## Red Chiefs Gather In Moscow

MOSCOW (AP) — Chiefs of the Soviet bloc countries gathered in the Kremlin today for another attempt at synchronizing their strained economies.

Leaders from Poland, Czechoslovakia, East Germany, Romania, Bulgaria, Hungary and Mongolia were in Moscow for the meeting of the Council for Mutual Economic Assistance.

Communist sources said the talks with Premier Khrushchev probably would continue until the weekend.

In addition to trying to synchronize their economic programs, the leaders also were expected to review the widening breach between the Soviet Union and Red China and the fruitless talks between them which ended last weekend.

## 2 Youths Pass 915-Mile Point On Alaska Hike

WHITEHORSE, Yukon Territory (AP) — Two Lansing youths hiking along the Alaska Highway from Dawson Creek, B.C. to Fairbanks, Alaska, passed the 915-mile point Tuesday in the 1,532-mile journey.

Ted Struble and Keith Cossey, both university students, left Dawson Creek June 21. They were accompanied by teacher Park Seiler and John Hall, also a student. They too, are from Lansing.

Seiler started the trip walking but blisters, swollen ankles and bleeding feet forced him to give up after 101 miles. He joined Hall, who has been driving a bus ahead of the hikers and setting up camp for them.

The four hope to reach Fairbanks Aug. 10.

## Mueller In Charge Of Moon Project

WASHINGTON (AP) — Dr. George E. Mueller, a specialist in space communications, has been named to take charge of the United States' effort to put a man on the moon.

Mueller's appointment as head of the manned lunar program was announced Tuesday. He takes over the \$21,000-a-year post Sept. 1.

## Ancient Sailing Vessels Found In Lake Huron

CHEBOYGAN (AP) — An expedition using a cruiser equipped with underwater electric scanning equipment reportedly has discovered the wrecks of seven ancient wooden sailing vessels in northern Lake Huron.

The finds were made between Beaver Island and Les Cheneaux Islands. One of the vessels is believed to be a lumber hooker.

## Three Boys Admit Setting School Afire

DETROIT (AP) — Three boys who, police said, admitted setting a \$25,000 fire in the Tilden Elementary School, were arrested Tuesday. Police said two 14-year-olds and a 12-year-old admitted breaking into the school late Saturday in a vain search for money. They poured an inflammable liquid on the wood floor of a first floor hall and ignited it, police said.

## Cubans To Confiscate U.S. Embassy Building

HAVANA (AP) — The Cuban government today ordered confiscation of the American Embassy building in Havana and all its contents.

## The Weather

Forecast for Marquette and vicinity: Generally fair and warm tonight and Thursday; low temperature tonight in the 60's; high on Thursday, 85 to 90. Outlook for Friday: Continued fair and warm.

Forecast for Lake Superior: Mostly south to southwest winds 6-12 MPH, becoming southwesterly 8-18 MPH late tonight and Thursday; partly cloudy, slight chance of isolated thundershowers west portion Thursday. Lake temperature, 56.

Data for 24 hours ending at noon:

Temperatures — 69 at 6 a.m.; 87 at noon; highest in last 24 hours, 87 at noon today; lowest in last 24 hours, 67 at 5 a.m. today.

Relative humidity at noon — 46 per cent.

Precipitation — None in last 24 hours; total to date this year, 13.95 inches; normal to date, 17.07 inches.

Sun rises at 5:21 a.m. and sets at 8:36 p.m. tomorrow.

Records for July 24 — Maximum temperature, 84 in 1945; minimum temperature, 64 in 1915; most precipitation, 2.22 in 1893.

Illinois Gov. Otto Kerner, right, gestured as he talked with Gov. George Romney of Michigan July 23 at Governors' Conference in Miami Beach, Fla. Romney said he regretted "apparent attempts to use political purposes." (AP Wirephoto).

## 3 Churchmen Blast Racism

CHARLESTON, S. C. (AP) — Three churchmen representing Protestant, Catholic and Jewish groups told Congress today that segregation is immoral and "racism is blasphemy against God."

Dr. Eugene Carson Blake, spokesman for the trio, told a House Judiciary subcommittee in prepared testimony that "we are in the midst of a social revolution. Please God it will remain a social revolution and not degenerate into civil chaos."

He urged Congress to act now to pass President Kennedy's civil rights program.

CHARLESTON, S. C. (AP) — Sixty-two Charleston merchants say they will implement desegregation in their stores. But Negro leaders say they will settle for nothing short of complete integration in the city and warn of intensified demonstrations.

The 62 retailers were among 100 merchants who met with Mayor J. Palmer Gaillard and signed a statement promising equal employment opportunities and employee benefits, desegregation of drinking fountains and rest rooms on clothes, and other measures.

Hours later, Negro leaders announced demonstrations would be intensified. Negroes have been demonstrating here more than six weeks.

NEW YORK (AP) — A reduced force of racial demonstrators returned today to a Brooklyn hospital construction project and demanded more jobs for Negroes and Puerto Ricans in the city's building trades.

The scene is one of two construction sites in the city where police Tuesday arrested more than 140 sit-down pickets.

Pickets did not return today to the second site—a housing project in Queens.

BATON ROUGE, La. (AP) — Negroes, described as an unruly mob, battled with six policemen Tuesday in an attempt to force their way into a public swimming pool restricted to whites only.

One of the officers was cut above the eye and on the arm before five Negroes were arrested and the crowd broken up.

Capt. Leslie Font, who was hurt, said it was a very unruly mob. He estimated there were 50 Negroes in the group.

OXFORD, Miss. (AP) — The U.S. Army continues pulling the last of its troops out of this university town today. By Thursday, the last soldier will be gone.

The 250-man detachment — all that remained of the more than 23,000 sent here last fall to quell the rioting which erupted when James H. Meredith enrolled at the University of Mississippi — began tearing down their tent camp late Tuesday.

MARINETTE (AP) — Mary L. Darland, 14, of nearby Marinette, Wis., drowned at a city beach Tuesday. Police say the girl waded past swimming boundaries after life guards had gone off duty for the day.

HOUSE OK'S BILL TO HIKE ACADEMY ENROLLMENTS

WASHINGTON (AP) — The House has passed a bill that would raise the authorized enrollment of the Military and Air Force Academies to that of the Navy Academy — from 2,529 cadets to 4,417.

MARINETTE GIRL DROWNS AT MENOMINEE BEACH

## Governors Admonished By Johnson

MIAMI BEACH, Fla. (AP) — A Democratic-controlled committee of the 55th annual Governors' Conference acted today to cancel its endorsement of President Kennedy's program of health care for the elderly.

MIAMI BEACH, Fla. (AP) — Admonished by Vice President Lyndon B. Johnson that partisanship is no answer, the nation's governors continued a staccato political fire today in the civil rights controversy.

Johnson told the 55th annual Governors' Conference at its formal state dinner Tuesday night that public leaders could not keep their trust "by exploiting the issue for partisan ends or discouraging its resolution for personal advantage."

MIAMI BEACH, Fla. (AP) — Admonished by Vice President Lyndon B. Johnson that partisanship is no answer, the nation's governors continued a staccato political fire today in the civil rights controversy.

## White Students Become Minority In Motor City

DETROIT (AP) — A report released by School Sup. Samuel M. Brownell Tuesday revealed that, for the first time in history, white students have become a "minority" in the Detroit Public School System.

The report shows there were, as of last February, 148,510 non-white students and 148,179 white, or a non-white percentage of 50.06.

Of the non-white students, 146,179 — or 49.4 per cent of the total enrollment — were Negroes. The other 2,007 non-white students were Asians, American Indians and others.

The racial count was the third since 1961.

## PAMPERED POOCH LOSES LUXURY: It's Back To Dog's Life For Star

TUCSON, Ariz. (AP) — Star, a 6-year-old weimaraner, has lost his air conditioned station wagon, his silver eating dishes and a \$300-a-month caretaker.

After three months and \$7,061 of luxury, the pampered pooch is going back to a dog's life.

The decision came when Tucson attorney Martin Rogers announced in Superior Court that he would resign as executor of the estate of Mrs. Olivia Kuhlmann, the animal's late mistress.

Sufficient funds to remove Rogers as executor, he said, he was too extravagant in caring for Star.

## Prostitute Says Ward Collected

LONDON (AP) — A slim, young prostitute told the jury in the vice trial of Dr. Stephen Ward today that Ward collected money for her service both in normal sexual intercourse and for whipping male pervers.

Vicky Barrett, 20, said the going-on took place in the society osteopath's London apartment over a period of 2½ months in 1961.

Testifying in the third day of the trial in Old Bailey criminal court, Miss Barrett said she estimated Ward collected 3 pounds (\$14) a time for intercourse and 1 pound (\$2.80) for every stroke of cane or horsewhip she wielded on the nude bodies of other clients.

## British Nerve Drug Not Distributed In U.S.

LONDON (AP) — The drug diazepam, used in Britain to combat nervous depression, has not been distributed in the United States, its makers, Smith and Nephew Pharmaceuticals, said today.

It was withdrawn in Britain Tuesday after a coroner's inquest found it caused the death of a woman.

## 21 Indonesians Arrested For Security Violations

JESSELTON, North Borneo (AP) — Police have arrested 21 Indonesians for alleged violations of this British colony's public security regulations. The government said more arrests could be expected.

## Park Employee Killed On Roller Coaster Ride

IRVINGTON, N.J. (AP) — An amusement park employee was killed Tuesday night when he took a ride on a roller coaster at Olympic amusement park here.

Police said the dead man, Elmer Burkey, apparently stood up as the roller coaster entered the final curve. He struck his head against a crosspiece and was knocked from the car, police said. He tumbled about 12 feet to the ground.

# 'Big 3' Experts Complete Nuclear Test Ban Treaty

## U.S. Unsure Of Reaction To Test Ban

WASHINGTON (AP) — An uncertain reception in the Senate awaits a nuclear test-ban treaty which U.S. sources say is all but completed in Moscow.

Secretary of State Dean Rusk and disarmament agency director William C. Foster sought to blaze a path for the treaty Tuesday by showing a draft of the proposed agreement to the Senate Foreign Relations Committee.

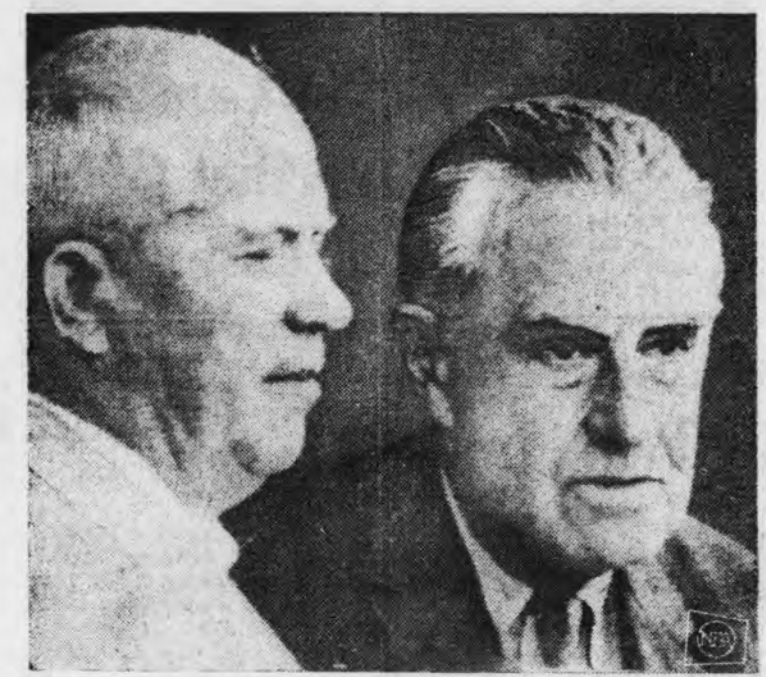

Afterward committee Chairman J. W. Fulbright, D-Ark., said it was possible the Senate would approve it this session but declined to go so far as to predict that would happen.

Lively Debate

Republican Leader Everett M. Dirksen of Illinois would predict only that the treaty would set off lively debate. He said he would not know until he had seen all of the provisions whether he would oppose it or not.

Informed sources said American, British, and Soviet negotiators had virtually completed their work on the test-ban pact and were preparing to issue a final communiqué soon, perhaps later today.

Signing of the treaty would send it to the Senate, which must ratify it by a two-thirds vote before it becomes binding upon the United States.

W. Averell Harriman, right, chief United States nuclear test ban negotiator, posed with Soviet Premier Khrushchev in Moscow, where observers see an initialing of a partial test ban agreement as imminent. (NEA Telephoto.)

MIAMI BEACH, Fla. (AP) — Admonished by Vice President Lyndon B. Johnson that partisanship is no answer, the nation's governors continued a staccato political fire today in the civil rights controversy.

Johnson told the 55th annual Governors' Conference at its formal state dinner Tuesday night that public leaders could not keep their trust "by exploiting the issue for partisan ends or discouraging its resolution for personal advantage."

## News In Brief

WASHINGTON (AP) — The Senate Foreign Relations Committee has voted to restore President Kennedy's authority to give Communist Poland and Yugoslavia the kind of trade privileges it extends to its closest friends.

WASHINGTON (AP) — The Senate Labor Committee has approved President Kennedy's request to establish a 5,000-member domestic peace corps.

CAPE CANAVERAL, Fla. (AP) — Spacecraft technical problems today forced an indefinite postponement in the scheduled attempt to launch the Syncom 2 communications satellite into a 22,300-mile-high orbit where it would appear to hang over one area of the earth.

DETROIT (AP) — Joseph L. Rauh Jr. has been appointed general counsel of the United Auto Workers, AFL-CIO, effective Sept. 1.

LANSING (AP) — Atty. Gen. Frank Kelley announced today his office will not intervene in the case of a Negro woman who was killed by a Detroit policeman's bullet while trying to avoid arrest.

PARIS (AP) — The French Senate rejected the government's anti-strike bill by a vote of 203-56 early today but it still will probably be enacted.

HARRISON, N. J. (AP) — A man and woman were killed and 28 other passengers injured early today when a Port Authority Trans Hudson line train collided with a parked diesel engine east of the Harrison station.

LONDON (AP) — Christian A. Herter, U.S. chief trade negotiator, left for the United States today following a 10-day tour of European capitals.

DETROIT (AP) — A record number of 14,191 people have applied for insurance coverage during the first week of the annual non-group enrollment period, Michigan Blue Cross-Blue Shield announced Tuesday.

WASHINGTON (AP) — Chairman Oren Harris, D-Ark., of the House Commerce Committee, asked the nation's railroads today to hold up for another 30 days the new work rules they propose to put into effect at 12:01 a.m. Tuesday.

He said Congress could not enact legislation to avert a strike by that time.

Harris asked for an answer within 24 hours.

He addressed his request to Daniel P. Loomis, president of the Association of American Railroads, as Harris committee opened hearings on President Kennedy's plan to have the Interstate work rules for train crewmen.

Will Consider Appeal

Loomis said he couldn't give a yes or no answer but that the railroads would consider the appeal.

Loomis went on to say another postponement would rain off more of "the life blood of an anemic industry."

"We've already been delayed and this has continued for some four years," Loomis said.

The railroads contend that forced employment of unnecessary workers is costing them millions of dollars a year.

Secretary of Labor W. Willard Wirtz, leadoff witness for the administration plan, sat puffing on his pipe as the chairman and the railroad official had their exchange.

Harris said he asked the railroads to postpone for 30 days their new manpower trimming.

## Rep. Harris Asks 30-Day Delay On Rail Work Rules

WASHINGTON (AP) — Chairman Oren Harris, D-Ark., of the House Commerce Committee, asked the nation's railroads today to hold up for another 30 days the new work rules they propose to put into effect at 12:01 a.m. Tuesday.

He said Congress could not enact legislation to avert a strike by that time.

Harris asked for an answer within 24 hours.

## Woman Presides Over Chamber Of Deputies

ROME (AP) — A woman presided over the Chamber of Deputies today for the first time in the history of the Italian Parliament. She was Maria Licia Cinciarri, a Communist and a vice president of the chamber. Giuseppe Codacci Pisanelli, a Christian Democrat and president of the lower house, was absent.

## Demo Women Seek Affiliation Of State Voters

LANSING (AP) — The Federation of Democratic Women has launched a telephone campaign aimed at finding out the political affiliation of every voter in Michigan by January 1964.

The campaign will be conducted at the county level, with Carolynne Kubert, Wayne County Democratic vice chairman, and Mary Fox, of Washtenaw County, heading the program.

Deputy Auditor General William Burgett will serve as coordinator.

The campaign, known as "Target '64 - Operation Telephone," is designed to find and identify Michigan voters of both parties and independents, as a means of increasing Democratic registration.

## British Nerve Drug Not Distributed In U.S.

LONDON (AP) — The drug diazepam, used in Britain to combat nervous depression, has not been distributed in the United States, its makers, Smith and Nephew Pharmaceuticals, said today.

It was withdrawn in Britain Tuesday after a coroner's inquest found it caused the death of a woman.

Police said the dead man, Elmer Burkey, apparently stood up as the roller coaster entered the final curve. He struck his head against a crosspiece and was knocked from the car, police said. He tumbled about 12 feet to the ground.

## Negotiators May Ink Pact On Thursday

MOSCOW (AP) — After nearly a whole day of negotiations, the nuclear test ban treaty was reported completed today and probably will be initiated Thursday.

Efforts to get the agreement today apparently were held up by prolonged discussions over the nonaggression pact wanted by the Russians but which cannot be negotiated by the British and American delegations here.

MOSCOW (AP) — A telephone call from the Soviet Foreign Office sent experts of the United States, Britain and the Soviet Union into a hard working session this morning trying to complete the agreement for a partial ban on nuclear weapon tests.

Western diplomats were still hopeful the agreement could be signed today, but they cautioned newsmen there could be a slip.

It could not be learned what last minute problem the Russians had raised. But the treaty draft was reported not yet complete for signing.

## Prostitute Says Ward Collected

LONDON (AP) — A slim, young prostitute told the jury in the vice trial of Dr. Stephen Ward today that Ward collected money for her service both in normal sexual intercourse and for whipping male pervers.

Vicky Barrett, 20, said the going-on took place in the society osteopath's London apartment over a period of 2½ months in 1961.

# Ishpeming's Fifth Annual 'Crazy Days' To Be Held On Thursday

# Experiences Told By Magnuson Of 25-Day Trip Around Superior

Jon Magnuson, 18, of 710 W. Magnetic St., has returned home from a 25-day bicycle trip, which covered 1,300 miles, travelling alone on the Circle Route around Lake Superior.

Magnuson left Marquette on June 27, going east to Sault Ste. Marie, then northwest to Nipigon, the northernmost point of the route; southwest to Fort Arthur, Fort William and Duluth, and then eastward again to Ironwood, Lake George, Champion Beach and Marquette.

The 1963 graduate of Gravenaert High School said the reason he chose to make the trip alone was that it would give him time to think about his future and time to be by himself.

His reaction to his experience was: "It was a fabulous trip, and it made me grow up a lot because I met a lot of interesting and friendly people on the trip that made me learn some things I never realized before."

Magnuson traveled light, sleeping mostly under the stars in a sleeping bag and cooking outdoors in roadside parks or over an open fire.

He also slept in a church basement, a jail, a deserted beach house, and one night when he was caught in a rainstorm, he slept under a picnic table.

He said he traveled about 60 to 70 miles a day, stopping at noon to spend the rest of the day seeing the sights.

**Surrounded By Children**

"When I woke up in the mornings," Magnuson said, "I was usually surrounded by a group of children, ready to fire all kinds of questions at me asking who I was, where I was from, where I was going and things like that."

"The people in Canada are the friendliest and most hospitable people I have ever met," Norwegian Fisherman

Among those he met and spent some time with along the way were a student who attended the University of British Columbia

from Vancouver, B. C., whom he spent two days cycling across Canada with; a youth who had escaped from East Berlin; an old Norwegian fisherman on the north shore, whom he spent some time with fishing and a storekeeper who turned out to be a mountain climber who recently climbed the Matterhorn in the Alps.

One of the treats of his trip, he said, was the sauna bath he had in Ironwood, while he was a guest at the home of an Ironwood Daily Globe reporter, which was the only bath he had taken on the trip, besides swims along the way.

Magnuson, the son of the Rev. and Mrs. J. Otto Magnuson, plans to enroll at Northern Michigan University this fall and eventually plans to enter the ministry or social work. His father is the pastor of the Messianic Lutheran Church.

During the duration of the summer, he will be employed at Montgomery Ward & Co. store as a general employee.

MRS. CAROLYN WORCESTER

## NMU 'Grad' Given Social Work Position

Mrs. Carolyn Worcester, a native of Escanaba, has begun work as a social worker for the Upper Peninsula Adult Mental Health Clinic, with offices at St. Mary's Hospital.

Mrs. Worcester holds a master's degree in psychiatric social work, and her work as a psychiatric social worker here will include diagnostic interviewing and treatment.

She is a graduate of Escanaba High School and Northern Michigan University, with a bachelor of science degree in secondary education and social work.

She received her master of social work degree at the University of Michigan, Ann Arbor, Served in Detroit

While at NMU, her field placement was one year of work at the Michigan Children's Aid Society here.

Field placements at U-M were

## Boy, 11, Lost; Finds Way Out Of Woods

An 11-year-old boy who wandered away from his companions yesterday noon northwest of Big Bay walked out of the woods at 8 last night, just as a state police search was being organized.

The boy, William Marshall, who is staying at Ives Lake Resort, began picking blueberries with a group of companions at 11:30 yesterday morning.

**Plane Was Used**

He was reported missing and a group from the Huron Mountain Club began searching for him at 2:30 p. m. The searchers were unsuccessful and at 5 p. m., they called Powell Township Marshal Henry Havel, who alerted state police at 5:45 p. m.

A state police officer and a conservation officer had arrived to organize a search and the state police plane had begun scanning the area when the boy walked out of the woods by himself.

He said he had climbed several ridges and "got twisted up" on his way back to the resort.

## Kincheloe Airman Drowning Victim In Kinross Lake

SAULT STE. MARIE — Airman 3C Maurice L. Duneghy, 19, of Owensboro, Ky., drowned Tuesday in Kinross Lake, two miles west of Kincheloe Air Force Base. He had been swimming.

The airman's body was recovered by skin divers.

said that members of the group must be willing to live together. Single workers are hard to place because of the housing situation, he added.

**Picking Rates Vary**

Housing is furnished by the employer, but workers must furnish their own bedding and cooking and eating utensils.

Picking rates vary according to the condition of the orchards and vary from 50 cents per lug (about 25 pounds) to 75 cents per lug. A bonus of 10 cents per lug is given to pickers who remain until the end of the harvest.

Interested persons are asked to contact the MESO office here.

"Prairie wolf" is another name for the coyote.

## Chamber Endorses Babe Ruth Drive For Tourney Trip Funds

Marquette's Babe Ruth League is conducting a canvass to raise funds to send the team, which last week won the Upper Peninsula championship, to the state tournament in Port Huron this weekend.

The canvass was formally endorsed by the Marquette Chamber of Commerce at a special meeting of the chamber's board of directors, held yesterday in the C-C office.

President Harlan Larson noted the importance of the team winning the U. P. title, since it will

be representing "Marquette and the rest of the Peninsula" in the tournament in Port Huron this weekend.

**'Carrying Marquette Story'**

On a motion made by Robert M. Ling, first vice president, and supported by Dr. Richard G. Haight, a director, the board voted unanimously to "urge the community to get behind the team financially, so that the squad may be sent to Port Huron to compete in the state tournament."

