGinley, Bruce Pesola and Susan Vasseau.

'Look Before Leap' Advice Of Two Former Con-Con Delegates To PTA Group

Ishpeming citizens heard appeals Monday night from two former Constitution Convention delegates to "look before they leap" in voting on their proposed constitution. The appeals came from Leslie Richards of Negaunee, school board member, and from Carl Spittler of Petoskey, longtime school administrator and current vice-president of the Michigan Congress of Parents and Teachers.

Both Richards and Spittler served on the education committee at Con-Con. They were speakers at a meeting arranged by the Ishpeming PTA in the C. L. Phelps School.

Richards appealed to Democrats not to oppose the document on the strength of what they have heard and he told Republicans not to support it because of what he said Monday night. "I would prefer," said Richards, "that you study the document yourself, compare it with the 1908 version and then vote on whichever one you think is best."

Con-Con Meetings Open

Richards pointed out that committee meetings at Con-Con were open to the public and to the press. He said he was impressed by the testimony that came from citizens throughout Michigan pointing out the tremendous need for expanded educational programs and facilities for our youth. He said he feels a program to expand community college systems in Michigan will help fill many of these needs.

The former Con-Con delegate said the question of appointing versus electing the state superintendent of public instruction was about the only concern of the educational committee where politics entered in to a great extent. Richards feels that the state superintendent of public instruction should be appointed "for the same reason that we appoint, rather than elect, superintendents of local school systems." Concluding that if all delegates had their way there would have been 144 different constitutions written, Richards said the constitution represented many compromises.

'PTA Influence Great'

Spittler told the Ishpeming audience that Parent-Teacher Associations could do more than any other group for their community since they represent a cosmopolitan group and include people from all walks of life with no particular vested interest. "This is the reason," he said, "that legislators are listening more seriously than ever to PTAs to get the pulse of real community needs."

Mrs. Sam Michelson, 116 E. Crescent St.; at 7 p. m., Sion Choir practice; at 8 p. m. adult Bible class at the church, Saturday at 1:15 p. m., Children's Choir practice; at 8 p. m., skating party at the Sandy Knoll skating area sponsored by the Sion Guild, and a fellowship period following at the W. J. Keskey home, 410 N. Sixth St.

Forty Hours Closes At St. Michael's

A Service of Forty Hours, traditional three-day devotion commemorating the period Christ's body lay in the tomb, was concluded last evening at St. Michael's Church.

The service was the last official parish function in old St. Michael's, the Rev. Patrick Frankard, pastor, said today. It is expected that the new church building, under construction for the past several months, will be opened early in March.

The Most Rev. Thomas L. Noe, bishop of the Catholic Diocese of Marquette, officiated at Benediction of the Blessed Sacrament at the closing, which also included the Mass of Reposition for which the Rev. Stephen Mannie, O.F.M. Cap., was celebrant and a sermon by the Rev. Michael Hale. Music of the Mass was sung by St. Michael's Choir.

The Forty Hours opened Sunday morning and included services Sunday and Monday evenings. Several priests of the Marquette area participated.

Spittler noted that the State PTA Board had voted in favor of the new constitution and he urged the audience to take time to listen to arguments on both sides before they vote. Comparing the new constitution with the old he said, the new has 12 articles compared to 17 in the 1908 version and that there are 6,000 fewer words in the new one. The new constitution makes it possible for legislators to operate efficiently but does not attempt to do the job for them, he said.

Appealing to the group not to vote against either constitution simply because they disliked one particular part, Spittler urged them to study both and vote for the one they thought was the better document. He pointed out that in 1908 there was simply a minor revision of the 1850 constitution, "so in reality," said the Petoskey educator, "we're dealing with the 1850 constitution that has had 59 amendments tacked on to it."

Speaking as an independent, Spittler said both parties in Michigan seem to feel that it behooves them to prove that the other is wrong. He charged that too many are taking the "who is it" — rather than the "what is it" approach. **Controversial Issues** Getting down to the two issues that are causing the most controversy, Spittler said that 90 to 95 percent of the controversy centers around the reapportionment article and the question of whether or not to elect a state highway commissioner. He pointed out that Michigan is currently the only state in the union that elects a highway commissioner.

On the reapportionment issue he said there was a small group in one party that is opposing the constitution because it gives too much representation to heavily populated downstate areas. He said there was a large group in another party that is opposing it because it does not give enough representation to lower Michigan metropolitan areas. "Actually," said the former Con-Con delegate, "the article on

apportionment is a compromise between these two factions."

Need To Know "My main concern," concluded Spittler, "is that we know something about the new constitution before we vote on April 1."

Mrs. Edith Jones, program chairman, arranged for Spittler's attendance at the meeting. Ishpeming PTA officers said later that an unfortunate scheduling of parent-teacher conferences, which were going on in the school building during the meeting, kept the attendance down.

Prior to the speaking program, it was reported that the Ishpeming PTA is giving \$200 to the C. L. Phelps scholarship fund.

How To Hold FALSE TEETH More Firmly In Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline non-addictive powder holds false teeth more firmly and more comfortably. No gummy, rooney, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at drug counters everywhere.

Canadian Air Commodore Coming To Mardi Gras; Will Crown Rex, Queen

Air Commodore Maurice Lipton of the Royal Canadian Air Force, the Canadian counterpart of Gen. Frederick Terrell of the U. S. 30th Air Division, has accepted an invitation from the Marquette Mardi Gras committee to attend various events scheduled during this year's Mardi Gras celebration Saturday.

The commodore, whose decorations include the Air Force Cross, Aircrew European Medal, Coronation Medal and Canadian Forces decoration, is vice-commander of the 30th NORAD region. He and Gen. Terrell are both stationed at Trux Field, Madison, Wis.

After taking part in functions planned for Saturday afternoon, Commodore Lipton will be guest speaker at the "royal banquet" to be held at the Northwoods and later will preside at the coronation of King Rex and his Queen during the Coronation Ball in the National Guard Armory.

COMMODORE LIPTON

Four different ways to make going more fun than getting there

You can see why one of America's favorite outdoor sports is driving Chevrolets, with four entirely different kinds of cars to choose from. There's the Jet-smooth Chevrolet, about as luxurious as you can go without going overboard in price; the low-cost Chevy II, a good-looking car that would send any family packing; another family favorite, the sporty Corvair, whose rear-engine traction

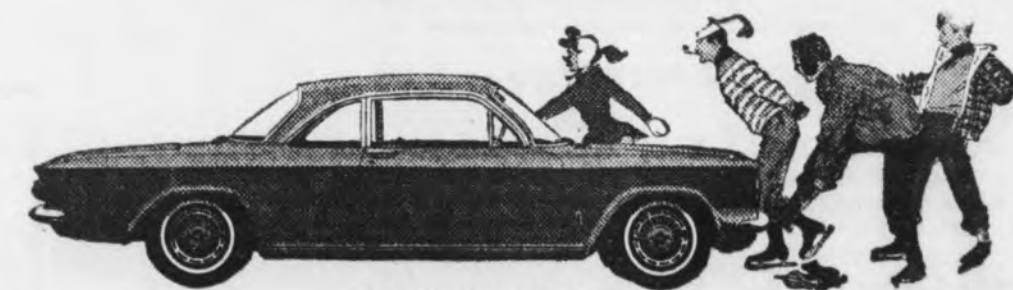

will make you think that ice and snow are kid stuff; and for pure adventure, America's only sports car, Corvette—now in two all-new versions with looks that can stop traffic like a rush-hour blizzard. Picked your favorite already? The next thing is to take a wheel at your Chevrolet dealer's. If that doesn't have a thinking of places to go, maybe you'd rather just have a ball around town!

