

Anybody Need A Doctor?

Doctor-actors are doing well in Hollywood, so Lorie Summers, who plays a medical assistant in the film "X," tries on the doctor's equipment between scenes at a Hollywood studio. Lorie is a native of Houston, Tex., who arrived in Hollywood after dancing appearances in Las Vegas. (AP Wirephoto).

Marilyn's Story Told On TV Show

By CYNTHIA LOWRY AP Television-Radio Writer NEW YORK (AP) — Marilyn Monroe died tragically last summer, leaving behind a legend of glamor and a history of unhappiness. Sunday night, ABC broadcast the first of several television and film biographies of the blonde beauty which are in preparation. It was not a noteworthy job—a string of newsreel clips, a lot of still photographs, a few bits from old movies and a fuzzy kinescope from a "Person to Person" interview, glued together by a sticky, adjective-laden script narrated soulfully by Mike Wallace. It was a highly superficial treatment.

"Diamond Fever" Sunday night's NBC drama, "Diamond Fever," was an old-fashioned thriller about a sinister master jewel thief with his eye

on the million-dollar Hartwick diamonds. He didn't get them, of course, even if he was Peter Lorre. The good diamond cutter's bad brother tipped off the cops. What made the show a little different was a sub-plot about whether the good diamond cutter could cleave an uncut stone without shattering it. Mostly, however, it was a lot of rushing around and very little suspense.

Human stars come and go on television. But the animals seem to go on forever. "Lassie" has now been renewed for its 10th season on CBS—continuing a remarkable family-type show in which the child actors grow up and sometimes move away, but in which the canine heroine never changes from a young dog. And let us not forget "Rin Tin Tin," which has been with us since the silent movie days and still is — during the children's hours on stations all over the country.

Mackinac Company Sole Bidder On Ferryboat Docks

DETROIT (AP) — Arnold Transit Co. of Mackinac Island, sole bidder, yesterday was awarded leasing rights at the old state ferryboat docks at St. Ignace. Its bids were \$3,250 for each of the two docks. Arnold had the same lease rights last season. The Waterways Commission, acting on the bids, will be dividing leasing rights at Mackinaw City docks later between Arnold Transit and Straits Transit Co. of Mackinaw City. Arnold bid \$12,500 on the slip now used by Straits Transit.

610 Pupils Move Into New Sawyer Elementary School

Six hundred and ten pupils in the afternoon shift at the McDonald Elementary School at K. L. Sawyer Air Force Base boarded buses to visit their new school. Pencils, crayons, books and paper were placed in new desks, ready for use when the new Sawyer Elementary School began its first full-day session.

Arriving at the new school, pupils of Sawyer Elementary School found their "old" teachers waiting for them in new rooms. Principal Thomas Moss ordered the "trial run" before the school was opened in order that the youngsters could acquaint themselves with the new building at the base.

A bit confused and excited, the 610 pupils poured into 19 classrooms of the new school. Yesterday was the first day some had ever experienced a full day of school.

Baraga Nursing Club Given National Charter

BARAGA — The Future Nurses Club of Baraga Township School has received a national charter from the National League for Nursing, New York, and thus takes its place among more than 1,400 high school groups exploring careers in nursing in the United States.

The charter signifies that the Baraga Future Nurses Club fulfills requirements established by a national advisory committee on such clubs. It was granted on recommendation of Principal Arthur M. Kujansuu.

As a chartered club, the Baraga Future Nurses Club is participating in a national youth program to help the nation meet future nursing demands. The club's activities are designed to enable members to explore career opportunities in nursing and other health fields.

Nurses and student nurses discuss nursing with members and answer questions. Films illustrate various aspects of health care. Community projects also help club members gain insight into nursing and health work.

The Baraga Future Nurses has 26 members this term. Club officers are: President, Mary Lou Wentala; vice president, Jean Grant; secretary, Susan Simola; treasurer, Terry Tessmer. Miss M. Antoinette Bernier, librarian, is the faculty advisor.

The Baraga Future Nurses Club is one of about 4,000 Future Nurses and other clubs with a similar purpose across the country. Total membership is approximately 130,000. The majority have been organized since 1950, many of them with the active help

L'Anse School Board Delays Action On Budget, Pay Hikes

L'ANSE — Action on the 1963-64 L'Anse Township School District budget and on a proposed teacher salary increases has been postponed until April.

The board of education deferred action at its March meeting because all members were not present. Norman Koski, chairman of the faculty salary committee, outlined details of the pay hike proposal in a three-year schedule adopted by the board last year. That plan calls for increases averaging \$300 a year for each of three successive years.

Under that schedule, the largest increases go to teachers who have the highest level of education and the longest tenure in the L'Anse system.

Merit System Desired
Dr. Eric A. Bourdo, board treasurer, challenged this method of setting salaries and called for inauguration of a merit system that would provide increases on the basis of ability and performance.

"When we are setting salaries for the coming year, we never hear about qualifications," he said. "Suppose there is a teacher in the system who is acknowledged to be outstanding — what about him? I for one would much rather give a good increase to a fine teacher and a relatively small increase to a poorer teacher."

Dr. J. A. Stroube, trustee, said he had "raised lots of Cain" about adopting a merit system of rating faculty members at contract time last year.

'Nothing Happened'
"At that time we were promised faithfully that something would be done about setting up a merit rating system, but nothing happened," he declared.

Bourdo and Stroube suggested that the State Department of Public Instruction take the lead in setting up standards and that the Michigan Education Association support establishment of a merit system.

Several faculty members who were present asked how the evaluation would be made and by whom. Koski said the MEA would release a new qualification code soon. Taisto Harkonen, elementary school principal, expressed belief that none of the faculty would be afraid to work under a merit system, but added that, if

personalities enter into the ratings, unfortunate situations could develop.

Could Lose Best Teachers
During last year's contract negotiations, board members said they feared that without a sliding scale of merit raises for exceptional teachers, schools like L'Anse would stand to lose their finest teachers and retain only the less talented instructor, who probably would stay in the system whether they got a raise or not.

Bourdo proposed that each department head be asked to evaluate the performance of all those working under him each year. He added that these ratings then should be substantiated by the superintendent and should be subject to appeal by the individual teachers if they felt the evaluation was unfair.

"Teachers are trained people whose performance varies," Bourdo emphasized. "There is no problem at the college level — they all use the merit system. Perhaps the

MEA — your own union — could figure out an acceptable way to evaluate its members."

State Aid Uncertain
If the proposed salary hikes are authorized and an acceptable fifth grade teacher is hired, it will result in a budget increase of \$17,000.

At its April meeting the board will examine budgetary requirements for next year and approve a budget for submission to the county allocation board, which also meets in April.

"Our big problem is that we don't know what state aid we are going to get," Bourdo said. "Our stand as a board has been that we will not take advantage of the windfall created by the increase in state equalized valuations. We agreed that we would not collect any more taxes than the amount we could have expected if the increase had not been put through, plus any loss we can expect in total state aid. This is only reasonable."

POPPING POPCORN

Popcorn pops since the part of the kernel containing the starch grains holds in the steam generated by the heat until enough force develops to explode the kernel.

Lee Remick Earns Oscar Nomination

By BOB THOMAS

AP Movie-Television Writer
HOLLYWOOD — "I have to be careful around here," says Lee Remick. "Everybody calls me 'The Nominee.' If I ever miss a line, do I get it! They all say, 'How on earth did you get a nomination?'"

Well, sir, she got it by hard labor at her craft, which is acting. Lee is up for an Academy Award because of her performance in "Days of Wine and Roses," in which she sinks into the degradation of an alcoholic and never quite gets out.

'Wheeler Dealers'
Her current film, on which she is getting the good-natured ribbing, is "Wheeler Dealers." In contrast, it is gay, if not giddy, a comedy about the customs of a far-out land called Texas.

Lee's skill as a switch-hitter has confused Hollywood, haven of the pigeon-hole. She got her start in films as the cute little button twirler who twisted Andy Griffith around her finger in "A Face in the Crowd."

When Lana Turner backed out of "Anatomy of a Murder," Lee walked into the role of the hyper-sexed rape victim. This led Hollywood to think of her as a sexpot, which she isn't.

'Running Man'
The climax of such thinking came with her substituting for Marilyn Monroe in "Something's Got to Give." Dean Martin balked, and the whole project blew up. Lee went off to make a Carol Reed suspense drama, "Running Man," in Spain and Ireland.

It's possible—though not probable—that the Oscar nomination will convince Hollywood that Lee's worth is not in the glamor tradition but as a leader of the new breed of versatile actresses.

When asked if she considered herself a star, she replied: "I guess so, insofar as I play starring roles in pictures. But the glamor aspects of being a star just don't appeal to me. I have a husband (television director Bill Collier) and two children whom I love, and I like being at home."

Fan Of Stars
"If being a star means going to the big, zesty Hollywood parties, then I don't want any part of it."

Yet she confesses to being a fan of stars herself. "Whenever I go to an opening and there are big names there, I just sit and stare. They fascinate me."

Hollywood will have to take Lee as she is, and that isn't bad. Her role in "Days of Wine and Roses" demonstrated she could do just about anything as an actress. She admitted it was the toughest job she attempted.

"At night I would come home wreck—my hair a mess, white

makeup on my face, physically exhausted," she recalled. "My poor husband would look aghast and say, 'What happened to you?'"

Future Assured
"Yet it was the most exhilarating experience I ever had. All of us hated to see the day's work finish. We begrudged the weekends and we were broken up when the picture was over. It was that rare happening of a perfect combination of story, director, producer and actors."

Whether or not she wins the Oscar two weeks hence, Lee's future is assured. She is much in demand. Now her ambition is to do a musical, which will confuse Hollywood's type-casters ever more. "I actually got my start singing and dancing," said she.

Colored bathroom fixtures are gaining in popularity, with pink and tan the leading hues, a manufacturer of plumbing equipment reports. However, white is still the best seller.

Don't let her be BRAINWASHED

You are a parent in Eastern Europe. Every day you see your little girl hearing — seeing — reading Communist lies and distortions of truth. You feel rage. But you do not feel quite helpless — yet. You are one of the 80,000,000 once-free people who are still resisting Red domination. And you take heart from one great fact:

Every day the truth about your country and the world is beamed through to you and yours, in the broadcasts of Radio Free Europe. This is the antidote to the Communist poison being fed to your children.

Radio Free Europe is one of the Free World's major weapons in the cold war. It is supported by private U.S. citizens. And it needs your help. Stand up and be counted in the fight against Communist brainwashing. Send your dollars today!

Four key differences between the reckless and the careful investor (Recognize anyone?)

Here's how to tell one from the other:

Reckless: Flashes into action on a tip.
Careful: Ignores the tip and settles down for a good hard look at the facts. What does the company sell? What are its prospects? What have its earnings been? What dividends has it been paying?

The careful investor has information like this before he invests a penny. Not only to help him make intelligent investments. But to help him choose securities that seem most likely to bring him to his goals. Such as a second income from dividends. Or growth in value of his stock. Or the relative stability of value and income that good bonds can provide.

Reckless: Is happily certain the price can only go up.
Careful: Knows that the prices of stocks and bonds go down as well as up. That a company may falter or fail, may not continue to pay dividends or interest. But he also knows that as America grows he may have the opportunity to grow with it through wise shareownership.

Reckless: Thinks all brokers are alike and any broker will do.
Careful: Knows that brokers differ—though none are infallible. He's aware that a Member Firm of the New York Stock Exchange is required to observe many Exchange rules. And that he will have the services there of a Registered Representative who has met the Exchange's qualifications. A Member Firm can provide him with many facts essential to farsighted selection of good stock.

Reckless: Plunges with whatever money he has, hoping for fast gains.
Careful: Watches his income like a hawk. Keeps one eye on the future. From the top he draws enough to pay normal living expenses. Next he puts aside what's necessary to provide for any major emergency. On what remains he plans his investments.

If you like the idea of investing systematically, you'll be interested in the Monthly Investment Plan. Through the Plan you can select stock from among America's greatest companies and invest with as little as \$40 every three months (\$3.08 a week). Send the coupon for a booklet packed with useful information—including a description of the Plan.

36 days that proved Ford's total performance!

RIVERSIDE, CAL. January 20

In a total performance test of brakes, suspension and steering on the twisting Riverside sports car course, Dan Gurney drove a Ford hardtop to victory over 43 other stock cars. The 500-mile grand demonstrated Ford's superior stamina and road holding.

