MANSFIELD SAYS:

No Side Issues, No Gimmicks In N-Test Ban Pact

WASHINGTON (AP)—Sen. Mike Mansfield of Montana said after a conference with President Kennedy today that there are "no gimmicks, no side issues," tied to the Moscow test ban treaty.

The Senate Democratic leader said the limited test ban agreement has broad support not only in the Senate which must ratify it, but in the House as well.

Chances Excellent

"We informed the President the chances for strong bipartisan ratification of the treaty by the Senate were excellent and that we expected the ratification would come as soon as possible," Mansfield said after the weekly White House breakfast session of Democratic congressional leaders.

Mansfield said Undersecretary of State W. Averell Harriman created a tremendous impression in his appearance before the Senate Foreign Relations and the Armed Services Committees and the Joint Atomic Energy Committee Monday.

Frankly, Openly

He said Harriman answered all questions frankly and openly.

It appeared, however, that Senate Republican leaders have killed any chance of a bipartisan display at the formal signing of the test ban treaty in Moscow.

Rejected Conference

"I feel that I should not go even if I were invited because acceptance would leave the implication that I approved of the treaty without knowing fully the effects it will have," Dirksen said.

Dirksen told an informal news conference Monday that the White House suggested but he rejected a conference of leaders of both parties before President Kennedy's Friday night television-radio speech on the treaty, which would ban all except underground tests.

effort to poll Republican senators and had no idea how they would vote on the agreement worked out by U.S., British and Soviet representatives. Treaty backers are wooing GOP support because ratification would require approval of two-thirds of those voting.

Jurors Given Instructions In Vice Trial

LONDON (AP)—Justice Sir Archie Marshall today warned jurors they must not try to guess why Dr. Stephen Ward's high society friends—such as Lord Astor and actor Douglas Fairbanks Jr.—have not sprung to his defense.

Summing up near the end of Ward's seven-day trial on vice charges, the judge said: "There may be many reasons why he has been abandoned in his extremity. You must not guess at them."

"But this is clear: If Stephen Ward was telling the truth in the witness box, there are in this city many witnesses of high estate and low who could have come and testified in support of his evidence."

Christine Keeler, 21, testified she slept with former War Minister John Profumo and he gave her money for her mother.

Mandy Rice-Davies, 18, swore she slept with Lord Astor and Douglas Fairbanks Jr.

Ward denied any knowledge of intercourse between the girls and the men they named. He said he certainly did not profit personally.

A verdict is expected in the case with 24 hours. A finding of guilty could send the society oyster to jail for up to 25 years after a court hearing the judge said "has probably gained more notoriety than any trial in recent years."

The chief justice did not make the new evidence public.

Gordon was convicted last month of beating up Christine on April 18.

Philippine Leader Appeals For Unity At Summit Meet

MANILA (AP)—Indonesia, Malaya and the Philippines opened a tension-laden summit conference today, and Philippine President Diosdado Macapagal appealed for unity among the Malay nations at a moment of historic importance.

Macapagal told Indonesian President Sukarno and Prime Minister Tunku Abdul Rahman of Malaya that the projected Federation of Malaysia will be discussed frankly in the manner of brothers.

Macapagal conceded that the conference faces a difficult task.