Bounty Battle

Biggest boost in the battle against bounties this year came from Gov. Romney when he called for abolition of the bounty system because it is a waste of money and fails to achieve its objective. In throwing the weight of his office behind elimination of bounties, Gov. Romney was speaking out against an operation that costs Michigan well over \$200,000 a year without bringing any concrete results. In 1961, the total spent on bounties on Upper Peninsula bobcats and on coyotes and foxes throughout the state was a staggering \$242,295 that should have been saved, or, if spent, applied for some worthwhile program that would benefit the public.

It is hoped that the Governor's action will have some influence with the Legislature, which has control over bounty payments. But no one is naive enough to believe that bounties will be eliminated without a fight, although the prospects appear better this year than in the past.

In addition to Gov. Romney's announced stand against bounties, the program has been officially condemned this year by these organizations:

- The Michigan United Conservation Clubs, which put its 60,000-member group on record against bounties in a statement issued the other day.

- The Michigan Bear Hunters Association, which voted 91 to 18 at its annual convention against continuance of the bounty system. "Bounties are not controlling predators," the association said.

- The Michigan Audubon Society, which said: "In most situations studied, predator control does not result in a significant increase of desirable wildlife. Bounties seldom reduce the population of bountied species. . . . As a means of protecting a farmer from predation upon his poultry or livestock, the bounty is ineffective."

- The Michigan Conservation Commission urged elimination of bounties in its list of recommended legislation.

Among the groups favoring retention of bounties is the Northern Michigan Sportsmen's Association, which this month voted unanimously to continue the system. This prompted the Escanaba Daily Press to issue

Peninsula Perambulator

Rise Stevens, talented soprano of the Metropolitan Opera Company, will be presented by the Dickinson Area Community Concert Association in a concert in the Iron Mountain High School auditorium at 8:45 (CST) this Friday night. Under regulations it has adopted for such programs, the association asks its members to be in their seats by 8:30, at which time members of concert associations in Marquette, Escanaba and Iron County will be admitted.

The Stambaugh Board of Education, at a special meeting, voted to reactivate all extracurricular activities, clubs and athletic programs for the balance of the current school year and postponed temporarily a decision on a new school bond proposal. In a resolution, board members emphasized that if citizens of the community do not carry through in seeking solutions to the pressing building and financial problems of the district, the board again will order curtailment of activities.

The home of the Thomas Wandahsega family, located in Harris Township, was destroyed by fire believed to have been started by children playing with matches. The Powers Spalding fire department, called to the scene, was unable to save the frame dwelling, but kept the flames from spreading to a neighboring home owned by the Paul Keshnick family. The Wandahsega family, which lost all its clothing and other possessions, includes 11 children at home.

George W. Rowell Jr., former managing editor of the Menominee Herald-Leader died in Los Angeles. He left Menominee in July, 1916, to come to Marquette to take a position with the Upper Peninsula Development Bureau, leaving Marquette to return to Menominee in 1919 for the job of advertising manager for the Lloyd Manufacturing Co.

From The Journal Files

60 Years Ago

—Marquette—
Attorneys W. T. Potter, T. J. Dundon, J. Q. Adams, Timothy Nolan, M. J. Kennedy, F. A. Bell and J. M. Edgerton were down attending the session of circuit court yesterday.

The event of greatest interest in connection with the opening of the February term of circuit court yesterday was Judge Stone's action in connection with the Negaunee liquor violation cases. The two defendants were up for the third time and were given their choice of \$100 fines or 90 days in jail. This latest crop of cases is to be attributed to the Rev. Mr. Gilchrist's work. He still lives and labors away at reform, but does not seem to be impressing the hearts of the Negaunee saloon men.

30 Years Ago

—Marquette—
Giving a vivid picture of the life in the fishermen's colonies along the New England coast, "Tess of the Storm Country" introduces Janet Gaynor and Charles Farrell in a new locale. The picture is being presented today and tomorrow in the Deift.

Marquette fans will have their last opportunity to see the Northern State Teachers College basketball team in action this season when the Olive and Gold cagers tackle the Northland College quint of Ashland, Wis., here tonight at 8. Northland has been beaten once this season by the Marquette Teachers and the Wisconsin basketekers are out to square accounts. The Northland boys play a smooth game and are hard fighters, so a close battle is anticipated.

this editorial comment:

"Bounties are a pleasant little larceny that pay the sportsman for his sport. He gets the fox (it isn't worth much) and a state check for \$5, too. The state's game managers point out that every year there's a crop of predators for the bounty trappers. They could be eliminated, of course, if that were desirable for wildlife (it isn't), but they aren't. They are "farmed," in effect, by the bounty system.

"Why not a trial of the recommendation that bounties be eliminated and that the several hundred thousand dollars spent on them yearly be devoted to constructive works to increase wildlife?"

"The trappers and their friends in the conservation clubs have rationalized their position on bounties. . . . To them, it makes good sense that if game-eating animals are destroyed it will leave more game for the hunters. They reject the scientists' explanation that the balance of wildlife species is a complex and delicate one and that predation is only one factor influencing it.

"The provision of wildlife in maximum abundance is a problem that increases in size as hunting pressures increase and range shrinks and deteriorates. The state employs specialists to study these problems and to obtain the experience of other states and nations in their experimentation. To reject their counsel on how to make the most of our resources wouldn't make sense in medicine, law, business, art or education, but the NMSA's action suggests that it thinks it makes good sense in conservation."

Editor's Mail

(Contributions are invited. Letters should be limited to less than 300 words. Only signed letters will be considered for publication. Personal attacks on individuals will be eliminated.)

Children's Heritage

Dear Sir:
Remember the "mercy speech," from "The Merchant of Venice"? It begins, "The quality of mercy is not strained, it droppeth as the gentle rain from heaven upon the place beneath. It is twice blessed. It bleaseth him that gives and him that takes." If one substitutes the word graciousness, it couldn't be more needful in these rather monotonous bleak days of winter.

When we think back on unhappy events of the past, are some of those events occasions of being ignored, left out? Have you felt unwelcomed by persons who just the day before you regarded as warm acquaintances?

Human behavior is a strange and complex product of impulse and reaction. The kindest person in an intimate circle can from innate shyness be transformed into an icy staring stranger who gives you the feeling you're not been properly introduced.

Extending warm, personal interest is the key to new horizons and a vast world of surprises. Consider, for example, the person overseas, tourists or military, who bother to learn a little about the cuisine and customs. Consider the silent barrier, suddenly melted away, when the ambassadors attempt to speak in the native language. On the other hand, rue the closed door attitude of other ambassadors, never learning any language, hating the people without clearly knowing why. Ostracism breeds ostracism and no one can afford it.

Graciousness is not the sister of complaint, criticism and condemnation. Graciousness recognizes the courage of volunteering, tears and sacrifices of time to accomplish a project, and asks thoughtfully, "Could I have done as well?"

We are the product, the reflection of our environment. The product is never really finished but changing and adjusting from day to day through circumstances and emotional experiences.

One day we will observe the blessed mirrors which are our children and see clearly the image of their source, their wells of gentility or restraint.

Read carefully and think, "Am I an offender? Do I welcome new neighbors, meet strangers with an outstretched hand? Am I setting a good example for my children—not to gossip, but to be gracious, friendly and sincere at all times, within my family circle, outside it?" This is your children's heritage.

Christian Creed Made Debut In Michigan At Soo

By JOHN MATHESON
Sault Ste. Marie News Staff Writer

SAULT STE. MARIE (AP) — Where was the Christian religion introduced into Michigan? Ask most residents of Michigan's oldest community this question and they would probably answer correctly. The fact has been known and mentioned frequently, but it is widely overlooked in the community where it happened in September, 1641, Sault Ste. Marie.

