

Wolves

(Continued from Page 6)
right. For each moose the wolves killed, eight were chased, or "tested." A cow with her calf was usually a tough customer, and the wolves left her.

the letter he said:
"Don Murray, our pilot, came in and said, 'Wolves are howling.' We rushed out and down the hill to the point where you can look across Washington Harbor. There was the reddish glow of northern lights. The wolves were singing to high heaven across the bay. There was one deep basso. A lot of yipping and yapping and something very close to barking. Next morning, there they were curled up on the ice at the mouth of Washington Creek."

a close-up photograph of wolves returning to a kill. It told of wolf-trailing, by plane and on snowshoes.
It had been years since I had heard wolves. I was in a cabin near the Mech cabin on Moskey Basin when I was pulled up, wide awake, at 10:15 p. m., July 24, 1961, by a wild chorus. They seemed to be within a hundred feet of the cabin. Probably they were farther away.

ISHPEMING CITY COUNCIL PROCEEDINGS

Ishpeming, Mich., March 6, 1963.
A Regular Meeting of the Ishpeming City Council was held on Wednesday, March 6, 1963. Mayor Jenkin called the meeting to order at 7:30 o'clock p. m.

BILLS PAID DURING FEBRUARY, 1963

Council Turns Thumbs Down On '63 Exchange Of Mayors

NEGAUNEE — After participating in all but one of the annual swaps since the program was initiated, Negaunee in all probability will not take part this year in the annual Mayors' Exchange Day, a feature of Michigan Week observance.

Council members at their regular March session received and placed on file a communication from John Patriarche, East Lansing city manager, who is chairman of the exchange of mayors committee.

Patriarche in his letter requested that he be notified in the near future if Negaunee would participate in the program, as pairings of communities for the exchange is scheduled for April 10.

In a brief discussion regarding the letter, it was pointed out that, in view of declining valuations which will result in less tax revenues and will necessitate cutting corners all down the line, that the exchange should be eliminated this year as an economy measure.

Negaunee Band To Present Spring Concert March 26

NEGAUNEE — Under direction of Walter L. Daley, the Negaunee High School band will present its annual spring concert at 8 p.m. Tuesday, March 26, in the school auditorium.

Featured as soloists will be Kristine Sune, saxophonist, and Robert Gerndt, cornetist. Gerndt was selected to participate in the honors concert at the annual Upper

Peninsula Solo and Ensemble Festival held recently at Northern Michigan University, Marquette.

Daley also will feature a trombone quartet composed of James Hill, Diane Collins, Dennis Lane and John Williams.

Concert tickets may be purchased in advance from music department students or they may be procured at the door.

Alger Republicans Hear Talk On Constitution By Cudlip

A large number of Alger County Republicans attended a dinner held in the Forest Inn, Munising, at which William Cudlip, candidate for the University of Michigan board of regents and a Wayne County delegate to the Constitutional Convention, spoke on the proposed new state constitution. Pictured at the affair are (left to right) Mrs. William Cudlip; Walter Corey, chairman of Volunteers for Romney; Betty Nybeck, vice chairman; Cudlip; Arthur K. Rouse, member of the board of trustees for Michigan State University; Charles Olson, Alger County chairman, and Clinton Tromater, secretary.—(Hallifax photo).

'Hidden Treasure' To Be Shown At Mission Church

NEGAUNEE — "Hidden Treasure" is the title of a colored sound film which will be shown at 7:30 Thursday night in the Mission Covenant Church.

The 45-minute film reveals the world of the telescope and microscope, bringing to light the magnificent wonders never observed by the naked eye.

The public is invited. There is no admission charge.

Deer Yard Survey Set For Sunday

MUNISING — The Munising-Alger Conservation Club will conduct a deer yard survey Sunday, March 24, for the purpose of checking deer yards for food and general conditions and to explain to persons participating the habits and movements of herds during the winter.

The group will be accompanied by conservation officers and biologists from the Cusino Wildlife Experiment Station in Shingleton.

All interested persons wishing to take part are asked to meet at the clubhouse not later than 1 p.m. A movie will be shown at the clubhouse after the trip, and refreshments will be available.

Alger Board To Set Date For Election

MUNISING — A special meeting of the Alger County Board of Supervisors will be held at 7 p.m. Monday, March 26, in the courthouse, James Knox, chairman, said today.

Purpose of the meeting will be to set a date for a special election to provide matching funds for the \$80,000 grant received by Alger County last week under the Public Works Accelerated Act for construction of a new county jail and sheriff's quarters.

If voters approve the necessary money, work will begin in June and will provide 128 man-months of labor.

Automakers Buying Steel With Eye On August Tieup

CLEVELAND — Automakers and other big users are starting to hedge buy against the possibility of an August steel strike, and smaller consumers are beginning to follow suit, Steel magazine said today.

Market analysts aren't certain how much stockpiling is being done, but they estimate that orders are running about 20 per cent ahead of consumptive. Steel figures user inventories during the first quarter will increase by 950,000 tons. That's only one-fourth the size of the buildup in the first quarter of 1962 (3.7 million tons).

Although many users are planning to hedge, automakers are among the few that have announced their intentions.

How much steel automakers buy in the next few months will, of course, depend on how closely they adhere to their production schedules. They're planning to build about as many cars in the second quarter as they've scheduled for the first (1.9 million), but they'll cut back if there is any weakening

in demand.

Although January and February auto sales exceeded last year's corresponding figures by 13.5 per cent, they trailed production by 217,000 units. Result: Dealer inventories climbed to over one million cars on March 1. That's a 46-day supply at the February sales pace — not excessive, perhaps, but big enough to make steelmakers nervous.

Improving metalworking business and rising seasonal demand from industries like canmaking and construction are also helping the steel market's upswing.

Another Hike In Output
Steel mills are activating furnaces in response to the sharp improvement in demand. Steelmaking has jumped to about 73 per cent of unofficial capacity; around 2,240,000 tons were produced last week. Steel looks for the eighth

consecutive increase in steel ingot production this week.

Scrap is not benefiting from the steelmaking gains. Steelmakers are reactivating blast furnace capacity, planning to use more blast furnace hot metal in their melts. This situation and a heavier flow of scrap because of moderate weather are contributing to a softer market generally. Steel's composite on No. 1 heavy melting steel is unchanged from a week ago at \$28 a gross ton.

Russ To Make More Steel
Steel says top Soviet officials are predicting that Russian steelmakers will turn out 5 per cent more ingot steel in 1963 than they did in 1962 (about \$4.2 million tons).

Oxygen steelmaking is getting as much attention behind the Iron Curtain as it is in the Free World. By 1965, Russia reportedly will turn out 22 million tons of steel annually in oxygen converters. And it's estimated blast furnace productivity is being lifted 15 to 20 per cent by blowing in oxygen-enriched natural gas.

A competitive battle in the U. S. automotive trim market may be

Radio Free Europe Month Proclaimed

ISHPEMING — March has been proclaimed Radio Free Europe Month by Gov. George Romney.

In his proclamation, the Governor called upon Michigan citizens to recognize the achievements of Radio Free Europe and to ensure its future strength by

active support.

Relentless Efforts
"Our efforts opposing Communist propaganda which seeks to complete the suppression of the eastern European nations must be relentless," Gov. Romney said.

"Timely news dissemination and analysis, as well as discussions of cultural and religious subjects enable unlawfully enslaved European nations to view the free world uncensored and to resist domination by foreign powers."

Cohodas On Committee
"Radio Free Europe is an organization which has dedicated itself to advance the cause of freedom and to encourage freedom-loving peoples to persevere in their struggles."

Sam M. Cohodas of Ishpeming is a member of the Michigan Committee for the 1963 Radio Free Europe Campaign.

Butte Horses Are Decent

The recent news stories on "indecent" animals right the children. John McCarthy, 3, Melody prompted these youngsters into action. All three Babcock, 10, Kurt Babcock, 6. The youngsters are ponies are wearing pants front and back. Left to all residents of Butte, Montana. (AP Wirephoto).

Latin Chiefs To Seek U.S. Economic Help

SAN JOSE, Costa Rica (AP)—Cheered by a U.S. pledge to protect their coasts against Cuban infiltrators, six Central American chief executives make individual pleas to President Kennedy today for economic aid to better the lot of their peoples.

Although advocates of drastic action against Fidel Castro lost out, the Latin presidents generally seemed satisfied and joined Kennedy in a seven-nation "Declaration of Central America" which expressed confidence that the Castro regime will fall soon.

Kennedy promised that the United States will tighten its anti-subversion ring around Cuba with more plane and ship protection of Central America's Caribbean coast.

U.S. Socialite Weds Prince Of Sikkim

GANGTOK, Sikkim (AP)—Blessed by snow lions and billions of other deities, American socialite Hope Cooke silently exchanged white silk scarves with the crown prince of Sikkim today and became maharajkumarani, crown princess, of this small Himalayan state on the doorstep of Red China.

The crown prince, 39, a widowed father of three, smilingly helped an aide put a 12-foot white silk scarf around the neck of his 22-year-old bride. She smiled faintly as she watched her second cousin garland her bridegroom, the gold-robed maharajkumar.

Saudi Arabia Jet Crashes; 16 Are Killed

CUENO, Italy (AP)—A jetliner carrying members of King Saud's entourage crashed into a mountain today killing all 16 persons aboard, search officials reported. The Saudi Arabian monarch was not aboard.

Bali Death Toll Reaches 150

JAKARTA, Indonesia (AP)—The death toll in the eruption of Agung volcano on Bali island has reached 150 persons, Indonesia's Red Cross chairman said today.

85 FLY TO CALIFORNIA: Pilot Says He Aged 20 Years In Ordeal

HONOLULU (AP)—Eighty-five passengers and crewmen who sweated—and prayed—during a six-hour, low-level flight on two of four engines flew back to California from Hawaii today.

Airman Sheds 50 Pounds In Only 10 Weeks

(By The Associated Press) Airman Randall S. Brunson of Wright-Patterson Air Force Base near Dayton, Ohio, proved that all it takes is a little willpower—coupled with special diet and exercise—to lose weight.

The Weather

Forecast for Marquette and vicinity — Snow flurries diminishing and turning colder tonight, lows 10 to 15, partly cloudy and a little warmer Thursday, high in the low 30's. Outlook for Friday: Scattered snow flurries and near normal temperatures.

Winter Continues To Hold State In Its Icy Grip On Eve Of Spring

Heavy Rains Pose New Flood Threat

(By The Associated Press) Wild March weather lashed parts of the East today and rising flood waters drove hundreds from their homes in the Midwest and East.

In north central West Virginia, 2 to 3 inches of rain brought a rapid rise in the West Fork, Shavers Fork, Monongahela and Cheat rivers. The body of a partly paralyzed farmer was found in his flooded basement at Buckhannon. He apparently fell into the water and drowned while trying to plug a sewer drain.

NANCY ANNE FLEMING

Nancy Anne To Be Wed On Thursday

LANSING (AP)—Nancy Anne Fleming, Miss America of 1961, will be married Thursday to William Johnson of Okemos. He's a fellow student at Michigan State University.

Snows, Rains Belt Areas Of Michigan

(By The Associated Press) Spring begins officially Thursday, but winter was expected to battle down to the wire today trying to keep its icy grip on Michigan.

The U.S. Weather Bureau forecast continuing snow for the northern portion of the state and freezing rain and hazardous driving conditions around Jackson, Paw Paw and most of the remainder of Southern Michigan.

A&P Cuts Off Sale Of 'Suspect' Tuna

NEW YORK (AP)—The A&P food store chain ordered all A&P canned tuna in its 4,400 stores withdrawn from sale today in the wake of reports of suspected food poisoning, fatal in two cases, in Detroit.

The A&P spokesman here said the company would not recommend housewives take any particular action. "If they take into consideration these reports," he said, "they will probably know how to handle that themselves."

Judges To Certify Rolvaag As Victor

ST. PAUL, Minn. (AP)—A court order declaring Democrat Karl Rolvaag eligible for a certificate of election as Minnesota's governor is to be issued Thursday or Friday by the three-judge panel which supervised the recount of ballots from the Nov. 6 election.

The panel attested a 91-vote lead for Rolvaag Tuesday and turned down a motion by attorneys for Republican Gov. Elmer L. Andersen that the recount findings be thrown out.

Whether to appeal after his attorneys study the judges' order. There could be a delay of several weeks in the final determination if Andersen appeals.

U.S. Opposes Incursions By Cuban Exiles

WASHINGTON (AP)—The United States has put itself on record as being strongly opposed to hit and run commando raids on Cuba by anti-Castro exiles.

On Ratings

TV host Johnny Carson told a House Commerce investigating subcommittee that entertainers, who "live and die" by broadcast ratings, are disturbed because ratings have very little to do with quality of shows. (NEA Telephone photo).

U.S. Losing Reputation For Diplomatic Doubletalk

BY JOHN M. HIGHTOWER WASHINGTON (AP)—The State Department is beginning to lose its reputation for speaking only in diplomatic doubletalk.

Cubans Blame U.S. For Raids By Exiles

HAVANA (AP)—The Cuban government blamed the United States today for the shelling Sunday night of a Soviet freighter in the sugar port of Isabella de Sagua.

Winter's Worst Storm Strikes; 12.5 Inches Of Snow Falls; Wind, Drifting Add To Woes

Marquette's worst storm of the winter had dumped 12.5 inches of snow by noon today, the day before the "official" beginning of spring.

After spring-like weather last week, the heaviest snowfall of the season caught area residents by surprise.

Six inches of snow fell during the worst spell yesterday, which was a six-hour period from 1 to 7 p.m.

However, strong winds created a great deal of blowing and drifting, making visibility bad at all times.

Two to three more inches of snow were expected to fall by tonight, Fred Mueller, meteorologist in charge of the U. S. Weather Bureau in the federal building here, said this morning.

City and county road crews fought continuously last night and today to keep ahead of the storm, but some places, especially those in open areas roads, were filled up with loose snow as soon as they were plowed.

In Marquette, negotiating the downtown hills was almost an impossibility during the worst periods of the storm. This morning two sanders and one plow, and crews were assigned by Public Works Superintendent Howard L. Coppens to work on the downtown hills only.

However, before even getting their cars on the streets this morning, most residents had to tackle hip-high drifts in their driveways.

Snow began to fall at 7:55 yesterday morning and didn't stop this morning. Eight inches of snow fell by midnight last night, two inches fell between midnight and 7 a.m., and another inch and a half fell between 7 and 10:30 a.m.

25-Inch Snow Depth
Snow depth at 10:30 this morning was 25 inches, the greatest depth here this winter.

It was blowing as much as snowing this morning. Northerly winds were around 25 miles per hour in Marquette and the Marquette County Airport in Negaunee Township reported winds averaging 32 miles per hour, with gusts up to 39-MPH.

Visibility averaged one-fourth of a mile during most periods of the storm. At times, the county airport reported a visibility of one-sixteenth of a mile and Marquette had a visibility of one-eighth of a mile.

Special street crews were out all night in Marquette and the day crew went to work at 3 this morning. Coppens said that unless the storm worsened considerably, all city streets would be kept open.

Blowing and drifting made trouble on the outskirts of town, especially on Island Beach Road and on U. S. 41.

Main sidewalks were being cleared, although one sidewalk plow broke down this morning. Crews were able to keep school bus routes open, although heavy traffic, with students on their way to school and people going to work, made street work difficult.

The Marquette County Road Commission reported that all state trunklines were open this morning.

Blowing and drifting created a lot of what road crews call "dirty roads"—roads filled with loose snow.

Main Roads Open
State police reported that all main roads in the Peninsula were open this morning, although some roads were narrow in sections.

In Marquette County, visibility was especially poor along the Lake Superior shoreline and state police said that driving on M-28 between Marquette and Munising was dangerous.

Blizzard conditions were reported in Calumet, where side roads were closed, and in Wakefield.

Roads throughout the Peninsula were snow-covered and slippery, and heavy snow or blowing and drifting were reported from all state police stations except Gladstone and Iron Mountain.

Colder Now
The only other heavy snowfall here this winter was 10.1 inches on Jan. 12, just before the first of the long sub-zero spells began.

It was colder than it is now on Jan. 12, so that there wasn't as much moisture in the snow. The water value of the Jan. 12 accumulation was .68 of an inch, whereas the water value of the 8 inches which fell yesterday was .76 of an inch. Translated into more meaningful terms, this week's snow is heavier and much harder to shovel.

A near-record amount of precipitation for the day fell yesterday. The record amount of precipitation for March 19 is .81 of an inch set in 1943.

The 12.5 inch snowfall brought the total snowfall for the month to 14.5 inches. Normal amount so far this month is about 10 inches.

However, total snowfall for the season is 75.6 inches and the normal amount through today is 87 inches.

Reasons Given
The heavy snowfall resulted from a combination of warm Gulf air and a low pressure system which passed south of the Marquette area last night. When the warm air hit the colder air of the

low pressure area, moisture condensed out in the form of snow. Noting that there were heavier amounts of snowfall along the Lake, Mueller said there is probably some open water in Lake Superior.

He explained that northerly winds passing over the open water apparently picked up moisture, which added to the amount of snow which came from the warm air-low pressure area storm.

More Snow Due
A considerable amount of blowing and drifting was expected to accompany the predicted accumulation of an additional two to three inches today.

Snow flurries were expected to end tonight, followed by partial clearing and colder temperatures. Low tonight is expected to range from 10 to 15 degrees.

Tomorrow is expected to be generally fair, with moderating temperatures in the afternoon. A few flurries and near normal temperatures are expected Friday.

Long-Range Outlook
For the next five days, temperatures are expected to average near normal. Normal high for the five-day period is 36 and normal low is 23. Frequent, but minor, day-to-day temperature changes are predicted.

Precipitation in the next five days is expected to total one-fourth to one-half an inch in occasional but relatively short periods of rain or snow from tomorrow night through Monday.

Escanaban Queried In Car Death
CHARLOTTESVILLE, Va. (AP)—Authorities are checking fingerprints found in a sports car in an effort to learn who was driving it when it ran over a former

Clemson College student 12 miles west of here and raked to the city with the body stuck under the vehicle.

