

Public Joins In Big Debate Over Tax Cut

EDITOR'S NOTE — Letters by the thousands pour into Washington every day from people across the land who want to speak up on the great tax debate. Even youngsters are sounding off on whether taxes should be cut.

BY RAYMOND J. CROWLEY

WASHINGTON (AP) — The Puritan ethic seems likely to suffer a defeat in this year 1963. The betting on Capitol Hill is that the American people will have to take a tax cut, whether or not they regard it as sinful.

Many of them do so regard it, at a time when the government is using red ink by the bucketful. This is shown by a vox pop survey—a rather extensive peek at letters received by Congress members and other officials.

Most of the letters—whether impeccably typed, handwritten on yellow ruled paper or scrawled on postcards—say taxes are too high and need cutting.

'Buts'

However, many of them contain large "but's": Spending should be slashed to offset the revenue loss; reforms that discourage thrift, enterprise, home ownership and charity should be avoided.

In vain, the White House and Treasury say that the reforms President Kennedy has proposed would do no such thing; that nearly everybody would get a tax reduction. There is a deep-seated suspicion on the part of many that once the government begins tampering with their deductions, they will eventually wind up worse off.

Lately Kennedy has given first priority to tax cuts, hinting that if he needs, reforms could wait for another year. This improved the prospect for a tax cut, even though formidable barriers remain.

'Puritan Ethic'

"Among them are Sen. Harry F. Byrd, D-Va., Senate Finance Committee chairman who loathes red ink; and Rep. Wilbur D. Mills, D-Ark., chairman of the House Ways and Means Committee. They think reforms should accompany tax cuts.

The introduction of the phrase "Puritan ethic" in the great tax discussion did the Kennedy cause no good. Needed by a Congress-lady, Walter W. Heller, Kennedy's chief economic adviser, said it was remarkable that the "basic Puritan ethic" prompted the American people to balk at a tax cut in times of big deficits.

An example of a letter to Sen. Byrd: "Household Would Collapse..."

"Who is this Mr. Heller, who thinks the more one spends the richer they are? All the so-called tax reforms are going to do is discourage thrift."

Another letter to the same Senator opposed tax cuts that we have a wild stampede like the great Romans had before they hit the bottom, sinking in the swamps of greed and self contentment."

Another: "My household (family of five) would collapse in short order if run by the financial precepts of the federal government."

But the same unease over spending crops up in letters to other legislators. Here's one from a businessman to a Senator who backs the Kennedy program: "The pseudo tax cut, with suggested reforms, would only be further inflationary."

This senator has received many like this, plus some on the other side.

Motivations

Many who write appear motivated by their own economic circumstances. Businessmen tend to stress encouragement to free enterprise; spinsters say taxes hit single people unfairly; married folk ask consideration for the needs of the kiddies.

It is not all one-sided, however, as shown by this letter to a House member: "Even though I know seems to be in favor of a tax cut (no matter how small) and all would be more than willing to put the extra money into circulation to boost the economy."

The Weather

Forecast for Marquette and vicinity — Mostly cloudy, with snow flurries and a little colder tonight, low 15 to 20; Tuesday, variable cloudiness with scattered snow flurries, high temperature in the mid-20's; Wednesday, partly cloudy and no decided temperature change.

Forecast for Lake Superior — Northeasterly winds 15 to 22 knots tonight, becoming variable Tuesday, cloudy, with a few snow flurries tonight.

Data for preceding 24 hours: Temperatures—28 at 6:30 a. m.; 24 at noon; highest in last 24 hours, 34 at 2 a. m.; lowest, 23 at 7 a. m. Relative humidity at noon — 63 per cent.

Precipitation — Trace in last 24 hours; total to date this year, 2.14 inches; normal to date, 3.78 inches. Sun rises at 7:22 a. m. and sets at 8:41 p. m. tomorrow.

Records for March 4 — Maximum temperature, 56 in 1894; minimum temperature, -12 in 1884; most precipitation, 1.24 in 1961.

Pastor, Girls Buried Under Snow Slide

OURAY, Colo. (AP)—An avalanche of snow, slithering downhill at racing car speed, swept over a high mountain road Sunday, burying a Congregational minister, his two daughters and their car.

Rescuers, endangered by other slides, searched the snowy mass in a canyon alongside U.S. 550 on Red Mountain Pass for the Rev. Marvin Hudson, 39, and daughters, Amelia, 17, and Pauline, 12. 'Concussion Terrific'

"I don't feel there's any chance they're alive," said Sheriff Albert Brown. "I've been in snowslides. The concussion is terrific. It could have knocked them unconscious. There's also a tremendous amount of mist. It's almost impossible to breathe in it."

A snowplow operator, Leo H. James, said he saw the slide whisk down East Riverside Gulch and over the minister as he crouched by his stuck car, apparently putting on tire chains. The girls were inside the car.

'Took Car Off Road'

"The slide came down and took the car right off the road," said James, who had stopped his machine because 50-mile an hour winds whipped up ground blizzards that hampered his vision.

"The car went around me and got stuck there and about that time the snowslide ran," he said. The avalanche clogged the road on the 11,018-foot pass for more than 500 feet with snow 18 feet deep. It apparently carried the victims over a 70-foot, sheer wall to a creek bed below. The snow is 30 feet or more deep in the canyon, searchers said.

Remained At Home

Hudson was on the way from his ranch home five miles south of Ouray to Silverton to conduct Sunday services.

Mrs. Hudson and the couple's other three children remained at home when the minister started his ill-fated trip.

Amendment May Cripple ADC-U Bill

LANSING (AP) — Bi-partisan supporters of the proposal to allow Michigan's participation in federal Aid to Dependent Children of Unemployed steered themselves today for a fight over an amendment that could cripple the bill.

But there were predictions enough support existed in the House to approve the measure and send it off to the Senate where it already has been marked by Republican leaders as "top priority" legislation.

Rep. Carroll Newton, R-Delton, is expected to introduce the amendment, that by repealing a 1948 portion of state law, would force merger of the Detroit and Wayne County welfare departments.

Wayne County officials contend their budget, already strained to the 15-mill tax limitation, could not accommodate the burden of Detroit welfare cases that would be transferred as a result of such action.

Billy Graham

HONOLULU (AP) — Evangelist Billy Graham, ill in a Honolulu hospital, has canceled a revival tour for the first time in his career.

His Far Eastern crusade will go on without him, making its first stop in Manila on March 10, Graham said from his hospital bed.

He is in St. Francis Hospital in Honolulu, suffering from what doctors called an acute undetermined infection.

Navajos Elect Tribal Rulers

WINDOW ROCK, Ariz. (AP)—A unique election opened in the United States today as the Navajo Indians—a sovereign nation by treaty—elected a tribal chairman and the 76-member tribal council, their highest governing body.

An estimated 25,000 Navajos, representing about 80 per cent of the total registered, were expected to vote.

Voting spread far beyond the Navajo reservation, which covers parts of Arizona, New Mexico and Utah and is about the size of West Virginia.

Ballots Sent Out

Ballots have been sent to Chicago, Los Angeles, the San Francisco Bay area, Cleveland and Cincinnati, Ohio; Dallas, Tex.; Albuquerque, N.M., and other areas with sizable Navajo communities.

The ballots will be flown back to Window Rock, tribal headquarters, to be tabulated. Results may be known late Tuesday or early Wednesday.

Actress Yulya Borisova, a candidate for the Russian federation's Parliament in Sunday's election, received the votes of Soviet Premier Khrushchev and former Russian bigwig Vyacheslav M. Molotov. The outcome of the election was known in advance since the candidates were unopposed. (AP Wirephoto).

Soviet Boss Picks Winner... Naturally

MOSCOW (AP) — Not that he had any doubts, but Premier Khrushchev learned today that both he and the glamorous actress for whom he voted were elected to the Russian Federated Republic's Parliament.

So were all the other Communist-party backed candidates who ran without opposition Sunday in the Russian and eight of the other 15 Soviet republics. The other six republics will vote March 17.

Moscow radio said there was a 99 per cent national turn-out of voters.

The elections were to choose members of the republic parliaments and members of regional, city and town councils. There were more than a million candidates, all unopposed.

Khrushchev voted for Yulya Borisova, Moscow's brightest young stage star, because Soviet law prohibited him from voting in his own district for himself. Miss Borisova also got a vote from V. M. Molotov, the former premier and foreign minister who is now in disgrace. He attracted little attention as he cast his vote.

Heavy Snow Storm Heads For Midwest

(By the Associated Press)

A heavy snowstorm, packed with gusty northerly winds, swept across the southern Rockies into the central Plains today and headed into wide areas of the Midwest.

The early March storm dumped heavy snow in Colorado, Wyoming and parts of Nebraska, with amounts up to a foot in some sections. The snow spread into central Arizona and New Mexico northward through southern Utah.

Winds of 30 to 45 MPH whipped the snow from northeastern Colorado northeastward across northern and central Nebraska and into southeastern South Dakota and extreme northwest Iowa. There was much drifting and the blowing snow created hazardous driving conditions. No severe cold was reported.

Lighter amounts of snow were reported in Minnesota and Wisconsin. Heavy snow warnings were issued for areas from central and extreme northeast Nebraska, extreme northern Iowa northward into eastern South Dakota and southern Minnesota.

Romney Declines To Run For GOP Presidential Bid

Demos Told To Patch Up Party Split

DETROIT (AP) — Michigan Democrats were under polite-but-pointed edict from higher authority today to pick up the pieces of their splintered party and put it back together again.

The word from above was delivered by Vice President Lyndon Johnson, who made his second visit to Michigan in less than a month Saturday to address the annual \$25-a-plate Jefferson-Jackson Day fund-raising dinner.

Departing from his prepared speech, Johnson urged the 2,500 Democrats to offer unified support for the Kennedy Administration in a time of international peril.

