

Red Chinese Set To Meet With Soviets

TOKYO (AP)—Red China has agreed to meet a Soviet delegation to thrash out ideological differences...

U.S. Experts Skeptical Of 'Peace' Meet

By JOHN M. HIGHTOWER WASHINGTON (AP)—Soviet Premier Khrushchev and Red Chinese leader Mao Tze-tung may yet succeed in silencing their public quarrel...

It was announced Wednesday that Mao has invited Khrushchev to a meeting in Peking to discuss the bitter dispute.

Authorities here who have followed the conflict through hundreds of thousands of words since it came into the open about three years ago find it hard to believe that Khrushchev can accept Mao's invitation to the Red Chinese capital...

The issues involved in the dispute arise out of the contradictory national interests of the Soviet Union and Red China. They are so basic, no expert in the U.S. government sees any prospect that the differences can be resolved.

If the Red Chinese had given any indication that the way was open for a settlement and that they were prepared to accept Soviet leadership of the whole Communist bloc, Khrushchev could go to Peking expecting to score a triumph.

The veteran congressman who was serving his ninth term had been active in congressional work in recent days. Only Wednesday night he and Mrs. Doyle had attended an American Legion banquet.

Confusion If that were indeed the impression created, Communist leaders sensitive to shifts in the power balance inside the Red camp might be inclined to pay more attention in the future to Peking's line and less to the Kremlin's.

One of the forces working in favor of some restoration is that the Sino-Soviet split has created confusion in the parties of Western Europe and the Western Hemisphere. For example, it is believed here that Cuban Prime Minister Fidel Castro is ideologically lined up with the Red Chinese though he is dependent for military and economic support on the Soviet Union.

Further Confirmation Experts here believe that the recent intensification of the Sino-Soviet argument is further confirmation of their view that while both Khrushchev and Mao would like to have unity neither one is willing to yield any important point in order to get it.

The reasoning behind this belief is that the issues involved cannot easily be compromised without sacrificing national interests.

WASHINGTON (AP)—Rep. Clyde Doyle, D-Calif., acting chairman of the House Committee on Un-American Activities, died unexpectedly in his sleep early today. He was 75.

The couple was married in 1956 in New York. They have no children.

HAVANA — Burglars who enter homes or use minors as accomplices will be liable to the death penalty. Prime Minister Fidel Castro announced Wednesday night.

A speech televised from the steps of Havana University, he also announced that bail would no longer be allowed in felony and misdemeanor cases.

is the correct Communist policy. They also stood by demands that the Kremlin drop talk of peaceful coexistence, abandon its championship of the Yugoslav Communists and make up with Albania.

Invitation Replying to Soviet Premier Khrushchev's proposal for a reconciliation meeting of Soviet and Chinese leaders, the Chinese Communist party and Chairman Mao Tze-tung in a letter made public Wednesday invited Khrushchev to stop in Peking during a trip he is expected to make to Cambodia this spring.

The Chinese said if that is not convenient, the Soviet Communist party can send a delegation to Peking "headed by another responsible comrade, or we can send a delegation to Moscow."

Moscow announcements of the Chinese invitation gave no indication that Khrushchev will go to Peking.

Peking said it will stop immediately "the publication of our replies in the press to open and direct attacks on the Communist party of China from comrades of the Soviet Communist party and other Communist parties."

The Chinese reserved the right to reply to future attacks and said in their previous blasts they had been defending themselves against attack.

No Compromise Line The Chinese also stated, in apparently unchanged terms, their no-compromise line on the proper Marxist-Leninist way to overthrow capitalism and imperialism.

Congressman Dead At 75

WASHINGTON (AP)—Rep. Clyde Doyle, D-Calif., acting chairman of the House Committee on Un-American Activities, died unexpectedly in his sleep early today. He was 75.

Judge Grants Divorce To Peggy Ann Garner

SANTA MONICA, Calif. — She wanted to live in Hollywood, her husband preferred New York, actress Peggy Ann Garner testified.

A judge granted her a divorce Wednesday from actor Albert Salami, 35, after Miss Garner, 31, testified the disagreement made her nervous and caused her physical distress.

Castro Makes Burglary Capital Crime In Cuba

HAVANA — Burglars who enter homes or use minors as accomplices will be liable to the death penalty. Prime Minister Fidel Castro announced Wednesday night.

The couple was married in 1956 in New York. They have no children.

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara is looking less like a giant these days.

And to McNamara, Congress is becoming more of a hairsplitter.

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara claims his disputed award of the TFX warplane contract to the General Dynamics Corp. promises a better plane at a potential billion-dollar saving.

Getaway Car Crashes Bus

Two men fleeing from a Santa Ana (Calif.) bank robbery crashed their car at 95 MPH into the side of a bus carrying nine teenage students and their teacher Tuesday, fatally injuring one of them.

Flood Victims Greeted By Mud, Muck, Misery

Mud, muck and misery greeted thousands of families returning to their homes today in portions of five southern states hit hardest by rampaging rivers and streams.

Other thousands were homeless still, but the torrential rains were over and the flood waters were receding in most sections.

Property damage mounted to many millions of dollars, and massive cleanup operations added to the cost. Thick mud coated homes, businesses and roads in some areas. Occasional mudslides blocked streets.

Parts of southeastern Kentucky and southwestern West Virginia were declared disaster areas by President Kennedy.

Fifteen deaths were attributed to the floods and five persons were missing. Six died in West Virginia, four in Tennessee, two in Kentucky, two in Virginia and one in Alabama.

Volunteers built an emergency wall of dirt to augment a flood wall at Prestonsburg, Ky., and the barrier turned back the Big Sandy River with just four inches to spare.

1,000 Evacuated At Paintsville, down river from Prestonsburg, water was reported over the parking meters on the main street. About 1,000 of the 2,400 persons in the town were evacuated, but a Civil Defense spokesman described the situation as well in hand.

Ten passengers and a driver were rescued from a Greyhound bus trapped for more than eight hours in flood waters on a highway 35 miles west of Chattanooga, Tenn.

Amphibious Vehicles Amphibious vehicles were used to remove the passengers and bus driver Forrest F. Darnell of Memphis, Tenn. He said he was forced to stop the vehicle in shallow water sweeping across highway 64 when a car stalled in front of him shortly after midnight Wednesday.

The water rose quickly to about four feet and poured two feet deep into the bus, he said.

In West Virginia the Guyandotte and Tug rivers were back within their banks in the southern portion of the state after Tuesday's flooding.

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara claims his disputed award of the TFX warplane contract to the General Dynamics Corp. promises a better plane at a potential billion-dollar saving.

McNamara is being called a know-it-all who is trying to become a single chief of staff by overriding professional military advice, Congressmen who so de-

U.S. Policy Hits Popularity High In West Europe

WASHINGTON (AP)—The popularity of U.S. foreign policy has hit a record high among West Europeans but the Soviets have scored striking gains too, according to a new U.S. Information Agency poll.

The recent rise in pro-Soviet sentiment was attributed to "the avoidance of war over Cuba—while many in Europe attribute more to Soviet moderation than to U.S. strength."

The USIA survey of opinion in four major European nations, dated last month and still classified as confidential, reported that America still runs well ahead of the Soviet Union in popular opinion.

Drop In France It also said: 1. Confidence in U. S. leadership showed record gains in Britain and West Germany, but dropped some in France where President Charles de Gaulle is "so dramatically at odds" with President Kennedy.

Findings of USIA polls were the barest of contentions by Kennedy in his 1960 presidential campaign that U.S. prestige abroad had slumped during the Eisenhower years.

Reason For Delay Last month USIA agreed to make public its surveys after they were at least one to two years old. Its stated reason for the delay was to avoid damage to U.S. foreign relations by publicizing current studies. Under present USIA policy, last month's poll would not be released before 1965.

Confidence In U. S. "Confidence in the ability of the U.S. to provide wise leadership for the world in dealing with present world problems," the February 1963 responses ranged from a plus 68 per cent net favorable in Germany to a minus 10 per cent in Britain and a minus 10 per cent in France. The figures all represented gains over May 1960 except in France, where the decline was described as "limited."

As for West European opinion of the Soviets, the survey said: "The marked gains in pro-US sentiment in the latest surveys in Western Europe appear to be paralleled by no less striking gains in pro-Soviet sentiment."

Recent Polls "The Soviet gains are most apparent in the current extent of approval of recent Soviet policies. There is also very substantial improvement in the Soviet peace image, and some increase, except in West Germany, in the general level of esteem for the Soviet Union."

The study found the "net favorable" impressions of Soviet international conduct from June 1962 to February 1963 switched from minus 53 per cent to plus 3 per cent in Britain, from minus 66 to minus 13 in Germany and from minus 35 to plus 21 in France.

The 2,000-mile-an-hour RS70 reconnaissance strike plane, which was and is favored by many powerful members of both houses.

Diane Carlisle, 4, now recovered from tick paralysis, touches the back of her head where her mother recently found a large tick.

Writer Unconcerned By Pending Eviction

TOPEKA, Kan. (AP)—Charles L. Edson, humorist, one-time newspaper columnist, author, and poet is facing eviction from the hotel room he calls home.

He's 76, almost blind and totally unconcerned.

He sent a book of some kind of a few years back," the landlady says, "and it came back. He gets all kinds of ideas and writes them down on paper. But it just doesn't make any sense."

A 1904 graduate of the University of Kansas, Edson went to work for the Kansas City Star, moved to the Tulsa post, then to New York where he spent several years with the Morning Sun and Evening Mail.

Diane Carlisle, 4, now recovered from tick paralysis, touches the back of her head where her mother recently found a large tick.

Stores Eye Legality Of Closing Law

DETROIT (AP)—Sixty-one discount stores in 13 southern Michigan counties have started a Wayne County Circuit Court suit questioning the legality of the state's Sunday or Saturday closing law.

The law, approved by the legislature a year ago and signed by former Gov. John Swainson, had as its announced purpose "protection of the health and morale of Michigan citizens by guaranteeing workers at least one day off each week."

Supporters said it was not intended as a "blue law" to force people to go to church.

WASHINGTON (AP)—President Kennedy will give three public speeches during his three-day visit to Costa Rica next week.

NEW YORK (AP)—The head of the AFL-CIO American Newspaper Guild said today that publishers had offered a money package and other considerations to remove a major roadblock to resumption of publication by eight major New York newspapers.

News In Brief

CARACAS, Venezuela — Terrorists were busy again in Venezuela Wednesday night. Communists and Castroites were blamed. One band blew up transformers carrying electricity to five communities on the coast southwest of Caracas. Another group bombed a cooking oil factory in Valencia, knocking out 40 per cent of the machinery. No one was injured. A university student was arrested.

MOSCOW — The Soviet rocket probe to the planet Mars is reported more than 60 million miles from the earth.

PARIS — France's 67,000 striking coal miners took a cool attitude today toward a conciliatory move from President Charles de Gaulle's government. The Cabinet, after a long discussion of the strike situation, announced it was starting series of studies of the mine and fuel problem.

WASHINGTON — President Kennedy will give three public speeches during his three-day visit to Costa Rica next week.

NEW YORK — The head of the AFL-CIO American Newspaper Guild said today that publishers had offered a money package and other considerations to remove a major roadblock to resumption of publication by eight major New York newspapers.

The Senate confirmation of veteran foreign service officer Outbridge Horsey, above, as ambassador to Czechoslovakia has been held up by Sen. Hubert H. Humphrey, D-Minn., until Horsey can be brought home for questioning. Horsey presently is serving in the Czechoslovak post under a recess appointment by President Kennedy. (AP Wirephoto).

The Weather

Forecast for Marquette and vicinity — Increasing cloudiness and turning colder tonight, with moderating temperatures tomorrow. Some scattered light snow flurries likely tonight and tomorrow.

Forecast for Lake Superior — NE winds, 10-15 MPH this evening, becoming E-SE tonight and tomorrow. Mostly cloudy with chance of light snow tonight.

Data for preceding 24 hours: Temperatures — 17 at 6:30 a.m.; 29 at noon; highest in last 24 hours, 34 at 11:30 this morning; lowest, 7 at 12:30 this morning.

Sun rises at 7:03 a.m. and sets at 6:55 p.m. tomorrow. Records for March 14 — Maximum temperature, 60 in 1945; minimum temperature, -12 in 1895; most precipitation, .99 in 1943.

McNamara's Feud With Congress Deepens

WASHINGTON (AP)—To Congress, Secretary of Defense Robert S. McNamara is looking less like a giant these days.

And to McNamara, Congress is becoming more of a hairsplitter.

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara claims his disputed award of the TFX warplane contract to the General Dynamics Corp. promises a better plane at a potential billion-dollar saving.

McNamara is being called a know-it-all who is trying to become a single chief of staff by overriding professional military advice, Congressmen who so de-

scribe him are giving voice to views held by many uniformed officers.

In return, McNamara is accusing congressional critics — there are Republicans and Democrats

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara claims his disputed award of the TFX warplane contract to the General Dynamics Corp. promises a better plane at a potential billion-dollar saving.

McNamara is being called a know-it-all who is trying to become a single chief of staff by overriding professional military advice, Congressmen who so de-

before the advertising council Wednesday, accusing him of supporting "irresponsible action in adding over \$1 billion to the budget that is not needed" and criticizing "the responsible official (McNamara) who took out the billion."

McNamara acknowledged that in a sense he acted as a dictator in chopping \$14 billion from budget requests submitted by the services before the final \$31 billion in defense money requests went to Capitol Hill.

WASHINGTON (AP)—The House has passed the biggest military buying bill in history — a \$15.8-billion authorization for aircraft, missiles and ships.

City, NMU Ready For U.P. Tourney Crowds, Traffic

Record crowds are expected in Marquette this week for the regional high school basketball tournaments, which get underway tonight at Northern Michigan University's fieldhouse.

Adding to the race for parking space on the campus through tomorrow will be the "Guys and Dolls" production in the Kaye Auditorium.

Bigest crowds are expected tomorrow night and Saturday evening, but by then many of the students will be home for the weekend and the parking problem may be eased somewhat.

Scheduled for tonight are the Class C semi-final games, with Houghton and Sault Ste. Marie Loretto playing in the first tilt at 7 and Crystal Falls and Ontonagon squaring off in the other. **Negaunee Teams Tomorrow**

Tomorrow afternoon the Class D semi-finals will take place, with Hermansville meeting White Pine at 2 and Mass clashing with Negaunee St. Paul at 3:30.

Tomorrow evening the Class B eliminations will take place, as Ironwood faces Rudyard at 7 and Negaunee takes on Gladstone in the other game.

All finals (championship games) will be on Saturday, beginning at 2:30 in Class C; 7 p. m. in Class D and 8:30 p. m. in Class B. **6,900 Last Week**

In charge of the tournament again this year is Prof. C. V. Money, director of health, physical education and recreation, who expects this year's tourneys to be the biggest yet held in the fieldhouse.

"For the district tournaments last week we drew 6,900 paid admissions," Money said. "We hope to hit over 22,000 by the time this week's regionals are over."

Last year the district tournament drew around 4,900 to Northern, but there were fewer games. Even

Over \$2,000 Damage Results In Blaze At Township House

Damage estimated in excess of \$2,000 resulted in a fire at a home in Marquette Township yesterday afternoon.

Marquette firemen were summoned at 3:48 p.m., when neighbors noticed flames in the rear of the frame house owned and occupied by William Coady, at the corner of W. Fair Ave. and Vandenberg St., in Trowbridge Park.

When firemen arrived the blaze had made a lot of headway. Fire Chief John W. Myers said, but the high pressure hoses were used and were able to hold down the damage considerably.

