News In Brief

SAIGON, South Viet Nam — South Vietnamese troops fought a heavy clash with Communist guerrillas Monday near the hamlet of Ap Bac, and heavy losses were reported on both sides.

NICE, France — King Saud of Saudi Arabia is reported suffering from a serious digestive ailment.

WASHINGTON — The Navy for the first time has picked Negro officers to attend the Naval War College, it was learned today.

LOCKPORT, N. Y. — Elizabeth Miller, 85, mother of Rep. William E. Miller, Republican National chairman, died Monday after a long illness.

SEOUL, South Korea — South Korea's military regime rejected today a U. S. statement that prolonged military rule could threaten stable and effective government.

LOS ANGELES — Former California Gov. Goodwin J. Knight says he will open a Rockefeller-for-President office here Wednesday.

JACKSON — Mrs. Loretta Lee Weber, 30, who admitted she tried to hire two men to kill her husband, was placed on probation for five years and fined \$300 in Circuit Court Monday.

OAS Chief Bidault Flies To Portugal

LISBON (AP)—Former French Premier Georges Bidault flew to Portugal early today after West Germany refused to let him continue his campaign to overthrow President Charles de Gaulle, police reported.

The spokesman said that if Bidault if found here "he will not be allowed any political activity during his stay here."

WASHINGTON — The Navy for the first time has picked Negro officers to attend the Naval War College, it was learned today.

LOCKPORT, N. Y. — Elizabeth Miller, 85, mother of Rep. William E. Miller, Republican National chairman, died Monday after a long illness.

SEOUL, South Korea — South Korea's military regime rejected today a U. S. statement that prolonged military rule could threaten stable and effective government.

LOS ANGELES — Former California Gov. Goodwin J. Knight says he will open a Rockefeller-for-President office here Wednesday.

JACKSON — Mrs. Loretta Lee Weber, 30, who admitted she tried to hire two men to kill her husband, was placed on probation for five years and fined \$300 in Circuit Court Monday.

Publishers Accept Pact; Union Waits

NEW YORK (AP)—Mayor Robert F. Wagner announced early today that publishers of New York's eight closed daily newspapers had accepted his terms for ending a strike by the photoengravers union.

The photoengravers are the last of four striking unions—the other three are the stereotypers, mailers and printers—to come to contract terms under a formula worked out by the mayor.

WASHINGTON (AP)—The Welfare Department today termed discriminatory a bill passed by the Michigan Legislature that would use federal funds to help provide benefits for dependent children of unemployed parents.

Kenney Thompson, his cowboy boots all but forgotten, tries on some baseball spikes while watching some older boys practice.

The five-year-old's obvious dreams are (1) when he will be old enough to play Little League baseball and (2) when his feet will be big enough to fill the baseball shoes.

8th St. Hearing Held; Assurance On Use Of Campus Street Sought

Marquette city officials will seek a firm commitment from Northern Michigan University concerning the use of a north-south campus road before approving the vacating of N. Eighth St., from W. Fair Ave. to Center St.

Moore Tells Progress On Steam Plant

Progress being made on the steam plant preparatory work was reported to the Marquette City Commission at its regular meeting in the city hall last night.

City Manager Thomas Moore said test borings are being made near the Standard Oil Co. tank property in the Lower Harbor to determine the best site for the steam plant building itself.

Moore also said J. Bryan Sims, Grand Haven, the city's consulting engineer, has retired from municipal service there and opened a new office.

"He soon will be forwarding to us an engineering contract for his services in connection with the steam plant construction," Moore said, adding that Sims will be available to come to Marquette as soon as the test borings are completed.

Options, Pledges On Land - In response to a commission query, Moore said options or pledges on the sites needed for the steam plant have been obtained.

Moore stated that the tax anticipation notes which the city has asked the Michigan Municipal Finance Commission to approve were expected to be placed before that body today.

"This is the first time in several years that an application for tax anticipation notes has been received with no mistakes in it," Moore said he was informed by the state body.

As a result, he noted, the city does not have to send anyone to Lansing to clarify any points or to be on hand when the matter comes before the commission.

Obituary

MRS. PALMER SANDSTROM - Mrs. Palmer (Nellie) Sandstrom, 74, a former resident of Marquette, died yesterday in Mt. Clemens.

Mrs. Sandstrom was born Feb. 26, 1889 in Calumet. She lived in Marquette until three years ago, when she moved to Mt. Clemens to make her home with her daughter, Mrs. Don (Melba) Smith. Her husband died May 24, 1953.

Services will be held at 2 P.M. Friday afternoon in the Swanson Funeral Home with the Rev. J. Otto Magnuson, pastor of the Messiah Lutheran Church, officiating. Burial will be made in Park Cemetery.

The body will be received here Thursday. Friends may call at the funeral home Thursday afternoon and evening.

City Paragraphs

Robert Scott, 603 N. Third St., having recently completed a comprehensive maintenance equipment course at Advance Floor Machine Co., Spring Park, Minn., has been awarded a certificate of achievement. Certificates are awarded to distributors and their representatives who successfully complete three-day study courses involving floor maintenance equipment.

St. was held.

University officials are seeking the vacating of about two blocks of Eighth St. to facilitate completion of the construction of the practical and fine arts building, now being erected and which is to extend west, across Eighth St. Northern spokesmen had given the city assurance that the present extension of N. Seventh St. through the campus, ending up on Center St., would serve as an alternate route, after the Eighth St. portion is closed.

Written Agreement Asked - This alternate route is necessary because of the few north-south streets for fire, police and other emergency traffic, city officials noted.

"It ought to be written in pretty plain language," asserted Commissioner Elmer K. Carlson, "that this Seventh St. roadway through the campus will be a public thoroughfare. We need a written agreement on this matter."

Responding for the university, Leo VanTassel, comptroller of NMU, said he was not prepared to answer that question "at the present time." However, he added, there always will be an alternate route for non-campus traffic through the campus.

Hearing Adjourned - "I received the impression — and I believe the other members of the commission did too — that this (Seventh St.) route would be a permanent matter," Carlson said. "If this isn't so, I don't know how I will feel about the Eighth St. closing."

Commissioner Joseph Fine agreed, and Mayor James R. Smith said he felt sure the university and the city would be able to work something specific out before that portion of Eighth St. is vacated. (The hearing itself was adjourned to the next meeting of the commission.)

Carlson said the street through the campus could be rerouted or altered 50 feet or so, but that the main route should be "specific and permanent," and reiterated his desire to "see that in writing before this matter is resolved."

Appearing during the public hearing, Edward Bernard, Center St. and Tracy Ave., said he objected to the campus road being closed during games at the NMU fieldhouse and that some precautionary measure should be taken about the walking on the road.

Plan Safe Flow Of Traffic - VanTassel said the university attempted to provide for an orderly and safe flow of traffic in times of basketball games.

"Our security force has worked with city police in attempting to direct the flow of traffic in the

best and safest manner possible," he stated. "We attempt to keep the drive clear in those times."

Ernest VonZellen, Marquette, said he owns some property on Eighth St. and had to pay taxes and an assessment on a sewer. He said he was voicing an objection to the closing of Eighth St., "which has been a street for 40 years."

It was reported that steps have been taken to purchase the property from the VonZellens and that the matter of the price is being ironed out.

Commissioner C. Fred Rydholm said that if the property owned by Mr. and Mrs. VonZellen is acquired by NMU that proper compensation would be included by the state for the assessments paid on the property.

High Medal Winner At Sawyer Base

A2C Verona D. Henry, holder of the nation's highest peacetime award for acts of heroism, has arrived at K. I. Sawyer Air Force Base for an assignment with the 464th Support Squadron.

Airman Henry, of St. Louis, Mo., received the Airman's Medal for rescuing a German citizen who had fallen in the Main River at Bischofsheim, Germany.

In addition, Henry also received Germany's highest heroism award, the "Land Hesse Life - Saving Award," presented by Dr. Walter Schubert, president of Wiesbaden County.

Henry received the awards while assigned to the 7310th Support Squadron as teletype operator in Germany.

The citation which accompanied his "Airman's Medal" award reads: "A2C Verona D. Henry distinguished himself by heroism involving voluntary risk of life on August 12, 1960 at Bischofsheim, Germany. On that date, after hearing cries for help, he investigated and discovered a man struggling in the Main River approximately 10 meters from shore.

"Ignoring the strong current and the dangers inherent in the situation, Airman Henry entered the river and pulled the endangered man to safety. The exemplary courage displayed by Airman Henry reflect great credit upon himself and the U. S. Air Force."

He has an older brother who is a captain in the Air Force. His wife, Hanalora, and three daughters expect to join him here soon.

County Board Meeting At 2 Tomorrow

Marquette County's Board of Supervisors will hold its monthly meeting in the courthouse here beginning at 2 tomorrow afternoon.

Board Chairman Carl W. Corneliussen, Ishpeming, will preside at the session, which will be the last with the present board personnel intact, inasmuch as the election next month will change the lineup.

At least one supervisor is not seeking re-election. Sheriff's Car Bids - Principal business will concern reports and recommendations of the board's budget and executive committee, which will return for floor action the following matters:

(1) Bids on the new automobile for the sheriff's department.

(2) The request of Prosecuting Attorney Edward A. Quinell, Marquette, for permission to attend the law institute in New York City.

(3) A request for an advertising donation for the Upper Peninsula American Legion convention to be held here next summer.

(4) The new Sunday closing law.

The notice of the mid-year meeting of the Upper Peninsula Association of Boards of Supervisors, to be held in Newberry, will be received.

Zeigler Attending American Power Meet In Chicago

Jack E. Zeigler, Marquette, production superintendent of the Upper Peninsula Power Co., is among those attending the 25th annual American Power Conference in Chicago this week.

Also attending are officials of the company in Houghton and two students from Michigan Tech, as guests of the company. They are James A. Jennison, Iron Mountain junior, and John P. Horling, Houghton, Wis., junior.

The conference is sponsored by the Illinois Institute of Technology with the cooperation of many leading universities and technical societies. Purpose of the conference is to provide a national forum for the exchange of information concerning problems of interest to the power industry and related fields of activity.

The program is planned with emphasis on the broad overall aspects of the subject rather than the intricate technical details. The conference is open to all persons interested in the generation, transmission, distribution or utilization of power.

Economics Theme For Teacher Institute In Marquette April 3

Economic education will be the theme of speeches and discussions at the Marquette-Alger County Teachers Institute, to be held at Graveraet High School Wednesday, April 3.

About 700 public school teachers from the two counties are expected to attend the conference, G. Vance Hiney, Negaunee, Marquette County superintendent of schools, said.

As in past years, all public school students in Marquette and Alger Counties will be excused from classes on April 3 while their teachers attend the workshop, Hiney said.

Three downstate educators, all new to their work in the field of economics, will address the teachers.

Dr. Theral Herrick, Ypsilanti, Eastern Michigan University, who is executive director of the Michigan Council on Economic Education, will deliver the opening address at 9:40 a. m. His speech will be, "The What, Why and How of Economic Education."

Dr. John E. Mayer, Rochester, associate professor of economics, Michigan State University-Oakland, will speak at 1:15 on "The American Economy in 1970: Problems and Prospects."

Dr. Mayer will give special attention to three problem areas — American versus Soviet growth, and the balance of payments and the Common Market.

The concluding speech will be delivered by Dr. Clyde Reed, Detroit, executive director of the Institute of Economic Education. Dr.

Reed will discuss the "Challenge of Economic Education."

Members of a reactor panel, at 2:15 p. m., for questions formulated by discussion groups, include Edward M. Ray, conservation education, Roscommon, and Mrs. Granis McCarty, elementary school principal at Farmington, who is a member of the State Curriculum Committee on Economic Education.

Teachers will meet at 11:35 a. m. in 20 discussion groups.

Resource people for the discussion groups who are coming to Marquette from the State Department of Public Instruction in Lansing are Benjamin Hamilton, elementary education; James Borough, chairman of the State Curriculum Committee on Economic Education, and Louis Koosis, secondary education.

Area educators who will serve as resource persons for discussion groups include:

William Wright, Northern Michigan University, director of conferences, public services division; William Vankosky, NMU, consultant of management development, public services division; Mrs. Rosemary Cummins, NMU, associate professor in business.

Vito Perrone, NMU, assistant professor of history and education; William Peterson, Ishpeming superintendent of schools, and Dr. Neil Carlson, NMU, assistant pro-

U.P. Banks Sponsoring Essay Contest; Scholarships Prizes

Two seniors in Upper Peninsula high schools will be the recipients of scholarships totaling \$750 in an essay contest being sponsored by Group I (the Upper Peninsula) of the Michigan Bankers Association.

Leonard Altobello, Ishpeming, vice president and cashier of the Miners' First National Bank and chairman of Group I of the MBA, said the contest is open to any senior in an Upper Peninsula high school.

Deadline May 15

Purpose of the contest is to foster understanding of the functions of banks, in recognition of the cen-

tennial of the Dual Banking System.

Contestants will be asked to submit essays on the theme, "How Banks Help My Community." The essays should be between 750 and 1,000 words. Deadline for submitting entries is May 15. Entries may be submitted to any bank in the Upper Peninsula.

First prize will be a \$500 scholarship award. Second prize will be a \$250 scholarship award. Scholarships will be paid to any school of the contestant's choice.

Entries will be judged by a committee of editors of Upper Peninsula newspapers. Announcement of awards will be made by the essay committee of Group I, MBA.

All essays are to be typewritten, double spaced, on one side only of 8 1/2 by 11-inch paper. The name of the writer should be on each page, in the bottom right-hand corner. Each entry must be accompanied by an official entry blank.

Entry blanks may be obtained at any bank in the Upper Peninsula.

Georgevich Heads Northern's Political Science Department

Formation of a department of political science at Northern Michigan University under the chairmanship of Associate Prof. Miodrag Georgevich was announced today by Dr. Edgar L. Harden, president of Northern.

This brings to 18 the number of departments at Northern. Others recently created include physics and sociology-economics.

The formation of this new department recognizes the role of political science as an independent field of study within the liberal arts. This recognition indicates the ever-growing interest of students in the study of political behavior and the political processes, both domestic and foreign, Harden said.

A member of Northern's faculty since 1958, Prof. Georgevich specializes in international politics and political theory.

Georgevich's master's thesis dealt with "Problem of the Internalization of Trieste." Currently, he is completing his dissertation on Yugoslav foreign policy.

He is a member of the American Political Science Association and the American Association of University Professors.

Willard, Miss Boen Members

Other members of the political science department are Dr. Joseph Willard, associate professor, and Miss Sharon Boen, an assistant professor.

Willard specializes in American political institutions and public administration. He wrote his dissertation on "The Public Relations Practices of Federal Departments and Agencies."

