

# Nease, Ghiardi Slip Candidates In Forsyth Election Next Monday

GWINN — Announcement by Jack Nease and Jack Ghiardi that they would be slip candidates in the April 1 election could mean two ballot contests as close and exciting as those that marked the February primary in Forsyth Township.

Both Nease and Ghiardi lost the right to have their names on the ballot through the "luck of the draw." Nease tied with Armand Gasbarrow in the primary race for the office of supervisor, while Ghiardi was deadlocked with Alton Usher after a recount of ballots cast for the office of trustee.

The names of Gasbarrow and Usher will be on the ballot. Interest in next Monday's election is considerable, as indicated by announcement by Mrs. Allie Gilbert, deputy clerk, that 53 new voter registrations have been received since the primary election.

Voting will be conducted at all three polls in the township from 7 a.m. until 8 p.m. In the Little Lake district, voting will take place in the trailer court, where the election clerks will be Violet Selter, May Anderson, Helen Martonen and Goldie Melby. Voting in Precinct No. 3 will be at the Meni home in Princeton, with Ora Wallenstein, Rachel Meni, Bernice Marjonen and Agnes Hicks serving as clerks. Gwinn area voters will cast bal-

lots at the town hall. The clerks will be Margaret Delmont, Eva Gervae, Kathleen Anderson, Fanny Nylander and E. L. Miller. Counting clerks will be Allie Gilbert, Jeanette Larson and Lenore Soyring.

# Peter Bogetto, Negaunee's Oldest Italian Resident, Dies

NEGAUNEE — Peter Bogetto Sr., 86, Negaunee's oldest Italian resident, died at 7:15 Wednesday in the home of his son-in-law and daughter, Mr. and Mrs. Leonard Perrin, 340 E. Michigan St., Marquette. He had been in poor health for a year.

Mr. Bogetto was born Feb. 27, 1877, in Levone, Kanavese, Italy, and was a resident of Negaunee for more than 60 years. He lived in Marquette the last 14 months. He was a member of St. Paul's Catholic Church, its Holy Name Society and an honorary life member of Bishop Eis Council and the Marquette General Assembly, Fourth Degree, Knights of Columbus.

Prior to his retirement in August, 1945, he was employed by the Cleveland-Cliffs Iron Co. for 47 years. Following retirement, he served as steward of the Col-

# 5 Eben Students District Forensic Contest Winners

E BEN — Five Eben High School students were certified as winners in the district forensic contest held in Sault Ste. Marie. They were Janice Hietikko and Nathan Jarvinen, declamation; Fern Niemi, dramatic dialogue; and Dan Johnson and Don Maki, humorous readings. Mrs. Ruth Robinson, English teacher, accompanied Eben students to the Sault.

# Death Takes 71-Year-Old Skanee Man

SKANE — Arvid Hallermund, 71, died early yesterday morning in his home here. He was born in Aalborg, Jutland, Denmark, Jan. 27, 1892, and had resided in Skanee since 1941.

Prior to this, he spent 17 years in Alaska. He also had resided in Marquette from 1921 to 1923. Mr. Hallermund comes from a family of nobility in Europe, having the correct title of Count Arvid von Platon-Hallermund. This comes from a grant his forefathers received in the sovereign county of Hallermund, Prussia, in the 1600's.

Survivors include a brother, Otto, of Arizona. Services will be held Saturday at 9:30 a.m. at the Swanson Funeral Home, L'Anse, with the Rev. Casimer Adasiewicz officiating. Burial will be made in Swanee Cemetery.

Friends may begin calling at the funeral home tomorrow afternoon. The Rosary will be recited Friday at 8 p.m.

# Tree Planting Program Recommended For Alger

MUNISING — An intensified tree planting program for district land owners was recommended at a meeting of the Alger Soil Conservation District.

Paul Smith board chairman, indicated that a large acreage of land not suitable for cropland is being left idle. The conservation needs inventory listed over 8,000 acres of private lands in Alger County that need planting.

Information and technical assistance on tree planting is available from the Soil Conservation Service through the Alger Soil Conservation District.

Cost sharing for planting trees for reforestation may be obtained from the ASCS office in Chatham. Landowners interested in planting trees may contact the ASCS office or the Soil Conservation Service office in Chatham, the extension office in Munising, or Alger Soil Conservation District directors for more information.

# Leo Lirette Dies In Home In Ann Arbor

NEGAUNEE — Leo Lirette, 68, Ann Arbor resident who was well known in this area, died Tuesday afternoon in his home following a six months' illness.

He was born Feb. 6, 1895, in Virginia, Minn., and was a resident of Ann Arbor 35 years. Prior to his retirement in June of 1960, Mr. Lirette operated a barbershop in Ann Arbor.

Surviving are his wife, Ada; two daughters, Mrs. Leroy (Phyllis) Stevens of L'Anse and Mrs. Eugene (Betty) DeGabriele of Negaunee; six grandchildren; four brothers, Fred, John, George and Robert of Ann Arbor; three sisters, Mrs. Charles Sauer, Mrs. Roy Schmidt and Mrs. Earl Hill of Ann Arbor, and a number of nieces and nephews.

Services will be held at 2 Friday afternoon in the Muehlig Funeral Chapel in Ann Arbor and burial will take place in Bethel Cemetery in that city.

# Miss Braund Honored At 'U' Of Colorado

BOULDER, Colo. — Mary Judith Braund, daughter of Mr. and Mrs. R. W. Braund, 105 Arch St., Ishpeming, has been tapped for membership in SPUR, University of Colorado sophomore women's honorary group.

Miss Braund is a 1962 graduate of Ishpeming High School. The stars should always lie to the observer's left in displaying the flag of the United States.

We wish to express our heartfelt thanks and appreciation to our neighbors, friends and relatives for their many acts of kindness during our recent bereavement. The loss of our baby son, Thomas, was a great sorrow.

We especially wish to thank the Rev. Edward Leppanen, the Bishop and Zuhlie Funeral Home, the ladies of the church who served lunch, and those who sent cards and money or helped us in any other manner. Their kindness will ever be remembered.

Mr. and Mrs. Carl Sather and Family PRINCETON, MICHIGAN

# Chamber Membership Drive In Alger Off To Good Start

MUNISING — The membership committee of the Munising-Alger Chamber of Commerce announced today that a drive for new members is in full swing and results thus far have been "very encouraging."

"A spokesman for the group stated that among the first names entered in the books as paid in full were four new members. If Alger County will have an active chamber — one that can operate in the black," he added.

All businesses are reminded that, in order to be listed on a printed directory which will be included with the chamber brochure in all mailings, it is necessary that membership checks be in the hands of the secretary on or before April 10.

The chamber is having 60,000 brochures printed this year and expects to have use for every one. All chamber members will be given emblems for outside display, tying in with lead-signs entering town, as well as the usual interior emblems signifying membership.

"Your chamber wants visitors to know that we are all local people entering to their vacation needs, that we are interested in them, and that if they have a complaint, the chamber is the place to go," an official of the organization declared.

"A non-member in any community must, in effect, indicate that he is not interested in his own welfare. His business in general will grow or die as the community does. The chamber cannot assure the growth of a community, but it can be one of the main contributing factors to its growth — or death. Do not wait for the guy down the street to join because he may be waiting for you."

CLYDE E. SUNDBERG, City Clerk

# Vito Bertucci Bows 300 In Ishpeming

Hold onto your hat — another 300 has been rolled!

Vito Bertucci became the third man to roll a 300 on Ishpeming's Miracle Bowl alleys in 11 weeks, Wednesday night, when he racked up a perfect game on the way to a 7-1 series in the Ishpeming Classic league.

Bertucci fired 232-239 in his other games, to keep his evening on a high plane. He joins Dick Stetson and Pat Muio of Sault, Ont., on the lanes' 300 list—which was blank until Jan. 8 of this year.

John Massa had a 634, Les Bergstrom and Elden Isaacson, 613 each, Les Blewett, 601, while Dick Kirby bowled a 237, Don Warren a 230, and Don Nardi, 229. Old Milwaukee topped the teams during all this with a 2,920 built around a 1,026 game.

Leo Carlson posted a 654 (194-258-202) in the Marquette Shoreland Classic, while Duane Carlson had a 609 (189-189-231) and Ed

# Laitinen, Long Top Doubles Pin Tourney

ISHPEMING — George Laitinen and Nellie Long took the honors in the sixth annual Marquette Mixed Doubles bowling tournament, just completed.

A total of 184 couples rolled in the tournament, but George and Nellie marked up a 1,370 total — 27 pins ahead of Bill Heard & Ruth Warshawsky, and 42 ahead of Ken Cleason-Barbara Nardi. Jack Bertucci and Clem Manzoline were fourth with 1,297.

Laitinen's 700 was the high match of the four-weekend meet, while Clarence Isaacson had high game of 287. Nellie Long bowled a 613, and tied Ruth Warshawsky for high game, at 244.

# 3 NMU Foes On Pan-Am Tryout List

KANSAS CITY (AP)—The National Association of Intercollegiate Athletics and the National Collegiate Athletic Association college division each are represented by six players on the 12-man all-star squad announced Wednesday for the Pan-American basketball trials.

# Trials Monday, Tuesday

The trials will be held next Monday and Tuesday nights in Kansas City, with four 12-man teams. There will be two double-headers each night. Then the U.S. team will be selected for the Pan-Am games next month at Sao Paulo, Brazil, and for the world tournament in May in Rio De Janeiro.

The Amateur Athletic Union and Armed Forces teams have been announced. Still being picked is a NCAA university division all-star team.

NCAA selections for the college all-stars were Jeff Cozworth, 6-foot-8, Chapman, Calif.; Ernest Jackson, 6-1, South Carolina State; Bobby Nance 6-5, Oglethorpe; Frank Ryan, 6-5, North-eastern, Mass.; Mike Wisneski, 5-10, St. Norbert, Wis.; and Bill Witacnis 6-3, Scranton, Pa. Jackson and Edwards.

NAIA selections were Luzious Jackson 6-9, and Mitchell Edwards, 6-5, both of Pan American; Herrschel West, 6-2, and Willis Reed, 6-9, both of Grambling La.; Herb Stange 6-4, Fort Hays, Kan. State; and Mel Gibson, 6-3, Western Carolina, N.C.

# 20.3 In '220' Carr Eyes 9.2 Dash Time

TEMPE, ARIZ. (AP) — Henry Carr of Arizona State University has twice broken the word record for the 220-yard dash around a full turn. Now he wants to better the 100-yard dash mark.

"If my next improves, I feel I can hit 9.2 seconds in the 100 and 20.993, consistently," he said Sunday while reviewing his record-shattering 220 performance. The 100 standard is 9.2.

The fast striding Detroit, Mich., sophomore's coach, Senon (Baldy) Castillo, agrees.

"He has the ability, all he needs to do is improve his start," Castillo said, adding the same applies to the 400-3, 200-pound athlete's 220 efforts.

Last Tuesday, long-striding Henry did the 220 in 20.4 against the University of Utah. This was one-tenth second faster than the previous world best, 20.5 by Stone Johnson of Grambling, La., College; Paul Drayton, Villanova, and Ray Norton, Santa Clara Valley, Calif., Youth Village.

Then in a triangular meet Saturday with the University of Southern California and the University of Arizona, the amazing speedster did 20.3.

# Jr. Basketball 'Star' Teams To Meet

Playoff games involving All-Star squads will be played Saturday in the Marquette Junior Basketball program.

The "A" Division champion Hawks will take on an All-Star team from the other three squads at 10:15, following a 9 a.m. meeting between two "B" division all-star squads.

The "A" team will include: Joe Martin, Gary Kantola, Ed Morie, Bob Leanes, Rick Pappas, Matt Johnson, Doug Libby, Richard Clement, Allan Beck, Dale Hamari, "Rocky" Getz, "Rusty" Cox, Fred Huffman, and Fred Anderson.

The Black-Blue-Red stars of the "B" league include: Walter Fassbender, Mike Roberts, Jeff Van Able, Randy Payne, Dan Hamari, Dick Goodney, Eric Swanson, Tom Bolz, Brian Melka, John LaCosse, Stanford Drury and Richard Blaschuk.

The Yellow-Green-White team, Mike Barkman, Bud Levine, Brad Lane, John Bur, Richard Prime, Dan Bolz, Bob Soli, Ross Hill, Mark Sappala, Mike Contois, Stephen Ruffatto, and Tom Asuma.

The Hawks ended up in first with a 58-20 victory over Wildcats while Warriors downed Lions, 28-19, last week. Blacks (8-1) downed Yellows (6-3) by a 28-14 count, while Greens (6-3) beat Reds (4-3) by a 28-16 tally. Whites (3-6) downed Blues, 20-3.

# NEGAUNEE MIXED

Ron Laitinen fired a 532 with a 196. Eunice LaMere, 439, and Mary LaFreniere, 184, as the Four Aces bowled a 691, the Rinky Dinks, a 1,899 match.

Beaver Park led with a 2,732 team match, and Dutch's had a 965 for high team game.

# BEAVER PARK MIXED

Rena Lane rolled 187 for the high game and totaled 546 for the high series in the women's section. Jim Karraza took honors with 567 (214-192-161). Sorminen and Goodwin took both high team game and match with 711-625-644 to total 1980.

# MARQUETTE CITY

Frank McKeown bowled a 549 (179-217-151) while Lake Shores topped the teams with 2,679, featuring a 937 game, Monday.

# MARQUETTE MAJOR

George Raish, Jr., rolled a 548 (164-196-188). John Kivela, a 199, as Ramstein's rolled up a 2,514 (804-863-845) in the Shoreland loop, Monday.

# MARQUETTE MIXED

Paul Connolly bowled a 563, June Brigrman, 440, while Larry Johnson had a 202 game. LaVerne Olson, 181, in the Shoreland league. Misfisture d a 1,865. Spitsa a 674 game.

# NEGAUNEE WOMEN'S

Lil Rowe rolled a 534 (173-185-176) as Theresa Guizzetti bowled a 208 game. Jo Richards had a 523 (185-165-173), and Gail Nelson had 507 (178-180-149). Drewry led the teams with 2,325 (806-764-755).

# MARQUETTE MAJOR

Frank Maslaney bowled a 582 (177-193-212) to top the Olympic loop while George Wilder had a 235, Pabst a 2,747 (908-933-906) and Olson Motors a 953 game. Hart Hillcock rolled a 216-202 combo.

# MQT. QUEEN CITY

Wanda Quilliam fired a 545 (181-193-171) to lead the Marq to a 2,207 total, featuring a 739 high team game.

# MARQUETTE INDUSTRIAL

Bob Fletcher bowled a 585 (171-243-181) but Jim Hyppa came up with the top game at 245, this week. Beaudry 66 led the teams at 2,569, despite a 908 high game by Bergh Builders.

# ISHPEMING HOUSEWIVES

Ruth Maki bowled a 488, Judy Stefanski, a 182, to lead this week, while Morrison's led the teams with 2,065 and a 745 high game.

# NEGAUNEE WOMEN'S

Liz Cain bowled a 526 (166-178-182) taking the honors on the last game as Theresa Guizzetti rolled 525 (161-183-171). June Violetta had a 193. June Salli, 192. Beau Chateau led the teams with 2,442 (797-793-832).

# CHATHAM WOMEN'S

Lois Maki bowled a 533, while Cindy Niemi had high game of 218. June Marinello, 200, this week. Hits & Mrs. rolled up a 2,242 with an 811 high team game.

# No Evidence Butts Involved In Gambling

ATLANTA (AP)—Records show that Wallace Butts made telephone calls to persons who had been involved in gambling on college sports events, "but there is no evidence that Butts was engaged in gambling," Atty. Gen. Eugene Cook of Georgia says.

Cook said Wednesday that he had found no violation of state law in alleged telephone conversations between Butts, former Georgia athletic director, and football coach Paul Bryant of Alabama.

The Georgia attorney general, who is investigating charges that Butts and Bryant conspired to rig the Georgia-Alabama football game last fall, indicated that final disposition of the case would be up to the Southeastern Conference as an ethical, not legal, matter.

At Birmingham, Ala., SEC Commissioner Bernie Moore said he is calling a meeting of the conference executive committee. But he said it might be a month before the members could get together.

"I am not calling the meeting because of Butts and Bryant," Moore said. "Of course, if we get the meeting, it will be discussed."

The commissioner said he was still investigating the charges against Butts and Bryant and I will present my findings to the executive committee.

The attorney general said the calls are being investigated by the U.S. Senate Investigations Committee. Chief Counsel Donald F. O'Donnell of the committee said Tuesday he had found no evidence of gambling in connection with the Post story and that his investigation might take three months.

# TV Baseball Set To Start

Televised baseball is due to start its 1963 season Sunday, when the Braves-Orioles exhibition game is to be aired at 1:35 p.m. on Channel 5, Green Bay.

The cable-television pickups of the Braves' 25 TV games will supplement the CBS-TV slate of 46 games, for the viewer.

While both will be aimed at weekend audiences, the Braves do not appear on CBS Game of the Week programs—nor do the New York Mets, who will be on Braves network games four times, the Houston Colts, who will be on twice, the Cincinnati Reds, who will be seen once, or the Pittsburgh Pirates, who will be on three times.

Two Braves' telecasts will be weekday affairs — opening day at Pittsburgh, April 9, and the July 4 date in San Francisco. Only five Braves' home games will be telecast, but the Milwaukee team will be on camera at least once every weekend from April 20 through Sept. 14, with only four exceptions. Blaine Walsh will be the principal announcer.

CBS-TV starts its weekend series April 13-14, with the Orioles at New York. This series, operating under New York half of the time, will be aired Saturdays and Sundays through Sept. 7-8 (Detroit at New York), and Saturdays for the last three weeks of the season, after pro football starts.

The Tigers will also be seen June 15-16 at New York, and May 4-5, at Baltimore. The Twins are on July 6-7 at Baltimore, July 27-28 at New York, and Sept. 28, also at New York.

The Cubs will host the Dodgers, June 8-9, and the White Sox will be at New York, June 24-25 on the CBS TV show.