Chief Myers said the fire originated in the back porch of the house, a three-room, one-story structure, measuring about 20 by 16 feet.

The blaze charred the entire north wall and the northeast corner of the kitchen. The entire north wall of the house was scorched. The kitchen ceiling, made of wallboard, was charred and damaged, and the kitchen door leading

Three Autos Damaged In Area Mishaps

Three automobiles were damaged, but no one was injured, in a pair of area traffic collisions reported this morning by city and state police.

● Still under investigation today was a mishap which occurred at 1:48 yesterday afternoon in the 400 block of W. Baraga Ave., involving automobiles operated by Melvin A. Joslin, 429 Baraga, and Alvin M. Hebert, 514 S. Seventh St.

City police said Joslin was driving east on Baraga Ave. and apparently had swung to the center of the roadway to make a right turn into his driveway. Hebert, following him, thought he was going to make a left turn and began to pass on the right, with the collision following.

Conflicting Accounts Joslin told officers he had his right turn directional signals on. Hebert said Joslin had his left turn directional signals operating.

The right side of Joslin's 1961 two-door sedan and the left front fender of Hebert's 1956 station wagon were damaged. Both vehicles were driven from the scene under their own power.

● At 5:20 yesterday afternoon an automobile being driven east on U. S. 41 by Lorraine Knutson, 125 E. Main St., Negaunee, was turned into the snowbank on the divider strip to avoid a collision with another vehicle which had been turned in front of her.

The accident took place at County Road 502, in Negaunee Township. Mrs. Knutson told officers she applied her brakes and swerved to the left to avoid a collision with the other vehicle.

The right front of her car, a 1963 convertible, was damaged. The automobile was driven from the scene under its own power.

parked along W. Fair, W. Kaye and W. College Aves. and along N. Eighth and N. Seventh Sts. during the meets.

Campus Police On Job Campus police, directed by Duane Stambaugh, are again handling traffic on the campus, with city police directing traffic at the points of entry to the campus.

Five uniformed men of the NMU security force and 22 students will be stationed at various points throughout the campus to direct traffic for the tournament.

Money said the campus police "did a very good job last week" and that "we don't anticipate any difficulties this week."

Best Entrances Noted Best entrances to the college fieldhouse area for out-of-towners are from N. Seventh and N. Eighth Sts., which lead directly to the tournament site, and from W. Kaye Ave. via Presque Isle Ave. Another entry is from the north campus drive, at the N. Eighth St.-Tracy Ave. junction.

Money said the ticket office in the fieldhouse will be kept open throughout the tournament, with tickets for evening games being placed on sale during the afternoon or preceding contests.

"We said we didn't want anyone waiting in line too long for tickets," Money said, "and we're keeping the box office open as much as possible to avoid this situation."

Snowbanks Cut Away With the relative lack of snow this winter, snowbanks pose no problem this tournament. Even so, the corner snowbanks have been chopped down to provide better vision and the streets in the fieldhouse area have been widened to facilitate parking.

Chief of Police Donald C. Hermanson cautioned motorists, however, to proceed with extreme caution in the area.

"With the necessity for parking some distance from the fieldhouse," Chief Hermanson noted, "a lot of persons — particularly children — will be walking along the street."

"They'll be difficult to see at night and the roads are still slippery. The best practice is to drive very carefully and give the other driver and the pedestrian the benefit of the doubt."

District and Upper Peninsula regional basketball tournaments have been conducted at Northern since 1959.

Reserved for working officials, participants and newsmen is the parking area immediately east of the fieldhouse.

Money noted there's no restriction on parking on the campus in the evening during the tournament, but even so there'll be cars

Ice Report Readied For Lakes Group

Great Lakes' shipping season moves closer with the announcement that the Lake Carriers' Association ice committee will hold its first meeting of the year at 10 a.m., Monday, at its office in Cleveland.

The six-member committee, of which Rear Admiral C. R. Khoury, president of U.S. Steel Corp., Pittsburgh Steamship Division, is chairman, meets several times each spring to hear reports on lake ice conditions and to coordinate plans for opening navigation.

The meeting will be attended by representatives of the U.S. Coast Guard, Weather Bureau, Corps of Engineers and vessel companies.

Because of the large stocks of iron ore on hand at steel furnaces and lower lake docks, there is apparently little hurry on the part of vessel owners to dispatch ore carriers to the lakehead.

There are indications, however, that operators of some other type ships desire to place them in service when ice conditions are favorable.

The Pacific Ocean covers one-third of the surface of the earth.

DR. CLAUD A. BOSWORTH

Dr. Bosworth Head Of C-C Service Group

Dr. Claud A. Bosworth, vice president of public services at Northern Michigan University, was named chairman of the chamber of commerce service and civic affairs division at an organizational meeting yesterday.

Dr. Bosworth said he will appoint an executive committee and subcommittee members for the division at a later date.

Called Major Project
The promotion of non-partisan political activities was delegated by Chamber of Commerce President Harlan Larson yesterday as a major project of the service and civic affairs division.

The project will involve appearances here of state and national legislators and officials to promote closer relations between local residents and state and national government.

To Support Constitution
The political project will also include an intensive get-out-the-vote campaign for the April 1 election, when the proposed state con-

stitution will appear on the ballot.

As a special partisan sidelight of the division's activities, it will also promote support of the proposed state constitution, which has been endorsed by the Marquette and the Michigan Chamber of Commerce.

A project discussed yesterday which was voted incorporated into the division's program is liaison with the Marquette area planning study (the "701 Study" being conducted by Wilcan-Leman and Associates, Southfield, under contract with the Marquette City Commission, the Chocolay and Marquette Township Boards and the Marquette Board of Education). Upper Peninsula Committee on Area Problems (UPCAP), Forum on Resources of Upper Michigan (FORUM), and Operation Action.

Other projects of the division will include the development of a speakers' bureau, coordination of relations between the chamber and Northern and promotion of a favorable climate in Marquette for minority groups.

\$238,000

Requested For Sawyer

Funds totaling \$2,854,000 have been requested for Michigan projects by the U. S. Defense Department.

The request, made in Washington, D. C., yesterday, asked Congress to authorize military construction totaling \$1,862,055,000 for the fiscal year beginning July 1.

Requested for K. I. Sawyer Air Force Base is \$238,000 for utilities buildings.

Other Michigan projects requested include \$1,215,000 for Kincheloe AFB, for operational, maintenance, troop housing and community facilities; \$547,000 for Westworth AFB, Oscoda, and \$854,000 for the Army for the Detroit Defense area, for maintenance and medical facilities.

Funds for the projects, if authorized,

Open Housing Sought In City By Religious, Chamber Committee

Housing discrimination and other forms of prejudice against minority groups in Marquette were discussed at a meeting this week of representatives of the major religious faiths.

Delegates agreed that efforts should be made through the Marquette Chamber of Commerce for the adoption of an open housing covenant in the community.

The need for cooperation with other organizations which maintain housing listings or provide other services was cited.

Representatives from the churches plan to canvass their membership for statements in support of an open housing covenant.

The project was presented to the chamber of commerce service and civic affairs division yesterday by Dr. Claud A. Bosworth, division chairman, who also moderated the meeting on housing discrimination. 20 Persons Attend

Members of the chamber division orized, would be asked in a later appropriation bill.

voted to support the project. A committee will be named to incorporate the project into the division's program.

Twenty representatives of the congregations and clergy of Baptist, Catholic, Jewish, Lutheran, Methodist and Presbyterian churches attended the housing discrimination meeting.

Delegates who will act as liaison committee include the Rev. Herschel Martin, president of the Marquette Ministerial Association; the Rt. Rev. Msgr. Nolan B. McKeivitt, rector of St. Peter's Cathedral and vicar general of the Catholic Diocese of Marquette; Raphael Salmon and Mrs. Zillian Hudson.

Donald M. Pearce will present the project to Marquette realtors.

Russ-Vatican Relations May Get More Friendly

VATICAN CITY (AP) — The meeting between Premier Khrushchev's son-in-law and Pope John XXIII sparked speculation that the

City Paragraphs

Judith Zwemer, a senior at Hope College, Holland, Mich., has been named to the dean's list for outstanding academic achievement during the past semester. In order to be on the dean's list, a student must have an overall "B" average with no grade lower than a "C". Miss Zwemer is the daughter of Mr. and Mrs. Daniel J. Zwemer, 988 W. College Ave.

Soviet Union and the Roman Catholic Church may be on the threshold of a major breakthrough to friendlier relations.

Signs of a change between the Kremlin and the Vatican have been evident for months.

M.S. Degree Awarded To Area Man

Thomas J. Musial, Rte. 2, Box 180, Marquette, has been awarded the master of science degree in English by the University of Wisconsin at Madison as the first semester of the university's 1962-63 school year came to a close recently.

A total of 1,011 students received bachelor's and higher degrees at the end of the fall-winter semester, bringing to 139,216 the total number of degrees granted by Wisconsin's state university dur-

ing its 114-year history since its first class of 20 students met on Feb. 5, 1849.

The complete list of degree recipients for the past semester was just released by the university registration and records office following final compilation of all grades of all the students.

SLEEPER'S NOD
Most of the weight of the head is in front of the occipital bone and the head is held erect by the neck muscles. If a person falls asleep when he is sitting, these muscles relax and the head falls forward in a nod.

Flight Surgeon At Sawyer To Speak At Science Fair

As an added attraction to the Northern Michigan Science Fair, Saturday and Sunday, March 30 and 31, Dr. Henry Heimonen, program chairman, announced today that Air Force Capt. William Ringer will be the main speaker.

Capt. Ringer, a flight surgeon stationed at K.I. Sawyer Air Force Base, will present a lecture en-

titled "Winter Survival" at 1 p.m., Saturday in Kaye Auditorium on the Northern Michigan University campus.

He will illustrate his talk with a movie showing methods and problems concerned with keeping a person alive under extreme conditions.

"Friendship 7," a documentary movie of Col. John Glenn's orbital flight around the earth, will be shown continuously starting at 9:30 a.m., Saturday in the classroom area of the NMU fieldhouse.

Following Ringer's presentation, David A. Arnold, Munising, of the Michigan Department of Conservation, will present an illustrated talk on the problems concerned with counting and maintaining the deer herd in the Upper Peninsula. This showing will be in the Audio-Visual Auditorium, located in the Peter White Library Building.

The Michigan Heart Association announced that again this year it would award special prizes for outstanding exhibits in the field of cardiac or circulatory matters. These could be in addition to the awards given for showing a project.

Similar type awards will be given by the Rock and Minerals Club for outstanding specimens or showings.

City Native Promoted By Miller Co.

Appointment of Robert H. Lindstrom to the position of assistant controller, staff, was recently announced by the Miller Brewing Co. The announcement was made by B. William Kostecke, controller at the 108-year-old Milwaukee brewery.

A native of Marquette, Lindstrom holds bachelor's and master's

21 Notaries Appointed In County

Twenty-one notaries public were appointed or reappointed in Marquette County during the final quarter of the past year, the Michigan Department of State's office reports.

In 1962 the Michigan Department of State processed 20,724 notary commissions, about 500 more than in 1961.

According to Secretary of State James M. Hare, there are more than 80,000 notaries.

The commissions they receive run for four years and do not expire automatically if

degrees from Marquette University, Milwaukee. He became a member of Miller's finance and accounting division in June, 1949, and since 1959 has been a financial analyst.

Lindstrom graduated from Graveret High School in Marquette in 1940. He is the son of Lincoln J. Lindstrom, Marquette city tax assessor.

Lindstrom is married to the former Clementine Gingras, daughter of Mrs. Clara Gingras of Marquette. The couple now has three children and live in Elm Grove, Wis., a suburb of Milwaukee.

Dog Racing Bill Out Of Committee

LANSING (AP) — The House State Affairs Committee reported out a bill to legalize greyhound racing in Michigan Wednesday.

It bounced out of the committee in company with the bill to increase state taxes on horse race pari-mutuels.

"We wanted the pari-mutuels bill but we didn't ask for the greyhound bill," said Rep. Robert Waldron, R-Grosse Pointe, the House Republican floor leader.

Gibbs offered little explanation of why the greyhound bill emerged when it did.

"The committee did it," said "He Can Have Them."

Patricia Wirtanen, 110 W. Division St. Negaunee — Charles F. George, Route 1, Box 80; Clarence J. Tamblin, 220 E. Case St., and Lila M. Rogers, 92 Michigan Ave.

100 Houses To Be Built At Sawyer

U.S. Air Force officials in Washington, D.C., today announced the USAF plans to install 600 demountable houses of a new design at three Michigan Air Force bases, including some at K. I. Sawyer AFB.

One-hundred of the demountable houses have been allocated to Sawyer Base, 300 to Wurtsmith AFB, Osceola, and 200 to Kincheloe AFB, near Sault Ste. Marie.

House Ready To OK Bills For Stadium

LANSING (AP) — With a one-man resistance movement firmly squelched in an off-the-floor battle, the House today appeared ready to approve two bills for a \$25 million Olympic stadium to be built in Detroit.

The second of the two bills, providing for an increase in state taxes on horse race betting, reached the floor Wednesday after Gov. George Romney and House Republican leaders overcame the objections of Rep. Lloyd Gibbs, R-Portland.

Minor Change It emerged with one minor change from Gibbs' State Affairs Committee. A companion bill, setting up a special recreation building authority to issue stadium revenue bonds, came back to the floor with two amendments tacked on by the Ways and Means Committee.

"This is a victory for Michigan," declared Romney. Passage of the two bills by the House today could put them on Romney's desk before he leaves to help make Detroit's renewed pitch for the 1968 Olympics in New York Monday.

Demonstration Of Unity The Governor will join other Michigan and Detroit officials in making a presentation to regain the U.S. Olympic Committee's sanction, lost last month after a campaign by Los Angeles.

"This is a demonstration of unity," Romney said. "With this support, we'll be able to make a firm, strong presentation to the Olympic Committee."

The only thing appearing to complicate matters was Romney's reported objections to two amendments to the stadium authority bill—one setting a \$30 million limit on bonding, the other specifying no bonds can be sold before March 31, 1964.

After House passage, the bills would return to the Senate where they originated and were passed. There were predictions by some lawmakers that an effort to remove the two amendments would be made there.

"Bad Legislation" "I still think it's bad legislation," said Gibbs. He objected to the pari-mutuels bill on grounds it could mean tax money would be used for the Olympic stadium.

The bill provides that a one-to-two per cent increase in the state's share from wagered money at thoroughbred and harness tracks would go into the treasury as a guarantee that the bonds and interest would be paid off.

It would be used if rental income from post-Olympic use of the stadium failed to meet bond payments.

Gibbs had unsuccessfully sought an amendment making the pari-mutuel increase contingent on Detroit landing the Olympic bid.

Decision Romney said he understood the U.S. Olympic Committee expected to have its decision on a 1968 bidder within a few hours after the cities make their presentations.

Sloths hold themselves suspended by curved claws so nearly immobile that the animals may continue to hang long after death.

Harden, Byrd To Attend Conference

More than 100 college and university summer school administrators from 35 states, including two from Marquette, will attend the 14th annual conference of the North Central Conference of Summer Schools in Chicago Sunday and Monday.

Announcement of the annual meeting was made by Dr. Adolph Unruh, president of the conference and dean of the summer session at Washington University, St. Louis.

Program Here Cited

Among those attending will be Dr. Edgar L. Harden, president of Northern Michigan University, and Dr. Milton Byrd, vice president for academic affairs, Northern.

In the announcement on the meeting, Northern is listed as being a member of the conference, and one which "has conducted an outstanding summer program for many years and which has become known for its worthwhile professional contributions to the regional organization."