## 'No Cause' Verdict Given In Case Here

A judgment was signed by Circuit Court Judge Bernard H. Davidson of Negaunee this week, in compliance with an order of the Michigan Supreme Court, declaring there is "no cause of action" in an accounting claim made by two Big Bay residents.

Adrian and Beatrice Wentzel of Big Bay originally brought suit in circuit court against Ira B. Hutchinson, doing business as the Big Bay Lodge.

The Wentzels had claimed profits from the business from their time of employment as operators of the hotel in February 1956 until May 8, 1959.

**Appeal Granted**

A circuit court judgment was rendered July 20, 1961, in favor of the Wentzels, in the amount of \$1,310.55.

Hutchinson then appealed the case to the State Supreme Court and a judgment was rendered holding that there was no money due to the Wentzels from Hutchinson.

Hutchinson was represented by the law firm of Baldwin and Kendrick of Marquette and the Wentzels were represented by the firm of DeFant and Bridges of Negaunee.

## Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, soapy, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

## ATTENTION ELKS BPOE 405 REGULAR MEETING THURSDAY AT 8:00 P.M. ALL ELKS ARE URGED TO ATTEND JOSEPH FOUNTAIN (EXALTED RULER)

UPPER PENINSULA PREMIERE SHOWING! STARTS TONIGHT EVENINGS 6:45 AND 9:12 • MATINEE SUNDAY AT 1:45 P.M. •

## Swim Class Registration Slated Here

Registration for the second three-week session of the city parks and recreation department's swimming classes will be held tomorrow and Friday from 9 a.m. to noon at Shiras Pool.

James C. Engle, department superintendent, said instructional classes will be conducted in all phases of swimming, including beginning, intermediate, swimming and diving and junior and senior life saving.

All children must have reached their sixth birthday or have completed at least one year of school to be eligible for the classes, he added.

Ling's motion "expressed congratulations to the team, whose squad we salute for carrying the Marquette story to the entire state."

"The Marquette Babe Ruth League all-stars carry our sentiments and endorsements," the resolution stated, "and we hope the people will support the team so that it may continue in the tournament."

Larson added: "We hope this will enable the fund drive to be successful. We know time is short, but we are sure the business establishments and people of Marquette will be behind the squad."

The Marquette team won the U. P. title in a tournament carried on in two successive weekends, capturing the championship by a 13-3 win over Calumet in the finals in Iron Mountain Sunday.

### 39 Students From 16 States, Puerto Rico In Class Here

Thirty-nine students representing sixteen states and Puerto Rico are enrolled in the fourth earth science summer institute for supervisory personnel in the elementary schools being conducted by Northern Michigan University.

Designed to aid elementary school supervisory personnel in the enrichment and improvement of science instruction in general and in the earth sciences in particular, the institute is supported by a \$36,263 National Science Foundation grant.

**Students Listed**  
Members of the institute and their home towns are:  
Colorado — Joseph Gilbert, Denver.  
Delaware — Edith Patterson, Wilmington.  
Florida — Richard Bland Jr., Tampa.  
Illinois — John Hartog, Freeport, James LaFollette, Port Byron; Russell Morris, Bloomington; and Fayette Pivoda, Godfrey.  
Indiana — John Davis, Columbus.  
Iowa — Ramon Fisher, South Humboldt.  
Kansas — Fernon March, Haysville.

Louisiana — Jesse Colquit, Shreveport.

Massachusetts — Thomas Thompson, Danvers.  
Michigan — Julia Ball, Sault Ste. Marie; Ralph Chapman, Lansing; Robert Dunn, Pontiac; Taisio Harkonen, L'Anse; Leroy Libby, Ortonville; Joseph Migliore, Allen Park; and Thomas Moss, Gwinna.  
New Mexico — Gene Ebinger, Los Alamos.

New York — Frederick Brown, York-on-High; Robert Carter, Brooklyn; Donald Erger, Long Island; Herbert Gaige, Sodus; Robert Gordon, Huntington; Jack Hadler, Whitestone; and Kenneth Hubley, New Rochelle.  
Ohio — Raymond Patterson, Perryburg.  
Pennsylvania — John Bensing, Bath; and Frank Theobald, New Castle.

Vermont — Thomas Chesley, Rutland.  
Wisconsin — Hans Anderson, Cheek; Harold Billings, Bruce; Kenneth Christensen, Brookfield; Norris Erickson, Tony; Arduis Hall, Sheboygan; and Leslie Weston, Kenosha.  
Puerto Rico — Servia Barney, Rio Piedras.

### Workshop In Accounting Set By NMU

Northern Michigan University's public services division will offer a two-week summer workshop in accounting starting Monday, Aug. 5, on the NMU campus.

Entitled "Problems in Business Accounting," the course is designated NMU 570 and carries two semester hours of credit.

This course will carry both graduate and undergraduate credit, and is designed primarily for advanced accounting students. The first class session will be held Monday, Aug. 5, at 9 a. m., in Room 102 of the business department at Northern.

**Nault Instructor**  
Those persons desiring information about the workshop may contact the business department, 235-1341, extension 2244, or the field course office, extension 2255 between 8 a. m. and 5 p. m. Monday through Friday.

The workshop instructor will be Ernest E. Nault, of the business department staff. Nault graduated from Ishpeming High School, received a certificate from Ferris Institute, and his B.S. and M.A. Degrees from Northern.

He was in the U. S. Navy, a Korean War veteran, was a junior accountant with the J. D. Morrison & Co., and has operated a private business as a certified public accountant.

Nault is a member of the American Institute of Certified Public Accountants and the Michigan Association of Certified Public Accountants.

### State Ends Investigation Of Shooting

LANSING (AP) — An investigation into the shooting of a Negro prostitute by a Detroit police officer was completed Tuesday by the state attorney general's office.

Atty. Gen. Frank J. Kelly is expected to decide in a few days what action to take after studying the report. He is currently vacationing at a Burt Lake summer cottage.

**GOAL**  
The Group on Advanced Leadership (GOAL) has asked Kelley to investigate the July 5 slaying of Cynthia Scott, 24, by Patrolman Theodore Spicher.

Spicher contends he shot Miss Scott after she slashed him with a knife.

**GOAL**, a Negro civil rights group, contends the patrolman shot her three times after he "illegally and officiously" accosted the woman.

**Letter**  
Tuesday, GOAL sent a letter to Common Council President Ed Carey asking the Council to control traffic Thursday afternoon during a scheduled GOAL demonstration protesting Mayor Jerome Cavanagh's refusal to take action against Spicher.

Cliff Robertson (above) stars as Lt. (j.g.) John F. Kennedy (now the President) in the film, "PT-109," which has its Upper Peninsula premiere showing in three Marquette County theaters tonight.

### Premiere Of 'PT-109' In Area Tonight

Premiere showing of "PT-109" in the Upper Peninsula will be held tonight in three Marquette County theaters.

The show, which portrays the war-time story of Lt. (j.g.) John F. Kennedy (now the President), will be shown in the Nordic Theater in Marquette, the Vista Theater in Negaunee and the Butler Theater in Ishpeming from tonight through next Tuesday.

Twenty years ago, President Kennedy was skipper of a PT boat on active duty in the Solomon Islands. Twenty years ago, the U. S. Navy had approximately 600 plucky little PT-boats harassing the Japanese in the South Pacific.

**Changes Since Then**  
However, since 1943 more than a few changes have taken place in Naval theory and practice—and PT's no longer figure in the Navy's plans, so none were operational when Warner Bros. set about filming the multi-million dollar production of "PT 109."

The company, therefore, built its own little navy of PT boats for the adventure drama, starring Cliff Robertson as Lt. Kennedy,

### Fair To Have Many Top Entertainers

ESCANABA — Entertainment stars of the first magnitude are among the luminaries who will shine at the 1963 U. P. State Fair, Aug. 13-18.

There's George Gobel, familiarly known to millions as the amusing little man of television, stage and screen; Brenda Lee whose records have made her one of the nation's top singing stars, and the castals, Bobby Beckam, Ray Price and the

which was filmed under the supervision of Jack L. Warner.  
The boats were designed by art director Leo K. Kuter, working from original plans for PT Boat 109. The 109 had been built by the Eloc Naval Division of the Electric Boat Company.

**Reconditioned Motors**  
Kuter also obtained a Navy photo of the 109 being loaded aboard a transport at Norfolk, Va., on Aug. 6, 1942 en route to the Pacific. Using the hulls of surplus Air Force rescue boats, the new PT's included every feature of the actual PT boats.  
Reconditioned 1,500-HP Packard motors were installed. All the armament, including torpedo tubes, 50-caliber and 20-millimeter guns, was built by Warner Bros. at its studios. The work was carried out with wartime urgency to meet the target date for duty before the cameras.

**Rescued Group Of Marines**  
The action depicted in "PT 109" occurred in the Solomon Islands between April and August, 1943. It includes the bombing of the LST which was bringing Lt. Kennedy to the South Pacific to take command of a PT boat, the aerial bombing and strafing of the naval bases at Tulagi and Rendova, the rescue of a group of Marines trapped on a Japanese-held island by Kennedy and the crew of the 109, and the events of the fateful August morning when Kennedy skipped his boat into battle against Japanese ships and was rammed by the destroyed Amagiri.

Ty Hardin, James Gregory, Robert Culp and Grant Williams co-star in "PT 109," which was produced by Bryan Foy in Technicolor and Panavision and directed by Leslie H. Martinson.

Grand Ole Opry folks and many others. For Brenda Lee it is a return to greet the many friends she made at the U. P. Fair a couple of years ago.

Gobel is often called "Lonesome George" for no reason at all except that he somehow is the epitome of the "little man" who is being constantly buffeted by the world.

**Far From Lonesome**  
Actually he is very busy and far from lonesome. Night club engagements and TV shows, plus guest appearances and benefits for many worthy causes keep George on the run. Quite a bit of time is spent in travel, for it's a considerable distance between Las Vegas and Chicago, San Diego and Lake Tahoe.

George was born on the north-west side of Chicago, attended high school there, and was a boy soprano in the Episcopal Church choir. He was a natural-born entertainer and was invited to appear on the National Barn Dance after he sang with the choir on radio.

**Gobel Due Aug. 15**  
With a couple other then unknowns like Red Foley and Gene

Autry, Gobel toured the country until he entered the U. S. Air Force in 1943. The war over, he was just another among the millions of job seekers—until he began telling little stories along with his Western pickin' and singin'.

Television appearances brought him national audiences and amazing successes.

Gobel will be at the U. P. State Fair the night of Aug. 15, along

with Val Campbell's All American Revue.

### Auto Industry To Set Production Record

DETROIT (AP)—The U.S. auto industry will set an all time high sometime this week when it turns out passenger car No. 7,130,001 of the 1963 model run. That one car

will break the old mark set in the 1955 production year.

The seven millionth car was turned out last Thursday.

It marked only the second year in automotive history that more than seven million passenger cars were built during a model year.

### SALVAGE FOR SALE

This is the principal directional sign, on Baraga Ave., off S. Front St.-U. S. 41, where the Marquette Chamber of Commerce, through the city public works department, has mapped out a route for tourists to Presque Isle Park, Shiras Park, the

### Directional Signs To Scenic Points Erected In Marquette

Marquette's chamber of commerce, in cooperation with the city's department of public works, in an effort to get tourists to stay longer in the Marquette area, rather than just drive through, have erected tourist attraction and scenic directional signs in the city.

The first of these signs to be erected is located at the corner of Baraga Ave. and S. Front St., on the Carroll Motors building, directing tourists to the swimming area, ore docks and picnic area at Presque Isle Park.

Ten consecutive signs also have been erected this week just south of the Marquette State Prison on U. S. 41, in the fashion "consecutive signs" manner.

The first one welcomes tourists to Marquette and the following nine point out tourist attractions, such as Sunken Gardens, Mount Marquette, the John Rust pioneer home, the ore docks, the historical museum, Presque Isle Park, Northern Michigan University, Sugar Loaf Mountain and the nature trails at Presque Isle Park, which will be opening within the next two weeks.

### Six Divorces Granted In Circuit Court

Six divorce decrees were granted by Judge Bernard H. Davidson in civil action in Marquette County Circuit Court this week.

Judge Davidson also granted a marriage annulment, ordered the restoration of an operator's license and heard a paternity case in circuit court action this week.

Divorces were granted to Irene E. Froney, Neegaunce, from Burt M. Froney; Lyle E. Ozea, Republic, from Priscilla L. Ozea, Republic; Claire M. Mataxagay, Ishpeming, from James D. Mataxagay, Ishpeming; Celia Denofre Circleville, Ohio, from Lawrence Denofre; Mollie Hansen, Marquette, from Reginald Hansen, Marquette, and Edith O. Tauch, Marquette, from Jack G. Tauch, Marquette.

An annulment was granted to Alean Guidebeck, Marquette, from Michael Guidebeck, Marquette.

Restoration of an operator's license was ordered for Walter R. Livermore, Logan St., Marquette.

A settlement was made in a paternity case involving Mary G. Watson and George G. Roundtree, both of K. I. Sawyer Air Force Base.

The special non-jury July term of circuit court is expected to end next week.

### Copper Country Limited TO CHICAGO

Enjoy a restful ride on this diesel-powered train. No highway hazards, no nervous strain when you go the rail way.

The COPPER COUNTRY LIMITED carries through Pullman with duplex roomettes and double bedrooms—each with complete, private facilities. Coaches have individual reclining chairs, ample luggage space and big lounge-dressing rooms. Dining car serving breakfast prior to arrival in Chicago and Buffet service from Chicago to Milwaukee.

The COPPER COUNTRY LIMITED leaves Champion 7:50 p.m., arrives Chicago 6:45 a.m., CST. Returning, leave Chicago 6:50 p.m., arrive Champion 5:25 a.m.

\*Pullman service has been available from the Copper Country to Chicago via The Milwaukee Road since 1893. We would like it to continue. In recent years, however, patronage has been reduced to a point where the operating expense and deficit has become prohibitive. We are hopeful that increased patronage may warrant Pullman service being retained beyond September 1.

For information, tickets and reservations, ask Milwaukee Road Station, J. W. Lindahl, Ticket Agent, Phone ED 9-2231, Champion, Mich.

### City Band Concert At Park Thursday

Music by 19th and 20th century composers will be featured at the Marquette Municipal Band concert tomorrow at 7:30 p. m. at the Presque Isle Park Bandshell.

The concert is part of the city's regular summer series of Thursday evening concerts at Presque Isle Park.

Featured overture tomorrow night will be "Rosamunde" by Franz Schubert. T. Ray Uhlinger, municipal band director, said.

"One of Richard Wagner's most impressive operas is "Lohengrin" and "Elsa's Procession to the Cathedral" from that opera will be presented tomorrow night," Uhlinger said.

Wagner Contribution Uhlinger noted that Wagner's greatest contribution to the development of opera was his use of the orchestra as a more vital force in the dramatic presentation of his stories.

From the 19th century French school of composition, Alexandre Guilmant is noted principally as a composer of organ and orchestra works. An arrangement of his organ composition, "Choral March and Fugue" by Charles Richter of the State University of Iowa will be played tomorrow night.

Solist for the concert will be Dr. Harold E. Wright, head of the Northern Michigan University music department. He will play "Concertino", a clarinet

solo with band accompaniment.

From the arrangements of contemporary musicians, the band will present "Deep River Suite" by Frank Erickson, "Elegy for Moderns" by Dean Howard, "Pastels" by William McRae and the popular "Sleigh Ride" by Leroy Anderson.

Selections from a composition by one of the most gifted musicians of our generation will be heard when the band presents melodies from "West Side Story" by Leonard Bernstein. Included will be "I Feel Pretty," "Maria," "Something's Coming," "Tonight," "Cool," and "America."

March: "The Gladiator" Bernstein's talents include that of a fine pianist, composer and conductor. His television ap-

pearance with the New York Philharmonic Orchestra have created a great deal of interest in serious music," Uhlinger said.

Marches included on the program are E. E. Bagley's "National Emblem" and a concert march "Coat of Arms" by George Kenney.

The traditional John Phillip Sousa closing march will be "The Gladiator."

Armed Forces A/3c Francis D. Kanninen, son of Mr. and Mrs. Louis W. Kanninen of Covington, is being reassigned to Dover Air Force Base, Del., following his graduation from the United States Air Force techni-

cal training course for communications center specialists at Sheppard AFB, Texas.

Recently completing an eight-week communications center specialist course at the Southeastern Signal Center, Fort Gordon, Ga., was Army Pvt. Richard T. Harris, son of Mr. and Mrs. Wesley T. Harris, 584 Mather Ave., Ishpeming.

Army Specialist Five George M. Freeman, 23, son of Mr. and Mrs. George E. Freeman, 925 Oak St., Neegaunce, is serving with the 14th Armored Cavalry Regiment's 3d Reconnaissance Squadron which guards the northern sector of the East-West German border.

Full-grown ostriches weigh up to 300 pounds.

### Why "Good-Time Charlie" Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills. Doan's Pills act 3 ways for speedy relief: 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. For convenience, buy the large size. Get Doan's Pills today!

# Dear Abby....

BY ABIGAIL VAN BUREN

DEAR ABBY: Why do people think that because you have a large family, your yard is a public playground? Right now 12 kids are playing ball in my back yard, and only seven of them are mine. The children aren't allowed to play in other yards because they ruin the grass. I really don't mind, but it wouldn't hurt some of the other parents to share the noise with me. At night they ask me to turn on my yard lights so they can play after supper. When, oh, when will I have peace and quiet again?

DEAR ABBY: Someone suggested to "Ma" (who was upset at seeing "Pa's" choppers grinning at her from the dresser top while Pa was outside mowing the lawn) that she "steal" Pa's choppers and leave in their place \$3.20 from the "Good Fairy." Well, a set of dentures contains only 28 teeth. So at the rate of 10 per tooth, Pa should be left only \$2.80.

DEAR JUST: Too soon. And you can take my word for it. Count your blessings. Your children are occupied in healthy, wholesome play, and you don't have to worry about where they are—or with whom. Anybody can raise grass. It takes special qualities to raise children.

DEAR ABBY: I am 14 and my mother and I have been fussing over something very silly. We were all at the ball game and I was with a very nice boy. He took my hand. My mother then leaned over and told me to quit holding hands with him. Abby, couldn't she have waited until I got home? She had to make a big scene in front of everybody. I don't see anything wrong with a boy and girl holding hands at a ballgame, do you?

DEAR WONDERING: Your mother could have told you quietly to quit holding hands, but I think she was right to tell you. A display (even a

minor one) of affection is out of place in public.

DEAR JUST: Too soon. And you can take my word for it. Count your blessings. Your children are occupied in healthy, wholesome play, and you don't have to worry about where they are—or with whom. Anybody can raise grass. It takes special qualities to raise children.

**State Senator May Run For U.S. Senate Seat**

LANSING (AP)—State Sen. John Fitzgerald, R-Grand Ledge, a leader of the so-called Republican "moderates" in the Senate, said he may become a candidate for U.S. Senate in 1964.

**Detroit Announces Torch Drive Goal**

DETROIT (AP)—The board of directors and advisory board of the United Foundation Monday announced that the 1963 Torch Drive goal will be \$19,750,000. This is 4.5 per cent greater than last year's goal. It is \$300,000 less, however, than was actually raised in 1962. The goal is the largest ever set in a community-wide fund-raising campaign anywhere in the world.

HEY, IT'S JUST US!

THE SOFA SAGGER

## Ten Automobiles Involved In Five Traffic Mishaps In City

Ten automobiles were involved and a motorist was given a ticket, but no one was injured, in five traffic mishaps which occurred in Marquette yesterday.

1. At 3:52 yesterday afternoon a car being driven north on Lake Shore Blvd. by William L. LaBelle, 2330 Wright St., struck an automobile operated by Clovis E. Fortin, 1807 Longyear Ave., south of the Shiras Park entrance.

City police said Fortin had slowed up for two boys and a dog, who were crossing the street, and LaBelle was unable to stop in time.

### Car Not Under Control

Minor damage resulted to the front end of LaBelle's car, a 1957 convertible, and apparently no damage occurred to Fortin's 1953 two-door sedan. Both cars were driven from the scene under their own power.

LaBelle was ticketed for failing to have his car under control.

2. A piece of pipe projecting from the "bed" of a platform truck operated by Howard L. Fissette, Route 2, Box 203, Grove St., who was backing out of his driveway, struck the windshield of an automobile owned by Alex Dougherty, Shoreland Hotel, which was parked on the south side of the street, opposite the driveway.

### Windshield, Fender Damaged

The mishap took place at 4:40 yesterday afternoon and resulted in the windshield and left front fender of Dougherty's 1958 four-door sedan being damaged, city police said.

3. An unusual accident occurred at 7:50 yesterday morning. City police said a five-year-old youngster crawled in through the window of a car owned by Paul La-

Freiere and parked in his driveway at 726 W. College Ave., releasing the emergency brake.

The LaFreiere car coasted backwards, crossing the street and striking the left side of an automobile owned by Leonard C. Aschom and parked in front of his residence at 717 W. College Ave.

The left front door of Aschom's car, a 1962 sedan, and the left taillight of LaFreiere's 1961 station wagon were damaged to a minor extent.

4. Still under investigation today was a collision which occurred at 3 yesterday afternoon at the corner of Jackson and Altamont Sts., involving automobiles operated by Janice A. Cousineau, 2206 Wilkinson Ave., and Paul L. Pringle, Birch Grove Trailer Court.

### Both Traveling Slow

City police said she was driving west on Jackson St. and began making a left turn onto Altamont St., in front of Pringle's car, traveling north on Altamont. Both vehicles were going at a fairly slow rate of speed, officers said.

The left rear fender of the Cousineau car, a 1960 two-door sedan, and the left front fender of Pringle's 1955 four-door sedan were damaged.

5. At 12:10 yesterday afternoon a car being backed out from a parking lot on the north side of E. Washington St. by Roy E. Froling, 402 Harrison St., collided with an automobile being backed out from a parking space on the south side of Washington by John C. Fleming, 901 Center St.

Minor damage resulted to the left door of Fleming's 1960 two-door sedan, and apparently no damage occurred to Froling's 1960 four-door sedan.

## City Water Main Damaged In Winter Freeze Repaired

A six-inch main on Blaker St. which was severely damaged during the deep freeze last winter was repaired last week. City Manager Thomas Moore stated today in his weekly report on municipal department activities.

Water department crews replaced 75 feet of the main on Blaker St. They also repaired a three-quarter inch line on Baraga Ave. and a hydrant on E. Arch St.

During the week, 22,843,000 gallons of water were pumped by the water department.

### Sewage Data

At the sewage disposal plant, 15,000 gallons of digested sludge were pumped to drying beds, making a total of 105,000 gallons for the season.

Excerpts from the reports of other municipal department activities follow:

**Parks and recreation** — Cleaned buildings and grounds daily at Presque Isle Park, Shiras Pool, Tourist Park and Shiras Park. Presque Isle and Tourist Parks were sprayed for insect control and a fence was installed at the North Marquette Ball Field. Registration for new swimming classes will be Thursday and Friday.

**Public works** — Conducted sweeping of streets and repairing of paved and gravel streets. Hauled blacktop material to the stockpile and maintained traffic signs and parking meter posts.

**Engineering** — Set grade stakes on Johnathan Carver Rd. for final grading of street and placement of gravel base for work being done by the subdivider.

**Fire** — One downtown building smoke, one industrial, and two gas spill calls. Four inspections made with the state fire marshal. The ambulance made five local and three out-of-city calls, for a total of 128 miles driven.