Previously, he taught at Indiana University and Evansville (Ind.) College, and served as a research assistant in the bureau of government research at Indiana University.

He is a member of the American Political Science Association, the American Association of University Professors, the American Society for Public Administration, Midwest Conference of Political Scientists and the American Sociological Association.

Miss Boen, who comes to Northern from the University of Virginia where she is completing her doctor's degree, specializes in international organizations and comparative governments. The title of her dissertation is "The Evolving Role of the Secretary-General in the United Nations."

CAPT. ROBERT J. MALETTE

CAPT. GEORGE W. SUMMERS

LT. WILLIAM G. WILLIAMS

LT. SYLVESTER E. YOUNG

Promotions Of Six Employees At State Prison Here Listed

Promotions of six employees at the Marquette State Prison were announced today by Warden Raymond H. Buchko.

Two promotions to the rank of captain were occasioned by the death on Dec. 18 of the late Capt. Glen Oien, and the retirement of Capt. Frank Balbierz on Dec. 31.

Promoted to captain were George W. Summers, 107 N. Fourth St., and Robert J. Malette, 359 Alger St.

William G. Williams, of 146 W. Park St., and Sylvester E. Young, Route 1, Box 779, were promoted to lieutenant.

Promoted to the rank of sergeant were Anthony V. Hogan, 420 Baraga Ave., and John J. Berry, of 207 Mather St.

Started in 1942

Summers began work at the prison in 1942 as a corrections officer. He was promoted to sergeant in 1957 and lieutenant in 1960.

A native of Iron Mountain and a graduate of Kingsford High School, Summers served two years during World War II as a medical corpsman with the First Armored Division, U.S. Army, in Germany. Previous to World War II, he

worked with the Michigan Department of Conservation in Marquette County.

Summers is married to the former Alice Juvani of Negaunee. He and his wife have two children. He is a member of the Marquette Health Council and the Blue Lodge.

Native Of Marquette

Malette, a native of Marquette, graduated from John D. Pierce High School and attended Northern Michigan University.

Malette served three years on a Navy aircraft carrier during World War II, and began work at the prison in 1949 as a corrections officer.

He was promoted to sergeant in 1957 and lieutenant in 1961.

He is a member of the Marquette County Law Enforcement Association, the Knights of Columbus and the National Rifleman's Association, and is a charter member of the prison's pistol club, the Sharpshooters.

Malette and his wife, the former Mary E. Dahlstrom, have four children.

Served In Army

Williams began work at the

SGT. JOHN J. BERRY

SGT. ANTHONY V. HOGAN

prison as a corrections officer in 1946. He was promoted to sergeant in 1954.

During World War II, Williams served four years with the Army 35th Division in the Asiatic-Pacific Theatre.

A native of Ishpeming, Williams is a member of the Elks, Veterans of Foreign Wars and the Marquette County Law Enforcement Association.

He and his wife, the former Bernice Schwemin of Marquette, have two children.

In Service Four Years

Young, a native of Green Bay, graduated from Graveraet High School. He began work at the prison in 1953 and was promoted to sergeant two years ago.

Young and his wife, the former Marie Frisk of Michigan, have nine children, eight boys and one girl. He is a charter member of the Chocoley Township Lions Club. Young was in the service for four years during World War II.

Veteran Of Army

Hogan began work at the prison as a corrections officer in 1953. He is treasurer of the prison pistol club and a member of the National Rifleman's Association.

Hogan served 42 months in the U.S. Army during World War II. He is a graduate of Bishop Baraga Central High School.

He is married to the former Myrtle M. Hood of Gwinn and they have three children.

Former City Patrolman

Berry, a Marquette County native, was a patrolman with the Marquette Police Department from 1950 to 1953, when he began work

at the prison as a corrections officer.

Berry attended Northern Michigan University during 1960 and 1961 and plans to continue his studies there in social-psychology.

He served four years in the Naval Air Force during World War II. He is a member of the Knights of Columbus and the county law enforcement association.

Berry and his wife, the former Pauline Bolduc of Marquette, have four children.

City Receives Road, Sewer Job Requests

Three requests for public improvement projects, which would be carried out by special assessments, were received by the Marquette City Commission at its meeting in the city hall last night.

Mayor James R. Smith observed that last night was the deadline for the receipt of such requests by the city for specific inclusion in this year's construction program.

Any such requests received henceforth this year will be processed through normal channels, but the city will not assure anyone that they will be carried out this year.

This deadline is necessary because of the budget study which begins next month and because of the several public hearings required in each case, prior to having the projects formally approved.

Two Street Jobs Asked

Okayed at last night's session were requests (1) for the construction of a paved road and concrete curbing on Lynn St., between Center and Waldo Sts., asked by 10 residents. (2) for the continuation of a sewer line in the Sherman St. area, requested by eight residents and (3) paving a portion of Center St.

Additional Request On Paving

The Lynn St. petition had an

additional request, made by two families, for paving and curbing on Center St., between Lynn and Birch Sts.

The sewer line was asked to be installed in Sherman St., west to Sheridan St., north on Sheridan to Cleveland Ave., west on Cleveland to the railroad tracks to the end of the sewer line.

"This is necessary, petitioners said, as there is poor drainage for septic tanks, due to the numerous springs in the area."

All the petitions were ordered referred to City Manager Thomas Moore for a study and report back to the commission.

A. Jerzyk, also of 600 Summit St., was ordered to pay a fine of \$6.30 and \$3.70 costs for driving without an operator's license and an identical assessment for failure to have the motor vehicle under control.

Drove Over Fire Hose

A fine of \$10 and \$3.70 costs were paid by Donald K. Potvin, 231 W. Crescent St., for driving over a fire hose. City police arrested him Friday at a fire which caused extensive damage to a six-

apartment dwelling at 415 1/2 E. Ridge St.

An informal hearing was scheduled for today in the case of Glenn L. Martin, 18 Marquette, who pleaded not guilty yesterday to a count of driving without an operator's license. He was ticketed by city police Friday on S. Front St.

Silver dollars, popular in some western states of the Union, are rareties in the east.

Judge Levies \$103 Here In Fines, Costs

Four persons were ordered to pay a total of \$103.90 in fines and costs when they appeared before Judge Edward H. Dembowski in municipal court yesterday.

Timothy D. Tranetski, 22 Gries Hall, was ordered to pay a \$50 fine and costs of \$5.10 by April 5 for furnishing false identification to a person under the age of 21 for the purpose of obtaining alcoholic beverages.

Gave Another License

Tranetski was arrested by city police March 15 for giving his driver's license and other identification to Prosper J. Pfannerstill Jr., 18, also of Gries Hall.

For allowing an unlicensed person to operate a motor vehicle, Florence J. Jerzyk, 600 Summit St., was ordered to pay a fine of \$10 and \$5.10 costs by April 15. The ticket was issued by city police Sunday at the intersection of N. Third and Ohio Sts.

Ticketed at the same time and place, following an accident, Ben

John Ciardi, Poet, Editor, To Speak At Northern Monday

John Ciardi, distinguished poet, editor, lecturer and teacher, will be the guest speaker at the Northern Michigan University assembly program Monday, April 1.

The public is invited to attend the program which will begin at 8:15 p.m. in the Kaye Hall Auditorium. There will be no admission charge.

A former host of CBS' TV show "Accent," Ciardi is the poetry editor of the Saturday Review and is known for his forthright critical articles as well as his popular column "Manner of Speaking."

Won Hopwood Award

Born in Boston in 1916, Ciardi attended schools in Medford and was graduated from Tufts University in 1938. He then went to the University of Michigan, where he won a Hopwood Award in poetry while working for his M.A.

As a member of the University of Kansas City faculty in 1942, Ciardi joined the U.S. Army Air Force and became a B-29 gunner with combat service in the aerial offensive against Japan.

In the fall of 1946 he went to Harvard as an instructor and later assistant professor of English until 1953, at which time he went to Rutgers prior to assuming his present position.

A director of the Bread Loaf Writers' Association, Prof. Ciardi, a member of Phi Beta Kappa, received his doctor of literature degree from Tufts University.

Holds Various Awards

A contributor to Harpers, Saturday Evening Post and the Atlantic Monthly among others, Ciardi's poems have won him the Blumenthal Prize (1944), the Eunice Tietjens Award (1945), the Levinson Prize (1947), the Harriet Monroe Memorial Award (1955) and a Prix de Rome (1956).

He is a fellow of the American Academy of Arts and Sciences, a member of the National Institute of Arts and Letters and a past president of the National College English Association.

Restrictions On Truck Weights Put Into Effect

LANSING — Truck weight restrictions were imposed on all highways in Michigan at noon today by the State Highway Department.

There will be no restrictions on

Award At U-M Won By City Student

Wendy L. Olson of Marquette is one of 289 freshmen at the University of Michigan who have won Branstrom awards at the university for topflight scholarship.

Miss Olson, daughter of Mr. and Mrs. Wesley H. Olson, 1215 N. Third St., is a graduate of Graveraet High School and is enrolled in the university's literature, science and the arts college.

William J. Branstrom prize winners rank in the top seven per cent of their school or college class. As this prize, each student selects one of 21 deluxe volumes of specially selected books, gold-stamped with the U-M seal and marked with a special bookplate.

The book list, prepared by the U-M committee on university scholarships, includes Bartlett's "Familiar Quotations," Robert Frost's "Complete Poems" and "In The Clearing," and a volume on Abraham Lincoln by Carl Sandburg. Other works range from the fields of art to physics.

Presentations of prizes will be made April 26 in the Trueblood Auditorium on the U-M campus.

Donor of the prize is William J. Branstrom, Fremont attorney and philanthropist.

"A second thought on first aid"

We're constantly amazed at the number of children who cut, scrape and bruise themselves within sight (and sound) of our pharmacy. We do a big business in antiseptics, bandages, and other first-aid items. Same everywhere, probably. But sometimes we wonder if people don't depend too much on first aid—neglect proper medical attention. If there's the slightest question in your mind following what appears to be minor injuries, see your physician. First aid has definite limitations. You can only be sure of proper medical care by seeing your doctor. A prompt visit can save a half dozen later.

For Your Health's Sake... Buy Health Supplies From Professional Sources

Avoid the downtown rush. Shop at your pharmacy nearest the New Medical Center.

KENDRICKS' PHARMACY

PLENTY OF FREE PARKING

601 N. THIRD MARQUETTE DIAL CA 6-8261

Sister Mary Charlotte looks on as Richard Barclay, a senior at Bishop Baraga Central High School, demonstrates a resistance box he made and presented to the school. This unit was not available in some of the classes at Baraga.—(Mike McMahon photo).

Student Gives Baraga School Physics Aid

Bishop Baraga Central High School was presented with a resistance box for use in physics classes by Richard Barclay, a senior, this week.

Barclay, son of Mr. and Mrs. Ellsworth Barclay, Big Bay, presented the unit to Sister Mary Charlotte, physics instructor. For some experiments, needed resistances were not available, so Barclay constructed a unit suitable for the classes' needs.

Made From Odds, Ends

Barclay, who has been studying electronics for three years, acquired the necessary parts from odds and ends. Chassis, phone plugs, and connectors came from an old toy, while the resistors and switches used were parts of radios given to him by friends and relatives.

The unit varies from approximately 50 ohms to one and a half million ohms, and can be used with any voltage feasible for class use.

Equivalent resistance boxes cost \$50 and up. Yet, even then, they would only provide series and not parallel circuits, school officials said.

Barclay plans to go into the Air Force to further his career in electronics or in an associated field. Later, if possible, Michigan Tech is also in his plans as he wants to become an electronics engineer.

Palestra Ice Rink Closed For Season

General skating at the municipally-operated Palestra has been closed for the season.

In accordance with tradition, the Palestra arena will be used for the last time this season with the 13th annual city ice revue, James C. Engle, superintendent of the parks and recreation department, reported today.

The ice revue will be held this Saturday and Sunday, with final rehearsals taking place there this week.

Opened Halloween

Engle said the Palestra was opened for the season on Halloween and has remained open on a seven-day per week basis for the 21 intervening weeks.

During this time sessions of scheduled general and free skating, hockey games, practices for hockey teams, figure skating, ice dancing and group parties have been held.

Attendance figures are being compiled and will be announced as soon as they are ready, Engle said.

Spring Only Mirage As Mercury Dips

A temperature drop and some freezing rain and snow ended the balmy weekend weather, but warmer temperatures are in sight.

With temperatures reaching the 60s last weekend, it looked like spring had really arrived. However, fickle March weather was only playing tricks.

The mercury began to drop at midnight Sunday night, when the high temperature of the day, 42 degrees, occurred. From midnight on the mercury went down steadily. It reached the day's low, of 29 degrees at 10 p.m.

Sidewalks and lawns, bare during the mild spell, were crusted with white again this morning.

Freezing rain began about 3 a.m. and later turned to snow, which ended just before 7:30 a.m. Overnight precipitation, which occurred mostly in freezing rain, totaled .05 of an inch in water value. The precipitation included .1 of an inch of snow.

Even though the temperature dropped yesterday, it was the third day in a row with above normal readings. The average Friday was normal, and it was 14 degrees

above normal Saturday and 19 degrees above Sunday.

Yesterday's average was 36, six degrees above normal.

Low temperature overnight was 26 at 7 a.m. in Marquette and at K. I. Sawyer Air Base. The Marquette County Airport had 24. It was 24 in Calumet, 31 in Escanaba and 35 in Sault Ste. Marie.

Wind Shift Due

The temperature drop was caused by cold air from Canada which overshadowed the warm air from the south that warmed Marquette this weekend, Emil Ellingson, meteorologist at the U. S. Weather Bureau in the federal building here, said.

However, Ellingson said that a high pressure ridge which was centered to the north this morning will pass over the area tonight, bringing a wind shift to the south and warm southerly breezes.

Continued cold temperatures are forecast for tonight, but warmer temperatures are expected tomorrow and Thursday. Cloudy skies were expected to clear by tonight, with a low tonight around 20.

NCA Canada To Houghton Route Curbed

WASHINGTON (AP) — President Kennedy has approved a Civil Aeronautics Board decision eliminating one of the two routes of North Central Airlines to Port Arthur-Fort William, Ont.

Kennedy endorsed a CAB order of Jan. 23 deleting North Central's route between the Canadian city and Hancock-Houghton, Mich. but continuing its authority to operate between Port Arthur-Fort William and Hancock-Houghton, Mich., but the order is effective May 22.

WDMJ To Air Program By Romneys

WDMJ, The Mining Journal radio station, will carry a 30-minute program featuring Gov. and Mrs. George Romney, which will be heard or seen throughout the state Friday.