MONTE CARLO January 23

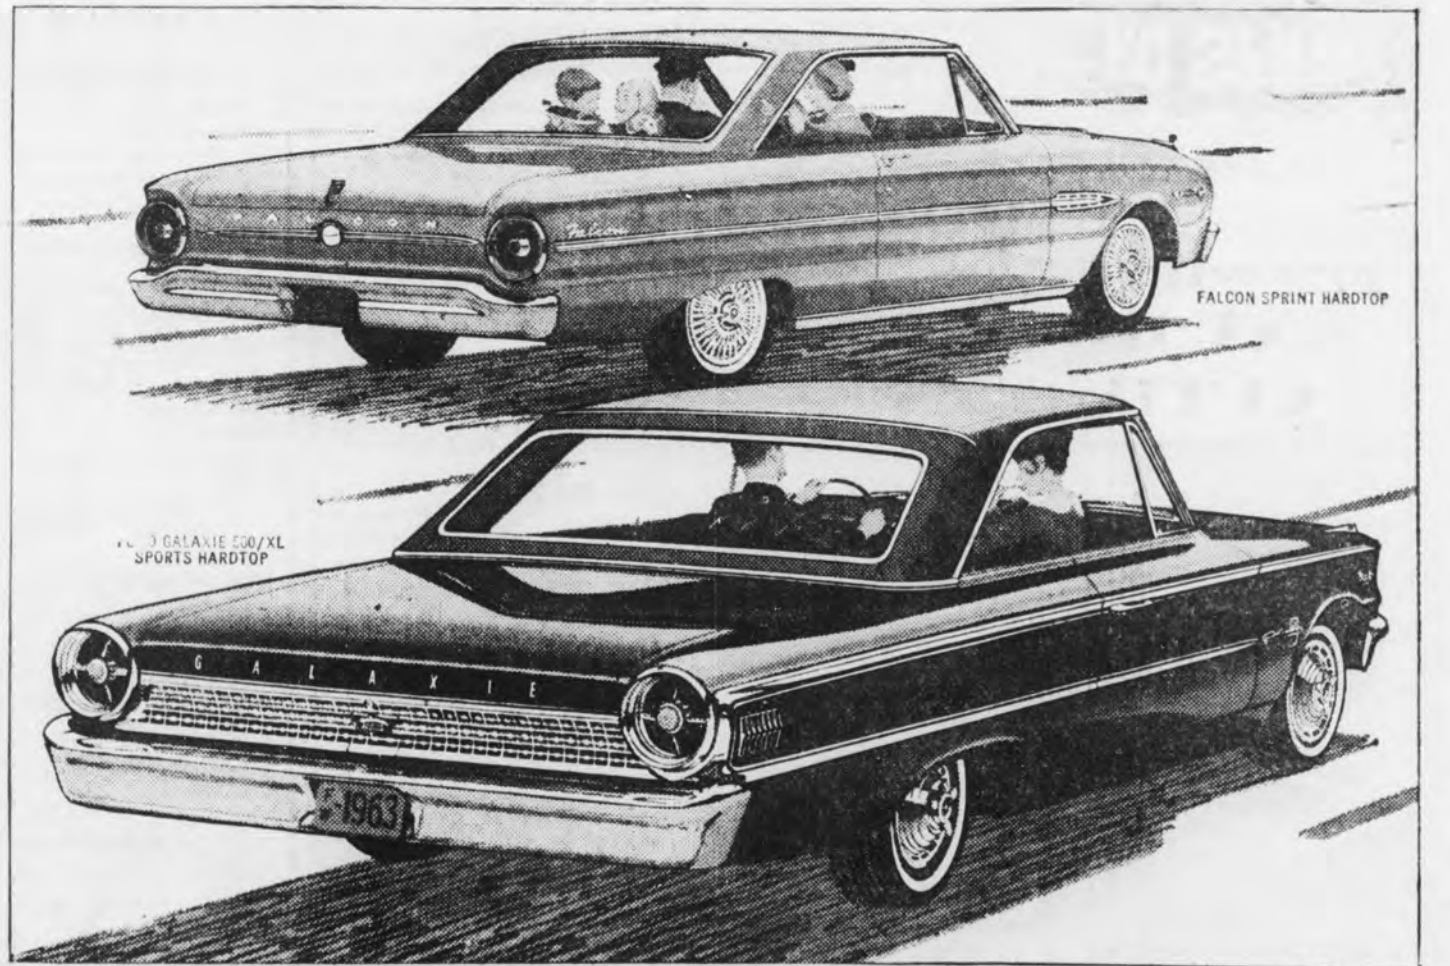

The 63½ Falcon V-8 Sprints made their debut with a fantastic showing in the 2,500-mile Monte Carlo Rallye. Through Europe's worst winter weather they placed 1st and 2nd in class. Besides this, one Sprint defeated every entrant in the Rallye's six special stages.

PURE OIL TRIALS January 27

In a competition designed to test all-around performance, Fords were over all winners in Class I and Class II in the Pure Oil Performance Trials at Daytona. Their total performance design added up to most total points in gas economy, acceleration and braking events.

DAYTONA, FLA. February 24

Daytona "500" history was made when 63½ Fords blazed into the first five places! Since Daytona is the toughest track in the world, this was eyewitness proof that Ford's total performance design can endure the maximum in automotive punishment.

... and here are the 63½'s that gave total proof of Ford's durability and handling!

You may never see a competitive auto event. But at 30 mph on rain-slick blacktop, in the close-packed rush of 5 o'clock traffic, on a twisting mountain road, the results are important to you. On every slippery surface you need the kind of roadability that placed five Fords out front in

the Daytona "500." On every busy cross street — you want the brakes that won on Riverside's sports car circuit. Your engine will hold up better through years of turnpike use because it's as beautifully balanced as Falcon's Monte Carlo V-8's. The winning competition car is bound to be a great road car — and Ford is the big winner!

If it's Ford-built, it's built for performance ... total performance!

Extension Of Summer Junior-Senior School Program Gets Approval

Marquette's board of education gave hearty approval yesterday to continuation of the junior-senior high school program of academic courses during the summer.

The academic summer school program had already been provided for in this year's budget, but at yesterday's meeting the program was reviewed.

Summer classes were started last year to alleviate some of the disadvantages of the split session in the junior and senior high schools.

Began primarily to help the gifted and slow students, summer classes are available to all students, so that they can take important subjects which can't be fit in during the split session's four and a half hour school day.

'Real Interest' Shown
A real interest in the summer courses was shown by students last year and attendance was surprisingly good for summer vacation.

High School Principal Paul M. Kotila told the board. He noted that students seen even more interested this year.

Junior High Principal William F. Brady reported that in answer to questionnaires sent out this year, 451 stu-

dents have shown an interest in summer school courses. He said that at least 325 pupils can be expected to enroll and complete summer school this year.

Brady said that last year 500 students indicated an interest in summer courses, 364 enrolled in June and 335 students completed the 11 classes offered.

Evidence Of Value Asked
Pointing out that the program is not just a means of keeping students busy during the summer, Paul J. Kinville, board secretary, asked yesterday for evidence of the value of the program.

Just on the basis of the remedial courses, one of the aspects of the program, Brady said that the money spent for summer school last year was well-invested.

'It's cheaper to hire a teacher now than to try to solve a social problem later on,' Brady asserted.

Reading Class Cited
He said that in last summer's reading improvement class, teachers felt that 18 students showed real improvement and five showed some improvement, based on national tests taken at the beginning and end of the course.

In the mathematics improvement class, students averaged an

increase of 18.6 per cent in tests taken at the beginning and end of the course.

Many students who need and took remedial courses last summer were not considered for remedial work this semester, because there are now other students who are more in need of such work, Brady said.

The summer school program also offers advanced courses in basic subjects, such as biology, to enhance the program of the regular school year.

Non-Public Students Eligible
"Summer school was initiated last year to help the student who might have become discouraged and dropped out of school because of the disadvantages of the split session. If we were able to save one of these pupils, the program was successful," Kinville said, voicing the feeling of the board.

Any Marquette student in grades seven through 12, including those who do not attend public schools, is eligible to attend the summer courses.

In the questionnaires sent out this winter, about 20 subjects were listed as possible classes this summer. A minimum of 15 students must be interested in a subject to warrant its being offered, Kotila said.

More Than One Class
Indications are that several subjects will require more than one class this summer.

Brady reported that 80 students have indicated an interest in personal typing (designed for college preparatory students who cannot fit the regular commercial department typing class into their class schedule, but need typing for college work), 41 showed an interest in field science and 40 in math improvement.

Other subjects which are tentatively planned for this summer include English, home economics, reading improvement, advanced biology, dramatics and conversational French.

Improvement Work Slated This Season For City Tourist Park

Improvement work of some sort is scheduled for the city's Tourist Park, located west of County Road 550, in Marquette Township.

Agitation for betterment of the park has been made off and on for several years, with the most recent request received by the Marquette City Commission at its meeting this week.

Submitting the plea were chairmen of committees from four organizations, L. Wallace Bruce, Marquette Chamber of Commerce; Leslie J. Roberts, Wells Vagabond Trailer Club; Howard B. Lehwald, Kiwanis Club and Robert H. Jean, Rotary Club.

They said they felt the city should provide a place for transient trailers to park.

'Should Show Hospitality'
"We are in the largest city in Upper Michigan and we should show hospitality to travelers who need places to park their trailers," they said.

'This will help our business community, bring money directly to the city through rental of trailer parking places and provide a recreation area for our citizens.'

James C. Engle, superintendent of the parks and recreation department, said he had planned to put a request for \$3,000 in the city budget for the coming year for work at Tourist Park, adding that he was studying the minimum requirements the state has for tourist parks.

city in a three-month tourist season, they said.

'Would Benefit Citizens'
Any area improvement for trailer camping also would benefit citizens, they said.

"The trailer park would be used for our own recreational pursuits. Improvements such as restrooms with flush toilets, shower facilities and ground care will make the park better for the people of Marquette to use," they said.

"The clubs and organizations that are asking for facilities for overnight parking are willing to spend their time in planning and will volunteer labor to assist in improving a site for a tourist park. "Our group is willing to cooperate with the city in any possible way."

The commission asked that the four representatives be invited to attend the special budget session at which the tourist park appropriation will be taken up.

'Can City Afford It?'
Primary objection that can be raised for not providing a place for transient trailers to stay is that a city cannot afford to develop a trailer park, they said.

"The question is," they asserted, "can the city not afford to do it?"

They quoted an Upper Michigan Tourist Association report that at least 50,000 inquiries were received last year requesting a list of localities that have trailer parks in this section of the state.

When a trailer is driven to town its owners leave about \$5 per day per individual in the city, they stated. "If we do not provide a stopping place for trailers we are losing this sales potential to our citizens," it was asserted.

Could Earn Money, Claim
They said the city has a potential of earning money from a tourist park operation. The general fee for overnight parking is \$1.50, and \$2 is not considered excessive.

If an area large enough to accommodate 50 trailers was constructed it would mean a minimum potential income of \$9,000 for the

Two Marquette Banks Rated Highest Among 48 In Region

Marquette's First National and Union National Banks are ranked in first and second place, respectively, among the 48 banks of the Upper Peninsula in a listing of bank standings by the Michigan Manufacturer & Financial Record.

With the First National Bank & Trust Co. in first place and the Union National Bank

In second place, total assets of the two banks was listed at \$28,691,000.

Total assets of the three Escanaba banks topped the Marquette total at \$30,758,000, although the Marquette banks led the 48 U. P. banks as individuals.

U. P. Bank Standings
Assets in the millions of U. P. banks included:

First National, Marquette, \$15.3; Union National, Marquette, \$13.3; First National, Escanaba, \$12.1; Sault Savings, \$11.1; Merchants & Miners, Calumet, \$10.2; First National, the Soo, \$9.9;

Ishpeming Bank High
Miners' First National Ishpeming, \$9.8; Escanaba, \$9.7; Superior National, Hancock, \$9.4; Commercial National, Iron Mountain, \$9.4; Houghton National, \$9.1; First National, Negaunee, \$9.1;

State Bank, Escanaba, \$8.8; Gogebic National, Ironwood, \$8.4; First National, Menominee, \$7.4; Commercial, Menominee, \$7.4; National Metals, Ironwood, \$7.2; Central Savings, Sault, \$6.8; Peninsula Bank, Ishpeming, \$6.1.