Highlights of the program will include presentations of papers on the following topics: Problems, trends and implications of year-round college programs, by John R. Little, dean, summer session, University of Colorado, and vice president of the conference; history of the North Central Conference, by J. Howard Kramer, president, Northern State Teachers College, South Dakota, and conference historian, and reports by chairmen of the various standing committees.

The North Central Conference has a membership of more than 100 leading college and universities located within the central region of the U. S. States with representation extending from Arizona to Michigan and from Wyoming to West Virginia.

SGT. THOMAS BURRIS

Sgt. Burris Top Base NCO For March

Non-commissioned officer for the month at K. I. Sawyer Air Force Base is TSgt. Thomas H. Burris, base officials announced today.

Burris, who works in the 56th Supply Squadron, is responsible for management and supervision of the storage and issue section. He maintains approximately 60,000 active locator cards for supplies stored in four warehouses and one open storage area.

Burris has 32 personnel assigned to him, of whom eight are civilians. He is responsible for assigning personnel to man the warehouse 24 hours a day, seven days a week, to support requirements of SAC and ADO Aircraft Maintenance Shops.

According to his supervisor, MSgt. A. May Jr., Burris' knowledge of procedures and his ability to employ personnel to maximum advantage has increased the over-

all effectiveness of the storage and issue section.

May says of Burris: "He possesses qualities sought for by all supervisors, to lead men, maintain morale, resolve personnel problems and utilize each man to maximum capacity. He is a very successful on the job training supervisor and keeps his personnel well informed on Air Force policies."

Burris has been in the service for 20 years. His hometown is Norwood, North Carolina. He is married and has two children: a girl, Tommie Ann, 15, and a boy, Frank, 11.

Sergeant Burris, his wife, No-reda, and the children live on the base at 333 Commando St.

Melting Snow Causes Floods In Hungary

BUDAPEST (AP) — Melting snow sent flood waters raging over wide-spread areas of Hungary Tuesday, causing at least one death, and swamped some major railway lines.

Corned Beef Food Stores' Budget Item

DETROIT (AP) — Both corned beef and the cabbage that good Irishmen are supposed to cook with it are happily among budget items this St. Patrick's Day weekend.

Corn beef is participating in the lower prices common to almost all beef cuts as a result of heavy marketing this winter.

Withstands Bad Weather

Cabbage is among the few vegetables hardy enough to withstand the recent severe weather. Therefore, its price has resisted the rise applied to more tender items.

Beef roasts and steaks are available in a wide assortment at bargains varying from store to

store. Pork selections are similarly broad as late winter marketings gather momentum. Loin roasts, chops and cutlets are featured.

Poultry buyers continue to offer fryers and turkeys at special prices.

Fish, Seafood Plentiful

Top fresh vegetable buys, in addition to cabbage, include green beans, carrots, celery, green peppers, radishes, squash, sweet potatoes, potatoes and onions.

Among fruit, apples, pears, grapefruit, avocados and bananas are leading buys. Lenten fish and seafood items continue plentiful.

Berlin Police Seek Neo-Nazi Terrorists

BERLIN (AP) — Detectives searched West Berlin Monday for members of a neo-Nazi terrorist group discovered after an explosion killed a West Berlin student who apparently was trying to manufacture a bomb.

No arrests were reported.

Giant Chases Big Bear In March Sky

ANN ARBOR — High in the northeastern sky a giant is chasing a bear during the March evenings.

His name is Bootes and he has been pursuing the Great Bear (Ursa Major) all his life.

The constellation Bootes is easily recognized from its kite-like outline and by the bright star, Arcturus, in the tail of the kite, explains University of Michigan astronomer Hazel M. Losh.

"Arcturus is one of the bright gems in the heavens, and it shines brilliantly above the eastern horizon, rising about 25 degrees north of the east point, being the first of the stars to break through the twilight," she said. Orange in color, it ranks fourth in brightness of the

stars visible from this latitude.

Figure Of Man Bootes represents the figure of a mighty man in a running position. In one hand he holds a staff or spear, and in the other, which is uplifted, he holds the leash of his hunting dogs.

"With them he is apparently pursuing the Great Bear around the North Celestial Pole, and hence he is often referred to as the 'Bear Driver,'" she said.

Also rising in the northeast be-

low Bootes is Corona Borealis or the "Northern Crown." This star group is arranged in a semicircle, seven fairly bright stars, set at about equal distances apart, it is a very striking configuration and always attracts wide attention. England, Scotland, Ireland and France are represented on the coat of arms of Canada; the shield symbolizes the building of Canada by its pioneers.

1,405.2 Miles Of Roads Maintained By County In Year

During the past year 1,405.16 miles of trunk lines, county primary roads and county local roads were maintained by the Marquette County Road Commission.

In his annual report, H. L. Shroeger, Marquette, superintendent-engineer of the road commission, states that 140.77 miles of trunk lines, 293.16 miles of primary roads and 971.23 miles of local roads are included in the system.

Under contract with the Michigan State Highway Department, the Road Commission maintained all 140.77 miles of state trunk lines in Marquette County in 1962.

In this mileage is included 13.16 miles of four-lane highways. Maintenance cost to the State Highway Department amounted to \$160,643.35, or approximately \$1,141 per mile. In 1961, this amounted to \$1,223 per mile.

Non-contract heavy maintenance projects were also completed by the road commission under separate agreements. The work was carried out at an additional cost of \$17,849.70 to the State Highway Department.

Snowfall Was Greater

During the 1962 calendar winter, the average county wide snowfall was 113.5 inches, as compared with 103.1 inches for the winter of 1961. Ice control measures accounted for the use of 13.1 tons of calcium chloride, 1,608.8 tons of rock salt and 3,542 cubic yards of chlorided-sand on slippery state trunk line surfaces.

Additional winter maintenance operations required the erection of 18 "bump" signs, the thawing of 14 culverts and the erection of 39,300 lineal feet of snow fence.

Summer Maintenance Jobs
Summer maintenance activities consisted of road and shoulder surface repairs, roadside mowing and cleanup, grass planting, guard rail repair and drainage control.

Road and shoulder surface repairs necessitated the placing of 487.5 tons of blacktop and 7,226 tons of crushed gravel. Also, 417 miles of roadside shoulders were mowed. 113 guard rail posts were replaced, 100 posts were repainted, 143 catch basins were cleaned and 427 cubic yards of rubbish and debris were picked up and removed.

In the Village of Gwinn, on M-35, 1,200 pounds of fertilizer and 100 pounds of seed were used in planting roadside grass.

Private contractors, under direct contract with the highway department, started one project in 1962. The completed project will relocate U. S. 41 from the business

district of Marquette to the immediate south and will provide a four-lane divided highway. Completion is scheduled for 1964.

County Road System
The total cost of winter maintenance operations over the county road system amounted to \$234,842.29. This is an increase of approximately \$33,910 when compared to 1961 costs.

For each inch of snow that fell in 1962, the road commission spent approximately \$2,069 keeping county roads clear of snow and ice. The distribution of winter maintenance costs reveals that \$113,928.29 were spent on primary roads and \$120,914.09 were spent on local roads.

In carrying out winter maintenance operations, 24.7 tons of calcium chloride, 717.9 tons of rock salt and 4,184 cubic yards of chlorided-sand were used.

Eighty culverts were thawed and 151,030 lineal feet of snow fence were erected. An unusually high amount of accumulated snow on the ground required many additional man and equipment hours for snow removal.

Road, Shoulder Repairs
Summer maintenance operations consisted of road and shoulder surface repair, roadside mowing and cleanup, guard rail repair, drainage corrections, roadside brushing, road sign service, bridge repair, dust control and weighmaster patrolling.

Damaged road and shoulder surface repairs required the placing of 491.5 tons of blacktop, 11,276 tons of crushed gravel, 15,160 cubic yards of gravel and 747 cubic yards of sand. Dust control measures accounted for the use of 328.9 tons of calcium chloride.

Also, 16.8 miles of roadside brush were cut and removed, 73 cubic yards of rubbish and debris were picked up and removed, 148 guard rail posts were replaced and 232 guard rail posts were repaired and 428 miles of shoulders were mowed.

Shroeger said 4,780 lineal feet of ditches were reshaped, 1,850 lineal feet of metal pipe culvert were installed and 564 lineal feet were reset, 36 road signs were made, 187 signs were erected, 156 signs were repaired and 3,794 board feet of planking were used in repairing bridge decks. One bridge was repainted.

The road commission weighmasters spent 678 hours patrolling the county road system, with 165 trucks weighed and nine overweight summonses issued. The total winter and summer

Northern's University Status Bill Signed By Romney

Gov. George Romney (in shirtsleeves) congratulates Dr. Edgar L. Harden, president of Northern Michigan University, while some Upper Peninsula legislators look on, following the signing of the university status bill for Northern in the Governor's office at 10:08 yesterday morning. From left are Rep. Clayton T. Morrison (R-Pickford); Dr. Harden; Gov. Romney; Sen. Philip Rahoi (D-

Iron Mountain), 31st State Senatorial District, which includes Marquette County and State Rep. Dominic J. Jacobetti (D-Negaunee), Marquette County District representative, who introduced the bill giving Northern university status. Photo was taken in the Governor's office in the Capitol Building in Lansing.

Nine Persons Pay \$71 In Fines, Costs
Nine persons were ordered to pay a total of \$71.50 in fines and costs by Judge Edward H. Dembowski in municipal court this week.

Charles R. Greene, Carey Hall, was ordered to pay a fine of \$10 and \$5.50 costs on a charge of minor in possession of beer in a motor vehicle and Richard A. Brown, Spooner Hall, was ordered to pay costs of \$4.90 for expired registration plates.

Alternative: Jail Term

is to spend five days in jail and for Brown, to spend two days in jail. State police made the arrests Monday on U. S. 41 in Marquette.

For making an improper left turn at the corner of Third and W. Washington Sts., Emil J. Ghiringhelli, Princeton, was fined \$6.30 and ordered to pay costs of \$3.70. He was ticketed by city police Saturday.

Arvo E. Johnson, Rock, paid a fine of \$6.30 and \$3.70 costs for failure to stop in the assured clear distance ahead. He was ticketed by city police Monday following an accident on S. Front St.

For failure to yield the right-of-way, Leonard C. Laurila, 1020 Pine St., was ordered to pay a fine of \$6.30 and \$3.70 costs. City police issued the summons Feb. 24 following an accident at the corner of W. Magnetic and N. Second Sts.

Improper License Plate
For improper license plates, Rachelle H. Russell, Kingsford, paid a fine of \$6.30 and \$3.70 costs. The summons was issued by city

Panel Forum On Constitution Slated In Marquette Monday

Northern Michigan University's district of the Michigan Education Association is joining with the Marquette District and the Marquette-Alger District in co-sponsoring a panel forum on the proposed Michigan Constitution.

The forum will be held in the Audio-Visual Auditorium on Monday at 7:45 p. m.

A special effort will be made at this meeting to analyze the far-reaching effects of the proposed new constitution on public education in the state of Michigan.

The major areas of controversy within the new proposed constitution will also be discussed. The meeting will also be open to Parent-Teacher Association officers and members, school board members, and the public at large.

Panelists Listed
Members of the panel will be Charles Follo, assistant director of the University of Michigan Extension Service, Escanaba, and a member of the Constitutional Convention; Assistant Prof. Neil Carlson of the economics department, Northern; and secretary of the Marquette County Democratic organization; Milton A. Johnson, social science and history teacher in Graveland High School and director of adult education, Marquette, and Octavius Townsend, MEA state president-elect, Ishpeming.

The panel forum will be moderated by Prof. Forest A. Roberts, chairman of the department of speech, Northern Michigan University, and MEA board member for Region 17.

U. S. Income Tax Return Questions

Other Dependents
In order to claim the \$600 exemption for a dependent, all the following tests must be met:

Support Test — Contribute over 50 per cent of the support of the individual.
Gross Income Test — The de-

pendent must not have received \$600 or more of gross income in the year (except children who are under 19 or who are students).

Member of Household Test — Person not related to you must have lived in your household the entire year. Relatives to the degree of, but not including, cousins can live apart from you. So, for cousins and any lesser degree of kinship, they must have lived in your household the entire year. Dependents who died during the year are considered as having lived in your household the entire year.

Citizenship Test — Generally, the dependent must be a citizen or resident of this country, or a resident of Canada, Mexico, the Canal Zone or the Republic of Panama.

Joint Return Test — The dependent may not file a joint return with his or her spouse.

After reading the instruction book, if there is still a question, telephone the Marquette Internal Revenue Service office for the right answer.

Wisconsin Vs. Michigan

Many commentators in the past century have remarked the affinity of the Upper Peninsula and Wisconsin over that of the Lower Peninsula and the Lower Peninsula of Michigan.

A companion piece to this observation has sometimes been the suggestion that the Upper Peninsula might fare better economically if it were a part of Wisconsin rather than the top third of Michigan. This comes from sketchy comparisons with parts of Wisconsin and neglects the obvious truth that the top of Wisconsin has the Upper Peninsula's problems and that they're even worse in some areas, and it also neglects the great wealth of Lower Michigan, with which Wisconsin has nothing to compare.

A new study of Milwaukee's economy should interest Upper Peninsulars as reflecting what has happened to Wisconsin's metropolises, which must in some degree reflect the economy of the state.

Harvey E. Hohl, business research specialist for Marquette University, has made a three-year study analyzing Milwaukee's manufacturing employment which shows an overall decline of 15,000 jobs in the period 1958-62 and significant increase in employment in only two of the 15 industrial categories, with five unchanged and losses in eight.

Heaviest job losses were in general machinery, food industry, transportation and primary metals. Biggest gain was in electrical machinery and the paper industry.

Mr. Hohl noted a trend away from the north central states and said that the prospects for Milwaukee's growth are not in.

Peninsula Perambulator

Mrs. Edwin Neumann, Gladstone, former Marquette public school teacher, is winner of a contest to select a new emblem for decals for the Hiawatha National Forest. The forest management wanted a new emblem and invited members of forest personnel to submit suggestions, with 73 entries being received from 21 persons. The design prepared by Mrs. Neumann, whose husband is a soils scientist with the U.S. Forest Service, is a shield with the word "Hiawatha" at the top and "National Forest" at the bottom in dark brown lettering. In the center is a row of stylized conifers in two shades of green, with alternating colors in the single trees and in the row of trees.

C. E. Richards, superintendent of Watersmeet Township schools in Gogebic County for 23 years, has announced his retirement and resignation from the position, effective at the close of the current school year in June. He is completing his 42nd year in educational work, starting as a high school instructor in Crystal Falls in the fall of 1921. He went to Bessemer the following year and coached the high school basketball team there for five years before being named principal of elementary schools in 1927. He remained at Bessemer until he accepted the Watersmeet superintendency. The Watersmeet school has been accredited by the University of Michigan ever since Richards became superintendent — the smallest school in the state on the accredited list.

The training program approved recently under the Area Redevelopment Act for prospective employees of Northboard, Inc., is one of the more costly programs, on a per-pupil basis, undertaken under the act. Albert J. Gavzoda, regional supervisor for the Michigan Employment Security Commission, reported that cost of the wood alone will amount to \$18,000.

The International Bridge Dedication Committee reveals plans to invite President John F. Kennedy to participate in the bridge dedication ceremonies May 24-25. Dr. Kenneth J. Shoultice, chairman, said letters have been sent to Sens. Philip A. Hart and Patrick V. McNamara and to Congressman Victor A. Knox, enlisting their support in extending the invitation to the President. The letters state that participation of Kennedy in the ceremonies "would serve to reiterate and enhance the traditional friendship that exists between Canada and the United States, and the sharing of mutual historical, cultural and economic ties between the sister cities of Sault Ste. Marie, Mich., and Ontario."