Invited By Indians
Two Jesuit missionaries from France, Father Isaac Jogues and Father Charles Raymbault, were invited to the area by Indians who lived around the rapids of the St. Marys River. The two missionaries remained about three weeks and left the name Sault De Sainte Marie, and Christianity was introduced to what is now Michigan.

The 300th anniversary of this event was observed in an outdoor pageant on the site where the introduction took place, but since that time, little has been done to focus attention to the area of Michigan where Christianity was first brought to the state.

Among Last In State
Sault Ste. Marie is still the residence of Jesuit missionaries and they are among the last in the state. One is a native of France, whose vocation included a desire to serve as a missionary in North America in the tradition of those who first brought Christianity to Michigan.

He is Rev. Paul Prud'Homme, S. J., an infantryman in the French Army in World War I, missionary to Indians of Michigan and Ontario, and the present pastor of a Sault Ste. Marie church named in honor of St. Isaac Jogues. Father Prud'Homme knows of no existing effort within the Catholic church to focus attention on the site, and recalls no historical inquiries about the event.

Learned Indian Tongues
His first work among the Indians required his learning the Indian languages used around the St. Marys River country. This included Chippewa and what he referred to as the Ottawa variation. As late as the 1920s and 1930s, these Indian dialects were widely used in the Indian communities. Father Prud'Homme said the families talked it at home, used it in their prayers, and commonly used it in church services. How the use of the native language withstood the inroads of English depended largely on the degree of isolation of the Indian communities.

But at present, use of the Indian dialects is dying out, according to the experience of Father Prud'Homme. He finds this particularly true among young Indians, although its use is more common on the Canadian side than on the Michigan side. The younger generation have come into contact with the English-speaking civilization through schools.

2 MSU Fraternities On Social Probation

EAST LANSING (AP) — Two Michigan State fraternities have been placed on strict social probation for a year for sponsoring an unregistered, unchaperoned party where alcoholic beverages were served and coeds were present. The action against the Alpha Tau Omega and Zeta Beta Tau fraternities was announced by the MSU Inter-Fraternity Council. The fraternities are forbidden to hold parties and social events for a year. The party was held by the fraternities at Williamston on Feb. 8.

churches, and more recently, through easier travel, motion pictures, radio and other modern communications.

Two Missions Maintained
Father Prud'Homme finds himself losing a lot of his own facility with the Indian dialects of the area. However, they are preserved in dictionaries and prayer books, for examples, and he has been informed of work of university representatives in the preservation of the Indian culture.

Two missions are still maintained out of Sault Ste. Marie by Father Joseph C. Lawless, S.J.; one at Bay Mills, about 20 miles west of the Sault on the Lake Superior shore, and the other on Sugar Island, downriver from the Sault.

Worked Both Sides Of River
From 1931 to 1939, Father Prud'Homme worked largely out of the Canadian missions and St. Isaac Jogues Church at Batchawana Bay, Ont., which was built in 1934. In 1937, he started to work on both sides of the St. Marys River following the death of Father William Gagnier, S.J.

In 1939, a successor was named for his Ontario work, and Father Prud'Homme was transferred to the Michigan side to work full-time in the Diocese of Marquette.

Father Paul Prud'Homme, S. J., is shown in the rectory of St. Isaac Jogues Church in Sault Ste. Marie, where the saint for whom the church is named brought Christianity to Michigan in 1641. Father Prud'Homme, who was an infantry soldier in the French army in World War I, came to North America in the 1920s as a missionary to the Indians in the Jesuit tradition dating back to the 17th century. (AP photo).

St. Isaac Jogues in Sault Ste. Marie was established in 1949 and named in honor of the missionary who brought Christianity to Michigan. The city renamed part of the street on which it is located, from 12th Avenue, to Marquette Avenue, in honor of another famous early Jesuit missionary, who was the first resident pastor in Sault Ste. Marie in 1668.

About four years ago, the church was changed from mission status to that of one of the regular parishes of the community. This was part of a trend to distinguish some of the mission churches whose roots extended back over the years' and incorporate them into other parishes.

It's Nice To Have Friends

The National Whirligig News Behind The News

BY ANDREW TULLY

WASHINGTON—If Pierre Salinger could arrange an interview for me with Charles Bartlett, I am sure Charlie would give me the official Administration line, but in the meantime I wonder if those Republicans who are running the country know what they're doing? There is a young man in the White House named Jack Kennedy who has a hand in things, of course, but the republic's important business is being handled by three staunch Republicans named McNamara, Dillon and McCone, with an assist from a one-time Eis-

enhower fan named McGeorge Bundy.

It is Defense Secretary McNamara, and not some faithful Democrat, who has been up to here in the Skybolt controversy and the Cuban confusion, and it was CIA Director McCone who told us his spies weren't worried about the Soviet buildup in Castro's private prison.

Meanwhile, Treasury Secretary Dillon, a Republican banker, has been shilling for a tax cut and a budget deficit, and Bundy, who campaigned for Eisenhower, used his Svengali role as the President's special assistant for national security affairs to write the naughty note that torpedoed the government of Canada's Prime Minister Diefenbaker.

Thus the Democrats in the Administration have been left free to handle such vital problems as the sponsorship of 50-mile hikes for White House staffers and the protection by the United States Marines of the Mona Lisa.

Fuzzies Hero-Seekers
This state of affairs confuses some people who look on President Kennedy as a Common Man, on leave from his shoeshine stand to save the country from United States Steel and nationalize the golf courses. Yet it is entirely consistent with the President's background and upbringing that he should surround himself, both officially and socially, with men of wealth and Republican tendencies, if not hard allegiance.

Despite Democratic propaganda, Kennedy is about as representative of the so-called Little Man as Queen Elizabeth.

The President is a rich man's son, which is a pleasant and quite respectable kind of son to be, and he grew up with other rich men's sons at places like Harvard and Palm Beach and the Stork Club and mingled with ordinary folk only by accident of politics. Moreover, he married into a family whose social credentials were impeccable — meaning it was rich and could spell Rembrandt.

They used to kid Eisenhower about his millionaires, but compared with Kennedy, Ike was, and is, a parvenu, a Kansas farm boy who became a general and never had any real dough, not even if you count the half-million-dollar tax windfall he collected on his book.

Ike likes millionaires and has made a hobby of collecting them, but he is not one of them, as Kennedy is, and his background has none of the chic trimmings — such as an interlude at the Court of St. James — that Kennedy has. Kennedy grew up with HIS millionaires; Ike had to wait until he was a VIP before he was accepted in that kind of company.

Cadillac-Class Cronies
Some of the more impressive female journalists have made much of the fact that the President still hobnobbs socially with newspapermen — who were his friends when he was a mere senator. The impression given is that Kennedy surrounds himself with ink-stained \$150-a-week wretches from the copy desk, whereas in fact all of the President's cronies bearing press cards are men who are well-heeled and socially presentable.

Charlie Bartlett and Stew Alsop, who wrote that Saturday Evening Post piece about Cuba, move in the Rolls-Royce and country-week-end set, and so does Stew's brother, Columnist Joe, who feeds the Kennedys on occasion.

Then there are the pundits Walter Lippmann and Arthur Krock, both of whom have been Kennedy tutors and both of whom are welcome in the places of opulent storekeepers and Wall Street con men.

So it is only natural that Kennedy should find room in high places for men like McNamara and Dillon and McCone and Bundy. In a sense, he would be a traitor to his class if he did not. But the circumstance is a temptation to indulge in wry speculation for 1964. Is it possible that a liberal such as Nelson Rockefeller might pledge himself to clean up the Republican "mess in Washington"?