Munising Bank Listed
State Savings, Manistique, \$5.1; First National, St. Ignace, \$4.7; Bank of Stephenson, \$4.5; Gladstone State Savings, \$3.9; First National, Munising, \$3.7; Newberry State Bank, \$3.7; First National, Gladstone, \$2.9; People's State, Munising, \$2.2;

Gwin State Bank, \$1.9; First National, Hermansville, \$1.5; Bank River State Bank, \$1.5, and Trenchard State Bank, \$1.1.

The Upper Peninsula banks on Dec. 31, 1962, had total assets of \$280 million, compared with \$263 million in 1961.

Overnight Ban On Parking In City Eased

Marquette's overnight parking ban was eased today.

Chief of Police Donald C. Hermanson said the overnight ban, which has been in effect since December, was being lifted "on a temporary basis."

Hermanson said henceforth car owners would not be ticketed for leaving their vehicles on the street between the hours of 1 and 6 a.m., but cautioned that they would be expected to remove the cars in the event of a snowstorm.

"Principal purpose of the parking ban is to facilitate the plowing of streets and walks," Hermanson noted, "and should there be a storm, we will have to re-invoke the ban, without notice. Therefore, should drivers leave their cars on the street, they should be sure to remove them if a snowstorm occurs."

Lawns Getting Soft
With the recent thawing, the lawns are getting soft, and with many persons not having paved driveways or other places to put their vehicles overnight, they have been forced to drive on the lawns to keep them off the streets.

"We don't want to spoil any lawns or yards when the ban is not necessary," Hermanson said.

Equipment Being Readied For Work On U. S. 41 Bypass In Marquette

Equipment is being readied by the Bacco Construction Co. for resumption of work on the U. S. 41 and M-28 route relocation in Marquette. This shows two of the heavy cranes at the bypass site, off Champion St., where one of the two overpasses will be erected. The other overpass will be at Altamont St. The only other crossing, which

will be a grade, will be at Grove St. Bacco and a combine from Detroit have the contract for the bulk of the work, totaling \$1,078,446.80. Another project, for the railroad overpass, was given to E. C. Nolan and a Detroit combine. Work is expected to be completed by the summer of 1964.—(Mining Journal photo).

Request For Rezoning Of Land Studied

Marquette's planning commission will study a request made at this week's city commission meeting for the rezoning of some property on U.S. 41, near Furnace St.

Mr. and Mrs. Fred P. Brisson, 1703 S. Front St., submitted the request to the commission, asking it to rezone Lots 37, 38 and 39 and part of Lot 36 in John and William Burt's Addition from general residence to business district classification.

The Brissons said they are going to install a sewer and water line there this spring, and that if the property was able to be offered for business use the expenditure would "be much more logical."

Property in question lies along the east side of U.S. 41.

beginning at a point about 150 feet south of Furnace St., adjacent to property already zoned for business purposes.

At the same time the city received statements from Paul Ameen, 104 Furnace St., and Max Brisson, 102 Furnace St., stating that they had no objection to the Brissons' request.

The city commission asked the planners to make a report on the request.

Marina Study Referred

Referred back to the commission was a report from the planners and the Marquette Area Harbor Committee, concerning the matter of the small boat marina, including details of the engineers' report.

"It is the consensus of the planning commission that we agree with the recommendation of the harbor committee that the city consider initial steps of this project during the coming construction season," said Mrs. Lucille Treado, chairman of the planning group.

For Budget Consideration

Mayor James R. Smith said the matter will be discussed during the budget meetings of the commission.

Ordered renewed by the city

Cams Hold Intra-Club Safety Check

President Robert Berryman received the most points at an intra-club safety check held by the Queen City Cams this week.

The top five members in the safety check were Berryman, with 394 out of a possible 400 points; Bill Bryant and John Witgen, 367; Bill LaBelle, 346, and Jim Manty, 343.

A safety award will be given

commission was the lease for a city-owned house at Presque Isle Park to James Palmer, foreman in the department.

"Mr. Palmer has been a very satisfactory tenant and has carried out his duties in accordance with the lease in a highly commendable manner," said James C. Engle, superintendent of the parks and recreation department, in recommending that the lease be renewed.

to the member with the most points at the end of the year.

The top five, after two checks so far this year, are Berryman, 992½; Jim Manty, 728½; Dennis Henderson, 720; Bill LaBelle, 716½, and Allan Yelle, 694.

...and it pays off every washday

This 1963 Westinghouse Heavy Duty Laundromat is rigged . . . you simply can't lose. It pays back part of its purchase price with every wash because it uses only half the detergent and bleach that agitator washers do (every detergent manufacturer says it right on the box!). With the savings on detergent, bleach and hot water, the Westinghouse Heavy Duty Laundromat will pay for itself over its lifetime (8 to 10 years of normal use). The Laundromat cleans mud, grease, ground-in dirt . . . the toughest problem washes. And it breezes through a big 12 lb. load. Take advantage of this special Carload Sale. See the Heavy Duty Laundromat before you buy.

Opening Of Sandy Knoll Work Bids Slated For April 23

Aiming for occupancy of the six-room addition to Sandy Knoll Elementary School by this September, the board of education yesterday afternoon set Tuesday, April 23, as the tentative date to open bids for the building addition contracts.

Meeting in the Gravenet Building, the school board approved final plans for the addition. Plans were presented by Walter J. Meyers, of Meyers and Associate, Marquette. The Meyers firm is architect for the elementary school construction program.

Meyers said that plans will be sent immediately to the state fire marshal, State Department of Public Instruction and State Health Department, for approval by those agencies.

The 7,973 square foot addition will be built at the southwest corner of Sandy Knoll.

An alternative for the location of the addition, at the north side of the building, was also considered by the school board this fall.

However, the Meyers firm recommended the southwest addition. The north addition would have been more expensive because classrooms could be built only along one side.

The Sandy Knoll addition work was included in the bond issue passed last June 11. However,

Sandy Knoll plans come at the tail end of the construction program, because overcrowding was greater in the Fisher and Whitman Elementary Schools.

Fisher School Work Finished

The two-room remodeling project at Fisher School has been completed and the rooms were occupied after Christmas vacation. Contracts for the six-room addition to Whitman School were awarded in November.

With only the bids for Sandy Knoll school construction yet to be opened, the school board yesterday reviewed the budget for the construction program.

The budget for construction totals \$3,067,875, included the \$2,950,000 bond issue and \$117,875 in federal funds.

The \$22,790 Fisher School remodeling project is being paid for through the schools' general operating budget.

Superintendent of Schools Henry J. Bothwell said that the estimated cost of the high school is \$2,814,000, leaving \$253,875 for construction of the six-room additions to Whitman and Sandy Knoll Elementary Schools.

The three contracts awarded for construction at Whitman School total \$125,500, and with architect's fees of \$7,530, cost of the Whitman construction will be \$1,333,030.

It was noted that \$120,845 is included in the budget for the Sandy Knoll Addition.

Meyers said he expects bids for construction at Sandy Knoll to be "very reasonable."

However, should funds be short, board members noted the possibility of finishing only four rooms of the six-room addition.

Inside work, such as ceilings and wiring, could be finished on the final two rooms at a later date.

Timber Tax Proposal Held 'Calamitous'

WASHINGTON, D. C. — A forest tax expert warned that a change in capital gains tax treatment on timber sales as proposed by the Administration would be a "calamitous blow" to American forestry leading to a return of "cut out and get out" practices which encouraged the nation's forest prior to passage of the present law in 1944.

G. Kenneth Crowell, executive vice president of Kimberly-Clark Corp., Neenah, Wis., in testimony filed with the House Ways and Means Committee at a public hearing, said proposed changes in Section 631 (a) and (b) of the Internal Revenue Code would destroy incentives now stimulating reforestation and forest management.

Timber Deficit Overcome

Since passage of the existing law, the nation has overcome a timber deficit and is now growing timber faster than it is being harvested and lost to fire, insects and diseases.

"The passage of these proposals would be a calamitous blow to the timber industry, to all allied manufacturing and distributing businesses, to reforestation and forest management, and to the jobs of countless thousands of employees dependent upon the timber industry," said Crowell.

Supported By Legislatures

Crowell's testimony represented views of the Forest Industries Committee on Timber Valuation and Taxation, which represents all classes of privately owned forest land in the United States, including farmers, foresters, naval stores operators, forestry associations and wood-using companies.

The forest industry objections to the tax changes already are supported by resolutions of American Forestry Association, the Society of American Foresters, the Association of State Foresters and by the legislatures of several states, among them Arkansas, Georgia, South Carolina, Maine and Idaho.

'An Act Of Justice'

Crowell said the capital gains tax treatment now accorded timber sales was passed in 1944 as, to quote the late Sen. Alben Barkley, "an act of justice to those who grow timber over a period of a generation, or half a century, or longer, and who are entitled to just treatment no matter in what matter they dispose of their timber."

Prior to 1944, said Crowell, "landowners had little incentive to plant or seed new trees... and no incentive whatever to defer the cutting of their mature timber for a period long enough to permit the growth of a second harvest."

Crowell said the U. S. Forest Service recognized the value of capital gains tax treatment when it reported in "Timber Resources for America's Future": "Capital gains provisions... of the Internal Revenue Code have made timber growing more attractive and have provided an important incentive for more aggressive forestry programs."

Tree Farmer's Example

The Lake States executive said the economy of hundreds of communities would be depressed and the consequent return to "cut out and get out" practices might very well threaten many communities with total ruin.

A graphic picture of what these proposals mean in terms of the individual is readily apparent in the case of the tree farmer filing a joint return whose only income is from timber. If he has \$5,000 or less income, he will, of course, not experience any increase in tax under the Administration's proposals. However, if he has \$6,000 income, his tax would be increased by over 50 per cent, Crowell said.

90 Per Cent Of Superior Ice Covered

CLEVELAND (AP) — The Ice Committee of the Lake Carriers Association heard reports today on the condition of the Great Lakes and then set another meeting for next Tuesday.

Harold Burke of the U. S. Weather Bureau here said warm winds and higher temperatures of the last few days had melted about two-thirds of the three-foot snow covering on the ice over the upper lakes and that no severe cold weather was in sight for the next four or five days. The ice will not do much melting before the snow is gone, he explained.

Lake Superior is 90 per cent

Two Vehicles Damaged In Mishap Here

Two vehicles were damaged and both motorists were issued tickets, but no one was hurt, in a traffic mishap in Marquette at 12:45 this morning.

City police said a car being driven north on N. Front St. and being turned right onto E. Ridge St. by Donald R. Vanderburg, 424 Cedar St., struck an automobile operated by Charles F. Bengry, Jefferson St., who had been traveling west on E. Ridge St. and had stopped for the stop sign at Front.

Obstructed Window

The left front fender of Bengry's car, a 1954 fourdoor sedan, was damaged, and apparently no damage occurred to Vanderburg's automobile, a 1963 fourdoor sedan. Both vehicles were driven from the scene under their own power.

City police issued Vanderburg a ticket for operating a motor vehicle with obstructed windows (frost hindering visibility). Bengry was ticketed for not having an operator's license on his person.

Next Move Up To Romney In ADC-U Scrap

LANSING (AP)—The next move in the state-federal impasse over aid to dependent children of unemployed belongs to Gov. George Romney—but it won't come until a federal legal memorandum has been put to the test of scrutiny.

The memo promised to Romney in his meeting last week with Anthony Celebrezze, Secretary of Health, Education and Welfare, was delivered to the capitol Tuesday.

Romney said the analysis by

U.S. Humane Society Joins Bounty Fight

The Humane Society of the United States is urging the public to support bills in the Michigan Legislature which would abolish the bounty system.

In a special bulletin, the national society asked groups and individuals to advise legislators that they favor Senate Bill 1022, which would abolish fox and bobcat bounties in the Upper Peninsula (the bobcat is protected in the Lower Peninsula), and Senate Bill 1023, which would abolish coyote bounties throughout the state.

"Both bills have been passed by the Senate but are in danger of death in the House Conservation Committee," the bulletin said. "Unless they are reported out of committee by April 10, they are dead. Enactment of this legislation will save thousands of animals from torture. Michigan humanitarians can, by action now, push these bills through the House."

The national organization asked humane society members and the public to "send an immediate letter or wire to Rep. Hans C. Rasmussen, Chairman of the House Conservation Committee, The Capitol, Lansing, urging him to report these bills favorably out of committee."