William C. Wolkenhauer, 23, of Escanaba, Mich., owner of the car, was questioned after the car was found abandoned near the University of Virginia.

Wolkenhauer, a graduate student at the University told officials the last time he saw the car was when he parked it Monday night in a parking lot next to Memorial Gymnasium. It was found about a quarter of a mile from the gymnasium lot Tuesday.

The dead youth was James Patrick Akins, 19.

Officers said Akins and Barry Mawyer, 19, had been driving on U.S. 250 Tuesday when Akins apparently lost control of the car and hit an embankment. Mawyer was not hurt.

Merlin Durham, who saw the accident, said Akins was thrown from the vehicle onto the highway. He said the red sports car then struck the youth and sped on without slowing down.

A. Guidebeck Dies At 52

Avert A. Guidebeck, 52, of 126 Fisher St., was pronounced dead on arrival yesterday afternoon at St. Mary's Hospital.

Born Dec. 17, 1910, in Michigan, Mr. Guidebeck was a lifelong resident of this area, with the exception of 20 years he spent in Adrian, Mich. He had been employed as a cook at Wahlstrom's Restaurant.

He was a member of St. John's Church.

Survivors are his wife, Helen; three sons, Ronald Patrick, Detroit, and Terrence and Michael, Marquette; a daughter, Judith, at home; his mother, Mrs. Rachel Guidebeck, Marquette; four brothers, Thomas, Negaunee; Joseph, Milwaukee; Walter, Albuquerque, N.M.; and Gert, Kenosha, Wis.; four sisters, Mrs. Albert (Jennie) Pearson, Peru, Ind.; Mrs. Peter

daughters, Mrs. Flora Lindholm, Carlshend; Mrs. Myrtle Kangas and Mrs. Edna Seefeld, Kiva, and Mrs. Gladys Rivord, Christmas; one son, Harold Blohm, Kiva; six grandchildren and seven great-grandchildren. Her husband died Dec. 13, 1955.

The body was taken to the Swanson Funeral Home. Funeral arrangements are incomplete.

Mrs. Blohm, Lifelong Area Resident, Dies

Mrs. Chris (Eda W.) Blohm, 88, Kiva, died at 10:10 last night in St. Luke's Hospital, where she had been a patient five days.

Mrs. Blohm was born March 26, 1874 in Green Garden, and was a lifetime resident of this area. She was a member of St. Paul's Lutheran Church, Green Garden.

Mrs. Blohm is survived by four daughters, Mrs. Flora Lindholm, Carlshend; Mrs. Myrtle Kangas and Mrs. Edna Seefeld, Kiva, and Mrs. Gladys Rivord, Christmas; one son, Harold Blohm, Kiva; six grandchildren and seven great-grandchildren. Her husband died Dec. 13, 1955.

The body was taken to the Swanson Funeral Home. Funeral arrangements are incomplete.

600 Water Lines In City Frozen During Winter; 10 In Week

Frozen service lines haven't created a big problem in Marquette this week, but residents are still being asked to let water run to prevent more freeze-ups.

Water department crews have been called to only two "thaw jobs" so far this week. However, with 10 frozen lines reported last week, Marquette has had 600 "freeze-ups" this winter.

Residents may be asked to let water run continuously until mid-April, Merrill W. Froyne, water department superintendent, said today.

Only Normal Charge Made
In cases in which water bills are higher than normal because of continuously running water, residents will receive a bill which is

an average of the bills for the past several months, Froyne said.

In general, the resident is not charged for the first "thaw job" done by water department crews.

If a second freeze-up is decided to be caused because the resident carelessly allowed water to run, the resident is billed for the second thaw.

Froyne added that although frozen lines have not been a problem this week, the water department has been pestered by leaks in service lines.

A leak was repaired Monday on Wilkinson Ave., another was patched up yesterday at the corner of Third St. and Hewitt Ave., and crews were out working on a third, on Wilson St., yesterday morning.

Dr. Fred C. Sabin (center), Marquette, chairman of the Marquette County Republican Committee, is shown with Ink White (left), Lapeer, editor-publisher of the Clinton County News and Republican candidate for University of Michigan Board of Regents, and Arthur G. Elliott Jr., Bloom-

Three Republican candidates for state offices in the spring election scheduled for Monday, April 1, are shown discussing the progress of the campaign with Howard B. Lehto (second from left), Negaunee, former Negaunee mayor and former GOP candidate for state representative. From left are James F. O'Neill, Livonia, Republican candidate for State Board of Education member; Lehto; Circuit Judge Richard G. Smith, Bay City, GOP-nominated candidate for Michigan Supreme Court justice, and

Storm Fails To Halt GOP Rally; Candidates Back New Constitution

That "belated St. Patrick's Day storm" which hit the Upper Peninsula yesterday failed to dampen the enthusiasm generated for the appearance in Marquette County of four Republican-nominated candidates for offices in the spring election.

Despite the poor visibility, due to the blinding snowstorm, which caused a change in their plans, the candidates managed to make it through to Marquette County and were greeted by upwards of 70 persons here — a big turnout considering the weather.

All four gathered at the Marquette County Airport in Negaunee Township, where they were supposed to have arrived from Houghton by private plane, but where they were driven from Iron Mountain (by Ralph Huhtala, Iron Mountain, U. P. finance chairman for the GOP), due to the planes being grounded by the storm.

State Chairman Here
There they taped talks for

WDMJ, The Mining Journal radio station, and other radio stations, following which they appeared on television.

The four GOP candidates, along with the state Republican Party chairman, Arthur G. Elliott Jr., Bloomfield Hills, went to Ishpeming for a dinner meeting and thence to Marquette for a rally, held in the Clifton Hotel, in the evening.

Arthur K. Rouse, Boyne City, GOP candidate for Michigan State University Board of Trustees, who was in the U. P. for the Peninsula inaugural of Gov. George Romney last month, and William B. Cudlip, Detroit, an Iron Mountain native and University of Michigan Board of Regents GOP candidate, were scheduled to be in the county yesterday afternoon but were unable to make it when their plane was grounded in Traverse City.

Remaining for the evening rally in Marquette, in addition to Elliott, were Ink White, Lapeer, the Republicans' other candidate for University of

Michigan Board of Regents; Dr. Raymond N. Hatch, East Lansing, GOP candidate for state superintendent of public instruction; James F. O'Neill, Livonia, Republican candidate for State Board of Education, and Circuit Judge Richard G. Smith, Bay City, and GOP-nominated candidate for Supreme Court justice.

The four candidates attended meetings in Iron Mountain earlier in the day, but were forced to cancel the appearances scheduled in Houghton due to the storm. From Marquette the group drove to Traverse City, where they were scheduled for campaign appearances today.

Message From Governor
Dr. Fred C. Sabin, Marquette, Marquette County Republican Committee chairman, was in charge of arrangements for the candidates' appearances here last night and he and Elliott were masters of ceremonies for the rally.

At the opening of the rally, Dr. Sabin read a telegram from Gov. Romney, who said he was sorry his schedule did not permit him to join in the rally here.

"In absentia," Gov. Romney told Dr. Sabin, "may I lead you all in a pledge of determination to work together in the Republican Party to elect a capable state of candidates and to approve overwhelmingly a new constitution that will take

Michigan out of the horse and buggy age and put state government into the 20th Century."

Another message was read from Stephen Nisbet, Fremont, the other GOP candidate for Michigan State Board of Trustees, who was unable to come here due to an illness.

"My best wishes at your meeting in the Northern Peninsula," Nisbet said. "I wish I could be with you." Nisbet served as a con-con delegate from the 26th Senatorial District and was president of the convention.

New Constitution Comments
General theme of the candidates speaking at the rally centered around the constitution, which all of them backed, although some touched on other issues in the campaign.

Ink White's Comments
White asserted that providing higher education for all young people in Michigan who qualify for it has become one of the state's most critical problems.

"Cooperative effort among all agencies and institutions involved is necessary to achieve a coordinated program which can assist in the solution of this problem," he said.

White believes Gov. Romney's proposal for a broad-based citizen's study committee to recommend basic policy in higher education will help focus public attention on this issue and "can result in significant long-range decisions

for improvement of faculty, curriculum and facilities."

Overall Planning Noted
He added that "the new constitution, with its provision for an enlarged State Board of Education, promotes overall educational planning."

"The proposed eight-member elected board would be responsible for leadership and general supervision of public education. Overall planning should also be helpful in eliminating unnecessary duplication of costly facilities."

White also believes autonomy of individual boards of institutions of higher learning should be preserved and they should continue to control and direct the expenditure of their funds.

"Expansion of community and junior colleges should be encouraged and they should continue to be operated by locally-elected boards," White asserted. "The

new constitution recognizes these colleges and provides for them in a special board empowered to advise the state as to general supervision, planning and appropriations."

James O'Neill's Remarks
O'Neill said he is seeking election because of the new constitution, which he believes is an improvement over the old "from A to Z," and that the educational section alone is worth a "yes" vote because it will take the superintendent of public instruction out of partisan politics.

"No longer will a candidate for a top educational post have to first pledge his allegiance to a political party or special interest group within a party," O'Neill said.

"Under the new constitution the State Board of Education will be able to hire the most competent educator whose only allegiance

will be to improve the state's educational system.

"The new constitution is better than our country's original constitution because it contains a bill of rights which our original constitution did not."

O'Neill said the new constitution should be particularly appealing to women voters, since they had an opportunity to assist in developing it as well as voting for it, neither of which was available to them in 1908 (when the old one was adopted).

Dr. Raymond Hatch's Talk
Hatch declared there "is unparalleled opportunity ahead for educational progress in Michigan under effective leadership. There is no question in my mind that the educational provisions of the proposed constitution give Michigan the tools necessary to provide full educational opportunity for children and youth of today."

Enlargement of the State Board of Education and eventual appointment, rather than election, of a state superintendent, gives force to the long-sought goal of progress, not politics, in education, Hatch asserted.

Hatch said the Public Instruction Department should be in the forefront in the development of an aggressive research program into such questions as school construction, effective curricula, teaching methods and other pertinent subjects.

"Information obtained through such research should be made available to local school officials to be used as they see fit in their service to the people," Hatch said. "Such a program will be of inestimable benefit through potential savings and a more effective school program."

'Opponent Against NMU Board'
Hatch said the present school-aid formula is a complex hodge-podge which serves neither the schools nor the public well. The formula should be simplified and made more workable, he said.

Hatch charged that because his opponent (Democrat Dr. Lynn M. Bartlett of Grosse Point Woods) is opposed to the new constitution, his opponent is "opposed to a board for Northern Michigan University, insuring pensions for teachers, taking politics out of the public instruction office, and saving tax dollars for education by the estab-

Six Called For Draft Examinations

Six registrants with the Marquette County Draft Board will be called next month for pre-induction physical examinations next month under terms of the 1943 Selective Service Act.

The official notice for the pre-induction call has been received by the county draft board office here and notices of pre-induction are being sent out this week to registrants who will be taking their physical examinations next month.

Previously, the official induction call for April was announced. Only one county draftee will be inducted into the Army. It will be the 154th draft call.

The pre-draft call will be the 156th for the county.

Both the draftee and pre-inductees are to leave on Tuesday, April 2, for the regional examination and induction center in Milwaukee by bus from Marquette.

Establishment of a coordinating board for all education."

Judge Richard Smith's Points
Smith said he favors passage of the new constitution because:

1. It takes a positive step in the direction of judicial independence. The new document will mean members of the court need no longer appeal to partisan in-laws for nominations; an incumbent may file for re-election by merely filing an affidavit.
2. Michigan has during the past recognized advantages of an administrator in expediting work of its courts, and the new constitution gives recognition to this office and clearly spells out the source of its authority, providing a modern method of court administration, which is essential to good government.
3. Under law, a citizen convicted of a crime has no appeal as a matter of right, only as a matter of grace, but the new constitution guarantees the accused at least one appeal, in a provision "which is additional protection to each citizen accused of crime."

Jeep drives ahead with two NEW HISTORY MAKERS!

'JEEP' WAGONEER — the first station wagon ever built to offer the comfort, speed and smoothness of a passenger car plus 4-wheel drive traction and safety. ■ The 'Jeep' Wagoneer is the only American car with an overhead camshaft engine as standard equipment. It's the first and only 4-wheel drive station wagon with optional automatic transmission and independent front suspension. It has the most usable cargo space . . . both high and wide. Also available in 2-wheel drive models, both with choice of 2-door and 4-door body styles.

JEEP' GLADIATOR — First 4-wheel drive truck to offer passenger car smoothness on the highway, sure-footed 'Jeep' traction off the road. All new overhead camshaft engine. The only one in any American truck. The 'Jeep' Tornado-OHC produces higher torque at lower engine speeds, uses less fuel, needs less servicing than comparable conventional engines. ■ All 'Jeep' 4-wheel drive with simplified controls — just one 4-WD shift lever. Unique dashboard signal lights eliminate gearshift guesswork. And you can have automatic transmission — the first on any 4-WD truck. ■ The Gladiator comes in two series: J-200 with 120-inch wheelbase and 7-foot box, J-300 with 126-inch wheelbase and 8-foot box. Choice of body styles, with GVW's from 4,000 to 8,600 pounds.

Equipment Bids Under Study By City's Board Of Education

Bids for built-in equipment in the Marquette Senior High School were opened recently by the board of education and are now under study.

Bids were opened for food service equipment, science laboratory equipment, arts and crafts and homemaking equipment, and gymnasium seating.

Superintendent of Schools Henry J. Bothwell said that contracts will be awarded by the school board in two or three weeks, following a study and report by Architect Malcolm Williams, Warren S. Holmes Co., Lansing.

The educational specifications made by the high school staff include teachers' recommendations for built-in equipment.

The architect's study will involve visits to schools which have installations of the type of equipment named in the opened bids.

Gov. Romney Defies U.S. Over ADC-U

LANSING (AP) — Gov. George Romney is defying federal officials who have called his ADC-U bill "discriminatory."

Romney fired off a tough-talking telegram to Anthony J. Celebrezze, secretary of health, education and welfare, announcing the bill had been passed, that he intended to sign it and asking clarification of reports that Michigan might be denied the aid benefits.

The legislature, at the urging of Romney, Tuesday passed the bill to bring Michigan under the federal program for aid of children of the unemployed.

Wilbur Cohen, assistant secretary of welfare for legislation, had said he would recommend the Michigan aid be denied because it was discriminatory.

Cohen, a former University of Michigan professor, complained the Romney-backed measure would exclude persons not covered by unemployment insurance, domestic workers and farmers.

Romney declared the issue is whether the legislators of the separate states have the authority to define eligibility for aid. He said the law is very clear on this point.

The Governor cited a phrase in

Circuit Court Arraignments Set Thursday

Three criminal arraignments will be held in Marquette County Circuit Court tomorrow at 1:30 p.m. The arraignments will alleviate an already full docket for the regular May jury term of circuit court.

Defendants Listed

Expected to appear in the county courthouse here before Judge Bernard H. Davidson, Negaunee, are:

Kenneth Roger Taube, Houghton, charged with breaking and entering in the nighttime; and George LaBeau and Duane Anderson, both of Ishpeming, charged with breaking and entering in the nighttime. All three are being held in the Marquette County Jail in lieu of bond.

Judge Davidson was installed as judge of the 25th Judicial Circuit here March 1. He was appointed by Gov. George Romney Feb. 7 to fill the unexpired term of the late Carroll C. Rushton.

A regular term of circuit court was opened Feb. 11, with Judge Philip J. Glennie, Alpena, presiding.

Other regular terms this year will begin the first Monday of May, the second Monday of September and the first Monday of December.

Delta County also is in the 25th Judicial Circuit, with four regular terms held each year in that county.

City Appeal Board Meeting Scheduled At 7:30 Tonight

A meeting of the Marquette Board of Appeals will be held in the city hall beginning at 7:30 tonight.

The appeal board rules on requests for exceptions to the city zoning ordinance. Decisions are rendered by a simple majority vote of the five-member board.

To be heard tonight is the appeal of Don M. Pearce, for the First Methodist Church Building Committee, to build an educational unit east of the existing church in John Burt's Addition, and requesting a variance from the city code.

More than 25 exhibits were on display in the various laboratories. Johnson was initiated into the Engineering Knights, an engineering honor society, at a dinner following the open house.

Marquette City Commission Proceedings

A Regular Meeting of the Marquette City Commission was duly called and held Monday, March 11, 1963 at 7:00 o'clock p.m.

Present: Mayor Smith, Commissioners, Carlson, Fine, Johnson, Rydholm.

Absent: None.

On motion of Commissioner Rydholm, supported by Commissioner Johnson and unanimously adopted the reading of the minutes of the previous meeting was waived.

On motion of Commissioner Johnson, supported by Commissioner Fine and unanimously adopted the bills payable now on file with the City Clerk totaling \$107,404 which includes the net payroll of the City in the sum of \$37,719.78 and the net payroll of the Peter White Public Library in the sum of \$3,070.77, were approved and ordered paid.

A communication from L. Van Tassel, Comptroller, Northern Michigan University was read wherein that organization petitions the Commission to vacate Eighth Street from Fair Avenue to Tracy Avenue. Following a discussion on this matter it was moved by Commissioner Carlson, supported by Commissioner Rydholm and unanimously adopted that the City Commission go on record as favoring the closing of Eighth Street and directed the City Clerk to start the necessary legal action in this matter.

City Clerk Everett H. Kent informed the Commission that the vehicle has been delivered for use in the Public Works Department and that it would be in order to adopt a resolution at this time to finance this purchase. On motion of Commissioner Fine, supported by Commissioner Johnson and unanimously adopted the Commission concur in the recommendation of the City Manager and that the Mayor and City Clerk be authorized to enter into and sign a promissory note in form as submitted by the City Manager and approved by the City Attorney in favor of Ted Fulsher Motor Sales in the sum of \$18,900.00 for the purchase of a 1963 Walter Cab and Chassis, Model #9835.