The half-hour program features the Governor and First Lady of the state explaining the significant benefits in the proposed new constitution, which will be voted on

Area Native, 25 Years In USAF, Retires

Col. Osmo J. Niemi, a native of Marquette County, has returned here following his recent retirement as 853rd Medical Group commander, Wurtsmith Air Force Base, Oscoda.

Niemi was presented the USAF Commendation Medal and a retirement certificate by Major Gen. Harold E. Humfeld, commander of the 40th Air Division. Niemi served 25 years, nine months and 17 days in the USAF.

The citation accompanying the award of the medal to Niemi stated: "Col. Niemi distinguished himself by meritorious service while serving as commander, 853d Medical Group, Wurtsmith AFB from June 15, 1961 to March, 1963.

"Outstanding Leadership" "In this important assignment, Col. Niemi demonstrated outstanding leadership, initiative, and managerial ability which contributed immeasurably to the effectiveness and success of the 379th Bombardment Wing Aerospace Medicine program.

"The distinctive accomplishments of Col. Niemi culminate a distinguished career in the service of his country and reflect credit upon himself and the United States

by the electorate on Monday. It will be televised downstate.

In the TV portion, there will be scenes depicting Upper Peninsula copper and iron country, Pictured Rocks, sand dunes and Mackinac Bridge; plus the state's farm belt and great cities, industrial and agricultural activities — all of which are affected by the state's new constitution.

Air Force Bengal Depot Surgeon

Col. Niemi served as depot surgeon at Bengal Air Depot, India, 1943 to 1945.

From 1947 to 1950, he was chief of medical specialties in the Aerospace Medical Laboratory at Wright Patterson AFB, Ohio, participating in aerospace medicine research.

From 1950 to 1953 he served as chief of the engineering development, Division of Armed Services Medical Procurement Agency, conducting research in medical equipment.

Col. Niemi was assigned to Kimpo AFB, Korea, in 1953, where he served as surgeon of the 67th Tactical Reconnaissance Wing. In 1954 and 1955 he served as surgeon of the 6022d USAF Hospital, Johnson AFB, Japan.

Col. Niemi graduated from Ishpeming High School in 1926. From 1926 to 1930 he attended Northwestern University in Evanston, Ill., where he obtained a bachelor of medicine degree. From 1930 to 1934 he attended Northwestern University Medical School in Chicago and received a doctor of medicine degree. After medical school, Col. Niemi served his internship at Butterworth Hospital in Grand Rapids, Mich.

Col. Niemi was self employed in private practice in Marquette from 1935 to 1942. The colonel is a member of the Association of Military Surgeons, American College of Preventive Medicine and the Aerospace Medical Association.

He is married to the former Ina S. Kaukola of Rock. They have a son, now serving as a second lieutenant in the USAF, who is presently attending school at Denver AFB, Colo.

Booster Club Sale In City Gets Approval

Marquette's Fourth of July Booster Club will conduct a booster button sale on the streets in the city during the coming week.

Permission to hold the sale was granted to the club, which plans to sponsor a celebration during the Independence Day holiday, by the Marquette City Commission at its regular meeting in the city

hall last night.

The request was made by William Gray, president of the organization, which plans "a parade, fireworks, bands and free acts" during the event.

Painting Suggested

Commissioner Elmer K. Carlson suggested that the city hall windows be repainted and a new color used to "brighten things up."

City Manager Thomas Moore said he planned to put a request for this work in the coming budget, noting that the window repair and painting work would actually save the city more than its cost in fuel savings, as "the wind now howls through the city hall."

Concerning City's Request Ordered received and placed on

file was a communication from U.S. Sen. Patrick V. McNamara (D-Mich.), concerning the request of Marquette for assistance in construction of its new steam generating plant through the Community Facilities Administration.

Sidney Woolner, commissioner for the CFA, said allocations are now exhausted, but that more funds are expected to be approved for this purpose. His office operates under the Housing and Home

Finance Agency.

Moore said there appears a "good chance" of the city being included for aid in the next allotment.

The commission also approved and ordered payment of bills totaling \$58,854.02, including \$35,016.66, which was the net city payroll for the period.

One-third of West Berlin's supplies is brought in on two canals.

WEIGHT RESTRICTIONS

Effective 7 a.m. Wednesday, March 27, weight restrictions will be imposed on all Marquette County roads and streets until further notice, except County Rd. 502 in its entirety and a portion of Co. Rd. 601 from State Trunkline M-95 to the Humboldt Mine. These two roads are designated as all-season highways.

Agriculture Extension Budget

The Legislature's pruning of appropriations has cut \$925,000 from the Michigan State University agricultural research and extension budget. If the cut stands it would mean about 30 extension jobs topped off statewide. The loss would be felt heaviest, proportionately, in the Upper Peninsula. It would affect agricultural agents, the home economics program, 4-H, the Chatham Experiment Station and other activities here.

The proposed reduction in spending comes after several years of economizing in extension. Positions have been frozen and vacancies have not been filled. There are fewer extension people in the U. P. than five years ago.

Downstate the civic leadership which knows the value of the cooperative extension program and of MSU educational leadership is planning presentations to the Legislature before the decisive vote tomorrow. In the Upper Peninsula there was but one holding of legislators home for the weekend to urge that extension not be crippled in the Upper Peninsula.

The difference in the approaches to the problem in the two peninsulas of Michigan is significant. In the Lower Peninsula people will get in their automobiles and drive to Lansing to protest. In the Upper Peninsula this is not as easy because of distance and lack of means. The situation points the need

for extension programs in the Upper Peninsula.

The Upper Peninsula's hope is that the Legislature will carefully review the MSU agricultural research and extension budget. There's some dead wood in the program that should be trimmed. Some jobs can be ended with no great public loss and perhaps with resultant benefit. Agriculture is changing in a revolutionary manner. Agricultural extension and research should obviously be changing too.

The period for the Upper Peninsula is a crucial one which will probably determine the agricultural economics of this area for quite a while to come. The Upper Peninsula is wary of the type of economizing which draws extension leadership to East Lansing and has it mail out helpful hints. One of the Upper Peninsula's greatest needs is active leadership.

MSU and its extension program have contributed a lot of it over the years and much of whatever stability our agriculture can muster must be directly credited to it. The Peninsula cannot sensibly oppose the Legislature's inquiry into MSU's finances. It should welcome it as a means of improving its services by making them more accountable to the public. But it should be concerned that an economy kick and the troubles of our agriculture do not team to effect a reduction which, applied as scattershot, could seriously impair the current effort to help Upper Peninsula farming to survive and prosper.

Typical of the rugged coastline areas of the Upper Peninsula is the broad expanse of Great Sand Bay in the western portion of Keweenaw County. This Copper Country region of Michigan combines scenic wonders with a rich historic past and is only one of a wide variety of striking vistas along the coast of Superiorland. (Michigan Tourist Council photo).

Superiorland Coast Rated Among Finest Anywhere

(The following article was written by Don Pearce of Marquette, whose activities include operation of a travel agency and of a tourist attraction. — Ed.)

BY DON PEARCE

Within the next few years, millions of people are going to discover one of the most fabulous coastal regions in the world.

"Think of the best known 'coasts' in the world. The Mediterranean, the White Cliffs of Dover, the Riviera, New England, California, to name a few. Without question, these and many others are shorelines that should be included in the travel portfolio of anyone who thrills at seeing nature's basic beauties. They are no match, however, for the coast of Superiorland. Nowhere is such a variety of scenic beauty so accessible to so many people.

Eastward is the broad expanse of sandy beaches reaching toward Grand Island at Munising. Beyond Marquette, you can see Presque Isle with its zoo, picnic areas, swimming pool, breakwater and oyster docks. This is the site of Frontierland and their terminus of the old time railroad to Alpine Village 28 miles up the coast.

Unmatched Sky Drive
Brookway Mountain Drive at the end of Keweenaw is a sky drive unmatched anywhere. Lake Superior, small northern lakes, rugged pine forests all parade by as you drive to the northern tip at Copper Harbor. Stop at the lookout and gaze down on the village and its harbor and toward old Fort Wilkins at Lake Fanny Hoe.

Today's Special Story
A short distance west of Ontonagon your highway heads skyward again as it enters the Porcupine Mountains. From one of the highest peaks, you can look down upon Lake of the Clouds, a blue gem in a forest green setting. Off to the north, from horizon to horizon, stretches Lake Superior.

On Verge Of 'Discovery'
Because such a variety of coastal beauty is concentrated within a 300-mile stretch along the northern edge of Michigan's Upper Peninsula and because it can be reached in a day's drive from the metropolitan areas of Chicago and Detroit, it is on the verge of "discovery."

Side Glances
No attempt is made here to list all of the locales that should be visited, as no one person knows them all and each traveler will thrill most to his own preference.

Awed and Bewildered
For breathtaking grandeur that can be experienced by any spectator who is willing to walk 50 feet from his car, the spots to visit would include the Grand Sable Dunes, as seen from the Log Slide. On the way to the dunes, wander around Grand Marais and its picturesque harbor. When you first look eastward along the miles of perpendicular sand dunes, rising almost vertically from Lake Superior, your first sensation will be

one of mixed awe and bewilderment. Awed by the beauty and bewildered because you would never expect to see desert-like beauty on the shore of Lake Superior.

Vista Of 70 Miles
A boat cruise, however, should be included if you are to appreciate this coastal beauty in a perspective that will portray the power of nature as she creates her masterpieces. The Pictured Rocks can only be completely enjoyed from a boat. Those who have seen them know that nowhere else can such beauty be duplicated.

Variety Of Shoreline
A cruise of the Superiorland Coast from Marquette to the newly created Alpine Village will demonstrate to the travelers the variety of shoreline in this region. Sandstone cliffs on Presque Isle's east wall. The sinister Black Rocks at its tip. Sweeping westerly toward Middle Island Point is Island Beach, pure, clean, granite sand. As your cruiser passes between Middle Island and Partridge Island and the rocky point on the mainland, some of the world's oldest known rock surfaces will be seen.

Automation Will Fight Effects Of Automation
Now along another sand beach to the crazy shoreline where Sugar Loaf Mountain drops into Lake Superior, Wetmore's Landing, the Granot Loma region, Granite Point, Camp So-so's remains at the mouth of the Iron River, round Big Bay Point and travel along Squaw Beach to the modern small boat harbor serving Alpine Village.

Automation Will Fight Effects Of Automation
If you can take a series of vacations, plan to see all of Lake Superior's shoreline; but if you want to promise yourself the chance to see a region that cannot be sur-

passed in the entire world for its variety of scenic wonder, then travel the Coast of Superiorland.

place to the next. Whitefish Bay, Munising and Grand Island, Keweenaw Bay, Eagle River and Eagle Harbor, Betsy Park, Deer Park.

Automation Will Fight Effects Of Automation
James J. McFadden, acting city labor commissioner, said Sunday night that automatic teaching machines will be used soon to train workers whose job skills have been eliminated or threatened by increasing industrial automation.

Gary Cooper Subject For NBC Special

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Walter Brennan, conservatively natty in a dark blue suit and regimental tie, drew some curious "Don't I know you from somewhere?" looks as he walked from the NBC studios in Rockefeller Center to a nearby restaurant.

But the 69-year-old actor was so far out of his country-farmer role of Grandpa Amos McCoy of television that public recognition was slow.

And he was glad, because he was fresh from narrating the final scenes of tonight's NBC special "The Tall American" — Gary Cooper, and still feeling emotional about the experience.

Friends For 27 Years
"I was afraid my emotion would run away with me," the three-time Oscar winner confessed. "I'm Irish, you know, and an actor, and I cry pretty easily."

He ordered a breakfast-type luncheon of bacon and eggs, and returned to the subject which was still uppermost in his mind: Gary Cooper, a friend for 27 years.

"I got to know Cooper when he went out to Hollywood for pictures in 1925. We met one day while we were hanging around waiting for a scene. Brennan appeared myself and he mumbled his name so low I asked him to repeat it. 'Frank Cooper,' he said. Those were the days when he was an extra and carried around a card that said, 'Frank Cooper, \$10 a day—stunts extra.'"

Regular Guy
Cooper — rechristened Gary — struck the public's fancy in "The Sign of the Cross." Over the years Brennan appeared in eight big pictures with him, and was always a close friend.

Cutting Down On Foreign Aid

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — President Kennedy's 10-man committee for examining foreign aid has handed him a confused and contradictory report.

It was clear on two main points and may be helpful on a third, if only because it urged the government to get tougher.

More Self-Help Urged
It said foreign aid will be necessary in some form for years and that it needs cutting. The committee also suggested the government demand far more self-help from those getting the aid.

Total American foreign aid since the war is now almost \$100 billion. The report's great emphasis on economy is fresh ammunition for those in Congress, like Rep. Otto Passman, D-La., who have been chopping down foreign aid requests from presidents for years.

But the report looks badly organized and poorly thought out. In one unsentimental and selfish spot it suggests a what's-in-it-for-me American attitude in giving aid.

Peninsula Perambulator

People are dialing telephone calls in Ironwood these days. It's just practice, however, for the change from manual to dial operation scheduled for 1:01 a.m. (CST) Sunday, April 21.

The retail division of the Manistique Chamber of Commerce has indicated it favors new state legislation on the Sunday store closing and plans to appear before the Schoolcraft County Board of Supervisors. The county board earlier had voted to exempt the county from the legislation, which will take effect March 29, believing this would be beneficial in a tourist area. The chamber will ask more consideration of the legislation and its merits.

A centennial stamp project designed to aid in financing Escanaba's 100th birthday celebration and provide a substantial gift for a centennial host or hostess is planned in Escanaba. The program will go into effect April 1 and run through June 29. Merchants, car dealers, gasoline station operators and fuel dealers will buy the stamps direct from the Centennial Corp. and give one to a customer for each \$1 purchase. When a person has accumulated \$25 worth of stamps, he or she may exchange the stamps at centennial headquarters for a registration certificate as a candidate for host or hostess and the recipient of a centennial award. Escanaba's Centennial Week is set for June 30 through July 6.

Today's farmer in the Upper Peninsula is giving much consideration to the raising of beef cattle. While many will remain in the dairy business, beef stock is on the increase. Slaughter cattle can be profitable if the stock numbers 90 or more head. It is interesting to note that the first Hereford (white face) cattle were brought to the Upper Peninsula in 1908. The date is recalled by Peter Curto of Calumet, who was part of the working force on the Skelly Brothers farm in Ralph, Dickinson County. The Skellys spent more than \$25,000 for 100 head of two-year-old Herefords, three of them sires. The cattle were purchased in Omaha, Neb., and had to be driven the last 83 miles to their destination by trail, a two and one-half week job. Curto was in the cattle drive, which included a covered wagon and two supply wagons. Calves born on the Skelly farm were sold for \$75 at the age of six months to many areas. During the big game hunting seasons, many extra men were hired to round up the cattle from areas where bullets might strike them. In 1915 hoof-and-mouth disease spread to Ralph and affected 157 head of Skelly Brothers' livestock. They were killed and burned. When World War I broke out, Curto entered the service and while in the Army the Skelly ranch was sold to a man from Texas. He brought in long-horn steers, but his venture resulted in bankruptcy.