BR MEETING  
There will be a meeting for organization of the Marquette Babe Ruth League at 7:30 tonight in the City Hall.

# Champion, Shoreland '5s' Reach Semifinal Round In Hermansville Meet

HERMANSVILLE — Marquette Shorelands made the semifinals with three seconds left to play, joining Champion Chiefs, Stephenson Strollers and Norway Merchants in the Hermansville "B" division round-of-four.

The "A" section of the independent basketball classic got underway last night, as Niagara dumped Negaunee Boosters' 69-63. The remaining first-round "A" games are set for Friday.

Shorelands trailed E-be-n throughout the game, but broke a tie in the final seconds. A 1-

# Habs Need New 'Rocket' For Playoffs

(By the Associated Press)

The aged businessman who's growing a paunch worked out with Montreal's troubled Canadiens Wednesday.

"I'm trying him out," Coach Toe Blake said in mock seriousness. "We'll see if he can beat out a couple of our guys. We're that desperate, you know."

Familiar Name  
The gentleman in question wore uniform No. 9. That, of course, identified him as Jacques Richard, the National Hockey League's all-time goal-scoring leader who retired at the end of the 1959-60 season.

That year, incidentally, was the last time the then-powerful Canadiens captured the Stanley Cup, symbolic of hockey's world series. Toronto beat Montreal 3-1 Tuesday night in the first game of this season's best-of-7 semifinal series.

No Leader  
"We haven't got a leader," moaned Montreal goalie Jacques Plante. "We need a guy to give you the occasional whack on the seat."

Each of the playoffs resumes tonight with Montreal at Toronto and Chicago at Chicago. Toronto and Chicago each has a 1-0 lead. Third games are scheduled with Toronto at Montreal Saturday and Chicago at Detroit Sunday.

Goalie Has Asthma  
Plante suffered an asthma attack before the Tuesday game and said he expects to be bothered with it for about a week, but will play. Defenseman Tom Johnson is still out with a fractured left cheekbone.

# Tacoma Farm Embarrasses NL Champs

(By the Associated Press)

Al Dark, the San Francisco amateur, has watched his National League champions in some like-warm performances this spring, but he was a bit embarrassed Wednesday, when the Tacoma farm club up and bopped the parent club 10-9 in an exhibition game at Casa Grande.

The little Giants trailed the big Grays 9-1 going into the eighth. Jesus Alou—the lone member of the three Alou brothers not with the parent club—got things rolling for the farmhands with a two-run homer in the eighth.

Then the firing really started. Jim Ray Hart cracked a three-run homer that finally tied it 9-9 in the ninth, and the winner came across on a triple by Ron Philter, two intentional passes, and a single by Marion Talbot that crossed-up "the big Giants strategy."

Bolin Bombed  
Bob Bolin was the victim of the eighth and ninth inning bombing as the Giants lost their ninth in 10 games. They are now 6-12 overall, but Dark said he won't start worrying until opening day. That's soon enough.

Wynn Works Out  
Early Wynn, hoping to show enough to stick with the Chicago White Sox and get a chance at victory No. 300, yielded only one single in a three-inning workout before Ed Fisher completed a 3-0 shutout against Washington at Sarasota.

Jim O'Toole, who has publicly stated that he wants Cincinnati's opening day pitching assignment and is out to get it, held the Los Angeles Dodgers to four hits for six innings. John Flavin finished up for the Reds with a no-hit stint in a 6-0 triumph at Vero Beach.

Phil Rookie Shines  
And rookie Marcelino Lopez, 19, a southpaw, pitched two-hit ball for six innings and contributed a two-run homer to a 16-hit attack that gave Philadelphia a 9-2 triumph over Kansas City at Bradenton.

Peppone Belts Pair  
Joe Peppone drove in five runs with two homers as the New York Yankees defeated Minnesota, 7-6 at Orlando, the Los Angeles Angels edged Boston 4-3 at Scottsdale, the Chicago Cubs outlasted Cleveland 12-11 at Tucson and the New York Mets defeated St. Louis 6-4 at St. Petersburg.

Turley Trampled  
Catcher Ed Sadowski was the No. 1 gun for the Angels, belting a decisive ninth-inning homer after earlier doubling home a run and scoring one. Bob Turley, on trial with Los Angeles, was touched for three runs and six hits in a six-inning workout.

# Gwinn Team Gains 1st Spot In Lions Meet

GWINN — Gwinn Team No. 1 went into first place with a 2,963 to top the Pickford club in the Upper Peninsula Lions Bowling tournament, in its second weekend.

Ontonagon No. 1 was second with 2,921 and Munising No. 3 was third with 2,908. In doubles, the standing remains the same with Ray Akkala and Frank Hill of Chatham in first place with 1,258; followed by D. Haapala and F. Sakkylk of Escanaba with 1,250 and Tom Fellow and Leo Guizzetti of Gwinn with 1,209.

In the singles Ed Wolfe of Ontonagon went into first place with 656; K. Sakkylk of Escanaba had 660 and in third place is M. Bink with 648, also of Escanaba.

Matches will be rolled this weekend at 1 p.m. on Saturday and Sunday with two teams from Republic, two from Rock, two from Munising, three from Chatham and one from Ford River rolling Saturday.

In the doubles and singles Republic, Chatham and Negaunee will be rolling. On Sunday, teams from Ford River, Rock, Treary, Chatham and Champion are scheduled and in the doubles and singles Lions from Rock, Gwinn and Menominee will be rolling.

O'Donnell scored 21 for Niagara somewhat surprising. Badger, Ricki had 13 for Boosters. Niagara meets Munising Dewry's at 7 p.m. Saturday in the "A" quarterfinals.

The tournaments end Sunday night.

# Schwenke Heads Rod & Gun Club; U.P. Meet Next

The Upper Peninsula Rifle championships, here this weekend, are the first item on the calendar of the Marquette Rod & Gun Club, following the annual meeting.

Wayne R. Schwenke was elected president of the group with Larry Lohf as vice-president. Walter Naska as secretary-treasurer and Frank Donckers as executive officer.

The club discussed the recent Northern Michigan Sportsmen's Association convention, held in Negaunee, delegates reported, along with Ronald Hayes of Negaunee.

Donckers and Naska showed colored slides of a Wyoming hunting trip while refreshments were served.

The National Collegiate Athletic Association's service bureau which keeps tabs on such things reported Thursday that scoring in major college games dropped from a 141 average to 138.4 per game for both teams.

Deliberate Move  
"The figures substantiate the suspicion that coaches across the country deliberately took the racehorse out of basketball," the bureau said. "At least enough of them turned to the control game to result in an unprecedented decrease in the number of field goal attempts."

Field goal attempts were the lowest in 16 years. The colleges averaged only 127.3 shots at the basket compared with 134.5 the year before.

Midwest Leads  
For the fifth time in six seasons, the Midwest led the other sections in point-making, averaging 145.2 points a game for both teams. Largest decrease was in the South where scoring fell off 4.7 points a game.

The only section to show a scoring gain was the Far West. The Rockies had a slight gain—138.9 to 138.0—but the Pacific Coast leaped from 129.4 to 132.6.

# KC Sportscaster NMAC Hoop Fete Speaker, April 4

Bill Grigsby, the radio announcer who has done such a good job covering Northern's games at Kansas City, will be the featured speaker when the Northern Michigan Athletic Club holds its third annual basketball dinner, April 4, at 6:30 p.m., in the Hotel Northland.

Grigsby, whose home address is Excelsior Springs, Mo., (not far from KC), has been the radio voice of the Kansas City Athletics for four years, and has been a football and basketball announcer in Big Eight and Southwest Conference circles for 15 years.

On television, Grigsby has a bowl-ing show, and has done some free lance programming as well.

This year, following NMU's loss in the NAIA quarterfinals, Bill broadcast the NCAA Regionals in his area.

He's a University of Kansas graduate.

W. H. Treloar will be the toastmaster for the event, while NMAC president Harold Christensen will welcome the diners and Coach Stan Albeck will present his 1962-63 Wildcat squad.

# Bunning, Lary Raked In Exhibitions; Tigers Stopped By Burdette

WEST PALM BEACH, Fla. (AP)—It's a rare day when Jim Bunning gets rapped sharply, Frank Lary gets bombed and Detroit Tigers manager Bob Scheffing is unruffled afterwards.

It can happen only in spring training, the time when Scheffing finds encouragement in the little things.

Little things like Lary continuing to throw with a loose, natural motion although the batters tee off on his pitches, or Bunning coming the first Tiger to pitch a complete game although giving up six runs and losing.

Lost To Braves  
Bunning was roughed up Wednesday for three runs in the first and third innings as the Tiger regulars lost 6-1 to the Milwaukee Braves in an exhibition game here.

In 'B' Game  
Lary, making his third appearance in his comeback from last year's shoulder injury, went four innings in a "B" squad game at Lakeland. The Cincinnati Reds pounded him for seven hits and eight runs, five unearned, in four innings. The Reds won 9-5.

"Bunning gave up only two hits over the last five innings," said Scheffing. "I liked the way he grew stronger towards the end."

Scheffing has no doubt Lary will make a successful comeback.

"I'm not concerned about him," said Scheffing after receiving the

# Player, Pott Palmer Picks In Masters

NEW YORK (AP)—Watch out for the three P's—Palmer, Player and Pott—and write off the amateurs, oldsters and outsiders in next week's Masters Golf Tournament, Fred Corcoran said today.

"I'd have to pick Arnold Palmer to win again," the director of the International Golf Association added. "He is playing superbly—hitting his approach shots right on the pin and putting exceptionally well."

On Top Of Game  
"Gary Player also is on top of his game and supremely confident. Of the outside threats, you have to take Johnny Pott. He is a tremendous hitter who will be favored with starting the PGA tour toward its present multimillion-dollar status, has returned home after watching a dark horse, Dan Sikes, win the Doral Open—the second long shot in as many weeks to whip the top pros in Florida. Ray Floyd captured the St. Petersburg Open the week before.

"Nobody is going to come out of the clouds to win the Masters," Corcoran said. "The Augusta course is too big and too tough. It takes a finished golfer to whip it."

The Masters is scheduled April 4-7.

# College '5s' Slow Down Scoring Pace

(By the Associated Press)

They put up the "whoa" sign this season in racehorse college basketball.

The National Collegiate Athletic Association's service bureau which keeps tabs on such things reported Thursday that scoring in major college games dropped from a 141 average to 138.4 per game for both teams.

Deliberate Move  
"The figures substantiate the suspicion that coaches across the country deliberately took the racehorse out of basketball," the bureau said. "At least enough of them turned to the control game to result in an unprecedented decrease in the number of field goal attempts."

Field goal attempts were the lowest in 16 years. The colleges averaged only 127.3 shots at the basket compared with 134.5 the year before.

# Finalists Came From Fringes Of Michigan

The eight finalists in the State High School basketball tournament left vast areas in the center of the state unrepresented.

New Buffalo, Houghton's Class C opponent, is the Michigan city closest to Illinois, in the extreme southwest corner of the state (appropriately enough, playing one of the farthest north "C" schools to be found in the state).

Lenawee County, on the Ohio border between Hillsdale and Monroe, was bursting with pride over two finalists — Class A Adrian (smallest of the "A" leaders at 1,400-plus students) and Class D Britton-Macon.

Adrian met Ferndale, a Detroit suburb, while Britton-Macon opened long-distance relations with Negaunee St. Paul.

River Rouge, as usual, gave Detroit suburbia another representative, on the downriver side. Rouge met Hudsonville Unity Christian, from the heavily-Dutch area west of Grand Rapids.

### Fruit Cocktail

ACROSS

- 1 Palm fruit
- 5 Smyrna
- 8 Pome fruit
- 12 Genus of true olives

### Congolese Soldier Shoots White Man

ELISABETHVILLE, Kafanga, the Congo — A Congolese soldier shot a white foreigner to death because the white man didn't obey an order to get off the sidewalk fast enough to suit the soldier.

The victim was Simon Asher, 55, believed to be an Israeli.

### Expectant Mothers Warned Against Drug

LONDON (AP) — Expectant mothers have been warned against using a tranquilizer drug used to treat severe depression and an anti-travel sickness pill. Experts fear that the drugs might cause malformed births.

Two doctors writing in the medical magazine, The Lancet, said rabbits dosed with the tranquilizer Imipramine — known commercially as Tofranil — produced a high percentage of deformed young.

## MIGs Fire On U.S. Cargo Ship; Kennedy Calls Meeting Of NSC

MIAMI, Fla. (AP)—The captain of the merchant ship Floridian said today two Soviet-built MIGs fired shots across the bow and set off a fire Thursday 20 miles off the coast of Cuba and he flashed an immediate distress call to the Coast Guard in Miami.

U.S. Navy jets from Key West, Fla., did not reach the scene of the incident until 55 minutes later, the second engineer, Norman Peoples, of Dania, Fla., reported. Circle For 20 Minutes.

"The planes appeared and circled the ship for about 20 minutes," Capt. Curtis Olson told a news conference aboard the ship shortly after the Floridian reached here under escort of U.S. fighter planes.

After the first firing pass by the hostile jets, Olson said, his reaction was: "This couldn't be happening to us."

The Floridian was traveling at 15.4 knots when the planes approached and stepped its speed to 17 knots during the strafing, but remained on normal course, Olson said.

The third firing pass was across the bow at less than 100 yards, he said.

Radioman Donald Fisher said he was off duty and just "roaming around the ship" when he heard the first burst of fire and "someone said, 'Oh, that was just a sonic boom.'"

Fisher lives at 51 Redlands Road, West Roxbury, Mass.

MOSCOW (AP)—The Soviet Union today demanded that the United States pay damages for a Cuban exile commando raid that crippled the Soviet freighter Baku three days ago.

"Then we saw splashes and we knew it was no sonic boom," he estimated the first shots were at 5:40 or 5:45 p.m. and he sent the first distress call at 5:55 p.m.

Olson said 15 to 30 shots were fired by the planes on their third pass.

"They were explosive shells," he said. "They exploded in the

water and I observed a pale gray smoke."

**Without Warning**

Harold Keane of Philadelphia, chief mate, photographed the MIGs in action, Olson said, "but I believe those pictures are in Washington now."

Olson said he was on the bridge when the first shots were fired without warning. He identified the shots as coming from machine cannon.

"The planes were very dark green in color," he said. "There appeared to be a white or tan circular insignia around the fuselage, but we could not make it out."

"I could tell they were MIGs, but what type of MIGs I cannot say."

The ship was flying a 4x6 foot American flag at the time, he said.

WASHINGTON (AP)—President Kennedy called the executive committee of the National Security Council into session today

amid a new wave of tension over Cuba.

The inner strategy group, formed during last fall's Cuban crisis, was faced with these developments at its noon meeting:

1. Thursday night's report by a U.S. vessel that two unidentified jet planes shot at it in international waters off Cuba's north coast. The 4,600-ton ship, the Floridian, until, sailed on toward Miami under U.S. air escort.
2. The withdrawal of Soviet soldiers from Cuba, which the United States deems disappointingly slow. Latest U.S. estimates place 13,000 to 14,000 Soviet military personnel still on the island.
3. Hit-and-run raids by anti-Castro exiles, which Washington fear could make the Caribbean situation worse.

On the Soviet troops question, U.S. sources said several hundred more Soviet personnel have been observed leaving Cuba since Kennedy estimated March 21 that 3,000 troops had been pulled out. Some 400 were reported to have steamed from Cuba aboard the

Soviet liner Baltika last weekend.

With the earlier estimate of Soviet military strength in Cuba at 17,000, the withdrawals would lower the number left to less than 14,000. This is a slower withdrawal rate than Washington had hoped for and authorities said it is not yet known here what kind of personnel have been sent back to the Soviet Union—whether combat soldiers or technicians.

Kennedy indicated that by the end of March the U.S. government would have a clearer idea of what the Soviet withdrawal amounts to.

Administration authorities also showed rising concern over the free lance raids by Cuban refugees. Reports from Miami Thursday said two anti-Castro groups, Alpha 66 and the Second National Front of Escambray, are preparing still another assault.

**Situation Different**

Two Soviet ships in Cuban harbors were attacked by anti-Castro raiders March 18 and 26. The U.S. government has officially condemned the forays as ineffective, irresponsible and tending only to strengthen the Communist grip on Cuba.

## Police Solve State's Biggest Bank Robbery

DETROIT (AP)—The FBI and Livonia City Police today said they had solved Michigan's biggest bank robbery, the \$153,000 holdup of the Bank of Livonia Jan. 29, and issued a warrant against a Livonia man.

The federal warrant charged William Mauss, 28, of Livonia, with bank robbery. The FBI said he had fled Livonia early in February, and is believed to be in the southwestern United States.

Officers said the first break in the case came several days ago, when Mauss' mother, Mrs. Emma Mauss, turned over \$15,340 to police. The money is believed to be part of the biggest bank robbery haul in state history.

## 4 Persons Die In Boston Fire

BOSTON (AP)—Four persons perished and at least 25 were injured today in a pre-dawn fire that swept the Sherry Biltmore Hotel on Massachusetts Avenue.

Firemen carried about 75 persons down ladders from the old brick building. Among those rescued were members of the cast of "The Sound of Music" now playing in a downtown theater.

Party

Most of the cast was attending a party on an upper floor. They were unable to leave by a door and climbed out a window. About 40 of them lined up on a narrow ledge and waited until firemen raised aerial ladders.

The dead—two men and two women—were not immediately identified.

**General Alarm**

A general alarm was sounded for the blaze which broke out on the fourth floor shortly before 4 a.m. Fire officials said the cause was not determined immediately, and set damage at about \$100,000.

## Victim Makes \$2 In \$8 Robbery!

BUFFALO, N.Y. (AP)—An 82-year-old widow came out \$2 ahead when two bandits held up her delicatessen Thursday.

Rose Deziak told police one man ordered a package of cigarettes and gave her a \$10 bill. She stuffed it in her apron and went to the cash register to make change.

The man pulled out a gun and scooped up the bills in the cash register, she said.

He got \$3.