City Clerk Everett H. Kent informed the City Commission that the fire truck purchased in August of 1962 has now been delivered by the Howe Fire Apparatus Company and it would be in order to adopt a resolution to cover the financing of this piece of equipment. On motion of Commissioner Rydholm, supported by Commissioner Johnson and unanimously adopted the Commission concur in the recommendation of the City Manager and that the Mayor and City Clerk be authorized to enter into and sign a purchase agreement and a promissory note in form as submitted by the City Manager and approved by the City Attorney in favor of Howe Fire Apparatus Company, an Indiana Corporation, in the sum of

Marquette City Commission Proceedings

\$20,400.00 for the purchase of a Howe Model HR-102 Triple Combination Fire Equipment, mounted on an International Truck Chassis, Serial No. FD17232, Motor No. 51542, Howe Serial No. 11313.

A communication from Robert E. Fryer, Director, Michigan Municipal League was read wherein he encourages the Commission of the City of Marquette to adopt a resolution to support the selection of the City of Detroit as the site for the 1968 Olympic Games. On motion of Commissioner Carlson, supported by Commissioner Rydholm the following resolution was unanimously adopted:

WHEREAS, Detroit is bidding to be the United States' entrant as the site to hold the 1968 Olympic Games, and

WHEREAS, the United States Olympic Committee has seen fit to reconsider its bid, and

WHEREAS, this reconsideration is a reproach not only to the City of Detroit but to the great State of Michigan, and

WHEREAS, we the members of the City Commission of Marquette, Michigan recognize the advantages to all the citizens of this state in having the Olympic Games held in Detroit;

THEREFORE, BE IT RESOLVED, that the members of the City Commission of Marquette, Michigan, support Detroit's bid for the 1968 Olympic Games and urge all other organizations, individuals and communities of our great state to join us in this effort.

A communication from Walter M. Noack, Director of Enforcement, Michigan Liquor Control Commission was read wherein he informs the City Commission of a request received by that Department for the transfer of ownership of a 1962 Class C Licensed business located at 239 W. Washington Street in Marquette, Michigan from Ann Pompa to Robert James Carlson. On motion of Commissioner Fine, supported by Commissioner Rydholm, supported by Commissioner Johnson that the following resolution be unanimously adopted:

RESOLVED, that the City of Marquette confirm the agreement with the Board of County Road Commissioners of Marquette County made on February 16, 1963 and that the City share in the cost of the portion of the improvement of County Road 553 not paid for Under Federal Aid Secondary Program, but not to exceed \$20,000.00.

The Commission discussed the matter of students hitch-hiking in the north part of the City. Chief Hermanson explained that this was an illegal act and arrests could be made to stamp out this practice.

There being no other business before the Commission at this time, meeting adjourned.

EVERETT H. KENT
City Clerk

NOTICE OF SPECIAL ELECTION

TO THE QUALIFIED ELECTORS OF THE COUNTY OF MARQUETTE, STATE OF MICHIGAN:

Notice is hereby given that the Board of Supervisors of Marquette County has determined that it is necessary to raise an additional five (5) mills each year for general county purposes, for a period of five (5) years from 1963 to 1967 inclusive.

Notice is hereby further given that a special election will be held in all townships, wards, cities, election districts and precincts in Marquette County, State of Michigan, on Monday, April 1, 1963, from 7:00 A. M. until 8:00 P. M. Eastern Standard Time, to vote on the following proposition:

Shall the limitation on the total amount of taxes which may be assessed against property in the County of Marquette, State of Michigan, for all purposes, except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1952, be increased by two (2) mills for general county purposes only, for a period of five years from 1963 to 1967, inclusive?

LLOYD LAVASSEUR
Marquette County Clerk

CERTIFICATE OF COUNTY TREASURER OF MARQUETTE COUNTY

The Undersigned, County Treasurer of Marquette County, Michigan being the County in which the local units listed below are situated hereby certifies that the total of all voted increases over and above the tax rate limitation established by Section 21, Article X of the Constitution of Michigan, in any local units affecting the taxable property located in said city or township is as follows:

Plans Announced For July 4th Event Here

Plans for a gala Fourth of July celebration here were outlined today by William Gray, chairman of the Fourth of July Booster Club of Marquette.

The July 4th booster club was formed in response to public sentiment in favor of an Independence Day observance, Gray said. Marquette has not had a Fourth of July celebration in the past several years.

The booster club is operating under the support of both the Marquette Chamber of Commerce and the Marquette City Commission, he said.

60-Unit Parade Planned
During the first week of April,

Fourth of July booster buttons will be sold by the chamber of commerce and members of the booster club. Funds from the button sale will support the celebration, Gray said.

Fourth of July plans include a parade with approximately 60 units, a large fireworks display, circus acts, a children's program, and the ringing of "Freedom Bells."

Persons who are interested in joining the booster club have been asked to contact Gray through the chamber of commerce office.

"We plan to put on a program that the people of Marquette will thoroughly enjoy and be proud of," Gray stated.

Attendance At MSU Meetings In U.P. 200,800 In 1962

Speaking to the directors of the Marquette Chamber of Commerce yesterday, Dr. Albert S. Mowery of Marquette said 200,800 persons attended meetings conducted last year by extension staffs and Michigan State University specialists in the Upper Peninsula.

Dr. Mowery, district extension director for MSU, appeared at the invitation of the directors as part of a program instituted by Chamber President Harlan F. Larson to acquaint the directors with the diversity of organizations and activities within Marquette.

Wide Variety Of Subjects
Dr. Mowery, pointing out that a percentage of people attended more than one session because of the nature of the training, emphasized that trained leaders conducted meetings attended by 104,997 persons.

Asked by the chamber's board of directors to report on MSU's U.P. program, Dr. Mowery said the meetings and workshops were conducted by county agents and by specialists in forestry, horticulture, botany, political science, education, urban planning, tourism, fish and wildlife, marketing, 4-H programming, agricultural economics, farm crops, soil science, animal husbandry, poultry science, dairy, veterinary medicine, home management and child development, foods and nutrition, textiles and clothing.

The major fields of service are agriculture, home economics and family living, 4-H Clubs and youth work, consumer marketing and community development.

Emphasizing that it has been found impractical to base many highly trained specialists in the U.P., Dr. Mowery said most of the MSU specialists commute from campus to meet peak requests. Many U.P. counties coordinate their requests for service so the specialist can stretch his travel budget, he said.

94 Specialists Visited U.P.
In the past year, 94 different specialists have made a total of 122 trips and spent a total of 390 days in the U.P., Dr. Mowery reported. "The total cost for travel and salary apportionment was less than it would cost to keep three professors in the U.P. full-time," he said, noting the advantages of having the selective services of a broad variety of specialists.

"Because of the nature of the U.P. population pattern, the 14 county offices make maximum use of mass media," the district director said, in reporting that agents last year wrote over 2,300 newspaper articles, produced over 1,900 radio programs and distribu-

ted 78,562 educational publications.

Because of the implications to the greater Marquette trade area, the chamber had asked for a report on the overall U.P. program. In a separate review, however, Dr. Mowery listed district events with which the MSU Center has been associated.

Over 6,500 attended 51 such district events — over one-third of which were held in Marquette.

Local Leadership Used
"I hesitate to emphasize statistics," Dr. Mowery told the chamber leaders. "We must think in terms of the effect educational experiences have on the individual and the community. And we must think in terms of extending limited educational resources by developing leaders within the community." Dr. Mowery cited the Upper Peninsula's 1,133 volunteer adult 4-H leaders as a good example of a system for multiplying educational resources through maximum utilization of local leadership. "The Cooperative Extension Program," he explained, "is jointly guided and jointly financed by county, state and federal agencies."

President Larson expressed appreciation for Dr. Mowery's presentation and for "what the extension service has meant to Marquette culturally and economically. We hope we shall have the privilege of working with the extension service for many years to come."

State Police Ticket Driver In Collision

Three automobiles were damaged, and a motorist was given a ticket, but no one was hurt, in a pair of area traffic mishaps reported today by state police from the Marquette post.

Another driver was ticketed by state police in a collision which took place yesterday in Michigamew Township (see story on Page 18). Reports on this area's collisions follow:

At 1:20 yesterday afternoon a car being driven north on County Road 553 by Hilmer J. Olson, 19, K. I. Sawyer Air Force Base, went out of control when it came over a hill and spun around on the roadway, crashing into a snowbank on the left side of the highway, two miles north of County Road NL, in Sandis Township.

Speed Law Violation
Olson told officers he slowed down and lost control of his car, which turned over. The top and both sides of his 1959 coach were damaged and he removed the vehicle from the scene.

State police ticketed Olson for a speed law violation.

An automobile being driven south on U.S. 41 by Keith D. Kilborn, 19, Ann Arbor, was involved in a mishap with a car operated by Elwin Lamirand, 25, Route 1, Box 669-B, Marquette, at County Road BAB in Chocoley Township at 9:30 last night.

State police said Lamirand reported he signaled for a right turn and slowed down before beginning to turn. Kilborn said he thought Lamirand was going to turn left and went to his right to pass him, and that he didn't see the right-directional signal go on until he had begun to pass.

The right side of Lamirand's 1962 small, foreign model car and the left front of Kilborn's 1957 sedan were damaged. Both cars were removed from the scene by their drivers.

Wage-Hour Vote Due In Committee

LANSING (AP) — Proponents of a state minimum wage bill looked hopefully today for the key vote that could dislodge such a measure from the Senate Labor Committee and send it to the floor for a vote.

Under pressure of today's legislative deadline for reporting bills out in the house of origin, the six-member committee closed out hearings on the controversial measure by listening to the same familiar arguments of past sessions.

Minimum wage proposals have been introduced in every session in recent years but usually were killed in committees.

Sen. Robert VanderLaan, R-Grand Rapids, chairman of the Senate Labor Committee, said a decision would be made today on whether to report out the bill or let it perish.

The last hope for minimum wage enactment lay in the Senate after Rep. Riemer Van Til, R-Holland, reported his House Labor Committee had killed all three of the proposals it has been considering.

VanderLaan said it was possible, however, one of the House bills — calling for a \$1 minimum wage and presumed to be the version favored by Gov. George Romney — might be substituted for the Senate bills.

All spokesmen for a minimum wage said they preferred a bill that would furnish a floor of at least \$1.15 — in line with the federal minimum wage — and make few exceptions.

Words against such a law were addressed to the committee by Otis Cook, representing the Michigan Retailers Association, and George Bashara Sr., a Detroit attorney, speaking for the Car Washers' Association.

Marquette's Debts Climb 13 Per Cent; Highest In Peninsula

Marquette's bank debts went up 13 per cent last month, and again were the highest for any of the 20 Upper Peninsula cities listed in the bulletin of the Federal Reserve Bank of Minneapolis.

Marquette debts in February totaled \$16,298,000, compared to \$14,460,000 a year ago. For the January-February period, bank debts in Marquette amounted to \$35,147,000, or eight per cent more than the \$32,435,000 total for the first two months of last year.

Second high bank debt total among U. P. cities listed in the bulletin was \$13,717,000, for Escanaba, a rise of two per cent over the year ago total.

For the 20 cities in the U. P., the combined bank debt figure for February was up three per cent, to \$11,339,000 last month, and for the year the total was up a fraction of a per cent, to \$24,887,000, from \$24,764,000.

Ishpeming, Negaunee Totals

Ishpeming's bank debts soared 22 per cent last month, to \$6,580, while its totals for the year climbed eight per cent, to \$14,465,000, from \$13,354,000.

The reverse occurred in Negaunee, where debts plunged 22 per cent, to \$2,797,000 in February. For the year Negaunee's debts are down 15 per cent, to \$7,738,000, from \$9,088,000 a year ago.

Debts for L'Anse are down two per cent for the month, to \$2,279,000, while its two-month total is up two per cent, to \$5,134,000, from \$4,911,000 a year ago.

Munising's debts for February were off one per cent, at \$1,932,000, while its 1963 total is three per cent less, at \$3,898,000, from \$4,063,000 a year ago.

Checks Against Accounts

Bank debts for the most part are checks against depositors' accounts and thus represent payments for goods, services, debts, etc., but they also include transfers of funds which of themselves have no business significance.

Bank debts include all debts against demand deposit accounts of individuals, partnerships, corporations, and states and political subdivisions; and payments from escrow and trust accounts.

Bank debts do not include debts to deposit accounts of banks, the United States Government, the postal savings system, and time and savings accounts, neither do they include debts in settlement of clearing-house balances, payments of certificates of deposit, cashiers' and certified checks, charges to expense and miscellaneous accounts and similar charges.

U. P. Figures Told

Totals for the U. P. cities, as reported by the federal reserve bank, listing the February 1963 amount against the corresponding figure a year ago, follow:

City	Feb. 1963	Feb. 1962
Calumet	\$ 5,221,000	\$ 4,883,000
Crystal F.	1,724,000	1,839,000
Escanaba	13,717,000	13,415,000
Hancock	4,407,000	4,586,000
Hermansville	660,900	653,000
Houghton	6,558,000	5,214,000
Iron River	10,805,000	9,721,000
Iron River	4,913,000	4,931,000
Stam.	5,941,000	6,206,000
Ironwood	6,580,000	5,414,000
Ishpeming	6,580,000	5,414,000
L'Anse	2,279,000	2,314,000
Lake Lin.	853,000	918,000
Manistique	3,626,000	3,337,000
Marquette	16,298,000	14,460,000
Menominee	6,759,000	6,531,000
Munising	1,932,000	1,942,000
Negaunee	2,797,000	3,577,000
Norway	2,635,000	2,321,000
S. S. Marie	11,339,000	11,033,000
Total	\$109,042,000	\$103,495,000

Three nations have held Fort Niagara at one time or another—France, England and the United States.

U. P. Tourism Boosted At Milwaukee Show

Upper Michigan tourism was given a boost at the Milwaukee Sentinel Sports and Vacation Show, which opened recently at the Milwaukee Arena and Auditorium. More than 45,000 persons attended the show during the weekend, and the event closes next Sunday. Manning the U. P. booth, promoted by the Upper Michigan Tourist Association, which has its headquarters in Marquette, are, from left, Donald Swank, Eagle River; Ken Dorman, association executive director; Mrs. Dorothy M. Roy, Hancock; Mrs. Ray Newman, Rapid River; Ernest Werth, Iron Mountain; Leo Roy, Hancock; Walter Lewke, Escanaba; Chief Herbert Welsh (Tatank Iyotake Hoksila), L'Anse, of the Chippewa tribe; Jack C. Berg, president of the Escanaba Chamber of Commerce, and Mrs. Donald Waters, Rapid River. Show Director Charles D. Collins said the resort and vacation section of the show is the largest display of travel exhibits ever to be seen in Wisconsin.

Jack Pine's Seeds Resist Fire Damage

The newest research publication offered by the Lake States Forest Experiment Station is "Seed Stored in Cones of Some Jack Pine Stands, Northern Minnesota." It was written by Eugene I. Roe, a U. S. Forest Service scientist.

This paper discusses nature's hedge against forest fire—the seed that is stored sometimes as long as 25 years in jack pine cones.

Have Resinous Seals

The jack pine, over much of its range, produces cones that retain their seeds and stay in the tree for as long as the tree is alive and standing. When fire sweeps through a jack pine forest, the heat melts the resinous seals on the cone scales without damaging the seeds. By the time the scales have opened enough to release the seeds, the fire has cooled to embers and ashes. The seeds, still living, drop to earth and start a new forest.

The only variable in the above formula is the length of time that a seed can remain alive in a cone. Can it live indefinitely or is it influenced by external factors? Can a forester manage his jack pine stands to ensure living seeds for a longer period of time? Is there any need for him to do this? These

are important questions that the new research paper is geared to answer.

The experiment station is a research facility of the Forest Service, U. S. Department of Agriculture. With headquarters in St. Paul, Minn., the station has laboratories and experimental forests in four states, including those in the Marquette area.

Beach Resorts Ready To Cope With Students

During Easter Week two years ago, mob violence broke out in the Florida resort city of Fort Lauderdale. Thousands rioted in open rebellion against authority. Police used clubs and high-pressure hoses to put down the melee. Three hundred were arrested and stuffed into jail cells.

The rioters were not criminals, nor political agitators. They were not men driven mad by hunger, nor the oppressed infuriated by injustice.

They were college students, from good homes, and they had gathered in Fort Lauderdale for

a vacation from classes.

Son Of City Residents Given Post In East

Thomas L. Thompson, son of Dr. and Mrs. Robert S. Thompson, 804 W. Magnetic St., has accepted a position with the Armstrong Cork Co., of Lancaster, Pa., and has entered the firm's floor division sales training program.

Thompson, one of 56 new employees representing 52 colleges and 20 states, attended a one-week introductory program which outlines the history organization and general policies of the company. Armstrong is a producer of flooring products, building materials, packaging materials and industrial specialties.

Thompson is a graduate of Denison University, Granville, Ohio. He received his bachelor of arts degree in speech in 1959 and served three years in the U. S. Marine Corps.

Representation Most Critical Issue In Con-Con Controversy

By GENE SCHROEDER

LANSING (AP) — "The new apportionment section... will give Michigan one of the most representative legislatures in the country." — Gov. George Romney, a Republican.

"The proposed legislative apportionment does not provide even one house on a population basis. The language and formula for apportionment is obscure and unclear." — Former Gov. John Swainson, a Democrat.

"It is highly doubtful whether the experts on government and the political process... can ever reach an agreement as to the ingredients of an ideal system of legislative apportionment." — Inter-University Faculty Committee on Constitutional Revision, non-partisan.

Even Educators Disagree

The committee, composed of 31 professors from six Michigan colleges and universities, says the question of whether or not the people are given fair and equitable representation is probably the most critical issue in the controversy over Michigan's proposed new constitution.

Even among the educators, mainly political scientists, there were differences of opinion on how the revised constitution meets the equitable representation issue.

Some felt the document falls short of the objective, others believed it comes sufficiently close to it.