Genie Comes Out Of A Can

BY JOY STILLEY

NEW YORK (AP) — The genie doesn't come out of a lamp any more — he comes out of a can.

And today's housewife can command the performance of more magic than Aladdin ever dreamed of, as long as her trigger finger holds out.

In the present pushbutton era, the best homemaker on the block isn't the one who has the shiniest floor or the biggest array of preserves. She's the one who has the largest collection of spray cans and the sturdiest thumb.

Spray Better
Anything I can do, spray can do better — and not only around the house. A few well-aimed gushes of various mists and I can become a model of elegance, from the top of my fiber-board hair to the tip of my spray-polished shoes.

Hose Protection
Even my stockings in those wellfitting shoes have been assured of longer life after the application of a thin film that prevents a run.

Hubby Shares
My husband shares the benefits of modern science too. He used to spray his face with shaving foam, but now he points a different can in a different direction and anoints the head of his electric razor, to lubricate the cutting blades.

Pray As Spray
But now I'll have to pray as I spray — that I don't get confused and spurt the shaving cream on the fruit cocktail, the whipped cream on the woodwork and the hairspray on the windows.

From The Journal Files

60 Years Ago

—Marquette—
The new mayor will, in one respect, not have an entirely auspicious introduction to the dignities of the office. To come to the point, the city is in debt, and for no light amount, to its various boards and commissions, which it has been holding up of late years to obtain funds for defraying the expenses ordinary and extraordinary of carrying on the municipal government. A little figuring at the city controller's office yesterday morning showed that the city was in debt to its various boards, funds and commissions in the sum of \$69,498.69.

30 Years Ago

—Marquette—
Marquette residents who have failed to register since the permanent registration law went into effect last spring and who wish to vote in the election April 3 have only a few more hours in which to qualify as voters. The registration books will be closed at noon today in the city clerk's office.

didate for some of the offices. Two were added to the list yesterday. Albert Rowley wants to be supervisor from the first ward and would rather be a candidate on the Citizens' ticket than on any other. He has always labored hard in the interests of the party, but nothing substantial has ever come his way as a reward for his efforts. William Keskey believes that he can handle the affairs of the office of city treasurer and hopes to be nominated for that place on the Citizens' ticket.

—Negaunee—
Greater progress has been made at the Maas shaft within the last few weeks than for a long time previously. The ledge is only a few feet away now, and if the bollings of quicksand and water do not cause more trouble it can soon be reached.

—Ishpeming—
Albert Bjork and Frank Lundin spent yesterday in Escanaba.

—Negaunee—
Clara Bow strikes out to establish herself as a fully-matured and emotional actress in "Call Her Savage," her initial Fox starring picture, opening tomorrow in the Vista for three days.

News Behind The News

(The McClure Newspaper Syndicate allows Andrew Tully and all other columnists complete freedom, short of libel, to express their opinions. Distribution of this column does therefore not imply endorsement of the views expressed therein. — McClure Newspaper Syndicate.)

BY ANDREW TULLY
WASHINGTON — Citizens of Decatur, Ill., or Lawton, Okla., who desire to be robbed, slugged and/or raped on a public street should plan a holiday in Washington, D. C., this spring. The chances are excellent they will become statistics in a crime wave that is beginning to make Chicago's hoods of the Twenties look like sandwich

stealers at a Sunday school picnic, as shown by the latest statistics. It is a pathetic and gruesome fact that in this streamlined year 1963 so respectable a woman dares to walk the Washington streets after dark; for that matter, even females of easy virtue are getting nervous.

Even Males Quail
The males of the town are perhaps braver, but almost as apprehensive. An ex-Marine sergeant withiceps like barrels complained to a reporter that he is paying an extra \$20 a month for parking space in the basement of his apartment house on a street off fashionable Connecticut Ave. "There's plenty of parking space on a street two blocks away," he said, "but I'm not going to walk even that far. I'm tough, but I can't lick three men who come up on me from behind."

The Forbidden Word
There are the usual reasons given for the crime wave, including idiotic parole boards and lenient courts. But so far nobody has been willing to put his official finger on the basic cause. That is, quite simply, a part of the Negro population.

In this era of civil rights it is as much as a man's political job is worth to blame anything on the Negro, but it is time somebody in a high place uttered the forbidden word. For until the community steals itself to a frank and candid discussion of the part the Negro plays in Washington crime there will be no solution to the present situation.

Against Proposed Constitution

Dear Sir:
Contrary to an opinion expressed in your paper recently, I feel those Democrats asking the people to consider the demerits of the proposed state Constitution are doing a real service for these reasons:

1. The searches-and-seizures provision does not strengthen civil rights but enhances police powers.
2. Neither House nor Senate apportionment is based solely on population.
3. The apportionment commission compounds the inequalities of legislative apportionment (only one-fourth of its members will represent the most populous section of the state).
4. The right of the Legislature to suspend, between sessions, regulations of administrative agencies does not strengthen the executive department.
5. Removing certain state officials from direct control of the people by making their offices appointive is a step away from democratic control and toward autocratic decreed-making.
6. The civil rights commission to be set up seems more of an innocuous than a really powerful body.
7. Giving the State Board of Education supervisory authority over all divisions of education will not necessarily eliminate the alleged ills in education. Authoritarian bodies tend to make it easy for rights, responsibilities and decisions of individual institutions to get lost in the shuffle.
8. Income taxes should be based on the individual's ability to pay, a principle denied in the proposed Constitution.
9. Giving the Legislature the power to reduce salary rates established by the Civil Service Commission and to administrative agencies the right to create and abolish positions for reasons of "administrative efficiency" are blows to the morale of state employees. An attack upon morale is death to the life of any institution.
10. It is true that the Constitution may be amended. It is a poor recommendation for any constitution, however, if—even before it is adopted—proponents for it speak of corrective amendments they agree are necessary to make it a "good" document.

Educators Analyze Con-Con's Highway Agency Provisions

By GENE SCHROEDER
 LANSING (AP)—I can't think of another agency in state government that affects the lives and the economy of Michigan as critically as the Highway Department.

"Michigan is the home of the automobile and as such should boast the finest highway system in the United States."

Life-Blood Of Peninsulas

"Michigan's tourist business is rapidly becoming the life-blood of the Lower and Upper Peninsulas, and anything less than the best highway system would be a severe blow to the economy of this state."

Those are the words of the only man who ever served both as governor of Michigan and Highway Commissioner, Murray Van Wagener.

Separate Analysis

And although there might be disagreement over Democrat Van Wagener's political views, few Michigan leaders would dispute his appraisal of the importance of the state's highways.

The Inter-Highway Faculty Committee on Constitutional Revision, in its study of the proposed new document, devoted a separate analysis to the Highway Department.

Would Abolish Office

The committee, composed of 31

professors from Michigan colleges and universities, feels its work will help the serious citizen make his decision as to the soundness of the proposed constitution "as an instrument of government for this state in the years ahead."

Under the revised constitution, the present office of an elected highway commissioner would be abolished. In his place would be appointed a director to head the Highway Department and carry out policies formulated by a four-member bi-partisan highway commission.

Four-Year Terms

The commission members would be appointed by the governor for four-year terms with the advice and consent of the Senate.

The commission "shall administer the Highway Department and have jurisdiction and control over all state trunkline highways and appurtenant facilities, and such other public works of the state as provided by law."

Power In Commission

The proposed constitution would give the real policy-determining power in the Highway Department to the commission, it was concluded.

"No doubt the highway director will be an officer of considerable importance," the committee said, "but his position will in no wise approximate that of the present highway commissioner."

Earmarking Provided

"He will neither be the head of the Highway Department nor in any sense an independent officer. He is to be distinctly subordinate to the highway commission."

Earmarking of the proceeds from gasoline and weight taxes exclusively for highway purposes as defined by law is provided in the new document.

More Latitude For Legislature

The faculty committee noted that the addition of the words "as defined by law" renders the term "highway purposes" more flexible and gives the legislature a little more latitude in determining the objects for which the highway funds are to be expended.

Would the adoption of the proposed constitution be a forward or a backward step for Michigan as far as the highway system is concerned?

No Pat Answer

"There is no pat answer to this question," said the committee. "Both our present basis for the Highway Department and that laid out in the proposed constitution leave much to be desired."

Eliminating the elective highway commissioner would shorten the ballot, which the committee regarded as a plus mark.

Period Of Confusion

But this may be more than counterbalanced, the committee said, by the fact the document does not concentrate and clarify responsibility.

"Rather it diffuses and obscures it within an agency which may give us periods of confusion, deadlock and delay," the committee commented.

Pointing out the likelihood the new highway commission probably would be composed of two Republicans and two Democrats, the educators declared:

"The equal division between the parties poses the distinct possibility of bitter party line squabbles over the appointment or the removal of a state highway director or the courses to be followed by new highways, or policy to be pursued by the commission."

"There could be long periods of indecision and inaction."

Romney's Defense

During debate in the Constitutional Convention, supporters of the highway commission plan argued it provided a method for eliminating undue pressure and interference in the state's road-building program.

Defending the proposal, Gov. George Romney has said:

"It is more difficult to corrupt

Lt. Col. Samuel D. Berman (right), commander of the 62d Fighter Interceptor Squadron at K. I. Sawyer Air Force Base, presents "skilled interceptor pilot" awards to (from left) Capt. John Nolan, Capt. Fred Christen, and Major Robert McBride. The ceremony was held in the 62nd Briefing room. (USAF photo).

Three At Base Win 'Skilled Pilot' Rating

Three pilots of the 62nd Fighter Interceptor Squadron at K. I. Sawyer Air Force Base have been awarded the rating of "skilled interceptor pilot" in a recent ceremony.

Presentations were made by Lt. Col. Samuel D. Berman, commander of the 62nd. The three are Maj. Robert W. McBride, and Capt. Fred Christen and John Nolan.

To qualify for the "skilled interceptor pilot" award, a pilot must have at least 30 flying hours in Air Defense Command fighter interceptor aircraft; have fired the aircraft's weapon at the ADC weapons range at Tindall AFB, Fla.; have 25 hours of flying under bad weather conditions, and passed a command-administered examination.

McBride, operations officer of the 62nd has flown over 1,000 hours in fighter interceptors including F-86s, F-102s, and F-101Bs and has a total of 4,100 flying hours.

He joined the 62nd in July 1962. McBride and his wife, Robbie, live

on the base at 504 Mitchell St. They have three sons, Greg 15, Bobby 7, and Chris 4.

'C' Flight Commander

Christen joined the 62nd in May 1962 when he became commander of "C" flight. He has flown 875 hours in interceptor aircraft including the F-94B, F-89D and F-101B. He has spent a three year tour as an intercept controller at both a manual radar site and a SAGE Direction Center.

Christen, his wife, Evelyn, and their children, Fred 5, and Karl 4, live on the base at 504 Jupiter.

400 Hours Completed

Nolan joined the 62nd in August 1961 and immediately departed for

Squadron Officer School at Maxwell AFB, Ala. Shortly after his

City's Last Pre-Election Meeting Held

Last night's regular meeting of the Marquette City Commission was the last before next week's biennial spring and municipal election.

Mayor James R. Smith took the occasion to express his gratitude to the various department heads, city employees and other groups and individuals who have cooperated with the commission during the past year.

Next: Reorganization Meet

Under city charter, the city commission holds its reorganization meeting the week following

return he became combat ready in the F-101.

He has flown 400 hours in interceptors, mostly F-86Ds and F-101Bs. Nolan, his wife, Charlene, and their two children, Debbie 6, and Douglas 5, live on the base at 506 Gooneybird St.

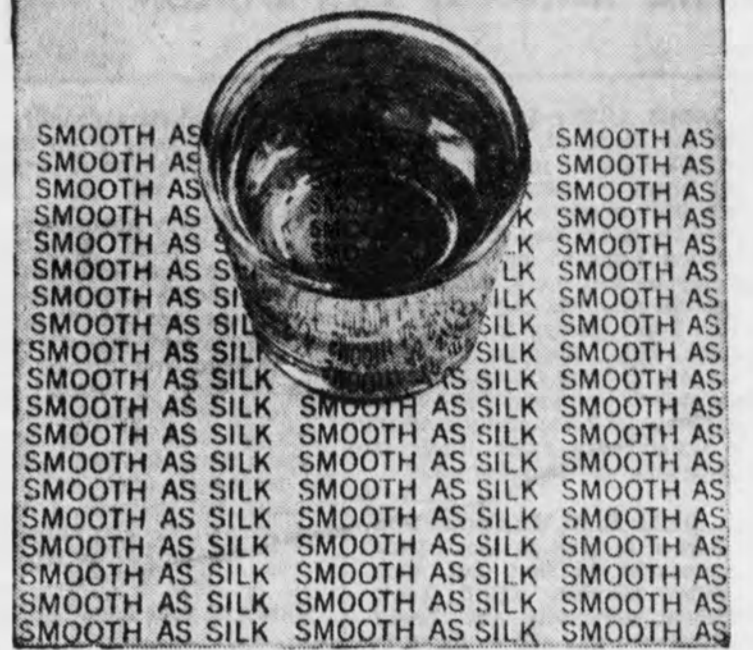

the election. Hence, on Monday, April 8, the commission will convene to elect a mayor and mayor pro-tem for the coming year.

The two successful candidates in next week's municipal election will begin their

two-year terms at the reorganization meeting.

Seeking re-election are Mayor Smith and Commissioner Joseph Fine. Also seeking election to the post of commissioner are Franz Menze and Robert M. Ling.

C-C Objects To Minimum Wage Proposal

Messages have been sent to Lansing by the Marquette Chamber of Commerce protesting the \$1.15 minimum wage law.

Messages were sent to Gov. George W. Romney, State Sen. Philip Rahol (D-Iron Mountain) and State Rep. Dominic J. Jacobetti (D-Negaunee).

'Would Create Hardships'

"Please consider the hardship the proposed \$1.15 minimum wage law would place on the tourist industry of the Upper Peninsula," the chamber stated.

Wynald Hudson, executive director of the Marquette Chamber, said that the proposed minimum wage law might force motel offices to close at night and restaurants to shut down night-time operations.

"Salaries constitute only a small part of the pay of many persons in the tourist industry," Hudson said. "For example, many waitresses earn more than \$1.15 per hour in tips."

Harry Hall, Detroit, executive vice president of the Michigan Chamber of Commerce, said that the Marquette Chamber joins the state organization in feeling that the proposed minimum wage law would create more unemployment.

