

# Shiras-City Zoo At Presque Isle Open For Season

Presque Isle Park's zoo, one of the foremost summer tourist attractions in the Upper Peninsula, was opened today, and indications are it will please viewers "more than ever."

Bernard A. Stephansky, secretary of the Shiras Institute, and James C. Engle, city parks and recreation superintendent, cooperated in making arrangements for the zoo.

The Shiras Institute sets up the zoo and pays for the rental of the animals. It also handles the transfer and return of the animals, which will remain in the pens at the park until after the Labor Day weekend.

The City of Marquette, in turn, cares for the animals and pays for their feed.

This is the fifth straight year that the Shiras Institute and city have cooperated in sponsoring the animal zoo at the park.

The Shiras Institute is a non-profit institution organized by the late George Shiras III of Marquette. Its board of trustees authorized Stephansky to arrange with Engle in the opening of the zoo.

Stephansky and Engle said another fine array of animals has been stocked in the pens, equal to last year's outstanding collection, and more than the number of animals on display at the zoo in the early 1930s.

Always one of the big attractions in this region, the Shiras-City zoo lures thousands of area residents and travelers to Presque Isle Park almost daily during the summer season.

Marquette Chamber of Commerce officials said Presque Isle Park and its zoo probably attracts more tourists than any other tourist attraction in the area.

Practically all of the animals in the zoo this year were furnished to the Shiras Institute and the City of Marquette by Pat Wiley, Boulder Junction, Wis., who has one of the largest animal exhibitions in Wisconsin.

Wiley's Aqualand was chosen by the Walt Disney Studios recently for a short subject and feature films of wildlife in natural settings.

Three bear cubs were placed at the Presque Isle Park Zoo earlier in the week. The deer herd is maintained at the park throughout the year. There are several white fallow deer in the herd.

In addition to the deer and bears, animals stocked in the cages at the park this year are as follows: African-goose, an array of squirrels, pheasants, young red foxes, two racoons, two porcupines, a bobcat, drake and hen mallard ducks, two Canada geese, a flock of Guinea hens, a bantam rooster and a bantam hen, a pair of ferrets and a mother rabbit and her young.

Ferrets are similar to mink. Fallow deer are smaller than the regular whitetail deer. They were ob-

tained by the city several years ago in exchange for some of the whitetail deer from its permanent herd from E. J. Schowalter, who operates a buffalo ranch at Houghton and a deer ranch in Wisconsin.

### Hiked Tourist Traffic

The revival of the zoo in 1959 by the Shiras Institute proved such a success that each year it has been enlarged. The venture has been credited with sharply increasing tourist traffic through the city.

Tourist and resort operators in this area, as well as chamber officials, say numerous inquiries concerning the zoo have been received during the past year.

### Aided in Many Projects

The Shiras Institute has been responsible for a number of public projects, such as the artificial ice plant in the Palestra, construction of the Shiras bathhouse, provision of scholarships and institution of funds for cultural and educational value.

This year it has approved funds for the improvement of Shiras Park ("Picnic Rocks"), as well as for helping the Boy Scouts and in other projects.

"Residents of this area have enjoyed the Presque Isle Park zoo in the past and we're sure they'll like it even better this year," commented City Manager Thomas Moore.

CLYDE H. LAROCK

## Clyde LaRock Heads Fourth Degree KCs

Clyde H. LaRock of Ishpeming was elected faithful navigator of the Marquette General Assembly of the Fourth Degree Knights of Columbus at the organization's annual officers election meeting held this week in the Marquette KC Council chamber.

LaRock succeeds Herbert Lawrence of Marquette in the post.

LaRock will take office at the July meeting of the Fourth Degree, to be held in Marquette during the second week of next month.

Other officers elected for the coming year are: Dominic Chiri, Negaunee, faithful captain; Herbert Lawrence, Marquette, faithful admiral; Gary Cartwright, Harvey, faithful pilot; Richard Winchell, K. I. Sawyer Air Force Base, faithful comptroller; Joseph Ready, Ishpeming, faithful inside guard; John McAvoy, Sawyer Base, faithful outside guard; and the Rt. Rev. Msgr. David P. Spelgatti, pastor of St. John's Church, faithful friar.

In Area 24 Years

LaRock, a native of Stambaugh, had resided in Munising from 1929 until five years ago, when he moved to Ishpeming.

He is owner and operator of the Negaunee Home Bakery and of the Donut Shop, Ishpeming.

LaRock has been active in the Knights of Columbus since 1935 and in the Fourth Degree

KCs since 1941. He served as Grand Knight of the Munising Council in 1948 and as district deputy for the Marquette District in 1949.

Married to the former Esther Gran of Tremary, the LaRocks have seven daughters and two sons, and the family resides at 708 Cleveland Ave., Ishpeming.

# USAF, Guard, Scouts To Take Part In Elks Flag Day Event Here

Marquette area citizens will observe Flag Day tomorrow evening, in ceremonies sponsored by the Elks Lodge.

The ceremony will be held at Memorial Field at 7:30 p. m. In the event of rain, the ceremony will be conducted in the Elks Clubroom, Joseph Fountain, Elks Lodge, exalted ruler, said.

**Dopp Narrator**

Capt. Leroy E. Dopp, medical service corps, K. I. Sawyer Air Force Base, will be narrator at the service.

Honor guards from the Air Force, Coast Guard, National Guard, Boy Scouts, Explorer Scouts and Sea Scouts will participate in tomorrow night's ceremony as flag carriers.

The flag raising and lowering will be conducted by the Air Force with "To The Colors," and "Taps" played by Jeff Anderson, son of Mr. and Mrs. William Anderson, 438 E. Ohio St., and an eighth grader at Graveract Junior High School.

**Presentation Of Flags**

A special feature of tomorrow night's ceremony will be the presentation of historic flags with a narration of their history.

Flags which will be presented by Boy Scout troops include the Pine Tree Flag, the Snake Flag, the 13 Stripes and Crosses, the 13 Stripes and 13 Stars and the 15 Stripes and 15 Stars.

These flags are now on display at Stern and Field's store, where they will be kept until the ceremony.

**Elks Officers Participating**

Elks Lodge officers will partici-

pate in the service. They are Fountain; Russell Chrest, leading knight; James DeMarinis, loyal knight; John Myers, lecturing knight; Richard Handrahan, esquire, and Paul Hunter, chaplain.

Music will be provided tomorrow night by the municipal band.

Capt. Dopp, who will be narrator, is a charter member of the Mojave, Calif., Elks Lodge. He has spent 16 years in the active service.

At Sawyer, Dopp is manager of the hospital business office.

**Recalled To Duty**

He enlisted as a medical technician in 1942 and served four years at California Air Force bases. He was recalled to active duty in 1951 and received a di-

CAPT. L. E. DOPP

rect commission as a medical service corps officer in 1954.

Before coming to Sawyer in January, 1962, he served in Japan as administrative officer of the

medical support unit to Headquarters, Far East Air Forces, and at the Air Force Flight Test Center, Edwards AFB, California.

Fountain said the Elks Lodge invites residents to join in the observance of Flag Day, which was first observed by the Order of the Elks in July 1908.

One out of every 100 Greeks is convicted each year for minor crimes, mostly non-payment of debt.

## Third Report Meeting In Drive Slated

The third report meeting of St. Mary's Hospital psychiatric unit campaign will be held at 4:30 Friday afternoon in the Hotel North-

land.

Probate Judge Michael F. DeFant, Marquette, general chairman for the fund drive, urged all volunteer workers to be in attendance.

A meeting of the advance gifts division co-chairmen with Homer Hilton Jr., president of St. Mary's Hospital Advisory Board, was held this morning in the Northland to discuss plans for the session tomorrow.

\$300,000 Unit

Co-chairmen of the division are Hilton, Franze Menze, Patrick L.

Bennett and Clyde W. Hecox.

The psychiatric unit will cost about \$300,000 and construction will begin this year. About one-half of the cost will be provided by the federal government through the Hill-Burton Act and the balance will be covered through public subscription.

## U.P. Legion Convention Dinner Slated

Jack Dempsey, Marquette general chairman of the 1963 Upper Peninsula American Legion Convention Corp. noted today that the principal dinner meeting during the U. P. Legion convention here will be held at 5:30 p. m., Saturday, June 22.

The Legion convention will be held in Marquette Thursday through Sunday, June 20 through 23.

Gov. George Romney will be a guest speaker at the dinner. Other speakers will be National American Legion Commander James Powers of Macon, Ga., and Joe Paul, State American Legion Commander, of Ishpeming.

Other state and national dignitaries will be introduced at the dinner, Dempsey said.

### Convention Parade

Gov. Romney and Commander Powers also will appear in the convention parade, scheduled to begin at 2 p. m., Saturday, June 22.

Following the dinner, the national commander and Gov. Romney will be escorted to Memorial Field to witness the Legion's drum and bugle corps competition. They will speak briefly there.

## NMU Selects Students For Editorial Unit

Thirteen Northern Michigan University students, including six from this area and eight from the Upper Peninsula, have been appointed to the university's editorial board for the 1963-64 academic year.

Members of the board, who will be the core of publications including NMU's bi-monthly newspaper, the Northern News, will serve as editors, business managers and feature writers among other positions.

### Hancock Student Chairman

Miss Donna Gustafson, Hancock junior and an English major, has been appointed chairman of the board.

Others selected for the one-year post are:

Dearborn — Susan Kamensky, junior, biology major.

Detroit — Mary Ellen Goode, junior, English major, and John Schmidt, junior, pre-journalism student.

Farmington — John D. Fleck, sophomore, history major.

Marquette — Christine Gule, 25 Lakeview Dr., English major, a senior; Dennis McGinley, 602 Pine St., English major, and a junior; Marilyn Mulzer, 322 Rock St., a history major, and a junior; and Douglas Skuggen, 301 Summit St., an English major and a senior.

Mt. Clemens — Carol Federle, junior, English major.

Munising — Suzanne Nesberg, 310 W. Onota St., elementary education major, a senior.

Negaunee — Robert Polkinghorne, 311 Cyr St., French major, a junior.

Sney — Milo Genser, junior, pre-law student.

## Six Persons Pay Fines In Justice Court

Six persons were ordered to pay a total of \$55.70 in fines and costs by Justice Lawrence C. Ewing in Chocolay Township Court for traffic violations.

A fine of \$10 and \$4.30 costs were paid by Thomas R. Shore, 23 K. I. Sawyer Air Force Base, for reckless driving. He was arrested by state police May 20 on U. S. 41 in Chocolay Township.

### Defective Brakes

William L. Peterson, Route 1, Marquette, was fined \$10 and ordered to pay costs of \$4.30 for driving with defective brakes. He was ticketed by state police Dec. 30, 1962, on U. S. 41 in Chocolay Township.

For defective brakes, William Berry, Route 1, Marquette, paid a fine of \$5 and \$4.30 costs. State police ticketed him Nov. 23 on County Road 492 in Marquette Township.