Issue Over Senate

Major bone of contention between the opposing viewpoints is the apportionment plan for the Senate.

Republicans say it gives consideration to areas of the state where sparsity of population seriously impairs effective communication between a legislator and his constituents.

Democrats contend the proposed formula giving 80 per cent weight to population and 20 per cent to area equates 19 acres with one human being and is intended to insure Republican control of the Senate.

Good And Bad Points

The analysis prepared by the Inter-University Committee says there are both good and bad points about the 80-20 formula.

"On the negative side it must be said the claim that the plan is based 80 per cent on population and 20 per cent on area is only true for the state as a whole. In any given county, the entitlement to senatorial representation may vary widely," the committee reported.

The educators said it must be recognized the plan will not provide straight popular representation and is not designed to do so.

Trend Inexorably Upward

The committee said it also should be noted that since the state's area remains constant, the only factor that can change senatorial apportionment is a shift or change in population.

"Since the population trend at this point appears to be inexorably upward, and since the growth rate of the more populous county is greater than that of most small counties, their entitlement to senatorial seats will be bound to increase over time," the educators explained.

House Apportionment

The revised constitution's apportionment formula for the House has not come in for the intensive criticism leveled by the Democrats at the Senate plan. But they point out the House is not based entirely on population, either.

GOP spokesmen contend the House would be based as nearly as possible on population, subject to the requirement of not violating county lines.

Another factor which prevents the House apportionment from reaching straight popular representation is a provision granting one representative to every county or group of counties having .7 of one per cent of the state's population.

County Line Requirement

Under the present constitution, only .5 of one per cent is required.

Of the two factors, the committee of professors found the county line requirement to be the most serious in blocking straight population representation.

However, both Republican and

Democratic delegates at the Constitutional Convention generally agreed county lines should be observed in drawing up House districts and city and township lines also should be followed wherever possible in multi-seat counties.

Preventing Gerrymandering

This was considered a major advantage in preventing gerrymandering — the drawing of district lines to benefit the political party in power.

Commenting on the county line requirement, the educators said it has been observed ever since Michigan obtained statehood and it also is followed in most other states.

Apportionment Commission

"This neither adds nor detracts from its merits," they added.

On the makeup of the bi-partisan apportionment commission which would handle the seating, the committee noted that opponents had assailed the commission on grounds that half its members would come from areas containing only eight per cent of the state's population.

This would come about because commission members are to be selected by each major political party with one resident from each of four regions of the state.

Protecting Party Interests

The educators said, however, that allocation of half the representation on the commission to the sparsely populated north country is somewhat mitigated by the method of appointment.

Members of the commission are to be designated by the state organizations of the major political parties.

"Neither party is likely to name a person who cannot be relied upon to protect party interests, or from Ironwood," the committee observed.

Little Room For Maneuvering

Since the commission must follow precise and rigorous constitutional directives, the educators added, "it seems unlikely that partisan maneuvering will dominate the commission or that the outside members will gang up on the members from urban southeastern Michigan."

The professors concluded: "Certain facts about the proposed apportionment are clear. It will constitute an improvement over the apportionment system currently in effect, which was adopted by referendum in 1952.

"It will not provide a system of straight popular representation in the Senate, but it will come close to doing so in the House. "It does provide a system of guaranteed decennial reapportionment under specific constitutional instructions which leaves little room for political maneuvering."

Constitution Again Rapped By Jacobetti

Completion of the good start Michigan has made on its super-highway system would be endangered if the proposed constitution is adopted, asserts State Rep. Dominic J. Jacobetti (D-Negaunee), Marquette County District.

He said three major changes in the proposed constitution could slow down the progress Michigan has made in gaining recognition as the nation's top builder of roads.

"The elimination of the elected office of state highway commissioner will remove the strong influence a single highway executive, who is directly responsible to the people, has had in putting Michigan's highway program in first place among all the states," he said.

"The change that permits the Legislature to raid gasoline and license plate fees for other than highway purposes would cut down on the amount of financing that is to be available for expansion of the state's road network."

'Opens Door To Cutbacks'

"The provision in the revised constitution which opens the door to cutbacks in the amount of the sales tax now guaranteed for local units of government. This would reduce the amount of local funds now available for joint local, state and federal financing of road projects.

"The net effect of these changes is to topple Michigan from its place at the head of the nation in highway construction."

Jacobetti said any slow-down in highway construction would hurt efforts to attract new industries and jobs which are being attracted here now because of the statewide network of freeways and super-highways.

JUST LIKE OLD MAN RIVER

If you want a truck that does its work without yelling for attention all the time, buy a "new reliable" Chevrolet.

You have to take care of it; it's a machine. But this isn't a full-time activity. The clear idea is that the truck works for you, not vice versa.

The way to build such a truck is to put more quality into it. For example, Chevrolet doesn't build one type of suspension system for all sizes of trucks. Chevrolet designs suspension systems to

fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense?

Conventional pickups have double-wall construction in cabs, doors, lower side panels. Roofs are insulated. Body floors are select wood, not metal. Tailgate chains are wrapped in rubber. If you'd like to examine or drive a new '63 Chevrolet truck, just call us. We'll be right over.

Revised Pictured Rocks Bill

For the third time in as many years, Michigan's U. S. senators, Philip A. Hart and Patrick V. McNamara, this week introduced a bill in Congress calling for establishment of a national lakeshore area between Munising and Grand Marais.

The first bill was almost totally unacceptable to the vast majority of people concerned with the future of the Upper Peninsula. It made no provision for continued logging in the area and did not even guarantee that public hunting and fishing would continue to be permitted. As originally drawn, the bill would have seriously crippled one of the very few major new industries in the Upper Peninsula, a region that desperately needs new industries.

The second bill for a Pictured Rocks-Grand Sable Dunes National Lakeshore Area eliminated some of the objectionable features of the first bill, and the latest bill is a still further improvement. It contains three major changes from the second bill. It provides a new boundary line between an inner belt and a buffer belt, decreasing the size of the inner belt, the so-called "in-violate zone," by about 6,000 acres, although this is not yet firm. It authorizes the secretary of the interior to lease camps within the lakeshore area for 25 years or for the lifetime of the lessee, if these dwellings were constructed prior to Dec. 31, 1962. And it guarantees home owners in the buffer belt permanent possession of their property (as compared with an occupancy right of only 25 years in the inner belt).

This means that the Cleveland-Cliffs Iron Co., which planned a \$1,500,000 sawmill at Hartho before the Pictured Rocks bill was announced, will be able to continue logging from a part—but not all—of its holdings within the lakeshore area. The inner belt will remain off-limits to logging, although Cliffs owns a good deal of choice timber there.

This represents a compromise on the part of Sens. Hart and McNamara and the National Park Service, which would administer the lake shore area, and as such it is a welcome development.

However, two questions remain. Is it necessary to set aside 67,000 acres as the boundary for the lakeshore area—or could the same objective be achieved with a more realistic acreage? And, secondly, could a lakeshore area be established in Alger County without increasing the already extensive public ownership in the Upper Peninsula?

Of the 584,320 acres in Alger County, 216,938 acres already are in public ownership. The state holds 101,968 acres and the federal government 113,079 acres. Collectively, this amounts to 37.13 per cent of all the land in Alger County. Continued increase of public ownership can only result in a reduced tax base and reduced opportunity to expand industrial operations.

Yet a national lakeshore area could well

Peninsula Perambulator

An across-the-board salary increase of \$300 has been approved for Sault Ste. Marie public school teachers by that city's board of education. The new pay schedule raises the base pay of a teacher with a bachelor's degree from \$4,400 to \$4,700 and assures every member of the staff a \$300 hike. It also provides a regular annual one-step increment of \$154 for all teachers.

An underground ore hoist which formerly served the Montreal Mine on the Gogebic Range has been sold to Western Knapp Engineering Co., agents for Kernac Potash Co. The hoist will be installed at the new Kernac potash mine, situated 30 miles east of Carlsbad, N. Mex. Disposition of the hoist is a step in the liquidation sale of equipment and supplies at the Montreal Mine, closed permanently last year by Oglebay Norton Co.

60 Years Ago

—Marquette—
Arthur Riesen, foreman at the new county building to be erected by the Northern Construction Co. who was in Marquette last fall for a number of weeks superintending the work done on the foundation, has returned here from Houghton, where he spent the winter. He will be in charge of operations at the courthouse site and he expects to have work in full swing by the first of next month.
—Negaunee—
Robert Jackson has once more been elected as the captain of the city's fire fighting brigade. He succeeds Ben Webber. At the annual meeting of the department Tuesday night he was elected to the position without a dissenting vote, and it is a foregone conclusion that the council will ratify the action. The new chief received many congratulations yesterday and everyone acknowledged that the department had a wise choice.

30 Years Ago

—Marquette—
Contrary to the opinion of many persons, there is no surplus of feed crops in Marquette County or in the Upper Peninsula, according to a statement made Saturday over WBEO, The Mining Journal radio station, by D. L. Cianahan, extension specialist in farm crops.
Those interested in hearing about "Radium" are invited to attend the lecture on the subject which Dr. Luther S. H. Gable will give at 9:55 this morning in the auditorium of the Northern State Teachers College.
—Ishpeming—
Sam Cochodas arrived home Saturday morning from Milwaukee, where he spent a few days conferring with officials of the Schlitz Brewing Co., during which he closed a contract which gives Cochodas Brothers and the

be set up in Alger County without any increase in public ownership. Through land exchanges, the federal government could acquire the acreage it needs in Alger County for a lakeshore area without enlarging upon an already excessively high proportion of public ownership.

Through further compromise, it is possible for the Upper Peninsula to have a new lakeshore area without adding to the 1,815,778 acres the federal government already owns above the Straits.

State And Party Welfare

Dear Sir:
As a left wing independent Democrat, I deplore the decision of the Democratic leadership to oppose the new Constitution. Every change that it contains brings it closer than the present Constitution to the traditional goals of the Democratic party. Among other things, it strengthens civil rights; it improves the apportionment of state senators; it gives more power to the executive (as the Democrats desired when a Democrat was Governor); it provides a more efficient judicial system; as far as possible, it takes highways and education out of politics.

I must therefore agree with your recent editorial assertion that the Democrats' main motive is to damage Gov. Romney's prestige. In this they are aping the efforts of Republican legislators in 1959 and 1960 who deliberately created a false image of a bankrupt Michigan in order to destroy Gov. Williams' chance at the presidential or vice presidential nomination. Both actions show a willingness to sacrifice the real welfare of the state to the supposed welfare of the party.

A similar misplaced loyalty—this time to an impossible abstraction labeled "democracy"—motivates those who are against the new territorial apportionment. Even if it were possible to make every Senate district exactly equal in population to every other, the majority party in statewide contests might still be a minority party in the Senate—winning by a big margin in less than half the districts and losing by a narrow margin in the rest.

Finally, those who urge amending the old Constitution, while they talk as if the faults of the new one (and I think it has faults) were eternal and immutable, need to be reminded that the new Constitution can also be amended, whenever a majority of Michigan voters desire.

ELLSWORTH BARNARD
409 E. College Ave.
Marquette

Importance Of Education

Sir:
Some years ago a formal education was not too important. There were jobs to be found, even without formal applications, interviews and physical examinations. Now these are standard requirements. This is a new age, an age of science and technology. High school diplomas are essential now even for mediocre work. Education, then, is the prerequisite condition for employment. And the high school is not enough. Only by virtue of preparation via advanced education and specific training can a student proceed into the area of his choice. Even so, there is still need for a higher level of general knowledge over and beyond the specific requirements for a job. It is essential in depth in human relations.

There should be a national consciousness and awareness of the fact that tomorrow is here today, that it definitely is not yesterday. Of course, we can conceive of future conditions, of complete automation and rigid supervision over population growth and, too, of controlled breeding of a super type, or automatons, under direction of electronic brains. But this is much too unpleasant to contemplate.

So, if this is to be a learned, free society, then education unlimited for everyone regardless of race, creed or color, should be foremost on the calendar of today, that this society may readily be adjustable comparably with scientific and technological progress.

Bishop's Fund Proves Peninsula Not Backward In Helping Needy

BY JAMES E. TRETHERWEY
Of The Journal Staff

The Upper Peninsula — while it may be considered by some as a "depressed" area in need of federal assistance to help boost its economic level—hasn't been backward about helping feed and clothe destitute people throughout the world.

A report of the impressive part the Catholic Diocese of Marquette has played in the Catholic Relief Services program of helping struggling millions of needy persons, refugees and disaster victims came today from the chancery office in Marquette on the eve of the annual Bishops' Relief Fund appeal.

Nation-Wide Effort
Collections for the fund will be taken at Masses to be offered in the Peninsula's 99 parishes and missions (sub-parishes) next Sunday. And if the size of past contributions is any criterion, \$30,000 or more will be donated for the cause of world relief.

Upper Peninsula Catholics and non-Catholics, too, since a part of donations come from persons of other faiths interested in this work) thus will be joining in a nation-wide effort to help end starvation, disease and suffering among less fortunate peoples.

Comment By Msgr. Spelgatti
"We know members of all parishes will want to again take part in this relief program, since through it we are serving God's poor the world over," the Rt. Rev. Msgr. David P. Spelgatti, diocesan director of the program, declared.

"When it is considered that, for every dollar given to the Bishops' Relief Fund, 32 dollars of food, clothing and drugs are distributed in 77 countries around the world, we become aware of the great amount of relief work we are able to do through united effort."

Impressive Record
"The past help Upper Peninsulans have given to this program is appreciated, but we need just as much and more next Sunday if it is to be continued at the same high level."

The "past help" he referred to makes an impressive record of giving and helping by the diocese. In 1947, when an appeal for funds to purchase milk and baby food for starving children was issued, \$23,802.47 was collected. It enabled the diocese to purchase and ship three carloads of canned milk and a carload of baby food.

Contributions By Counties
In the 15 years since then, in the annual Bishops' Relief Fund collections, \$362,377.87 has been contributed — an average of more than \$3 for each of the approximately 105,000 Catholics in the Peninsula. The yearly total has ranged from a low of \$17,207.98 in 1951 to \$30,454.41 in 1962.

By counties, the parishes in 1962 have contributed as follows: Alger, \$578.45; Baraga, \$662.46; Chippewa, \$3,529.08; Delta, \$3,484.95; Dickinson, \$3,359.24; Gogebic, \$2,029.37; Houghton, \$3,920.58; Iron, \$1,604.69; Keweenaw, \$271.36; Luce, \$386.45; Mackinac, \$555.80; Marquette, \$4,985.67; Menominee, \$2,768.50; Ontonagon, \$974.75; Schoolcraft, \$857. The remaining \$1,343.52 came from organizations and miscellaneous sources.

349 Tons Of Clothing
But money isn't all that has been contributed. Every fall the parishes have collected clothing to be used in the Catholic Relief Services program, while since 1948 a total of 265 persons in 132 family or single-person units have been resettled in the U. P. Another 25 Cubans have come into the diocese the last two years.

The amount of clothing contributed since 1950 amounts to more than 349 tons, with over 39 tons being donated last year for the best mark so far.

Improved Quality
"It's surprising how the quality of clothing we've received in our annual appeal at Thanksgiving has gone up along with the amount," Msgr. Spelgatti said. "Much of what we were given the first year could best be described as 'junk,' but now we're actually getting a lot of new or little-used

clothing." He noted that, while the diocesan phase of the program is of more immediate interest to people of the Peninsula, the amount of relief effected through the generosity of American people through the Bishops' Fund is actually amazing. He pointed out that:

1. Over one and two-thirds billion pounds of food, clothing and medicine (exact total: 1,691,122,097 pounds) were given to the world's needy last year through Catholic Relief Services — the agency that received its money from the Bishops' Relief Fund.
2. More than 40 million hungry and homeless, sick and naked in 77 nations — without regard to race, creed or color — received help valued at \$165,918,948.20 through the Bishops' Relief Fund agency alone.
3. The U. S. government donated of its abundant stores flour, powdered milk, cornmeal, shortening and beans, etc., valued at \$95,662,113.97 for distribution by CRS during 1962, all as "the gift of the people of America."

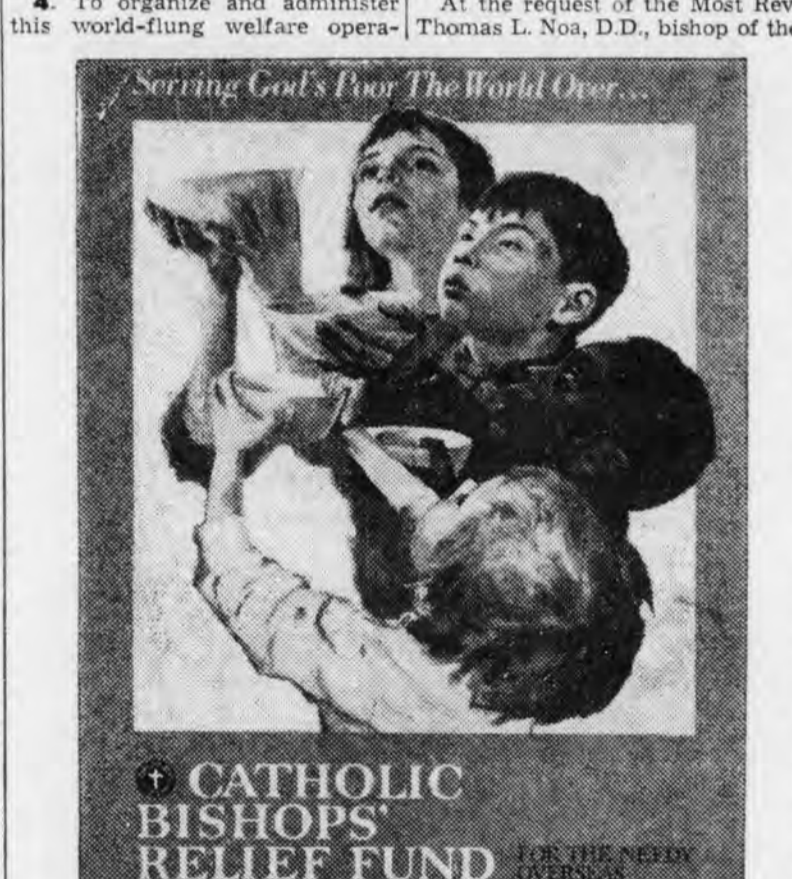

4. To organize and administer this world-flung welfare opera-

of the voluntary relief agencies registered with the Advisory Committee on Voluntary Foreign Aid. Started in 1943

"The dollars we collect in the Bishops' Relief Fund drive aid not only in helping feed and clothe the poor and give medicine to the sick, but they also are used in supporting socio-economic development programs in several countries. Thus, our funds go not only for 'handouts,' but are being used to help raise the standard of living in many countries. Housing, rural colonization, cooperatives, credit unions, training centers and schools, hospitals and community development are among the projects we foster."

