Gov. Romney's sessions in Marquette Saturday on "first-come, first-served" basis.

TIROS 7: Weather Satellite In Orbit

CAPE CANAVERAL, Fla. (AP) — The Tiros 7 weather observation satellite rocketed into orbit today and on its first global pass transmitted a series of cloud cover pictures.

The robot weatherman, main assignment of which is to study hurricanes and typhoons born in the 1963 season, shot into orbit aboard a three-stage Delta rocket which blasted into the pre-dawn darkness from Cape Canaveral at 4:50 a.m.

Successful Orbit The satellite, in tandem with the earlier Tiros 6, could provide the most extensive photographic investigation yet of a full hurricane season.

Two hours after launching, after the space package completed one circuit of the earth, the National Aeronautics and Space Administration announced it was in successful orbit about 400 miles above the earth. Minutes later a tracking station at Wallops Island, Va., reported receiving a set of cloud pictures which were described as being good quality.

18th Straight Success The success was the 18th straight for the Delta space rocket.

Enticement

This costume, worn here by English showgirl Vickie Dixon, was designed in London in an effort to save entrants in beauty contests some embarrassment.

BOTH SAFE: Russian Duo Back On Earth

MOSCOW (AP)—The Soviet Union's man-woman space duo returned safely to earth today—she with a record 82 orbits and she with 49, landing in virgin lands area the Soviet news agency Tass said.

Li Col. Valery Bykovsky and his blonde, dimple-chinned partner, Valentina Tereshkova, ended flights in their separate space vehicles, Tass said.

Major Aims The major aims of the program are to give Negroes equal accommodations in such public facilities as restaurants, hotels, theaters and recreational areas; to speed school desegregation; to provide "fair and full employment"; to set up on the federal level through executive action a community relations service to work with local biracial groups, and to bar federal assistance to "any program or activity in which racial discrimination occurs."

Debate Ahead The program is certain to set off long weeks of heated debate in Congress, particularly about the sections on discrimination by privately owned public accommodations and a bar against federal aid for activities in which such discrimination occurs.

Five-Point Civil Rights Program Sent To Congress By President

WASHINGTON (AP)—President Kennedy sent Congress a five-point civil rights program today which he said provides "the most responsible, reasonable and urgently needed solutions to this problem."

Kennedy outlined in a 5,500-word special message a legislative package that amounts to one of the broadest civil rights programs proposed in nearly a century.

The proposed measure specifically listed hotels and motels furnishing lodging to transient guests including travelers from other states, motion pictures, sports arenas, exhibition halls and other public places of amusement and entertainment which move in interstate commerce, and certain retail shops, department stores, markets, drugstores, gasoline stations, restaurants, lunch counters and soda fountains.

While the message did not go into detail, a draft bill also sent to Congress by Kennedy said that all persons should be entitled "to full and equal enjoyment of the goods, services, facilities, privileges, advantages and accommodations" of a number of what were termed "public establishments."

The proposed measure specifically listed hotels and motels furnishing lodging to transient guests including travelers from other states, motion pictures, sports arenas, exhibition halls and other public places of amusement and entertainment which move in interstate commerce, and certain retail shops, department stores, markets, drugstores, gasoline stations, restaurants, lunch counters and soda fountains.

In that area of private enterprise Kennedy already had lost the backing of the Republican congressional leadership.

The legislation offered by the administration says that discrimination in access to accommodations provided for the public comes within the scope not only of the Constitution but also the 14th Amendment which prohibits racial or religious discrimination.

Kennedy said the state and local approach and voluntary efforts, have been tried in ending discrimination of the type dealt with in this key section of his program.

"But these approaches," he said, "are insufficient to prevent the free flow of commerce from being arbitrarily and inefficiently restrained and distorted by discrimination."

Racial At A Glance

WASHINGTON — President Kennedy asks Congress for weapons to combat racial discrimination despite sure opposition from segregationists and conservatives.

NEW YORK — The Rev. Martin Luther King Jr. says attempt by Southern filibuster against civil rights legislation will be signal for a nationwide protest march on nation's capital.

RALEIGH, N.C. — Gov. Terry Sanford tells statewide television audience demonstrations must stop and grievances by Negroes aired at negotiation table.

GADSDEN, Ala. — Arrest of 400 Negro demonstrators brings courthouse lawn visit by approximately 300 others, but state troopers then disperse demonstrators and clamp tight lid on city.

JACKSON, Miss. — Negroes tentatively agree to end demonstrations after mayor and City Council make conciliatory moves to meet their requests.

ST. AUGUSTINE, Fla. — Negro members plan demonstrations to back demands for more job opportunities and other rights.

CAMBRIDGE, Md. — Meeting with Atty. Gen. Robert F. Kennedy leads Negroes to call off mass demonstration, but guards optimism that racial problems may be settled.

SAVANNAH, Ga. — Police and state troopers brace for more demonstrations following arrests of 48 Tuesday, two downtown parks closed to public meetings.

DETROIT — The Detroit branch of the National Association for the Advancement of Colored People says it will hold rallies in several Detroit suburbs Saturday to protest racial discrimination in the community.

"Insufficient" Kennedy said the state and local approach and voluntary efforts, have been tried in ending discrimination of the type dealt with in this key section of his program.

Employment Problem The special message discussed at length the employment problems of Negroes, which Kennedy said are twice as burdensome as those facing the working force as a whole.

In this connection, he proposed additional funds—not specified—to broaden the federal manpower development and training program, more money to finance his proposed youth employment opportunities program, and further appropriations for vocational education.

Race Strife Hurts Cities In Southland

ATLANTA, Ga. (AP)—Winds of racial strife, sweeping the United States with social revolution have battered or badly damaged the economy of some cities.

Boycotts by Negroes, aimed at racial barriers, have forced white businessmen into racial talks for desegregation when nothing else had an effect on social patterns and customs.

Unrest, tension and violence which usually accompany racial conflict within a community slow down the economic pace even in the absence of direct boycott campaigns.

No New Plants For four years, Little Rock, Ark. suffered industrial stagnation in the wake of violence and unrest over school desegregation—enforced by federal troops for the first time in the United States.

No new plants moved to Little Rock from the onset of the 1957 racial crisis until 1961, said Everett Tucker, president of the school board and also head of the local industrial district.

Little Rock now is booming industrially, Tucker said. He attributed the city's economic plunge to the racial troubles and particularly the closing of high schools for a time in 1958.

Marginal Power "The Negro because of his low economic status has only marginal power but it can be effective," said a Southern Negro leader, the Rev. Wyatt Tee Walker of Atlanta.

What he calls marginal power often spells the difference between profit and loss for some businessmen. This factor figured prominently in a desegregation agreement in Birmingham, Ala.

Caught in a racial struggle that erupted into the streets in early April, Birmingham's economy was chopped by a two-edged sword—an effective boycott by Negroes and marching, picketing and other demonstrations which helped keep other shoppers from downtown stores.

Sales Off Alabama's top businessmen permitted their names to be linked with a biracial pact that ended the demonstrations. White spokesmen readily admitted they went to the conference table to try to save the city's economy.

Department store sales in Birmingham fell from plus 15 per cent in March to minus 19 per cent in May—the peak of Negro demonstrations—in comparison to 1962 figures.

Since the biracial agreement of May 10, the store sales have moved up to six points—minus 13. The agreement, not yet put into effect, calls for desegregation of store facilities and upgrading of Negro workers.

Speculation about a presumed push for an agreement was heightened when the Executive Board adjourned after a session lasting just minutes. The session ended so quickly that some members of the board arrived after it was over.

Briefing The union spokesman called it a "briefing."

Last-Ditch Bid For Steel Pact Underway?

PITTSBURGH (AP)—An apparent last-ditch effort was underway today to achieve a basic steel labor settlement.

David J. McDonald, president of the United Steelworkers of America, AFL-CIO did not appear at a scheduled meeting of the union's 34-man Executive Board. This immediately aroused speculation that he might be in conference with industry officials.

Speculation A spokesman for the union said he did not know if this was so and there was no way of confirming the speculation.

The spokesman did say that the union president and industry officials had met Tuesday in continuing discussions by the Human Relations Committee.

Alcoholism Said Rising In America BERKELEY, Calif. — Two psychiatrists told the second session of the California School on Alcoholism at the University of California on Tuesday that the United States is becoming more and more alcoholic.

Dr. Hardin B. Jones, assistant director of the university's Donner Laboratory, said the habit of one for the road is becoming increasingly lethal and unbearably costly.

He cited some statistics: The United States now consumes 169 million gallons of spirits a year — 90 million barrels of beer and 150 million gallons of wine.

"I assume it's being consumed," he said, "because I know it isn't being hoarded."

That is enough, he said, for every adult in the nation to drink 2 1/2 gallons of 100-proof alcohol a year.

Dr. Jones described an alcoholic as anyone who drinks a fifth of spirits a day. He said there are about two million of these in the United States. Other authorities, however, define an alcoholic as anyone who drinks 8 1/2 ounces of spirits a day. There are about six million Americans who do this, he said.

EMU Report Says School Has 'Too Many Chiefs Per Indian'

LANSING (AP) — The responsibility for troubles at Eastern Michigan University lies not only with the school's own administration, but also with the Legislature and the Board of Education.

This is a conclusion drawn by the six-man investigating team which studied the epidemic school at the request of the state board, and whose report was made public Tuesday.

Criticisms of EMU and its role in education were broad and sweeping in the 18-page report—for example:

"Eastern Michigan has lost its character as a teacher-training institution of quality and even distinction; it has not yet found its new objectives and ... is of itself probably incapable of setting realistic and sensible goals consistent with sound public policy for the state of Michigan."

LANSING — An 18-page report criticizing Eastern Michigan University was in Gov. Romney's hands today — and the door was closed on one of the Governor's most heated clashes with Democrats since he took office 3 1/2 months ago.

The four-member, all-Democratic board bowed abruptly to Romney's demand for the "confidential" report Tuesday and obtained clearance from the North Central Association, a school accrediting agency, to make its contents public.

Criticisms also got down to the personal level: "A significant source of tension within the university stems from the fact that most of the principal administrative officers subordinate to the president are fairly new to their posts ... with little experience in academic administration."

The three vice presidents approached their administrative roles with vigor and enthusiasms but ... without sufficient prior experience in higher education or

adequate sensitivity to the present feelings of faculty and of subordinate officers of administration."

Recommendations The NCA team listed five recommendations:

The board should define and "codify" major policies for guidance within the "system" of public education as a guide for the school's development in future years.

The board should establish clear channels of communication with faculty members at EMU, defining the role of the administration in relation to them.

The place of EMU should be clarified within the "system" of public education as a guide for the school's development in future years.

EMU should work out a clear policy regarding faculty personnel employment, tenure, promotion and retirement, and make it available in published form.

The NCA should make an "accrediting visit" to Eastern Michigan in late 1964, after the school spends a year in "full self-study."

The report called the EMU administration a case of "too many chiefs per Indian" meaning it is more elaborate than a student population of 3,800 would warrant.

In addition, said the investigators, "the faculty has reason to be concerned about the diversion of resources into administrative 'overhead' at a time when inadequate resources are available or proper execution of the teaching function."

The blame for some of this was laid to Dr. Eugene Elliott, who was fired as president of EMU by the board last week, effective June 30, 1964. The board, at the same time, eliminated the post of vice president for planning and development, now held by James Green.

Conclave Opens In Vatican Today

VATICAN CITY (AP) — Eighty cardinals of the Roman Catholic Church prayed for divine guidance today before assembling in conclave to elect a successor to Pope John XXIII.

The cardinals attended a solemn Mass to the Holy Spirit offered in St. Peter's Basilica by their French dean, Eugene Cardinal Tisserant. Late in the afternoon they were to enter a sealed-off area of the apostolic palaces around the Sistine Chapel, not to emerge until they have chosen the 262nd pontiff of the Church.

Vote Thursday Voting will begin Thursday. Four ballots will be held daily in the Sistine Chapel—two in the morning and two in the afternoon—until one man gets 54 votes, a two-thirds majority. Although church law does not bar a lesser prelate or even a layman, the new Pope is certain to be a cardinal and probably will be an Italian.

The election is expected to be a lengthy process because of a division in the college between conservatives and progressives, a division brought to world attention during the first session of Pope John's Ecumenical Council last fall.

Neither the conservative nor the progressive bloc is large enough to elect a Pope without support from cardinals regarded as middle-of-the-road moderates. The conservatives, who long have dominated the Church through their control of the Vatican Curia, are numerous enough to block a candidate.

This has led observers to believe a moderate eventually will be chosen as a compromise pontiff who will institute a period of apostasy after Pope John's constant efforts to modernize the Church and find a way to get along with Communism while not jeopardizing Catholic philosophy.

Liz Taylor Says She'll Wed Burton

LONDON (AP)—A spokesman for actress Elizabeth Taylor confirmed today that she plans to marry actor Richard Burton.

"I've just talked to Elizabeth," said her secretary, Richard Hanley, "and she says it's true—but she doesn't want to say any more than that."

He said he did not know when the wedding would take place.

Still Married Miss Taylor and Burton are still married, she to American singer Eddie Fisher and Burton to Sybil Williams Burton. Mrs. Burton has been in New York since she separated from the actor.

In New York, Fisher said: "I'll do everything in my power to accommodate the lady." He said he would leave the details of their divorce up to Miss Taylor, adding: "I wish them all the happiness in the world."

Mrs. Burton was not available for comment.

Miss Taylor and Burton are presently living in London—in separate suites at the Dorchester Hotel.

Since they began filming together in Italy in the spring of 1962 on the spectacular "Cleopatra," they have been inseparable companions.

No Surprise Burton is 37, Elizabeth 31. There have been dozens of rumors that one day they would wed, and Miss Taylor's confirmation of this came as no surprise to many show business people here.

Negro Church Leaders Told To Head Fight

(By The Associated Press) Former Michigan Gov. G. Mennen Williams told Negro church officials Tuesday they must take the lead in the civil rights struggle, while new developments occurred on several fronts.

A Negro job opportunity plan was to take effect in Muskegon today, and Atty. Gen. Frank Kelley was told Tuesday that civil rights laws are being enforced in Oakland County.

At the same time, new demonstrations were planned in Detroit suburbs and spokesmen for the National Association for the Advancement of Colored People asked for a fair housing law in Grand Rapids.

Williams, assistant secretary of state for African affairs, told leaders of the African Methodist Episcopal Church in Detroit they must lead in civil rights struggles if they hope to achieve integration without widespread bloodshed.

"The time in which we have to work grows increasingly short," Williams said. "The challenge to Christianity is to grasp the leadership."

At Muskegon, a Negro job opportunity plan announced last weekend by the Muskegon Area Economic Planning and Development Association was to start today with the organization of a committee representing the various segments of the community.

The association's plan basically aims at broadening the field of Negro employment while providing the leadership and training necessary to qualified workers.

Kelley met with Oakland County Prosecutor George Taylor Tuesday, Taylor told him. "We have had only six complaints over civil rights in the last 2 1/2 years."

Taylor said in each case the offending proprietor was called in and Michigan's Equal Accommodations Law explained to him.

The Detroit branch of the NAACP said Tuesday it will demonstrate in several Detroit suburbs Saturday to protest alleged racial discrimination in the communities. A spokesman said the communities will be selected Thursday.