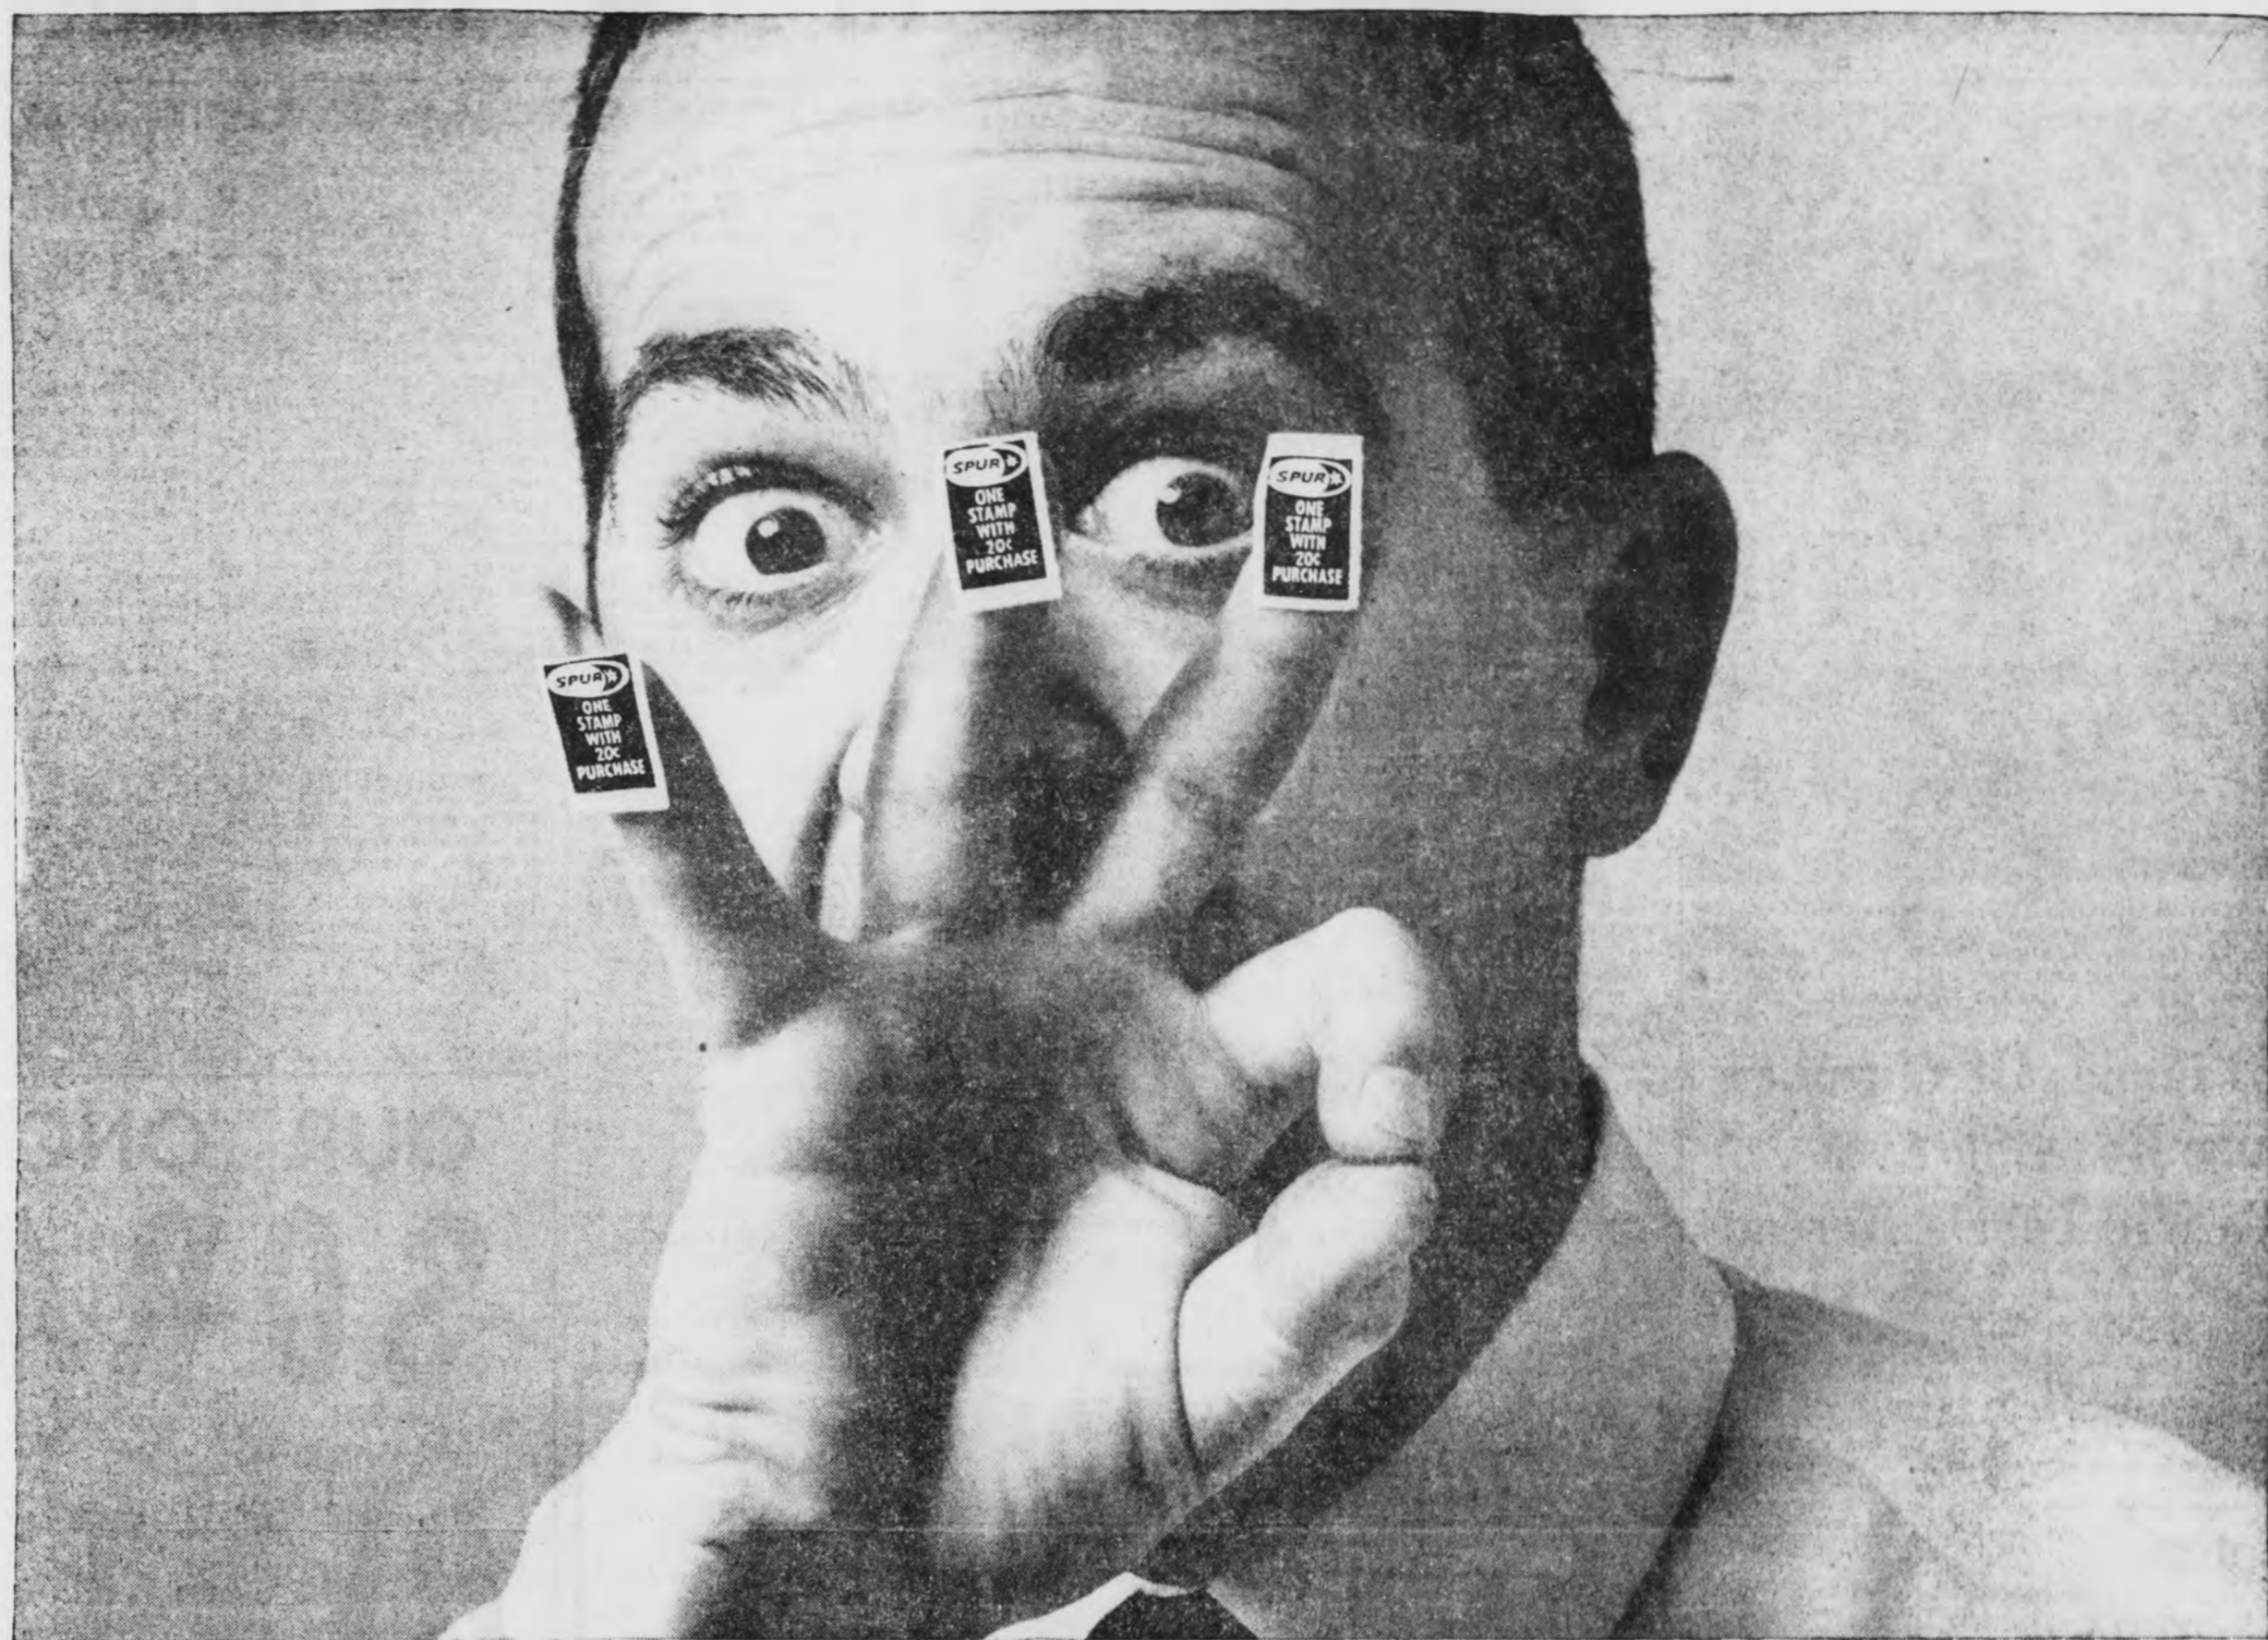

Kenneth J. Coombe, W. College Ave., Marquette, paid a fine of \$2 and \$4.30 costs for a violation of the basic speed law. The summons was issued by state police May 24 on U. S. 41 in Chocolay Township.

For making an improper left turn on County Road 551 in Chocolay Township, Arvo V. Jarvinen, Route 1, Marquette, paid a fine of \$2 and \$4.30 costs. The summons was issued by state police April 2.

William J. Hart, Route 1, Marquette, was fined \$1 and ordered to pay costs of \$4.30 for driving with defective brakes. State police ticketed him April 7 on U. S. 41 in Chocolay Township.

## Marked Decline In Job Seekers In Area Noted, But Number To Grow

A marked decline in the number of people actively seeking jobs was noted at the Michigan Employment Security Commission office here last month, according to Frank B. Paitl, manager of the office.

During May the active file of job seekers at the MESCC office included 582 names, a decrease of 268 from the previous month. A year ago, 701 names were listed on the file during May.

Paitl said that a number of men have been recalled to jobs in the logging and lumbering industry and there was an increase last month in outside work, including construction and other labor. There also was a general pickup in retail trade, he said.

However, more persons are expected to be looking for work during June, because of high school graduations and summer vacations for high school and college students, Paitl added.

Both the decrease in unemployment during May and the expected increase in unemployment during June are normal trends, he said.

Of the 582 persons seeking work last month, 162 were women and 130 were veterans.

New applications for work received at the MESCC office during May totaled 118, of which 57 were women and 18 were veterans. New applications last month dropped considerably from the previous month, when applications totaled 213. A year ago in May,

new applications numbered 121.

**Placements**  
Last month 109 placements were made by the MESCC office. This compared to 114 placements made in April and 93 made a year ago in May.

A breakdown of May placements showed the following: manufacturing, 11; construction, 10; wholesale and retail trades, 29; finance, insurance and real estate, 6; services, 13; private households, 16; government, 23; miscellaneous, 1.

Unemployment compensation benefits paid to persons in the eastern section of Marquette County last month were less than in April and also less than during May of 1962.

**Benefit Payments Down**  
Benefit payments made last month amounted to \$34,198.50, while benefit payments during the previous month totaled \$49,168. A year ago May, benefit payments totaled \$48,518.

For the first 22 weeks of this year, benefit payments totaled \$265,942.50 and for the first 22 weeks of 1962 they totaled \$343,328.50.