"Since 1943, when this program was started, Catholic Relief Services have distributed four and three-quarter million tons of goods worth \$1,115,000,000 and have helped resettle 350,000 persons.
"Those are impressive figures that accent the great value of this program of bringing the charity of Christ to God's poor the world over."

At the request of the Most Rev. Thomas L. Noa, D.D., bishop of the

The outstretched suppliant hands of these four children symbolize the millions of hands and hearts reaching beseechingly and hopefully out from the poor world over. They are of different nationalities, races and creeds, but poignantly alike in destitution, misery and dire need.

diocese, priests throughout the U. P. spoke on the Bishops' Relief Fund appeal at Masses last Sunday. All of their parishioners were asked to participate in the nation-wide drive for funds to operate the Catholic charities at home and abroad.

Hearing Loss Begins In Men At Age Of 32

CHICAGO (AP)—Mr. Average Male, just past his 32nd birthday, sits down at the breakfast table with his wife as usual. She casually asks if he would like sliced bananas on his cereal. He continues reading his newspaper in silence. "What's the matter with you?" she cries in exasperation. "Why don't you answer me?"

"Well, why don't you speak up?" he retorts, not aware yet that people, especially females with high-pitched voices, will have to talk a little louder from now on for him to hear them as well.

And, studies by a St. Louis psychologist indicate, the average male will lose more of his hearing at about age 50 and suffer a third drop in hearing acuity when he reaches the 59-65 age bracket.

News Behind The News

Foreign policy is made by the President, with the advice and counsel of the secretary of state, who then implements it. That gives Bundy the job, if not the title, because it is he who has the President's ear on foreign policy and it is he who sees that what the President wants gets done. Rusk's advice is still sought and listened to, of course, and diplomatic maneuvers are carried out in his name, but Bundy's professional aggressiveness has shoved the titular secretary of state into the background.

Target
Dean Rusk's loyal coterie at the State Department has been grumbling at this state of affairs for a long time; its members use Bundy's name as a swear word, and "Little Napoleon" is one of the kindest tags they've hung on the former Boston Brahmin family. Referring to his frigid manner, they like to insist that "Bundy gave a pint of ice water to the Red Cross," and remark with mock gratitude, "He's got humility, though — you don't have to address him as Mr. President."

So far as is known, Rusk has not joined in the cat calls. In the first place, Rusk is a gentleman, a bred with a high rate of mortality in Washington's bureaucratic jungle, and he would consider such behavior beneath him. Moreover, the secretary is not assailed by the sense of insecurity that encounter with the rapier-tongued Bundy causes in most government officials, possibly because he is just as sure of himself as Bundy is. But lately there has been whispering that Rusk is restive under a system whereby Bundy continually usurps the secretary of state's functions, and that he will seek a showdown with Kennedy.

A Late Republican
"When and if the boss gets fed up," one aide said, "he'll do it right. He'll tell Bundy off first, then advise him that he's calling on the President to ask him to get Bundy off the State Department's neck."

The reporter also was reminded that Rusk was most firm in refusing to accept Bundy as his under secretary, when Kennedy was

Papers Given U.S. Approval Before Closing

WASHINGTON (AP) — Norman Chandler, president of the Los Angeles Times, has told a House Antitrust subcommittee he was assured the Justice Department had given advance approval to the closing of two Los Angeles newspapers.

The papers, Chandler's afternoon Mirror and the Hearst Corp.'s morning Examiner, were shut down in January 1962.

Oral Assurance
The closing left only two daily newspapers in Los Angeles — Hearst's evening Herald-Examiner and Chandler's Times, a morning paper—and gave much of the impetus to the subcommittee's investigation of concentration of ownership in news media.

Chandler said Friday that James M. McInerney, an attorney for the Hearst Corp., had told him on Dec. 5, 1961—a month before the papers' closing—that he had "received oral assurance" from responsible Justice Department officials that the two companies could cease publication simultaneously of the Examiner and the Mirror.

Asst. Atty. General
Asked whom McInerney said he had received the assurances from, Chandler said the lawyer mentioned Lee Loevinger, assistant attorney general in charge of the Antitrust Division, and "he mentioned he had talked personally with the attorney general"—Robert F. Kennedy.

Asked why he would like sliced bananas on his cereal. He continues reading his newspaper in silence.

"What's the matter with you?" she cries in exasperation. "Why don't you answer me?"

'Speak Up'
"Well, why don't you speak up?" he retorts, not aware yet that people, especially females with high-pitched voices, will have to talk a little louder from now on for him to hear them as well.

And, studies by a St. Louis psychologist indicate, the average male will lose more of his hearing at about age 50 and suffer a third drop in hearing acuity when he reaches the 59-65 age bracket.

Noticeable Age
Dr. John F. Corso Ph. D. drew his conclusions on hearing loss with advancing age from a study of 912 men and women who had been exposed to a minimum of industrial noise and were presumed to have normal hearing.

Writing in the current Archives of Environmental Health, published by the American Medical Association, he said a diminution in hearing acuity becomes noticeable in men at age 32 and in women at age 37.

Gradual In Women
Marked changes in the hearing of men, he said, occur on the average in steps of about 15 years. In women, he added, the changes are more gradual, with deterioration fairly uniform.

THIRSTY TREE
A 35-foot maple or oak tree having a total leaf surface of 4,000 square feet will evaporate more than 35 gallons of water during a single summer day.

Georgia Unit System
What the court said Monday was "one vote, one vote" in statewide elections for U. S. senator, governor, lieutenant governor and judges with statewide responsibilities.

The case involved Georgia but doubtless will apply to Maryland, the only two states with a county-unit plan.

In Georgia the eight counties with the most population were given six units. This ranged down to 121 counties with only two units each. A candidate getting the largest number of votes in a county got all its units.

The state has a total of 410 units. The man getting a majority of them wins the election. But a man in a statewide election could get a majority of the votes in the whole state but still lose the election.

For instance: A man might carry Atlanta with a majority of 100,000 votes but get only six units. These would be nullified if his opponent got a majority in three far less populated counties because he would have six units, too.

This put city politicians at a disadvantage from the start.

THE FINNS AND THE BEAR

Finland was once a grand duchy of Czarist Russia, achieved independence with the 1917 Bolshevik revolution, and, except for the 105-day Winter War of 1939-40 and World War II, has lived in a kind of quivering coexistence with her bearish neighbor ever since. This explains the 10-day visit Finnish Prime Minister Ahti Karjalainen recently paid to the Soviet Union.

Recent Soviet relations with Finland have been more or less proper although Russia maintains constant pressure against her tiny neighbor. Russia in the latter part of 1961 did propose and then withdrew "military consultations" with Finland in a flagrant and successful attempt to influence the January 1962 elections in favor of the re-election of President Urho Kekkonen.

Finnish hearts—and to a great deal Finnish interests—lie with the West. In 1961 Finland took 34 per cent of her imports from West Germany and Great Britain; only 13 per cent from the USSR. The exports story was the same: 35 per cent to Great Britain and West Germany; 11 per cent to the USSR.

With the approval of Russia, Finland became a limited member of the European Free Trade Association in 1960.

As a concession for extending a 1948 mutual assistance pact in September 1955, Russia gave up its military base at Porkkala, near Helsinki. This was not so altruistic as it might sound, for the move had definite propaganda value. Soviet Defense Minister Zhukov on Sept. 15, 1955 said: "We have decided to liquidate bases in general. The sooner others will follow our example, the better it will be for peace."—Ironwood Daily Globe.

Three Major Court Decisions

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — The Supreme Court is filling a vacuum in American government by protecting people's rights when Congress or state legislatures fail to do so or fail to undo what has become unfair.

It has been criticized for asserting such authority. But in recent years it has not been deterred. The principle is not new. It's now 160 years since the court first claimed such authority.

Three prime examples:
1. In 1854 it outlawed segregation in public schools.
2. One year ago it moved to give city people their fair proportion of representation in state legislatures.

3. Monday, in the logical next step after the 1962 decision, it said each person's vote must count as much as any other's in statewide elections.

Marshall Criticized
In 1803 Chief Justice John Marshall—by simply saying the Supreme Court had the authority—asserted its right to pass on the constitutionality of acts of Congress and state legislatures.

Until then such authority of the court was questionable. It had never been spelled out. Marshall was criticized but the principle stuck.

Succeeding generations of Supreme Court justices had not always been willing to throw their weight around. Some seemed more influenced by the climate of their time than by strict constitutional considerations.

'Separate But Equal' Rule
For example: In 1896 the court gave its famous "separate but equal" rule. This said it was not unconstitutional for state laws to segregate Negroes in public places provided the treatment they got equalled that given whites.

It became increasingly unequal until Negroes wound up treated as second-class citizens. But Congress, despite growing protests, for more than half a century refused to undo that 1896 ruling by declaring segregation unlawful.

The Supreme Court stepped into this national vacuum in 1954 with the public school decision which in effect said the 1896 decision was wrong. The 1954 decision then had the effect of law.

Door Open To Other Action
Once this step was taken, the door was open to other court action against segregation in other areas.

In the last century people living in the country far outnumbered city-dwellers. They therefore justly had more representation in state legislatures. This was based on representation in proportion to numbers.

As the population shifted and more people lived in cities than in the country, state legislatures should have changed in complexion with city people having the greater number of representatives.

The rural representatives, still outnumbering those from the cities, balked at a reapportionment that would diminish their rank or influence. When the city people's appeals for fairness were frustrated, they turned to the Supreme Court.

Court Changed Its Mind
For years the court refused to intervene. It changed its mind last March. At that time a survey by the National Municipal League showed over-representation of rural areas existed in all but six states.

A year ago the court ruled that if state legislatures didn't reapportion themselves to provide fair representation in accordance with the distribution of population, federal courts could move in to force them to.

This decision started a flood of legal fights. The court has still not laid down any fixed guidelines for reapportioning legislative seats. But some states have already done the job themselves.

Georgia Unit System
What the court said Monday was "one vote, one vote" in statewide elections for U. S. senator, governor, lieutenant governor and judges with statewide responsibilities.

The case involved Georgia but doubtless will apply to Maryland, the only two states with a county-unit plan.

In Georgia the eight counties with the most population were given six units. This ranged down to 121 counties with only two units each. A candidate getting the largest number of votes in a county got all its units.

The state has a total of 410 units. The man getting a majority of them wins the election. But a man in a statewide election could get a majority of the votes in the whole state but still lose the election.

For instance: A man might carry Atlanta with a majority of 100,000 votes but get only six units. These would be nullified if his opponent got a majority in three far less populated counties because he would have six units, too.

This put city politicians at a disadvantage from the start.

THE FINNS AND THE BEAR

Finland was once a grand duchy of Czarist Russia, achieved independence with the 1917 Bolshevik revolution, and, except for the 105-day Winter War of 1939-40 and World War II, has lived in a kind of quivering coexistence with her bearish neighbor ever since. This explains the 10-day visit Finnish Prime Minister Ahti Karjalainen recently paid to the Soviet Union.

Recent Soviet relations with Finland have been more or less proper although Russia maintains constant pressure against her tiny neighbor. Russia in the latter part of 1961 did propose and then withdrew "military consultations" with Finland in a flagrant and successful attempt to influence the January 1962 elections in favor of the re-election of President Urho Kekkonen.

Finnish hearts—and to a great deal Finnish interests—lie with the West. In 1961 Finland took 34 per cent of her imports from West Germany and Great Britain; only 13 per cent from the USSR. The exports story was the same: 35 per cent to Great Britain and West Germany; 11 per cent to the USSR.

With the approval of Russia, Finland became a limited member of the European Free Trade Association in 1960.

As a concession for extending a 1948 mutual assistance pact in September 1955, Russia gave up its military base at Porkkala, near Helsinki. This was not so altruistic as it might sound, for the move had definite propaganda value. Soviet Defense Minister Zhukov on Sept. 15, 1955 said: "We have decided to liquidate bases in general. The sooner others will follow our example, the better it will be for peace."—Ironwood Daily Globe.

"Which of you gentlemen saves and which one loans?"

Plan May Production Of 'Gitchee Gume Gaieties'

Plans are already well underway for the production here in May of a variety show entitled "Gitchee Gume Gaieties." Contracted for by the Junior Woman's Service Club with the support of the Saturday Music Club and the Marquette Community Theater, the show will be produced by a local cast under the direction of a New York representative of Jerome H. Cargill Producing Organization, Inc. Shown here at a meeting Monday at the Federated Women's Clubhouse are various committee heads arranging details of the show. In

the front row, from left, are Mrs. Charles Price, Mrs. Melvin Rossway, Mrs. Richard Bolz, general chairman, Mrs. Kenneth Case Jr. and Mrs. Richard Sonderegger. Standing, from left, are Mrs. Neil Nyström, Mrs. Donald Dagenais, Mrs. Claude Avery, Mrs. Richard Lutey, Mrs. Tomas Pederson, Mrs. Arthur Weber, Mrs. John Fassbender and Mrs. Donald Hurst. Not present for the picture are two other committee heads, Mrs. Howard Treado Jr. and Mrs. Ronald Garceau. (Mining Journal photo).

Martin-Sherman

Marriage vows were exchanged in Chicago Saturday by June Marie Martin, daughter of Mrs. H. Edward Martin of Marquette and the late Mr. Martin, and Dr. Joseph Owen Sherman, son of the late Mr. and Mrs. Joseph O. Sherman, Chicago.

The wedding took place in the University of Chicago's Joseph Bond Chapel, the Rev. Preston Cole officiating. The bride's uncle, Bruce Pearl of Detroit, gave her in marriage.

Miss Jane Munkala of Pelkie was maid of honor and Mrs. Richard Smith, Chicago, and Miss Ann Martin, the bride's sister, Marquette, were bridesmaids.

Dr. Richard Smith of Chicago was best man and groomsmen were Dr. Edwin Beachey, also of Chicago, and Thomas Martin, brother of the bride, Marquette.

Gown Ivory Satin
The bride's gown of ivory satin was styled with fitted bodice featuring a boat neckline and long sleeves and floor length skirt softly pleated at either side. She wore Spanish lace mantilla and carried a shower bouquet of roses and chrysanthemums.

The bridal aides were gowned alike in coral-colored street-length dresses with which they wore matching accessories. Their flowers were pink and white carnations.

Mrs. Martin attended her daughter's wedding wearing a pink brocade sheath and Mrs. William Walsh, the groom's aunt, with whom he has made his home, wore a beige suit. Both had orchid corsages.

A wedding reception for about 100 guests was held at the Hotel Windermere in Chicago following the ceremony.

Educated Here
The new Mrs. Sherman is a graduate of Graverat High School and St. Luke's Hospital School of Nursing here and has been employed in Chicago at Passavant Memorial Hospital and by the Chicago Board of Health.

The groom graduated from the University of Illinois and Northwestern University's School of Medicine and is affiliated with Phi Rho Sigma medical fraternity. He is now serving an internship at Passavant Memorial Hospital and

will begin a surgical residency at Northwestern this spring.
Following a wedding trip to the Wisconsin Dells, Dr. and Mrs. Sherman will reside at 244 E. Pearson St., Chicago.

Meetings

The Golden Age Club will not meet tonight because of the illness of so many of its members. The next meeting is scheduled for March 27.

The Northern Promenaders, a square dance group, will meet tomorrow at 8 p. m. at Whitman School for an evening of dancing.

Nefretete Temple No. 110 of the Daughters of the Nile will hold an open installation Saturday at 8 p. m. in the Federated Women's Clubhouse.

The Marquette Business and Professional Women's Club will hold its regular monthly dinner meeting tomorrow evening at 6:15 at the Federated Women's Clubhouse.

Personals

Mr. and Mrs. Palmer Imislund, 323 S. Front St., have returned from attending the funeral of a sister-in-law, Mrs. Clarence Imislund, in Eau Claire, Wis.

Presbyterian Youth At Big Bay To Hold Bake Sale Saturday

The youth organization of Big Bay's Presbyterian Church will hold a bake sale in the church basement Saturday afternoon. A wide variety of baked goods will be offered at the sale, scheduled to start at 2.

Summer refresher: fold finely diced cucumber and celery into tomato aspic and serve on salad greens as a first course. Pass a topping of sour cream mixed with chopped chives.

Apple Tuna Salad Rolls Easy To Make, Delicious For Lent

When you serve a salad filling in a roll you want that filling to have plenty of flavor verve and crunch as contrast to the bread. So it's hurray for these Apple Tuna Salad Rolls that fill the bill with their bouncy flavor and are a tempting Lenten dish.

These rolls are hearty enough for a lunch or supper dish. They make good reheating fare for late evening refreshments. Also, for the lunch box toter you might pack the salad mixture in a small container to be spread fresh and thick on rolls at the lunch break.

To make them is altogether

easy as you will see from the following directions:
Apple Tuna Salad Rolls
1 cup canned apple slices, drained and chopped
1 can (about 7 ounces) tuna
½ cup diced celery
½ teaspoon salt
½ cup chopped toasted almonds
¼ cup mayonnaise or salad dressing
3 tablespoons French dressing
8 frankfurter rolls
Watercress, for garnish
Combine chopped apple slices, tuna, celery, almonds, salt and dressings. Toss lightly to mix; taste and add additional seasons if needed. Chill about 1 hour to blend flavors. To serve, fill rolls with mixture and garnish with watercress. Makes 4 servings of 2 filled rolls per serving. (And for 8 servings, double the quantities, using entire can of apple slices.)