**Health** — Assistance given in 27 complaints and 18 milk licenses issued with fees turned over to the city treasurer. Seven cases of communicable diseases reported and physical examinations given for 25 persons for summer camps. The sanitarian investigated six complaints, interviewed owners of a new restaurant and gathered water samples at swimming areas.

**Accounts and Finance** — Prepared resume of checks outstanding, reported employee benefit costs for calendar year to Michigan Highway Department, conducted work in connection with closing of last year's special assessment accounts and in connection with the collection of delinquent accounts.

**Assessor** — Issued three building permits, assessed property in the field and recorded changes in real property ownership on the tax and assessment rolls.

**Clerk** — Issued three city licenses, two dog licenses, and two new licenses.

**Court** — Handled 16 traffic violations, 16 misdemeanors and three civil cases. The violations bureau handled 80 meter and 27 restricted parking violations.

**Police** — Arrests, 20 misdemeanors, 17 traffic, 8 accidents. Investigations, one check case, 11 disturbances, 27 traffic or parking complaints, 12 accidents. The dog warden picked up 12 and disposed of nine dogs, with five in the pound at the end of the week.

**Light and power** — Line crews rebuilt a line in Sand's Township, installed a transformer on E. Crescent St., moved one transformer on Lincoln Ave. and connected five new customers. Water received at the hydro-electric plant was more than last week and more than during the same week last year. Elevation at the Hoist Pond dropped 1.2 feet and was three feet higher than at this time last year and 6.5 feet from the top of the dam. The total system's kilowatt hour load was 7.2 per cent higher than last year.

### Police Seek To Try Teen-Ager As Adult

DETROIT (AP) — A Juvenile Court waiver was asked by homicide detectives Monday in order to try a 16-year-old boy as an adult in the fatal stabbing of Aaron Lewis, 18, of Detroit. The youth, whose name was withheld, told detectives he was trying to "scare" Lewis with the knife at a teen party and that Lewis lunged forward and impaled himself. Lewis died in a Detroit hospital Saturday night.

**ALEXANDER'S**

School construction work here is proceeding on schedule, according to a report made to the Marquette Board of Education at its meeting yesterday afternoon. Above, the foundation for the new Marquette Senior High School is shown, as seen from the north side of the area. Below, heavy equipment is being used to fill in the foundation for the school. General construction contract for the new school is being handled by Caspian Construction Co.—(Photos by Joe Sullivan).

## School Construction Projects Here Proceeding On Schedule

Crews on the Marquette Public Schools' three construction projects are "really moving ahead," Wilho Kilpela, clerk of the works, reported at the board of education meeting yesterday afternoon.

At the Marquette Senior High School site, general construction is on schedule, except for steel construction, Kilpela said.

He said that there was a delay in the delivery of steel material, which held up installation of partition walls.

### Steel Now Being Delivered

However, steel is now being delivered and work will be started this week on the brick exterior of the new high school, Kilpela said.

Occupancy date for the senior high school building is

scheduled for the fall of 1964 and construction is expected to be 50 per cent completed by October.

Crews working on the six-room addition to Sandy Knoll Elementary School are operating on a "tight" schedule, he said. Completion date set for the addition is Sept. 1.

### 75 Per Cent Complete

On July 1, the addition was 75 per cent completed. Metal partitions have been installed and crews are starting this week to install metal stud partitions.

At Whitman Elementary School, where a six-room addition is being constructed, general construction is on schedule, with the other contractors following right behind," Kilpela said. Finishing work has

been started and installation of asphalt tile floors will begin soon, he said.

Aug. 1 is the completion date set for the Whitman School addition, with a \$100-a-day penalty for work done after that date. Kilpela estimated that interior work on the addition "might go just a few days past Aug. 1."

General contractor for the new

## Rapport Director For NMU's Wilde Play, Opening Tonight

Members of Northern's theater workshop class will present Oscar Wilde's "The Importance of Being Earnest" tonight, tomorrow night and Friday night.

Curtain time is at 8:15 p.m. in Kaye Gymnasium.

The production, under the direction of Dr. James L. Rapport of the NMU speech and drama department, features staging in the three-quarter round, which is a reaction against the colossal stage spectacle.

### 'Thrust' Staging

Three-quarter or "thrust" staging as it is sometimes called has shattered the conviction that ornate scenery and a "cast of thousands" is indispensable, while it has reinforced the fact that the only fundamental elements in the hearing as to why the ordinance should not be blocked is scheduled Wednesday.

The ordinance contains provisions for the establishment of a police department — but only to give the dog warden power to carry out his duties, Democrats said.

Considered by many critics to be among the most important works of Wilde, "The Importance of Being Earnest" displays the playwright's talent for witty conversation while poking fun at contemporary British society through frequent use of inversions of conventional opinion.

Born in Dublin Oct. 16, 1856, Wilde has since been called "The most exquisite stylist that has

written for the stage since (William) Congreve."

A distinguished student of the classics and a winner of the Newdigate Prize for Poetry, Wilde traveled in Italy and Greece before making his home in London where his wife's fortune kept him in high society, an experience which was to contribute greatly to his work.

### Cast Listed

Members of the cast and the roles they play are:

Dennis McGinley as John Worthing, J.P.; Airman Terry Deck as Algernon Moncrieff; Ralph Valine as the Rev. Canon Chasuble, D.D.; John Calo as Merriman, the butler; Gus Sponberg as Lane, the manservant; Gillian Dobb as Lady Bracknell; Suzanne Emerson as the Hon. Gwendolen Fairfax; Chris Gute as Cecily Cardew; and Catherine Kinch as Miss Prism, the governess.

## Township's Dogs Gone To Politics

YPSILANTI (AP) — The dogs have gone to politics in suburban Ypsilanti Township.

The township was to get its first dog ordinance Aug. 15. But this involves more than licenses and leashes — things like a writ of mandamus, the right of referendum and a police department, which the township doesn't now have.

A dog fight between the heavily Democratic board and township Republicans is expected before the arrival of the "dog days" next month.

Roy Smith, only Republican on the seven-man board, said the ordinance was passed to create a job "for one of the Democrats' friends or relatives."

**Republicans Sign Petition**  
Sixteen Republicans signed a petition asking for a meeting of the electorate to go over the proposed ordinance. The board refused, so George E. Stripp filed for a writ of mandamus in Circuit Court to force the board to permit the meeting. A show cause

## Controlling Liquor

The Michigan Liquor Control Commission met recently in the Upper Peninsula with new leadership and new directions. At the helm of the commission now is a familiar, freckled man who started his professional career chasing bootleggers. He's Don Leonard, former commissioner of the Michigan State Police.

Mr. Leonard doesn't drink, but he thinks it's much better public policy to control the liquor traffic than to prohibit it, and his espousal of this view made headlines in Detroit many years ago when the Rev. Mr. Holsapple led Michigan's dry forces and prohibition was the law of the land. Instructed by his superiors in the state police to address a meeting of dries, Mr. Leonard expressed his view of prohibition and then asked to be excused so he could go downriver and knock over some speakeasies.

A lot of things have happened since then, and the Michigan Liquor Commission currently is reviewing its legal structure and operating policies to determine if they're suited to the times. It is asking the aid of the liquor industry, the licensed dealers, the public, the tourist industry and other elements concerned with the alcoholic beverage trade.

Michigan became a "monopoly" state in 1933 when the national prohibition act was repealed. By this action the state took over the liquor trade within its boundaries, making itself the sole licensing agency and wholesale distributor. The thinking then was that this government monopoly simpli-

fied the control problem. This concept has not been abandoned despite the changes in the intervening 30 years.

Another basic concept of control was limiting the competition among dispensers. To do this, liquor licenses were put on a population quota basis, one license to every 1,500 population. This control is retained, but can be changed by reducing the population ratio and thus increasing the number of licenses, and there are some pressures to have this done. The counter pressures from licensees ("Who wants more competition?") and dries ("Who wants more saloons?") have thus far been too strong to increase licenses.

There are strong community pressures on the Michigan Liquor Control Commission to change its policies because a liquor license is regarded as an indispensable need of large recreation and resort establishments. When a pub with fixture assets worth \$1,032 has a liquor license and a swank new bowling alley and recreation center costing \$785,000 can't get one, some questions are raised.

We have changed rather basically in 30 years, from thinking that we must devise liquor control rules that would prevent the return of the well advertised evils of the old pre-prohibition saloon (the brewery owned it) to the need for some liquor control rules which will cope with the recreational and commercial hosting needs of the community.

If a man wants to run a milk bar he can let competition determine his fate, but he can't even get into the liquor business without a license, and the state has none to give to new businesses. Inevitably, this leads to sharp trading in existing licenses, and there's pressure for bribery and other illegal practices. We need only look to the New York liquor licensing scandal to see what can happen.

Liquor control is under constant suggestion of change—that it dispense with private store outlets (SDD's), that it close the state liquor stores and do only wholesaling, that it issue more licenses, etc. The City of Detroit, seeking growth as a convention center, suggested that it be allowed Sunday sales. The tourist industry thinks there should be more resort (nine-month) licenses.

There is no prospect that any system of control can ever satisfy everyone, but the commission's current general survey of the effectiveness of operations is good business. Now's the time to gripe.

## JOY AND SORROW

Sorrow is the harbinger of joy. — Mary Baker Eddy

## From The Journal Files

### 60 Years Ago

**—Marquette—**  
As a result of the developments at the council meeting Monday evening, it is not unlikely that open friction will arise between the aldermen and the electric light and power commission. As was detailed in The Mining Journal Tuesday, the commissioners forwarded to the council a communication practically refusing to move its poles in accordance with the council's request unless the council would guarantee to make good the expense. The council's answer was to instruct City Attorney Brown to see the commissioners, and if they would not consent to recede from this attitude to take the necessary legal steps to compel them to move the poles. Here the case stands for the present.

Martin Vierling's residence property at the corner of Front and Ridge Sts. has been sold to Miss Eliza Bosworth. The deal was negotiated by George E. Hodgkins.

Mrs. J. F. Skogberg and daughter, Hulda, have returned from Chicago and will make their home here with Mrs. Skogberg's son, George.

**—Ishteping—**  
Probably one of the most important questions that will be considered by the council at its next meeting will be that of a new building for the fire department headquarters. It appears likely that the subject will be brought up in the form of a report from the fire and building committee. The building that now serves as a headquarters is in a very poor condition. The walls are shaky, the roof is as leaky as a sieve, and it would have to be practically rebuilt to be made to serve its purpose properly. The council will probably agree readily to a new building.

John C. Greenway entertained a number of friends at a bowling party on the alleys at the Lake Superior office Monday night. Charlot, Gilbert and Demar, the architects who planned the city building, have submitted drawings for the needed alterations. The plans contemplate a complete rebuilding of the foundation.

**—Negaunee—**  
Someone has been working havoc of late with the beautiful grove on the south shore of Teal Lake by ruthlessly cutting down some of the finest trees. Nobody seems to know exactly who the guilty parties are, though suspicion strongly rests on several who are also accused of dynamiting the fish in the lake recently. The grove is a very pretty spot, commanding a fine view of the lake, and has been a favorite place for picnics and small camping parties. It is thought that the trees have been cut down and made into firewood which has been carried across the lake in boats. The land belongs to the Cambria Mine.

The firemen want to gain some glory on the diamond. The team that will play the firemen Friday will be made up of the following well-known stars: Mark Elliott, McGuire, J. Winter, Faul, Connors, B. Miller, Levine, Trotsch, Thoren, the latter three to be the battery. The firemen who will take part in the contest are as follows: Lacombe, Westmeyer, battery: N. Laughlin, L. Sporely, Mitchell, Wasmuth, Webber, Theile, Dyer, Harper.

### 30 Years Ago

**—Marquette—**  
Henry B. Bedford, Grand Rapids junior high school principal, sentenced to life imprisonment in the Marquette Prison for the brutal murder of a woman and her two children, was taken to the Ionia State Reformatory yesterday, where he will be made the subject of special study by state psychiatrists.

A business session and program of speaking will mark the July meeting of the Upper Peninsula Association of County Superintendents of the Poor, to be held Tuesday at Grand Island, near Munising.

Officers and directors of the newly organized Upper Peninsula Bankers' Association will meet here Aug. 5 at the Northland Hotel, where they will transact important business prior to the next regular meeting of the association, which will be held in Ishpeming on Aug. 27.

The attributes that make Rebecca one of the best-loved characters of literature and the drama are said to have fitted Marion Nixon in "Rebecca of Sunnybrook Farm," which is the attraction at the Delft Theatre Monday and Tuesday. Like the Rebecca who sprang from the brain of Kate Douglas Wiggin, creator of the original story, Miss Nixon possesses all the qualities which make for an interesting and lovable personality.

**—Ishteping—**  
K. I. Sawyer, county road superintendent, yesterday received instructions from Lansing to select 26 experienced Marquette County woodsmen for service in the Civilian Conservation Corps camps.

G. H. Dormer, Marquette range superin-

tendent of the Oliver Iron Mining Co., stated today, following his return from Duluth, Minn., that he had received no orders to begin shipping ore from the company's mines in the Ishpeming district.

Followers of Joe E. Brown will see the versatile comedian in what is probably the best role of his long laugh-making career when his latest First National picture, "Elmer the Great," is shown for the last time Monday in the Ishpeming Theatre.

**—Negaunee—**  
Despite the fact that A. T. Babbitt, state electrical inspector, has termed Negaunee one of the worst cities in the state from the standpoint of electric wiring, the fire department here reports that the fire loss from defective wiring in the city during the last 25 years has been negligible.

Many changes are scheduled to go into effect here on Aug. 1 if Negaunee merchants give a 100 per cent endorsement to the voluntary industrial code submitted Friday by President Franklin D. Roosevelt to employers of every description.

A new Maurice Chevalier a Chevalier of bed-room slippers and fire-side romancing, makes his appearance in "A Bedtime Story," latest of the French star's pictures, which opened Sunday at the Vista Theatre and will be seen again Monday and Tuesday.

Eugene DeGabriele of Aberdeen, Wash., is here visiting at the home of his grandparents, Mr. and Mrs. Felix Chiabotto, and other relatives. Mr. DeGabriele is an instructor in the Aberdeen High School. Enroute to Negaunee he attended the Century of Progress Exposition in Chicago.

## Kennedy's Rail Dispute Plan

By JAMES MARLOW Associated Press News Analyst

WASHINGTON — President Kennedy says his plan for settling the railroad dispute is intended to avoid compulsory arbitration. But the net effect in large measure could wind up being compulsory arbitration.

Nevertheless, an examination of the plan indicates it's a thought-out device for taking much of the steam out of the four-year long argument between the railroads and the unions.

**Could Get Court Injunction**  
Kennedy asked Congress Monday to pass a resolution giving the 11-man Interstate Commerce Commission authority to go over the whole dispute and give rulings which would stay in effect for two years after they were made.

The ICC's authority would last two years from the day Congress passed the resolution.

**During that time—if the unions or railroads didn't like a ruling and wanted to strike or shut down—the ICC could get a federal court injunction forbidding such action.**

Briefly this is the background before looking at what Kennedy proposed:  
The railroads argue that, thanks to modern improvements, they could operate \$600 million a year cheaper if they weren't saddled by thousands of jobs they consider unnecessary.

**Steam Locomotives Replaced**  
For example, Diesel engines have almost completely replaced steam locomotives. The railroads say that while firemen were needed on the steam locomotives, they are unnecessary on the diesels.

**So they want to eliminate about 35,000 firemen's jobs, about 10,000 right away, the rest over the years through retirement or death or quitting. In addition, they want to eliminate about 30,000 other jobs over a period of time.**

A presidential commission and a presidential board went along with the idea of eliminating jobs. The Supreme Court upheld the right of the railroads to do the eliminating.

**A Dirty Work**  
The unions not only refused to agree, they threatened a strike if the railroads started job-cutting. They refused to let some outsider—an arbitrator—give a ruling that would be binding on unions and railroads.

**Congress to prevent a strike, could compel the two sides to accept arbitration. This would be compulsory arbitration. That's a dirty word with American management and labor, and Congress doesn't like it, either.**

Still, Kennedy and Congress do not want a crippling strike. So Kennedy, to prevent it, came up with the device he suggested Monday. If Congress approves, there can be no strike for at least two years.

**How It Would Work**  
But, while it is supposed to avoid compulsory arbitration, this is how it would work:  
As soon as Congress approves the resolution, as it probably will in some form, the ICC would be empowered to act in the case. It would have this authority for two years. Its main task would revolve around manpower and jobs.

The two sides could file applications for rulings. On the ICC gave a ruling, it would stay in effect two years.

**This could happen: Right near the end of its two-year term the ICC might give a ruling which would have to stay in effect for two years afterward. This means the ruling would be in effect four years after Congress passed the resolution.**

This seems far-fetched. Almost surely it won't happen but this will: As soon as the ICC is empowered to act, the railroads will dump all their job problems in ICC's lap to get action fast.

The ICC is supposed to act within 120 days—or as soon thereafter as possible—after getting a request for a ruling.  
If the ICC decided a number of firemen's jobs should be eliminated, then those jobs would be eliminated for two years. But right here it would seem from what Kennedy said, the railroads might not be saving a lot of money.

**Remark By President**  
From the way Kennedy phrased his message Monday it would appear that men whose jobs were abolished—or most of them—would be shifted to other jobs or retrained for others. The railroads would have to keep paying them for some time. So there wouldn't be big savings in a hurry.

**Kennedy said, citing the opinions of the presidential commission and board: "No would be thrown out on the street; and, while the railroads gradually modernized their operations, there would be little, if any, loss to individual employees."**

It could be concluded from this suggestion that the ICC, right from the start, would not have a completely free hand in eliminating jobs.

At the same time an examination of Kennedy's message pretty clearly indicates the unions would have to accept the ICC's ruling since that commission could get a court injunction to prevent a strike.

At least the unions would have to accept the rulings for the two-year period after the ICC made them. In this sense the ICC rulings would be compulsory arbitration. What would happen after the ICC's two years of jurisdiction ended?

**Delaying The Fireworks**  
The unions and railroads would have to negotiate agreements. Supposedly, they'd have to be negotiating settlements all through the two years of ICC authority.

Then there's this: Suppose thousands of jobs had been eliminated by the ICC in that two-year time and men, if not fired, were moved into other jobs. At the end of the two years the unions wouldn't have much ground for striking against job eliminations that had been in effect two years.

All in all, this proposal would at least delay fireworks for two years.

**TWO FREEDOMS**  
There are two freedoms—the false, where a man is free to do what he likes; the true, where a man is free to do what he ought. — Charles Kingsley

**HIMALAYAS AND GRAND CANYON**

The tourist is a beautiful phenomenon of our modern world. Easy transportation makes him—and her—inevitable. He is popular, largely because his dollars are well liked.

The next step in international goodwill may be for us to receive as well as send loustlike swarms of tourists. Abroad there are, to be sure, such things as the Parthenon, and the Himalayas as seen from Simla. But we can offer Mount Vernon and the Grand Canyon.

As tourism grows, so do the chances for world peace. The travel agent may possibly come to be symbolized by a dove and an olive branch. — New York Times

## Ex-Marquette Resident Guest Artist For 'Art On Rocks' Show Friday

A former Marquette resident will be guest artist at the Lake Superior Art Association's "Art on the Rocks" presentation Friday.

She is Mrs. John Cannon, the former Margaret Erickson, who teaches art at Fullerton Junior College and Whittier Adult School, Fullerton, Calif.

**Fourth Year For Event**  
The "Art on the Rocks" exhibit will be from 9 a. m. to 9 p. m. Friday, in the area surrounding the Father Marquette statue on S. Front St., extending past the chamber of commerce building and through Lakeside Park.

Area artists and visiting artists have been invited to set out paintings and crafts "on the rocks" for exhibit and sale Friday. This is the fourth year that the Lake Superior Art Association has held the exhibit.

**Children's Entries**  
Mrs. Laura Embley, 109 E. Park St., is registrar for the exhibit. Mrs. Sallie Chisholm is in charge of exhibit space and Mrs. Ania Meyland is in charge of program and guests artists. The members of the Creative Juniors group will exhibit work and will also arrange for children's entries.

Mrs. Cannon is probably the only woman marine painter in California. At "Art on the Rocks" she will demonstrate sea or landscape painting in oils, using the "palette knife" and "California wet-in-wet" techniques.

**Illustrated Booklet**  
She is the daughter of Mr. and Mrs. C. A. Erickson, East Kingsford, who formerly lived at 317 W.

Ridge St., Marquette. She is a 1941 graduate of Graverack High School.

A former air controller in the Waves, Mrs. Cannon is a veteran of World War II. She wrote and illustrated a booklet, "Patriots—Female Version," for the 19th National Waves' Reunion held in Los Angeles.

Her husband, Dr. John Pershing Cannon, is a professor of geography and geology at Orange State and Cerritos College, Norwalk, Calif. They have three children.

**Studied In Mexico**  
This summer Dr. Cannon is studying at the University of Bowling Green, Ohio under a National Science Foundation grant.

Mrs. Cannon studied art at Long Beach City College and at the University of the Americas, Mexico City, Mexico.  
In Mexico she studied with Jose Cuevas, a noted Mexican artist, and Jose Gutierrez, a muralist who has continued in the style of Diego Rivera.

**To Give Demonstration**  
She has also taught art at the University of the Americas, Whittier College and Excelsior Adult School in California.

She is a professional artist, specializing in marines. Her private collections are in Mexico, Puerto Rico and the United States. Mrs. Cannon will lecture and demonstrate composition, techniques of seascape painting Aug. 6 at 7:30 p. m. at the Graverack High School art room. The demonstration is open to the public.

Shown with some of her work is Mrs. John Cannon, a former Marquette resident who will be guest artist at "Art on the Rocks." Friday. The art exhibit, in the area surrounding the Father Marquette Statue on S. Front St., has been presented for the past four years by the Lake Superior Art Association.

## Blessing Of Vehicles At St. Christopher's Sunday

The 10th annual public blessing of automobiles and other vehicles will take place Sunday at 1 p. m. at St. Christopher's Church in Trowbridge Park, the only church in the Catholic Diocese of Marquette dedicated to the patron saint of travelers.

More than 1,400 vehicles have been blessed at St. Christopher's since the establishment of the parish by the Most Rev. Thomas L. Noe, D. D., bishop of the diocese, in 1954.

**Gave Life For Faith**  
A memo of the blessing, held on the Sunday following the saint's feast day, is presented to the owner of the vehicle blessed.

St. Christopher is a martyr of the Roman Catholic Church, having given his life for his faith in the third century. His feast is celebrated on July 25. Because he is the patron of the parish in Trowbridge Park, his feast is being observed Sunday.

Born a pagan in Syria, St. Christopher was baptized by Babyllas, bishop of Antioch. He preached in Lycia and was martyred in 250 A. D. during the persecution under the Emperor Decius. He has been venerated in both the Latin church and in the Greek church (which observes his feast day on May 9) since that time.

**Ample Parking Space**  
The grounds should be entered from Badger St., on the south, he said, permitting drivers to proceed around the church building and out onto Ontario St. There is ample parking space for those who wish to visit St. Christopher's.

**Dr. Jacobson Given MSU Position Here**  
Dr. Margaret Mary Jacobson has been appointed Upper Peninsula program leader in home economics and family living, according to Dr. Albert S. Mowery, Marquette, district director for Michigan State University.

Dr. Jacobson's appointment was approved by the MSU board of trustees at its July meeting.

**Minnesota Native**  
Born in New York Mills, Minnesota, the home economist has served as a home extension agent in the Duluth and Montevideo areas of Minnesota and taught school at Park Rapids, Minnesota.