The demonstrations fall a day before Detroit's scheduled "Walk for Freedom" Sunday, where sponsors hope to have 100,000 whites and Negroes behind southern integration leader Dr. Martin Luther King Jr.

Fair Housing The NAACP in Grand Rapids went to the city commission Tuesday asking for a fair housing law "with provisions for enforcement by the Human Relations Commission."

Scholle Opposed To Dropping Case On Redistricting

LANSING (AP)—August Scholle, president of the State AFL-CIO, today opposed dropping his case against the present apportionment plan of the State Senate.

The case, first introduced in 1959 and now pending before the U. S. Supreme Court, challenges the Senate districts established by a 1952 amendment to the State Constitution.

Scholle charged the districts violated the 14th Amendment to the U. S. Constitution by denying citizens equal protection of the laws because of wide disparities in district populations.

The U. S. Supreme Court has asked participants in the suit whether they considered the question moot because of the passage of the state's new Constitution, which would redistrict the Senate with 80 per cent emphasis on population and 20 per cent on area.

The Weather

Forecast for Marquette and vicinity: Mostly cloudy, with scattered showers and a few thunder showers tonight, low 50 to 55; partly cloudy and little temperature change Thursday, high in the upper 60's. Outlook for Friday: Generally fair, with mild temperatures.

Forecast for Lake Superior: Small craft warnings in effect. Northeasterly winds 18-26 MPH to night and Thursday, scattered thundershowers with gusting winds in east portion this evening and partly cloudy Thursday.

Data for 24 hours ending at noon: Temperatures — 64 at 6 a. m.; 60 at noon; highest in last 24 hours, 75 at 5:30 p. m. yesterday; lowest, 57 at 9:30 p. m. yesterday.

Relative humidity at noon — 85. Precipitation — .37 of an inch in last 24 hours; total to date this year, 11.49 inches; normal to date, 12.25 inches.

Sun rises at 4:56 a. m. and sets at 8:46 p. m. tomorrow.

Records for June 19 — Maximum temperature, 98 in 1932, minimum temperature, 34 in 1914; most precipitation, 1.46 inches in 1955.

News In Brief

WASHINGTON — The State Department said Tuesday a few hundred Soviet troops have left Cuba since February but that there's been no recent major reduction in the Soviet military force there. The United States estimates there are still about 11,000 to 12,000 Soviet troops in Cuba, about 10,000 less than peak strength during last fall's Cuban crisis.

NEW YORK — Former President Herbert Hoover has made "an almost miraculous improvement" from his illness, a family spokesman said today. He said no medical bulletins would be issued after today if the former president, 88, continues to improve.

DAMASCUS, Syria — Iraq claimed more sweeping gains against Kurdish rebels today but other sources said the Kurds were putting up stiff resistance. Fighters reaching Beirut, Lebanon, reported the Kurds set fire to two oil wells near Kirkuk and killed five Iraqi employees of the British-controlled Iraq Petroleum Co.

HARBOR SPRINGS — Francis Kronner of Prudenville Tuesday was elected president of the Michigan State Pharmaceutical Association for 1963-64.

VIENTIANE, Laos — Indian and Canadian military representatives of the three-nation control commission flew to Attapeu, in southern Laos, Wednesday to investigate charges that the pro-Communist Pathet Lao is preparing another attack there.

LANSING — The problem of financing the state's schools should be the first item on the agenda of the legislature this fall, says Lynn Bartlett, superintendent of public instruction.

One May Succeed Macmillan

These four men have been mentioned as possibilities to succeed Prime Minister Harold Macmillan in the event of a hollow vote of confidence given him for his handling of the Profumo scandal. Left to right: Lord Hailsham, minister of science; Richard A. Butler, deputy prime minister; Reginald Maundling, chancellor of the exchequer; and Lord Home, foreign secretary. (AP Wirephoto).

Municipal Band's First Concert Of Season Tomorrow

First in a series of summer concerts by the Marquette Municipal Band will be presented at the Presque Isle Park band shell at 7:30 tomorrow evening.

T. Ray Uhlinger, a member of the Northern Michigan University music department faculty, will direct the municipal band this summer.

Weekly concerts will be held on Thursday evenings throughout the remainder of June, July and early August. Soloists will be featured at concerts throughout the summer.

Municipal band concerts at Presque Isle have been a summer attraction for tourists and area residents for many years.

This summer will be no exception to the band's active program, with the Presque Isle Park concerts, appearances at Bay Cliff Health Camp in Big Bay and participation in the Upper Peninsula American Legion convention parade Saturday and the Fourth of July parade, already scheduled.

For tomorrow night's concert, a varied program, including marches, an overture, a suite, opera excerpts, selections from movies and musical comedies, novelties and a

T. RAY UHLINGER

concert march, arranged.

Overture "Americana"

"Americana," an overture by

Fredrick L. Buehler, is typical of

the music written by contemporary

composers for school and profes-

sional bands, Uhlinger said.

Meredith Willson has had a long

and distinguished career as a profes-

sional musician and composer

and his "Music Man," which ranks as one of the finest musicals of recent years, will be featured by the municipal band tomorrow night.

Novelties on tomorrow night's program include "The Blue-tail Fly" by Grandman; "Under Blue Skies," by Walters; and "Clarinet Capers," by William McRae.

Three folk songs will be presented in "The Appalachian Suite" by John Kneass. The suite includes "Barbara Allen," "Lullaby" and "Green Sleeves."

Wagner Opera Excerpts

Excerpts from the Richard Wagner opera, "Die Meistersinger," scored by Robert Schumann for orchestra, will also be presented tomorrow night.

"Wagner, the 19th century German composer, is one of the greatest figures in music of all time," Uhlinger noted. "His greatest contribution was in the field of opera. Because of the importance of the orchestra in his operas, many of his overtures and excerpts from them are part of the repertoire of symphony orchestras."

A selection from the music for the recent movie, "Exodus," and the concert "Brighton Beach" by William Latham will also be part of tomorrow night's program.

Marches On Program

No band concert is complete

without the standard marches and

band fans won't go away unhappy

tomorrow night.

Three of the finest marches in

the repertoire of concert bands,

"Independents," by R. B. Hall,

"The Easter," by J. G. Klein, and

"El Capitán," by the noted John

Philip Sousa will be presented by

the municipal band.

L. E. Beaudoin Dies; Services Set Friday

Louis Edward Beaudoin Jr., 23, of 235 Ohio St., died at 6 p. m. yesterday in St. Luke's Hospital, where he was a patient four days. Mr. Beaudoin was born March 2, 1940, and had been a lifelong resident of Marquette. He was a member of St. John's Church and was a student at Northern Michigan University.

He had served four years in the Navy, following his graduation from Bishop Barzaga Central High School in 1958. He had been active in school and city athletic circles.

Survivors are his parents, Mr. and Mrs. Louis Beaudoin Sr., Marquette, a brother, John O., at home, a sister, Mar. Kay, at home; three aunts, Oliver and Herbert Beaudoin and William Powers, and an aunt, Annabelle Powers.

Funeral services will be held at 10 Friday morning in St. John's Church with the offering of a solemn Requiem. High Mass. Burial will be made in Holy Cross Cemetery.

The body is in the Fassender Funeral Home, where friends may call beginning at 7 this evening. The Rosary will be recited at 8 tomorrow evening.

Legislative Group Meets In Marquette

The House Juvenile Corrections Committee met here today with Marquette County Probate Judge Michael F. DeFanti and Marquette State Prison Warden Raymond J. Buchko.

State Rep. John F. Paszke, chairman of the legislative committee, said the five-man group discussed juvenile problems, existing facilities and the need for additional facilities with Judge DeFanti and Warden Buchko.

The committee is on a four-week extensive tour of juvenile camps and rehabilitation centers throughout Michigan.

Committee members toured the prison in the afternoon and were scheduled to have dinner at the prison's honor camp this evening.

was author of such plays as "Saints Day," "The Devils," and "Marching Song." He recently completed a film script based upon the life of playwright Sean O'Casey and was working on a script for actress Ingrid Bergman.

MARY ANN MARTIN

Miss Martin Accepts Job In Green Bay

Mary Ann Martin, Marquette, a June graduate of Northern Michigan University, has accepted the position of first grade teacher at Green Bay Public School System Green Bay, Wis., according to the NMT Placement Office.

The daughter of Mr. and Mrs. John F. Martin, 1240 N. Second St., Mary Ann received the bachelor of science degree at Northern with a major in elementary education.

While at Northern, she was a member of the Beta Omega Tau Sorority, Canterbury Club and St. Paul's Episcopal Church.

County's Soil Unit To Provide Scholarships For 2 Teachers

Directors of the Marquette County Soil Conservation District met this week at the farm of Paul Van Damme in Wells Township and made plans for the program for the district's annual meeting on July 31.

It was announced at the meeting this week that the district will contribute funds to sponsor two teachers to attend the Teachers' Conservation Scholarship Camp School at Camp Shaw in Chatham, Aug. 4-10.

Teachers who will attend the school are Mrs. Edna Golladay, Michigan, who teaches at Champion-Humboldt School, Champion, and Mrs. Beverly Stanaway, Harvey, who teaches at MacDonald Elementary School at Sawyer.

The July meeting will be held at Gilbert Elementary School in Gwynn, with a chicken barbecue following the meeting. A 4-H Club talent program will be featured at the barbecue.

Also at the July meeting, the election of two directors will take place as the terms of Paul Van Damme, Wells, and Harold Saarikko, Ewing Township, will expire this summer.

a "spot" promotion from technical to master sergeant by the Strategic Air Command. MSgt. Wilburn W. Hampton, a member of the B-52H "Stratofortress" crew that recently launched three GAM-77A Hound Dog missiles, was selected. Spot promotions are part of the command's incentive program for bomber crew members.

Sawyer Bomb Wing Gunner Gets 'Spot' Promotion

A gunner in the 644th Bombardment Squadron at K. I. Sawyer Air Force Base has been awarded

Hampton has spent 10 years in the service as a gunner. He has been a gunner in the B-26, B-18, B-29, B-50, B-56, B-45, B-66 and the B-52H. He flew 46 combat missions during World War II over Europe in the B-26.

A member of the 410th Bombardment Wing here since September 1961, he has been in SAC nine years.

First-Come, First-Served At Gov. Romney's Citizens Sessions Here On Saturday

Upper Peninsula residents wanting to discuss problems with Gov. George Romney will be accommodated on a first-come, first-served basis when the Governor holds his first Citizens Sessions outside of Lansing Saturday.

The Governor will be available for five-minute sessions with citizens from noon to 3 p. m. in the faculty lounge in the student center at Northern Michigan University.

Open To News Media The sessions will be open to press, radio and television. Those wishing to appear during the Citizens Session will register Saturday with a receptionist in the Vista Room of the student center and will be admitted to the faculty lounge in order of registration.

Private audiences with Gov. Romney will be accorded those who request them. Fiscal Reform Meeting Prior to opening the Citizens Sessions Gov. Romney will address a fiscal reform meeting in Rooms B and C of Lee Hall on the NMU campus. Originally scheduled to begin at 12:30 p. m., the fiscal reform meeting now is scheduled to start at 11:30 a. m.

Gov. Romney will arrive in Mar-

quette Friday evening following an address at the annual convention of the Michigan United Conservation Clubs in Iron River.

Other Activities

His Saturday schedule also includes a meeting Saturday morning with Republican county chairmen, vice chairmen, legislators and members of the Republican State Central Committee from all 15 Upper Peninsula counties at the Hotel Northland.

Later in the morning Gov. Romney will meet with leaders and representatives of Operation Action — U. P. and the Upper Peninsula Committee on Area Problems at NMU.

Gov. Romney will be interviewed and by press, radio and television representatives over WLLC-TV from 4:30 to 5 p. m. He will speak at the Upper Peninsula American Legion convention dinner that evening and later will give brief greetings to Legion drum and bugle corps, firing squad and color guard units at Memorial Field.

He is scheduled to fly to Mackinac Island at 8:30 p. m. Saturday.

Dr. Fred Sabin, Marquette, county Republican chairman, will be the Governor's host for the day.

Parking Lot Study Due At City Meet

City Manager Thomas Moore will make a study of the municipal parking lot southeast of the Baraga Ave. and S. Front St. intersection before the next regular city commission meeting.