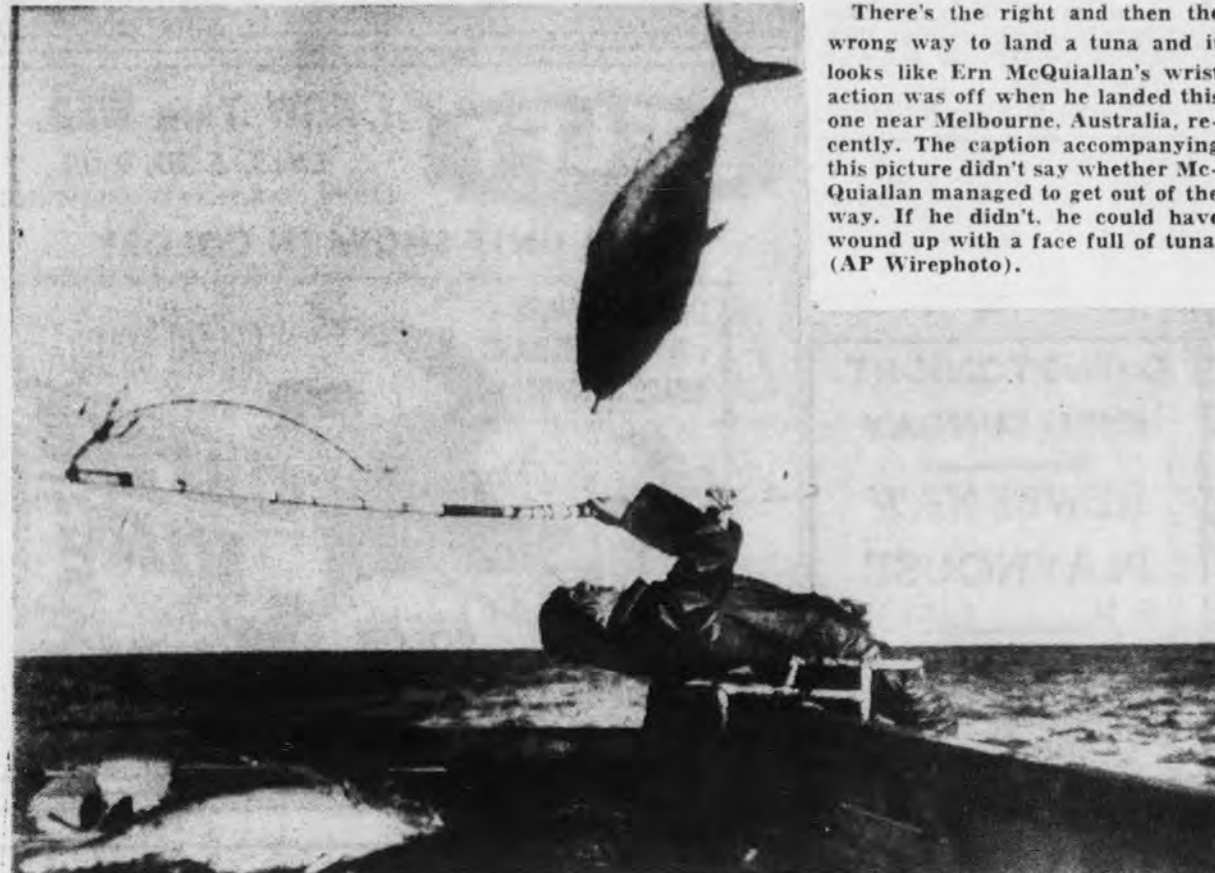

NEW YORK (AP)—General Motors Corp. made \$5.1 million a day in April, May and June, Saturdays and Sundays included.

The No. 1 automaker and world's largest industrial corporation set eight sales and earnings records in the second quarter.

Profits soared to \$464 million, GM said Monday.

Worldwide factory sales in the second quarter totaled 1,646,747, including 1,143,932 passenger cars and 149,775 trucks and coaches produced in the U.S., a U.S. vehicle total of 1,293,727.

High-Flying Tuna

There's the right and then the wrong way to land a tuna and it looks like Ern McQuillan's wrist action was off when he landed this one near Melbourne, Australia, recently. The caption accompanying this picture didn't say whether McQuillan managed to get out of the way. If he didn't, he could have wound up with a face full of tuna. (AP Wirephoto).

Race Crisis Problem Of U.S. People

LOS ANGELES (AP)—"The current racial crisis is not a crisis of the Negro, or of the conservative, or of the reactionary white. It is a crisis of the American people and the democratic way of life," says criminologist Joseph D. Lohman.

Dr. Lohman, dean of the School of Criminology of the University of California at Berkeley, told the National Urban League on Monday that Negroes make up 10 per cent of the nation's population and yet account for 20 per cent of juvenile delinquency.