She most recently was an assistant professor at the Pennsylvania State University and before that at the University of Minnesota.

**Ph.D. From Purdue**  
Dr. Jacobson earned her B.S. degree at the University of Minnesota, Minneapolis, her M.S. degree at Cornell University, Ithaca, N.Y., and finished work for her Ph.D. in Sociology of the Family at Purdue University, LaFayette, Ind., last year.

The home economist is a member of the American Home Economics Association, the American Sociology Society, the National Council on Family Relations and many honor societies including Phi Upsilon Omicron, Omicron Nu, Pi Lambda Theta and Alpha Kappa Delta.

**Flint Couple Win Bridge Tournament**  
ISHPEMING — Final standings of the Ishpeming Duplicate Bridge Tournament show that a Flint couple, Mr. and Mrs. Max Rohler, ranked No. 1 with 349 match points and a percentage score of 69.59.

Mr. and Mrs. T. B. Boulden, Lac du Flambeau, Wis., finished second, with 57.64 percentage.

In third place were Margaret Pitkin and Steve Learmouth of Flint, 56.25.

Following them, in order, were Mrs. Russell Adams and Lloyd Seestad, Marquette, 55.12; Ray and John Windus, Munising, 53.99; Mrs. H. N. Young and Mrs. Earl Makela, Negaunee, 53.63; Mrs. Zigmund Mileski and George Reiting, Marquette, 53.12; Mrs. Carl Johnson and Mrs. Edwin Brabett, Marquette, 53.04; Clair Hoehn and William Wood, Gladstone, 53.04; Avery Peterson and Ed Gibbs, Marquette, 52.78; Mr. and Mrs. Rollie Hoff, Minooka, Wis., 52.43; Mrs. E. L. Derby and Mrs. Rollin Thoren, Marquette, 51.82; Mr. and Mrs. Frank Shaw, Marquette, 51.56; and Mr. and Mrs. Bernard Schmelzer, Marquette, 51.30.

**CHEERER-UPPER**  
Boast the spirits of someone bedridden in your home. For a refreshing change, substitute a printed floral sheet for the traditional white sheet. Use it over blankets, if they are needed, for a truly gay effect. Vat-dyed sheets can be kept as fresh and germ-free as white ones.

**SLEEP 'N' TRAVEL**  
Small children often like to nap while traveling in a car for relatively long distances. If you have a station wagon, toss some sleeping bags in the back or use foam rubber pads as inexpensive, comfortable beds.

**PATENT ON PASTELS**  
If you like to wear pastel shoes during the summer months, your best bet is patent leather. The new patent pastels can be wiped free of soil in a jiffy, and look fresh and pretty for each wearing.

## Bjorne-Collins

(Photo by Tiffany's).

**ISHPEMING —** Mr. and Mrs. Edwin J. Bjorne, Crystal Falls, former Ishpeming residents, announce the marriage of their daughter, Janice Kay, to Bruce Howard Collins, son of Mrs. George T. Collins and the late Mr. Collins, Negaunee, in Bethany Lutheran Church, Ishpeming, the Rev. Eskil E. Bostrom officiated at the double ring candlelight ceremony before the altar, decorated with white and yellow gladioli.

Douglas Holmgren was the organist and accompanied Jack Boase, who sang "Today, Oh Lord" and "O Perfect Love."

The bride, given in marriage by her father, wore a bridal gown fashioned of peau de soie satin with long sleeves, which formed points at the wrist. The bodice featured a scoop neckline decorated with appliqued roses. The double side folds gave a soft draping to the slim bell, curved skirt. The skirt featured sprays of delicately embroidered sequins and seed pearls and scattered appliqued roses. Clusters of hand-made roses and buds trimmed the back of the long chapel train. Her matching headpiece was also a hand-made rose, which was attached to a triple fingertip illusion veil, and she carried a lace-covered white Bible topped with white gardenias and trailing ivy. Her only jewelry was a pair of pearl earrings, a gift of the groom.

Miss Karen Stratton, Escanaba, a classmate of the bride, was the maid of honor. Bridesmaids were Miss Kay Sauer, Gwinn, also a classmate; Mrs. James Dix, Houghton, a cousin; and Miss Barbara Bjorne, Crystal Falls, a sister, was the junior bridesmaid.

Flower girl was Jo Ellen Collins, a niece of the groom, and ringbearer was Glenn Carlson, cousin of the bride.

**Aides' Gowns**  
The bridesmaids were gowned identically in sheath dresses of Nile green nylon over taffeta, fashioned with scoop neckline, short sleeves and bell-shaped overskirts. Nile-length illusion veils fell from their pillbox hats, and they carried crescent-shaped bouquets of yellow and white pompons and trailing ivy.

The flower girl wore a short white organza dress with a wide

sash of Nile green satin. In her hair she wore a crown of white flowers and carried a basket of white and yellow pompons.

Best man was David Harju, Negaunee. Groomsmen were Gary Erickson, Gwinn, and Dan Collins, Negaunee, brother of the groom. Ushers were James Collins, Houghton, cousin of the groom; Richard Wolett, Champlain, Gregg Bjorne and Clyde Carlson, cousin and uncle of the bride, respectively.

Mrs. Bjorne chose a pink linen sheath, featuring a white lace midriff, matching accessories and a corsage of pink roses. Mrs. Collins, mother of the groom, wore a turquoise silk shantung sheath with matching organza coat, white accessories and a corsage of yellow and white roses.

**350 At Reception**  
The bride's maternal grandmother, Mrs. John E. Carlson, were a light blue tulle gown with white accessories. The paternal grandmother, Mrs. Otto Jensen, wore a silk lavender and blue print with lavender accessories. Both grandmothers wore corsages of pink and white pompons.

A reception for 350 guests was held in the church parlors, after which the couple left on a wedding trip to an undisclosed destination. As of September, their residence will be in Houghton.

Mrs. Collins is a graduate of Ishpeming High School and is now a senior at Augustana Hospital School of Nursing in Chicago. She will graduate in September. Mr. Collins is a graduate of Negaunee High School and attended Northern Michigan University. In September he will attend Michigan College of Mining and Technology in Houghton.

Out-of-town guests were Mrs. Vern Schettler, Kingsford; Mr. and Mrs. Don McCosland, Waukegan, Ill.; Mr. and Mrs. Gerald Johnson, Minneapolis; Mrs. Lina Knot, Detroit; Mr. and Mrs. Gordon Ebner, Salt Lake City, Utah; Mr. and Mrs. Edward Johns, Milwaukee; Mr. and Mrs. James Dix, Houghton; Mr. and Mrs. Louis Leone, River Grove, Ill.; Mr. and Mrs. Clifford St. Onge, Livonia; Mr. and Mrs. James Dorsey, Miss Kathy Mavry, Miss Carolyn Carlson, Dr. Louis Mella, Miss Alex-

## New Names In The News

**STANFORD —** A son, Alan Brian Jr., was born July 20 in the K. I. Sawyer Air Force Base Hospital to Tech Sgt. and Mrs. Alan B. Stanford, Box 531, Gwinn.

**SCHMIDT —** A daughter, Jennifer Louise, was born July 22 in K. I. Sawyer Air Force Base Hospital to Master Sgt. and Mrs. Charles E. Schmidt, New Swanzy.

**BAULDING —** A daughter, Jacquelyn, was born July 22 in K. I. Sawyer Air Force Base Hospital to Staff Sgt. and Mrs. Richard S. Baulding, 134 Albatross, Sawyer AFB.

**CONN —** A daughter, Gerl Carol, was born July 23 in St. Mary's Hospital to A/2c and Mrs. Aubrey C. Conn, Route 2, Chocoylay Shores.

**ST. AUBIN —** A daughter, Theresa Marie, was born July 23 in St. Mary's Hospital to Mr. and Mrs. Emil St. Aubin, 401 High St., Marquette.

## Meetings

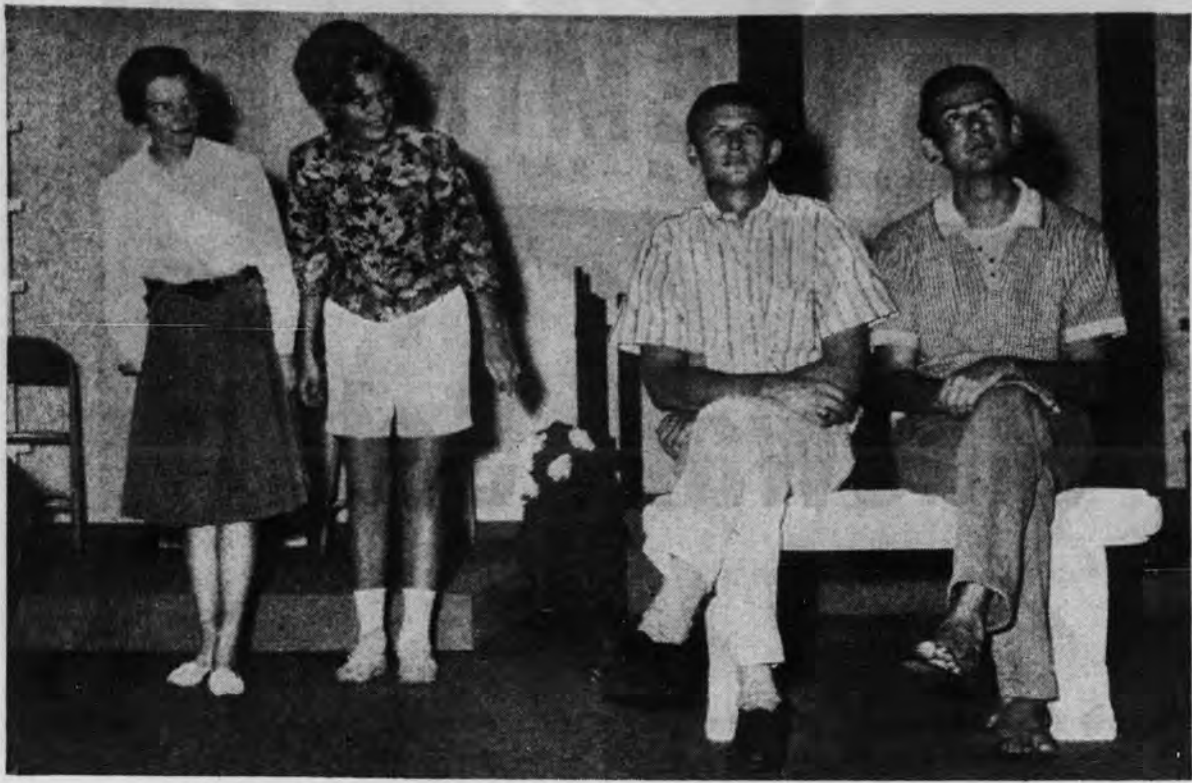

The Women's Relief Corps will hold its regular meeting Thursday at 8. After the meeting there will be a social hour and refreshments will be served. Mrs. Helen Kaupila, Mrs. Selman Dye and Mrs. Sarah Koller will be hostesses for the evening.

**CHEERER-UPPER**  
Boast the spirits of someone bedridden in your home. For a refreshing change, substitute a printed floral sheet for the traditional white sheet. Use it over blankets, if they are needed, for a truly gay effect. Vat-dyed sheets can be kept as fresh and germ-free as white ones.

## NMU's Workshop Play By Wilde Opens Tonight

"The Importance of Being Earnest," which will be presented by the Northern Michigan University theatre workshop class tonight, tomorrow and Thursday, is considered by many critics to be among the most important works of Oscar Wilde.

Born in Dublin Oct. 16, 1856, Wilde has since been called "the most exquisite stylist that has written for the stage since (William) Congreve."

A distinguished student of the classics and a winner of the Newdigate Prize for Poetry, Wilde traveled in Italy and Greece before making his home in London where his wife's fortune kept him in high society, an experience which was to contribute greatly to his work.

### Witty Conversation

Although he is both poet and novelist, he is best known for his plays including "Lady Windermere's Fan," "A Woman of No

## Unique Play Group Here On Saturday

The Bishop's Company, a unique repertory now in its 10th year of touring coast to coast, will present Stephen Vincent Benet's "The Devil and Daniel Webster" on Saturday at 7 p. m. with the First Methodist Church of Marquette.

"The Devil and Daniel Webster" is one of seven carefully selected works to be staged by the Bishop's Company. The play presents this situation to Webster: He is cornered by the Devil in an attempt to argue for a man's soul. Webster avoids a losing defense based on facts and figures by appealing to the jury in making them sense the dignity as well as the weakness of man.

### Covered 800,000 Miles

Founded in 1952 by Phyllis Beardsley Bokar, the Bishop's Company has toured over 800,000 miles, playing in all of the 50 states and Canada. It has appeared as part of the program of the Second Assembly of the World Council of Churches at Evanston, Ill., at Yale Divinity School and Princeton Theological Seminary and at Rutgers University, Wittenburg and Carleton Colleges and many other colleges and universities.

Churches which have acclaimed this unusual touring company currently featuring two traveling units, include the National Presbyterian Church, Washington, D.C.; Old South Church, Boston; University Presbyterian Church, Seattle; Taylor Road Synagogue, Cleveland, Ohio; Epworth Methodist Church, Chicago; Central Methodist Church, Detroit; and Calvary Episcopal Church, Wadesboro, N.C.

Burbank, Calif., has become the permanent headquarters for the Bishop's Company. In addition to the two touring units, the Southern California resident unit will present a full season of performances.

Add extra seasoning when you are using mayonnaise to dress slaw. Finely grated onion, dry mustard, sugar and lemon juice do the trick.

Know your beef: the bones of young beef are porous and red; when beef is older, the bones are white and flinty.

8:15 for the Oscar Wilde comedy presented by the NMU Theatre Workshop under the direction of Dr. James Rappart. The play will be performed in the "three-quarter round" in Kaye Gymnasium. Performances also will be given Thursday and Friday. (NMU photo).

comedies were unsurpassed in wit and epigrammatic brilliance since (Richard) Sheridan.

When asked whether he thought "The Importance of Being Earnest" would be a success, he said, "My dear fellow. The play is a success. The only question is whether the audience will be a success."

And the students enrolled in the NMU workshop feel confident that the audience which attends their production next week will be a success.

Curtain time is at 8:15 p. m. in one critic, his "light elegant

Joining Suzanne Emerson (left) and Chris Gute in rehearsals is John Calo, music supervisor of Breitung Township Schools, Kingsford. Calo plays Merriman, the butler, in the NMU production. (NMU photo).

## Engaged

Mr. and Mrs. Howard Gross, Marquette, announce the engagement of their daughter, Julia Ann, to a 3c Kenneth Michael Cheers, K. I. Sawyer Air Force Base, son of Mr. and Mrs. Elbert Cheers, Baltimore. No date has been set for the wedding.

## Personals

Mrs. R. M. Chitwood of Lubbock, Texas, is here for several weeks' visit at the home of her brother and sister-in-law, Mr. and Mrs. Byron McCombie, 329 W. Ridge

## Benefit Tea Slated Here For July 30

Plans have been completed by Nefretete Temple, Daughters of the Nile, for the annual summer tea to be held Tuesday, July 30, from 2 to 6 p. m., at the home of Mrs. Edwin Erabetz, 109 Raymbault Dr., Marquette.

The Daughters of the Nile was first formed in 1913, to assist in the work of helping the outpatients of Shriners' hospitals for crippled children, by providing corrective shoes, braces, crutches, clothing, etc.

There are now 124 temples in the United States and Canada, with a membership of over 70,000. These temples, last year, contributed \$342,000 to the needs of convalescing children.

**Mrs. Oberg Chairman**  
Mrs. Carl Oberg is chairman for the tea, and on her committee are Mrs. Stanley Williams, Ishpeming; Mrs. W. J. Skewis, Negaunee, and Mrs. E. L. Slade, Mrs. W. H. Schaefer, Mrs. C. A. LaTurneau, Mrs. W. K. Weiland, Mrs. O. C. Lindberg, Mrs. John A. Alford, Mrs. V. L. Tuominen and Mrs. H. F. Schmidt, Marquette.

An invitation is extended to the public to attend the tea, proceeds from which will be used to continue the charitable work of the order, it was reported.

## 5 Marquette County Girls At 4-H Event

Five Marquette county girls are participating in the Upper Peninsula 4-H Club Week, which began at Camp Shaw near Chatham Monday.

They are Mary DeVoight, Nancy Hill, Holly Lindberg, Janice Kampinen and Pat Orjala.

The week-long educational and recreational program began Monday evening with addresses by Albert S. Mowery, Marquette, Michigan State University's extension director, and Jean Worth, editor of the Escanaba Daily Press.

### Your Land And Mine

Following the theme, "Your Land and Mine," the 1963 camp is devoted to acquainting the U. P. boys and girls with resources and tourist attractions in their own area. Michigan Conservation Department personnel and several MSU extension specialists will be conducting tours and lecturing during the week.

MSU's district youth agent, Emil Fimbinger of Marquette, says campers also will take part in district eliminations in public speaking, dress revue, demonstrations, garden and dairy judging, achievement interviews, rifle shooting and talent skits.

Rita De Groot, Northland and Louis Oien, Gwinn, will attend attend camp tomorrow for achievement interviews, which are conducted to find the most highly qualified 4-H'ers on the basis of their all around 4-H accomplishments.

## U.P. Mayors To Select Fair Queen

ESCANABA — Who will be the fairest of the fair?

That question will be answered by mayors of Three Upper Peninsula cities, who have consented to serve as judges in the 1963 Upper Peninsula State Fair queen's contest. They are Mayor Jack Gingrass of Iron Mountain, Mayor Harold Carlson of Manistique and Mayor Frank Stupek of Gladstone.

Talent, personality and beauty will be considered by the judges in selecting the U. P. State Fair queen. Last year's queen was Miss Nancy Johnson of Manistique.

**Queen's Day Aug. 14**  
Mrs. Arthur Carlson of Escanaba is the queen's contest director. She said that candidates must register by Aug. 3 and be sponsored by a local committee or organization. The contestants may not be less than 16 nor more than 22 years old, and unmarried.

Queen's Day at the fair will be Wednesday, Aug. 14, the same day that Gov. Romney will attend Registration blanks and other information about the queen contest may be obtained from Mrs. Carlson, 610 S. 16th St., Escanaba.

## Mrs. Milligan Attended Lutheran Women's Convention

Recently returned from Kansas City, Mo., is Mrs. James Milligan, Marquette, who attended the 19th biennial international convention of the Lutheran Women's Missionary League of the Lutheran Church — Missouri Synod.

Delegates and guests attended from the continental United States, Canada, Hawaii, the Canal Zone and Australia and numbered over 2,500 for the two-day convention.

Projects that will occupy the delegates and members until the next convention total \$265,000. They include a \$75,000 redevelopment program for Negro congregations in rural Alabama; \$125,000 for a mission house for furloughing missionaries in St. Louis, Mo.; \$40,000 for the third unit of Wadsworth Hospital in India and \$25,000 for the Foreign Mission Chapel Fund.

# Chamber Says Interest Runs High For 'Crazy Days' Promotion Sale

ISHPEMING — Walter Scanlon, secretary-manager of the Greater Ishpeming Chamber of Commerce, said today that interest is high for the "Crazy Days" promotion sale on the city streets tomorrow.

Ishpeming businessmen are getting into the spirit of things and promise exceptional values to shoppers in the entire county, he added.

"Crazy Days will provide a relaxing time for all employees and customers as well, getting away from the routine schedule of everyday business," Scanlon said.

**Plenty Of Music**

Music by the Ishpeming Blue Notes Drum and Bugle Corps and its feeder corps, in addition to

the music of the Ishpeming City Band, will be among the many events scheduled for the day when employers "let their hair down" by doing the unusual.

"Costumes of all descriptions, unheard of bargains and a general all around spirit of friendliness will prevail in Ishpeming tomorrow," Scanlon said.

Gaining momentum each year, the "Crazy Days" promotion planned for tomorrow should be

## Sunday Lake Mine Now Being Used For Guided Tours

WAKEFIELD — Guided tours of the Sunday Lake mining property were begun this week by Helmer F. Dalgren and Sven A. Maki, owners of the Crystal Falls Mine, who have leased the property from the present owners and have opened a tourist attraction.

Tours of the property, including all the work on mine surfaces, show all interested tourists how any iron mine is operated.

Dalgren, former employee of North Range Mining Co., oversees the tours, which are conducted by former employees of the local mine. The new venture has created interest in the city, and interest in the tour is growing daily. Signs designate the mine entrance and more signs will be installed in the near future.

## Band Concert Program For Tonight Listed

ISHPEMING — Tonight's Ishpeming City Band concert, which will be held in the Miners Bank parking lot at 7:30, will include several different kinds of musical interludes and composers.

The concert will begin with a traditional march, "Americans We" (Fillmore).

**Glenn Osser Composition**

Other marches on the program will include "E Pluribus Unum" (Jewell), "World Events" (Zamecnik) and one arranged for concert band entitled "Spirit of Canaveral" by Barnard.

A composition by a former Munsing man, Glenn Osser, is next on tonight's program. His arrangement is entitled, "Tango for Band."

**Overture, Musical Hit**

Two weekly features include an overture and a Broadway musical hit. Roy Ketola, the director, has selected the overture "Normandy" (Akers) and highlights from Jule Styne's show, "Do Re Mi," for the concert.

Other selections appealing to the old and young alike are "Italian Polka" (Rachmaninoff), "Jungle Drums" (Lecounta), "Lit of the Latin" (Bennett), "They Didn't Believe Me" (Kern), featuring the trombone section, and "Colorama" (De Rose), a unique composition with such songs as "Deep Purple," "Royal Blue," "White Orchids" and "Autumn Serenade."

On Thursday night the band will take part in the "Crazy Days" celebration by playing short concerts throughout the business district.

the best ever.

**Many Games Planned**

Hundreds of children will be on hand to participate in the many games being staged by Ishpeming businessmen. Prizes will be awarded.

The time for pony rides for the children will be announced tomorrow, stated Bernard Dubinsky, chairman for the event.

Main St. and one block from Main to First St. on Cleveland Ave. will be closed to traffic so that the hundreds of children and shoppers will be able to browse and play through the day.

**Enthusiasm Running High**

"The Ishpeming Retail Division of the Chamber of Commerce, realizing there's more to business than customers coming into the business places to purchase items, have gone a step further by trying to give the customer a little more, not just in values but in a gesture of thanks for the patronage through the year," Scanlon commented.

The chamber stated that enthusiasm is running high and most business places are cooperating in the extravaganza.

A costume parade beginning at 9 a. m. will launch "Crazy Days." Through the day the familiar figure of "Beans the Clown" will make spot appearances to lend gaiety to the occasion.

From the comments heard on the streets of Ishpeming this week, residents can look forward to some unusual and comical events.

**Madison Heights Thief Has Change Of Heart**

MADISON HEIGHTS (AP) — Hours after \$350 was stolen from her, Mrs. Stanley Kwasiborski found an envelope under her screen door with the note: "Can't do this. Forgive me. First time. We scared." Enclosed with the note were seven \$50 bills.

### Racial Pact Deemed Only Beginning

CAMBRIDGE, Md. (AP)—Many residents of Cambridge feel the tentative agreement between Negro and white leaders to end Cambridge's explosive racial struggle is just the beginning of a possible solution.

The mood of this Chesapeake Bay town torn by violence is one of relief that the pact has removed the immediate threat of more demonstrations.

The agreement was signed Tuesday in the Washington office of Atty. Gen. Robert F. Kennedy after nearly 10 hours of negotiations between Negro leaders and Maryland and Cambridge officials. The pact says it "is considered as imposing a moral obligation... to abide by and fully support the spirit and intention of this agreement." It is not legally binding.