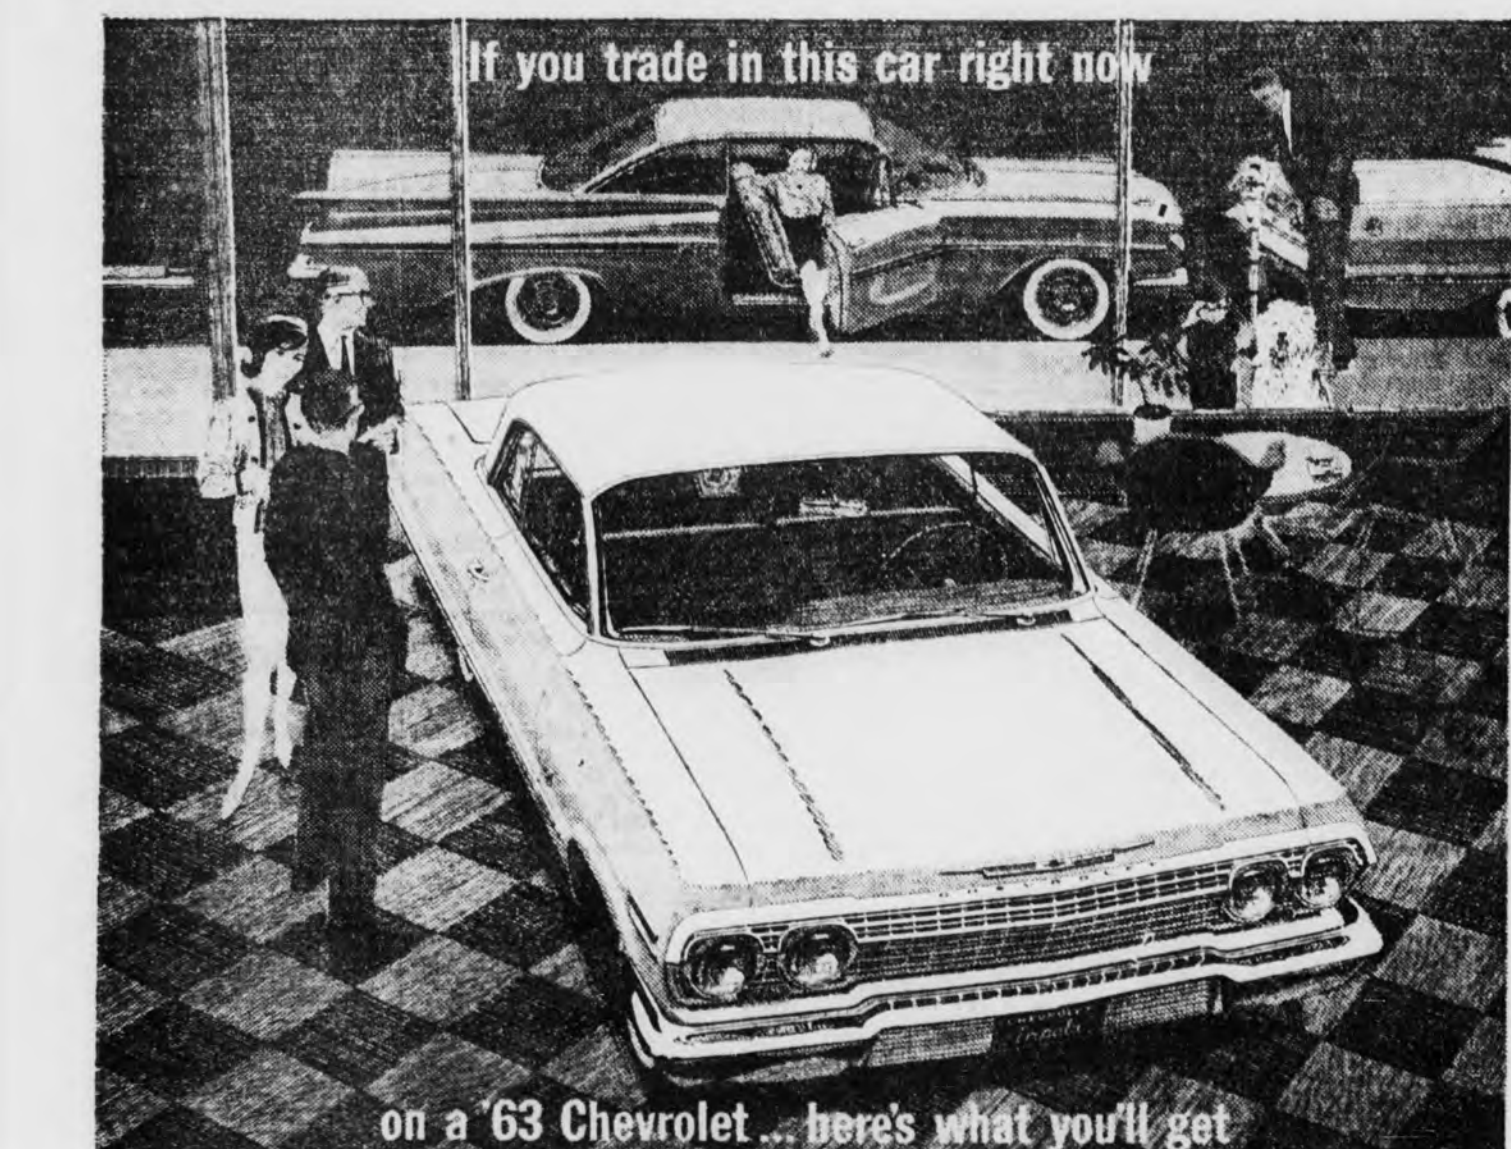

The commission was notified by Moore that the Soo Line Railroad Co., which heretofore had been leasing the property to the city on a \$1 per year basis, has asked that the figure be increased to \$180 per year, effective immediately.

Triangular in shape, the parking area is not paved and accommodates between 15 and 20 cars.

Mayor C. Fred Rydholm said figures should be obtained as to how many vehicles the area could hold if it was metered and an estimate prepared as to how much revenue could be obtained should the lot be metered.

In this way, he said, the commission can ascertain if it would pay the city to keep the property or let the lease expire.

Cancer Claims Life Of British Playwright LONDON (AP)—John Whiting, 45, British playwright, died Sunday in London of cancer, Whiting

on a '63 Chevrolet... here's what you'll get

Top: 1959 Impala Sport Coupe, below: 1963 Impala Sport Coupe.

You get a whole lot more than that '59 Chevrolet (great as it was) could offer. Some big improvements, some small, some for savings, some for performance, some for comfort. A few of them: EASY CARE—Air-washed rocker panels help fight rust, while a longer lasting exhaust system, self-adjusting brakes and battery-saving new Delcotron

generator cut costs, too. PERFORMANCE—a wider choice of horsepower from the economical 140-hp Turbo-Thrift 6 up to a 425-hp V8. SAVINGS—from Chevrolet's traditionally higher resale value and the special deals your Chevrolet dealer is making during Trade 'N' Travel Time. Sharon Cameron, office worker for the Upper Michigan Tourist Association in Marquette, piles envelopes filled with literature telling the region's scenic attractions and vacation advantages, mailed to thousands of prospective visitors every week. A plea for greater financial support for its Upper Peninsula-wide promotional service has been made by the tourist association.

Tourist Office Here Answers Over 3,000 Inquiries In Week

Personnel in the Upper Michigan Tourist Association's office in Marquette answered more than 3,000 inquiries last week, sending literature on the region's scenic and recreational appeals to interested vacationers in nearly every state in the Union, to Canada and other foreign countries.

Interest in the Upper Peninsula as a vacation area will continue at that high level throughout the summer, largely as the result of the UMTA's concentrated promotional program of travel shows and newspaper and magazine advertising and publicity, UMTA officials said.

But unless the association obtains the funds needed to service such inquiries, the U. P. could find itself in much the same serious condition as it did in 1959.

In that year, 45,000 inquiries were received by the old Upper

Brush Blaze In City Put Out By Fire Department

Marquette's fire department yesterday afternoon extinguished a blaze which broke out in some brush and trees on the east side of Lake Shore Blvd., opposite the Cyr Bottled Gas Co.

Firemen used the booster hose off the No. 2 (1,000-gallon) pumper to put out the blaze, origin of which was not learned.

Six firemen responded to the call at 5:27 p.m. and returned to the station at 5:37 p.m. They also drove the No. 5 (500-gallon) pumper to the scene.

The modern American-made bicycle is built strong enough to carry 10 times its own weight.

mail any literature to any of the persons interested in visiting this North Country.

Inability to service inquiries received four years ago, when the region expended no funds of its own and was unable to take advantage of state monies made available for such promotional efforts, is believed by officials of UMTA and other groups to be directly responsible for the downturn in the tourist traffic of the early 1960s.

"The downturn in travel and resort patronage was a serious blow to the Peninsula the last few years, particularly when it's linked to the slump in other phases of our economy," Ken Slater, Hulbert, UMTA president, asserted.

"There's no use bemoaning what has happened, however, since we believe our program will effect a reversal of that trend."

Up To 80,000 Inquiries
"But all residents of the Upper Peninsula must be made aware of the value of the tourist business, what has been happening to it, and what we must do to improve it."

"We're set up to handle the 60,000 to 80,000 or more inquiries we will receive this year from prospective visitors, but unless we receive more financial support from the people who are benefiting directly from this industry we can expect a continued downturn."

Referring to the \$152,970 budget for 1963-64 given tentative approval at the UMTA convention in Sault Ste. Marie, he said the entire amount must be made available "to do a fully effective job of selling the Upper Peninsula as a vacation area."

Postage Money Required
Right now, for instance, the tourist association's inquiry answering service here is hampered by lack of funds that has slowed the mailing of literature to prospective visitors.

Postage and freight for the coming year will require all of the \$8,500 budgeted for this purpose; anything less means a cutback in the service.

'Operation Action-U.P.' Sets Meeting In City On Saturday

Council members of "Operation Action-U. P." will meet at Northern Michigan University this Saturday to review progress to date and to discuss future projects to aid economic growth and development in the Upper Penin-

sula. Meeting with council members from Michigan's Upper and Lower Peninsulas will be the Operation Action co-chairmen, Walker L. Ciesler, president of the Detroit Edison Co., and Dr. Edgar L. Har-

den, president of Northern Michigan University. Council members also will hear a report from William F. Wilson, Marquette, executive manager of Operation Action.

Among those attending the meeting will be B. M. Conboy, Lansing director of the new Michigan Department of Economic Expansion.

The session will begin at 11 a.m. in Northern's University Center, and a luncheon will be held in the West Dining Room at the center.

An afternoon session devoted to discussion of immediate and long-range projects will end at 2 p.m. Established Last October

Since Operation Action was established last October, the organization has initiated and completed a series of meetings and studies throughout the Upper Peninsula, published and distributed an updated economic survey of the Upper Peninsula by Ebases Services, Inc., appointed an executive manager and established a central office in Marquette, and completed

the first phase of a comprehensive energy study in the State of Michigan.

ACCURACY IS TESTED

For the third time, the national standard meter bar of the United States has been sent abroad for comparison with the international standard kept at Sevres, a Paris suburb. Other occasions were in 1903 and 1922-23.

LAST 3-DAY SALE OF FAMOUS Ethan Allen CUSTOM ROOM PLAN COLONIAL FURNITURE

Conquer Space with Ethan Allen Custom Room Plan Furniture

Now, add living room to every room in your home... easily solve all your decorating and storage problems in any room, any size with our Ethan Allen Custom Room Plan furniture by Baumritter. Here's all the warmth and charm of fine Colonial furniture with the utility and storage space you've dreamed about.

Open stock Ethan Allen makes homemaking easier, too—there's cabinet, drawer and shelf space for all your belongings. (Helps teach children neatness, too—because there's a place for everything!) Ethan Allen is coordinated for bedroom, living, dining and family room use—looks beautiful wherever you use it!

Come see—you'll be enchanted. Most modestly priced, 100. OVER 400 PIECES TO CHOOSE FROM!

Pledges In St. Mary's Drive Hit \$33,972 Figure; Report Meet Scheduled Here Friday

Progress made in the St. Mary's Hospital psychiatric unit fund campaign currently under way was reported today by drive officials.

Next report meeting for the St. Mary's Hospital campaign will be held Friday morning at 11 in the Northland Hotel.

156 Subscriptions
A total of \$33,972 in 156 subscriptions has been pledged or donated so far in the fund drive for the psychiatric unit, Marquette County Probate Judge Michael F. DeFaut, general chairman for the drive, reports.

Campaign workers reported this week that \$7,372 had been collected since the last report meeting, when the total was \$26,600.

Largest number of subscriptions collected last week was from the employees of St. Mary's Hospital, with 31 subscriptions and a total of \$2,132.

Breakdown Of Totals
A breakdown of totals so far shows:

Advanced gifts, Patrick L. Bennett and Franz Menze, co-chairmen, 44 subscriptions, \$12,230; Homer Hilton Jr. and Clyde W. Hecox, co-chairmen, 22 subscriptions, \$10,835; general gifts, women, 29 subscriptions, \$5,685; men, nine subscriptions, \$625; Northern Michigan University, 10 subscriptions, \$535.

Negaunee, one subscription,

\$360; Ishpeming, one subscription, \$1,000; clubs and organizations, one subscription, \$10; labor, four subscriptions, \$240; St. Mary's Hospital, 35 subscriptions, \$2,452. **\$300,000 Addition**

The psychiatric unit will cost about \$300,000 and construction will begin this year.

About one-half of the cost will be provided by the federal government through the Hill Burton Act and the balance will be covered through public subscriptions.

Job Openings At Sawyer Base Listed

Nine job openings at Air Force bases throughout the Midwest have been announced by the U.S. Civil Service Commission here.

Three of the openings are at K. I. Sawyer Air Force Base and they are those of medical technician, mechanical engineer and civil engineer. Pay scales range from \$5,035 to \$8,270 annually.

For information on these jobs, interested applicants may contact the civilian personnel office at Sawyer or Percy C. Chubb, civil service examiner in charge, Marquette Post Office Building.

Instruction Available Here

Other job openings are at Wright-Patterson AFB, Dayton, Ohio, and they are those of physicist, chemist, metallurgist, mathematician and biochemist; and at Newark Air Force Station, Ohio, that of electronics systems inspector.

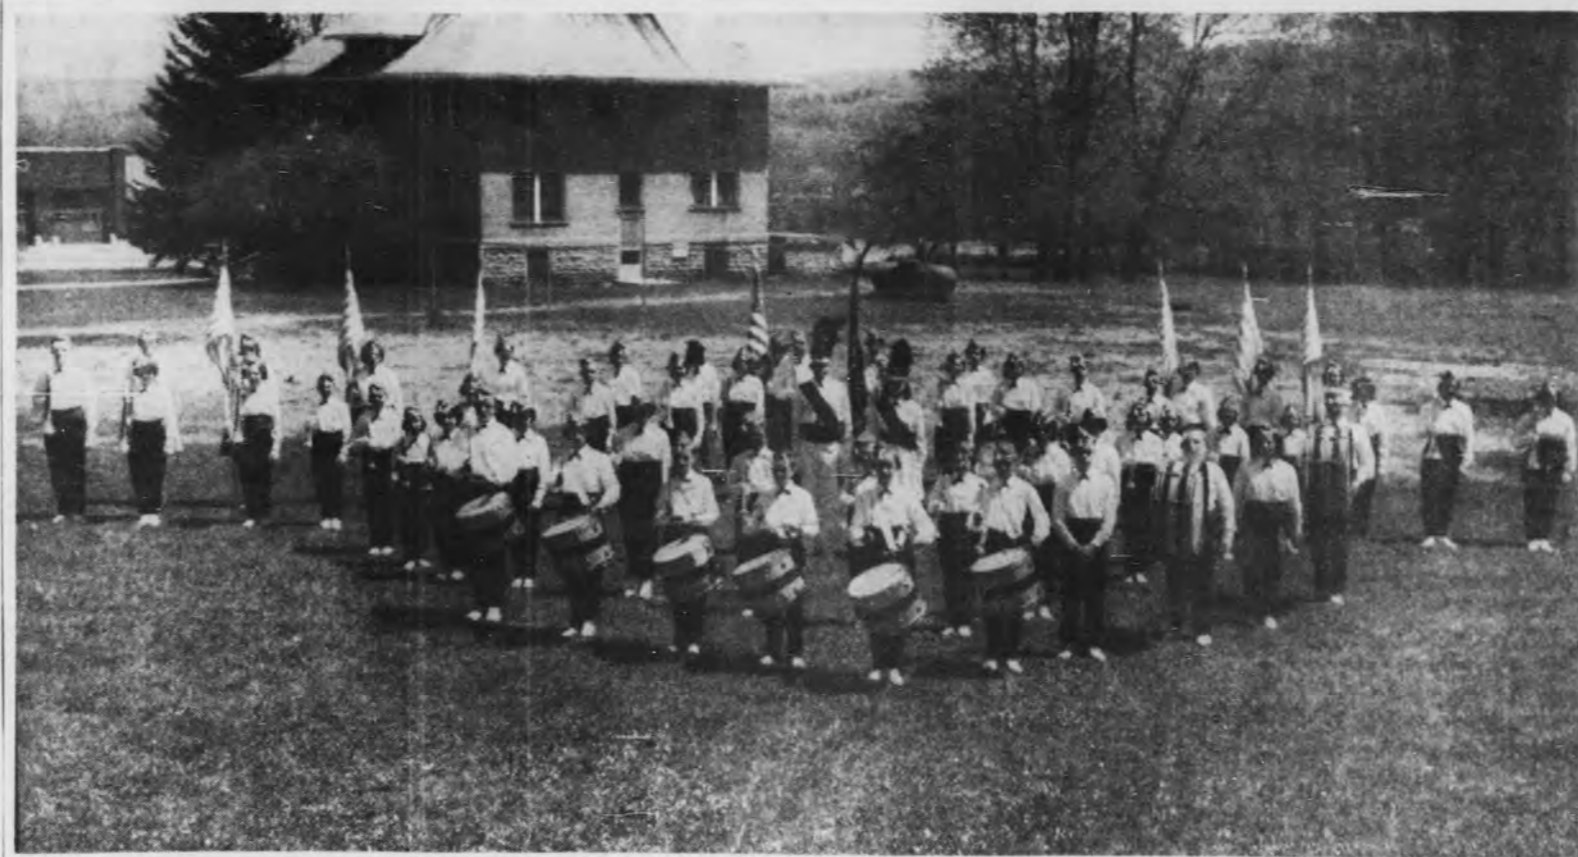

Full information and instructions concerning the examination and how to apply may be obtained from the Board of U.S. Civil Service Examiners, Marquette.