'Let's Close Ranks'

"Our differences give us strength if we have them at the right time," Johnson said. "But now, let's close ranks behind our leader — so he won't have to keep looking over his shoulder at Michigan to see that the Democrats aren't carving each other up."

The vice president denied at a news conference earlier that his visit to Detroit was in the role of a peacemaker.

But state party officials and members of the Congressional delegation used the money-raising affair in every possible way to show that the rift which developed in the explosive convention at Grand Rapids last month has been healed.

Swainson Apologizes

There was little on the surface to indicate the schism in the party still does exist, as officials who were on opposite sides in the convention battle over party control issued glowing statements of praise for each other.

Former Gov. John Swainson, introduced as the "titular leader" of the party, apologized again for the so-called "Morton House Coup" that some observers believe enabled his labor-backed forces to seize control of party machinery in the Grand Rapids battle.

Swainson has denied he intentionally lured members of the state administrative board and other leaders, supporting former State Chairman John Collins, to a hotel room three blocks away while he made a speech that helped Swainson's candidate, Zolton Ferency, win the post in an upset.

'Water Over Dam'

"I regret very much that little mix-up," Swainson said. "I apologized privately for it before and I do it again now. I was, however, very happy with the results of the convention."

Ferency called the Grand Rapids affair "water over the dam" and said he believed Vice President Johnson's visit would do immeasurable good in helping the party rally for the April 1 election.

Similar feelings were voiced by other leading Democrats, among them Staebler — regarded as the leader of the anti-Ferency faction — who said, "I have no bitterness about Grand Rapids. We have work to do."

State's Woes Chief Concern Of Governor

WASHINGTON (AP) — Gov. George Romney said today "I am not going to become a candidate" for the 1964 Republican presidential nomination.

He made this statement to reporters before presenting, as head of a Michigan delegation, Detroit's bid for the 1964 Republican National Convention to the GOM Site Committee.

"... said before the (1962) election I would not be a candidate for the presidential election in 1964 but would concentrate on Michigan's problems," Romney said.

"I have repeated that here this morning."

Romney was the first Republican governor elected in Michigan in 14 years. Asked if he would accept a draft for the Republican presidential nomination in 1964, Romney replied: "That is presumptuous. That just does not happen. I am not going to become a candidate."

Asked if his thinking might go beyond 1964 to 1968, Romney said, "I indicated that I got into this (politics) because of my concern about Michigan's problems. I am concentrating on that. There is an opportunity in Michigan to do a lot of great things."

Coal Miners Still Defy French Boss

MERLEBACH, France (AP)—Striking coal miners of eastern France's Lorraine region defied President Charles de Gaulle's draft orders today and refused to work.

Riot police were on duty to guard against violence.

Mine officials said at mid-morning that more than 98 per cent of the miners in the Lorraine basin were continuing their strike beyond the government deadline.

De Gaulle signed an order drafting the striking miners Saturday. Union leaders in the Lorraine basin retaliated by issuing handbills telling miners to set up picket lines and stay away from their jobs. French coal mines are government-owned.

The presidential decree meant that any miner who failed to show up at the pits could be fined or sent to jail.

Annual Report Shows Marquette County Airport Big Operation

Marquette County's airport is a big operation, the annual report of the county airport committee shows.

R. S. Archibald of Negaunee is chairman of the committee, which also includes William H. Schneider of Marquette and Harry C. Swanson of Ishpeming. H. L. Shroeger, Marquette, is secretary.

Receipts of the airport during the year totaled \$81,360.26, included a balance brought forward of \$16,293.13, while expenses totaled \$63,373.05, leaving \$28,987.23 as a start for this year's operations.

Expenses include salaries, electricity, phone, insurance, building expenses, repairs, administration, etc. Receipts were from the county appropriation (\$34,950), building rental, airline landing fees, car rentals and limousine services, concessions, restaurant, theater lease, Federal Aviation Agency lease and hangar lease.

The only improvement provided at the airport during the year was the installation of strobe lights at the ends of the east-west runway.

Electronics Lights, Inc., Chicago, installed these high intensity lights on a test and evaluation basis.

These units are known as runway and identifier lights, and flash every second with a brightness in excess of one million candle power, to assist a pilot during periods of limited visibility in making an instrument approach to the runway.

Since the initial installation on Sept. 27, 1962, there has not been a "missed approach," and written comments received from pilots indicate they are most desirable and necessary in this area for instrument operation.

One new building was built at the airport by the Jones & Laughlin Steel Co. This building is a private hangar 70 feet wide by 60 feet long and was built to house a Twin Beechcraft airplane.

Maintenance Operations As in the past years, normal field and building maintenance operations were performed by the three men employed by Marquette County, who manage and operate the airport.

Maintenance was carried out with equipment owned by and stationed at the airport.

Major equipment repairs were made by the road commission personnel at the Ishpeming shop. To assist to the efficiency of the airport owned maintenance equipment was the fact that the airport was not closed at any time during the year because of snow conditions on the field. Snow fall totaled 141 inches during the calendar year.

Building and field maintenance included painting of the outside metal trim on the terminal building.

John Misegan, 62, of 136 W. Spring St., died at 10:15 yesterday morning in the Orchard Rest Home, following an illness of five weeks.

He had been in the Orchard Rest Home since Feb. 28, and prior to that had been a patient in University Hospital, Ann Arbor, for three weeks.

Born in Baraga Mr. Misegan was born on Dec. 1, 1899, in Baraga, and had been a resident of Marquette for 21 years. For many years he had worked for the Ahonen Lumber Co.

He is survived by his wife, Hattie; seven daughters, Mrs. William (Louise) Dunleavy, Marquette; Mrs. Jose (Myrtle) Rodriguez and Mrs. Reed (Patricia) Nolan, Pontiac; Mrs. Calvin (Annabelle) Voakes, Marquette; Mrs. Gerald (Alice) Cadreau, Detroit; Mrs. Alfred (Dorothy) Nuttlewis, Pontiac; and Miss Roalene Misegan, Marquette, and a son, Isadore, of Walled Lake. There also are 28 grandchildren.

The body was removed to Tonella's Funeral Home. Funeral arrangements are incomplete.

ing two coats of paint on the residence garage, the curbing in the parking area near the terminal building were painted and all mobile equipment was repainted by a private contractor.

During the year, the manager and his assistants spent a total of 6,849.5 hours at the Airport.

Flight Activities North Central Airlines completed 4,637 operations in 1962 and provided transportation for 9,473 departing passengers, 9,371 arriving passengers and 179 transfer passengers.

North Central operations accounted for 19,223 commercial passengers using the airport facilities. Through the airport, North Central handled 200,742 pounds of mail and 120,663 pounds of express and freight.

Analysis of these figures shows 120,563 pounds of incoming mail, 14,479 pounds of outgoing mail, 94,964 pounds of incoming express and freight and 25,899 pounds of outgoing express and freight.

All Operations Up When compared to 1961, all phases of North Central activities increased during 1962, in spite of the suspension of 200 scheduled flights of Segment 9, Duluth to Sault Ste. Marie and return.

The number of operations increased two per cent, the number of passengers increased 10 per cent, the mail increased 18.3 per cent and the express and freight increased 11.3 per cent.

Itinerant aircraft activities in 1962 accounted for 2,287 operations involving 8,397 passengers. This represents a decrease of 4.7 per cent in operations and an increase of 14.9 per cent in passengers when compared with 1961. Itinerant aircraft operations is defined as any aircraft, except North Central, departing to or arriving from another airport.

26 Ambulance Flights During 1962, local aircraft operations were much the same as in 1961. There were 10,013 local operations and 26 ambulance flights in 1962, whereas in 1961 there were 10,085 local operations and 27 ambulance flights.

A local aircraft operation is defined as any aircraft departing from the airport and returning without landing at another airport. This type of operation involves student instructions and practice, flight tests, various air survey, law enforcement, fire patrols and pleasure flying.

Instruction Services Peninsula Air Service served as the fixed base operator throughout the year and conducted an extensive student ground and flight instruction service, as well as carrying out service and repair to aircraft.

In addition, all merchandise sales for aviation gasoline was their responsibility and this activity accounted for the sale of 96,631 gallons of gasoline in 1962.

This is a decrease of 26,631 gallons from that of 1961 and can be explained in the fact that the airlines purchased 28,496 gallons less in 1962 than they had in 1961.

New instrument approach procedures, lighting systems and low landing minimums has increased the efficiency of airline aircraft and multi-engine private aircraft, while restricting the smaller aircraft not equipped with full instrumentation for instrument flight conditions.

The airport now provides employment for 27 full time employees and one part time employee. Six full time and one part time employee are employed by Marquette County, six by North Central Airlines, 11 by the Federal Aviation Agency and four by Peninsula Air Service.

City Paragraphs Marquette Lodge, Free and Accepted Masons, will hold its regular communication at 7:30 tomorrow evening in the Masonic Temple. Lunch will be served.

The wolverine, upon rare occasions, will kill deer and caribou. It has been known to attack moose.

U.S. Briquet Association Elects Jenner

At the recent annual meeting of the U. S. Wood Charcoal Briquet Producers Association held in Chicago, R. W. Jenner, Marquette, president of the Cliffs Dow Chemical Co., was re-elected president of the association for a one year term.

He was first elected to this office in February 1962.

Other officers of the association are Walter Redman, Alexandria, La., vice president; Raymond Longstreth, Zanesville, Ohio, treasurer, and William F. Tolbert, Chicago, secretary.

The Cliffs Dow plant at Marquette is the nation's largest producer of charcoal briquets and wood distillation chemicals. Present employment at the Marquette plant is 315 people.

The chief purpose of the Wood Charcoal Briquet Producers Association is to promote increased use of wood charcoal briquets throughout United States and to improve the product quality and service rendered to the public.

The association accomplishes these objectives through the aid of a publicity firm with headquarters in Chicago.