Senate Eyes Bill To Purge Extremists

LANSING (AP)—A bill aimed at purging extremists who capture offices in political organizations came under close scrutiny in the Senate Monday, with both Democrats and Republicans questioning its wisdom.

The measure — sought by Gov. George Romney — would pave the way for the expulsion of officers of state central, district and county committees with a two-thirds vote of the membership. Removal proceedings could be started by a resolution signed by 20 per cent of the members.

Postponed

Action on the proposal was postponed after Sen. William Ford, D-Taylor, said it would open the door to "the same sort of thing that is done in Russia."

The bill is the outgrowth of a political struggle last year between Romney and Richard Durant, a former member of the ultra-conservative John Birch Society and chairman of the GOP's 14th District organization.

Romney failed in an effort to wrest control of the district from Durant, who said that although he had quit the Birch Society he still embraced its philosophy.

In a speech to the Republican convention last August, Romney declared the absence of a law under which the parties could "expel a so-called political leader whose real allegiance may be to another organization or society."

Romney pledged that as governor he would do everything he could to bring new legislation into effect to deal with such situations in the future.

The bill debated in the Senate provides the officer whose removal is sought has the right to be heard by members of the unit's heads.

One GOP lawmaker questioned the provision under which the central committee chairman or vice chairman could be removed by a two-thirds vote of the state central committee membership.

He told a reporter this would give the committee veto power over the party's state convention, which elects the officers.

And Sen. Clyde Geerlings, R-Holland, said he felt the requirement of the number of signatures needed to get removal proceedings under way should be increased from 20 per cent to 40 per cent, or even a majority.

Winkler Nursing Home

The Winkler Nursing Home at L'Anse, Michigan is accepting applications for admittance of patients. It is the most modern and beautiful Nursing Home in the northern half of Michigan.

There's a new dealer in town who's selling 4 great cars: Imperial, Chrysler, Plymouth and Valiant.

He's backing these quality cars with quality service plus the most outstanding protection in the business... Chrysler's 5-year/50,000-mile power-train warranty! * He'd be happy to give you all the details. * His deals are too good to pass up!

Stop in.

Dear Abby...

BY ABIGAIL VAN BUREN

DEAR ABBY: I grew a beard for the Piedmont, Mo., centennial in 1953. I got the prize for the longest beard in town. I also had a beautiful mustache, which measured 7 1/2 inches long. After the celebration I shaved my face clean. Everyone told me I should have kept the mustache. My wife especially. I am starting to grow one again, but I don't know how to shape it. Is there a book of pictures showing different styles and shapes of mustaches? I'm pretty good with a straight-edge razor. Does any place still sell mustache wax?

DEAR ABBY: About those bugabodies in "Small Town," who thought the man with five small children should have delayed his second marriage out of respect to his wife's recent death. Wonder if any of them ever offered to help with the kids, or brought over a hot meal or volunteered to do a day's laundry? He was fortunate to have found someone to step in. He needs sympathy and understanding, not criticism. I, for one, wish them all the luck in the world.

DEAR F. W. M.: Ask the barber in town to shape your mustache the first time, then follow his line. (He'll know which style suits you best.) Mustache wax can be found in drug stores. Good luck. Your wife will be tickled. I'm sure.

DEAR ABBY: How does a girl know what to order on a date? For instance, last night, after a school dance (not formal), three of us couples went out to eat. I don't know how much money my date had and I didn't want to take a chance on embarrassing him, so I said I wasn't very hungry and all I wanted was coffee. My date ordered himself a shrimp cocktail, steak sandwich, French fries and a sundae. The other kids ordered the same. What should I have done?

CCA Seeks Volunteers For Drive

The Community Concert Association is seeking volunteer workers for its annual season membership drive, scheduled this year from May 13-19.

Mrs. Richard Sonderreger, membership chairman, announced today that workers will receive one free membership for each 10 adult and each two students season memberships sold during the campaign.

Headquarters for the drive, to start with the annual kick-off dinner on May 13 at the Northern Michigan University Student Center, will again be at the Hotel Northland. Volunteers will be in the Northland's lobby each day throughout the campaign week to accept memberships from those who might more conveniently get them there than in the house-to-house solicitation.

Area Canvass Set

Initial plans for the 1963-64 drive to raise enough funds to book "the same high quality programs we have had in the past," Mrs. Sonderreger said, call for an intensive canvass of the entire Marquette area. Funds to finance the year's concert series through Community Concepts, Inc., in New York City, must be raised during the week's campaign so that artists' commitments may be obtained well in advance of the new season's opening, the chairman noted.

At a meeting a few days ago of the Community Concert Association board of directors in the Union National Bank, the resignation of Dr. John Johansen as president was accepted and a nominating committee headed by Dr. Jean Hedlund named to propose his successor. Attending the meeting were Dr. Johansen, Dr. James L. Rapoport, Forest Roberts, Mrs. Sonderreger, Mrs. Maurice DeBroux, Mrs. Burt Parolin, Miss Ruth Craig, Mrs. Joseph Cone and Roy Froling.

Programs Discussed

Several days ago, the association board met with Gordon Bengtson, Chicago, a representative of Community Concepts, Inc., and went over with him programs available for bookings next season. Nothing definite can be arrived at, however, until the annual membership drive is over.

Concluding concert for this season will be the appearance at Northern Michigan University's Kaye Auditorium on April 30 of Ronald Turini, gifted young pianist whose debut in Carnegie Hall in January 1961 was greeted by a near-capacity crowd.

Turini has since had a series of engagements as soloist with all of Canada's major orchestras from Halifax to Vancouver, and this year, in addition to appearances in the U. S. and Canada, he is making his second European tour through Belgium, Holland, France and Germany.

During World War II, Dr. Thompson was connected with the New York Regional War Labor Board as a hearing officer and arbitrator on panels of the American Arbitration Association and Federal Mediation and Conciliation Service. He is a past president of the New York State College Faculties Association.

Since coming to Marquette in 1957, he has been engaged in part-time work as an arbitrator. He is a member of the American Arbitration Association and a life member of the American Psychological Association.

Cuban Invasion, Past And Present History Of Island Speaker's Topic At AAUW

An attempt to explain the failure of the Bay of Pigs invasion of Cuba in terms of lack of air cover is grossly superficial, Dr. Robert S. Thompson, retired New York educator and lawyer now residing in Marquette, told members of the local branch of the American Association of University Women at a recent meeting.

Title of Dr. Thompson's talk for the AAUW session, held at the home of Mrs. Almon Vedder, 527 W. Magnetic St., was "Cuba: Whom Will History Absolve?"

Inherited Problem

"President Kennedy inherited the problem of what to do with a Cuban refugee army trained during the Eisenhower Administration, and he assumed entire blame for the invasion when actually it should be shared by many others," the speaker said. Here Dr. Thompson quoted writers Szulc and Meyers, who called the invasion "one of the great fiascos in military and psychological preparation and execution — an attempt by the U. S. to get something for nothing."

Failure of the invasion, the local educator went on, was "fundamentally one of outlook and value and never should have been attempted under the circumstances." He pointed out that a general policy of intervention in Cuba is questionable but where conditions are right, the time and place promise and to counter Soviet or other intervention, action is justified and demanded, as was the case last October.

Too Many Experts

Dr. Thompson declared that the U. S. press and magazines widely assume that every citizen and every politician is an expert on Cuba and can deal a Cuban policy off the cuff. "All kinds of people want to get in to the act and present themselves as secretaries of state or chiefs of staff," he noted, adding that "the world is mad enough without the constant infaming of public opinion with attempts to coerce the administration."

Russ Diminish Prestige

No doubt the Russians will have to leave or be brought to leave Cuba, the speaker pointed out. However, for the time being the Soviet presence in Cuba on a battalion scale diminishes Castro's personal prestige as a revolutionary leader and the image of an independent Cuba is not illuminated by Russian combat troops there, he noted.

Not Intellectual

Dr. Thompson says that Castro was probably not always a Communist although in his university days he no doubt read Marx and other Marxist writers. "He is not an intellectual, and probably does not know even now what he really is," he is a leader in search of a cause, and while at the moment his cause is communism, it is an indigenous Latin communism. The speaker observed that the communists need Castro as much as he needs them, and "anything may happen."

View On Missiles

Dr. Thompson told the AAUW unit that there is no real evidence that there were 2,000-mile-range missiles in Cuba, but that the presence of missiles there at all rallied the country to the support of the Kennedy blockade. "In some ways," he said, "the Castro threat is somewhat like the Communist scare of the Fifties in the hysterical reactions it evokes."

Domination Unwanted

Russian domination of this hemisphere is capable of arousing the same hostility as the Big Stick of Theodore Roosevelt in the emotions of Latin Americans, Dr. Thompson said. "At the end of the Spanish-American War, Puerto Rico and the Philippines became colonies and Cuba was given a sort of pseudo-independence. So in one

Belmore, Varla Sperbeck, Linda Peterson, Christine Berryman and Judy Bourdage, and in the third row, also from left, are Gail Sands, Diane O'Neil, Marcia Martin, Patsy Mattson and Laura Black. Unable to attend were Patty Brami, Christine Enrietti and Joan Doherty. The girls were accompanied by their leader, Mrs. Varley Sperbeck. (Photo by Ike Wood)

follow, the speaker declared, "is to be calm and let the experts deal with the problem." Khrushchev may have put missiles in Cuba to show Chiha he was not timid and afraid of the United States, he went on. "For our part, we must learn our power is not limitless and that we cannot police the whole world."

Dr. Thompson noted that "the United States will not be absolved by history if it has no more to offer than indiscriminate policies of economic isolation or of military intervention." The Cuban revolution is "an odd one," he said, and Castro a creative leader, whatever else his faults may be. "There containment is no more adequate than the Maginot Line was for France in 1940. The Latin American problem is a long term one and much more difficult than we think; history will judge between Castro and the United States in terms of what is done — the scientific revolution that has occurred in industry will solve the country that uses it to raise the living standards for all the poorer nations, not only in Latin America but elsewhere in the world," he concluded.

The justified resentments of intelligent Cubans, Dr. Thompson noted, is brought out forcefully in the book "Castro and Cuba" by Teresa Casuso, an upper middle class Cuban who was at first a friend and supporter of Castro and Cuban ambassador to the United Nations who has since defected.

The speaker also cited the book "Listen, Yankee" by American sociologist C. Wright Mills, who, he said, also indicts the U. S. "Castro sees his revolution as hemispheric rather than just Cuban," the speaker emphasized. "He has largely succeeded in dissociating his revolution from the democratic revolutionary tradition of Latin America, thus freeing himself from all the miserable failures of revolution in Latin America's past. He has made anti-communism counter-revolution just as — in the U. S. — communism has become anti-democratic."

The Cuban revolution is fused in the personality of its champion, whom Herbert Matthews of the New York Times describes as "a dedicated fanatic, a man of ideals and of courage and of remarkable qualities of leadership, a poor administrator and worse economist and the world's worst statesman," Dr. Thompson went on.

Noting that the U. S. press "bears a large responsibility for Castro," the speaker pointed out that Matthews "really made Castro in the beginning — his movement was falling until the Times reporter interviewed him." Later, he added, after Castro overcame Batista, "the press, through a sort of hysterical playing up of the mass executions, changed U. S. opinion." Some critics argue, he said, that the U. S. press gave a completely erroneous picture of Castro and his revolution.

Reminding his listeners that Latin America has quite a different culture from that of the United States, the educator noted that it follows Rousseau rather than John Locke in its political philosophy. "It is not 'natural' for Latin America to follow the U. S.," Dr. Thompson said, "it has its own tradition, a proud one, and cannot be coerced."

Dr. Thompson told the AAUW unit that there is no real evidence that there were 2,000-mile-range missiles in Cuba, but that the presence of missiles there at all rallied the country to the support of the Kennedy blockade. "In some ways," he said, "the Castro threat is somewhat like the Communist scare of the Fifties in the hysterical reactions it evokes."

Initial plans for the 1963-64 drive to raise enough funds to book "the same high quality programs we have had in the past," Mrs. Sonderreger said, call for an intensive canvass of the entire Marquette area.

Funds to finance the year's concert series through Community Concepts, Inc., in New York City, must be raised during the week's campaign so that artists' commitments may be obtained well in advance of the new season's opening, the chairman noted.

At a meeting a few days ago of the Community Concert Association board of directors in the Union National Bank, the resignation of Dr. John Johansen as president was accepted and a nominating committee headed by Dr. Jean Hedlund named to propose his successor. Attending the meeting were Dr. Johansen, Dr. James L. Rapoport, Forest Roberts, Mrs. Sonderreger, Mrs. Maurice DeBroux, Mrs. Burt Parolin, Miss Ruth Craig, Mrs. Joseph Cone and Roy Froling.

Programs Discussed

Several days ago, the association board met with Gordon Bengtson, Chicago, a representative of Community Concepts, Inc., and went over with him programs available for bookings next season. Nothing definite can be arrived at, however, until the annual membership drive is over.

Concluding concert for this season will be the appearance at Northern Michigan University's Kaye Auditorium on April 30 of Ronald Turini, gifted young pianist whose debut in Carnegie Hall in January 1961 was greeted by a near-capacity crowd.

Turini has since had a series of engagements as soloist with all of Canada's major orchestras from Halifax to Vancouver, and this year, in addition to appearances in the U. S. and Canada, he is making his second European tour through Belgium, Holland, France and Germany.

During World War II, Dr. Thompson was connected with the New York Regional War Labor Board as a hearing officer and arbitrator on panels of the American Arbitration Association and Federal Mediation and Conciliation Service. He is a past president of the New York State College Faculties Association.

Since coming to Marquette in 1957, he has been engaged in part-time work as an arbitrator. He is a member of the American Arbitration Association and a life member of the American Psychological Association.

Celebrating A Wedding In 'Courtship'

Dina Merrill and Glenn Ford look on with amusement as Stella Stevens and her new groom, Jerry Van Dyke, accept a somewhat unusual wedding gift from young Ronny Howard in "The Courtship of Eddie's Father," which ends its Marquette showing tonight at the Nordic Theater.

First Part Of Countywide 4-H Spring Show, Talent Program Set Next Week

The first showing of Marquette County's two-part countywide 4-H Dress Revue and preliminaries for competition in the talent portion of the annual 4-H Spring Show will be held next week, it was announced today by Melvin N. Nyquist, county extension director.

Girls from the ages of 10 to 12 entered in the Young Miss class of the annual dress revue will model clothes they have made in a program scheduled for Friday, April 5, at Gilbert Elementary School in Gwinn. The talent preliminaries will follow the revue.