Conference On Communism

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — President Kennedy's conference Monday night with congressional leaders on communism in Latin America apparently settled nothing. But it illustrated a determination, a paradox and an unpleasant future.

There is a general determination in this country to strangle communism in Cuba, if possible without getting into war with Russia, but certainly to prevent its spread from Cuba to other Latin American nations.

In United States' Backyard
As part of the Western Hemisphere they are the United States' backyard. This country wants no hostile ideology like communism establishing itself so close to home, and for obvious reasons.

In time it could provide a Soviet military base as it did in Cuba—which would be the reverse of the American military bases on other continents around the Communist perimeter—and gradually subvert the southern continent.

One reason the American determination is so stern against permitting a Red foothold in Latin America is the fact that this country, because of its tremendous military power, has the ability to stop it.

Vague In Answering Questions
After their meeting with Kennedy, the congressional leaders were vague in answering newsmen's questions about the briefing they got. One Democrat said it was just a general intelligence roundup on Cuba.

Another said "things looked a little better." A Republican said he thought the President was just trying to pacify some of his Republican critics. If that's all it was, the dispute will go on.

But the paradox remains — the United States is going to communism to do to the United States; it is in communism's backyard.

Two Vivid Examples
There are two vivid examples: Formosa and South Viet Nam.

The United States has troops in Viet Nam helping the people there fight Communist guerrillas. But South Viet Nam is in Asia and all Asia is Red China's backyard.

On the island of Formosa, which the Red Chinese claim as part of China, the United States is helping protect Chiang Kai Shek's Nationalists from Red attack.

At the moment the Communist Chinese are not bombarding Formosa. And they are not taking a direct part in the Vietnamese fighting. Their reasons for abstention in both cases are practical and obvious.

The United States at this time has too much power for them to risk a war. When they're stronger, particularly when they get their own nuclear weapons, they undoubtedly will try their luck.

Red Chinese Seething
There's good reason for thinking so. They're the ones who preach against peaceful coexistence. No one can argue plausibly, against their record and expressed philosophy, that they won't try to take all Asia when they feel up to it.

In the meantime, while the United States is angry about the penetration of communism in the Western Hemisphere, it can be taken for granted the Red Chinese are seething about the American pressures and presence in Asia.

The best hope for avoidance of an eventual showdown with Red China is a split between the Chinese and Russian Communists. Then, even with nuclear weapons, Red China might be reluctant to get into war.

Tremendous American Excitement
The United States has not been without such reluctance, either. It wanted independence for the European satellites of Russia. The Hungarians in 1956 obtained their independence by throwing out the Communists. But when the Russians moved in to crush them this country didn't go to their help.

So at best this is simply an interim period whose comparative calmness can hardly last. But there is a new element in the cold war against communism.

Until now the United States had kept it within bounds. Now it has penetrated this hemisphere. There is tremendous American excitement and indignation when the shoe is put on the other foot.

Because of this it will be no wonder if the Russians, at least, try to make a deal—some kind of promise to lay off this hemisphere if the United States will pull back some of the ring of steel it has around the Communist world and, as in Asia, inside it.

FROST'S LEGACY

A hundred years from now, if teachers retain their propensity for dates, children in English classes will be saying, "Jan. 29, 1963 — let's see. That's when Robert Frost died." — And children and grownups alike, so long as they love the earth and the sound of words, will be reciting "The Road Not Taken," "Mending Wall," "Birches," "The Death of the Hired Man," "Stopping by Woods on a Snowy Evening" and that most memorable description of a summer thunderstorm which begins "Now close the windows. . . ."

Perhaps more than any other poet, Frost was able to enshrine the simple idiom of rhyme and meter. Of "free verse" which gets along with neither rhyme nor formal meter, he once said, "Free verse is like playing tennis with the net down." There are many who will claim that he became our finest contemporary poet by a perfect combination of the language of today with the traditional poetic tools of the past.

And historians a few decades from now may say that one of the significant achievements of mid-20th-century America was that it understood Robert Frost, read him, loved him and honored him. —Milwaukee Sentinel.

AN ECONOMICAL ECHO

The State of New Jersey, in the midst of financial difficulties, was faced with painful alternatives. An official tax commission recommended imposition of a sales tax, something the state so far has avoided. Recoiling in horror, some legislators were suggesting that maybe they could cut back state spending.

And then Gov. Hughes rushed to the rescue. We don't have to have either higher taxes or lower spending, he declared. All we have to do is sell some 30-year bonds. That way we'll raise \$750 million and spend it all in the next five years. Then in 10 years or so the New Jersey Turnpike will be clear of debt and the state can start using its revenues to pay off the bonds.

This "new economics" we hear so much of in Washington seems to be spreading fast. Or is it just plain old-fashioned politics after all? —Wall Street Journal.

Ishpeming, Negaunee Mine Valuations Slashed More Than Two Million Dollars

Tax Revenue Decline Set At \$123,200

ISHPEMING — A tax revenue loss of \$123,200 will result from mine valuation slashes in Ishpeming, City Manager Thomas R. McNabb said today.

He revealed that 1963 valuations on mining property, as set by Harry J. Hardenberg, deputy state geologist, will amount to \$8,705,000, a reduction of \$2,200,000 from 1962 valuations of \$10,905,000.

The drop in valuations will mean revenue losses of \$48,400 for city operating purposes, \$51,700 for the school district and \$23,100 for the county government. The figures are based on the 1962 levy of 56 mills — 22 for the city, 23 1/2 for schools and 10 1/2 for the county.

Valuation Drop Explained — "Valuations of iron mining properties are determined in accordance with the formula provided by (state) statute," Hardenberg said in a letter to the city manager.

"The factors used are the reserves, expected future shipments of ore, base rate or expected profit per ton for those future shipments, and an interest factor which brings the future receipts from the sale of that ore to present worth.

"The decline in market for Michigan underground iron ore has a serious adverse effect upon these factors and consequently upon the value of the various properties."

He added that the loss of market for direct shipping ore has been the "basic cause" of mine abandonment, production curtailments, lease terminations and tax delinquency. Shipments of direct shipping ore from Upper Peninsula mines has declined from 13,771,279 tons in 1940 to 6,842,428 tons in 1962. The decline on the Marquette Range was from a high of 6,327,262 tons in 1955 to 2,374,271 tons last year.

Figures For Each Property — Valuations set by Hardenberg for mining property in the City of Ishpeming follow (decreases from 1962 shown in parentheses):

Cliffs Shaft and Morro, \$345,000 real (\$85,000) and \$1,560,000 personal (\$155,000); Bancroft, \$35,000 (\$10,000); Mather A, \$5,935,000 real (\$20,000) and \$295,000 personal (\$1,695,000); Section 3, \$100,000 (\$15,000); Section 10 Exploration, \$155,000 (\$65,000); Section 11 Exploration, \$55,000 (unchanged); Inland office, \$25,000 real and personal (unchanged).

Cleveland Lake, Lake Sally and Section 16 — Holmes-Lake Superior Hard Ore properties are being returned for local assessment, which slashes in mining property valuations up the remaining \$155,000.

No Known Ore Reserve — Regarding return of those properties for local assessment, Hardenberg explained:

"The Cleveland Lake has no known ore reserve and in our opinion has no known commercial mineral value. Even if soft ores were desirable, which they are not, it would take a very considerable reserve to warrant the draining of Lake Angeline.

"The Lake Sally has been considered a potential reserve property for some years. However, when viewed in the light of today's iron ore market situation and the physical condition of the ore body, this position is no longer justified. Attempts made to interest another operator in developing this property have failed. The cost of development, surface plant, equipment and access railroad, when considered in terms of potential ore, would be prohibitive.