Active Five Years The association has been active for the past five years.

Members with plants in Michigan, Wisconsin, Ohio, West Virginia, New York, Kentucky, Tennessee, North Carolina, Arkansas, Missouri, Louisiana and Texas account for about 75 per cent of the wood charcoal produced in U. S.

State Police Ticket Pair In Collisions

Two motorists were issued summonses and three automobiles were damaged, but no one was hurt, in a pair of area traffic collisions reported this morning by state police from the Marquette post.

For the first time this winter, no reportable traffic mishaps occurred during a weekend. Reports on the accidents probed by state police follow:

At 4:45 yesterday afternoon a car being driven north on County Road 350 by Martin Kurian, 28, Box 821, Marquette, was struck by an automobile operated by Leslie Schmelz, 19, of 762 Park St., Ishpeming, who was traveling in the opposite direction.

Driving To Left State police said the wreck occurred two miles south of County Road 510, in Powell Township, when Schmelz started into a curve too fast and his car went

Engineer Refresher Course By Tech Opens Here March 30

An engineer refresher course will be sponsored this spring in Marquette and Houghton by the Michigan Tech Institute of Extension Services, with classes scheduled to start on Saturday, March 30, in Marquette and on Saturday, April 6, in Houghton.

The eight-week course will provide a series of instructional sessions devoted to a review of subject matter related to engineering practice.

Particular emphasis will be placed on preparation for professional engineer examinations. Course material will include the study of solutions to typical engineering problems encountered on previous exams.

In Marquette, classes will meet each Saturday at 9 a. m. in the Gravaeract High School. Houghton classes will start a week later, meeting at 1 p. m. in Tech's Civil-Geology Building.

Class topics, instructors and dates (Marquette date first, followed by Houghton date) are: March 30, April 6 — Mathematics, George E. Bahman, professor of mathematics at Tech.

April 6, April 13 — Physics, Dr. D. O. Wyble, professor of physics. April 13, April 20 — Strength of materials-Structures, Leonard A. Robert, professor of civil engineering.

April 20, April 27 — Hydraulics, Gerald Casparly, associate professor of civil engineering.

April 27, May 4 — Electrical Engineering, Carl S. Schonberg, professor of electrical engineering. May 4, May 11 — Chemistry, Dr. Marriott W. Bredekamp, professor of chemical engineering.

May 11, May 18 — Thermodynamics, Edwin W. Niemi, professor of mechanical engineering. May 18, May 25 — Engineering Economy — Law and Ethics, Joseph Romig, professor of business and engineering administration, and Walfrid Been, professor and head of the department of mining engineering.

Colder Weather To Follow Spring-Like Thaw In Area

After a spring-like thaw over the weekend, temperatures for the next few days are expected to be a little on the cold side.

Temperatures were above normal both Saturday and yesterday for the first time since Feb. 17.

The thaw spoiled skating rinks and caused a lot of splashing as cars were driven through huge mud puddles, but it was a welcome situation in a winter which will be remembered for its bitter coldness.

Fred Mueller, chief meteorologist at the U. S. Weather Bureau here, said that temperatures weren't quite high enough to be classed as the season's first "February thaw." And it's March already!

The mercury reached 35 at noon Saturday and at 11 a. m. yesterday. It was the highest temperature here since Feb. 17.

The average temperature was six degrees above normal Saturday, with a low of 23, and three degrees above normal yesterday, with a low of 17.

After the high of 35 yesterday morning, the mercury stayed in the 30s until dropping to 28 in the early evening. During the night the mercury rose to 34 at 2 a. m. and dropped to 24 at 9 this morning.

across the centerline, hitting Kurian's.

The left front and left side of Schmelz' car, a 1967 sedan, were extensively damaged and the automobile had to be towed from the scene by a wrecker. The left rear and left side of Kurian's 1961 sedan were damaged, and the vehicle was removed from the scene by the owner.

State police issued Schmelz a ticket for driving to the left of the centerline.

An automobile being driven north on County Road 551 by Arthur Baldia, 35, K. I. Sawyer Air Force Base, went out of control a mile south of U.S. 41, in Chocoma Township, at 10:10 Saturday night.

Speed Law Violation State police said Baldia said his car struck an icy spot, throwing it out of control. The vehicle went over to the left side of the highway, spinning around once and then rolling over.

The right side of Baldia's automobile, a 1960 coach, was damaged. The vehicle was removed from the scene by the owner.

State police gave Baldia a ticket for violation of the basic speed law.

City Firemen Called Out Three Times

Marquette's fire department was called out three times during the weekend, with no serious damage resulting from two of them and the third being a false call.

1. At 4:04 Saturday afternoon firemen were called out to the Cliffs Dow Chemical plant, off Presque Isle Ave., where a blaze broke out in the Cliffschar building, where some charcoal dust was burning.

Firemen, responding with the No. 3 (1,000-gallon) pumper, used a booster line to extinguish the blaze. The plant's fire department laid a two and one-half-inch line from its truck to help put out the fire.

Flames ignited a wooden electrical switch control box, but damage was reported as being minor.

Firemen returned to the station at 4:25 p. m.

2. City firemen were called out at 6:44 last evening to the corner of W. Fair Ave. and N. Second St.,

City Firemen Called Out Three Times

where a 1930 Model A owned by Fred Steele, 453 E. Michigan St., caught fire.

Due To Short Circuit Firemen said the blaze was caused by a short circuit in the wiring. It was out on arrival and nothing was used.

Firemen responded with the No. 3 pumper. They returned from the call at 6:50 p. m.

3. At 11:23 Saturday morning firemen responded to a false alarm pulled from Box 34, at the corner of E. Hewitt Ave. and Spruce St. Eight on-duty firemen and six off-duty firemen responded, with the Nos. 3 and 4 (750-gallon) pumps and the service truck.

They returned to the station at 11:32 a. m.

Streets In College Area Being Cleared For Tourney

Streets in the Northern Michigan University area were being widened and intersections were being cleared today by city public works crews preparatory to the opening of the high school basketball tournaments. Several of the intersections, had much of the winter snow now have better visibility as a result of the city work. Above, two trucks are shown working with a Sno-Go on N. Eighth St., just north of W. Fair Ave., clearing snow from the west side of the street. Below is a view of W. Kaye Ave., between N. Seventh and N. Eighth Sts., showing how the street was widened as a result of the plowing work. Darkened area in center was normal amount cleared and light area at left shows recently plowed and scraped section to edge of banking on the north side of the street.—(Mining Journal photos).

1,204 Tax Violators Sentenced In 1962

WASHINGTON (AP) — The Internal Revenue Service, looking back over 1962, reports 1,204 tax violators were sentenced last year. They drew an aggregate of 308 years in prison and \$3 million in fines.

H. Alan Long, IRS chief of intelligence, said his men recommended more than 2,000 cases for prosecution. The Justice Department obtained 748 fraud indictments, 300 more than in 1961.

Most of the 2,000 horses now extant in New York City are police horses and riding academy horses.

Police Locate Two Stolen Automobiles

City police continued investigations today of two automobiles stolen in Marquette over the weekend.

Both cars have been recovered and returned to their owners.

A 1957 white Oldsmobile convertible, stolen during a burglary of the Keith Carson Used Car Lot at 8:30 W. Washington St., early Saturday morning, was recovered Saturday afternoon.

Found In Negaunee

The car was spotted at noon Saturday, parked at the corner of Jackson and Kanter Sts. in Negaunee, by Jerry Wilkinson, Negaunee, who said he heard a description of the stolen automobile on the radio. The car had been parked on Washington St. in Marquette at the time of the theft.

Another automobile, stolen sometime between 8 and 11 p.m. Saturday, was recovered at 8:20 yesterday morning by city police.

The 1959 Plymouth, belonging to Richard Heikkila, 320 E. College Ave., was taken from the West Hall parking lot at Northern Michigan University. City Patrolmen Daniel Kreig and Ted Hokenson found the car abandoned at the intersection of N. Eighth St. and W. Fair Ave.

City Det. George G. Johnson said that the car motor was still warm and that officers were able to follow the one set of foot tracks as far as Kaye Ave. before the tracks were lost.

W. Va.

The escorts will be Albert Howard, George Chopp, Lawrence Norbert, Alphonse Jandron, Leslie Ross and Caesar J. Urbanaki.

The body is in Tonella's Funeral Home, where friends may call, and at 8 this evening the Rosary will be recited.

Owen To Handle Symposium Slated For Michigan Week

Funds available to finance industrial expansion and construction in Michigan communities will be discussed in 16 regional symposiums in the state during Michigan Week, 1963.

Coordinators to handle local arrangements for the regional meetings were announced today by George Moffett Jr., Detroit, chairman of the Michigan Week industrial promotion committee. A Marquette man, J. Willis Owen, is included.

The one day meetings, planned by some of the state's top industrial financing authorities as their contribution to the Michigan Week effort, will give the source of the various funds, the inter-relationship of the funds, and the purposes for which each may be used. They will also give information on proposed legislation in the financing field.

Local development committee members, Chamber of Commerce officers, township, county and city officials, bankers, industrial retailers, industrial architects and manufacturers will be invited to participate in the sessions.

Format Noted
Tentative format for all local meetings calls for talks by financing authorities in the morning; small discussion groups at noon; and question and answer period to apply the morning information to the local situation in the afternoon. Printed briefs of each talk will be presented to each participant. In most regions of the

Byrd Ready For Fight On Debt Ceiling

EDITOR'S NOTE—Still a zealous scrapper, Sen. Harry F. Byrd is marshaling his forces for new skirmishes with the Kennedy administration as he rounds out three decades in the Senate. Jack Bell, chief of the AP's Senate staff, traces the doughy Virginian's career through four administrations.

BY JACK BELL
WASHINGTON (AP)—Sen. Harry Flood Byrd, who has been a hair shirt for four presidents, rounds out 30 years in the Senate today still full of fight at 75.