**Major Step**  
"Not everything has been accomplished," Kennedy said. "It is a major step forward. It is an effort to get Cambridge back together. It is not a victory or defeat for anybody."

Negroes have agreed to halt demonstrations indefinitely because "further progress can best be obtained in an atmosphere of calm and serenity."

The agreement points out that racial progress in this city of 12,600 has been made and there are prospects for more tangible

accomplishments.  
It lists appointment of a biracial committee, hiring of a Negro interviewer at the State Department of Employment Security's Cambridge office, complete school desegregation by September and a low-rent public housing project.

**Amendment**  
Also listed was the equal accommodations amendment to the town charter, approved by the Town Council July 1. If the amendment is not petitioned to referendum, it will go into effect Aug. 20, opening restaurants, motels and hotels to Negroes. Town officials said they would support the amendment should it be petitioned to the ballot.

### South Haven Couple Face Charges In Death

SOUTH HAVEN (AP)—Court action on charges of manslaughter and felonious assault in an alleged child beating death awaits a South Haven couple.

Examination authorities said, indicated that Linda Smith, 6, died Saturday of brain injuries. She was admitted Wednesday night to South Haven hospital with bruises over her body.

**Waive Examination**  
Gordon Antcliffe, 39, and his wife, Shirley, 25, waived examination Thursday on charges of felonious assault in connection with the case and were jailed in lieu of \$5,000 bond each pending further action. The girl was a child of Mrs. Antcliffe by a previous marriage.

Assistant Prosecutor Warren Sunstrand authorized the new

### Alger Soil District Meet On Saturday

MUNISING — The Alger Soil Conservation District will hold its fourth annual meeting Saturday at 8 p. m. in the Chatham Town Hall, according to John P. Campana, Munising, Alger County extension director.

During the lifetime of the Alger district, which began on Aug. 10, 1959, more than 160 landowners have applied for technical advice and counseling. These 160

charge against Antcliffe following the girl's death. Authorities said the couple admitted spanking the girl, with paddles and by hand, to discipline her.

landowners are cooperators in the district, which is operated by a governing body of five directors elected by the cooperators. Paul Smith, Trenary, is the chairman. Other members of the board are Robert H. Smith, Chatham, vice president; Edgar Williams, Trenary, treasurer; John P. Campana, Munising, secretary; Donald Pellegrini, Chatham, technician; Walter Maki, Eben, and Henry Schier-smidt, Munising, directors.

The terms of Paul and Robert Smith are expiring. Nominated to serve in their places are Robert H. Smith and John R. Anderson, Chatham, and Joe Ostanek and Toivo Niemi, Trenary.

Elmer Kangas, work unit conservationist for the Ontonagon district, will present a slide travelogue of his recent trip to Finland. All landowners and their families are urged to attend this meeting. A lunch will be served following the meeting.

The Indonesian archipelago is pockmarked by 400 volcanoes.

### Six Persons Fined \$105 In Gwinn Courts

GWINN — Six persons paid a total of \$105.40 in fines and costs when arraigned before Justices of Peace Arthur Burkman and Clifford Powers in the Gwinn Town Hall.

Oscar Barrett of Gwinn paid a fine of \$50 and costs of \$4.30 and had his driver's license suspended for a period of 90 days to two years for driving a car while under the influence of alcoholic beverage. Barrett was apprehended by the Gwinn police June 30. When he appeared before Justice Burkman, he pleaded not guilty and demanded a jury trial, which was set for July 18. But on July 16 he changed his plea to guilty.

Others apprehended by Gwinn police were Dennis Paul Zanetti of Gwinn, who paid \$8.70 for improper passing, and Lawrence Messer of Rock, who paid costs of \$3.70 for making an illegal "U" turn.

Apprehended by state police were Miles Murphy of the Sawyer AFB, who paid a fine of \$25 and costs of \$4.30 for reckless driving; Dale Chony of Princeton, who paid \$5.70 for disregarding a stop sign, and Kenneth Chaussee of the Sawyer AFB, who paid costs of \$3.70 for excessive muffler noise.

Halloween is the evening of All Saints' Day.

### Legionnaires In L'Anse Plan Bay Cliff Camp Benefit

L'ANSE — Commander Patrick Ellico of the William McGlue Post has called a meeting of the post's barbecue and picnic committee for tomorrow evening at 7:30 in the drum corps room of the American Legion clubrooms to plan a barbecue and picnic for the benefit of the Bay Cliff Health Camp.

The event will be held Sunday, Aug. 4, from noon to 10 p. m., and all proceeds will be turned over to the Baraga County Bay Cliff Committee to help defray expenses of handicapped children from the county who are attending the health camp.

Committees urged to attend Thursday's meeting are: Lunch — Ed Clements, Bill Foucault, Bob Soli, Bill Rolof, Butch Perrault, Joe Blood, Rod Emblad, Jack Peterson and Glenn Sands.

Tickets — Harry Wittum, Richard Gauthier, William Heitzler, Norman Blanchard, Bernard Penokie, Harold Heikkinen, Ernest Mytty, Elwood Niemi, Wesley Ellis, Jerry Loesmore, Robert Brownlee and Dr. Eric Bourdo.

Publicity — Cyrus Huot, Kenneth Kent and Herbert Manning. Entertainment — Joseph Poisson, C. J. Sullivan Jr., Bud Michaelson, George Carriere, Homer Dault Jr. and Toivo Haara.

Special detail — Gerry Hietala, Paul Van Abel, Howard Almi, Philip Borgan and Robert Riopelle.

### Slain Girl 'Picked Up' In Jackson

PONTIAC (AP) — Detectives learned Tuesday how strangled 15-year-old Connie Crossland came to the Pontiac area from Jackson. The information—with one more tip—completed their file on Connie's whereabouts during her time in the Pontiac area, except for the last few hours before her body was found under a bridge near Lake Orion last Thursday.

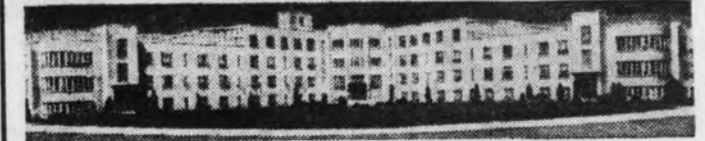

Search Continues  
The search for a white 1961 Pontiac Bonneville convertible continued. Oakland County Detective Capt. Leo Hazen said the girl was last seen alive early Thursday with two young men in a car of that description.

Hazen said a young Bloomfield Hills man volunteered the information that he "picked up" Connie in Jackson July 3, shortly after her escape from the Jackson County juvenile home, and drove her to downtown Detroit July 5. 'Boy Friends'  
Hazen did not identify the young man.

A family in Ferndale said they had taken Connie in for the nights of July 5 and 6, but sent her away because she brought "boy friends" to the house, Hazen said.

PRIZE FOR A 'HOLE'  
William Gallagher, in 1953, was awarded the Pulitzer prize for his "hole-in-the-shoe" photographs of Adlai E. Stevenson, taken when Stevenson was campaigning for the presidency of the United States in 1952.

### ARTHRITIS sufferers have shown rapid improvement

World Famous Spears Hospital

Research at Spears has opened the door to health for thousands of sufferers who have been led to believe there was no relief. If you are interested in the treatment that has released so many from bondage of pain and invalidism, write for our free literature; and see your local Chiropractor.

**Old Ishpeming Building Being Razed**

One of Ishpeming's oldest buildings is being torn down in another effort by Ishpeming businessmen to improve the appearance of the business district. Pictured is the Senate Cafe owned by the Nardi brothers of Ishpeming. Plans for the 70 x 100 foot lot are not completed, but once the lot is cleaned of the debris, it will be used for parking. The building is located on the corner of First St. and Cleveland Ave. (Mining Journal photo).

**School Opens September 3 In Negaunee**

NEGAUNEE — Students in the Negaunee Public Schools will return to classes Tuesday morning, Sept. 3, according to the calendar covering the 1963-64 school year approved by the Negaunee Board of Education.

Dates for the opening and closing of school and various vacation periods are approved by the board, while the activities schedule is prepared by the high school principal's office after these dates have been established.

**Long Holiday Vacation**  
Classes will not be in session on Oct. 10-11, when the regional Michigan Education Association conference is scheduled, nor on Nov. 28-29, Thanksgiving weekend.

Students and faculty members will enjoy a long holiday vacation, as school will close Dec. 20 and will not re-open until Jan. 6.

The first semester will end on Jan. 24, and the annual spring vacation is scheduled for March 26 to April 6.

Commencement will be held on June 11, and the school year will end with the issuance of final report cards on June 12.

**Virginia Man Drowns In Freak Accident**

GRAND RAPIDS (AP) — A 71-year-old Virginia man drowned in the Grand River near here Monday in a freak accident as he was preparing to go fishing.

Michael Verbis of Hopewell, Va., who was visiting his brother, Anthony, of Comstock Park, was found lying partly in the boat and partly in the water.

Trooper Joel Gorzen, of the Rockford State Police Post, said Verbis had had an operation to remove his larynx, and water entered the opening in the throat and filled the lungs. Gorzen applied artificial resuscitation, but to no avail.

**Unwanted Fish Cause Lifeguards Added Work**

HOLLAND (AP)—Lifeguards at the state park here and elsewhere on Lake Michigan beaches nearby are confronted with added work because of an unwanted fish species, according to park officials.

The shad, or alewife, is a member of the herring family and has become a Great Lakes nuisance after infiltrating via the St. Lawrence Seaway. It is unfit for human consumption.

The problem for life guards is that the fish has failed to adapt to Great Lakes waters. The beaches are littered with dead shad in huge numbers especially after a lake storm.

Most Afghans speak Pashto or Pushtu, now the national language. Persian was the official court language until recently.

## L'Anse Lions Sponsoring Contest To Name State's 2 Highest Peaks

L'ANSE — The highest point in Michigan is located in Baraga County about 10 miles southeast of here, but the peak doesn't have a name.

The second highest point in the state, also located in the Arvon Hills of Baraga County, is similarly anonymous, and neither peak is designated on state maps.

**Deadline July 30**  
The L'Anse Lions Club, acting on its conviction that these two towering points have a high potential tourist value and should be noted on Michigan's official maps and in its tourist publicity, are sponsoring a contest to name the two mountains.

All area residents are eligible to submit suggestions, and the person who first proposes the winning name for each of the peaks will be awarded a \$10 prize by the Lions Club. The contest closes Tuesday, July 30, when all entries will be tallied by members of the Lions Club and the winners announced.

**Official Heights**

## 17 Bids For Alger's Jail Submitted

MUNISING — The Alger County Board of Supervisors received 17 bids for the construction and equipping of a new county jail and sheriff's quarters at a special meeting held yesterday afternoon at the courthouse. According to Board Chairman James Knox, the bids were tabled until the next regular meeting, Monday at 7 p.m.

The bids included five on construction, five for mechanical, four on electrical and three for equipment. Knox also stated that a complete review of the county's financial condition will be made prior to Monday's meeting.

## Employees Union Will Appeal Firing Of Guard

LANSING (AP) — The Michigan State Employees Union said Monday it will appeal the firing of Elmer McClain, one of two guards charged with negligence in the recent four-man escape from the Southern Michigan Prison at Jackson.

McClain, 59, of Hanover, and Lynwood Miller, 27, of Munnith, were turned down last week, in an appeal for reinstatement, by a State Civil Service hearing board. McClain's appeal will be filed with the State Civil Service Commission upon receipt of the hearing board's written decision, a union spokesman said. Miller is not represented by the union.

## Soviets Still Want Red China In U.N.

GENEVA (AP) — The Soviet Union still wants Red China in the United Nations despite the Moscow-Peking split over Communist ideology.

Soviet delegate Anatoli Arakiev told the annual meeting of the U.N. Economic and Social Council Monday: "A revision of the U.N. charter cannot be carried out without restoring the right of the People's Republic of China, which must occupy its legitimate seat in the Security Council."

## Flint Tries Again For City Income Tax

FLINT (AP) — The city commission will ask Flint voters Nov. 12 to approve a one per cent income tax—in return for a three-mill property tax cut.

Aiming to raise \$3 million for city employee pay raises and an east-west freeway, the city commission voted unanimously Monday night to put the tax proposal on a special election ballot.

## Separate Press-Service Classifications Urged

WASHINGTON (AP) — Spokesmen for newspapers and press agencies have recommended that the American Telephone & Telegraph Co. and the Western Union Telegraph Co. develop a separate press-service classification for rate purposes.

They also have urged the Federal Communications Commission to maintain present rates for private news and picture transmission circuits.

## Gross National Product At Record \$579 Billion

WASHINGTON (AP) — Preliminary estimates of the President's Council of Economic Advisers show that the Gross National Product—the value of all goods and services—reached a record annual rate of \$579 billion in the second quarter of 1963.

This is an increase of \$7.2 billion over the first-quarter rate and \$13.8 billion above the rate for the final three months of 1962. However, the April-June figure is about \$2 billion below earlier, unofficial estimates.

## Br. Honduras To Get Self Rule On Jan. 1

LONDON (AP) — British Honduras, a Central American colony bordering Mexico and Guatemala, will get self rule on Jan. 1. British and British Honduran leaders agreed on a new constitution Monday.

have set an official height of 1,890 feet on Michigan's highest peak, which is located in the SW 1/4 of the NW 1/4 of section 30, T50N, R31W, approximately one mile northeast of Dirkman Lake. Other surveyors claim that this peak is actually 1,833.8 feet above sea level, but all agree that it is Michigan's topper.

## Trumpet Trio Featured In Band Concert

NEGAUNEE — Under direction of Lawrence T. Nylander, the Negaunee City Band will play a program consisting of request numbers at its weekly concert scheduled for 7:30 Thursday night at the municipal band shell.

Featured on the program will be a trumpet trio in a rendition of "Three Modernaires" by Lowell Little. The trio consists of Melvin Warren, James Thomas and Robert Nylander.

Marches will include "Coat of Arms" (Kenny), "Brooks Triumphal" (Seitz), "The Twister" (Haines) and "Anthes" (Gill).

Waltzes listed on the program are "Under Paris Skies" (Graud) and "Moon River" (Mancini).

As a popular selection, the band will play Hogy Carmichael's "Lazy River" and as a novelty number "Cha Cha-Cha Cha for Band" (Osser).

Other selections will include "Schauspiel" (Bach), "Andy's Theme" (Hagen) and "French Festival" (Osser).

## Insurance Companies Sue 2 Contractors

DETROIT (AP) — Two contractors were named in a Federal Court suit filed Monday by an association of insurance companies which paid the Ford Motor Co. \$3,665,625 as a result of the fire that destroyed the Rotunda last Nov. 9.

The Factory Insurance Association's suit, which seeks the amount of money paid to Ford, charged the contractors with "fault and negligence" in the fire, which began while the Rotunda dome was being re-covered.

Defendants in the suit are the William C. Peters Co. of Detroit, which contracted with Ford last October to re-cover the dome, and Specialty Contracting Co., which sub-contracted the work.

## 80-Year-Old Alger County Resident Dies

AUTRAIN — David J. Larmond, 80, a lifelong resident of Alger County, died at 6:10 Tuesday morning in St. Mary's Hospital, Marquette. He had been in ill health the past two months.

Mr. Larmond was born Nov. 19, 1882, in Indian Town Location, Munising. He was a retired woodsworker.

His survivors include one niece, Julia Cameron, Munising, and one great-nephew, Benjamin Refruchinni, Marquette.

The body was taken to the Bowerman-Hallifax Funeral Home, where friends may start calling this afternoon. Services will be held Thursday at 10 a. m. in St. Therese Catholic Church in Autrain. The Rev. Aloysius Hasenberg will officiate. Burial will be in the Autrain Cemetery. The parish rosary will be recited in the funeral home this evening at 8.

## Obituary

LYDIA LEHTINEN

NEGAUNEE — Lydia Lehtinen, Route 1, Negaunee, died in Bell Memorial Hospital last evening. The body was taken to the Perala Funeral Home. Funeral arrangements will be announced later.

### Denomme Named To Baraga Road Commission Vacancy Following Heated Dispute

L'ANSE — Arthur (Babe) Denomme of L'Anse was appointed to fill the vacancy on the Baraga County Road Commission during Monday night's special meeting of the county board of supervisors, which was punctuated by a bitter verbal battle between two of the supervisors.

By a vote of three to two, Denomme was named to fill the unexpired term of Leo Erickson of Skanee, who resigned his post on the three-man commission because of what he called unwarranted pressure brought to bear by representatives of a Baraga equipment manufacturer.

**Three-Hour Squabble**  
During the opening moments of the meeting Robert P. Brown, Baraga Township supervisor, nominated Eino Lehto of Aura to fill the vacancy.

Calling for discussion before a vote was taken, Arvon Township Supervisor George Falk roundly criticized what he said were high pressure tactics employed by representatives of a local manufacturing firm and those of Brown, who appeared at the July 11 meeting for the county road commission to press for purchase of a local machine in preference to another manufactured by an out-of-county concern.

**Heated Exchange**  
In the heated exchange which followed, Brown accused Falk of bulldozing, Falk told Brown to shut his mouth, and Brown replied with a warning to Falk to keep his nose out of Baraga Township affairs "or he would find himself laying in a ditch."

**Peition Presented**  
A petition signed by 29 employees of the road commission calling for Denomme's appointment was presented at the meeting by Tembreull. Brown denounced this action, stating that such a petition should have been sent to the county clerk, as Erickson's resignation was, rather than produced at the last minute by a member of the board.

**Tactical Tandem**  
The Air Force's new two-seat supersonic tactical fighter, the F-105F Thunderchief, not only carries two men but it can also deliver 4,000 different combinations of nuclear and conventional weapons.

### Winter Blossoms

A farmer's wife and child examine egg shells her husband placed on young shoots of a fig tree to protect them from the frost in Castelfranco, Italy.

### Football Teams Won't Use Grandstand Change Facilities

NEGAUNEE — For the first time since the present athletic field was opened in the mid 1920's, Neegaunee High School and visiting football teams will not use grandstand changing facilities this fall.

**Repairs Needed**  
Following the close of the 1962 season, the athletic committee advised the board that it would be necessary to make improvements in the grandstand or discontinue use of the facility for changing purposes, as the locker and drying rooms were both in need of repairs.

**Modern Locker Rooms**  
In deciding to use the Memorial Gym facilities, the board noted that in addition to modern locker rooms there also was ample space under the permanent bleachers for drying uniforms, and if necessary one or more fans could be installed in this area.

**Alma Man Fatally Injured In Mishap**  
PONTIAC (AP)—Glen E. Coffin, 38, of Alma, was injured fatally Monday when his tractor-trailer truck went through a guard rail on the I 75 Freeway north of here and overturned.

### Writers Plan Roundup In Pequaming

L'ANSE — A Writers' Roundup is scheduled for Sunday, beginning at 10 a. m., at Pequaming, a picturesque ghost-town and former summer home of Henry Ford, which is located nine miles north-east of L'Anse on Keweenaw Bay.

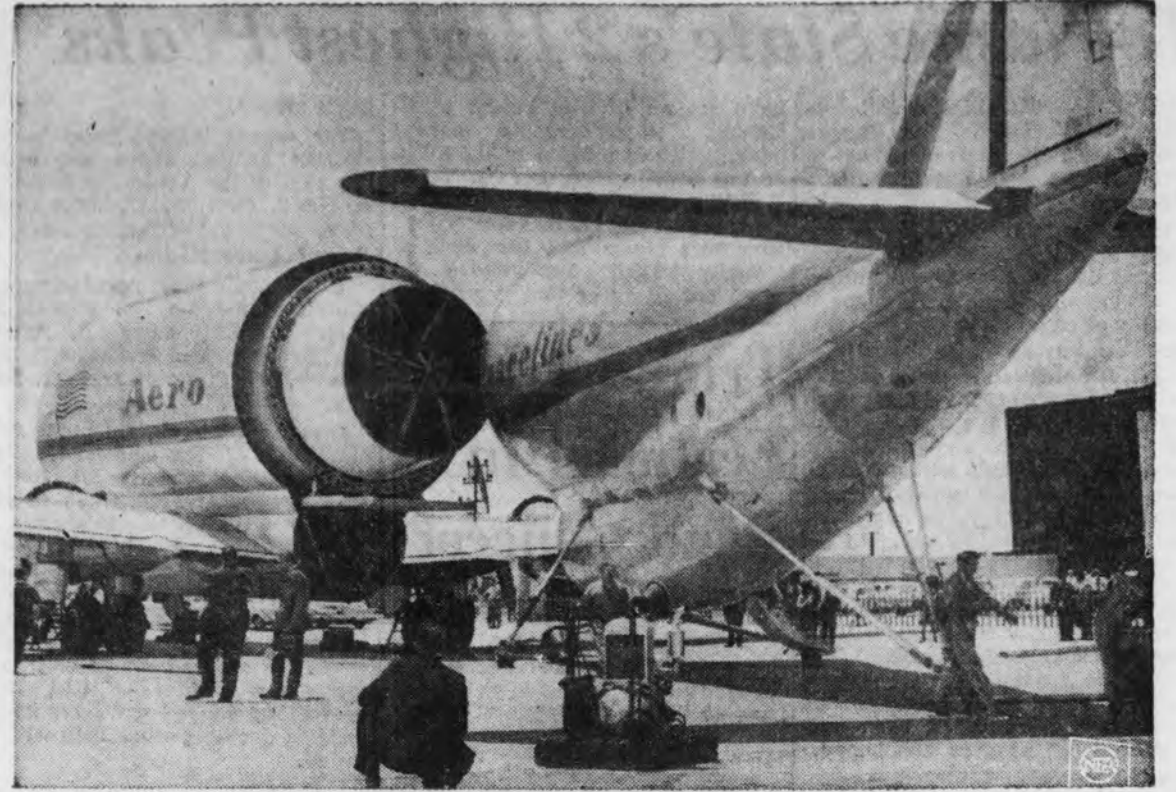

**Observance Of St. Rocco's Feast Sunday**  
ISHPEMING — The 1963 Feast of St. Rocco will be observed in Ishpeming Sunday under sponsorship of the St. Rocco and St. Anthony Societies.

**Canadian Mineral Club Plans Visit In Houghton Area**  
HOUGHTON — Members of a Canadian mineralogical club will make a three-day stopover in the Houghton area next month as part of a specimen-collecting trip around Lake Superior.

**BIDS WANTED**  
Bids will be accepted for coal delivered to the Diorite School during the coming school year. Quote price per ton on the best grade of stoker coal. Approximately 140 tons will be used.

### Whale Of A Load

Split right down the middle, a modified Boeing Stratocruiser known as the "Pregnant Guppy" swallows the largest cargo ever to be lifted by an airplane. Later, back in one piece, the plane successfully went through a test flight over Los Angeles, Calif. The cargo, an inert S-IV second stage of the giant Saturn rocket, weighed 20,379 pounds and took up an area 41 feet long and 18 feet in diameter.

### Judge Jonas Levies Fines Against 13

MUNISING — Thirteen persons paid fines and costs amounting to \$234 when they were arraigned in justice court before Judge Walter Jonas during the week. They are: Edward Casperson, Saddle Brook, N. J., and Gary Gunn, Edmond, Ill., disregarding a stop sign, \$12 each; Edward Longcore, Newaygo, driver of a truck owned by Prefab Transit Co., overload of roof sheeting, \$45; Fred Graham, AuTrain, disregarding a stop sign, \$12; August Anderson, Chatham, failing to yield the right of way, \$12; Donald Rean, Oxford, Mich., fishing without a license, \$18; William LeClair, Nahma, driving

**LAGER BEER**  
Key to the expression "lager beer" is that the German word "lager" means "storehouse" and the beer was so-named because barrels of lager beer were placed in a storehouse to age.