Appropriate education, experience and training is required for these jobs.

General Gets Tech Diploma, Albeit A Few Years Late

HOUGHTON — Air Force Brig. Gen. Oran O. Price flew here from Germany earlier this month to speak at Michigan Tech's 76th June commencement. In a sense, he made his own commencement address.

Gen. Price graduated from Tech in 1935 with a B.S. degree in mechanical engineering. While on the Tech campus for the 1963 commencement, he mentioned never receiving his 1935 diploma. "I was too anxious to get out and go to

Munising's "Silver Echoes," a drum and bugle corps, is one of the many units which will perform in the parade and drum-bugle corps competition in Marquette Saturday during the Upper Peninsula American Legion Convention. The convention starts Thursday afternoon

with registration and winds up on Sunday. The Munising group is a 56-piece corps. Highlight of the convention will be a two-mile parade in the downtown section of the city Saturday afternoon.—(Mary Jane Halifax photo).

Sawyer Base Taking Part In Legion Meet

K. I. Sawyer Air Force Base personnel will participate in events planned for the Upper Peninsula American Legion convention here this Thursday through Sunday.

Jack Dempsey, general chairman of the Legion's convention corporation, said that the Sawyer color guard and honor guard will appear in the convention parade.

Grand marshal of the parade will be Col. Richard W. DeVania, K. I. Sawyer Air Force Base com-

Chrysler Establishes Loan Fund At U-D

DETROIT — The Chrysler Corp. Fund has boosted the University of Detroit's \$10 million Challenge Fund campaign with the establishment of a \$250,000 student loan fund at the university, campaign officials announced Monday.

Curiously prompted a subsequent check in Registrar T. C. Sermon's vault. Sure enough, there was Gen. Price's diploma — complete with the notation "diploma fee unpaid".

The diploma was mailed to the General last week.

mander of the Sault Ste. Marie Air Defense Sector. **Two-Mile Long Parade**
The parade, which begins at 2

p.m., Saturday, will be approximately two miles long. Dempsey said. He said the parade route will be

south on N. Fourth St. to W. Washington St., east on Washington to Front St., and then south on S. Front St. to Baraga Ave.

Name Change Requires New Security Card

June — the traditional month of brides and roses — sees many a "Miss" become a "Mrs."

But no matter in what month of the year this happy event occurs, the new "Mrs." should be sure to let her social security office in on the good news — that is, if she has an account number card in her maiden name, it's pointed out by social security officials.

A change of name requires a new social security card. It will carry the same number as she had before, but will be issued in her name.

Failure to notify the Social Security Administration makes it difficult for the working bride to receive credit for earnings reported in her name, even though the number is correct. It may even cause delay when it is time to figure the social security benefits due her.

"Therefore, working girls, let your social security office know when you get married," advises George C. Franzen, Marquette, district manager of the U. S. Social Security Administration here.

The local office at Marquette will send the necessary form for the change of name if one is unable to call in person. The office is open Monday

through Friday, from 8:45 a. m. to 4:15 p. m., and serves everyone in Marquette, Baraga, Houghton, Keweenaw, Iron, Ontonagon, Gogebic and Alger Counties.

'Explorer' Retracing Lakes Route

SAULT STE. MARIE (AP)—An "explorer" retracing the route of the first white men ever to cross the northern part of the American continent passed through the Canadian locks in his canoe here Tuesday.

Ben Ferrier, 60, of Grand Marais, Minn., said he expects to complete his trip at New York City Aug. 21.

Paddled Across Superior

Accompanied by Kenneth Rusk, 45, a Madison, Wis., gun shop owner, Ferrier reached the Soo after paddling the canoe across Lake Superior. He headed for Lake Huron following a trip down the St. Marys river.

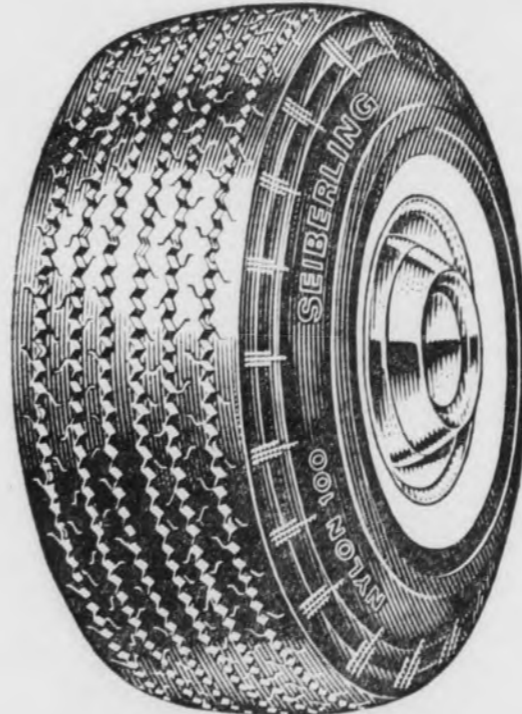

Ferrier, a biologist, has been lecturing during his off-and-on canoe voyage.

Ferrier is covering the MacKenzie Route, named after Sir Alexander MacKenzie, a Canadian explorer who blazed a trail to the Arctic Ocean between 1789-1792. He discovered what is known as the MacKenzie River.

Revenue From Public Lands

Concern over federal payments to counties in lieu of taxes on federally owned lands within those counties has been expressed in two official quarters in the past few days.

Both proposals, if approved, could help Upper Peninsula counties, most of which are hard-pressed to find sufficient funds for governmental operations.

There are two national forests in the Upper Peninsula—the Hiawatha covering the eastern part of the Peninsula and the Ottawa on the west.

Rep. Bennett's bill would continue the 25 per cent sharing formula, but it also would result in payments of 10 cents an acre annually for all national forest land.

Peninsula Perambulator

An historic Sugar Island home was destroyed by fire and all its contents were lost. The building, owned by Mrs. Margaret Eitrem, originally was known as the Mastow home and the main portion, of log construction, was said to be over 100 years old.

Five members of the Brimley Board of Education, cited in recall petitions handed out at a meeting of the board, are conferring this week in an effort to decide what steps might be taken next.

In belated returns of school elections held around the Upper Peninsula, it was interesting to note that voters in the Trout Creek district approved a proposal to reduce (that's right, reduce) the school board secretary's salary from \$600 a year to \$250.

Bennett's bill also would allow these additional payments to be used for public purposes other than roads and schools.

The proposal to increase shared revenues for counties having national wildlife refuges would benefit Schoolcraft County in the Upper Peninsula, site of the 95,531-acre Seney National Wildlife Refuge.

The proposed new formula for wildlife refuge lands would help remedy the situation by putting all revenues into a single fund and distributing them under a formula tied to local real estate values.

Both proposals deserve support. Both would aid Upper Peninsula counties that have been hard hit by rising costs and declining revenues.

Editor's Mail

Contributions are invited. Letters should be limited to less than 300 words. Only signed letters will be considered for publication.

Lou Gehrig Remembered

June 19 should not be passed by unnoticed. It was on that date in 1903 when a man named Lou Gehrig was born.

On July 13, 1934, the Yankees were playing the Tigers in Detroit. Lou singled to center, and as he neared first base, he suddenly doubled up in pain.

Whatever his ailment was in 1934, Lou continued to play until 1939 when he voluntarily removed himself from the lineup in a game at Detroit with the Tigers.

DETROIT (AP) — A rookie policeman has been commended by Wayne County Prosecutor Olsen in the investigation of a shooting in which a 43-year-old man was killed.

WILLIAM EMBLOM, 260 Iron St., West Ishpeming

From The Journal Files

60 Years Ago

Marquette—The first copies of the Agora, the high school annual, were turned out of the book bindery yesterday afternoon, and the entire edition of 500 will be finished this week.

Ishpeming—In his talk to the graduates of 1903 at the high school auditorium Wednesday evening, Superintendent E. E. Scribner called attention to the fact that another school building

30 Years Ago

Marquette—Four men were overcome by heat yesterday—one at work in his garden and three while laboring on the county road near the west branch of the Chocoyah River.

Marquette—The first copies of the Agora, the high school annual, were turned out of the book bindery yesterday afternoon, and the entire edition of 500 will be finished this week.

Negaunee—Negaunee is the only city of any importance in the Upper Peninsula without a fire alarm system. Nearly all the towns in the Copper Country, including several of the mining locations, have them.

Ishpeming—Out of a total of 332 American-owned ore carriers that operate on the Great Lakes, 99 were in commission last week and 40 were engaged in the ore trade, including a fleet of 11 vessels operated by the Cleveland-Cliffs Iron Co.

Major John S. Bryant (right) is director of administrative services for the 410th Bombardment Wing at K. I. Sawyer AFB. With him looking over one of the many pieces of correspondence handled by the directorate is SMSgt. Stephen M. Jachna, the wing's sergeant major.

Sawyer Directorate In Charge Of High Volume Of Paperwork

Some say it will be the "undoing" of the Air Force. Others just as strongly advocate it is the true "life-blood" of the service.

There are regulations, orders, schedules, rosters, manuals, letters, forms, directives, messages—name it—the Air Force uses it.

No single person in the 410th Bombardment Wing (SAC) at K. I. Sawyer Air Force Base knows all there is to know about all this paperwork.

Headed by Major Bryant, the local Strategic Air Command wing is Major John S. Bryant, SMSgt. Stephen M. Jachna is his "right-hand" man and serves as the wing

The directorate is divided into about 15 branches or sections, each with its own specialty. However, it all deals with paperwork and how to get it, print it, control it, distribute it, post it, etc.

Headed by Major Bryant, the local Strategic Air Command wing is Major John S. Bryant, SMSgt. Stephen M. Jachna is his "right-hand" man and serves as the wing

Sources Differ On Lost Jobs In State

WASHINGTON (AP) — The number of jobs lost to Michigan because of defeat of the Administration's Area Redevelopment extension bill last week differs according to the source.

In debate, Rep. Wright Patman, D-Texas, said the bill would have meant 247,300 jobs, including nearly 37,000 for Michigan.

Official of the Area Redevelopment Administration have been quoted as putting the Michigan figure at 1,600 on 20 projects.

Rookie Policeman Gets Commendation

DETROIT (AP) — A rookie policeman has been commended by Wayne County Prosecutor Olsen in the investigation of a shooting in which a 43-year-old man was killed.

Olsen said the action taken by David Allen, 23, "was a clear cut matter of justifiable homicide."

Scholle Case Views Sought By High Court

LANSING (AP) — Atty. Gen. Frank Kelley said Monday he has received a communication from the U.S. Supreme Court asking both sides in the State Senate redistricting case to express their views "as to whether or not this case is presently moot."

State AFL-CIO President August Scholle instituted court action to try and force a redistricting of State Senate districts, claiming the present basis of representation was unfair to urban areas.

The state Supreme Court ruled for the redistricting and the case was appealed by Republicans to the U.S. Supreme Court, where a decision on arguments is still pending.

The question by the U.S. Supreme Court is now whether the case is moot, or necessary and needed in view of the new Constitution.

If determined to be no longer a debatable question the case would be dropped from the Supreme Court docket.

Scholle already has indicated, however, that he might file a new suit challenging the Senate apportionment provisions of the new Constitution, which sets up districts on a basis of 80 per cent population and 20 per cent area.

Neither Kelley nor Sen. John Fitzgerald, R-Grand Ledge, spokesman for the three GOP senators in the case as intervening defendants, would indicate what their answers to the high court will be.

Kelley said, however, that he expects to have his response ready within the week.

The last step in the case was a hearing last July in which Justice Potter Stewart of the U.S. Supreme Court granted a stay of an order by the state high court to immediately reapportion the Senate.

Stewart said the case should be heard by the entire U.S. Supreme Court before such an order was enforced.

The three senators joined the case as intervenors after Kelley sided with Scholle on grounds the present districts violate the U.S. Constitution's "equal protection" clause which he also is sworn to uphold.

Bible Reading Decision

By JAMES MARLOW Associated Press News Analyst

WASHINGTON — In this country where people have different religious beliefs and some have none, no state can impose any religious belief or exercise in the public schools.

That's the short of the Supreme Court's historic ruling Monday outlawing the reading of the Bible and the Lord's Prayer in public schools as a religious exercise.

This goes even if students, whose parents object to the religious exercise, are excused from taking part.

Neither Aiding Nor Opposing' But the court, whose majority opinion was written by Justice Tom Clark, did not say the Bible or religious history could not be studied in public schools as part of a general education program.

Under the Constitution, Clark said, a state must maintain strict neutrality on religious matters, "neither aiding nor opposing religion."

Another justice, William O. Douglas, agreeing with Clark, put it this way: "Through the mechanism of the state (unless it is banned) all of the people are being required to finance a religious exercise that only some of the people want and that violates the sensibilities of others."

Last Year's Prayer Ruling The court had been working up to this decision and almost reached it, but not quite, last year in the case of New York schools where the board of regents had recommended the recital of a 22-word prayer at the start of each school day.

The prayer, which had been drafted by the board itself, said: "Almighty God, we acknowledge our dependency upon Thee, and we beg Thy blessing upon us, our parents, our teachers and our country."

But some people don't believe in God. Others, if they do, prefer to pray some other way. The court banned that prayer as unconstitutional. The opinion then was written by Justice Hugo Black.

Emphasis On 'Establishment' He said for the school board to require recital of its prayer violated the first section of the First Amendment which declares, "Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof."

In that case Black put the emphasis on the first part of the amendment—"establishment of religion"—and not the second part. But that amendment prohibited Congress from passing a law "respecting establishment of religion."

How then could Black say the states can't pass such a law? Because the 14th Amendment makes it apply to states, too, by saying, "No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States." The religious privileges are guaranteed by the First Amendment.

Justice Black's Reasoning Black reasoned: The government has no power to "prescribe by law any particular form of prayer which is to be used as an official prayer in carrying on any government-sponsored activity."

He added: "Neither the fact that the prayer may be denominational, neutral, nor the fact that its observance on the part of the students is voluntary, can serve to free it from the limitations of the establishment clause."

But he was talking about a prayer written by a school board and imposed on the students.

He didn't answer this question: What about schools that require Bible-reading or recital of the Lord's Prayer every day but excuse children whose parents don't want them to be a party to it—even though they only have to listen and don't have to say anything?

Decision On Two Cases Monday's decision was on two cases involving exactly that problem: One from Pennsylvania, one from Baltimore. In each case the court called the practice unconstitutional under that same "establishment clause" of the First Amendment.

If a state is going to compel student participation in some religious project—like studying the Bible as history—the court said the primary effect must be one that neither helps nor hinders religion.

