## Mafia's 'Shield' Cracks

ROME (AP)—A grieving Sicilian woman whose family was wiped out by Mafia vengeance finally said "basta" — enough. Because she did, 29 "Mafiosi" (Mafia members) are now accused in 9 of 600 murders blamed on the Mafia since 1945. The shotgun blasts that killed Rosa Messina's husband and five sons ripped away the fear that had long stilled her tongue.

DR. STEPHEN WARD

## Crown Opens Sex Trial Of Stephen Ward

LONDON (AP)—The crown put Dr. Stephen Ward on trial before a jury of 11 men and a woman today and accused him of keeping pretty girls as sex pets for hire to men.

Part of the answer is to be found in the slaughter of seven policemen, blown to pieces June 30 in a booby-trapped car. They were investigating a similar time-bomb blast that killed two workmen the day before in a Palermo suburb.

But the broader answer is seen in changing attitudes of the crowded island at Italy's tip, where Palermo is the Mafia's headquarters. The Sicilians are beginning to see the world outside. Television and the new prosperity on the Italian mainland are showing them it is possible for people to live peaceful, private lives without being forever tied to a web of fear, extortion and murder.

## 58 Reds Killed In Viet Nam Fight

SAIGON, Viet Nam (AP)—South Vietnamese forces fought the fiercest battle of the year against Communist guerrillas last week, ending, killing 58 Reds and capturing 19 others.

## The Weather

Forecast for Marquette and vicinity: Generally fair tonight and Tuesday; low temperature tonight, 55 to 60. High on Tuesday, 80 to 85. Outlook for Wednesday: Partly cloudy and warm, chance of scattered thundershowers.

## Fighting Reported In Hills Of Haiti

SANTO DOMINGO, Dominican Republic (AP)—Fighting with heavy casualties is reported breaking out nightly in the hills surrounding Port au Prince, capital of neighboring Haiti, in a new attempt to topple President Francois Duvalier.

## Union To Fight Discrimination

WASHINGTON (AP)—A new major national campaign against racial discrimination was announced today by the AFL-CIO. George Meany, AFL-CIO president, said he will assume personal command of the effort. He named four other union chiefs to serve with him on a special committee.

## JFK's Plan: Put Dispute Before ICC

WASHINGTON (AP)—President Kennedy came up today with this plan for legislation to bar a railroad strike: Put the work rules dispute before the Interstate Commerce Commission for disposition.

## Final Touches Being Put On Nuclear Pact

MOSCOW (AP)—Soviet sources said today a working party put finishing touches this morning on an East-West treaty banning nuclear tests in the air, outer space, and under water.

## Brazilian Girl Wins Miss Universe Title

MIAMI BEACH, Fla. (AP)—Miss Universe, shy 18-year-old Ieda Maria Vargas of Brazil, had her first date for her coronation ball—a thronged formal affair with all the trappings of royalty.

## Crippled Tanker Waits For Help

PORTSMOUTH, Va. (AP)—The Norwegian tanker Honnor, crippled in a collision and largely at the mercy of the sea, awaited an ocean-going tug today 200 miles off Cape Henry.

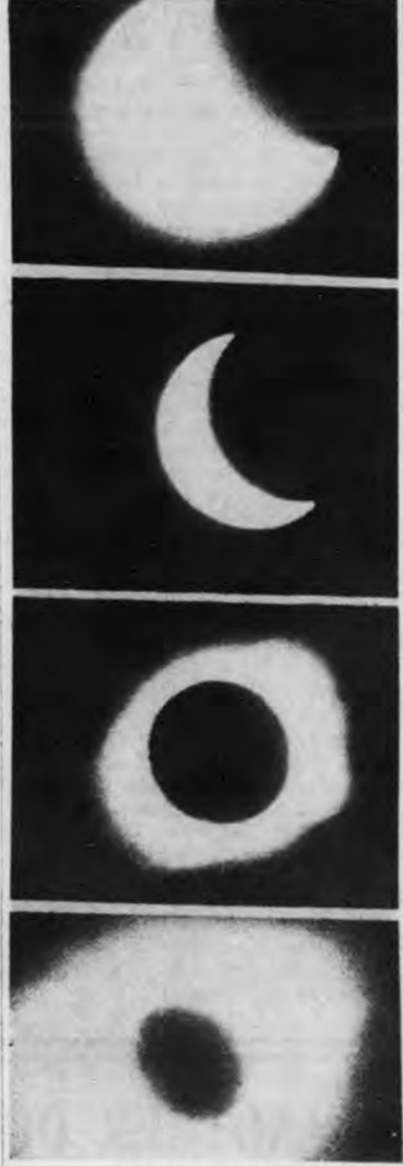

## Pickets Protest Discrimination

About 500 pickets protested job discrimination at a Brooklyn construction site Monday and New York police made mass arrests when the pickets refused to budge from the path of construction equipment.

## Miss Universe With Runnersup

Ieda Maria Vargas of Porto Alegre, Brazil, occupied the Miss Universe throne after winning the title at the Miss Universe Beauty Pageant Saturday. She was flanked by the runners-up who are, from left, Miss Ireland, Marlene McKeown, second runner-up; Miss Denmark, Aino Korwa, first runner-up; Miss Universe, Miss Philippines, LaLaine Bennett, third runner-up; and Miss Korea, Kim Myung-Ja, fourth runner-up. (AP Wirephoto).

SOLAR ECLIPSE

## Longer Look At Eclipse To Aid Scientists

EDMONTON, Canada (AP)—Scientists believe a longer look at the sun's eclipse will provide valuable information about solar flares and a better understanding of how the sun affects weather.

## Rescue Units Keep Hunting Boat Victims

QUEBEC (AP)—Rescue crews continued to search today for the bodies of 15 victims of the collision Saturday of an ore carrier and a freighter.

## Italian Cardinal Dead At Age 79

VATICAN CITY (AP)—Valerio Cardinal Valeri, prefect of the Vatican Congregation of Religion, died today in his apartment in the Palace of the Holy Office.

## Governors' Vote Submerges Spat On Civil Rights

### Political Dust Fills Air At Conference

MIAMI BEACH, Fla. (AP)—New York Gov. Nelson A. Rockefeller and Sen. Barry Goldwater, R-Ariz., kicked up a cloud of political dust over the annual Governors' Conference today with a whirlwind race for the 1964 GOP presidential nomination.

### Lake Ordeal Didn't Faze Little Girl

NEW ORLEANS (AP)—"Let's have another picnic." So said Christy Martine, 3, who was rescued Sunday after she had been lashed for nine hours to the bow of a swamped boat in Lake Pontchartrain.

### Resolutions Committee Wiped Out

MIAMI BEACH, Fla. (AP)—By a 32-16 vote that largely followed party lines, the 55th annual Governors' Conference submerged its controversial resolutions today by agreeing to wipe out its resolutions committee.

### Smear Tactics

In Washington, a Goldwater aide said that the conference Democrats are beginning to panic because of Senator Goldwater's dramatic rise in popularity.

### Returned From Picnic

The boating party had crossed the lake from New Orleans to visit the church people who were picnicking on the north shore.

### Cardinal Prays With Protestants

MONTREAL (AP)—A Roman Catholic cardinal joined Protestant and Orthodox church leaders in an historic public prayer Sunday night calling for Christian unity.

### Glaring Terms

GOP Gov. Paul Fannin of Arizona, who described Goldwater in glowing terms at a news conference, remained unsure whether he would support the New York governor's move to put the state executives on record as favoring a strong civil rights stand.

### Red Chinese, Soviets Will Confer Again

MOSCOW (AP)—Red China and the Soviet Union say they have agreed to meet "some time later"—and make another try at settling their bitter ideological dispute. Diplomats in Moscow did not expect the meeting would be held soon.

### Swims 7 Miles

Another priest, the Rev. John Sauvageau, O.M.I., 45, of New Orleans, swam seven miles to shore, without a life preserver. He summoned the Coast Guard.

### Stayed Behind

Father Ballergeon, who could not swim, stayed behind to take care of the child until help came.

### Returned From Picnic

The boating party had crossed the lake from New Orleans to visit the church people who were picnicking on the north shore.

### Cardinal Prays With Protestants

MONTREAL (AP)—A Roman Catholic cardinal joined Protestant and Orthodox church leaders in an historic public prayer Sunday night calling for Christian unity.

### Glaring Terms

GOP Gov. Paul Fannin of Arizona, who described Goldwater in glowing terms at a news conference, remained unsure whether he would support the New York governor's move to put the state executives on record as favoring a strong civil rights stand.

## Valuation Of Building Permits For Marquette Decrease During June

Valuation of building permits issued last month in Marquette amounted to about one-third of the valuation of permits issued in June last year.

Last month only 12 permits, valued at \$52,800, were issued. For the same month last year, 22 permits valued at \$158,000 were issued, reports John R. Meyers, inspector and city assessor.

However, valuation of permits issued so far this year is ahead of the value of permits issued during the first six months last year.

Big NMU Permits

The greater value of permits issued so far this year is largely due to a permit issued in April to Northern Michigan University for the construction of a \$935,000 addition to the state center.

The 12 permits issued here last month included permits for four new homes, four garages and four residential additions or alterations.

Permits taken out last June were for 10 new homes, two garages, six residential additions or alterations, three commercial buildings and on commercial addition.

Forty-two permits had been issued up to July 1 this year, as compared to 57 for the same period last year.

Permits for residential dwellings were issued last month to: Alfred Feltner, Wright and Fitch St., and Statewide Homes, at 1513 Norway St.; 900 block, W. Magnetic St., and 1100 block, Northrop St.

Permits for additions or alterations were issued last month to: Robert Taylor, 1612 Gray St.; Frank Carrier, Werner St.; Dr. Luciano Celori, Schoolcraft Rd.; John Tuttle, Neidhardt Ave.; and Evald Summers, Center St.

Permits for garages were issued last month to: Lawrence Weymouth, Lynn St.; Evald Bystrum, 229 W. Hewitt Ave.; and John Myhrall, 104 Raymbault Dr.

Statistical Breakdown

A breakdown of the statistics for last month follows.

Residential construction: four permits, valued at \$45,000;

Garages, four permits, valued at \$3,450.

Residential additions or alterations, four permits, valued at \$4,400.

Comparative figures for the

same month in 1962 showed the following:

Residential construction, 10 permits, valued at \$85,000; garages, two permits valued at \$2,000; residential additions or alterations, six permits valued at \$2,300; commercial buildings, three permits valued at \$67,000 and commercial additions, one permit, valued at \$1,500.

Cumulative Totals

Cumulative statistics for both years follow with the 1963 figures listed first and the 1962 figures following in parentheses:

Residential construction: 18 permits, \$193,000 (24 permits, \$221,000).

Garages: 11 permits, \$10,100 (11 permits, \$7,700).

Residential additions or alterations: 11 permits, \$13,600 (15 permits, \$19,000).

Commercial buildings: one permit, \$10,000 (four permits, \$67,500).

Commercial additions or alterations: one, \$935,000 (two permits, \$7,300).

Institutional buildings: None in 1963 (one permit, \$400,000).

Laird To Take Five-Day MSU Aural Course

Ralph Laird, 112 Raymbault Dr., speech correctionist in the Marquette Public Schools for the past eight years, has been accepted for a short course in aural rehabilitation, presented by the department of speech, Michigan State University, East Lansing, to be held from July 29-Aug. 2.

The five-day course is sponsored by the Neurological and Sensory Disease Service Program, U. S. Department of Health, Education and Welfare, Washington, D. C.

Subjects to be discussed throughout the course are: Identification of the acoustically handicapped, medical rehabilitation, hearing aids, lipreading, auditory training, speech conservation and general educational considerations.

All applicants must hold a bachelor's degree and be interested in a career in speech and/or hearing rehabilitation.

In Doctoral Work

Laird has a bachelor of arts degree from the State College of

## Eradication Of Ragweed Now Will Help Lessen Effect Of Impending Hay Fever Season

Ragweed, which grows very abundantly in this area, should be pulled up by the roots before the first week in August, City Sanitarian Ronald S. Maitland said today.

Ragweed causes nine-tenths of all hay fever ailments, Maitland pointed out.

The only way to stem pollination activity is to remove the plant from the ground before the spikes appear and ripen, he said.

"The plant must be pulled up by the roots between now and the first week of August to make sure it won't pollinate," Maitland said.

Effect Of One Weed Cited

Each year between mid-August and the end of September, the ragweed plant unleashes billions of microscopic grains of pollen and persons who are subject to irritation from the pollen grains suffer from an acute nasal catarrh and watery eyes.

One ragweed plant can pollinate the air with from five to eight billion grains of pollen.

Some persons start to sniffle from the effect of just one grain, Maitland noted.

Ragweed grows wild in fields, vacant lots and along highways. Its leaves are shredded like rags, giving the plants its name.

Two types of ragweed grows in this area, the common or low ragweed and the giant plant, Maitland said.

Grow Close Together

The plants grow abundantly and close together, and can be readily distinguished from other weeds

and grasses because of leaf shape.

During August and September, when pollination of the plant is at its peak, an accurate count of the grains per cubic yard of air will be taken daily by the city sanitarian and reported in The Mining Journal.

Hay fever sufferers usually show symptoms when the grains reach a concentration of 100 per cubic yard of air, although some people are affected by much lesser concentrations, Maitland said.

There is no law to the effect that the President of the United States must take the oath of office in Washington, D.C.

## Seven Automobiles Damaged In Three Collisions In City

Seven automobiles were damaged and a motorist was ticketed, but no one was hurt, in three traffic crashes which occurred in Marquette during the weekend.

Three other area collisions were investigated by state police from the Marquette post (see other local traffic accident story and story on Page 12). Reports on the city crashes follow:

1. Still under investigation today was a three-car wreck which took place at 10:43 last night in the 500 block of W. Washington St.

Involved were two parked automobiles owned by George Schaefer, K. I. Sawyer Air Force Base, and Janet J. Saari, Route 1, Champion, and a vehicle registered in the name of Gene LaChapelle, Shoreland Hotel.

Driver Leaves Scene

City police said the car registered in LaChapelle's name was being driven east on Washington St. and went out of control, traveling to the right and smashing into the Schaefer car, which was parked in front of 519 W. Washington, and then continuing on, hitting the Saari vehicle, which was parked in front of 513 W. Washington.

The impact shoved the Saari car forward about 10 feet and on to the sidewalk another three feet.

When city police arrived at the scene the driver of the car registered in LaChapelle's name had left the scene. Police were unable to look for him immediately because of the traffic tieup.

Extensive Damage Results

Extensive damage resulted to the right side and front end of the 1962 sedan registered in LaChapelle's name and to the left rear of the Schaefer vehicle, a 1963 sedan. Both cars were removed from the scene by wreckers. The rear end of the Saari automobile, a 1956 sedan, was damaged. Her car was driven from the scene under its own power.

2. At 6 p.m., yesterday a car being driven north on N. Front St. by Priscilla Bertrand, 1096 S. Lake St., struck an automobile owned by Bernard E. Calkins, 941 Wilson St., which was parked on the east side of the street, in the 900 block.

Car Not Under Control

City police said she turned to the right when she met an oncoming vehicle.

The right front fender, bumper and headlight of the Bertrand car, a 1956 sedan, and the left rear fender of the Calkins vehicle, a 1961 sedan, were damaged. Both cars were driven from the scene under their own power.

Mrs. Bertrand was ticketed for failing to have her car under control.

3. An automobile being driven east on W. Spring St. by Arthur W. Goos, 515 E. Arch St., struck the left front door of a car owned by William L. Klein, Route 2, Marquette, which was parked on the south side of Spring, west of S. Front St., at 10 Saturday morning.

City police said the mishap occurred when Klein opened the door as Goos was driving by.