(Mining Journal photo).

### Negaunee Girl Wins Poster Contest Prize

ISHPEMING — Miss Lynn Tikkanen, daughter of Mr. and Mrs. Emil E. Tikkanen of 311 Cherry St., Negaunee, is the first prize winner in Class 1 of the State Poppy Poster Contest of the American Legion Auxiliary.

She is the recipient of a \$30 check from Mrs. Minerva Gitzen, Ishpeming, national executive committeewoman of the Department of Michigan, American Legion Auxiliary.

Miss Tikkanen also received a \$3 check from Mrs. Eliza Goudge, Ishpeming, 12th district poppy chairman, for being the first prize winner in the 12th district.

In April the talented young lady was given a \$3 check by Mrs. Rose Collins, president of the Negaunee Unit No. 66 of the American Legion Auxiliary for her winning poster in Class 1.

Miss Tikkanen attends the Central Grade School in Negaunee. Her poster will be entered in national competition in September at the national convention.

### Mayor Won't Speak Before Sunbathers

FRESNO, Calif. (AP)—Normally, Mayor Arthur L. Selland of Fresno welcomes a chance to speak before a convention. This time he demurs.

"I'm no prude," says the mayor, "but I honestly don't think I could do it. Anyway, that's in the country. Why don't they try the supervisors?"

"Well," said Sloan P. McCormick, chairman of the Board of Supervisors, "I'd have to say I have no plans to attend. Anyway, that's (Supervisor Norman S.) Foley's district. Why don't they try him?"

"In Absentia" "Could I welcome them in absentia?" asked Foley. Chairman of the convention, Howard Lane, commented: "We

### Dates Set For Day Camp In Munising

MUNISING — The annual day camp sponsored by the Munising Girl Scout Council for Scouts, Brownies and prospective Brownies will be held Aug. 5 to 9 and 12 to 16.

Ralph Benzing again will be the director, and this year she will be assisted by Marilyn Shaffstall. Other members of the staff are Cynthia Golisek, Diane Nesberg, Ann Jonas, Kay Killoren, Kathy Berkel and Donna Nettleton.

**School Bus Transportation**  
Day camp will be held on the grounds of the Washington School in East Munising and will begin at 9 a. m. and close at 3 p. m. Milk will be delivered every day except Monday, when each girl is requested to bring a "nose bag lunch" and a beverage. Girls should wear comfortable clothes. A jacket or sweater should be included. They also must have their own swimming suits and towels, and all possessions must be marked.

Campers will be transported to and from camp by school buses, and the girls should meet across from the post office on Elm Ave. The fundamental aim of Girl Scouting is the development of each girl into a well rounded individual and an intelligent participating member of her own group and community, now and later. Scout officials said, adding that day camp offers the opportunity and environment for this development and is an exciting adventure as well.

### 2 Convicted Of Bank Law Violations

FLINT (AP) — A federal court judge and jury today convicted two former officials of the Davison State Bank of 23 counts of bank law violations, primarily checks drawn on insufficient funds.

After nearly seven hours of deliberation, the jury convicted George A. Greenlee, former cashier of the bank, on three of four counts and Mrs. Joan A. Phelps, former assistant cashier, on 11 of 14 counts.

The jury then returned to consider 27 more counts against Greenlee. Greenlee pleaded guilty to nine. U. S. District Judge Stephen P. Roth accepted a government motion to dismiss the remaining 18.

Most of the charges against both defendants involved checks drawn against the bank but not backed by sufficient funds. Both also were convicted of entering in bank records a \$22,429.94 loan to a Mr. and Mrs. Leo R. Sheets, which never was made.

**False Statements**  
The jury also convicted Greenlee of false statements on an application for a housing loan of \$2,000 and misapplication of \$8,970 in bank funds in the writing of a money order.

Bond of \$10,000 for Mrs. Phelps and \$15,000 for Greenlee was continued. Sentencing was deferred until a probation department report is prepared.

### Grand Opening Of Treenary Tavern Next Saturday

TREENARY — Grand opening of the Treenary Tavern will be held Saturday, the new owners, Norbert and Kate Weber, announced.

Music will be provided by the Echo Valley Trio.

The Webers reported that \$1 dollar bills were collected in the tavern for the Alger County Cancer Society during a recent drive.

### Slain Negro's Mother Sues Detroit

DETROIT (AP) — The mother of slain Negro Cynthia Scott filed a \$5 million suit Monday against the city of Detroit and the policeman who shot Miss Scott.

Mrs. Lillian Scott's suit accused patrolman Theodore Spicher of acting "with evil and criminal design . . . not in pursuance of any lawful end, but with the evident assurance that he could escape punishment by reason of his office as a policeman."

Spicher said he shot Miss Scott when she slashed him while he was attempting to arrest her on a soliciting charge July 5.

Mrs. Scott's suit contended that Spicher "illegally and officiously accosted" Cynthia, 24, and shot her "three times in the back."

**Exonerated**  
Meanwhile, Circuit Judge Edward S. Piggins refused to issue a "citizen's warrant" for first-degree murder against Spicher. Milton Henry, attorney for the Group on Advanced Leadership, had asked for the warrant.

Judge Piggins said he denied the request because Recorder's Court Judge Elvin L. Davenport has not acted on Henry's request for a similar warrant.

Davenport said Saturday he could not act on the request until Henry had exhausted "all legal remedies" in the case.

Spicher was exonerated in the shooting by Wayne County Prosecutor Samuel Olsen.

**'Complete Study'**  
Police said Miss Scott had been convicted a number of times for prostitution.

Lt. Gov. T. John Lesinski said today he would want "a complete study" before acting on a request that state police be brought into the state's investigation of the fatal shooting.

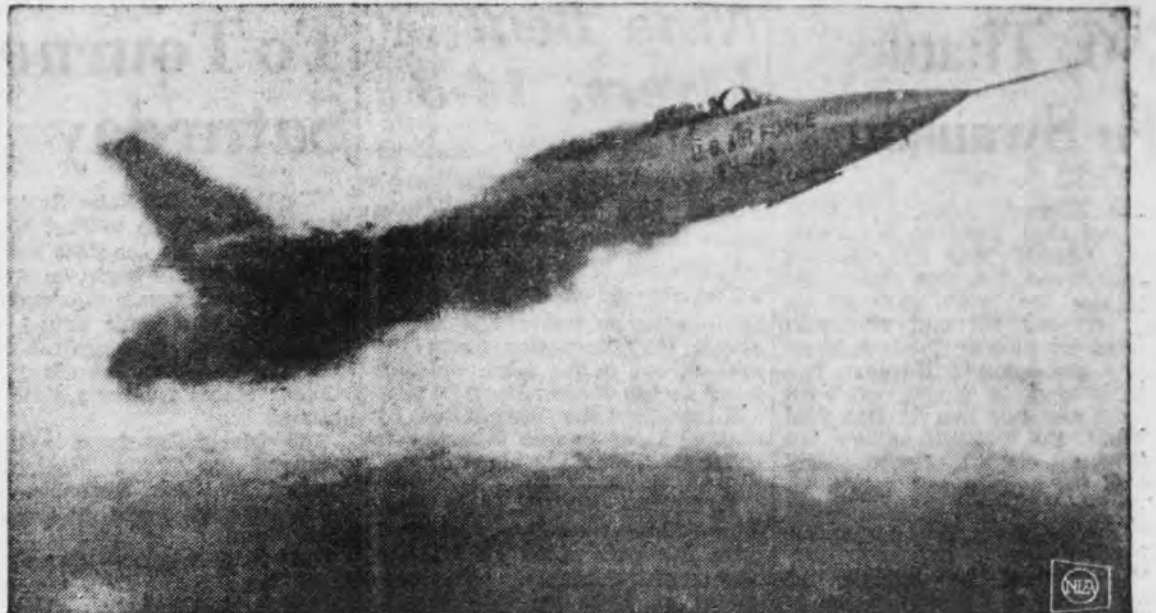

Among other things, said Lesinski, he would want to consider the advice of Atty. Gen. Frank Kelley, whose office is handling the investigation.

The request came to the attention of Lesinski in his role as acting governor during the absence of Gov. George Romney, who is attending the 55th annual Governor's Conference in Miami Beach, Fla.

**'Full Resources'**  
In a letter to Romney, Monday, Sen. Basil Brown, D., Detroit, said the "full resources" of state police — including their crime detection facilities and the polygraph (lie detector) — should be offered to Kelley.

and \$15,000 for Greenlee was continued. Sentencing was deferred until a probation department report is prepared.

### Fuzzy Fighter

As if to demonstrate its all-weather capabilities, a new F-105F Thunderchief emerges on take-off from what appears to be a drenching, low-level rainstorm at Republic Aviation's field at Farmingdale, N.Y. The blurred, watery effect was caused by heat waves from the runway in 90-degree weather. Almost invisible to the naked eye, the miragelike phenomenon was captured by a high-speed sequence camera that was set to cover a routine take-off.

### Iron Inn In Negaunee Sold To Valente

ISHPEMING — Frank Valente of 324 Cedar St., announced today the purchase of the Iron Inn in Negaunee from O. J. Sheehy of Negaunee.

Valente stated the building has been completely remodeled and will be known as Joe Joe's Restaurant and Bar. The business is located at 305 Iron St.

Valente is an Ishpeming city councilman and was in business in Negaunee before selling Frank's Bar a year ago.

The establishment has been open for nearly a week.

### Kiwanis Win, 7-6, Thanks To Swanson

The Kiwanis team last night clinched first place in Marquette Little League play by defeating Bunny Bread, 7-6, in a close game that saw the losers gain all six runs on one hit and 13 walks granted by pitcher Tommy Keranen. A home run by Keranen, two doubles and a single by John Spratto and two hits by Dan Pohl solidified the Kiwanis victory, but the infield plays by Bobby Swanson in the second and fourth innings kept several Bunny Bread runs from scoring, thus saving the win for Kiwanis.

### Cash Surprises Sox With Two Home Runs To Regain Stature

DETROIT (AP) — "I don't get too many chances to be happy," Norm Cash said last night. There was no smile on the lips of the Detroit Tigers' leading clubhouse wit. Of all the Tigers, this season has been the most frustrating for Cash. Once Brightest Star Just two years ago he was the brightest new star in the major leagues and the fans draped banners over the Tiger Stadium railings proclaiming "Norm Crash." He won the American League batting title with his .361 average, highest since Ted Williams' .388 in 1957. Last year he whacked 39 homers, making his season's personal success although his average withered to .243. He spent a confused winter as critics charged his decline in average resulted from efforts to hit every pitch into the seats. Bench, Average Falls Cash has been benched against left handers in recent games, lifted for pinchhitters, reported on the trading block. His average dipped lower than last year and his home run production fell way off. Tuesday night, his average down to .240 against all pitching and 192 against left handers. Manager Charlie Dressen let Cash bat against a southpaw. Surprise Works — Cash Dances It was a surprise move — the bases were loaded and the score 1-1 — and Cash responded with a grand slam homer. Cash was so delighted he danced a jig all the way from third base to home. His 400-foot blow in the eighth inning carried the Tigers to a 5-1

### Shoreland's Nine Beat Flyers, 14-3

In Monday night's softball action, Shoreland's lambasted Herb's Flyers, 14-3 in a heavy-hitting game that went five innings. The winners led by a slim margin of 3-2 at the end of the first inning, but opened an unbeatable batting attack to gain five runs in the second, two in the third, and four more in the fourth. Hurler Peterson then kept the losers hitless by fanning three batters in a row to retire the Flyers for the win. LANSING (AP) — More than 300,000 boats have been registered with the state since Jan. 1 and new registrations are being processed at 1,000 to 1,500 a day, Secretary of States James Hare reports.

### BR Men Go To Tourney Saturday

The Marquette Babe Ruth All-Star Team will go to Port Huron this weekend for the state tournament, which will begin on Saturday and run through the following Thursday. The home squad will play its first game against Garden City at 2 p.m. Saturday. Eight teams from the state are entered. The Marquette team will be managed by Eddy Voet, and coached by Jack Reynolds. The following boys make up the All-Star Team: Paul S. Albright — Darrell M. L'Huillier Carl D. Beerman, Jr. — William S. Malandrone Forrest R. Barry — David W. Nohert John W. Carlson — Brendan Biolo Robert J. Hume — Wayne Roberts Gerald R. Kestl — James Jannausch Austin G. O'Neill — Jay G. Olson Richard L. Peterson — James A. Remington Alan L. Swanson — John J. Specker But Boys are Mike Kesti and Robert DePetro. In U. P. Tournament play, the Marquette team has played four games, has been at bat 116 times, and have had 39 hits, 17 stolen bases, and have a total of 36 runs and batting average of .336. Solicitations are now under way to raise money to send the Marquette team to Port Huron.

Don Walsworth (second from right), representative of the D. C. Heath Co., Ann Arbor, presents the Walsworth Trophy for the Bookmen-Northern Michigan University faculty golf match. From left are Tom Peters, NMU alumni relations director; Dr. Edgar L. Harden, President of Northern; Keith Forsberg, NMU placement director; William Wright, NMU conference director; and Bob Gowan, Hasslet, Mich., representative of the Steak Co., Austin, Tex. (NMU photo).

### Bookmen vs. NMU Faculty Golf Match

Michigan bookmen and the Northern Michigan University faculty will tee off at the Marquette Country Club tonight in their third annual golf match. It will be the rubber match in the bookmen-faculty classic which began in 1961. The faculty drove to a surprise victory in the series opener, but the bookmen came back strong to win the 1962 renewal. This year the teams will compete for the Walsworth Trophy provided by Don Walsworth of the D. C. Heath Company, Ann Arbor. The bookmen are on the NMU campus to present the seventh annual book display. Teachers and the public are invited to attend the display (open 9 a.m. to 6 p.m. on the day and tomorrow) in the University Center. Walsworth, past president of the Bookmen's Club and player-coach of the BC squad, reported that his club lost to the Central Michigan University faculty earlier this season and expects another tough match against the NMU faculty. Competition begins at 6 p.m.

### Soviets Claim U.S. Team Was Too Nervous

MOSCOW (AP) — Russia's head track coach said today he never saw such a nervous bunch of American athletes as the U. S. team that competed here last weekend. Gavril Korobkov, writing in the newspaper Pravda, told Russian sports fans: "The calmness, poise and resolution of the majority of the U.S.S.R. team was a sharp contrast with the nervousness and unconfidence of many of the American athletes." Korobkov credited the Russians' superior performance to "the moral resolution" of the athletes and their "advanced system of training." The youth newspaper Komsomolskaya Pravda celebrated the Soviets' 189-147 over-all team victory over the Americans in a front-page story. It recalled that American Coach Pavton Jordan was so confident of his team that he accepted the Russian challenge to judge the meet on the point totals of the men's and women's teams.

### Robin Wins Slow Race To Mackinac

MACKINAC ISLAND (AP) — The Chicago cutter Robin is the overall winner of the Port Huron to Mackinac yacht race—a contest so slow the first finisher averaged only 3 miles an hour. The Milwaukee yacht Blitzen, winner of last week's Chicago to Mackinac race, was first across the finish line with a time of 74 hours 35 minutes 41 seconds for the 235-mile race up Lake Huron. Blitzen Faded Out But Blitzen's corrected time was three hours slower than the 68 hours 1 minute 41 seconds posted by Robin, a class B yacht. Blitzen was not even among the top three class A yachts on corrected time. Only 35 of a field of 106 yachts had finished by dawn today. Winds at the finish line were almost at a standstill. The race was the slowest since 1925, when the first boat needed 88 hours to finish. Detroit Boats Sweep Wins The Detroit yacht Apache clinched class A honors. Falcon was second, 17 minutes behind, and Vitesse II was third. Both are Detroit boats. Behind Robin in class B were Meteor III and Wind Song, both of Detroit. A Detroit yacht also won class C. Albacore beat runnerup Oneiros of Grosse Ile, Mich., by 56 minutes. Cheleah of Mentor Harbor, Ohio, was third. In class D, only two yachts had finished but their corrected times were unbeatable. Veler of Chicago was first and Espiritu of Detroit second.

### Groat Leads Cards Back On The Beam

MILWAUKEE (AP) — The St. Louis Cardinals are back on the beam after an eight-game losing string and veteran shortstop Dick Groat is leading the way as the hottest hitter in baseball. The second-place Cardinals posted their fourth straight victory and sixth in the last seven games by defeating the Milwaukee Braves 5-1 Tuesday night as Groat collected four singles in five times at bat. In the current winning streak, Groat has 14 hits in 18 trips to the plate, raising his National League-leading average from .326 to a hefty .343. He topped the league with a .325 mark and earned Most Valuable Player honors in leading the Pittsburgh Pirates to the pennant and the World Series championship in 1960. "The hits are finding the holes and I'll take them," Groat said. "I'm hitting the ball as well as I ever did, but it's too early to think about another batting title. The average can go down a lot faster than it goes up."

### CCD Wins 2 Games From Casino Squad

In Wednesday night's Tri-City "A" League action, CCD took both games of a doubleheader from Ishpeming Casino by scores of 1-0 and 4-2. The first game saw five hits for each team, and the winning run was brought in during the fifth inning on a double by Jim Karabetsos, followed by Pat Moran's single. Moran took the win for CCD. The second game of the double tilt was more active, and CCD didn't sew up the contest until the fourth inning, in which three runs scored, on a walk, a hit batter and a single by Al Sivula. Les Melka gained the CCD win, having also contributed two hits. Byron Hewitt took the Casino loss.

### Maloney Hurls His Best Game For Cincinnati

CHICAGO (AP) — Maturity and ability are two of the assets needed to become a winning major league pitcher and Jim Maloney of the Cincinnati Reds has acquired both talents in one season. The 23-year-old right-hander, who in three previous seasons in the minors could amass only 17 victories, rang up his 15th of the year Tuesday against the Chicago Cubs with a magnificent one-hit, 1-0 triumph. Greatest Of Career Maloney, who has lost only three games this year in comparison to 20 in previous major league competition, considered his job against the Cubs the greatest of his career. Ellis Burton's single through the left side of the infield in the first inning was the only hit off Maloney who finished strong and struck out 13. Played With Ellsworth Maloney is a product of Fresno, Calif., High School and played on the same prep team which had Dick Ellsworth of the Cubs as its star pitcher. "I played shortstop on the team," says Maloney, "and was used as a third pitcher when we got into tournaments. Dick and Len Rube were the team's regular pitchers." Ellsworth, who has a 13-7 record and will face Cincinnati today, signed a bonus contract the day after he graduated in 1958. Maloney went on to college for a semester and finally signed a bonus contract with the Reds in April 1959. Developed New Pitches He flourished until this season when he developed a sidearm fast ball and curve to go with his overhand fast ball and curve. "I finally got those other pitches to a point where I could control them and went from a loser to a winner," said Maloney. "This has to be the best game I've ever pitched."

### Tri-City Title Won By Woody's

Gerry Corkin was the batting star for Woody's Bar last night as they officially won the Tri-City League Championship by defeating Marquette Casino, 13-4. Corkin, noted for his hefty swing, laced out two doubles, a single and a four-bagger which nearly went into orbit. Softball fans commented that it was the longest homer they had seen in years. Matt Bjorne was the winning pitcher, while Tom Kirby took the loss. Woody's announced they have scheduled an exhibition game with WJPD of Ishpeming, to be played next Tuesday at 7 p.m. Schiltz will play Marukes Friday night at 7 in a Twin City League make-up game, in Negaunee.

### Entries Now Due For U.P. Junior Meet

Entry forms for the Third Annual Upper Peninsula Junior Boy's Baseball Tournament are now being accepted by the tournament director. The tournament is open to teams composed of boys aged 13-15 who are not affiliated with a national baseball program. The tournament will be held August 8-11 in Trenary and Chatham. Interested teams should contact Donald Kalilo, Trenary, for entry forms and tournament rules. The deadline for entries is August 1.

### Liston Not Satisfied With Punch

LAS VEGAS, Nev. (AP) — The Sonny Liston-Floyd Patterson rematch, if there is such a word, is now in the record books, possibly as an asterisk. Everything happened just as most people thought. It ended quickly. The champion made one miscalculation. Anybody Interested? Soon after he flattened Floyd in 7 minutes, 6 seconds, in Chicago last September, Sonny said Patterson could have the return go but he wondered if anyone would be interested. "We could hold it in a telephone booth and still have room," said Liston. It turned out there were enough curious crazy people to make it a \$1-million venture. The closed-circuit television outlets may gross \$1,250,000 and the gross gate here for the live "fight" was \$286,180. Everything else Sonny said was true. Hard Facts Man He is not a boastful man. He deals in facts, facts as hard as his life has been. He said he would go in swinging and Patterson would go out. After the fight Sonny expressed disappointment to intimate friends, one of them Las Vegas host, Ash Resnick. He said he was never able to hit Patterson with what he considered a really good punch. The fact that even an ineffective Liston punch, if there is such, did the job, was of no great consolation. Liston said the best one he landed was the finisher, a left hook that put Floyd flat on his back for the third and last time. Clay Not Indefinite Liston's plans are indefinite but Cassius Clay undoubtedly will be his next opponent. While a September date in Philadelphia has been forecast, the champion indicated he might not fight until next spring.

### Sewell Too Small For NFL Play; Lions Practice

BLOOMFIELD HILLS (AP) — Harley Sewell, a rough 230-pound guard, who's given the Lions 10 years of outstanding service, hasn't shrunk. But the National Football League may have outgrown him. "Sewell's too small," said Coach George Wilson as the Lions' training camp began today. Beef Up Offensive Wall Wilson said he plans to try Dan LaRose, a 255-pound veteran tackle, at guard to beef up the offensive front wall. With 270-pound defensive linemen common nowadays in the NFL, 230-pound pass protectors are beginning to get pushed around more than Wilson would like. Wilson welcomed 17 rookies and several early reporting veterans to the camp at Cranbrook School Tuesday. But Detroit's three prize rookies—offensive lineman Daryl Sanders' back Larry Ferguson and defensive lineman Roy Williams—won't report to Wilson until Aug. 3. They're practicing with the College All-Stars. Lots Of Workouts The Lions will practice twice daily starting this morning with the bulk of the veterans reporting this weekend. Seven veterans are unsigned. Bruce Maher accepted terms Tuesday. GRAND BLANC (AP) — The deadline for entering the Michigan Open Golf tournament has been pushed back from July 26 to July 29. The tournament will be held Aug. 16-18 at Atlas Valley Country Club here.

### Dodgers Keep Six-Game Lead In NL; Cardinals Win Fourth Straight

(By the Associated Press) You can't beat the Los Angeles Dodgers only five hits and one Dodger's formula for winning. Just keep the opposition from hitting in the seventh inning but absorbed his ninth defeat, four via shutouts. The Dodgers turned in their 17th shutouts. The Dodgers cemented season shutout Tuesday night as their victory with a five-run assault-hand Johnny Podres pro-sault upon relievers Al McBean tected their six-game National and Harvey Haddix in the eighth. League lead with a 6-0 victory. Dick Groat paced the Cards' comeback with five hits, raising his batting average to .343. He scored after the first of shutout of the campaign and 10th his four singles and drove across victory in 16 decisions. The 30-the final tally in the eighth. South-year-old southpaw permitted Ray Sadecki, with relief help seven hits, walked three and a from Ron Taylor, squared his sealead a Pirate run in every record at 6-4. inning but one. Three double-Maloney Fans 13. The second-place St. Louis Cardinals defeated Milwaukee 5-3 Thursday night, beating the Chi-victory against only three losses. cago Cubs and Larry Jason 1-0. The game's only run was scored Willie Mays cracked a pair off the eighth. Tommy Harper sin-homers in the Giants 9-1 rout of the New York Mets and Houston. Gorty Coleman singled Pin-snapped a six-game losing streak on to third and Frank Robinson beating Philadelphia 6-5 in 15 in-scoring him with another single. nings. It was Jackson's eighth loss in 19. Bob Friend, Pittsburgh's hard-decisions.

