Freezing temperatures earlier in week affected strawberry growers of county. Story on Page 2.

\$50 Million Surplus Eyed For Michigan

LANSING (AP) — The State Revenue Department figures indicate Michigan may have a general fund surplus of \$50 million for the current fiscal year ending June 30.

Lock said continuation of the pattern could bring an additional \$17 million into state coffers by June 30.

Gov. George Romney, a Republican who ousted Swainson last November, predicted in his January budget message to the Legislature that this year's budget would have a surplus of \$33 by June 30 to apply to a general fund deficit that stood at \$85.6 million as of July 1, 1962.

Revised Estimate Romney, who says thanks for the surplus is due the 1961-62 Legislature, last week revised his own estimate, saying the surplus might run as high as \$40.6 million.

Firms Switch Pleas; Fined In Price Fix

MILWAUKEE (AP) — Five firms that manufacture equipment used on telephone and telegraph poles received fines ranging from \$250 to \$2,250 in U.S. District Court Friday after they changed their pleas to federal price fixing charges from innocent to no contest.

Judge Kenneth P. Grubb imposed the penalties: McGraw Edison Co., Elgin Ill., parent company of Line Materials of Milwaukee, \$1,500; Hubbard & Co., Chicago, \$2,250; Joslyn Manufacturing & Supply Co., Chicago, \$2,250; Utilities Service Co., Allentown, Pa., \$250, and A. B. Chance Co., Centralia, Mo., \$1,250.

A sixth firm, Oliver Electrical Manufacturing Co. of Battle Creek, Mich., is scheduled to appear later.

State Seeks Help To Employ 7,000 College Students

DETROIT (AP) — Employers were asked Friday to lend a helping hand to the Michigan State Employment Security Commission in placing 7,000 college students looking for summer employment.

Commission Chairman Max M. Horton said 10,000 letters have been mailed to employers. However, he said the commission hasn't been getting too much response.

'Reasonable Pay' Most of the students who have filed applications with his office will accept "almost any kind of job with reasonable pay" and will be available to start work between June 1 and June 15, Horton said.

He said some of the students must have a job to finance next semester's studies.

The Weather

Forecast for Marquette and vicinity: Variable cloudiness and continued warm tonight and Sunday, with scattered thundershowers likely tonight; lows tonight in mid-50's, high Sunday around 80. Outlook for Monday: generally fair and no decided change in temperature.

Forecast for Lake Superior: Smaller warnings in effect; southwesterly winds 18 to 28 knots tonight, diminishing a little Sunday; scattered thundershowers likely tonight.

Data for 24 hours ending at noon: Temperatures — 57 at 6 a. m.; 78 at noon; highest in last 24 hours, 86 at 1 p. m. yesterday 57 at 6 a. m. today.

Relative humidity at noon — 36 per cent. Precipitation — .14 in last 24 hours; total to date this year, 7.75 inches; normal to date, 11.21 inches.

Sun rises at 5:00 a. m. tomorrow and sets at 8:36 p. m. Records for June 1 — Maximum temperature, 92 in 1893; 35 in 1927; most precipitation, 1.50 inches in 1860.

POPE JOHN XXIII

Anticancer Serum Flown To Rome

ROME (AP) — Dr. Sergio de Carvalho, a Cleveland, Ohio, scientist who heads cancer research for the Rand Development Corp., arrived by plane today, reportedly with an anticancer serum for Pope John XXIII.

He was met at Fiumicino Airport by an automobile which took him to an appointment with Dr. Pietro Valdioni, one of the Pope's physicians.

De Carvalho declined to make any statement at the airport. In Cleveland, his wife had said her husband would be taken straight to the Pope, and would be given a room in the Vatican palace.

Mrs. De Carvalho said her husband had been invited to the Vatican by Dr. Carlo Nervi of the Regina Elena Institute for the study of cancer in Rome. She said Dr. Nervi had been assisting Vatican physicians in treatment of the Pope.

The Cleveland Plain Dealer said news of the Vatican's interest in the serum was first revealed in a copyright story in the Miami Herald.

Too Far Advanced Henry James Rand III, head of the Rand Corporation, said from Osterville, Mass., that 100 cubic centimeters of the serum was carried to Rome aboard a jet, the Herald said.

It added that some of the drug had been administered to the Pope but his illness was too far advanced for it to do much good.

The Herald said Rand described the drug as a cancer arrester. He told the paper that the drug, called neopibulin, had made leukemia disappear temporarily.

Swainson Outlines Details Of Demo's Proj. One Hundred

LANSING (AP) — Details of Project One Hundred, first of a series of fund-raising activities aimed at eliminating the deficit of the Democratic party in Michigan, were outlined Friday by former Gov. John Swainson, head of the drive.

"The goal is to raise \$100,000 in 100 days through contributions of \$100 each from 1,000 interested persons," Swainson said.

"The project officially starts Thursday, June 6. It will end 100 days later, on Sept. 13," he said.

"No political party can consider facing an election year such as 1964 burdened by such a deficit as ours," Swainson said, adding: "I am confident there are well over 1,000 people who are concerned enough with an effective two-party system to participate."

Leukemia Takes Life Of Rep. Francis Walter

WASHINGTON (AP) — Rep. Francis E. Walter, 69, chairman of the House Committee on Un-American Activities, died Friday.

Walter, who was elected to a 16th consecutive term last Nov. 6, had been confined to Georgetown University Hospital for several weeks. His death was attributed to leukemia, cancer of the blood.

Kennedy Saddened President Kennedy said in a statement: "I am saddened to hear of the death of Congressman Francis E. Walter. When I saw him on my recent visit to the hospital he was facing the future with the same faith and courage he had shown throughout his life. He will be greatly missed in the House of Representatives and all his friends

Pope John Resists Death Again; Regains Senses For Brief Time

Dying Pontiff Prays Hour After Hour

VATICAN CITY (AP) — A dying Pope John prayed hour after hour while pain tormented him. His words made men of religion weep and put a catch in the throats of the world.

"The Holy Father's serenity and constancy with which his thoughts have been focused on God have touched all hearts," Vatican radio said.

'Jesus, Jesus' As he waited for death, the Pope repeated a simple aspiration that he learned as a child, a formulation that Catholic school children and illiterate natives in mission lands are encouraged to say in their minds, "Jesus, Jesus."

He repeatedly turned his thoughts to his favorite evangelist John, and whispered in Latin the words that Christ spoke before he raised Lazarus, the brother of Mary and Martha, "I am the resurrection and the life."

Once when his doctor was bending over him, the Pope said, "With death a new life starts—the glorification of Christ."

More than once the Pope said a prayer that he put repeatedly into addresses and talks at audiences since his Ecumenical Council began, "Ut unum sint"—that all may be one.

Pope John said during one period of consciousness, "I long to be taken away to be with Christ."

Much of the Pope's prayer was to ask blessings on the council, the Church and all men working for peace.

'Forgiveness' Whenever he was not praying or unconscious Pope John was turning his eyes toward those near him to ask, according to a Vatican communique, "forgiveness of all those whom he may have failed in the delicacy of his sentiment from the time of his youth until today."

"The more I think about it," he said, "the more I think Harry Truman will go down in history as one of the greater presidents."

"That's awfully nice of him," Truman said this morning when informed of Goldwater's comments.

"I never had any argument with Goldwater," Truman continued. "I think he is honestly trying to do a good job. And I thought that before he said those nice things about me last night."

State Traffic Fatalities Increased During May

EAST LANSING (AP) — Traffic fatalities increased in May, for the fifth consecutive month. State police said accidents claimed 133 lives last month, provisional figures showed — an eight per cent increase over the 123 recorded a year ago. It was the 16th month of the last 12 that deaths increased over the previous year.

Auto Club Cautions Michigan Motorists

DETROIT (AP) — The Automobile Club of Michigan repeated an old word of caution to motorists.

Friday, Saturday and Sunday are the "most dangerous days of the week for driving," the Auto Club said.

"The most dangerous hours" are between 4 and 9 p. m. and the "second most dangerous" between midnight and 3 a. m.

Integration Leader Calls For More Demonstrations

JACKSON, Miss. (AP) — An integration leader called for renewed demonstrations in Jackson today after more than 400 marching Negroes—many of them teenagers—were arrested and taken to temporary detention centers.

Mayor Allen Thompson again rejected a Negro request for a bilateral meeting. Conditions were too tense, he said.

Medgar Evers, state field secretary for the National Association for the Advancement of Col-

ored People, urged continuance of the civil disobedience campaign.

Evers, who appeared at a mass night rally, later declined to say what form weekend protests would take.

It took police more than five hours to process prisoners Friday after the first major demonstration in the Negroes' civil rights struggle here.

The final arrest figure: 327 juveniles, 94 adults. The group, management and limited pickets to 18 at the Florida, where the sidewalk is wide, and to 10 at the State, where the sidewalk is narrow.

WASHINGTON (AP) — The Navy said today that wreckage which it previously believed as that of the sunken Thresher now cannot be "definitely identified" as that of the lost ship.

An announcement said that a "thorough analysis" of pictures taken by underwater cameras on Thursday "failed to confirm" the belief that they showed the sunken Thresher, down in 8,400 feet of water, 220 miles east of Cape Cod.

The pictures were taken by the research vessel Conrad.

Friday the Navy said the photographs appeared to show the hull of the Thresher, with a rupture in the hull.

The photographs taken by the Conrad, the Navy said, "were rushed to Washington by air last night and subjected to exhaustive examination by Navy experts. Although some objects in the pictures remain unidentified, none could be identified as being of any part of the Thresher."

The Navy task group conducting the search is continuing efforts to locate the Thresher hull.

"The research ship Gulls will arrive in the area of prime interest, some 220 miles east of Boston, and will commence taking bottom photographs with a closed circuit television camera specially developed for deep submergence operations."

WASHINGTON (AP) — The United States is threatening to increase duties on goods from Europe if the Common Market goes through with plans to raise the tariff on U. S. poultry.

TOKYO (AP) — The American Stanvac Oil Co. and British Shell agreed today to the nationalization through purchase within the next 15 years of their refining, distribution and marketing facilities in Indonesia.

NEW YORK (AP) — James H. Meredith, the first known Negro to attend the University of Mississippi, says a fund has been established in his name to provide loans and gifts to college and high school students. Ole Miss professors are among the fund's contributors, he adds.

MELBOURNE, Australia (AP) — Australia has sold another 46 million bushels of wheat to Communist China. Wheat Board chairman J. V. Moroney said Friday. He said shipments will start in June.

Indonesia's President Sukarno, left, and Prime Minister Tunku Abdul Rahman of Malaya left in separate cars from Tokyo residence of Japanese Foreign Minister Masayoshi Ohira Friday. Sukarno and Rahman conferred on the disputed proposal to merge Malaya, Singapore and the British Borneo states into a single political unit. Rahman came to Tokyo to try to persuade Sukarno that Indonesia will not be threatened by the proposed Federation of Malaysia scheduled to go into effect Aug. 31. (AP Wirephoto).

Florida Negroes Win Court Ruling

TALLAHASSEE, Fla. (AP) — Tallahassee Negroes have won court protection for regulated picketing of the city's white movie theaters in what their attorney called a sweeping court victory over segregation.

As a result, the delighted Negroes called off a scheduled 12th mass demonstration before the city's two white theaters.

Navy Unsure That Photos Are Of Sub

WASHINGTON (AP) — The Navy said today that wreckage which it previously believed as that of the sunken Thresher now cannot be "definitely identified" as that of the lost ship.

An announcement said that a "thorough analysis" of pictures taken by underwater cameras on Thursday "failed to confirm" the belief that they showed the sunken Thresher, down in 8,400 feet of water, 220 miles east of Cape Cod.

The pictures were taken by the research vessel Conrad.

Friday the Navy said the photographs appeared to show the hull of the Thresher, with a rupture in the hull.

The photographs taken by the Conrad, the Navy said, "were rushed to Washington by air last night and subjected to exhaustive examination by Navy experts. Although some objects in the pictures remain unidentified, none could be identified as being of any part of the Thresher."

The Navy task group conducting the search is continuing efforts to locate the Thresher hull.

"The research ship Gulls will arrive in the area of prime interest, some 220 miles east of Boston, and will commence taking bottom photographs with a closed circuit television camera specially developed for deep submergence operations."

WASHINGTON (AP) — The United States is threatening to increase duties on goods from Europe if the Common Market goes through with plans to raise the tariff on U. S. poultry.

TOKYO (AP) — The American Stanvac Oil Co. and British Shell agreed today to the nationalization through purchase within the next 15 years of their refining, distribution and marketing facilities in Indonesia.

Man Drowns In Alger Lake

MUNISING — A man from the Detroit suburb of Garden City drowned near Munising at 7:30 this morning.

William Hamilton, 45, drowned in Perch Lake, which is four miles west of Munising off Highway M-28, when a boat in which he and a companion were fishing capsized 60 feet from shore. The companion, who was not identified, swam to shore.

The drowning was reported at 8:40 a. m. to the Munising state police post by Dean Wilcox, Christmas Location, who also was fishing on Perch Lake. The body was recovered at 11 a. m. by Alger County Sheriff George Traver and Frank Carr, also a resident of Christmas Location.

Baruch Enters Hospital For Routine Checkup

NEW YORK (AP) — Bernard Baruch has been admitted to New York Hospital for a routine checkup. A spokesman said Friday the 92-year-old adviser to presidents, admitted a week ago, would probably remain for several more days. The checkup was reported to be prior to an anticipated trip to Europe.

Administration To Seek Integration Legislation

WASHINGTON (AP) — The Kennedy administration is expected to ask Congress next week for new legislation to speed desegregation of schools and public accommodations.

The two-bill package, coupled with voluntary removal of racial barriers by some southern businessmen, is designed to ease the nation's integration crisis.

Prime consideration, it was learned, is being given to a public accommodations bill that would prohibit racial discrimination by businesses involved in interstate commerce.

The hope is that such a measure may alleviate tensions arising from sit-in demonstrations at department store lunch counters, small restaurants which do not

Stout Heart Keeps Life In Prelate

VATICAN CITY (AP) — Pope John XXIII regained consciousness briefly today for a second time and then sank back into coma under the darkening shadow of death.

At the pontiff hovered, his sturdy heart put up an astonishing resistance.

Almost four hours after the Vatican radio had announced the Pope could "die at any moment," he recovered consciousness for the second time today. An hour later the Vatican said he slipped once again into unconsciousness.

"I doubt if he can live until this evening," one of his doctors said earlier in the day, but at 3:40 p. m., the pontiff was lucid enough to bless those at his bedside and dedicate his life to his goals for the church and the world.

The 81-year-old pontiff first lost consciousness Friday night at 10:40 o'clock. Early this morning he regained his senses, then lapsed back into the coma shortly after 8 a. m.

"Short of a miracle, he could be expected to die at any moment," the Vatican radio said just after noon, imploring the world's half billion Roman Catholics to pray for their supreme spiritual ruler.

Doctors said such ups and downs were not unusual for persons gravely ill with peritonitis. The dread infection struck the Pope during his struggle with a stomach tumor which had caused heavy hemorrhaging. Peritonitis is an inflammation of tissue.

As he had been in his previous return to consciousness, the pontiff was reported serene once again. And once again, the Vatican said, he blessed those present in the room. He offered his life for the church, for his Ecumenical Council in which he strove for Christian unity, and for world peace.

Step By Step A monsignor, the Rt. Rev. Odone Tacoli, who saw the pontiff while he was conscious early in the day, said he told him, "Holy Father, you seem revived."

He said the Pope replied, "I have been able to follow my death step by step. Now I am going sweetly toward the end."

Few had expected the Pope would live into the new day. Minute by minute, then hour by hour, the bulletins from the Vatican radio and press office had prepared the waiting Roman Catholic world for the news of his death.

Doctors Amazed Ferdinando Cardinal Cento, who recited prayers for the dying at the pontiff's bedside Friday, said he heard Pope John murmur then, "I wish to be taken away, so I can be with Christ."

The pontiff's heart amazed his doctors, but one of them, Piero Mazzoni, said "I doubt if he can live until this evening."

The Pope was breathing regularly, but slowly and with difficulty. His temperature rose to 100.4 degrees, the Vatican said. But his stout heart still beat regularly.

Pope John passed the night on the threshold of death with his brothers and a sister at his bedside.

'Suffering With Love' The Vatican radio told of the Pope's confrontation with death: "He said more than once, 'We are suffering but suffering with love.'"

Many times during his early morning consciousness, the radio said, the Pope "repeated the invocation, 'Jesus, Jesus.'"

The Vatican radio repeatedly reported, as did prelates coming from the Pope's apartment, that he was serene and calm in the throes of death.

'Like A Clock' Raimondo Manzini, director of the Vatican newspaper L'Osservatore Romano, came from the papal apartment at 11 a. m. (5 a. m. EST) and said the Pope was "still serene."

"He is breathing regularly, like a clock," Manzini said. "He is very pale under the oxygen mask and rests on his bed with his arms outstretched. He is dozing."

Clemente Cardinal Micara, the Pope's vicar for the city of Rome, came out weeping from the papal apartment.

The Pope had regained consciousness earlier, after hours in a coma.

A Vatican announcement said his pain had eased, but still continued. It said he was dozing, breathing regularly, but had lost consciousness again. He was being given oxygen. The Pope's confessor was summoned to his bedside, the announcement said.

MEDGAR EVERS

# Freezing Weather Affected Strawberry Producers In County

Strawberry producers were the only Marquette County farmers whose crops were hurt by freezing temperatures last week.

County Extension Director Melvin N. Nyquist said Marquette estimated that about 25 per cent of the county's strawberry crop has been lost. He noted that most of the commercial strawberry growers in the county have strawberry plants on only one or two acres of their land.

Nyquist said that while taking field surveys of frost damage he noted that many of the strawberry blossoms which were out last week have turned black.

These blossoms won't be pollinated, he added.

Fortunately, the frost came too early in the spring to harm other crops, Nyquist said. Most crops had not been planted yet or, in the case of early potatoes, the plants were not yet above ground. He added that oats were not hurt by the frost.

A chill went through county farmers when the frost warnings came out, but an even bigger threat is the unusually dry season this year.

**Rainfall Below Normal**

Precipitation since Jan. 1 is almost four inches below normal, the U.S. Weather Bureau station in Marquette reports.

So far this year, precipitation has amounted to 7.61 inches and the normal amount for the first five months of the year is 11.11 inches.

During May, precipitation amounted to 1.59 inches and normal for the month is 2.96 inches.