Extensive damage resulted to the door on Klein's 1959 sedan and minor damage occurred to the right front fender of Goos' 1960 sedan. Both vehicles were driven from the scene under their own power.

Construction Report Due At Board Meeting

Board of education members will hear a report on the schools' construction program at their regular meeting tomorrow afternoon at 4 in the Graveraet building.

Wilho Kilpela, clerk of the works, will report on construction progress at the Marquette Senior High School, and the six-room additions to Whitman and Sandy Knoll Schools.

Board members also will approve specifications and call for bids for the year's supply of fuel oil, school bus gasoline and milk for the school lunch program, and for driving education cars.

The school board meets regularly on the fourth Tuesday afternoon of each month.

Construction Of Fine, Practical Arts Building 60 Per Cent Finished

Construction of the Fine and Practical Arts Building at Northern Michigan University is 60 per cent completed. This view, from the N. Seventh St. entrance to the campus, shows crews at work on the roof of the forward east section, which houses the auditorium. The building will be occupied when classes begin in September, according to college officials. Prime contractor for the work is Gundlach Construction Co., Houghton, which began work on the project last September. Work proceeded throughout the winter, despite the severity of the cold waves. The \$2.5 million structure will contain classrooms and offices for the departments of music, art, drama, industrial arts and home economics. The auditorium will seat between 500 and 600 persons.—(Mining Journal photo).

City Asks C-C's Help In Keeping Business Area Free Of Trash

Marquette's city commission has decided to ask for help from the chamber of commerce in a program to rid the downtown sidewalks of trash and discarded papers.

The problem was brought up by Mayor C. Fred Rydholm, who told the commission that he'd "heard lots of talk about the papers that blow around on Front and Washington Sts."

**No. State Reimbursement**  
Public Works Department Superintendent Howard L. Coppens noted that the city cannot be reimbursed by the State Highway Department for manual sweeping of U. S. 41.

Mechanical sweeping, for which the city receives some state funds, has to be started at 5 p. m., before heavy traffic begins to travel the highway through town, Coppens said. He pointed out that mechanical sweeping does not cover sidewalks, and that some street space often can't be cleaned because of parked cars.

Rydholm and Commissioner Elmer K. Carlson both suggested that "something could be worked out with the chamber."

Commissioners noted that most merchants already clean up the areas in front of their stores.

**Resolution On Nuns**  
"It's impossible to put the blame on any one group of people, but perhaps we could solicit the cooperation of merchants, through the retail division of the chamber, in tackling this problem," Mayor Rydholm said.

The commission passed a resolution thanking the Sisters of St. Agnes for 60 years of service at the Holy Family Home. The 10 nuns now at the Holy Family Home are leaving at the end of the month for their motherhouse at Fond du Lac, Wis.

Also at the special commission meeting City Manager Thomas Moore reported that he had visited installations of diesel engines

NMU Graduate Takes U. P. Child Guidance Position

ESCANABA — Frank J. Waitrovich, 32, of Niagara, Wis., has assumed his new duties as psychiatric social worker and supervisor of the Escanaba Area Branch of the Upper Peninsula Child Guidance Clinic.

Leroy Jones continues with the branch as clinical psychologist. He has been acting supervisor of the branch since the departure of Donald Kern in May 1962.

The branch now is fully staffed again, being served on an itinerant basis of about twice a month by Dr. Elizabeth Kane, Marquette, psychiatrist of the U. P. Clinic. The branch diagnoses and treats children with emotional disorders.

Waitrovich got his bachelor of arts degree at Northern Michigan University in 1958 and did his graduate work at the University of Wisconsin, which awarded him a master of science degree in social work.

He is married to the former Mary Bevers of Marquette and they have three children, Thomas, 4; Lisa Ann, 2, and Mary Ann, 8 months.

Project Started To Double Parking Space In Shiras Park

Parking space at Shiras Park is being doubled, as part of this year's capital outlay plan for the Marquette Parks and Recreation Department.

Completion of the expansion project will be welcomed by the tourists and residents who crowd the beach at Shiras Park on warm weekends, city officials noted. On peak days, approximately 80 to 100 cars jam into the parking area and line the entrance to the park.

James C. Engle, superintendent of the parks and recreation department, noted that crews have also begun brushing and trimming trees in the park.

"We also plan to reactivate the horseshoe courts on the south side of the park. It's all part of a long-range plan to open Shiras Park for more uses," he said.

The parking area is being expanded to the south. Trees have already been cut by parks department crews and a public works department bulldozer was expected to begin taking out stumps today.

Next fill dirt will be hauled in and the new parking area will be gravelled.

"We hope it will be possible to seal coat the new parking area next year," Engle noted.

A bottleneck at the first curve at the entrance to the park, caused by a stump and several large trees, is also being taken out.

Engle said the project is expected to be completed this week.

State Fair Anniversary This Year

ESCANABA — The Upper Peninsula State Fair is marking an anniversary — the 35th year of progress in promoting the agricultural and industrial development of the region this year.

The first U. P. Fair was held in 1928, and names that have meant much to the people in many counties of the Peninsula were listed in that first premium book: John T. Turnbull of Newberry, Herbert E. Perkins of Marquette, Earl D. McDonald of Calumet, A. Wesley Clarke of Sault Ste. Marie

and others were directors. Rushton "Father Of Fair" The late George E. Harvey of Escanaba was secretary-manager of the fair, Sen. H. J. Rushton was described as the "father of the U. P. Fair", and A. A. Lundgaard of Cornell was chairman of the Fair Board. A. W. Thompson of Iron Mountain was vice chairman.

"Among some of the first exhibitors was Jack Stephens of Hubbell, who has except for the War years exhibited poultry continuously ever since," said Ray LaPorte, the present secretary-manager. He named others who have been exhibitors through the years:

Mrs. Arthur Faccio in home economics; Mrs. Pearl M. Brindley of Pickford with Hereford cattle; Mrs. John Wicklander of Escanaba, home economics; A. Wender

and others were directors. Rushton "Father Of Fair" The late George E. Harvey of Escanaba was secretary-manager of the fair, Sen. H. J. Rushton was described as the "father of the U. P. Fair", and A. A. Lundgaard of Cornell was chairman of the Fair Board. A. W. Thompson of Iron Mountain was vice chairman.

## West Contributor To Army Preventive Medicine Volume

Dr. Luther S. West, dean of arts and science at Northern Michigan University, is a contributing author to the sixth and most recent volume on preventive medicine in World War II, published by the Office of the surgeon general, Department of the Army.

The official History of World War II includes an important series of volumes on preventive medicine, as administered by the office of the surgeon general of the U. S. Army from approximately 1940 through 1946.

The latest unit to be issued is Volume VI of the sub-series devoted to communicable diseases. This volume deals exclusively with malaria. Thirteen authors, each a world authority on one or more aspects of the subject, have pooled their knowledge and experience in interpreting the numerous documents, communications, and reports which represent military operations during the period concerned and which, in many cases, have been classified as restricted, confidential, or secret, until very recently.

West, prior to his retirement as a lieutenant colonel in the Medical Service Corps, was given the responsibility of preparing that portion of the volume which deals with South Atlantic and Caribbean areas.

Approximately one-fifth of the volume's 642 pages are devoted to these geographical regions. West's report concerns both the Caribbean Command and the South Atlantic Command at their greatest expansion during the war years. The total geographical area involved extends approximately from 30° north latitude to 40° south latitude and from 30° west longitude to 95° west longitude.

**Background of Activity**  
The Caribbean activities are especially interesting, as they rest on the background of peacetime military procedure in Panama and Puerto Rico and involve the work of several pre-war, nonmilitary agencies such as the Rockefeller Foundation and the Anglo-American Caribbean Commission.

Venezuela, the Guianas, and various adjacent countries became heavily involved during the de-

## Battle Lines Being Drawn In Road Fight

LANSING (AP) — Suburbia is the battleground for the biggest freeway fight in the history of highway-conscious Michigan.

The Highway Department is marshaling its forces to face the stiffest opposition yet since freeways began to stretch across the urban and rural landscape.

And in south Oakland County, the battle lines are being drawn with cities suddenly on opposite sides.

The issue is simple, yet complex establishment of a route for the new \$115 million East-West Freeway (I-696) which eventually will link I-96 at Wixom to the northern end of the Ford Freeway (I-94) in Macomb County.

For years this highway has been in the planning stages.

**Warming Up**  
But the fight is just now beginning to warm up. Highway Department engineers—in a meeting with officials from the affected cities last month—produced a series of proposed alternative routes.

The department asked the cities to agree on one route or another by the end of the year.

Under this timetable, condemnation could get underway by 1966, construction by 1967, and the freeway could be open for business as scheduled in 1972.

Five different routes were proposed, but they boil down basically to only two: 10-Mile Road, or 11-Mile Road, with variations.

**Trouble**  
Whichever is selected, there will be trouble. By settling on either route, the department will be wiping out hundreds of homes, demolishing tax bases, and altering the face of neighborhoods.

If the 10-mile route is selected, eight cities—Southfield, Huntingtons Woods, Oak Park, Pleasant Ridge, Ferndale, Royal Oak, Madison Heights and Hazel Park—will be involved.

If the freeway goes on 11-Mile, it would involve seven cities as well, with Labrun Village and Berkley included in Ferndale, Hazel Park and Pleasant Ridge included out.

**Home Rule Act**  
Michigan's Home Rule Act bars the state from condemning land without the city's consent and at first glance it looks like this might stall the I-696 freeway once and for all.

But like all interstate highways, it will be a defense route and built with federal money. Condemnation proceedings would go to federal court.

Highway Department officials say simply that the freeway will be built. But they emphasize that they do not intend to use federal condemnation proceedings as a threat.

**2 Full Pages**  
Interest in the freeway route is such that The Daily Tribune, the Royal Oak paper which serves the entire south Oakland area, devoted two full inside pages to detailed maps of the various proposals.

These same maps have been sent to the various city halls by Highway Department officials, who are asking each city to meet with them and talk over the plans.

The first meeting already is set for Aug. 6 in Pleasant Ridge.

fense period (1939-41) and remained so for the duration of the war.

**Transport of Troops**  
The interest of U. S. military authorities in South American sanitary control related chiefly to the transport of troops, by air, from South America to Africa and return.

Natal, Recife, Amapa, Sao Luis, Fortaleza, and Bahia were all important as points of embarkation or return, and the sanitation of the necessary air bases, as well as of the airplanes themselves, was of vital importance, not only during the period of actual hostilities but until all such transport activities had ceased.

The techniques employed, and the high standards of inspection developed during the war years, have been largely incorporated into the current practices of commercial air lines and the various South American governments, more especially Brazil. Particularly important has been the prevention of mosquito vectors native to Africa from becoming established in the Americas.

(This once took place, probably

by way of merchant vessels, resulting in devastating epidemics and requiring procedures that were extremely costly before the invaders were exterminated.)

Any repetition of this experience could have worked serious havoc with the war effort.

**Cites 170 Documents**

West cites 170 special documents, many of them hitherto unpublished letters, orders, and military reports. Most of these were consulted while on duty in Washington as a reserve officer, but at one time, he states, Northern had as many as 300 items on loan from government archives, in connection with the work.

West's cottage in Green Garden still has on the wall, as a memento of this particular enterprise, maps of various West Indian and Central American countries.

**Other Chapters**  
Chapters dealing with other, specific geographical regions have been prepared by men who are recognized authorities for the territories involved.

For example: North Africa, Italy, and the Islands of the Mediterranean are treated by Justin M. Andrews, now of the U. S. Public Health Service. Africa, the Middle East, China, Burma, and India are reported by John W. Rehn, presently of the Bureau

## Fitzpatrick Sawyer's 'NCO For Month'

SSgt. William C. Fitzpatrick has been designated K. I. Sawyer Air Force Base's non-commissioned officer of the month for July.

Thirty-two-year-old Sgt. Fitzpatrick is the SAGE Maintenance Controller, attached to the 4646th Support Squadron.

His election was based on

of Yards and Docks, Department of the Navy.

The Southeast Pacific is under the joint authorship of Thomas A. Hart, now serving with the American Operations Mission to Venezuela, and William A. Hardenbergh, President of Public Works Publications and former Colonel in the Medical Service Corps.

The introduction to the entire volume is the work of Dr. Paul F. Russell, who, prior to his retirement, enjoyed a long and distinguished career as a malarialogist with the Rockefeller Foundation, and has also had extensive military experience.

recommendations from Lt. Col. Edward Esterl and Lt. John Love for "outstanding job accomplishment and performance of duty."

He received a letter of congratulations from base commander Col. Daniel P. McLean in ceremonies early Wednesday morning. In Service in 1946

Fitzpatrick, originally from Erlanger, Ky., entered the service in 1946, and except for a short break in 1949-50, has remained in it since.

His military career has taken him to such places as Albrook Field, Panama; Andrews AFB, Md.; Sonderstrom AB, Greenland and Ramstein, Germany.

Fitzpatrick, who arrived at Sawyer in February 1962 and who lives here with his wife, Gretel, and daughter, Arlene, will be departing for Fuchu AS, Japan, in the near future.

## Do FALSE TEETH Rock, Slide or Slip?

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No sunny, gooey, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" breath. Get FASTEETH at drug counters everywhere.

## U.P.'s Scenic Wonders Unfold From Many Vantage Points

Spectacular panoramic views of myriads of lakes and streams, vast verdant forest areas, Great Lakes navigational operations, and other scenic attractions open up for visitors at several of Upper Michigan's higher points.

Much of the splendor that is found in this North Country unfolds for motorists stopping for an hour or two to see the natural wonders with which the state's Upper Peninsula has been blessed.

Some of the vantage spots that provide sweeping views of the magnificent countryside can be reached only by trails up the hills; motorists can drive right to the top at others.

Among the better known are the promontories above Lake of the Clouds in Ontonagon County, where sightseers obtain magnificent vistas of superb, wilderness country in the Porcupine Mountains State Park; the awe-inspiring Brockway Mountain Drive 650 feet above Lake Superior in the Copper Country; and the world-famous Pictured Rocks stretching for miles along the lake in Alger County.

### Comprehensive Views

But there are others that furnish brilliant unobstructed and comprehensive views of beauty

and charm for tourists and residents alike.

**Mt. Marquette**, within the City of Marquette, and Sugar Loaf Mountain, north of the city, both permit breathtaking vistas of magnificent Lake Superior and its rugged shoreline.

Hancock, built on the hillside that overlooks the Portage waterway bisecting the Copper Country, affords a natural scenic beauty outlook. From its hilltops, several hundred feet above the waterway, visitors see roof-tops, beautiful forests stretching as far as the eye can see and Portage Lake winding its way through woods and farmland to Lake Superior.

The night-time vista of twinkling lights from the twin cities of Hancock and Houghton, reflected in the dark waters below, is especially beautiful.

### Hills Near Ishpeming

Hills in and near Ishpeming, Iron Mountain and Ironwood—several of them sites for ski hills on which the nation's and the world's outstanding jumpers compete each winter—are popular goals for summer vacationists seeking glimpses of the rugged expanses to be seen on all sides.

Arvon Tower hill, north of L'Anse, is another high spot that

furnishes appealing views of water and forests.

### Rugged Wilderness

"These panoramic experiences, part of the lure that makes vacationing in this region a memorable adventure, await all who visit the unique 15-county area north of Wisconsin and the Mackinac Bridge, the Upper Michigan Tourist Association here states.

"They're part of the background of a rugged wilderness of forests, lakes and streams that is such a contrast with the comforts of modern civilization and hard-surfaced highways found in all parts of the Upper Peninsula.

"And for those who enjoy seeing Upper Michigan from 'on high' during the summer, may we suggest a return visit during the fall color season in late September or early October. The magnificent, brilliant spectacles to be seen during that time just can't be described."

### \$7,000 Gold Bar Disappears In London

LONDON (AP) — A bar of pure gold disappeared at London airport.