### Yanks Increase Lead To 9 Games; Battle For Second Continues

(By the Associated Press) The battle may be over for top spot in the American League—but that's quite a skirmish going on for second place. There are no less than four teams in a virtual deadlock for the runner-up spot behind New York's surging Yankees, whose latest drive has carried them to a whopping nine games ahead of the pack. Here's how the also-rans in the first division stand — Boston is second, one percentage point ahead of Chicago and Minnesota and three in front of Baltimore. Lost Ground All but the Orioles lost ground Tuesday night. Diego Segui posted his first shutout in the majors, pitching Kansas City over the Red Sox 1-0. Detroit took the White Sox twice, 5-1 on Norm Cash's eighth-inning grand slam and 6-4. Tito Francona's homer in the 13th gave Cleveland and Jim (Mack) Grant a 3-2 victory over the Twins ending the Indians' losing string blanked Washington 4-0 behind at nine games. The Orioles left-hander Steve Barber. Yankees Extend Whopping Lead The Yankees? They won again, naturally, riding John Blanchard's home run slugging and the shut-out pitching of Stan Williams and Steve Hamilton to a 7-0 romp over the Los Angeles Angels.

Blanchard, the reserve outfielder filling in for the ailing Roger Maris, kept up his heavy hitting with a pair of homers for the Yankees, who clinched it with a six-run cluster in the fifth inning against the Angels. Hamilton Relieves Hamilton, relieving Williams in the eighth with the bases filled, killed that threat by striking out three men in a row and completed the shutout by getting out of another bases-loaded situation in the ninth. Paul Foytack was the loser. Segui's breaking pitches and low fastballs checked the Red Sox and brought the right-hander his fifth victory in his last six decisions. Cash Sews It Up In addition to his clinching grand slam in the opener, Cash belted another homer in the second game as the Tigers swept the White Sox and finished the doubleheader with four hits. His four-run homer came after Detroit had loaded the bases in the eighth with two out and gave the pitching victory to Hank Aguirre, who scattered 11 hits. Al Kaline had three singles and three runs batted across in the second game, won by Bob Anderson over Dave DeBusschere.

### Elks, Amvets Roll To Wins In LL Action

Marquette Little League action on Tuesday and Wednesday saw victories by the Elks over Bunny Bread, 5-0 and a lopsided win by the Amvets over Iron Range Cable, 9-1. Dave Nyquist pitched the Elks into their win Tuesday evening by allowing only one Bunny Bread hit, a single. At one point in the game, Nyquist fanned 11 batters in a row before giving up a walk. Steve Specker collected two of the four Elks hits. The Amvets-Iron Range Cable contest was lopsided all the way, as Glen Brown and Dave Cook struck out 12 opposing batters before they had time to get to four hits and one run, taking only four innings to sew up the win.

ATLANTIC CITY, N.J. (AP) — She lost her swim suit early in the race, but Marty Sinn of Ann Arbor swam on to a sixth place finish Tuesday in the annual 26-mile swim around Absecon Island. The 19-year-old college student finished in 12 hours, 21 minutes, 23 seconds — one hour and 50 minutes behind winner Herman Willemse of Utrecht, Holland. It was Willemse's fourth straight victory in the race. Miss Sinn was only 8 minutes behind the third place finisher.

### Softball Tourney Schedule Drawing Thursday Evening

A drawing will take place for the Class "A" and Class "B" District Softball Tournament on Thursday evening at 8 at Torrance's Bar in Negaunee. The tournament will commence Aug. 5, and the drawing will determine the schedule of games. All teams are invited to send representatives to the drawing.

### MUSKEGON — The American Motorcycle Association will sponsor its national championship hill climb on Muskegon's Mt. Garfield Aug. 4.

The 31st annual event is expected to attract 30 of the nation's top riders. Defending champion Joe Hemmris, of Cumberland, Md., who holds the course record of 6.47 seconds for the 350-foot-long hill, will be one of the contestants.

WARSAW (AP) — Los Angeles distance runner Jim Beatty said he was returning home because of a sore tendon and would not compete with the U.S. track team touring Europe.

### Top Men Get Ready For Western Open

CHICAGO (AP) — A class-packed field, headed by Jack Nicklaus, Julius Boros, Bob Charles and stunner Arnold Palmer, will open competition Thursday in the 60th annual Western Open Golf Tournament at the Beverly Country Club. Nicklaus In Big Trio Nicklaus, 23-year-old Columbus, Ohio, heavyweight, was due to play his first practice round today since his come-from-behind victory in the Professional Golfers Association championship at Dallas last Sunday. With Boros and Charles, Nicklaus is part of the trio that holds all the world's major championships. Nicklaus earlier won the Masters crown while Boros won the U.S. Open and Charles the British Open. Jacky Coust of Longview, Tex., who with Palmer was beaten by Boros in the National Open play-off, is the defending champion in the \$50,000 tournament that carries a first prize of \$10,000. He's back along with such standouts as Sam Snead and Tony Lema. ettes to a 17-14 victory over the Edmonton Eskimos in an exhibition Canadian pro football game. Johnny White, up from Houston of the American Football League, got two touchdowns for the Eskimos.

# THE NORTHERN NEWS

NORTHERN MICHIGAN UNIVERSITY

SUPPLEMENT TO THE MINING JOURNAL

JULY 24, 1963

## Northern Hits Record Summer Enrollment

While the Fine and Practical Arts Building and the new addition to the University Center are being completed, Northern plans new projects. Pictured is the architect's drawing of the proposed residence hall and food center complex to be constructed on the campus near Lincoln and Wright Streets.

### 1,259 Here For 6-Week Study Term

A record number of graduate and undergraduate students are studying at Northern Michigan University this summer.

Dr. Clarence Bjork, dean of admissions and graduate studies, announces an enrollment of 1,259 students for the six-week summer session (June 24-Aug. 2).

The total, which includes 703 graduate students and 556 undergraduates, compares with 1,168 a year ago.

The summer program this year began with an "intersession," a two-week course for 31 physical education instructors who studied "Methods and Materials in Physical Education." The two-week period from June 10 through June 21 enabled the instructors to earn 10 hours of graduate credit rather than eight.

The summer session this year includes three National Science Foundation Institutes for high school teachers, elementary school supervisors, and pre-college students.

Post-session workshops and special programs (Aug. 5-16) will bring several hundred additional students to the NMU campus.

Workshops are scheduled in education, English, health, physical education and recreation; athletic coaching, music, debate, and driver education and traffic safety.

Northern welcomes to its summer faculty 25 visiting faculty members from colleges and universities across the nation.

The undergraduate enrollment consists of 51 freshmen, 60 sophomores, 152 juniors, and 246 seniors. The total also includes 21 guest students and 23 special students.

### August "Shop" For Debaters

The second annual Debate Workshop for high school students will be held at Northern Aug. 5-16.

The Workshop will be under the supervision of Mr. John Monsma, NMU Director of Forensics, and Mr. John Veltema, Coach of the Grand Rapids Christian High School debate squad which won the 1962-63 city league championship.

The purpose of the two-week workshop is to provide practical experience with the 1963-64 high school debate question while assisting the students develop proficiency in debating.

Also included in the workshop will be instruction in library research methods and bibliography, analysis of basic issues, building of affirmative and negative cases, refutation and rebuttal, and delivery of the debate speech.

Students will combine study with recreation through such activities as picnics, swimming, hikes, movies and tours in a full program directed by Pat Naughton, NMU coach.

As a climax of the workshop, each participant will develop a debate case and, in conjunction with another debater, participate in several rounds of practice debates with other workshop members.

Nursery School at Michigan State University, Dr. Page received her bachelor's degree from Cornell University, and her master's and doctor's degrees from Columbia University. She has been honored for her scholarship by membership in Omicron Nu and Pi Lambda Theta.

## Mission Of University Is To Teach, Research And Serve — Dr. Harden

(As of June 1, 1963, Northern Michigan College officially became Northern Michigan University. The date marked the beginning of a new chapter in the history of Northern. In "The Mission of the University," Dr. Edgar L. Harden, President of Northern, discusses the goals and objectives of the University as it continues to serve the Upper Peninsula through its program of instruction, research, and service.)

It would seem appropriate at this time, as Northern begins a new chapter in her distinguished career as the regional institution of higher education in the Upper Peninsula, to review and clarify the mission of the University.

The mission of Northern has changed periodically since 1899 when the Northern State Normal School was established by the state legislature to provide teachers for the public schools of the Upper Peninsula. The character of the Normal School changed when it became the Northern State Teachers College. New objectives and broader purposes were reflected in the subsequent names of Northern Michigan College of Education and Northern Michigan College. Because Northern is concerned with people and ideas, because it is concerned with living things and has a life of its own, Northern has evolved during the years in response to the needs of people and to the stimulation of new knowledge and new ideas. Through diligent effort and willingness to examine new concepts in education and new approaches to learning, Northern has continued to strengthen its program to meet additional responsibilities and to provide greater service.

As Northern evolved from Normal School to University, two basic characteristics remained unchanged — the public nature of the institution and a commitment to service. These have been the unbroken threads which have given strength and continuity to the whole fabric of Northern.

In recent years, Northern has developed and implemented a three-dimensional program of instruction, research, and service. This program involves commit-

ments to students, to new and applied knowledge, and to the public. New knowledge gained through research and transmitted from teacher to student, enriches instruction. This knowledge, widely disseminated, enriches the lives of people in the region served by the University, helps to help themselves, and provides the basis for making critical decisions in a free society. The complementary functions of instruction, research, and service will provide the framework upon which the University will continue to build.

As we go about the task of carrying out the mission of the University, we never should lose sight of the historic obligation of Northern to serve people and to serve them well.

It would be well for this University, as it contemplates the future, to reflect upon the words of Lotus D. Coffman, former president of the University of Minnesota, who described the purpose of the state university and the purpose of all American public higher education, in vivid, meaningful terms.

Dr. Coffman saw the state university "growing out of and flourish-

ing in the very soil of democracy, supported and maintained by all the people, committed unequivocally to a more highly trained intelligence of the masses, believing that the road to intellectual opportunity should never be closed, maintaining a wide-open door for all those willing to make the trial.

"The state universities, nevertheless, have held in common with the private universities a high sense of obligation with regard to the necessity of advancing human knowledge, of promoting research, and of training those of superior gifts for special leadership.

"The state universities hold that there is no intellectual service too undignified for them to perform. They maintain that every time they lift the intellectual level of any class or group, they enhance the intellectual opportunities of every class or group.

"They maintain that every time they teach any group or class the importance of relying on tested information as the basis for action, they advance the cause of science. They maintain that every time they teach any class or group in society to live better, to read more and to read more discrimina-

tively, to do any of the things which stimulate intellectual or aesthetic interest or effort, they thereby enlarge the group's outlook on life, make its members more cosmopolitan in their points of view and improve their standard of living.

"Such services as these the state universities would not shrink from performing — indeed they would seek to perform."

Included in the mission of Northern is the responsibility to help each student develop whatever excellence is in him. Northern must recognize the "right to try" in higher education and encourage those willing to make the trial. The University must maintain an open door to intellectual opportunity, and it must develop and stretch inquiring minds.

The mission of the University is to teach as if it cared, taking pride in student achievements, reluctant to concede failure in teaching or learning. The university must maintain a climate in which teaching and learning thrive. In this kind of climate, the mission of the university — to teach, to carry on research, and to serve the public — will succeed.

### "Teacher Day" At NMU

Upper Peninsula teachers arrived at Northern Michigan University today for the annual "Teacher Day on Campus."

The day-long session is sponsored by the Michigan Department of Classroom Teachers and Northern in cooperation with the Michigan Education Association.

The main speaker at the event devoted to the interests of the classroom teacher is Mr. Tom Northey, Lansing, Director of Research for the Michigan Education Association. He will discuss "Professional Rights and Responsibilities of Teachers."

Northern's educational television studios will present a demonstration in classroom television techniques, a panel discussion on future plans for educational TV in the U.P., and a live telecast on Channel Three. The telecast

will enable teachers to observe a laboratory school class in session.

In addition to the address by Mr. Northey, the program will include a movie on educational TV.

Teachers also will have the opportunity to attend the seventh annual book exhibit in the University Center.

Among the members of the NMU faculty and administration who will participate in a panel discussion are: Dr. Milton Byrd, vice president for academic affairs; Dr. Gordon Gill, chairman, department of biology; Mr. Thomas Knauss, acting chairman, department of mathematics; Dr. Jack Rombouts, principal, John D. Pierce Laboratory School; and Dr. Lester Sands, Professor of Education, University of California, Santa Barbara, a visiting faculty member.

### Child Growth To Be Study Topic

Northern Michigan University will sponsor a Child Growth and Development Curriculum Workshop Thursday and Friday.

Sponsored in cooperation with the Michigan Home Economics Advisory Committee, the workshop is being held in conjunction with a two-week course in home economics on school and community programs in family life education according to Dr. Jane Bemis, head of Northern's Home Economics Department.

Dr. Elizabeth Page, associate professor of family relations and child development at Montclair, N. J. State Teachers College and a visiting faculty member at Northern, will serve as consultant for the workshop.

A former director of the Spartan

## 40 Teachers From Seven States Here On Science Study

Forty teachers from seven states are attending the 1963 summer institute for junior and senior high school teachers of general science and mathematics at Northern.

Supported by a National Science Foundation grant of \$51,480, the eight-week institute now in progress will terminate Aug. 17.

Teachers attending the sixth annual institute and their home towns are:

Illinois — Gerald Maberry, Roxana.

Louisiana — Willard Lewis, Opelousas.

Michigan — Doron Adolphs, Petoskey; Robert Ames, Capac; Clarence Beld, Grand Haven; Donald Bellinger, Elk Rapids; John Butrymowicz, Escanaba; John Clippard, Flint; Herbert Escott, East Tawas; Harlan Feeman, St. Johns; Ernest Gendron, St. Charles; Douglas Gleason, Grand Rapids; Joseph Hardy, North Branch; Ronald Hill, Cedarville; Edward John-

son, Daggett; Chester Kiltinen, Marquette; Frederick Klemm, Deerfield; Ernest Kranz, Sault Ste. Marie; Robert Krizeny, Calumet.

Robert LaVaque, St. Clair Shores; Elmer Lee, Pontiac; Matthew Lyden, St. Clair; Graham McNamee, Escanaba; Bert Mccsey, Allen Park; Charles Menke, Stephenson; M. E. Oeschger, Kalamazoo; Robert Ottoson, Sault Ste. Marie; Charles Pfeifer, Cheboygan; James Rice, Ishpeming; George Rohrer, Flint; Robert Shea, Calumet; Richard Ulasich, Oxford; James Warner, Southfield; and John Wood, Marquette.

New York — Peyton Murray, New City.

Ohio — Richard Bieniek, Toledo.

## Ex-Marine To Be Chief At Music Camp

Lieutenant Colonel William F. Santelmann, former director of the United States Marine Corps Band, 1940-1955, will be the music director at the 13th annual music camp for Upper Peninsula high school band members and baton twirlers to be held at Northern Aug. 5-10.

For the third consecutive year, baton twirling will be under the direction of Ellen Rae Sielaff, former national champion. A recent graduate of Butler University, Miss

Pennsylvania — George Rowse, Monaca.

Wisconsin — George Boneske, Sturgeon Bay; Michael Farrell, Green Bay; George Franson, Wauwatosa; Willard Hines, Ellsworth; John Mathie, Milwaukee; Robert Meerschaeft, Cudahy; and Emanuel Mueller, Sturgeon Bay.

Sielaff will instruct baton twirlers in parade and dance routines, flag and fire techniques, and other twirling skills.

Santelmann graduated from the Washington College of Music in 1920 prior to enrolling at the New England Conservatory of Music at Boston, Mass. There he studied and played under such teachers as Harrison Keller and Frederick Shepherd Converse.

Completing his studies at the Conservatory, he began his career in the U. S. Marine Band in 1923 when he served under his father's direction until the latter's retirement in 1927.

In 1935, Santelmann was appointed as Assistant Leader and five years later, the Commandant

of the Marine Corps appointed him Leader and he attained the rank of Captain. He was promoted to Major in 1947 and in 1951 he attained the highest rank ever held by a musician in the Marine Corps, Lieutenant Colonel.

Prior to his retirement in 1955, Santelmann took part in eight Presidential Inaugurations and planned and provided the music for official functions during the administrations of Presidents Coolidge, Hoover, Roosevelt, Truman and the first term of Eisenhower.

Currently Chairman of the Board of Directors of the John Philip Sousa Memorial, Washington, he is at past president of the American Bandmasters Association and former music director of the famous Gridiron Club of Washington.

## IBM Computer Now Installed

A new, high-speed computer with a "memory system" of 20,000 units recently was installed at NMU where it will be used for instruction, research, and data processing.

The IBM 1620 digital computer includes a 1622 card-read punch. The computer requires only 560-millionths of a second to acquire data from its vast storage of information. The card-read punch accepts data from 250 cards a minute and prints cards calculated by the computer at the rate of 125 cards per minute.

As a training instrument for students, the computer will have wide application. The U.S. Department of Labor has predicted that the operating of computers will create the need for 8.4 million workers in the coming decade. Northern will contribute to the training of top-level programmers to direct these workers.

The computer also will be used in connection with courses in mathematics, statistics, physics, and chemistry, and other subjects.

The equipment, which will be used in educational research, applied industrial research, and special research projects, is expected to stimulate additional support for research to attract top research personnel to the NMU campus.

The computer will be used for Northern's own accounting and data-processing operations and will be available for a wide variety of uses in business and commerce. CAV

## SBA Opens Unit On "N" Campus

In the desire to bring its services and facilities closer to small business concerns in Northern Michigan, the Small Business Administration opened a new office in Marquette at NMU on July 8.

Located in the Public Services Building on Northern's campus, the new office will serve the entire Upper Peninsula as well as the Lower Peninsula counties of Emmet, Cheboygan, Presque Isle, Charlevoix, Antrim, Otsego, Montmorency and Alpena.

Mr. Glenn G. Potter, who has been a Loan Specialist in the Detroit SBA Regional Office since 1956, will be in charge of the Marquette office and will process loan applications and handle inquiries on other SBA programs. A native of Michigan, Mr. Potter's background includes business and finance, as well as extended experience in private business and government agencies.

SBA helps small businessmen obtain needed financing, assists them in selling their products to and buying disposable property from the government, and helps them solve management and production problems. It helps finance small business investment companies (SBICs) which in turn provide equity capital and long-term loans to small firms, and SBA provides boosts to community economy through loans to local development companies to assist small business in plant construction, expansion and conversion, including acquisition of land and new equipment.

# 135 To Be Graduated From Northern On August 2

## President Of Central Will Give Address

Summer commencement exercises for 135 candidates for degrees at Northern Michigan University will be held Aug. 2 at 2 p.m. in Kaye Auditorium.

The candidates include 72 for the bachelor's degree and 63 for the master of arts degree.

The commencement address will be given by Dr. Judson W. Foust, President of Central Michigan University. Dr. Foust became the sixth president of Central Michigan in July of 1959. He had been a member of the CMU faculty and administration for 30 years.

Dr. Foust joined the CMU faculty in 1929 as an instructor of mathematics. He was promoted to assistant professor in 1932 and professor in 1943. He became director of the summer session in 1941 and was named assistant to the president in 1946. In 1952 he was appointed vice president of general and academic administration, a position he held until assuming the presidency.

The public is invited to attend the commencement ceremony. Candidates for degrees will be presented by Dr. Milton Byrd, NMU vice president of academic affairs.

Degrees will be conferred by Dr. Edgar L. Harden, President of Northern.

The invocation and benediction will be given by Rev. Norbert Smith of the First Methodist Church, Marquette.

A reception for the graduates will be held in the University Center following the commencement program.

The candidates are:  
**Master of Arts Degree**—Marilyn Swanson Andrew, Richard Norman Andrew, Joyce Arlene Baylor, Earl David Beauchaine, Zola May Beauchamp, Grant Lornas Berggren, Jr., George Robert Blommiel, Jayne Petersen Brady, James

## Dr. West Is Contributor On Medicine

Dr. Luther S. West, Dean of Arts and Science at Northern Michigan University, is a contributing author to the sixth and most recent volume on preventive medicine in world war II, published by the Office of the Surgeon General, Department of the Army.

The official History of World War II includes an important series of volumes on preventive medicine, as administered by the Office of the Surgeon General of the U. S. Army from approximately 1940 through 1946.

The latest unit to be issued is Volume VI of the sub-series devoted to communicable diseases. This volume deals exclusively with malaria. Thirteen authors, each a world authority on one or more aspects of the subject, have pooled their knowledge and experience in interpreting the numerous documents, communications, and reports which represent military operations during the period concerned and which, in many cases, have been classed as restricted, confidential, or secret, until very recently.

Dr. West, prior to his retirement as a Lt. Col. in the Medical Service Corps, was given the responsibility of preparing that portion of the volume which deals with South Atlantic and Caribbean areas. Approximately one-fifth of the volume's 642 pages are devoted to these geographical regions. Dr. West's report concerns both the Caribbean Command and the South Atlantic Command at their greatest expansion during the war years. The total geographical area involved extends approximately from 30° north latitude to 40° south latitude and from 30° west longitude to 95° west longitude.

The Caribbean activities are especially interesting, as they rest on the background of peacetime military procedure in Panama and Puerto Rico and involve the work of several pre-war, nonmilitary agencies such as the Rockefeller Foundation and the Anglo-American Caribbean Commission. Venezuela, the Guianas, and various adjacent countries became heavily involved during the defense period (1939-41) and remained so for the duration of the war.

The interest of U.S. military authorities in South American sanitary control related chiefly to the transport of troops, by air, from South America to Africa and return. Natal, Recife, Amapa, Sao Luis, Fortaleza, and Bahia were all important as points of embarkation or return, and the sanitation of the necessary air bases, as well as of the airplanes themselves, was of vital importance, not only during the period of actual hostilities but until all such transport activities had ceased. The techniques employed, and the high standard of inspection developed during the war years, have been largely incorporated into the current practices of commercial air lines and the various South American governments, more especially Brazil. Particularly important has been the prevention of mosquito vectors native to Africa from becoming established in the Americas. (This once took place, probably by way of merchant vessels, resulting in devastating epidemics and requiring procedures that were extremely costly before the invaders were exterminated.) Any repetition of this experience could have worked serious havoc with the war effort.

Dr. West cites 170 special docu-

Governor Romney discusses economic development in the Upper Peninsula at a meeting of Operation Action—U. P. on the NMU campus June 22. At left is Walker Cisler, President of the Detroit Edison Co. and co-chairman of Operation Action. At right are Dr. Edgar L. Harden, NMU President and co-chairman of Operation Action, and Ed George, vice president of Detroit Edison. (NMU photo).

ments, many of them hitherto unpublished letters, orders, and military reports. Most of these were consulted while on duty in Washington as a Reserve Officer, but at one time, he states, Northern Michigan University had as many as 300 items on loan, from government archives, in connection with the work. Dr. West's cottage

in Green Garden still has on the wall, as a memento of this particular enterprise, maps of various West Indian and Central American countries.