**Plantings This Weekend**

Most of the county's potato crop will be planted this weekend and the success of the crop depends on rainfall, Nyquist said. Planting this spring is on schedule, with corn due to go into the ground early next week.

Nyquist noted that the freezing temperatures last week didn't do nearly as much harm to strawberries as the frost which came in the first week in June last year, when all blossoms were out.

Some farmers reported losing as much as 96 per cent of their strawberry crop last year.

The two or three strawberry producers in the county who have irrigation devices were able to save all of their crops during the frost last week, Nyquist reported.

In these cases, an ice coat up to an inch thick blanketed the berry plants and protected them from freezing.

**U.S. Faces Increase In N-Fallout**

WASHINGTON (AP) — Largely because of last year's Soviet nuclear tests there will be an increase in fallout this year. But the exposure to Americans is still too small to cause concern and a change in the national diet.

This report was made Friday by the Federal Radiation Council, a top-level government group that surveys available radiation data.

**Radiation**

The fallout radiation an American will take in over 30 years is equivalent to one-thirtieth the amount he'll get from natural radiation in the soil, rocks and air.

There will probably be an increase in strontium 90 dosage to bone—an increase that will deliver to new bone formed this year radiation equal to one-fourth the natural background radiation.

But even that should drop in succeeding years as exposure to strontium 90 lessens, and there is a turnover in the normal growing processes of bone. Strontium 90 intake is believed to be a cause of bone cancer and leukemia—cancer of the blood.

**'Short Of Concern'**

The fallout figures, the council said, are "far short of figures which would cause concern," but spokesmen were hard put to say just what the figures of concern would be.

Judith Zwemer

# Hope Awards Degree To Miss Zwemer

Judith Ann Zwemer, daughter of Mr. and Mrs. Daniel Zwemer, 988 W. College Ave., will receive her B.A. degree from Hope (Mich.) College on Monday.

While attending Hope, she received faculty honors and was on the dean's honor list.

Miss Zwemer plans to attend the University of Michigan Medical School in Ann Arbor.

# 22 Affected In County By Induction Calls

Twenty-two young men registered with the Marquette County Draft Board will be affected by two selective service calls scheduled for next week.

Four young registrants will be inducted into the armed forces under the Selective Service Act of 1948 and 18 others will take their pre-induction physical examinations to determine their physical fitness for the service.

The induction call is the 156th under the act and the pre-draft call the 158, according to Mrs. Frances Drake, Marquette, clerk in charge of the board's office, which is located in the Marquette Post Office Building.

**Go To Milwaukee**

The calls are scheduled for Tuesday. Members of both contingents have been asked to report at the Clifton Hotel by 1 p. m., Tuesday, to take the chartered bus, which leaves for the regional examination and induction center in Milwaukee at 1:30 p. m.

The draftees will be sworn in on Wednesday in Milwaukee and the others will take their pre-draft tests the same day.

**Draftees** are Kenneth Robert Maki, Ishpening; Edward Emil Mattila and Leonard Peter Mattson, Republic; and Norman Allen Barry, Marquette.

**Pre-inductees** are Paul Henry Kamunen, Larry James Champion, Woodrow Allen DeVold and Morris Gene Kivela, Ishpening; Donald Joseph Dove, Harold Dennis Havican, Gerald John Akkala, John Frederick Hohmeier, Joseph Daniel Holland, Michael Frank Nevala and Jerry John Burke, Marquette.

Sheldon Moore Hocking, Charles Richard Waananen and David Mitchell Warlin, Republic; Eino Arlen Korpi, Negaunee; Norman Alfred Plattenberg, Michigamme.

James Richard Niemi, Rock, and Roy Edward Pennala, Sacramento, Calif.

# Youth Leads State Police On Wild Chase On Road, Field, Beach, Lake After Car Theft

State police apprehended a young man for stealing an automobile last night, but not until after he led them on a wild chase on the highway, through a field, on the beach and in Lake Superior.

Officers said James C. Morrissey, 19, K. I. Sawyer Air Force Base, was being held in the Marquette County Jail on an open charge, pending the issuance of a warrant and his arraignment, probably on an auto theft count.

**Seen Moments Later**

Sgt. Grant C. Barry, Marquette post commander, said the post was notified at 11:28 last night by Carl Nelson, Harvey, that his 1963 station wagon had been stolen from the Harvey Marina, in Chocolay Township, on the Chocolay River, near County Road BAA.

Given a description of the stolen car, Troopers Gunnard Dahl and LaMar Erb, on patrol on U.S. 41, southeast of the post, at 11:35 p.m. spotted an oncoming vehicle being driven northwest which answered to the description.

**Stalled On Embankment**

They turned around and took pursuit, at the same time notifying Troopers John Rohwetter and Jerry Friend, who were in another patrol car and proceeding southeast on U.S. 41 in that vicinity.

The two patrol cars then converged on the suspect and the driver in the stolen car, on noticing the officers, turned suddenly to the right, into a field which led toward the lake, police said.

On crossing the railroad tracks south of the post, however, all four tires on the car went flat and the vehicle became stalled on the edge of a 25-foot embankment at the lake, Barry said.

Morrissey then fled from the car and jumped down the embankment, fleeing down the beach on foot.

"It's even a wonder he didn't get hurt badly on the jump, as there's a lot of jagged rock in that area," Sgt. Barry commented.

**Begins To Swim Out**

With officers running after him on foot, he added, the young man apparently became desperate and jumped into the lake, starting to swim out.

One trooper remained in the area to keep a watch while the

other three returned to the post to get the post's 16-foot aluminum boat.

By this time Morrissey was in trouble a considerable way out and was screaming for help, Sgt. Barry said. The officers reached "just in time," he added, for he was "in extreme danger."

Officers brought Morrissey to St. Mary's Hospital for emergency treatment and examination and, after he was pronounced all right, he was taken to the county jail.

# Program For Graduation At NMU Given

Northern Michigan University commencement ceremonies for 279 candidates for degrees will be held Sunday, June 9, in the NMU fieldhouse.

It will be the largest graduating class in the history of Northern and the first since Northern received university status.

The baccalaureate observance will be an individual matter for graduates this year. They will attend services at the church of their choice on Sunday morning prior to commencement ceremonies in the afternoon.

**Public Invited**

The public is invited to attend the commencement program which will begin at 2 p. m.

The commencement speaker will be Dr. James W. Maucker, president of the State College of Iowa.

Dr. Edgar L. Harden, president of Northern, will confer degrees upon the graduating seniors and 13 graduate students.

Dr. Chris Magnusson, president of the State Board of Education, will extend greetings to the candidates from the board.

Presentation of candidates for degrees will be made by Dr. Milton B. Byrd, NMU vice president for academic affairs.

**Band To Play**

The invocation and benediction will be given by Rev. Herschel Martin, First Baptist Church, Marquette.

The processional and recessional will be played by the Northern Michigan University Concert Band, under the direction of Lorin Richtmeyer.

# Michigan Bell, Union Suspend Negotiations

DETROIT (AP) — Negotiations between Michigan Bell Telephone Co. and the Communications Workers of America were suspended for the time being Friday when union representatives turned down the firm's second settlement offer.

The talks were halted to allow union members to prepare for their national convention June 10 in Kansas City.

Union officials said both parties are "still far apart on a wide range of issues," but added that the talks will resume June 18 on a day-to-day basis.

# Grass, Brush Blaze Extinguished By City Firemen

Marquette's fire department was called out at 11:18 yesterday morning to the corner of Gray and Center Sts., where a blaze of unknown origin burned an area of brush and grass about 100 by 100 feet.

Firemen used the booster hose off the No. 2 (1,000-gallon) pumper to extinguish the blaze. Six firemen answered the call, with the No. 5 (500-gallon) pumper also being driven to the scene.

They returned to the station at 11:33 a.m.

# Mercury Soars To 86 Here, Then Cools Off Before Rain

Temperatures in Marquette yesterday rose to the mid-80s for the first time this year, followed by an abrupt change to cool weather and thundershowers.

Similar conditions were expected this weekend. Continued warm temperatures are predicted, along with scattered thundershowers.

Yesterday's high was 86, at 1 p. m. The previous high this year was 79, on May 7. The average temperature yesterday was 72, or 17 above normal, with a low of 58.

Marquette was one of the warmest spots in the Upper Peninsula yesterday. The Marquette County Airport had 80 and it was 70 in Escanaba and 78 in Sault Ste. Marie.

Meteorologist Fred Mueller said the official temperature yesterday was 79 at 10 a. m., and 83 by noon.

**Short Of Record**

Yesterday's temperature fell far short of the record high for May 31, 99 in 1934, but it was still a rare day. During the entire summer, Mueller noted, Marquette normally has six days of 90 or above temperatures.

The relative humidity was only 39 per cent at 1 p. m. yesterday.

but it got muggy when showers began and jumped to 70 per cent by 4 p. m. and 85 per cent at 7 p. m.

The mercury dropped to 63 by 4 p. m. and then stayed in the low 60s and upper 50s for the remainder of the night.

**14 Of Inch Fall**

Precipitation yesterday totaled 14 of an inch. Most of the rain fell in a downpour between 7 and 8 p. m., although showers occurred intermittently from 2 p. m. until 8:20. Thunder accompanied the showers in many areas.

Mueller reported that a high pressure area was remaining fairly stationary over the mid-Atlantic states, bringing a southerly flow of air into this area. Because the air is unstable, it produces showers, which occur mostly in the afternoon and early evening and then dissipate later on, he said.

A typical characteristic of these showery conditions is that some areas receive fairly large amounts of rain while nearby areas get little or no rain, Mueller said.

A cold front was located over the northern shore of Lake Superior today, but it is not expected to move southward and affect this area, Mueller added.

# County's Circuit Court Term Ends; Next Session On July 22

Marquette County's May term of circuit court, with one of the largest criminal dockets seen here in many years, came to an end yesterday.

Judge Bernard H. Davidson, Negaunee, will go to Escanaba on Monday to begin Delta County's June term of circuit court. Both Delta and Marquette Counties are in the 25th

Judicial Circuit, over which Judge Davidson presides.

The next term of circuit court here will be a non-jury special term, beginning Monday, July 22.

**Guilty Plea Entered**

In criminal action in circuit court this week, William J. Sharkey, 22, Box 5, Forsyth, entered a plea of guilty to a charge of driving on Feb. 20, while his operator's license had been revoked.

Sharkey had originally indicated that he would appeal a conviction on the charge from Marquette Township Court and a trial on the appeal had been scheduled before Judge Davidson.

Sharkey also pleaded guilty Wednesday to a second charge of driving while his license was revoked. He was arrested by state police May 22 on County Road EJ in Forsyth Township.

Pre-trial conferences were held yesterday in several civil cases, and a divorce was awarded to Paul D. Hunter, Marquette, from Dora K. Hunter.

# Man Waives Hearing In Court Here

Melvin M. Silta, 17, Route 1, Skandia, was bound over to the September term of Marquette County Circuit Court when arraigned before Judge Edward H. Dembowski in municipal court yesterday on a charge of larceny from a motor vehicle.

Silta waived preliminary examination. He was released on his personal recognizance. Bond, set at \$100, is to be paid June 12.

**Occurred Around May 7**

City police arrested Silta for allegedly taking a motor, transmission, differential, generator and starter from an abandoned automobile parked at the Powder Mill Location, on or about May 7.

Police said Silta admitted taking the parts and putting them in his own car.

The automobile is owned by Robert Hudson, Moran St., Trowbridge Park, who reported the theft to police.

range of issues," but added that the talks will resume June 18 on a day-to-day basis.

**Pattern**

National CWA President Joseph A. Beirne, of Washington, said any contract signed in Detroit will become the pattern for other CWA contracts throughout the nation.

He added that the Detroit contract should include a "substantial" wage boost, company-paid hospitalization insurance and increased vacation and pension benefits.

# Mrs. Ripley Dies At 83 In Hospital

Mrs. Marie G. Ripley, 83, of 1045 Pine St., died at 3:45 this morning in St. Mary's Hospital, following an illness of one month.

Mrs. Ripley was born in Germany and had been a resident of Marquette since 1906. Her husband, Harvey G. Ripley, died Aug. 28, 1959.

She was a member of St. Michael's Church and of its Altar Society, and also was president of the Auxiliary of United Spanish War Veterans.

**Rites On Tuesday**

She is survived by four sisters, Sister Jacobina, Beach Creek, Ind.; Mrs. Anna Emerson, Skokie, Ill.; Mrs. Elizabeth Reddington, Chesterfield, Ill., and Mrs. Rose Kraus, Portland, Ore.; and one brother, August Behrendt, Chicago.

Funeral services have been tentatively arranged for Tuesday morning in St. Michael's Church.

The body was taken to Tonella's Funeral Home.

# Water Main Near College In Service

Water department crews this week pressure tested, chlorinated and placed back into service the eight-inch water main between N. Seventh and N. Eighth Sts., adjacent to the Northern Michigan University campus.

Johnson Construction Co. of Marinette finished the relaying and installation of the water main, in the area which would be an extension of W. Fair Ave., on property now owned by Northern.

The water main there had to be relocated because of the construction of the Practical and Fine Arts Building, part of which was over the old main, leading north from N. Eighth St. That section of N. Eighth St. has been vacated by the city and absorbed into the campus area.

**Doing Other City Work**

During the week the Johnson company, which is in this area doing some subcontracting work for the Bacco Construction Co., prime contractor on the U. S. 41 and M-28 route relocation project, completed the installation of the sand-filled steel wrapping on that portion of the 10-inch water main that passes under the new building on Eighth St.

The Johnson company also has done some relaying work of city water lines in the vicinity of the bypass, at Fisher and Grove Sts., and will do another section, near where the Champion St. overpass will be built, later this summer.

# Registration Monday For Scuba Class

A second class in the "Fundamentals of Skin and Scuba Diving" will be offered here this spring, starting Monday.

The course, sanctioned by the National Association of Underwater Instructors (NAUI), is offered through the Public Services Division of Northern Michigan University and is under the supervision of Scott Holman, NAUI certified instructor.

Registration for the course will be Monday at 1 p. m. in the NMU fieldhouse. The tuition fee of \$25 will be collected at that time.

Reservations may be made by calling Northern Michigan University at 225-1341 and asking for Public Services Division, or by calling the Lake Superior Skin Diving Co. at 226-2211.

**Eligibility Cited**

The course is open to both men and women from 12 years of age up. The 26 hours of instruction include eight hours of classroom lecture, 12 hours of pool work, a three hour written final exam, and an optional open water deep dive in Lake Superior.

Diving equipment for the class, as well as the instructors and filtered compressed air, is furnished by the local skin diving company.

# Five Persons Injured, Four Issued Tickets In Five Area Crashes

Five persons were injured, four motorists were issued summonses and seven automobiles were involved in four area traffic mishaps reported this morning by city and state police.

State police also probed another wreck which occurred in Champion Township (see story on Page 8). Reports on the other collisions follow:

**1.** At 8:15 last night a car being driven east on M-28 by Marion Affholter, 45, Wyandotte, went out of control on the wet pavement, about two miles east of U.S. 41, in Chocoley Township.

**Hits Mailbox, Rolls Over**  
State police said her car slid around, skidding off the right side of the highway, rolling over once after striking a mail box and coming to rest on its wheels, against a jackpine tree.

**Mrs. Affholter and a passenger, Norbert Charles, 46, also of Wyandotte, both were shaken up considerably and suffered bruises about their body.**

They were taken in the state police patrol car to St. Mary's Hospital, where their condition this morning was reported as being "fairly good."

**Excessive Speed**  
Extensive damage resulted to the top, front end and both sides of the Affholter vehicle, a 1962 sedan, which had to be hauled from the scene by a wrecker.

State police ticketed Mrs. Affholter for driving at an excessive rate of speed for conditions.

**2.** Two other injuries resulted from a smashup at 10:45 yesterday morning on M-95, at County Road 601, in Republic Township. Involved were an automobile being driven north on M-95 by Carl Berger, 73, of 2106 Wilkinson Ave., Marquette, and a tank truck operated by Robert Marcotte, 25, of 428 Division St., Ishpeming.

State police said Marcotte drove out onto the highway after making a right turn off Road 601, apparently not seeing the Berger car, and the truck went in front of the automobile.

**Both Berger and his wife, Barbara, 69, were injured and were taken in the Ishpeming city ambulance to St. Luke's Hospital here. He apparently suffered only minor injuries, but she was hospitalized, having sustained a fracture of her right elbow and an abrasion on her right knee.**

He apparently suffered only minor injuries, but she was hospitalized, having sustained a fracture of her right elbow and an abrasion on her right knee.

The left rear of Moore's 1959 four-door sedan was damaged. Apparently no damage resulted to the Grobar car, a 1954 station wagon.

Extensive damage occurred to

the right front of Berger's car, a 1934 coach, which had to be towed from the scene by a wrecker, and the left front of the truck, a 1963 model, was damaged. The latter was removed from the scene by Marcotte.

**Right-Of-Way Violation**  
Marquette was issued a ticket for a right-of-way violation.

**3.** At 7:35 last evening a car being driven north on County Road 553 by John Homer, 21, K. I. Sawyer Air Force Base, went out of control as he was rounding a left curve, at County Road NA, in Sands Township.

State police said he came around a left curve, went off the roadway and went into the ditch on the right, where his car struck a mail box. The vehicle then traveled back across the highway, going over Road NA and smashing into the ditch.

**Homer apparently suffered minor injuries and was taken to the Sawyer Base Hospital for treatment.**

Extensive damage resulted to the right side and front end of his car, a 1957 coach, which had to be towed from the scene by a wrecker.

**Speed Law Violation**  
State police issued Homer a summons for a speed law violation.

**4.** An automobile being driven west on County Road 492 by Ward Longtine, 21, Mounted Route, Marquette, went out of control two and a half miles west of U.S. 41, in Marquette Township, at 3:45 yesterday morning.

State police said he reported an oncoming car partly on his side of the highway caused him to swerve to the right. He lost control of his vehicle, which went off the right side of the highway, smashing into a guard rail and overturning in the ditch.

**Violation Of Speed Law**  
The left side and top of Longtine's car, a 1956 sedan, were badly damaged and the vehicle was removed from the scene by a wrecker.

State police issued Longtine a summons for a speed law violation.

**5.** At 8:25 last night a car being backed out from a parking space on W. Main St. by Sandra J. Grobar, 701 Division St., scraped the left rear fender of a parked automobile owned by Thomas Moore, 1308 Northup St.

City police said she was backing out from a parking space on the north side of the "island" area when the mishap occurred. Moore's vehicle was parked on the right side of hers.