Paitl said the greater amount paid in jobless benefits last year was due largely to a temporary extension in the benefit payment program.

Under the extension, which went into effect in April 1961 and ended June 30, 1962, persons who had exhausted regular claims were allowed an additional one-half of their original claim.

## City Studies Public Works Property Need On Wright St.

Property requirements of the public works department on Wright St. are being studied by the city.

The survey was asked by the Marquette City Commission in order for it to act on a request by the Industrial Piping Co. of Ironwood, which desires to construct a building for a permanent office and warehouse, on Wright St.

The planning board recommended to the city commission that the company be given space east of the Federal Forest Research Laboratory building, and further suggested that "if consideration is given to a site for trailer accommodations east of the laboratory, that the site be rezoned to greenbelt in accordance with the design principles of the proposed trailer and campsite plan."

City Manager Thomas Moore said the public works area on city-owned property on Wright St. is "getting crowded," and that the city itself may need additional land for more buildings.

**Renting Some Buildings**  
Commissioner Elmer K. Carlson

said the public schools' bus garage "ultimately has to go." The building, he said, makes adjacent property undesirable.

"We have to make sure we have enough land in that vicinity for city use," he said, "and we then can consider the land for industrial or other uses."

Moore noted that the city already is renting some buildings for equipment purposes and that it "would like to get out of renting them," thereby effecting a saving.

**Gas Leak Forces Family Evacuation**

WARREN (AP)—A leak in a gas main led to the evacuation of 31 families in this Detroit suburb Monday night, Michigan Consolidated Gas Co. said. The families returned to their homes a few hours later, after workers fixed the leak.

## Fishermen And Fires

The total number of fishermen, hunters, campers, picnickers, hikers, sight-seers and other users of private, state and federal forests in the Upper Peninsula is increasing every year. State and federal forests, of course, are public lands which the governments are committed to keep open for public use. Private forests are another matter. Owners of these vast tracts—wood and paper companies and mining companies, for the most part—are not compelled to keep them open to the public. Yet most of these vast private land owners in the Upper Peninsula not only allow public use of their lands but in some cases actually encourage public use.

These extensive holdings in private ownership that are open to the public represent

## Peninsula Perambulator

Five members of a Toledo, Ohio, family—Mr. and Mrs. William J. Zeisler and their three children—were treated at Taquamenon General Hospital, Newberry, for inhalation of gas fumes. The family was staying at a Muskogee Lake resort, 25 miles north of Newberry. State police said a gas space heater in the cabin was turned up high and the fumes were not escaping properly.

After a lengthy public hearing, the Ironwood City Commission adopted a 1963-64 budget of \$648,200 that provides annual raises of \$132 for employees of the public works department.

Warren James Millard, son of Mr. and Mrs. Warren H. Millard of Ontonagon, has been accepted by the U. S. Naval Academy at Annapolis, Md., after receiving an appointment from Congressman John B. Bennett.

Retention of items of historic value in the Copper Country is urged by Peter Baudino, member of the Calumet-Keeweenaw Chamber of Commerce. He mentioned that an old locomotive of the Calumet Division of Calumet & Hecla, Inc., may soon be headed for another part of the country. He also said he was in favor of having the monument of Alexander Agassiz, now located in Agassiz Field where few visitors know it exists, moved to a more favorable site. And he expressed concern about the area never having erected a bronze monument for the miner—“who gave sweat, blood and even his life for the good of the community.”

The entire production staff of the Sault Evening News has been pacing the floor since last Friday, waiting for the birth of a baby. Each day as press time approaches, three impatient department heads (composing room foreman, photographer and advertising director) gather around to glare at Women's Editor Marian Boyer and demand whether or not she is going to produce that 20,000th baby at the Sault's War Memorial Hospital. A special two-page congratulatory edition has been prepared, all in honor of the 20,000th baby to be born since the hospital was opened 39 years ago. The 19,999th has been duly recorded, but the stork is slow in producing No. 20,000. So each day the two extra pages are scheduled for printing and then, at press time with no baby produced, they must be jerked out again.

Kathleen R. Rowe, 18, Calumet, entered the Calumet Public Hospital for an appendectomy and her case turned out to be a rare one, statistically speaking, for hospital records. She was admitted on 6/3/63, her case was No. 3333; she was admitted to room 203, bed 3, and had 3 examinations by 3 doctors. If that isn't enough, her age is divisible by 3.

Brimley voters this week expressed their opinion on senior class trips, which have been under fire from some quarters in that CHIPPEVA County community. The vote on a special ballot in the school election was 359 in favor of continuing the trips and 113 against them.

More about Wilfred Lee's \$15-pound brook trout caught in the St. Marys River. According to State Conservation Department records, it's the second largest ever taken in the state, with the record being held by a 6-pound, 1-ounce fish caught in Whitefish Bay in August, 1934.

### 60 Years Ago

—Marquette—  
As two baseball games are scheduled for today, Marquette fans will have no dearth of their favorite amusement. This morning at 10:30 the Hancock High School team will cross bats with the local high school aggregation to determine the championship of the iron and copper counties. In the afternoon at 4:15 the Marquette city team will meet the Iron Mountain nine, reputed to be one of the best organizations on the Menominee Range. Bowen of Saginaw will be in the box for the locals, and there is much interest to see what he can do.

### 30 Years Ago

—Marquette—  
Beginning next Monday tourists and other persons who desire to stay overnight or longer at Marquette's tourist camp at the Powder Mill location will have to pay a small fee for that privilege, it was announced yesterday by the city light and power department.

Miss Elba Morse of the Northern Michigan Children's Clinic, accompanied by her nieces, Helen and Evelyn, and her nephews, Arthur and Louis Burton, left yesterday for Lower Michigan. The children will spend the summer vacation in Sandusky, and Miss Morse will return here next week.

—Ishpeming—  
The Ishpeming Board of Review today de-

one of the Upper Peninsula's principal recreational values. But these forests will remain assets only as long as they remain green. And the public has a responsibility to itself and to the forest owners to make certain that these lands are not despoiled. Negligent use of these forests threatens continued public access.

A conservation officer in Marquette County recently confided to his newspaper his concern over the manner in which the public is using some of the private forest lands. "In my travels as a conservation officer," he said, "I have noticed that almost every area available to public use soon becomes a mess of litter, beer bottles, cans. Even more serious is the danger of fire. At a lake that I visit several times a week and that is much used by fishermen I found a camp fire burning briskly the other day and not a fisherman in the area. A search of the area revealed that the fire builders had left the area some time previously. For the life of me, I can't figure out what these particular fishermen were thinking about. This lake was on private forest lands, and if I were the owner I wonder whether I would allow public use of this nature to be continued."

We should be mindful of our wonderful privileges here in the Upper Peninsula and zealous in our guardianship of those privileges. Once lost, they could be irreplaceable.

Words of praise for the efforts of the Upper Michigan Tourist Association came recently from Motor News, official publication of the Automobile Club of Michigan.

"We greet with enthusiasm the efforts being made by the Upper Michigan Tourist Association in trying to lead the public to the many wonderful attractions in the Upper Peninsula," the magazine stated. "The group, managed by Ken Dorman, has recognized some basic truths we have long talked of and is attempting to remedy them, beginning with a change in attitude by some U. P. residents. Under Dorman's leadership, they are now recognizing they cannot ignore visitors or look upon them as intruders and still expect them to return."

"Secondly, they are facing up to the fact that they cannot offer less quality and value than tourists can and will receive elsewhere. In the past Motor News has been critical of the U. P., constructively, we feel. We still think the area has tremendous potential and hope Dorman and his followers can succeed in changing things so that the potential can be realized."

**AS OTHERS SEE US**  
Moscow radio has devoted fully a fifth of its total broadcast time to Birmingham, Texas, the Soviet news agency, has said the situation "borders on genocide... if America's rulers can act like slaveholders toward millions of their own people, what can nations of Africa, Asia and Latin America expect of them?"

That kind of propaganda might be expected from the Soviet Union. But what of the reaction outside the iron curtain? A newspaper in Ghana said that Birmingham "demonstrates beyond doubt that America herself is far from free and what she calls democracy is a limited liability democracy which only white men enjoy."

An editorial in West Germany asked: "Who is familiar with the complicated system of federal and state competencies and who wants to listen to juridical argumentation when human dignity, morale and decency are concerned?"—Attorney General Robert Kennedy.

### EYE FOR AN EYE

A journey through the sales tax states must make many a Minnesotan wonder why his own state does not reciprocate in kind. The shining flow of our sales tax pennies into other coffers is warmly welcomed and taken quite for granted in nearly three-fourths of our states. Would it not be a measure of economic justice—as well as a source of badly needed revenue—to return the compliment with a sales tax of our own?—Minneapolis Morning Tribune.

### TRUTH

Truth is many things. But in the end it frequently is that opinion which still survives.—Sacramento (Calif.) Bee.

# Dinnie M'Donald Livened Marquette With Bright Theatrical Productions

BY ERNEST H. RANKIN  
Marquette County  
Historical Society

The recent production of "Gibbs Gurnee Galettes" brought back to many memories of bygone days and the principal diversion for the young-adults during the long summer vacation was a "Dinnie" MacDonald show — not that the older folks didn't also take an active and enjoyable interest in this activity.

This all started back in the horse-and-buggy days. (Only a few of the wealthy owned automobiles) and the young folks of the community looked forward to taking a part in one of Dinnie's productions to relieve the boredom of inactivity. These shows, for the most part, occupied the stage of the old Marquette Opera House on Washington St. which was destroyed by fire on Jan. 25, 1938. The present day "Galettes" was produced by an organization specializing in the art of amateur theatricals. But Donald MacDonald III was a complete institution in himself and fully competent of producing a show singlehandedly. He needed no assistants.

**Family Background**  
This MacDonald is the third and last of his immediate line to bear the nickname "Dinnie." Unfortunately, there is no immediate record of the grandfather who was undoubtedly born in Scotland. However, Dinnie II, the father of our subject, was born in Nova Scotia during 1833. He removed to the West with his parents in 1844 and settled at LaCrosse, Wis., in 1868. This second Dinnie taught school for several years, but becoming restless and resenting the confinement and discipline of the school room, he took to rattling logs on the Mississippi River, finally operating 21 steamboats and a saw mill. Dinnie III, born on May 7, 1880, at LaCrosse, was apparently one of the younger of the five children — three sons and two daughters — born to Donald and Anna MacDonald.

After Dinnie III was graduated from high school he attended the University of Wisconsin where he became interested in theatricals rather than in one of the usual academic subjects, leaving college to become an actor. The next several years were spent on the stage where he attained some moderate successes. He then became a producer of amateur productions, his first success in this field being at York, Pa., where he put on an elaborate historical pageant for the local DAR. This was followed by another outstanding success at Atlanta with a cast of over a thousand, for the Junior League, portraying the history of Georgia. He then produced revues for some of the leading universities across the country, always receiving a request to return the next year. For the University of Chicago he put on three tremendous shows, one being on the stage of the Chicago Civic Opera House, with seats selling at \$7.50 and clearing \$50,000 for its sponsors.

**Verbose In Praise**  
It was through his friendship with two prominent Marquette women, who had known him in Madison, Wis., that he came to Marquette and to a summer show. His first production, "The Talk of the Town," with less than three weeks in rehearsal, occupied the stage of the Marquette Opera House on Aug. 20 and 21, 1908. This proved to be a "smash-hit" playing before S.R.O. houses both nights. The Mining Journal reporter was verbose in his praise, the account on the morning of Aug. 21 filling one and one-half columns. All of those who had played leading roles — Clarence Brown, Jessie French,

Flora Retallic, Mrs. L. G. Kaufman, Grace Pettie, Edward "Dab" Gilbert, Jessie Palmer — enjoyed special mention.

"Mrs. Quarel Song" introduced by Miss Flora Retallic and Mr. MacDonald... met with a fine reception... Miss Retallic pleaded her friends in the manner in which she acquitted herself, and Mr. MacDonald performed his part well indeed. Nothing less than two encores would do... .

**Sixty Persons In Cast**  
"Mrs. L. G. Kaufman made her debut before a Marquette audience in... 'I'm a Pickle Maid,' and it is not too much to say that the interest in an altogether exceptional performance reached the height at this feature of the program, and Mrs. Kaufman's second later appearance. Mrs. Kaufman had gifts of voice and rare grace in dancing that conquered the audience, and brought the greatest demonstrations of approval manifested during the evening... . The audience insisted on three encores... .