The stocky Virginia Democrat is warming up his financial guns for a battle he knows he isn't going to win, but one which he is confident will jar the foundations of President Kennedy's \$98.8-billion spending program.

As chairman of the Senate Finance Committee, Byrd has deployed his not inconsiderable forces in a war likely to last all session. The first skirmish will come over an administration request for an increase in the federal debt limit.

Raise Necessary
The doughy Virginian knows his own conscience won't let him stop some increase in the debt limit because the government couldn't pay its bills without it. But before Secretary of the Treasury Douglas Dillon gets through he may have to scale down the \$320-billion ceiling he is recommending.

When Kennedy recently backed a move to enlarge the Finance Committee from 17 to 19 members, the Senate's affection and respect for Byrd played no little part in handing the President a political shellacking.

No Ill Will
Byrd, let it be known he bore Kennedy no ill will for trying to pack his committee. To the senator it was only an incident to be chalked up along with scores of others which have marked his political feuds with presidents.

These began back in the days of Franklin D. Roosevelt. Byrd, who had campaigned for FDR, broke with the president because he reneged on his promises to cut spending.

As the Senate seat-mate of Harry S. Truman for five years, Byrd got along fine personally with that president for a while. But Truman seized the steel plants, dismissed Gen. Douglas A. MacArthur and proposed a lot of civil rights measures.

'Too Many Byrds'
The president and the senator parted company and soon Truman was saying there were "too many Byrds in Congress." They subsequently patched up their friendship.

Dwight D. Eisenhower was all right so far as Byrd was concerned, until the president sent troops into Little Rock and turned up with the biggest peacetime deficit in history.

Longest Tenure
The record of disagreements with Kennedy remains to be completed. Meanwhile, Byrd pursues the even-paced course which has given him the longest Senate tenure of any Virginian—a record of which he is extremely proud.

president—at 10:30 p.m. March 5—was to declare a national bank holiday.

Monday morning Americans found themselves, for the most part, without cash to carry on their business.

In some areas forms of scrip were used instead of cash. In others a modified barter system sprang up. Everywhere people improvised to get by somehow.

'Brain Trust'
In Washington, Treasury officials—both those of the new administration and holdovers from the administration of former President Herbert Hoover—worked around the clock to draft legislation to save the banking system.

Raymond Moley, a member of the Roosevelt "brain trust," wrote later that they had "forgotten to be Republicans or Democrats. We were just a bunch of men trying to save the banking system."

When a new Congress convened March 9, it quickly legalized everything Roosevelt had done. The bank bill was passed and the president signed it the same day. It was the initial act in the celebrated "100 days" of the New Deal.

you. These persons, however, do not have to qualify as your dependents in order for you to claim head of household.

Must Qualify As Dependent
Your father or mother do not have to live with you, but they must qualify as your dependent.

All other relatives must live with you and also qualify as your dependents.

Where the relative is required to be a dependent, such status may not arise from a multiple support agreement. The dependent must receive over half of his support from you.

Cost of maintaining the household refers to the household itself. This would include such costs as rent, mortgage interest (not principal), taxes, insurance on the premises, upkeep and repair, utilities, domestic help and food consumed in the home.

Use Form 1040 when claiming this status. If you have any questions, call the U. S. Internal Revenue office in Marquette.

Head Of Household
There are three separate schedules used in computing income tax liability.

Schedule I is used by those filing a separate return; Schedule II is used for those allowed to file a joint return; and Schedule III is used for those who qualify as "head of household."

To qualify as head of household, you must be unmarried or legally separated as of the end of the year. You must furnish over half of the cost of maintaining a household for the entire year for at least one other person who is related to you.

Your unmarried child, grandchild or stepchild must live with you.

U.P. Council Scout Derby At Base Won By Iron River Unit

Officials of the Hiawathaland (Upper Peninsula) Boy Scout Council said the annual council Klondike Derby held Saturday at K. I. Sawyer Air Force Base was won by the Coyote Patrol of Troop 518, Iron River.

A total of 17 District winning patrols competed in the event. Troop 518 is sponsored by the

First Lutheran Churchmen, and is led by Walter Svendsen, Scoutmaster. The patrol leader is Alton Westman, and patrol members are: John Holmes, Dennis Fuller, James Svendsen, William Lake and Alex Lahti. The Patrol earned an almost perfect score of 46 5/6 points.

Rudyard Unit Second
Second place winners tied the Wolf Patrol of Troop 122, Rudyard, and the Hawk Patrol of Troop 221, White Pine, each with 46 points.

Other Patrols came from Troops in Escanaba, Sault Ste. Marie, Gunnessee, Iron Mountain, Hancock, Negaunee, Suomi Location and Gwinn. A total of 111 Scouts participated in the event.

Jack Ohlson and Ray Pajula of Ishpeming were in charge of the council Klondike Derby. They were assisted by Norris Shane and O. G. Gillon of Sawyer, Alpha Phi Omega Fraternity members from Northern Michigan University and several event judges from throughout the council area.

SECOND FORMOSA
Another Formosa is a northern province of Argentina, bordering on the Republic of Paraguay. It has an area of 27,825 square miles, twice the area of the other Formosa (Taiwan), according to the Encyclopaedia Britannica.

Mail Deliveries Expedited For Three U. P. Cities

Clown Chet Moore of Grand Rapids is shown during a water act, one of his acts which have made him famous as a clown. He'll appear at the Northern Michigan Exposition here April 19-21.

Chet Moore, Clown, Featured At Exposition Here April 19

A clown who once was told that he would never walk again will be a featured performer at the third annual Northern Michigan Exposition to be held at Northern Michigan University, April 19-21.

Droopy the Clown in reality is Chet Moore, 31, Grand Rapids.

As a boy, Chet always wanted to be a clown and started his training as early as the second grade. Gymnastic prowess gained him and his brother, Dale, a reputation in their trampoline act, and they appeared on TV from coast to coast.

On Korean War Tour

During the Korean War the brothers joined the U. S. Air Force and traveled throughout the world entertaining servicemen and women. While on tour, the brothers suffered injuries in a near-fatal plane crash. Dale was grounded completely, and Chet was told that he would never recover.

Urban Study Grant Given Iron County

WASHINGTON (AP)—The community facilities administration has announced these grants under the accelerated public works program, with the local share of the costs in parentheses:

Morenci, Mich., \$21,000 (\$32,800), extension of sewer system.

Intra-county drainage board for the Muldo-Linke relief drain of Mount Clemens, Macomb County, Mich., \$162,500 (\$162,500), storm drains.

Harper Woods, Mich., \$81,000 (\$18,000), construction of new library.

For Iron County Cities

The Urban Renewal Administration announced a \$20,038 grant to the Michigan Department of Administration. The money will help finance preparation of plans for the growth of these Iron County communities by the West Side Regional Planning Commission: Caspian, Gastra, Iron River and Stambaugh, and the village of Mineral Hills.

7 Motorists Pay \$65 In Fines, Costs

Seven persons were ordered to pay fines and costs totaling \$65 by Judge Edward H. Dembowski in city court last week.

Elizabeth J. Solomon, 3138 Lake Shore Blvd., was fined \$6.30 and ordered to pay costs of \$3.70 for a traffic light violation at the corner of Fourth and W. Washington Sts. She was ticketed by city police Feb. 23.

For speeding, John A. Benish, Manistique, paid a fine of \$6.30 and \$3.70 costs. He was ticketed by city police Thursday for driving 40 miles per hour in a 25-MPH zone on W. Washington St.

Michael N. Nelson, 358 Harrison St., was ordered to pay a fine of \$6.70 and \$3.70 costs. City police ticketed him Feb. 19 on Hebard Ct.

A fine of \$1.30 and \$3.70 costs were paid by Michael J. Toussaint, Gwinn, for driving with a defective muffler. City police issued the summons on S. Front St. Feb. 22.

All-Weather Roads In U.P. Upped By Six

Addition of 557 miles to Michigan's network of all-seasons highways, including six sections of highways in the Upper Peninsula, recently was announced by State Highway Commissioner John C. Mackie.

Mackie said Michigan now has 7,455 miles of "frost free" state highways which have no reduced load restrictions during spring months.

"This means that nearly 85 per cent of Michigan's 9,200 miles of state highways can carry normal legal truck loads throughout the year," he said.

Set Up In 1958

The all-weather highway system was set up in 1958 to break a commercial bottleneck that had existed in Michigan each spring for many years. Prior to 1958, as arbitrary 25 per cent reduction in load limits for trucks was put in effect during the thawing period each spring.

The U. P. additions include: M-64 from U. S. 2 at Marquette south to the Wisconsin state line in Gogebic County, 10 miles. M-64 from U. S. 2 north to M-

Tourism Leader Lauds Selection Of Calumet Man

Congratulations were extended today by Ken Slater, Hulbert, president of the Upper Michigan Tourist Association, to Peter M. Baudino, Calumet, newly elected president of the Michigan Retail Hardware Association.

"Not only was the hardware retailer's choice an excellent one from the standpoint of their own association, but they also picked a man who is proud of the Upper Peninsula and never misses a chance to promote the region," Slater declared. "As an unofficial 'ambassador,' Baudino will not

pass up the opportunity to present the vacation and recreational advantages of our North Country."

Baudino, oddly enough, received his early sales training from another Calumet man, Frank S. Carlton, founder and first president of the hardwaremen's association. The new president is the third Upper Peninsula man to head the organization in its 69 years of existence.

Baudino was elected at the association's annual meeting in Lansing, where hardware dealers from throughout the state and sales representatives from across the nation got a look at the Upper Michigan Tourist Association's large and attractive exhibit. The exhibit was set up through the cooperation of Baudino and Ken Dorman, Houghton, executive director of

UMTA.