The left rear of Moore's 1959 four-door sedan was damaged. Apparently no damage resulted to the Grobar car, a 1954 station wagon.

Extensive damage occurred to

## \$1,500 Given By Elks Lodge For Five Charitable Projects

Marquette's Elks Lodge this week announced it had approved contributions totaling \$1,500 for various projects and groups.

Exalted Ruler Joseph Fountain said the biggest single item was the \$1,000 appropriated for the Michigan Elks Major Projects Association, for handicapped children.

**Monies contributed by Elks Lodges throughout Michigan are used by the Elks to help handicapped children who are in need of, but whose parents are unable to afford, medical or hospital aid.**

Fountain said James Soli is the Marquette chairman for the hand-

Checks for various charitable groups are being distributed here by Joseph Fountain, exalted ruler of the Marquette Elks Lodge. From left are W. C. Evert, Marquette, vice president of the Marquette County Association for Retarded Children, who accepted a \$150 donation for the Marquette School for Trainable Retarded Children; John Vargo, Marquette, field representative for the Bay Cliff Health Camp, Big Bay, which also was given a \$150 check; Exalted Ruler Fountain; Mrs. L. O. Gant, member of the board of directors, Visiting Nurse Association, who is accepting a \$100 check for her organization, and the Very Rev. Msgr. Wilbur M. Gibbs, director, Catholic Social Services, who accepted a \$100 donation for Holy Family Orphans Home.—(Mining Journal photo).

In addition to the above, Fountain noted, the Elks sponsor a delegate to the Wolverine Boys' State, held each June for outstanding juniors in Michigan high schools. The Boys' State program is held at Michigan State University, East Lansing.

Accepting the local contributions by the Elks Lodge from Exalted Ruler Fountain were:

Mrs. L. O. Gant, member, board of directors, visiting Nurse Association; Willard C. Evert, Marquette, vice president, Marquette County Association for Retarded Children, on behalf of the Marquette School of Trainable Retarded Children; John Vargo, Marquette, field representative, Bay Cliff Health Camp, Big Bay, and the Very Rev. Msgr. Wilbur M. Gibbs, director, Catholic Social Services, on behalf of the Holy Family Orphans Home.

## Seven Jubilarians Here For Special Mass

Seven priests of the Marquette diocese who are observing the 25th anniversaries of their ordinations this summer were in attendance this week at a Solemn Mass of Thanksgiving which the Most Rev. Thomas L. Noa, D. D., bishop of the Catholic Diocese of Marquette, offered in their honor at St. Peter's Cathedral. An eighth jubilarian, the Rev. Bennet Rothan, D.F.M., of Calumet who was in Cincinnati last week, was unable to be present. Mass.—(Mining Journal photo).

Shown with the bishop are, from left: the Rev. James N. McCarthy, Iron Mountain; the Rev. Wilfrid Pelletier, Sault Ste. Marie; the Rev. William Russell, Caspian; the Rev. Charles W. Daniel, Wakefield; Bishop Noa; the Rev. Robert J. Monroe, Sault Ste. Marie; the Rev. Urban S. Konopka, Iron Mountain, and the Rev. Robert J. Cordy, Negaunee. A dinner at the Newman Center followed the Mass.—(Mining Journal photo).

## Watson District Included In Phone Hearings Set In U.P.

LANSING (AP)—The State Public Service Commission today announced the scheduling of seven separate public hearings involving telephone service in the Upper Peninsula.

On Thursday, June 13, the commission will hear requests of the Upper Peninsula Telephone Co. to establish exchanges in the Gay area of Keweenaw and Houghton counties, the Copper Harbor and Eagle Harbor areas of Keweenaw County and the Watson area of Marquette County.

Also to be heard on the 13th will be a petition of the Michigan Bell Telephone Co. to establish a Keweenaw Exchange in Eagle River, Houghton and Grant Townships of Keweenaw County, establishment of extended area service between the proposed Keweenaw Exchange and the Calumet Exchange and the revision of the Calumet Exchange to include portions of Houghton and Sherman Townships in Keweenaw County.

On June 14 the commission will hear a request of the Upper Peninsula Telephone Co. to establish a Donken Exchange to serve the communities of Mottley, Otter, Tolvola, Donken, Twin Lakes and Winona in Ontonagon County and in Portage, Elm River, Adams and Stanton Townships in Houghton County.

Also on the 14th, a hearing will be held on a request of Midway Telephone Co. to construct a telephone system to provide local exchange service in the area of Elm River Township in Houghton County and in the communities of Lake Roland, Winona, Donken and Twin Lakes.

## City Paragraphs

James McDougall, a sophomore from Marquette, has been elected treasurer of the University of Michigan's Phi Rho Sigma medical fraternity. Earl Rind, a Sault Ste. Marie senior, is vice president; James McGillicuddy, East

## Schools Accept Insurance Bid Of City Group

Builders' risk insurance for the public schools' present construction program will be obtained from the Marquette Insurance Agents Association.

Marquette Insurance Agents Association submitted the low figure for the policy, \$2,610.24.

A quotation submitted by the Direct Writing Agents of Marquette, representing mutual insurance companies, was \$3,243.29, with the possibility of discounting an estimated dividend of \$299.61 from Employers Mutual of Wausau. The bid, including the estimated possible discount, was \$2,943.68.

**Covers Building Program**  
The school board accepted the quotation of the Marquette Insurance Agents Association at a special meeting this week.

The builders' risk policy will cover construction of the Marquette Senior High School and the six-room additions at both Saint Knoll and Whitman Elementary Schools.

The Marquette Insurance Agents Association has been handling the public school insurance needs in recent years. The Direct Writing Agents of Marquette expressed an interest several months ago in being considered for the builders' risk policy and the board decided at its regular meeting earlier this week to invite a bid from the group.

The Direct Writing Agents of Marquette represent Employers Mutual of Wausau, State Farm Mutual Insurance Co. and Nationwide Mutual Insurance Co.

## Canvass For Cancer Fund In Township

A house-to-house canvass will be conducted in Chocoley Township Monday and Tuesday for the 1963 Cancer Crusade, Robert Bordeau, Marquette, chairman of the county crusade, announced.

Chairman of the campaign in Chocoley Township is Mrs. Gary Dionne. Collections in Chocoley Township will be used to further the work of the Marquette County unit of the American Cancer Society and for research carried on by the national organization.

## Kiwanis Club Sets Meeting At Chatham

Marquette's Kiwanis Club will hold a dinner meeting at 6:30 Monday evening in the Lutheran Church on M-94, between Chatham and Eben.

The entire program will be held in recognition of "June Dairy Month," according to Melvin N. Nyquist, club president.

Nyquist said ladies of members also will be in attendance. **Little To Speak**  
C. J. (Jack) Little, Chatham, dairy specialist for the Michigan State University Extension Service and dairy superintendent for the Upper Peninsula Experiment Station at Chatham, will address the group and will conduct a tour of the dairy research units at the station.

Members also will have an opportunity to visit Camp Shaw, located nearby, which is the 4-H camp for the U.P., and the poultry research center at Chatham. **No Noon Meeting**  
Cliff Wagner, chairman of the club's agricultural and conservation committee, is in charge of arrangements for the program.

Because of the evening session, Nyquist said, there will not be any luncheon meeting of the club at noon Monday. However, a "roundtable" session will be conducted at noon in the Clifton Hotel by Lowell A. Carlson, club secretary-treasurer, for members who will be unable to attend the evening meeting.

Lansing Junior, is president. Secretary is Bryan Nelson, Inkster sophomore.

## Amateur Photo Contest Set By U.P. Tourist Association

More than ever before, the Upper Michigan Tourist Association invites visitors as well as residents to take their cameras along while enjoying vacations in this North Country.

This time, the pictures they take could be worth money.

At its annual meeting in Sault Ste. Marie, the association authorized its publicity department to offer \$350 in prizes for winning photographs submitted in a contest that will run through Sept. 15.

**Awards of \$100 for first, \$50 for second and \$25 for third will be offered in each of two divisions — one for black and white pictures and the other for color photos or transparencies.**

Anyone's eligible — tourist or U.P. resident — except commercial photographers, officers, directors and employees of the Upper Michigan Tourist Association and members of their families. **Used For Publicity**  
The association is especially eager to obtain photographs that

illustrate the region's recreation, scenic, historic or industrial appeals for publicity and promotional purposes. Payment will be made — in addition to the money awarded contest winners — for any other pictures used by UMTA for such purposes.

Photographs, which must be at least five by seven inches in size with eight by 10 inch entries preferred, can be submitted anytime until midnight Sept. 15, 1963, to the association at its office in the Harlow Block, Marquette, or mailed to UMTA, Box 749, Marquette. Names of winners will be announced within 30 days after the deadline date.

In submitting a photograph, an entrant must write his name, address and description of photograph (where taken, etc.) on a small piece of paper taped or pasted to the back of the picture. An entrant may submit more than one photo, but only one prize will be awarded to any entrant or family.

In case a picture contains identifiable person or persons, a signed affidavit granting the tourist association permission to use such picture for publicity or promotional purposes must be submitted with the entry.

Final decision on winners will be made by a committee of judges that will include commercial photographers and UMTA officials.

## Peninsula Banker To Address State Group's Meeting

DETROIT — The Wolverine Club, composed of Michigan bankers who have graduated from the Graduate School of Banking at the University of Wisconsin, will hold its seminar and annual meeting in Detroit on June 12.

The president of the club, James B. Jones, assistant vice president of the Citizens Commercial & Savings Bank, Flint, will preside at the annual dinner.

**Corey To Speak**  
The speaker will be Herbert W. Corey, president of the Bank of Stephenson and president of the Michigan Bankers Association. Three other speakers will address the group. They are: George R. Ryder, of the General Motors Corp.; Flint; L. William Seidman, CPA, Grand Rapids; and Matt S. Szymczak, of an investment firm in Washington, D. C., and a former governor of the Federal Reserve System.

High on the business meeting

## Two Drivers Pay \$115 In Fines, Costs

Two persons were ordered to pay a total of \$115.20 in fines and costs by Judge Edward H. Dembowski in municipal court yesterday.

For drunk driving, Charles J. Diedrich, 45, of 610 E. Michigan St., was ordered to pay a fine of \$50 and \$10.10 costs. Alternative sentence is to spend 10 days in the Marquette County Jail.

Diedrich was arrested by city police yesterday on S. Front St.

**License To Be Revoked**  
As in all drunk driving convictions, his operator's license was revoked for a period of three months to two years by the office of the secretary of state.

Dennis A. Haring, 19, of 351 Harrison St., paid a fine of \$50 and \$5.10 costs for reckless driving. Alternative sentence was to spend 10 days in the county jail.

Haring was arrested by city police Thursday night on Prospect St. Police said he was driving north on Lake St. at a high rate of speed and tried to elude officers by turning off the headlights on his car.

## Work-Study Training

High school seniors will be told in commencement addresses during the next few days about the increasing education and training qualifications that are being placed upon young people embarking upon careers. They will be told of the need for higher education and for specialized training. A greater percentage of the population is receiving college degrees now than ever before, and more graduates are returning for additional training as business, industry and the professions step up their demands on personnel.

An example of what one industry is doing to obtain qualified personnel is contained in a booklet that was mailed to all of the 74 high schools in the Upper Peninsula this spring. Aimed at graduating seniors, the booklet describes a unique institution, the College of Insurance in New York City.

In an effort to recruit future executives, the insurance industry has sponsored a bona fide college built around an unusual work-study program. Under the program, students go to college for four months, then work for an employer for the next four months and continue to alternate these study and work periods. While the student works, his employer pays him the going rate for the job he holds. Tuition scholarships also are available. In approximately five years, the successful student will have:

- Earned a bachelor of business administration degree with half of the credits in liberal arts subjects, a quarter in business administration subjects and the remaining quarter in an insurance major.

## Animal Dealers

Within the last few months a great number of animals have disappeared without trace. We know that some people feel that they can take the law into their own hands and kill off others' pets by shooting and poisoning. Some are hit by cars and go under porches and in shrubbery to die. This isn't the only way they disappear.

The Animal Welfare Institute mentions in an article that many people call themselves animal dealers. The dogpapers are around in certain locations every so often and they steal others' pets. They in turn are sold to the animal dealers and then they are used for experimental purposes. If anyone saw the pictures of these animals after the experimentation they would never let a pet of their out to run at large again. The animals as used until they can't be used any more and then turned out in small unkept yards with little or no food. What food they get is garbage, and they are left there to die.

If anyone feels that he has to make an easy buck and uses others' pets for just that purpose, then we would say they should have to go through the torture these poor animals contend with without a whimper. The person who makes a living like this is the first to moan and groan when he has an ache or pain. If they were to make an honest dollar it might be too much for them. The agony cats, dogs and monkeys have gone through in these laboratories is unthinkable. The housing isn't adequate, the food is no care. The members of all humane societies do not condone vivisection, and this is what the dogpapers and animal dealers make a living at.

If you love your pet, please walk it on a leash when out or have it confined to your own property, where no one can molest it. Make sure your animals have fresh water, proper housing and enough food.

We also wish to warn parents about their children molesting birds, nests, eggs and young birds. There is a lot of that going on now, and when the guilty ones are caught they will be fined. Anyone knows that we must have the birds to kill off bugs so we can have decent crops.

# Brave Indian Woman Fought Off Starvation In Isle Royale Epic

Through an icy hell an Indian woman fought off starvation on Isle Royale in 1845.

That is the tale of Angelique and Charlie, who on lonely Isle Royale endured privations and hardships almost beyond belief. Charlie succumbed, but Angelique, called a marvelous specimen of physical stamina and courage, came through.

"You can't cheat hunger," she said afterward.

## Possessed Great Strength

Well she knew, for she existed on the island from the first of July 1845 until the following spring with only a half barrel of flour, six pounds of butter and a few beans as provisions.

## Today's Special Story

Angelique was an Indian woman, free-limbed and possessing great strength. She had been reared at one of the north country missions and had become a Christian. When she married a Frenchman named Charlie Mott, they settled at a place called La Pointe on the shore of Lake Superior.

## Found Mass Of Copper

At the invitation of several Detroiters, traveling in the schooner Algonquin, they joined the group to look for copper on the island. It was Angelique who first found a shining mass of copper in beach water.

As a result the Algonquin people, determining at once to locate the prized red metal, offered Charlie \$25 a month and Angelique \$5 a month to cook for him. Having agreed to the bargain, they returned to Sault Ste. Marie "to lay in a good supply of provisions."

Bateau Promised  
"This is where they met Mr. Mendenhall, the man who brought them their trouble. He discouraged the carrying of supplies so far up the lake at so much expense as he said he had adequate provisions at La Pointe. These provisions they later learned were the flour, butter, white as lard and beans. However, Mendenhall promised he would send a bateau, with provisions and in three months return them to the mainland.

## Deserted Without Provisions

"When at last we found we had been deserted and that we would have to spend the whole winter on the island, and there would be no getting away until spring, I tell you such a thought was hard to bear," she said as she told her story of hardship.

## Ate Bark, Berries

They ate bark, dug for roots and picked bitter berries—that only seemed to make the hunger worse. Hunger ate them up inside. Angelique even dug up the cabin floor, like a beast, she said, hoping to find something to satisfy the gnawing.

Five days before Christmas not a single bean was left. The snow had come down thick and heavy. Everything was frozen as hard as stone from bitter cold. They had no snow shoes. As they couldn't dig roots, they drew their belts even tighter. But you can't cheat hunger.

## Death Of Charlie

"Charlie suffered even worse than I did," she said. As he grew

weaker, he lost all heart and courage. Then fever set in, and one day he sprang up and seized his butcher knife. "I'm tired of being hungry," he told his wife. "I will kill a sheep—something to eat I must have." The glare in his eyes told Angelique that she was the sheep he intended to take, but as she watched over him and he slept again, she wrested the knife away and the danger was over. "When he came to himself, he was kind as ever," she remarked. "I tried hard not to let him see me cry as I sat with him as I watched him sink away." At last he died so easily that even she barely knew.

For three days she remained with him in the hut. She could not bury him due to the frozen ground and she couldn't build a fire with his body within. So Angelique decided to build herself a lodge and took her fire with her, returning to the hut occasionally where she could see her husband.

## Worried About Fever

"Oh, that fire, you don't know what company it was." The warmth of it kept her going. One day she made a big fire and almost burned herself out, but snow calmed it down.

## The Indian Woman said she was not afraid of the dancing spirits or of the Mackee Mondeo, the Bad Spirit, of Indian legend. She prayed as a Christian, the most when she was tempted to take Charlie and make soup of him, and she worried about getting a fever too.

## Rabbit Tracks

For over a week after Charlie's death she ate nothing but bark and prayed some more. One morning when she opened the door she noticed for the first time some rabbit tracks. The sight of them made the blood run through her veins like fire. In no time she tore out a lock of her hair and was plaiting strands into a snare. That day she caught one. In her

rage of hunger she tore off his skin and ate it raw. It was nearly a week before she caught another. It seemed strange to her that though she had torn half the hair out of her head to make snares, never once during the whole winter did she catch two rabbits at one time.

## Return Of The Birds

Early in March she found a canoe that had been cast ashore and mended it to make it fit for use. Part of the sail she cut into strips for a net. Soon the birds returned and she knew spring was coming in earnest. "Once more I could see my mother," she said she thought to herself.

The next morning it may she had good luck fishing, catching no less than four mullets at one time. As she was cooking them she heard a gun and she started to run down to the landing. Her knees gave way and she sank to the ground. Another gun, and she was off again to meet the boat crew as they came ashore. The very first man that landed was Mendenhall. When he asked of Charlie, Angelique said, "I told him he was asleep." When Mendenhall saw he died of starvation, he began to cry and to try to explain that he had sent provisions. The boys in the crew said he was lying. "But I was too glad to get back to my mother to do anything and I thought his own conscience ought to punish him more than I could," she explained.

## Never-Ending Courage

Angelique with her never-ending courage performed many remarkable feats of strength in later years it was reported. It was told that once she made a wager with a Frenchman that she could carry a barrel of pork to the top of an adjoining hill and back. She won it with ease, and upon her return volunteered to carry the barrel up again with the Frenchman on top.

She died in Sault Ste. Marie in 1874.