Those starring in Dinnie's first Marquette production were ably supported by appropriate choruses, the entire cast including some 60 persons. The Journal reporter wrote, "The Talk of the Town" is a very proper name for the vaudeville performance given last evening at the opera house... as it will be the talk of the town tomorrow, and yet the day after, because of its excellence."

**Another Decided Success**  
Immediately after the Marquette performances, MacDonald put on the same show in the Copper Country. Except for Miss Retallic, who participated as his leading lady, he trained within the next two weeks an entire new cast, meeting with the same success as experienced at Marquette.

Two years later MacDonald returned to Marquette, and on the evenings of July 28 and 29 produced "Up and Down Broadway." The cast included many of those who had participated in the 1908 show as well as a number of newcomers. Upon MacDonald's insistence, and a telegram signed by Morgan Jopling to Miss Retallic at Detroit, where she was taking voice culture, she returned to Marquette to take a leading role. As was "The Talk of the Town," this 1910 show was a decided success, again filling the house both evenings. Leading parts were taken by Mrs. Kaufman, Louise Rushmore, Harriet Oltman, Mabel Watson, Jessie Palmer, MacDonald, Morgan Jopling and George Belding. The Mining Journal devoted two full columns in praise of this production. On the evening of July 30 the entire cast of 66 was taken to Ishpeming on a special train, where they played to another capacity audience. Many Marquette residents went along to enjoy the show, some for their second and third times.

**A Summer-Time Fixture**  
The Ishpeming correspondent of the Journal wrote, "Mr. MacDonald and members of the company were greatly pleased with their reception by the Ishpeming and Negaunee people. The audience was one of the warmest that witnessed the performance during the three nights and the appreciation shown by its friendly audience was one large factor in making the

show 'go' with such ginger and success."

By this time Dinnie had established himself more or less as a summer-time fixture in the area, and few addressed him formally as "Mr. MacDonald." He had endeared himself, not only to the hearts of those who worked with him to make his shows a success, but into the hearts of his audiences as well.

**'The Echoes Of 1910'**  
Dinnie's third show, "The Echoes Of 1910," which included many who had taken part in the 1908 previous revues, was produced on July 26 and 27 at Marquette and on the 29th at Ishpeming. It is interesting to note that the prices ranged from 50 cents for a balcony seat to \$1.50 for a box seat. For \$1 one could enjoy the show from a seat in the "parquet."

Receiving special mention for their work in "Echoes" were Jessie Palmer (now Mrs. Elwood Williams) and Flora Retallic, who took

the solo parts of Mrs. Kaufman, who was unable to be present for the second performance, owing to "illness," as stated in the Journal the next morning. A half-century ago the expression, "expecting," was frowned upon by many, the stork making most of its deliveries directly to the home without prior comments as to the mother's actual condition. Also receiving praise for her efforts was Mrs. Louise Vierling, who sang in "a strong, clear voice, and is more than pleasant to look upon. 'Turn Off Your Light, Mr. Moon Man,' which took the audience by storm. She has a pleasing voice and together with her attractiveness and gracefulness carried out the number to perfection." Miriam Morrison and Beatrice Crane, assisted by Morgan Jopling, received acclamation for their excellent dancing.

"Echoes" also played at the Marquette Branch Prison "through the kindness of Mr. MacDonald and members of the cast together with Mrs. E. N. Breitling," who furnished a special M&E train and orchestra.

**'The Whirl Of Mirth'**  
In 1915 Dinnie produced "Tango

Town," which also played at Ishpeming, the Kerredge Theatre, Hancock, as well as at Calumet and Duluth. The shows at the Copper Country and Duluth were peopled by local talent.

"The Whirl Of Mirth" occupied these same stages during the summer of 1916, and then the United States became involved in World War I. A Marquette young lady, Miss Emily Phelps, who had taken minor parts in most, if not all, of the previous shows, and no longer "footlight shy," also played in "The Whirl Of Mirth." In addition, this cast included in the men's chorus for the first time, Clarence B. Randall, a young Ishpeming lawyer, who has since served in his country with distinction many times. His recent book, "Sixty-Five Plus," is dedicated to his wife, Emily, while this little volume was not written as a romance, it is thoroughly punctuated with love.

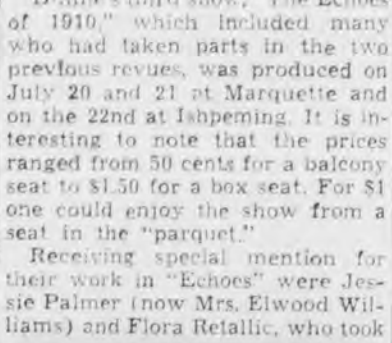

**Congratulated By President**  
Mrs. Jessie Palmer Williams writes from Washington, D. C., "Dinnie gave the first of many fine shows for the Army Forces, 'Biff Bang' (the Navy Show) was produced in May 1918, at the old Century Theatre in New York City. He then went to France as production officer for the Second Army and staged 'Who Can Tell!' A. E. F. Show, which played for several weeks at the Theatre du Champs Elysees, Paris. President Woodrow Wilson attended the last night and requested Dinnie to come to their box where they told him how much they loved the show, congratulating him... .

Dinnie returned to Marquette in 1921, and on July 27 and 28 directed a large cast in "The Legion Follies" at the Normal Auditorium. Except for Miss Retallic, who had remained as Dinnie's leading lady throughout his Marquette career, and a very few others, the cast consisted almost entirely of local talent. Marquette has never been wanting in that respect. Mrs. Kaufman, who had played so many prominent roles in most of the earlier shows, gave way to two of her teenage daughters, Ann (now Mrs. Richardson Dilworth) and Joan (now Mrs. John C. Martin), who displayed their talents as their mother before them. Marie Harlin, who had brought the house down in her rendition of "Lauana Lou" in "The Whirl of Mirth" was now Mrs. E. A. Moore, and taking a leading part in the "Follies." In this production, Mrs. Moore portrayed Fannie Brice to the delight of the audience, as well as appearing in several other numbers, establishing herself as an accomplished actress.

**Last Marquette Production**  
"Fads and Frills" ended Dinnie's career in Marquette. This was produced at the Delft Theatre on Aug. 15 and 16, 1928, the cost of the tickets ranging from one to three dollars. With few exceptions, it was an entirely new cast, including a chorus of 75. The Mining Journal noted, "It marked the 'steenth' time Dinnie has come to Marquette and presented a musical revue with amateur talent so well done to be rated as near professional in every particular." "Fads and Frills" merited two capacity audiences, but the fact that they were smaller than hoped for by its sponsors (Marquette Federation of Women's Clubs) took nothing away from the quality of the production."

Mrs. Williams further writes, "After moving to Washington in the 1930's, he (Dinnie) staged the annual Keith's Revue for two years in which he starred."

**Appeared In Movie**  
"Just recently we had a glimpse of Dinnie in the film, 'Advice and Consent,' where he was seen in the

the solo parts of Mrs. Kaufman, who was unable to be present for the second performance, owing to "illness," as stated in the Journal the next morning. A half-century ago the expression, "expecting," was frowned upon by many, the stork making most of its deliveries directly to the home without prior comments as to the mother's actual condition. Also receiving praise for her efforts was Mrs. Louise Vierling, who sang in "a strong, clear voice, and is more than pleasant to look upon. 'Turn Off Your Light, Mr. Moon Man,' which took the audience by storm. She has a pleasing voice and together with her attractiveness and gracefulness carried out the number to perfection." Miriam Morrison and Beatrice Crane, assisted by Morgan Jopling, received acclamation for their excellent dancing.

"Echoes" also played at the Marquette Branch Prison "through the kindness of Mr. MacDonald and members of the cast together with Mrs. E. N. Breitling," who furnished a special M&E train and orchestra.

# A Decade Of Revolution

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON — The revolution taking place in the South now—where segregation is melting—is only part of a revolution around the world these past 10 years.

Many forces—few of them noble or unselfish—have shaped the revolution: Nationalism, fear, money or the lack of it, science, rivalry, education, affluence, poverty, stupidity and even the desire for real estate.

**Bad For Business**  
It was only nine years ago that the Supreme Court, very late in American history, laid down the principle that segregation is unconstitutional. The South could have embraced the principle instantly. It chose not to.

It has desegregated slowly under pressure of the courts, troops, public opinion (the North is far from pure on this subject), increasing Negro insistence and businessmen's realization segregation is bad for business.

It was just 10 years ago that Stalin's death began a quiet revolution in the Communist world. He left it with such a smell his successors had to turn on the fan—in this case, denouncing him—to make communism plausible at all.

**Destruction Of Central Control**  
The Russian people were becoming too educated—and therefore skeptical—to submit indefinitely to the terrorism of Stalin's kind of communism. The de-Stalinization shocked not only the Russians but Communists everywhere.

Destroying the Stalin myth carried with it destruction of some of Moscow's central control. Communist parties in the satellites and elsewhere in turn had to assert some independence to be plausible to their own people.

This opened the door for the various nationalism to assert themselves, particularly when Moscow acknowledged there's more than one road to communism.

**Less Eager For War**  
Moscow lost more control when it was financially unable to meet the needs of its satellites. This inability in part was due to its enormous use of men and resources to compete with the United States in space and nuclear weapons.

Although they kept arming, the Russians now seemed less eager for war because they had reached an affluence they were reluctant to risk in nuclear destruction.

The United States and Russia, out of fear of being outdone, made fantastic strides in science and the exploration of space although it is almost certain neither would be half so advanced if they hadn't dreaded each other so much.

**An Ideological Difference**  
The Red Chinese, nowhere near as affluent as the Russians and therefore less conservative about risks, have split with Moscow for not being belligerent or aggressive enough. They can't see an ideological difference.

Ideology is probably a minor factor. A more practical one is the desire for more food and real estate which are available in Southeast Asia and which the Red Chinese no doubt will try to take when they feel strong enough.

The Chinese calling themselves better Marxists than the Russians looks more like an attempt at self-justification, for what they have in mind, than any real concern about world revolution.

**Cancer Of Nationalism**  
For centuries the West Europeans suffered from the cancer of nationalism and are in a position now, if they could overcome the obsession about it, to achieve a unity unimaginable before the war.

But French President Charles de Gaulle's persistent nationalism has forestalled it, and what looked like a European unity may wind up as fragments in the ditch of time.

In Africa, where only three nations were free at the end of the big war, there are 28 free now. They met recently to discuss unity as a necessity for their salvation in a world of nations far stronger than themselves.

**Pious Pronouncements**  
The only unity they achieved was in pious pronouncements which concealed their disunity since they are going through the painful period of nationalism which has afflicted everyone else, including the United States.

Except for Cuba, the only real revolutions in Latin America is in the growing discontent of the masses—a discontent which seems certain to explode in blood baths—at the social and economic injustices inflicted upon them by the very rich who refuse to see the writing on the wall.

**BY ANY OTHER NAME**  
Over in Britain many of the nation's dairies are trying to get rid of milkmen. Not literally, you understand. They just want to find a more dignified name for their men.

Some of the citizenry have taken this all a bit lightly. One man, in fact, has suggested renaming the milkmen "bovine produce distribution officers," or "matturinal purveyors of galactic nutriment."

All this is old stuff on this side of the Atlantic, of course. Undertakers have become morticians and even funeral directors, janitors are custodians and newspapermen are often called journalists.

We don't know how others react to this sort of semantic nonsense. But we do know one aging newsman—we mean multitalented purveyor of alleged editorial nutriment—who doesn't appreciate being labeled a senior citizen.—Wall Street Journal.

**THE TRANSISTOR MENACE**  
A correspondent who writes of the horror of transistor radios on buses will have many sympathizers. It is almost impossible to get on a bus these days without the accompaniment of pop music blaring or commercials emanating from someone's radio. Other riders may glare and fidget, but the sort of person who cannot survive for a minute without portable sound is usually insensible to hints.

This is a case where there ought to be a law, or an amendment to one. Smoking and spitting on buses are already forbidden, and radio playing could be added to the list without difficulty. Especially at the end of a long day, the majority of us riders should be allowed to meditate in peace, to chew over their I should have said without interference.—Baltimore Sun.

**JUST WHAT WE NEED**  
The Soviet official news agency reports the development of a camera that takes 500 million photographs per second.

This fills a long-felt need of the mother and father who don't want to miss recording on film a single instant of Junior's growing up.—Detroit News.