## The Weather

Forecast for Marquette and vicinity: Cloudy and windy with scattered rain showers tonight, low in the 30's; cloudy and turning colder Saturday, with some light rain and snow mixed likely, high around 40. Outlook for Sunday: Cloudy and cool with chance of snow and rain mixed.

Forecast for Lake Superior: Advisory gale warnings in effect. Northwesterly winds 35-45 MPH tonight, decreasing to 20-30 MPH Saturday. Chance of rain and snow mixed.

Data for 24 hours ending at noon: Temperatures—40 at 6 a. m., 51 at noon; highest in last 24 hours, 51 at noon today; lowest, 34 at 10:30 p. m. yesterday.

Relative humidity at noon—57.

Precipitation—Trace in last 24 hours; total to date this year, 3.61 inches; normal to date, 5.32 inches.

Sun rises at 6:34 a. m. and sets at 7:15 p. m. tomorrow.

Records for March 29—Maximum temperature, 81 in 1910; minimum temperature, -5 in 1885; most precipitation, 1.21 inches in 1924.

## Negroes Plan More Marches In Mississippi

GREENWOOD, Miss. (AP)—Vowing to make Greenwood and Leflore County what they call "a testing ground for democracy," Negroes planned another march on the county courthouse today in their drive to register as voters.

Police, using a trained dog and aided by civilian volunteers equipped with riot clubs and wearing yellow Civil Defense helmets, have twice dispersed the marchers.

The Rev. D.L. Tucker, a Greenwood Negro minister who led Thursday's march, claimed he was bitten by a police dog. Police said he was faking.

**Not Bitten**

Police Commissioner B.A. Hammond said Tucker was examined and definitely was not bitten. However, Dr. Mabel T. Garner of Greenwood said she treated the minister for "several severe bites" on his left ankle.

Tucker described the incident later as another in a series of voter registration rallies being held at his church, the Turner Chapel African Methodist Episcopal church.

"All at once a large police dog jumped out," Tucker said. "Somebody yelled 'There's that black nigger preacher!' 'Kill him!'"

"The dog lunged. The whites

yelled 'Kill him!' The dog knocked me down and grabbed my leg."

"A policeman said, 'Get up you black nigger, you're not hurt.' 'I tried, I couldn't. Two of my brothers carried me.'"

The policeman told Mr. Tucker said, to get a cab. The minister quoted the officer as saying "I can't hold them back much longer. They want to kill you."

**No Arrests**

No arrests were made Thursday. The previous day, 11 marchers were jailed. Six have been convicted in City Court of disorderly conduct. Sentencing was delayed. One man was released, two cases were dismissed, another was postponed. One defendant, Lawrence Guyat of Chicago, was cited for contempt.

Guyat was cited after he interrupted testimony by Police Chief Curtis Lary to object to the Chief's opinion that the demonstration threatened to turn into a riot.

**Outnumber Whites 2-1**

Tucker urged the 400 persons at the rally to continue the voter registration drive.

Negroes outnumber white residents nearly 2-1 in Leflore County, which has a population of 48,000. The Justice Department's most recent survey of the county says about 470 Negroes are registered voters.

## U.S. Presses For Link Between Kennedy, Niki

GENEVA (AP)—The United States pressed the Soviet Union today for the establishment of a direct permanent communications link between the leaders of the two powers to avoid the risk of war by accident or miscalculation.

**Cuban Crisis**

U.S. Ambassador Charles C. Stille told the 17-nation disarmament talks the Cuban crisis demonstrated the need for improved continuous and reliable communications between the leaders of the

two major military powers, the United States and the Soviet Union.

He said the U.S. government "is prepared to act quickly in settling up a permanent line which could be used both for teletype and voice communications."

**American End**

He said the American end of the line would be in the National Command Center which maintains continuing contact with the President and his principal assistants.

## Girl Beaten To Death By Unknown Assailant

GRAND RAPIDS (AP)—A 12-year-old Negro girl was beaten to death today and a young sister suffered a scalp laceration in a mysterious attack at their home.

Dead was Mary Alford, one of seven children in the family of Mr. and Mrs. James Alford. Her sister, Sherill, 8, was reported in good condition.

Police believed the death weapon possibly was a tire iron whose single blow struck the victim on the forehead.

Sherill's screams and the slam of a front door awakened the Alford couple. Alford seized an unloaded rifle and ran downstairs to investigate the door noise while Mrs. Alford went to the children's bedrooms.

The mother found the older girl on the floor. Sherill told officers she saw and heard no one and was awakened when hurt.

"That may be difficult to understand for some, but it is not difficult for me to understand, because we faced that night the possibility of launching nuclear weapons and Khrushchev knew it," McNamara said. "And that is the reason, and the only reason, why he withdrew those weapons."

He also said there is nothing in the U.S. arsenal to match for range—plus mobility—the medium range ballistic missiles the Soviet Union set up in Cuba.

**HI-POCKETS**

I ALWAYS HAD A TENDENCY TO PAY MY NEWSPAPER-BOY

EACH COLLECTION DAY

## U.S., Soviets Near Standoff In N-Strength

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara has told Congress the United States is entering an era of a nuclear standoff with the Soviet Union—a time when neither can launch a nuclear attack without getting one in return.

But despite that prospect, McNamara declared this country intends to win the cold war and "I believe in a reasonable sense of the word we are winning."

"Our objective," he said, "is defeat of the Communists. I do not believe we can achieve that victory by engaging in a strategic nuclear war. I think that kind of stalemate will become increasingly more controlling with the passage of time."

**No Soviet Superiority**

McNamara dealt with this potential "mutual deterrence" during six days of closed-door hearings which began Feb. 6 before a House Defense Appropriations subcommittee that questioned him about the Pentagon's budget.

A censored transcript of his testimony was made public today.

"In no sense of the word is there Soviet nuclear superiority today," he asserted, "nor is there nuclear parity measured in terms of numbers of weapons."

Regardless of his theory of mutual deterrence, McNamara preferred not to describe it as a stalemate.

"Stalemate implies lack of action and I visualize our military program leading to the contrary," he said. "I visualize it leading to action in the foreign policy field."

**American Aim**

The American aim is to "advance the cause of freedom throughout the world," he said, "and to do this in a way that protects our own national security, which means we are not prepared to destroy our nation in the process of attempting to advance freedom elsewhere in the world."

During the six days in the witness' chair, McNamara ranged over issues of war and peace in the past, present and future.

As for the Cuban crisis, the defense secretary said the administration made no deals with Soviet Premier Khrushchev to get him to withdraw offensive weapons from Cuba last fall.

American nuclear might forced the Kremlin to back down, he said.

**Only Reason**

"That may be difficult to understand for some, but it is not difficult for me to understand, because we faced that night the possibility of launching nuclear weapons and Khrushchev knew it," McNamara said. "And that is the reason, and the only reason, why he withdrew those weapons."

## Mother Begg Sought Youth To Surrender

WHITE LAKE TOWNSHIP (AP)—The mother of a youth wanted on a murder charge in the savage beatings of a boy and his sister begged her son today to surrender.

Mrs. Goldie Case, who has four other children, made a tearful plea in an interview that her son, Carl, 19, "come home, or get in touch with us."

"I'd stick by him," Mrs. Case said.

Case, a resident of Green Oak Township, is charged with murder in a warrant issued Thursday in the tire iron beatings of the boy and girl.

Leonard C. Reed, 16, of White Lake Township died Wednesday several hours after he was attacked on a lonely road. His sister, Naomi Jean, 14, has not regained consciousness since the attack.

**May Loss Sight**

Doctors said that if the girl lives she probably will be blind.

Oakland County Prosecutor Jerome Berry Jr. has obtained a murder warrant against Case. U.S. District Court Judge Thaddeus Machowicz then signed the federal fugitive warrant.

## Smallpox Epidemic Kills 300 In India

CALCUTTA, India (AP)—Thousands of Hindus and Moslems in the Gaya district of Bihar State are trekking to temples and mosques to pray day and night for survival. Smallpox there has killed more than 300 people in 2 1/2 months.

More than 100 have died in Gaya City, authorities said today, and almost 1,000 are ill with either measles or smallpox. They said the pestilence shows no sign of ending.

## U.S. Business Outlook Seen Brightening

WASHINGTON (AP)—A perceptible brightening of the business outlook has caused the administration to boost—unofficially—its estimate of national output in 1963.

The pickup now foreseen is too slight to cause a drop in the high rate of unemployment, official sources said, but it should prevent any further rise in joblessness and has virtually dispelled fears of a recession this year. It also could improve the federal budget outlook slightly.

**Tip Off**

Highly sensitive business indexes now point to a better than anticipated spring, but the tipoff to a shift in administration thinking came from Dr. Walter W. Heller, chairman of the President's Council of Economic Advisers, in a speech last Monday to the Magazine Publishers Association.

Heller dropped the hint so guardedly that reporters did not pick it up. National production, he said, should total \$378 billion to \$380 billion in 1963. His January forecast was \$378 billion.

**Deliberate**

Administration sources said today that Heller's phrasing was deliberate and significant. National output could go \$1-billion to \$2-billion higher than was foreseen only 2 1/2 months ago; the \$378 billion figure is now in the lower range of expectations.

The improvement should create enough new jobs to absorb the year's crop of new entrants to the labor force, it was estimated, but not enough to take up any of the idle capacity in industry or reduce the unemployment rate from the unsatisfactory area of 6 per cent. It was 6.1 per cent last month.

**No Let Up**

There will be no letup, therefore, in Kennedy's pressure on Congress for tax reductions as business stimulant, officials emphasized.

They pointed out that a total output of \$380 billion would represent only a \$26-billion increase from last year—very slightly more than the \$25-billion rise in 1962 which failed to prevent rising unemployment.

A spring upturn is suggested by the leading indicators, a group of business indexes whose changes generally anticipate the direction of up or down trends in the economy as a whole.

**All But 4**

Of the 17 such indicators so far available for February, all but four showed rises. This was the best showing since the late summer of 1961 when the business recovery was gaining momentum—a momentum that diminished in 1962.

The signposts which point up include a longer work week, a drop in new claims for jobless pay, a rise in permits for new housing starts, a decline in business failures, an upturn in the stock market and a gain in long-range buying orders for production materials.

## Butler Sought In \$640,000 Jewel Theft

ROME (AP)—Jewels worth \$640,000 were reported today to have been stolen from the former Mrs. Harrison Williams, longtime world figure in European and New York society.

Police said Mrs. Williams, now Countess Edward von Bismarck, and her 60-year-old fourth husband discovered the loss Thursday.

**Butler Missing**

Police said the count's butler, Angelo Valentino, 32, is missing. A nationwide alarm went out for him.

Also missing was a gold table service. Its value was not announced.

Police said the jewels, which were insured, include a \$48,000 pair of diamond earrings, a \$96,000 diamond necklace, an \$80,000 heirloom emerald necklace, and two pairs of jeweled earrings worth \$241,000.

**Fails To Return**

Police said the butler's wife told in tears of seeing her husband leave with a silver candelabra and a silver bowl while the Von Bismarcks were away.

The butler's wife said she persuaded her husband to return the objects and he left to get them. She said that was the last she saw of him.

## Billie Sol Convicted

EL PASO, Tex. (AP)—At least part of the Billie Sol Estes maneuver in farm finance were fraud and not just a method of doing big business, a federal court jury decided Thursday.

Unless the appellate courts disagree, the chubby, round-faced promoter could draw prison terms totaling up to 25 years. U. S. Dist. Judge R. E. Thompson said sentence will be passed in about two weeks.

## GM, Ford Okay Bid By UAW

DETROIT (AP)—General Motors Corp. and Ford Motor Co. have accepted a United Auto Workers invitation to discuss setting up study committees in advance of formal 1964 contract negotiations.

GM Vice President Louis Seaton and Ford Vice President Malcolm Denise accepted the invitation in separate letters to UAW President Walter Reuther Thursday.

Chrysler Corp. and American Motors Corp., which were included in the invitations Reuther wrote last week, have yet to respond. The union's three-year contracts with the Big Three expire Aug. 31, 1964, while the AMC pact expires one month later.

## Blue Cross Rate Boost Conditional

LANSING (AP)—Insurance Commissioner Sherwood Colburn has announced that Blue Cross will be granted a 23.4 per cent rate increase if it lives up to standards set by the commission.

Colburn gave his ultimatum following months of wrangling after the Michigan Hospital Service (Blue Cross) had asked for a 29.3 per cent increase.

"This gives them every penny they need to keep going for another 18 months," Colburn said. "We are also spelling out the safeguards they must meet to make them responsible to the public."

Members of the Blue Cross board decided at a meeting ending early Friday that many of the commission's demands were "unwarranted intrusion by government in the internal affairs of a private corporation."

Management was directed to study ways to implement some and report back at a special meeting of the board on April 11.

The medical care group, meeting Wednesday night, charged the commissioner was going beyond his authority.

Frank Starr, deputy executive director of Blue Shield, said Colburn's demands were "unwarranted intrusion by government in the internal affairs of a private corporation."

Blue Cross had asked for a rate hike of 29.6 per cent on all group, comprehensive, group economy, group conversion, non-group and senior contracts. It also asked a 10 per cent rate increase on the group remittance \$50 deductible contract.

**3.5 Million Covered**

Because of immediate need, Colburn said, he was authorizing an increase of 23 per cent on all plans other than the group remittance \$50 deductible contract, which was allowed an increase of eight per cent.

About 3.5 million people in Michigan are covered under both the Blue Cross and Blue Shield plans.

**Requirements**

The hospitals should be required to, Colburn said:

1. Adopt effective systems of cost accounting, furnish annual statements to the commission, have their books audited by established firms and have annual operating budgets.
2. Develop a new payment formula designed to pay only for services used by subscribers and covered by contracts.
3. Develop a fair and reasonable formula for payment for outpatient services.
4. Open non-group and senior citizen enrollment not later than August 1, 1963.
5. Establish committees to make recommendations in such areas as subscriber rates and contracts, especially clarifying and simplifying the language.

If they comply with these terms, Colburn said, the increase would take effect June 1.

## House Unanimously Okays 2 U.P. Mining Bills

LANSING (Special to The Mining Journal)—Two bills aimed at giving tax relief to iron ore mining operations in the Upper Peninsula received unanimous approval in the House of Representatives this morning, Rep. Dominic Jacobetti, D-Negaunee, advised The Mining Journal.

He said House Bill 290, which would equalize evaluations on mining and non-mining property, particularly on the Menominee and Gogebic Ranges, where a wide discrepancy in evaluations now exists, passed the House 107-0.

**Specific Tax Proposal**

House Bill 635, which Rep.

Jacobetti introduced, passed the House 106-0. It would change the tax structure for underground iron mines by removing those mines from which ore is agglomerated from the ad valorem tax rolls and placing them instead under a specific tax based on production.

Both bills now go to the Senate,

where quick approval is anticipated.

**Backed By Management, Labor**

The bills have the endorsement of the iron ore producers and the United Steelworkers.

(Editor's note: Earlier this morning directors of the Marquette Chamber of Commerce went on

record favoring passage of both bills after hearing an address by Ralph Magnuson, Ishpeming, chief mining engineer for the Cleveland Iron Co., who explained the importance of the proposed legislation to the economy of the Upper Peninsula.)

record favoring passage of both bills after hearing an address by Ralph Magnuson, Ishpeming, chief mining engineer for the Cleveland Iron Co., who explained the importance of the proposed legislation to the economy of the Upper Peninsula.)

# Tomorrow Deadline For Obtaining Absent Voter Ballots In City

Tomorrow is the deadline for application of absent voter ballots for the biennial state and municipal election to be held on Monday.

For this purpose, City Clerk Everett H. Kent will keep his office (normally closed on Saturdays) open tomorrow continuously from 8 a. m. to 2 p. m., through the lunch hour, for the purpose of issuing absent voter ballots.

The 2 p. m. deadline for issuing absent ballots is set by state law. County Clerk Lloyd LeVasseur of Marquette urges persons who know they will be out of their respective voting precincts on Monday or who are unable to go to the polls for illness or some other reason, to vote by absent ballot.

Up to today, in Marquette alone, 156 absent ballots had been issued for Monday's election, or more than three times the number that had been given out by the clerk in the same period for the municipal primary election in February.

With the various referendums, state contests and city contests scheduled in Monday's balloting, a sizable turnout is anticipated, as reflected in the absent voter totals.

**Written Requests Needed**

"There'll probably be lines forming for absent ballots as the deadline nears," Kent said, "so those persons who intend to vote by absent ballot and who haven't yet applied are urged to come into the city hall early tomorrow to get their ballots."

Only one set of absent ballots may be issued per written request. Hence, if more than one person in a family votes by absent ballot, separate, written requests must be made for each set of absent ballots desired. Kent emphasized.

In Monday's election, city voters will cast their preferences for candidates seeking eight state offices (24 are nominated, from the two major parties, Republican and

Democratic, and from one minor party, the Socialist Labor).

**Supreme Court Justices**

They also will vote for not more than two candidates for justice of the Michigan Supreme Court (two have been nominated by each major party, but run on the non-partisan ballot).

Major state-wide interest centers on the proposed new constitution, which will be adopted by a simple majority vote on the referendum ballot, with the question reading: "Shall the revised constitution be adopted?"

**Tax Levy Referendum**

Marquette County electors also will vote on the proposal to extend the two-mill tax levy for general purposes for another five years.

This proposal has been strongly endorsed by the Marquette County Board of Supervisors, which notes that the money will be used, as in the past, for welfare purposes only.

City voters also will choose two city commissioners, for two-year terms; two supervisors, also for two-year terms, and a municipal judge, for a six-year term. The commissioners serve in a dual capacity as supervisors, under self-appointment.

Absent voter ballots must be marked and returned to the clerk's office before the close of the polls Monday. Polls are open from 7 a. m. to 8 p. m., Eastern Standard Time, in Michigan.

**Information Required**

The following information is required from persons requesting absent voter ballots:

1. The reason the voter is unable to go to the polls Monday.
2. The address of the voter.
3. The signature of the voter.

**County Gives \$100 For U.P. Legion Parley**

Marquette County's board of supervisors will contribute \$100 in advertising for the Upper Peninsula American Legion convention to be held in Marquette June 20-23.