From The Journal Files

60 Years Ago

—Marquette—
Lipsett and Sinclair have obtained the contract for completing the belfry tower of St. Paul's Cathedral. This work has been contemplated for some months past, and it was recently decided to proceed with it this spring. It will be undertaken at once and will be completed by the first of July. The contract price is a little under \$5,000. The plans for the finished belfry were prepared by J. D. Chubb of Chicago.

The workmen engaged in the demolition of the Longyear mansion have completed the task of removing the interior fittings and they are now employed on the work of tearing apart the building proper. They are beginning at the top, and a large part of the

30 Years Ago

—Marquette—
Gunter C. Meyland of the Northern State Teachers College faculty was in Sault Ste. Marie last night to address a meeting of the Bowating Club of Business and Professional Women.

Much interest has been evidenced in Gravesend High School in the troupe for the all-school play, "The Youngest," by Philip Barry, which is to be given in the Louis G. Kaufman Auditorium April 20. The cast consists of: Ann Aho, William Van Cleve, Jack Hubbard, Julia Anne Sweder, Marc Hebert, Gwendolyn Bryce, Orin Youngquist and Ruth Froling.

—Ishpeming—
"Radio Night in Dixieland," musical

vitig. He urged that the chemical industry be explored because of Milwaukee's industrial water supply and said there appeared to be more prospect for the area in the rubber and miscellaneous products industry and plastics. Some lines in metal and metal product industries also have possibilities, said Mr. Hohl, and he urged exploration of the professional instruments industry.

He rated Milwaukee not situated favorably as to either resources or markets and said depletion of natural resources in Wisconsin had removed an early advantage in some industries. Water transportation may become more important with the seaway but it has been diminishing in importance.

The finding of need for urgent leadership to help Milwaukee retain and strengthen its industrial economy is certainly advice which the Upper Peninsula can also take to heart. The Upper Peninsula has never been so interested in the development of its economy; it has never been so well organized to inquire into its needs or to organize their supply. But the situation in Milwaukee is a gauge of the difficulty of attaining success in the process. Most Upper Peninsulars probably think that Milwaukee has got it made in industry, but Milwaukee planners know this is not so and that much hard work should be done to better the city's economic position.

Everybody's Business

When we think of Girl Scouts we think of youngsters — and so most of them are. However, a number of the "girls" are over 18. There are even a number of grandmothers among the adults who make it possible for girls to share in the countless activities which Scouting offers.

The variety of these activities means that there is something for every girl in Scouting, whether she be interested in nature, the arts, homemaking or learning about other countries and meeting girls from other lands.

To explore these varied fields, the girls need qualified, well trained leaders and program consultants. In addition, adults are needed to keep the council machinery running smoothly to provide good program and good camping facilities.

In our community, hundreds of dedicated women give countless hours of thought and hard work to their troops. They attend regular meetings, plan and go on outings and acquire new skills which they can share with their troops. Leadership responsibilities sometimes call for sacrifices in social and family life, for girls are quick to sense if a leader is halfhearted. Girls need a consistently stimulating program to hold their interest, and it is the leader's job to keep it so.

A Girl Scout leader must be friend and confidante to every member of her troop and stand ready to give sympathetic, personal help to any individual girl who needs it.

If you ask Girl Scout adults why they are willing to give so much time and effort to Scouting, they will probably tell you that there is nothing more rewarding and stimulating than working with impish Brownies, unpredictable, growing intermediates and more mature Senior Scouts on the threshold of womanhood. Adult Girl Scouts also have the satisfaction of knowing that they are helping to prepare the citizens of tomorrow.

There are many more girls who would like to join the Girl Scouts who cannot because there are still not enough leaders to form new troops.

We owe it to all girls who wish to be Girl Scouts to make it possible. Scouting is everybody's business.

USE OF LEISURE

Expanding productivity — up to now — has given Americans leisure undreamed of even a generation ago. But far too many of us do not know how to use that leisure in a creative, meaningful way. . . . The incidence of mental illness and alcoholism, the prevalence of divorce and juvenile delinquency, or insatiable appetite for tranquilizers, all suggest we have a lot to learn about the simple art of living. — Charles E. Beck, President of Philco Corp.

Chief forester of the Lake States woodlands department of Marathon Division of American Can Co., Bruce G. Buell (center) was honored during a retirement luncheon at Marathon's Neenah Guest House. Buell, who headquartered at Neenah and resided at Green Bay, had more than 32 years of service with Marathon. Among those honoring him at the luncheon were Robert E. Buell (left), who succeeds Buell as chief forester, and Howard R. Falmquist, Lake States woodlands manager.

Porkies Park Wilderness Status Mistake, Says Veteran Forester

BY JEAN WORTH
Journal Special Correspondence

One of the fathers of Porcupine Mountains State Park in the western Upper Peninsula believes that its present part wilderness status is a mistake.

He is Bruce Buell, dean of Upper Peninsula professional foresters, who recently retired as chief forester of Marathon Division of American Can Co. The Buells, who live in Green Bay, Wis., will make their retirement home at Chassel in the Upper Peninsula that they both like so much.

Covers 58,000 Acres

He was graduated as a forester in 1919 and has had a distinguished career in the profession for 44 years. In his first decade he served widely and in 1929 he went to Amasa to manage Marathon timberlands; so he has been a pioneer in modern management of Upper Peninsula commercial forest.

This has not narrowed Buell's views to an industrial bias. He is friendly toward parks, and as he says, helped the state get the forest land for Porcupine Mountains State Park. "I testified for it," he said. It meant putting 58,000 acres of private commercial forest land into public domain.

Cruised In Park In 1948

"I cruised a section of old growth hemlock in the park in 1948," said Buell. "It was owned by Connor Land & Lumber Co. of Laona, Wis. They've had a blow-down in that timber and it's ruined for recreation for 30 years. Now it's all brush and windfalls and it's very hard to travel.

"The park could serve more people and better if it were all put under forest management. Then a light cut could be made of the old,

Cops Seek To Try 2 Youths As Adults

DETROIT (AP)—Detroit police say they will seek to have two 15-year-old boys tried as adults for the fatal shooting of druggist Charles V. LeFevre, 62, in his East Side store last Tuesday.

Wayne County Assistant Prosecutor Helen Bryant said Gurnell Gulledge admitted the shooting after a companion, Stanley Grimes, named him as the killer.

Mrs. Bryant said Gulledge told her he shot LeFevre when the druggist overpowered Grimes in an attempt to foil the youths' hold-up attempt.

Grimes surrendered to police Thursday night in the company of his mother and a priest. He first admitted the shooting, then changed his story and named Gulledge as the killer, police said.

Part of the Porcupine Mountains Park is in wilderness status to remain natural. This policy lets a forest grow up, die and fall down. Nature will renew it, but in her own slow way, said Buell, while management can keep a forest stand healthy, attractive and in condition to provide maximum wildlife and recreation.

overripe hazard trees and the young and thrifty trees could be kept coming.

12-Year Rotation

"Our managed forests are better for recreation than the parks. The park forest could be put under a 12-year rotation, and four years after a cutting the visitor wouldn't know that it had been cut."

--- And You Takes Your Choice

The National Whirligig News Behind The News

BY ANDREW TULLY

WASHINGTON — If this were a country where people didn't matter, there wouldn't be all the boorish about the railroads' insistence that they be permitted eventually to sack 53,000 firemen they say they don't need and to whom they pay some \$375 million a year in wages.

Actually, that permission has been granted by the Supreme Court, which has ruled that the

railroads have the right to make changes in work rules. But the fight is not over by a long shot. It is not over because those 53,000 firemen are citizens of a nation whose government over the years has become increasingly benevolent in its concern for the welfare of the human animal.

There could be a nationwide railroad strike by midsummer. The unions could delay the showdown by seeking another court test on technical grounds. Whatever happens, the situation will remain the country's major labor problem for many months.

Next, Engineers

What the railroads want to do, in the name of financial efficiency, is to gradually eliminate firemen on all mail and freight trains, and then go on to reduce the number of engineers, brakemen, conductors and switchmen. Their argument is that firemen are not needed in the cabs of freights, which are all diesel-powered, that the engineer and head brakeman can do the job, although firemen would be carried on passenger trains. The Brotherhood of Locomotive Firemen and Engineers retorts that the fireman is better qualified to assist the engineer and, anyway, the brakeman is on the ground 80 per cent of time, switching cars.

The firemen's union has personal justification for its concern. Under the railroads' plan, about 13,000 firemen with less than 10 years seniority would be laid off immediately, with severance pay and other benefits. The remaining 40,000 would not be replaced when they retired or quit or died. Other railroad unions and labor elsewhere are supporting the firemen because the present fiasco is a preface to future battles over featherbedding in other industries.

Railroads In Danger

As it stands now, if current negotiations between the railroads and the "on-train" unions breaks down, the matter will become a case for the National Mediation Board. In

Miami Police Use Mechanical Brain To Deter Mishaps

MIAMI, Fla. (AP)—The metropolitan sheriff's office began an electronic accident prevention system last week.

It works like this: a computer is asked where the next accident is likely to occur. When the machine coughs up an answer, motorcycle officers are rushed to the area to prevent the mishap.

Lt. C. L. Weaver, who has been compiling statistics for weeks, says the answers also include what type traffic violation is most likely to cause accidents.

The officers plan to wait "a reasonable length of time" at the scene to see if a possible accident develops.

Red Carpet Treatment For 'Superintendents'

MEMPHIS, Tenn. (AP) — Sidewalk superintendents at the First National Bank building under construction here are getting red carpet treatment.

Speakers are being installed to pipe soft music. Eight buttons are being mounted on the barricades for spectators to push. The gadgets give a recorded progress report on the rising 25-story building.

Papi Called Best Pupil In 2nd Grade At Age 97

(By the Associated Press)
Eugenio Papi is the best pupil in the second grade in his hometown of Casigli, Italy. Papi, whose teachers say he is clever and works hard, is 97 years old. The school he attends is for oldtimers who never had an opportunity for an education.

Protecting Dairy Farmers

To the Hon. Dominic Jacobetti:
Respectfully request information and public answer to the following:

We are greatly concerned with the unemployment problem in the U. P. and know that you have worked diligently to do your best to cope with this problem.

Now we are faced with a new problem. The Michigan farmers and the Michigan Milk Producers Association are getting the "squeeze" from certain dairies underselling the Michigan suppliers. I am not a farmer nor am I a member of the MMPA, but if this condition is allowed to continue I know of one Marquette dairy that will be forced to discontinue operations, resulting in more unemployment. What legislation, if any, has been or can be introduced to protect the Michigan dairy farmer from these cut-rate tactics? Something should be done — and quickly.

Many, many of your constituents would appreciate knowing your course of action to counteract this, and I am sure The Mining Journal will gladly print your answer. Once the suppliers from Wisconsin have succeeded in forcing out the smaller independent dairies, and it appears they just may do this, the prices of milk and other dairy products will RISE on a take-it-or-leave-it basis.

Urges 'Yes' Vote

To the Editor:
Shall we, the people, vote to accept the new Constitution for Michigan on April 17?

We elected delegates to the Constitutional Convention from candidates nominated by both the Democrat and Republican parties. However, they were expected to be non-partisan in their deliberations and frame a good Constitution.

After having given what I believe to be seasoned thought (and considering the positive evaluations of many well-informed and well-minded people to this cause), I firmly believe that it will be in our own best interests and that of our children throughout the state to vote YES for the new Constitution.

There is much complaint about apportionment. We must not think of the people north of the Mason and Dixon line westward from Bay City as "dowdy poor relations." We are all for one and one for all. The apportionment formula is fair and just, and, if anything, leans heavily in the south's behalf. The Upper Peninsula comprises a third of our state area. Its timber products, iron mines, copper mines, dolomite, limestone, agriculture, nature wonders and tourist attractions cry out to us for more charitable concern. Marquette County alone comprises an area larger than the State of Rhode Island. Is it unreasonable that this vast region of the Upper Peninsula should be represented in the large by three senators? The northern part of the Lower Peninsula is also a pertinent part of us. The general redrawing setup in Detroit to control elections will be washed out of our elective system. The good people there will feel better for a job well done. Wherever our real ills be found, the citizenry will be better off also.

In regard to educational affairs, sufficient provision has been made. We should not put in the Constitution that which should be left to the Legislature to fit our changing years. We do not want our educational facilities to become hidebound or placed in a strait jacket.

As to natural or guaranteed rights, the new Constitution embodies all necessary safeguards. It would be excess to delineate on the merits of natural rights. We all know their necessity to free government.

WALLACE R. KEMP
RFD 4
Mt. Pleasant, Mich.

Constitution Preamble

Dear Sir:
Our new Michigan Constitution has a preamble that does not ring true to an American democracy.

A preamble, specifically, is the introductory part of a statute which states the reason and intent of the law. Michigan's preamble states: "We, the people of the State of Michigan, grateful to Almighty God for the blessings of freedom and earnestly desiring to secure these blessings undiminished to ourselves and our posterity, do ordain and establish this Constitution."

As we have already paid over \$2,000,000 for our new Constitution we could have had a much better preamble which would definitely point the way to better government if we had copied or followed the preamble to the United States Constitution, which states: "We, the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America."

One can readily see from this that Michigan has no intention of following the U. S. Constitution, which is the supreme law of the land when it leaves out such important words as "justice, domestic tranquility, common defense and general welfare." Wherein justice should be the first consideration of all legislators, as it is the fundamental principle of all good governments, it is not even mentioned in Michigan's preamble, so it is not the intent of the law to establish justice.

I am an American who circulated a nominating petition for Gov. Romney, but I cannot, as an American interested in the welfare of my country, vote for Michigan's new Constitution. After having studied the U. S. Constitution for years, I can say that Michigan's Constitution is not a step forward to good government.

I have my own ideas about Democrats and Republicans who spend \$2,000,000 to rewrite a Constitution, and then leave out the main parts that make a democratic and republican form of government. If they would forget party differences and vote American we would all be better off.

BLIND LEAD BLIND

A Reuters dispatch says that Russia will send 400 farm experts to Cuba in the next two months — with Cuba paying the cost — to help Cuban agricultural development.

In view of the Russians' admitted and well-publicized failures in running their own farms, this export of farm experts will without doubt further Russian agricultural development immensely. But if Cuban farmers start hating the pigs and the chickens, their doubts will not be beyond comprehension. — Detroit News.

Side Glances

"I can't help thinking about poor John wrestling with his income tax reports. Maybe a banana split would cheer me up."

Ex-Sen. Brown Supports New Constitution

By WILLIAM KUPSEA
In Grand Rapids Press

ST. IGNACE — Prentiss M. Brown, one of Michigan's top Democrats, has come out for the new Constitution. "After careful reading and study of the proposed Constitution of Michigan," said Brown, "I have decided to vote for it."

One of the most respected Democrats in the state, Brown is a former congressman, U. S. senator, former OPA director, former chairman of the board of Detroit Edison Co. and since 1950 has been chairman of the Mackinac Straits Bridge Authority.

In an abrupt break with his party, Brown said: "We don't have to follow the party position on the new Constitution. I know Northern Democrats are inclined to vote for the new Constitution because of the reapportionment issue."

Up For Vote April 1
The Democratic party is against the new Constitution, which comes up for vote April 1. The party favors a one-man-one-vote philosophy on reshuffling of legislative seats and is against the new charter's provision for election of a State Senate based on 80 per cent representation of population and 20 per cent geography.

Brown said he has read many articles on the proposed charter, talked to many Con-Con delegates and has studied comparisons of the present and proposed constitutions.