Upwards Of 4,150 Went To Musical

More than 4,150 persons attended the four performances of "Guys and Dolls," the Frank Loesser musical produced last week by Northern Michigan University. Dr. Harold E. Wright, head of Northern's music department and general coordinator for the show, estimates (in round figures) 700 attended the opening performance; 900 the second; 1,200 the third and 1,350 the fourth and final presentation. Total attendance was probably well over the 4,150 estimate, he indicated.

Tickets for the production were sold in Upper Peninsula communities ranging far beyond the Marquette area, Dr. Wright said.

A huge cast which included, in addition to the 13 principals, choruses and a dance ensemble, was in rehearsal for weeks for the musical, the second NMU has produced. Last year, Northern made its debut in the musical show field with "South Pacific" by Rodgers and Hammerstein. University authorities indicated today that a musical production will be an annual attraction among theater undertakings.

Playing for "Guys and Dolls" was a 22-piece "show band" under the baton of Dr. Wright. There was a total of 37 in the cast and 60 working backstage.

Marian E. Nurmi And John F. Wood Wed In Negaunee

NEGAUNEE — A recent ceremony in Immanuel Lutheran Church united in marriage Marian Elizabeth Nurmi, daughter of Mr. and Mrs. Matt Nurmi, Negaunee, and John Franklin Wood, son of Mrs. Norbert Wood of Wallace and the late Mr. Wood.

The Rev. William R. Sarvela performed the six o'clock candle-light ceremony on Saturday, March 2. The bride's father gave her in marriage.

Mrs. Ken Adamson, the bride's sister, of Green Bay, Wis., and Wayne Finman of Escanaba were the couple's attendants. Seating the guests were Fred and Russell Nurmi, brothers of the bride, Negaunee.

A reception was held in the church parlors following the wedding ceremony.

The bride is a student at Northern Michigan University. Her husband, an NMU graduate, is a teacher in Parkview Elementary School in Marquette.

Mr. and Mrs. Wood are residing at 204 W. Michigan St., Marquette.

Liberator St. K. I. Sawyer Air Force Base, are the parents of a daughter, Terrie Ann, born March 16 at the 56th USAF Hospital, Sawyer.

SMITH — A daughter, Victoria Lynn, was born March 17 at the 56th USAF Hospital, K. I. Sawyer Air Force Base, to 1st Lt. and Mrs. James L. Smith, 507 Gooneybird St., Sawyer.

TATUM — Jerry Wayen is the name of the son born March 17 at the 56th USAF Hospital, K. I. Sawyer Air Force Base, to Airman 3-c and Mrs. Ralph W. Tatum, Box 86, Gwinn.

Engaged

Dr. and Mrs. W. D. Salo announce the engagement of their daughter, Sally, to Franklin F. Berggren, son of Mr. and Mrs. Royal F. Berggren of Menominee. No date has been set for the wedding.

Stars In Chorale Tonight

Edmond Karlrud, the bass-baritone who is the star of the Karlrud Chorale appearing at the Ishpeming High School Auditorium tonight under the aegis of George Quaal Presentations, is a "professional's professional."

Still in his thirties, Karlrud has performed in almost every phase of the world of entertainment, ranging from night clubs to opera, with many stops for concerts and network television.

A high school basketball star in his native state of Montana and onetime law student at the University of Minnesota, Karlrud holds a bachelor of science degree from New York's Juilliard School of Music, where he was a scholarship student in the opera theater department.

The Karlrud Chorale program, scheduled for 8:30, is the last in this year's Ishpeming Concert Series. Members of the chorus, like its

EDMOND KARLRUD

star and organizer, are all professional soloists in their own right.

Priest Forum Lectures Set For May 15

The Forum Marquettensis, organized a year ago by priests of the Catholic Diocese of Marquette, is sponsoring a series of lectures here May 15 by the Rev. Msgr. George W. Higgins, director of the National Catholic Welfare Conference's department of social action, Washington, D. C.

Msgr. Higgins will speak on national social problems, it was reported today by the Rev. Charles J. Carmody, chairman of the forum. He will also discuss his experiences as one of the experts doing some of the pre-planning for the Ecumenical Council called by Pope John XXIII. The Monsignor is now in Rome conferring with the Conciliar Commission on the Lay Apostolate.

The Forum Marquettensis is designed to bring speakers of national repute here. Conducting the first of the lecture series last September was the Rev. Eugene H. Maly, a Biblical scholar now on the faculty of Mt. St. Mary of the West Seminary, Norwood, O.

Several local area Protestant clergymen joined forum subscribers at the opening lectures, held at St. Louis the King parish hall, Harvey.

Susan Jo Luoma And Donald Larson Wed At Messiah Church

ISHPEMING — Mr. and Mrs. William Luoma announce the marriage of their daughter, Susan Jo, to Donald C. Larson, son of Mr. and Mrs. Algot Larson, Negaunee.

The wedding took place at 7:30 p. m. Saturday in the Messiah Lutheran Church, Marquette, the Rev. Thomas V. Asuma officiating at the single ring ceremony. Attendants were Miss Jane Pir-tto, Ishpeming, and Dennis McGinley, Marquette.

Mr. and Mrs. Larson are students at Northern Michigan Uni-versity.

Dear Abby...

BY ABIGAIL VAN BUREN

DEAR ABBY: Last year my husband started carrying on with another woman. He confessed and promised he'd make it up to me. I wanted to believe him because we have five children. Well, last August he came home with lipstick on his lips and behind his ear. I blew my top, but he begged for one more chance so I forgave him. He was fine until a few weeks ago. I started to see lipstick on his pillow case. (I stopped wearing lipstick to be sure it wasn't mine.) I've been putting these lipstick marked pillow cases aside. Should I show them to him and let him lie his way out of it? Or should I just see a lawyer? Answer soon as I am running out of pillow cases.

HURT
DEAR HURT: Show your husband the pillow cases. Then launder them, and ask your HUSBAND to come clean — and to stay clean this time.

DEAR ABBY: I took some money from the place my mother had hidden. I had to pay a boy for doing some biology drawings for me. I intended to work and put it back before my mother missed it, but she missed it first. She took my driver's license away from me and says she is going to tell my father. She thinks I am a liar and a thief. What to do?

WORRIED
DEAR WORRIED: You will have to rebuild your mother's trust in you. This may take a long time. You can succeed by being 100 per cent honest in all things. And what's this about "paying" a boy to do

your biology drawings for you? If it was done without the knowledge of your teacher, you might have to rebuild "trust" at school, too.

DEAR ABBY: Whatever happened to soft, silky hair? I spent several years in the service and fought my way through several barbed wire entanglements, but I never thought I'd be sleeping by one. Any advice for a puzzled husband?

BIG JOHN
DEAR JOHN: Soft, silky hair went out when ratted, sprayed-stiff hair-dos came in. But I have some good news for you. The soft, silky, natural look is coming back.

Plow Crews Battle Snowstorm Through Night In Ishpeming

ISHPEMING — Old Man Winter, supposed to be in his dying moments, unleashed another blow at the Ishpeming area last night and today, unloading more than 10 inches of snow here.

Mrs. Bessolo, 52, Negaunee Native, Dies

NEGAUNEE — Mrs. Frank (Jennie) Bessolo, 52, died unexpectedly at 11 Tuesday morning in her home, 216 Tobin St.

She was born July 12, 1910, in Negaunee and was a lifelong resident of the community. She was an active member of the Immanuel Lutheran Church.

Mrs. Bessolo leaves her husband, Frank, a daughter, Mrs. Arthur (Patricia) Kananen of Negaunee; two grandchildren, Daniel and Dean Kananen; two sisters, Mrs. John (Impi) Nopola and Mrs. John (Irene) Johnson of Negaunee; a brother, John Sippola of Negaunee; three nieces and three nephews.

Resident Of Republic 60 Years Dead

REPUBLIC — John Heikkila, 81, died this morning in his home in South Republic.

He was born Aug. 1, 1881, in Kankaanpaa, Finland, and had lived in Republic since 1902.

Mrs. Polkki Of Humboldt Dies In Home

HUMBOLDT — Mrs. Lydia Polkki, 59, died early this morning in her home here.

She was born Dec. 27, 1903, in Finland and had lived in the Humboldt area for 40 years. She and her husband, Leonard, operated the Polkki Restaurant at the junction of U. S. 41 and M-95 for many years.

Survivors include her husband; a daughter, Mrs. Clifford (Mildred) Garceau of Humboldt, and several nieces and nephews.

The body is at the Bjork & Zhulkie Funeral Home, where friends may call after noon tomorrow.

L'Anse Band To Give Concert At Champion School

L'ANSE — The L'Anse Township High School band, under the direction of Glenn L. Anderson, will go to Champion Wednesday afternoon, March 27, to present a program before the Champion High School student body.

This is an exchange concert. The Champion band performed at L'Anse High School Feb. 21.

streets and highways open for traffic.

The snowfall brought the year's total to just over 100 inches, compared to 111.5 at this time last year.

High winds and slippery roads made driving hazardous since the onslaught began yesterday.

Weather conditions forced closing of schools in the western half of the county. Visibility was impaired by the blowing snow.

Schools in Champion, Michigamme, Republic and Diorite closed today, but many school buses made their regular runs to Ishpeming schools.

49-Year-Old Woman Dies In Ishpeming

ISHPEMING — Mrs. Borghild L. Nelson, 49, of 316 Vine St., died yesterday afternoon in Bell Memorial Hospital, where she had been a patient for one day.

She was born Dec. 25, 1913, in Ishpeming and was a lifelong resident.

Survivors include her husband, Arne; two brothers, Clifford Warner of Negaunee and Clement E. Warner of Lakewood, Calif.; and a sister, Mrs. Conrad Steve of Ishpeming.

The body is at the Bjork & Zhulkie Funeral Home. Funeral arrangements will be announced later.

Elks Wallop VFW, Move Into Second Spot In Card Loop

NEGAUNEE — With one match remaining to be played in the second round of the Negaunee Social Cribbage League, the pace-setting Veterans of Foreign Wars had their lead cut this week to 185 holes as they suffered a 348-hole trouncing at the hands of the Elks.

As a result of their victory, the Elks moved into the runner-up spot.

In other matches the Eagles defeated the American Legion by 98 holes, while the Knights of Columbus shaded the Moose by 46.

High score honors and complimentary theater tickets were won by George Prusi and Bert DuShane of the Eagles with a 1,225 total. Other scores of 1,200 or over included 1,208 by Eddie Terres and Scott Harris of the Legion, 1,205 by Oliver Lahti and Elmer Williamson of the Moose, and 1,204 by Tony Marta and Henry Terres of the Legion.

In final matches next week the Veterans visit the Eagles, the

Daniel Ulrich Seeking City Council Post

ISHPEMING — "The immediate future of the tax structure of the City of Ishpeming will be of critical importance to every citizen of Ishpeming," Daniel M. Ulrich, a candidate for city councilman, said today.

Ulrich is employed by the Cleveland-Cliffs Iron Co. as an operating metallurgist in the Republic Pellet Plant and is a 1952 graduate of Michigan College of Mining and Technology with bachelor's degree in metallurgical engineering.

Ulrich is a veteran of the Korean War and also served one year in Germany with the Seventh Army.

In outlining his views, Ulrich said: "I believe the years ahead deserve a fresh, new look at our city government. City tax revenue may be temporarily curtailed if our state tax laws are overhauled, but it is to everyone's benefit to keep the underground mines in operation."

"It is my desire to work for retention of as many of our present city services as revenues allow and I promise to work also for equity in taxation for all property owners."

Ulrich has served on the city charter commission and said that he believes this commission did a creditable job of updating the city's charter.

He served as chairman of the American Legion Upper Peninsula convention held in Ishpeming in 1958. Prior to that time, he was finance officer for three years.

In civic affairs, Ulrich is a member of the Ishpeming Elks Lodge, a member of the Trinity Lutheran Church, where he has served as treasurer and as a member of the board of trustees.

Mrs. and Mrs. Ulrich reside at 426 W. Empire St. They have three children in Ishpeming's public schools.

In soliciting voter support, Ulrich said: "If elected, I will work for any and all projects which will result in the betterment of the City of Ishpeming, and which will benefit the majority of the people."

French Iron Miners To Return To Work

PARIS — Striking French iron ore miners voted Tuesday night to return to work after getting job security pledges from their private employers.

Still out for the third week were 170,000 coal miners who work in the government-operated pits.

Knights of Columbus host the Legion, and the Moose entertain the Elks.

Alger County 4-H Leaders Get Awards

MUNISING — The Alger County 4-H leaders' recognition dinner was held Monday night at Our Saviour's Lutheran Church in Eben, with 100 leaders, award winners and friends present. The annual affair was sponsored by the three Alger County banks.

The salute to the flag was led by Miss Nancy Jo Gerou and the 4-H pledge by Miss Janice Tierman. The Rev. Tauno Jarvinen gave the invocation.

Four-H leaders who completed one year of leadership in 1962 were singled out for honors and were presented first year leader's pins. They were Mrs. C. J. Little, Chatham; Gene Holmquist and Mrs. Dan Malnar, Trenary; Mrs. Edwin Jalonen, Wetmore; Mrs. Allard McCollom, AuTrain; Mrs. Emmet Phillipson, Mrs. Arnold Dominick, Mrs. Walter Wapienick and James W. Martin, Munising; Mrs. George Lakso, Eben, and Frank Mead, Mr. and Mrs. R. Berndt, Mrs. E. Beane and Armas Abrahamson, Grand Marais.

New 4-H club leaders for 1963 introduced were Mrs. John Laurich, Leslie Laakso and Ronald Smith, Eben; Mr. and Mrs. Charles Howard, Chatham; Mrs. Richard Carlson and Mrs. Robert Carlson, Limestone; Mrs. Aileen Kivimaki and James Gehlert, Trenary; Mrs. W. P. Pirtot and Mr. and Mrs. Alfred Sylvester, Grand Marais; Mrs. Jack Carberry, Mrs. James Draz and Mrs. R. Toussignant, Munising. Alumni awards were presented to Mrs. Edwin Jalonen and Gene Holmquist.

Gold clover awards for 10 years of 4-H leadership were presented to Mrs. Gunnar Benson, Eben, and Willard St. Onge, Chatham. The Pearl Clover, signifying 15 years of leadership, was given to Frank Stuer, Chatham. Past recipients of the Pearl Clover, Mrs. Toivo Johnson, Eben, and Mrs. Esther Cauchon, Trenary, were presented to the group and reference was made to Alger County's two Diamond Clover holders, Mrs. Ward Bennetts, Christmas Location, and Mrs. Fred Lemm, Chatham.

Officers of the 4-H Council were introduced. They are Mrs. George Hager, president; Mrs. Arvo Hakola, vice-president, and Willard St. Onge, secretary-treasurer.

Emel Fimlinger, district youth agent, spoke on the subject, "For One Thin Dime," covering changes taking place in the world. He analyzed the changes developing in the need for education and training, stressing the changes occurring in 4-H work—urban projects, world understanding, international farm youth exchange and career exploration.

The smorgasbord dinner was prepared by the King's Daughters Guild of Our Saviour's Lutheran Church.

Muskegon Sets Date For Murder Retrial

MUSKEGON — Retrial of Herman Barmore on a charge of murder in the 1955 slaying of a 12-year-old Boy Scout has been set for April 5, according to Muskegon County Circuit Judge John Piercey.

Knights of Columbus host the Legion, and the Moose entertain the Elks.

11 Schools To Participate In Student Council Confab In Negaunee On March 29th

NEGAUNEE — Donald W. Dolan, educational consultant for the University of Michigan Bureau of School Services since 1953, will be the principal speaker at an area-wide conference of Student Council representatives to be hosted by Negaunee High School from 4 to 8 p.m. Friday, March 29.

Schools which will send delegates to the conference include Marquette Graveret and Bishop Barraga, Ishpeming, Champion, Republic, Negaunee, Paul, Gwinn, Munising, Eben, National Mine and Negaunee.

Dolan has worked closely with the student organizations aided through the bureau. The program includes the annual citizenship conferences and leadership training sessions for student council members.

A graduate of Battle Creek Central High School, he received his bachelor's and master's degrees from the University of Michigan and has done doctoral work at Wayne State University.

Prior to joining the bureau staff, Dolan taught at Kalamazoo Central High School and was a critic teacher at Western Michigan University training school. He spent two years in Germany as adviser to the United States high commissioner in the fields of adult education, and community activities, and has since served as educational consultant to numerous organizations in the state.

Tech Asks ARA Assistance On Project To Boost Iron Content Of Underground Ore

NEGAUNEE — A proposal that could help Upper Peninsula underground mines to greatly increase the iron content of pellets and briquettes has been submitted to the Area Redevelopment Administration for approval.

The Institute of Mineral Research of the Michigan College of Mining and Technology is asking the ARA to supply \$109,400 toward the project.

Encouraging Results

The institute has been working for more than a year on the agglomeration-reduction of iron ores and recently has had encouraging results on a direct shipping ore from a Gogebic Range mine.

Both pellets and briquettes have been made with an amazingly high iron content of 70 to 81 per cent.

These agglomerates are hard and porous.

Much More Work Needed

"In this process solid reductant is added and the combustion air adjusted so that the heat energy is used in partly reducing as well as agglomerating the iron ore," said M. E. Volin, Houghton, director of the institute.

Only small-scale laboratory investigations have been performed, and much more work must be done in larger scale equipment to establish the feasibility and determine the economics of the process, he said.

Cooperative Project Asked

The institute is asking the ARA for a technical assistance project to investigate further the application of this method to conventional shaft mine ores.

"The proposal requests ARA to enter into a cooperative project with the institute and to furnish \$109,400 to step up the work now being carried on intermittently with state funds so that it can be brought to an early conclusion," Volin stated. "It would be hoped that the results would encourage one or more iron mining companies to test this process in a pilot plant."