The association's exhibit was to be moved to Detroit this week for

showing at the Sportsmen's and Vacation Show in the State Fairgrounds Coliseum March 1-10.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation 219. At all drug counters.

Eyes Right! Here's Answer To Leading Beauty Question

1. How much eye make-up should a smart girl wear? That's a leading beauty question, for there has been a decided change of pace in the "eye-deal" application. The trend is to a more natural look. Most males applaud the move and insist, "Hurrah! Now girls will look more like girls instead of owls." Actress Celia Kaye illustrates today's glamour stamp, slightly tilted brow and blended liner.

Lines from Lou's by... Maggie — There was a time when a "walk" was considered a stroll in the moonlight, a leisurely Sunday afternoon pastime or something else you had to do when somebody else was using the car. Times have changed now, and little, big, young and old are hiking down the highway, on the road to better health. No more can you count on doing your good deed for the day by stopping to pick them up, even though it might be the President, some of his staff or family. They do not want to ride, thank you. It is really a switch for a salesman to stop a hitchhiker, ask him if he would kindly drive the car for the next fifty miles; he himself would like to walk! It is estimated that sales ladies walk an average of nine miles each day at their normal work. This is considerably less than forty miles and at the end of the day we can out-sprint anybody on our dash to the car. Well, we think this walking business is fine and we suggest that you start out immediately and head straight for LOU'S. No matter how far it is you will be rewarded the minute you start looking at the new spring clothes. We have a beautiful collection of spring coats, and if you want to see a dream walking, just try one on. It is spring shopping time and we hope to be seeing you at LOU'S in the center of Marquette. —Adv.

Three Ticketed, Six Autos Damaged In Three Crashes

ISHPEMING — Three drivers were ticketed and six vehicles damaged in three traffic accidents investigated Saturday by Ishpeming city police.

At 4:15 p. m., cars driven by Eskil R. Randolph, 584 Jasper St., and Katherine Ann Erkkila, 440 Marquette St., collided on Marquette St. when the Erkkila car skidded after being braked on ice and slid into the path of Randolph's car.

Driving Too Fast, Charge Her 1960 four-door was damaged on the left front fender and Randolph's 1956 station wagon on the left side, but both were driven away under their own power.

Third St. was the site of another crash, which occurred at 2:35 p. m. and involved a 1953 two-door driven by Dorothy V. Bissonette, 811 N. Third St., and a 1961 four-door driven by John H. Williams, 654 Palms Ave.

According to police, the Bissonette car was slowed to a stop on Third St. when it was hit in the rear by Williams' auto.

The trunk area, rear fender and bumper of the Bissonette car and the front end, including the grille and headlight, of Williams' auto were damaged in the impact. The Bissonette car was removed from the scene under its own power, but Williams' car had to be towed away.

Police ticketed Williams for failure to stop in an assured clear distance ahead.

Right-Of-Way Violation John D. Erickson, 16, Box 280, Gwinn, was charged with failure to yield the right-of-way, after his car was involved in an accident with another, driven by Sulo J. Palomaki, 73 Juniper St., at 9:45 Saturday morning at the Cleveland Ave.-Second St. intersection.

The police report indicated Erickson made a left turn into the path of Palomaki's car, causing the head-on collision.

Both vehicles were able to be driven away, although Palomaki's four-door was damaged on the grill, headlight and bumper and Erickson's 1959 four-door on one headlight.

According to police, Erickson will appear in probate court on the summons, because of his age.

ISHPEMING — Funeral services for Mrs. Wilho Maki were held this afternoon at the Finnish Apostolic Lutheran Church, with the Rev. William Prusi officiating. Burial was made in the Ishpeming Cemetery.

Palbearers were Adolph Ollila, Victor Koukkari, Ralph Bietla, Toivo Uuro, all of Ishpeming; Jalmer Mattson, Negaunee, and Ernie Maki, Waukon.

Lake Shore Area Plans To Be Aired At Lansing Meeting

LANSING (AP) — Sen. Philip Hart, D-Mich., and Rep. Robert Griffin, R-Mich., will plug their plans for the proposed Sleeping Bear National Lake Shore area at a conference here March 15.

The public meeting on the controversial plan to establish a park along northern Lake Michigan near Traverse City was arranged by the Michigan Parks Association.

Hart authored a bill to set aside 77,000 acres for the recreation area. Griffin sponsored a measure proposing a 37,000-acre site. He contended that Hart's plan embraces too many higher-developed areas.

worker's pay to keep him and his family in food, drink and smokes. Now it is 25 per cent. The 1913 worker lived in fear that sickness or old age might cut off his income. Nowadays most workers have protections against illness, injury or layoff.

The 50-year period since the Labor Department was established has been a spectacular rise in America's middle class. The average worker owns his own home, car and television set. He can buy almost anything he wants on credit.

More To Come The present labor secretary, W. Willard Wirtz, said in anniversary remarks that times will change even more during the next half century. He said adjusting to the new machine age in the face of an expanding work force is the nation's real problem.

Labor Dept. Celebrates Anniversary

WASHINGTON (AP) — The Labor Department looked back on a half century today to celebrate the astonishing change time has brought to the lot of the American working man.

This is the department's 50th anniversary. President Kennedy will help mark the occasion at a banquet tonight attended by some 3,000 department employees and representatives of labor and management.

It was on March 4, 1913, just before riding to the Capitol on his last day in office, that President William Howard Taft, a Republican, signed a law creating the department. His successor, Woodrow Wilson, a Democrat, immediately named William Wilson, no relation, as the first labor secretary.

Through the years since then, the nickel beer and free lunch vanished along with the 10-hour work day and 22-cent hourly average wage. In their place have come the dollar-plus lunch, extra if served with martini, the eight-hour day and \$2.40 an hour average wage.

Some may long for "the good old days," with their more leisurely pace, but the hard economic facts show workers today have more conveniences, more extra money to spend and more leisure than ever before. Even with higher prices, they are better off.

Comparison In 1913 it took 40 per cent of a

Constitution Meetings Set By Democrats

BARAGA — Michigan Democrats have scheduled two regional conferences in the Upper Peninsula on the proposed Constitution. The conferences will be held Saturday, March 9, in Escanaba and Sunday, March 10, in Baraga, it was announced by Miss Adelaide Hart, vice chairman of the State Democratic Party.

The Escanaba conference will be held in the Sherman Hotel and will draw delegates from Schoolcraft, Alger, Delta, Luce, Mackinac and Chippewa Counties.

The Baraga conference is set for the armory. Participating in the Baraga meeting will be persons from Iron, Keweenaw, Houghton, Ontonagon, Gogebic, Baraga, Marquette, Dickinson and Menominee Counties.

The Escanaba session will open at 9:30 a. m. and conclude at 3:30 p. m. The meeting at Baraga will start at 1 p. m. and run through 4:30 p. m. followed by a smorgasbord dinner.

The lineup of speakers and discussion leaders is the same at both conferences. Menominee Prosecuting Attorney Russell Bradley, who served as a Constitutional Convention delegate, will be the keynote speaker.

Members Of Panel Panel leaders include Carmine Della Quadra, professor of economics at Michigan Tech; Andrew Weil, Houghton County Democratic chairman; F. Hubert Arther, Baraga County prosecuting attorney, and Bradley.

Topics to be covered in the workshops include judiciary, legislative organization, organization of state government and finance-taxation and education.

Miss Hart said the conferences are open to all interested persons. silversmithing. In the past, these workers have drawn students from as far away as Ontonagon, Ahmeek and Eagle River.

Professor Spiroff is an authority on minerals of North America, and his naming and description of a previously unknown mineral from Sonora, Mexico, added "spiroffite" to the catalog of some 2,000 known species in the world.

Among his many published materials, those on the mineralogy of Upper Michigan are widely used as authoritative guides to the region. In addition, he has completed the manuscript for "A Guidebook for Mineral Collectors in the Keweenaw Copper Country," which is to be published in the near future.

Steel Buildup Could Equal 1962 'Record'

CLEVELAND — Will the buildup of consumer inventories of steel mill products parallel last year's 4.5 million tons? Steelmakers hope not, but they don't discount the possibility.

That possibility could add up to 4.8 million tons, Steel magazine says today. It figures it this way: By March 31, inventories will be about 800,000 tons above the Jan. 1 level (nine million tons). They'll probably increase by one million tons in April regardless of what happens on the labor scene.

Then, if the United Steelworkers of America (USW) reopens its contract with producers on May 1 and negotiations continue until a strike can be called at the end of July, users may boost their inventories by one million tons a month in May, June and July.

General Motors Corp.'s announcement that it will add one million tons of steel to its stockpile by July 31 has given the market a moderate lift, says Steel. GM's move has triggered some hedging, but most buyers will wait until March 15 in the hope that a USW executive board meeting scheduled for that date will reveal whether the union intends to reopen its contract.

Steel says that unless there's a clear indication within the next 30 days that the contract won't be reopened, inventory building will hit full stride in April.

Tire Strike? Automakers are also somewhat concerned about a threatened walkout in the rubber industry where labor contracts with three big tiremakers — Goodyear, Firestone and Goodrich — expire April 20.

Steel magazine's sources believe a strike possible, but say that if it comes, it probably won't cripple the automakers or force them to refuse steel shipments. Reason cited: They could get all the tires they need from warehouses, major producers not on strike, private brand manufacturers, and foreign suppliers.

The metalworking weekly forecasts that a sixth consecutive increase in steel ingot production will be shown this week. It predicts output will slightly exceed the 2,133,000 tons it estimates the industry poured in the week ended March 2. Output then was 2.3 per cent above the previous week's.

Even with little strike hedging expected this month, the magazine estimates March production and shipments of finished steel will exceed February's by 10 to 15 per cent.

Despite rising steelmaking operations, mills have been buying scrap sparingly, and prices have been showing increasing signs of weakness. For the fourth straight week, Steel's composite on No. 1 heavy melting grade remained at \$29.33 a gross ton.