The bar, packed in a wooden box, vanished on a journey of a few hundred yards from the British European Airways warehouse to an airliner. The plane took off for Malta.

The gold was valued at \$7,000.

## Two Drivers Given Tickets In Accidents

Two motorists were issued tickets and four automobiles were damaged, but no injuries resulted, in a pair of area traffic mishaps reported this morning by state police.

Another accident which occurred during the weekend also was probed by officers from the Marquette post (see story on Page 12). Reports on this area's collisions follow:

• At 12:45 yesterday morning a car being driven west on Main St. and being turned left onto Green Bay St. in Chocolay Township by Robert Clemenson, 24, of 1015 Waldo St., Marquette, was involved in a collision with a car operated by Joseph Cooney, 67, of 726 W. Washington St., Marquette, who was traveling north on Green Bay.

### Failed To Stop

The left side of Clemenson's 1960 sedan and the left side of Cooney's 1957 sedan were damaged. Both vehicles were removed from the scene by their owners.

State police ticketed Clemenson

for failing to stop for a through highway.

• An automobile being driven west on U.S. 41 by Arvo Weulander, 49, St. Louis, Minn., collided with an oncoming vehicle operated by Milo Underhill, 57, Route 1, Marquette, just east of business route M-28, in Ishpeming Township, at 10:18 last night.

### Improper Left Turn

State police said the mishap occurred when Weulander suddenly made a left turn in front of Underhill.

The right side of Underhill's car, a 1960 sedan, and the right rear of Weulander's automobile, a 1957 sedan, were damaged. Both cars were removed from the scene by their owners.

State police issued Weulander a summons for making an improper left turn.

## Gas In Carburetor Ignites, Wiring In Car Here Burns

Marquette's fire department was called out at 11:10 Saturday morning when a blaze broke out in the motor of an automobile owned by James Mahn at his residence at 2153 Center St., Marquette Township.

Firemen said there was no air

## Romney Gets Backing In ADC-U Fight

MIAMI BEACH (AP) — A committee of the National Governors' Conference is backing Gov. George Romney's assault on the federal government to gain aid-to-dependent-children funds in Michigan.

Romney put his case before the conference committee on federal-state relations. It endorsed a resolution Sunday that accuses some federal agencies of overstepping their authority in the administration of federal aid programs.

The proposed resolution particularly criticizes the Department of Health, Education and Welfare.

filter on the carburetor, with the gasoline igniting and burning most of the wiring. There was no damage to the interior of the vehicle, a 1956 sedan, however.

Firemen used the booster hose off the No. 5 (500-gallon) pumper to extinguish the flames. Three firemen responded to the call. They returned to the station at 11:45 a.m.

It was this agency four months ago that denied federal funds in answer to a legislative bill signed by Romney. HEW officials said there could be no approval because the Michigan enabling legislation allegedly would discriminate against some jobless workers.

### Vote

The committee plans to take the resolution to a vote by the full conference assembly this week.

Romney has rejected demands by Democratic legislators that he support revised legislation to meet the federal standards.

Officials estimate approval of the bill would save local governmental units in Michigan about \$9 million annually in welfare costs.

Romney told conference members that "Not only does the department (HEW) continue to demonstrate complete unconcern, but other federal departments continue to assert authoritarian demands for 'conformity' without regard for statutory authority."

Romney wants a recourse to quick judicial review of administrative decisions by federal officials, possibly through federal legislation.

Romney also has petitioned the executive committee of the conference to do away with Sunday business at future sessions. "It's very, very seldom that I attend any Sunday functions," Romney

said in reference to his Mormon church belief that Sundays should be in rest.

However, he attended meetings Sunday of the two committees to which he was assigned. Romney bypassed a breakfast strategy meeting for the governors.

## New Tongue Twister For Pickle Packers

ST. LOUIS (AP) — When the National Pickle Packers Association picked Dill L. Pickle of Hollandale, Miss., as its "Man of the Year," the St. Louis Post Dispatch couldn't resist pointing out that Mr. Pickle was in a strong position to challenge the legendary Mr. Piper in the tongue-twisting department.

A whimsical article offered the following as a new tongue-twisting test: "The National Pickle Packers picked a man of the year, a man of the year the National Pickle Packers picked. If the National Pickle Packers picked a man of the year, Dill L. Pickle is the man the pickle packers picked."

## Teen-Agers In Labor Force

Marquette County's unemployment problem, which has its counterpart in every other section of the country, is being accentuated by the growing number of teen-agers who are entering the local labor force.

They are only a fraction of the swarm of youngsters who were born during the prolific period following World War II and who are now in their 'teens or approaching 'teen age. The others will be arriving with a rush between now and 1970.

With them they are bringing an employment problem of the first magnitude. How big it is, is brought out in data assembled by the Department of Labor and the Department of Commerce. By the end of 1965, it shows, the number of young folk in Marquette County between the ages of 14 and 19 will amount to 5,042.

Some of them will go to college, some will go to work after completing high school and others will drop out before graduating. Judging from the normal pattern locally, 927 of them, or 18.4 per cent, will be out of school and in the labor force by 1965.

In other parts of the United States, an average of 23.5 per cent enter the labor force in their 'teens. The average in the East North Central States is 24.8 per cent and, in the State of Michigan, 23.1 per cent.

The large number of young persons who leave school prematurely is aggravating the unemployment situation, according to Secretary of Labor W. Willard Wirtz. Unless they manage to equip themselves with needed skills, he warned, their chances of getting jobs are not very good.

Between 1965 and 1970, the figures show, the number of teen-agers entering the labor market will be even greater than at present.

Of the 5,858 in Marquette County who will be in the 14 to 19 age group by 1970, an estimated 1,078 will leave school to seek work. This assumes that they continue to drop out at the current rate.

Throughout the nation, the number of teen-agers in the labor force is increasing rapidly. It was 6.2 million in 1960, will be 7.7 million in 1965 and will reach 8.4 million by 1970, the Labor Department states.

## From The Journal Files

### 90 Years Ago

**—Marquette—**  
The Marquette & Pacific Rolling Mill furnace is again in operation after having undergone various changes amounting almost to the erection of a new plant. The new stack is an iron shell with a capacity of 40 to 50 tons a day when in full blast. Indications are that this concern, so long a disgrace to the city, will at last be made a success. We sincerely hope that such may be the final consummation.

Freeman & Bros. opened their new Front St. livery to the public Saturday last. After purchasing this property, extending from Front to Lake Sts., they enlarged and completely remodeled the structure then occupying it. Main entrance is on Front St. for carriages, buggies and vehicles in general, together with equipment. The basement is fitted up with double and single stalls for the horses, and they are taken up an inclined walk to the first floor.

The Iron Bay Foundry of this city has just taken the contract to furnish the steel and all of the machinery for the new L'Anse aux Lacs furnace. Also to supply six new gang pumps and an engine 16 by 24 for the Marquette waterworks.

The railroad company are extending their merchandise dock 200 feet to meet their present wants in the way of room. We also understand that Mr. Green expects to build a dock in front of his shop on Lake St., below Wheelstone Brook.

Last week's freshet did some good after all, as well as considerable damage. For instance, it brought land enough from lower Front St. to fill up the unsightly mudhole on Lake St. near the North Western Hotel. Street Commissioner McConnell, aided by a corps of Sheriff Dol's boarders, have graded the streets, and it looks much better.

The lots on the south side of Spring St., back of the National Bank building, have been relieved of their surplus water by cutting a drain through under the Iron Mining Co.'s tracks, to the Superior St. sewer. This has been needed for a long time to keep the nearby basements from flooding.

Among the guests at the Coles House the past week was John L. Williams, son of the long missing Dauphin of France. If John isn't a king or the son of a king, he should be, for he is every inch a nobleman.

**—Ishpeming—**  
Pickands, Van Cleave & Co. are about to establish in this city a new store, dealing in

heavy hardware, supplies, etc. Thus we go, new branches of business and new houses every week.

Taylor of the Superior Co.'s Section 19 Mine was thrown by his horse starting as he was about to mount, and striking on his head, was severely hurt. He was taken to the hospital, where Dr. Heaton dressed the wound.

A new stage is to be established next week between this city and the Parsons, Howell-Hopock, Winthrop, New England, Section 19, Stoneville and Goodrich mining locations. It will prove a great public convenience.

The newest thing is out at Ropes & Co.'s. Baby Carriages for twins, manufactured especially to order. (The carriage is understood.) Surely the growth of our city, both in buildings and babies, is immense.

L. E. Osborn, superintendent of the Superior Foundry, is building a splendid mansion on the hill near Euclid Ave., which overlooks the city and makes such a fine building site.

**—Negaunee—**

This city had a foretaste last Tuesday night of the general conflagration which is to visit us sooner or later, if means are not adopted to successfully combat fires. Two wooden buildings, one of which had been occupied as a boarding house on the first floor and photograph gallery upstairs, and the other by Mr. Hanford's shoe shop, were completely destroyed. Mr. Anthony's brick building, next door, offered sufficient resistance, because there fortunately was no wind. The fire engine was out, and firemen and citizens did noble work with the inadequate facilities on hand.

Novely dollar stores, vendors of cheap jewelry, patent medicine hawkers and prize soap men interest our neighborhood nowadays.

Our sporting men are keeping the track lively this summer, and the boys are having lots of fun. Three matches are arranged for Saturday, a pacing race between Anderson's and Reynolds' horses for \$100 a side, a trotting race between Tom McKenna's horses and, third, a running event between Eurchell's "Baby" and Sam Rice's "Nelly." A footrace for \$20 is also to take place.

An effort is being made to secure the race ground as a field for the Negaunee baseball club, and if this move is successful, next season will witness a good many matches. The inside of the circle will make an excellent field.

### 60 Years Ago

**—Marquette—**  
"This is surely a world of surprises," commented an alderman at the council chamber last evening. The remark was occasioned by the fact that Alderman Shea of the street committee had reported the M&P Street Railway Co. had consented to put in poles on Washington and Front Sts., while the electric light and power commission presented a resolution in which it pre-emptorily refused to take any steps toward the improvement unless the city should guarantee to stand the expense. The commission's bluff, if such it is, will be called and the poles will come out.

A total of five transformers burned out tells the tale of the damage that the electric light and power commission will have to make good as a result of the recent electrical storm. It will cost about \$500 to replace them.

The Misses Rose and Lucille Wallace and Miss Harriet Carlin left on the steamer Frontenac last night for a trip down the lakes.

**—Ishpeming—**  
The contract for the Ishpeming library was formally let yesterday to Waterworth, Fee and Wilson for the sum of \$23,109. The contract for the heating plant was let to the Lake Superior Steam Heating Co. for \$1,380, bringing the total cost of the projected new structure to \$24,489, nicely within Mr. Carnegie's allowance of \$25,000. There were five other bidders on the general contract, and all but one of the bids ran over \$25,000.

### 30 Years Ago

**—Marquette—**  
Twelve state townsmen and 12 state fire wardens in this district will be affected by a cut in salary running as high as 33 1-3 per cent, according to word received yesterday by A. G. Jacobson at the Marquette conservation headquarters from E. R. Sayre, chief field administrator of the State Conservation Department at Lansing.

Construction of a new light and fog signal station in the Presque Isle Harbor at a cost of \$26,000 is among the many projects in all sections of the country included in the list of expenditures from the first federal works allotment.

"We have been greatly handicapped in getting all of our forestry camps established on a proper working basis because of our inability to procure immediate delivery on orders for necessary hand tools for the men," says George R. Hogarth, state conservation director, who this week is making a tour of inspection in the Upper Peninsula in company with Col.

William T. Bergin, state conservation chief in the U. P.

**—Ishpeming—**  
The American Legion chorus of Ishpeming, directed by George C. Drew, will leave Saturday morning for Bessemer, where it will sing at the Upper Peninsula Legion convention banquet at 6:30 p.m.

**—Negaunee—**  
The Epworth League Lodge being constructed on the Mitchell Institute grounds by boys and men of the Mitchell Methodist Church is expected to be completed by the end of this week and will be ready for occupation during the Methodist camping period at Michiganamme from July 28 to Aug. 7, inclusive.

"The electric wiring in the city of Negaunee is the worst I have encountered in the State of Michigan," was the statement made today by A. T. Babbitt of the Michigan Inspection Bureau, Detroit, who is making a thorough survey of wiring conditions here.

# Michigan's Joe Maddy Has New Musical Idea —Global Orchestra

By WARD CANNEL  
NEW YORK — (NEA) — The phone in the hotel room rang again and again, with people and foundations calling with offers of money.

Joe Maddy was in New York with an idea  
**To Play At World's Fair** — the man who has probably had the most profound influence on music education in the United States — is off on a new project: Building an International Youth Orchestra with young instrumentalists from all over the world to play at the New York World's Fair next year and become the first of a continuing, annual organization.

For thousands of Americans who have known Joe Maddy across three generations, and learned to love music because of him, a Maddy goal is as good as accomplished.  
**Only Need \$100,000**  
Deep down, Joe agrees. "We'll make it," he says. "After all, we only need \$100,000."

Beginning with a violin in the Wellington, Kan., boys' band, Joe Maddy has been in the vanguard of this country's musical development since long before the turn of the century.  
**Growth Of Music**  
His career, in fact, tells the story of the growth of music in America — from a ranking position in civic symphony orchestra to a top spot in the birth of Chicago jazz. It is as a music teacher, however, that Joe Maddy's mark has been most indelibly made.

With his creation of the first National High School Orchestra in 1926 and the Interlochen Music Camp in Michigan that grew out of it, professor Joe has in the past 40 years changed the course of both music instruction and appreciation in this country.  
**300 Music Camps In Nation**  
Largely because of Joe Maddy, musical instrument instruction is offered in an increasing number of U.S. public schools. Because of him, there are today some 300

music camps in operation across the nation. Because of him, hundreds of thousands of children are not turned away from the pleasure and enrichment of playing an instrument by an old-fashioned instruction method that taught tediously mechanical exercises instead of exciting music.

"When I was a kid," Joe recalls, "a music teacher gave private lessons only. There was no such thing as real motivation to learn. You began with months of exercises and the teacher's promise that you could become a professional musician."

**Relaxation And Creativity**  
Joe Maddy has put an end to all that. And because of it, thousands of Americans find relaxation and creativity today in local, nonprofit and civic music groups or family and neighborhood orchestras.

"If I've made any contribution to American music education," Joe says, "it was to show teachers how to teach an entire class of children to play instruments — all kinds of instruments — at the same time. You simply don't need to teach a whole class how to play the flute or the clarinet. You can have a whole orchestra learning at the same time."

**New Motivation**  
In addition to technique, Joe Maddy had also brought new motivation to instrument instruction.

"At the Interlochen camp," he points out, "we have shown that you can have a child playing a melody on an instrument after one week of instruction. Eight weeks later — by the end of the summer — those children are playing together in an orchestra."

**'Learn To Play Several'**  
By introducing children to many

Professor Joe: A note is a note anyplace.

different instruments, Maddy has added a new dimension to motivation. "Learn to play several," he tells them, "before you make up your mind about which one you want to give most attention and practice."

And by adding competition to learning — and young instrumentalists can challenge any other for a more important place in the orchestra section — Maddy has not only sparked new effort in achievement, but has seen that his alumni do not stay in professional music unless they can get to the top of their sections.

**'It's Worth A Try'**  
But whether the Maddy ap-

proach will work with an international youth orchestra is another matter. Foreign music instruction did not follow the fork in the road that we followed under Joe Maddy. Instrumental instruction abroad still aims at building soloists.

It is for this reason that Russia, for example, has no youth orchestra to exchange with us on culture tours. It is for the same reason that the U. S. has more than 80 per cent of the world's symphony orchestras.

"Nevertheless," Joe says, "it's worth a try to put an international group together. And after all, it's only \$100,000."