Water Supply Problem — "Further, there is the problem of the effect upon Lake Sally if a mine were developed. To insure safe operations it would probably be necessary to drain the lake, thus necessitating the location of a new water supply for Ishpeming. Finally, the marketability of the ore is open to question. It is our opinion that the Lake Sally can no longer be considered to have a known commercial mineral value."

"The Section 16-Holmes-Lake Superior Hard Ore properties similarly have been carried as reserve properties for a number of years. Here again, this position can no longer be justified. The reserves on these properties are limited and would not warrant the cost of rehabilitation, plant equipment, etc. Much of the remaining ore is very siliceous and would not meet present-day standards. The bulk of the better ore is tied up in pillars and if mined would endanger the surface. This property cannot be considered to have a known commercial mineral value."

Upper Peninsula Section Of AIME To Meet May 8-9

VFW Auxiliary's Public Card Party Set For March 7

NEGAUNEE — Because the floors in the VFW clubrooms are being refinished, the Negaunee Veterans of Foreign Wars Auxiliary has postponed the public card party scheduled for tomorrow night until Thursday, March 7.

The public is invited to the event, for which prizes will be awarded. Lunch will be served.

CIVILIZED TRIBES — The Aztec, Inca, Maya and Chibchan Indians are the four tribes of Indians credited with establishing the highest civilization in the Western Hemisphere before the coming of Columbus.

Ishpeming Closes City Hall Offices Friday, Feb. 22

ISHPEMING — In observance of Washington's Birthday, a legal holiday, city hall offices will be closed with the exception of the police department. The fire hall will remain open as usual.

This is one of the few days during the year when Ishpeming residents can forget to use parking meters in the downtown areas.

Mussatto Fills Bank Board Post

GWINN — At a meeting of the board of directors of the Gwinn State Savings Bank, Michael E. Mussatto, Gwinn, was named a director to fill a vacancy created by the resignation of Bernard H. Davidson. The latter has been appointed judge of the 25th Judicial Circuit.

Mussatto, a lifelong resident of the community, has been postmaster at Gwinn for 26 years.

C-C Tourist Role Outlined By McIntosh

MUNISING — Dr. Robert McIntosh, Michigan State University Extension Service tourist and resort specialist, outlined a chamber's role in the tourist industry at a regular meeting of the Munising-Alger Chamber of Commerce Monday night.

He stressed the importance of "personalizing" vacations for visitors, with regard to what the tourist wanted to do and see.

In the general meeting that followed, printing of a 1963 folder-type brochure was approved. It was agreed that, as soon as this is completed, along with a membership directory, work should start on the 1964 brochure with the intent of improving and enlarging it.

Ken McPherson, Shingleton, was named chairman of the membership drive committee in the absence of Ernest Fassbender. The group held its first meeting last night.

New projects covering fund-raising drives and advertising and promotion were discussed and referred to the projects committee. A responsive and active group indicated to officers that the entire organization is off to a good start for 1963. An open meeting will be held the third Monday of each month for all members and interested persons. Officers of the chamber urge all interested persons to attend and present their suggestions.

Hematite FHA Members Study Family Living

ISHPEMING — Making a study of how its members can better contribute to the joy and satisfaction of family living is one of the 1963 goals of the Hematite Chapter of the Future Homemakers of America.

At its last meeting, the Rev. Ray Mikklethun spoke on "Get Ready—Set—Go" as he explained the meaning and responsibilities of marriage.

The second meeting, planned for tonight on this same goal, will consist of a panel which will informally discuss some of the preparations girls can make for marriage while still in high school and some of the adjustments they could expect to make early in their marriage.

Panel members include Mrs. Robert McCullom, a former Federal Housing Administration member; Mrs. Anthony Gagliardi and Mrs. Eskil Bostrom, mothers of two FHA members, and Francis Dishnow, a member of the high school faculty.

The organization, which meets twice a month, consists of 55 members enrolled in the home economics classes in Ishpeming High School.

The Busy B Homemakers of North Lake will meet in the home of Mrs. Edlore St. Andre at 7:30 Thursday night.

Supervisor Contest Won By Wedin

BARAGA COUNTY — In Monday's primary election Richard Wedin defeated former Supervisor Arthur Wiljanen for the Spurr Township supervisor post, 63 to 47.

Wedin has been township treasurer for two years.

The treasurer's job went to Mrs. Elaine Lentz, a former treasurer, who beat Mrs. Viola Taisto by a four-vote margin, 57 to 53.

Robert Lawrence bested Arnold Skytta, 57 to 51, for a four-year term on the township board. William F. Drake was unopposed for a two-year term for township trustee.

Veteran Township Clerk Edward M. Benti was unopposed in his bid for re-election, as were three candidates for constable, Leo J. Bruneau, Arvo W. Lamppinen and Martin Perry Jr.

Covington Township voters balloted on only one contest, that of township treasurer. Mrs. Martha Aalto defeated incumbent Arthur Stenson by a 27-vote margin, poll- ing 110 votes to Stenson's 83.

Unopposed for re-election were Supervisor Toivo Maki and Clerk Einar Erickson. William Seppala was elected to a four-year term as township trustee. Alvar Ahola won a two-year term on the township board. Julius Johnson will fill a vacancy on the board of review and George Hakala was the sole candidate for the post of constable.

Fralick Injured In Fall From Truck

GWINN — Max Fralick, well-known lumberman of this district, was painfully but not seriously hurt Monday when he sustained a broken wrist and a bruised hip in a fall from a loaded pulp truck on the Katz Grade approximately 15 miles south of Gwinn.

Fralick, who was thrown to the ground by the jammer on the truck, is confined to the Ishpeming Memorial Hospital.

Cleary Gets Post As Day's Assistant

WASHINGTON — Senators Philip A. Hart and Pat McNamara have announced the appointment of Warren P. Cleary as legislative assistant to Postmaster General J. Edward Day. He has been assigned to the postmaster general's staff here.

Cleary, a native of Escanaba, was the Democratic candidate for Congress in Michigan's 11th Congressional District in the fall election. He formerly was Upper Peninsula coordinator for the Area Redevelopment Administration. Before joining the depressed area program, Cleary has been stationed for nine years in India and Africa as a State Department foreign service officer.

He is a World War II veteran and a graduate of Central Michigan University, where he was president of the student body and active in the National Student Association. Cleary, 36, is married and has five children. The family lives in Kensington, Md.

The Allie Gilbert Circle will meet with Mrs. Robert Larson in the home of her parents, Mr. and Mrs. Arvid Maunula. Mrs. Larson will be assisted by Mrs. Allan Wakkuri. Mrs. Pat Barrett will lead the devotions.

The Junior MYF and the Junior Youth Group of the Gwinn Methodist Church will meet in Fellowship Hall, the junior MYF at 7 tonight and the youth group Thursday at 8 p.m. for supper. They will continue the study of Old Testament characters.

Palmer

Relatives and friends from Michigan and Minnesota met in St. Petersburg, Fla., last week. Among

Largest Cut \$1,315,000 At Mather B

NEGAUNEE — Valuations for mining and mineral properties in the City of Negaunee have been cut by \$2,740,000 from the 1962 total, according to figures received yesterday by Charles Ruhanen, municipal assessor, from Harry J. Hardenberg, deputy state geologist.

Total 1963 valuation of mining and mineral properties, as determined by the deputy state geologist, is \$14,390,000, as compared with \$17,130,000 a year ago.

Reflecting the economic picture as far as the iron mining industry is concerned, the value of real estate was cut by \$885,000 from \$9,055,000 to \$8,170,000, while the personal property valuation was slashed by \$2,055,000 from \$8,075,000 to \$6,020,000.