They Were Too Tired To Try For Second SUN CITY, Ariz. (AP) — A softball game at this retirement community near Phoenix was called after the first inning with the score 11-6.

An umpire explained, "The teams needed 40 minutes to play the first inning and everybody agreed they were too tired to try for two."

Miss Holmgren In Winning Skit At College In Illinois

LAKE FOREST, Ill. — Miss Ann Holmgren, Lake Forest College senior from Ishpeming, was one of a pair whose skit won laurels over the weekend during the college's 1963 Variety Show.

The daughter of Mr. and Mrs. Lloyd A. Holmgren, 823 N. Main St., Ishpeming, played the distaff half of a beatnik couple in the winning skit, entitled "Hour Number 528," and presented by Chi Omega Chi sorority and Kappa Sigma fraternity.

It was one of a number of 20-minute skits, incorporating original plots, music, choreography, sets and lighting effects put on by fraternity and sorority groups, freshman students and faculty members.

Tech Course Covers U.P. Minerals

HOUGHTON — A 10-week course in "The Mineralogy of Upper Michigan" starts at Michigan Tech this week, with the first class meeting scheduled for Wednesday at 7 p. m. in Room 308 of the Civil-Geology Building.

The non-credit course is sponsored by Tech's Institute of Extension Services and will be taught by Kiril Spiroff, professor of geology and mineralogy at Tech.

The class will meet from 7-10 p. m. each Wednesday through May 8. Enrollment will be limited to 15.

The class will meet from 7-10 p. m. each Wednesday through May 8. Enrollment will be limited to 15. Designed primarily for the layman, the course will stress sight recognition of common minerals, especially those found in the copper and iron regions of Michigan.

Class sessions will consist of short lectures on different phases of mineralogy, followed by examination of specimens. Students will be given practice in observing and working out the properties of minerals and identifying them.

Tuition fee for the course is \$30, plus supplies. These include a hand lens, knife, copy of Seaman's Handbook of Mineral Tables and streak plate.

One Of Series This course is one of a series dealing with minerals that Tech's extension division has developed in recent years. Others have covered gem cutting and polishing and

A-L To Honor Two During March Parley

ISHPEMING — State American Legion Commander Joe Paul, Ishpeming, announces that as part of the National Commander's Conference set for March 10-14 at the Sheraton-Hilton Hotel, Washington, D. C., two outstanding Americans will be honored.

Rep. Carl Vinson (D-Ga.), chairman of the House Armed Service Committee, will be cited by the Legion for his "long and exemplary service to the American public."

The award, in the form of an engraved bronze plaque, will be presented to the veteran Georgia Congressman by National Commander James E. Powers, Macon, Ga., at a banquet honoring the Congress of the United States on March 13.

The second honoree receiving high tribute will be Lt. Gen. Lewis B. Hershey, director of the Selective Service System.

The American Legion National Commander's award will commend Director Hershey, the state director, and the more than 40,000 members of the Selective Service System "for their unflinching dedication and devotion in perfecting the Universal Military Training and Selective Service Act as a vital, effective and major instrument of America's national de-

fense policies." Representing Michigan at the third annual National Commander's Conference will be: National Executive Committeeman Don Smith, St. Johns; National Legislative Committeeman Bernie McLeish, Bay Port; National Rehabilitation Commission General Member and Past Department Commander Marshall M. Taylor, Cadillac; State Service and Rehabilitation Commission Chairman, Duane Brigstock, Battle Creek; National Security Commission Member Louis A. Farrell, Ann Arbor; and Foreign Relation Commission Member Percy J. Carris, DeWitt.

New Ski Hill In Operation At Trenary; Lions Backers

TREMARY — A new ski hill is in operation near here, the result of an all-out effort by members of the Trenary Lions Club.

Starting with the selection of a suitable site convenient to the community, the club began work on reading the hill and building a ski tow.

At present, the tow is in operation Saturdays and Sundays from 1 p.m. until dark, weather permitting, and will continue so through the winter.

The project was felt to be the answer to Trenary area skiers' needs, since they did not have easy access to skiing facilities before development of the new area,

located not far from Trout Lake Hill.

Future Plans

In addition to the ski tow, there are bathroom facilities, a toboggan run and a cleared parking area at the hill. Future plans include making available a "warming shack," sled trails, lower ski levels for beginning skiers and a concession stand, with work on at least some of these intended to be done this summer.

Trenary Lions Club members serving on the permanent committee in charge of ski hill development are Toivo Aho, chairman; Arnold Hill, Larry Ollila, Floyd Kallio, Arthur Marinello, George Hager and John Webber.

Most MHS Students Receive Instructions In Mathematics

NEGAUNEE — Although mathematics is generally regarded as one of the "toughest" courses in the high school curriculum, students enrolled in the Negaunee High School do not shy away from the subject, a study recently completed reveals.

One hundred per cent of the student body in the seventh through the ninth grade level, plus an additional 219 in grades 10 to 12, are receiving daily instruction in basic and advanced mathematics.

Included in the program are arithmetic, general business mathematics, general math, algebra, advanced algebra, plane and solid geometry, college algebra and trigonometry.

It is a course which, over the

years, has furnished more than an adequate foundation for graduates who have gone on to institutions of higher learning where they have compiled outstanding records.

Members of the instructional staff are Robert Northey, Dominic Ghilardi, Mrs. Ardes Williamson, Mrs. Mary Matthews and Oscar Wassberg.

Northey, department head, points out that in high school, where math is an elective subject, about 65 per cent of the student body takes some course in the field.

Subject matter is a combination of modern and traditional mathematics with emphasis on thinking and logic, he notes. Instructors have attended summer institutes and graduate courses in modern math in order to keep abreast with the latest methods and developments in this phase of the educational program.

Creation Of Republic PTA Unit Eyed

REPUBLIC — Temporary committees were appointed and April 1 selected as the date for an organizational meeting of a Republic Parent Teacher Association, at a planning session held recently.

The session was held in the home of Edward Evans, with those attending choosing April 1 as the date for the organization meet, to be held in the Republic School at 7:30 p.m. At that time, officers will be elected and membership dues collected.

Members of the pro-tem committee for the April 1 session included: suggested by laws—Evans, Oscar Antilla and Warren Grandlund; publicity—Mrs. Paul Hintala; hospitality, Mrs. Robert Tapio and Mrs. Evans; chairman, planning committee—Mrs. Edwin Laakso; secretary of that group, Mrs. Paul Hintala.

All persons interested in the formation of a PTA group are urged to attend the session on April 1.

J. A. Isotalo Dies At 52 In Hospital

CHAMPION — John A. (Jack) Isotalo, 52, died in Bell Memorial Hospital at 10:05 last night after a week's illness.

He was born March 23, 1910, in Diorite and was employed at the Republic Mine since 1950.

Survivors are his wife, Sandra; two daughters, Mrs. James (Elsie) Carriere of Ishpeming and Mrs. Roy (Jacqueline) Lundquist of Champion; his father, Gust of Champion; three brothers, Matt of Ishpeming, Suio of Champion and Robert of Gurnee, Ill.; three sisters, Mrs. Mary Harrington of Detroit, Mrs. Adolph (Sylvia) Furtotte of Marquette and Mrs. Swante (Irene) Korby of Ishpeming; four grandchildren and a number of nieces and nephews.

The body is in the Bjork & Zhukie Funeral Home, where friends may call after 3 Tuesday afternoon.

The body will be brought to the Champion Lutheran Church, of which Mr. Isotalo was a member, at 11 Wednesday morning and services will be held there at 2 p. m. The Rev. Leslie Niemi will officiate and burial will take place in Champion Cemetery.

Dr. Harden Speaker For Hancock Meet

HANCOCK — Dr. Edgar L. Harden, president of Northern Michigan University, will address parents and teachers of the Copper Country on the topic "Teachers Are Important" at a session tomorrow night at 7:30 in the senior high school here.

This program is sponsored by the Hancock Parent Teacher Association. The general public is invited.

Dr. Harden stated, "I hope to cover a wide range of concerns which I think will be of interest to both teachers and parents as they think about what is best for their youngsters."

"The program is a rare opportunity for area residents to hear an outstanding Michigan educator," stated Howard B. Anderson, Hancock PTA president.

French Veto May Benefit Africa Reds

By CARL HARTMAN

BRUSSELS, Belgium (AP) — It may sound far-fetched, but Britain's exclusion from the European Common Market could help the Communists in Africa.

In reprisal against President Charles de Gaulle's veto on British entry, Britain's friends forced a delay in a far-reaching agreement linking Western Europe with 18 African states. Sixteen of them are former French colonies.

Shock

The action did not come from pique alone. The other members of the Common Market—particularly Italy and the Netherlands—want to make sure that the English-speaking African countries can also get in on the aid-and-trade plan if they like.

The postponement was a shock to the 18 states, where the governments tend to be neutral, but cool toward communism.

The Reds have long delighted in baiting them as the willing pawns of "neo-colonialism." Now there is sure to be a Red chorus of "I told you so."

Warning

West German leaders, who play a major role in the Common Market, were warning that there could be a quick sign of Communist gains: a decision by some

Lutheran Seminary Choir To Present Sacred Music Concert Wednesday Night

NEGAUNEE — Completing a three-day tour of the Upper Peninsula the Maywood Lutheran Seminary Choir, under direction of Dr. Robert H. Fischer, will present a sacred music concert at 8:30 Wednesday night in Immanuel Lutheran Church.

Following its Negaunee concert, the choir is scheduled to appear at Wisconsin Rapids and Madison, Wis.