## Addition To The Gallery Of 'War Mongers'

## Court Decision On Districting Elates Scholle

LANSING (AP) — Michigan's most active advocate of the "one man, one vote" principle is feeling encouraged one year after the State Supreme Court ruled in his favor on Senate apportionment.

State AFL-CIO President August Scholle was heartened by a federal court decision in Oklahoma. Scholle has cause, perhaps, to feel differently after developments in Michigan: his State Senate suit may have lost significance under the new State Constitution adopted April 1.

A second suit filed by the labor leader against the House and Senate apportionment provisions of the new Constitution has been called "premature" by Atty. Gen. Frank Kelley, an ally in the Senate issue.

Scholle is pressing for decisions in both cases. He said he was "very encouraged" by the Oklahoma decision, contending it vindicates his position.

The federal court, after allowing state legislators time to reapportion their own districts, threw out two legislative plans and set up Senate and House districts in the Sooner State that conform to strict population standards.

The court cited the 14th Amendment to the U. S. Constitution as the basis for its decision. That amendment declares: "... No state shall make or endorse any law which shall abridge the privileges or immunities of citizens of the United States, nor deny to any person within its jurisdiction the equal protection of the laws."

## Side Glances

"I think I should tell you, Mrs. Flynn, that our baby sitters guild has adopted an open-refrigerator policy!"

## The National Whirligig News Behind The News

BY ANDREW TULLY

WASHINGTON — The United States has won a minor victory in its campaign to stop the spread of nuclear weapons by means of an international inspection system. American dollars helped in this case, of course, but nowadays Uncle Sam takes his little triumphs

where he can find them.

Involved here is the 115 billion, 380-million-watt atomic power station to be built in Tarapur, India, near Bombay. The plant will be one of the largest nuclear generating facilities in the world and will be financed largely through an \$80 million, 40-year U.S. loan, repayable in dollars. India will get up \$35 million in local costs and will buy \$14.5 million worth of fuel from the U.S. Atomic Energy Commission.

This time we're getting a little more for our money than we did for the \$3.5 billion we've lavished on this neutralist country since 1954. The Indian government reluctantly has agreed to the "principle" of international inspection, to make sure that the plan is not used to produce atomic weapons.

**Russia Rebuffed**

Originally, the U.S. proposed that the plant be subject to inspection by the International Atomic Energy Agency, of which the Soviet Union is a member. India objected on the grounds this would infringe on its national sovereignty, but said it would be okay for the U.S. to conduct the inspections. Then the Russians suddenly dropped their opposition to the international agency's inspection activities, and India took the hint. It agreed that the U.S. could do the inspecting until the international agency developed an inspection system for such a large facility. Then the international body will take over, provided its safeguards are consistent with those agreed upon under the Indian-U.S. arrangement.

This is a step forward. The U.S. at least has successfully insisted that when American financing is involved a country must accept some kind of inspection of its atomic facilities. It refused to go ahead with the deal until this was

guaranteed, and its firmness has paid off in an arrangement that should be a model for future arrangements with other underdeveloped nations.

**No Supersonic Jets**

At this point, it is consoling to note that Uncle Sam also is calling the tune concerning the multimillion dollar military aid proposed for India. It has declined to furnish Nehru with the supersonic fighter planes India has been demanding for its defense against future attacks by Communist China.

In the first place, both the U.S. and Great Britain consider that other air defense needs have priority over these jets. Secondly, it is the feeling here that by withholding planes of recognized attack capabilities, we may be able to soothe the ruffled sensitivities of Pakistan, which expressed alarm over the \$60 million in military aid given India last winter.

**Warning To Mao**

Basically, the proposed \$100 million-a-year assistance will consist of sending American and British planes and air crews to India for periodic joint training exercises. This is supposed to make it plain to Red China that we will stand for no recurrence of last fall's attacks on India, although the agreement contains no commitment to defend India in case of attack. Nehru insisted on this, to preserve his policy of "nonalignment," and Uncle Sam was quick to agree since it obviated the necessity of getting ratification from the U.S. Senate.

In effect, then, the joint exercises will warn Mao Tse-tung not to start anything, and yet if he does there is no certainty we'll do anything about it. This is called diplomacy. (Bell-McClure Syndicate)

# Historic Conflict

By WALTER LIPPMANN

The letter of the Soviet Central Committee of the Communist Party about the dispute with China is long, about three pages of newspaper print. Anyone who drives himself to read it all will do well to remind himself that the Sino-Soviet conflict in Central and Eastern Asia existed long before either country became Communist. The conflict existed when the Romanovs and the Manchus were in power. For Russia and China have long had conflicting vital interests. The Russian empire pushed eastward to the Pacific; the Chinese empire pushed northward into Manchuria and toward Siberia. This conflict is still unresolved.

Unless we bear this in mind, we must wonder why the Soviet letter says that the Communist states began to quarrel "in April 1960" when "the Chinese comrades openly disclosed their differences with the world (i.e., Soviet) Communist movement. . . ." Why 1960? By then, the Soviet Union had given China massive aid in the task of industrialization. What caused the Soviets to pull away, thereby infuriating the Red Chinese? At bottom, it seems, it was because Mr. Khrushchev recognized that the old and basic conflict was manifesting itself in China as a willingness, perhaps even as a will, to precipitate a war between the Soviet Union and the United States. The letter quotes a horrifyingly reckless statement approved by the Central Committee of the Chinese Communist Party which welcomes a thermonuclear war: "On the ruins of destroyed imperialism, the victorious peoples will create with tremendous speed a civilization a thousand times higher than under the capitalist system."

**Straight Khrushchev**

The Soviet letter, which at this point is surely Khrushchev's remarks, is not permissible to ask the Chinese comrades if they realize what sort of 'ruins' a world nuclear-rocket war would leave behind."

Here is the crucial issue between Peking and Moscow. The issue is whether a war would be acceptable or intolerable, indeed desirable or disastrous. The Red Chinese who profess to regard nuclear war as so tolerable that it need not be avoided, so desirable that it might profitably be provoked, have not yet been able to understand the actual nature and the revolutionary consequences of nuclear weapons. The most important thing in the Soviet letter is the elaborate demonstrations of how well Khrushchev realizes that the existence of nuclear weapons has changed radically the problem of war and peace and the problem of revolution and reform.

An understanding of the intolerable nature of nuclear war — which could be catastrophic alike for capitalism and communism — is what impels Kennedy and Khrushchev to seek an understanding. The two governments which make and own nuclear weapons know better than anyone else the infernal character of nuclear weapons. It is ignorance of the true nature of nuclear war which creates the opposition in both alliances. About Cuba, for example: Khrushchev's argument with the Chinese is substantially the same as Kennedy's with Sen. Barry Goldwater. Both Kennedy and Khrushchev are accused of cowardly caution. They were wrong, say their respective critics, to be cautious when, says Goldwater, the Soviets would never have fought a nuclear war, when, say the Chinese, the Americans are a paper tiger.

**Prime Cause Of Friction**

The Soviet letter goes on to spell out in general terms what has happened to the Communist doctrine of revolutionary wars. This has been a prime cause of friction between President Kennedy and Chairman Khrushchev, and the locus of the friction is Southeast Asia. The Soviets do not, of course, promise to abandon support of revolutionary movements. That is no more to be expected than an American promise to abandon our clients in Korea and Taiwan and Viet-Nam.

But if I read the Soviet letter correctly, it does say that the prevention of nuclear war is the paramount necessity and the highest priority. Therefore, revolutionary movements must not be supported to a point where they engage directly the great nuclear powers.

There is no reason to think that there will not be continuing friction arising from the revolutionary conditions of so many of the backward countries. But it is not, I believe, too optimistic to say that the friction can continue without easy resort to the use or to the threat of nuclear war.

An impressive part of the Soviet letter is the confidence it shows in the superior attraction of communism in time of peace. It insists that, without military aggression, the backward part of the world will follow the Soviet lead. We have reason, I believe, to feel no less confident that, despite all our faults, the magnetic attraction of western civilization will increase as the threat of war diminishes. If we have the courage to look forward, we can be reasonably sure that if the two systems co-exist peacefully for several generations, they will both be very different systems than they are today.

### Pets At Quarry Pond

**Sir:**  
Parents are urged to discourage pets from following children to the South Marquette Quarry Pond, in order to help eliminate the cruelties and torture from bullies who hang around the swimming pond.

There have been many complaints of big boys and others who delight in throwing a small animal into the water and in some cases holding it down till it drowns. Other atrocities include crippling and torturing an animal so that it could hardly get home. A small animal cannot defend itself against such mean, treacherous boys.

Authorities and the humane society will patrol and enforce the law to the fullest extent. Penalty of Michigan state law carries a fine and prison sentence for cruelty to animals.

RUTH LARSON  
VIOLA ERICKSON  
Marquette County Humane Society

### City Enjoys Balmy Weather As Rain, Hail Hit Other Areas

A storm moved eastward across the Peninsula yesterday but it bypassed Marquette and didn't spoil a weekend of sunshine here.

A trace of rain at the Marquette County Airport in Negaunee Township last evening was the only hint in this area of bad storms which raged in the south and western portions of the Peninsula yesterday.

Strong winds, rain storms and heavy hail storms were reported in areas south and west of Marquette.

**Hailstorm In Iron Mountain**  
In the Iron Mountain area, hailstones almost as large as quarters in diameter fell around 5 p.m. yesterday, covering the ground with the white pellets in a scene resembling early winter. Extensive damage to gardens and some damage to automobiles were reported.

### Four Persons Pay \$79 In Fines, Costs

Four persons were ordered to pay a total of \$79.40 when they appeared before Judge Edward H. Dembowski in municipal court last week.

Kennedy F. Jones, 28, K. I. Sawyer Air Force Base, paid a \$25 fine and \$5.10 costs of court on a charge of failing to report on a property damage accident. City police arrested Jones following an accident Saturday on W. Washington St.

**Fined For Trespassing**  
A fine of \$25 and \$4.30 costs were paid by Norbert F. Dionne, 24, of 2103 Longyear Ave., for trespassing. He was arrested Thursday by a deputy sheriff for trespassing on the Huron Mountain Club in Powell Township. Alternative sentence was to spend five days in the Marquette County Jail.

Herbert L. Brown, Au Train, was ordered to pay a fine of \$6.30 and \$3.70 costs for speeding. State police issued the summons Wednesday for driving 70 miles per hour in a 55-MPH zone on M-28 in Chocoma Township.

For failure to stop within the assured clear distance ahead, Elizabeth R. Contois, Route 1, Marquette, was fined \$6.30 and ordered to pay costs of \$3.70. She was ticketed by city police Wednesday following an accident at the intersection of Hampton and Front Sts.

In Marquette there's been no rain since Friday, when precipitation amounted to .32 of an inch. Total rainfall here so far this month is 2.21 inches and normal amount is 2.30 inches. Precipitation this year is 18.95, far below the normal of 16.87 for the year through today.

**Good For Picnics**  
It was a good weekend for picnics and going to the beach, with the sun out 92 per cent of the possible time Saturday and 85 per cent of the possible time from dawn to dusk yesterday.

Temperatures were above normal, but not too hot to be uncomfortable. Yesterday started out to be very hot, with the mercury already up to 72 at 7 a.m. and 78 around 8 in the morning. However, the wind swung around to the north and kept the temperature in the mid-70s for the rest of the day.

**Temperature Above Normal**  
With extremes of 78 and 63, the average yesterday was 71, four degrees above normal. Saturday's extremes were 80 and 58. The average was 69, which was two degrees above normal. For the month, the average temperature now stands at 1.2 degrees above normal.

Fog was rolling in off Lake Superior this morning and was dangerously thick along U.S. 41. Fair weather is expected to continue this week, although there's a chance of scattered thundershowers Wednesday.

Low tonight is predicted between 55 and 60. Tomorrow will be warmer, with a high between 80 and 85. Wednesday will be partly cloudy and warm.

**Long-Range Outlook**  
For the next five days, temperatures are expected to average two to four degrees above normal. Normal extremes for the period are 77 and 58.

Precipitation for the five-day period is expected to total around one-fourth of an inch, in showers Wednesday and near the end of the week.

**CARD SUITS**  
Four suits of the familiar pack of cards represent the four orders of society in the Middle Ages. Spades, an adaptation of the scepter, represented the nobility; hearts, modification of a chalice, depicted the clergy; diamonds,

girls and women wear their skirts so short."

**Pastor Can't See Why Skirts Are So Short**  
KANSAS CITY, Mo. (AP) — The Rev. N. J. Ezekiel, head of the Lutheran Church of India, is puzzled by one aspect of American life.

"With so much wealth in your country, with so much money to buy beautiful cloth," he said Wednesday at a church conference, "I'm surprised American

the merchant class; and, clubs, an adaptation of an acorn or a stave, represented the peasantry.

### Sidewalk Circus Registration Begun

Registration has started for the various sidewalk circus events to be held in Marquette on Wednesday, July 31. Here Paul Ring (left), 714 N. Fifth St., and John Bur, 502 W. Hewitt Ave., are shown with a bicycle one of them will ride in the bicycle parade in mid-afternoon. Other events for children include a doll buggy parade at 1:30 p.m. and a hobo parade at 7:30 p.m. Registration blanks may be obtained at Northern Stationers, F. W. Woolworth & Co. and S. S. Kresge Co. for the doll buggy parade and at Gamble Store, Western Auto, Montgomery Ward & Co. and Firestone Sales & Supply store for the bicycle parade. Hobo parade entries may be made at the city playgrounds.—(Mining Journal photo).

**Middlebury Graduates 3rd Generation Stafford**  
RUTLAND, Vt. (AP) — When Madelyn Stafford was graduated from Middlebury (Vt.) College, she was the third generation of her family to receive a bachelor's degree from that institution.

Her grandfather, the late Bert Stafford, graduated from Middlebury in 1901. Her father, Congressman Robert T. Stafford, a trustee of the college, was graduated in 1935. And her mother is also an alumna, class of 1938.

### Has Violence Spawned Civil Disobedience?

EDITOR'S NOTE: Has the racial violence of the Deep South spawned a nationwide trend toward civil disobedience? Or should this month's anti-police demonstrations in Michigan be laid to other factors? Here is a discussion of the matter.

By KEN SINER  
Associated Press Staff Writer  
July has been a month of ugly headlines in Michigan.

Five hundred Negroes roamed Benton Harbor streets through one night. Police cars were pelted with stones and bottles.

In Detroit, 600 Negroes disrupted traffic around police headquarters. There were shouts of "Killer cops must go."

Two nights later a mostly white mob in Detroit burst into riot frenzy, and police had to dodge flying bricks in breaking it up.

Beer "empties" were hurled at off-duty Muskegon policemen from a beach crowd of 60 youths. One officer was injured by a thrown, burning log.

**Under Pressure**  
A man under great pressure is Wayne (Detroit) County Prosecutor Samuel Olsen, who has stood behind policemen accused of needlessly slaying two persons.

Olsen believes Michigan is caught up in what he calls a national trend with roots in over-emphasis of the individual's rights at the cost of the public good.

"The pendulum has swung too far toward the rights of the defendant," he says, adding: "I am a firm believer in these rights, but I believe also that when the rights of a defendant clash in an impasse with the rights of society, then the rights of the public as a whole should predominate."

**'Political Warrant'**  
Some Negro leaders asked a criminal warrant against the officer who shot and killed Cynthia Scott, 24, oft-convicted prostitute. The officer said she slashed him with a knife when he stopped her for questioning.

Olsen refused a warrant, saying such would be "not a legal warrant but a political warrant calculated to appeal to a minority group."

"Such action could result in a complete breakdown of law enforcement in this city," he said.

A contrast to Olsen's view of a nationwide trend was found at the state level.

**'No Breakdown'**  
In Lansing a spokesman for the Attorney General's office reported from a statewide tour "no noticeable general breakdown of respect for law enforcement officials."