"Negro youth are exposed to the evil effect of being blocked from cultural assimilation in our cities," said Lohman, "and their crime is the abortive fruit of our failure. We are at a critical juncture in American community development."

Nelson C. Jackson of New York, associate executive director of the league said earlier that the effects of discrimination are becoming intensified as cities grow.

Jackson estimated that the unemployment rate is twice as high among Negroes as that of the nation in general. About 50 per cent of Negroes between 16 and 21 are not working, he said, and more than two-thirds of Negroes who do have jobs are grouped in five unskilled and semi-skilled job classifications. He did not list them.

NEW YORK (AP)—Negro children sat down in the path of work trucks today and young demonstrators threw themselves onto a crane's load at a Brooklyn hospital construction site.

The demonstrations demand the hiring of more Negroes and Puerto Ricans in publicly financed construction. They have resulted in 19 arrests at the Downtown

Medical Center project and three at a similar protest at an apartment construction site in Queens.

In addition, police took 12 children from the Brooklyn site, listing the names of those over 7 for juvenile authorities and then releasing all.

Seven young pickets took police by surprise as a crane prepared

to unload cement blocks across a fence from a truck in the street.

They scrambled onto the truck and lay on a loaded pallet, forcing the work to stop.

Policemen removed them bodily, three young women in the group kicking and screaming as they were carried to a patrol wagon.

Police seized a young man, identified as Anthony Cocio of Brooklyn, N. Y., who was shown being seized by police at a Brooklyn hospital construction site after he provoked a fight by picketing civil rights demonstrators seeking more jobs for Negroes on the project.

Negroes tore up Cocio's signs and police stepped in to break up the melee. (AP Wirephotos).

News In Brief

KARLSRUHE, Germany (AP)—Another former member of the West German intelligence Service is on trial for spying. Bodo Schoenrock, 38, testified Monday he received between \$500 and \$1,125 a month for supplying military and political secrets to Communist Poland and Czechoslovakia.

MIDLAND (AP)—Dow Chemical Co. today reported a new half-year high in net profits—\$42.4 million for the first six months of this year, equivalent to \$1.43 per common share.

LANSING (AP)—The Michigan State Employees Union said today it is preparing a legal challenge to the Civil Service Commission's regulations barring state workers from outside employment or political activity.

WASHINGTON (AP)—J. Edgar Hoover told the nation's law enforcement officers today there is no place in the profession for those who violate civil rights or who condone such tactics.

PONTIAC (AP)—James Butler, 31, of Taylor Township, was sentenced to 12-to-40 years in prison Monday in Oakland County Circuit Court for the second-degree murder of his estranged wife last April 20. Butler pleaded guilty earlier this month to beating Virginia Butler, 23, to death with the butt of a rifle.

WASHINGTON (AP)—A union leader accused the nation's railroads today of using brink-of-strike tactics to press for compulsory arbitration to settle the rail work rules dispute.

H. E. Gilbert, president of the Brotherhood of Enginemen and Firemen, testified before the House Commerce Committee.

Gilbert spoke in opposition to President Kennedy's proposal the controversy be turned over to the Interstate Commerce Commission for the next two years.

He said that would be compulsory arbitration, pointing toward the end of "that kind of bargaining which has become a part of our system of free enterprise."

Gilbert said "the only solution to this case is to be found in collective bargaining—collective bargaining which has had a shot in the arm."

He added both sides should bargain with the knowledge that "the heavy hand of congressional power is ready to punish a party failing to meet his public and private responsibilities during negotiations."

Senators working for a settlement say they are encouraged by a union official's announcement that the brotherhoods have submitted a new proposal.

U.S. Patrols Hunt Killers In Korea; Four Reds Slain

Bob Kennedy, Gov. Sanders Testify Today

WASHINGTON (AP)—Gov. Carl E. Sanders of Georgia testifies before one Senate committee and Atty. Gen. Robert F. Kennedy before another today on civil rights legislation.