## Today's Special Story

It was through his friendship with two prominent Marquette women, who had known him in Madison, Wis., that he came to Marquette and to a summer show. His first production, "The Talk of the Town," with less than three weeks in rehearsal, occupied the stage of the Marquette Opera House on Aug. 20 and 21, 1908. This proved to be a "smash-hit" playing before S.R.O. houses both nights. The Mining Journal reporter was verbose in his praise, the account on the morning of Aug. 21 filling one and one-half columns. All of those who had played leading roles — Clarence Brown, Jessie French,

Flora Retallic, Mrs. L. G. Kaufman, Grace Pettie, Edward "Dab" Gilbert, Jessie Palmer — enjoyed special mention.

By this time Dinnie had established himself more or less as a summer-time fixture in the area, and few addressed him formally as "Mr. MacDonald." He had endeared himself, not only to the hearts of those who worked with him to make his shows a success, but into the hearts of his audiences as well.

**'The Echoes Of 1910'**  
Dinnie's third show, "The Echoes Of 1910," which included many who had taken part in the 1908 previous revues, was produced on July 26 and 27 at Marquette and on the 29th at Ishpeming. It is interesting to note that the prices ranged from 50 cents for a balcony seat to \$1.50 for a box seat. For \$1 one could enjoy the show from a seat in the "parquet."

Receiving special mention for their work in "Echoes" were Jessie Palmer (now Mrs. Elwood Williams) and Flora Retallic, who took the solo parts of Mrs. Kaufman, who was unable to be present for the second performance, owing to "illness," as stated in the Journal the next morning. A half-century ago the expression, "expecting," was frowned upon by many, the stork making most of its deliveries directly to the home without prior comments as to the mother's actual condition. Also receiving praise for her efforts was Mrs. Louise Vierling, who sang in "a strong, clear voice, and is more than pleasant to look upon. 'Turn Off Your Light, Mr. Moon Man,' which took the audience by storm. She has a pleasing voice and together with her attractiveness and gracefulness carried out the number to perfection." Miriam Morrison and Beatrice Crane, assisted by Morgan Jopling, received acclamation for their excellent dancing.

## The National Whirligig News Behind The News

BY ANDREW TULLY

WASHINGTON — Americans of all colors should stop kidding themselves and start learning how to duck a well-aimed brick. Before the Negro problem is settled, there will be blood in the streets of New York, Chicago and Detroit as well as in the South.

Everything has changed since the police dog savaged the leg of the first Negro in Birmingham. The activists have taken over in

## Side Glances

"No, Janie didn't get engaged at college this year, but she's learning to speak a Romance language"

the Negro's battle for equal rights and pushed the lawyers into the background. Some of their tactics may be deplored, and hereby are, but deplored a brick in full flight will not stop it.

**Everybody To Blame**  
Roy Wilkins and his National Association for the Advancement of Colored People (NAACP) are all done. They tried to get into the act late, with mass picketing in Philadelphia and Wilkins' arrest in Jackson, Miss., for joining the demonstrators, but they missed the boat. From here in a new, tougher breed will run the Negroes' show, a philosophically polyglot breed ranging from the "non-violent" Martin Luther King through the Negro intellectuals down to the fanatic Black Muslims. It is not going to be any fun for anybody, black or white, except the extremists on both sides.

And it's everybody's fault. It is Harry Truman's fault because despite his sincere humanity he never really did a thing for the Negro. It is Dwight D. Eisenhower's fault because despite his sincere humanity he thought the problem could be solved by law suits. It is John Kennedy's fault because despite his sincere humanity he tried to handle it in the courts, too. It is your fault, Mac, whether you live in Dixie or in Grosse Point, Mich., and it is my fault, because we all knew the situation had to explode some day and we always put off thinking about it until tomorrow.

**Opportunities Gone**  
This is tomorrow. Yesterday and today have gone forever. Now the demonstrators have taken over, and they will be met, as always, by the extremists on the white side. The moderates like Roy Wilkins and the educated, economically conscious Southerners have had their day, and they have failed because everybody waited too long. And while they dragged their feet, the extremists recruited their forces and, inevi-

ably, jumped into the staterate. This is tomorrow when the extremists will slug it out with each other and the only loser will be the nation.

In this pew, there is impatience with those who would place all the blame on the South. To be sure, Dixie has moved too slowly, but its people have been angered and made stubborn by the tendency of Northern politicians to make them the whipping boys of a national problem. It is possible to understand the Southerner—a without necessarily espousing his viewpoint—when he says he lives next door to the problem and therefore is permitted to be more fearful of it.

**Segregation In North**  
Meanwhile, the North has lived in its own hypocrisy. Northerners are fond of saying Negroes have more rights in New York and Detroit than they do in the South, but there is nothing relative about equality. It means possessing ALL the rights of American citizens, not just the crumbs allotted the Negro in the North. A Negro cannot buy a home in a fashionable Northern suburb any more than he can in Birmingham. He cannot get a room at the chic hotel of his choice, or send his kids to any private school he chooses. The Negro in Philadelphia or Boston who is permitted a few civil rights is as much of a second class citizen as the Negro in Mississippi who has none.

This is tomorrow. And we should all be scared silly, so scared that we will do something about it. President Kennedy should demand laws that will give every citizen his just rights. Congress should stop its politicking and pass those laws. And men of good will in both the North and South should get together and see to it that their country is not surrendered either to the rioting Negro or the white man with his police dog.

### Five Persons Injured, One Ticked In Mishaps In City

Five persons were injured, a motorist was ticketed and three automobiles and two cycles were damaged in a pair of traffic accidents in the city yesterday. Three others were hurt in a collision investigated by state police from the Marquette post (see story on Page 22). Reports on the city mishaps follow:

At 10:30 yesterday morning a car being driven west on W. College Ave. by Richard E. Beyers, 1202 N. Front St., was struck on the left rear by an automobile operated by Anna M. Haskins, 1508 Presque Isle Ave., who was traveling north on Presque Isle Ave.

**Hits Another Car, Pole**  
City police said Mrs. Haskins had gone through the stop light. The impact caused the Beyers car to swing around and come to rest on the northwest corner of the intersection, facing a southeasterly direction.

The Haskins car continued on in a northwesterly direction after hitting Beyers' vehicle, striking an automobile being driven south on Presque Isle Ave. by Margaret H. Paquette, 213 Rock St. Mrs. Haskins' car then went across the roadway, "jumping" the curbing and knocking down a concrete boulevard light pole.

The Haskins car continued traveling across the sidewalk, coming to rest on the lawn of St. Michael's Parish, at the southwest corner of the intersection.

Beyers, 59, suffered abrasions on the left side of his head and was taken to St. Luke's Hospital in the city ambulance. Jill Paquette, 10, and Jacques Paquette, 8, riding in the front seat with their mother, suffered minor bumps on their heads when they struck the windshield.

Mrs. Paquette sought treatment for her two children.

City police said that after the initial impact, Mrs. Haskins' foot apparently slipped and jammed on the accelerator, causing the car to burst forward.

Extensive damage resulted to the entire left front of the Haskins car, a 1932 two-door sedan, which had to be towed from the scene by a wrecker, the left rear fender of Beyers' 1959 four-door sedan and the right front fender of the Paquette car, a 1961 foreign model station wagon. The latter two vehicles were driven from the scene under their own power.

City police ticketed Mrs. Haskins for a traffic light violation.

The other accident occurred at 1:02 yesterday afternoon and involved a 1958 motorcycle operated by Bruce M. Kivela, 17, of 1205 Cleveland Ave., and a bicycle driven by Robert L. Taylor, six-year-old son of Mr. and Mrs. Robert T. Taylor, 1612 Gray St.

**Both Thrown To Pavement**

City police said both were traveling east on Fair Ave. and as they approached the Gray St. intersection the Taylor boy turned to the left, in front of the motorcycle, with the resulting impact causing both "bikes" to be knocked over and both boys to be thrown to the pavement.

The Taylor boy suffered cuts and abrasions on his body and arms and a bump on his left forehead. He was taken to St. Mary's Hospital in the city ambulance for treatment and X-rays. Kivela sustained abrasions and scrapes on both hands and knees and complained of a sore left arm. He sought his own treatment.

Both "bikes" were damaged as a result of the mishap, city police stated.

### County Soil District Praised By USDA For Updating Work

Letters of congratulation were received today by the Marquette County Soil Conservation District from the U. S. Department of Agriculture for "progressive action" in updating the district program.

A revised program which takes into account new responsibilities in soil conservation was approved by directors of the Marquette County Soil Conservation District this spring.

Secretary of Agriculture Orville L. Freeman recently signed a modernized basic memorandum of understanding with the Marquette County district.

The revised agreement enables the agencies of the federal department to assist the district in accomplishing the goals of the new program.

**Drafted In 1956**

Since the county soil conservation district's initial program was drafted in 1956, new responsibilities in such fields as farm forest development, development of recreation facilities and rural and community development programs

### Rain Falls In City For 9th Straight Day

Even though it didn't rain during the daylight hours yesterday, it rained here for nine straight days.

However, Meteorologist Fred Mueller said that skies are expected to clear late tonight and no rain is predicted tomorrow or Saturday.

Spirits went up yesterday when the sun was out 86 per cent of the time from dawn to dusk, but rain began this morning against just before 8.

**High Of 62**

Actually, it did rain yesterday, .03 of an inch coming down between midnight and 2 a.m.

It was cloudy early yesterday morning, but after skies cleared the mercury went up to 62, high for the day, at 4 p.m. With a minimum yesterday of 45, the average was 54, which was six degrees below normal. For the month, the average temperature now stands at 3 of a degree above normal.

Overnight, the low was 48 here and 44 at the Marquette County Airport in Negaunee Township. With the drizzle this morning, it's rained every day since the 5th. So far, precipitation has amounted to 2.67 inches this month, which is almost double the normal amount of 1.40 inches.

The year's precipitation has been boosted to 10.42 inches by this month's wet weather, but this is still below the normal of 12.51 inches.

Scattered showers are expected this evening.

**Sunny Tomorrow**

Partly sunny weather is predicted tomorrow and the outlook for Saturday is partly cloudy — but no rain. Temperatures both days are expected to be mild, in the mid-60s.

A low pressure center located over northern Minnesota this morning was moving southeastward and was expected to pass over the Upper Peninsula tonight. Mueller explained that tonight's expected showers will be associated with the low center, but clearing skies are expected to follow.

have necessitated a broader program.

Secretary Freeman wrote in a letter to Lawrence C. Ewing, Chocoma Township, chairman of the district:

"We are on the threshold of a new era in the management of our resources — of land and water, forest and wildlife — by our people.

"Your district has an important part to play in giving reality to our broadened concepts of conservation and rural areas development."

Donald A. Williams, administrator of the U. S. Soil Conservation Service, sent compliments to the county district for "foresight in broadening the concepts of conservation and good land use and recognizing the new challenges which lie ahead in this field."

### Haga Replaces Hilton On State Body

Louis Haga of Grand Rapids today was named to succeed Homer Hilton Jr. of Marquette on the Michigan Higher Education Authority by Gov. George Romney.

Hilton had been representing Michigan Tech on the authority, and his term had expired in April. Haga is president of the Tech alumni association in Lower Michigan.

Also named at the same time was Carl Anderson of Ypsilanti, representing Eastern Michigan University.

Both Haga and Anderson will serve four-year terms expiring in 1967. Senate confirmation is required.

### Production Marks Established By Five Prison Cows

Official production records by five registered Holstein cows owned by the Marquette State Prison were noted today in a report from the Holstein-Friesian Association of America.

Records for 305 days were: Traverse Burke, a four-year-old, produced 21,970 pounds of milk and 750 pounds of butterfat.

Ionia Burke Polly, a seven-year-old, had 21,250 pounds of milk and 731 pounds of butterfat.

Veeman Mae, an eight-year-old, had 17,860 pounds of milk and 635 pounds of butterfat.

Tonia Burke, an eight-year-old, had 17,260 pounds of milk and 609 pounds of butterfat.

De Kol Sadie, a five-year-old, had 16,670 pounds of milk and 604 pounds of butterfat.