The spokesman said the recent demonstrations resulted from specific situations and were partly explainable by the heat of summer and "the volatile nature of the racial issue."

The Benton Harbor melee July 2

had a racial flavor. Negroes protested the arrest of two Negroes who were in a fight with three white youths. The Negroes were released. The whites await trial.

**New Factor**  
"I can't see the incident as a trend toward minority group appeasement or a general breakdown of law and order," said Benton Harbor Police Chief Merle McCarroll.

"Nation-wide, maybe, but it doesn't seem so here. I think certainly we should be better organized for it. We've never been confronted with the problem before—it's a new factor in law enforcement," he said.

McCarroll and Muskegon Police Chief Fred Castenholz said the recent incidents show a decline in respect for the police officers.

**Beach Outing**  
Twelve off-duty Muskegon officers and their wives were harassed while on a beach outing. Officers said this happened after some of the youths recognized them as policemen.

There's money in this pile of old phone books

That's why we're shipping this mountain of old directories back to the paper mill. There it will be reduced to pulp once again, then made into new paper for future Michigan Bell telephone directories.

We salvage about 3 million of these old directories every year—enough to fill a 76-car freight train to capacity!

This behind-the-scenes operation saves a considerable amount of money. And it's just one of the many ways all of us at Michigan Bell work to keep expenses down. We never stop looking for new cost-cutting techniques so we can continue to provide you with telephone service that's high in value and low in cost.

Sisters of the Order of St. Agnes who will be leaving the Holy Family Orphans Home on August 1 are (seated, from left) Sister Concordia, Sister Alene and Sister Cordelia; (standing) Sister Carmel, Sister Kevin, Sister Eva, Sister Agnes Rita and Sister Olga. (Photos by Joe Sullivan).

### Party Fetes Sisters At Orphanage

An open house farewell party in honor of the sisters at Holy Family Orphans Home was held at the orphanage recently. The sisters, who belong to the order of St. Agnes, which has served the orphans home since 1915, will be leaving Marquette and will be replaced by sisters of St. Paul of Chartres, France. Hosted by Altar Societies Scheduled to leave Marquette on Aug. 1 are Sister M. Concordia, superior; Sister M. Olga and Sister M. Cordelia, registered nurses; Sister M. Kevin, Sister M. Alene, Sister Agnes Rita and Sister M. Eva, housemothers, and Sister M. Carmel, food service. Sister M. Martha and Sister M. Alrose had departed previously. The party was hosted by the five altar societies of the city and the Father Marquette Circle of the Daughters of Isabella.

Niemela-Ross

of white and pink carnations completed her costume. Donald Holso of L'Anse, brother-in-law of the groom served as best man. Reception At Church Mrs. Niemela chose a blue suit with white accessories for her daughter's wedding, while the groom's mother wore a white and blue dress accented with white. Both mothers had corsages of yellow roses and white carnations pinned at their shoulder. A reception was held in the church parlors immediately following the ceremony. The bride and groom are both graduates of L'Anse High School. Following a wedding trip, they will make their home in L'Anse, where the groom is employed at the L'Anse Cleaners. The bride was guest of honor at two prenuptial showers hosted by her sister, Mrs. Wesley Marttila, and by the groom's sisters, Miss Virginia Ross and Mrs. Donald Holso. Out-of-county guests who attend the wedding included friends and relatives from Detroit, Ishpeming, Calumet and Laurium.

### Wednesday League Threesomes Listed

Threesomes this week for women golfers playing Wednesday afternoon at the Marquette Golf and Country Club were announced today as follows: 1 p. m. — Lola Salo, Vera DeHaas and Ann Frazier. 1:05 — Bee Wilson, Marie Lowe and Ethel Connors. 1:10 — Norma Biolo, Agnes Micklow and Theresa Mueller. 1:15 — Louise Beido, Marge MacDonald and Bobbie Bolitho. 1:20 — Sally Brebner, Louise DeHaas and Carolyn Johnson. 1:25 — Alice Baldwin, Sally Chisholm and Marion Cory. 1:30 — Becky Floria, Peg Dahlke, Lu Luke. 1:35 — Louise Rushton, Peg Fimlinger and Grace Denny. 1:40 — Ruby Carter, Ellie Polzin and Alice Mason. 1:45 — June Snyder, Jane Kendrick and Peg Gustafson. In last week's golf, Louise Beido carded low net. In team play, the Drivers have 24 points, the Putters 22 and the Chippers 15. Last week's bridge winners were Alice Wendt, high, and Jeanette Westphal, second. Coffee will be served following Wednesday's play.

### Mrs. Derby Tops Duplicate Bridge Club's Series

Mrs. E. L. Derby posted a percentage score of 58.75 to take top honors in the latest series conducted by the Superior Duplicate Bridge Club. Following her, in order, were Mrs. M. J. Khoury, 57.11; Mrs. Edwin Brabetz, 54.78; Mrs. Walford Nystrom, 54.24; Mrs. W. H. Treloar, 53.80; Mrs. Rollin Thoren, 53.01; Mrs. Adelaide Jurmu, 52.87; Mrs. Ray Windus, 52.84; Mrs. Robert Fountain, 51.85; Mrs. R. E. Hodson, 51.65; Mrs. Nathan Narotzky, 51.39, and Mrs. Russell Adams, 50.91. Mrs. H. C. Anderson and Mrs. Brabetz led Thursday afternoon's play with a percentage score of 63.78. Other scores from Thursday: Mrs. Khoury and Mrs. Derby, 61.54; Mrs. James Murphy and Mrs. W. J. Saari, 57.05; Mrs. Thoren and Mrs. Jurmu, 53.85; Mrs. Fountain and Mrs. Windus, 52.88; Mrs. Frank Donckers Jr. and Mrs. Hodson, 51.92; Mrs. Harold Sloan and Mrs. Treloar, 51.60, and Mrs. Narotzky and Mrs. Adams, 50.64.

COVINGTON — Miss Judy Alice Marttila, was lovely in her floor length wedding gown of white lace over nylon net and satin. The bodice was fashioned with a scalloped Sabrina neckline and long fitted lace sleeves. Her full skirt was accented with a wide border of net and a nylon net peplum. Her short veil of French illusion was secured to a small lace cap, trimmed with sequin sand pearls. She carried a small white satin muff, centered with a corsage of pink roses tied with satin streamers by Chicago Art Institute artists a number of years ago. Acting as maid-of-honor was the bride's sister, Doris, who was attired in a blue lace gown with a matching head piece. A bouquet

### Meetings

**Saint Paul's Episcopal Activities** — Wednesday, 9:30 a. m., Holy Communion in the chapel. **Messiah Lutheran organizations** — Boy Scouts meet Tuesday at 6:30 p. m. Explorers meet Tuesday at 8 p. m. A special meeting of the Church Council will be held on Thursday at 7:30 p. m. **St. Christopher's Activities** — Masses this week at 7:15 a. m. daily; extra Masses on Wednesday at 8 p. m. and Thursday, Friday and Saturday at 6:45 a. m. Wednesday evening at 7:45. Miraculous Medal novena and Mass. Thursday is the Paternal Feast Day. Mass will be offered for the people of the parish at 7:15 a. m.; the external observance of the feast will be celebrated on Sunday. Thursday evening at 7. St. Vincent de Paul Society at the rectory and Boy Scouts in the parish hall. Next Sunday the 9 o'clock Mass will be that of St. Christopher and will be offered for the people of the parish. Vehicles will be blessed next Sunday afternoon at 1.

Sister M. Cordelia, registered nurse, visits with several children who were adopted from the Holy Family Orphans Home through the Catholic Social Services.

Mrs. George Bureau, secretary to Catholic Social Services, and Sister Kevin look over a certificate of appreciation which was presented to Sister Kevin by Marvin Gibson, district chairman for training, Hiawathaland Council. Sister Kevin has been in charge of the Boy Scouts from the orphanage who make up Troop 333 for the past 17 years.

Members of various organizations who hosted the farewell party are pictured with Sister Alene, oldest member of the remaining eight nuns who will leave for new assignments. Seated are, from left, Mrs. C. W. Dupras, regent, Father Marquette Circle of the Daughters of Isabella; Sister Alene, and Mrs. John F. O'Neill, president, St. Christopher's parish. Standing are Mrs. William J. White, St. Louis Parish; Mrs. Richard Beyers, secretary, St. Michael's parish; Mrs. Henry L. Caron, president, St. John's Altar and Rosary Society, and Mrs. Burt Carlston, president, St. Peter's Altar Society.

### Paragraphs

Mrs. Hazel Hegman was incorrectly identified as Mrs. Heznan in an article in The Mining Journal regarding the Marceau family reunion. The first name of Mrs. Jack Pascoe, who also was mentioned in the article, is Belle.

### Homemaking Tips

Surprise your family! Garnish tomato bouillon with a slice of fresh orange. Interesting and delicious combination! Dilute condensed green pea soup with half water, half vegetable

juice cocktail for a pleasant flavor change. Top cream of tomato soup with a sprinkling of grated cheddar cheese. Fresh picnic shoulder, boned and rolled, may be roasted or cooked in liquid on the top of the range.

# Ishpeming Blue Notes Get Big Welcome On Triumphant Trip Home

ISHPEMING — "We're glad to be home," commented members of the 1963 State Champion Ishpeming Blue Notes Drum and Bugle Corps as they arrived here late last night from their triumphant visit to Detroit.

## Jacob Niemi Dies At 70 In Florida

L'ANSE — Jacob Niemi, 70, a former resident of Ishpeming and L'Anse, died Friday afternoon in New Port Richey, Fla., where he had resided the past four years.

He was born in Finland, June 27, 1893. Before moving to Florida, he had resided in Ishpeming for one year and in L'Anse on the Skanee Road for 10 years. Previous to this, he had lived in Covington for 20 years.

**Funeral Thursday**  
He was married to the former Helmi Leino. Surviving besides his wife are three sons, Albert, Covington; Adolph, L'Anse, and Audie, Taylor; three stepsons, Ralph Leino, Detroit; Wilbert Leino, Keweenaw Bay, and Leslie Leino, Waukegan, Ill.; one sister, Mrs. Sofia Lammi, Chatham; 11 grandchildren, one niece and three nephews.

The body will be received in L'Anse Wednesday. Friends may begin calling at the Swanson Funeral Home in L'Anse Wednesday afternoon. Funeral services will be held Thursday afternoon at 1:30 in the funeral home, the Rev. J. K. Tuomisto of Watton officiating.

Burial will be in the Covington Cemetery.

## Illia Appears Sure To Get Enough Votes

BUENOS AIRES, Argentina (AP)—Dr. Arturo Illia, high man in the July 7 elections, appears certain of enough electoral college votes to elect him president of Argentina.

Illia's Peoples Radical party received about 25 per cent of the popular vote. But the 169 seats his party won in the electoral college fell 70 short of the half-plus-one majority needed to make him president.

The 476-seat college will meet July 31 to elect a president. The country doctor from Cordoba Province has been conducting some horse trading with other parties for the additional necessary votes. He seems assured of 73. His candidacy has met with no substantial opposition from any of the other 22 parties.

Deposed President Arturo Frondizi's Intransigent Radical party, which won 109 electoral college votes, has split.  
One faction offered to back Illia if he dropped his running mate, Carlos Perette, and accepted an intransigent as vice president. Illia rejected the proposal.  
The other faction and former provisional President Pedro E. Aramburu's two-party coalition have remained silent.  
Illia, 62, has been concentrating on winning votes from the smaller parties, some of which have a strong following in the provinces.

**NEW 21" TV PICTURE TUBE Installed \$39.95 LaFRENIERES' 522 Iron St., Negaunee**

**PASTIES OUR SPECIALTY**

special musical tribute from the "Feeder Corps," who rendered several selections.  
The Blue Notes expressed their appreciation and thanks by once again presenting renditions which made them the champions of Michigan.

**Remarks By Medlyn**  
Jim Medlyn, a supervisor and instructor in the corps, and a man who has done a remarkable job in molding the group into its present status, said, "You can't possibly put into words, the feelings of these youngsters, not only for winning the state's highest honor in drum and bugle corps competition, but for the help and encouragement they have received from everyone, and I do mean everyone, for it seems no matter where we turn, we are receiving help and encouragement."  
The Blue Notes won the state title by putting in many hours of hard work. They often spent three to four hours a day at the Ishpeming playgrounds in practice sessions.

**Official Welcome**  
Finally reaching their destination — the American Legion Building, their headquarters — all members of the corps marched to the city square to receive an official welcome from the city and a

## Football Plans To Be Aired In Negaunee

NEGAUNEE — School executives, coaches and members of the Negaunee Board of Education will hold an informal meeting at 7:30 tonight in the board of education building to discuss football plans and athletic policies.

In addition to board members, the session will be attended by Supt. Robert E. Northey, Negaunee High Principal R. K. Richards, Business Manager T. G. Williamson, Athletic Manager Evald S. Erickson, Jack Taylor, Robert Herman and Dominic Ghiardi, Lodie Morris, head football coach, will be absent. He is working in Detroit during the summer months.

**In Need Of Repairs**  
Principal item for discussion will be whether or not to discontinue use of the locker rooms located beneath the grandstand at the high school athletic field.

Although the exterior of the stands and the changing room facilities are both in need of major repairs, the board has refrained from authorizing large expenditures at the athletic field since the Cleveland-Cliffs Iron Co., which owns the property, will grant the school district only a short term lease on the area.

Alternate facilities include the locker rooms in the high school building or those adjacent to Memorial Gymnasium at the Lakeview School.

**State Police Ticket Driver In Smashup**

NEGAUNEE — A motorist was given a ticket and a vehicle was wrecked, but no one was hurt, in a traffic smashup, 12:30 yesterday morning on M-35.

State police said a pickup truck being driven north on M-35 by Leo Prusi, 35, of 414 Division St., Negaunee, went out of control about two miles south of County Road MW, in Richmond Township, with the vehicle going off the right side of the highway, into the ditch, and coming to rest on its right side, against a big rock.

Prusi told officers he met an oncoming vehicle which forced him off the roadway, but state police said there was no indication of any other car being involved.

**Speed Law Violation**  
The right side and front end of Prusi's vehicle, a 1961 pickup, were extensively damaged and the truck had to be towed from the scene by a wrecker.  
State police issued Prusi a summons for violation of the basic speed law.

## Hulverson, Ex-Ishpeming Resident, Dies

ISHPEMING — Roger T. Hulverson, 35, nephew of Mr. and Mrs. Marco J. Portale of 919 N. Third St., Ishpeming, died unexpectedly in Philadelphia Saturday.

He was born July 22, 1928, in Green Bay, Wis.

**Michigan Tech Graduate**  
Mr. Hulverson, who was raised by his aunt and uncle, was well known in Ishpeming, being a 1946 Ishpeming High School graduate, a member of St. John's Catholic Church and a 1950 graduate of the Michigan College of Mining and Technology in Houghton.

At Michigan Tech he was a member of the Delta Sigma Phi Fraternity.  
**Employed By CCI**  
Following graduation from college with an electrical engineering degree, he was employed by the Cleveland-Cliffs Iron Co. in Ishpeming in the engineering department. Leaving the CCI, he served for two years in the Army.  
On his release from service, Mr. Hulverson married the former Shirley Lloyd of Chesapeake City, Md., in 1956. The couple had no children.

**Survivors Listed**  
After residence in Milwaukee, he and his wife traveled to Upper Darby, Pa., where he was employed by a guided missile plant in Philadelphia.

Other survivors include his brother, Ronald F. Portale of Ishpeming; a sister, Mrs. Marion Wiborn of Lansing; his father, Raymond Hulverson of Lansing, and several aunts and uncles.  
The body was taken to the Pepin Funeral Home in Chesapeake City, Md.