Two Major Objections
"It seems to me," said Brown, "that most of my fellow Democrats have two major objections to the proposed constitution."

"One is what is called malapportionment; the other, elimination of election of the highway commissioner and some diversion of highway taxes now exclusively for road building."

"I disagree on the first. I agree on the second."

Distrust Of Legislature
Brown said a further complaint is based on a distrust of the Legislature.

"This is really a distrust of democracy," said Brown. "I decline to be pessimistic about the character of our legislators."

"Churchill once said, 'Democracy is the worst form of government yet devised by man, except all the others.' To what would we change? It's costly and inefficient, but the people run it. I trust the men and women we send to Lansing and Washington. I do not fear greater powers in the legislators and the executive. A more intelligent electorate and

a vigilant public press will provide necessary restraints." Called 'Sham Battle'

Brown said the fight over reapportionment is largely "a sham battle."

"Geographical apportionment is really of little consequence," he said. He noted that former U. S. Rep. Clare Hoffman of Allegan better represented the views of the Detroit Board of Commerce than the Wayne County congressmen. Brown declared economic rather than geographical lines are the more important and determining factors in a legislator's vote.

Sees Big Advantage
"Certainly the proposed apportionment is far ahead of what we now have in the interest of the Democrats who now oppose," he said. "It is closer to proportional representation than the present. It is as complete as possible in the House and much closer than now in the Senate."

Brown said he feels that one-man control and allotment of gas and license plate taxes for roads is a good system.

Five Points of Pressure
The new charter would make the highway commissioner an appointive rather than elective officer and permit the Legislature to write the definition of "highway purposes." The commissioner would be appointed by a four-man, bipartisan board appointed by the Governor.

"With a four-man commission there are five points of political pressure," said Brown, "but one now. To my mind, the fewer the better."

"But I do not think the highway matter is of sufficient importance to reject the Constitution. Amendments can be made. There are so many provisions that are better than, or not in, the 1966 document that the scale is tipped heavily in favor of the new proposal."

'No Peril To Mackie'
Brown said he doubted the commission would attempt to replace John C. Mackie, present commissioner, in view of his good record. Brown said other reasons why he is voting for the new charter are improvements in the state's judicial system, the new article on education (especially the enlarged new board of education), elimination of spring elections and four-year terms for state and county officers in nonpresidential years.

Nationwide Rail Strike Forthcoming?

CHICAGO (AP) — A nationwide railroad strike and quick White House intervention appeared possible today after the collapse of railroad-union negotiations on the featherbedding issue.

Just 90 minutes after Wednesday's bargaining session opened, a conference of representatives of the five operating labor unions and the railroads broke down.

H.E. Gilbert, president of the Brotherhood of Firemen and Enginemen, said the carrier representatives walked out of the meeting.

James E. Wolfe, chief management negotiator, said: "I don't think that anybody walked out. We told them we were disappointed and that we thought they were stalling."

As Soon As Possible
Wolfe announced that the railroads will act as soon as possible to make sweeping changes in the work rules to eliminate what they call featherbedding. The carriers first notified the unions of the changes in 1959.

The unions, representing 200,000 members, have stated that such action would trigger a strike.

Wolfe said the breakdown in negotiations, the third, should lead to a fact-finding board by President Kennedy, which would delay any strike for at least 60 days.

At stake are 65,000 jobs and \$600 million a year.

Members of the Marquette County Counselors' Association discussed terminal business programs at colleges and business schools at a recent meeting here with officials of the Green Bay Badger Business College. Pictured are (top, from left) Joseph Sullivan, Graveraet High School; the Rev. Ellis

Zimmer, O.F.M., Cap., Bishop Baraga Central High School; Ivan Ryan, Gwinn Public Schools and Patricia Sloan, Negaunee High School (seated); Evelyn Johnson, Marquette, and C. Randall, president of the Badger Business School.

Counselors Meet With Badger Heads

Members of the Marquette County Counselors' Association met recently to discuss business programs in colleges and business schools.

Evelyn Johnson, Marquette, last year's president of the Upper Peninsula Teachers' Association, discussed the short term post-graduate courses offered in business education.

Mrs. S. P. Randall, executive vice president and manager of Green Bay Badger Business College and her son, C. P. Randall, president of the Badger business school, explored programs offered at Badger. They also discussed the growth and development of business schools.

Several Sessions Set
The meeting was one of several counselors' meetings being held this year to discuss areas of mutual interest, Joseph Sullivan, guidance director at Graveraet High School, said.

Members of the counselor's association include the Rev. Ellis Zimmer, O.F.M., Cap., and the Rev. Glenn G. Weber, Bishop Baraga Central High School; Catherine Hawes, Graveraet High School; Ann Hicks and Glen Porter, Graveraet Junior High School; Jerry Erickson and Katherine Muehrcke, Gwinn High School, and Keith Gabor and Duane Phillips, Ishpeming High School.

Constitution Plan Rapped By Jacobetti

Area residents were told today that adoption of the proposed constitution would most likely result in higher homeowner and consumer taxes or a cutback in school pro-

TV Show Focuses On Great Stars

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—There is a quaint, amusing quality about very old movies—Mary Pickford and her curls and Charlie Chaplin neatly eating an old boiled shoe as if it were a roast chicken. But there's still real glamor and romance about the great movie stars.

Wednesday night's ABC "Hollywood: The Great Stars" focused on those larger-than-life creatures—Garbo, Crawford, Bette Davis, Gary Cooper, Jean Harlow, Clark Gable, Humphrey Bogart and so many others, for a warm, witty and thoroughly entertaining hour.

Film Violence
One Chaplin bit—the shoe-eating scene—was enhanced by the addition of a clever soundback-ground. James Cagney's career of film violence was telescoped into a short funny sequence of clips from more than a score of his movies, each one showing him shooting, punching, slapping—and dying under a rain of slugs.

grams and local government services.

The statement came from Rep. Dominic J. Jacobetti, (D-Negaunee), Marquette County representative, who said the higher local taxes would be needed to make up for reductions in guaranteed state aid for schools and local units of government permitted in the proposed Constitution.

Jacobetti said the proposed constitution eliminates the four per cent ceiling on all sales taxes on the food and clothes.

Sees School Fund Hit
He said the state school aid fund is crippled in three ways: (1) The fund immediately loses \$60 million by elimination of the present earmarking of the primary interest fund, (2) the fund loses another \$100 million plus by being forced to finance higher education which is now handled by

separate appropriations, (3) the present dedication of two cents of the sales tax for the school aid fund, which was voted by the people is changed to permit a smaller amount to be earmarked for education.

"The same change is made in relation to earmarked funds for local government units, which permits cutbacks in the present guaranteed funds going to the communities," Jacobetti said.

"When these cutbacks in state aid take place the school district and local units of government would have to make a choice between raising local homeowner taxes or cutting back on essential programs."

Roof of the U.S. Air Force Academy in Colorado has 17 spires rising more than 150 feet into the air.

33 Stocks whose dividends are partially free of income taxes

If your investment objective is income and you are in an above-average income tax bracket, you will be interested in learning the names of these 31 stocks. Basic figures are given and the prospects for their dividends continuing to be free of income taxes are individually analyzed in a helpful new Research Bulletin just published by our New York Investment Research Department.

All 33 stocks are public utilities—an industry with an outstanding record for paying increasingly higher dividends over the long term. There is sufficient variety among these 33 stocks for you to obtain geographical diversification if you wish. Areas served include California, Texas and New Mexico, as well as the Northwest, the East, the Mid-West and the South.

Send for this free Research Bulletin #26A. Then telephone one of our brokers, and discuss with him which of these stocks he believes will best suit your investment situation.

Nine 'NCOs' At Sawyer Promoted

A total of 27 non-commissioned officers assigned to the Sault Ste. Marie Air Defense Sector, including nine from K. I. Sawyer Air Force Base, have received promotion to the grades of chief and senior master sergeant.

Effective date of the promotions is April 1.

Those from Sawyer promoted to chief master sergeant are: Oliver C. Burkholder, Alfred W. Lane, Ernest L. Smith Jr., and Ralph C. Wagner, all of 56th Consolidated Aircraft Maintenance Squadron; Sherman E. Latour, 56th Fighter Wing, and Albert M. Perra, 4646th Support Squadron.

Promoted to senior master sergeant were: William L. Beck, 56th Air Base Group; Joseph P. Gondak, 62nd Fighter Squadron, and Donald M. Schwalter, 56th Fighter Wing.

2,000 Were Eligible
In addition, nine were promoted at Kincheloe AFB, Sault Ste. Marie and five at Wurtsmith AFB, Osceola. Also two from Lowther AFS and one from Pagwa AFS; both in Ontario.

These men were selected by promotion boards which went through the records of nearly 2,000 master sergeants and senior master sergeants eligible for promotion.

OASI Questions And Answers

Editor's Note: If you would like to know how the Social Security law affects you, write the Social Security Question Box, P. O. Box 219, Marquette, Michigan. Your answer will appear in future editions of the Question Box, or you will receive a direct reply from the Marquette Social Security Office if you so specify and furnish your name and address.

Q. I have hired a college student to help me paint my home this month. Am I required to report his wages to social security?
— M. F.

Answer: If you pay this boy as much as \$50 in cash wages during any three-month calendar quarter, his employment for you is covered by social security and you are required by law to file an employer's social security tax return.

Q. "I operated my own farm for 50 years prior to my retirement in 1953. Since that time my wife and I have been living on the proceeds from the sale of our farm. I have never had any earnings that counted for social security credit. Since we are both in our late seventies, can we qualify for social security payments even though I never paid any social security tax?"
— Mrs. C. U.

Answer: No, Mr. H. G. Since you did not pay any social security taxes, you do not have any social security credits. A person your age must have at least six calendar quarters of social security credit to receive benefits.

Q. "I recently retired and am collecting a monthly social security payment for myself and my 38-

Two More Qualify For Newsboy Trip

Two more Mining Journal newspaperboys have qualified for the trip to Washington, D. C., this spring. They are Robert Thomsen (left) and Roger Contois, shown congratulating each other on earning the necessary points in the newspaper's economy reading plan contest, which ends this Saturday. Newsboys are selling combination newspaper and magazine subscriptions to earn points for the trip. Thomsen, who has Route 14 (E. Ridge and Arch Sts.), is the son of Mr. and Mrs. Robert Thomsen, 802 W. Magnetic St., a sophomore at Graveraet High School and has been on his route a year. Contois, son of Mr. and Mrs. Russell Contois, Wright St., has been on Route 25-B (Woodland and Fair Aves.) five years and this will be his fourth trip. The route has been in the family 11 years (brothers Eston and Eldon had it before him). He's a senior at Graveraet. (Mining Journal photo).

French Make Herter's Job More Difficult

By STANLEY MEISLER

WASHINGTON (AP) — Christian A. Herter, special U.S. trade negotiator, said today he does not feel that the significance of his new job was shattered by the recent French veto of Britain's entry into the Common Market.

"In some respects the veto enhanced the importance of the trade expansion program,"

year-old disabled daughter. If my daughter survives me, will her social security payment continue?"
— Mrs. C. U.

Answer: Benefits for disabled children are generally paid for life. Mrs. C. U. They will continue if your daughter remains unmarried and so severely disabled that she cannot engage in any substantial gainful employment. After your death her monthly benefit rate will increase from one-half of your monthly rate to three-fourths of that amount.

Herter said in an interview. "It certainly complicated the matter."

Geneva Talks
Just how much the matter has been complicated may become clear in the next two months when international trade experts meet in Geneva. The Geneva talks may determine whether Herter, armed with the Trade Expansion Act of 1962, can help batter down foreign tariffs and launch booming, new U.S. trade in the 1960s.

Some congressmen have introduced bills that would amend the Trade Expansion Act to get around the French veto. The amendments would allow Herter to negotiate for the complete elimination of tariffs when the United States, the Common Market, and Britain together account for 80 per cent of the world's trade.

"I've had some reservations on those amendments," Herter said. "If you open the whole trade expansion act up to amendments, God knows what will happen."

Don't Know
And, despite the French veto, Herter said, the program still gives him the power to negotiate with the Common Market and other countries to cut tariffs in half.

"But we don't know what the French attitude will be on these

Entertaining Names On State's Map

People who like to browse over maps will find that Michigan is full of communities with entertaining names.

The 1963 Michigan highway map, expected to be off the press in about 10 days, lists a number of communities named after famous people, cities and battles.

The new map has a Columbus and Isabella, a Romulus and a Remus, a Lee and a Grant and a Lincoln and a Douglas.

There's a Napoleon and also an Elba and a Waterloo; a Romeo but no Juliet, a Lum but no Abner.

Ivy League, Too
Some universities are represented, too — Yale, Princeton and Vas-

sar.

Michigan has a Wyoming and a Florida and two Fultons — one in each Peninsula.

Moscow, Dublin and Paris are famous all over the world. Memphis, Nashville and St. Louis are, too — and they're all to be found on the new Michigan map.

So are Athens and Pompeii and a couple of characters out of fiction — Hiawatha and Gulliver.

Hell And Paradise
At least two famous battles — Alamo and Bunkerhill — are memorialized on Michigan's map.

Hell and Paradise are represented, too.

The list could go on. To play the game right, you need a map of your own. And you can write for one now — on a post card, please — to: Maps, Michigan State Highway Department, Lansing 26.

specific negotiations," he continued.

The Geneva meeting, he said, may unravel the French attitude. As he prepared to negotiate, Herter also faces pressures within the United States from groups seeking higher tariffs to protect American industries.

Herter said protectionist pressures have been growing greater as the Common Market has been increasing its own tariffs against American farm products.

Lifetime Of Laurels
Herter, who will be 69 in two weeks, can display a lifetime of laurels, as congressman, as governor of Massachusetts, as Secretary of state.

Now, as trade negotiator, he faces one of his most complicated and delicate tasks: Planning and negotiating tariff reductions amid uncertainty on whether Europe really wants them.

Afflicted with painful arthritis, he will have to attend the forthcoming meeting in Geneva on crutches.

Herter was examined by a team of physicians from Johns Hopkins University before President Eisenhower appointed him secretary of state in 1959. They decided then that the arthritis would not get worse.

Same As Then
"I feel the same now as I did then," Herter said.

Dear Abby....

BY ABIGAIL VAN BUREN

DEAR ABBY: I am 21 and my brother is 18 and our problem is our mother. She is the sweetest, best-natured, most adorable little mother but she has such poor taste in clothes that sometimes we are embarrassed for her. She's a little plump but refuses to wear a girdle because it's uncomfortable. Every dress she owns has a full skirt or lots of pleats. When she goes to church, women's club meetings or an afternoon tea she always wears rhinestone ear screws and a rhinestone necklace. I've told her that rhinestones are for men, but she says she LIKES rhinestones! I even show her pictures of smartly dressed matrons in fashion magazines, but she's not impressed. We hate to hurt her feelings, but want her to look nice. How?

DEAR ABBY: I am 21 and my brother is 18 and our problem is our mother. She is the sweetest, best-natured, most adorable little mother but she has such poor taste in clothes that sometimes we are embarrassed for her. She's a little plump but refuses to wear a girdle because it's uncomfortable. Every dress she owns has a full skirt or lots of pleats. When she goes to church, women's club meetings or an afternoon tea she always wears rhinestone ear screws and a rhinestone necklace. I've told her that rhinestones are for men, but she says she LIKES rhinestones! I even show her pictures of smartly dressed matrons in fashion magazines, but she's not impressed. We hate to hurt her feelings, but want her to look nice. How?