Members of the Marquette County Economic Study Committee voted this week to support the Tech proposal. The proposal also has been recommended by the Mining Committee of the Upper Peninsula Council on Area Problems (UPCAP).

Driver Issued Ticket After U.S. 41 Crash

ISHPEMING — A motorist was ticketed and two vehicles were involved in a traffic wreck at 3:45 yesterday afternoon on U.S. 41, two miles east of County Road 611 in Michigan Township.

Involved were a 1938 snow plow operated by Norman J. Hogan, 40, Route 1, Box 109, Ishpeming, and a 1963 sedan driven by Marvin Davis, 24, Oak Park, Mich.

State police said Davis was proceeding east on U.S. 41 and said he had seen the plow from a distance but when he got closer he didn't see it because of the blowing snow.

The front end of Davis' car smashed into the rear end of the snow plow, with extensive damage occurring to the automobile, which had to be removed from the scene by a wrecker. Apparently no damage resulted to the plow.

Davis was ticketed by state police for violation of the basic speed law.

Dinner Next Tuesday For Gwinn Fives

GWINN — The Gwinn High School varsity and junior varsity basketball teams will be honored at a dinner next Tuesday night in the multi-purpose room of the Gilbert Elementary School.

Mrs. Louis Negrinelli and Mrs. Seldon Von der Hoff are in charge of arrangements for the Gwinn Booster Club and the parents of basketball players, who are sponsoring the potluck dinner. It will be served at 6 p.m., with a program to follow.

Coaches, managers and their wives are invited, along with the cheerleaders and team members.

Public Invited To St. Paul's Science Fair

NEGAUNEE — St. Paul's grade and high school students will have exhibits on display Friday evening when the fourth annual St. Paul's Science Fair will be held in the school gymnasium.

The local competition is held as a preliminary event to the Northern Michigan Science Fair at Northern Michigan University, Marquette.

Highlighting the grade school exhibits will be "Amateur Photography" by fourth graders under the direction of Sister Louis Marie, and a "Milk Factory" by third graders under the direction of Mrs. Searle Bath. Other entries from the grades will be individual and group exhibits.

In the high school, projects involving "Radiation" seem to dominate.

The exhibit is open to the public starting at 7 p.m., and the winners will be announced at 7:30 by Dr. James W. Merry, of Northern Michigan University, who will act as the judge.

First White Child Born In Mathias Dies

TRENTARY — Mrs. Violet Markley, 73, a former resident of Mathias Township, died last week in Bremerton, Wash.

Mrs. Markley was the first white girl child born in Mathias Township, July 15, 1889, to Mr. and Mrs. Woodberry Walls. She was married in Liberty Center, Ind., in 1907 to Carl Markley, who died 15 years ago.

Mr. and Mrs. Markley had two children, one of whom died at the age of 12. The other is Mrs. Amy Lambrinoff, a registered nurse who resides in Seattle, Wash.

Other survivors are six sisters, Mrs. Edith Kallo of Escanaba, Mrs. Walter Cunningham of Trentary, Mrs. Amy Finlan of Detroit, Mrs. Ruth Dubell of Detroit, Mrs. Helen Dewep of Birmingham and Mrs. Eunice Kovacs of Dearborn, and a brother, Wilfred Walls of Garden City, Mich.

Prize Photo Display Set In Negaunee

NEGAUNEE — A selection of prize-winning photographs from the annual Kodak High School Photo Awards will be on display at Negaunee High School from Monday, March 25, through Friday, March 29. Principal R. K. Richards announced today.

Winning prints of teenagers across the country, including both black and white and color photographs, will be included in the exhibit, which will be set up in the school auditorium. The public is invited to view the display during school hours.

Viewers of the exhibit will see that the purpose of the awards is to encourage creative competition among young people and to afford them a means of artistic expression through the exercise of their

Old bedspreads, plastic and canvas all are used to serve as windbreaks which go up with shanties used by ice fishermen enjoying this increasingly popular winter sport on Lake Superior near Sand Point, on east side of Munising bay.

This "Bobbing Bubble," home invention of Don Woods of Wetmore, not only provides protection against wind, but creates "room temperature" comfort when sun is shining.

Joseph Bassaraba (right) fishes in protection passes by carrying windbreak. Two teen-age boys of his plastic teepee while Jerome Beuparland (at left) use cardboard box as "break."

Seminar On Proposed State Constitution In Munising

MUNISING — A special committee composed of members of the Munising Rotary, Lions and Business & Professional Women's Clubs announced today that they will sponsor an illustrated seminar of the proposed Michigan constitution at 7:30 p.m. Saturday, March 30, in LaMothe Hall.

George Goss, chairman of the group, said its purpose will be to acquaint area residents with photographic skill—has been fulfilled by the winners.

The competition is open to high school students enrolled in public, parochial or private schools in the United States or its possessions.

Following a tour of the nation's schools, the photographs will be shown overseas.

Popularity Of Ice Fishing Increases In Munising Area

MUNISING — Dorothy Elliott, who lives midway between Manistique and Munising, had little luck fishing through the ice of Bay de Noc, but she's been enjoying this popular winter sport since "setting up camp" on Munising bay.

She's only one of many fishermen (both men and women) whose shanties can be seen on Lake Superior ice near Sand Point, especially on weekends. Good catches of smelt, whitefish and other species are reported regularly.

Increasing interest in ice fishing has brought out various types of shanties and windbreaks.

One of the most unusual affairs was invented by Don Woods, Wetmore. It's made of heavy plastic with a metal frame, and because of its light weight is carried easily. Because his friends liked the idea, he thought of patenting it, only to learn that a similar apparatus was patented in 1898 and later in the early 1900's.

As the accompanying pictures show, almost anything serves as a windbreak. One of the photos taken by Mary Jane Hallifax shows two teen-age boys using a cardboard box for this purpose, proving that ice fishing doesn't require a big outlay of money.

Women, as well as men, enjoy ice fishing. From Dorothy Elliott, shown with part of their catch—left are Argene Gollsek, Agnes St. Amour and (Mary Jayne Hallifax photos).

Tipsy Driver, Nine Others Pay \$176.10

GWINN — Ten persons, including one charged with driving while under the influence of alcoholic beverage, paid a total of \$176.10 in fines and costs in motor vehicle code cases handled by Justices Arthur Burkman and Clifford Powers at the Gwinn Town Hall.

Donald Anderson, Gwinn, appropriate treatment plants and collection systems projects.

Three separate types of bids and one general type of bid to include both treatment plant and collection systems have been entered.

LOST ORIGIN

Origin of the Basques is not known. Some ethnologists believe these mysterious people of the Pyrenees may be direct survivors of a Stone Age people.

INVITATION

A cordial invitation is extended to relatives, neighbors and friends to attend the 25th Wedding Anniversary of Mr. & Mrs. Alvin C. Hampton

Saturday evening, March 23, from 7:30 to 10:00 to be held at the Mitchell Methodist Church.

James Racine, Ishpeming, fined \$38 for being a minor in possession of beer in his car and for having a mutilated operator's license; Charles Hanson, Forsyth, \$3.70, no operator's license; Gary Fraley, Marquette, \$29.30, reckless driving, and Lauri Martonen, Gwinn, \$3.70, expired registration plates.

Five motorists were ticketed by state police, including: John Paris, Gwinn, \$5.70, defective brakes; Victor Wrate Sr., Forsyth, \$8.70, no operator's license; Verla McGregor, Sawyer AFB, \$9.70 for not having an operator's license and for not having valid registration plates; Oswald Hill, Iron County, and Bedy Mackey, Sawyer AFB, \$3.70 each for not having valid registration plates on their cars.

Hanna Pellet Plant Placed In Operation At Randville; Employment Raised To 300

CLEVELAND — Expansion of the Hanna Mining Co.'s iron ore concentrator and construction of the pelletizing plant at its Groveland Mine, located near Randville, 22 miles north of Iron Mountain, Mich., has been completed and the first pellets were produced this week.

The expansion of the concentrator and construction of the pelletizer was started in January 1962. This has been designed to increase production of the concentrator to 1,600,000 tons from 700,000. The pelletizer will have 1,250,000 tons a year capacity.

The expansion and new construction of the iron ore treating facilities, which required additional capital investment of more than \$12,000,000 will put the iron ore produced at Groveland in better competitive position with other iron ores coming from other states and countries, according to a statement issued by the mining company.

To this point, Groveland ores, which are of the taconite or Jasper descriptions, were mined, ground in a series of crushing and grinding stages and the iron bearing particles separated by the spiral

and flotation process. Spirals are banks of cone-shaped vessels in which iron particles are separated from waste material by centrifugal force. Flotation utilizes a petroleum base liquid to float out iron particles while the waste or silica sinks. The concentrate was then dewatered and shipped in the fine ground state.

The pelletizing process will take the concentrate through further grinding, Bentonite — a soft porous clay — is then combined with the concentrate and the mixture formed into round balls or pellets, about the size of marbles. Through a furnace operation, the pellets are then hardened. These high grade, partially fluxed and uniform sized pellets have proven to be considerably more efficient in the blast furnace operation.

Adding the pelletizing section of the iron ore treating process and expanding existing facilities has increased employment at the mining operation to about 300 men. Until this time, when the company operated the mine and original 700,000-ton capacity concentrator only, approximately 180 people were employed at Groveland.

Wins Journal Trip

Stephen Norman, Chatham (above), has qualified for the educational trip to Washington, D.C., this month by selling sufficient Mining Journal and national magazine subscriptions in The Journal's economy reading plan contest. Norman, 13, son of Mr. and Mrs. Henry Norman, is in Eben Junior High School. He started on the Chatham route a year ago and has 96 customers.

Spring Concert In L'Anse Set For April 2nd

L'ANSE — The L'Anse Township High School band and the fourth, fifth and sixth grades will present their annual spring concert Tuesday, April 2, at 8 p.m. in the high school gymnasium.

The band will present a variety of selections, including marches, overtures, tangos, swing, cha-cha's and novelties.

The grade school pupils will be featured in a program of songs. Several solo and ensemble numbers also will be included.

Republic
The Rosary Altar Society of St. Augustine's Catholic Church will hold its monthly pasty sale at the rectory Tuesday, March 26, beginning at 11 a.m. Orders may be placed by calling 376-2646 or 376-2274.

Midweek Lenten services at the Bethany Lutheran Church will be held at 7:30 tonight with Pastor Thomas Asuma preaching a sermon entitled "The Blood of the Cross." Choir practice will be held at 6:15.

Trenary
Julius Sivula is recuperating at his home following a heart attack he suffered en route to Duluth.

Mrs. W. E. Smith is a medical patient in St. Francis Hospital, Escanaba.

The First Lutheran Church Ladies' Guild Bible study scheduled for Monday, March 25, has been cancelled because of the absence of the pastor.

The junior class of Trenary High School is rehearsing for its play, "Huckle Berry Finn," to be presented late in April. Mrs. Arthur Marinello is the director.

The Mathias Township School Board will meet at 7:30 p.m. Monday, March 25, in the school.

A movie, entitled "Martin Luther," will be shown by the First Lutheran Church at 7:30 p.m. Sunday, March 24, at the church. The running time is one hour, 45 minutes. The public is invited.

Tommy Webber, infant son of Mr. and Mrs. John Webber, has been released from St. Luke's Hospital, Marquette, where he was a medical patient.

The following young people received 4-H county extension awards Monday at a recognition dinner at Eben: Ronda Bucholtz, Karen Hager, Kristine Hager, Paula Iho, Gary LaCombe, Marvin Lusardi, Jeffery Malner and Donald Williams.

Negaunee
The Negaunee Youth Center will hold a dance from 7 to 10 tonight. A junior high dance will be held from 7 to 9:30 Friday night. Saturday's dance will be from 8 to 11.

Women of St. John's Episcopal Church will meet at 7:30 Thursday night in the Guild Hall. A pot-luck lunch will be served.

The Wives of Eagles will hold a social meeting at 7:30 tonight in the Eagles clubrooms.

The Marthas Circle of the Women of Immanuel will meet at 7:30 Thursday night in the church parlors. The hostess will be Mrs. Aili Jacobson.

Ishpeming
The Retired Teachers Club of Ishpeming and Negaunee will meet at 11:30 a.m. Thursday in the Phelps Intermediate School. The guest speaker will be W. C. Peterson, superintendent of Ishpeming public schools.

The West Ishpeming Neighborhood Club will meet at 7 p.m. Thursday in the West Ishpeming School. Hostesses will be Mrs. Wilho Ruohomaki and Mrs. Lowell Small.

A joint Lenten service will be conducted in the Evangelical Covenant Church (with the United Presbyterian Church participating) at 7:30 tonight, instead of Thursday night as was previously announced.

Chatham-Eben
Mr. and Mrs. William Godell have left on a vacation trip which will take them to Houston, Tex., where they will visit relatives. They also will visit in Monterey, Tex., and Phoenix, Ariz.

Harold M. Maki has accepted employment in the meat depart-

Radio Circle To Observe Anniversary

ISHPEMING — The North Lake-Stoneville Radio Mission Circle is observing its twentieth anniversary in the Bethel Church this Sunday evening at 7:30.

A program will be presented and coffee served in the church parlors following the program.

This group of women is headed by Mrs. Sylvester Wittala, president; Mrs. Miina Parvainen, vice president; Mrs. Emil Hill, treasurer; Mrs. Gust Saari, secretary, and Mrs. Hattie Pennala, courtesy committee chairman. It holds meetings once a month at the homes of members.

The Radio Mission Circle sponsors a Finnish worship service over Radio Station WJPD every Wednesday morning, an Easter sunrise and a Christmas morning service from the Bethel Church for invalids and shut-ins who are unable to attend church services.

Hickey's Warriors Wallop St. Louis; Providence Rallies

NEW YORK (AP) — For Marquette's Ed Hickey, the Warrior victory was the most satisfying of a long basketball coaching career.

For Providence's Joe Mullane, the Friars' victory was another in a long line of heart-stopping scramblers.

Blasts St. Louis

The two teams posted quarterfinal triumphs in the 26th National Invitation Tournament Tuesday night. Marquette blazng past St. Louis 84-49 and Providence counter rallying for a 106-96 decision over Miami of Florida.

Marquette and Providence square off in the opening game of Thursday night's semifinal doubleheader at Madison Square Garden, preceding a match between Canisius and Villanova.

Breach of Relations

Hickey, involved with St. Louis Coach John Benington in a feud that has resulted in a breach of basketball relations between their two schools, watched contentedly as his veteran Warrior squad thoroughly outclassed the Billikens. Hustle, speed and a 31 per cent shooting average made it a Marquette romp.

Hickey, who has accused St. Louis of committing a player to a game, committed to Marquette and vows he will never again play a Benington team—"unless we're paired off in a tournament"—refused to dwell on the controversy after the game.

Mullane, whose Friars' trademark seems to be either fighting back from big deficits or fighting to hold on after big leads, saw Miami cut a Providence bulge of 19 points to a slim 2 in the final minutes before a run of 8 straight successful free throws clinched a 13th victory in a row.

Wings Dump Hawks Nearer Third Place

(By the Associated Press)

The Chicago Black Hawks, having all but relinquished their chances for the National Hockey League championship after a 3-1 defeat by the Detroit Red Wings, now are looking over their shoulders.

The Hawks trail league-leading Toronto by three points in the final week of the season and are only one point ahead of third-place Montreal.

Can Take Second

Montreal plays at Toronto tonight and if the Canadiens defeat the league-leaders, Montreal will take over second place, dropping Chicago to third.

The Hawks would be at a disadvantage for the Stanley Cup playoffs if they were to finish third.

In addition to the Montreal-Toronto game Wednesday, Boston is at New York. New York plays at Boston Thursday and on Saturday Chicago is at Montreal and Detroit at Toronto. The regular season ends Sunday with Chicago at Boston, Toronto at Detroit and Montreal at New York.

Howe Pads Lead

Norm Ullman paced Detroit with a pair of goals while teammate Gordie Howe added to his scoring lead. Howe collected his 36th goal and his 47th assist for 83 points, giving him an eight-point lead over New York's Andy Bathgate.

The five goals against Chicago put Glenn Hall's drive for the Vezina Trophy in jeopardy. Hall and Montreal's Jacques Plante are tied with 111 goals each but Plante has one more game than Hall to play.

The Negaunee St. Paul Emeralds are ready for the State Quarterfinal game against the veteran Brimley Bays, tonight at Pickford. They'll need another fine game from Center Rodney Guizzetti, shown about to score two of his 24 points in the Regional finals against White Pine, below. (Mining Journal photos).

Seven Unbeaten '5s' In State Quarterfinal Hoop Play Tonight

(By the Associated Press)

A proud defending champion and seven unbeaten teams head the list as the state's remaining 32 high school basketball teams meet in 16 quarter-final matches on neutral courts tonight.

A weekend trip to Lansing and the possibility of going into the finals Saturday await the 16 survivors of tonight's action.

River Rouge (22-1), the lone defending champion still in the running, tackles Dundee (17-4) at Trenton in the top Class B tussle.

River Rouge headed every body's list of the top teams in this class and is an apparent shoo-in for another title.

The winner of this game will advance to the semifinal at Lansing Sexton Friday night against the winner of tonight's Whitehall (20-0)-Rudyard (19-2) clash at Traverse City.

Four of the unbeaten teams playing are in Class A, and will be meeting in head-on battles at two centers.

Grand Rapids South (19-0) meets Saginaw Arthur Hill (19-0) at the Lansing Civic Center, while Ferndale (19-0) plays Grosse Pointe (21-0) in the second game at the University of Detroit fieldhouse.

In the other Class A matches, Detroit Northwestern (16-2) faces Pontiac Northern (17-3) in the first game at U-D, and Adrian (16-4) tangles with Jackson (13-7) at Ann Arbor.

The Ferndale-Grosse Pointe winner will meet the Detroit Northwestern-Pontiac Northern winner in the first game at Michigan State's Jenison Fieldhouse Friday night. The winners of the other two games will meet in the second game at the same place.