The society said those favoring the legislation also should indicate their convictions to their own respective representatives in the Legislature.

Written by Alanson Wilcox, general counsel for HEW, the five-page letter defending the rejection of the ADC-U bill passed by the Michigan Legislature on grounds that it sets up eligibility standards which are "not rational."

"It is clear that the secretary has the authority to disapprove the proposed Michigan plan on grounds that it is discriminatory unless Congress has specifically denied him this power," wrote Wilcox.

"In my judgment, the exclusions which would be affected by the bill... bear no rational relation to the purposes of a public assistance program..."

Eligibility

The bill approved by Michigan lawmakers would grant ADC-U to persons who had been eligible for state unemployment compensation since January, 1958, excluding those who had not been eligible for jobless pay.

The flicker is a large, beautiful woodpecker of southern Canada and the eastern United States.

Two Attorneys Fined \$500 Each In Contempt Proceeding

Two attorneys yesterday were ordered to pay fines of \$500 each within 30 days on a contempt of court citation brought in Marquette by United States District Judge W. Wallace Kent of Kalamazoo.

The case was heard in Grand Rapids yesterday, after having first been scheduled for Marquette a week ago but then being rescheduled for Grand Rapids.

Toledo Judge Heard Case
Judge Frank Battisti of Toledo,

designated by the U.S. Sixth District Court of Appeals at Cincinnati to hear the case, ordered the fines.

Theodore Albert of Ironwood and Peter Bradt of Port Huron were cited for contempt Aug. 2, 1960, by Kent who was hearing a civil case in federal court in Marquette.

The lawyers represented Dr. Samuel G. Albert of Ironwood in his complaint of alleged conspiracy to deprive the doctor of his rights to practice medicine and surgery in an Ironwood hospital.

Walked Out On Judge
The attorneys filed affidavit to have Kent disqualify himself from hearing the civil case on grounds of personal bias.

A hearing was held on the motion and, while Kent read the motion, the attorneys for Albert left the court room despite the judge's instructions that the plaintiff should not be left without counsel.

Kent held the two in contempt.

Tax Hike On U.P. Forest Lands Averted

The tax squeeze on Upper Peninsula forest lands hasn't been tightened as proposed in a bill sponsored by Rep. Clifford Perras (R-Menominee) in the Legislature. Rep. Perras reconsidered and took action to kill the bill.

Rep. Perras proposed in House Bill 655 an increase in tax rates on lands under the Commercial Forest (Pearson) Act of 2 cents an acre. The rate now is 15 to 20 cents an acre, 5 cents plus paid by the property owner and 10 cents paid by the state and reimbursable to it when the timber is cut and subjected to a 10 per cent severance tax on value.

Stayed In Committee
Robert E. Schmeling, forester and woodlands manager of the Escanaba Division of Mead Corp., wrote to Rep. Perras setting forth the economics of U. P. forestry on March 11 and Perras replied on March 15:

"The bill which I introduced at the request of many school districts was not reported out by the committee at my request after I had an opportunity to make a more complete study of the situation. I appreciate your writing me in such detail."

George Gobel To Appear At U.P.'s Fair

ESCANABA — Negotiations have been completed for the appearance of George Gobel on Governor's Day at the Upper Peninsula State Fair, which this year will fall on Thursday, Aug. 15.

Gobel is known to millions of people throughout the world, numbers among his friends the biggest names in show business, and has been acclaimed by many as "one of the greatest comedians of this generation."

With the signing of Gobel, the grandstand show is virtually complete and numbers such other stars as Brenda Lee, who delighted audiences here a couple of years ago. Brenda is currently making appearances in Europe.

The Casuals, with Bobby Beck-

National Forest Receipts
Schmeling told the problem of industries to retain their forest lands under mounting land taxes. He wrote:

"The Hiawatha National Forest here in the Upper Peninsula intensively manages 831,000 acres—a good representation of Upper Peninsula forest land. Their gross receipts from forest product sales in 1960 were 30 cents per acre, in 1961 24 cents and in 1962 32 cents per acre."

"It is the rare occasion to hear of an acreage managed for long term tenure yielding as much as 75 cents per acre. We must be mindful that from this gross return we are to pay the cost of making sales, boundary control, road improvement, administrative cost, taxes, etc. This includes no stand or other long term improvements."

Percentage In Taxes
"Taxes are now 15 to 20 cents per acre under the specific tax portion of the Commercial Forest Act and in addition there is 10 per cent of the gross receipts. If the U. S. Forest Service lands were under the Commercial Forest Act, 73 per cent of their 1962 gross receipts would be paid out as property tax. Under an ultra-high gross return of 75 cents per acre 37 per cent would be paid in property tax each year."

"What other business does—and what other business can survive on paying 37 to 73 per cent of its gross return in property tax? The average farmer in Michigan pays in the area of 8 per cent of his net profit in property tax. Compare this to his gross return."

"Michigan forest land owners are now cutting immature stands to meet their costs. These immature stands are tomorrow's returns. The forest needs and deserves better treatment than proposed in your bill. I urge you to withdraw your House Bill No. 655."

Why "Good-Time" Charlie Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills.

Doan's Pills act 3 ways for speedy relief: 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years.

For convenience, ask for the large size. Get Doan's Pills today!

Jack McCracken Graduates From MFDA's Seminar

am, a popular vocalist, will back up the Brenda Lee show. Patrons of country and western music will have Ray Price, talented Grand Ole Opry star, to entertain them. For those seeking thrills, Danny Fleenor's Hell Drivers will go through their paces with a new show and the stock car races will be held.

Celebrating its 35th anniversary, the fair will be held from Aug. 13-18.

Jack McCracken of Swanson's Funeral Home, Marquette, is one of 28 members of the Michigan Funeral Directors Association, Inc., who completed the second MFDA basic human relations seminar at Cadillac.

Graduates were presented certificates of completion by Dr. Eugene E. Jennings, psychologist from the MSU graduate school of

business administration and seminar director.

The four day seminar, sponsored by the Michigan Funeral Directors Association, was designed to help funeral directors as individuals and as members of a profession to identify specific problems in human relations, and to assist them in better serving their communities. "This type study group has become increasingly popular among business and professional groups in Michigan," Jennings, said.

This seminar is the only one of its kind conducted in this coun-

try by a funeral directors association.

Faculty, in addition to Jennings, included, Dr. Hideya Kumata, MSU colleges of communications skills and sociology and Clark C. Cskey, director, management program, bureau of industrial relations, University of Michigan.

More than 18 million people in the United States were receiving over a billion dollars a month in old-age, survivors and disability Social Security benefits at the close of 1962.

52 Arrested During Week By City Police

City police arrested 52 persons during the past week, including nine for misdemeanors, 26 for traffic violations and seven persons involved in accidents.

This and other information concerning the work of municipal departments during the past week is included in the weekly report today of City Manager Thomas Moore.

Police investigated two break-ins and enterings and cleared one case. Officers also investigated one stolen automobile report, two larcenies and 18 accidents. Twenty-one accidents and one hit-and-run case were reported.

Officers investigated two missing persons reports, finger-printed one person, registered two guns and found three doors open during the week.

Dog Warden Report
The dog warden picked up and disposed of nine dogs and disposed of five other animals. Seventeen complaints were investigated and mileage totaled 140.

Excerpts from the reports of other departments follow:

Light and power — Line crews continued work on a line at Prospect and Third Sts., installed a regulator on the line to Dukes, installed three spans of overhead guy and removed one down guy on Ohio St. Water received at the hydro-electric plants was less than last week and less than last year. Elevation at the Hoist Pond dropped 1.95 feet and was 1.7 feet higher than during the same week last year and 20.4 feet from the top of the dam.

At the diesel plant, maintenance work on the No. 1 engine was completed. The total system's kilowatt-hour load was 9.5 per cent higher than last year.

Finance — Monthly financial reports and reconciliations were completed. Assisted with the making of estimates for the making of estimates for the balance of the year and for 1963-64 in connection with tentative budget preparation.

Assessor — Continued recording changes in property values on the tax and assessment rolls. Processed late personal property returns and soldiers' exemption affidavits. Changes in property ownership were recorded on the tax and assessment rolls.

Fire — One heating appliance and one farm shed fire during the week.

week. A drill session was conducted at the No. 2 station on pump-out operations, gas mask and ladder work. A hospital inspection was conducted with the state fire marshal.

Public works — Plowing on U. S. 41, streets and sidewalks was carried on, in addition to sanding and salting streets. Catchbasins and storm sewers were steamed.

Parks and recreation — The ice plant was operated daily at the Palestra. Trees were removed from Ohio and Pine Sts. and Westwood Rd. Mt Mesnard was closed Tuesday and will continue to operate as long as weather permits. City basketball league play-offs will continue through Tuesday.

Water and sewer — Three frozen service lines were thawed, making the total for the winter 601. Two service lines, one on Wilkinson Ave. and one at the corner of Third St. and Hewitt Ave., were repaired. Snow was cleaned from hydrant areas at the hospitals and downtown. During the week, 18,033,000 gallons of water were pumped. A class of Northern Michigan University students was conducted through the sewage plant.

Clerk — Issued seven dog licenses, five address changes, two cancellations of registrations and 61 absent voter ballots.

Court — Handled 36 traffic violations, five misdemeanors, five disorderly cases and 13 civil cases. The violations bureau handled 96 meter and 41 restricted parking violations.

Health — Physical examinations were given to 71 students in the public schools. One report of spoiled food purchased in Marquette was referred to the Department of Agriculture food inspector.

Rockefeller Has Troubles In California

WASHINGTON (AP) — Gov. Nelson A. Rockefeller is having political claim-jumping troubles where he least wants them — in California — in his quest for the 1964 GOP presidential nomination.

The New York governor tried Tuesday to knock down a stake raised by former Gov. Goodwin J. Knight, who would like to head a Rockefeller delegate slate in next year's California primary.

The governor called Knight's move setting up a Rockefeller-for-President organization in California an authorized action, one that I deplore." Asked at a news

conference in Albany if he was repudiating the Knight movement, Rockefeller replied: "I don't know how I can go any further."

Intends To Proceed
In Los Angeles, Knight said he intends to go ahead.

Rockefeller disclosed that he had conferred by telephone with former Vice President Richard M. Nixon, former Sen. William Knowland and former Mayor George Christopher of San Francisco.

He said all agreed that emphasis now should be put on unifying and strengthening California GOP forces, not on deciding on 1964 candidates.

Left out of this consultation was GOP Sen. Thomas H. Kuchel, who won re-election by a 714,000 vote margin last year when Nixon was defeated in his bid to unseat Democratic Gov. Edmund G. Brown.

Keeps Own Counsel
Kuchel has been keeping his own counsel about whom he favors for the 1964 nomination. But he seems likely to have a place among state delegates who will cast a hefty ballot total at the party's nominating convention.

Kuchel declined comment on Rockefeller's desire to stay clear of the intraparty melee into which California Republicans have plunged since Nixon failed to unseat Brown last November.

Conservatives seeking to take over the party machinery and its appendages mostly are against Rockefeller.

Telephoning hit new records in 1962 in both local and long distance calls, the Michigan Bell Telephone Co. said today in its annual report.

The total daily average of calls was nearly 15,600,000 — more than 700,000 more calls per day than in the previous year. Long distance conversations, increasing by seven per cent over 1961, rose to a new record with a total of 132,000,000 for the year.

Services Streamlined
Responding to the ever-growing needs of customers for more and better communication, Michigan Bell in 1962 streamlined many services to make them "faster and easier to use," introduced several new types of services and spent \$86 million for improvement and expansion.

During the year the company added more than 100,000 tele-

phones, bringing the total number of Michigan Bell phones in service to 3,139,000 by year end.

The increases in calling volumes and the number of telephones brought Michigan Bell higher gross revenues in 1962, but this was largely offset by higher taxes and increased expenses, the annual report said.

"As a result, our earnings per share were virtually unchanged," William M. Day, company president, reported.

Day said Telstar, the world's first active communications satellite, "was the most dramatic symbol of communications progress in 1962."

Tested In Cuban Crisis
"It's ability to flash voices, data and television from continents to continents grew out of Bell System know-how gained from years of research and experience," he added.