# Peninsula Perambulator

Two young men trying to row to Canada were arrested by Chippewa County sheriff's officers on charges of breaking and entering five cabins near 10-Mile Road at the St. Marys River. The two—Ronald B. Dahl, 20, New Era, and Lewis R. Rider, 18, Hart—had two loaded guns in their possession, but officers said they had no trouble taking them into custody. Russell Izzard, Sault Ste. Marie, used an outboard motorboat to circle the rowboat and force the two to row to shore while his wife called the sheriff's officers. Sheriff Stanley McKee and Undersheriff Lee Myers, waiting on shore, said they found a loaded rifle with scope in the boat in addition to knives, ammunition, food, blankets, clothing, binoculars and fishing poles. Dahl and Rider had taken to the rowboat in an attempt to enter Canada when their car became stuck in the vicinity of Izzard's cabin.

Danny DeForest, seventh grade student at Menominee, will enter St. Vincent's Hospital in Green Bay June 9 in preparation for muscle surgery of the left eye the following day—his seventh operation since birth. Danny, the son of Mr. and Mrs. Russell DeForest, was born Sept. 25, 1950. He underwent stomach surgery in Marinette, Wis., General Hospital at the age of three weeks, then at three months had surgery for hernia in the same hospital. At the age of two, Danny became blind because of cataracts and at intervals since then has undergone corrective eye surgery four times at St. Vincent's Hospital. In March of this year he began experiencing double vision, for which the June 10 surgery is planned as a corrective measure.

The Catholic Diocese of Marquette has appealed to the Michigan Tax Commission the non-allowance of exemption from 1963 taxes on the former Delta Hotel in Escanaba, which is being enlarged and developed by the diocese as the Bishop Noe Home for Senior Citizens. The Escanaba board of tax review disallowed exemption. Total assessment on the property for 1963 is \$57,500. Figuring a tax rate of \$12.50 per \$1,000, the City of Escanaba (not including Delta County and the Escanaba Area School District) would collect \$718.75 in taxes this year. The tax commission does not expect to rule on the issue before Aug. 1.

## Animal Dealers

Dear Sir: Within the last few months a great number of animals have disappeared without trace. We know that some people feel that they can take the law into their own hands and kill off others' pets by shooting and poisoning. Some are hit by cars and go under porches and in shrubbery to die. This isn't the only way they disappear.

The Animal Welfare Institute mentions in an article that many people call themselves animal dealers. The dogpapers are around in certain locations every so often and they steal others' pets. They in turn are sold to the animal dealers and then they are used for experimental purposes. If anyone saw the pictures of these animals after the experimentation they would never let a pet of their out to run at large again. The animals as used until they can't be used any more and then turned out in small unkept yards with little or no food. What food they get is garbage, and they are left there to die.

If anyone feels that he has to make an easy buck and uses others' pets for just that purpose, then we would say they should have to go through the torture these poor animals contend with without a whimper. The person who makes a living like this is the first to moan and groan when he has an ache or pain. If they were to make an honest dollar it might be too much for them. The agony cats, dogs and monkeys have gone through in these laboratories is unthinkable. The housing isn't adequate, the food is no care. The members of all humane societies do not condone vivisection, and this is what the dogpapers and animal dealers make a living at.

If you love your pet, please walk it on a leash when out or have it confined to your own property, where no one can molest it. Make sure your animals have fresh water, proper housing and enough food.

We also wish to warn parents about their children molesting birds, nests, eggs and young birds. There is a lot of that going on now, and when the guilty ones are caught they will be fined. Anyone knows that we must have the birds to kill off bugs so we can have decent crops.

# Mitch Uses Celebrities In 'Sing Along'

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—A tantalizing conceit of NBC's "Sing Along With Mitch" has been the weekly, unannounced appearance of an unidentified celebrity standing with the male chorus and singing along with the group.

Some 40 guest choristers have pulled on sweaters and stood in line during the 30 shows of the season, starting with "Car 54's" Joe E. Ross and Fred Gwynne on the season's opening show and winding up May 10 with Jan Murray.

All through the season everybody connected with the show kept mum about it, although the mail was coming in like mad. "Please help me. I've had a terrible fight with my husband. I swear I saw Douglas Fairbanks Jr. singing with the chorus last night. My husband says I'm nuts. . . ."

Finally, at season's end, Mitch and the network released a full list of the visiting singers and would talk about the device. Practically nobody who was invited turned down the chance—except Harry S. Truman. Jack Benny wanted to go on but his schedule was too tight. For his unannounced, unidentified appearances, each celebrity was paid \$500 plus free transportation to and from the Brooklyn studio—usually from Manhattan.

Judging from mail response, comedian Red Buttons was the most easily identified of the 40 (he did that ear-holding little dance) and dancer Ray Bolger, the hardest. Frank Lovejoy was the mystery guest on one show, but died suddenly a couple of weeks later before the program was broadcast. They re-shot the finale with another celebrity.

Anyway, the guessing game has worked out so well that they'll do it again next season.

# The National Whirligig

BY ANDREW TULLY  
WASHINGTON—Adlai Stevenson and a clutch of other straight men in the vaudeville act known as the United Nations are beating their gums about the deplorable

# Romney And The Presidency

By PETER EDSON

WASHINGTON (NEA)—Efforts to smoke out Michigan Gov. George Romney as a Republican presidential candidate, when he appeared before the National Press Club in Washington, were kinda cute.

"The Governor has said he was not a candidate so many times," observed Bryson Rash, club president, by way of introduction, "that he's thinking of having it tattooed—in fading ink, of course."

## Laugh Of Disbelief

The opening sentence of the Governor's speech was, "I came here today to sell Michigan, and I hope that while I succeed in that, I will succeed also in convincing you that it is my only purpose."

## The 550 people in the audience responded unanimously with a horse laugh of disbelief.

The real highlight of the speech came when Romney was itemizing a census of all Michigan's industrial, human and natural resources.

## 'The Place For Me'

"Michigan's No. 1 crop in value is corn," said the Governor with deadpan pride. When the audience laughed, he added, "Real corn." Finally came the Q and A, which in condensed form went something like this:

## First Question—Would you ever consider living elsewhere?

Answer—I've lived in Mexico, Idaho, Washington and the District of Columbia. But Michigan is the place for me.

## Q—Would you accept a favorite son nomination from District of Columbia Republicans?

A—I've invited Goldwater and Rockefeller to come to Michigan and see if they want to become its favorite son.

## Would Take A 'Sherman'

Q—Are there any circumstances under which you would accept the Republican nomination for President?

A—There are no circumstances under which I will seek it.

## When this evasion drew another guffaw the Governor added: "I told the Republican National Committee that if they would bring the Republican annual convention to Michigan, I'd take a Sherman."

Q—Do you consider that the Republican candidate for the presidency in 1964 will be a sacrificial lamb?

A—It's too early to tell what will happen in 1964.

## Q—Are you a Republican?

Urged To Run For Senate  
That stopped him for a moment, then he replied:

I worked for the Democrats in Washington during the depression. The Republican Party was then controlled by big business. Labor moved into the Democratic Party and that brought on a stalemate. I resigned from the Republican Party and joined a citizens' committee. Then I again joined the Republican Party because I believed it impossible to form a citizens' party. But we can't deal with our problems till we do. I was a citizen who also believed in the Republican and proud to be one. But there is a need for a genuine citizens' political party. Parties don't exist to be big business or big labor. That is not government of, for or by the people.

Q—Why don't you admit you are interested in being a candidate?

A—This is not a pose on my part. In 1960 Nixon urged me to run for the Senate. But I was convinced that our direction can't be properly corrected except at the state and local government levels, not the national level.

Q—Would the fact that you were born in Mexico make it impossible for you to become a presidential candidate?

A—There ain't no candidacy and I don't know.

## Comments On Texas

Q—They're too big to comment on.

Q—Aside from all that, what do you think of Texas?

A—No one could feel kinder towards Texas. I also lived in Texas as a refugee after my family was driven out of Mexico by the revolution. The federal government housed and fed us in El Paso for a time. Salmon was surplus then and we lived on canned salmon. My older brother still can't eat salmon. But whatever they blow about in Texas, come on up to Michigan and we've got it.

That put him right back in Michigan where he started from.

# From The Journal Files

## 60 Years Ago

—Marquette— The past two days have not been particularly auspicious for the Marquette baseball team. It journeyed to the Soo and, greatly to the disappointment of the fans, dropped two games to the Leaders whom the players had expected to humble, at least in one contest. Saturday they were led to a veritable slaughter, the score being 9 to 0. Yesterday they came out of their trance and showed a flash of form that will engender no little faith in their future development, losing in a closely contested game by one score, the final accounting being 5 to 4.

—Ishpeming— Ishpeming's athletes easily established title to the cup offered by Congressman Young in the field day of the Upper Peninsula Inter-

scholastic Athletic Association Saturday, and the beautiful trophy will be in possession of the high school for the coming year. The totals of points were: Ishpeming, 75; Menominee, 25; Marquette, 17; Calumet, 9; Hancock, 5; Negaunee, 4. Altogether, Ishpeming got 10 firsts, counting the relay race.

A bunch of Marquette kids came up Saturday and crossed bats with a juvenile nine from Strawberry Hill. The game took place on the vacant plot near the Lake Superior Iron Co.'s office. There was much excitement and for a time the yelling could be heard in the center of the business district.

—Negaunee— Joe Richardson and A. C. Seass came up from Little Lake Friday. Mr. Richardson has been absent for the past four weeks. They will both return in a few days.

## 30 Years Ago

—Marquette— A. J. Jean and son, jewelers, were recipients of congratulations and good wishes by fellow merchants Wednesday as they occupied their new quarters in the Masonic Building. They completed moving from the old location, 106 N. Front St., late Tuesday, and Wednesday were ready for business in the new store.

If any Marquette resident forgot to turn the hands of his clock ahead one hour at 2 a.m. this morning, or some time last night, he should not have been surprised when he got to work and found himself an hour late. For today Marquette lost one hour—and one could do a lot of sleeping in that hour. But cheer up—for on the first Sunday of September you can get that hour back and sleep an hour longer than usual.

—Ishpeming— Miss Patricia Butler has arrived home from Milwaukee, where she completed a course at a business college.

Ned Kirkish returned yesterday morning from Chicago, where he spent a few days purchasing merchandise for the Kirkish Boot Shop.

The Misses Mary Conte and Blanche Oatman of Milwaukee are spending a week visiting relatives in Ishpeming.

—Negaunee— Savino Besalo, who attends Marquette University, Milwaukee, is here to spend the summer vacation with relatives and friends.

Alfred Wassberg visited friends in Crystal Falls on Memorial Day.

Joseph Winter, who attends Marquette University at Milwaukee, is home to spend the summer.

# Side Glances

"You're not losing a self partner, you're gaining one. Amy's decided to learn to play, too!"

# Side Glances

state of the U. N.'s bankroll, but saying they yackety-yak is not likely to have any effect.

It will not have any effect because the U. N. as a whole lacks the guts to tell deadbeat countries like the Soviet Union and France to pay up or shut up. Despite a provision in the charter which deprives any member of its vote when it falls two years behind in its dues, nobody is about to lower the boom on the Reds or on Charlie de Gaulle. The U. N. was even scared to cut Haiti off when that ugly little dictatorship didn't pay up.

## Beatest Of Them All

As usual, the Russians are the biggest delinquents. They already owe \$46,271,150 in assessments for U. N. forces in the Congo and the Middle East. And now they've announced that they also will refuse to pay their share of interest and principal on U. N. bonds and their share of the cost of U. N. groups in Korea and Palestine and the U. N. field force. France owes \$14 million as its share of the Congo operation.

Naturally, the suggestion has been made by our pals that perhaps we'd better cough up a few more millions "to save the United Nations." It is comforting to report that President Kennedy, Stevenson and practically everybody else except a few idealistic idiots have turned thumbs down on this latest blackmail attempt.

Stevenson says the Soviet refusal to pay up is as serious a threat as the Communist attack on South Korea in 1950. That should give the U. N. an idea, because the only reason it was able to send troops against the North Korean Communists was that the Soviets were boycotting the Security Council at the time and weren't in the hall to veto the action. With Russia deprived of its vote for winking on its obligations, the U. N. might get something done.

# Power Cost Reduction Question Raised At Meeting In Peninsula

BY JEAN WORTH  
Journal Special Correspondence

ESCANABA — Industrialists, utility men and representatives of government meeting here on the question "How can the Upper Peninsula reduce the cost of industrial power?" indicated that a complete look at the subject is desirable.

The Escanaba Chamber of Commerce sponsored the meeting for expressions from Menominee, Delta and Schoolcraft Counties. Escanaba City Manager George Harvey was moderator.

**One Of Basic Factors**  
The discussion brought into collision charges that some Upper Peninsula industries pay more for electric power than their competitors elsewhere, and the explanation that Michigan electric rate making is based upon costs and that each step must bear its own costs.

The meeting was called to explore the possibilities of lower industrial power costs because economic development efforts keep turning up power cost as one of the basic factors in choice of industry sites. The discussion indicated that effective change will probably have to start at the beginning of the rate making process, with a new concept of rate making as a tool of economic development and not merely as a means of equitably apportioning the cost of generating and distributing electric power over the users of that power: industrial, commercial and domestic.

**Watched Like Hawks**  
The commercial and domestic power market are created in an area on a foundation of industry. It earns and starts circulating the money which supports the service industries of an area.

With today's highly competitive markets, the Upper Peninsula's wood industries watch costs like hawks. This process brings their inspection of the costs of power, transportation, wood and other materials, etc.

A few years ago the possibilities of changing the historic outlook on electric rate making for industry might have appeared non-existent, but today the wood industries have before them the example of revolutionary change in the Upper Peninsula's iron mining industry. The historic method of taxing underground iron ore has been thrown out the window by the Legislature in order to ease the burden of mining costs and save this industry.

The Upper Peninsula's wood industries are not in a comparable crisis but they report serious prob-

lems. President Frank Hoholik of the Manistiquet Pulp & Paper Co. told the meeting: "I feel the lack of economical power is a real deterrent to Upper Peninsula industrial growth. Something must be done if we want industry to locate here. There is no question of the need; the only question is the solution."

**Dynamic Program**  
President John Walbridge of Early American Fence Co. said, "When our competitors put in electric motors and we have to put in diesels it hurts us. We're in the early stages of planning another plant and one of the crucial considerations is power. If we want to promote industry in the U.P. we want to take a real close look at the power rates, and this comes from a real mossback Republican."

Vice President William Veese of Upper Peninsula Power Co., which has had a dynamic program of expansion and improvement in the U.P. in recent years, said, "This question of reducing industrial power rates is rather like the old question: 'Have you quit beating your wife?' Our big job since 1948 has been to make power available by merging four companies and acquiring three more. It's been quite a job and we're still catching our breath."

"All our rates reflect our costs. We stand back of our industrial rates; they are the best that can be made at this time and we would be glad to show comparable rates in the Midwest. In Michigan Tech's review of loss of industries for the U.P. only one in five mentioned electrical energy costs. One factor was \$10.50 a cord wood at Alpena and \$14.50 in the Upper Peninsula."

Wynand Nieuwenkamp, manager of the Alger Delta Cooperative Electric Association of Gladstone, said, "On (industrial) loads are we (the utilities) over-managing the enterprise? Society supports the total endeavor, and maybe some industrial charges aren't appropriate. I think maybe we're over-managing some rates and that we should be working for the benefit of the area—to increase its income."

**Statewide Energy Study**  
Tom Hancock of the Michigan Public Services Commission, Lansing, explained, "Rates are regulated in Michigan and in most other states to cover operation and capital costs and an adequate rate of return—6 to 7 per cent on the depreciated original cost of the utility plant in Michigan. There's a wide variety of ways that rates can be developed and that's the question for tonight."

James Chapman of Detroit Edison Co., Detroit, said that a statewide energy study, broader than just an electric energy study, began in Michigan the first of this year. It is concerned with information on each kind of energy used in Michigan since 1947, when the first reliable data on this subject was published.

The study will show energy usage 1947-1961, project state energy needs by 1970 and 1980, test the forecasts against the requirements of capital, evaluate how much capital the non-energy sector would need to create its energy demands and now much it would cost to provide the energy. A report on the study is planned by December 1964, and U.P. utilities and industries have cooperated in supplying data.

R. Williams, commercial manager, Wisconsin Michigan Power Co., Appleton, Wis., said the average cost of power in goods sold is less than one per cent. He said W.M. had been authorized by the Wisconsin Public Service Com-

mission to increase rates to paper mills and other industries in 1963 ten to 15 per cent and "no paper mill slowed down or moved. They paid the same dividends. The cost of power is an insignificant factor. The problem of the U.P. is not cost of power nor lack of availability." He cited W-M's supply of 18,500 kw to the Hanna Mine at Groveland and "possibility of another plant twice as big."

Electricity cost was cited as 9 per cent, or \$12.70 of the \$135 a ton price of paper produced in one U.P. mill buying commercial power. Other U.P. mills using their own hydro-electric power had lower power costs.

# Sawyer Crew To Take Part In Spain Event

A crew from the 644th Bombardment Squadron at K. I. Sawyer Air Force Base will participate in the Spanish-American Friendship Days at Moron Air Base, Spain, next week.

Bombardment Wing at the celebration next Friday. Saturday and Sunday is Capt. Jack R. Uffleman. Also on the crew are Capt. James Lewis, Capt. Joseph McGuckin, 1st Lt. Robert Burgess, 1st Lt. William Johnson and Alc Denton Washington.

**'Crew Of Quarter'**  
The crew, flying one of the B-52H "Stratofortresses" assigned to the wing, will leave here next week for Friendship Days. The celebrations will be held at three joint use bases in Spain, of which Moron is one.

# Churches Eye Unity Of Man On Pentecost

It was as if a ray of light had penetrated all the closed doors of the mind—sweeping away the barriers of language, nation, class and race—so that everyone understood the message.

occasion which the churches commemorate Sunday.

It recalls the event, 50 days after Christ's resurrection, when the Holy Spirit descended, firing the apostles into fervent preaching that gripped the hearts of men from "every nation under heaven."

on Pentecost Sunday "for the reconciliation and fellowship among men of different races and groups in every community."

"Racial discrimination violates Christian love and is man's denial of God's rule and authority," he said.