The major cut occurred at the Mather B Mine, where the 1962 valuation of \$10,185,000 was reduced to \$8,870,000. Mather B real estate was hiked from \$5,880,000 to \$6,170,000, but personal property was dropped from \$4,305,000 to \$2,700,000 for a total reduction of \$1,315,000.

Continuing its decline of the last few years, the Bunker Hill, which includes the Athens and Negaunee Mines, dropped from \$1,930,000 to \$1,545,000, a loss of \$385,000.

Maas, Pioneer and Arctic properties showed a decline of \$630,000 from \$1,434,000 to \$804,000.

Valuation of the Tracy Group, which includes the Tracy, Breitung No. 1, Baraga and Lucky Star properties, was set by Hardenberg at \$3,170,000, as compared with \$3,580,000 a year ago. The difference of \$430,000 included \$400,000 in real estate and \$10,000 in personal property.

Close friends in Peru preface handshakes with the abrazo, a hug alternating with hearty backslapping.

them were Mrs. Ida Beckstrom, Mrs. Agnes Olive and Mr. and Mrs. Victor Hilgren of Palmer; Mr. and Mrs. Fred Mattson of Munising; Mrs. Walborg Bystrom of Duluth and Mr. and Mrs. Charles Engdahl of Minneapolis.

Deluxe Color

Sub-zero temperatures are factors in piling banks in downtown area between Munising Ave. of "white stuff" in Munising, as size of these snow- and Superior Sts. proves.

26-Inch Snow Base Covers Alger County

MUNISING — If more snow falls here (and it undoubtedly will), there's no place to put it except atop already huge snowbanks.

Lack of thawing weather, combined with the winter's fall of approximately 108 inches of snow, has produced unusually high snowbanks throughout the city. The snowfall began in October, when 10.4 inches fell, according to records maintained by Mrs. E. J. Mitchell, cooperative weather coordinator.

Since then, the area has had 7.5 inches in November, 50.5 inches in December, 24.5 inches in January and to date this month 11.5 inches have fallen.

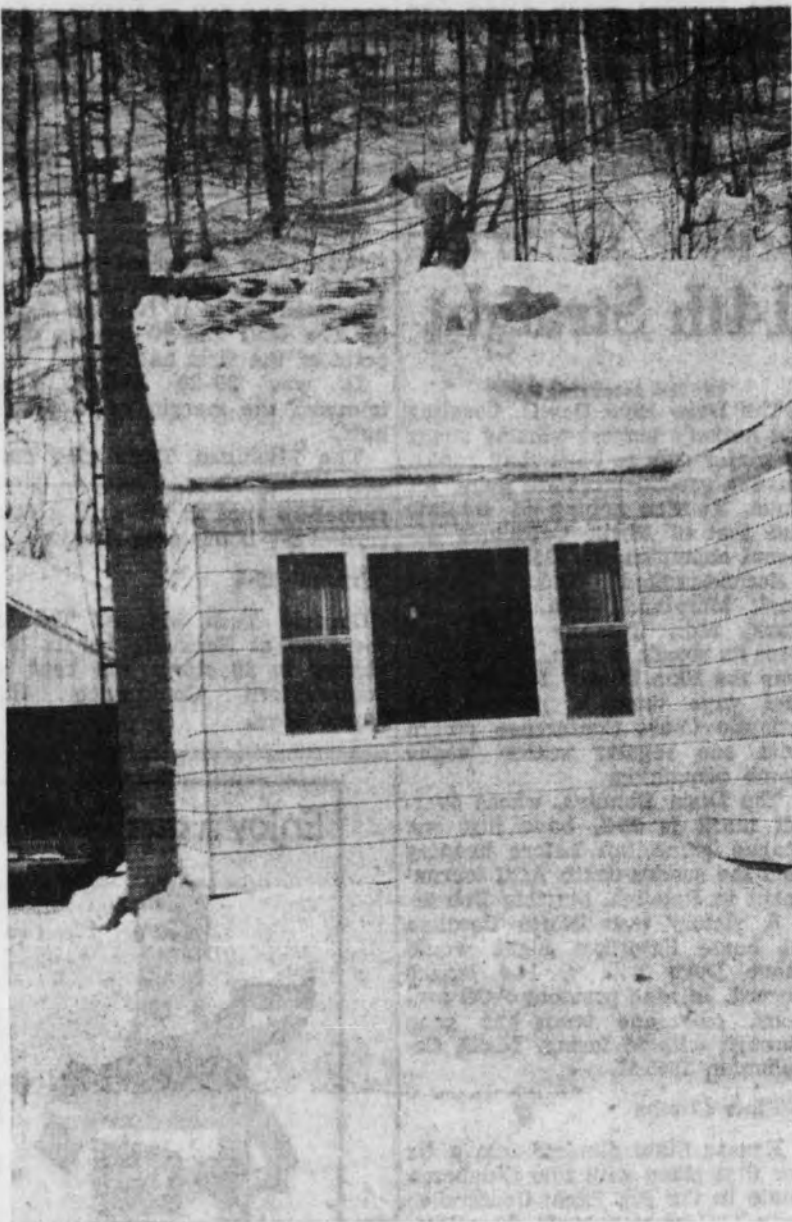

Two snow bases on level areas in Alger County is 26 inches, Mrs. Mitchell said.

Despite the large amount of snow on the ground, severely cold weather has resulted in deep penetration of frost, which, according to City Manager Walter Looney, already is four to six feet in the ground.

He said reports of frozen water lines continue to be received, with public works department crews thawing out 98 so far this month. Including the 220 freeze-ups thawed in January, the total makes the winter of 1962-63 the worst in the city's history, from this standpoint.

Munising Hospital Auxiliary To Hold Baked Goods Sale

MUNISING — The Munising Hospital Auxiliary will hold a baked goods sale at 10 a. m. Friday at the Floria Insurance Agency. Mrs. Gail Peterson, chairman, will be assisted by Mrs. Clarence Miller.

Trooper Joel Wood, like other residents, removes snow from roof of home in Brown's Addition.—(Halifax photos).

St. Paul To Hold Annual Dance Saturday Evening

St. Paul's School will announce its annual Sweetheart Dance king and queen Friday night at the annual semi-formal in the school gymnasium. Queen candidates shown (left to right), are Charlene Russo, Julie Rappazini and Beverly Maino. Seeking the king's crown are the above boys (left to right), Peter Mell, Tony Marta, Lonnie St. Aubin and Scott Nault. Rose Marie Maino, freshman, also is a candidate for queen.

NEGAUNEE — Sponsored by the junior class, the annual Sweetheart Dance of St. Paul High School will be held from 8 to 11:30 Saturday night in the school gymnasium.

Highlighting the social event will be naming of a king and queen. The class raising the largest amount of money through fund raising projects conducted during the past several weeks will have its candidates designated as the royal couple. All funds must be turned in to homeroom moderators by 3 p.m. Friday. There will be no voting at the dance.

Candidates elected by each of the classes this week are as follows: Seniors, Beverly Maino and Scott Nault; juniors, Julie Rappazini and Lonnie St. Aubin; sophomores, Charlene Russo and Tony Marta; freshmen, Rose Marie Maino and Peter Mell.

All senior high school students and alumni are invited to attend the party, which will be semi-formal.

BIG BOWL
The Hollywood Bowl, in Los Angeles, is the world's largest natural amphitheater. Its acoustics are so superb that performers hardly need microphones to be heard in the farthest rows and the 120-acre bowl seats 20,000.