Opening selection on the concert program will be Beethoven's "Blessing, Glory and Honor," which will be followed by "Adamus Te, Christe" (Palestrina). Phillip Sebastian will sing the baritone solo, "I Wonder As I Wander," John Jacob Niles' Appalachian "Carol of the Drum" follows. Ivars Gaide next sings the tenor solo of the Negro spiritual, "Were You There," which is followed by another spiritual, "His Name So Sweet." The concert closes with Christiansen's arrangement of "Beautiful Savior," with Phillip Sebastian as the baritone soloist.

The public is invited. No admission will be charged. A free-will offering will be received.

The seminarians, making their first choir tour through the newly-formed Wisconsin-Upper Michigan Synod of the Lutheran Church in America, will be entertained overnight in the homes of members of Immanuel Lutheran Church.

CR Seeking Okay To Abandon 8.5 Miles Of Track

WASHINGTON (AP) — Copper Range Railroad Co. has asked the Interstate Commerce Commission for authority to abandon 8.5 miles of track in Michigan. Involved are 6.5 miles between Calumet and Linden Junction and two miles between Calumet and Laurium. The railroad said the line is being operated at a loss.

U. S. Denies 'Brain Drain' On Britain

WASHINGTON (AP) — Government officials branded as absurd allegations by Britain's minister of science that the United States is conducting a high-pressure recruiting campaign to lure British scientists.

The American school system is able to meet most of the United States' need for scientists and engineers, the officials said. Although some foreigners are drawn to this country, "greener pastures" and not high-pressure tactics are the reason, they said.

'Brain Drain'

The British minister, Lord Hailsham, told the House of Lords this week that the American high school system is unable to turn out first-rate scientific talent. As a result, he said, the United States sends talent scouts to Britain to buy British brains for service in the United States, thus creating a "brain drain."

Officials of the National Science Foundation, the National Academy of Sciences, the National Aeronautics and Space Administration and others flatly denied the charge.

4 Percent

Dr. Edward Wenk, assistant to Dr. Jerome N. Wiesner, President Kennedy's science adviser, said: "The facts indicate that the total number of people coming from the United Kingdom is very small. In 1961, the United States turned out 30,000 engineers and scientists and there were 3,900 immigrants, only 4 per cent of the total. Of the foreigners, 5 per cent came from the United Kingdom.

"These 575 who came from the United Kingdom may represent a sizable fraction of the English production but the facts suggest at the present time that one should not conclude that we depend in any major way on the brain drain of which Lord Hailsham spoke."

State Police Give Report For February

MUNISING — State police at the Munising post worked a total of 1,849 man-hours during February, according to a report from Sgt. Clarence Miller, post commander.

A breakdown of the total shows that troopers spent 728 hours on traffic patrol, 5 on other traffic work, 11 on traffic complaints, 38 on accidents, 117 on general criminal investigation, 2 on fire inspections, 29 on report writing, 581 on administration and supervision, 17 on training, 169 on night duty assignment, 79 on fatigue work and 70 on other duties.

Officers also put in 551 car hours on patrol during which time they performed the following duties: made 33 traffic offense and two other patrol arrests, assisted 38 cars, investigated 73 cars, made 694 property and 113 liquor inspections, issued 119 verbal warnings and performed 194 other duties.

The post received 40 complaints in February, of which one was from another post. Five complaint arrests were made.

730 Teams Set For Tournament Action In State

(By the Associated Press) River Rouge, defending Class B state champion, appears to be the only team with enough strength to repeat as the vanguard of more than 730 teams start basketball tournament action Tuesday.

The other three defending champions—Saginaw (Class A), Muskegon Christian (Class C) and Flint St. Matthew (Class D)—have lost some of their punch and appear likely to drop out early in the tournament.

But anything can happen, and sometimes does, in the annual rush through three weeks of fierce competition for the right to be named one of the state's top four teams.

110 District Locations
Play this week will be at 110 district locations from Houghton to Detroit. The district survivors move into next week's regionals at 20 sites. Then come the quarterfinals.

BASKETBALL EDITION
The Mining Journal's annual Basketball Edition, containing accounts of area high school teams' play, records and tournament prospects, will be published tomorrow. Extra copies may be obtained at any Journal office.

Finals March 22 with the 16 survivors—four in each class—moving into the Lansing area for the semifinals March 22. The finals will be in Jenison Fieldhouse in East Lansing March 23.
River Rouge looms as the only possible repeater because it will start on the tournament trail Tuesday with basically the same team that copped the crown last spring.

Benton Harbor Strong
The team favored to take the Class A title is Benton Harbor. With a 15-0 regular season record, and the distinction of being named the top team in its class for every

week in the Associated Press prep poll, the western Michigan club appears to be unbeatable. But there are other clubs just as good, and with a few breaks could go all the way.
Among the teams most likely to advance into the final rounds are Grosse Pointe, Saginaw Arthur H. Grand Rapids South and Ferndale.

It was the fifth straight victory for Lane, who has a 73-12-2 record. Derado had a winning streak snapped at six. His record is 36-11-8. Lane, a 2-1 favorite, weighed 138½ pounds to Derado's 134½.

Wings Gain On Canadiens
(By the Associated Press) The Detroit Red Wings' strong starters during the early weeks of the National Hockey League campaign only to tail-off around mid-season, have picked up momentum in their usual role as fast finishers.

Powered by league scoring leader Gordie Howe, the fourth-place Wings had a productive weekend with a pair of victories on the road. Detroit shaded the Rangers 3-2 in New York Sunday night after pulverizing the Canadiens 7-1 in Montreal the night before.

In Sunday night's other action, the Toronto Maple Leafs whipped the Boston Bruins 6-3 while the first place Chicago Black Hawks played a 2-2 tie with Montreal.

Detroit, in eliminating the Rangers from the four-team post-season Stanley Cup playoffs Sunday, enhanced its own status in the standings considerably. The Wings now trail the third-place Canadiens by only two points and remain six points out of second.

Mich. Tech Gains WCHA Playoff Spot

(By the Associated Press) Playoffs start this week in the Western Collegiate Hockey Association with Denver playing Minnesota and North Dakota meeting Michigan Tech.
The first-round playoffs will be held Thursday and Friday with the winner being the team scoring the most total goals.

Denver finished first in the WCHA with a 12-6 record. North Dakota was second with an 11-5-2 mark. Michigan Tech third with an 11-7-1 mark and Minnesota fourth at 10-7-3.

North Dakota whipped Michigan 6-5 at Grand Forks, N. D., Michigan Tech downed Colorado College 6-4 at Houghton, and Michigan State whipped Minnesota 6-2 at East Lansing Saturday.

Gary Butler of Michigan, the top WCHA scorer, made two goals. Six different men scored for North Dakota in the triumph at Grand Forks.

Michigan Tech scored two goals in the last eight minutes to beat Colorado College. Mike Draper scored both of Tech's final-period goals, the last one going into an open net with four seconds remaining.

Mets Fire Woodling; Detroit Rookie Hit; Exhibitions To Start

(By the Associated Press) Veteran Gene Woodling was fired by the New York Mets and Detroit rookie pitcher Bill Paul was knocked unconscious by a batted ball on Sunday, but the big news to major league baseball fans this week is the opening of the spring exhibition schedule.

All 29 big league clubs will go into actual competition on Saturday for the first time since the end of the 1962 pennant races last October. In the top games the world champion New York Yankees meet the Baltimore Orioles at Fort Lauderdale, Fla. and the National League champion San Francisco Giants play the Cleveland Indians at Tucson, Ariz.

Intervenes In Pay Dispute
The Mets asked waivers on Woodling, a \$35,000 player-coach, for the purpose of making him a free agent because he intervened Friday on behalf of first baseman Mary Throneberry in Throneberry's contract dispute with George Weiss, Met president.

"I got in an agitation and I got fired," Woodling said.
Paul, a 22-year-old right-hander from Pleasant Plain, Ohio, was standing in right field at the Detroit camp in Lakeland, Fla., when a line drive from the bat of Mike Christino hit him in the head. He regained consciousness before being taken to a hospital. X-rays showed no skull fracture, but trainer Jack Homel said the rookie pitcher, up from Knoxville, had suffered a concussion.

Whitney Ford, southpaw pitching star for the Yankees, was sharp in an intrasquad game Sunday. He retired nine batters in a row before yielding a hit. Don Cardwell also showed well for the Pirates, pitching two perfect innings and veteran Johnny Podres retired six in a row in a Dodger game.

Outfielder Lenny Green signed with the Minnesota Twins for a reported \$22,000 and pitcher Jim Bouton came to terms with the Yankees for an estimated \$9,500.

Kenny Lane Looks Like Soft Touch In Derado Fight

(By the Associated Press) NEW YORK (AP) — Kenny Lane's dull showing against unranked Vicente Derado of Argentina may have enhanced his chances of getting a title shot at lightweight champion Carlos Ortiz.

The 31-year-old top-ranking contender looked like a soft touch for Ortiz Saturday night when he rallied to a close but unanimous decision in 10 rounds over the strong Madison Square Garden.

The three officials had Lane the winner by the following scores: referee Johnny LoBianco, 63-1; judge Tony Castellano, 5-4-1; and judge Johnny Dran, 6-4. The AP card had Lane in front, 6-4.

Wings Gain On Canadiens
(By the Associated Press) The Detroit Red Wings' strong starters during the early weeks of the National Hockey League campaign only to tail-off around mid-season, have picked up momentum in their usual role as fast finishers.

Powered by league scoring leader Gordie Howe, the fourth-place Wings had a productive weekend with a pair of victories on the road. Detroit shaded the Rangers 3-2 in New York Sunday night after pulverizing the Canadiens 7-1 in Montreal the night before.

In Sunday night's other action, the Toronto Maple Leafs whipped the Boston Bruins 6-3 while the first place Chicago Black Hawks played a 2-2 tie with Montreal.

Detroit, in eliminating the Rangers from the four-team post-season Stanley Cup playoffs Sunday, enhanced its own status in the standings considerably. The Wings now trail the third-place Canadiens by only two points and remain six points out of second.