DEAR ABBY: Please don't think this is too silly to answer because I have been trying to find the answer to this question for a long time and you are my only hope. Does the groom carry the bride through the door of the motel on their honeymoon? Or is it the door of their apartment or house where they are going to live that she gets carried through?

DEAR CURIOUS: Traditionally the groom carries the bride over the threshold of their home. But let's face it — once a bride, who cares?

DEAR ABBY: I am 21 and my brother is 18 and our problem is our mother. She is the sweetest, best-natured, most adorable little mother but she has such poor taste in clothes that sometimes we are embarrassed for her. She's a little plump but refuses to wear a girdle because it's uncomfortable. Every dress she owns has a full skirt or lots of pleats. I've told her that rhinestones are for men, but she says she LIKES rhinestones! I even show her pictures of smartly dressed matrons in fashion magazines, but she's not impressed. We hate to hurt her feelings, but want her to look nice. How?

Iranian Women Demand An End To Polygamy

TEHRAN, Iran (AP) — Iranian women demanded recently an end to polygamy and greater protection for wives under the divorce laws.

The demands were made at a news conference by representatives of 22 Iranian women's political and social groups. Under present law, Iranian men may divorce their wives without stating a reason.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif. (McNaught Syndicate, Inc.)

Timberlane Scouts' Year Big Success

Timberlane Girl Scout Council is looking back during the nationwide observance of the Scout program's 51st birthday this week on a highly successful year.

Despite a hassle with the national Scout organization's regional office in Chicago over a plan to establish an Upper Peninsula Scout Council, the "Under the Green Umbrella" project being initiated throughout the country and long opposed by Timberlane, the local council maintained an excellent program for existing troops and the year saw the formation of 20 new ones.

Growth At Sawyer

Fastest growing neighborhood in the council, which includes troops throughout Marquette County, is at K. I. Sawyer Air Force Base. Mrs. Eugene Cole, Timberlane president, reports. The Sawyer Neighborhood includes 14 registered troops and an estimated 116 adults, Mrs. Cole said.

Organization meetings in Gwinns created so much community interest in Girl Scouting, the Timberlane president reports, that two new troops there are already active and the council has been assured that it will be included as a recipient agency in the newly-formed Gwinns Community Chest.

Wide Programming

Program committee accomplishments during the past year were listed by Mrs. Cole as follows:

Council-wide events which included a big Heritage Rally in Ishpeming's Phelps School and reports on heritage hikes planned and carried out by Senior Scouts and the annual Scout O' Rama in the Marquette National Guard Armory; wide observance of the Golden Anniversary of Scouting; dozens of troop service projects which included visits to the aged and infirm, preparation of Yule baskets for the needy, flower plantings in cooperation with the city's beautification committee, and the annual doll project (dressing and repair of dolls for the Christmas Bureau); organization of an active senior planning board and Senior Scout representation at a Chicago conference.

'Excellent Interpretation'

Public relations activities which Mrs. Cole said produced "excellent interpretation of Girl Scouting to the community" and which included Golden Anniversary publicity, reports by the Senior Round-Up Patrol on their participation in the international Vermont encampment to various community groups; council contact with all schools and distribution of complimentary Girl Scout calendars.

Training committee work including two 16-hour basic leader training courses, several workshop sessions for new leaders, outdoor cooking training sessions and intensive training for girls who attended the Vermont encampment.

Camping Successful

Camping activities which saw the repair and renovation of the Scout Little House by volunteers, three successful day camps and increased use of both the Little House and trail tents for troop camping, a successful summer program at Camp Timberlane (three-fifths of which is owned by Timberlane) on Skeels Lake with larger attendance and camper ships offered by three community service groups, and the council-sponsored representation of the Round-Up patrol at the Vermont gathering.

Finance committee undertakings included direction of the cookie sale held annually to raise funds for troop activities (in addition to dues, only fund-raising events for most troops), hiring of a part-time field service director and presentation of the budget to the community chest.

Special Sessions

Council business included Mrs. Cole's attendance at a three-day regional presidents' meeting in Chicago, two regular council meetings to approve budget, elect officers, and revise the constitution and by-laws, and two special council meetings called to discuss the "Under the Green Umbrella" project.

There was also attendance of eight council delegates at several area meetings at which the council coverage plan was gone into, acceptance by the council of a Timberlane proposal to the national Girl Scout board to include opposition to mandatory council coverage on the agenda for the national council's meeting next October.

Office Maintained

Maintenance of the Girl Scout office in Marquette, open five days a week for 10 months of the year with Mrs. Wilfred Rheault in charge as office clerk and registrar, was continued. "The knowledge and experience of Mrs. Rheault is invaluable to the council," Mrs. Cole said.

Looking back on the year, Mrs. Cole was emphatic today in declaring her own and the council's unalterable opposition to the national Scout organization's council coverage plan. "Until Timberlane can be assured of as much 'quality' program for as many girls for the same amount of money, larger area council plans continue to appear impractical," she said.

A total of 1,650 girls are now taking part in Scouting activities in Marquette County, the Timberlane head noted.

This Senior Scout Troop 51 from Negaunee is in the new Trail Blazer program and all sorts of activity is being planned for the summer. In the first row, from left, are Kathy Meloni, Patty Kempapa, Shirley Hinisad, Mrs. Burton Boyum, leader, Florence Ives, Sharon Bessonon and Kathy Matta.

Second row, from left: Carol Rosten, Judy Boyum, Barbara Wommer, Pam Ranta, Gloria Hemmila and Judy Ranta. Members of the troop not pictured are Marlene Keyala, Christine Sunne, Janet Harris and Janet Hutander. Negaunee has other troops planning spring activity.

Intermediata Troop 108 of Harvey, led by Mrs. George Carlton, includes Chris Sole, left, and Judy Stanaway, seated in foreground, and standing, left to right: Leanne Hockin, Gail Carlton, Debra

vath, Denise Conant, Francine Longtine, Debra Dupras, Marlene Trudell, Dianne Trudell and Nadine Robinson. The girls are shown working on a window display for Girl Scout Week.

Members of Mariner Troop II of Marquette are shown here at a recent meeting working on crew ratings for waterfront skills. In the front row are Carol Vining, left, and Mary Wiltzius; second row, also from left, Jackie Anderson, Barbara Bohjanen, Mary Wood, and Jean Thoren. Back row, from

left, Ann Molby, Allys Van Landegend, Sue Pierce, Donna Wilkins, Joan Berry, Karen Anick, Kitty Trethewey, Betsy Lyons and Cathy Kellner. The troop is led by Mrs. Nicholas DeMarinis and Miss Elizabeth Taylor.

The size of this Brownie group, Troop 70 of Parkview School, indicates why there have been recommendations for larger troops with wide age range in the Scouting program change to be effective in the fall. In the front row, from left, are Tina Kalisch, Anne Grundstrom, Barbara Carlson, Gretchen Hauser, Julie Ann Bussiere and Coralie Voce. Second row, from left Lucy Myers, Cindy Weessen, Mary Bussiere, Sarah Lambert, Deborah

Byrd, Wendy Moore and Janice Edwards. Third row, from left, Bethany Schulz, Peggy Rose, Teresa Prins, Jacqueline Boxer, Christine Chiconsky, Diane Hornbogen, Luchelle Martin, Cathy Covert, Abby deRoche, and Kathryn Chiconsky. Back row, from left: Mrs. Roger Covert, leader; Debby Hanford and Mrs. Lowell Carlson, assistant leader. (Mining Journal photos).

Jewish Unit Meeting Set At Northern

The Jewish Organized Youth Club of Northern Michigan University will hold a coffee and doughnut hour Tuesday at 8 p. m. in the Pine Room of the Student Center.

JOY is a relatively new group on the NMU campus. Its main purpose is to give Jewish students at Northern and Jewish personnel at K. I. Sawyer Air Force Base a chance to meet twice a month to exchange ideas.

The coffee and doughnut hour will be an informal gathering open to students and other interested persons in the local area. "It will give everyone an opportunity to become more acquainted with JOY," says Howard Meisel, president.

Future events being planned by JOY include an international dance to be held sometime in April.

Officers of the club, in addition to Meisel, are Robert Acker, vice-president; Bess Baron, secretary and Mike Rogers, treasurer.

Engaged

Mrs. Carney F. Kittinger of Park Ridge, Ill., announces the engagement of her daughter, Kathleen Ann, to Edward D. Cory, son of Mr. and Mrs. E. Dana Cory of Ne-gaunee. The wedding has been set for July 12.

New Names In The News

RABENORT — A daughter, Linda Rene, was born March 12 at the 36th USAF Hospital, K. I. Sawyer Air Force Base, to Staff Sgt. and Mrs. Paul H. Rabenort, 633 Hercules, St. Sawyer.

JESTILA — Mr. and Mrs. Ronald Jestila of L'Anse are the parents of a daughter, Shari Lynn, born March 11 at the Baraga County Memorial Hospital, L'Anse.

PIETRO — Announcement is made of the birth of a son on March 9 to Mr. and Mrs. Michael Pietro Jr. of Utica, Mich. The baby's grandparents are Mr. and Mrs. Llewellyn Wood of Flint and Mr. and Mrs. Michael Pietro, National Mine.

STEINHOFF — A daughter, Laurie Ann, was born March 5 at the Munising Memorial Hospital to Mr. and Mrs. Vern Steinhoff, Munising.

MILLER — A son, Michael William, was born March 6 at the Munising Memorial Hospital to Mr. and Mrs. William Miller, Wetmore.

Meetings

The Chocolay Community 4-H Club will meet Friday, March 22, at 7:30 p. m. in the Chocolay Township Hall.

The Victoria Lodge will meet Friday evening at 7:30 in the Odd Fellows Hall. A social hour will follow the business session.

This Week - Buying Fish

BY INGRID BARTELLI (Consumer Marketing Information Agent, Michigan State University)

If you see an individual watching Lake Superior more anxiously and intently than anyone else, he's pretty apt to be a commercial fisherman. It's a long winter with no source of income to the sailing fishermen when the lake is iced in as it is this year. There is a limited amount of harvesting through the ice in some of the more sheltered areas.

How fortunate we are to live near Lake Superior — the biggest "spring" in the world — and to have available to us the highest quality fresh water fish to be found anywhere. Yet, we're going through a transition period. The population of fish in Lake Superior is changing, and certainly the marketing methods and ultimate consumer products are changing.

Varied Meanings
What does "fish" mean to you? Does it mean "fresh" — "Lake Superior," "trout"? If so, it probably also means watching for the boats to come in, hurrying to the dock to bargain for fresh-from-the-water fish.

Or does "fish" mean "something-we-must-eat-on-Friday"? If so, it must mean you prefer fish over the other non-meat, protein choices you have.

Does "fish" mean a package from the frozen food section of the store? If so, you have a wide variety available to you. Then your choice depends on past experience, a pretty package or a price comparison.

Differences Cited
Is there a difference, in your mind, between fresh and salt water fish? To many folks, salt water fish tastes somewhat alike. There is a distinct taste appeal in fresh water fish. Most of our "northlanders" know this.

What does "fish-for-dinner" mean to you? Does it mean an unidentified, heavily breaded cube-shaped or bite size portion of fish cooked in deep fat to be seasoned with some tartar sauce or lemon? Or does it mean fish with some identity as lake herring or smelt cooked to a turn in a pan? To a relatively few people "fish for dinner" means a fresh, broiled, boiled or baked treat with the distinctive flavor and texture of the species prepared.

To an increasing number of people "fish" means a smoked or pickled product.

Ways To Cook
What does "cooking" fish mean to you? Deep fat? A frying pan? Poaching? Broiling? Or baking? How about barbecuing?
Regardless of the particular

cooking method chosen, fish cookery compares somewhat with egg cookery. We begin with a tender, high quality protein that need only be "set" or "coagulated" in cooking. This means low heat for a short cooking period. There are many ways to cook fish other than in deep fat or the fry pan.

Diet conscious people seek out fish for their ease of digestibility, high quality protein and because fish contains no saturated fats.

Need Updating
Those of us who live near Lake Superior need to update our fish information. No longer are trout and whitefish available in abundance. The lake management is aimed at rehabilitation for trout. We hope it works. But in the meantime, our fishermen will be harvesting in abundance lake herring (cisco), chubs, and smelt, along with some whitefish — all excellent edible fish.

The industry is "underway" in its attempts to make these fish available to an increasing market in the forms which you prefer.

Lines from Lou's by...maggie

We had a wonderful time Tuesday evening when we attended the opening night performance of "Guys and Dolls," presented by the students of Northern Michigan University. But, first congratulations are in order on having Northern gain University status this month.

Going back to the play: it was nothing less than terrific! We were glad to see such a fine audience, and from the applause we know that they were glad to be there. The acting, music and choreography, and the singing also, left nothing at all to be desired. For us it was especially eventful; Ken's and my first date was to see that same play. And for you folks who haven't seen it, you still have time.

Now to get "commercial" for a line or two. If you've nothing to wear to a play or concert or what-have-you, just stop down to LOU'S. We have dresses and suits that are wonderfully appropriate to the occasion. We have a group of suits and dresses that will make you happy to be out and on-the-town for an evening dinner and entertainment. We hope to see you soon at LOU'S, in the center of Marquette.—Adv.

Service Sunday In Salvation Army's Evangelistic Series

The special Lenten series of evangelistic services at the Salvation Army Citadel which opened Tuesday evening will include an 11 a. m. service Sunday in addition to the concluding service at 7 Sunday evening.

Guest evangelist is the Rev. Kermit J. Phillips, pastor of the

First Pilgrim Holiness Church in Detroit.

Special music is being provided for tonight's service by the Salvation Army string band from Escanaba.

The public is invited to all of the services, Maj. R. B. Sharp, Salvation Army commander, has announced.

Children's lunch: mix cooked noodles with cheese sauce and top with bacon.

Mine Tax Bill Could Create New Jobs In U.P., Union Leader Says

NEGAUNEE — Proposed legislation to grant tax relief to underground mining properties from which iron ore is agglomerated could create new jobs in the Upper Peninsula, according to Earl T. Bester, Duluth, district director of the United Steelworkers of America.

"I feel that the agreement on proposed tax legislation between our union and the iron mining companies is one that is constructive," Bester said. "It gives the mining companies the tax treatment they feel they need to help attract investment monies necessary to expand and build new operations in Michigan, while at the same time encouraging the continuation of present operations and present employment."

'Entire Future At Stake'

"And most of all, I feel that

this could create the jobs we need so badly in the Upper Peninsula," Bester said in his union believed "it should lead the way in this endeavor, since it represents the thousands of unemployed miners on the iron ranges of Michigan, and in addition, we felt that the entire future of the Upper Peninsula was at stake on this issue."

He added: "We spent many hours in research and study prior to our series of meetings with the mining companies, and I am happy that we have come to this mutual understanding and agreement."

In announcing its support of House Bill 635, the union pointed out differences between this bill and a similar proposal that was introduced in the last session of the Legislature.

The current bill, the union said, does not grant any tax relief unless the underground ore is agglomerated. (House Bill 635 stipulates that a specific (production) tax be levied of the ore is agglomerated. Under present law, underground iron mines are taxed according to the ad valorem (property value) system.)

House Bill 635 provides that companies shall revert back to the present system of taxation if they do not agglomerate the underground ores for a period of two consecutive years.

The bill also contains provisions for a transition period between the shift from the ad valorem to the specific tax system.

The Cleveland-Cliffs Iron Co. notified the United Steelworkers last Feb. 9 that two underground mines, the Bunker Hill and the Mather B, faced the possibility of a permanent shutdown within a couple of years. Since then the union has held several meetings with the Michigan Mining Association to study legislation which would place the underground mines in a more competitive position, taxwise, with open pit mines.