213 Blaker (Veteran's Center)  
Sunday — Bible study 10 a.m. Worship 11 a.m. and 6:30 p.m.

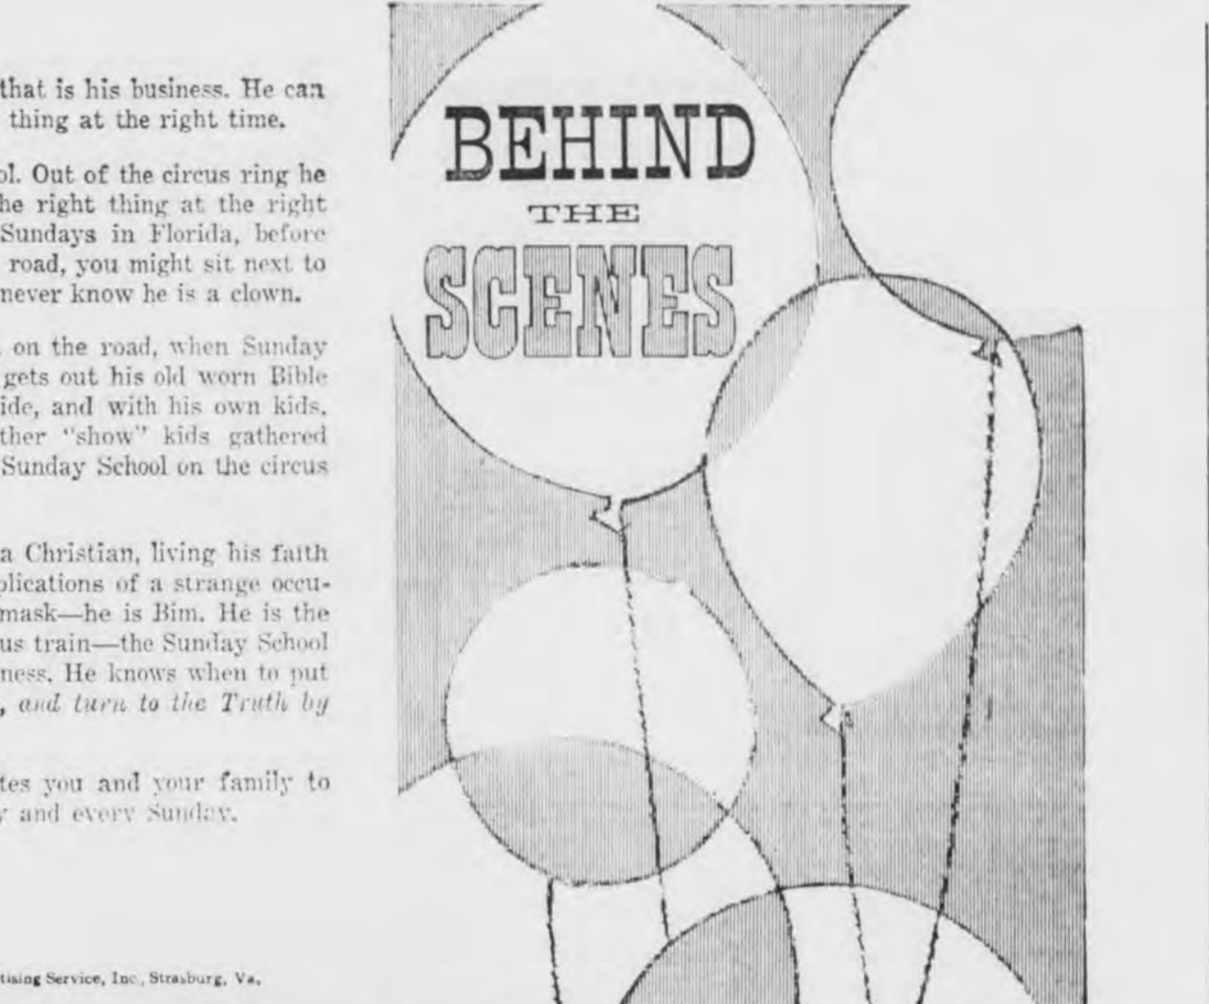

Bim is a clown—that is his business. He can always do the wrong thing at the right time.

But Bim is no fool. Out of the circus ring he always tries to do the right thing at the right time. Those winter Sundays in Florida, before the show goes on the road, you might sit next to Bim in church, and never know he is a clown.

And even though on the road, when Sunday is moving day, Bim gets out his old worn Bible and his teacher's guide, and with his own kids, and with all the other "show" kids gathered 'round him, there is Sunday School on the circus train.

You see, Bim is a Christian, living his faith through all the complications of a strange occupation. He is not a mask—he is Bim. He is the churchman of a circus train—the Sunday School teacher of show business. He knows when to put fun and frolic aside, and turn to the Truth by which we live!

The Church invites you and your family to worship next Sunday and every Sunday.

# Man Jailed For Larceny

Patrick Callahan, 24, Albuquerque, N. M., was ordered to spend four days in Marquette County Jail by Marquette Township Justice George J. Fezzy for the theft of a credit card.

Callahan also was ordered to pay costs of \$9.70.

Charged with simple larceny, Callahan was arrested by state police May 21 in Ely Township. The theft occurred at the home of Mrs. Robert Laakso, Route 1, West Ishpeming.

# Christian Science Members Gather For Annual Meet

Thousands of Christian Scientists from all over the world have been assembling in Boston this weekend for their church's big annual meeting.

The meeting convenes Monday afternoon in the huge domed auditorium of the First Church of Christ, Scientist, in Boston. Known as the Mother Church, founded by Mary Baker Eddy, it unites all of the more than 3,200 Christian Science congregations now in existence, including the branch in Marquette.

Addresses and reports will be presented at the meeting to assess the church's current role in the world. A new church president will take office and the names of new lecturers will be announced.

# Worship With The World In The Church Of Your Choice

To give some authenticity to their first publicity for "Summer and Smoke," Tennessee Williams' drama of a small town in the Deep South circa 1912, a few members of the Marquette Community Theater donned costumes of the period and posed on the porch of a Marquette home which has a lot of the exterior "gingerbread" trim character-

istic of late 19th century and early 20th century architecture throughout the country. Above, on the porch of the E. Ridge St. residence of Dr. J. O. Von Zellen, are, from left: James Lirette, Mary Ellen McGuire, John Robertson, "Cass" Dagenais and Vivian Lasich. (Photo by Howard Treado Jr.)

## Tennessee Williams' Play, 'Summer And Smoke,' Next For Community Theater

The Marquette Community Theater has selected Tennessee Williams' drama, "Summer and Smoke," as its next production, it was announced today by Ronald Garceau, president.

Garceau said the play will be presented July 23, 24 and 25 at Kaufman Auditorium under the direction of Vance Paul of the Graveraet High School faculty, long prominent in theater circles here and director of the theater unit's October production, "The Cradle Song."

Selection of the Williams' drama, one of the famed playwright's best, was made by the theater group this week on recommendation of a special play-reading committee headed by Margaret Nesbitt.

**Meeting Next Tuesday**

Preliminary planning for the production, including the appointment of several committees, is scheduled for the Community Theater's regular monthly meeting Tuesday evening in the Chamber

## Engaged

of Commerce building. A special feature of the meeting, to start promptly at 7:30, will be readings from "Summer and Smoke."

Try-outs for the several roles in the production will be held Wednesday and Thursday evenings at 7:30 in Room 194 of Graveraet High School. "Both men and women are invited to try out for parts in the show, whether or not they are members of the theater group," Garceau said.

**Deep South Locale**

"Summer and Smoke," laid in a small town of the Deep South, has as its main protagonists the daughter of a clergyman and the son of a doctor. It is the Marquette group's first essay at a Williams' opus; there have been two productions here in recent years of the playwright's "The Glass Menagerie" — one by the Keweenaw Playhouse and the other by a cast at Northern Michigan University.

Casting for the July show will be announced following completion of try-outs, Garceau said.

## Saint John's HSC Picks New Slate

William Brisson was elected president of St. John's Home and School Club at the organization's final meeting of the current school year. He succeeds Joseph Montclair.

Also elected at the meeting, which followed a potluck supper in St. John's parish hall, were Walter Fassbender, vice-president; Mrs. Clement O'Neil, secretary, and Mrs. Francis Bur, treasurer. Room mothers and committee chairmen will be named at the opening meeting of the club next September.

Speaker at the session Tuesday was the Rev. Charles J. Carmody, superintendent of Bishop Baraga Central High School, who discussed some of the problems parents face today in rearing their children. Also on the program were piano selections by two St. John's students, Audene Caron and Debra Cherrette.

Chairman of arrangements for the supper was Mrs. Francis Bur, Assisting her were Mrs. John Kuhn, Mrs. William Kuhn, Mrs. James L'Huilier, Mrs. Albert Ploof, Mrs. Robert St. Onge, Mrs. William Cherrette and Mrs. Dennis Bernier.

## Mrs. A. L. Swinton Presents Pupils In Recitals Tomorrow

Mrs. A. L. Swinton is presenting several of her pupils in two piano recitals tomorrow afternoon in the Federated Women's Clubhouse. The first recital is scheduled at 2 o'clock and the second at 4.

Solos, duets and two-piano numbers will be featured. Appearing in numbers with their children will be Mrs. Richard Sonderegger and Mrs. Edward Quinnell, Marquette, and Mrs. Martin Marin, Ishpeming, and a guest soloist will be Miss Carla Shinnors of Iron River, a student in the Northern Michigan University music department.

Participating in the first program will be Dwight and Marietta Johnson, Dick Olli, Ann Fontaine, Ann Hill, Charlene Ricker, Linda Ricker, Judy Biekkola, Kathy and Billy Todd, Jean and Mary Thoren, Ann Beldo and Suzanne Gooch, all of Marquette; Katherine and Jeanette Winslow, Mary Sivula, Mrs. Kenneth Pelkie, Paul and Peter Marin, Ishpeming; Lois Norell and Margaret Juicci, Negaunee.

Pupils performing at 4 p. m. are Robert Carefoot, Christine Kitzman, Kitty Sonderegger, Steven Quinnell, Gretchen Uhlinger, Charlotte Beng, Claire Mart, Susan and Linda Matthews, Karen Bjork, Kay Galbraith, Jenny Freeman, Judy Lautner, Pamela Wilson and Robert and Christine Berryman, all of Marquette; Greg Pontu and Mrs. Errol Moffatt, Ishpeming.

The public is invited to attend either or both recitals.

## Pierce Staff PTA Guests On Monday

Parents of pupils at John D. Pierce Laboratory School of Northern Michigan University will honor Pierce teachers and other staff members at a special coffee hour Monday at 8 p. m. in the school's gymnasium.

The affair has been planned to give parents an opportunity to show their appreciation to the teachers for their cooperation in this year's Parent-Teacher Association program. It was announced by members of the PTA executive board, with Mrs. Leslie Roberts in charge.

## Meetings

**St. Luke's Alumnae Association** will hold a regular meeting tomorrow, beginning with a picnic supper at 6:30 at the Ishpeming Winter Sports Area. Members are requested to bring their own table service, and those wanting pasties are asked to call Lila Rose at Canal 6-8763, or Laura Rose, GRanite 5-9232, by Monday.

**Dr. William Jensen of Lansing, Ailen of Negaunee, and Ronald of Ishpeming;** 11 grandchildren, and 12 great grandchildren.

Attending the observance were all of the children plus many relatives and friends from Negaunee, Ishpeming, Wilson, Gladstone, Racine, Marinette and Gurnee, Wis.

## Student Visitors To Art Exhibit In USO Center

Art class students at Graveraet and Bishop Baraga Central High Schools were among visitors this week at the exhibition of paintings by Janet Manniko of Calumet hanging in the Marquette County USO Center. Shown above, from left, are

Geraldine West, Kathy Weiser and James Thompson of Graveraet. The exhibit was arranged by Anita E. Meyland, who was the county's cultural activities chairman for Michigan Week. It was to close today. (Photo by The Mining Journal).

## Parkview's Circus Now Set Monday

An all-school circus sponsored by the Parkview School Parent-Teacher Association, postponed May 24 because of cold weather, is now set for Monday at 7 p. m. on the school playgrounds.

Various classes will present their "acts" under the direction of Fred Taccolini, physical education supervisor in the public elementary schools and a special feature will be pony rides for the children.

Mothers of pupils in the first and second grades will sell peanuts, popcorn and lemonade with the assistance of their husbands, and there will be entertainment by the circus "clowns."

Proceeds from the refreshments sales will go into a fund for the purchase of athletic equipment for the school.

The event, to which the public is invited, is the final one of the current school year for the Parkview PTA.

## Anderson-Pepin

A reception for the immediate families followed at the home of the bride's parents, after which the couple left on a two weeks' wedding trip to Florida.

They will reside in Gary, where the groom is employed as assistant manager of a Kresge Store.

## Personals

Mrs. I. H. Sineox, 1530 Presque Isle Ave., has received word of the sudden death of her brother-in-law, M. V. Sadeir of Montreal, Canada. Mrs. Sadeir, the former Esther Johnson of Marquette, died a year ago.

U. S. Navy HM-2 James A. LaFond has returned to Pearl Harbor, Hawaii, where he is assigned to a preventive medicine unit, after spending a 30-day leave home with relatives. He was called here by the death of his father, Norman J. LaFond.

## Paragraphs

Family devotions will be broadcast over WDMI daily next week at 6:45 p. m. by the Rev. Enoch Beemen, pastor of the Free Methodist Church of Carlsbad.

Vesper services are scheduled Sunday at 4 p. m. at Morgan Heights Sanctuary, with the Rev. John C. Hamel, Presbyterian missionary, in charge.

## Watch Stove And Tub For Burn Dangers: U-M Expert

A child's first five years are the most dangerous for receiving accidental burns, says Dr. George H. Howrey of the University of Michigan Medical Center, Ann Arbor.

"Perhaps the two most common reasons are that the preschooler cannot realize the dangers of hot or inflammable objects, and secondly, parents aren't always alert to the everyday burn dangers existing for the child," he reports.

"Because a child loves to explore and investigate things during these years, he is more apt to be susceptible to burn dangers."

**Hot Liquid Pitfall**

The most frequent household pitfall for children is hot liquid — usually on the stove and often boiling. The youngster tugs curiously at the handle and suddenly becomes a candidate for the burn ward.

Dangling cords from coffee pots or other heated cooking utensils also provide dangerous temptations for children.

Dr. Lowrey, pediatric consultant in the U-M burn unit, cautions parents not to leave a small child unsupervised in a bathtub, especially if the hot water is running. These children are seldom capable of turning the faucets off, and painful burns and scalds often result.

**'Can Change Life'**

"A burn can change a person's entire way of life. Burned hands can't make a living if the injury is severe enough.

"Psychologically, the individual is crippled if face burns disfigure him," Dr. Lowrey says. "Biting electrical cords, although not generally fatal, frequently disfigures the youngster around the mouth."

As for applying first aid, Dr. Lowrey feels that many parents do harm with home-remedies. "These are often contaminated with bacteria and tend to infect the wound.

"The worst thing for a burn is to become infected. If the burn doesn't kill, the infection, along with the burn, probably will if it covers a large area of the body."

For the prevention of burns, the U-M pediatrician advocates:

- Keeping pan handles on front

Announcement was made recently of the engagement of Janet Clark of Baltimore, Md., formerly of Ishpeming, to Dennis Furby of Paxton, Ill. Miss Clark is the daughter of Mrs. C. A. Brown of Baltimore and her fiancé is the son of Dr. and Mrs. S. B. Furby of Paxton. A graduate of the University of Delaware, she will receive her master's degree this month from the University of Illinois. Her fiancé is a graduate of Carleton College, Northfield, Minn., and will complete a degree in civil engineering at the University of Illinois. A November wedding is planned.

## Three Girl Scout Troops In 'Awards Night' Ceremonies

Three Girl Scout troops of the Timberlane Girl Scout Council held "award night" ceremonies at the Vandenberg School Tuesday evening. World pins, gold stars, second class badges and Brownie "fly-up" awards were presented.

Troops participating were: Troop 57, which is led by Mrs. Dale Bocklund, assisted by Mrs. Aiden Peterson and Mrs. Richard Schauland; Troop 83, which has Mrs. Leonard Beauprey as its leader and Mrs. Harold Poquette and Mrs. Fred Gagne as assistant leaders; and Troop 63, led by Mrs. Varley Sperbeck assisted by Mrs. Howard Berryman and with Mrs. Roland Bourdage and Mrs. John Belmont as troop committeemen.

The ceremonies began with the flag ceremony by Troop 63 and included songs, a skit and a talk by Mrs. Russell Dausey, Timberlane field service director, on the

## New Names In The News

## Former Negaunee Couple Observes 50th Anniversary

NEGAUNEE — Mr. and Mrs. Clarence Jensen of 412 S. 13th St., Escanaba, former Negaunee residents, celebrated their golden wedding May 24 and observed the occasion by holding open house for relatives and friends the following day.

The couple was married in Escanaba by the Rev. C. Albert Lund of Bethany Lutheran Church. Their attendants were Mrs. Ray Tumath of Gladstone, a cousin, and the late Jack Lambert. They resided in Negaunee for many years, returning to Escanaba 14 years ago.

The buffet table was centered with a three-tiered wedding cake trimmed in gold, and the gold motif was used in decorating the home. The couple was presented with many beautiful gifts.

Mr. and Mrs. Jensen are the parents of two daughters, Mrs. Ray E. Peterson of Long Branch, N. J., and Mrs. Anise Basil of Arlington Heights, Ill., three sons,

Mr. and Mrs. Jack Taylor and family have returned to Chelsea, after visiting their parents and attending the high school graduation of their daughter, Jacqueline.

Army Asks Draft Call Of 12,000 In August

WASHINGTON (AP) — The Army today asked for draft of 12,000 men in August, the largest number for any month so far this year.

It compares with a 4,000 quota for June and 7,000 for July. The highest previous monthly quota in 1963 was 10,000 in each of the months of April and May.

Two Vehicles Damaged In Area Crackup

ISHPEMING — Two automobiles were damaged, but no one was injured, in a traffic smashup at 12:20 yesterday afternoon on County Road AF, about a half mile north of U.S. 41, in Champion Township.

State police said Grace LaCrosse, 51, Champion, was traveling north on Road AF and met a car going in the opposite direction and being operated by Harold Prisk, 17, Champion, when the collision occurred.

Officers said the road was narrow and there was a curve there, when both drivers apparently crowded the centerline.

The left front of the LaCrosse vehicle, a 1959 sedan, and the left front of the Prisk automobile, a 1953 coach, were damaged. Both vehicles were removed from the scene by the owners.

Bible School Set In Trenary Church Beginning Monday

TRENARY — Vacation Bible school will be held in the Trenary Methodist Church starting Monday and continuing through Friday of next week.

Each session will begin at 9 a. m. and conclude at 11:30, church spokesmen said.

The teaching staff will consist of Mrs. Esther Cauchon, Mrs. John Knauz Jr., Mrs. William Davis, Mrs. George Hager, Mrs. Frank Richmond and Miss Karen Hager.