In the House, representatives of major Negro organizations had an appointment with Rep. Emanuel Celler, D-N.Y., to urge inclusion of a fair employment practices provision in the administration's omnibus civil rights bill.

In the House, representatives of major Negro organizations had an appointment with Rep. Emanuel Celler, D-N.Y., to urge inclusion of a fair employment practices provision in the administration's omnibus civil rights bill.

Sanders was called before the Senate Commerce Committee, which is holding hearings on one part of the seven-point package—a bill to require desegregation of stores, restaurants, hotels and other private businesses serving the public.

Along with Sanders, the fifth Southern governor to testify on the measure, the committee was to hear from Atty. Gen. Joe Patterson of Mississippi.

The Senate Judiciary Committee, which called Kennedy back for additional questioning, is proceeding at a far more leisurely pace with hearings not only on the public accommodations provision but on the other parts of the package.

Only Witness

Kennedy is the only witness the committee has heard except for opening statements of its own members—chiefly Sen. Sam J. Ervin Jr., D-N.C. The hearings began July 16.

Ervin, a former Supreme Court justice in his state, serves as a sort of chief counsel for Southern senators opposed to the civil rights legislation and has done virtually all of the questioning of Kennedy.

The House Judiciary Committee, under Celler's chairmanship, is nearing completion of hearings on the civil rights package submitted by the President last month.

The President endorsed, but did not include in his package, a bill to ban racial discrimination in employment.

Wedding Canceled By Death

BLOOMFIELD HILLS (AP)—Less than four hours before Raymond F. Zehnder Jr., 21, was to be married Monday he was killed in a car smashup.

His bride-to-be, Betty Meggs, 22, was badly hurt.

Their car, driven by Zehnder, hit a tree on Long Lake Road near the Zehnder home.

The two were running last minute errands before their wedding at Redeemer Lutheran Church in nearby Birmingham.

Three Parades Set In City Tomorrow In Sidewalk Circus

It'll be a bargain shopping day for adults and a fun day for children in downtown Marquette tomorrow, Sidewalk Circus Day.

Larry W. Westphal is chairman of the event, planned by the retail division of the Marquette Chamber of Commerce.

Sales people will be dressed in colorful costumes and stores will have displays set up on the sidewalks, he said.

Three parades have been planned for children who may register for the events up until a half hour before the starting time.

Three Children's Parades

There will be a doll buggy parade, at 1:30 in the afternoon, a bicycle parade, at 3 p. m. and a hobo parade, at 7:30 in the evening.

A total of nine cash prizes will be awarded to top entries in the children's events. In addition, every entry will be given a movie theater pass.

The parades will be held on Front and W. Washington Sts. and parade areas on these streets will be closed to parking and traffic during the events.

Assembly Points Noted

Assembly point for the doll buggy parade will be the Union National Bank parking lot. For the bicycle parade, participants will assemble in the parking lot of the A. and P. Store.

The hobo parade is being sponsored in the Nos. 2 and 3 (1,000-gallon) pumbers and the service truck. They returned to the station at 3:40 p.m.

Fish have been kept in captivity since about 2500 B.C. when the Sumerians maintained them in ponds for food.

Two Persons Injured, Two Get Tickets In Area Mishaps

Two persons were injured, two motorists were issued tickets and three vehicles were damaged in a pair of area traffic accidents reported this morning by state police.

Two other mishaps also were investigated by state police from the Marquette post, in the west section of Marquette County (see story on Page 16). Reports on this area's crashes follow:

At 9:30 last night a car being driven east on County Road 551 by Jimmy Nobles, 21, K. I. Sawyer Air Force Base, went out of control as he was traveling around a right curve. The mishap occurred just west of U.S. 41 in Chocolay Township.

Car Rolls Over

State police said he was going too fast, with his car traveling off the left side of the highway. He drove back onto the highway sharply, recrossed the roadway and his car went into the ditch on the right side, rolling over.

Nobles suffered lacerations on the top of his head and a passenger, Robert Cronk, 20, also of Sawyer Base, sustained bruises about his chest.

They were taken to St. Mary's Hospital here in the city ambulance.