Rapid Tax Revenue Drop

The union pointed out that the Cities of Ishpeming and Negaunee have been experiencing a rapid

Mild Weather Will Halt Winter Sports Area Use

ISHPEMING — Another municipal service is another over for another year, threatened by mild weather earlier this week.

The Al Quaal Recreation Area, located in the northern part of Ishpeming and providing some of the finest ski slopes and outdoor recreation facilities in the Upper Peninsula, is about to close after being used by thousands of winter sports enthusiasts this year.

Ishpeming has attracted visitors from all over the United States year after year. Its excellent facilities are offered free of charge.

Maintaining the area on a non-profit basis has been the policy of the City of Ishpeming for years and has been appreciated, not only by Ishpeming residents, but by visitors as well.

Although the use of one tow was discontinued this year because of the financial burden on the city, two tows were in operation weekly for much of the winter. In addition, the 1,200-foot toboggan slide and cardboard slides near the clubhouse were in constant use.

Ideally located, the winter sports skiing area overlooks Teal Lake, a popular spot in winter and summer for fishermen. A skier can test his ability and courage by racing down through the natural setting of white birches and evergreens.

Enjoyed as much in the summer as in winter, the Al Quaal Area is rated with the best in the Upper Peninsula by many visitors.

A popular spot for picnics and family outings, it's rare when someone isn't enjoying the surroundings.

Winter or summer, a jaunt in these scenic surroundings is worth remembering.

Marked trails and strategically placed fireplaces make it convenient to use this natural winter and summer playground.

"Young and old enjoy the area each year," a municipal official said today. "Being ideally located within walking distance of the city, the area maintains its popularity as making available to everyone the finest recreational facilities in the Upper Peninsula."

COMMENT BY HARDEN

Commenting on efforts to assist underground iron ore mining in Upper Michigan, Dr. Edgar L. Harden, Marquette, president of Northern Michigan University and co-chairman of Operation Action-U.P., this morning said: "This spirit of cooperation between the Steelworkers Union and the iron industry reflects outstanding leadership on the part of labor and management. Operation Action will use all available resources to support these objectives to aid existing industry and achieve unity in the Upper Peninsula."

decline in tax revenue under the present system of taxing underground mining properties. "The reason for this decline is the lack of demand for the standard ores that are produced in these mines," a union spokesman said. "For example, Negaunee in 1963 will receive in excess of \$144,000 less in taxes than it received in 1959. This decline in tax revenue under the present system will be even more rapid within the next two years if both the Bunker Hill and Mather B mines are closed."

Approximately 600 persons formerly employed by Cliffs underground mines on the Marquette Range are now laid off, the union said. "If the Bunker Hill and Mather B were shut down, Cliffs would be forced to lay off another 800 employees on this range," the union stated. "This would mean that no employee working for this company in the state would have less than 22 years of service."

Supported By County Council

The union said it is hoped that House Bill 635, if passed, will not only create a more stable employment picture on the Marquette Range, but also will increase employment opportunities.

It said the union also is supporting House Bill 290, which would provide for gradual equalization of the evaluations on mining and non-mining properties in areas like Iron County, where evaluations between these two property classifications differ widely now.

The international union said it has the full backing and support of local unions and the Marquette County AFL-CIO Council in drafting the proposed legislation.

Obituary

MRS. CARMEN VIANI
NEGAUNEE — Services for Mrs. Carmen Viani will be held at 9 Friday morning in St. Paul's Catholic Church. The Rev. Robert Cordy will officiate and burial will take place in Negaunee Cemetery. Pallbearers will be Albert and Ronald LaForest, Wilfred Bond, Siefert Handberg, James Dupras and Frank Paterno.

The body is in the Koskey Funeral Home, where the Rosary will be recited at 8 tonight.

'Forty Hours' At St. John's March 16-18

ISHPEMING — Priests and parishioners of St. John the Evangelist Church are preparing for Forty Hour devotions which will open with exposition of the Blessed Sacrament at 7 p. m. Saturday, March 16, and close with a Solemn Mass and procession Monday night, March 18.

The eucharistic sermons will be preached by the Rev. Raymond Moncher, assistant pastor of St. Peter's Cathedral, Marquette.

Parishioners will be asked to participate in all-night adoration Saturday and Sunday.

Holy Name Society members will take the outside seats on the center aisle Monday and participate in a candlelight procession and respond to the Litany of the Saints, the pastor, the Rt. Rev. Msgr. David Spelgatti, said.

Parishioners are asked to offer prayers during the devotions for the success of the mission which opens on the following Sunday, March 24, for women and girls of high school age, single or married.

The clergy of the diocese have been invited to participate in the Forty Hour devotions and will be guests of priests of the parish in the first function hosted from the new rectory.

The devotions last March terminated use of the old rectory, which was razed for the new buildings erected by the parish.

Career Day Set By Tech On March 30

HOUGHTON — Approximately 700 Copper Country high school students will visit the Michigan Tech campus March 30 for the annual Career Day program sponsored by Tech, Copper Country schools and the Copper Country Kiwanis Club.

Purpose of Career Day is to give high school seniors detailed descriptions of personality and educational requirements and career opportunities in various employment fields in which they are interested. Fourteen Copper Country schools will participate, including Hancock, Houghton, Painesdale, Dollar Bay, Chassell, Doelle, Calumet, Lake Linden, Baraga, L'Anse, Ontonagon, Mass, White Pine and Rockland.

The program will open at 8:45 a.m. with an assembly in Sherman Gym. The Rev. John Simonson of Dollar Bay will give the invocation. Dr. J. R. Van Pelt, president of Michigan Tech, will welcome participants to the Tech Campus and C. J. Sullivan, superintendent of L'Anse schools, will provide instructions about the day's activities.

John Farley of Michigan Bell Telephone Co. will address the group at 9:30 a.m.

Career consultation will be available to students in 19 broadly defined fields, and each student will be permitted time to attend three consultation sessions. Employment fields to be included are education, business, nursing, medical technology, engineering, forestry, conservation, beautician, medicine and allied professions, armed forces, transportation, skilled trades, construction, law enforcement, civil service, agricultural and veterinary medicine, service occupations and utilities and communications.

State Police Ticket Driver In Collision

ISHPEMING — An automobile was damaged and a motorist was given a ticket as a result of a traffic collision at 5 yesterday afternoon on Poplar St. about 130 feet west of County Road 573, in Ishpeming Township.

State police from the Marquette post said Leslie R. Uro, 31, of 203 Poplar St., was driving west on Poplar, having just turned onto the street from County Road 573, and lost control of his car on the ice, with the vehicle going to the right and smashing into a fence.

The right front of Uro's 1957 station wagon was damaged and the car was driven from the scene under its own power.

State police gave Uro a summons for violation of the basic speed law — driving too fast for conditions.

Tournament Time! Stores Close Early

NEGAUNEE — With basketball fever here reaching its highest pitch in seven years as a result of two local high schools qualifying for regional tournament play at Northern Michigan University's fieldhouse, several Negaunee business concerns will alter their extended hours shopping schedule by remaining open tonight and closing on Friday night.

A poll taken by the Retail Merchants Committee yesterday revealed that the following stores will remain open until 9 tonight and will close at 5:30 Friday afternoon:

Ben Franklin, Kellan Jewelry, LaFrenieres, Levine Brothers, Perala Hardware, Specialty Shop, Teen Tap and Wehmanns Jewelry.

Altering the schedule will permit personnel employed by these stores to attend the Friday night tournament session at which Negaunee High School plays Gladstone at 8:30.

Other business establishments will follow the regular schedule, remaining open until 9 Friday night.

6 Motorists Pay \$62.50 In Baraga

BARAGA — Six motorists paid fines and court costs totaling \$62.50 when their cases were heard by Baraga Justice John F. Payne, James W. Bush, 19, Monroe, Mich., was ordered to pay a \$15 plus fine \$4.30 court costs on a speeding charge. He was ticketed by state police for driving 85 miles an hour in a 65-MPH zone on U. S. 41 in Covington Township.

For failing to stop for a school bus on U. S. 41 near L'Anse, John A. Jukuri, 77, Calumet, paid a fine of \$10 and \$4.30 court costs.

Kenneth R. Tepsa, 31, Ontonagon, ticketed for violation of the basic speed law following an auto accident on U. S. 41 near Baraga, was fined \$5 and \$4.30 court costs.

Ticketed on M-35 near Baraga for defective brakes, Raymond E. Kauppila, 47, Baraga, was fined \$5 and \$4.30. Jukuri, Tepsa and Kauppila all received tickets from state police officers.

Ticketed by an agent of the Michigan Public Service Commission for not carrying or maintaining a driver's daily log book, James C. Weinsight, Green Bay, Wis., forfeited a \$5 bond when he failed to appear in court to answer his summons.

Eleven Fined In Gwinn In Traffic Cases

GWINN — Eleven persons paid a total of \$63.60 in fines and costs when arraigned before Justices Arthur Burkman and Clifford Powers at the Gwinn Town Hall.

Apprehended by state police were James Goloversto, Sawyer AFB, who paid \$8.70 for having a mutilated operator's license; Richard Guiles, Sawyer AFB, who paid \$8.70 for not having an operator's license; Donald Moloney, all Smalley and Thomas Moloney, all of Sawyer Base, each of whom paid \$2 for improper parking in a

Committees Selected For April 20 'State Sing' By Male Groups

ISHPEMING — William Wangberg, president of the Negaunee Male Chorus, which is preparing for the "State Sing" to be held in the Negaunee Memorial Gymnasium April 20, has announced a list of committee members in charge of the event.

Named general chairman was W. L. Rath, while other assignments follow: Repertoire, Charles E. Phare, conductor, and Martha Warner, accompanist; advertising, Vern Larson and Sid Phare Sr.; rehearsal, John Kosonen and Gerald Anderson; finance and ticket sales, Charles Pryor; WAMC officers and directors dinner, William Wangberg; registration, Ted Sharrland Sr.; afterglow, Joseph Phillips and Lloyd Borlace; and publicity, Al Quaal and Wes Larson.

Male choruses from Milwaukee, Appleton, Rhinelander, Oshkosh, Fond Du Lac and Negaunee, as well as affiliated members from L'Anse, and Two Rivers, Wis., will appear in this Associated Male Chorus spectacle.

Clifford Warner, a veteran member of the Negaunee organization, is serving a term as president of the Wisconsin District, Associated Male Choruses of America.

Alger Gets \$80,000 To Build New Jail

MUNISING — James W. Knox, chairman of the Alger County Board of Supervisors, announced this morning that a grant of \$80,000 was made to Alger County under the Public Works Acceleration Act.

Notification of the grant came to Knox in the following telegram: "Pleased to advise that the Community Facilities Administration has approved an \$80,000 grant, under the Public Works Acceleration Act, for

Legion To Observe 44th Anniversary March 15-17

ISHPEMING — Seventy-five thousand American Legionnaires of Michigan will join nearly three million comrades of more than 16,000 posts throughout the nation and overseas in a big birthday celebration March 15-17, State Commander Joe Paul, Ishpeming, announced today.

The celebration will mark the 44th anniversary of the Legion, which was established in 1919 at a caucus, attended by representatives of American Expeditionary Force units, in Paris.

Focal point of the anniversary observance in Michigan will be birthday parties held at the 514 posts throughout the state. All details for the series of birthday celebrations are under the supervision of special committees appointed by post commanders.

A portion of the birthday celebrations will be devoted to a formal initiation of all new members as a climax to the 1963 membership campaign. The ceremonies will be open to the public and an invitation has been extended to residents of individual communities and especially friends and relatives of new members.

"The American Legion initiation is an impressive ceremony which can be made more meaningful for new members by the presence of their families, their friends and their neighbors," State Commander Paul said. "The message con-

Gwinn

The Veterans of Foreign Wars will hold a regular meeting Sunday afternoon at 2:30 in their club in New Swanzey. Lunch will follow the business session.

Royal Bar Holds Onto First Place In Crib Circuit

ISHPEMING — The Royal Bar continues to dominate play in the Ishpeming Cribbage League, even though it went down in defeat against the Imperial Bar in recent matches.

Following the league leaders are Imperial Bar, Venice, Wonder Bar, Woody's Bar, Paradise Bar, Miracle Lounge, VFW, Casino, Moose Club, Rainbow Bar, Congress, American and Roosevelt Bar.

Walter Palomaki and John Hodge of Casino Bar tallied 1,211 to win theater tickets.

Slated for action tonight are: Roosevelt at VFW, Venice at Royal, Imperial at Woody's, Paradise at Moose Club, Congress at Wonder Bar, Rainbow Bar at Miracle Lounge and Casino at American.

Two Segregationists In Birmingham Runoff

BIRMINGHAM, Ala. — Two segregationists—one is soft-spoken, the other vociferous — will meet in a runoff election for mayor April 2.

Quiet Albert Boutwell, a former lieutenant governor, led the four-man mayoralty race Tuesday and will face outspoken City Commissioner Eugene Connor in the runoff.

Oil and gas wells of 15,000-foot depths are not uncommon.

Report Given For Negaunee Youth Center

NEGAUNEE — Highlighting the February program at the Negaunee Youth Center was the annual Valentine's Day dance, attended by a capacity crowd, Director Marshall Phillips noted in his monthly report to City Manager Leonard Harris.

Youth Council members decorated the center for the occasion and the Magnetics orchestra from Rapid River, played for the party — a semi-formal affair.

Dances held on weekends after Negaunee and St. Paul High School home basketball games were also well attended.

Plans are being made by the council for an Easter dance. Pool tables at the center have been re-covered and are in good playing condition. Repair work also has been completed on ping pong tables and game room facilities are in excellent condition.

Canteen receipts for February amounted to \$154.10 and proceeds from ticket sales totaled \$91.40, with both amounts being deposited in the city treasury.

Senior citizens continued to make full use of the old-timers room, for which playing cards were donated during the month by the Sivula Insurance Agency and Oliver Maki.

During February, 2,142 students made use of Youth Center facilities, bringing the total to date for 1963 to 4,544.

State Police Ticket Driver In Collision

ISHPEMING — An automobile was damaged and a motorist was given a ticket as a result of a traffic collision at 5 yesterday afternoon on Poplar St. about 130 feet west of County Road 573, in Ishpeming Township.

State police from the Marquette post said Leslie R. Uro, 31, of 203 Poplar St., was driving west on Poplar, having just turned onto the street from County Road 573, and lost control of his car on the ice, with the vehicle going to the right and smashing into a fence.

The right front of Uro's 1957 station wagon was damaged and the car was driven from the scene under its own power.

State police gave Uro a summons for violation of the basic speed law — driving too fast for conditions.

Gauthier, Munising Teacher, To Attend Summer Institute

MUNISING — William T. MacNeil, superintendent of Munising High School, announced Wednesday that Robert Gauthier, a member of the faculty, has been chosen to participate in the National Science Foundation's 1963 summer institute for teachers of junior high school mathematics at the University of New Mexico, located in Albuquerque.

Approval of an application sent to the university by Gauthier was sent to the school by Merle Mitchell, director of the institute. He also congratulated him on the appointment on behalf of the institute staff.

Gauthier, 32, graduated from Mather High School in 1949. He served with the U.S. Army in the Korean War from August, 1949, to February, 1953. He entered Northern Michigan College in 1953 and graduated in 1957. At present he is teaching general mathematics and world geography at Mather High School. He is married and has four children.

ROBERT GAUTHIER

Mr. and Mrs. Gauthier plan to leave for New Mexico about June 18.

40 Take Part In Forensics Test; Winners Announced

NEGAUNEE — Forty students participated in the annual Negaunee High School forensics festival held Tuesday and Wednesday in the school auditorium to select local entries for the district festival to be held at Ishpeming.