Parachute Jumper Hits Train, Dies

LIBERTY, Mo. — A parachute jumper hit a moving freight train at the edge of an airport near here and was killed Thursday.

A gust of wind apparently slammed Karl Dean Frandsen, 29, of Raytown, Mo., into the train.

Bette Davis, Rock Hudson and John Wayne are scheduled to be among the wedding guests.

Hurricane Season Starts On June 15

MIAMI, Fla. (AP) — Hurricane season starts June 15 and the Weather Bureau is ready with watchful eyes — and names for developing storms.

The season ends in six months and during the June-November period Air Force and Navy reconnaissance aircraft stand by to keep tabs on the storms, and conditions that could spawn them.

Here are the names that will be applied to Atlantic tropical storms:

Arlene, Beulah, Cinda, Debra, Edith, Flora, Ginny, Hannah, Irene, Janice, Kristy, Laura, Margo, Nona, Orchid, Portia, Rachel, Sandra, Teresa, Verna, Wallis.

FLINT — A tank truck, loaded with liquid oxygen, exploded on I-75 about five miles south of suburban Grand Blanc early today, gouging a three-inch hole in the concrete of the right hand northbound lanes.

The driver, Joseph J. Trezil, 62, of Detroit, escaped unhurt, state police said.

Smith President Of Teachers Club

ISHPEMING — James Smith was elected president of the Ishpeiming Teachers Association during a meeting at the Ishpeiming High School.

Also elected for the 1963-64 school year were Donald Peterson, vice president; Keith Gaboury, treasurer, and Mrs. Mae Lundberg, secretary.

Luther League Elects Officers

REPUBLIC — Helen Hansas was elected chairman of the Luther League of Bethany Lutheran Church at the annual meeting.

Other officers are Lucia Latvala, vice chairman; Billy Laaninen, secretary, and Karen Granlund, treasurer.

Thirty-five members attended the annual session, at which the new recommended Luther League constitution was adopted. The next meeting will be held June 2.

Anderson Newberry Store Aide

ISHPEMING — Wes Morton, manager of the J. J. Newberry Co. store here, has announced the appointment of John Anderson as assistant manager.

Anderson, a native of Houghton, assumed his duties this week, coming here from Iron River. He is a graduate of Houghton High School and has been associated with the Newberry company for three years.

Single, Anderson resides at 919 N. Third St., Ishpeiming.

He replaces Martin Fulayter, who served as assistant manager of the Ishpeiming store since December, 1961. He was transferred to Superior, Wis., to serve in the same capacity.

Another former assistant manager at Newberry's, Eugene Jette, recently was transferred from Cincinnati, Ohio, to Rock Island, Ill.

Jette is a 1956 graduate of Ishpeiming High School.

Tri-County Briefs

Alger - Baraga - Marquette

Palmer — A general meeting of the women of Concordia Lutheran Church is scheduled in the church Monday night at 7:30...

Republic — The church council of Bethany Lutheran Church will meet at the Earl Arvola home at 8 next Tuesday night...

WCSO — The WCSO of the Methodist Church is planning a baked goods sale for Saturday, June 29, at 2 p.m.

A representative of the Marquette County sheriff's office will be in the Wustie Building to issue drivers' license Tuesday, from 3 to 5 p.m.

Camille Venn is a patient in Bell Memorial Hospital, Ishpeiming.

Ishpeiming — The Women's Civic League will meet at 2:30 p.m. Monday in the C. L. Phelps multi-purpose room.

The Ishpeiming-Negaunee Retired Teachers Club will meet at 11:30 a.m. Tuesday in the C. L. Phelps School. A program will be presented.

Mrs. Palmer Raisanen, Portland, Ore. is here to attend her son, Douglas Pohman, ordination ceremonies to be held in Bethany Lutheran Church at 7:30 p.m. Sunday.

All Ishpeiming firemen will meet Monday night at 7:30 in the fire hall. They also are reminded of the Memorial Sunday observance on June 9.

Two Vehicles Damaged In Area Crackup

ISHPEMING — Two automobiles were damaged, but no one was injured, in a traffic smashup at 12:20 yesterday afternoon on County Road AF, about a half mile north of U.S. 41, in Champion Township.

State police said Grace LaCrosse, 51, Champion, was traveling north on Road AF and met a car going in the opposite direction and being operated by Harold Prisk, 17, Champion, when the collision occurred.

Officers said the road was narrow and there was a curve there, when both drivers apparently crowded the centerline.

The left front of the LaCrosse vehicle, a 1959 sedan, and the left front of the Prisk automobile, a 1953 coach, were damaged. Both vehicles were removed from the scene by the owners.

Bible School Set In Trenary Church Beginning Monday

TRENARY — Vacation Bible school will be held in the Trenary Methodist Church starting Monday and continuing through Friday of next week.

Each session will begin at 9 a. m. and conclude at 11:30, church spokesmen said.

The teaching staff will consist of Mrs. Esther Cauchon, Mrs. John Knauz Jr., Mrs. William Davis, Mrs. George Hager, Mrs. Frank Richmond and Miss Karen Hager.

Parachute Jumper Hits Train, Dies

LIBERTY, Mo. — A parachute jumper hit a moving freight train at the edge of an airport near here and was killed Thursday.

A gust of wind apparently slammed Karl Dean Frandsen, 29, of Raytown, Mo., into the train.

the school band will conclude the program.

Public Reception A public reception honoring Supt. Sullivan, who will retire July 1 after 36 years in the L'Anse school system, will be held from 3:30 until 6 p. m. in the gymnasium.

Sullivan, dean of Copper Country superintendents has held the post of superintendent at L'Anse for the past 26 years.

Sullivan, dean of Copper Country superintendents has held the post of superintendent at L'Anse for the past 26 years.

ERNEST A. LAMPPA

# E. A. Lamppa To Take Post In Wisconsin

ISHPEMING—Ernest A. Lamppa, 416 S. Pine St., has been appointed representative in the Wausau, Wis., area for the sales organization of Investors Diversified Services, Inc., and its subsidiary, Investors Syndicate Life Insurance and Annuity Co.

Arne S. Koskela, divisional sales manager, in making the announcement, said that the appointment was effective in May. Lamppa will distribute securities consisting of shares of five mutual funds. He will work out of the Houghton divisional sales office.

Before becoming associated with Investors Diversified Services, Lamppa was branch manager and distributor for the Copper Country Dairy of Dollar Bay. He is active in the Ishpeming Lions Club and Tomahawk Bowmen Archery Club.

Mr. and Mrs. Lamppa and their four children plan to move to Marshfield, Wis.

# Mrs. Morell, Ishpeming Native, Dies

ISHPEMING — Mrs. Eva Morell, 74, died at 9:30 this morning in Bell Memorial Hospital, where she was a patient for one week.

She was born Nov. 11, 1888, in Ishpeming and was a life-long resident. She was a member of St. Joseph's Church.

Survivors include three daughters, Mrs. David (Margaret) Coyle and Mrs. Carl (Cecil) Peterson of Ishpeming and Mrs. William (Betty) Chapman of Marquette; three sons, Brother Clayton Morell, S.J., of Detroit, Clement of Andover, Mass., and Emery of Ishpeming; 15 grandchildren; four sisters, Mrs. Thomas Hickey of Detroit, Mrs. Jack Kokko of Negaunee, Mrs. Albert Bashaw of Niles and Mrs. Harry Van Brocklin of Arizona; three brothers, Leo Toupin of Marble, Minn., Mark Toupin of New Jersey and Ernest Toupin of New York, and a number of nieces and nephews.

Friends may call at the Bjork & Zhukie Funeral Home after 7 Sunday evening. The Rosary will be recited there Monday at 8 p. m. Services will be held at 9 a. m. Tuesday in St. Joseph's Church. The Rev. C. J. LePine will officiate and burial will be made in Ishpeming Cemetery.

# \$750 Scholarships Awarded To John Moyle, Delphine Aho

ISHPEMING — An Ishpeming boy and a Michigamme girl are recipients of \$750 scholarships awarded by the Alvin M. Bentley Foundation.

John Alden Moyle, son of Mr. and Mrs. Richard A. Aho, 2117 Washington St., Ishpeming, plans to use his scholarship at the University of Michigan.

Miss Delphine D. Aho, daughter of Mr. and Mrs. Richard A. Aho, Box 20, Michigamme, plans to use her scholarship at the Michigan College of Mining and Technology.

Both intend to major in mathematics. Moyle ranked sixth in a class of 126 at Ishpeming High School, where he was a member of the Amateur Biologists' Club, vice president of the Allied Youth, participant in the class play, a blue ribbon winner in the Science Fair, a National Merit Scholarship semi-finalist and president of the senior class.

Receiving Michigan Tech distinguished student scholarship was Gary Anderson; a Marygrove College scholarship and national merit letter of commendation went to Antonia Andriacchi; a national merit letter of commendation was given Ardell Bell and a Dr. and Mrs. A. S. Narotzky nursing scholarship was presented Delight Carter.

Marion Johnson and Lois Mattson received State Board of Education grants to Northern Michigan University, and Peter Mitchell an Albion College honor award scholarship.

The University of Michigan regents alumni scholarship and an anonymous scholarship in addition to a mathematics prize competition certificate of merit was received by John Moyle. Timothy Pasich and Barbara Renz also received University of Michigan regents alumni scholarships.

Kim Swanson received a Michigan State University scholarship; Peter Tasson, a national merit letter of commendation, and Kenneth Tunell an American Legion Guy M. Wilson scholarship.

Fr. Minelli To Say First Mass Sunday

St. Anthony's Church here will be the scene of the first Solemn High Mass Sunday of the parish, Fr. Minelli at noon. It is also the first such event for the Model Town.

Fr. Minelli, 26, was to be ordained today in St. Peter's Cathedral, Marquette, by the Most Rev. Thomas L. Noa, D.D., bishop of the Catholic Diocese of Marquette. Church in Festive Dress

St. Anthony's Church will be in festive dress for this Pentecost Mass, and a special musical program will be presented by the parish choir. The Proper will be sung by Seminarians George Wallner, David Jenner and Terry Villaire.

The pastor of St. Anthony's, the Rev. Charles Reinhart, long-time friend of the ordinand, will serve as archpriest. A cathedral assistant, the Rev. Raymond Moncher, will be the deacon. A former Marquette native, the Rev. Timothy Desroscher of Escanaba, will be the sub-deacon. Richard Gray, Marquette seminarian, will direct the ceremonies.

Joseph Gouin will be the thurifer and the Mass will be served by Robert Kennedy and Wayne Marcotte. Fourth Degree Knights of Columbus, Marquette Assembly, will provide an honor guard for the procession and Mass.

The Rt. Rev. Msgr. David P. Spigattini of Ishpeming will preach the sermon. A dinner for Fr. Minelli's relatives and guests will be served in St. Anthony Hall, followed at 4 p. m. by Benediction of The Blessed Sacrament and a reception for the public until 6.

Food will be prepared by Fred LaPorte, Frank Barbieri, Mrs. Tony Kronsich and Mrs. Martin Bogetto. Mrs. Joseph Roberts will be in charge of serving, assisted by ladies of the parish. Mrs. Hugo Filizetti is in charge of arrangements for the reception.

# Picnic Set Tuesday By Central PTA

ISHPEMING — The Al Quail Recreation Area will be the scene of another school picnic, Tuesday, this time sponsored by the Central School Parent-Teacher Association.

The picnic will be held in the bandshell area, or, if it rains, in the Birchview school.

Mrs. Warren Laneville, picnic chairman, stated that the PTA is not responsible for children who are present without at least one parent.

Picnic time is from 5 to 7 and children are asked to bring a lunch. There will be treats and games for all.

Candy, pop and winners will be available. Coffee will not be served.

Roberta Peters Gets Standing Ovation

(By the Associated Press) Roberta Peters, American opera star, received a standing ovation at her international debut at the famed state opera in Vienna, Austria. The Bronx-born Metropolitan Opera soprano blew a kiss to the audience.

# Two Gwinn Scouts Given Eagle Award

GWINN — At a court of honor held at the Gilbert Elementary School, Troop 314 presented two of its members with Scouting's highest award, the Eagle Award.

Selden von der Hoff, institutional representative and an Eagle Scout himself, made the presentations to Donald Zanetti and Michael Miljour, four-year-old Miljour.

Michael, 13, son of Mr. and Mrs. Vernon Miljour, is an honor junior high school student. He was a member of the junior high basketball team the past season and plays with the high school band. He

joined the Cub Scouts in 1959 and Troop 314 in 1960.

Donald, 17, son of Mr. and Mrs. Bruno Zanetti, is a senior at Gwinn High School, where he has participated in track, football and band. He joined Troop 314 in 1959. He holds a Scout lifeguard certificate.

Scoutmaster Vernon Miljour presented the following awards: Patrick Miljour, Eagle bronze palm, four-year perfect attendance pin and service star and two merit badges; Donald Zanetti, four-year service star and five merit badges; Daniel Bemis, three-year service star; William Bemis, one-year

service star; Michael Miljour, four merit badges. Tenderfoot pins were presented to Michael Mitchell, Larry Hafeman and Ruggero Bozzi.

Robert Webb. The Rosary will be recited at the Passabend Funeral Home at 8 Sunday evening.

IDA J. WUORI PALMER — Ida Josephine Wuori, 71, Richmond Township resident, died at 4:15 this morning in Bell Memorial Hospital, Ishpeming.

The body was taken to the Perala Funeral Home in Negaunee. Funeral arrangements are incomplete.

LEGAL ADVERTISEMENT STATE OF MICHIGAN, The Probate Court for the County of Marquette. In the Matter of the Estate of Alvina LaChapelle, Deceased.

At a session of said Court, held on May 22nd, 1963. Present: HON. MICHAEL F. DEFANT, Judge of Probate.

Notice is hereby given that all creditors of said deceased are required to present their claims in writing and under oath, to said Court, and to serve a copy thereof upon Shirley Holman and Jeffrey LaChapelle, Jr. of Marquette, Michigan, fiduciary of said estate, and that such claims will be heard by said Court at the Probate Office on August 7th, 1963, at 10:00 A. M.

It is ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Mining Journal, and that the fiduciary cause a copy of this notice to be served upon each known party in interest at his last known address by registered, certified or ordinary mail (with proof of mailing), or by personal service at least fourteen (14) days prior to such hearing.

# Skeet Shoot Tomorrow In Negaunee

NEGAUNEE — The Negaunee Rod and Gun Club will hold a skeet shoot tomorrow, with practice shooting beginning at 8 a. m. for those wishing to try out the range.

After 11 a. m., no practice shooting will be permitted during the event, which is expected to draw skeet-shooters from all over the Upper Peninsula.

Trophies will be awarded for the first three places in A, B, C and D classes. Top gun award for the day also will be given, and there will be two-man and five-man team awards.

The range is open Tuesday evenings for practice. Beginning instruction also is available at that time for persons desiring such help. The range is open Saturday afternoons each week for shooting.

The Negaunee Rod and Gun Club meets regularly Sunday nights at 7:30.

# Iron Mountain Coaching Post Given DeMerse

One of Marquette's top prep basketball players of the mid-50's has been named coach at Iron Mountain High School.

The board of education in that city announced yesterday it has hired Irwin DeMerse, coach at Eben for the last two years, to replace Don Johnston, who resigned in April.

DeMerse was a member of one of Marquette's better basketball teams in 1956. The Warriors won 18 straight games during the 1955-56 season, took the district tournament championship and ran their undefeated string to 21 with a semi-final regional victory over DeTour before bowing to Chassell.

# Race Winner Gets Check, One-Punch Decision In Brawl

INDIANAPOLIS (AP)—Parnelli Jones leaves for New York today holding the summer's share of a record 500-mile race purse and a one-punch decision over contender Eddie Sachs.

Jones, a 29-year-old charger from Torrance, Calif., picked up the big check at the annual victory dinner Friday night. He and Sachs, 36, Detroit, had tangled earlier at a motel with an exchange of "liar" epithets in a controversy over oil spilled during the race Thursday.

There was a lot of talk about oil left on the Indianapolis Motor Speedway asphalt, with Sachs contending that all from Jones' car caused him to spin out of the race. But no formal protest was filed.

The total purse of \$493,530.60 and the first place payoff of \$148,581 to Jones and car owner J.C. Agajanian both set records. Drivers work on percentage, usually 40 per cent.

# Johnson Favorite Tonight

LAS VEGAS, Nev. (AP)—The world light-heavyweight crown will be on the line tonight and champion Harold Johnson is a solid favorite to retain it in a 15-round fight with Willie Pastrano.

The nationally televised engagement—ABC at 9 p.m., EST—is set for the Las Vegas Convention Center.

Among the 5,500 patrons on hand will be heavyweight champion Sonny Liston, whose title Johnson might seek if he gets by the fast, fancy tactics of Willie Pastrano, from North Miami Beach, Fla.

Also slated to be at ringside is Mauro Mina of Peru, the No. 1 contender in the 175-pound division. The Peruvian was offered a shot at Johnson but bowed out, claiming an arm injury.

Johnson, from Philadelphia, at 34 is still a powerful puncher, though admittedly not as fast with his hands as in younger years.

He has stopped 22 opponents in his career of 81 matches and has not lost a bout since 1955.

Pastrano, 28, noted for his hit-and-run style, after 13 years of ring warfare is getting his first crack at a world championship.

He started boxing in his native New Orleans and has had his share of success and disappointment. More important to him, and a problem for Johnson, Pastrano has never been knocked off his feet in 83 engagements.

# Tigers Stop Twins; Yankees Tie For AL Lead; Cards Win On Stan Musial's Odd 'Hit'

## 3rd Victory In 4 Outings For Detroit

MINNEAPOLIS (AP)—Slim Jim Bunning still the man to handle the tough ones despite a rocky time so far this season.

The veteran Tiger right-hander, showing at his best form, stopped the charging Minnesota Twins 3-1 Friday night in pushing Detroit up to eighth place in the American League.

**Losses Shutout In 9th**

Snapping the Twin's 10-game winning streak with a seven-hitter, Bunning had a shutout until one out in the ninth inning when catcher Earl Battie hit a home run.

Up to that point Bunning had not allowed a runner to pass second base and had struck out seven men while disenchanted a home crowd of 15,000 fans. It was Bunning's third victory against five defeats and his third complete game in 12 starts.

A three-run Tiger attack in the fourth inning, highlighted by Gus Triandos' bases off single gave Detroit its victory edge.

A collapse of the ball park's lighting system delayed the start of the game for 58 minutes.