Clark said the purpose of the First Amendment is to "secure religious liberty in the individual by prohibiting any invasion thereof by civil authority."

He added: "It is no defense to urge that the religious practices here may be relatively minor encroachments on the First Amendment. The breach of neutrality that is today a trickling stream may all too soon become a raging torrent."

"In the relationship between man and religion, the state is firmly committed to a position of neutrality."

Views Of Others

PLAN TO RUIN FORESTS An ill-considered feature of the Kennedy Administration's tax-reform program is to change the timber tax from its capital-gains basis to that of ordinary income. The evidence is such that Treasury Secretary Dillon ought to abandon the idea—or Congress should kill it for him.

Thanks to an intensive program begun hardly 25 years ago, one based on education and encouraged by the capital-gains tax on timber, this nation now is for the first time in generations growing trees faster than it cuts them. The dividend is not only the conservation of a great natural resource that must still be increased to meet future need, but expansion of some of the fastest-growing businesses in our economy—from tree farming and the pulp and paper industry to a great variety of wood-working enterprises.

This whole segment of our economy would be threatened seriously by Secretary Dillon's proposal, which would, in effect, at least double the tax on timber sales and cast a cloud of annual uncertainty on the future. The basic unfairness is that investors are assured of capital-gains taxation on profits from stocks and bonds after only six months to a year — but trees require up to 30 years and more to mature, and who can be induced to plant and tend forests or invest in timber against all the uncertainties of so long a calendar when long-range profits are to be taxed at the much higher rates of ordinary annual income?—Louisville Courier-Journal

Correspondence by the bagful passes through DAS. A2C Rowan "Rutch" Lanier, distribution clerk, sorts the material and places it in one of the dozen boxes in front of him. The various staff agencies in the wing stop by here daily to pick up the distribution. A mailroom for personal mail is also manned by airman from DAS. (USAF photos).

"I do have one question, sir, which phone can I use in my spare time?"

City Working On Plans, Cost Estimates For Roads, Curbs

Work on plans and cost estimates for a storm sewer, curbs and paving on Lynn, Birch and Center Sts. north of Fair Ave. was begun last week by the city engineering department.

This and other information concerning the activities of municipal departments was contained in the weekly report of City Manager Thomas Moore.

The engineering department also set stakes for sanitary sewer construction on Jonathan Carver Dr. and checked street and curb elevations at N. Eighth St. and Fair Ave. so that the proposed Northern Michigan University Dr. will correspond with the existing and proposed layout.

Excerpts from the reports of other city departments follow:
Public works — Cut brush on Wright St., painted sand barrels and worked at Shiras Pool.

Parks and recreation — At Tourist Park, painted and cleaned buildings; at Shiras Pool, completed cleaning pool and hauled in new sand, repaired equipment and readied bathhouse; at North Marquette ball diamond, moved backstop and readied new field. Grass was cut at Williams Park, the Palestra, Pine St., Lake Shore Blvd. and the Hawley St. pump house.

Water and sewage — Repaired a three-quarter inch service line on White St. and distributed a total of 1,170 lineal feet of six-inch water main along Center and Garfield Sts. from Lynn to Waldo St. During the week 14,144,000 gallons of water were pumped.

Police — Arrests, misdemeanors 13, felony 1, traffic 41, accidents 7; investigations, breaking and entering 1, unlawfully driving away an automobile 1, larceny 11, accidents 9, disturbances 28.

Clerk — Issued two city licenses, two dog licenses, and four new registrations and cancelled two registrations.

Court — Handled 21 traffic violations, 13 misdemeanors, three felonies and one city ordinance violation. The violations bureau

handled 35 meter and 18 restricted parking violations.
Health — Eight minor treatments were administered and six immunizations were given. Reports sent to the Michigan Department of Health.

Fire — One car fire. A complete inspection was made of city hall. The ambulance made 10 local and five out of city calls.

Light and power — Line crews set two poles and anchors for the state highway department, built a two-pole extension to a customer in Skandia Township and repaired underground service at Morgan Heights. Water received at the hydro-electric plants was more than last week but less than during the same week one year ago. Elevation at the Hoist Pond was raised 1.1 feet and was one foot higher than last year and 4.85 feet from the top of the dam. The total system's kilowatt hour load was 13 per cent higher than during the same week one year.

Finance — Completed the monthly retirement system report, and processed checks for city and library bills payable. Conducted general and customer accounting, purchasing, filing and bid work.

Assessor — Continued spreading special assessment payments on the tax and assessment rolls and recording changes in real property ownership on the tax and assessment rolls. After preparing a recap and balancing the tax roll, it was turned over the city treasurer.

Five Drivers Pay Fines In City Court

Five persons were ordered to pay a total of \$55 in fines and costs in municipal court yesterday for traffic violations.

A fine of \$11.30 and \$3.70 costs were paid by Louis J. Gull, Trimountain, for towing a trailer which did not have registration plates. State police ticketed him on County Road 492 in Negaunee Township June 5.

Mary C. Smith, 212 N. Fourth St., paid a fine of \$6.30 and \$3.70 costs for a traffic light violation at the corner of Fourth and W. Washington Sts. She was ticketed by city police June 9.

Car Not Under Control
For failure to have his motor vehicle under control, Stewart M. Cochrane, Manitoba, Canada, paid a fine of \$6.30 and costs of \$3.70. Cochrane was ticketed by state police Saturday following an accident on W. Washington St.

For failure to yield the right-of-way, Clyde W. Hecox, 1025 N. Front St., was fined \$6.30 and ordered to pay costs of \$3.70. He was ticketed by city police Friday following an accident at the corner of High and Ohio Sts.

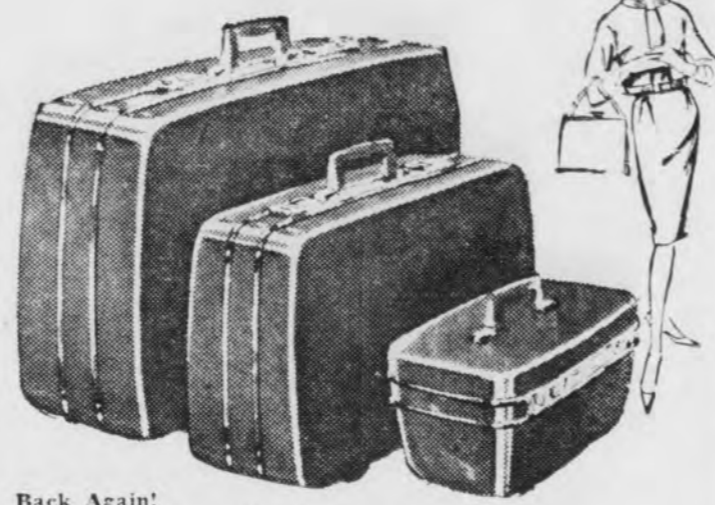

David A. Sezel, Pine Acres Trailer Court, paid a fine of \$6.30 and \$3.70 costs for a traffic light violation at the corner of Front and Washington Sts. City police issued the summons Sunday.

FDR's Housekeeper Dead At Age Of 89

WASHINGTON (AP)—Henrietta Nesbitt, 89, executive housekeeper at the White House during the administration of President Franklin D. Roosevelt and for 1 1/2 years under President Harry S. Truman, died Sunday at her Bethesda, Md., home after a lengthy illness. Mrs. Nesbitt, formerly of Hyde Park, N.Y., wrote two books about her White House experiences, "White House Diary" and "White House Cook Book."

I Respondent Dismissed In Price Fix Trial

GRAND RAPIDS (AP) — One respondent was dismissed from a criminal conspiracy trial in U. S. District Court yesterday on government motion in the price-fixing case involving pulp and paper manufacturers.

Judge W. Wallace Kent of Kalamazoo dismissed as a respondent Edgar W. Habighorst of Oshkosh, Wis., affiliated with the American Excelsior Corp. of Chicago.

The action came in the second day of the trial which is expected to continue from four to six weeks.

Respondents Named
Still named as respondents are Packing Corp. of American, Evanston, Ill.; Scott Paper Co. of Philadelphia; S. D. Warren Co. of Boston; Menasha Wooden Ware Corp. of Menasha, Wis.; American Excelsior Corp.; Hammerrill Paper Co. of Erie, Pa., and Abitibi Corp. of Alpena.

Individuals included in the charges are Gordon B. Bonfield of Grand Rapids, affiliated with Packing Corp., and Roman L. Sues of Plainwell, with Menasha Corp. The government alleges that the firms conspired since 1951 to depress prices paid to Michigan loggers and wood dealers for pulpwood. The respondents, indicted last July by a federal grand jury, pleaded innocent last Dec. 14.

"50¢ a tablet can be cheap!"

No one likes to pay 50¢ for a single tablet—including us. Nevertheless, some of the newer drugs

cost that much. They seem expensive—yes, only seem. Consider this: Pneumonia used to mean 4 to 6 bedridden weeks. Loss of pay. Often hospitalization. Often death. Now, a few dollars' worth of one antibiotic will generally cure pneumonia in days. And this is only one example... there are many others. When you consider what a few 50¢ pills will do for you, they seem downright cheap.

Dear Abby....

BY ABIGAIL VAN BUREN

DEAR ABBY: The school just called to tell me that they were going to keep my boy back. That means he will have to take the fifth grade over again. I asked if he would have the same teacher next year and they said yes. I told them they were making a big mistake because if she couldn't teach him anything in one year, she sure couldn't do it in two. What do you think of a school system like that?

HIS MOTHER
DEAR MOTHER: Don't assume that your son's failure to pass was the teacher's fault. If a pupil is willing to learn, ANYBODY can teach him. If he's not - NOBODY can.

DEAR ABBY: I saw a man on train reading a book entitled "DEAR ABBY," and he sure seemed to be getting a big kick out of it. I suppose you wrote it. Send me the book and if it's any good I'll send you a check.

DEAR HAROLD: Send me the check and if it's any good I'll send you the book.

DEAR ABBY: Three of us women who work in the same office have a problem. It's the fourth woman. She exaggerates so much it's pitiful. Anything we have done, she has done better. If one of our children gets an honor, hers has had a bigger one. As far as diseases, just mention one and she has had it. Only she had it longer and it was almost fatal. When I told her that my daughter had four impacted wisdom teeth extracted, she said HEI! daughter had SIX impacted wisdom teeth

extracted. How do you put a woman like that in her place? HAD IT DEAR HAD IT: Simmer down and let her talk. People who tell such whoppers away from home are used to being ignored. They feel the need to be "important" somewhere. Be kind.

DEAR ABBY: "Only Human" sounds like my husband. I certainly am as cold as Alaska. Know why? He takes a bath once a week, wears the same socks all week, has four teeth, but won't go to a dentist. Sometimes he smells so bad I can't sleep. If the men who have "frigid" wives would take stock of themselves, they wouldn't need advice.

Michigan Ranks 2nd Among Vacationers

AKRON, Ohio (AP) — Michigan ranks second among the 48 continental United States in popularity among American vacationers, a private survey indicates. The Goodyear Tire & Rubber

Co. said 8 per cent of the persons surveyed named Colorado as their favorite vacation spot, with Michigan getting 7 per cent and Florida 6.8 per cent.

In regional divisions, the Midwest was second to the South as the nation's most favored vacation area in the survey, with Michigan rated the most popular Midwestern state.

The four million U. S. families with incomes of \$10,000 or more, are the principal buyers of custom-built homes, housing authorities say.

Costume Party On 'Home Ec' Class Schedule

One of the first activities of the summer session in home economics at Gravenet High School was a costume party for which students had complete charge. Seated above, from left are Ellen Kinville, Pamela Tauch, Patty Nord and Norma Ives. Stand-

ing, also from left, are Connie Engman, Carol Nord, Billie Brady and Sheila Potvin. The course, for junior high school students, is taught by Mrs. Margaret Redman.

40 Leaving For Bethel Convention

Forty members of Bethel No. 16 of the Order of Job's Daughters and several chaperones are leaving tonight by bus for Grand Rapids to take part in the grand council session of the order being held Thursday, Friday and Saturday.

The Marquette group is attending the three-day gathering at the invitation of Margaret Schaefer of this city, who is retiring as grand guardian of Michigan at the concluding session. The local unit will open and close the Saturday session and will also put on the majority degree. In addition, the drill team of Bethel 16 will give an exhibition at Thursday night's session.

Rene Peterson, past honored queen of Bethel 16 is the Grand Bethel's senior custodian and will exemplify the initiation ceremony with the other grand officers during the Grand Rapids meeting.

Officers Named

Officers being filled by Bethel girls during their part in the degree work are as follows:

Marjane Carlson, honored queen; Barbara Flisk, senior princess; Maxine Nelson, junior princess; Patricia McCombie, recorder; Jackie Smith, treasurer; Peggy Hartmann, senior custodian; Cathy Dupras, junior custodian; Linda Heathman, librarian; Carolyn Hunter, chaplain; Judy Ryan, inner guard; Linda Kendrick, outer guard; musician, Susan Smith; Renee Smith, Jane Morrison, Sandra Brady, Nancy Hill and Linda Finkbeiner, messengers; Janet Kinnunen, guide; Cheryl Anderson, marshal, and Susan Ellsworth, flag bearer.

Adult Leaders

Phyllis Finkbeiner is guardian of Bethel No. 16 and Leslie Erickson is associate. Both will attend the grand council as delegates.

Girls in the Marquette delegation are Cheryl Erickson, Maxine Nelson, Diane Beckman, Mary Weiland, Nancy Schneider, Jane Morrison, Linda Finkbeiner, Janet Kinnunen, Cheryl Anderson, Linda Heathman, Carolyn Hunter, Patricia McCombie, Susan Smith, Linda Kendrick, Cheryl Heath, Janice Kampinen, Linda Lampman, Amy Martin, Mary Lou Sonderberg, Linda Tappan, Robert Uron, Arlene Stenglein, Sherri Johnson, Susan Elsworth, Judy Biekola, Judy Ryan, Marjane Carlson, Cathy Dupras, Barbara Flisk, Rene Peterson, Amy Letts, Jackie Smith, Carol Vining, Kathy Hartman, Renee Smith, Nancy Hill and Sandra Brady.

Jane Morrison Captain

Drill team officers performing are Jane Morrison, acting captain; Barbara Flisk, 1st lieutenant; Nancy Schneider, second lieutenant; Patricia McCombie, Carolyn Hunter and Amy Letts, drummers.

Chaperones making the trip are Betty Smith, Mildred McCombie, Vicky Kinnunen, Helen Erickson, Meri Smith, Elise Morrison and Sally Flisk.

Marquette Girls On Vacation Cruise Abroad

Photographed aboard the S. S. Atlantic of the American Export Lines are four Marquette girls who are having a vacation cruise to the Mediterranean. From left are Misses Christine Bennett, Lois Clark, Carol Levine and Pamela Harden. The four sailed last week from New York City.

Peninsula's Annual 4-H Week Slated

The 1963 Upper Peninsula 4-H Club Week is scheduled at Camp Shaw from July 22 to 26, it was announced today by Paul Shogren, 4-H Club agent here.

The special encampment is for club members 14 years of age and older, Shogren said. There is a small fee for each delegate attending.