Action to make the appropriation was taken at this week's monthly meeting of the board, held in the courthouse here, following a report made by the board's budget and executive committee.

The supervisors noted that this amount is similar to that allowed by the board in 1959, when the annual convention of the Legion last was held in Marquette County.

A huge parade and other activities are among the events being planned for the convention, which is expected to attract several thousand people here, according to the American Legion Convention Corp.

**Tourist Guide Request**

Ordered referred to the budget and executive committee for a study and report was a request from Roy Tresidder, Ishpeming, publisher of the Marquette County Tourist Guide, for advertising by the county in the tourist publication.

Tresidder said the county's support has helped to have him improve the quality and contents of the guide each year. He asked for \$125, which would be the same contribution made by the county last year.

**Romney Talks To Press Club In State Week**

DETROIT — Michigan Week '63 has scored an important "first" with the acceptance by Gov. Romney of an invitation to address the National Press Club in Washington, D.C., May 22.

William H. McLaughley, chairman of the 17-member Manufacturing Committee of Michigan Week, said the committee originated the idea for the Governor to address the nation's press corps in the middle of Michigan Week activities in order to acquaint the nation with Michigan's recent progress and future industrial potential. Top Michigan Week officials also prevailed upon the Governor to accept the invitation, extended by Bryson Rash, president of the National Press Club.

**Other Engagements Sought**

It marks the first time that any Michigan Governor has addressed the National Press Club while in office. Forty of Michigan's leading industrialists and educators are planning to accompany Gov. Romney to Washington to attend the luncheon, Michigan's 20 con-

**County's Relief Costs Up 9 Per Cent; Food Distributed To 6,088**

Marquette County's relief costs last month were higher than both January and the corresponding month a year ago, James B. Scanlon, Nezaunce, director, Marquette County Social Welfare Department, reports.

Relief costs last month totaled \$72,292.58, an increase of \$6,039.45, or 9.2 per cent, over the figure for February 1962.

**Direct relief commitments went up \$968.13, to \$20,510.99, while social welfare expenses amounted to \$51,731.59, a drop of \$543.62 from the January totals.**

Direct relief costs, such as surplus food and clothing, etc., for those under 65 and determined to be in need, are shared with the state on a 70-30 basis. But the county must pay for all of the costs of administering the social welfare program, including hospitalization, which is by far the largest single item in relief expenditures.

**Surplus Food Report**

Surplus food last month was distributed to 349 public assistance families and 1,307 non-relief cases, with the total representing 6,088 persons.

**Commodities distributed included beans, butter, peanut butter, white flour, cheese, dried milk, rice, chopped meat, rolled wheat and shortening totaling 58,354 pounds.**

# County's Relief Costs Up 9 Per Cent; Food Distributed To 6,088

gressmen and two senators who make up the state's delegation in Washington will be invited to attend.

"The Governor's talk before the National Press Club will focus favorable attention on Michigan industry and bolster our national reputation as an important and growing industrial state. Other Michigan industrialists also are being urged to seek out and accept speaking engagements beyond the state lines as a missionary effort in behalf of Michigan's accomplishments and growth potential," McLaughley said. "Gov. Romney's example undoubtedly will spur others to carry the Michigan progress story to the 49 other states."

**Other Targets**

Under the slogan, "What Michigan Makes — Makes Michigan," the statewide Manufacturing Committee has established a number of other targets in its vigorous promotion of manufacturing during Michigan Week, May 19-25, McLaughley said. These include: colleges and universities, both public and private, describing projects under way which will contribute to immediate and long term employment and industrial expansion in the state.

Manufacturers, wherever possible, will key the introduction of new products, announcement of expansion programs, contributions to local communities, etc., to the Michigan Week period.

Additional continuing activities will include promotion of Michigan Week through in-plant programs and community activities. Among these activities will be: informational meetings with employees, plant tours, use of Michigan Week slogans on postage meters and as a greeting by switchboard operators, speakers for local meetings, and "Made in Michigan" signs and stickers on Michigan-made products and the cartons in which they are packaged.

**Dr. Merry Gets Biology Study Grant**

Dr. James Merry, professor of biology at Northern Michigan University, has received a grant to study at the summer institute of Radiation Biology at the University of Michigan, Ann Arbor.

The grant was awarded by the Atomic Energy Commission and National Science Foundation.

The six-week institute for teachers of biological sciences will be held June 24-Aug. 11.

**Intangibles Tax Deadline Extended**

LANSING (AP)—Taxpayers filing intangibles tax returns will be granted an extension of 15 days until April 15, the Department of Revenue reports. The returns normally are due March 31. Collections on the tax last fiscal year added up to \$31.7 million, of which \$9.5 million was returned to local units of government and \$4 million

originated the method and Ayres modified it.

**3 Months To Grow**

Ayres, a skin specialist and clinical professor of dermatology at the University of Southern California Medical school, said Thursday tiny holes are punched in the bald areas. Then hair follicles are taken from elsewhere on the head, soaked in a saline solution, and planted in the holes. Each graft is a little more than an eighth of an inch in diameter and 12 to 15 hairs, he said. Ayres says it takes about three months for the transplanted hair to grow to normal length.

# Harden Given Wayne State Alumni Award

Dr. Edgar L. Harden, president of Northern Michigan University, has received the distinguished alumni award from Wayne State University, Detroit.

The award, presented for the first time this year by the Wayne State College of Education, recognizes "outstanding contributions to education, professional leadership, and community service."

Other alumni honored were James M. Hare, Michigan's secretary of state, and Dr. Paul Johnson, assistant superintendent of schools in Livonia.

Harden was placed in the hospital bond redemption fund. The balance went to the state general fund.

**City Paragraphs**

A chimney blaze at the home of Winfred Sut, 402 Fisher St., was extinguished by city firemen at 9:50 last night. Firemen, responding with the No. 3 (1,000-gallon) pumper and the service truck, put out the flames by use of a booster hose off the service truck. No damage was reported. The blaze was due to a dirty chimney, firemen said. They returned to the station at 10:20 p.m.

## Lindberg, Caspian Bid Low On Road Projects In Marquette County

An Ishpeming company and a Caspian firm were low bidders on two road construction projects in Marquette County.

Proposals were opened this week in Escanaba on 13 State Highway Department construction projects.

**Lindberg & Sons, Ishpeming,** submitted a low bid of \$188,438 on a project calling for 1.1 miles of grading, culverts and paving on the M-28 Business Route in Ishpeming. Completion date for the work is July 31, 1964. There were four other proposals submitted.

**Caspian Construction Co., Caspian,** made the low bid of

\$31,783 on a project calling for construction of shoulders on U. S. 41 and M-28 between Marquette and Negaunee.

The completion date for this work is June 30, 1963. There were three other companies submitting bids.

**Baraga County Work**  
Fox Valley Construction Co., Appleton, Wis., made the low bid of \$462,294 on a project calling for 8.4 miles of grading, culverts and paving on M-28 from Michigamme north to Nestoria and to do some repair work on U. S. 41, in Baraga County.

There were five bids in all, with the completion date listed as Aug. 31, 1964.

**More Baraga Work**  
On another project, in Baraga and Iron Counties, Fox Valley also was the low bidder, in the amount of \$39,720, with the work being construction of shoulders on U. S. 2, between Iron River and Crystal Falls in Iron County, and on U. S. 41, south from L'Anse in Baraga County.

Completion date for this work is June 30, 1963. There were three other proposals.

**Big Norway Project**  
Major project on which bids were taken was the modernization of U. S. 2 at Norway, Dickinson County. It calls for 3.2 miles of four, five and four-lane divided highway construction on U. S. 2 in Norway. The present two and three-lane highway will be built to carry four lanes of traffic. About a half-mile of new highway will be built to carry two lanes of westbound traffic between "C" St. and the west city limits. The present highway will be modernized to carry two lanes of eastbound traffic.

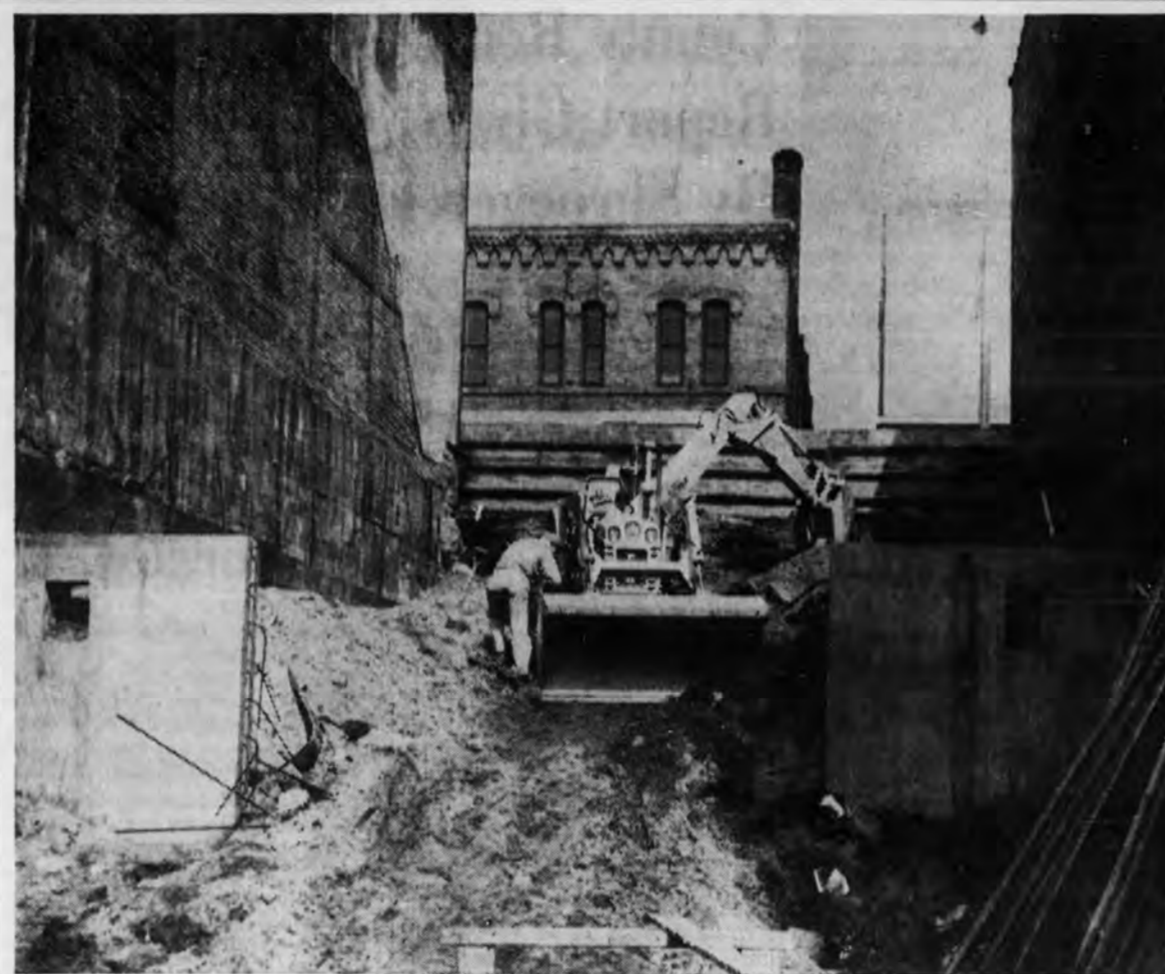

Completion date is Nov. 30, 1964. There were three bids.

Low bidder was Bacco Construction Co., Iron Mountain, \$819,920.

Another project was for 2.8 miles of modernization, including grading, culverts, widening of the present 22-foot roadway to 24 feet and paving on U. S. 2 from the east city limits of Norway east to the Sturgeon River. Completion date is Nov. 30, 1964. There were five bids, the lowest being that of Fox Valley, at \$208,594.

A Mackinac County project calls for 7.1 miles of paving on U. S. 2 from M-123, about seven miles north of St. Ignace, north to M-134. Completion date is Nov. 30, 1963. There were three bids. Low bidder: Hodgkiss and Douma, Petoskey, \$67,402.

A Delta County project calls for 4.2 miles of paving on County Road

Crew from the Menze Construction Co., Inc., of Marquette is shown preparing the ground for construction of the new Washington Shoe Store, which will be erected between Doncker's and the Firestone Store on Washington St. The 28 by 90-foot building will be completed this fall. The Washington Shoe Store in Marquette dates back to 1911. (Mining Journal photo).

## 11 Get 'Spot' Promotions At Sawyer

A lieutenant colonel and a major are among the group of 11 from the 410th Bombardment Wing at K. I. Sawyer Air Force Base who have been awarded "spot" promotions by Strategic Air Command.

Also promoted were seven captains and two gunners, members of the 644th Bombardment Squadron, as were the others.

"Spot" promotions are awarded SAC bomber and missile crew members as part of the command's incentive program for combat crew members. SAC is the only branch of the Air Force which awards such grade hikes.

Heading the list of officers promoted is Robert J. Thompson, a lieutenant colonel, who is chief of the wing's standardization division and the aircraft commander of crew S-28.

Other members of his B-52H "Stratofortress" crew selected for "spot" promotions were Francis D. Driscoll, the navigator, and James L. Hein, the electronic countermeasures operator, both of whom are now captains.

**Upped To Major**  
Promoted from captain to major was William G. MacLaren Jr., aircraft commander of crew S-13. Capt. Joseph K. Stapleton, his electronic countermeasures operator, was also given a spot promotion.

Capt. Paul R. Schmidt, navigator, and MSgt. Claude D. Barbour, gunner, both on crew S-16, and Capt. Alan S. Michael, electronic countermeasures operator, and Norbert L. Budzinski, navigator, both on crew S-04, were awarded one grade promotions.

Others receiving the one grade "spot" were Capt. James A. Bohan, navigator with crew S-12, and TSgt. Kenton C. Olson, gunner with crew E-11. They were the only two promoted who are not members of the wing's standardization division.

The 11 being the wing's total of men holding "spot" promotions to 19. The 11 are among the largest group to ever make the promotion at any one time from the wing.

The SAC board, which meets twice a year, uses various criteria in selecting the officers and enlisted men for promotions. Included are individual qualifications and crew capabilities of the men.

The promotions are retroactive to March 15.

Construction started on new Building For Shoe Store Here

## Construction Started On New Building For Shoe Store Here

Construction has been started on a new home for the Washington Shoe Store of Marquette.

The new building is being located between Doncker's and the Firestone Store, on W. Washington St.

The 28 by 90-foot building is expected to be completed by early fall. In addition to the main floor, there will be a full basement and a partial sub-basement.

The sub-basement will house the heating and air-conditioning plants and incinerator. The larger shipments of merchandise will be unloaded there. The building will also have a second story which will be available for office space rental.

**Menze Has Contract**  
The interior of the store was designed by Marcus Klawieter of the Weber Showcase and Fixture Co. of Grand Rapids, Mich. This

G. E. Johnson & Co., Marquette, heating and air-conditioning; J. & H. Electric Co., Marquette, electrical; Dressler & Sons, plumbing; and Vinette & Co., Escanaba, fire escape.

The store front will be finished in glazed ceramic tile. The interior design is unique in that the window display will extend inside the store and the shelving will be continuous—without the usual vertical mullions that divide the shelving into

426 north from a point about four miles northwest of Cornell. Completion date is Aug. 15, 1963. There were three bids. Low bidder: Payne and Doyle of Wisconsin, Milwaukee, \$38,908.

Lions District Head Speaks To Club Here

District Governor Adam Hines of Manistique inducted six new members into the Marquette Lions Club, at the organization's dinner meeting held in the Northern Michigan University Student Center last evening.

Inducted during Hines' visit were Robert Jacobs, Loren Marlowe, Robert Post, Jere Stafford, Gerald Kostizky and Tom McMillan.

Hines spoke briefly on the growth of Lionism—17,000 clubs in 118 countries in 45 years.

He noted that 1,824 dogs have been trained by the Leader Dog School at Rochester, which is backed by the Lions, and that District 10's loan fund has provided \$13,000 in loans for Upper Peninsula students attending U.P. colleges.

The district governor described his trip to the 1962 convention, in which 27,000 Lions jammed Nice, France. This is Hines' 41st club visit. There are 55 clubs within District 10 (the Upper Peninsula).

## Police Ticket Driver Here After Crackup

Two automobiles were damaged and a motorist was arrested, but no one was injured, in a traffic mishap at 9:25 last night in Marquette.

City police said an automobile being driven east on E. Michigan St. by Robert L. Oja, of 217 Spooner Hall, went to the left, striking a car owned by Bernice

K. Johnson, Hargrave Apartments, which was parked on the north side of the street, facing west, in the 300 block.

Police said Oja backed a way and continued driving down the street, but that a neighbor obtained a description of the vehicle and notified police, who apprehended him shortly after in the immediate area.

**Held For Leaving Scene**  
Oja told officers he drove to

the left due to a large rock outcropping on the south side of the street.

The left front of Oja's 1957 two-door sedan and the left front of the Johnson car, a 1959 two-door, were damaged.

City police gave Oja a summons for leaving the scene of a property damage accident and also ticketed him for failing to have his car under control.

sections.

In anticipation of the move to the new store, the bookkeeping system in the present store has been modernized.

The Washington Shoe Store dates back to 1911 when it was located at the site recently vacated by the A. & P. store. In 1915 the store was moved to the newly-built Elks Temple building and has been a tenant there since that date.

The owner of Washington Shoe Store is Sam Michelson, 116 E. Crescent St. It formerly was owned by Alfred Talbacka and John Lammi, in a partnership.

Later, Michelson and Lammi were partners in the business. When Lammi retired about 10 years ago, Michelson became the sole owner.

There are five persons employed in the operation of the store.

Construction started on new Building For Shoe Store Here

Construction has been started on a new home for the Washington Shoe Store of Marquette.

The new building is being located between Doncker's and the Firestone Store, on W. Washington St.