Day pointed to communications progress that took place in Michigan in 1962 which he said also reflected Bell System "know-how." Specifically, he cited lower charges for long distance calling within the state, new data services for business, new handsets for persons with impaired hearing, the introduction of direct distance dialing in 14 more communities and improved and expanded mobile telephone service.

"In addition, the same know-how has built a nationwide communications network unmatched in its ability to serve in times of emergency," Day said. "The Cuban crisis put this network — and the people behind it — to the severest test in recent years. They both met every demand which the emergency imposed."

Gross revenues increased a "healthy" five per cent — \$17.6 million. However, rising costs and higher taxes, which together amounted to \$14.7 million above the 1961 mark, virtually offset all of the gain.

The net advance left Michigan Bell with earnings of \$1.46 per share, up only one penny per share over 1961. By contrast, the company's tax bill was more than double the amount paid in dividends to investor-owners of the business.

During its 1961-62 sessions the 87th Congress of the United States enacted 885 public laws.

Bids Called For 200 Base Housing Units

K. I. Sawyer Air Force Base procurement office officials are planning to call for sealed bids from prospective contractors on or about April 26 for construction of 200 family housing units at Sawyer.

Contracting Officer Morris E. Woodbridge said interested contractors may obtain drawings and specifications, including the invitations for bids, upon request. A deposit of \$100 will be required to insure their return.

The deposit will be refunded if the drawings are returned.

Wilson

(Continued from Page One)

6. Berlin and East Germany: Berlin's disputed future packs the promise of a wider German settlement as well as the peril of world war. Wilson accordingly urges a bargain: The Allies should give limited recognition to the Communist East German regime River line as the final eastern frontier of all Germany. In exchange the Soviet Union and her allies should accept the right of West Berliners to choose their own form of government and society and the right of the West to communicate with the city and to station troops there as custodians of the deal.

7. Relations with West Germany: Wilson has declared Labor to be "completely, utterly and unequivocally opposed, now and in all circumstances, to any suggestion that Germany, West Germany or East Germany, directly or indirectly, should have a finger on the nuclear trigger" — or any other share in the use of nuclear weapons. He also has professed uneasiness over the direction of the French-German treaty, fearing

it might become revenge-seeking and the core of a European third force.

8. Disengagement: Labor's most radical proposal has been borrowed from the proposal of Polish Foreign Minister Adam Rapacki for a disengagement of East-West forces in middle Europe. This would create a zone of controlled armaments in which nuclear weapons would be barred. It would cover the two Germanys, Poland, Hungary and Czechoslovakia.

9. Neutralization: This disengagement plan would neutralize that part of Europe which has cradled three major wars since 1871. Labor wants the highly sensitive parts of Africa and Asia neutralized, too, including the Middle East oil regions and the island of Formosa, held by Nationalist China.

10. Attitude on Asia and Africa: Wilson wants an initiative for an East-West agreement to keep

As much as possible of Asia and Africa out of the cold war. He favors admission of Communist China to the United Nations in place of Chiang Kai-shek's regime. He proposes a "rational" distribution of food surpluses, steel, rolling stock and other surpluses to the needy, developing states of Asia and Africa.

11. Commonwealth: Wilson intends reappraising Commonwealth relations to counter the damage which he says Britain's partners suffered during the Common Market talks. He plans a quick Commonwealth summit meeting at which old trading patterns can be streamlined and refurbished.

12. World Trade: Wilson has put forward a detailed program to beat the Common Market's trade challenge. He wants to develop British trade with the Communist bloc, Latin America, the dollar world and with Europe where possible. He feels Britain should negotiate a

series of tariff-cutting agreements that would stimulate business.

13. United Nations: Wilson would strengthen British support for the United Nations. The British U.N. delegation probably would find itself working more closely with the United States in dealing with Asian and African nations.

14. British Home Policy: Achievement of Wilson's goals depends largely on the restoration of Britain's standing in the world. Wilson has summed up the feelings of many Britons by saying: "We're tired of seeing this country being pushed around."

Skip the sulphur and molasses — get a CHEVROLET SUPER SPORT

Chevrolet Super Sports* have a charm that soothes your springtime yen for romantic adventure as fast as you can slip into a bucket seat. (Especially the Impala's, with its adjustable new Comfortilt steering wheel*.) Front bucket seats are a great start, but Super Sports also feature plush all-vinyl interiors, special interior-exterior trim in tasteful touches, and a veritable feast of goodies we call performance options*.

Chevrolet and Chevy II Super Sports invite adventure in convertible or coupe form. That same Super Sport zing applies to the Corvair Monza Spyder, very breezy with its air-cooled 150-horsepower rear-mounted engine, and 4-speed shift*. Ditto for the new Corvette Sting Ray, a magnificent thoroughbred among pure-blood sports cars with not a single sacrifice in comfort. Both Spyder and Sting Ray come in coupe or convertible styles. All Chevrolet Super Sports are like spring days — you've got to get out in them to savor them. So catch yourself a passing zephyr and wait on down to your Chevrolet showroom.

Dear Abby...

BY ABIGAIL VAN BUREN

DEAR ABBY: I am 29 years old and have been married 10 years. About a year ago I started seeing a young girl who lives in a small town near here. She is in trouble now and it's my fault. My wife and I have one eight-year-old son and we were told my wife can't have any more children. I told her I knew of a girl in trouble who wanted to give her baby up and asked my wife how she would like a new-born baby. She was thrilled. I called the girl and told her I'd pay all her expenses if she'd let me have the baby. The girl agreed, but said she would have to leave town pretty soon to await her baby. I'm afraid if I let the girl come here for her confinement my wife will find out the whole story. But then, if the girl goes somewhere else, she might be talked out of giving us the baby. Can you advise me in a hurry please?

pink) that the late one is disorganized. Don't fight fire with fire unless you want to sacrifice the relationship. Let the boy know you are hurt, and ask him to try to be more prompt.

DEAR ABBY: About the "worried mother" who was concerned because her 16-year-old son kept peeping across into the neighbor's window where two teen-aged girls have their bedroom: I agree with the father. It's only natural for a normal 16-year-old boy to look. What boy his age wouldn't like the chance? Instead of the mother peeping on her son, to see if he's still peeping on the girls, she should tell the girls' mother to put a shade up and see to it that the girls pull

NO NAME

DEAR NO NAME: Pay for the baby and help its mother adopt it out, if that is her wish. But leave your wife and family out of it. One such mistake is enough in one lifetime.

DEAR ABBY: What should a girl do when a boy she dates makes a date to pick her up at 7:30 and he doesn't show up until around 8:30? My mother says I should keep him waiting for me just as long as I had to wait for him. I don't want to get him mad at me because I really like him. Do you have a better solution?

KEPT WAITING

DEAR KEPT: Chronic lateness is nothing more than proof in living color (usually blush

'Bug Bite' Victim Dead At Age Of 61

CLEVELAND, Ohio — James T. Gallick, 61, principal figure in the "bug bite" case that resulted in a \$825,000 judgment which was upheld by the U. S. Supreme Court, died last week. Gallick, a former freight yard conductor for the Baltimore & Ohio Railroad, had claimed that an unidentified insect that bit him while he was working for the railroad in 1954 spread infection through his entire system and was responsible for amputation of both his legs.

Skaters Busily Rehearsing For Ice Show

These three young skaters are among nearly 100 rehearsing daily for the 13th annual Marquette Ice Show, "Frosty Capers of 1963," being held this weekend at the Palestra ice arena. Here in an act entitled "Popeyes" are, from left, Fred Sonderegger, Mark Persitz and John Sonderegger. The show opens Saturday evening and there will be a matinee performance Sunday.

Cast as "Bon-Bons" in the revue are, first row, from left to right, Joan Tonella, Cheryl Tonella, Kathy Pompo and Susan Chubb, and in the second row, also from left, are Sue Trezona, Sue Anderson, Polly Hammerschmidt, Kitty Sonderegger, Cheryl Dorais, Molly Melby, Cindy Hunter, Carolyn Larsen and Shirley Ruecker. The show is sponsored by Marquette's parks and recreation department.

"Books and readers" in the "Storybook Land" theme of the revue are, from left, Kay Kivela, Karen Richtmeyer, Debbie Liberty, Chris Melca, Betty Jo Beyer, Beverly Walk, Peggy Gelina, Mary Trewnella, Barbara Griewe, Marilyn Olsen and Penny DeMarse.

Cast as "Books" are, from left, Darcel Provost, Sue Melby, Julie Tonella, Marlys Murray, Theresa Thibodeau, Theresa Weidon, Sue Pierson and Mary Isabelle. Adeline Urbina is again director of the show and James Engle, superintendent of the parks and recreation department, is general chairman of arrangements for the annual performance. Assembly At Messiah For Youth Units

The first Hiawatha District Lutheran League assembly to be held since the merger of Lutheran Church bodies Jan. 1 is scheduled at Messiah Lutheran Church here this weekend. The assembly will convene at 1 p. m. Saturday in the church sanctuary. Following devotions, to be led by Robert Peterson, seminary intern at Messiah, there will be a business meeting at which officers will be elected, followed by discussion of "The Christian Life of Luther Leaguers," to be introduced by the Rev. Charles Beckingham, pastor of the Elim Lutheran Church in Newberry. Delegates will meet in small groups later for further talks, according to the Rev. J. Otto Magnuson, Messiah pastor.

An estimated 150 young people from 40 churches in the Hiawatha District are expected to attend the gathering. Communities represented will include those in the entire section of the Upper Peninsula east of Michigamme on the north to Daggett and Bark River in the south. At 6 o'clock dinner in the Messiah social hall, attendance at the Suomi Collegiate Choir concert, also at Messiah, at 8 and a fellowship hour following the concert are also on Saturday's schedule. Sunday morning, there will be a Bible class at 9:30 and a worship service at 11, which delegates will attend. Luncheon at 12:30 Sunday and the closing service at 1:30 will conclude the assembly.

Lodging in homes will be provided for the members of Messiah and St. Mark's Lutheran Church congregations. Arrangements for the assembly have been made by two members of the synodical executive council of the Lutheran League, William Arsenault of Bethel Lutheran Church, Ishpeming, and Jon Magnuson, Marquette. An adult counselor for the Lutheran League, the Rev. Leslie Niemi of Republic, also participated in the planning sessions along with officers of the Messiah Lutheran League.

Another "Meet Your USO" tea, sponsored by the Hematite Business and Professional Women's Club of Ishpeming and the Negaunee Woman's Club is scheduled for Sunday afternoon at the Marquette County USO Center at 121 N. Front St. here.

The tea, scheduled from 3 to 5 o'clock, is planned especially for representatives of women's organizations in Ishpeming, Negaunee and Gwinn. Several wives of Sawyer-based servicemen are also planning to attend, it was reported by Mrs. Vernon Bleckner, director. Program for the tea will feature Judy Winn of WLUC-TV's "Fairforce Show" and some of the women who have been her guests on the regular Thursday afternoon television feature. Officers of the hostess organizations will serve refreshments and show guests about the center. Mrs. Bleckner and Carl Nelson, assistant director, will discuss the center's purpose and outline the services it provides to armed forces personnel in the area. An informal question-and-answer period will be a feature of the tea, some of the features of the tea, having promised to handle part of this portion of the afternoon's program. Earlier this month, the Marquette Junior Woman's Service Club sponsored a similar event which Mrs. Richard Bolz, president, said was highly successful. Other such gatherings at the center are planned, it was indicated today. The attractive new interior at the area center is the work of the County USO Committee, headed by Robley Morrison of Marquette.

Another Tea Planned At Local USO

Another "Meet Your USO" tea, sponsored by the Hematite Business and Professional Women's Club of Ishpeming and the Negaunee Woman's Club is scheduled for Sunday afternoon at the Marquette County USO Center at 121 N. Engaged

Sgt. and Mrs. Robert M. Morgan Jr., K. I. Sawyer Air Force Base, announce the engagement of their daughter, Charlotte Ann, to Airman John Scott Hamilton III, son of Mr. and Mrs. John S. Hamilton Jr., Wycoff, N. J. No date has been set for the wedding.

Mr. and Mrs. Charles Richmond of Treenary, announce the engagement of their daughter, Diane Marie, to Walter William Maki, son of Mr. and Mrs. William Maki, Chatham. A June wedding is being planned.