The other bracket of the Class B section of the state tournament has Flushing (19-2) meeting Marysville (18-3) at Rochester and Hudsonville Unity Christian (22-1) playing East Grand Rapids (16-4) at the Grand Rapids Civic Center.

Two other unbeaten clubs will swing into action in Class C. Addison (22-0) meets New Buffalo (19-0) at the Grand Rapids Civic Center.

'Cats Saluted On State NAIA All-Star '5'

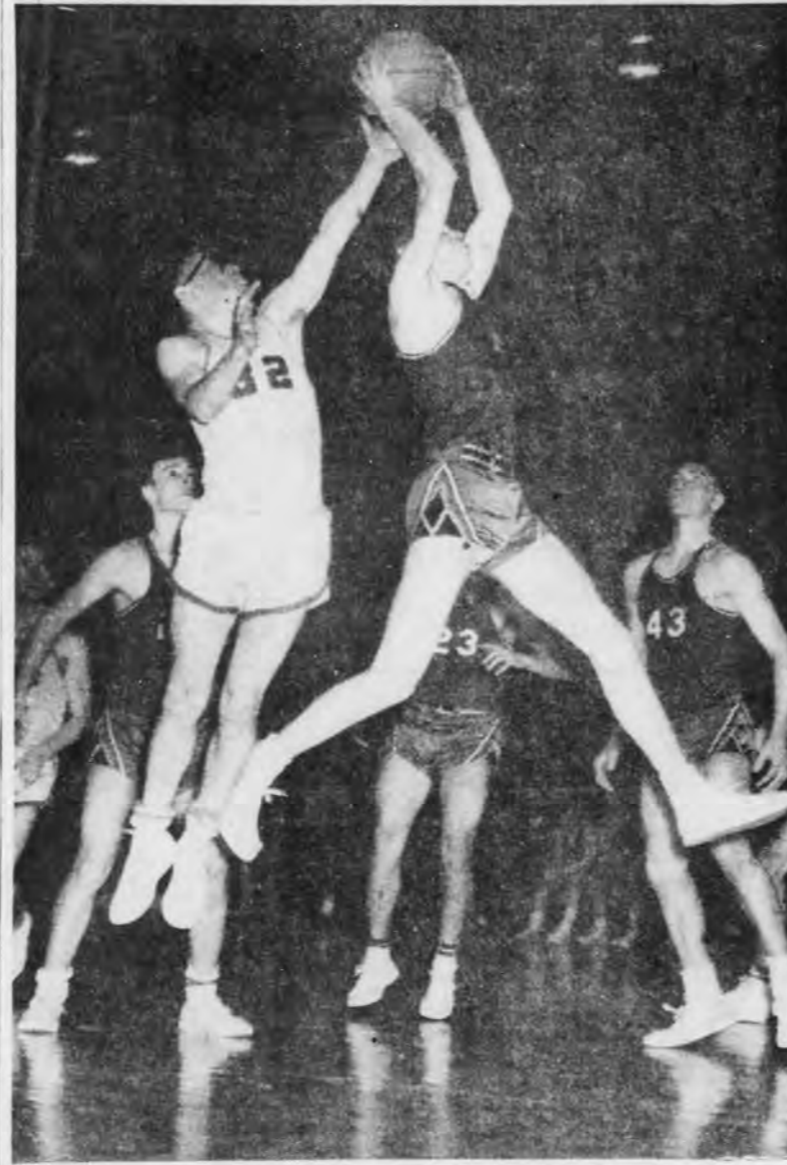

The entire Northern Michigan University "first five" gained first team, second-team, or honorable mention on the State NAIA All-Star squad just named.

With the naming of the all-star team, the division of the National Association of Intercollegiate Athletics also named Dick Adams of Eastern Michigan as their basketball "coach of the year" for the vast improvement in the Hurons this season, resulting in their first post-season bid.

Gary Silc and Bob Armstead of the Wildcats were named along with Dave Nelson of Central Michigan, big Bernie Kilpatrick of Ferris and little Duane (Peanuts) Lamiman of EMU, on the first team.

Marty Garrity of the 'Cats was named to the second team, although he played only half a season. He was joined by Rudy Ransom of Ferris, Ed Gallup of Eastern, Gerald Wnuk of Lawrence Tech and Charley Works of Hillsdale.

Bob Pecotte and Duane Soine of Northern earned honorable mention.

Hetherington's Raiders Swept Honors Again; Gary Second In 95-lb. Class

Coach Fran Hetherington's Michigan School for the Blind wrestling team swept all available honors this year, winning their fourth straight North Central Association championship, and the Michigan state Class B title.

The Lansing-based Raiders piled up 131 points with eight individual championships, a second and two thirds, for an NCA tournament record, nearly outscoring the next three state schools combined. Kansas scored 43, Illinois, 44, Indiana and Iowa, 41; Wisconsin, 28; Kentucky, 25; Minnesota and Nebraska, 16 each, and South Dakota and Missouri, scoreless.

MSB took five firsts, a second and a fourth in various regional and state wrestling honors and sent seven young men to the State meet.

(All schools below Class A enrollment wrestle in Class B in Michigan.)

Michigan School for the Blind repeated their 1961 State Championship win after placing 3rd in 1962; 48 schools qualified 192 boys for the State Meet.

The Raiders of Lansing had four individual State Champions and two fourth place winners to take the title with 69 points. River Rouge won 43, placed second, Sturgis 33, Buchanan 32, Ann Arbor-St. Thomas 30.

Ed Rodgers at 120 lbs. Larry Sykora at 127 lbs. Lloyd Fries at 133 lbs. and Allen Harris at 154 lbs. won titles Larry Powell at 163 and Frank Whitaker at 180 placed 4th in the finals.

Rodgers, Fries and Sykora were undefeated for the season while Harris lost one dual match.

Larry Sykora, senior, completed his interscholastic career with a dual meet record of 43-3-0 and is a 3 time State Champion—129 lbs. in 1961, 127 lb. champion in 1962 and 1963.

Harris, a Senior, compiled a 39-5-0 dual meet record.

Fries, a Junior, currently has a 31-2-0 dual meet record.

Gary Hetherington, a Sophomore, son of the MSB Coach Hetherington, was 1963 runner-up at 95 lbs. in the State Class A Meet for Lansing Sexton.

NAIA Chief Blasts Big-Time 'Amateur' Recruiting As Farce

NEW YORK (AP)—"Our athletic amateurism is a farce," says Al Duer of Kansas City. "We're more professional than Russia in the conduct of our sports programs."

"At least, the Russians do it out in the open. Our devious, under-the-table methods are more damaging to moral standards."

Duer can't be classified as a crackpot. As executive secretary-treasurer of the National Association of Intercollegiate Athletics, it's his job to police the athletic policies of 463 member colleges.

'Baby Brother'

The NAIA is a sort of baby brother of the powerful National Collegiate Athletic Association, which governs sports in more than 500 of the major universities and colleges.

The NAIA, made up mostly of smaller institutions with an average enrollment of 1,200 students, has found itself in the middle of the fight between the NCAA and Amateur Athletic Union over control of the nation's amateur sports.

'Power Grab'

"We're more on the side of the AAU because we think the NCAA is engaged in a sheer power grab," Duer said. "We feel that if the colleges are permitted to continue on their present course, our whole amateur structure may scramble."

"It's not just the matter of athletic scholarships, which Avery Brundage (president of the International Olympic Committee) objects to so strenuously. It's the way the colleges go after top athletes."

Ethics Forgotten

"In this mad scramble to be bigtime, ethics are forgotten. Talented athletes are recruited and subsidized in every violation of our amateur codes. It's done undercover. This corrupts our young athletes and produces our sports scandals."

"I don't think we have even scraped more than the surface of our scandals."

Detroit Runs '220' In 20.4

TEMPE, Ariz. (AP)—Lanky Henry Carr of Arizona State University, who had been flirting with the world record in the 220-yard dash for two years, finally broke it Tuesday night.

Carr churned around one turn in chilly Goodwin Stadium in 20.4, one-tenth of a second faster than any human before.

The recognized record is held by Stone Johnson of Grambling La. College; Ray Norton, Santa Clara Valley, Calif.; Youth Village, and Paul Drayton, Villanova.

From Detroit

Carr, a 6-foot-3 sophomore from Detroit, beat two teammates and three University of Utah runners by 10 yards.

Coach Senon (Baldy) Castillo, who is dedicated to building a track power at A-State, said these next three state schools combined, he said the track would be surveyed Wednesday to make certain the distance was correct.

Playoffs Set For 'A' Indy League Fives

Pesola's play Misfits at 6:30 and Crew meets Clifton at 7:30, in semifinal play in the Marquette Independent "A" League.

League-leading Pesola's ended regular season play at the Armory with an 11-4 record, after a 74-64 upset at the hands of Clifton (3-12). John DeYonke scored 21 for the victors, Mickey Nevala had 17 in defeat.

Crew boosted their record to 9-5 on a 56-48 victory over Misfits (5) as Jim Gardner scored 15. John Wood led the Misfits with 13.

Thursday night winners will open 2-out-of-3 playoffs at 7:30. Monday, March 25, following opening of a similar playoff between Shorelands and Larry's in the "B" League.

Musial Has Seven All-Time Records In National Loop

An additional 236 singles, 77 triples, 49 homers would give Stan Musial the all-time National League record in all hitting categories except lifetime average and slugging percentage.

"The Man" already leads in games (2,902), at-bats (10,625), runs (1,915), hits (3,544), doubles (715), total bases (5,988) and RBI's (1,883). He is second in homers with 463, sixth in all-time slugging percentage, at .364. Slugging percentage is figured on total bases divided by times at bat.

EXHIBITION BASEBALL

(By the Associated Press)

Tuesday's Results

Detroit 8, Los Angeles (N) 3
Chicago (N) 3, San Francisco 2
Cleveland 13, Houston 3
Los Angeles (A) 5, Boston 1
Baltimore 4, Chicago (A) 3
Kansas City 9, New York (A) 5
Cincinnati 5, Minnesota 4
Milwaukee 7, Pittsburgh 6
St. Louis 7, New York (N) 3

team matches. Their any night team fired 1490 out of a possible 1600 with three team members (Peterson, Schwenke, and Nuska) firing 379 or better.

B Independent Playoff Set In Marquette

Shorelands will meet Larry's Shell, beginning Monday, in a best-two-out-of-three playoff for "B" League independent basketball honors, at the Marquette Armory.

Shorelands ended the regular season with a 73-33 victory over Furnace, while Larry's downed Mel's Sinclair, 50-40.

Both were close contests in the early stages. Shoreland padded a 45-40 lead in the fourth period. "Briek" Olds ended up with 36 points for Furnace, after scoring 20 of their first 24 for the short-handed team. Curt Vandembom scored 21 and Jon Peterson added nine field goals for Shorelands.

Frank Young and Neil Nystrom played their best games of the year as Larry's pulled away from a 31-27 third quarter tally. They combined for 27 points. Loren Berndt had 13 for Mel's.

Will Trade Revive Orioles As AL Threat?

(By the Associated Press)

The Baltimore Orioles, traveling along baseball's exhibition trail undefeated in 10 games, seem to have located the glory road they suddenly stepped off in September 1960.

In 1960 the Orioles battled the New York Yankees nip and tuck before losing out for the American League pennant. They were in first place on Sept. 9 and on Sept. 15 were still virtually tied for the top with an 83-38 record to 82-37 for the Yanks. Then came a disastrous series with the Yanks and the Orioles finished second, 8 games behind with an 89-65 record.

Slipped To 3rd

The Orioles slipped to a third-place finish in 1961, 14 games back of the Yankees, and last year dropped to seventh place, 19 games out of first.

Now with shortstop Luis Aparicio on the way to their 10th straight victory Tuesday, 4-3 over the White Sox at Sarasota, it triggered a 3-run first inning and the Sox never caught up.

As Usual

The world champion Yankees continued at the bottom of the AL standings with a 3-8 mark. They rapped out 15 hits but nevertheless lost to Kansas City 9-5 at Bradenton.

Crushed Colts

Cleveland smashed out 18 hits and crushed Houston, the National League exhibition leader, 13-3 at Tucson.

Cincinnati, helped by John Edwards' 2-run homer, nipped Minnesota 5-4 at Orlando and Norm Larker's ninth-inning single drove in the winning run for Milwaukee as the Braves edged Pittsburgh 7-6 at Fort Myers.

Rookie Keeps Indian SS Job

TUCSON, Ariz. (AP)—One of the most widely discussed and highly regarded major league rookies is Antonio (Tony) Martinez, who will be the Cleveland Indians' opening day shortstop April 9.

It was as far back as last January that Cleveland Manager Birdie Tebbetts announced Martinez would be his opening day shortstop although he had never seen him play.

More Convinced

Now that he has, Tebbetts is even more convinced that the 21-year-old Cuban, with only three years of minor league baseball experience behind him, can take over as the Indians' every-day shortstop.

"Martinez not only will open the season at shortstop for us," said Tebbetts today, "but he'll be in there the next day, the next week, the next month and every day in the season. He's the shortstop for a period."

Such preseason buildup has been known to affect young players before.

Not Bothered

"I don't think it bothers me," said Martinez, who speaks English better than most Latin players. "I know what Tebbetts say but I don't think the position is given me. I know I have to show it. I feel I have lots to learn and I feel something every day."

Munising's Ranta, Marquette Club Team Top Negaunee Shoot

NEGAUNEE — Ray Ranta of Munising fired the highest score and the Marquette Rod & Gun Club captured team honors in the 1963 Negaunee Open Indoor Smallbore Rifle Tournament sponsored by the Negaunee Rod & Gun Club.

In the any sight aggregate for the Master and Expert class, only three points separated Ranta from Don Peterson of Marquette. These three points were picked up by Ranta in the kneeling position where he fired an almost perfect 99.

Also in the any sight aggregate, Lawrence LeVeque of Munising fired a 357 for top honors in the Sharpshooter and Marksman class and Richard Wertenan of Negaunee fired a 361 to take the Unclassified class trophy.

In the metallic sight aggregate, William Gutman and Roger Jensen, both of Marquette, won the Master and Expert class and the Sharpshooter and Marksman class respectively. Gordon Abramson of the Negaunee Junior Rod & Gun Club turned in his best performance of this year to capture honors in the Unclassified class. With a score of 345 in the metallic sight aggregate, Abramson shows promise of becoming an outstanding Upper Peninsula shooter.

The Marquette Rod & Gun Club took first place in both four man

Kennedy (Not JFK) Picks Bays

By BERNIE KENNEDY

DETROIT (AP) — One of the great joys of covering the high school basketball tournament is that when the teams get to the quarter-finals—as they do today—we're supposed to stick our necks out and pick the winners of the games.

Selecting the winners in 16 contests involving the state's top teams is no easy task. One needs help.

So, taking the AP's crystal ball off the shelf and taking a good look here are tonight's choices:

CLASS A

Detroit Northwestern vs. Pontiac Northern: Northwestern enjoyed the trip to Lansing last year and has its suitcases already packed for a return visit. Northwestern.

Ferndale vs. Grosse Pointe: Grosse Pointe in this battle of unbeaten. Too bad they both can't win.

Jackson vs. Adrian: Looks like another one of those years when Jackson gets going after a so-so season. Jackson easily.

Saginaw Arthur Hill vs. Grand Rapids South: Arthur Hill moves on to the semis and Grand Rapids goes without a Class A titlist for the 39th straight time.

CLASS B

Dundee vs. River Rouge: Wish they all were as easy as this one—Rouge all the way.

Flushing vs. Marysville: Thumb area hope gets thumbs down treatment from Flushing.

East Grand Rapids vs. Hudsonville Unity Christian: Unity heads for showdown with River Rouge, but will have to hustle in this one.

Rudyard vs. Whitehall: Unnoticed by pollsters all season, Whitehall continues to make a big noise on the basketball court and racks up 21st straight.

CLASS C

Detroit St. Thomas vs. Imlay City: Conqueror of Grosse Pointe St. Paul no match for Imlay City. St. Thomas.

Addison vs. New Buffalo: Addison's well-balanced outfit may be surprise of tournament. Mark down another one for Coach Dick Ouellette's boys.

Perry vs. Remus: Perry will win, but Remus can always look back on its triumph over defending champ Muskegon Christian.

Harbor Springs vs. Houghton: Colorful Harbor Springs prepares with orange hairdos yet—prepar to dazzle Lansing.

CLASS D

Britton vs. Camden - Frontier: Redskins scalp highly-regarded Britton in biggest upset of night.

Brimley vs. Negaunee St. Paul: Brimley is only Upper Peninsula team to make journey to Lansing.

Blanchard vs. Brethren: Blanchard chalks up another.

Fowler vs. Owosso St. Paul: St. Paul teaches Fowler a lesson—but watch out next year.

Deputies Ended Win String At 7

The Sheriff's Deputies ended the Marquette City Police Bluecoats basketball win string at seven, with a 36-28 decision, in their most recent outing on the hardwoods.

It was a rough and tough contest, with 31 fouls called, some infractions for overtime parking in the free throw lane, etc., but the Deputies balanced attack paid off. Tom Jernstad Jr. scored 10 for the victors. Sgt. VanOverloop had 12 for the Bluecoats.

MARQUETTE MIXED

Jim Borro bowled a 517 with a 215, Helen Borro, a 489 with a 178, in the Shoreland Mixed League. Larry Johnson posted the high game of the night, a 233, and tallied 565 in a make-up match. Hi-Los rolled 1,912, and Misfits had a 690 high team game.

CHATHAM WOMEN'S

Lois Maki boosted the league season's high to a 559 with 193-210-156 bowling this past week, while Nath Niemi had a 507. Alice Ylitalo, 506. Maki's Service led the teams with 2,184 and a 760 game.

MARQUETTE MIXED

Jim Closson had a 571 with a 209 game, Allie Barr bowled a 468 series and Betty McGinley a 179, while the Cream Puffs totaled 1,926 with a 679 team game, in the Elks Sunday loop.