The 28 by 90-foot building is expected to be completed by early fall. In addition to the main floor, there will be a full basement and a partial sub-basement.

The sub-basement will house the heating and air-conditioning plants and incinerator. The larger shipments of merchandise will be unloaded there. The building will also have a second story which will be available for office space rental.

**Menze Has Contract**  
The interior of the store was designed by Marcus Klawieter of the Weber Showcase and Fixture Co. of Grand Rapids, Mich. This

## FRANZ MENZE Independent Candidate for the City Commission

**INTENDS TO WORK FOR THE FOLLOWING:**

- 1—Improve communication and co-operation between Citizens and City Administration.
- 2—Support of Municipal improvements.
- 3—To make the Manager form of City Government functional.
- 4—Retain control of Municipal Light & Power.
- 5—Protect the financial integrity of the City.
- 6—Support Community and Area Development.

These points are to be discussed over WDMJ-Radio on Saturday morning at 9:30, March 30, 1963.

Your Support in the Election on Monday, April 1, will be Appreciated

# Large Number Of Conventions Set In Region In April

April signals the start of a large number of conventions that will be conducted in the Upper Peninsula during the next four months, the Upper Michigan Tourist Association notes in its regular "calendar of events" service.

It's also the month for the start of festivals and exhibitions that dot the spring-summer calendar. And not the least of upcoming events is the opening of the trout fishing season on Saturday, April 27.

Escanaba, preparing for a big centennial celebration during the week of June 30-July 6, inaugurates a month-long 100th birthday observance with a "100 Years of Progress" Science Fair in its public high school.

One of the highlights of the April calendar is the annual

Northern Michigan University exposition, "Patterns for Progress," to be held in the field-house at Marquette.

In conjunction with the event, Junior Chambers of Commerce throughout the Upper Peninsula will join in conducting a contest to select a U.P. queen to represent the region at the "Miss Michigan" beauty contest later in the year.

Conventions in Marquette

Houghton and Marquette will be the sites of conventions the final weekend of the month.

Here's the April-May calendar of events listed by chambers of commerce and area organizations with the Upper Michigan Tourist Association here:

April — Smelt runs on streams emptying into Lakes Michigan and Superior (start of runs depending on conditions)

April 19-21 — Northern Michigan Exposition, "Patterns for Progress," at Marquette, with Junior Chambers of Commerce "Miss Upper Peninsula" queen contest being held in conjunction.

April 19-20 — Upper Peninsula high school forensics meet, Northern Michigan University, Marquette.

Bankers Meet in Marquette

April 22 — Opening of new Escanaba Area Public High School.

April 26-27 — Michigan Bankers Association convention, Marquette.

April 27-28 — Home and Garden Show, National Guard Armory, Sault Ste. Marie.

April 27-28 — Marquette Diocesan Council of Catholic Women's convention, Houghton.

DeMolay Parley in City

April 27 — Trout fishing season opens; extends through Sept. 8.

April 28-29 — Upper Peninsula Order of DeMolay convention, Marquette.

Week of April 29 — "One Hundred Years of Progress" Science Fair, Escanaba Area High School, part of Escanaba Centennial observance.

May 9 — Northern Michigan University Choir Concert and Northern Community Symphony in recognition of National Music Week, Marquette.

Music Festival Here

May 15 — Opening of Delta County Historical Museum, Escanaba.

May 18 — Upper Peninsula Junior High School Music Festival, Northern Michigan University, Marquette.

May 19-25 — Michigan Week.

May 21 — Opening of walleye fishing season.

May 24-25 — Sault Ste. Marie International Bridge dedication.

igan Exposition, "Patterns for Progress," at Marquette, with Junior Chambers of Commerce "Miss Upper Peninsula" queen contest being held in conjunction.

April 19-20 — Upper Peninsula high school forensics meet, Northern Michigan University, Marquette.

Bankers Meet in Marquette

April 22 — Opening of new Escanaba Area Public High School.

April 26-27 — Michigan Bankers Association convention, Marquette.

May 21 — Opening of walleye fishing season.

May 24-25 — Sault Ste. Marie International Bridge dedication.

BILL EVERT

## Evert Heads Automotive Unit Of C-C

Willard (Bill) Evert, sales manager at Olson Motors, Inc., was named chairman of the Marquette Chamber of Commerce's automotive division at an organizational meeting this week.

Co-chairman of the 1963 automotive division will be Richard McQuaid.

60 In Division

About 60 persons are members of the division. They represent automobile dealers, parts wholesalers and service stations in Marquette.

Two projects, endorsed by the chamber board of directors, were assigned to the automotive division by Chamber President Harlan Larson. They are the sponsorship of an automobile safety check this spring and an automobile show next winter.

The safety check is being planned for mid-May. A working committee for the safety check includes Gail Young and John Stephenson.

Free Car Inspections

Working with the cooperation of city, county and state law enforcement officers, the automotive division plans to encourage all area drivers to have their cars inspected, free of charge.

Inspection by volunteer mechanics from automobile dealers and repair shops will result in a "safe-ty OK sticker," or attention of the driver will be called to services needed to bring his car to top mechanical condition.

Evert said that the safety check will probably be held from noon to 7 p. m. on a Friday in May and from 8 a. m. to noon on the following Saturday. After a week interval, cars which needed mechanical work may be reinspected.

Being planned for next winter is a city-wide auto show, with participation by all automobile dealers, parts dealers and house trailer dealers, Evert said.

## County Road Report Given By Shroeger

Construction and maintenance work carried out on highways in Marquette County last month was listed today by H. L. Shroeger, Marquette, superintendent-engineer of the road commission.

On state trunklines, 153.6 tons of rock salt, 4.3 tons of calcium chloride and 384 cubic yards of chlorided-sand were placed. Fourteen bridges were cleared of snow, seven culverts were thawed out and four "bump" signs were erected.

County Road Construction

Construction on County Road 557 in Forsyth Township continued throughout the month and accounted for the placing of 1,459 cubic yards of gravel.

Road and shoulder patching required the placing of 19 cubic yards of earth fill and 181 cubic yards of gravel.

Shroeger said 70.7 tons of rock salt, 7.5 tons of calcium chloride and 1,126.5 cubic yards of chlorided-sand were used in carrying out ice removal operations.

57 roadside signs were refinished, 3 signs were made, 49 signs were replaced and 15 "bump" signs were erected.

Fifteen culverts were thawed and 115 lineal feet of ditches were cleaned.

In addition, 10.7 miles of roadside brush were cut and removed, and four trees, averaging 36 inches in diameter were removed from the streets of Gwin.

## City Paragraphs

Daniel Ruskas, son of Mr. and Mrs. Samuel Ruskas, 1910 Westwood Rd., has made the dean's honor list at the University of Michigan. Students placed on this list must have completed 12 hours of credits or more and have earned a grade average of 3.50 or better for the semester. He is in the college of engineering and is a graduate of Graverat High School.

## Sen. Rahoi In Marquette Tomorrow

State Sen. Philip Rahoi, Iron Mountain Democrat, will be in Marquette tomorrow, Marquette County Democratic Chairman John P. McNamara, Negaunee, announced today.

Sen. Rahoi will appear tomorrow on WLUC-TV from 5:30 to 6 p. m. He will discuss the Democratic Ticket for the spring election and the Democratic Party's stand on the proposed constitution.

Michigan residents will vote on the proposed constitution in the election Monday.

Rahoi, whose 32nd State Senatorial District includes Marquette, Dickinson, Iron and Gogebic Counties, also will spend some time campaigning on behalf of Democratic candidates in Monday's election while in the county.

## U. S. Income Tax Return Questions

Travel Expenses

Employees may deduct travel and transportation expenses from their gross income, if not reimbursed, even though they use the standard deduction on Form 1040.

Travel expenses are defined as the cost of meals and lodgings while away from home overnight on business.

Transportation expenses are defined as the costs of vehicular

travel. This deduction does not require that you be away from home overnight. If you are an employee and are required to use your car in your work, you may deduct the cost of its operation. Such expenses include the cost of gasoline, oil, repairs and depreciation.

Itemize Deductions

Other business expenses, such as entertainment, professional and union dues, cost of tools, etc. can only be claimed if you itemize your deductions.

These items are claimed under the heading of "Other Deductions" on page 2 of the return. When reporting such expenses and the reimbursement, it is necessary to indicate on the return whether or not reimbursement was received for all such expenses.

Can Call Marquette Office

The instructions to Form 1040 gives a detailed explanation as to how expenses accounts should be handled.

Read the instruction book, and if you have a question, telephone the Marquette Internal Revenue Service office.

## Two Fined Here For Disturbance

Two Negaunee youths appeared in Marquette Municipal Court yesterday and two minors were turned over to county juvenile authorities as a result of a disturbance Saturday night in Marquette.

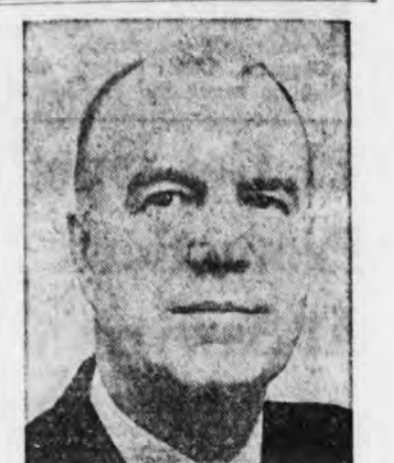

Judge Edward H. Dembowski ordered Roger L. Herman, 17, of 524 Lombard St., Negaunee, and Norman B. Laurila, 19, of 1020 Pine St., Negaunee, each to pay

finer of \$20 and costs of \$5.10 by April 5. For failure to pay the assessments, they will receive five days in the county jail.

Herman and Laurila and the two minors were apprehended by Marquette police following a disturbance on Westroad Rd., in the Brewery Location.

## French Electricians Stage Brief Strikes

PARIS (AP) — French electrical workers staged a series of brief surprise strikes Thursday, stalling Paris subways and suburban trains during the rush hour and leaving many commuters stranded. Lights blinked off in various parts of the capital.

## Sheriff's Staff Investigated 1,908 Complaints In Year

During the past year 1,908 complaints were received and investigated by the Marquette County Sheriff's Department.

Of the total, 1,802 were closed out during the year, with 106 remaining open, Sheriff Thomas F. Jernstad of Marquette reports.

Sheriff's officers made 29 felony arrests and 144 misdemeanor arrests during the year. These do not include traffic summonses issued. Also, 394 arrest and character record checks were made by the department during the year, and 1,294 persons were fingerprinted by department employees in 1962.

During the year six sheriff's officers worked a total of 8,506½ hours on turkey duties, 5,823½ hours on desk duty and 2,814½ hours on outside investigations. They worked a total of 1,488½ hours (186½ days) of overtime, in excess of normal work shifts.

## Mom Joins Daughter As College Coed

GRAND HAVEN (AP)—Earning tuition money by picking blueberries, a Grand Haven mother-daughter team has been accepted as members of the Grand Valley State College pioneer freshman class.

Mrs. Milton Reeths, 37, and her 17-year-old daughter, Charlotte, plan to enter the teaching field after college.

Mother Of 3

Mrs. Reeths, mother of three teenagers, has worked the past seven summers—five as field manager—on the Elroy Wallace blueberry farm nearby. Charlotte started at age 9.

Location of GVSC at Allendale was a major factor in the decision of Mrs. Reeths to resume her education after a 29-year lapse.

"...The challenge of a new college, close to home, which won't be too much of a financial burden on us inspires me," she said. "My husband's willingness to let me continue my education and the need for teachers were other reasons."

1943 Graduate

She graduated from Grand Haven High School in 1943. Charlotte graduates this year. Milton Jr., 15, and Gayle, 14, attend the school and also plan to enter GVSC.

Sheriff's officers made 793 investigations, within the county, for other police agencies and governmental units. The department looked into 102 reports of missing persons during the year.

Sheriff's officers wrote 137 letters of information and recommendation during the year, in addition to 1,732 pieces of routine office correspondence. They attended 27 appeal hearings and 31 special conferences in 1962. Nine deaths were investigated.

During the past year the department disposed of 151 dog complaints, transported 46 mental patients to hospitals, transferred 21 persons from the jail to prisons, returned four prisoners to Marquette from other states and brought 10 prisoners back here from other counties.

Sheriff's officers, during 1962, also issued 3,786 driver's licenses, 195 concealed weapons applications and 135 pistol purchase permits and registered 217 pistols and revolvers.

939 Civil Papers Served

Four applications for used car dealer licenses were investigated and approved, nine investigations of applicants for liquor license transfers were made and 939 civil processes for local courts and attorneys were served during the year. (The latter was not included in overtime hours, although service was done by deputies outside regular duty hours.)

Employees of the department attended court a total of 108 hours in the year.

During the year 899 persons were admitted to the county jail, serving a total of 10,835 days and being given 31,934 meals.

Worthless Check Violations

Sheriff Jernstad said that worthless check activity increased 64 per cent in Marquette County during the year, with 246 complaints involving a total of \$6,295.62 being received.

Investigations resulted in restitution received in the amount of \$4,604.18 and restitution of \$467.33 ordered by the court. Cases still pending at the year's end involved checks totaling \$1,188.11.

In all, restitution was obtained in 73.5 per cent of the complaints received.

## Citizen Participation

For government to work for the people, the people must work at government. This is true whether it be city, state or federal. But people will participate in government only when they are made to feel welcome or needed. More emphasis must be given, in Marquette, to government by the citizen and less to government by the "expert" or "consultant."

For a commission that will invite participation by all the people in their own city affairs

CITY COMMISSION GENERAL ELECTION: MONDAY, APRIL 1

YOUR VOTE AND SUPPORT WILL BE APPRECIATED

This message paid for by friends of Robert Ling and Franz Menze

## HOW MUCH MORE DO YOU WANT TO PAY IN TAXES?

CONSIDER THESE FACTS WHEN YOU VOTE APRIL 1st ON CON-CON PROPOSAL No. 1

### SALES TAX

The present Constitution guarantees that "AT NO TIME SHALL THE LEGISLATURE LEVY A SALES TAX OF MORE THAN 4%." The proposed Constitution removes this guaranteed tax ceiling by applying the 4% maximum only to a sales tax on "retailers."

This change opens the door to an increase in your grocery and drug bills by permitting a CONSUMERS' TAX or a WHOLESALE TAX in addition to the 4% sales tax on "retailers." Thus, you could end up paying 5% or even 10% in sales taxes.

### INCOME TAX

THE PRESENT CONSTITUTION SAYS NOTHING ABOUT AN INCOME TAX. The proposed Constitution legalizes a flat-rate income tax and none other. This provision ignores the principle of ability to pay and prohibits, forever, the adoption of a fair and equitable tax program.

### PROPERTY TAXES

The proposed Constitution makes totally meaningless present guarantees of state aid for schools. The proposed changes in the school aid formula could force you to choose between lower educational standards or higher homeowner property taxes for schools.

Why? The school aid fund is reduced by \$62-million (primary school interest fund) which will no longer be dedicated for education. The more than \$100-million higher education budget will also have to be financed, for the first time, out of what's left in the school aid fund. This will mean a drop of more than \$160-million in present dedicated funds for education.

### TAX ASSESSMENTS

The proposed Constitution shifts more of the tax burden from large corporations to home-owners and small business by lowering tax assessments on numerous industrial properties.

### GASOLINE TAXES

The proposed Constitution gives the Legislature power to raid highway funds for purposes other than road building. You would still pay gasoline taxes for highways, but there is no longer any guarantee that this money would be used to build the highways you pay for.

The Legislature has attempted to raid these funds in the past but has been stopped by the safeguards contained in the present Constitution. These safeguards are eliminated in the proposed Constitution.

Consider these changes. Consider your pocketbook. Consider your future.

Chain Savings Plan Illegal, C-C Warns

Chain savings bond plans violate both postal fraud and lottery laws, Wyndal H. Hudson, executive director of the Marquette Chamber of Commerce, warned residents today.

When completed, the laboratory sprawling over 50 acres of pine and marshland, will offer such features as nature trails, a bog garden, a weather station, an arboretum, a nursery and a permanent pond for biology and conservation classes.

Early in the planning of the \$1,800,000 junior and senior high school, William Hemmila was named chairman of the outdoor laboratory planning committee.

By 1953 they were building, each year, 20 to 30 of the front end loaders, which could each unload at least one tractor and five to six trucks.

In 1953 local citizens incorporated the business of LoDal, Inc., with the Brisson brothers as main officers.

Thus, LoDal developed the use of the front end loader into the refuse container business and revolutionized the commercial and industrial refuse handling industry by cost reductions and improvements.

Recent expansion includes two government contracts for military bases totaling \$1,800,000.

LoDal is a "local boys make good" story that started when three Norway brothers, Walter, Raymond and Leslie Brisson, decided to set up a business in Norway after World War II, rather than return to their jobs in Detroit.

They began as Brisson Bros. Machinery Co., building and servicing sawmills, but when the lumber recession set in in 1948, their interest turned to Norway's problems with costly and slow manually operated open dump trucks for garbage collection.

The Brisson brothers built a hydraulic machine that could be installed on a common dump truck and invented a new hydraulic work loader that worked from the front end and is used to load snow on city streets.

Although plans emphasize the science, conservation and nature study aspects of the laboratory, it is expected that all classes and subject matter areas will benefit from the educational potential of this unique outdoor laboratory.

she caught a cold it was like pneumonia," said her mother, Mrs. Rex Beaumont. Hospitalized at Ann Arbor for several months, she kept right on with her schoolwork, with help from hospital personnel.

State Police Ticket Driver In Smashup

An automobile was wrecked and a motorist was issued a ticket, but no one was hurt, in a traffic smashup at 9:15 yesterday morning on County Road 553.

State police said Howard Setter, 51, Box 6, Forsyth, was driving south on Road 553 when he apparently dozed off, about two miles north of M-35, in Forsyth Township, with his car going out of control.

The vehicle traveled off the highway on the right side, smashing into and knocking down 15 guard rail posts.

Extensive damage occurred to the front end, right side and under carriage of Setter's automobile, a 1960 sedan, which had to be hauled from the scene by a wrecker.