Announcement of the engagement of their daughter, Carol, Newton, Mass., to Michael Spur of Newton, Mass., has been made by Mr. and Mrs. Leo Wuorenmaa, Perch Lake, Ishpeming. Miss

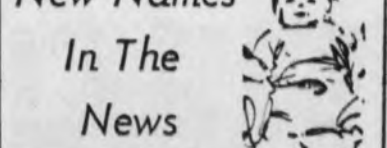

Wuorenmaa is a graduate of National Mine High School and is employed by the United Parcel Co. in Watertown, Mass. Her fiance, who is the son of Mr. and Mrs. Edward Spur of Bridgeport, Conn., is a graduate of Fairfield University, Fairfield, Conn., and is also employed by the United Parcel Co. The wedding will take place in Newton on July 6.

Avoid Frustration, Enjoy Work More, U-M Professor Advises Working Women Stop frustrating yourself and start enjoying your work more. This was the advice given by University of Michigan Prof. Lee Danielson to a "Salute to Women Who Work" conference Saturday sponsored by the Zonta Club of Ann Arbor. Danielson, associate professor of industrial relations in the U-M Graduate School of Business Administration, told the women that by working they faced a distinct challenge.

Warns Against Ruts Habits, he warned them, are helpful but if too highly developed they can become ruts. Working women easily develop the feeling of being trapped by having to work. Their past sensitivity has wound up with their being hurt, so often they adopt insensitivity as a kind of armor. What can women who work do to meet these challenges? Look for greater enjoyments in the job, suggested the U-M faculty member. Don't depend on others to provide them. It would be nice if the boss were considerate and customers grateful, he said, but don't count on it.

'Accept Things' Accept things as they are, he advised. Look for short-range enjoyments by enjoying what you are doing while you are doing it. Take some disliked task as a challenge and meet it head on.

New Names In The News

UURO — A daughter, Debra Ann, was born March 25 at Francis A. Bell Memorial Hospital, to Mr. and Mrs. Leslie Uuro, 203 Poplar St., Ishpeming.

FEKAN — Norma Jean is the name of the daughter born March 25 at Francis A. Bell Memorial Hospital, Ishpeming, to Mr. and Mrs. James Fegan, Rte. 1, Box 212, Negaunee.

DABECK — Mr. and Mrs. Walter Dabek, Box 349, Republic, are the parents of a daughter, Mary Beth, born March 25 at Francis A. Bell Memorial Hospital, Ishpeming.

FREDIN — A son, Jace Lee, was born March 25 at Francis A. Bell Memorial Hospital, Ishpeming, to Mr. and Mrs. Donald Fredin, 146 Greenwood St., Ishpeming.

O'TOOLE — A son, Darrin Timothy, was born March 25 at the 56th USAF Hospital, K. I. Sawyer Air Force Base, to Capt. and Mrs. Francis C. O'Toole, 304 Fortress St., Sawyer.

MADOSH — A daughter, Michelle Richarda, was born March 24 at St. Luke's Hospital to Mr. and Mrs. Richard Madosh, 1701 Tracy Ave., Marquette.

BINGHAM — Robert Lee is the name of the son born March 25 at St. Luke's Hospital to Mr. and Mrs. Joseph Bingham, Rte. 1, Box 6716, Marquette.

Marquette Student At Passavant Gets Nurse's Cap Sunday

Carol Sue Johnson, daughter of Mrs. Sylvia Johnson, 758 Bluff St., is among students of the James Ward Thorne School of Nursing of Passavant Memorial Hospital in Chicago receiving their nurses' caps Sunday.

The capping ceremony is scheduled for 3 p. m. at Thorne Hall on Northwestern University's Chicago campus. It marks the successful completion of six months of pre-clinical training in nursing education for the 34 students participating.

The program will also include a concert of American folk songs and English ballads by the Student Nurse Chorus.

Personals

Miss Kitty Threthewey, 509 Rock St., is a medical patient in St. Mary's Hospital.

Wuorenmaa is a graduate of National Mine High School and is employed by the United Parcel Co. in Watertown, Mass. Her fiance, who is the son of Mr. and Mrs. Edward Spur of Bridgeport, Conn., is a graduate of Fairfield University, Fairfield, Conn., and is also employed by the United Parcel Co. The wedding will take place in Newton on July 6.

Governor's Wife Planning Several Airport Stops In U.P. Enroute Here Friday

Mrs. George Romney, wife of Michigan's Governor, will make five airport stops in Upper Peninsula communities enroute here Friday afternoon for an appearance on WLUC-TV and a smorgasbord dinner in her honor. Dr. Fred C. Sabin, chairman of the Marquette County Republican Committee, reported today that Mrs. Romney's plane will arrive at 10:41 (E.S.T.) Friday morning in Green Bay, Wis., where she has scheduled interviews with Green Bay and Milwaukee newspaper reporters and a television appearance. From there, she will go to Menominee, Iron Mountain, Ironwood, Ontonagon and Houghton for brief airport visits before arriving at the Marquette County airport at 4:13 p. m.

Elementary Staff Hears Math 'Prof'

Thomas Knauss of Northern Michigan University's mathematics department told teachers in Marquette's public elementary schools Monday afternoon that "the mathematics field is changing every day because of the increasing body of knowledge man is acquiring." Speaking at the teachers' general monthly meeting at the Sandy Knoll School, Knauss pointed out that mathematics is not a static but rather a changing, exciting field of knowledge and that changes are taking place in the elementary as well as the secondary branches of its teaching. "Like a tree, as the top structure grows, the root structure must grow, too," he said.

Using blackboard and chalk, Knauss described new symbols used in math, changes in vocabulary, properties of real numbers, the greater emphasis on structure, and indicated that geometry is being introduced in elementary mathematics to a considerable extent.

"Emphasis in the new math is on helping pupils formulate true mathematical statements, and on getting them to understand the structure of math," the speaker said. "We shall still need to teach children to add, subtract, multiply, and divide but we hope for greater skill in understanding as they compute," he noted.

Hostesses for the coffee hour were the Sandy Knoll teachers, including Thalia Overholt, Katherine Gingrich, Violet Swanson, Louise Harkin, Luella Johnson, Margaret Sullivan, Mildred Follis, Ardeth Morin, Ida Richards, Carol Anderson, Judith Bernard, Dorothy Miller, Edna Kielinen, Joy Yuill, Amy Carter, Jean Dahlin, and Amanda Larson, principal.

Art Class To See Demonstration By Leigh St. John

Leigh St. John, well-known Marquette artist, will give a demonstration in portraits painting tomorrow evening for members of the adult education art class working with oils.

Anita E. Meyland, art instructor, said the demonstration will begin at 8 in the Graveret High School art room, where the class meets regularly at 7. Former members of the adult education art classes interested in portrait painting are invited to attend.

St. John will show the techniques of portraiture, sketching and painting a model from the art group. Later, the class will do individual work, the model continuing to pose for them.

Ishpeming PTA Donates \$200 To Loan Fund

The C. L. Phelps Student Loan Fund was expanded this week with the addition of a check for \$200 (plus Duane MacGregor's earnings as golf instructor in the family education program) from the Ishpeming Parent-Teacher Association. Presenting the check to John R. Kivisto, Ishpeming High School principal, is Mrs. Charles Roberts, association treasurer. Others in the picture are Mrs. Val Pontis, (left), PTA president, and Mrs. Jack D. Williams, director of the family education program conducted in Ishpeming public schools—(Mining Journal photo).

Formation Of Conservation Club In School Discussed

ISHPEMING — Over 65 Ishpeming High School boys attended a meeting in the school gymnasium yesterday afternoon for the purpose of forming a conservation club.

Arthur Savilluoto, conservation officer, outlined what could be done with such an organization. Concerned over the use of natural resources in the area, Savilluoto pointed out that it was time young people in the area found out for themselves the problems involved in preservation of such resources.

"Such an organization would be of great value to the State of Michigan and the City of Ishpeming," he said.

Although the first meeting was brief, a few plans for formation of the club were discussed. It was suggested that another meeting be held at which time officers could be elected and by-laws discussed. Savilluoto and other persons have expressed desire for such a club in the school, feeling much could be accomplished in teaching students first hand the problems and work which the State Conservation Department encounters through the year.

Lalich To Retire From State Police

GLADSTONE — State Police Corporal Michael Lalich of the Gladstone post will retire March 29 following more than 25 years of service.

Lalich enlisted in the department in 1939 and previously served at Rockford, Wakefield, St. Ignace, Iron Mountain and L'Anse posts.

Suomi Choir Concert Set For Gwinn

GWINN — The A Cappella Choir of Suomi College, Hancock, will present a concert sponsored by Grace Lutheran Church at 2:30 Sunday afternoon, March 31, in the Gilbert Elementary School.

The liberal arts college choir, under the direction of Professor Arthur J. Hill, consists of 31 voices. The program will consist of selections ranging from 16th century works through the Bach era to the contemporary array of choral music.

The public is invited.

Clothing Being Collected By Students In Gwinn

GWINN — Clothing is being collected by a committee of the Gwinn High School Student Council this week in response to a plea from the Save the Children Federation.

"Devastating spring floods in the southern Appalachian Mountain region resulting from the hardest winter in 76 years have nearly depleted our clothing supply," a letter to the student organization revealed. Immediately the students formed a committee and pledged their support.

Leaflets explaining the need for discarded clothing were circulated to homes through elementary children. Bags are available to all children to contain the clothing, and on Wednesdays, Thursdays and Fridays have been designated as pick-up days at all schools during the drive.

"Both summer and winter shoes and garments are needed — coats, dresses, suits, underwear," the federation pointed out.

Michael McMahon, Student Council sponsor, announces the following students serve on the committee: Gene Hayes (chairman); Bill Copley, Terry Gren, Mark Hall, John Muehrcke, and Bob Ashley. Hayes, Gren and Ashley are council members.

Save the Children Federation, a 30-year-old, non-sectarian, international welfare organization, is registered with the U. S. State Department Advisory Committee

L'Anse Band, Grade Units Give Concert

L'ANSE — The L'Anse Township High School band of 55 members, under the baton of Glenn Anderson, will present its annual spring concert in conjunction with grade school singing groups at 8 next Tuesday night, April 2, in the school gymnasium.

Members of the fourth, fifth and sixth grades taking part are under the direction of Ruth Lee. Accompanists will be Lynne Koski and Katherine Sands.

The program will include a performance by majorettes Shirley Gauthier, Sandra Johnson, Miriam Blanchard; a cornet solo, "Stars" (Schaffer), by Michael Connor; a clarinet quartet number, "Lisa" (Gershwin), by Bogue Sandberg, Frank Mather, Arthur Moilanen and Patricia Koski, and a clarinet duet, "Star Dust" (Carmichael), by Sandberg and Mather, in addition to the band and grade school presentations.

Paul Gerard will be the narrator for a novelty number by the band, "Peck Horn's Revenge" (Bowles).

Defense Aide Labels Charge As 'Hogwash'

WASHINGTON (AP)—Pentagon press chief Arthur Sylvester—described as "the villain of the piece" in a congressional inquiry into government information policies—has offered his rebuttal to charges of news management at the Defense Department: "Hogwash."

Sylvester spent three hours Monday telling a House subcommittee about the Defense Department's information program. "I am a newsman," he said, "and in the somewhat altered role of government newsman I am trying to give the American people the truth about the operation of their government."

Sylvester, a former Washington correspondent, said he didn't "sell out" the principles of the news business when he went to work for the government.

He told the subcommittee he "certainly will review" an order requiring defense officials to report all their contacts with newsmen and say what they talked about. The order came in for heavy subcommittee fire.

He said the government does not have a continuing right to lie to Americans—but does have a responsibility to do whatever has to be done, "no matter how repugnant," when the nation is confronted with the threat of nuclear war.

Condition Of Injured Man 'Fairly Good'

NEGAUNEE — City police were keeping open for investigation today an accident that occurred at 8:45 Monday night at the intersection of Clark and Kanter Sts. in which Alex Hill, 70, a retired municipal employee, was injured.

Chief Kenneth Roberts reported that Hill was struck by a car driven by Roberta S. Delongchamp, 16, of 709 Snow St., Negaunee.

Hill was taken by ambulance to Bell Memorial Hospital, Ishpeming, which examination showed he suffered a fractured right leg, fractured pelvis and lacerations of the scalp. According to the police chief, his condition was described as "fairly good" by hospital officials.

Miss Delongchamp, suffering from shock, also was taken to the hospital and will be retained there for observation purposes for another 24 hours. Officers plan to talk to Miss Delongchamp to obtain her version of the mishap following her release from the hospital.