This is the first time there have been two countywide dress revues for the annual 4-H spring event, Nyquist said. Five girls from those modeling next week will be chosen to appear with older 4-H Club members in the Spring Show, scheduled April 19 at Graveraet High School.

Talent contestants in individual and group classes of vocal, instrumental and acrobatic numbers will appear during the Gwinn program, Nyquist said. Top acts will be selected there to compete in the Graveraet show and winners there will participate in the Camp Shaw Talent Show next July.

All boys and girls wishing to take part in next week's talent program are asked to notify Nyquist at the extension office in the courthouse by April 2. Names of contestants and a description of the number to be presented should be turned in, the extension director said.

The Rev. Robert E. Carson of the Premontre High School faculty, Green Bay, Wis., will conduct the Newman Club retreat to be held April 26-28 at Marygrove Retreat House in Garden. A native take part in next week's talent program are asked to notify Nyquist at the extension office in the courthouse by April 2. Names of contestants and a description of the number to be presented should be turned in, the extension director said.

parochial school students in Marquette elementary and high schools are eligible to enter the competition.

Used Books Go On Sale This Week

Used books and magazines will be on sale at the Peter White Public Library this week. The sale, annual fund-raising project of the Marquette branch of the American Association of University Women, is scheduled Thursday and Friday, from 10 a. m. to 8 p. m., and on Saturday, from 10 a. m. to 3 p. m.

Children's books, adult fiction and non-fiction titles and textbooks will be available. It was announced today by Mrs. Lucien Hunt, chairman. Such magazines as the National Geographic, Life and Holiday are also expected to be in good supply, she added.

Persons wishing to donate to the sale who want their contributions picked up are asked to notify Mrs. Roy W. Fletcher Jr. at Canal 6-7918.

Driver Faces Felony Count In Accident

NEGAUNEE — Robert W. Johnson, 24, of 217 McKenzie Ave., Negaunee, was ordered bound over to the May term of Marquette County Circuit Court when he was arraigned in Negaunee Municipal Court this morning on a charge of leaving the scene of a personal injury accident.

Bound was set at \$250 by Judge William Haupt and Johnson was released after posting that amount.

The charge resulted from an accident which occurred early Saturday morning in which Albert J. Liquia, 74, County Road 492, was killed at the intersection of Maple St. and U.S. 41.

Johnson will decide on whether he will demand a preliminary examination after consulting an attorney. He appeared at this morning's arraignment without legal counsel.

Assisting city police in investigation of the case were state police troopers and detectives. Detective Arthur Kivela of the state police crime laboratory and Dr. Edgar Kivela of the State Health Department laboratory examined the car driven by Johnson. Evaluation of their findings, presented to Prosecutor Edward Quinnell, resulted in issuance of authorization charging Johnson with leaving the scene of a personal injury accident.

Quinnell said the investigation revealed that the car driven by Johnson had run over somebody and that Liquia already was lying down when he was struck. The reason for him lying in the road has not been determined.

LeMay Tops Shooters At Skeet Event

NEGAUNEE — At the Negaunee Rod & Gun Club's weekly skeet shoot, Don LeMay topped competitors, followed by Walt Davy and Lloyd Anderson.

Meanwhile, in indoor activities, the Palmer Community Club beat the Rod & Gun Club in a cribbage match.

Next Sunday the club will hold another skeet shoot, beginning, if weather permits, at 1 p. m. All shooters in the area are invited to the event, for which a first-place prize will be awarded.

Science Film To Be Shown Wednesday

ISHPEMING — "The God of Creation" is the title of the Lenten midweek service to be held at the United Presbyterian Church Wednesday evening at 7:30.

The Rev. John B. Duncan, pastor of the United Presbyterian Church, said: "This sermon from Science Films deals with the marvels of astronomy, natural science and the microscopic world. From the size and number of the heavenly bodies to the tiny manufacturing cells of leaves, this film explores the creation reverently and scientifically."

Lenten services are sponsored

JIMMIE L. JENKIN

City Services Unchanged, Jenkin Says

ISHPEMING — "Through careful planning and efficiency, the City of Ishpeming is providing its residents with the same services it provided three years ago with no increase in the city tax rate," Jimmie L. Jenkin, present mayor and a candidate for city council, said today.

"This has been done in spite of increased labor rates and material costs and a decrease in revenue from \$692,000 in 1960 to \$590,000 in 1963.

To Face Further Loss

"The greatest problem facing the city in the next three to four years will be a loss of revenue of approximately \$200,000 as a result of declining valuations. To offset this loss, the city government will have to provide for even greater efficiencies, more complete studies of municipal operations, new ideas and methods, and careful consideration of future budgets and associated spending."

"Touching on the subject of sewage problems, Jenkin said the old problems of south area sewers and a sewage treatment plant will be disposed of this year with the construction of both facilities.

Jenkin, a graduate of Ishpeming High School and Michigan College of Mining and Technology, where he received a bachelor's degree in mechanical engineering, is employed as a mechanical engineer for the Cleveland-Cliffs Iron Co.

Active In Church Work

He is a member of the Marquette County Board of Supervisors, a member of the Marquette County Economic Study Committee, has served four years on the Ishpeming City Council, including three terms as mayor, and has been active in Scouting for over 10 years, serving as Scoutmaster and member of Pere Marquette District Boy Scout committee.

A member of the Wesley Methodist Church, Jenkin has served as chairman of the official board and presently is a trustee.

Jenkin resides with his wife and three children at 744 Mather Ave. In 1961, he was presented with an award by the Ishpeming-Negaunee Young Men of the Year.

"If elected, I will represent the people's best interest through honest, efficient government," he declared.

jointly by the Evangelical Covenant and the United Presbyterian Churches.

The public is invited.

Gogebic Board Backs Pair Of Mining Bills

BESSEMER — The Gogebic County Board of Supervisors unanimously supports the enactment by the Legislature of two bills currently in the House of Representatives, providing for reduction of taxes on mining and mineral properties and has directed the county clerk to advise Rep. Joseph Mack of Ironwood to support the bills.

The action, recommended by the finance and budget committee, was taken after hearing an explanation of the bills by Thomas Manthey, attorney for Pickands, Mather & Co., operators of local mines, and Peter Benson, staff representative of the United Steelworkers union, and Joseph Solits, local union official, who told of the cooperative effort of the Steel Workers, mining companies and management to help the deep shaft mining industry to survive under current market conditions.

Change In Assessment

Both bills are designed to provide a more equitable assessment of mining properties.

House Bill 290, said Manthey, provides for a change in the assessment of real and personal mining and mineral properties. In the past the state geologist has appraised such properties at true cash value and has certified the value to the local assessing officers.

Bill 290 provides that the "state geologist certify the true cash value to the State Tax Commission on or before Feb. 10 of each year. The State Tax Commission shall determine the rate of assessment of other property within the taxing district and shall assess the respective mineral properties at the same rate of assessment as the other properties (except that any difference between the rate of assessment of mineral properties and the rate of assessment of other properties in the year 1963, shall be eliminated in three equal assessments in the years 1964, 1965 and 1966). The State Tax Commission, as early as is practicable prior to Feb. 20, shall certify the same to the supervisor or assessing officer of the township or city in which the same is situated — shall assess to the owner thereof at the value so certified."

Terms Of Bill 635

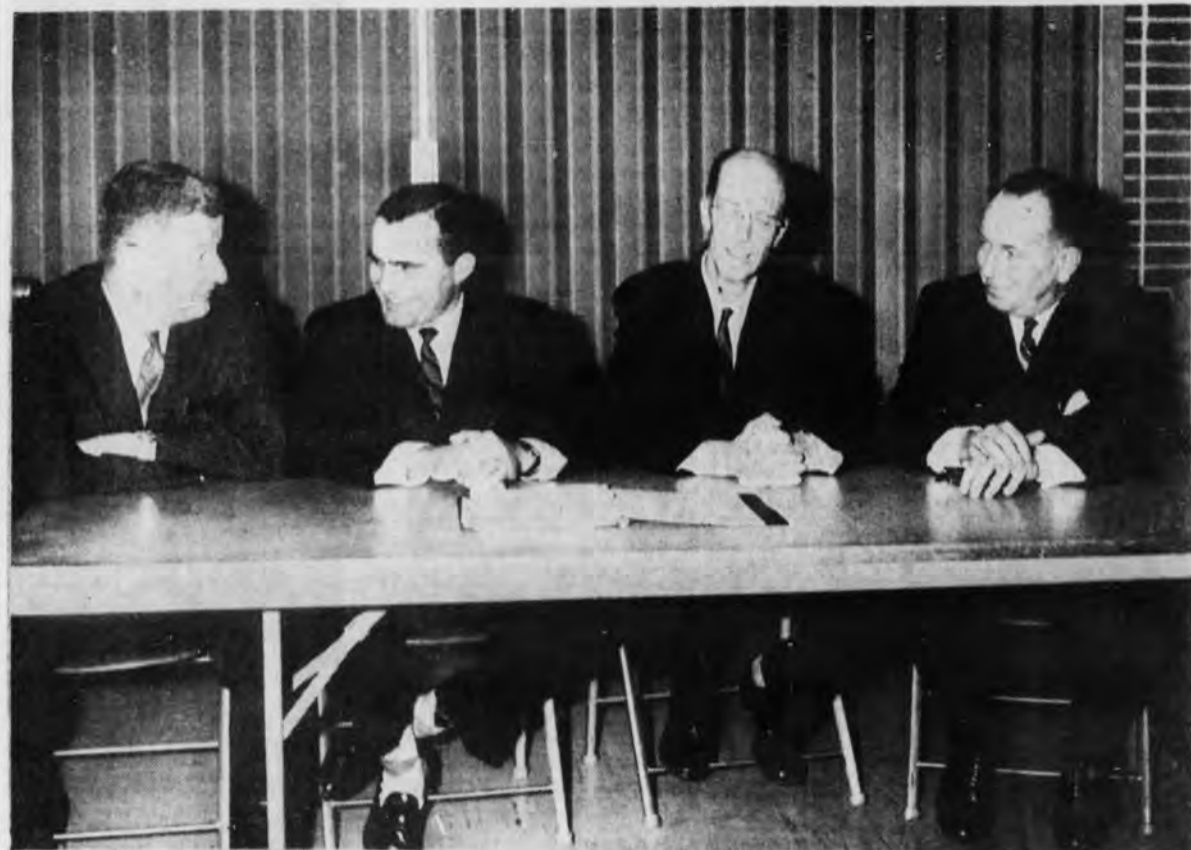

House Bill 635 provides for specific taxation of underground beneficiated iron ore; underground agglomerated iron ore and related property and provides for the collection and distribution of the specific tax, and prescribes the powers and duties of the state geologist and certain township and city officials with respect thereto.

Explaining the provisions of the bill, Manthey noted that beneficiated ore means underground ore which has been treated but not agglomerated. Included in treating processes are drying, washing, jigging and using various methods of separation. Agglomerated ore means underground ore which has been pelleted, briquetted, or otherwise aggregated in accordance with good engineering and metallurgical practices.

House Bill 635 affects only mines which have beneficiating facilities and does not become effective until an agglomerating plant is constructed and in operation somewhere in the Upper Peninsula for the production of a marketable product from underground ores.

Locally, the Geneva Mine would come under the specific tax provisions because of its existing beneficiating facility. The Peterson

Seminar On Proposed Constitution

Conducting a seminar on the proposed constitution in the Phelps School in Ishpeming were (above, left to right) Robert E. Pickup, Charles F. Sturtz, W. C. Peterson and Tilden B. Mason. Peterson, school superintendent, served as moderator for the Citizens' Research Council's presentation on the new document, which will be voted on April 1. (Mining Journal photo).

Mayor's Post Being Sought By Mattson

THEODORE MATTSO

ISHPEMING — Theodore Mattson, 56, a lifelong resident of Ishpeming and a veteran of World War II, is a candidate for mayor of the City of Ishpeming.

Mattson, presently a commissioner, has served three years as chairman of the board of review and this year is its secretary. He served as mayor in 1959-60, when he went on record in opposing the Mayors' Exchange Day because, in his opinion, "tax dollars should not be used for conventions."

Mattson last year was appointed to the state American Legion base-

Mine would not, but both mines come under Bill 290, until such time as the required plant is constructed. Then the Geneva Mine will come under the specific tax category.

Manthey said both bills provide for reduction in mine taxes, the amount of reduction, under Bill 290, depending on the rate of assessment of other properties in the community.

Elma Graham Has '28' Crib Hand In Women's Loop

ISHPEMING — In Ishpeming Women's Cribbage League play last Friday night, a "28" hand was held by Elma Graham and a high score of 1,232 was pegged by Florence Fredette and Helen Marietta.

A 1,220 score was recorded by Evelyn Willis and Elma Graham and a 1,214 score by Alice DeVoid and Elsie Gleason.

Larson's team gained 880 holes to give it a lead of 2,723 holes over Scarffe's team.

Two Fined For Driving While Drunk

NEGAUNEE — Two motorists arrested by city police on drunk driving charges entered guilty pleas when they were arraigned before Judge William Haupt in Negaunee Municipal Court.

Kenneth Ralph Swanson of Marquette and Albert W. Kymberg of Ishpeming were each ordered to pay a \$50 fine and \$5.10 court costs.

Sheriffs supervised the population census of the American colonies in colonial days.

THANK YOU

We wish to express our heartfelt thanks and appreciation to our relatives, friends, and neighbors for their many acts of kindness during our recent bereavement caused by the death of our husband, father, and brother, Adolph Hannula.

We especially wish to thank the Rev. Albert Hautamaki, the Jackson Funeral Home, Bethel Lutheran Ladies Chorus and Mrs. Mary Karlin, those who sent cards, flowers, and donations, those who donated and drove cars, the ladies who provided and served lunch, and all who helped in any other way. Their many acts of kindness will ever be remembered and appreciated.

Ishpeming Area Tourist Industry Promotion Plans Include Mining Museum, Big Lure Sign, Brochures

ISHPEMING — Meeting in the Roosevelt party room last night, the Tourist Division of the Ishpeming Chamber of Commerce brought to light several interesting subjects which are of vital interest to the people of Ishpeming and the western half of Marquette County, including the prospect of establishment of a mining museum in this city.

The Tourist Division, in its infant stages of development, is making elaborate plans to promote the tourist industry in this area, which includes Michigan, Champion, Humboldt, Republic, Wicoma and other communities in addition to Ishpeming.

It was clearly and concisely stated last night that something be done to generate greater interest by tourists in the vast amount of natural resources in this immediate area.

The big question before the group was: "Exactly what can we do to bring this dream into reality?" Three answers included (1) erection of a huge sign in an area which would be of the greatest advantage, (2) issuance of brochures depicting in an attractive and comprehensive manner what Ishpeming and surrounding communities have to offer, and (3) perhaps the most important in terms of interest, creation of a mining museum.