Speed Law Violation

Extensive damage occurred to both sides, the front and rear ends and top of his car, a 1960 small, foreign model, which had to be removed from the scene by a wrecker.

State police gave Nobles a summons for a speed law violation.

An automobile being driven north on County Road 545 by William Kunde, 26, Skandia, smashed into the rear end of a car operated by Elliott Webb, 68, Skandia, about three-quarters of a mile south of U.S. 41, in West Branch Township.

State police said the mishap occurred when Kunde came over the top of a hill and Webb, parked on the paved portion of the highway, began backing up.

The left rear of Webb's 1962 coach and the right side of Kunde's 1959 sedan were damaged. Both cars were driven from the scene under their own power.

State police gave Webb a ticket for parking on the paved portion of the highway.

J. D. Stafford, Instructor At Northern, Dies

Memorial services were held in Ann Arbor yesterday for Jerry D. Stafford, 25, Northern Michigan University faculty member, who died Saturday after a long illness.

Prof. Stafford, a native of Kansas, came to Northern in 1962 as assistant professor of music. A voice instructor, he served as director of the University Choir.

Left Here In May

Mr. Stafford left Northern in May because of illness, but returned in June. He left again in July and later re-entered University Hospital in Ann Arbor.

He graduated from Kansas State College, Fort Hayes and received his master's degree from the University of Michigan.

He is survived by his wife, Marlene; his parents, a brother and a sister.

State Real Estate Unit Holds First Peninsula Meeting Here

Michigan's chapter of the American Institute of Real Estate Appraisers will meet in Marquette tomorrow and Thursday.

Earl H. Closser, Marquette, first vice president of the state organization, said that it will be the first time that the 30-year-old chapter has met in the Upper Peninsula, and the first visit to the U.P. for many of the members.

Only other member of the chapter from the U.P. is Don M. Pearce, Marquette.

A business meeting will be held following registration, at 2 p. m., in the Northland Hotel.

However, the meeting will be primarily informal, Closser said, including a tour of Mount Marquette and the Marquette State Prison tomorrow afternoon, a dinner tomorrow evening at the Northland Hotel, and a tour Thursday morning of the Humboldt open pit iron mine and pelletizing plant.

Besides Closser, other officers of the chapter are Allan H. Shaffer, Battle Creek, president; Lawrence R. Anderson, Detroit, second vice president, and Robert J. Heinzen, Detroit, secretary-treasurer.

Approximately 30 persons are expected to attend.

Don Brugman Rescuer In Boat Mishap

Additional details concerning the boating accident which occurred in Marquette's lower harbor were disclosed today.

A collision occurred between boats piloted by Bernard Matthews, Lakewood, and Kenneth Bureau, Marquette, after both had been towing water skiers.

Donald Brugman, Wright St., who had just arrived in the harbor, saw the accident and immediately got into his boat and went to the scene, rescuing five of the persons in one of the boats, which began sinking.

The other six persons went ashore in the other boat, which did not sink.

After bringing the five persons ashore, Brugman returned to the scene of the crash and towed the Matthews boat, which had been badly damaged, ashore.

"How about one of those wonder drugs?"

"I've got a cold," the man said, and he went on to ask for a "wonder drug." The pharmacist sold him some aspirin and advised him to see his physician. As it happened the aspirin fixed him up fine, but the point is this: Pharmacists are not physicians. We work with doctors, providing the drugs and medicines they prescribe. We have a professional knowledge of the powerful new "wonder drugs," so we know how important it is to use them correctly. Please do not feel offended when your pharmacist refuses to sell you a certain drug. It is for your protection and in the best interest of your good health. Always see your doctor when potent medication is required.

City Paragraphs

A false alarm was answered by Marquette's fire department at 3:32 yesterday afternoon. The alarm was pulled from Box 54, at the corner of W. Washington St. and Park Ave. Eight firemen responded in the Nos. 2 and 3 (1,000-gallon) pumbers and the service truck. They returned to the station at 3:40 p.m.