Burial will be in the Bethel Cemetery in Elkton, Md., after a Solemn Requiem High Mass in the St. Rose of Lima Catholic Church in Chesapeake City at 10 a. m. Tuesday.

The Rosary will be recited tonight in the funeral home.  
Friends and relatives who desire to send Mass cards may address them to Mr. and Mrs. Marco Portale.

A special Mass will be offered this week in St. John's Church in Ishpeming.

## Driver Escapes Serious Injury, But Gets Ticked

L'ANSE — Patrick R. Fields, 18, L'Anse, escaped serious injury in a wreck at 3:15 a. m. yesterday on the Dynamite Hill Road, about one mile east of U. S. 41 near L'Anse.

State police officers who investigated the accident said Fields came into a curve too fast, lost control of the car and rolled over into the ditch.  
The car is a total wreck, with the roof and windshield completely smashed, both sides damaged and the frame bent. It was removed

## Tri-County Briefs

**Champion**  
The circles of Champion Lutheran Church will meet Wednesday.

**Chatham-Eben**  
Miss Alena Makinen of Bedford, Ore., has spent the past two weeks at the home of Miss Makinen's brother and sister-in-law, Mr. and Mrs. Oiva Makinen, at Forest Lake.

Mr. and Mrs. Albert Charlebois and daughter, Francis, and their daughter and son-in-law, Mr. and Mrs. Gib Beaulieu of Green Bay, Wis., visited Miss Mary Charlebois in Flint during the past week. They were accompanied home by Miss Joyce Charlebois, who has been visiting here. Miss Francis Charlebois remained there for a visit with her sister.

Larry Charlebois, who is in the armed services, has returned to Fort Huachuca, Ariz., after a two-week visit at the home of his parents, Mr. and Mrs. Albert Charlebois.

Fields was treated at the Baraga County Memorial Hospital for a shoulder injury and released. He was ticketed for violation of the basic speed law (too fast for conditions).

### Kathleen McLaughlin Guest At Blessing Of Fleet Aug. 4

ISHPEMING — Kathleen McLaughlin of Ishpeming, Mich., will be a guest at the annual Blessing of the Fleet ceremonies in historic Fayette Harbor on Aug. 4.

She will be flown from Muskegon by a private flight service as a courtesy mission and will be returned the same day.

#### Once Ore-Smelting Center

As in previous years, hundreds of people are expected to crowd the shores of beautiful and picturesque Fayette Harbor in Delta County to witness the impressive and age-old ceremony of the Blessing of the Fleet. Although the ceremony has been enacted yearly for decades on the east and west coasts for the shrimp and sponge fleets, Fayette Harbor is the only port on the Great Lakes where such ceremony takes place for a fresh water fishing fleet and numerous pleasure craft which attend the event each year.

Sponsored by the parishioners of St. Peter the Fisherman parish, this annual event is attracting greater crowds each year from all parts of the country who delight in spending the day among the historic and colorful ruins of what was once a thriving ore-smelting community. Fayette, long a ghost town, is one of Upper Michigan's most scenic spots and a mecca for amateur photographers. Its historic roots go back to the last century when American enterprise was beginning to outstrip world competition. In those early days, the nation's vital iron industry used wood charcoal in its blast furnaces. Large tracts of hardwood were at a premium. In 1864 the old Jackson Iron Co. found large tracts of such wood areas on the east coast side of Big Bay de Noc, an upper region of Lake Michigan.

Purchasing 26,000 acres of the territory, the company named it Fayette Harbor after Fayette Brown, its manager.

#### Furnaces Built In 1867

Another advantage of the vast holdings was its natural harbor in the form of a natural shell. Here ships could dock and rest secure against violent and sudden gales of Lake Michigan. Soon hundreds of Irish, French and Belgian laborers flooded the area to work the

### Rail Strike Threat Pushes Steel Activity

CLEVELAND — The threat of a railroad strike started a minor flurry of protective action by steel users last week, Steel magazine said today.

Some users asked for faster deliveries. Others requested that shipments be rerouted from rail to truck. On the East Coast there was genuine concern — especially where shipments were for export, with ships already in port or scheduled for early arrival.

A rail strike would force some steelmakers to shut down immediately. Trainmen on some of the switching lines that move raw materials and hot metal inside the plants would probably walk out. Result: Steel production would cease even if raw materials were abundant.

**Slight Sales Pickup**  
For many metalworking firms, Steel said the immediate impact would be felt mostly in outgoing shipments rather than in obtaining raw materials. Most of them have 30 to 60 day raw material inventories.

Strike fears didn't trigger additional buying of steel. Chicago mills reported a slight pickup in sales but attributed it simply to seasonal trends. Orders normally start climbing in late July because vacations are tapering off and automakers are starting to buy steel for delivery after model changeovers.

Steelmakers have absorbed most of the cancellations and set-backs they were destined to receive, and the adjustments haven't been quite as bad as they feared.

**Year's Low Month**  
July will probably be the year's low month for order entry, with bookings 25 to 40 per cent less than last month's.

Shipments will probably hit bottom in August. Since July shipments of finished steel products will be roughly equivalent to consumption (around 6 million tons), liquidation of consumer stocks won't start until August.

Ingot output this week will be less than the 2,020,000 tons that Steel estimates the industry poured last week. Operations are close to 65 per cent of unofficial capacity.

Scrap prices moved upward last week. Steel's price composite on No. 1 heavy melting advanced 84 cents to \$25.87 a gross ton, the first gain since May 1, reflecting increases in Pittsburgh and Chicago.

**May Set Record**  
Price strength is attributed to curtailed generation of material due to widespread shutdowns of plants for vacations, a pickup in shipment to Eastern ports as exporters try to accumulate cargoes prior to a possible rail tieup at monthend, and indications that steelmaking operations will increase soon.

Business in the metalworking industry is so active this month that it may be tops for any July on record, Steel says. Its index of industrial production is soaring well above any other July, and it should continue to cruise 20 per cent above July 1962. The index components: Steel output, electric power output, freight loadings and auto assemblies.

### Schedule Listed For Republic's Bethany Circles

REPUBLIC — The Circles of the Women of Bethany, Bethany Lutheran Church, will meet Tuesday.

The Deborah Circle will meet at the home of Mrs. Arvid Olander; Ruth Circle, Mrs. Arnold Keski; Miriam Circle, Mrs. Nels Hill; Rebecca Circle, Mrs. Ben Maki, and the Maria Circle at the home of Mrs. Ida Olander.

Naomi Circle members will meet at the Suneson Lake Scout camp; Hannah Circle at Leif Erickson Park; Judith Circle at the Ben Mykkanen cottage on Beaver Lake for a family picnic.

The Esther Circle does not meet in July.

### Ishpeming Meetings

Salvation Army — Ladies Home League at 7:30 p. m. Wednesday. Midweek prayer services at 7:30 p. m. Thursday.

Ishpeming Assembly of God — Prayer service at 7:30 p. m. Wednesday.

Bible Baptist — Midweek Bible study and prayer meeting at 7 p. m. Wednesday.

St. Joseph's Catholic — Week day Masses at 8 a. m.

Ahmeek Lodge, IOOF, at 7:30 p. m. Thursday in lodge temple.

Bethel Lutheran — Finnish devotional service at 7 p. m. Thursday.

Bethany Lutheran — Lois and Ruth Circles will meet at 6:30 p. m. Tuesday at the new church to clean.

SPEBSQSA practice at 7:30 tonight at the Golden Age Club, Marquette.

Ishpeming FVW Post 4573 at 7:30 tonight.

Choralers practice at 7:30 p. m. Thursday.

places a large wreath of flowers upon the waters and the roll call of all the men who lost their lives on the Great Lakes will be read.

Another attraction this year will be the Queen of the Fleet Ball to be held at the Community Building in Garden on the evening of Aug. 4. The young people of St. John's parish in Garden and St. Peter's parish, Fayette, are sponsoring this feature of the day's festivities and expect to make this a fitting climax to a busy day of activities.

Fayette State Park is situated at the end of the Garden Peninsula, about 17 miles off U. S. 2. Turn at Garden Corners, between Rapid River and Manistique. A good black top road leads to the church and harbor.

**SPACE PROBE**  
The United States' space probe, Mariner II, on the 109th day of its flight (Dec. 14, 1962) transmitted information about Venus when it was 21,000 miles from that planet and 38 million miles from earth, according to the Britannica Book of the Year.

### Picnic Slated For Aug. 11th In Township

NEGAUNEE — Sunday, Aug. 11, has been selected as the date for the third Township Get-Together Picnic by the Community Center Committee. The affair is open only to township residents.

Cards were sent out by the sponsoring committee to township residents during the past two weeks to determine interest in the program. According to Mrs. Laila Rivers, publicity chairman, the response has been "tremendous" with over 500 persons indicating they plan to attend.

Any resident who failed to receive a card and would like to make a reservation should call Mrs. Florence Korby, Granite 5-6302, as soon as possible.

Highlighting the picnic menu will be a chicken barbecue, which will be prepared and served outdoors from 11:30 a. m. until 3:30 p. m. Members of Boy Scout Explorer Troop 342 and Girl Scout Troops 68 and 51 and leaders of the units will be in charge of cooking and serving the chicken. Although the picnic is scheduled out of doors, it will still be held in event of rain.

A program is being arranged that will include games, speakers and musical entertainment. Playground facilities are available for young children.

Although the picnic is scheduled this summer because of the response received by the committee to inquiry cards," Mrs. Rivers said, "it will provide an occasion for residents to renew old acquaintances and at the same time inspect the Township Community Center."

### Subway System Tells Of Life In Big City

NEW YORK (AP)—New York's subway system covers 236.7 miles of track, with 482 stations. Subway operations were started in October, 1904, with a nine mile route from City Hall north to 42nd Street and Lexington Avenue, thence west to Broadway, and ending uptown at 145th Street and Lenox Avenue.

In the 12 months ending June 30, 1962, the subways carried 1,369,507,594 passengers.

The peanut is not a nut, but it belongs to the same family as the common pea and bean.

### Dr. Rosich Resigns From School Board; LaTendresse Named To Serve Out Term

BARAGA — This month's meeting of the Baraga Township Board of Education was highlighted by the resignation of Dr. E. J. Rosich.

The letter of resignation, in which Dr. Rosich stated he no longer found time to serve on the board, was delivered to Board Secretary William Mayo several hours before the meeting. Dr. Rosich, elected to a four-year term in June 1961, had been a member of the school board for two years.

**Unanimous Support**

The board appointed Phillip LaTendresse of Baraga, general manager of the Pettibone-Michigan Corp. plant here, to fill the vacancy left by Dr. Rosich's resignation. He will face election at the next regularly scheduled school election in June 1964 for the remaining year of the original four-year term, as required by law.

LaTendresse, nominated for the post by Mayo, received the unanimous support of the board and was seated immediately. Alluding to the usually bitter and hard-fought Baraga election battles, LaTendresse, laughingly remarked, "This is certainly the quickest and easiest campaign I ever heard of."

**Contracts Awarded**

Bids were opened for coal and gasoline for the coming year and contracts awarded. The Gitchee Gumee Oil Co. of Hancock, who submitted the low bid of \$15.80 per ton delivered, will get the school's coal business. Other bids were received from Raymond Emblad and LaMar Robillard, both of L'Anse, who quoted prices of \$16.95 and \$17.40 per ton, respectively. The board also accepted the bid of the Baraga Cities Service station, who quoted a low price of 15.9 cents per gallon of gasoline. Other quotations were received from Gitchee Gumee Oil Co. (16.75 cents per gallon), Martin Oil Co. of Baraga (17 cents per gallon) and from Standard Oil Co. (17.5 cents per gallon). All gasoline prices include an escalator clause and exclude all state and federal taxes, which are reimbursable.

The board agreed to call for bids on school insurance and supplies to be presented before Aug. 8. They will be examined by a committee comprised of John Waara, Robert Jacobs, William Mayo and newly elected Board Member Fabian Maki, who will then recommend a course of action to the board at the Aug. 14 meeting.

**Summer Maintenance**

Superintendent of Schools E. E. Erickson reported that the regular summer maintenance program

of painting, indoor and outdoor maintenance and roof patching at the Baraga and Pelkie Schools is progressing on schedule. In addition, the septic drainage field at the Pelkie School has been repaired and is now operating properly. Replacement of the second floor drinking fountain has been deferred until a committee of board members, including Waara, Simula and LaTendresse, can meet with Edward Lindblom, local contractor, to determine the most efficient method of taking care of the deep sag on the second floor where the drinking fountain stands in the center of the hall. Lindblom claims that the entire building appears to have settled in the middle, resulting in a sway-backed condition of the floor at the top of the stairs. A careful inspection and cost analysis will be made before the flooring is torn up and the fountain replaced, since board members were reluctant to authorize a major job which would entail jacking up the entire building from the foundation level.

Since only one reply has been received in answer to advertisements for dismantling the abandoned frame elementary school in Baraga — and this from a commercial wrecking company — the board discussed means of having it torn down and disposed of at the least expense to the school district. Mayo and Waara proposed that the local National Guard unit be approached about pulling

the building down, and then having it burned up under supervision of the local fire department. The board had hoped to sell the building for salvage, with the understanding that it would either be removed from the site or dismantled and the school site cleaned up by the first of September.

**Request For Diamond**

A request for construction of a hard-ball diamond at the rear of the school athletic field was considered, and board members agreed that it would be a simple matter to lay out the diamond, if heavy equipment necessary to prepare the field could be borrowed from local contractors and equipment dealers. Arthur Kujan-ski, high school principal, will call a meeting of interested citizens in the near future to arrange details of developing a recreational area on part of the 40-acre school tract. Erickson told the board that additional playground equipment is also needed.

The board voted to renew its membership in the Michigan Association of School Boards, at an annual cost of \$60, and to continue Erickson's membership in the Michigan Association of School Administrators, which costs \$22 per year.

**Three New Teachers**

The board authorized Erickson to issue contracts to three new teachers to fill vacancies on the faculty. James Scholier of Ramsay, a recent graduate of Northern Michigan University, will teach social studies and assist with the coaching and athletic work; Mrs. Nancy Latoski, Hancock, will fill a half-year vacancy to be left by veteran elementary teacher, Mrs. Idabelle St. Germaine, who will attend NMU for one semester to complete the requirements for her degree, and Mrs. Mildred Tepsa, Baraga, who will teach grades five and six at the Pelkie School. Vacancies also exist in the homemaking and music department, but Erickson reported that he expected to fill these posts shortly.

A quotation of \$437 submitted by Frank Whitman of L'Anse for extensive repairs to the 8 by 20-foot concrete coal bin was accepted, and work is expected to get under way within two weeks. Erickson also told the board that the annual school audit, now being conducted by Sinclair, Fleury and Cybulski of Hancock, will be completed by Aug. 5.

### Aho Heading National Mine School Board

NATIONAL MINE — At the reorganizational meeting of the National Mine School Board this month, Elmer Aho was installed as president, Kenneth Alderton as secretary and Mrs. Edna Kiiskila, treasurer.

During the meeting the board named the Peninsula Bank of Ishpeming as its official depository.

The board will hold its regular monthly meeting tonight at 7.

### Truck Driver Charged With Manslaughter

LANSING (AP)—A truck driver who said his brakes failed when he plowed through a red light into the side of a car July 5, killing five persons, has been charged with manslaughter at Lansing Municipal Court.

A warrant authorized by the Ingham County prosecutor charged 23-year-old Enid Schultz with "unlawfully, recklessly, willfully and wantonly" driving his truck with the knowledge the air brakes were not working.

Schultz demanded examination at his arraignment Friday before Judge Earl McDonald. A July 25 hearing was set, and he was released on \$750 bond.