First subject up for discussion during the evening was that of a proposed sign designed by George Bonovich, an Ishpeming contrac-

tor and architect, and a member of the tourist group.

The sign would be 56 feet long with the name of Ishpeming in two-foot letters predominating in the first line of the 30-word sign, which also would advertise the abundant natural resources of the western half of Marquette County.

The sign, designed for an easy view at 1,000 feet, would be erected at a suitable spot. A committee is looking for an appropriate location. Erection of the sign was considered essential by a majority of the group, while others felt the brochure distribution would be of more value.

However, before the discussion ended, it was decided that both projects had a good chance to be realized in the near future resulting from a planned revenue from members of the tourist group and other interested parties.

A point which hit home was aired by Robert Markert of Ishpeming, who was a recent visitor at the sports and travel show in Milwaukee.

Speaking on the Marquette County tourist guide which he passed out at the show, Markert said he felt Marquette County was very well advertised. "It's this sort of thing which should be done for the City of Ishpeming," he said. "It is necessary that we have something to sell, something that'll be a real eye catcher."

Representation is needed at a few of these shows. It's hard, but

we all must make sacrifices if this project is to become a success. It also would be advantageous for the City of Ishpeming and the western part of the county to have some exhibit advertising some important element of phase of living in this area."

The Tourist Division as a whole feels its objective is to give the City of Marquette greater competition than ever before, luring the tourist to this half of the county. Feeling there's no reason why the tourist industry can't be expanded in this locale, the group has formed definite ideas on a course of action in promoting the industry.

The last business considered by the organization was the proposed mining museum in Ishpeming.

The Cleveland-Cliffs Iron Co. has been approached regarding leasing the Mather "A" Mine shaft office for such a purpose, with the provision that necessary precautionary measures be taken, it was stated at the meeting.

The Michigan Mining Museum Association is desirous of renting the Mather "A" shaft office for the 1963 summer season only.

It was stipulated the first year would more or less be on a trial basis as plans are being formulated to acquire land near U. S. 41 where a fire-resistant building for mining displays would be erected.

An association committee investigating the possibility of having a museum in Ishpeming is composed of Juel Casperson, chairman; Burton Boyum, Robert Markert, Kenneth Niemi, Walter Scanlon, Stanley Sundeen, Roy Johnson, Guido Bonetti and Ben Berky.

The tourist meeting last night was preceded by dinner.

Obituary

CHARLES O. OLSON
ISHPEMING — Services for Charles O. Olson, who died Sunday, were held at the Bjork & Zhukie Funeral Home this afternoon. The Rev. Reno Kuehnel officiated and burial was made in Ishpeming Cemetery. Pallbearers were Frank Grenfell, Ray Hoeking, Alex Ham, Don Tripp, Herbert Stansbury and Verner Larson.

HENRY C. JAAKSI
ISHPEMING — A former Ishpeming resident, Henry C. Jaaksi, died suddenly yesterday morning in his home in Chicago.

He was born in June, 1901, in Ishpeming and later moved to Chicago, where he was employed for 40 years with the Ditts Corp.

Survivors include his wife, Ann; a son, Henry of Chicago; four sisters, Mrs. Lillian Saarela of Palo Alto, Calif., Mrs. James (Emily) English of Brooklyn, N.Y., Mrs. George (Vianna) Hawk of Sun City, Ariz., and Mrs. Helmi Lauer of Ishpeming; a brother, Eino Jaaksi of Ishpeming, and three grandchildren.

Funeral services are tentatively arranged for Thursday afternoon.

In Honor Society

Raymond J. Ikola (above), son of Mr. and Mrs. Waino Ikola, 921 N. Main St., Ishpeming, has been elected to membership in Eta Kappa Nu, national honor society for electrical engineers, at the University of Michigan. Graduating from the university last June, he is now doing graduate work there and will receive a master's degree in electrical engineering in June. He is married to the former Janice Muske of Dearborn.

Tryout Films To Be Seen By Ski Club

ISHPEMING — The Ishpeming Ski Club will meet tonight at 7:15 in the United States Ski Hall of Fame. Movies of the 1963 Olympic tryouts on Suicide Hill will be shown.

Other business on the agenda includes a financial report and a

discussion of plans to attend the Central Ski Association convention at Eau Claire, Wis., March 31.

Popular Union Party Jubilant Over Victory

BUENOS AIRES, Argentina (AP)—Leaders of the pro-Peron Popular Union party were jubilant following defeat of a demand by the Argentine navy that they be banned from the ballot in the June 23 elections.

Its chief, Dr. Raul Maters, arranged talks with other politicians in an effort to set up a seven-party national front in hopes of sweeping the polls.

REPUBLIC TOWNSHIP ANNUAL TOWNSHIP MEETING
Sat., March 30, 1963 1:00 p.m.
AT THE WUOLLE BUILDING
CLARENCE ISAACSON
CLERK

Tri-County Briefs

Alger . Baraga . Marquette

Republic
Joel Eade is a patient in the Iron Mountain Veterans' Hospital.

Word has been received of the death of William Vincent, a former Republic resident, in Tucson, Ariz.

Lenten services will be held in the Republican Methodist Church tomorrow night at 7:30. The public is invited.

Chatham-Eben
Mr. and Mrs. Jerry Sandstrom of Milwaukee visited at the home of Mr. and Mrs. Frank Hill recently. They also visited with Mrs. Toini Leppanen.

Mrs. Opal Richmond has returned from Morgan Heights, where she was a medical patient.

The Unity Co-op Co. will hold its annual meeting at 7:30 tomorrow night at the Chatham Town Hall. There will be prizes and refreshments.

Tom Moore has returned from Munising Memorial Hospital, where he was a medical patient.

Mrs. Harvey Niemi will be hostess to the next meeting of St. Mary's Circle Monday, April 8.

Trenary
Stacy Beyers, son of Mr. and Mrs. Jon Beyers, is a medical patient in the base hospital at K. I. Sawyer Air Force Base.

John Webber has been released from St. Francis Hospital, Escanaba, where he was a patient for several days.

First Lutheran church choir practice will be held Thursday at 7:30 p.m.

Ronald Hawley is a patient in St. Francis Hospital, Escanaba.

Plans are being made for a baked goods sale, sponsored by the Lutheran Ladies' Guild, April 6 at the Co-op Store.

Mrs. William LaCombe has been released from St. Luke's Hospital, Marquette, where she was a patient for several days.

The guest Lenten speaker at the Trenary Methodist Church Thursday at 7:30 p.m. will be the Rev. Everett Erickson, pastor of Gwinn Methodist Church.

Easter Seal Society donation cards and Easter lilies will be available upon request of students at the Trenary School this week. Donations from the Easter drive are used to help crippled children. All donations should be turned in not later than Monday, April 8, to the school.

Negaunee
The Rachel Circle of Immanuel Lutheran Church will meet at 2 Thursday afternoon in the home of Mrs. Dorothy Bessolo, 222 Rock St.

The Ladies of Kaleva will meet at 7:30 Thursday night. Lunch will be served. Hostesses will be Helmi Lehto, Jennie Rastikainen, Ruth Reikki and Irma Ritola.

Mrs. Ray Truax of Milwaukee was called here because of the illness of her mother, Mrs. Arthur Kantola, who is a patient in Bell Memorial Hospital.

Leo (Keta) Herman is a patient in Bell Memorial Hospital.

The Lady Druids will hold a special meeting at 8 tonight in St. Paul's Church.

The Negaunee Youth Center will hold dances from 7 to 10 Wednesday

ISHPEMING

ISHPEMING
The American Legion Auxiliary will meet at 8 p. m. Wednesday in the clubrooms.

The Diorite Bethel Ladies' Aid will meet in the home of Mrs. Jenny Wepsula Friday at 7:30 p.m.

The CAMS will meet Wednesday night in the home of Mrs. Lloyd Doney, 707 Vine St., after the midweek Lenten service at Wesley Methodist Church.

Midweek Lenten services will be held at Faith Lutheran Church, National Mine, at 7:30 p. m. Wednesday. Hostesses will be Mrs. Louis Brown, Mrs. Clarence Carlson and Mrs. William Helsten.

Job's Daughters, Bethel 12, will meet at 7:30 tonight in the Ishpeming Masonic Hall.

The Ladies of Kaleva will meet tomorrow night at 7:30 in the lodge quarters to work on the first degree. Hostesses will be Mrs. Alen Hjelst and Miss Uno Kangas.

The Bible class of the Apostolic Lutheran Church will meet tomorrow night at 7:30 and again on Sunday at the same time.

Michiganamme
United Lenten services will be held in the Michiganamme Methodist Church tonight at 7:30. The Champion congregation will unite for this service.

Humboldt
The Home Extension Club of Humboldt will meet in the town hall at 7 tonight.

Hermansville 2nd Round Ends Tonight

HERMANSVILLE — Second round play ends tonight in the "B" division of the Hermansville independent basketball classic.

Escanaba's Snyder's Shell meets Iron River Duvall's at 6:15, followed at hour intervals by Crystal Falls Legion vs. Stephenson Strollers, Champion Chiefs vs. Ishpeming Mikes (8:15), Norway vs. Escanaba Tom's, and Felch vs. Powers.

Three second-round games have already been played, with Eben advancing on an 86-61 victory over National Mine. Marquette Shoreland on a 74-56 decision over Menominee Ideal Dairy (which had edged Marquette 89's) and Hermansville Phillips downing the Ishpeming Chronicle, 86-67, Sunday.

Eben meets Shoreland at 10 p.m. Wednesday in the bottom bracket, while Hermansville will meet the Crystal Falls-Stephenson winner at 6, Wednesday, followed by tests between the Champion-Ishpeming and Esko-Iron River survivors at 7, the "A" bracket opener (Ne-gaunee Boost's vs. Niagara) at 8, and the Powers-Felch, Norway-Escanaba Tom's victors at 9.

Fall Onto Rope Major Factor In Ring Death?

LOS ANGELES (AP)—A corner's autopsy shows that Dave Moore suffered three times the amount of brain damage originally indicated by an encephalogram after his fatal fight against Sugar Ramos.

Moore's backward plunge onto the lower strand of the ropes is believed by autopsy surgeons to have caused the massive damage that resulted in his death early Monday. The scores of jolting lefts that Ramos rained to the head and jaw of the featherweight champion Thursday night were described as contributing factors.

Coroner Theodore J. Curphey, reporting the findings of a two-hour autopsy, said there were small hemorrhages and edema of the structures of the brain stem and also "large contusions in the middle of the cerebral hemisphere which were probably one of the major factors in bringing about this man's demise."

Hit Back Of Neck
In retreating from Ramos' savage attack in the 10th round, Moore plunged backward into the ropes. The back of his neck struck the lower strand near the turnbuckle and his head snapped sharply toward his chest.

This fall, Dr. Curphey said, caused extensive brain damage, but he said blows to the jaw could have been contributing factors. A small hemorrhage was found on the right side of Moore's

Poirier's 701 Tops Pin Tallies

Joe Poirier jolted the pins for a 701 in the Neagaunee 66 league, to lead area bowlers in recent action. Joe fired a 225-232-244 series, as Junction Club marked up a 2-887 (996-952-939). Pete Umbrello bowled 223-233.

Ed Farrell bowled a 663 (183-245-235) to top the Marquette Olympic Classic league.

Jim Carlton had high game of 247, while Jim McGlynn bowled 629 (186-201-242); John Connolly, also 629 (226-180-223); Don Pierce, 622 (220-201-201); Skip Barta, also 622 (216-204-202); Ev Senobe, 618 (184-200-234); Carl Anderson, 617 (213-212-192); Duane Whittaker, 610 (186-192-232).

Clifton Lounge lead the teams with 2,905 and a 1,029 high game. In the Gwin "850" Scratch league, Joey Minelli rolled a 258 for the high game and with 201 and 195 totaled 654 for the high series. Leo Valima with 225-232-170 totaled 627 pins. Steen's rolled a 1,012 for the high team game and Drewry's took the match with games of 887-950-916 totaling 2,753.

In the Gwin "850" Handicap league, Peter Zenti rolled 233 for the high individual game and Russ Vorpogel with games of 231-209-215 totaled 653. Happy Hour took both high team game and match with 892-842-822 totaling 2,556.

Charles Carlson rolled a 649 (214-225-210) in the Republic Major league while Warren Grandlund had high game of 233. Blatz bowled 2,684 (906-868-910) and Pine Grove had high game of 922.

The Humboldt Euclids rambled on to a 2,667 match resulting from games of 756-960 and 951 to gain match honors while the Research Lab racked up a 1,023 highlighting action in the Ishpeming CCI league.

Peter Suardini emerged as the individual match leader with a 636 (195-226-215) but the big game for the night was captured by Ken Argall with a 265. His 209 and 158 gave him a 632 total. Don Tressedder rolled a 618 and Otto Urpila, a 606.

Going over the 220 mark were John Gregory with a 227-220, Ken Graham 225 and Paul Carlson, 223. Bill Mussel bowled a 606 (225-172-209) in the Marquette I.S.&I league to lead the way. The Car-men had a 2,322 (708-833-761), but Maintenance took the second half-season title, and will roll off with Ten Pins, March 30, for the over-all championship.

MARQUETTE COMMERCIAL
Gus Morais led this week with a 580 (244-158-178), while Tom Lyons had a 224, Al Tyrell, 202-201. Lumberjack Tavern posted a 2,695 bill around a 1,016 game. George Dionne rested on March

brain, cuts and contusions were found inside the fighter's lips, and minimum hemorrhages were on the skin of the right temple and around the joint of the right jawbone.

A Brighter Day

Neagaunee St. Paul cheerleaders were quite a bit happier, Sunday evening, as they cheered their Emeralds during the "welcome home" parade for

the Class D finalists, than they were (below) at the end of the hectic, thrilling state final game at Jenison Fieldhouse, in East Lansing.

Rod & Gun Club Meets Tonight

The Marquette Rod & Gun Club will hold its annual meeting tonight. All members are urged to attend, and bring interested friends.

The meeting will start at 7:30 sharp. The mid-winter meeting of the Northern Michigan Sportsman's association will be discussed and officers are to be elected at this session.

Butts Sues Post; Probe Continues

ATLANTA (AP)—Investigation into the alleged rigging of a college football game continued today after a \$10-million libel suit was filed against the magazine which published the rigging charges.

Wallace Butts, former Georgia athletic director, filed the damage suit in federal court Monday against the Curtis Publishing Co., publishers of the Saturday Evening Post.

Butts, who resigned as athletic director in February, charged in the suit that the Post has ruined his coaching career of 35 years by "willfully, maliciously and falsely" publishing a libelous article. The suit asks \$5 million in punitive and \$5 million in general damages.