City Police Win No. 5

Marquette's city police basketball team copped another victory Saturday, winning a 34-14 decision from a combined Munising city-state police outfit in the Mather gym. Except for a brief flurry by the home five, Marquette led all the way, enjoying a half-time 16-7 lead.

Richard DeMerse scored 11 for Marquette, with teammates Harold VanOverloop and Roy Matson tossing in six apiece. Doug Miron was high-pointer for Munising.

The game was a March of Dimes fund benefit, attracting a fair-sized crowd.

Marquette, which now has won three games in a row and has a 5-3 record, plans to take on the Marquette state police team in the St. Peter's School gym at 7 next Saturday night.

Warriors Win At Eagle River

The Marquette Warriors hockey team got into action Sunday, taking a 12-9 decision from the North-ernaires, Wisconsin state champions, in a game played at Eagle River.

Roger Nordstrom and Mike Greenleaf each collected three goals for Marquette. Floyd Sommers and Garth McMaster scored a pair apiece, with Rick Olds and Chuck Mason netting the others. Greenleaf, Sommers and Paul Hytinen, who played for the Warriors, were up from the juvenile team ranks.

Mississippi State Finally Wins Way Into NCAA Meet
(By the Associated Press) Exuberant Mississippi State, long denied by tradition from a chance at going all the way, finally made it into the NCAA post-season basketball tournament.

The Maroons won the South-eastern Conference title Saturday night just a couple of hours after school president D. W. Colvard announced a break with tradition which prohibited Mississippi State from playing teams with Negro athletes.

How To Break Up Basketball Game
PLAINVIEW, Minn. (AP) — Plainview High School's Dennis Lee literally broke up a basketball game.

He leaped to guard a shot by a Lake City High player and down came the hoop and chunks of the glass backboard. Lee's hand had become tangled in the net.

Several players got minor cuts and Lake City got the field goal when the referee charged Lee with goal tending.

The incident occurred with just over two minutes left in the third period and Lake City leading 42-34. The game was to be finished later.

Buckeyes Seek 4th Straight Big Ten Basketball Crown

(By the Associated Press) Aiming for a fourth straight Big Ten basketball championship, Ohio State's Buckeyes take their show on the road for the remainder of the season needing a victory over Minnesota today to assure themselves of at least a title tie.

Ohio State then closes the campaign at Indiana Saturday, and if successful in these two final road games the Buckeyes again will represent the Big Ten in the NCAA playoffs.

Illini Lose To Wolverines
Ohio State took undisputed possession of first place Saturday with a 95-75 triumph over Purdue while Illinois suffered an 84-81 setback at Michigan. The Illini close the season at home against Northwestern today and Iowa Saturday.

If Illinois hopes to win an undisputed championship, the Illini must win their final two games and hope that Ohio State loses both of its remaining games. However, should the two teams end in a first-place tie, Illinois would get the NCAA bid since Ohio State represented the conference last year.

Michigan, led by Bill Buntin's 27 points, climbed into a fourth place tie with Indiana on the strength of its victory over Illinois and all but clinched a first division berth.

Badgers Beat Dodgers
Wisconsin defeated Michigan State, 98-89, in overtime to even its conference record at 6-6; Minnesota dealt Indiana a 104-73 defeat to tighten its grip on third place, and Northwestern dumped Iowa, 76-66, leaving both teams tied for seventh with 5-7 records.

Other games tonight find Iowa at Wisconsin, Michigan at Indiana and Purdue at Michigan State. The Purdue-Michigan State game originally was scheduled for Tuesday and then was switched to today.

Baraga Bows To Wakefield In Last Game
WAKEFIELD — Baraga and Wakefield finished the Upper Peninsula high school basketball season here Saturday night, with the hometown Cardinals jumping out in front early to a 63-46 decision.

The outcome left Baraga — which almost upset Copper Country Conference champion Ontonagon the previous night — with a mark of 9-8. The Vikings now have their eyes on the Class D district tournament at Houghton, where they meet the Trout Creek-Dollar Bay winner at 7 Thursday night.

Coach Carl Johnson's players had trouble trying to stop Wakefield's Terry Salimi. The 6-foot Cardinal junior, one of the better players on the Gogebic Range, moves the ball well and is adept at either shooting himself or setting up one of his teammates for an open chance at the basket. He paced the Cards with 18 points.

Wakefield controlled both boards all the way.
Marshall Kuivinen, who scored 19, was hitting well from outside. Larry Kangas was under his season's average, failing to connect in the first half but lacing nine points after the intermission.

Balfanz Cops Top Honors At Pine Mt.

IRON MOUNTAIN (AP) — America's top ski jumpers, who duelled one of Norway's stars with mixed success here over the weekend, switch to Ishpeming this week for the U.S. Olympic trials Saturday and Sunday.

John Balfanz of Minneapolis, considered a sure-shot to make the six-member U.S. team, won the 25th annual Kiwanis invitation ski jumping tournament here Sunday.

Norwegian Takes Title
But the 1963 North American championship was won on Saturday by 19-year-old Frithjof Prydz, who is rated Norway's No. 3 rider and who now is a sophomore at the University of Utah.

Prydz also might have won Sunday except for a fall on a 321-foot leap that would have set a new record for the Pine Mountain jump outside this Michigan-Wisconsin border city. After their first jumps he led Balfanz 111.2 to 109.6 in combined style and distance points.

Leaps 304 Feet
The 22-year-old Balfanz, who fell twice and ruined his chances in the North American, showed a sharp reversal of form in the Kiwanis competition against the same 60-plus riders. He soared 286 and 304 feet and scored 226.6 points out of a possible 240.

Paul Johnson and Butch Wedin, both of Iron Mountain, finished two — three behind Balfanz with scores of 210.2 and 209.3, respectively. Bob Keek of Oconomowoc, Wis., was next with 193.3 and Prydz was fifth, despite his fall, with 198.3.

Longest Jump By Balfanz
Gene Kotlarek of Duluth, Minn., who was runner-up to Prydz Saturday and who holds the American record of 322 feet, finished 19th in the Kiwanis competition, although he had the day's longest standing ride on a leap of 315 feet. Kotlarek had a wobbly first jump of only 241 feet and dragged his hands after landing.

Balfanz said he could have jumped beyond 322 feet Sunday, but didn't try it because he would have carried beyond the hill's so-called critical point and landed on a near-flat instead of a sharply inclined surface some 250 feet below the takeoff point.

The Pine Mountain record of 317 feet was set last year by Pekka Turkkinen of Finland.

Paul Jacobs of Iron River took Class B with jumps of 239 and 281 feet for 185.6 points; Dave Hicks of Duluth took the junior title with 291 and 281 foot jumps for 215.7 points, and Ed Brisson of Minneapolis sailed 232 and 257 feet for 187.3 points and the veterans title.

Ishpeming Skiers Place
IRON MOUNTAIN — Ralph Bietila placed second in the veterans division of the Kiwanis Ski Tournament here Sunday with jumps of 238 and 258 feet, followed by another Ishpeming jumper, Coy Hill, who leaped 227 and 259.

Placings of Ishpeming jumpers in other divisions follow:
Junior — John Carrollo, 243 and 238, fifth; Ron Richard, 247 and 235, sixth; Jerry Goyen, 237 and 224, tenth.

Class B — Bruce Thompson, 251 and 232, third; Jim Marra, 230 and 239, fifth; Earl Moffatt, 230 and 243, sixth, and John Lahti, 233 and 227, eighth.

Class A — Allan Chapman, 235 and 256, 16th.

Sentencing Of Four Set In Federal Court

U. S. District Court Judge Raymond W. Starr of Grand Rapids has deferred until March 19 sentencing of four Upper Michigan men who pleaded guilty in federal court in Grand Rapids to theft of government property or receiving stolen goods.

William L. Schwarz, 21, Sault Ste. Marie, admitted stealing five pairs of rubber-insulated boots and a brown leather brief case while on duty at Kincheloe Air Force base, near the Soo.

Joseph N. Lambert, 24, an airman 2-C at Kincheloe, admitted stealing six flying jackets, one parka, three sweaters, five sets of thermal underwear and three pairs of insulated rubber boots.

Two From Munising
Civilians Ronald J. Martell, 23, and Anthony J. Drake, 21, both of Munising, pleaded guilty to receiving property stolen by Lambert. Drake was released on \$1,000 bond to await sentence. The others were jailed.

The defendants had been arraigned on the charges last week before U. S. Commissioner Roscoe W. Baldwin in Marquette. Investigation in the case was handled by the FBI and state police from this area.

Menotti Adds Music, Words To Nightmare

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—Gian Carlo Menotti has got to be kidding. He has taken a typical too-much-cheese-before-bedtime nightmare, added a musical score and lyrics and called it an "operatic riddle." The result, "Labyrinth," had its first performance Sunday afternoon on NBC.

The short opera, NBC proclaimed widely in advance, was "surrealistic," and it did indeed capture that dream quality of Salvador Dali's paintings. It also had something of Dali's roguishness, so maybe it was all a joke.

'Pure Fantasy'
Menotti appeared to prepare us for the "pure fantasy." He explained the symbolism: the old man was the past, the astronaut was the future, the hotel was life, the desk clerk was death and so on.

It was not enough. The show opened on a long, long hotel corridor with a bride and groom, in full regalia, as the groom hunted frantically for the key to their room.

The whole hour was devoted to that hunt.

Finds Key
He did find the key at the end, although I suspect he was dead because the desk clerk had him nailed in a casket.

It was well-produced, the singing was good, the music was often pleasing. But personally, if I must go through a nightmare, I'd rather have the fun of eating the cheese, too.

NBC now has decided to let Joey Bishop continue his half-hour situation comedy next season. Earlier it had announced he would move to a weekly hour-long variety show.

Six is the average litter for baby skunks, which usually are born in April or May.