Setter was ticketed by state police for driving at an excessive rate of speed.

Best Student Took Classes By Telephone

ONONDAGA (AP)—A girl crippled by polio since the age of four, who "attended" classes via special home-to-school telephone, did just as well as the other students—best, in fact.

Shut-in Marlene Beaumont, now 17, has been declared valedictorian of her graduating class this spring at Leslie High, near her home in Ingham County, an agricultural area of southern Michigan.

Crippled from the neck down, she studied with a tutor until the start of the seventh grade.

She has only partial use of her arms, and falls victim easily to common ailments. "Every time

tensive facilities for the handicapped, and become a speech therapist.

Conductron To Build Grand Rapids Branch

GRAND RAPIDS (AP)—Conductron Corp. of Ann Arbor, specializing in radar and optical systems, has selected Grand Rapids as site of a branch plant. Con-

ductor plans to open the branch later this year, employing 15 to 30 persons and expects to employ upward of 150 in three years. The new branch announcement was made by Keesee M. Siegel, company president, and the greater Grand Rapids Chamber of Commerce.

Igor Sikorsky demonstrated the first practical helicopter in the United States, in 1939.

Gwinn School, Burbank Potato Nominated For Michigan Week Honors

Three central Upper Peninsula achievements were nominated here this week for Michigan Week awards by the Michigan Week region 2 business and product promotion award committee.

State awards will be announced May 20 at the Detroit Economic Club meeting by Milton G. Kendrick, Detroit, chairman of the state business and product promotion award committee.

Nominations Given Region 2 nominations are: 1. For state agricultural product of the year, the Russet Burbank baking potato.

2. For the state achievement of the year, the community of Gwinn and the Gwinn Public Schools for the outdoor laboratory in conjunction with the new Gwinn High School.

3. For the state product of the year, LoDel of Norway, a locally born industry that has become a national leader in its field through the manufacture of the LoDal Hydraulic Truck Loader and the LoD-A-Matic Refuse Container System.

The nominations made by Region 2, which includes Marquette, Alger, Delta, Dickinson and Menominee Counties, will be submitted to the state business and products award committee.

The Region 2 nominations will be presented by J. Willis Owen, Marquette, head of the field courses division at Northern Michigan University, who is Region 2 chairman for Michigan Week, and John L. Farley, Marquette, district commercial manager for Michigan Bell Telephone Co., chairman of the Region 2 business and product promotion award committee, and Farley's committee.

The nominations made by the five central Upper Peninsula counties will compete with nominations from 14 other regions for the state awards.

The achievement and product of the year award nominations were made through county judging which was completed March 25.

The agricultural product nomination was presented by Gail Bowers, Menominee, regional chairman of the Michigan Week agricultural committee. The agricultural committee is made up of Michigan State University extension directors from the five counties.

Criteria Given For the agricultural product of the year award, criteria include that the product must have been originated or developed in Michigan, must contribute to the economic betterment and stability of the community and state and should attract favorable attention to, or investment in, the community.

Production of the Russet Burbank baking potato represents about one-third of the total two million bushel U. P. potato crop last year. Most Russet Burbanks are produced in Marquette, Delta, Dickinson, Alger, Houghton and Iron Counties, but rural leaders expect production to expand into other counties.

The major development in the growing of the Russet Burbank has come within the past year. This has included rapid expansion of acreage seeded and production per acre, new equipment for special handling and storage, and marketing programs.

Sites Investigated Outside interests have already investigated sites for producing and processing the fancy baker on a larger scale in both Dickinson and Delta Counties.

A report made by the U. S. Soil Conservation Service for the Upper Peninsula Committee on Area Problems shows that the total U. P. acreage of potentially available land for Russet Burbanks is 2,257,900. Of this total, 256,900 acres have already been put in cropland, 70,100 acres are in pasture and 1,930,900 are in woodland.

Heavy fertilization programs result in yields up to 800 or 900 bushels per acre for Russet Burbanks. This is more than double the yields obtained in other states producing baking potatoes.

in conjunction with the new Gwinn High School, Legion 2's achievement nomination, gives Gwinn one of the best outdoor laboratories in the state.

When completed, the laboratory sprawling over 50 acres of pine and marshland, will offer such features as nature trails, a bog garden, a weather station, an arboretum, a nursery and a permanent pond for biology and conservation classes.

Early in the planning of the \$1,800,000 junior and senior high school, William Hemmila was named chairman of the outdoor laboratory planning committee.

He worked with the Michigan Department of Conservation and the Soil Conservation Service to obtain consultant help. Early in 1960 the school joined the Marquette County Soil Conservation District and thus became eligible for technical assistance under various Department of Agriculture programs.

For Many Subject Matters Although plans emphasize the science, conservation and nature study aspects of the laboratory, it is expected that all classes and subject matter areas will benefit from the educational potential of this unique outdoor laboratory.

### Know The Candidates

On Monday the people of Marquette will have another opportunity to go to the polls in a city and state election.

It will be the first time in several years in which the election will climax a spirited campaign for local office, where opponents have challenged incumbents seeking re-election.

The Mining Journal does not attempt to tell the voters who their choice should be. But we would urge the people to know their candidates. There have been enough spoken and written words to give a profile of each candidate. They should be measured well in comparisons by each voter.

Every person eligible to vote should attempt to be an informed voter. Everyone should have definitely in mind the shape and character of the commission he wants, and everyone should vote for those candi-

dates who best meet the tests imposed by such concepts.

Don't go to the polls Monday simply because the impulse to do so strikes you. Plan now to make voting a part of your day's duties Monday. Plan to vote because the men who seek to be in charge of your city affairs will be named Monday, and they look to each of you to help make that selection.

### Federal Tax Take

How much will Marquette County residents be turning over to Uncle Sam, on or before April 15, in income taxes? Unless the old gentleman has gone away with his revenue predictions, the local returns should be hefty.

On the basis of overall income in the county during the past year, payments should be almost as large as they were last April, when they amounted to approximately \$15,618,000. That is the estimated total paid on the previous year's earnings. It includes taxes collected through the withholding process and direct payments made on other income.

The amount is based on an unofficial breakdown of collections in the state of Michigan, listed at \$2,519,000,000 by the Internal Revenue Service, and on local incomes. The figures show that residents of Marquette County contributed 0.62 per cent of the entire amount collected in the state.

This year the federal budget is primed for personal income tax payments of 45 billion, in view of the rise in earnings during 1962. That would be about \$3 billion more than was received last year.

Marquette County's contribution toward this goal, on the strength of preliminary figures showing income totals for the past year, will be nearly \$14,000,000.

As for the business picture ahead, the President and his advisers see 1963 as a year of "continued moderate expansion." They expect the gross national product to reach \$578 billion, which would be \$28 billion more than last year. More than half of this increase, \$15 billion, will come from consumer spending, they estimate. This forecast assumes, however, that a tax cut will go into effect soon enough to bolster this sector of the economy. As for the remainder, \$8 billion is to come from added federal, state and local government spending for goods and services, and the remaining \$5 billion from increased business spending.

Counting on these developments, the new federal budget sets personal income tax collections for next year at \$49.3 billion, up \$4.3 billion. Incomes in Marquette County will have to rise by more than 9 per cent this year if local taxpayers are to continue meeting their present quota.

### Views Of Others

#### SPECIAL TARGETS

The special Senate Subcommittee on Aging has been hearing some pretty disconcerting testimony on the way old folk are being bilked by swindlers and quacks. To this unconscionable breed of scoundrels Whistler's Mother would have been not just a nice old lady, but a target for a phony land deal. . . . They might well have tried to sell her a plot of land in the Mojave Desert 50 miles from the nearest river. . . . Thousands were duped by this "lakeside" development.

Those who add a chronic ailment to their other worries are especially vulnerable. Food and Drug Administration officials figure that \$500 million a year is spent by old people on worthless health foods, or bogus vitamin specialties. . . . Last year it is estimated that 9 million persons over 45 spent as many million dollars on quick remedies. . . .

It has been suggested that postal laws be tightened so that officials can move more quickly against the charlatans. Food and drug officials would also like to have the laws streamlined so they can get phony drugs off the market quickly. But the committee is not at a law-writing stage now. It has struck a rich vein of villainy and, as chairman McNamara says, "This field is larger than we expected." Like everything else in our country: Robbing the old is a big enterprise. — Hartford Courant

**—Marquette—**  
Street Commissioner French has been working a small force of men on sewer repairs during the past few days. Thursday he finished the task of replacing 32 feet of the 15-inch trunk sewer on Lake St., just a little west of the corner of Ridge St.

E. L. Kellan leaves for the Copper Country this morning for a short business trip.

Miss Lilla Culbert has returned from a three weeks' visit to Chicago, where she went to look into styles for the Van Alstyne Co.

**—Ishpeming—**  
From one lone candidate with a clear field in sight the number of aspirants for the position of judge of the municipal court has increased to three and it is not improbable

that several more may be pushed into the contest. T. F. Donahoe is the most recent addition of the list. He says, "I am willing to go before the people of the whole city on my record as mayor, justice of the peace and school trustee."

A new roller awning has been placed in front of L. W. Atkins' Store. A new awning has also been placed in front of William Anderson's Grocery.

**—Negaunee—**  
J. M. Edgerton's residence on E. Main St. is being extensively improved. A large addition is being built and other work is planned that will greatly improve the appearance of the place. A. Lindquist, the contractor, is doing the job.

### 30 Years Ago

**—Marquette—**  
Destruction of the Marquette Club building by fire late Monday night marked the passing of one of Marquette's real landmarks.

Miss Donna LaBonte has returned home after two months' visit with friends in Miami and New York City.

Sheriff John T. Turnbull returned to Newberry yesterday after bringing two prisoners here.

H. R. Goodman of Racine, Wis., former Marquette resident, was a visitor here yesterday.

**—Ishpeming—**  
Miss Lydia Sari attended the Michigan Edu-

national Association assembly in Grand Rapids last week as a delegate from Ontonagon County.

The Marquette County Democratic Committee announced yesterday for the benefit of residents of Ishpeming, Negaunee, Marquette and adjoining townships that Edward M. Sharpe, Democratic candidate for the justice of the State Supreme Court, will speak at 7:30 this evening in the Ishpeming Theatre.

**—Negaunee—**  
Battista Cavallo of Negaunee has been elected president of the Lega Cittadina Italiana, which has its headquarters in Negaunee and which is the largest Italian fraternal organization in the county.

Frederick B. Bevis, research forester at Michigan Tech's Ford Forestry Center at Alberta, checks maximum and minimum temperatures at one of 25 test points in a special snow survey.

Snowfall and frost measurements are taken three times a week in a snow research project which has been under way during the winter at the Alberta center in Baraga County.

## Don't Curse Snow; North Country Needs It, Alberta Study Shows

ALBERTA — Although snow is one of the most common topics of conversation in the Copper Country, how often is snow given credit for its valuable properties? Snow is the friend of many of our small animals and insects, as well as most of our small plants. Its protective cover allows them to survive the winter. Certain species of moss even produce their fruits under the snow cover. In many western states snow melt is the main source of water for irrigation. Thousands of snow surveys are made annually to inform farmers of the amount of meltwater they can expect during the growing season.

**25 Snow Test Plots**  
Snow surveys are of critical importance in the west, but they are also getting increasing attention in the Great Lakes area. Even closer to home, snow surveys are an important part of research in progress at the Michigan Tech Forestry Center here, Dr. Eric A. Bourdo, director of the center, reports.

The center's research foresters, Frederick B. Bevis, travels by jeep and snowshoes to 25 test plots three times each week to tabulate snow accumulation, frost depths, air and soil temperature, soil moisture and the rate of snow melt. He expects to demonstrate how the rate of tree and herbaceous plant growth is affected by the amount of snow cover and soil moisture, which melting snow supplies.

**Three-Year Study**  
The test sites are located in different kinds of forest stands — northern hardwoods, jack pine, and in black spruce, hemlock and aspen stands. Each modifies snow accumulation differently. Three years will be required to complete this study.

In an average winter at the Ford Forestry Center snow will accumulate to a depth of four feet or more by early spring. The annual snowfall ranges from 122 to 162 inches and gives approximately 10 inches of melt water.

**Below Average This Year**  
As of March 22, Bevis reports the cumulative snow fall was considerably less than average. Snow depth was 24 to 28 inches in hemlock and black spruce stands, 28 to 31 inches in dense jack pine forests, 30 to 32 inches in open jack pine and red pine stands, 32 to 36 inches in hardwood forests and 30 to 38 inches in open fields. The total snowfall at the Alberta weather station is 123 1/2 inches.

To date, the amount of snow which has reached the ground in the open fields is one third greater than in hardwood stands and twice as great as in evergreen forests, Bevis finds. The dense crowns of the conifers catch much of the snow, keeping it from reaching the ground. Although more snow accumulates in the hardwoods, conifers retain it longer because their dense cover allows less sunlight to reach the snowpack. For this reason, snow accumulation between various types of forests varies very little in late winter.

According to measurements taken by Bevis, frost in the soil presently extends to a depth of six inches under conifer forests and to one and a half inches in hardwood forests. Frost penetrates deeper under the conifers because there is less snow to insulate the soil against loss of heat.

In past winters when the snow has been deeper and temperatures more moderate, the soil under hardwood forests remains unfrozen, because the deep snow acts as a protective blanket to conserve soil heat. This year's deep frost resulted from a period in January in which the average minimal temperature was below minus 20 degrees for 14 days and snow cover was below normal. Following this cold spell, heavy snowfall insulated the soil against further loss of heat and kept frost depth almost constant for the next two months.

Snow tends to have a leveling effect and fills in the depressions in the ground. This increases insulation of lower-lying areas. However, under large crowned conifers, such as the white spruce on the center grounds, there tends to be less snow because of the protection of the thick branches. Under these trees, frost will extend to greater depth than in the area immediately surrounding the tree which is covered by a deeper snowpack.

"I'll bet I know who's behind this—mothers!"

Because of the exceptionally cold winter this year, soil temperatures have reached 25 degrees in some conifer stands and 28 degrees in the hardwood stands. These are lows not normally recorded, Bevis reports. Usual soil temperatures for this latitude would not be below 32 degrees.

**Temperature Differences**  
Within the snow cover itself there are temperature differences. Bevis measures snow temperature in two-inch segments from the snow surface to the ground. The snow surface will be near the air temperature and snow at ground level will approximate the soil temperature. In one spot on the Baraga Plains near Alberta, where air temperature reached a low of minus 40 degrees, the soil temperature never was less than 25 degrees. The two-foot snow cover was able to maintain a temperature difference of 65 degrees.

Depth of frost in the soil is an important factor in determining how much water from the melting snow will run directly off the ground into the rivers and streams without infiltrating into the soil, Bevis says. If the melting of the soil frost is delayed by cold spring weather, then the snow melt may run off the soil surface over the hard frost without entering the soil to aid spring growth.

**Couldn't Do Without It**  
The amount of moisture in snow is normally at a ratio of 10 to one. Usually 25 inches of snow on the ground is equivalent to 2.5 inches of water. However, ratios as high as 30 to one have been recorded at Alberta, Bevis states.

Snow melt may be the major source of water for growth of plants in areas like the Baraga Plains, according to Bevis. Fall rains will replenish moisture in loam soils, but will not provide enough moisture for sandy soils. The more snow on sandy soils, the more water available to promote the spring growth of vegetation.

Basic research such as snow surveying provides information needed to solve problems in watershed, soil and forest management. Thus, snow, with all the problems it seems to create, is something the North Country could hardly do without.

### Strange Change

This heat character, well-known for his film characterization of Lawrence of Arabia, is actor Peter O'Toole, rehearsing for a much less glamorous stage role in London.

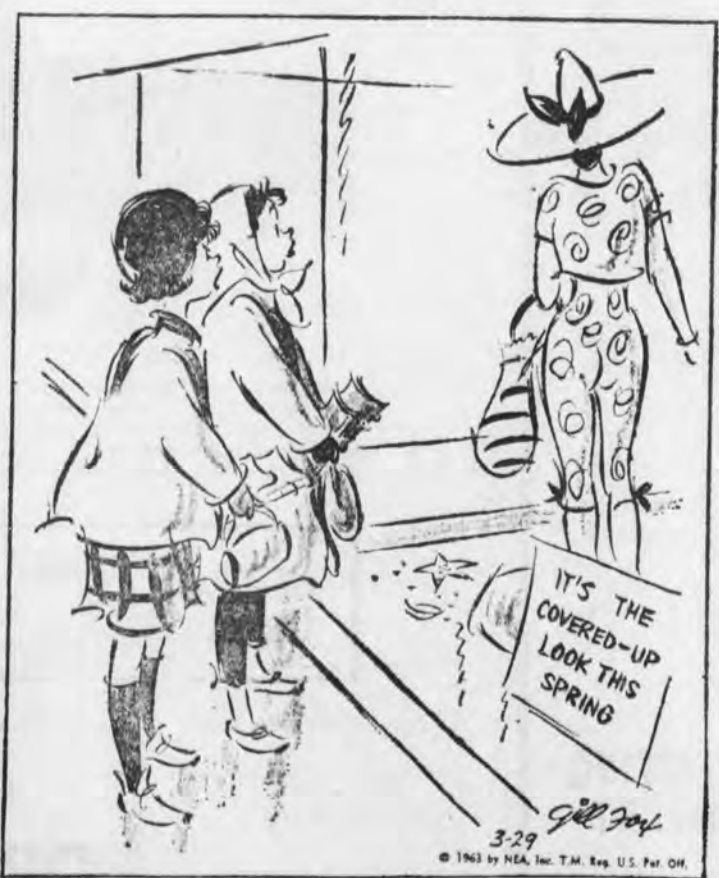

## The National Whirligig

By ANDREW TULLY

WASHINGTON — At this income tax time, when a man's spirits reach their lowest ebb, to match his pocketbook, it is horrible to realize that some of a taxpayer's best former friends may be amateur spies for the Internal Revenue Service.

Uncle Sam's tax collectors admit, with abashed reluctance, that the

### Side Glances

"I'll bet I know who's behind this—mothers!"