George Burnett, an Atlanta insurance salesman who was questioned by state and federal investigators Monday, was quoted in the Post as saying he overheard a telephone conversation between Butts and Coach Paul (Bear) Bryant of Alabama.

Burnett said in the Post article that Butts gave Georgia football secrets to Bryant eight days before the Sept. 22 game which Alabama won 35-0. Both men have denied the charges.

Butts said in the suit that the Post charged him with "rigging and fixing the Alabama-Georgia football game with Coach Bryant as a gambling device in order to reap his financial resources."

Burnett, Butts and Bryant all have submitted to lie detector tests and have said the results indicated they told the truth.

Regan Set As Tigers' No. 4 Pitcher

POMPANO BEACH, Fla. (AP)—One of the rare pleasures of spring training for manager Bob Scheffing has been the Detroit Tigers' pitching.

The entire staff has been exceptionally stingy: The composite earned run average is 3.54. That's a lower figure than any American League pitching staff posted last season.

When the training grid started, Scheffing figured he had only two starting pitchers for sure, Hank Aguirre and Jim Bunning.

But now, just beyond the half way point of the exhibition schedule, most of the doubts are over. Scheffing is pleased with the way Frank Lary's arm has responded, letting him throw loose and easily again.

Regan Shows Promise
And the contest for the No. 4 starting berth was pretty much solved Monday in a 17-3 rout of the Washington Senators.

It belongs to Phil Regan unless he suffers a drastic change of form before the opening of the season two weeks from today.

Behind him is Don Mossi, unscathed upon in 10 innings this spring. Mossi, whose aging arm no longer can take the strain of pitching in rotation, will be a once-a-week pitcher in Scheffing's plans.

Regan turned in his finest performance of the spring in his longest outing against Washington. He went six innings and held the Senators to two hits.

Bobo's Revenge
The only damaging blow was a two-run homer in the fourth by Bobo Osborn, playing his first game since Detroit sold him to Washington.

"That was pretty good pitching smiled Scheffing, who was made happier because the Tigers started hitting again after three straight one-run losses.

Regan has pitched 16 innings in four exhibition games and allowed just 15 hits and six earned runs. The Tigers came up with their biggest hitting explosion of the spring. They pounded out 17 hits with Bubba Phillips getting five singles in six at-bats. Gus Triandos, Purnal Goldy and Frank Kostro hit homers.

ISHPEMING WOMEN'S
A high team game tie developed in the Women's Miracle League as the Dairy Mart and Arola's 7-Up ended the fray with an 838 and speaking about ties, June Vadnais and Dorothy Heinonen locked up with a 546 high individual match. Vadnais rolled a 188-175 and 183 while Heinonen flipped a 195-180 and 171. Marie Dobson took the high individual game with a 201. Over the 500 mark this week were Clarann Anderson with a 519, Lorraine Lassila, 514, Ruth Warsawsky, 505, and Marie Bobson, 515.

U.P. Champs Featured Few Seniors

Except for Marquette Graveraet, Upper Peninsula high school basketball champions will present veteran - studded lineups for the 1963-64 campaign.

Neagaunee St. Paul, which came closer than any other U. P. parochial school ever did to winning a state championship, will lose only Colin Jacobetti from the squad that lost the 1963 Class D crown by one point Saturday night.

Coach Al Dighera, whose teams the last two years have won 35 out of 46 games, will have regulars Dennis Baratonio, Rod Guizzetti, Lonnie St. Aubin and Dominic Jacobetti and several experienced reserves in building next year's St. Paul team.

Houghton, which has won the U. P. Class C crown three times running and which, like Neagaunee St. Paul, reached the state finals before dropping a one-point decision, will lose Charles Noetzel and Fred Hagen through graduation. Experienced reserves Jim Messner, John Krentzky and Joe Croze will be available for Coach Fritz Wilson to build a team around returning regulars Jon Fryxell, Mike Laurin and Don Stipech.

Coach Bill Howes' Rudyard Bulldogs, the Peninsula Class B champion which got as far as the state championship, will leave the small-school Little Seven Conference at the end of the current year and compete in faster company next season.

Howes will have a couple of 6-4 cagers, Joel Ploegstra and Al Morehouse, along with 6-0 Ron Hintz, as the nucleus for a quintet when he hits the big-school competitive trail. He will lose regulars Jim Morlock and Roger DeWitt and substitutes Larry Postma, Mike Starup and Jim Postma, all of whom went from 6 to 6-4 in height.

Marquette Graveraet, the Class A titlist, will lose Dennis Cemail, Carroll Wachter, Terry Keller, Kim Wahter, Richard Nelson, John Beldo, Jon Magnuson and Duane Boklund from this year's quintet. In returnee Bruce Forstrom, Coach Fred Taccolini will have one of the tallest (6-5) and highest-scoring cagers in big-school lineups. Back with him will be one returning reserve, Steve Nyquist, and four reserves who saw limited action.

An unusually large number of other schools, several of whom were much in conference, district or regional tournament championship pictures the past winter, also will see veteran lineups on the court next winter.

Gladstone, beaten by Rudyard in this year's U. P. Class B finals, will have four of its first seven back. Manistique, which spent the year in a rebuilding program, could have one of the better teams for two seasons if sophomore Eric Blomquist and freshmen Jon Cameron and Tom Brawley continue to develop. Blomquist is 6-2; the others 6-3.

Other Class B outfits which could show improvement next year are Gwin, Stephenson, Newberry, Ishpeming, Marquette Baraga and Kearsford. Another district tournament winner, Crystal Falls, could possibly regain the high level it held for many years in Class C next winter. Coach Stu Smith loses only Charles Ghidorzi and Howard Tonkin, but will have a host of experienced material for the 1963-64 team. One of his top prospects is a 6-2 freshman, Ted Sackek, who played regularly the past season and averaged about 10 points a game.

Wakefield, L'Anse and St. Ignace also should be improved in Class C competition.

White Pine and Nahma, which posted good records this season, should be back with winners again. Among others expected to improve in Class D, on the basis of returning talent, are Trout Creek, Tenary, Rapid River, Powers, Garden, DeTour, Alpha, Baraga, Amasa, Cedarville, Carney and Bark River.

Speaking of next year, and tournament prospects, River Rouge loses only one of their starters from their third straight State Class B championship squad — and both their javvee squad and frosh teams were unbeaten.

Syracuse Seeks Clincher In NBA Semifinal Play
(By The Associated Press)
The Syracuse Nats, who have been having trouble with Cincinnati, hope for a "bust-out game" against the Royals tonight in the deciding game of the Eastern Division semifinals in the National Basketball Association playoffs.

The Western Division semifinals also will finish tonight if the St. Louis Hawks beat the Detroit Pistons.

Kerr Injured
Syracuse, which enjoys the home court advantage, may be hindered by Johnny Kerr's shoulder injury. He was excused early from practice Monday but is expected to start. Coach Alex Hanum said, "We haven't had our bust-out game against this club yet, but we're due."

Oscar Robertson, who led Cincinnati to a 125-118 victory Sunday that evened the best-of-5 series at 2-2, expects to be double-teamed but Charley Wolf, the Royals' coach, looks for the "Big O" to be effective as usual. Wolf said he is elated over his club's defensive efforts.

To Meet Celtics
The winner plays at Boston Thursday night in the opener of the best-of-7 Eastern final against the champion Celtics.

Down 2-0 after losing the first two of their series at St. Louis,

JOE ADCOCK

Joe Adcock Gives Indians New Power

(By The Associated Press)
Joe Adcock, a slick piece of wampum in any wigwam, might be just the heap big medicine man Birdie Tebbetts wanted for his Indians.

When Tebbetts came to the Cleveland reservation last winter from Milwaukee, he talked the Braves into letting Adcock go in a trade for pitcher Frank Funk and outfielder Don Dillard. Now the Indians can count on a big gun for their attack instead of a bow and arrows.

Adcock proved Monday he can supply the power that's been missing from the Cleveland attack. The 35-year-old first baseman smashed two three-run homers and singled to start another three-run uprising as the Indians whipped Houston 11-3 in an exhibition game at Turson.

Other outstanding individual performances were turned in by Philadelphia's Paul Brown, who pitched nine innings and shut out Clearwater, and Bubba Phillips, who stroked five singles in Detroit's 17-3 belting of Washington at Pompano Beach.

In a pair of extra-inning affairs, Jim Hickman's 11th-inning homer gave the surprising New York Mets a 4-3 triumph over Milwaukee at St. Petersburg and Baltimore edged Pittsburgh 5-4 at Fort Myers on Mark Belanger's bases loaded grounder in the 10th.

In off-the-field activity, the Mets released veteran outfielder Bob Cerv, who said he would retire from the game. Cincinnati sold pitcher Johnny Klipstein to Philadelphia, and the Angels sold infielder Leo Burke to St. Louis.

Cerv Released
In off-the-field activity, the Mets released veteran outfielder Bob Cerv, who said he would retire from the game. Cincinnati sold pitcher Johnny Klipstein to Philadelphia, and the Angels sold infielder Leo Burke to St. Louis.

NHL's Stanley Cup Playoffs Open On Toronto, Chicago Ice

(By The Associated Press)
The semifinal round of the National Hockey League's Stanley Cup playoffs get under way tonight in Toronto and Chicago with the home teams the favorites because of their regular season finishes.

Toronto, the league champion, entertains the Montreal Canadiens, who wound up third, while runner-up Chicago is host to the fourth-place Detroit Red Wings in the best-of-7 openers.

The Maple Leafs, who won the Stanley Cup a year ago, took their season's series with Montreal handily. Toronto won six, lost three and tied five in 14 meetings with the Canadiens. On home ice, Toronto posted a 4-1-2 record.

Faded At The End
The Black Hawks faded in the waning weeks but managed to gain second place. Detroit won its last two regular season meetings with Chicago and captured the season's series from the Hawks with six victories, five defeats and three ties.

Wings On Strike
The Red Wings, who will carry a four-game winning streak into the playoff opener, will be led by scoring champion Gordie Howe and goalie Terry Sawchuk.

Chicago Coach Rudy Pilous feels Howe is the man to pinous if his Hawks are to advance into the final playoffs against the Toronto-Montreal series winner.

But Red Wing Coach Sid Abel feels that Sawchuk holds the key to Detroit's chances.

"The big thing, naturally, is Terry," said Abel. "He has to make the big saves. He looked a little tired late in the game Sunday against Toronto, and I was wishing I had used Hank Bassen for the second half."

Outstanding Anyway
"But I think Terry should be all right. He was outstanding over the weekend."

Abel added that since Sawchuk missed 20 games during the second half of the season, he should be more refreshed than Chicago

Grades, Not Goals Key To College Hockey Scholarships --- Olson

"They won't ask you how many goals you scored when you get to college, they'll want to know how many A's you had in school."

This statement of experience came from Weldon (Weldy) Olson, Marquette's two-time U.S. Olympic hockey star at the city's annual hockey dinner last night before over 350 people in the National Guard Armory.

Olson, youngest of nine hockey playing brothers and a former Michigan State University standout, encouraged Marquette's youth to do well in school for a scholarship could result someday in hockey, a "major attraction sport."

"Many colleges and universities are starting hockey 'but you have to have the grades to get in. They won't give you a scholarship, for you will have earned it.' A product of Marquette's junior hockey program, Olson starred as the United States defeated Russia, 3-2, in the 1960 Olympic games for the gold medal.

The U.S. finished second in 1956, Olson's first year on the team. His Olympic medals were on display at the Army last night.

"Most colleges have non-American players," Olson said, "but you boys here are the ones who can change that some day." He cited Marquette's Jim Jacobson as having a good chance to make the Olympic puck squad in 1964 and noted that a former Olympic teammate of his, Tom Williams of Duluth, Minn., is now a member of

French City May Edge Detroit For '68 Olympics
DETROIT (AP)—The executive secretary of the International Olympic Committee was quoted by the Detroit Free Press Tuesday as saying the 1968 Olympics will be held in either Lyons, France, or Detroit.

In a telephone interview, Otto Mayer of Lausanne, Switzerland, said, "I am not entitled to make the decision, but I think Lyons will have much more chance."

The 1964 games are in Tokyo. If the European teams have to travel to Japan, then to the United States, that would cause a great expense."

The IOC will make its decision when it meets next October in Nairobi, Kenya.

the Boston Bruins in the National Hockey League. Olson said that over 600,000 people now play hockey in the United States and the number will jump to over 1,000,000 in a few years, he predicted.

"There are a lot of political moves connected with this country's poor showing in the World Tournament this year," the former Marquette Pierce graduate stated, "and I doubt if very many of the boys on this year's squad will be on the Olympic team next year."

A. L. (Mac) McLain, hard-working Junior hockey president, presented Zero Awards to all junior hockey goalies who had at least one shutout this year and also dished out Hat Trick patches to players who had scored three or more goals in any one game. McLain was presented with a trophy-type perpetual calendar for his work in the organization.

Alan Pedersen, junior hockey secretary, was toastmaster and thanked the many people who had a hand in making the program a success. Short remarks were given by City Recreation Director Jim Engle, Mayor James Smith and City Manager Tom Moore.

The potluck style dinner was served by mothers of junior hockey players.

Sawyer '9' Commences Spring Drills

K. I. SAWYER AFB — Major league baseball teams aren't the only ones in spring training. Sawyer's nine begins workouts Monday in the base gym, in preparation for its defense of the Lake Superior League championship year last year.

According to Ray Croft, player-manager, holdovers from last year's squad and anyone interested in trying out for the team will work out in the gym Monday, Wednesday, and Thursday nights for an hour.

Croft said that all positions are wide open. The team compiled a 10-2 record en route to the 1962 playoff crown.

In addition to competing in the Lake Superior League, the squad will play in the Air Defense Command tournament competition.

A meeting of Lake Superior League officials in the near future will determine this year's schedule.

goalie and Vezina Trophy winner Glenn Hall.

Five Points Back
The Red Wings finished in fourth place, just five points behind the Maple Leafs. Detroit held a 7-6-1 won-lost-tied record against Toronto, and was 6-5-3 with Chicago.

Each team will be minus one regular player in the opening game.

Detroit's Bruce MacGregor, in Edmonton for his father's funeral, will miss tonight's game, but will return for Thursday's contest.

Abel says he'll play Howie Young on MacGregor's spot on the third line.

Meanwhile, Chicago scoring star Bobby Hull said he will be sidelined because of a shoulder injury three weeks ago. The shoulder was so painful he could not play Sunday night in Boston.

EXHIBITION BASEBALL
(By The Associated Press)
Monday's Results
St. Louis 4, Chicago (A) 3
Detroit 17, Washington 3
New York (A) 5, Los Angeles (N) 2