Tipsy Driver Pays \$55.10 In Negaunee

NEGAUNEE — Leo W. Dumphy, 49, of 227 E. Peck St., Negaunee, who was arrested by city police for drunk driving, entered a guilty plea when he was arraigned yesterday in Negaunee Municipal Court.

Judge William Haupt ordered Dumphy to pay a \$50 fine and \$5.10 court costs.

Violation of the basic speed law resulted in payment of a \$10 fine, plus \$3.70 costs by Robert Betts of Ishpeming.

Speeding tickets were issued by officers to Ronald E. Saari of Negaunee, Anthony Capezzi of K. I. Sawyer Air Base and John Arnez of Marquette, each of whom paid a \$5 fine and \$3.70 costs. William R. Pietala of Palmer paid a fine and costs totaling \$6.70 on a similar charge.

Fellowship Award For Simonen

HOUGHTON — Fredrie A. Simonen of Munising has been awarded one of seven National Phi Kappa Phi Fellowship awards for 1963-64. Simonen, a senior mechanical engineering major at Michigan Tech, will work on his graduate program at the University of Michigan next year.

While at Michigan Tech he has received academic honors in his class and department and has been on the dean's list since entering Tech. He is a member of the Phi Eta Sigma honorary society and of the American Society of Mechanical Engineer professional organization.

He is the son of Mr. and Mrs. Paul Simonen, 223 W. Onota St., Munising.

Youth Group Conference At Houghton

HOUGHTON — The Upper Peninsula Youth Council, in cooperation with the Michigan Tech Institute of Extension Services, will hold a conference on "Today's Young in a Changing World" Thursday at 7:30 p. m. in the Tech Memorial Union.

Keynote speaker will be Donald W. Dolan, Detroit, educational consultant, Bureau of School Services, University of Michigan. He will discuss "Today's Youth in a Changing World" in the opening session. Sam Rabinovitz, executive secretary, Michigan Youth Commission, will introduce Dolan. Opening remarks will be given by Douglas D. Rappley, assistant director of Tech's Institute of Extension Services and coordinator of conferences.

At 8:15 the meeting will break into group discussions on health, education, family, occupational preparation, leisure and anti-social behavior. At 9:15 the conference will reconvene for reports from group discussion recorders, an analysis of Rabinovitz and Dolan's comments on the "Road to Action."

'God Of Creation' Film To Be Shown Thursday Evening

NEGAUNEE — "God of Creation," another in the series of weekly sound colored films which are being presented as a Lenten season feature, will be shown at 7:30 p. m. Thursday in the Mission Covenant Church.

Marvels of astronomy, natural science and the microscopic world, together with appropriate lessons which may be drawn from them, are depicted by the film.

The public is invited to view the film, for which there will be no admission charge.

Special Alger Election Set May 20; One-Mill Hike For Jail Sought

MUNISING — The Alger County Board of Supervisors at a special meeting last night in the courthouse, set May 20 as the date for a special election at which increased millage will be sought to provide funds to match a government grant for a new Alger County jail.

At the election, voters will be asked to approve an increase of one mill for a five-year period to provide the \$80,000 in matching funds. This would amount to \$1 on each \$1,000 of assessed valuation, as finally equalized, of all property in the county.

Voting at the election will be conducted on two separate ballots.

On one, all qualified electors in the county may vote on the increased millage proposition. On the other, only voters owning assessed property can ballot on the bond issue proposal.

The \$80,000 grant for a new Alger County jail was authorized by the Community Facilities Administration last week. The amount is half of the estimated cost of the new structure.

If the proposal is accepted by voters, work is scheduled to start in June and will provide 120 man-months of labor for the area.

The present jail, 60 years old, was condemned by the state jail inspector within the past year.

Coaches To Speak At Dinner For NHS, St. Paul Players

NEGAUNEE — Plans were progressing here today for the community basketball dinner honoring the Negaunee High School District Class B champions and the St. Paul High team which brought home the Class D runner-up trophy from the state tournament last weekend at East Lansing.

Cooperating in sponsoring the tribute are Bishop Els Council, Knights of Columbus, and the St. Paul Church Altar Society. The dinner is scheduled for 6 p. m. Saturday, March 30, in the St. Paul School gymnasium.

Bertil Agnoli and Joseph Comensoli Jr., co-chairmen of the committee on arrangements, announced today that the program will consist of remarks by Coaches Al Dighera and Jack Taylor of St. Paul and Negaunee High; C. C. Watson, retired basketball coach at Ishpeming High; the Rev. Robert Cordy, St. Paul pastor, and the Rev. Paul Schiska, St. Paul Athletic director; Dick Pellow, former St. Paul coach, who broadcast Emerald games in the district and regional tournaments, will serve as toastmaster.

Gymnasium facilities will limit attendance at the dinner to 350 persons. Reservations may be made by calling Agnoli, Comensoli or Francis Russo.

Ralph Goethe, social studies teacher at Phelps Intermediate School, consults with 8th grader Judith Scarffe over selection of a course of study in Ishpeming High School. Dioramas prepared by students as part of their research project on careers are shown in background.

PTA President's Talk To Be Given At Phelps Meet

ISHPEMING — A tape recording of the "Aims of the Parent-Teacher Association" will be presented by Otto Yntema, Kalamazoo, state president, at 8 p. m. Tuesday, April 2, at a meeting of the Phelps Intermediate School PTA.

A round-table discussion will follow and lunch will be served at the conclusion of the meeting. Members are asked to bring cups, plates and spoons.

Group Guidance Program Set Up For Eighth Graders

ISHPEMING — Phelps Intermediate School eighth graders are taking part in a group guidance program in preparation for enrollment as freshmen in Ishpeming High School.

The project, under the direction of Ralph Goethe, social studies teacher, is part of the social studies program of the school.

Keith Gaboury and Duane Phillips of the guidance department of Ishpeming High School began enrolling the eighth graders today.

Group guidance has the following as its major objectives:

- Developing an awareness of approaching adulthood with its increasing responsibilities that increasing independence brings to the area of decision making.
- Developing a knowledge of the broad fields of vocations open to adults and the importance of education and the development of skills in a rapidly increasing technological world.
- To show the relationship of the board vocational fields and the courses of study available to students in Ishpeming High School.
- To sensitize eighth graders to basic factors necessary for a successful life, such as mental, intellectual, spiritual and physical resources.

The units of work include the study of materials relating to vocations, study of Ishpeming High School courses along with requirements for graduation with special emphasis on college entrance requirements, work on an individualized project on a particular career of special interest to the student, individual consultation on a choice of a course of study, in cooperation with the parent, and a preliminary analysis of a student's abilities, aptitudes and interests in relation to a career interest.

It is the understanding of the school and the students that the decisions at present are tentative and plans can be revised because of changing interests and opportunities.

Ex-L'Anse Man Dies In Detroit

L'ANSE — William S. Suomela, 64, former resident of L'Anse, died Tuesday morning in Detroit, where he had lived the last 20 years.

He was born in Calumet April 8, 1898, and before moving to Detroit had resided in the L'Anse area for about 20 years. Prior to his illness, he was employed by General Motors Corp. for 10 years.

Surviving are a daughter, Mrs. Marie Keller of Milwaukee; four sisters, Mrs. Lottie Olson and Mrs. Felix (Mary) Bobbio of Detroit; Mrs. Jean Rankin of New Jersey and Mrs. Toivo (Ethel) Ojala of Hancock; five brothers, Walter of L'Anse, George of Portland, Ore., Waino of Hazel Park, Adolph of Pelkie and Oscar of Chicago; five grandchildren and several nieces and nephews.

Services will be held at 1:30 Saturday afternoon in the Swanson Funeral Home and burial will take place in Pelkie Cemetery. Friends may call at the funeral home Friday afternoon.

Deadline For Absent Voter Ballots At 2 P.M. Saturday

NEGAUNEE — City Clerk Edward C. Stevens today reminded local residents desiring to obtain absent voter ballots for the biennial spring election on Monday, April 1, that the deadline for procuring ballots of this type will be 2 p. m. Saturday, March 30.

Citizens eligible to cast ballots by the absent voter method include those who will be out of the city for various reasons on election day, persons confined to their homes or hospitals because of illness, and residents who for other physical reasons are unable to go to polling places.

Stevens emphasized that, under election laws, absent voter ballots may be issued only to persons who for valid reasons are not able to vote at regular polling places.

"Due to the large number of requests throughout the state for absent voter ballots at the last election, there is some reason to believe that this privilege is being abused," he said. "Clerks for various units of government recently received a letter from Secretary of State James Hare in which he suggested that close scrutiny be given to the applications for absent voter ballots, and that if there is knowledge on the part of the official that the request is not valid an investigation will be made."

Absent voter ballots must either be returned to the clerk personally before the close of the polls on election day, or be mailed in time so that they may be obtained by him before the post office closes at 5 p. m.

Bay City Woman Dies In Automobile Mishap

STERLING (AP) — Mrs. Clara Dreyer, 62, of Bay City suffered fatal injuries when a car in which she was riding collided with a pickup truck on M76 two miles north of Standish.

Lenten Services At Grace Church

GWINN — Midweek Lenten services will be held Thursday in the Grace Lutheran Church with a Finnish service at 6:30 p. m. and one in English at 7:30. The Rev. Edward Leppaluoto, pastor, will conduct the meditation at the Finnish service and the Rev. Frederick Vanhala, Ishpeming, who has charge of the Palmer, Suomi and National Mine Lutheran parishes, will be guest speaker at the English service.

West Germans Ban Shipment Of Pipe To Soviet Union

BONN, Germany (AP)—Despite strong parliamentary opposition, an executive order by Chancellor Konrad Adenauer's government banning shipment of pipeline pipe to the Soviet Union went into effect.

Adenauer's Christian Democrats thwarted the opposition by walking out. This shut down the session because a quorum was not present.

Those in the chamber voted 244-1 against the order.

U.S. To End Lull With 2 Space Shots

CAPE CANAVERAL, Fla. (AP) —A big doubleheader launching scheduled Thursday will end a lull in the U.S. space program. It will not break 1963's over-all pattern as a building year for great exploits expected in 1964 and after.

At 1:30 p. m. (EST) Thursday, the mammoth Saturn is set to thunder aloft on the fourth test flight for this booster—the forerunner of a rocket which will carry American astronauts to the moon. At 9 p. m., a sleek Delta rocket is to attempt to hoist the Explorer 17 satellite into orbit to investigate the structure of the earth's atmosphere.

Technical or other troubles could delay the launches.

As on three previous Saturn tests, all of them successful, only the first stage will be fired. After the eight engines which power the 185-foot-tall rocket will be shut off to check the vehicle's ability to perform its mission if an engine fails.

Explorer 17 is another of a family of scientific satellites designed for basic research in the world beyond our world. The 465-pound ball is crammed with devices to measure temperatures, composition, pressures and density of the atmosphere at altitudes from 155 to 580 miles.

The bighorn sheep was named as the official state animal by the 1961 Colorado legislature.

Death Takes Mrs. Contin Of Ishpeming

ISHPEMING — Mrs. Estella M. Contin, 78, Ishpeming, died last night in the Palmer Nursing Home, where she had been a patient for 18 months.

She was born Aug. 18, 1884, in Ontonagon and lived in Ishpeming for three years before going to Palmer.

Survivors include three sons, John of Chicago, Lawrence Maloney of Green Bay and Edward Maloney of Mass.; a daughter, Mrs. Gertrude Witman of Ishpeming, and two brothers, George and Wilfred Alexander of Ontonagon.

The body will be taken to the Driscoll Funeral Home in Ontonagon.

ISHPEMING MOOSE LODGE

IT'S AS EASY AS A, B, C!

All you have to remember when you shop CO-OP is RED, GREEN, BLUE. If you want the very finest, the fanciest, then you pick up the RED LABEL. If you are more interested in economy yet want good nutrition, then you simply reach for the GREEN LABEL. And if you want something sort of in between, then it's the BLUE LABEL you're looking for. It's that simple when you shop CO-OP. And the famous CO-OP informative label will then tell you, if you're interested, the grade, a description of the product, the servings and uses. You know exactly what you're getting before you open the can when you shop CO-OP.

Munising-Alger Chamber To Send Four To Indianapolis Travel Show; Funds Needed

MUNISING — A special drive to raise money to send four representatives of the Munising-Alger Chamber of Commerce to the Sports, Boat and Vacation Show at Indianapolis, Ind., was started here this week.