Detroit's victory was its third in four games, including a two-out-of-three series conquest of Los Angeles. It moved the Tigers above the Cleveland Indians.

The long-hungry Tigers, unhappy with their 32-25 record to date, sought to make it two in a row over the Twins in the second game today of the three-game series. Bob Anderson (1-0) or Paul Foytack (0-1) was due to pitch for Detroit against Jim Kaat (4-4).

As often before, the Tigers could do little in the way of an attack for Bunning.

Detroit got only six hits—concentrating three of them in the fourth—as starter Jim Perry kept the Tigers in check most of the time. Perry hit in the seventh for a pinch hitter.

After Billy Bruton opened the fourth by striking out, Al Kaline and Norm Cash hit successive singles and Dick Eklund walked, filling the bases.

Triandos, whose homer helped to win the series rubber game from Los Angeles, then belted a one-bagger to center on which both Kaline and Cash came home. Rocky Colavito pumped a fly into center. Mc Uliffe scoring.

## Third-Place White Sox Keep Step

Nobody's about to fill Bo Belinsky's brogans, but by a strange quirk of fate Dan Osinski may wind up taking his place.

Osinski, involved in the controversial trade in which Belinsky was ticketed for a train ride to Kansas City, combined with rookie Charley Dees and led the Los Angeles Angels to a 7-4 victory over Baltimore Friday night.

A 29-year-old right-hander, Osinski was sold by the A's to the Angels last year. In return, Los Angeles was supposed to hand over Belinsky at the end of the season, but Commissioner Ford Frick vetoed the move because of its irregular procedure.

**First Starting Victory**

Osinski, however, remained an Angel. And now that Bo's been dropped, he's been thrust into the starting rotation. The victory against the Angels was Osinski's first in the majors as a starter.

Dees, brought up from Hawaii the day Belinsky was sent down, supplied the punch with three hits, including a homer in the fifth inning that proved decisive. The defeat dropped the Orioles into a tie with New York for the American League lead.

The Yankees closed the gap by whipping Cleveland 4-0 behind Whitey Ford's three-hitter on a pitchers' night.

**Twins' Streak Checked**

Jim Bunning checked Minnesota on seven hits for a 3-1 Detroit victory that ended the Twins' 10-game winning streak. The third-place Chicago White Sox blanked Boston 6-0 on John Burhardt's three-hitter and Orlando Pena allowed only five hits and hit a grand slam homer in Kansas City's 9-3 walloping of Washington.

Ford didn't need much support but he got it all from two sources as both Tom Tresh and Elston Howard connected for two-run homers off Indians' starter Jim Grant. Singles by Jerry Kindall in the third, Joe Azcue in the eighth and Vic Davalillo in the ninth were the only hits off Ford, now 6-3.

**Conley Sent To Showers**

Buzhardt brought his record to 5-2 for the White Sox. Floyd Robinson and Mike Hershberger each singled home a runner in the first two innings before Chicago built its bulge to 5-0 with a three-run third inning spurt that knocked out Red Sox starter Gene Conley.

Pena, 5-5, hit his grand slam in a six-run fifth inning uprising but the A's ahead to stay. Ed Charles and George Aluskis also homered for Kansas City, while Larry King connected for the Senators, who lost their 18th game in 20 starts.

## Infield Fly Scores Run, Beats Giants

Stan Musial has batted in 1,921 runs. And No. 1,921 might rank as the oddest of his careers.

Musial got it Friday night with an infield pop-up that went for an out but produced a sweet victory for St. Louis' fast-climbing Cardinals. Curt Flood stored on the weird play, giving the Cards a 6-5 triumph over front-running San Francisco that boosted them into second place in the National League.

**Automatic Out**

Musial came up in the last of the ninth inning with the bases loaded and none out, and the game tied at 5-5. He hit the pop-up and was declared out under the infield fly rule since the umpire judged the ball could be caught by an infielder, although it fell among four Giants.

The Cards won their fourth straight and moved to within two lengths of the Giants.

**Los Angeles Drops To Third**

Cincinnati dropped Los Angeles to third, one-half game behind St. Louis, by clipping the Dodgers 7-4.

Also in the NL — Don Schwaltz's four-hit pitching and Jerry Lynch's two-run homer carried Pittsburgh over the New York Mets 2-0; air-tight relief work by Lindy McDaniel preserved the Chicago Cubs' 2-1 victory over Philadelphia, and the Houston Colts beat Milwaukee 3-2 with two unearned runs behind Ken Johnson's four-hitter.

**Reds Get Timely Hitting**

Vada Pinson, Bob Skinner, Leo Cardenas and Don Pavletich shared batting honors for the Reds as right-hander Jim Maloney won his seventh against two losses.

Pinson homered and singled, Skinner got three hits, Cardenas knocked in two runs with singles, and Pavletich poked a bases-loaded single in the three-run fifth inning that gave the Reds a 6-3 lead.

Schwaltz made his record 3-2 and posted his second shutout, allowing the Mets only four singles. Carl Willey checked the Pirates on two hits before Lynch rapped his homer in the seventh following a walk to Bill Mazeroski.

**McDaniel To Rescue**

McDaniel replaced winner Bob Buhl with the bases full and one out in the eighth inning of the Cubs — Phillies speaker, stopped that threat, cold, and blanked the Phils in the ninth. Lou Brock's double in the third and Ron Santo's single in the fourth drove in the Cub runs off Chris Short.

The Colts netted only two singles against Bob Shaw and were helpless by Milwaukee relievers Tony Cloninger and Ron Piche, but edged the Braves with the two unearned runs. Shaw's error helped Houston to a run in the first and the Colts made it 3-0 in the fourth on a two-run single by John Bateman.

Hank Aaron belted his 16th homer in the sixth after a single by Lee Maye, accounting for Milwaukee's run production.

# California Cuties Bring Zany Antics To Hurley Field Tonight

Softball's zany California Cuties bring their entertaining show to Marquette tonight, playing one of the area's leading teams at 7:30 on Hurley Field.

Composed of some of the top softball players on the West Coast, the Cuties dress up in women's attire, but that isn't expected to stop them from showing their ability against Joe's Bar of Marquette, top Tri-City League nine.

Over the years, the Cuties have compiled a won-loss record of 1,026-138 in 15 seasons. They've appeared, not only in this country, but in 32 games in the Far East, a tour sponsored by the Department of Defense.

Besides their zany but highly capable softball antics, the Cuties put on a pre-game show featuring Liza Jane (Trino Palacios) in pantomime and little 36-inch Buelah (Johnny Maldonado) in a speciality dance. Then, of course, there's the Cutie chorus line, so funny often the audience is in tears from laughing.

Besides Palacios, owner and player, and Maldonado, the line-up of comic star-players includes such odd-named clowns as Letta Fanny, strong-armed pitcher; Leaping Lena, Hefty Helen and a host of others.

Palacios, incidentally, originated the Cutie idea in 1948 and has played every inning of every Cutie game since he first put such a team on the field in 1948. Donning a wig, skirt and high heels, he keeps up a constant chatter and ambles up and down the first base line with a style guaranteed to gain its share of laughter. He has quite a tricky wind-up as a pitcher, but at the plate he's established himself as one of softball's best hitters.

For an evening of fun, the

diamond antics of the California Cuties — including outfielders armed with butterfly nets — are certain to be a favorite with softball fans.

They'll probably even get a few laughs out of veterans Jim Swenor, Joe Blomberg and other members of Joe's Bar.

# Legion Tilt On Sunday

The Marquette Merchants Junior Legion team, winner of its only start to date, will take on the Trenchy Legion juniors in a Marquette County League game at 5:45 Sunday evening on the North Marquette Field.

Probable mound starter for Marquette will be Roger Contois. This will be his first pitching assignment.

# Peterson's Nine Atop Gwinn Loop With 3-0 Record

GWINN — After three weeks' play in the Gwinn Softball League, Peterson's Restaurant is on top with a 3-0 record, followed by Happy Hour, 2-0; Bauman's, 1-1; Steen's Bar and Gwinn Inn, 1-2; and VFW and Little Lake, 1-3.

In games this week, Little Lake defeated Gwinn Inn 7-6; Peterson's Restaurant shut out Bauman's 3-0; Jack Ghiardi broke a scoreless deadlock in the sixth inning with a bases-loaded triple; Steen's Bar eked out a 4-3 win over VFW and Peterson, with Williams tossing a three-hitter, downed Steen's Bar, 11-1.

Schedule for the coming week: Monday at Gwinn — Little Lake vs. Steen's Bar; at Little Lake — Bauman's vs. VFW Club. Tuesday at Gwinn — Bauman's vs. Happy Hour; at Little Lake — Gwinn Inn vs. Peterson's Restaurant.

# Feuchwanger Deserves Niche In Hall — Or Somewhere — For His Roll In Baseball Parks

There's no plaque in baseball's Hall of Fame for A. L. Feuchwanger, although he probably richly deserves recognition for his contribution to the national pastime.

Since 1963 marks the 70th anniversary of his role — or perhaps his roll — this might be the proper time for the greybeards of the game to enshrine him at Cooperstown, New York.

According to researchers for the Melamine Council (a trade association of molders of melamine dinnerware), Feuchwanger "was the inventor of the hot dog roll which was introduced to the public by the St. Louis Cardinals in 1893. The elongated roll has become synonymous with the hot dog and the combination has long been the foundation upon which baseball park concessions have been established.

In '93, the Cardinals were staggering towards an eventual 10th place finish in the 12-team National League and losing money as fast as they were ball games. Chris Von der Ahe was president of the club and operating on a shoestring so that when he was approached by baker Feuchwanger, and his idea for increasing the club's revenue, Chris welcomed him with open arms.

Feuchwanger developed the hot dog roll and Von der Ahe introduced hot dogs and the unique rolls to the baseball audience. He figured that by charging 10 cents apiece he could make his concession profitable.

Alas, the Cardinals that year were a sorry lot and their attendance reflected the fans' lack of interest — so did concession sales. Von der Ahe plugged along until 1898 when he finally sold his ball club.

Other baseball concessionaires, such as Harry M. Stevens and the Jacobs brothers, later profited handsomely from feeding hot dogs and other fare to baseball and race track patrons and hot dogs and Feuchwanger's rolls have grown to such popularity that approximately 13 billion were eaten by hungry Americans last year — many millions by baseball fans.

On this anniversary year, perhaps the curators at Cooperstown could find a small niche to honor Feuchwanger's hot dog-on-a-roll and their contribution to baseball concessions, for lesser contributions to the game already have been immortalized in baseball's Hall of Holes.

# Bradley, Michigan State On 21-Game Northern Basketball Schedule

Northern Michigan University will play a 21-game basketball schedule next season, including away games with Michigan State and Bradley Universities.

The schedule, announced by the NMU athletic club, includes an 11-game home slate highlighted by the second Northern Michigan Classic, Dec. 13-14, which will feature Ferris, Aquinas, Lakeland (Wis.) and Northern, the defending champion.

Coach Stan Albeck's Wildcats will open their season Nov. 26 at Oshkosh (Wis.) State and will play their final game Feb. 29 at Bradley.

Appearing on the NMU schedule for the first time will be Westmont College of Santa Barbara, Calif. The Warriors will appear here Dec. 17.

Northern will continue competition with familiar rivals Michigan Tech, St. Norbert, Mankato (Minn.) State, Wayne State, Central Michigan, Superior (Wis.) State, Calvin College, Hillsdale and the University of Minnesota-Duluth.

The complete schedule: November 26 at Oshkosh State; November 29 at Michigan State; December 2 — University of Minnesota-Duluth; December 6 — Stevens Point; December 9 at Superior State; December 13 — 14 — Northern Michigan Classic; December 17 — Westmont (Calif.) College; December 18 — Hillsdale College; December 19 — Calvin College; January 13 at St. Norbert; January 14 at Mankato State; January 29 at Michigan Tech; February 4 at University of Minnesota-Duluth; February 4 — Central Michigan Univ.; February 7 at Wayne State; February 13 at St. Norbert; February 17 at Alma; February 17 at Michigan Tech; February 29 at Bradley University.

# Wreckers, Divots Take Top Spots In Links League

Paul Sonaglia's Wreckers and Harry Hampton's Divots have moved into a first-place tie, replacing the early front-running Strokers, in the Marquette Golf and Country Club's Twilight League. The latter have dropped to a two-way tie for third.

Following are the standings: Wreckers 53, Divots 53, Strokers 51, Fairways 51, Hookers 46, Drivers 45, Yankers 38, Duffers 36, Knobbies 36, Aces 34, Bunkers 30.

Following three weeks of play, handicaps have been revised for all players on the basis of scores turned in to date. They are included in the following schedule:

# Five Golfers, 18 Trackmen Get Awards

ISHPEMING — During a recent awards assembly in the Ishpeming High School, five golfers and 18 trackmen were given awards for their performances this year.

Golf awards went to Michael Archibald, Garrett Leffler, Bruce Mantyla, Robert Mantyla and James Olson.

Track awards were earned by Gary Anderson, John Carello, Thomas Chestnut, Stephen Chipman, Leslie Coduti, Dennis Evans, Leo Gehloff, Ronald Linna, Michael McLaughlin, William Norkoli, Timothy Pasich, Douglas Perttunen, Grant Phare, Gregory Pontti, David Ruors, Bruce Swanson, Edsel Syrjala and Peter Vogeler.

C. C. Watson and Arthur Hammar presented the awards.

# LaCrosse Teams To Play At Site Of 1763 Massacre

MACKINAW CITY (AP)—LaCrosse teams from all over the country will compete in a tournament at the Michilimackinac Bicentennial this weekend in remembrance of an Indian massacre.

Two hundred years ago tomorrow a British captain left the gates of Fort Michilimackinac open so his troops could watch Indians playing lacrosse.

However, the Indians suddenly changed the game and massacred the entire garrison.

A cast of 100 in costume will re-enact the massacre tomorrow and other events will include knife and tomahawk demonstrations, archery tournaments, a muzzleloading exhibit and square dancing.

# Huskie Five To Play 20 Next Winter

HOUGHTON — A twenty-game basketball schedule for the 1963-64 Michigan Tech Huskies has been announced by Alan J. Bovey, athletic director. The Huskies will play nine at home and eleven on the road.

The co-defending champions of the Northern State College Conference will play a ten-game conference schedule, split evenly between home and road appearances.

The new schedule lists the same opponents as were met during the 1962-63 regular season. Last year the Huskies compiled a 17-5 record, best ever, while qualifying for the NCAA Small College Regional tournament at Brookings, South Dakota.

With the start of the 1963-64 season, head coach Ve-die Cox will begin his 15th year at the helm.

The schedule is as follows:

# Cubs No Joke This Year

NEW YORK (AP)—"We don't get so much kidding this year," said Ernie Banks with an easy smile. "Last year the jokes slapped you in the face everywhere you went."

Banks could have been speaking for all the Cubs. At 32, Ernie is the elder statesman from the point of unbroken service with the club. In the 10 years since he broke in, the best the Cubs ever did was to tie for fifth.

**Inspired Jokers**

A year ago at this stage of the National League race the Cubs had a 14-29 record and already had dropped 17 games behind the leaders. Their arrival in a town inspired a new rash of jokes and gag headlines about Phil Wrigley's revolving coach system.

As a man who has spent his entire career in the Cub organization and may have a future in it after his playing days, Ernie wasn't going to knock the front office. He did say that things are just great this year.

"All of us seem more relaxed," he said.

"Bob Kennedy (new head coach and virtual manager) is a fine man, a wonderful personality. So is Mr. Whitlow (Col. Robert Whitlow, the club's athletic director). They make us feel more relaxed, more secure. We seem to

# Brighton Sault Tech Hoop Coach

Jack Brighton, who recently stepped down as Brimley High School basketball coach, is the new basketball coach at Sault Tech.

Announcement of the move was made Tuesday. George MacDonald resigned from the Hornet post to take a college physical education job in Buffalo.

MacDonald won 46 of 68 games as head man of the Hornets, over three seasons.

**GWINN MIXED LEAGUE**

Ruby Minelli rolled 193 for high individual game and added 184 and 169 for 551 and high series. In the men's section, Joe Minelli rolled 212 for high game and also had high match of 609. Martonen and Minelli had 752 for high team game and 2,109 for high series.

# City Softball League Leaders Clash Monday

A first-place deadlock in the Marquette City Softball League will be broken Monday night when the Remillard No. 2 aggregation clashes with the Dormitory on the inmates' home lot.

The two clubs are unbeaten in league play and each sports a 4-0 record. Standings could be scrambled considerably this week, however, as the Dormitory will host the Shoreland Bar (4-2) Tuesday and the South Marquette Merchants (4-3) Thursday, while Remillard No. 2 also will play at the Honor Camp (2-4) and against Herb's Flyers (0-6).

The schedule:

Monday, June 3 — Remillard No. 1 at Syria's, 6:45; Shoreland Bar at City Merchants, 8:15; Remillard No. 2 at Dormitory; Mangum Farm at Herb's Flyers.

Tuesday, June 4 — South Marquette Merchants at City Merchants, 6:45; Tri-City League game at 8:15; Dormitory, Mangum Farm at Syria's, Remillard No. 2 at Honor Camp.

Wednesday, June 5 — Open date.

Thursday, June 6 — Remillard No. 2 at Herb's Flyers, 6:45; Tri-City League game at 8:15; South Marquette Merchants at Dormitory; Remillard No. 1 at Honor Camp.

Standings after the first three weeks of play:

Team	W	L
Remillard No. 2	4	0
Dormitory	4	0
Remillard No. 1	4	2
Shoreland	4	2
Syria's	4	2
Mangum Farm	2	3
City Merchants	2	3
Honor Camp	2	4
South Marquette	1	5
Herb's Flyers	0	6

STEEL BUILDINGS

Steel members are pre-engineered to save cutting and fitting on the job. Often erected in weeks, where other types of construction frequently take months. You save money and conserve working capital. Your new Inland Building can be any length, any width, any style. Let us show you.

get together with more team play. Right from the beginning they relaxed our minds."

More Than They Bargained For

This pair of Upper Peninsula fishermen got more than they bargained for when they threw out their lines. The youngster at the left is shown with the first fish he ever caught—and it's a dandy. Paul Ruohomaki, 7-year-old son of Mr. and Mrs. Wilhart Ruohomaki, 683 Cedar St., Ishpeming, landed the one pound, 12-inch brook trout on the Carp River. The other angler pictured is Jack Dawson of L'Anse who was fishing for small lake trout off the L'Anse dock when he caught the four-pound rainbow trout he's holding.