Treasury recovered \$13.5 million in federal taxes, penalties and interest last fiscal year because an assortment of ex-wives, former mistresses and discharged employees tattled for pay. The grisly statistics show that 965 informers who story of cheating by the other guy proved up received an average of \$883 apiece for their spying.

Internal Revenue doesn't like to talk about it, since tax collectors are also human and have a natural repugnance for tattletales, but since the system shows a profit — if only in comparative pennies — it's being continued. Also, of course, the collector is duty bound to investigate this intelligence, lest he miss a really big one and get hauled up to explain his foot-dragging.

**Many Not Bad**  
Happily, it's a tedious business. In fiscal 1962 claims for rewards were filed by 4,147 squealers, but 3,482 of these claims were rejected because the claims were not proved or because the spies were not eligible under the rules. And when the last blood money was paid there were 5,000 claims still pending.

Although IRS claimed there were no figures available, the most rewarding sources of such information seem to be employees who tell tales on company executives or on the company itself. Almost since Adam there have been workers who hated the boss for real or imagined grievances, and they seem to enjoy getting even by putting Uncle Sam on their employer's back. There also have been cases of an executive of one corporation putting the finger on an executive for another outfit — in the spirit of good, clean rivalry, of course.

**Women Scorned**  
Ex-wives bring their tips to the

### News Behind The News

tax collectors for a variety of reasons, including injured pride, but mostly because they're dissatisfied with the alimony bite allowed by some reasonable, and male, judge. Such witches have even been known to tattle on the poor judge, with an aside that perhaps IRS had better look into the return of her ex-husband's divorce lawyer.

Another type of woman scorned who finds her way to Internal Revenue with her intelligence is the former mistress, out to get even with the male who said goodbye after enjoying the best months of her life. Their contributions are usually of a dreadful way because they come up with statements like "Lemme tell you about the big party he threw for 50 of his contacts at the Stork Club." If a taxpayer is financing that kind of a shindig, he may be cheating on how much money he's making, poor wretch.

**No Kid Tattlers Yet**  
IRS swears that so far it has received no tips from kids, and for mankind's sake its word must be accepted. But from this pew, the whole idea seems highly dangerous, in that it places the most sordid temptation in people's way. And the day some acne-ridden teen walks into the tax collector's office and suggests he check on Daddy's return is the day we all had better pack our bags and move to some wholesome place.

### U.P. And Constitution

To the Editor:  
There is at least one good reason why all Upper Peninsula voters should vote for the adoption of the new Constitution. It provides fair representation for the area in the Legislature.

Today the Upper Peninsula has three senators and seven House members in the Legislature. Under the plan of those who oppose the Constitution, it would have one senator and four House members. Under the new Constitution, it will have three senators and five House members.

WILLIAM B. CUDLIP  
Con-Con Delegate  
800 First National Bldg.  
Detroit 26, Mich.

### Important Decision

Dear Sir:  
We delegates to the Constitutional Convention were given a rare and very rewarding experience in helping to write our new Constitution. I'm sure that all of the delegates and the staff of the convention will always be grateful for having had this privilege and will consider it one of the high points in each of their lives.

The voters of the state, however, will make the most important decision in the long chain of events that started back in early 1960. We delegates could only propose a new Constitution. Only the voters can make it the supreme law of our state. To each voter, then, goes the privilege of taking part in making the vital decision. This privilege is a rare one — very few voters in our state have ever had it before. The last time the people of the state voted on such a question was in 1908. The next time may well be in 2018. Each voter should avail himself of this privilege that comes to him or her once in a lifetime. And he should cast a ballot uninfluenced by partisanship or false propaganda. The real issues are whether or not the new Constitution is better than the old one — whether or not the new Constitution will result in a stronger and better government for all of the people of the state. This is a very crucial decision in which each voter can participate on April 1. No voter should lose this opportunity.

DONALD M. HABERMEHL  
Con-Con Delegate  
Constitution Hall  
Lansing

### Fishing And Constitution

To the Editor:  
Here's a "fish story" designed to scare all fishermen: Anti-Constitution leaders are spreading a rumor that the new document will destroy the right of navigation and fishing. This is an outrageous misstatement of fact. The clause about the right of navigation has been left out of the new Constitution because navigation and fishing are amply protected without it.

Before Michigan became a state the U. S. held the waters of navigable streams and lakes in trust for the people. Michigan received these waters from the U. S. still "impressed with a perpetual trust" to secure to the people their rights of navigation and fishing." (Collins vs. Gerhardt, 237 Michigan 38, 1926.) Michigan cannot divest itself of this trust, no matter what is said in the Constitution.

But, if fishermen want water in the streams, they should support the new Constitution vigorously. The 1908 Constitution prohibits the state from engaging in river basin development for purposes of conserving water supply for industrial, domestic, agricultural or recreation use. The new Constitution removes this restriction and empowers the state and local governments to cooperate in and finance such projects. This is of major importance to a state with a growing population — and a lowering water table.

Fishermen should ignore the scare techniques of the destructionists. Fishermen, for their own interests, should be among the strongest supporters of the new Constitution — and vote "yes" for its adoption on April 1.

CHARLES J. DAVIS  
Con-Con Delegate  
Onondaga, Mich.

### Constitution Rebuttal

Dear Sir:  
It is interesting to note how Mr. Newland twists the wording of the proposed Constitution into what he believes.

In the first place, I can find no statement of 370 words in length describing the boundaries of Michigan. Perhaps he is referring to apportionment of our state, which is important in determining the number of senators and representatives. This is only a supposition on my part, of course. Article I, Section I, whoever, simply states that we, the people, have all political and governmental powers. The next argument is that it is useless to state that the seat of government will be at Lansing. Is it not possible that there might be controversy from other cities over the location and that is the reason for that statement?

The statement, "Everyone has a right to bear arms for the defense of himself," does NOT mean we can go downtown with guns at our sides, but DOES mean we have the right to keep firearms in our homes in case of an invasion or property theft.

It is not Section 22, but Section 5, which states, "Every person may freely speak, express and publish his views on all subjects, being responsible for the abuse of such right; and no law shall be enacted to restrain or abridge the liberty of speech or of the press." This is a direct quote from the Constitution and a long way from meaning imprisonment for freedom of speech and press.

As to the ballot question, our own Supreme Court has ruled that voting machines legal; therefore, this rules out the idea of no voting machines.

It should be clear to all of us that a Constitution 55 years old is not able to meet the qualifications this day and age demand. We people of Michigan need this Constitution, not only for ourselves, but also for our posterity.

SANDRA JOHNSON  
Ishpeming

### LAST YEAR'S BILLS

Congressmen who have been fulminating against spending for the ears of home folk now have been cornered by life's realities. The Senate has passed its first two bills. One repays \$508 million to the Commodity Credit Corp. for surplus farm produce deals abroad. The other pays \$24,167 due the Hawaiian Housing Commission.

Like us, if we once get out from under those last year's bills, we'll turn over a new leaf. — Detroit News

# Marquette's Annual 1963 'Frosty Capers' Ice Show Opening Tomorrow Night At Palestra Arena

Cast as the Seven Dwarfs from "Snow White" in the annual Marquette Ice Show being presented tomorrow evening and Sunday afternoon at the Palestra are, from left to right, Janis Johnson, Laurie Murray, Jenny Freeman, Cheryl Dorais, Becky Melby, Karen Heimonen, Mary Sue Hume and Sandy Larson. "Storybook Land" is the theme of this year's ice revue.

Susan Bullock, who has been appearing in Marquette ice shows since she was a tot and who teamed in recent revues with her sister, Denise, is cast as Peter Pan in an act adapted from the well-loved children's story.

Here is a scene from the "Sleeping Beauty" ballet which will be a feature of the ice revue. In front are Marlys Murray, left, and Jackie Rule, and behind them, left to right, are Janis Johnson, Laurie Murray, Jenny Freeman, Becky Melby, Polly Hammerschmidt, Karen Heimonen, Patty Roberts, Sandy Larson and Mary Sue Hume. (Photos by The Mining Journal).

## SA Annual Meeting Set Tomorrow

The annual dinner meeting of the Salvation Army, sponsored by the organization's citizens' advisory board, will be held tomorrow evening at 6:30 in the basement dining room of the Salvation Army Citadel.

Maj. Rodney B. Sharp, SA Marquette area commander, announced today that James H. Luke, chairman of the advisory board, will preside at the meeting, at which the principal speaker will be Lt. Col. Marlon M. Cohn, divisional commander of the Salvation Army for the Wisconsin-Upper Michigan division, with headquarters in Milwaukee.

Installation Set  
Lt. Col. Cohn will also conduct the installation ceremony for officers of the board for the coming year. A commissioned officer in the Salvation Army for 38 years, Col. Cohn has served in several states in various phases of the SA program, doing corps work and USO service before taking his present headquarters post. Immediately prior to his present appointment, he was divisional commander for the Western Michigan-Northern Indiana division, with headquarters in Grand Rapids.

Mrs. Cohn, in her capacity as divisional Home League secretary, is directly responsible for the women's work of the Salvation Army throughout Wisconsin and Upper Michigan.

Mayor Speaking  
The program will also include remarks by James R. Smith, mayor of Marquette, and Eugene M. Kepler, treasurer of the Marquette Community Chest, and installation of new board members by Waldo McCrea, past chairman of the advisory board. New members to be installed are Mrs. Richard Sonderegger, Mrs. K. A. Wahner and Dr. Claud A. Bosworth.

Presentation of awards to three clubs, the Exchange, Kiwanis and Lions, and to the Junior Chamber of Commerce are scheduled. The awards, to be presented by Maj. Sharp, are for special service given to the Salvation Army during the 1962 Christmas appeal.

Concluding the annual meeting will be a resume of the annual report of the organization for 1962.

Vocal Numbers  
During the program vocal numbers will be presented by Mrs. Virginia Jones, accompanied by Mrs. Alton Johnson. There will also be music by the local citadel band.

Delivering the invocation will be the Rev. Herschell G. Martin, president of the Marquette Ministerial Association; the benediction will be given by Lt. Nelson Diaz, commanding officer of the Ishpeming Salvation Army.

## Paragraphs

Family devotions will be broadcast over WDMJ daily next week at 6:45 p. m. by the Rev. Louis Kok, chaplain at K. I. Sawyer Air Force Base.

Vesper services are scheduled Sunday at 4 p. m. at Morgan Heights Sanatorium, with the Rev. John C. Hamel, Presbyterian missionary, in charge.

fish pole and taking off after a brown or rainbow even though the snow may be hip deep in places. Little girls love April's new Easter dress and bonnet.

## Spring In The Groceries

BY INGRID BARTELL  
to turn into slush and snow. April lures you outside with the call of the first robin or a woodpecker drumming on a stub.  
April tempts mom to take a walk to gather pussy willows or red dogwood switches rather than dry spots just right for a marble game, running water in ditches to be dammed up, and breezes to soar come to begin the task of washing winter down the rivers, only

peaches from Chile; and honeydews, pears and grapes from Spain, South Africa and Argentina.  
Fruit processors are going their spring housecleaning by moving into the trade channels fantastic amounts of cling and freestone peaches, fruit cocktail and pears. These fruits will vie for special sale space with corn, both cream and whole kernel, and tomato products.  
Maybe you'll have done your housecleaning so you have room to stock in your summer's supply of these canned goods at bargain prices.  
Prices on choice steers at Chicago dropped over five dollars in three months from November to February, from \$30 a hundred weight to under \$25. It takes a while for the wholesale price level to be reflected in the retail store

but the time has come. Any room in your freezer?  
**Pork Prices Steady**  
Pork prices will likely hold a steady low through April — later into the spring than usual. A part of the low price on pork and beef is due to the pressure on red meats by low cost poultry products.  
The signs of spring in the grocery store are welcome signs.  
April is here — frisky, frolicky, fickle April — April with her bugs and bunnies, sun and snow, mud and dust, set onions and maple syrup, house and yard cleaning, lazy strolls and garden dreaming, Chicken pox and pinkeye, grubby clothes and crocuses, and a patch of green grass near the empty woods. You'll get a fever from April — the kind grandma cured with sulfur and molasses.

Janis Johnson, left, is Jimmy Cricket and Jimmy Nancarrow is Pinocchio in one of the several performances in which small skaters will appear. Both are veterans of previous ice shows.

Jackie Smith, left, and Cheryl Heath will skate together and singly in the annual ice extravaganza, in which nearly 100 performers are cast. Adeline Urbina is the show's director and James Engle, superintendent of the city's parks and recreation department, is general chairman in charge of arrangements.

## Mrs. Romney Here Tonight For Blitz Visit Following Circuit Of U.P. Cities

Michigan's sparkling new First Lady, Mrs. George Romney, arrives at the Marquette County Airport at 4:45 today on the last stop of a blitz visit to the Upper Peninsula.

Mrs. Romney will appear on WLUC-TV at 5:45 in a 15-minute telecast in which she will emphasize Michigan's need for the new constitution and discuss qualifications of the eight Republican educational candidates and the two GOP-nominated supreme court candidates. At 6:30, she will be the guest of honor at a smorgasbord in Ishpeming's C. L. Phelps School and will give a talk there before checking in at the Mather Inn for an overnight stay. She will return to Lansing early tomorrow morning.

**'Partner In Undertaking'**  
Vivacious mother of four and grandmother of five, Mrs. Romney has assumed her role in Lansing in a unique position, not only as First Lady but also — to quote the underling — "as a partner in this undertaking."  
The brunet, hazel-eyed wife of Michigan's Republican governor has been hailed as her husband's biggest vote-getter during his gubernatorial campaign. His most ardent supporter, she campaigned tirelessly in his behalf, traveling more than 10,000 miles to all 83 counties in the state, making a down-to-earth bid for votes for her husband and incidentally, charming uncounted men and women alike.

**Wealth Of Talent**  
Fifty-two-year-old Lenore Romney has a wealth of native talent which has helped make her a success at the job of politicking. During the campaign she familiarized citizens with her husband's qualifications as governor, asking them to vote for "her George" because his background and abilities would be completely dedicated to "clean up the financial mess in Michigan."  
The issues of society and government always have interested her, she says, and she tells women she meets throughout the state that "my new role will be to try and bring us all together as women interested in the future development of our families and our community."  
**Fulfills Pledge**  
Her visit to the Upper Peninsula is in fulfillment of a pledge to actively support her husband's campaign for adoption of the proposed new state constitution next Monday. She says she wholeheartedly believes that adoption of the constitution can dramatically prove that "Michigan is not a problem state but a problem-solving state."  
Friendly and articulate, Mrs. Romney enjoys literature, poetry and swimming. Born in Logan,

Utah, she was educated at George Washington University in Washington, D. C., where her parents moved in 1928. She majored in English literature at George Washington U. and later enrolled at the American Laboratory School of the Theater in New York City.  
**In Dramatics**  
Popular as a participant in high school dramatics, she met her future husband when she was 15 at Latter Day Saint High School in Salt Lake City. Romney, then 17, was president of the student body and the two met at a school picnic. They were married in Salt Lake City on July 2, 1931.  
After winning an award for a scene from Shakespeare's "Julius Caesar" in 1930, Metro-Goldwyn-Mayer invited her to Hollywood for a screen test which she accepted. For a few months prior to her marriage, she played small parts in films, and in 1933 while the Romneys were living in Washington, she directed plays at George Washington University and broadcast a weekly program of poems called "Poetical Hitchhiking" with Arthur Godfrey as her announcer.

**Headed Detroit Opera**  
Mrs. Romney was general chairman of the 1962 Detroit Grand Opera Association, serves as a member of the national advisory board of the American Field Service, was active in Citizens for Michigan, which her husband helped to organize, has been a sustaining member of the junior groups of Goodwill Industries, is a member of the Art Founders Society and United Community Services and was formerly on the Visiting Nurse Association Board.

Deeply religious, Mrs. Romney finds time despite her busy schedule, to teach a Sunday School and Relief Society class in Lansing's Church of Jesus Christ of Latter-Day Saints.  
The Romney family includes two married daughters, Mrs. Loren G. Keenan and Mrs. Bruce H. Robinson, two sons, George Scott and Willard Mitt, and the grandchildren, Jody, Brett and Susan Keenan and Gregory and Douglas Robinson.

**Made Five Stops**  
Before coming here today, Mrs. Romney made brief airport stops in Menominee, Iron Mountain, Ironwood, Ontonagon and Houghton. She and Mrs. Ely Peterson, GOP state vice-chairman, took off this morning from Green Bay, where she made a television appearance and was interviewed by newsmen.  
The First Lady is being squired to the dinner tonight by Dr. Fred C. Sabin, chairman of the Marquette County Republican Committee.

## Graveraet's Orchestra In U.P. Festival

Graveraet High School's 38-piece orchestra, under the direction of Joseph B. Patterson, will participate tomorrow in the annual Upper Peninsula Orchestra Festival being held in Escanaba.

Four other high schools — Escanaba, Ishpeming, Negaunee and Menominee — are participating in the festival. Orchestras from the five schools will combine in a 117-piece massed orchestra which will perform during the festival's evening program.

The Graveraet musicians will perform at 10 a. m. tomorrow, playing two numbers, "The Pearl Fishers" by Bizet and "Rhythmical Sketch" by George Dasch.

**Two Adjudicators**  
Adjudicators and co-conductors of the massed orchestra will be Elmer Coon, music director of Lakeview Community School and concert master at Central Michigan University, Mount Pleasant, and Joseph Dieke of Sault Ste. Marie.

GHS orchestra members playing in the massed orchestra will be Sandra Kinnunen, Carol Heiser, Shirley Maki and Nancy Fletcher, first violins; Cary Bjork, Barbara Bohjanen and Susan Williams, second violins; Amy Letts and Carolyn Kell, violas; Richard Merry, Julie Nelsen and Judy Bickokola, cellos; Carolyn Hunter, string bass; Marilyn Erickson, second clarinet; Carole Camilli, second trombone; John Beldo, first horn; Howard Ylinsen, second trumpet; and Richard Sonderegger, percussion.