Planned for the week is a "Share the Fun" festival, charm school, rifle shoot competition, judging, demonstrations and two special evening programs. Extension personnel from both the Upper Peninsula and Michigan State University are directing the activities.

The camp opens at 3 p. m. on Monday, July 22 and closes at 10:30 a. m. on the following Friday.

Further information may be obtained from the county MSU extension office in the courthouse.

HYETT — Kim Marie is the name of the daughter born June 14 at Francis A. Bell Memorial Hospital, Ishpeming, to Airman 2-c and Mrs. John Hyett, Rte. 1, Box 324, Ishpeming.

A reception and dance celebrating their 25th wedding anniversary are planned Saturday evening in the Harvey Town Hall by Mr. and Mrs. Alfred Longtine. The reception is from 7:30 to 9:30 and dancing will follow. Relatives and friends are invited.

Theology Course Slated At NMU Newman Center

A summer course in theology for Northern Michigan University students and others interested will open Monday evening at 7 at the NMU Newman Center.

The non-credit course will include 22 lecture sessions to be conducted by the Rev. Stephen Mannie, O.F.M. Cap., Newman Club chaplain at Northern, who has been teaching similar courses on the NMU campus for the past two years.

Registration At 6:45

Father Mannie announced today that there will be a 15-minute registration period prior to the opening Monday. Classes will be from 7 to 8:30 p. m. on Mondays, Tuesdays, Wednesdays and Thursdays through the third week in July.

Lectures will cover a broad theological scope from the initial discussion on the purpose of life to the Ten Commandments, which Father Mannie calls "God's blueprint." Audio-visual aids will be

utilized throughout the course and general discussion provided.

Here Three Years

A native of West New York, N. J., Father Mannie came to Marquette three years ago from Detroit, where he had been taking advanced courses at the University of Detroit. Now in his 28th semester of college and university work, he is a graduate of St. Felix Seminary in Huntington, Ind., and St. Anthony's Seminary, Marathon, Wis., and has also studied at Marquette University and Alverno College, Milwaukee, and at Northern Michigan University, where he expects to complete work on a master's degree in education this summer.

At U - D, he was enrolled in radio and television courses and at Marquette U. and Alverno, his principal fields were in psychology and catechesis. He took his theology courses at St. Anthony's.

Butcher Can Help Housewife, Food Specialists Say

With imagination, a great variety of meals may be planned within a small budget if homemakers have their butchers prepare meats to fit their needs, say food specialists at the University of Michigan Medical Center.

In recommending "more meals from meat" to cut family food costs, the dietitians report that several meals for a family of four may be obtained from one cut of meat.

Here's how:

— A generous beef arm pot roast will provide two meals for a family of four. It may be rolled into an ample boneless pot roast with enough left for hearty Swiss steaks.

— Three different meals may be obtained from a pork Boston butt. An easy-to-prepare boneless roast and braised boneless steaks contribute to two delicious meals. Boneless cooked meat from the blade piece makes an economical third meal.

— A leg of lamb may provide a tasty center-cut roast, broiled sirloin chops and tender stew meat.

The secret is in having your retailer cut your meat to fit your needs the U-M dietitians say.

Wendt-Caspersen Duo Winner In Ishpeming Duplicate Club Play

A. P. Wendt and Juel Caspersen posted 61.31 per cent to lead players in the Ishpeming Duplicate Bridge Club Monday night at the Mather Inn.

Also in the high echelon were Mrs. Earl Makela and Mrs. H. N. Young, 56.54; C. E. Gibbs and Mrs. Jean Mathias, 54.76; and Mrs. E. L. Derby and Mrs. Robert Fountain, 51.19.

Magnusons Honored By Messiah Church; Double Observance

The Rev. and Mrs. J. Otto Magnuson were honored Sunday by the Messiah Lutheran congregation on the occasion of the Messiah pastor's 25th anniversary of ordination and the couple's 25th wedding anniversary.

The anniversary of ordination was observed at both morning services, with the Rev. Wilber N. Palmquist, Rock Island, Ill., a former pastor of Messiah, as the guest speaker. His subject was "The Ministry," with emphasis on the call, the task, and the person.

Since the Rev. Mr. Magnuson's ordination in Bethlehem Lutheran Church in Brooklyn, N. Y., on June 26, 1938, he has served three parishes: Gladstone and Perkins from 1938-1943; Bethel, Minneapolis, from 1943-1956; and Messiah, Marquette, since 1956.

Wed In Minneapolis. The Magnusons were united in marriage on June 11, 1938, in the Bethany Lutheran Church of Minneapolis. The 25th anniversary of this occasion was observed at an informal program and social hour at Messiah Sunday evening. The church was filled to capacity with members, friends and visiting clergy.

The evening program was presided over by Clifford Engman, a member of the church council. The Rev. and Mrs. Magnuson and their children — Judy, Jon and Danny — were escorted into the church, and opening devotions were led by Messiah's seminary intern, Robert Peterson. The theme of the evening, "A Treasure Chest of Memories," telling the story of the Magnusons' lives was presented in word and picture by Mr. and Mrs. Claire Hekhuis.

Greetings were given by several visiting clergy, and letters and telegrams from congregations and friends were shared with the congregation. The senior choir, under the direction of Miss Hildegard Johnson, sang several appropriate selections, with Dr. Harold Wright as the organist.

Hymn By Sister. A personal touch was added to the program by the singing of a wedding hymn by Mrs. Magnuson's sister, Mrs. Warren Rice of Sunland, Calif. Since Mrs. Rice was unable to attend, the hymn was taped and Mrs. Magnuson played the accompaniment.

Words of tribute and appreciation were spoken by Ellwood Mat-

Pearl Haley Bride Of Former Airman; Residing In Iowa

NEGAUNEE — A ceremony Friday evening, June 7, in the Calvary Baptist Church united in marriage Pearl Haley of Ishpeming, daughter of Mr. and Mrs. Virgil Haley, Newberry, and Norman Hillert, son of Mr. and Mrs. Dewey Hillerts of Charles City, Ia., who has been stationed until recently at K. I. Sawyer Air Force Base.

Lilies decorated the church altar for the double ring ceremony, performed by the Rev. Clair Cable at seven o'clock. Mrs. Renho Lovon, soloist, sang "Together" and "The Wedding Prayer" during the service, accompanied by Mrs. George Isaak, Republic.

Because her father's illness prevented his attendance at the wedding, the bride was given in marriage by Dr. Merle Schmidt, former Marquette resident now of Grand Rapids. Her gown of white lace over taffeta, featuring a trim of scallops, was floor-length and a crown of lace, pearls and crystals held her veil in place. She carried a white Bible topped with an orchid.

One Attendant. Miss Diane Marlinton of Marquette, the bride's only attendant, wore a street-length white eyelet dress over yellow with white crown and yellow veil and carried a bouquet of yellow and white carnations.

Richard Boulton of Ishpeming was best man and Theodore Anderson and Charles Prusi ushered. Mrs. Schmidt wore a two-piece beige suit and picture hat and a corsage of white carnations and pink roses. The groom's mother was in pink lace over taffeta and her flowers were also white carnations and pink roses.

A reception for 150 guests was held in the church parlors after the ceremony. Members of the young adult group of the church served refreshments.

The bride graduated from Marquette's Gravenet High School and Northern Michigan University Nursing Education Center and has been employed as a practical nurse at Francis A. Bell Memorial Hospital, Ishpeming. The groom, a graduate of Charles City High School, served at K. I. Sawyer Air Force Base for a year prior to his recent release from the service.

Living In Iowa. Following their wedding trip, the couple will reside in Des Moines, Ia.

Out of town guests at the wedding were Mr. and Mrs. James Perry, Newberry; Mrs. Edward Laakso and George Isaak, Republic, and the Rev. and Mrs. Arthur Johnson and children, Green Bay, Wis. There were also a number of guests from Ishpeming and Marquette.

Arrangements for the day were made by a congregational committee headed by C. O. Johnson, vice chairman of the church council.

In this group attending the costume party are, seated, left to right: Kathy Lawson, Jane Paquette, Audene Caron and Leah Beaudry. Standing, also

from left, are Carolyn Peterson, Rosalie Ring, Peggy Sleeman and Janice Hermanson. (Photos by Sullivan).

Hannah Arendt's Study Of Eichmann Case On List Of New Books At Library

Hannah Arendt's controversial new book, "Eichmann in Jerusalem," which poses the question of how much responsibility Nazi Adolf Eichmann — executed more than a year ago in Israel — should have borne for the slaughter of Jews during World War II, is among 130 new books at the Peter White Public Library.

There are two other titles on the list which should be of interest to readers of contemporary German writers. One is a new novel by a leading German author Guenter Grass entitled "The Tin Drum," which is an indictment of the whole pattern of militaristic society which characterized pre-World War I Germany, and the other is "Being and Time," by the contemporary German philosopher Martin Heidegger, whose particular brand of existentialism is studied along with Sartre's by every present-day student of philosophy.

Among the 27 novels is "Smith and Jones," by Nicholas Monsarrat, who wrote "The Cruel Sea," and P. G. Wodehouse's "Stiff Upper Lip, Jeeves." There is a wide variety of others, including Phoebe Ephron's play, "Take Her, She's Mine," and a new book by Alexander King entitled "Is There A Life After Birth?"

- The complete list follows: FICTION. Love Is Just Around The Corner — Lester Atwell. Tortoise By Candlelight — Nina Bayden. The Best From Fantasy And Science, 1963. My New Found Land — Dean Brels. Textures Of Life — Hortense Calisher. Forests Of The Night — Jon Cleary. The One-eyed Sky — Max Evans. The Tin Drum — Guenter Grass. Amy — Katherine Wigmore. Black Summer — Nancy Hale. Podkayne Of Mars — Robert A. Heinlein. The Ring Lardner Reader — Ring Lardner. The Scent Of The Roses — Aileen Leslie. Crimson Creek — Robert McCaig. Of Streets And Stars — Alan Marcus. Smith And Jones — Nicholas Monsarrat. The Unicorn — Iris Murdoch. The Death Of The Orange Trees — Claire Nicolas. Look To The River — William A. Owens. What's Become Of Waring — Anthony Powell. Miss Clare Remembers — Dora Saint. They Walked Like Men — Clifford D. Simak. The Summer Houses — James Stevenson. Sword at Sunset — Rosemary Sutcliff. Fantastic Stories — Abram Tertz (pseudonym). Pericles The Athenian — Rex Warner. Stiff Upper Lip, Jeeves — P. G. Wodehouse. NON-FICTION. Philosophy And Religion. Young People And Drinking — Arthur H. Cain. Being And Time — Martin Heidegger. New Frontiers of Christianity — Ralph C. Raughley. The Door To The Future — Jess Stearn. The Torah. A Letter To Jimmy — Henry Viscardi. Test Yourself — Bernard Williams. Common Sense About Psychoanalysis — Rudolph M. Wittenberg. Sociology. On Revolution — Hannah Arendt. Centuries Of Childhood — Philippe Ariès. The Paper Economy — David T. Bazelon. The Fate Of The Edsel And Other Business Adventures — John N. Brooks. Alliance Born Of Danger: America, The Common Market and The Atlantic Partnership — Charles A. Cerami. The Intelligent Woman's Guide To Successful Organization and Club Work — Barbara Dolliver. American Viking: The Saga Of Hans Isbrandtsen — James Dugan. How To Buy Stocks — Louis Engel. Family Environment And Delinquency — Sheldon Glueck. The Challenge Of Full Employment — William P. Lineberry. U. S. Policy In Latin America — Grant S. McClellan. The Annotated Mother Goose. The Culturally Deprived Child — Frank Riessman. Above And Beyond: The Story Of The Congressional Medal Of Honor — Joseph L. Schott. Gomillion Versus Lightfoot — Bernard Taper. America And The World Revolution — Arnold Toynbee. Around The Globe In Twenty Years — Irena Willey. Science. Instant Math — Ann Cutler. Face Of North America — Peter Farb. Catulus — Lester R. Ford. The Fishes — Francis Downes Ommanney. Viruses — Kenneth M. Smith. The Strange Lives Of Familiar Insects — Edwin W. Teale. Useful Arts. The American Heritage History Of Flight — American Heritage. Casserole Cook Book — Better Homes And Gardens. Having Fun With Transistors — Len Buckwalter. The Ancient Engineers — Lyon S. DeCamp. Repairing Home Audio Systems — E. Eugene Ecklund. CCI, Lake Shore Offer Aid In Restoration Of 'Old Ish'

ISHPEMING — The city will do everything possible to restore "Old Ish" to his old self rather than replace him entirely, City Manager Thomas McNabb said today.

Public sentiment is high concerning Ishpeming's popular Indian figure, which maintained guard for so many years over the Main St. and Cleveland Ave. intersection, location of the city square.

and the Lake Shore, Inc., have offered their services in efforts to restore "Old Ish."

The CCI will send a man to the city warehouse to survey the damage and to see if solder might be used on the cast zinc statue.

Chances for restoration of the statue are slim, however, as the metal has been crystallizing to such an extent that the job may be impossible. If a soldering job can be done, then the Lake Shore will enter the picture.

Providing the head of "Old Ish" can be put together, it's in many pieces, the Lake Shore has offered to cast a new head.

McNabb said repair work on "Old Ish" would be tedious because of the many cracks and dents in the statue. He said the city should know by the first of next week if the statue could be restored.

The statue was made by the J. L. Mott Iron Works, of New York, many years ago. That firm is either nonexistent or has an operation under another name, McNabb said. He is trying to trace the origin of the \$900 statue, purchased in 1887 by C. H. Hall, then mayor of the City of Ishpeming.

DeGabriele Appointed Project Engineer By Cleveland-Cliffs

ISHPEMING — The Cleveland-Cliffs Iron Co. announces the appointment of E. M. DeGabriele as project engineer. In this capacity he will be responsible for project planning, supervision of construction contracts and related activities.

DeGabriele, a graduate of Michigan Tech who has done advanced study with the University of Michigan extension service, has been with Cleveland-Cliffs since December, 1945, when he was employed as mining engineer. Since then he has served as operating engineer at the Cliffs Shaft Mine and in 1957 became superintendent of the ore improvement plant at Eagle Mills.

Knox Blasts Committee's Tax Action

WASHINGTON (AP)—Rep. Victor A. Knox, R-Mich., Tuesday criticized action taken by the House ways and means committee on the administration's tax-cut bill.

Knox, a member of the committee, said the move by the "Democratic controlled" committee in approving a provision that would eliminate state and local taxes on gasoline, license fees on motor vehicles, and operator permits as deductible items for income tax purposes "is a direct blow to the low and middle income taxpayers of our nation."

This decision "points out the disregard the Democratic administration has for the people of our country who are contributing the largest share of federal income taxes," Knox said.

He added that if the committee continues to support such provisions offered by the Kennedy administration, it will reach the 5 percent ceiling on deductions that the administration wants enacted into law.

"I did not support the action taken today, nor will I agree to any such similar action in the further consideration of the President's tax proposals," Knox said.

Survivors include two sons, Leslie and Lawrence of Ishpeming, three grandchildren and four great-grandchildren.

85-Year-Old Retired Gas Plumber Dies

ISHPEMING — Axel Sigfrid Peterson, 85, of 1203 N. Third St., died yesterday in Bell Memorial Hospital, where he had been a patient two days.