### Ishpeming Man Recalls 1910 Launch Journey To Fox River

(The following account of a gasoline launch trip from Escanaba to the Fox River in Wisconsin in 1910 was written by John C. Hansen of 625 S. 9th St., Ishpeming, whose father, a carpenter, was a member of the historic yachting party. Hansen said he saw the launch "Tourist" in the Hansen & Jensen boathouse in Escanaba as recently as 13 years ago. — Ed.)

**By JOHN C. HANSEN**

This story was told to me by my father, who was along with P. A. Aronson, owner of the "Tourist."

The historic Fox River-Wisconsin waterway, once a mecca for small boat owners and sportsmen alike, has now grown into disrepute by the pollution of its streams. A recent move to clean

### Supervisors Meet To Fill Vacancy On Road Board

L'ANSE — A special meeting of the Baraga County Board of Supervisors is scheduled for 7 this evening at the courthouse for the purpose of appointing a replacement to the three-man county road commission to fill a term expiring Dec. 30, 1968.

The seat was vacated by Leo Erickson of Skanee, who resigned his post earlier this month because of what he termed undue pressure exerted upon commission members by a local manufacturer.

Erickson had been a member of the commission since January 1957 and had been appointed in January of this year to serve his second six-year term on the road commission. Other members of the commission are Joseph A. Osterman of Baraga and Eino Seppala of Covington.

### Police Hunt For Slayer Of Girl, 15

PONTIAC (AP)—Pretty Connie Kaye Crossland, 15, found strangling in a stream in the Lake Orion vicinity Thursday, was a girl "beyond her years."

Police had that characterization from Connie's parents and friends as they continued the search today for the killer who choked her with a rope and left her body face-down in Paint Creek.

Connie, a runaway from the Jackson County Juvenile Home, was a difficult child to manage, her stepfather and mother said.

The parents, Clarence Rickett, 35, and Mrs. Rickett, 29, mother of four other children, identified Connie's body at a funeral home Friday. The mother collapsed.

"We had a lot of trouble with her and we just couldn't handle her any more," Rickett said.

Several times Connie had run away from the family home in Corinna, Rickett said.

### Crime Rate In Michigan Jumps 5.2%

**BY STEVE RUBINSTEIN**  
Associated Press Staff Writer

Michigan's crime rate jumped 5.2 per cent last year over 1961, the FBI said trailing the national crime rate increase by less than one per cent.

National figures for 1962 showed a crime increase of 6 per cent.

With a population near 8 million Michigan registered 1,293,600 crimes per 100,000 residents. In 1961, it was 1,228,700. There were 103,368 crimes reported in Michigan last year, an increase of 5,637 over 1961.

Most of the state's 260 murders and non-negligent manslaughters occurred in Detroit, which reported 131 such crimes last year.

**Detroit**

Detroit's crime rate for 1962 was 1718.9 per 100,000.

Bay City had the lowest percentage of crime of all the major cities in Michigan. It reported 838

### Odds Favor Liston For Fight Win

LAS VEGAS, Nev. (AP)—Awesome Sonny Liston remained a most formidable favorite to retain the world heavyweight title in tonight's fight with Floyd Patterson, the man he utterly wrecked in one devastating round in Chicago last Sept. 25.

Scheduled for 15 rounds, although you can get even money in the Las Vegas gambling parlors that it won't go four, this return encounter goes on at 9:30 p.m. (EST).

**Many To Watch**  
A capacity crowd of almost 8,000 will watch in person in the Las Vegas Convention Center, and an undetermined number will view it in more than 140 theaters and other outlets around the nation via closed circuit television.

The rematch, one that many thought never would take place, one that many felt shouldn't take place, figures to draw around \$250,000 in the live gate and upward of \$700,000 from television and movie returns.

This would be far less than the \$4 million-plus paid out for the original match, a statistic easily explained by the tick of a stopwatch. The first one lasted two minutes six seconds, third quickest in heavyweight title boxing history.

**Sonny Has Odds**  
Liston predicted he would weigh 213-214 pounds, a pound or so under his Chicago weight. Patterson said he hoped to come in at 195, six more than before.

The betting odds in recent days have been 4-1 on 30-year-old Sonny, who now calls Denver his home, and 30-1 the 28-year-old ex-champion won't be around after 15 rounds.

### Reserves Hit Well To Add One For Yanks

(By the Associated Press)  
It might be better for the fading opposition in the American League if the pace-setting New York Yankees had Mickey Mantle, Roger Maris and Tom Tresh back in the line-up.

With the three regular members of their formidable outfield out with ailments, all the crippled Yankees did over the weekend was take three straight from Cleveland's vanishing Indians and stretch their lead to seven games, largest bulge of the season.

**Reserves Step In**  
The reserves, eager as a bunch of high school scrubs trying to earn a letter, have been getting the big hits as the Yankees just roll on.

"I'm afraid to get back in the line-up," jested the mighty Mantle, sidelined with a broken bone in his left foot since June 5. "We are liable to blow 10 straight if I get back."

Mickey is almost ready. Harry Bright, one of the recent brighter lights from the deep Yankee bench, belted important two-run homers Saturday and Sunday and Hector Lopez whacked another.

The Yanks took the Saturday game 5-4 and swept the Sunday doubleheader, 5-2 and 5-4, winning the nightcap in the 11th inning on Bobby Richardson's run-scoring single off reliever Early Wynn.

**Battle For Second**  
Far behind the Yanks, the battle for second tightened as the Boston Red Sox nipped the Chicago White Sox 3-2 in 10 innings.

The Minnesota Twins edged Washington 3-2. Kansas City topped Baltimore in a third 3-2 affair, and Detroit trounced Los Angeles 5-2 on Frank Lary's comeback victory.

### Nicklaus Adds PGA Victory To His Belt

DALLAS, Tex. (AP)—Big Jack Nicklaus, at the tidy old age of 23 and after a spectacular amateur career, has added the Professional Golfers Association title to his 1962 U.S. Open championship and his 1963 Masters crown. It has left him happy but hungry for more.

"Sure I'm still hungry," the blocky, cherub-faced Columbus, Ohio, heavyweight said after a sizzling 3-under-par 68, capped by a title-winning 30-foot birdie putt on the 69th hole, had brought him from behind to the PGA crown by two strokes over Dave Ragan and three over Bruce Crampton and Dow Finsterwald.

**Wants To Win**  
"I'm in this game as a competitor and I want to win every time I play.

"When I get to the stage where I'm not hungry any more, then I don't see much point in playing. I don't think that time will come very soon."

"I've still got plenty to learn about golf," Nicklaus emphasized. "For one thing, I've never learned to get comfortable over a putt.

**Lots Of Putting**  
In his rounds of 69-73-69-68—279 on the 7,046-yard, par 36-35-71 Dallas Athletic Club course Nicklaus used 134 putts, which averages out to slightly more than 33 a round, and about 14 more than Jack's normal putting pace.

Although sub-par golf turned up with more frequency in the third and fourth rounds, only Nicklaus at 279, Ragan at 281 after a closing 69, and Crampton and Dow Finsterwald, at 282 after shooting 74 and 72 respectively, were under par. Willow Al Geiberger and Billy Maxwell matched it at 284, in a tie for fifth place.

**Palmer Weary**  
The other two members of the Big Three—Gary Player and Arnold Palmer—had their troubles, although Player came back in the stretch with two good rounds and finished at 286. Palmer, weary and woeful, shot 74, 73, 73—a duffer's pace for him—and wound up way back at 293.

The game's No. 1 money winner tied for 40th place and won \$410. His bankroll dribbled up to \$85,995 in official PGA money. Nicklaus, with his \$13,000 pot o' gold, jumped into second ahead of U.S. Open champ Julius Boros with \$75,140.

### 'Brett' Surprised To Learn About His Retirement

DETROIT (AP)—Detroit Lion defensive star Carl Brettschneider learned Saturday that he had retired—much to his surprise.

The announcement of the eight season veteran's retirement was made by Lion coach George Wilson. Brettschneider denied the re-

luctance. A scheduled second Boston-Chicago game was rained out.

Bob Tillman's 10th-inning homer off reliever Hoyt Wilhelm gave the Red Sox their squeaker over the White Sox at Chicago. Dick Stuart's two-run single in the ninth had tied it up for Boston. Dick Radatz, the big Boston flame-thrower who came into the game in the ninth, boosted his record to 12-1.

**Two Mincher Blasts**  
Minnesota's Don Mincher, another recent escapee of the bench, clouted two homers—his fourth in two days—in the Twins' home victory over Washington. John Goryl followed up Mincher's last homer in the eighth with one of his own for the winning run.

The home run also produced the winner at Kansas City as Wayne Causey's sixth-inning blow brought the A's their triumph over the Baltimore Orioles. Causey's homer was better than a birthday cake for Moe Drabowsky who celebrated his 28th birthday with a five-hit win.

Lary stopped the Angels on a four-hitter for his first major league victory in more than a year. The Tigers responded to the noble effort by their old meal-ticket by pounding three Angel flingers for 13 hits.

### Peterson's Retains Top Spot In Gwinn Softball League

GWINN — Seven games were played in the Gwinn Softball League last week, with Peterson's Restaurant remaining on the top by winning over Happy Hour, 3 to 1, and then downing the VFW's, 6 to 1.

Fralick's Loggers held on to second place with a victory over Gwinn Inn, 6 to 2, and Steen's Hide-a-Way moved up a notch with and 10 to 4 romp over Little Lake and a come-from-behind effort over the Gwinn Inn by scoring four runs in the sixth inning to tie the score at 8-all and winning the contest in the last innings on a home run blast by Alden Trombley, 9 to 8.

Bauman's Eggs stayed at the 500 mark, losing to Little Lake, 2 to 0, and topping the Vets, 10 to 4. Happy Hour is also even with 5 wins and 5 losses, followed by Little Lake with a 5 and 7 record, Gwinn Inn at 3 and 9 and VFW in last place at 2 and 10.

It seems there had been an exchange of letters between Brettschneider and Wilson with Brettschneider saying he couldn't come to practice for opening day July 28 due to business problems and Wilson answering that this would cost him \$100 a day.

"If he doesn't intend to retire, all he has to do is give me a call," said Wilson.

Brettschneider replied that they've got a telephone. "Why don't they call me?"

# Marquette Teams Win In U.P., District Tournaments

## BR All-Stars Grab U.P. Championship

The Marquette Babe Ruth League All-Star Team took the U.P. Babe Ruth League Championship Tournament last weekend, held in Iron Mountain on Saturday and Sunday, July 20 and 21.

In the opener of the meet, Marquette topped the Twin States Division No. 1 team, 12-5, in a contest that saw heavy hitting by Jay Olson, Gerry Kesti and Paul Albright, who contributed a triple with bases loaded and a center field home run, measuring over 385 feet in length. Dave Nobert took the win for Marquette, striking out seven in the course of the game.

In Saturday's second game, Calumet defeated Escanaba, 5-3, to move on to the final game with Marquette on Sunday.

Again, there was little doubt or room for speculation, as the Marquette squad romped to a 13-3 victory over Calumet to take the Championship. Paul Albright took the win for this final game, allowing nine Calumet hits, and striking out seven men. Nearly all of the team members contributed to the rout, and Dick Peterson threw in five stolen bases, to make Marquette's victory a memorable and well-deserved one.

Marquette now proceeds to the State Tournament to be held in Port Huron next Saturday and Sunday, July 27 and 28.

The team is in need of financial assistance to make the trip; all contributions should be sent either to Bill Malandronne, 410 W. Ohio St., or to Bob Levine, 404 W. Michigan.

## Packers Scrimmage To Warm Up For All-Star Contest

GREEN BAY, Wis. — The Green Bay Packer Intrasquad Game is set for Saturday afternoon, July 27th at 2:00 p.m.

Area fans will get their first look at a fine crop of first year men and veterans alike as the offense battles the defense in the annual battle for positions at City Stadium.

This will give the coaches an opportunity to see what the new men can do under game conditions.

This will be the final full scale scrimmage as a warm-up for the All-Star Game the following Friday night.

Switzerland was the first country to mint a coin of pure nickel, doing so in 1881.

## Home Runs Figure In Hits Total For National League

(By the Associated Press)

This has been a great year for pitchers.

But you couldn't prove it by their work Sunday in the National League.

### 22 Homers Sunday

There were 183 hits sprayed around and out of NL parks in eight games, including 22 home runs.

### The Pittsburgh Pirates rapped out 22 hits in an extra-inning victory.

Philadelphia's streaking Phillies collected 29 in a doubleheader sweep over the New York Mets, the Milwaukee Braves got 26 in tripping Los Angeles' front-running Dodgers twice, and both St. Louis and San Francisco ran up big totals.

### Fairly Tries

Strangely enough, the big guy for the day was Ron Fairly, who belted a grand slam, another homer, a double and three singles for the losing Dodgers.

### Milwaukee did it in the Dodgers by scores of 7-2 and 13-7.

and second-place St. Louis moved up to within six games of the league leaders by trouncing Houston 9-4.

### Mets In Losing Form

The Phils extended their winning streak to seven and the Mets' losing string on the road to 16, 8-0 and 7-2. Pittsburgh ripped Chicago 6-5 in 14 innings on Jerry Lynch's record-tying pinch homer and Bill Virdon's single. And San Francisco erupted for a 10-5 victory over Cincinnati.

### Hank Aaron and Dennis Menke homered for Milwaukee in the opener and rookie Bob Sadowski posted his first pitching victory after four losses.

The second game was decided by the Braves seven-run fourth inning and Tony Cloninger's tight relief pitching. Joe Torre had a homer and two singles in that one, driving in four runs.

### Colts Lose Straight Six

Dick Groat increased his league-leading average to .338 with a double and triple in the Cardinals' romp over the Colts, who now have lost six in a row. 19 of their last 12 and 13 of their last 16. Bob Gibson won his fourth straight for an 11-4 record.

### The Phils, who have taken 13 of their last 16, got a four-hit shutout performance from Chris Short in the opening game against the Mets, then Dennis Bennett and Johnny Klippstein combined

Marquette's Babe Ruth League All-Stars, champions of the Upper Peninsula, pose with their trophy in front of the stands at Ranger Field, Iron Mountain, following their decisive 13-3 triumph over Calumet in the finals of the Peninsula tournament yesterday afternoon. A large number of fans from the Marquette area journeyed to Iron Mountain to see the championship game, as well as the semi-final clash Saturday, when Marquette defeated Iron Mountain-Kingsford Twin Cities, 12-5. The Marquette team will play in the state tournament this weekend. In photo, from left, are, standing, Manager Eddie Voet, David Nobert, Jerry Kesti, John Carlson, Forrest Berry, Jay Olson, Brendan Biolo, Wayne Roberts, Jack Specker (behind Roberts), Jim Jannausch, Jim Carlson and Assistant Coach Jack Reynolds; kneeling, Allen Swanson, Bob Hume, Austin O'Neil, Mike L'Huillier, Bill Malandronne, Paul Albright, Dick Peterson and Dale Beerman. Trophy is in front of Albright who pitched and batted the Marquette team to triumph in the championship game. Batboys are Mike Kesti (left) and Bob DePetro. (Photo by Leland Albright).

## Blitzen Leads To Mackinac

MACKINAC ISLAND — The fleet cutter Blitzen of Milwaukee headed for the Port Huron-to-Mackinac yacht race finish line ahead of the big fleet today and almost a sure bet to win.

In front since almost the very start Saturday, the Blitzen showed her heels to rivals Sunday on Lake Huron in pointing toward a sweep of the two Great Lakes' 1963 major races.

### Wants Both Races

Blitzen won the longer Chicago-to-Mackinac race last weekend, a 335-mile event, and had this 235-mile competition as a prime objective, too.

Contrary to first expectations, the race has turned out to be a slow one. A calm set in late Sunday, and the yachts barely stirred in the water.

### Going by Thunder Bay Sunday night, Blitzen was a reported six miles ahead of Caribe with others of Class A trailing along behind.