**Windus-Pawelski Duo Posts High Score In Munsing Bridge Play**  
MUNISING — Ray Windus and Chester Pawelski scored 87 per cent to take top honors in the Munsing Duplicate Bridge Club Tuesday evening at the Chamber of Commerce building.

Other high scores were posted by Noshir Havewala and Gene Yie, 55 per cent, and Mrs. Felix Boyak and Mrs. Ray Windus 50.

## Soloist

Appearing as guest soloist in the cantata, "Crucifixion," to be presented Palm Sunday evening by St. Paul's Episcopal Church Choir, will be tenor Carl Nelson, who has sung light operatic roles in New York City and Detroit and is a former member of The Grenadiers, a male quartet. Nelson, as assistant director of the Marquette County USO, is a regular soloist at the First Church of Christ Scientist here.

## Negaunee Artist Showing Oils In Newspaper Office

Six paintings by Victor Maahs, Negaunee artist, were hung yesterday in the office of The Mining Journal's women's editor. The paintings, all oils, include a Carp River scene, two still lifes, a study of a steel mill puddler shaping molten metal, and a rusting disc in a Wisconsin farm field.

Maahs, who has been painting for many years, exhibited in the Waukegan, Ill., and New Mexico before coming to Negaunee. He had a one-man show last August in the Peter White Public Library.

A graduate of the Wisconsin Art Academy in Milwaukee, Maahs also does unusual work with leather. He is a member of the Lake Superior Creative Arts Association.

## New Names In The News

**MAULDIN** — Airman 2-c and Mrs. Harry Mauldin, 134 W. Michigan St., Marquette, are the parents of a son, born March 27 at St. Luke's Hospital.

**MADDOX** — A son, Clifford Elwood, was born March 21 at the Munsing Memorial Hospital to Mr. and Mrs. Harold Maddox, Shingleton.

**KUNICK** — A daughter, Cathleen Louise, was born March 23 at the Munsing Memorial Hospital to Mr. and Mrs. Ronald Kunick, Marquette.

**TWORK** — A daughter, Katherine Marie, was born March 23 at the Munsing Memorial Hospital to Mr. and Mrs. Stanley Twork, Munsing.

**HAATAJA** — Mr. and Mrs. Ronald Haataja, Rte. 1, Box 94, Marquette, are the parents of a daughter, Lisa Marie, born March 27 at St. Mary's Hospital.

## Remillard's Stays In First Place In City Cribbage Loop

Remillard's remains in first place in the Marquette Women's Cribbage League this week after defeating the Harvey Inn in Wednesday night's play, 8,083 to 7,922.

Other scores this week are as follows: Bill's Tavern, 8,082-Central, 8,071; Shoreland Bar, 8,073-Diamond Club, 7,792; Casino Bar, 7,861-Sportsmen's Bar, 7,853.

High score of 1,204 was turned in by Helen Cote and Leona Racine of Remillard's and low, 1,064, by Ruth MacDonald and Verna Oberg of the Diamond Club.

League captains and officers will meet Monday evening at the Central Bar to plan the season's wind-up dinner.

## Personals

Benjamin Larabee, Cleveland Ave., is a patient at St. Luke's Hospital.

### Dompierre Elected Jaycees' President

ISHPEMING — The Ishpeming-Negaunee Junior Chamber of Commerce last night elected David Dompierre to the office of president, succeeding Vern Metzger as president.

Selected with him to head the organization during the coming year were Theodore Swanson, first vice president; Stewart Sarisan, second vice president; Peter Chevden, succeeding Vern Metzger.

Dompierre, who joined the Jaycees as the first member from Negaunee two years ago, served in the capacity of treasurer the past year. He has been very active in the JCC, leading the ticket sale

campaign for the successful "Koral Kapers" this year by selling more than 100 tickets.

A graduate of Northern Michigan University, Dompierre is an industrial arts teacher in Ishpeming's Phelps Intermediate School. He is a member of St. Paul's Catholic Church, Negaunee. He and his wife and two children reside at 118 E. Clark St., Negaunee.

Besides electing officers, the Jaycees made final plans for the Boy Scout "Scout-O-Rec" to be held at the Phelps School April 6 and also approved a plan to assist the Peninsula Pistons in the May custom car show.

### County Retarded Children's Group To Meet Sunday

NEGAUNEE — The Marquette County Chapter of the Association for Retarded Children will meet in the American Legion clubrooms in Negaunee at 2:30 p. m. Sunday.

Miss Joy Yuill, guest speaker, will give a report on her trip to Europe, where she visited many schools and institutions for retarded children.

Members are urged to bring any available trading stamps to the meeting. Many retarded children are enjoying the articles procured with these stamps.

Hostesses will be Mrs. William Jokela, Mrs. Rudy Kivisto and Mrs. Hugo Harvela.

### R. O. Olson Dies After Short Illness

L'ANSE — Rudolph O. Olson, 51, Baraga Ave., died suddenly Wednesday evening in Baraga County Memorial Hospital following a short illness.

He was born in Nisula March 30, 1910, and had resided in Baraga County all his life with the exception of eight years spent in Detroit during and immediately after World War II. He was self-employed as a logging jobber.

Mr. Olson was a member of the First Lutheran Church and a member of the Fraternal Order of Eagles. He was married to the former Eleanor Kangas Oct. 10, 1933, in Baraga.

Surviving, besides his wife, are four daughters, Mrs. Leonard (DeLore) Vizina and Mrs. Charles (Sharon) Ahlsen of L'Anse, Mrs. John (Darlene) Hill of Red Wing, Minn., and Mrs. Charles (Sandra) Troxel of Harlowton, Mont.; a sister, Mrs. Joseph Savitski of Lake Mine, Mich.; three brothers, Andrew Olson of Mass City, Harold Olson of Minneapolis, Minn., and John Spath of Big Traverse Bay, Mich.; his mother, Mrs. Fannie Rysman of Mass; eight grandchildren and several nieces and nephews.

Services will be held at 1:30 Monday afternoon in the First Lutheran Church. The Rev. Waldemar Franstad will officiate and burial will take place in Evergreen Cemetery.

Friends may begin calling at the Swanson Funeral Home Saturday evening.

### Talk On Social Security Given Ishpeming Class

ISHPEMING — Students in the business mathematics classes of Ishpeming High School had opportunity recently to hear a presentation by Miss Marlene Molecki, a field representative of the social security district office in Marquette.

Miss Molecki spoke on the history of social security, how social security taxes are paid and collected, which persons are covered by it, what benefits may be received, and how a person may qualify for them.

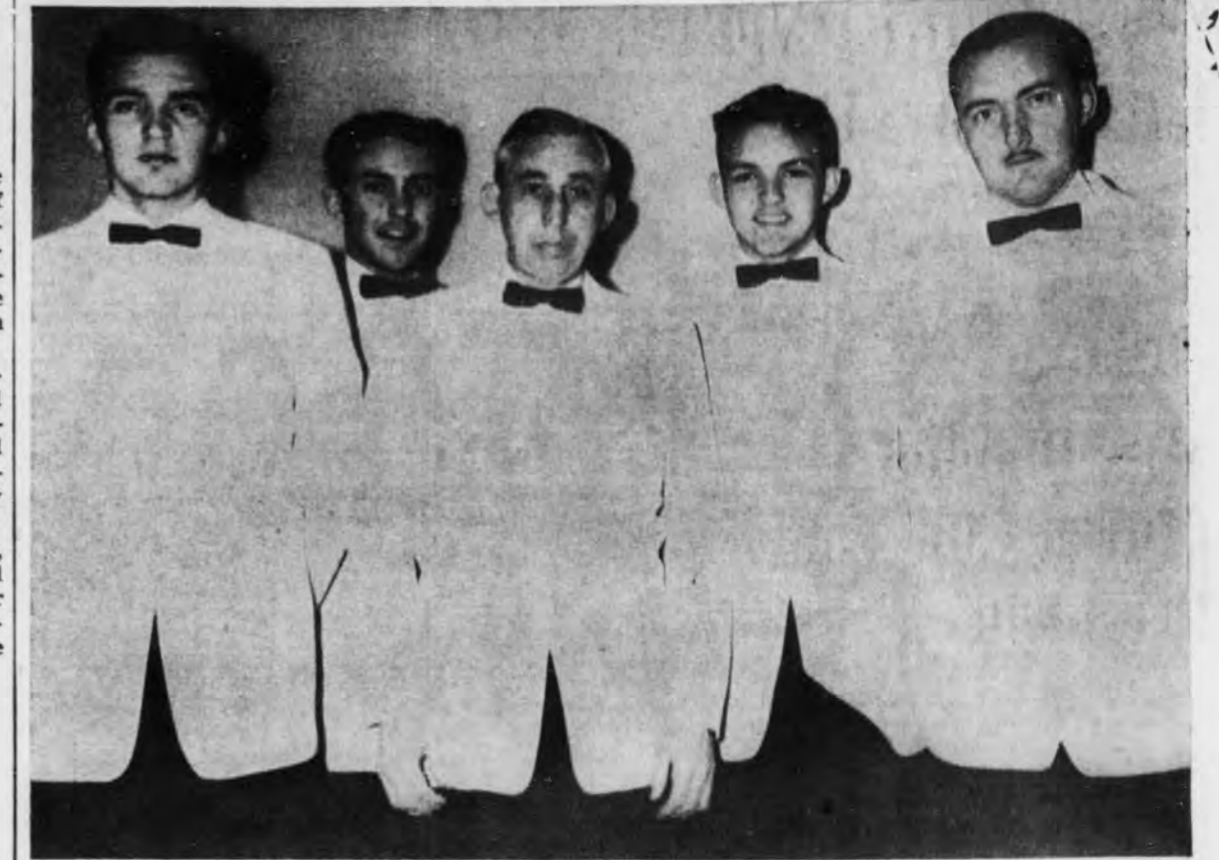

At the end of the class period, she answered questions and passed out application blanks for social security cards to those students who did not already have them.

### Stark Named Alger County Prosecutor

MUNISING — Circuit Judge George S. Baldwin announced the appointment today of Charles Stark to serve as Alger County's prosecuting attorney.

He succeeds Stephen J. Catel, who resigned effective Monday, April 1, to accept the office of assistant prosecutor of Marquette County. He will make his home in Ishpeming.

Stark will serve the remaining 21 months of Catel's term.

Ted Sharland (center), Ishpeming, is pictured (son team which will appear at the "State Sing" at Negaunee's Memorial Gymnasium Saturday, April 20.—(Mining Journal photo).

### Sharlands Form Father-Son Musical Team; To Be Heard In 'State Sing' In Negaunee

ISHPEMING — Ted Sharland and his four sons, Mike, Joe, Pat and Tom, comprise a team which will appear in the "State Sing" to be held in the Negaunee Memorial Gymnasium April 20.

Singing in the Negaunee Male Chorus, Ted Sharland of Ishpeming and four of his sons form an unusual but melodious combination.

The five songsters, endowed with fine voices, will take on another member following his graduation from high school next year. He is Dick Sharland.

The father joined the Negaunee Male Chorus in 1935 and has served as governor of the group since 1942. He also has been Midwest governor since 1950.

A brief rundown on the sons finds that Tom, 23, joined the chorus in 1958; Joe, 22, is in his first year; Mike, 20, is a student at Northern Michigan University

and is in his third year in the chorus, and Pat, 18, also is in his first year. Mike serves the chorus.

as secretary. A musical family, the Sharlands have been singing as long as they can remember.

### 'Snow Ball' Nets \$307 For Bay Cliff

The 1963 Beta Sigma Phi Sorority "Snow Ball," held March 9 in the Mather Inn, Ishpeming, netted \$307.19 for Bay Cliff Health Camp. The money will be used for betterment of the sorority's cottage

there. Making the presentation (above) to William A. Redmen, Bay Cliff official, are Mrs. Jan Reddy (left) and Mrs. Dorothy Maloney, Beta Sigma Phi officers.—(Mining Journal photo).

### 30 Young People To Join Wesley Methodist Sunday

ISHPEMING — Thirty young people will be received into the full membership of Wesley Methodist Church Sunday at the 11 a. m. worship service, the pastor, the Rev. Eric S. Hammar, announced today.

The youths have been meeting with the pastor since last September for instruction in church history, Bible, Christian doctrine and the beliefs and organization of the Methodist Church.

Assisting the pastor in the service of confirmation will be the lay leader of the church, Walter T. Bath.

Each youth will be presented with a devotional book following confirmation. The group will receive the Sacrament of Holy Communion with their parents the following Thursday at 7:30 p. m.

Members of the youth membership class are Gregory Aho, Marilyn Argall, Jane Alongo, David Ameen, Helen Baggio, Gregory Bone, Russell Bergman, Randall Bergman, Gary Denny, Linda Goyen, Paul Homburg, Susan Krook, Ann Lindstrom, Bruce Lind, Jan-

ice Medlyn, Patricia Orjala, Sandra Pence, Steven Pence, Thomas Pence, Danny Pepin, Laurel Robare, Ann Rudness, Thomas Rice, Katherine Roberts, Kenneth Stanaway, David Stanaway, Allan Steeman, Robert Trebilcock, James Windsand and Brian Waters.

Relatives and friends of the confirmands are invited to the services of confirmation.

### Suomi Choir Concert In Eben Church

EBEN — A rare treat in choral music will be offered to music lovers of the Eben-Chatham area tonight when the A Capella Choir of Suomi College, Hancock, will present a concert in Our Savior's Lutheran Church at 8.

The Suomi College choir has been praised for musical excellence in extensive tours, singing before some of the country's most exacting audiences. The 31-voice group offers a program of selections ranging from the 16th century works through the Bach era to the rich contemporary array of choral music.

There will be no admission charge but a free-will offering will be accepted for the concert.

MR. and MRS. WALTER HOID of Ishpeming.

Cordially invite all friends to the wedding of their daughter Rose Mae, to Mr. Matt Herrala on March 30th at 7:00 p. m. in the Bethany Lutheran Church.

The reception will be held at the Thimmes Memorial Building following the ceremony.

APRIL 1ST VOTE FOR FRANK VALENTE Ishpeming City Council & Supervisor

Your vote for Frank Valente is a vote to provide our teenagers with a youth center building, is a vote to provide two public restrooms, is a vote to provide a room for our retired people, is a vote for a man who understands a working man's problems, is a vote for a man who understands the business-man's problems, and more so understands the taxpayer's problems.

Frank Valente is independent and self employed. A large taxpayer in our city. A resident of Ishpeming for the past twenty-nine years. Served on the Ishpeming City Council and the Marquette County Board of Supervisors from 1955 to 1958. A member of the Elks and Eagles Club. A member of St. John's Church. Married to former Cecelia Sarvello and resides with his wife and six children at 324 Cedar Street, Ishpeming.

If elected he promises to devote his time in the best of his knowledge and ability for the benefit of the community. Your vote and support will be greatly appreciated. Thank you.

FRANK VALENTE

### Marina Plans Outlined For Grand Marais

MUNISING — Plans for a marina to be constructed at Grand Marais were outlined at a regular meeting of the Alger County Planning Commission Wednesday in the county courthouse.

Ben Hemingway, chairman of the forest and forest products committee, presided in the absence of John Kiloren, chairman.

A recent directive concerning the process of reporting on a continuing overall economic development plan was discussed. The directive noted that periodic reports should be submitted listing changes in the local economic situation, such as goals and projects being developed, and the progress made in each area. John P. Campana was appointed to meet with Joseph Revis of Robert Nathan Associates in Escanaba today for the purpose of compiling some of this information.

Frank Mead, chairman of the recreation and tourism committee, representing plans for the marina to be constructed at Grand Marais, expressed thanks to the planning commission for its part in obtaining this project, through the State Waterways Commission, for Burt Township. The new marina will be 241 feet long and will provide dockage for 12 boats, ranging in length from 20 to 50 feet. It also will have a launching ramp 27 feet wide. Completion date for the project is June 15, 1964, and the cost is \$80,000.

### Board To Consider Salvation Army's Building Project

ISHPEMING — Lt. Colonel Marlon Cohn, Salvation Army divisional commander for Wisconsin and Upper Michigan, is visiting the Ishpeming Salvation Army today.

Col. Cohn will meet tonight at 7:30 with members of the Ishpeming-Negaunee advisory board for the purpose of discussing plans towards the building drive. Drawings of the proposed building will be presented.

Lt. Nelson Diaz, local commander, urges every advisory board member to make a special effort to attend the meeting.

### Jarvi Member Of Tech Drill Team Going To Cherry Blossom Festival

HOUGHTON—Dennis W. Jarvi of Negaunee, a member of the Air Force ROTC Drill Team at Michigan Tech, will participate in the National Cherry Blossom Festival ROTC drill team competition in Washington, D.C., April 4-6.

Tech's Sabre Jets won the area elimination at Grand Forks, N.D., where Air Force ROTC drill team units from Michigan, Minnesota, Wisconsin, North and South Dakota were represented. Tech

scored 994 out of 1,000 points. The Sabre Jets also will take part in a giant Cherry Blossom Festival parade on Saturday, April 6, with the other participating drill teams. Over 40 of the top ROTC units in the nation will be competing at the festival.

Jarvi, a senior mechanical engineering major at Tech, is the son of Mr. and Mrs. Veikko A. Jarvi, Route 1, Negaunee.

### 12 Students Accepted By Quill And Scroll

For their work on school publications, 12 students from Gwin High School have been accepted into Quill and Scroll, a national journalism honorary group. A dinner is planned in April to honor the new members and to give recognition to others who worked on the school newspaper and year-

book. Seated above (left to right) are Roberta Glenn, Gail Byers, Cherie Simpson, Sharon LaMar and Margaret Sullivan; standing are Anne Fellow, Karen Blount, Vicki Christensen, Phyllis Hocking, Susan Mussatto and Alvin Shook.

### Church Council Opposes School Bus Service Bill

LANSING — A bill proposing that public school districts provide bus service to parochial school pupils has drawn opposition from the board of directors of the Michigan Council of Churches.

In a statement approved at a meeting in Lansing, the board said it reaffirms its belief in the separation of church and state.