He was born April 26, 1878, in Ishpeming and has been a lifelong resident of the community.

Mr. Peterson was employed as a gas plumber for Michigan Gas & Electric Co. for 35 years prior to his retirement in 1945, and was a member of the Bethany Lutheran Church.

Survivors include two sons, Leslie and Lawrence of Ishpeming, three grandchildren and four great-grandchildren.

The body is at the Bjork & Zwickler Funeral Home, where friends may call after 4 p. m. tomorrow. Services will be held at the funeral home Friday at 2 p. m. with the Rev. Eskil Bostrom officiating. Burial will be made in Ishpeming Cemetery.

Trenary Man Dies Of Heart Attack At 46

TRENNARY — Elmer A. Iho, 46, died at 4 yesterday afternoon while at Brown Lake, near Trenary. Death apparently was caused by a heart attack.

Mr. Iho was born Jan. 27, 1917, in Bibece, Ariz., and had resided in the Trenary area 35 years. He was a member of the First Lutheran Church of Trenary, the Trenary Lions Club and a 1935 graduate of Trenary High School. He was employed as a farmer.

Surviving are his wife, Miriam; two sons, Michael and John at home; four daughters, Mae of Highland Park, Paula, Cathy and Mary at home; two brothers, Arnold of Royal Oak and Russell of Trenary; and his stepfather, John Suvarito of Trenary.

The body was taken to the Bowerman-Hallifax Funeral Home where friends may start calling at 1 Thursday afternoon.

Services will be held Friday at 2 p. m. in the First Lutheran Church in Trenary. The Rev. Tauno Jarvinen will officiate and interment will be made in Trenary Cemetery.

The body will be taken to the Trenary church at 1 p. m. Friday.

Hager Given NSF Grant In Geology

ISHPEMING — Robert M. Hager, formerly of Ishpeming and now a science teacher in Flint public schools, has been awarded a National Science Foundation grant for a summer institute in geology and astronomy. He will study at Carleton College in Northfield, Minn.

Hager is the son of Mr. and Mrs. Maurice Hager, 323 N. Seventh St., Ishpeming. His wife, the former Charlotte Boase, daughter of Mrs. Charlotte Boase, 412 W. Empire St., is a student at the University of Michigan branch in Flint. She will remain in Ishpeming this summer while her husband is at Carleton.

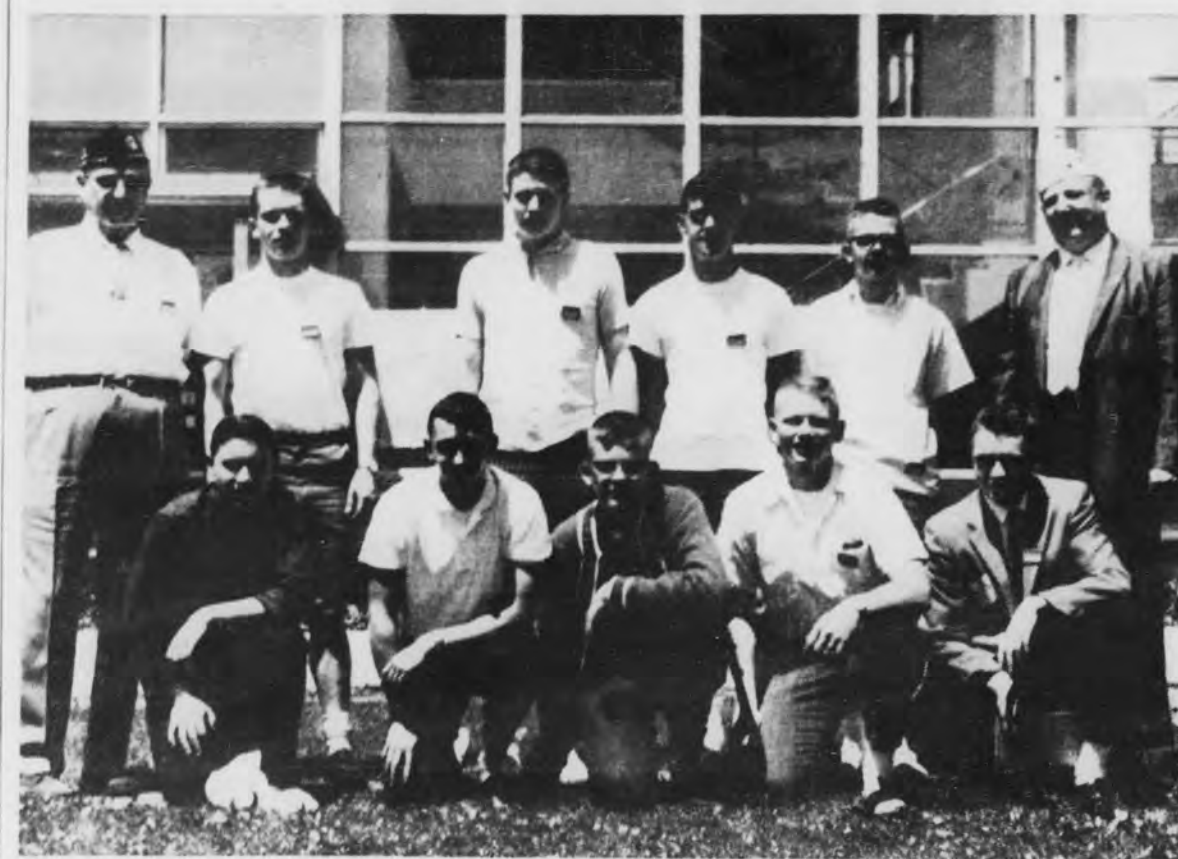

Former Trenary Student Receives N. Y. Scholarship

TRENNARY — A partial scholarship to Fordham University in New York City and a New York state regents nursing scholarship have been awarded Miss Mimi Anderson, a former student of Trenary who graduated from St. Gabriel's High School in Rochelle, N.Y.

Her mother, the late Ina E. Peterson, once taught in Diffin. Miss Anderson attended the Trenary school three years and was an honor student here.

Miss Anderson was elected to the National Honor Society, was president of her school's Science Club and on the staff of the school yearbook and newspaper. She has enrolled as a student at St. John's University in Jamaica, Long Island, N.Y., to major in biology.

Michigamme To Begin Use Of 'ZIP Code'

MICHIGAMME — Michigamme Postmaster John Danielson announced today that Michigamme will begin using a "ZIP" code on all correspondence to speed mail deliveries and reduce the chance of mis-sent mail.

ZIP Code, the Post Office Department's new system of improved mail dispatch and delivery, goes into effect nationally July 1.

Danielson stressed the importance of all residents learning the community's ZIP Code and using it in their return address on all correspondence. In answering mail, he said, "ZIP" Codes taken from return addresses on incoming mail should be used.

"The ZIP Code is literally the last word in mail addressing," Danielson said. "It should follow the city and state in addresses."

The new code plan for the first time will permit the Post Office Department to short-cut repeated address reading.

"The address on mail must often be read as many as eight or ten times by postal employees to get it to the proper destination," Danielson said. "Each handling slows the process of mail dispatch and

adds to the opportunity for human error.

"With ZIP Code, a clerk needs only to glance at the code to know immediately to what national area, state and post office the letter is destined, and to speed it on its way, cutting up to 24 hours off the time between deposit and delivery."

Mich. Tech Dean Assigned To 7 Posts In Society

HOUGHTON — Dr. James M. Neilson, assistant dean of the faculty at Michigan Tech, has been given seven different assignments in the 1963 appointments of the Society of Mining Engineers of the American Institute of Mining, Metallurgical and Petroleum Engineers.

Dr. Neilson, who also is professor of geological engineering at Tech, has been appointed chairman of the society's planning committee, representative of the mining and exploration division of the division's membership committee, and a member of the division's executive, nominating and Jaeking Award committees.

The mining and exploration division is a subdivision of the society, which is a constituent organization of AIME.

Graduate Of NHS Granted Scholarship

NEGAUNEE — A Negaunee student has been named recipient of the United Bakery and Dairy Workers scholarship to attend Northern Michigan University during the 1963-64 academic year.

The student, Miss Susan Heiskanen, 508 Teal Lake Ave., a June graduate of Negaunee High School, will enter Northern in September.

Announced by Northern's honors and scholarships committee, the award, presented by Local 665 of Marquette, is granted annually to a graduate of an Upper Peninsula high school who has been accepted by Northern and who has demonstrated exemplary qualities of scholarship and character.

Ishpeming's Cedar Lake Swimming Area Open Friday

ISHPEMING — The Cedar Lake swimming area will officially open on Friday of this week, weather permitting.

The city has been readying the area for the large turnout of youngsters and adults who flock to the lake each summer.

Two lifeguards instead of three will be on duty there this year, City Manager Thomas McNabb said.

One lifeguard will be on duty from noon to 8 p. m. on Friday, then after Friday there will be one at the beach from noon to 6 p. m. and one from 2 to 8 p. m. during the busiest time of the day.

Marker buoys are out, McNabb said, adding a word of caution: "Anyone swimming beyond these markers will do so at their own risk. The city cannot be held responsible. The concession stand also will be open Friday."

Gwinn Firemen Called 19 Times In Two Months

GWINN — Max Fralick, chief of the Gwinn Fire Department, said today that the department was called out 19 times during April and May. There were 12 grass fires, one overheated stove, two car fires, one dump fire, two forest fires and one chimney fire.

107th Association To Hold 3rd Annual Reunion Aug. 17

ISHPEMING — The third annual reunion of the 107th Engineers Association will be held at the Ishpeming National Guard Armory on Saturday, Aug. 17.

The association is made up of past and present members of the 107th Engineers, and the two organizations which have been at times combined with the battalion, the 254th Engineer Battalion and the 2nd Battalion of the 112th Engineer Regiment.

The first meeting of the association was held in Marquette in August, 1961, and was followed by a second in Sault Ste. Marie last August. This year's meeting promises to be the biggest and best yet, as it will provide an opportunity for some members to get their first look at the Ishpeming Armory, home of the Headquarters of the 107th Engineers.

"Aug. 8 will mark the 83rd year of service to the state and nation since the battalion came into being at Calumet in 1881 as the Calumet Light Guard," Lt. Col. Austin E. Lindberg, battalion commander, said. "The 11 campaign streamers, and the two streamers marking decorations the battalion carries on its colors, which were awarded during combat, are a tribute to the many dedicated men who served with this organization during war and peace. I want to invite these individuals to attend this reunion and to help us make this a memorable occasion."

Members of the 107th Engineers Association are scattered from Seattle on the west coast to Baltimore on the east coast, and members from both places have indicated they will attend Association Secretary Ed Vickstrom is requesting local members to indicate their plans at an early date to permit planning to continue.

A feature exhibit at the reunion will be the battalion's large historical display which has been built in the Ishpeming Armory. Including weapons, uniforms, medals, newspapers and related material, the exhibit will be enlarged by local contributions on loan for this event. Veterans having such material are asked to contact CWO Leonard Lorge at the Ishpeming Armory for display space.

"We are stressing to all former Engineers, and particularly those who wish to attend this reunion during their summer vacations, that we have made plans to include the ladies and hope this will enable many to view the Upper Peninsula as well," Col. Lindberg said.

Wins Scholarship

Robert R. Swanson Jr. (above), son of Mr. and Mrs. Robert R. Swanson, former Ishpeming residents, received a scholarship to the University of Wisconsin and a social studies award and science award at the end of his senior year in Hayward, Wis. He finished second in his class of 199 and was named salutatorian. He plans to study chemical engineering.

Leaves For Mediterranean

Photographed aboard the American Export Lines' S. S. Atlantic when it sailed from New York is Miss Beth Tassone, 162 Bluff St., Ishpeming. She is on a vacation trip to the Mediterranean.

Registrations For Negaunee Swimming Program Over 270

NEGAUNEE — Registrations for the 1963 summer swimming program passed the 270 mark this morning and are expected to equal or exceed the 287 recorded last year, Marshall Phillips, water program supervisor, disclosed today.

Sponsored jointly by the City of Negaunee and Negaunee School District, the program is held at Van Riper State Park on Lake Michigan.

Costs of supervisory personnel are defrayed by the municipality, while the school district provides buses and drivers to transport children to the beach. Children who have previously learned to swim will hold their first class Thursday afternoon, and non-swimmers will meet Tuesday afternoon. The two groups will continue to meet on these days during the next eight to 10 weeks, weather permitting. Buses will leave the Negaunee High athletic field at 1 p.m. each day and the beach at approximately 4 p.m.

Miss Judy Korpinen, Negaunee, has been appointed to serve as swimming instructor.

D.L. Chiri Elected By K-C Council

NEGAUNEE — Dominic L. Chiri, 421 Croix St., Negaunee, was elected grand knight of Bishop Eis Council, Knights of Columbus, at the annual business meeting of the unit held in the K. of C. clubrooms. Chiri succeeds Dominic J. Digheira.

Time To File Timber Case Briefs Okayed

L'ANSE — Additional time to file supplemental briefs has been granted to both parties in a timber trespass suit by Circuit Judge Leo J. Brennan.

Testimony in the non-jury civil suit by Mrs. Agnes O. Person and others against Oscar Emblad and Emblad & Son, a co-partnership, was heard in Baraga County Circuit Court by Judge Brennan, who ruled that the plaintiff should have 15 days in which to file additional briefs. The defendant also was granted a 15-day period following the filing of the plaintiffs' briefs to prepare an answer, and the plaintiff then will be given an additional five days to prepare a final brief for the court's inspection.

Following receipt of all briefs, Judge Brennan will take the matter under advisement and enter a decision at a later date.

Testimony at the hearing was taken from Mrs. Person and James A. Grant, Baraga, and witnesses for the defendant were Kermit Emblad and Miss Sigrid Von Zellen, both of Skanee. Mrs. Person is represented by the Marquette law firm of Baldwin & Kendricks and by Albert W. Hooper, Ishpeming. Messinger & Talbire, Houghton, are attorneys for the Emblads.

Mrs. Person's suit is based on an alleged timber trespass on land owned by her and others. Emblad acknowledge removal of approximately \$600 worth of timber from the Person land, but claimed he had purchased the timber rights from the Von Zellen family for \$5,500. Miss Von Zellen testified that the timber rights to the property were originally purchased by her family in 1906 and subsequently sold to the Emblads.

Vacation School Classes To Give Program Friday

GWINN — The vacation Bible school being conducted by the Gwinn Methodist Church this week will end with a program Friday evening at 7 in the sanctuary of the church. Scripture readings, prayer and songs will be presented by the children. Lunch will be served in Fellowship Hall following the program.

Parents and friends are invited.

Chaperones Listed For Ishpeming Dance

ISHPEMING — Chaperones for tomorrow night's Youth Center dance at the Ishpeming High School gymnasium will be Mr. and Mrs. Earl Decaire, Mr. and Mrs. Clarence Carlson and Mr. and Mrs. John Dobson.

Autoworker Holds On To One-Cent Pay Check

DEARBORN (AP)—Auto worker Robert Paul Fink is going to hang up his one-cent Ford Motor Co. pay check in his trailer home. "I don't know how the company's books will work out but I'm going to put it up on the wall," Fink said.