That was at the approximate two-third mark.

## Alston Shrugs Off Loss Of 2 To Braves

BY DAVE O'HARA Associated Press Sports Writer

MILWAUKEE (AP)—Still the owner of a six game lead in the National League race, Los Angeles Manager Walt Alston could afford to take in stride the Dodgers' doubleheader loss Sunday to the Milwaukee Braves.

"They just out-hit and out-pitched us," Alston said after the Braves treated their largest home crowd of the season—28,534—to 7-2 and 13-7 victories over the Dodgers.

### 17 Wins In 20 Games

"I guess we had one of those coming," the soft-spoken Dodger pilot added with a slight grin as he reflected on 17 victories in 20 previous outings this month.

Actually, Alston didn't see too much of the action on the field. He left the suffering to coach Leo Durocher and the rest of the cast and was dressed when the players trooped silently into the clubhouse.

### Uncomplimentary Remarks

Alston was ejected for directing uncomplimentary remarks from the dugout to plate umpire Tom Gorman in the sixth inning of the first game, which was delayed for 32 minutes at the start because of rain. Then he got the

## Underdogs Lose First City Game

Underdogs won their first game last week, beating Defenders, 75-36, but lost their first contest of the season later in the week, to Hasbeens, in the A Division of the City League.

Tim Bullock was high for Underdogs, scoring 24 points, in the win over Defenders. Carol Wachter tallied 17 for the losers. In the other Monday night tilt, Hart's Failures won, 63-57, over Leftovers. Bruce Forstrom scored 32 for the winners while Brick Stone got 20 for the losers.

Hasbeens beat Petersons, 67-51, Wednesday, with Irwin DeMerse tallying 20 and Ken Robertson 19. Bill Kessel got 21 for the losers. Defenders beat Leftovers in a forfeit. By league rule, Leftovers were dropped from the league for the second forfeit.

Hasbeens led, 35-31, at half, and maintained their lead to beat Underdogs for the first time. DeMerse and Gharriy scored 18 apiece. Hart's edged Petersons, 41-38, as Forstrom scored 20.

In the B Division, Flintstones forfeited to Warriors, and as it was their second forfeit, Flintstones were dropped from the league. In the other Tuesday tilt, Chuckers beat Simpletons, 60-38, as Wayne Smith scored 16. Greg Smith tallied 15 for the losers.

Thursday the Hummers beat All-Stars in overtime, 44-41. Bruce Pelsola scored 12 and Carl Pace 15 for the winners and losers, respectively. In the other game, Chuckers beat Warriors, 54-32, as John Brami scored 16. Lee Mason hit 16 for the losers.

The Pyrenees Mountains form a natural barrier between France and Spain, according to the Encyclopaedia Britannica.

## Hosner Wins Title At Oxford Meet

OXFORD — A member of the Silver Lake Ski Club, near Fenton, took two first place trophies at the Michigan State Water Ski Championships, held here Sunday.

Jerry Hosner won the men's slalom trophy and the men's trick skiing trophy. Ray Fullerton, of Whitmore Lake, captured the ski jumping prize.

In the women's division, Nancy Messier, of Cass Lake, won first prize in the ski jumping competition. Sandy Rogers, of Whitmore Lake, won the Slalom Trophy and Doris Schouten, of the Monroe Ski-Bees, was first in the trick competition.

They picked up two more in the fourth on an error and a homer by Gerry Corkin.

A walk, sacrifice and a single by Wigg, plus a fielder's choice produced another run in the fifth, and the final scoring came in the sixth on a single by Corkin, a walk, a hit batter, a single by Wigg and two throwing errors, good for three runs.

Corkin, Wigg and Maki each had two hits for Woody's.

They faced 21 batters. Only three balls reached the outfield, one to the shortstop and one to the third baseman.

Woody's, who just about have the Tri-City League title sewed up, scored twice in the first inning on two walks, a single by Bruce Garceau and a single by Wigg.

ISHPEMING—Werner "Winer" Maki fired a perfect game last night here as he whiffed 16 batters, enabling Woody's Bar to down Copper Country Dairy, 8 to 0.

From the start of the game it was apparent that Maki was "on" for this contest as he blazed his way through the first and second innings by striking out the first five batters.

He faced 21 batters. Only three balls reached the outfield, one to the shortstop and one to the third baseman.

Woody's, who just about have the Tri-City League title sewed up, scored twice in the first inning on two walks, a single by Bruce Garceau and a single by Wigg.

## Legion Meet Taken By Marquette

Marquette swept the District Twelve American Legion Tournament held on Friday, Saturday and Sunday, July 19, 20 and 21. The results of the last two days' games are as follows:

Game 3: Marquette, 16, Ishpeping, 3.

Game 4: Stambaugh, 4; Negaunee, 3.

Game 5: Marquette, 13; Gwinn, 0.

Game 6: Ishpeping, 7; Stambaugh, 2.

Game 7: Ishpeping, 6; Gwinn, 5.

Game 8: Marquette, 5; Ishpeping, 2.

Roger Contois took the win for Marquette, striking out 15 men in the final game. The Marquette team will now proceed to Menominee for the Zone 5, U. P. Championship games, scheduled for next Saturday, July 27, beginning at 9:30 A. M.

## LSL League Victory For Marquette

In Lake Superior League action, Marquette gained another victory, over Skandia, 4-3, in a game which saw Steve Nyquist strike out 14 opponents to take the win. Arnie Henderson had two hits for the winners, and Skandia's Jim Holman, Lou Engles (the losing pitcher), and Sonny Robinson contributed two hits each in the losing cause.

## Snow Wins 100 At State Fair Grounds Meet

DETROIT — Les Snow of Bloomington, Ill., made his debut in the MARC circuit Sunday by winning the 100-mile new car race at the Michigan State Fairgrounds. Snow drove his 1962 Ford into the lead on the 55th lap, lost the lead on a pit stop and regained it for good on the 67th lap. Dwight Parker of Detroit, driving a 1963 Chevrolet, was second. Keith Plough of Indianapolis, Mike Klapak of Warren, Ohio, and Paul Parks of Columbus, all driving Fords, followed Parker across the line. MARC point-leader, Jack Bowsher of Springfield, Ohio, blew an engine on the 73rd lap.

Robert Hayes, left, of Florida A. & M., wins the 100-meter dash in 10.2 seconds at the United States-Russia Track & Field Meet in Moscow Sunday.

Russia's Edvin Ozolin, second from right, came in second with George Gilbert, right, of the U. S., coming in third. (AP Wirephoto).

### Expectations Not Met In Moscow Meet

MOSCOW (AP)—When does a winner feel like a loser? When he beats the Russians by only five points.

The American track and field team scratched out a victory over the Soviet Union in their annual dual meet here Saturday and Sunday by that slim margin, lowest American victory total ever.

But it would be difficult to identify the winners today. The Russians were flashing their thumbs up "hunky dory" signal all over town.

The Americans were gloomy. There were enough sour grapes around to start a vinegar factory. Targets for American carping included the food in Moscow hotels, some of the athletes themselves and the behavior of some members of the women's team, who reportedly sat around hotel lobbies complaining about life in Moscow, instead of training.

These were the cold facts: The Americans won 12 of the events, the Russians 10. That was the lowest victory margin in the history of the five meets in a series that began in 1958.

Great Expectations Fade  
The Americans got only the points they expected, and not all of those. None of their hoped-for points materialized.

The Soviets won the 110 high hurdles for the first time, and took seconds in the 100 and 400 meters for the first time. Russian Valery Brumel broke his own world high jump record with a leap of 7 feet 5 1/2 inches.

Pass Illegally  
The Americans lost the 400 meter relay when they were disqualified for blatantly illegal baton passing.

Worse Than Worst  
Under the scoring system of 5-3-2-1, with two athletes from each nation in each event, the worst they could have scored was 30 points if they had only walked around the track.

But in probably the worst international showing ever made by an American team, they didn't even achieve that. Two girls were thrown out of races for false starts and one girl fell in the hurdles and didn't finish.

That made the combined score—the one the Russians watch closely—189-147 for the Russians.

### Here's Data On Tonight's Title Fight

LAS VEGAS, Nev. — Facts and figures of the world heavyweight title fight Monday between champion Sonny Liston and Floyd Patterson.

Date—Tonight, July 22

Rules—The three knockdown rule has been waived, but the mandatory eight-count in the event of a knockdown will be in effect.  
Weigh-in time 2:00 P. M. EST

### 54-Year-Old Takes State Publix Title

GRAND RAPIDS (AP)—The man of middle years in a new sports hero—golfer Lee Gohs.

At 54, Gohs walked off with the Michigan Publix championship Sunday by beating two rivals many years his junior.

Performed Steadily  
The Red 5 (Detroit area) Township veteran of public links play performed steadily and confidently with sub-par, one-up victories over defending champion John Law of East Detroit and Tom Stevens of St. Clair Shores.

Gohs turned back Law, 32, in the 18-hole finals and Stevens, 37, in the semi-finals, each time working the Lincoln Golf Club course as methodically as if he was racking the balls on a table in his billiard hall at home.

Finished Two Under Par  
The victory for Gohs made him one of the oldest men ever to win a major athletic tournament in Michigan.

In the finals, Gohs reached the turn 2 up, on Law, then finished with a two-under-par 70. He and Law halved the 10th through the 14th with pars and Gohs lost the 15th when he missed the Green for a bogey four. Both shot even par the remaining distance.

### Robert Brumm Defeats Nine Players In Tennis Tourney, Wins 33 Out Of 36 Games

In Saturday night's round robin tennis tournament played at the university courts, Robert Brumm scored a top-sided victory over nine other contestants by winning 33 out of 36 games played. His games were lost to James Bystron, John Beldo and Brad Johnson.

John Beldo, winner of the first round robin tournament, scored 29 games; Robert Clark, winner of the third tournament, came through with 25 games, in fourth place with twenty-one games was James Bystron. Tied for fifth were John Pantalone and Brad Johnson with 19. Hal Dorf had 18; Sanford Russell 8; Don Koski 7; Ernie Molner averted a shutout by taking one game from Koski. Play lasted for two and one-half hours and was the final tournament before the men's singles play.

Sixteen men already have entered the city tournament. Entries close tonight. Seeded No. 1 will be Robert Brumm; 2, John Beldo; 3 and 4, David Drury and Robert Clark. Other contestants entered include Harry Hull, Paul Bystron, James Bystron, Hal Dorf, Bradley Johnson, Sanford Russell, William Jorns, Bernard Mineau, Gordon LeDuc, Frank Koski, Don Koski and Charles Byrd. Preliminary matches are to be played either Tuesday or Wednesday nights, with quarterfinals on Thursday and Friday. Semi-finals are scheduled for Saturday, and finals for Sunday. Each player is asked to furnish a can of balls for tournament play. For further information or information, call Milton Johnson, tourney manager.

### Gen. Taylor Blends Well In JCS Role

role—that of a bridge between the professional military and the civilian authority.

He has purposefully subordinated himself as Secretary of Defense Robert S. McNamara's chief military adviser.

From all available evidence, Taylor has avoided trying to keep open any special channel to the White House where he served as Kennedy's personal military adviser before the President elevated him to JCS chairman.

But he retains undiminished stature at the White House where the multilingual soldier-scholar is accepted as an intellectual equal.

Those in position to know say McNamara and Taylor make a good team. Both are strong willed men of firm opinions. They have differed, and will again, but there is mutual respect.

There is respect, too, between combat-veteran Taylor and the other military chiefs—but the Air Force and Navy feel the JCS chairman has too much of an Army point of view.

On a number of key issues, Taylor has disagreed with all the service chiefs—Gen. Early G. Wheeler, Army chief of staff and a protégé, as well as Gen. Curtis E. LeMay, Air Force chief of staff, and Adm. George W. Anderson, soon to leave as chief of naval operations.

These disagreements have been marked by an absence of personal conflict.

### Expectations Not Met In Moscow Meet

MOSCOW (AP)—When does a winner feel like a loser? When he beats the Russians by only five points.

The American track and field team scratched out a victory over the Soviet Union in their annual dual meet here Saturday and Sunday by that slim margin, lowest American victory total ever.

But it would be difficult to identify the winners today. The Russians were flashing their thumbs up "hunky dory" signal all over town.

The Americans were gloomy. There were enough sour grapes around to start a vinegar factory. Targets for American carping included the food in Moscow hotels, some of the athletes themselves and the behavior of some members of the women's team, who reportedly sat around hotel lobbies complaining about life in Moscow, instead of training.

These were the cold facts: The Americans won 12 of the events, the Russians 10. That was the lowest victory margin in the history of the five meets in a series that began in 1958.

Great Expectations Fade  
The Americans got only the points they expected, and not all of those. None of their hoped-for points materialized.

The Soviets won the 110 high hurdles for the first time, and took seconds in the 100 and 400 meters for the first time. Russian Valery Brumel broke his own world high jump record with a leap of 7 feet 5 1/2 inches.

Pass Illegally  
The Americans lost the 400 meter relay when they were disqualified for blatantly illegal baton passing.

Worse Than Worst  
Under the scoring system of 5-3-2-1, with two athletes from each nation in each event, the worst they could have scored was 30 points if they had only walked around the track.

But in probably the worst international showing ever made by an American team, they didn't even achieve that. Two girls were thrown out of races for false starts and one girl fell in the hurdles and didn't finish.

That made the combined score—the one the Russians watch closely—189-147 for the Russians.

### Johnson New Football Man For Gwinn

Superintendent of Schools, William G. Garret has announced that Lee Johnson has been appointed to the position of head football coach and physical education instructor for the Gwinn Public Schools, replacing Mike McEabon who is leaving the coaching field.

Johnson, a 1951 graduate of Negaunee High School and a 1951 graduate of Northern Michigan University, has been employed during the past two years as head football coach at Bellevue High School, Bellevue, Mich., where teams in his charge have compiled a record of 8-2-7.

Lee earned three varsity awards in football under Coach F. L. "Frosty" Ferrazza and played halfback on the team that played for national post-season honors with Lenoir Rhyne in 1960. Mr. Johnson is married and has one child and plans to move his family to Gwinn as soon as suitable housing can be located.

Coach Johnson comments on his appointment to Gwinn in these words: "I am happy to be returning to the U. P. and I am looking forward to teaching and coaching in a community that has displayed such a fine tradition of athletic spirit. I am confident that the 1963 season will be one of 'rough-tough' football played by a tenacious Model-towner squad."

### Detroit Men Break 4-Mile Swim Record

AKRON, Ohio (AP)—Two Detroit swimmers broke the four-mile record in the National Long Distance AAU Swimming Championship Saturday and then combined with a teammate to win the team title, beating out Garden City, Mich.

George Saldana and Doug Webster, both of the Detroit Patton Pool, finished third and fourth respectively in the event which saw four swimmers break the old mark of 1 hour, 26 minutes and 43.3 seconds set in 1960.

Ed Glick of Huntington, Ind., was timed in 1 hour, 26 minutes and 13 seconds to win the event, followed by Ed Naber of Chicago.

The Detroiters combined with Monty Blashill, who finished fifth in the four-mile swim, to win the team title.

### Lary Proves Value Of Minor Workout In Detroit Win

LOS ANGELES (AP)—Right-hander Frank Lary has been involved in 22 decisions in the major leagues, but few have been tougher than the one he had to make early this season.

After winning 15 or more games in seven different seasons with the Detroit Tigers, Lary had to decide whether to go back to the minor leagues.

1961 Best Season  
Lary, perhaps most renowned for his 28 - 11 career record against the New York Yankees, had his best season in 1961, when he won 23 games and lost nine. Then something went wrong with his shoulder.

Lary won only two of eight decisions in 1962 and spent a month of the season on the disabled list. He dropped his first two games this year, then confronted the big decision—whether to take a demotion to Knoxville of the South Atlantic League.