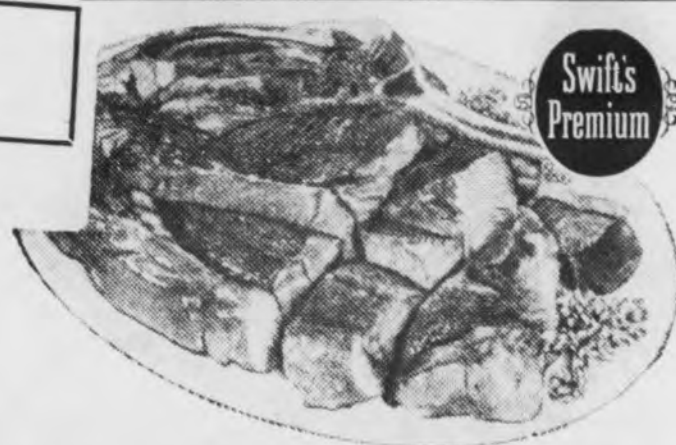

**75-Year-Old Man To Graduate Sunday**

SAN MATEO, Calif. (AP)—A seaman, turned minister and later newspaper owner will graduate from college next Sunday. Edwin Halcrow, 75, calls his attendance at College of San Mateo, "my own personal experience in geriatrics." Halcrow said he saw so many people grow old and deteriorate he was determined not to have it happen to him. When he gets his associate in arts degree some of his 20 grandchildren and 12 great-grandchildren will be on hand.

Don McCormick (left), retired Marquette police chief, who is now assistant county civil defense director, goes over some radiation testing equipment with William E. Jeeves Jr., Southgate, Mich., at the special civil defense school held at the Office of Civil Defense's staff college in Battle Creek this month.

### McCormick Finishes Civil Defense Class

Donald McCormick, who is the assistant director for Marquette County Civil Defense, has completed a special civil defense course at the Department of Defense, Office of Civil Defense, Staff College in Battle Creek.

McCormick, who lives at 237 W. Prospect St., Marquette, completed the five-day course for shelter management instructors, along with 30 other local and state civil defense officials from various parts of the country.

### Shelter Stocking Program

As part of the national civil defense program, millions of fallout

shelter spaces found in existing buildings throughout the country and which meet certain standards will be marked by the Federal Government and stocked with food, water, sanitation, medical and radiological detection supplies and equipment.

Personnel must be trained to manage the people who may occupy these shelters.

The shelter management instructor course conducted at OCB staff college provides training in fallout shelter management to those persons who serve as shelter managers in case of emergency.

The duties and responsibilities of the manager are taught, together with the special staffing, skills and techniques that would be needed in community fallout shelters.

Included in the one-week course is a period of actual shelter living, which provides practical experience to the instructors.

### Parallel Seen In Romney's Disclaimers In 1960, 1963

By ROBERT NELSON  
In Christian Science Monitor  
LANSING — A parallel is being drawn here between businessman George Romney and politics in 1960, and George Romney and politics in 1963.

Three years ago Michigan Republicans wanted him to run for the Senate. Much persuasion was applied. He refused.

He pleaded the importance of the Citizens for Michigan state government reform movement which he was spearheading. He meant it when he said he did not want the nomination. Eventually, the political pressures bucked off.

Today, an assortment of persuaders is nurturing a new cause for Gov. Romney — the 1964 Republican nomination for the presidency.

Those who have watched Michigan and national politics since Gov. Romney for a long time, think there is a sameness about the 1960/63 circumstances, even allowing for the obvious discrepancy between the characteristics of the politics surrounding the two offices, and even weighing the great lure of an opportunity to run for the nation's highest office.

Echoing the somewhat badgered Gov. Romney, they are saying here with still friendly but toughened emphasis that for important reasons he simply does not want the nomination.

They are saying it as if they wish people who hear it would start to believe it. He says it would be presumptuous of him to assume that he was about to be drafted for the nomination.

It may be reliably reported, furthermore, that no political forces enjoying Gov. Romney's trust are pressing him on the presidential nomination.

Concern Shown  
The Governor's advisers, some of whom vetoed the recent major eastern speaking dates which the Governor felt duty-bound to fill because of long-standing prior and personal commitments, now are doubly anxious to protect him from nomination pressures about which they have some definite suspicions.

For example, they are not about to have their man roped into becoming a "sacrificial lamb" for 1964. They worry that that campaign may be largely a thankless one for the GOP, one of riding the party over to better chances in 1968.

It is that 1968 opportunity — which by then, they hope, a second term of the Michigan governorship under the Romney belt — that they are willing to ponder.

Meanwhile, the 1960-1963 parallelism is explained this way: "Just as he declined in 1960, he earnestly declines today. He has much to learn and to accomplish in Michigan. He is very new to politics and government. He needs and wants seasoning."

"All Out Of Hand"  
"This presidency thing," as one observer puts it, "has just gotten all out of hand."

It complicates an already awkward dilemma vexing those in the Romney camp. They have been trying to juggle strict concern with Michigan with the anxiousness of some outstate Republicans

### Three Persons Sent To Jail By Justice

Three persons were jailed by Marquette Township Justice George J. Fezzy when they were arraigned in Marquette Township court this week.

For simple larceny, Robert J. Borchert, 17, Route 1, Marquette, was ordered to spend two days in the Marquette County Jail.

Borchert was arrested by state police Monday for stealing a seven-cell flashlight from Howard's Store in Chocolay Township March 15. He pleaded guilty.

Drove While License Revoked  
Robert Laver, 33, Route 1, Ishpeming, was ordered to spend two days in the county jail for driving while his operator's license was revoked. Laver also paid a fine of \$50 and \$7.50 costs.

State police arrested Laver June 1 on U. S. 41 in Ely Township.

Ronald A. Blackstop, 21, Ives Lake, Big Bay, was ordered to spend five days in jail for reckless driving. Alternate sentence was to pay a fine of \$25 and \$4.30 costs.

State police arrested Blackstop June 6 on County Road 350 in Powell Township.

### Four Persons Pay Fines, Costs In Municipal Court

Four persons were ordered to pay a total of \$45.10 in fines and costs when they appeared before Judge Edward H. Dembowski in municipal court this week.

A fine of \$10 and \$3.10 costs were paid by Robert P. Houle, 18, of 216 Blemhuber Ave., on a charge of minor in possession of beer. Houle was arrested by city police in Marquette June 8.

Speeding Count  
For speeding, Ralph J. Nadeau Jr., Cox Ave., paid a fine of \$6.30 and \$3.70 costs. City police ticketed him Sunday for driving 40

### House Kills Depressed Areas Bill

WASHINGTON (AP)—President Kennedy's legislative leaders, beaten in the House on economic aid to depressed areas, looked to the Senate today to keep the defeat from turning into disaster.

In one of the worst congressional reverses Kennedy has suffered, his bill to authorize \$450 million more in grants and loans to encourage job-making industries in high unemployment areas lost 299

miles per hour in a 25-MPH zone on W Washington St.

For failure to yield the right-of-way, Leo C. Dorais, 224 W. Prospect St., was ordered to pay a fine of \$6.30 and \$3.70 costs. He was ticketed by city police June 6 following an accident at the intersection of N. Front St. and Hewitt Ave.

A fine of \$6.30 and \$3.70 costs were paid by Lester A. Cloud Jr., K. I. Sawyer Air Force Base, for failure to yield the right-of-way. City police issued the summons June 6 following an accident on Main St.

### ARA Not Dead

Defeat of the bill does not abolish the Area Redevelopment Administration, which administers the program. But Chairman Wright Patman, D-Tex., of the House Banking Committee, said it means ARA must immediately stop accepting applications for new loans and grants and that it will run out of funds before long, certainly within a year, unless another bill is passed.

Patman, main sponsor of the legislation, said his bill is dead in the House, but that similar legislation is still alive in the Senate and there is a chance the House might accept some version of a bill the Senate passed.

Hail Of Criticism  
The authorization bill went down in the House under a hail of criticism, mainly from Republicans who charged the program was badly administered, that too large a share of its resources had been channeled into a few large projects like a recreational area in Oklahoma, and into projects in rural areas of underemployment rather than urban pockets of hard core joblessness.

In the last five years, the National Merit Scholarship program has awarded \$25 million in scholarships.

# Dear Abby...

BY ABIGAIL VAN BUREN

DEAR ABBY: On Mother's Day my brother and his wife came to visit us. Maxine was telling us how much she liked the china set her husband had given her. Then she asked what Phil had given me. He broke into the conversation with, "She's no mother, what do I have to give her a present for?" Abby, I have four children. But they are all adopted because I can't have children. This made me feel terrible. Have you any advice?

NO MOTHER

DEAR MOTHER: In my opinion, any woman who is unable to bear children, but wants so desperately to be a mother that she will adopt them, deserves the title of mother with a capital "M." She is more Mother than the female who accidentally conceives and then re-ignores herself to her fate. You, madame, exemplify motherhood in its highest form. Quadruple congratulations!

"O, shame on the mothers of mortals Who did not stop to teach The sorrow that lies in dear dumb eyes The sorrow that has no?"

DEAR ABBY: Tell "Wet Pillow," who cried because her husband gave her \$20 and told her to go out and buy herself a Mother's Day gift, she doesn't know how lucky she is. Mother's Day happened to fall on my birthday this year. I've been married 11 years and we have three lovely children. My husband didn't even wish me a Happy Mother's Day or a Happy Birthday. Instead he gave me a big lecture on how "commercial" Mother's Day and all the other holidays have become.

"CRIED ME A RIVER"

DEAR ABBY: We recently had

speech. The same force formed That fashioned man and king And the God of the whole Gave a spark of soul To each furred and feathered thing." ELLA WHEELER WILCOX

DEAR ABBY: How long is a high school senior obligated to a young lady after he has invited her to the senior prom? Or perhaps I should put it this way: How long should a young lady

keep a young man waiting for her answer to his invitation? At this writing, our son has been kept dangling for 72 hours.

"PINKY" DEAR PINKY: After dangling for 24 hours, a young man can consider himself "cut down."

Here is a rehearsal shot of members of the cast for "Summer and Smoke" by Tennessee Williams, to be produced here next month. With Vance Paul, director, left foreground, are, from left: Vivian Lasich, Mary Ellen McGuire, Sharon Klaus, William Lasich, Edward Quinnell, Karla Jackson (next to Lasich), Ronald Garceau (in rear), Daphne Treado, John Robertson, Margaret Nesbitt, and in foreground, right, James Lirette.—(Photo by Howard Treado Jr.)

### Cast Named For Theater Unit Drama

Director Vance Paul today announced the cast for "Summer and Smoke," the Tennessee Williams drama of the Deep South which the Marquette Community Theater is producing at Kaufman Auditorium next month.

Except for the role of the Rev. Winemiller and a walk-on part, the cast is now complete, Paul said. Both parts will be filled by this weekend, he indicated.

Playing the leading roles as John Buchanan Jr. and Alma Winemiller will be James Lirette and Vivian Lasich. Others in the cast are Margaret Nesbitt as Mrs. Winemiller; Karla Jackson as Rosa Gonzalez; Mary Ellen McGuire as Nellie Ewell; John Robertson as Roger Doremus; Edward Quinnell as Dr. John Buchanan; Daphne Treado as Mrs. Bassett; Sharon Klaus as Rosemary; Ronald Garceau as Dusty; Todd Barber as Gonzales, and William Lasich as Archie Kramer.

Originally scheduled for July 23, 24 and 25, production dates have been changed to July 16, 17 and 18 because of conflicting events during the third week of the month, Paul said.

Rehearsals are now scheduled nightly in Room 104 of Gravenet High School. Late this month, the cast will move into Kaufman for on-stage rehearsals.

Dancer-Neely

ISHPEMING — Residing in Sacramento, Calif., following their recent marriage there are the former Lori A. Dancer of Petaluma, Calif., and Jon A. Neely, former Ishpeming resident now of Sacramento.

The bride is the daughter of Mrs. Wilma Harris of Petaluma and George A. Harris of Woodside, Calif., and the groom's parents are Mr. and Mrs. Walter J. Neely of Ishpeming.

The couple's attendants were Mrs. Priscilla Pike and Harlan J. Proctor, both of Sacramento. A graduate of Nesquehoning High School and the Michigan College of Mining and Technology, Houghton, Neely is employed by the California Department of Water Resources as a civil engineer.

### St. Mark's And Messiah Plan Joint Bible School

A Vacation Church School under the joint sponsorship of St. Mark's Lutheran Church and Messiah Lutheran Church will open Monday for a two-week session. Classes will be held daily, Monday through Friday, from 9 to 11:30 a. m.

Theme of the school, for children ranging in age from three to those who have just completed the seventh grade, is "We Belong to God." General purpose of the series, it was announced today, will be to help children respond to the revelation of God, with study and activity being centered on the main theme. The mission study will be on the Middle East in each department of the school.