Chamber officials said it was important to attend as many of these travel shows as possible to promote the Munising and Alger area, augmenting the program of the Upper Michigan Tourist Association. Since the membership drive is under way at present and operating funds are limited until the drive is completed, it was necessary to appeal for a special collection for this purpose.

Brochures of the area will be

available by Thursday and these, along with colored slides and individual literature, will be used by the group for promotional purposes the first three days of the Indianapolis show March 29, 30 and 31. Since it is a rather grueling session for two men to spend all day and evening at the show, it was decided that a four-man team could split the hours and do a more effective job of selling Alger County and the Pictured Rocks area.

Any business or individual who has not been contacted because of limited time is urged to mail his or her contribution to the Chamber office, in care of the secretary.

Munising C-C Told Purposes Of 'Operation Action - U.P.'

MUNISING — Directors of the Munising-Alger Chamber of Commerce Monday heard William P. Wilson, executive manager of "Operation Action-U. P.," outline purposes of the organization, what it hopes to accomplish and why he is making a tour of the Upper Peninsula.

Discussion revolved around community problems as related to the U. P. in general, projects that have been undertaken by chamber, city and county groups. Unemployment in the area, the need for further job possibilities and problems such as Chatham's water pollution also were aired.

Wilson summarized the goal of his group as the improvement of the total economy of the Peninsula. "Operation Action" is a co-operating and coordinating council that does not intend to overlap programs now in operation, he said. It seemed to be the consensus of C-C directors that if "Operation Action" can set a course of action, rather than re-arrange the many surveys that already have been made, and can coordinate the effectiveness of organizations now functioning, it will fill a vital role.

It was made plain to the group that "Operation Action" is now accumulating information from local sources to set up a plan for action before committing itself to just what its overall program will be.

Many projects were suggested for the local chamber to spearhead, such as climate and appearance to create a more attractive community. There was general agreement of the need to "strengthen" the community—that is, to protect, improve and encourage industry and business already here and to make the community a desirable locality before attempts are begun to attract additional activity.

The chamber pledged cooperation in activities of "Operation Action."

Clovis Delene Retiring As Game Officer

COVINGTON — Clovis E. Delene, conservation officer stationed at Covington, is retiring from state service April 1.

Delene has been with the department since 1933 and began his service as free lance conservation officer in the west half of the Upper Peninsula. After a year and a half he was transferred to Watersmeet, and in 1935 was permanently assigned to Covington.

Miss Mahnar Of Trenary Dies At 47

TRENARY — Miss Ann Mahnar, 47, died in Morgan Heights Sanatorium, Marquette, at 8:30 p. m. Monday. She was a patient there two weeks.

Miss Mahnar was born May 5, 1915, in Trenary, and had lived most of her life in the Trenary area. She was a member of St. Rita's Catholic Church and served for several months as housekeeper at the priests' rectory.

She leaves three brothers, Tony J. of Detroit, and Steve and Dan of Trenary.

Friends may call at the Skradski Funeral Home in Gladstone this afternoon and tonight. The Rosary will be recited there at 9 tonight.

Services will be conducted at 10 Thursday morning in St. Rita's Church. The Rev. Aloysius Hasenberg will officiate and burial will take place in Fernwood Cemetery, Gladstone.

Dr. Ptolemy, Formerly Of Trenary, Dies

GRAND RAPIDS — An early Upper Peninsula physician and surgeon, Dr. Harcourt H. Ptolemy, died Monday, March 18, in Dearborn at the age of 80.

Dr. Ptolemy, who graduated from the University of Michigan College of Medicine in 1904, practiced in Trenary, Alger County, from 1905 to 1921, when he moved to Detroit to continue his practice. His father, Henry Ptolemy, also was a physician and surgeon who was graduated in the first class in medicine at the Detroit College of Medicine (now Wayne State University).

In 1906 Dr. Ptolemy married Pearl Trenary, daughter of Levi Trenary, one of the pioneer settlers in Mathias Township. Mr. Trenary was postmaster and founder of the town which bears his name. Dr. and Mrs. Ptolemy had been married 53 years at the time of Mrs. Ptolemy's death in 1960.

Dr. Ptolemy was president of the Mathias Township Board of Education and during his term of office initiated and succeeded in establishing one of the earliest consolidated schools in Michigan. Better educational advantages for the underprivileged was one of his interests.

He is survived by a son, William H. Ptolemy of Dearborn; a daughter, Mrs. Thomas W. (Mary) Palencsar of Grand Rapids, and two sisters, Mrs. Landon M. Kitzmiller and Mrs. Charles S. Fisher of Detroit.

PEANUT'S HOME
Although botanists are not too sure in which country the peanut originated, they agree that most likely it is native to South America because wild peanuts have been found growing in Brazil, Paraguay and Uruguay.

Mattson Seeking Junior Baseball Dinner Speaker

ISHPEMING — Theodore Mattson, president of the Ishpeming Babe Ruth League, said today that efforts are being made to obtain a speaker from the Chicago Cubs, White Sox, Milwaukee Braves or the Detroit Tigers for the fall junior baseball dinner.

The dinner for the youngsters is usually held in October and such well-known personalities as Jack Quinlan, William Veck and Lou Boudreau have been here in the past.

Mattson also said that a joint meeting of the Midget, Babe Ruth and the American Legion Leagues will be held in the near future.

Guild Gives Gift To Past President

ISHPEMING — Mrs. Jane Dawe, past president of St. John's Guild, received a gift from the guild this week in appreciation for her work the past year.

Presiding over a regular meeting of the unit in St. John's School hall was the new president, Mrs. Clifford Jackson.

Plans were made for a Lenten baked goods sale to be held April 6 in the Sears Catalog Store on Main St. All women of the guild were asked to contribute.

During the meeting, Mrs. Jackson was delegated to attend the annual MDCCW convention in Houghton April 27-28. Other interested women are invited.

The guild also saw a movie on Catholic education, after which coffee was served.

Gwinn Study Club To Have Program

GWINN — The Women's Study Club will hold a regular meeting Thursday night at 8 in the Gwinn Clubhouse. Following a business meeting, a program, "The Hat Box Parade," will be presented under the direction of Mesdames Bernice Wills, Marilyn Gendron, Bunny LaChance and Carolee Sorminen.

Hostesses for the meeting will be Mesdames Rosemary Delmet, Rita Green, Virginia Fellow and Olive Moss.

Tiger Confidence Grows As 'Sick List' Shrinks; Kaline, Lary, Fox Look OK

LAKELAND, Fla. (AP) — Every day at the Detroit Tigers' spring camp one of Manager Bob Scheffing's most important stops is the trainer's room.

It's a habit Scheffing acquired last season when injuries—pains, aches and broken bones—cost the Tigers whatever chance they had for the American League pennant.

This spring every mention of Tigers' 1963 pennant chances is prefaced by—"if everyone stays healthy..."

The Tigers went into the 1962 season confident they'd give the New York Yankees a scuffle. They'd made it close in 1961—and there was reason to believe Detroit could go all the way in 1962.

Belief Prevails The same belief prevails at the Tigers' camp this spring—if everyone remains healthy. The Tigers cannot afford to lose players like Frank Lary, Al Kaline, Norm Cash, Billy Branton and Terry Fox—their 1962 injured—and expect to challenge for the pennant.

So far all the Tigers have remained healthy and the Detroit players and Scheffing are bursting with confidence.

Mossi Earns 'Spot Starter' Assignment

FORT LAUDERDALE, Fla. (AP)—Don Mossi came to spring training with his pride wounded and wondering about his future with the Tigers.

Also wondering about Mossi when camp opened a month ago was Tiger manager Bob Scheffing. But Mossi turned in his third brilliant performance of the Spring Tuesday—an outstanding job of baffling the Yankees.

He pitched seven innings and held the mighty Yankees to six hits and one run in a 2-1 victory. It was the first run Mossi had given up all Spring and broke a string of 16 scoreless innings.

Had Sore Arm "I know I had a sore arm the last half of last season," Mossi said after his victory in plash Fort Lauderdale Stadium. "But I was not concerned about my arm and my age, only about what I had read and didn't understand."

A sore arm held Mossi, 33, to 11 victories last season. He had his second losing season in nine years in the majors, losing 13. But through Mossi's work this Spring, Scheffing has found all he needs to know.

"That was quite a pitching performance," Scheffing said after the Tigers beat New York for the second time in two meetings this Spring.

Burdette Looks Sharp In Exhibitions

WEST PALM BEACH, Fla. (AP)—Low Burdette is a man with a mission—a mission to prove last year was all a mistake.

For six years Burdette averaged 19 games won a season. Last year he dropped to 10, his lowest total since 1952 when the Braves still were the Boston Braves.

106 Less Innings The 36-year-old Milwaukee right-hander normally pitches at least 250 innings a year. Last season he worked only 144 innings and completed only six games.

Burdette is flourishing this Spring under a new manager, Bobby Bragan. In his first four appearances, he didn't walk a man and didn't give up an earned run in a 17-inning stretch.

Pistons, Nats Eliminated In NBA Playoff

LOS ANGELES (AP)—Terry Baker, Oregon State's brilliant all-around athlete star, has agreed to play professional football with the Los Angeles Rams.

The All-American quarterback, winner of the Heisman and Maxwell trophies last season as college player of the year, signed a three-year contract with the National Football League club Tuesday night at the office of Elroy Hirsch, assistant to President Dan Reeves of the Rams.

Thwarted Pistons Baskets by Bob Pettit, Zelmo Beatty and Bill Bridges at vital spots thwarted the Pistons in their efforts to beat the Hawks and even their series at 2-2.

EXHIBITION BASEBALL (By the Associated Press) Tuesday's Results Chicago (A) 2, New York (N) 1 Detroit 2, New York (A) 1 Minnesota 2, Baltimore 0 Philadelphia 16, St. Louis 8 Milwaukee 7, Cincinnati 5 Los Angeles (N) 19, Pittsburgh 6

COLLEGE BASEBALL (By the Associated Press) Michigan State 5, Ft. Lee 4

Three singles in the seventh, Mossi's last inning, produced the Yankees' lone run.

Terry Fox stopped them on one hit in the last two innings to preserve the Tiger victory.

Jim Coates pitched three scoreless innings for the Yankees before the Tigers got both their runs from Al Downing.

Toronto Tops Canadiens; Injured Hull Paces Hawks To Playoff Win Over Wings

(By the Associated Press) Toronto and Chicago, the two teams which met in the Stanley Cup finals last season, are off and running in quest of a rematch after winning the openers of their best-of-7 National Hockey League semifinal playoff series.

Champion '5' Wins Again In Tourney

The Champion Chiefs defeated Ishpeming Mike's 63-54, at Hermsville last night, to reach the quarterfinals of the Independent basketball classic's "B" division.

The runner-up Black Hawks, getting a big lift from injured Bobby Hull, edged the fourth-place Detroit Red Wings 5-4 at Chicago.

Both Toronto and Chicago are favored to reach the finals again. The Leafs beat the Hawks for the Stanley Cup last year, four games to two.

ATLANTA (AP)—Coach Paul "Bear" Bryant of Alabama says his attorneys have advised him against taking another lie detector test in connection with investigations of football-fix charges.

Police Five Drubs Deputies; Edged By IBM

Marquette Police department (10-4) avenged earlier losses with a resounding 68-28 victory over the Marquette County Sheriff's Deputies, as Richard DeMerse scored 25, Bianchi added 19.

Lucious Tops NMU All-Foe '5'

Lucious Jackson, the 6-9 Pan American College ace, was the only unanimous choice on the All-Opponent team selected by the Northern Michigan University basketball team.

Jackson scored 35 points for the Texas squad as it downed Northern 99-73 enroute to the NAIA National Championship, and topped the tourney's MVP balloting.

Named to the second unit were Harry Oden and Mike Patterson, University of Minnesota-Duluth; Dave Nelson, Central Michigan University; Duane Lamiman, Eastern Michigan University; and Mike Wisneski, St. Norbert College.

Northern '5' Names Silc As 'MVP'

Gary Silc, Sudbury, Ontario senior who helped lead the Northern Michigan University basketball team to a 19-8 record, has been named "most valuable player" by his teammates.

The 6-8 center grabbed 236 rebounds for a 9.4 game average while pumping in 415 points in 25 games.