Chapters dealing with other, specific geographical regions have been prepared by men who are recognized authorities for the territories involved. For example:

North Africa, Italy, and the Islands of the Mediterranean are treated by Justin M. Andrews, now of the U.S. Public Health Service. Africa, the Middle East, China, Burma, and India are reported by John W. Rehn, presently of the Bureau of Yards and Docks, Department of the Navy. The Southeast Pacific is under the joint authorship of Thomas A. Hart, now serving with the American Operations Mission to Venezuela, and William A. Hardenbergh, President of Public Works Publications and former Colonel in the Medical Service Corps.

The Introduction to the entire volume is the work of Dr. Paul F. Russell, who, prior to his retirement, enjoyed a long and distinguished career as a malarialogist with the Rockefeller Foundation, and has also had extensive military experience.

The Northern Michigan University Press was established in 1962.

## Music Big '63 Feature

Music by outstanding artists has been a feature of the 1963 summer session.

Dr. and Mrs. John Richardson of Michigan State University performed a piano duet July 12. Their interpretation of four-hand music for the piano was a delightful concert which will be long-remembered.

The Stanley Quartet of the University of Michigan presented a concert of chamber music July 22. The quartet, comprised of Gilbert Ross, first violinist; Gustave Rosseels, second violinist; Jerome Jelinek, cellist; and Robert Courte, violist, gave an impressive performance of chamber music at its very best.

Northern Michigan University was founded in 1899 as the Northern State Normal School.

## Schedule Of NMU Graduate Courses

### ESCANABA

August 5, 1963 — NMU 506 — Group Dynamics (3 sem. hrs.), graduate and undergraduate, Duckworth, 10:00 a.m., New Escanaba High School, Room A106-7.

### HOUGHTON

August 5, 1963 — Health & Physical Education in Elementary Schools.

### IRON MOUNTAIN

August 5, 1963 — NMU 501 — The Family (3 sem. hrs.), graduate and undergraduate, Vaughan, 10:00 a.m., Iron Mountain High School Library.

### IRONWOOD

August 5, 1963 — Cooperative Course (credit from MSU or NMU), 9:00 a.m., Slight Elementary School, Multi-Purpose Room; MSU 844 — Community Resource Workshop (6 term hrs.), graduate and undergraduate.

NMU 522 — Community Resource Workshop (4 sem. hrs.), graduate and undergraduate.

### MANISTIQUE

August 5, 1963 — Cooperative Course (credit from MSU or NMU), 9:00 a.m., Slight Elementary School, Multi-Purpose Room.

MSU 844 — Community Resource Workshop (6 term hrs.), graduate and undergraduate.

NMU 522 — Community Resource Workshop (4 sem. hrs.), graduate and undergraduate.

### MARQUETTE (Camp Shaw)

August 4, 1963 — NMU 505 — Seminar in Conservation Education (1 sem. hr.), graduate and undergraduate, Niemi, 10:00 a.m., Camp Shaw.

August 5, 1963 — Summer Workshop — NMU 570 — Problems in Business-Accounting (2 sem. hrs.), graduate and undergraduate, Nault, 9:00 a.m., Northern Michigan University Business Department, Room 102.

### KINCHELOE AIR FORCE BASE

August 5, 1963 — NMU 541 —

Criminology and Penology (2 sem. hrs.), graduate and undergraduate, Burrows, 4:30 p.m., Building 201, Room 4.

NMU 301 — Meteorology and Climatology (3 sem. hrs.), undergraduate, Peters, 8:00 p.m., Building 201, Room 3.

### MENOMINEE

August 5, 1963 — Reading Workshop — NMU 513 — Diagnosis of Reading Difficulties (2 sem. hrs.), graduate and undergraduate, Staff, 10:00 a.m., Central Grade School.

NMU 514 — Laboratory Practice in Remedial Reading (2 sem. hrs.), graduate and undergraduate, Staff, 10:00 a.m., Central Grade School.

### SAULT STE. MARIE

August 5, 1963 — NMU 560 — Audio Visual Materials and Techniques (2 sem. hrs.), graduate and undergraduate, Vedder, 10:00 a.m., Finlayson School.

## NMU Grad Gets Unique TV Job

Dan Giovannini, a 1956 graduate of Northern and a former member of the NMU faculty, will play a key role in the development of a unique educational television project in the American Samoan islands.

A native of Manistique, Giovannini will be the director of an educational television station to be established by the Samoan government. The project, first of its kind in the world, will be watched by 18 individual countries in the South Pacific with eventual coverage of the entire Oceania island area by educational television being envisioned.

Giovannini, who left July 12 for his three-year stay in the six islands inhabited by 19,000 Polynesians, was an instructor in Speech, Radio and Television at Northern from 1956-58. While a member of the NMU faculty, he was the recipient of an award for outstanding work in radio by Stanford University, Palo Alto, Calif. during the summer of 1957.

According to Giovannini, who has worked for the past four years for a commercial television station in Green Bay, Wis., the project is expected to employ some 70 teachers, directors and technicians by the time all elementary grade and high school courses are

telecast. Teachers and TV personnel alike are recruited in the U.S. since English is universally spoken in Samoan schools.

Seen as an answer to the growing problem of staffing 400 schools with qualified native teachers, schoolroom television sets will receive about 36 different courses of study the first year and about 90 courses the following year. At least three channels will carry different courses simultaneously, in order to telecast the entire school program during the time allotted.

Under the TV plan, first year costs to the island group owned by the U.S. and administered under the guidance of the Department of the Interior are estimated at \$1,700,000 as compared to \$21 million, the cost of the original plan for updating the present schools.

## Schools Need Finest Talent

"We need our best young people in the teaching profession to help meet the challenges which lie ahead," said Dr. Edward S. Pomeroy at a Northern Michigan University convocation.

Dr. Pomeroy, executive secretary of the American Association of Colleges for Teacher Education, Washington, D.C., discussed "Teachers for a Changing World" at the summer convocation in Kaye Auditorium.

"Teaching is not for the weak and timid," Dr. Pomeroy said. "It takes courage to be a teacher today. The teacher shoulders a vital and stirring responsibility."

"Education is the key to whether we live in a world of peace or are destroyed by war or the ineptitudes of society."

Today's teacher, Dr. Pomeroy

## Traveling Space Science Unit Will Be Here July 29

A traveling space science demonstration unit, the Spacemobile, will be on display at Northern Michigan University Monday, July 29.

The public is invited to view the specially designed bus — which carries equipment for space science experiments — in Kaye Auditorium between 10 a.m. and 2 p.m.

Sponsored by the National Aeronautics and Space Administration, the Spacemobile includes models of launch vehicles, satellites and space probes, electronic equipment and other special devices for demonstrating aspects of space science and exploration.

Developed primarily for education presentations, a typical 50-minute demonstration answers six basic questions: (1) What is a satellite? (2) How does it get up into orbit? (3) What keeps it in orbit? (4) What does it do? (5) What good is it? and (6) What are the plans for future space research and exploration by NASA?

Included in the demonstration will be a scale model of the Saturn

C-1 rocket complex used to demonstrate the successive stages of this three-stage launch vehicle which will develop over 1,500,000 pounds of thrust. A short motion picture of the static firing of the Saturn first stage at the Marshall Space Flight Center, Huntsville, Ala., is supplemented by dramatic color slides of a typical Saturn launch to orbit.

The Spacemobile also contains scale models of several space vehicles including a Mercury capsule (with escape tower); the Ranger lunar probe which will make the first American unmanned landing on the moon; and the Voyager, which will orbit near planets in order to study their characteristics at close range.

In addition there are models of the first Tiros weather eye satellite, and the launch vehicles Scout, Centaur, Saturn and Nova "boosters" among others.

The Spacemobile provides an interesting introduction to space science and to our national space activities.

# July, Happy Month Of Year For All To Enjoy

**Editor's Note:** The following is from an editorial by Jean Worth, of the Escanaba Press, which eloquently pleads the case for a Northern July. The Northern News felt readers who may have read it before would be amply repaid by lingering, once more, over the memories it recalls and anticipations it creates.

In the North the joys of July are chiefly these, a dense green smock on the hardwood trees, picnics spread on lush green grass and a lusty hookout of small-mouth bass.

If we're to be inclusive as well as poetic, however, we should mention that the pike—both northern and walleyes—are biting and that the panfish are tugging at lines, too, to gladden the heart of people who hope that they're muskellunge. Fishing is a delight of mid-summer in the North and the Lake States have more fresh, pure water than any area of its size in the nation. This great plenty of water is the area's greatest resource, in the view of the look-ahead boys.

It's being used for swimming, boating and water skiing in July as well as for fishing and as a mirror for the beauty of its surroundings.

This is the month of greatest visitation in the North, of a constant coming and going of guests, back to see the old folks, back to see the old familiar scenes when the bloom is on the elderberry, up to see the land of Brule, Nicolet and Allouez, of Hiawatha and Baraga, Peter White, Harvey, Agassiz and Osborn.

Hospitality is so abundant, and homecoming such a tradition that an Upper Peninsula physician is certain that Bob McIntosh's estimates of tourist spending are awry and that the increased sales tax income on food is from U.P. residents entertaining their guests. The delights of travel increase in the Upper Peninsula and from the St. Mary's River on the east to

the Montreal on the west the traffic peaks in mid-summer.

The deer are in red coat and not very wary and the sight of them delights thousands and thousands of visitors. When a "Deer Area" or "Deer Crossing" sign is spied beside the highway the watch for the whitetails sharpens immediately and there's an "Oh pshaw" reaction if one does not oblige. Porcupines waddle across the highways, imperiling motorists and themselves. Night drivers especially are cautioned "Be wary of wildlife."

The odor of hay is in the air where there are farm fields as the mowers start their annual cut. Later the old orchards will show the yellow of ripe transparents and the speckled red of Duchesses. The daisies and black-eyed Susans border the roadsides, with Queen Anne's lace for added white and Indian paintbrush for a dash of color. In the bogs the cotton grass is white and the blueberries are ripening from green to frosty purple.

There is sound of chainsaws and crashing trees in the forests because this is "stripping time," when the aspens and birches and other hardwoods yield their barks without reluctance to the pulpwood cutters. The naked aspens lay criss-crossed to dry and before their exposed whiteness fades it turns a spectacular pink. From

the air these peeled trees appear as an odd mosaic.

The first broods of birds are on the wing and although summer is only fully arrived some of them are rehearsing for the flight south. The little ducks are hatched and following in tugboat strings.

The odor of cooking is in the air, tantalizing and appetizing and not even in Indian days were there so many little smokes under the food. It is the barbecue craze that has swept the land and caused an exodus from the kitchen to the back yard, where father has taken over from mother, burned his fingers and sent the market bill soaring as he called for a sirloin instead of a potroast.

July, wonderful July, warmest of the months is here and the picnic ants are as happy as humans.

## Full Slate For Alumni

A full schedule of NMU alumni activities this fall is announced by Tom Peters, alumni relations director.

Alumni will gather in Detroit Sept. 27 when Northern plays the University of Detroit in football.

The annual alumni banquet will be held in Escanaba, Oct. 10, in conjunction with the Michigan Education Association meeting in Escanaba.

Homecoming activities will be held Oct. 12 when Northern hosts Central Michigan University in a football game at Memorial Field.

## Area Tours Big Feature

Guided tours to major points of interest have been a feature of the 1963 summer session.

Cleveland Cliffs Iron Co. conducted a tour of the Mather B Mine in Negaunee June 26.

Students and faculty were guests

of the Cliffs Dow Chemical Company on a tour of the Cliffs Dow charcoal briquet operations July 10.

Today, an NMU contingent will tour the facilities of the Kimberly-Clark Paper Company in Muni-

The Fine and Practical Arts Building is the 17th new building to be constructed on the NMU campus since 1956.

## Science Grant Brings 44 Here

Forty-four high school seniors from three states are attending the sixth-annual Pre-College Science Institute for outstanding students at Northern.

Supported by a \$14,625 National Science Foundation grant, the six-week institute now in progress will terminate Aug. 17.

The 1963 institute, which features a course in "The Rise and Decline of Newtonian Mechanics" by Dr. Leo Nedelsky of the University of Chicago, is under the direction of Prof. J. Patrick Farrell of Northern's department of geography, earth science, and conservation.

Students attending the institute and their home towns are:

Michigan — Kathleen Albert, Ironwood; Mary Antonetti, Hermansville; Merle Baker, Gwinn; Cary Bjork, Marquette; Dan Budzinski, Mt. Clemens; Koester Christensen, Escanaba; Dorothy Dunlap, Newberry; Richard Gasperini, Iron River; Robert Irwin, Luna Pier; Marilyn Lalich, Gladstone; Robert Lesh, Milford; Michael Leskela, Lake Linden.

Eric Ollila, Madison Heights; Normal Pappas, Marquette; Peter Paquette, Marquette; Carol Fierston, Marquette; William Raduchel, Houghton; Susan Reichardt, Ontonagon; Richard Sale, Ironwood; Mary Schwarz, Marquette; Ken Seifert, Romeo; Dick Sgarlotti, Iron Mountain; Mike Smith, Iron River; Charlotte Stanek, Alpena; Dan Steck, Laurium; Ted Thiel, Montrose; Leland Thompson, Escanaba; and Mary Ellen Thompson, Watersmeet.

Montana — Phillip Smith, Glasgow.

Wisconsin — Emmett Dalhed, E. De Pere; Nick Dobeck, Stevens Point; Dan Jaecks, West Allis; Thomas Kiffe, Kaukauna; Diane King, Green Bay; Ruth Nichols, Sheboygan; Brian Wiese, Elkhardt Lake; Kathleen Whymys, Oakfield; and Katherine Zarling, Horicon.

Attending the institute for the second year in a row are Byron Boyd, Houghton; Robert Butsic, Munising; Peter Guizetti, Negaunee; Susan Stibbe, Peshtigo, Wis.; and Edward Williams, Rochester.

## Dr. Shaw To Lead Seminar

Dr. Archibald B. Shaw, editor of the educational executives' Overview Magazine and American School and University Yearbook, will conduct a Seminar in Secondary Education at Northern Aug. 5-16.

The author of "The Random Falls Idea" and a contributor to the Bookshelf and Forum magazines among others, Dr. Shaw will analyze the major issues or problems in secondary education today and their relationship to organization, administration, and curriculum planning.

A former superintendent of schools in Scarsdale, N. Y., Dr. Shaw received his master's degree from Boston University and his doctor's in education from New York University. He has served as a visiting lecturer at more than 40 colleges and universities throughout the country including Harvard, Temple, Auburn and the University of Chicago.

A life member of the National Education Association, Dr. Shaw is a former mathematics teacher, principal, and Boy Scout Executive. During World War II he attained the rank of lieutenant and was awarded seven battle stars while serving in the Pacific Theater.

Currently the Associate Secretary of the American Association of School Administrators, Washington, D. C., he is a member of the American Civil Liberties Union, American Legion, Education Press Association of America and is an honorary life member of the New York State Council of Superintendents.

Since 1958, the year of the first science institute at Northern, the University has received \$637,550 from the National Science Foundation to help advance science education.

In 1962-63, Northern received \$600,000 in gifts and grants, an amount equal to the entire legislative appropriation of 1956.

## University Picnic

On a hot July day nothing is nicer than eating outside in picnic atmosphere. And at Northern this get-together spirit prompts the staff to provide for a bright and sunny lunch hour.

## New Electronic Teaching Unit Installed At Northern

An electronic learning center designed to help teach languages and other courses has been installed at Northern Michigan University.

The center, located in room 204 of the John D. Pierce Building, utilizes one of the recently developed teaching concepts to improve the quantity and quality of educational programs.

Dr. Milton Byrd, NMU vice president for academic affairs, said the learning center will be used for courses in French, Spanish, Russian, and German and as a teaching aid in speech, speech correction, and other programs.

Acoustical treatment of the ceiling and floor have deadened the sound in the room which is equipped with 36 individual positions manufactured and installed by the American Seating Co. of Grand Rapids, Mich.

The equipment is completely transistorized for compactness and ease of maintenance.

The instructor, operating a mas-

ter console, transmits recorded lessons to students and also maintains voice contact with students.

The console has four, four-track tape recorders, one turntable, and one auxiliary jack. This enables the instructor to transmit as many as 18 different programs at one time.

Each student position is equipped with earphones and microphone to provide two-way communication with the instructor.

J. J. Denny, language consultant for American Seating, will demonstrate the unit July 24, 25, and 26. Teachers attending Northern's "Teacher Day on Campus" July 24 will have an opportunity to visit the center and view the equipment.

## 25 Visiting Faculty On Campus For Summer Term

Twenty-five visiting faculty members have joined more than 60 NMU resident faculty members to offer 91 graduate courses and 48 undergraduate courses during Northern's summer session.

Attracting a record enrollment of 1,259 students, the summer session includes three National Science Foundation Institutes for high school teachers, elementary supervisors, and pre-college students.

Among the members of the visiting faculty from across the country are:

Louis W. Armstrong, Ed.D., Division of School Buildings and Grounds, University of the State of New York, Albany; Eric R. Baber, Ed.D., Assistant Commissioner, Division of Secondary and Elementary Education, U.S. Office of Education, Washington, D.C.; Virginia Barnes, M.A., Associate Professor of Home Economics, University of Cincinnati; Ernest R. Britton, Ed.D., Superintendent of Schools, Midland, Mich.; and Kenneth R. Church, Ph.D., Assistant Professor of Physical Education, Indiana University.

Ronald Daly, M.A., Supervisor of Elementary Education, New York State Board of Education, Albany; Andrew Deskins, Associate Professor of Psychology, Alma College, Alma, Mich.; June E. Gabler, Ph.D., Principal, Lakeview Public Schools, St. Clair Shores, Mich.; Roland A. Nagle, Ph.D.,

Board of Education, Wyandotte, Mich.; Herbert Nelson, M.A., Mt. Pleasant (Mich.) Public Schools, and Jerome Notkin, Ed.D., Associate Professor, Hofstra College, New York.

Ernest Kemp, M.S., Chairman, Department of Geology, Michigan College of Mining and Technology, Sault Ste. Marie; Andrei Lobanov-Rostovsky, Diplome, Professor of History, Davidson (S.C.) College; Katherine O'Connell, M.A., Associate Professor of Library Science, Central Michigan University, Mt. Pleasant; Elizabeth Page, Ph.D., Associate Professor, Family Relations and Child Development, Montclair (N.J.) State Teachers College.

Donald A. Place, M.S. Consultant for the Mentally Handicapped, Oakland County Board of Education, Pontiac; Louis C. Rus, Ph.D., Associate Professor of English, Calvin College, Grand Rapids; Lester B. Sands, Ph.D., Professor of Education, University of California, Santa Barbara; Archibald B. Shaw, Ph.D., Editor, Overview Magazine, New York, N.Y.; Richard A. Stumpe, M.S., Elementary Principal, St. Louis (Mo.) Public Schools; Sol Swerdlow, M.A., Chief, Division of Manpower and Occupational Outlook, U.S. Department of Labor, Washington, D.C.; and Paul F. Thams, Ph.D., director of Special Education, Oakland County Board of Education, Pontiac.

## Three NMU Aces Reach Grid Camp

Three members of Northern's 1962 football squad which posted a 6-3 mark have reported to the Boston Patriots summer camp on the East coast. They are halfbacks Tom Neumann and Dick Koski, and end Jim Welsh. Neumann, who played in the All-American Bowl last season at Tucson, Ariz. and received Little All-American honors, is a native of Peshtigo, Wis. while Koski hails from Wakefield and Welsh from Racine, Wis.

Reno Petteuzzo, the Canadian Soo softball hurler who was voted the outstanding pitcher in last year's Class "A" tournament, has picked up where he left off. The fastballer recently notched his ninth consecutive victory and fourth no-hitter of the season. He's fanned 123 batters in 59 innings.

A squad of 50 of last season's finest collegiate football players will meet the National Football League champions, the Green Bay Packers, Aug. 2 in Chicago's Soldier Field. The collegians, coached for the sixth straight year by Otto Graham, haven't won since they overwhelmed the Detroit Lions 35-19 in 1958. MSU and Mississippi, each with four members on the squad, top the delegations.

## Cage Camp To Be Led By Albeck

A one-week basketball camp for junior and senior high school boys between the ages of 12 and 17 will be sponsored by Northern Aug. 11-17.

Sponsored in cooperation with Northern's Public Services Division, the clinic will be directed by Stan Albeck, NMU cage mentor since 1957. In six years at Northern, Albeck has compiled a record of 192 wins and 36 losses. Four of his Northern teams have won the Michigan championship sponsored by the National Association of Intercollegiate Athletics.

According to Albeck, the basketball camp, which has been approved by the Michigan High School Athletic Association, will place emphasis on conditioning, fundamentals and team play. A certificate of merit will be awarded to each individual upon completion of the camp.

Deadline for registration is July 29.

The program also will include swimming, tennis and softball as well as basketball movies every night. A citizenship hour also will be conducted each morning with a member of the Michigan State

### FINAL EXAMINATION SCHEDULE FOR THE SIX-WEEKS' SUMMER SESSION, 1963

Hour of Class Recitation		Hour of Final Examination	
Undergraduate	*Graduate	Hour	Day
1:00—2:50	1:00	1:00—2:50	Wednesday
8:00—9:50	8:00	3:00—4:50	Wednesday
	11:00	5:00—7:00	Wednesday
10:00—11:50	10:00	8:00—9:50	Thursday
	2:00	10:00—11:50	Thursday
	9:00	1:00—3:50	Thursday
3:00—4:50	3:00	3:00—4:50	Thursday

\*500 and 600 courses follow graduate schedule.

All recitations for six-week courses stop and examinations begin at noon on Wednesday, July 31.

NOTE: Examinations for eight-week courses will be given on the last day of classes.

Police, a college dean, and a judge as guests.

Students, who may either live on campus or at home, will be furnished a locker in the dressing and shower rooms but must furnish their own basketball equipment in addition to a doctor's statement of health.

Also available to prep cage players will be the facilities of the University Health Center and the athletic training room. NMU's trainer, Gildo Canale,

will assist Albeck in player conditioning.

Albeck pointed out that boys interested in basketball but lacking experience also are invited to enroll in the camp.

Students interested in attending the initial NMU basketball camp for prep cagers may obtain additional information by writing Mr. Stan Albeck, Basketball Coach, Northern Michigan University, Marquette, or by contacting Northern's Public Services Division at 225-1341, extension 2255.

## Two Top Athletic Mentors Head NMU Coaching School

Two leading midwestern coaches — Douglas Weaver, head football coach, Kansas State University, and John Kundla, head basketball coach, University of Minnesota — will headline the 17th annual summer coach school at Northern Aug. 8-10.

Sponsored annually in cooperation with the Michigan High School Athletic Association, the school has attracted more than 1,700 high school and college coaches from 25 states and Canada in the past 16 years.

By combining the Physical Ed-

ucation Workshop, Aug. 5-16, and the Coaching School, two hours of graduate credit may be earned. The coaching school is free of charge.

Football instruction will be handled by Weaver Thursday, Aug. 8 and the morning of Friday, Aug. 9. Basketball will be offered by Kundla Friday afternoon and all day Saturday, Aug. 10.

Director of the school is C. V. (Red) Money, head of Northern's department of health, physical education and recreation.

## Northern and Marquette Go Ahead

The steady growth of Northern and its anticipated future expansion pose many problems to the city.

But these are problems to be solved, for all growth creates new challenges. By working and planning together, University and City can go ahead hand in hand.

We congratulate Northern on its growth, its widening appeal, its increasing capacity for service.