Teachers, helpers named — Teachers and helpers are as follows: Nursery — Mrs. Judy Eskelinen, Mrs. Glen Beckman and Marilyn Erickson; kindergarten — Mrs. Richard Schauland, Mrs. Keith Olson, Mrs. Carl A. Anderson, Mrs. Thomas V. Asuma and Patricia Kinney; primary department — Mrs. Lowell Carlson, Mrs. Edward Malmgren, Mrs. Gunnard Dahl, Mrs. Earl Goldsworthy, Mrs. Raymond Hutter, Jean Trepanier, Kay Lanyon, Tamara Crabb and Judy Wilkinson; junior and intermediate department — Mrs. Toivo Johnson, Mrs. George Levis, Mrs. W. O. Brewington and Janice Wilson.

The refreshments will be in charge of Mrs. Victor Swanson, Mrs. Kenneth Vikstrom, Mrs. E. Beck and Mrs. Carl Bangren, and assistant recreational directors will be Richard Johnson and Ronald Schauland.

In charge of the school will be Mrs. Otto Basal and Robert Peterson, seminary intern at Messiah. All children wishing to attend this school are invited.

### Two From Area At Presbyterian Synod Meeting In Alma

Carl Nelson of Marquette and George Young of Big Bay are returning tomorrow from Alma where they have been attending the annual meeting of the Synod of Michigan of the United Presbyterian Church.

Nelson is the elder commissioner from the First Presbyterian Church here and Young is the elder commissioner from the Big Bay Community Presbyterian Church.

Dr. John Coventry Smity, general secretary of the Presbyterian commission on ecumenical mission and relations, was one of the speakers at the meeting, which opened Tuesday. A special feature was the ground-breaking ceremony for the new Alma College library for which funds were contributed by churches throughout the synod.

### Elsie Salguero And Daniel Phaneuf Wed In El Salvador, C. A.

Announcement is made here of the wedding Saturday in Sonsonate, El Salvador, Central America, of Elsie Salguero, daughter of Mr. and Mrs. Roberto Salguero of Sonsonate, and Daniel C. Phaneuf, son of Mrs. Irma Phaneuf of Marquette.

The wedding took place in the Church of Santissimo Trinidad at 6 p. m. Among the guests were the groom's mother and his uncle, Edward J. Paverlin, also of Marquette, who are spending a few days in Mexico City before returning here.

Mr. and Mrs. Phaneuf are making their home at 335 Southgate Ave., Apt. 115, Daly City, Calif.

### 'Shopper's Snack' At Masonic Temple Set Tomorrow, 4:30 To 7

Members of Bethel No. 16 of the Order of Job's Daughters are holding a "shopper's snack" tomorrow in the Masonic Temple. Serving will be from 4:30 to 7 p. m., with meat and fish dishes featured. Proceeds from the project will be used to help defray expenses of the unit's trip to the grand session of Job's Daughters being held June 19-22 in Grand Rapids.

Bethel No. 16 will be putting on the majority degree at the grand session, which will be presided over by Mrs. Margaret Schaefer of Marquette, who is the outgoing grand guardian for Michigan.

### NM Staffer 'Prexy' For B&PW Club

Miss Lorna Weddle was elected president of the Marquette Business and Professional Women's Club at the organization's annual meeting Tuesday evening. She succeeds Clara Bell, who has been president of the club for the past two years.

Miss Weddle, associate professor of business administration and business education at Northern Michigan University, will be installed with other new officers at the club's first meeting of the 1963-64 year next fall.

Also named at the meeting, which followed a potluck dinner at Catherine Bystrom's cottage, Middle Island Point, are: Nellie Johnson, vice-president; Pearl Smith, recording secretary; Irene Lemire, corresponding secretary; Margaret Barry, treasurer; Ella Christian, membership chairman; Inez Hancock, finance chairman, and Emily Swanson, public relations.

Annual reports of various committees were given at the meeting and Mrs. Bell summarized the club's activities during the past year, expressing her appreciation to members for their efforts in making the annual Doll Festival and other programs of the club a success.

The B&PW Club is inactive during the summer; the organization will resume its regular meeting schedule in September, it was announced.

### Births

## This Week — Summer Cooking Time Here Again

BY INGRID BARTELLI  
Consumer Marketing Information  
Agent, Michigan State University

If grandma had a reputation as a cook, believe me, she earned it. She worked long hard hours at it, too. Builtin convenience didn't exist in her day. She started from scratch with the staple items she bought, plus her garden crops and "fruit cellar."

One of the trickiest jobs grandma had was to control her wood stove. If grandma ever got "told off" it was very apt to be because he wasn't providing the right kind of wood. And there was a certain kind of wood for every purpose — fast burning, quick heat from dry maple, just enough to boil the coffee or fry eggs without getting the house too warm. For bread baking, it took dry hardwood that would hold a steady even heat. Green wood would cause the cressets to drool down the stove pipes. Pine knots or tamarack made the top of the stove turn red. Grandma knew her business!

But it's just as necessary that we know our business when you and I cook with wood. And this is exactly what we do when we move to the picnic ground or back yard to cook out over the charcoal. Our "wood" is in a package or bag and is apt to vary in quality just as grandma's wood did.

**Need Steady Heat**  
What do we want and expect from a bag of charcoal, whether it be briquettes or lump charcoal? First and foremost, we want heat — steady and lasting long enough to do the job of cooking.

Next I guess we'd want as little mess in the form of smoke, soot or ashes.

One thing we'd want to be most certain of was that there be no danger of off-flavors or fire hazard.

Now let's evaluate some of the products on the market; first, re-

garding heat. Most all products provide heat in the amounts necessary for cooking. Of course, the manner in which you regulate the heat is by the amount of charcoal you use. This sometimes means adding more charcoal during the cooking process and because of this we can rule out many of the products. There is a difference between the products when we consider the length of time it takes to get the charcoal burning enough to give off heat. This varies from a few minutes to 15 or 20 minutes.

**Several Gadgets**  
There are several gadgets or gimmicks to hasten the heat giving time of charcoal. Lighter fluids, which in most cases have a fuel oil base, will get the fire going just like when grandma dumped kerosene in her kitchen range. It also has about the same fire hazard. But the greatest hazard to lighter fluids is the condensation of the fuel oil odors on the product that's cooking. So it's necessary to be sure that every bit of the lighter fluid has burned off before you start cooking. This takes quite a while because briquettes are very absorbent and the fuel oil soaks into the very core of each piece of charcoal, so actually you're not saving too much time and you may be wasting quite a little heat.

There are new products out that give off heat within minutes. They work and smell almost the same as firecrackers. You touch a match to one side of the briquette and it quickly burns through to the other side (just like a 4th of July sparkler). The disadvantage is that it smells like firecrackers, or, for those of you who can remember, like the dynamite smell after blowing out stumps. This is a rather unappealing odor to have associated with cooking food.

**Terrific Hazard**  
Briquettes so manufactured are a terrific fire hazard and if the

plant hasn't burned down in the process, the product is usually wrapped individually in aluminum foil for added protection. With this type of charcoal it's never advisable to add charcoal during the cooking process because the "dynamite" odor is strongest when the cake is first ignited.

One of the satisfactory methods of starting a fire is by "caging" some briquettes and igniting them with wax impregnated paper. (These takes 10 or 15 minutes for each of the briquettes to begin burning to the "heat giving stage" but there are no offensive odors and it's probably the safest, least hazardous method of lighting a fire.

Fans and blowers work just as efficiently as they did for the blacksmith but this means that you must get a fan or blower, and they're sometimes dependent on electricity.

**'Mess' Two Kinds**  
Now let's consider the "mess." Smoke, odors and ashes come under this heading. There are two kinds of smoke that you can get from cooking over charcoal — that coming from the "charcoal" itself and the other from the food drippings that fall on the hot coals (these we can control). There is a difference in the amount of "smoke" in the cook out fuels. In fact, in past years a mined coal product was packaged for outdoor cooking that was no relation to charred wood, which charcoal is. Can you imagine how hamburgers would taste and look cooked over coal?

There is a difference, too, in the amount of tars, resins, etc. in the charcoal product. It is contended that charcoal manufactured in retorts is as free from tars and resins as possible. Again, any substance with which the charcoal briquette or cake is impregnated with may produce smoke and foreign

### \$2,000 Altar Unit Pledge For School

St. Christopher's Altar Society pledged a total of \$2,000 to the parish school building fund at its regular monthly meeting Tuesday evening. Voting of the women's organization contribution, which is payable over a two-year period, brings the total pledged to the proposed new grade school to more than \$50,000.

A campaign for funds for the five-room school, to be built at a cost of nearly \$150,000, was concluded last month with pledges from 121 parishioners.

Present plans call for construction of the school adjacent to St. Christopher's Church and parish hall in time for the opening of classes in September of next year.

Thomas F. Jerstad served as chairman of the advance gifts committee directing the preliminary fund drive.

Prior to the Altar Society's business meeting, at which plans for the annual parish picnic to be held June 30 were also made and a report heard on the Gold Bond stamp project, the Very Rev. Msgr. Arnold L. Casanova, St. Christopher's pastor, discussed activities of the early Christian church as told in the Acts of the Apostles, II: 29-37.

Early Lead Fades, Reliever Again Stops Tiger Bats In Rout

DETROIT (AP) — The Detroit Tigers won the victory of another sparkling relief job Wednesday as the surging Cleveland Indians roared from behind for a 12-6 victory.

The Indians had to overcome two stunning setbacks early in the game before rallying for their sixth straight victory and ninth in their last 10 games.

Rookie outfielder Vic Davallio was sidelined for at least four weeks when he was hit on the arm by a Hank Aguirre pitch in the first inning. The pitch cracked a bone in his forearm.

Davallio was the American League's 10th leading hitter with a .304 average. He had five home runs and 21 runs batted in. He was topped by many as the league's top rookie this year.

Belt Donovan The Tigers raked Indian starts. Dick Donovan for eight hits in the first five innings — three of them homers.

But Jerry Walker came on in the sixth inning and allowed just five hits the rest of the way to pick up his fourth victory of the season against one loss. All of the victories were scored in relief roles against the Tigers.

The Tigers scored two runs in the first inning before most of the 12,780 fans were comfortably in their seats.

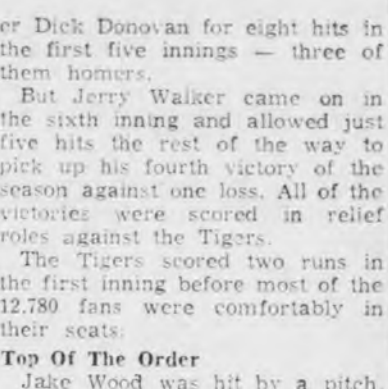

Top Of The Order Jake Wood was hit by a pitch, stole second, went to third on a single by Billy Bruton and scored on another single by Al Kaline. Rocky Colavito then hit the first of his three singles to score Bruton.

Jake Wood hit a homer in the second inning—his seventh—and Kaline parked his 14th in the third after the Indians had tied the score with three runs in the top of the third.

Azcue Soles Joe Azcue hit a solo homer for the first Indian run of the game. This was followed by a double by Woodie Held and singles by Dick Houser, Jerry Kindall and Joe Adcock.

Dick McAuliffe's two-run homer in the fifth gave the Tigers their last two runs.

Braves Recruits

Braves pitcher Lew Burdette, meets Ralph D. Mackey (left) and Kenneth R. Dionne of Champion, members of the 1963 Milwaukee Braves Recruit Company.

They were sworn into the Navy during pre-game ceremonies at County Stadium on May 31. The company is now undergoing nine weeks of recruit training at the Great Lakes Naval Training Center.

Take-Off Written for NEA. Take-Offs are best learned in shallow water. With the skier properly adjusted in the binders, wade into a few feet of water and grasp the tow bar.

The driver should ease ahead until the line is taut and wait until you feel up to shouting "hit it!" At your signal, there will be a sudden, but gentle pull and before you know it you'll rise to the surface and actually be planning.

Once you get used to riding the water, you'll begin to feel how easy it is and gain confidence to straighten out the flaws.

Stainless Steel Wears Well As Tiger Backstop

DETROIT — One of these days a new wire screen is going to be necessary behind the plate at Tiger Stadium.

But, as the old song says, it has been a long time.

The present backstop has been in use more than 15 years — and thereby hangs an interesting tale.

Prior to 1948, the Tigers used a rope netting to guard the catchers behind the plate. It was tarred to protect it from the elements — but that marked up the baseballs.

It also sagged badly as the season progressed and had to be replaced in two or three years despite the tariff.

Wins 4 Top Honors: Dorothy Heinonen Set Pace In U. P. Women's Pin Meet

Relax, gals. The thought that you'd all be great-grandmothers before the standings of the Upper Peninsula Women's bowling tournament were made official can now be erased from your minds.