Banks To Close All Day Friday

ISHPEMING — In observance of Washington's Birthday Friday, the Miners' First National Bank and the Peninsula Bank of Ishpeming will be closed the entire day.

Two Dances In Youth Center This Week

NEGAUNEE — Two dances will be held this week for Youth Council members at the Negaunee Youth Center, Director Marshall Phillips announced today.

Tonight a dance will be held from 7 to 10, and on Friday night there will be dancing from 8 to 11.

The regular Saturday night party has been canceled this week to permit students in the area to attend the annual Sweetheart Dance at St. Paul's School.

Champion Scores 22 Points In Last Four Minutes To Top Doelle, Clinch League Title

CHAMPION — Staging an almost unbelievable rally in the last four minutes, Champion High School sailed away to its 17th victory of the season, downing Doelle, 75-53, clinching the Mid-Peninsula Conference title.

The Indians led 53-49 with about four minutes to go, then poured in 22 points to just four for the Spartans from Tapiola.

Bill Koski ended up with 39 points—16 in the last quarter—and Ron Kulle had 22—half of them in the last eight minutes.

Doelle played control ball, and coupled with 24 fouls by Champion, this kept the Indians from running away with the ball game earlier.

The Spartans, now 7-8 for the season, were playing without Jim Michaelson, although another of the clan, Bruce, chipped in with four points.

Doelle led 9-8 at the quarter, trailed 29-26 at the half, but were only a point, 42-41, going into the last hectic quarter.

Nats Sharp On FTs In Second Victory; Felt Scores 29 Points

NATIONAL MINE — Hot from the field and deadly from the free throw line in the last quarter, National Mine High School pulled away for its second victory of the basketball season.

The Nats downed Eben (9-7) by a 75-62 count.

Allan Felt poured 14 of his 29 points — including four of his 11 straight free throws — through the meshes in the last quarter and Dan Errow sank five FTs to boost his total to 17 points, also in the last eight minutes.

Outscored by one bucket from the field, the Nats still led 18-14 at the quarter, 39-28 at the half, but faded to a 50-47 difference after three periods.

The margin didn't get below three points as the Nats took advantage of the bonus rule, getting 27 points from 21 Eben

fouls while the Eagles missed 14 FT chances, collected only 12 points from 19 Nat infractions.

National Mine hosts a sharp-shooting Negaunee St. Paul team, Friday.

Laitinen Rolls 712; 17 Bowlers Top 600

ISHPEMING — George Laitinen exploded with a 712 match on blizzing games of 230-245 and 237 to lead bowlers in the Ishpeming Major league last night.

Not only Laitinen's match was worthy of mention as nine other leggers came up with some hot matches. Vito Bertucci, 682; Bill Heard, 652; Lodie Morris, 602; Harold Kakkuri, 601; Bud Pepin, 613; Tab Willey, 629; John Fillizetti, 608; Bill Moss, 604 and Roger La Friere, 633.

Vito Bertucci in rolling his 682 match also came up with a 268 high for the evening. His other games were 179 and 235.

P & M Transit Mix won the high team game with a 2,972 and the high team match with a 1,050.

Negaunee Classic League added six more to the pile of "600's" led by Heard at 638 (220-215-203), with Binda Juidici at 623 (226-196-201), Bob Waters at 623 (209-159-255); Joe Minelli, 628 (236-203-189); Carlo Del'Angelo 615 (197-206-212); Les Egerstrom, 615 (220 - 180 - 184); Ernest Toppila had a pair of 203's.

Guerin Scores 10,000 Points

(By the Associated Press)

"If I don't make that 10,000th point in my next game, I'll quit."

That was Richie Guerin of the New York Knicks talking Sunday after Cincinnati had stopped him for the second straight game from becoming the 16th player in the National Basketball Association to score 10,000 points. Guerin needed 13 points. He got six.

The 6-foot-4 former Iona, N.Y. College star can relax now. He reached and passed the 10,000-point plateau with 23 points Tuesday night although the Knicks absorbed a 121-112 lacing from the Detroit Pistons in the feature of a doubleheader at Madison Square Garden. Guerin's total now is 10,016.

Detroit Far Ahead

Guerin hit the 10,000-mark in the second period with Detroit ahead 47-30. The crowd of 6,758 gave him an ovation as the game was stopped and the ball given to him. The spectators little cared that the defeat assured the Knicks of a last place finish in the Eastern Division. Don Ohl led the Pistons with 30 points.

In the first game, the Syracuse Nationals handed the Chicago Zephyrs their eighth straight defeat 118-110 behind Lee Shaffer's 41 points.

In an afternoon game at Boston, the champion Celtics also put on a late surge to win their fourth straight, 129-126 over Cincinnati. In the other NBA game scheduled Tuesday San Francisco scored a home court 111-109 victory over Los Angeles.

Recknagel's Skis Help Kotlarek

DENVER (AP) — Knowledge shared by East Germany's Helmut Recknagel, world champion ski jumper, is sending Americans gliding record distance this season.

And Recknagel's sportsmanship could lead to his downfall at the world championships March 17 in Oslo, Norway, Art Tokie, Olympic ski jumping coach, says.

Record Result

Jumping secrets divulged last year by Recknagel to John Balfanz, 22, Minneapolis competitor, are credited by Tokie with helping Gene Kotlarek, 22, of Duluth, Minn., set a North American record of 322 feet at Steamboat Springs, Colo., last Sunday.

Tokie disclosed that Balfanz brought back to the U.S. last year a pair of 4-groove skis given to him by Recknagel. The revolutionary skis—jumping slats formerly had 3 grooves — also had 6-ounce weights inserted into the back end.

Balfanz had the skis duplicated by a Minneapolis manufacturer who employs him. He gave one pair of the new weighted, 4-groove skis to Kotlarek.

Tokie said the extra groove gives faster speed on takeoff — Kotlarek was timed at 59.8 miles per hour—and provides more stability as the jumper kicks off from the takeoff.

The 6-ounce weights at the rear of the skis permit the jumper to dive forward harder and farther against the air pressure than formerly because the point of balance is further back.

"The more the jumper can lean forward the more distance he'll get," Tokie said. He likened it to riding air currents in a sail plane.

The ski acts like an airplane wing, supporting the jumper as he skims across the air pressure.

The trick—which Kotlarek and Balfanz are masters—is to maintain the tips of the ski just above the air stream. If the tips are too high the skis fly up and the jumper mushes out. Pointed down too far, the skis dive downward slamming the jumper into the ground far short of his goal.

Fine Play By Jr. Pucksters, Squabble By Adults, Mark End Of Divisional Hockey Playoffs

Marquette's Junior Hockey season came to an end last night with some of the fastest and hardest fought games of the season.

A trophy was at stake in each of the four divisions as the teams met in the final time.

In the Pee Wee B race, the Owls, who edged out the Exchange Club Tigers for the regular season championship, downed the Tigers again by a score of 5-2 to sweep the play-off series. The Bancroft Bears met the Wildcats in a no-tie contest and won 3-0.

The Carpenters, who grabbed the Pee Wee A trophy in the regular season, were upset as a demoralized effort by Standard Oil paid off and they downed the champs 2-1. (Standard struck in the first period when Seppanen scored on a pass from Brumm. Early in the third period Lowney tallied for the Carpenters unassisted, but in the final minutes of the game, Seppanen and Brumm again teamed to score Standard's winning goal.) In a second Pee Wee A game, the Jr. Sentinels edged Vollwerth Brehner 2-1.

Of all things, it happened — a three-way tie for the trophy in the Bantam division. The Elks, fired up after their shut-out over Pepsi Cola downed LS&I 5-2. (Jerry Chambers tallied three times, including a third period tie breaker, and Billy Todd then added insurance goals. LS&I collected the only goal of the second period when Bruce Smith scored on a pass from Greg Sciotte. In the third period, LS&I tied the score with a goal by Darryl Sleeman assisted by Smith.)