Conservation Award Goes To Negaunee

The Houghton, Negaunee and Feleh Public Schools have been declared the winners of the Northern Michigan Sportsmen's Association annual conservation education awards, according to Paul V. Chalovich, Marquette, regional education supervisor for the conservation department.

The awards, sponsored by the NMSA for the past 11 years, are presented at the organization's annual fall dinner to the three schools judged to have accomplished the best job in conservation education during the past school year.

George Sanford Chosen This is the third time Feleh has won the award, having been similarly honored in 1953 and in 1960. Last year's winners were Gorman, Bark River-Harris and Engadine. George Sanford of the Breitung Township School faculty was judged the winner of the Peter Tordell conservation award for 1963. The award is sponsored by William Axelro, Norway, past president of NMSA, and is presented each year to an outstanding teacher of conservation subjects.

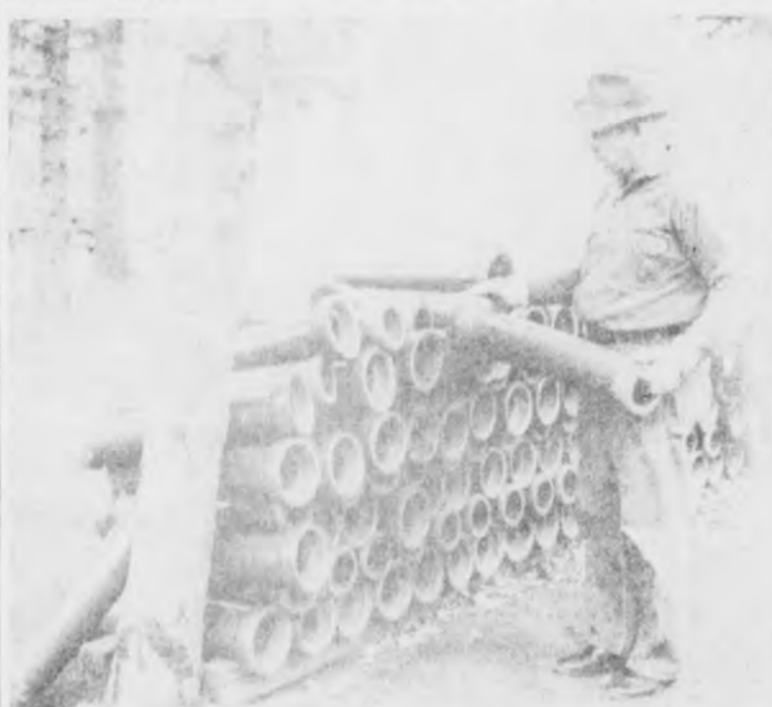

Sanford has been the leader of the fine outdoor program for the Breitung School and has been responsible for the continuation of the conservation education program in the school system, Chalovich said. Last year's winner was Miss Gladys Haney, retired biology instructor of the Ishpeming High School.

The award to Sanford and the three schools will be presented in September at Houghton, site of the 1963 fall NMSA meeting.

U. P. State Parks Improvements

State parks sticker fees are bringing in revenue that will provide for many improvements in state parks in the Upper Peninsula. One of them is this new toilet building in the concession area at the Upper Falls in Tahquamenon Falls State Park, Luce County.

Albert Wallin, manager of the Baraga State Park, stores sewage tile to be used in a new sewage system at the park that is being paid for out of park sticker fees.

Bass Fishing Season Now Under Way

The last of Michigan's sports fishing seasons got under way today with the opening of the black bass season.

Large and small-mouthed bass became legal quarry at midnight in the Great Lakes and inland waters. The season extends to Dec. 31.

Limit Of Five

Catch and size limits remain unchanged from last year. Five daily, singly or combined with walleye and northern pike. Minimum length is 10 inches.

Best bass fishing is done with surface plugs or poppers cast along the shore where bass are spawning. Most productive fishing periods are early morning and late evening.

Weekly Fishing Report

Concerning fishing for other species, the conservation department made these comments in its weekly report on fishing conditions in the central Upper Peninsula:

Walleyes — Good catches on Lake Michigan; fair to good on Little Lake in Gwin area; very good catches off the mouth of Buck Bay and in the south part of AuTrain Lake; good catches on Lake Independence, where northern pike also were being taken.

Northern pike — AuTrain Lake and 16-Mile Lake in the Munising area.

Perch — Very fine catches at Goose Lake near Negaunee.

Brook trout — Good catches reported from the Escanaba River west of Rock in the vicinity of the mouth of the Little West Branch, Chandler Brook near Gwin, Escanaba River south of Ishpeming, Morgan Pond east of Negaunee and the Johnson, Slapneck and Black Creeks and the Laughing Whitefish River, all in Alger County.

Coasters — A few were being taken off the mouth of Bay Furnace Creek just west of Munising.

Brown trout — Michigan River above and below Republic, Alice Lake in the Champlain area and the Escanaba River south of Ishpeming.

Rainbow trout — Some rainbows up to seven pounds were taken from Miners River in Alger County. Fishing at the mouth and above the closed area of the Mosquito River, also in Alger, proved successful for rainbows. Bows also were still being taken in the Big Huron River below the weir and in the Falls River at L'Anse. Fishing at the mouth of the Rock River in Alger County and in deep holes below the weir has produced some rainbows.

Lake trout — Off shore fishing success for lake trout in L'Anse Bay has been very light lately; but fishermen were still continuing to catch a number of lakera on Keweenaw Bay by bobbing with artificial lures and cut sucker baits. Several very fine lake trout were taken during the past week on Tilden Lake south of Ishpeming during the early morning.

Quick Shots

Swimming, wading, bathing and lounging are prohibited between 10 p. m. and 5 a. m. at three public fishing sites in Marquette County by order of the director of conservation. The sites, all in the Gwin area, are located on Big Shag, Johnson and Little Shag Lakes.

Michigan, a one-time leader in fishing license sales, placed third in the nation for 1962, far behind California, which has held a firm grip on the No. 1 spot in recent years, according to figures just released by the U. S. Department of the Interior. Licenses and stamps purchased in Michigan last year totaled 1,115,135, bringing in \$2,712,500. California anglers paid \$6,247,470 for a total of 3,495,742 licenses and stamps. Minnesota was second with 1,308,850 licenses and stamps at a cost of \$2,494,700.

The number of sea lampreys collected in Upper Peninsula and Wisconsin barriers on streams tributary to Lake Superior now stands at 2,089 for 1963, compared with 2,574 during the same period last year. On three barriers in the Upper Peninsula on streams emptying into Lake Michigan 2,381 lampreys have been taken this year, compared with 6,031 last year.

Loyd Schemenauer Game Manager For Eastern U. P.

Loyd Schemenauer, district game supervisor for the conservation department at Pte. Mouillee Game Area near downstate Rockwood, has been named game supervisor for the Newberry district, which includes the east half of Alger County and the Counties of Luce, Schoolcraft, Mackinac and Chippewa.

He succeeds Otto DeWaard of Newberry, who retired several months ago after a long career with the department. Prior to going to Rockwood, Schemenauer was habitat biologist at Sault Ste. Marie.

Siberian Crab Tested In U. P.

Thomas R. Prawdzik, Ishpeming, habitat biologist for the conservation department, is shown planting Siberian crab trees as an experimental wildlife tool. Test plantings were made in Alger and Marquette Counties near edges of sharp-tailed grouse habitat, where fruit would be available both for sharp-tailed and ruffed grouse. Siberian crab grows a little larger than thorn apple and its fruit is readily consumed by grouse. If plantings prove successful, more Siberian crab will be planted in other parts of Upper Peninsula.

New Species Added To U. P. Bird Roster

A bird species never previously recorded in the Upper Peninsula was observed the other day by William E. Laycock, Marquette, regional game supervisor for the conservation department.

Laycock said he identified a yellow-breasted chat, a member of the warbler family, near Alfred in Dickinson County.

The chat is reported to be rare even in the Lower Peninsula by Dale A. Zimmerman and Josselyn Van Tyne in their "Distributional Check-List of the Birds of Michigan."

Projects For Game Slated In Mid-U. P.

The Escanaba district of the conservation department is going to get Accelerated Public Works funds to finance game habitat improvement projects. Joseph Vogt, Escanaba, department district game supervisor, reports:

The district, which embraces Delta and Marquette Counties and the west half of Alger, will get projects to cut deer yard timber, bulldoze poor timber stands to provide sprouting for wildlife food and cover, create clearings for sharp-tailed grouse, make release cuttings of timber, do controlled burning, spray undesirable growths with herbicides, create more pools in Portage Marsh, do some flooding, create a Portage Marsh parking lot and cut roads to inaccessible state lands for hunters and fishermen.

Vogt said deer in the district came through the winter well, although the temperature was subnormal. They were able to move and feed and so they're better than they were a year ago, said Vogt. The yarding season was much shorter than normal, only 70 days in the southern part of the district, and 100 days in the north.

Deer census plots in the Hiawatha National Forest are being increased by 34 to 94 to make the check more comprehensive.

A planting of 500 Siberian crab apple trees was made in the district for a grouse food trial. Of the 90 deer banded with collars in 1962 there were 11 recoveries which averaged 9.5 miles from the place of banding. Greatest distance was 32 miles.

Peninsula Outdoor Calendar

JUNE 1 — Bass season opens. JUNE 2 — Upper Peninsula skeet shoot, Negaunee.

JUNE 2 — Teepee Lake camp and picnic ground dedication, Kenton.

JUNE 9 — Upper Peninsula skeet shoot, Marquette.

JUNE 13-14 — Michigan Conservation Commission's monthly meeting, Ludington.

JUNE 16 — Northern Michigan Hunt Association derby stakes, Northland Beagle Club, Iron Mountain.

JUNE 16 — Smallbore rifle shoot, prairie, Sault Ste. Marie.

JUNE 20-23 — Michigan United Conservation Clubs annual convention, Iron River.

JUNE 23 — Upper Peninsula trap shoot, Munising.

JUNE 30 — Bench rest rifle, sporter and varmint shoot, Sault Ste. Marie.

JUNE 30 — Upper Peninsula pistol shoot, Marquette.

Conservation Officer Tells Of Brutality

When Conservation Officer William McDonald of St. Ignace sat down to prepare his daily activity report the other day, he gave vent to his feelings against characters who despoil the outdoors.

"Though I didn't get to meet the people responsible," he wrote, "their character was all too plain by the evidence left behind. While on patrol on one of my truck trails, I investigated where a car had pulled out to the side of the road and found a porcupine beaten to death near an old orange crate it apparently had been gnawing on."

"A short distance down the road the same car stopped again. A woodchuck lay dead at the end of a small culvert. One end had been plugged and long poles were used to scare the chuck out of the other end, where it was clubbed to death."

"Two unnecessary tragedies on a beautiful spring day reminded me of the other type of person who will throw garbage on the green roadsides rather than dispose of it in litter barrels provided for it."

State Forest Campgrounds Sought In Nine U. P. Counties

Conservation department officials this week applied to the U. S. Fish and Wildlife Service for \$35,000 in matching funds under the federal Accelerated Public Works program to develop new state forest campgrounds and expand existing sites that draw heavy use from sportsmen.

Campgrounds in nine Upper Peninsula counties are included in the proposed project. The counties are Marquette, Dickinson, Delta, Houghton, Iron, Luce, Mackinac, Menominee and Schoolcraft.

\$35,000 Appropriated

The proposed project, if approved by federal authorities, would enable the department to double its efforts during the 1963-64 fiscal year in providing better camping facilities for hunters, fishermen and other recreationists.

The Legislature already has appropriated \$35,000 toward the project, the first appropriation made for campground development in state forests since the 1956-57 fiscal year.

140 Family Camping Units

With federal aid under the APW program, which is geared to relieving unemployment in distressed areas, new work could be carried out to provide 140 new family camping units throughout the state.

Department officials report the need for developing new areas and expanding existing ones has greatly increased in recent years, as evidenced in 1962 when use of state forest campgrounds jumped 14 per cent to a record high.

MUCC Fund To Replace Geese Slaughtered In Eastern U. P.

Michigan United Conservation Clubs, spokesman and representatives of Michigan sportsmen, is taking the lead in righting a shameful wrong done by a greedy violator in a wilderness area of the Upper Peninsula.

Fourteen Canada Geese, recently planted with great expense and difficulty in the wilds of the eastern U. P. in an effort to establish a new colony of the great birds, were wantonly slaughtered.

Helicopter Used In Release

State and federal officers are working on the case, but arrest and prosecution of those responsible will not bring back the geese. The MUCC proposes to do:

Several weeks ago 82 young Canada geese were released in a spot 35 remote an Air Force helicopter had to be used to fly the birds in. There were 12 three-year-old birds and 50 two-year-olds, wing-clipped to prevent them from flying elsewhere to nest. New feathers grown after the summer moult would enable them to migrate south in the fall.

Program Jeopardized

Canada geese have a strong tendency to return each year to the area of their birth. It was assumed that the goslings hatched this year would return to the wild marshland where they were planted, thus establishing a new goose colony and breeding ground. This is the manner in which the new huge goose colony at Seney came into existence.

Despite the precautions, a couple of men, reportedly armed with a 22 rifle, came upon the helpless birds and promptly slaughtered 14 of them. Authorities say the act may or may not ruin the project, but it certainly jeopardizes the program to provide better hunting for Upper Peninsula and other sportsmen, the MUCC said.

Moral, Financial Burden

"But," declares MUCC Executive Director James L. Rouman, "we feel MUCC should accept the moral and financial burden of rectifying that which some so-called sportsman has perpetrated."

"MUCC is an organization composed of sportsmen whose prime concern is that of conservation. One of our first duties is to constantly remind all outdoorsmen that etiquette afield is of primary importance, both for conservation and public relations."

Donations Asked

Rouman has called upon all member clubs to donate to a fund to replace the slaughtered geese, which cost \$20 apiece.

"The executive board has authorized the outlay of \$50 to open this fund," he said. "We are asking that member clubs make up a donation and send it to the MUCC state headquarters at Lansing."

"When we have purchased the geese, we will arrange with the Air Force to fly them into the project area for release."

"These geese were purchased with sportsmen's dollars from the Fish and Game Fund," Rouman said. "We feel that MUCC, as representative of the true sportsmen in Michigan, should take the lead in replacing the birds and removing the onus of this disgrace from all outdoorsmen."

Individuals who wish to contribute to this fund are invited to send their donations to MUCC, P. O. Box 2235, Lansing 11.

Huron Splake Show Up In Sault Rapids

The man-made Canadian hybrid trout, the splake, has migrated north from Lake Huron and is now beginning to appear in increasing numbers in the Sault Rapids.

Famed for its fish life throughout known time, the rapids at Sault Ste. Marie apparently have acted as a magnet to draw the splake northward from their planting areas in the Canadian waters of Georgian Bay, the Manitoulin Islands and the North Channel.

Fishermen on both sides of the St. Marys River at the Soo have cast in their eyes thinking about the splake, for the fish promises to restore the great trout fishing known in those waters before the sea lamprey came.

The splake was developed by the Ontario Department of Lands and Forests by crossing female lake trout with male brook trout. It seems to be able to survive in the Great Lakes despite the lamprey.

Russell Robertson, superintendent of the Marquette Fish Hatchery, has reared a number of splake here. Some of them have been released in Senaw Lake southwest of Republic, where they have provided spectacular fishing.

The cross breed can be recognized by the brook trout's white edgings on the lower fins and the lake trout's mottled gray markings on the side and back. The meat ranges from pink to deep red.

Since 1938 the Ontario department has planted 439,000 four-inch fingerling splake in the crescent of waters extending through the North Channel and Georgian Bay, and there are another 60,000 ready to be planted this spring.

The fish apparently have survived well and are dispersing widely. One tagged fish released in South Bay on Manitoulin Island in 1960 was captured in the Sault Rapids 28 days later, a distance of about 175 miles from its release point.

Gogebic Has Highest Eagle Nest Total

Out of 42 active bald eagle nests checked this spring in the Upper Peninsula by Sergei Postupalsky of downstate Wayne, the largest number — nine — were found in Gogebic County.

Postupalsky made the census by plane on two trips to the Upper Peninsula — on April 27-28 and May 4-5 — under a grant from the National Audubon Society. He is chairman of the Michigan bald eagle survey.

In addition to the nine active eagle nests in Gogebic County, Postupalsky found six active nests in Marquette County, four in Baraga County, two in Alger County (where another active nest has been reliably checked by others), six in Iron County, three in Ontonagon County, one in Houghton County, three in Delta County, one in Dickinson County, six in Luce County and two in Mackinac County (plus one other reliably checked by another party).

In the northern Lower Peninsula Postupalsky was able to locate only 14 active nests.

In pinpointing the 42 active nests in the Upper Peninsula, Postupalsky and his pilots checked 87 locations of nests reported and rumored and located 65 of them, of which 23 proved to be inactive,

Tepee Lake Recreation Area Unique Cooperative Project

Plenic area of Tepee Lake Recreation Area in Ottawa National Forest south of Kenton is pictured above. Area also includes campgrounds, swimming beach and boat landing.

Dedication and presentation of the new Tepee Lake Recreation Area will be held on Sunday at 2 p. m., marking the completion of about 2 1/2 years of cooperative effort between the Ottawa National Forest Improvement Association and the United States Forest Service.

This facility is located in the Ottawa National Forest seven miles south of Kenton on Forest Highway 16. It includes a boat landing, swimming beach, picnic area and a campground suitable for trailers or tents.

Cooperative Agreement

This cooperative project was the first of its kind ever undertaken. The idea was presented to the Forest Service in the spring of 1960 by the association, a group of area residents interested in bettering the locality. Its membership includes people in all of the small towns along 31-28 from Sidnaw to Ewen, as well as a group from the Iron River area. The association also has many members whose residence is elsewhere, but who maintain an active interest in the locality.

SPORTSMAN'S DIGEST By Hal Sharp FISHING COURTESY ANY LUCK?? MOST OF US HAVE MET THE BRASH INTRUDER WHO JOINS US, UNASKED, JUST AS WE ARE ABOUT TO HAVE SOME LUCK. USUALLY IT HAPPENS AT A POOL TOO SMALL FOR COMPANY, YET IT MAY BE ON A LARGE LAKE JUST WHEN WE HAVE LOCATED A SCHOOL OF FISH. IN EITHER CASE, WE PREFER TO BE ALONE—TOO MUCH ACTIVITY OR NOISE IS CERTAIN TO RUIN THE FISHING. LETS ALL TRY TO OBSERVE THIS COURTESY: NO INFRINGEMENTS OF ANOTHER'S AREA.