Miss Berlyne Miller, speech supervisor, announced this morning that the following students will represent Negaunee in district competition: Marianne Akel, Linda Hooper and Judy Jensen, oratorical declamation; Vernon Jarvi, humorous reading; Alan Nelson and Priscilla Solomon, dramatic dialogue; Diane Collins and Karen Ollila, dramatic monologue; Sherrill Yellan, original oratory.

Kristine Sunne, extemporaneous speaking.

Other entries in various categories in the local contest were as follows: Declamation — Judy Arbelius, Ann Bogetto, Robert Brock, Carol Gattron, Jean Dawe, Eileen Hampton, Bruce Hatch, Nancy Likkarinen, Charlotte Perala, Kathy Pearson, Bonnie Tikkanen, Sherry Rasanen.

Dramatic Monologue — Sandy Campbell, Jane Erick, Susan Heiskinen, Vivian Kantola, Pat Pellow, Elizabeth Tamblin, Donna Rintamaki.

Radio News Commentary — Jack St. Andre, John Williamson.

Dramatic Dialogue — Phyllis Anderson, Marcia Bell, Kathy Partanen, Barbara Roberts, Judy Ranta, Jill Swanson.

Humorous Reading — Gary Bath, Mike Vallela, Dennis Darling.

Original Oratory — Janet Harris, William Kauppi.

Judges for the local competition were Miss Sylvia Saari, Mrs. Olga Williams and Miss Miller.

Recreation Discussion At PTA Meet

NEGAUNEE — "Community Recreation and Delinquency" will be the topic for a panel discussion at the monthly meeting of the Lakeview Parent-Teacher Association at 7:30 next Monday night in the Lakeview multi-purpose room.

Panel members will include Dr. Virginia Patri, chairman of the women's physical education program at Northern Michigan University; Kenneth Roberts, Negaunee police chief; City Manager Leonard Harris of Negaunee; Thomas Baldini, president of the Negaunee Youth Center; Marshall Phillips, Negaunee Youth Center director; Leslie Ruohomaki, Marquette County probation officer, and Norman Goethe, Ishpeming Township school superintendent.

Appearing on the musical portion of the program will be three Negaunee High School vocal soloists, Sherrill Yellan, Donna Brailey and Nick Lakari, and a vocal trio comprised of Barbara Wommer, Sharon Uitto and Deanna Wommer. The vocalists will be accompanied by Norman Munson and Susan Roberts.

Following the program, refreshments will be served by mothers of third grade students.

State Agency Offers Help In Preparing Tax Returns

ISHPEMING — Kenneth W. Pelkie, Ishpeming, representing the Michigan Department of Revenue, will be here March 22 from 1 to 4 p.m. and in Marquette

March 18 and 19 from 8:30 a.m. until 4:30 p.m. for the purpose of assisting taxpayers in preparation of their intangibles tax returns, which are due not later than March 31.

Intangible personal property subject to the tax includes all mortgages, land contracts, bank accounts, cash, postal savings accounts, accounts and notes receivable, corporate stocks, corporate bonds and other similar types of property.

However, all United States bonds are exempt from the tax, and the tax on deposits in Michigan banks and building and loan associations, as well as stocks in Michigan banks, will be paid to the department directly by banks or building and loan associations.

Under the present law, as amended by the Legislature in 1945, all corporate stocks, including Michigan corporations, are 100 per cent taxable.

The department has issued a warning to all owners of property outlined above to file necessary return forms prior to March 31. The department is constantly engaged in checking stockholders' lists, mortgage records, income tax returns and other data for the purpose of discovering evasions of the Intangibles Tax Act. Failure to file a return when a tax is due subjects the taxpayer to severe penalties.

In addition to assisting taxpayers in preparation of their returns, Pelkie also will advise any person concerning his liability, if any, under the act.

Those desiring advice or assistance are requested to bring with them full information concerning their holdings, including the face or par value, and income received during the year, as well as a copy of the previous year's return filed with the department.

4-H Leaders In Alger Guests At Dinner March 18

MUNISING — Alger County 4-H leaders and friends of 4-H will be honored at a leaders' recognition dinner in Our Saviour's Lutheran Church in Eben at 7 Monday night, March 18.

The dinner is sponsored for the third successive year by Alger County banks.

Emil Fimbinger, MSU district extension agent for youth, will be the speaker. Awards will be given to leaders for their years of service.

Miller-Kratz Duo Pegs 1,218 Total

NEGAUNEE — Joan Miller and Marie Kratz won individual scoring honors in Negaunee Women's Cribbage League play this week with a 1,218 match total.

The Lady Elks continue to occupy first place with a total of 45,751 points, a margin of 99 over the runner-up Specialty Shop.

64 Houses Destroyed In Turkey Earthquake

ISTANBUL, Turkey — Sixty-four houses were destroyed and more than 100 badly damaged by earthquakes Monday in villages of Denizli Province in southwest Turkey, press reports said Tuesday night.

Houghton Lone Returnee Among '62 U.P. Champs: New Names Dot Regional Basketball Plat

The ever-changing face of tournament basketball is taken on its latest "look" tonight as the Regionals start at the Northern Michigan University fieldhouse.

major event to be held at Northern since it officially became a university, with Governor Romney's signing of the legislative act, Wednesday morning.

As the gamblers over in the Kaye Hall put it, "it's a probable 12-to-7" that there'll be new titlists across the board at the tourney's end. (Law enforcement officers please note: the Kaye Hall

gamblers are dealing in stage money... in the musical comedy "Guys and Dolls.")

"B" regional entries would come from this group.

'Cats Pound Backboards, Reach NAIA Quarterfinals

By "BUD" LAWSON
KANSAS CITY — Rugged rebounding, strong defense, poise, are pushing Northern Michigan's Wildcats along the national tournament trail at Kansas City.

terfinals, by trouncing a talented Central State College of Ohio team, 101-87.

In piling up this biggest tourney total to date, they displayed Coach Stan Albeck's imaginative offense at its dazzling best.

After falling only a few points behind in the opening minutes, the big Northern rebounders, paced by Gary Silc, pounded the backboards to edge into the lead.

Over in Negaunee, if you can find anyone to talk to tomorrow afternoon or evening, it'll be strictly tournament talk, as the Pioneer City has both its prep teams in the regionals.

Battle Of Pivots Seen In NMU-Pan American Clash At Kansas City

Quarterfinal action in the NAIA tournament at Kansas City will be tipped off at 6:30 (EST) today with Northern's Wildcats tangling with the Pan American Broncos, from Edinburg, Texas, paced by huge All-American Lucious Jackson, 6-9, 240-pound center.

ably has the size to force Pan-American to speed their pace.

Northern will try to continue the dominance Michigan teams have had over the Texas representatives. In '61, Northern eliminated Southwest Texas, in the third round, and last year, Ferris beat Pan-Am in the third round.

Two of Pan-Am's regular season losses were to NAIA seeded teams, while they beat another, Oklahoma Baptist, during the year.—E. L. L.

Tournament Thumbnails

CLASS C
Houghton (15-3) dropped a 74-58 decision to Ontonagon early in the year, when they had trouble breaking the 500 mark, but Coach Fritz Wilson's Greens have won 12 in a row now.

Ojala Repeats As Hornets 'MVP' Cager

SAULT STE. MARIE — Stan Ojala of Brimley repeated as "most valuable player" of the Sault Tech Hornets.

Stan led the two-year school's basketball team with 519 points, free throw percentage (74), rebounds (213), and assists.

Sore Arm, No Tricks For Fox

LAKELAND, Fla. (AP) — Most relief pitchers have three precious possessions — control, a rubber arm that limbers up fast and a trick pitch.

Terry Fox of the Tigers, one of the newer members of the exclusive bullpen elite, is different. Of the three, he has only control.

He hasn't a rubber arm, one strong enough to let him pitch every day like the other top relievers. Fox's arm has been sore throughout his two seasons in the big leagues so he needs frequent rest.

And unlike Hoyt Wilhelm and Stu Miller, he doesn't have a knuckle ball to bail him out of trouble. Nor a fork ball like Roy Face or a screwball like Luis Arroyo. Fox doesn't even want a new pitch, the type Dick Radatz plans to add this spring.

Enough To Worry About
"I've got enough pitches to worry about right now," said Fox, probably Detroit's best fireman since the 1940s and Al Benton.

Remarkable Record
Fox has compiled a remarkable record—all with an aching elbow—in his two seasons with Detroit. In the pennant challenge of 1961, he was 5-2 with a 1.42 earned run average. He allowed only nine earned runs and 16 walks in 39 games.

Groleau Shoots Arrows Into Regionals Semifinal Berth; Rock Falls, 61-45

ST. IGNACE (Special to The Mining Journal) — Pat Groleau, who still has a year to go to dazzle Central U. P. League opponents and fans, was hitting from all over the forecourt here last night as Nahma won its way into the semi-finals of the regional Class D tournament with a 73-64 victory over downstate Ellsworth.

for 80 points in two district tourney games last week, sank 39 points on 15 field goals and nine free throws. Ellsworth double- and triple-teamed him, but couldn't stop him either underneath the basket or outcourt.

Another lower Michigan high school quinet, Pellston, proved too strong for a second Central League outfit, whipping Rock, 61-45, chiefly on a 2-7 edge in the second period.

Junior Downhill Titles Stay In West; X-Country Today

JACKSON, Wyo. (AP) — Dale Miller of Ogden, Utah, and Cathy Nagel of Skykomish, Wash., won the boys' and girls' downhill titles Wednesday in the National Junior Ski Championships.

Miller, representing the Inter-Mountain Ski Association, led male competitors down the Snow King Mountain course with a clocking of 1 minute 1.6 seconds. Miss Nagel won the girls' event in 1:05.8.

10-Kilo Race
The downhill race featured the second day's competition at the ski championships, which continue through the weekend. Today's event was the 10-kilometer cross country at nearby Trail Creek Ranch.

In the boys' downhill, Lenny Ligon, formerly of Traverse City, placed fourth in a field of 72. Greg Schwartz of Brimley, tied for 16th.

Other Michigan finishers were Dave Merrill of Traverse City, 45th; Jim Murner of Traverse City, 55th; Bill Raush of Cheboygan, 39th; and Jerry Kammerer of Traverse City 61st.

In the girls' downhill, Linnell Hayes of Gaylord, Mich., finished 18th in a field of 38.

Duck NL! Duren Sold To Phillies For Over \$20,000
MESA, Ariz. (AP)—Ryne Duren, whose fast ball sometimes leaves hitters looking almost as blind as he is, moves from the American to the National League today.

And if Manager Bill Rigney of the Los Angeles Angels is right, the National Leaguers "are about to see something special."

ND Vacancy Stirs Talk Of Duffy
SOUTH BEND, Ind. (AP)—Joe Kuharich's resignation as Notre Dame head football coach kicks off one of college football's all-time guessing games.

Kuharich's resignation was announced by the university Wednesday and at the same time, freshman coach Hugh Devore was named "interim coach for 1963."

As to Kuharich's ultimate successor, that will be tossed around until possibly after the 1963 season and no name probably will be more prominent than that of Duffy Daugherty of Michigan State.

Kuharich quit to take a job with the National Football League as supervisor of NFL officials, replacing Mike Wilson, who is retiring at 66.

4 Years Left
The 46-year-old Kuharich, with four years to run on his present contract, had a 17-23 record at Notre Dame after succeeding Terry Brennan in 1958.

Devore, 52, has bounced around from Notre Dame to other colleges back to Notre Dame to professional coaching and again back to Notre Dame for 30 years. He also served as interim coach in 1945 and came up with a 7-2-1 record.

Not Head Coach
"Interim coach, that's exactly what it means," said Devore. "I have no designs on the main job. After all, I've been coaching for 30 years. I'm here to help out and Kuharich suggested I take over. My job as freshman coach will not change."

Union High May Look Beyond Reds

The Marquette Redmen and Coach Fred Taccolini can't be blamed for thinking Grand Rapids in the future, rather than straight ahead at the Union-Graveret game, Friday at 8:30 at Grand Rapids Gordin.

And Union High couldn't be blamed for doing that, either. If favorites come through, right on schedule, the other Class A regional finalist will be unbeaten Grand Rapids South, and the State Quarterfinalist to come out of the Grand Rapids region will run into Saginaw Arthur Hill, also unbeaten.

NIT Opens In New York

College basketball's post-season derby draws another starter tonight with the opening of the 26th annual National Invitation Tournament in New York.

The NIT starts off with a first-round doubleheader pairing Virginia against DePaul and Fordham against Memphis State. Six twinbill sessions are scheduled with the championship final set for March 23.

On Friday night, Cincinnati begins its drive for a third straight national collegiate title in one of four regional semifinal doubleheaders in the 25th NCAA tournament.

Elsewhere, the NCAA small college tournament continues tonight with the national semifinals at Evansville, Ind., and the other NIAA will have its quarter-finals today and tonight at Kansas City.

After tonight's program, the NIT resumes Saturday afternoon with another first round doubleheader—LaSalle vs. St. Louis and St. Francis of New York vs. Miami of Florida.

Wants Return

Matchmaker Teddy Brenner of the Garden wants to put Clay and Jones in Yankee Stadium this June and there was talk also of a lucrative international fight with Sweden's Ingemar Johansson, the former heavyweight champion.

There were cries of "fake" and "fix" by some of the pro-Jones fans in the capacity crowd of 18,732 seconds after the unanimous decision was announced. Varied objects were tossed into the ring by irate fans.

5-Count 'em—5 Tiger DP's

FORT LAUDERDALE, Fla. (AP) — Charlie Gehring's prize pupil — Dick McAliffie — had a hand in all five double plays by the Detroit Tigers as they edged the New York Yankees 4-2 Wednesday.

Rocky Colavito slammed a three-run home run in the first inning to give the Tigers all the runs they needed.

Scheffing Smiles
But it was the five twin-killings that brought smiles to Manager Bob Scheffing's face.

The Tigers were last in the 1962. Many experts felt this had a lot to do with the club's poor showing, especially after it had been picked to give the Yankees a run for the pennant.

Scheffing felt that one of the reasons was the lack of a good pivot man. Gehring was called in to work with McAliffie — who had won a starting job mainly on his hitting ability.

The Tigers were last in the 1962. Many experts felt this had a lot to do with the club's poor showing, especially after it had been picked to give the Yankees a run for the pennant.

Scheffing has been paying particular attention to Egan because the Tigers desperately need another left-hander. Egan posted a 17-11 for Hawaii in the Pacific

Pistons Reach NBA Playoffs; Will Play Hawks

(By the Associated Press)
It's official now — the Detroit Pistons are in and the San Francisco Warriors are out of the national Basketball Association playoffs opening next week.

The Pistons assured themselves of the last playoff spot by whipping the New York Knicks 112-89 Wednesday night. That gave the Pistons third place in the Western Division and the right to play the St. Louis Hawks in the best-of-5 semifinal Western playoff opening next Wednesday at St. Louis.

The Cincinnati Royals, who open the Eastern Division semifinals playoffs Tuesday at Syracuse, broke the Nats' 10-game winning streak 128-114 in one of the other NBA games scheduled Wednesday. In the others, the Boston Celtics downed the Chicago Zephyrs 121-108 and St. Louis defeated the Los Angeles Lakers 112-98.

Coast League last year. Larry Foster worked the last three innings and allowed two hits while holding the world champions in check.

Colavito's homer followed a hit by Jack Wood and a walk to Billy Bruton. He hit the towering drive off Sammy Williams, the right-hander acquired from the Dodgers for Bill Skowron.