Pepsi Cola, with one win in the play-offs, also had their eye on a trophy as they took on the league-leading Mobils. (Pepsi dominated the play throughout the first period mainly on the skill and ability of Allan Swanson. At the five minute mark of the first period, Swanson fed Lew McLain a perfect pass for Pepsi's first goal. Pepsi collected a second goal minutes later with a tally by Bob Christian on a pass from McLain. Swanson made the score 3-0 in the second period unassisted. Mobil broke into the scoring when Dave DeVoght took a pass from Fries

to bring the score 3-1.) Unfortunately, at the end of the second period Mobil's Coach disagreed with a ruling by a game official and withdrew his team from the ice. This action automatically gave Pepsi the win.

The possibility of a tie had been considered and the Association had ruled tie would be broken on total goals scored during the play-offs. On this basis, Pepsi placed first with 11 goals, the Elks second with 10 goals, and Mobil third with 5 goals.

To complicate matters, the Elks coach requested the game forfeited by Mobil be scored a 1-0 victory by Pepsi Cola. This action would reduce Pepsi's total goals to 9 permitting the Elks to gain first place. A counter protest was immediately filed by the Pepsi coach claiming that Pepsi had tallied three goals and would be unjustly penalized by a 1-0 score.

The final decision was placed in the hands of the Association President and in an effort to eliminate prejudice, the new Executive Secretary of the Michigan Amateur Hockey Ass'n, Dan Distal of Detroit, was contacted for a ruling. It was ruled that the three goals scored by Pepsi should stand and Pepsi Cola was declared the winner of the Bantam play-off.

As anticipated, one of the most exciting games of the evening took place as the Lions and the Elks clashed in the Midget-Juvenile division. The two teams had dominated the division play all season. The final whistle found the game deadlocked at 4-4 and again it was necessary to resort to the Association ruling and count total goals. The Lions took the decision on 16 goals in the play-off games to 12 for the Elks.

Barry Eady of Elks scored early in the first period on a pass from Ron Bannan. However, Paul Hytinen came back to even the score with an unassisted tally. Dave King put the Elks back in the lead in the second period on a pass from Ron Bannan and Jimmy Gervore. Before the second period ended, Sommers scored for the Lions on an assist from Mike Greenleaf. The Lions tied the score early in the third period with a goal by Greenleaf assisted by Hytinen. Minutes later, Richy Alholm put the Elks back in the lead 4-3 with help from Jim Davis. However, Sommers on a pass from Greenleaf, shoved in the Lion's fourth goal to tie the score again. Bancroft and Bunny Bread met in the other Midget-Juvenile game. Bancroft shut out Bunny Bread 3-0 on the first "hat trick" by Paul Bystrom of the season, and also giving goalie Don DeVoght his first shut-out of the season.

GLC Jayvee Basketball Tournery Set

MUNISING — The 13th annual Great Lakes Conference frosh-soph basketball tour will take over the Mather High gymnasium, Thursday and Saturday.

Munising, Sault, Marquette and Escanaba teams will vie for the title, won last year by Graveract.

The host Colts will play Sault, victors in a playoff including Newberry and Manistique, at 8:30. Thursday following the Escanaba-Marquette game set for 7. Escanaba emerged from a playoff also involving Gladstone and Stephenson.

The final game will be Saturday at 7 p. m.

Emil Leppaho and Robert Ellis are the tournament managers.

Basketball Tonight Baraga at L'Anse

Rev. Eugene LeVine rolled a 556 (154-178-224) to lead the league while the Kitchen had a 2,362 match, Harvey had 818 game.

State NAAI Playoff Set For Ypsilanti

The Michigan NAAI basketball championship, which includes a bid to the national tournament at Kansas City, will be decided in a four-team playoff at Eastern Michigan University at Ypsilanti, March 4-5.

Competing for the state crown and a trip to Kansas City will be Eastern, Northern Michigan, Lawrence Tech, and Ferris Institute, the defending state champion.

In a two-team playoff last year, Ferris defeated Northern for the state title and reached the quarter-finals in the national tourney. The Bulldogs had a 23-3 record under Coach Jim Wink and are strong again this year with a 13-6 record.

Northern won a three-team playoff with Ferris and Lawrence Tech two years ago and zoomed to a third-place finish in the national event. The Wildcats posted a 24-3 record during that year under Coach Stan Albeck. Northern currently has a 13-7 mark, including an 82-74 victory over Michigan Tech Tuesday night, Ferris and Northern have split in two games this season.

Eastern, under Coach John Adams, has a 12-5 record. Eastern holds a victory over Ferris, and Ferris defeated Lawrence Tech earlier this season.

Duke '5' Wins 14th Straight

(By the Associated Press)

The Duke Blue Devils, boasting the nation's longest winning string in major college basketball ranks, have a special incentive going for them. They're hoping to emulate the feat of North Carolina's national champions in 1956-57.

Second-ranked Duke turned back Maryland 76-70 at College Park, Md., Tuesday night and kept its streak in tact. The victory was the Blue Devils' 14th straight and gave them a perfect 15-0 Atlantic Coast Conference record with one regular season league game remaining.

The Dixie Dandies, whose overall mark is 20-2, have just one league game left before heading into the sudden-death ACC tournament in Raleigh, starting Feb. 28.

A victory over North Carolina at home Saturday night would leave Duke with a 14-0 league record. In nine previous ACC seasons, only one team has gone through without losing, North Carolina in 1956-57.

K-State Climbs

Kansas State climbed into a tie for first place with idle Oklahoma State in the Big Eight Conference with 7-2 league records. The Wildcats topped Kansas 67-54 at Lawrence as little Max Moss scored 18 points.

Host Texas boosted its league-leading Southwest Conference record to 10-0 and its overall mark to 15-5 in knocking Texas A&M out of a share of second place, 83-73. The Aggies dropped to third at 6-4 as Rice moved into the

WELL DRILLING EUGENE M. KORPI GR 5-4370

Northern Humbles Tech With Torrid First Half, FTs

HOUGHTON — Shooting as if they never left home, Northern Michigan College ended this "road jinx" nonsense with an 82-74 victory over Michigan Tech, before a standing-room-only crowd at Sherman gym.

The Wildcats, who are home to Hillsdale Saturday and to lanky Lakeland, Monday, hit 56 per cent from the floor in the first half, 46 per cent for the night, and sank 20 of 22 free throw chances to again down the Huskies.

Tech is now 15-3 for the season, with two losses to NMC. Northern is 13-7.

Doug Scheueman of Tech was high point man for the night with 27—12 of them scored after Gary Silc picked up his fourth foul. Marty Garrity scored 20, Bob Armstead, 19, Bob Pecotte, 18, Silc, 12, and Duane Soine, 11, for NMC.

Armstead was the key man in the rise and fall of NMC's shooting percentages. Bob hit on seven of nine shots in the first half, one of ten while he was belabored in the second.

Tech led only once, at 7-6, although the score was tied four times in the first 3:25 of play.

The last tie was broken on Armstead's third basket of the game, then Soine drove the baseline, and Armstead made it 13-7 on a tip-in. The lead was 10 by the midpoint of the first half.

It was 39-20 before Tech trimmed the margin to 15 at the half.

The Michigan Tech glee club runner-up spot at 7-3 with a 74-70 verdict at home over Baylor.

'Wrecks' 19-4

Georgia Tech whipped Tennessee 72-60 at Knoxville for its 19th victory in 23 starts and kept its Southeastern Conference title hopes alive.