Fink, 22, was on a week's vacation when workers got a cent-an-hour cost of living pay increase. He had collected his pay in advance.

So he had 40 cents coming—for the 40-hour work week.

But Uncle Sam took nine cents for the income tax and the Torch Drive got 30 cents as Fink's pledge. The penny was left.

Three Fined In Reckless Driving Cases

NEGAUNEE — Guilty pleas were entered in Negaunee Municipal Court by three area motorists arrested by city police over the weekend on reckless driving charges.

Terry Lee LaForest, Negaunee, and James G. Paris, Marquette, each paid a \$25 fine plus \$4.70 costs, while Thomas Oom, Sawyer, AFB, paid a \$25 fine and \$3.70 costs.

Also appearing before Judge William Haupt were three persons arrested by state police.

Joanne Salminen, charged with illegal possession of beer by a minor, paid a \$10 fine and \$4.30 costs. Alan Whitford, Negaunee, paid a fine and costs amounting to \$8.70 for permitting an unlicensed minor to drive, and Daniel Gravedoni, Negaunee, paid \$5 for failure to have license plates on the vehicle he was driving.

"Polemics" is the art of disputation and controversy, that is, "waging war with words."

Conservation Club Baked Goods Sale Slated For Friday

MUNISING — The Munising-Alger Conservation Club will hold a baked goods sale Friday, starting at 9 a. m. in the Munising Hardware Store. All members are asked to donate baked goods.

Proceeds from the sale will be used to remodel the kitchen in the clubhouse.

Band Concert In Ishpeming This Evening

ISHPEMING — The Ishpeming City Band will present its second concert of the season tonight at 7:30 in the Miners' First National Bank parking lot.

There will be 12 selections on the program, with the first being "Hofstra's March" (W. Paris Chambers).

Others are "Overture Belgique" (Joseph Batwens), "Hollywood Serenade" (Albert Davis), "The

Cruiser Makes First Stop In Munising Next Tuesday

MUNISING — This Lake Superior port, along with Houghton in the Copper Country, again will be visited by the S.S. South American of the Georgian Bay Line weekly during summer cruises.

As they have in past years, the Munising High School band and city officials will be on hand to greet the vessel every Tuesday.

Passengers usually leave the ship to browse around Munising's shopping center and to visit nearby scenic attractions for an hour or two before continuing their cruise on the Great Lakes.

Community band music will greet voyagers when the cruiser docks in Houghton. Chief and Mrs. Herbert Welsh of L'Anse, atired in all their Indian finery, will be included in the Copper Country's official greeting party this summer.

On each of its 10 seven-day, 2,200-mile cruises of the Great Lakes, the South American will leave Buffalo, N.Y., every Saturday and stop at Cleveland, Detroit, Mackinac Island and Duluth, in addition to Munising and Houghton. Passengers may board the ship at any of those points to begin the lakes cruise.

The vessel will leave Buffalo on its first trip Saturday, June 22, and every Saturday thereafter through Aug. 23. Its first stop in Munising will be Tuesday morning, June 23, and it will reach Houghton that evening.

The rare okapi is a strange creature with a giraffe head, donkey ears, horse-like neck, elk-like body and zebra legs.

Tri-County Briefs

Alger - Baraga - Marquette

Chatham-Eben

Mr. and Mrs. James D. Moore, who spent the winter at their house trailer in Tarpon Springs, Fla., have returned to spend the summer at their cottage at Rock River.

Mr. and Mrs. Herbert Klug and Mr. Klug's sister of Mequon, Wis., are visiting at Mrs. Klug's summer home at Shelter Bay. Mrs. Klug, before her marriage, was Miss Bethany Seeley, who resided at Shelter Bay.

Mr. and Mrs. Gene Williams have returned to Delaware after visiting Mr. Williams' parents, Mr. and Mrs. Richard Williams.

Mr. and Mrs. Ralph Ford of Columbus, Ohio, have been visiting here.

Mr. and Mrs. Arnold Keskimaki and sons have returned from a visit with relatives in Port Huron and Detroit.

Mr. and Mrs. George Whitman and family of Port Huron visited here recently enroute to Houghton, where they attended the graduation of a nephew, Dennis Whitman of Munising, from Michigan Tech.

Mrs. Arnold Ikkala has returned from a visit in Green Bay with her brother and sisters-in-law, Mr. and Mrs. Joseph Brad.

Mr. and Mrs. Tony Maurer and Mr. and Mrs. Joseph Mukalski of Ubley, Mich., were recent visitors at the home of Mr. and Mrs. Jack Little.

Mrs. Hilda Treford has left to spend a month visiting friends and relatives in Waukegan and Chicago.

Mr. and Mrs. Paul Sheppard have returned to Milwaukee after visiting Mrs. Sheppard's parents, Mr. and Mrs. Emil Hendrickson. They were accompanied to Milwaukee by Robert Hendrickson, Mrs. Sheppard's brother, who will visit with them.

Palmer

Mr. and Mrs. Calvin Trehwella and family returned to Battle Creek after spending a week here visiting relatives. They were accompanied home by Mr. Trehwella's mother, Mrs. William Trehwella, who will visit there and in Detroit.

Mr. and Mrs. Eino Harnala and son of Grand Haven are visiting relatives and friends here.

Mr. and Mrs. John Kaitkonen have left for Florida. They expect to be gone several weeks.

Mr. and Mrs. Arnold Oster and son, Erick, of Yosemite Park, Calif., and Mrs. Jennie Griggs of Ishpeming, visited relatives here last week.

Republic

The monthly pasty sale conducted by St. Augustine's Rosary Altar Society will be held at the rectory Tuesday, June 25, beginning at 11 a.m. Orders may be placed by calling 376-8196.

The Republic Township Board will meet in the Wouille building at 7 Friday evening.

Evangelistic services will be held in the Apostolic Lutheran Church South Republic, at 7:30 Friday evening, with the Rev. John Rikonen of Berkeley, Calif., speaking in English and Finnish.

Negaunee

The Rachel Circle of Immanuel Lutheran Church will meet Thursday afternoon at 2 in the home of Mrs. Toivo Wilson, 405 Bay de Noc St. The Dorcas Circle will meet Thursday night at 7:30 in the home of Miss Siana Kuivila, 709 Maas St.

The Past Matrons Club of the Order of Eastern Star will meet Thursday night at 7:30 in the home of Mrs. Robert Wills, Stoneville Road, Ishpeming.

Mr. and Mrs. Hugo Peterson were visitors Saturday at the home of Mr. and Mrs. Werner Freeman, Iron River. Mr. Freeman is critically ill at his home.

Mr. and Mrs. Charles Olson, Chicago, and Mr. and Mrs. Fred Olson, Amasa, visited with Mrs. Arthur Kantola, who is critically ill in Bell Memorial Hospital.

Gwinn

Troop 122, Gwinn Brownies, will hold a picnic at the Gwinn Tourist Park Thursday. The Brownies are asked to meet at the park at noon. Mrs. Leonard Tipolt, leader, assisted by Mrs. Howard Dixon and a group of mothers, are in charge of arrangements.

Two years, between the ages of 8 and 10, will all the schooling had by Benjamin Franklin.

Trenary

The joint installation of Trenary and Chatham Lions Club officers, scheduled for tomorrow night, has been postponed until Thursday, June 27.

A special meeting of the WSCS of the Methodist Church will be held Monday at 8 p.m. in the church. All members are asked to attend to help plan a July 4th activity.

An immunization clinic for dogs will be held Saturday, from 10 a.m. until noon, in the town hall.

Mary Jane Rodgers and her fiancé, William Humble, have returned to Detroit after visiting Mr. and Mrs. Andrew Rodgers.

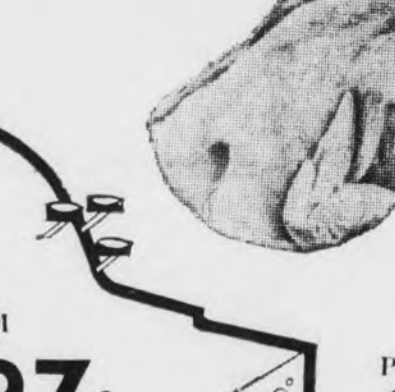

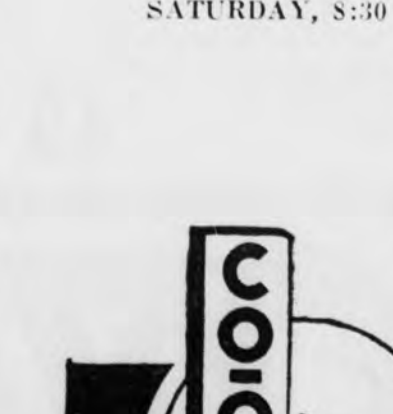

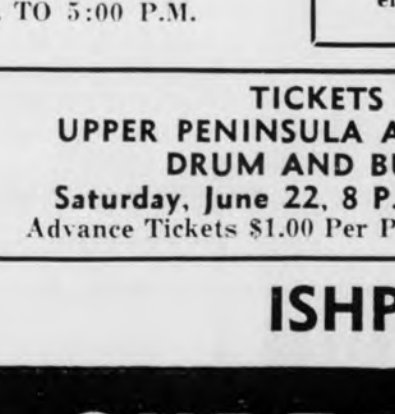

Larry Hill, Karen Hager and Catherine Ho spent Saturday at a 4H rousers training school at Clear Lake.

Mrs. Michael Argentino and children, Bill and Esie, have arrived from Fresno, Calif., to spend the summer. They were accompanied by Ann Dalton and James Reiner.

Edward Robert Sr., employed at Rudyard, spent the weekend with his family here.

Pastor and Mrs. Herbert Franz have returned to Cloquet, Minn., after attending dedication services of the First Lutheran Church.

OLE ASGAARD — Services for Ole Asgaard, who died Saturday, were held at the Bjork & Zhukie Funeral Home this afternoon. Pallbearers were Reginald Novell, William Aderton, George Carlson, T. T. Symons, Paul Zhukie and Oscar Tislov. The Rev. Eric Hammar officiated and burial was made in Ishpeming Cemetery.

INVITATION

Mr. and Mrs. Wm. Kosonen invite their friends, neighbors and relatives to their Silver Wedding Anniversary Celebration, Sunday, June 30th, afternoon and evening at their home on Cliff Hill.

Generator Purchase Approved In L'Anse

L'ANSE — The L'Anse Village Council voted unanimously at this month's meeting to purchase a new 1,000-kilowatt diesel power generator for the power house.

Acting on recommendation of a three-man power committee, the council agreed to call for bids on the engine, with specifications to be drawn up by Steven Georgeoff, superintendent of the light and water department, and the committee, comprised of A. Edward Moilanen, chairman; Leonard Smith and Frederick Foy.

The recommendation came as a result of a study by the committee of several alternate proposals offered by the Upper Peninsula Power Co. to furnish 100 per cent, 75 per cent or 50 per cent of the village's power requirements and the Sims Report, prepared by an independent firm of engineering consultants which was recommended by the Michigan Municipal League.

Comparison Of Costs

Moilanen told the council that the Sims Report stated the village probably could produce its own power for \$995 per kilowatt, while the power company report states it would cost the village \$6180 per kilowatt. A study of village accounts shows the village power house has been generating power at a cost of approximately one and one-half cents a kilowatt during the past year.

The village has been purchasing half of its power requirements from U. P. Power Co., and village figures show that this power has cost \$91473 per kilowatt, including demand charges for peak loads, during the past year. In addition, the village has been generating 50 per cent of its power requirements, using a five-year-old 350-kilowatt capacity engine and three stand-by generators.

"The committee feels we should either get into the business of generating power or get out of it," Moilanen stated. "We probably should have gone into a larger engine five years ago, but now is the time to go ahead."

Moilanen and Kenneth Kent, village president, both noted that the larger engine would permit more economical generation of power because of reduced fuel consumption and lower operating costs. They estimated that the present generating rate of \$615 possibly could be cut to less than a cent.

'Pays To Know' Meeting Set For Baraga County Tomorrow

L'ANSE — An "It Pays to Know" meeting, sponsored by the Baraga County Tourist Association, will be held tomorrow morning at 8:30 in the L'Anse town hall.

All area businessmen are urged to send their clerks, gas station attendants, waitresses and secretaries to the meeting, which will be concluded by 10 a. m.

Indian Opposes Street Brawling 'To Gain Point'

EAU CLAIRE, Wis. (AP) — A Menominee Indian official says that Indians can gain leadership only by training and hard work, and not by joining in the activities of other minority groups.

"Every man, woman and child must have the guts to learn to work," George Kenote told an Indian leadership forum. "The Negro would like to have the Indian and other minorities to join him and sandbag people to our way of thinking which can only lead to violence."

"I would hate to see us brawling in the streets to gain our point."

Kenote is supervisor of the sawmill operation that is a major support of the economy in Menominee County, which was formed of the old Menominee Indian reservation in northeastern Wisconsin. He said Negroes in the United States have been frustrated for 100 years, but the social problems of Indians go back more than 300.

"I cannot recall federal troops called to rescue any other group," he said. "Our own history is just the opposite."

2 Manistique Men Fined, Sent To Jail

repair expenses.

To Issue Revenue Bonds

The council also agreed to call for firm bids when purchasing diesel fuel oil, in preference to the present system which includes an escalator clause, permitting the price to fluctuate during the year.

The new engine is to be financed through sale of revenue bonds rather than special millage, thereby eliminating the need for additional millage to be spread on the tax rolls. Moilanen proposed that enough additional money be raised to pay for a complete overhaul of the old machinery and put all power house equipment in first class operating condition.

Kent suggested establishment of an electric utility commission, similar in scope to the hospital board, which would control power house operations.

"These should be people trained in the fields of electrical engineering and finance, who would run the power operation for the village and make recommendations to the council on rates, equipment purchase, services, etc.," he declared.

"There are many well qualified and highly trained people who will never run for political office, whose talents should be utilized."

Kent proposed that a commission of five members be appointed by the council, whose terms would be staggered in such a way that one term would expire every year.

G. Glen Sands, village clerk, was instructed to contact the Bessemer City Commission to get information on its public works commission and its functions, and to report to the council at next month's meeting.

2 Manistique Men Fined, Sent To Jail

MUNISING — Two Manistique young men paid fines and costs totaling \$180 when they were arraigned in justice court here yesterday before Judge Walter Jonas, and two juvenile companions were turned over to Alger County Probate court for disciplinary action.

Charles M. Kerridge, 22, and Harry Frans, 21, were arrested by Munising city police on charges of contributing to the delinquency of minors. Kerridge paid a fine of \$50 and costs of \$15 and was remanded to jail for 20 days. Frans, charged with contributing to the delinquency of a minor and being drunk and disorderly, paid a \$75 fine and court costs amounting to \$20 and was sent to jail for 22 days.

The two juvenile boys, ages 15 and 16, were arrested for breaking and entering beer trucks at the J. H. Gatiss Distributing Co. warehouse.

SELF-PLANTING FLOWER

Each seed of the flower *Miliria* has a coiled tail that hooks riders on passing animals. When the seed falls to the ground and gets damp, the tail uncoils, sometimes twisting the seed into the earth and thus planting itself.