Dorothy Heinonen of Republic led an excellent showing by women from our area, teaming with Ethel Saari for first place in doubles, taking the all-events, tying Jean Wicklund of Sault for high scratch game, and, with her partner, marking up the high doubles scratch game.

Dorothy didn't get all the loot, but it'll have to be conceded that she put a pretty sizeable dent in the winners' list.

Copper Country gals naturally did pretty well. Their Cozy Corner team took first at 2,825 (including handicap). Beau Chateau of Negaunee was fifth, Ishpeming Dairy Mart placed seventh, and Penok Electric of L'Anse was tenth.

Theresa Belmonte and Leona Kevern of Marquette moved into third in doubles, behind the Heinonen-Saari 1,212 total, in the final week of action, a few weeks back.

May Thomas-Ellen lives of Ishpeming placed fifth. Doris Cane of Ontonagon won the singles at 677. Marjorie Johnson of Marquette was third, Betty Carlson of Negaunee sixth and Bea Carlton of Marquette seventh.

Dorothy's 1,729 topped Elwell Rasmussen of Negaunee in all-events. Bea Carlton of Marquette was fifth and Ethel Saari of Champion, sixth.

Mrs. Carlton led the list for several weeks. Beau Chateau of Negaunee rolled the second-highest scratch game—a 371.

Dorothy Heinonen's high scratch game in singles was 236. Jean Wicklund's 236 was boosted to a 259 when the handicap was added, tying Karen Christensen of Escanaba in the 'can category.

The Heinonen-Saari combination rolled a 401 for high scratch game in doubles, followed by the Belmonte-Kevern duo, naturally, at 371.

High doubles game including handicap was a 441 by Irene Paulson and Martha Murphy of Calumet.

Negaunee Jr. Nines Open With A Bang

NEGAUNEE — Junior baseball finally made its bow on the 1963 scene in this area, and the action ran all the way from a 31-1 debacle to a 1-0 squeaker.

The latter featured a one-hit pitching job by Scott Northey, who also doubled, and scored on Paul Symon's single in the first, for the only run in the game as Negaunee Lions edged the Elks, Bruce Horen allowed only three other hits in defeat.

Another tight contest saw Rod & Gun club walk to victory after trailing 4-1 in four innings. A bases-loaded triple by Dexter Stille in the fifth, and a bases-loaded walk in the sixth did the damage. Anderson and Parkkonen each had a triple and a single for Rod & Gun. Mike Paterno was the winning pitcher, by a 3-4 count.

In the "Babe Ruth" age bracket, Shamrocks downed Pirates, 12-6 behind Bill, Gustitis, Len Rivers and George Torreauro. Torreauro also tripled. Dick Richards took the loss.

Negaunee Township and Palmer started the season in high style. Township downed Tracey Local 4-93, 26-1, behind the joint four-pitchers by Granlund, Waara and Peura. D. Hemmilla hit for the cycle, plus he had a grand slam home run, another homer, a triple, double and single, batting in nine runs.

Palmer downed the Negaunee Eagles, 31-1.

O'Toole Wins 11th For Reds, Tightens Race

Jim O'Toole, Cincinnati's prize southpaw, fired a three-hit 3-0 win over Pittsburgh Wednesday night for his 11th triumph.

It was the 28-year-old left-hander's second shutout in a row and fifth of the season—and it gave Cincinnati a vital boost in the National League race. The Reds are in fifth place, but only 2½ games off the pace.

The Los Angeles Dodgers regained a slender lead with a 9-1 rout of Houston that put them 902 points ahead of San Francisco and St. Louis. The Giants beat fourth-place Chicago 3-1 on Willie McCovey's two homers and Bob Bolin's strong pitching, while Philadelphia knocked the Cardinals out of first, 6-2.

Lew Burdette, Milwaukee's expendable right-hander, threw a three-hitter and Hank Aaron slugged in five runs in the Braves' 9-0 romp against the New York Mets.

O'Toole, showing a current record of 11-3 and a earned run average of 2.07 did not allow a walk. Frank Robinson keyed the Reds' decisive 100-run fourth inning by doubling in Vada Pinson, stealing third and scoring on a force play.

Maury Wills continued his spectacular batting for the Dodgers, rapping out three singles and a double against the Colts for 16 hits in his last 23 tries. Lefty Johnny Podres was tagged for 10 Colt hits but struck out nine and did not allow a walk.

McCovey whacked his homers off Bob Buhl, with one on in the first inning and none on in the third. Bolin, ace reliever turned loss.

Winn Edges Ishpeming In 8th, 6-5

GWINN — Gwinn and Ishpeming Legion Jr. nines played all even, 5-5, for the regulation seven innings last evening, but the Model Town club scored in the eighth to win it.

Gwinn goes to Harvey for a makeup game at 6 tonight. Bob Sayen, Gwinn shortstop, singled, stole second, was sacrificed to third and scored on a wild pitch, to clinch the victory. Maddux was the winning pitcher, as Gwinn moved to a 1-1 record for the season. Bryan Brown took the loss.

Late Rallies Featured As Softball Action Resumes In Area

Things tightened up a bit in the Twin City softball league, but got a little looser in Marquette, where two contests turned into routs in the final innings.

In Negaunee, Schlitz also joined the ranks of the last-ditch uprisings, as they broke open a scoreless duel in the eighth, beating Hill's 4-0. CCI scored three in the fifth and three in the sixth to top WJPD, 10-6. Independents fell one run short in a seventh inning rally as Maruke's Bar won, 8-7.

In Marquette, Remillard's scored seven in the sixth to invoke the ten-run rule in downing Herb's Flyers, 12-1. Shoreland Bar scored five in the seventh to down Syria's Barbers, 14-7.

A real thriller developed in Negaunee with Sal Tups and Ken Paulson in a 6 to 6 duel for seven innings until Schlitz blew the lid off in the eighth. Paulson struck out 10 and Tups, 7.

CCI recorded win number 9 with a 10 to 6 win over WJPD. It was a tight contest for four innings. Richard Marietti started and Ron Champion relieved to preserve the win.

Sherwood Morcom, tagged for 7 hits, was the loser. WJPD collected 6.

Maruke's defeated the Independents 8 to 7 in a rugged ball game studded with errors.

Jim Carlson homered and starter, limited the Cubs to four hits and struck out 14.

The Phils had three-run innings off Cardinals starter Ron Taylor and veteran reliever Bobby Shantz.

Shortliff's big seventh featured triples by Ron Rivard and "Beaver" Duquette, sandwiching a single by Terry Freeman. Paul Bosworth's fourth single of the night, a walk, and a double by Hank Peterson.

### Vacation Bible School Opens In Champion Monday

CHAMPION — Vacation Bible school will be conducted during the next two weeks by the Champion Lutheran Church, starting Monday, June 17, and continuing through Friday, June 28.

Classes, which will last from 9:30 a. m. to noon, will be held at the Champion school. All children three years of age and over are invited.

### Council Gets Petition For Water Supply

NEGAUNEE — City Council will be presented with a petition seeking a more adequate water supply for an area comprising County Road and Michigan St. when the governing body holds a regular meeting at 7:30 tonight in the city hall council chambers. The petition contains the names of 27 area residents.

Communications on the agenda for tonight's meeting include letters from Ruth Piziali, asking permission to operate a beauty shop in her home, the Michigan Liquor Control Commission, regarding a request from Patricia Wertanen for a tavern dance permit, the Michigan Municipal League, concerning the Upper Peninsula League summer meeting at Escanaba June 20-21, and a "thank you" note from the John H. Mitchell American Legion Post for assistance received from the city in the Memorial Day observance.

Scheduled for a third reading and adoption unless amendments are proposed is an ordinance covering removal of noxious weeds and debris, which create hazards to the public from a health or fire standpoint and which by their unsightly appearance can result in depressing the value of other properties in the area.

A second reading of the 1963 anti-peddling ordinance is scheduled.

Other items on the agenda include consideration of the 1963-64 maintenance contract with the State Highway Department, presentation of monthly and quarterly financial statements by City Manager Leonard Harris, and monthly reports by department heads.

### Dinnie

(Continued from Page 10)

banquet given to the White House press, and very distinguished looking he was too.

"When interviewed recently... he talked of the shows he put on in the old days at Marquette. He spoke fondly of Flora Rettallic and said, 'She contributed so much to my shows and was a joy to train. She was indefatigable. She had a fine sense of humor and was so amiable, sweet and dainty. She could have 'gone places' I am sure.'"

"Those of us who remember Dinnie's training... for one of his shows, cannot forget how much infectious enthusiasm he created. We were glad to see the line and really work for him. He was always a perfectionist about everything and would not permit anything sloppy or careless in our performance. His curtains were famous for going up right on time, and the music would start everything off with a big bang. His productions were always up to the best professional standards and often, in fact, much better than many I saw in later years."

Over the years Dinnie produced several hundred shows in the United States, Canada, France and Germany, training thousands of young people in the theatrical arts. Mr. MacDonald combines the rare gift of teacher and friend. He is an artist in his finger tips, yet practical and executive to a degree. He is a director, actor, singer, dancer, lyric writer, composer and imitator. "Dynamic Dinnie!" (Service Club Bulletin)

Dinnie, now 83, lives in a Washington, D. C. apartment, caring for his invalid sister, Louise, who, as Dinnie, never married. One who will find him ever ready to discuss with a visitor amateur theatricals, the art in which he excelled throughout his long and active life on the stage. Still erect, dignified and of distinguished appearance, he is frequently mistaken for a senator when taking his daily walks on the streets of Washington.

### Father-Son Dinner Set For Champion

CHAMPION — A father-and-son dinner, sponsored by the Champion Lutheran Brotherhood, will be held in the high school auditorium at 6:30 this Sunday evening.

Following the dinner, which will be served by ladies of the church, a program will be presented. The Rev. Frederick VanHala, Ishpeming, pastor of the Palmer parish, will speak.

### Summer Schedule In Effect At Negaunee Youth Center

NEGAUNEE — The summer schedule will get under way at the Negaunee Youth Center next week with dances being held on Tuesday and Friday nights. Marshall Phillips, Youth Center director, revealed in his monthly activities report filed yesterday with City Manager Leonard Harris.

During the school year, the Youth Center was open Wednesday, Friday and Saturday nights. However, during the summer season with many teenagers out of the city at family cottages or youth camps, the building will be open only two nights each week. The summer schedule will remain in effect until school reopens in September.

Phillips reported that May was a busy month at the center with 3,294 youngsters attending various activities. Total attendance for the year to date is 14,006.

Plans are being made by the Youth Council to hold dances during the summer for the benefit of Bay Cliff Health Camp and the junior baseball program.

New pool balls were procured for the game room and it is planned to purchase new cues. Cards were donated for the old-timers room by the Tamblin Insurance Agency.

May's eastern receipts were \$199.71, and door ticket sales totaled \$109.94, with both amounts being deposited in the city treasury.

### Three Hurt In Crackup On Road 533

NEGAUNEE — Three persons suffered minor injuries in a traffic wreck at 4:25 yesterday afternoon on County Road 533, three miles north of M-35, in Forsyth Township.

State police from Marquette said a car being driven south on Road 53 by Patricia Monroe, 16, Forsyth, went out of control when a child grabbed the steering wheel.

The vehicles went off the left side of the highway and rolled over.

Miss Monroe suffered slight cuts on the back of her left leg, Jacqueline Monroe, 2, sustained slight abrasions on her right forearm, and Ann Pellow, 18, Gwinn, received abrasions on her left arm.

### Hearing Test For Children On June 19th

MUNISING — Dr. R. A. Tearnan, director of the Alger-Schoolcraft Health Department, announced today that medical ear examinations for children found to have hearing difficulties as a result of the school testing program conducted in Alger County schools will be held at the Central School in Munising Wednesday, June 19, starting at 10:30 a. m.

The examinations will be conducted by Dr. Norman L. Lindquist, Escanaba, ear specialist.

Forty children have been listed in this area to receive examinations. Letters have been sent out by the health department to parents of children who were found to have difficulties when the tests were given. Parents are urged to be present when the examinations are made.

A hearing consultant from the Michigan Department of Health will be on hand to give individual hearing tests to children referred to him by the examining otologist.

In urging parents to see that their children have the examination, Dr. Tearnan pointed out that the slight hearing losses which are present may not be recognized by the parents, but can become serious handicaps later on in life if they are neglected. When they are found early, most of those hearing variations respond readily to treatment, he said.