Fish have been kept in captivity since about 2500 B.C. when the Sumerians maintained them in ponds for food.

Three Given Prison Terms, Four Put On Probation Here

Three defendants in criminal cases received prison terms during sentencing yesterday in Marquette County Circuit Court.

For all three who were sentenced to prison, Judge Bernard H. Davidson of Negaunee recommended that they be sent to training schools.

Judge Davidson also ordered one person to spend a term in the Marquette County Jail and placed four others on probation.

Sentenced to the Marquette State Prison were: Elmer Mollanen, 19, Route 1, Negaunee, forgery, one and a half to five years, with the recommendation that he serve the minimum sentence and that he be sent to the Michigan Training Unit at Ionia State Prison.

Ronald G. Griffin, 17, Marquette, probation violation, one and a half to two years, with the recommendation that he be sent to the Michigan Training Unit at Ionia State Prison.

Has Been In Jail Here Mollanen was arrested by the county sheriff's department June 25 on the forgery count. He pleaded guilty in circuit court July 22 and has been held in the county jail in default of \$250 bond.

He forged a check, made out to himself, which was written on the Miners' First National Bank of Ishpeming, on June 11.

Judge Davidson noted that Mollanen has built up "quite a criminal record over the past three years," including convictions on disorderly and furnishing beer to minor charges.

"It appears you have a drinking problem. The court feels you should be sent away for awhile, with the hope that you will have the opportunity to learn a trade."

Alexander and William E. Tull, who was placed on probation, were charged with the theft of a case of liquor from Cox's Store July 7.

They were arrested by city and state police, after leading state police on a high speed chase on Presque Isle Park Drive and attempting to elude officers by swimming into the lake.

On Probation Before Noting that Alexander was placed on probation for car theft during the May term of circuit court, Judge Davidson said that Alexander had been given a chance to prove himself and had failed.

"The court has no alternative but to sentence you this time," he said.

Griffin was placed on three years' probation during the May term of circuit court for car theft.

65 Take Part In Playground Event Here

Approximately 65 participants enjoyed the bicycle rodeo in last week's special event at the city playgrounds, according to a report by James C. Engle, superintendent of the parks and recreations department.

This week's event is the popular Hobo Day, to be held tomorrow in conjunction with Marquette's Sidewalk Circus.

"In past years, this event has been the most popular," said Engle, "and according to registration during the past week, it promises to have the best attendance again this year."

Winners Named The winners in last week's special event are the following: Lakeside Park—boys, Joe Bourgeois, Bruce Smith and Jim Rasmussen, and girls, none.

Memorial Field—boys, Edward Douglas, Gordon MacDonald, Steve Matt and Dennis Seppala, and girls, Mary Todd, Kathy Nowak and Lorel Vidlund.

Williams Park—boys, Chuck Lindquist, John Leanes and Robin Zini, and girls, Stephanie Weesen, Margaret Smith and Julie Swanson.

Baraga Field—boys, Jim Morin, Archie Finlan and Ricky Eckloff, and girls, none.

Harlow Park—boys, Gary Kantola, Tim McGee and Jimmy Lind, and girls, Cindy Jandron, Shirley Wilkins and Ardis Dunlavy.

was made payable to the Clark Service Station in Marquette. The check was written on the Union National Bank, where Holmgren has no account.

He turned himself in to police in Appleton, Wis., in June, saying that he was wanted here for bad checks and that he had violated probation by leaving Michigan. He had been placed on probation for forgery in circuit court this winter.

As a special condition of his probation, Holmgren was ordered to spend six months in the county jail, with the proviso that he will be considered for release if he can secure employment.

Judge Davidson said that although Holmgren has a previous record and "seems to have a drinking problem," he is a war veteran with a good record, can work as a heavy equipment operator, and must support five children.

Warned Against Violation Gobert appeared with his court-appointed attorney, George T. Kendrick, Marquette. He was charged with writing three checks within a 10-day period for which there were not sufficient funds in the bank.

The checks, each for \$5, were all written on the Union National Bank and made payable to cash. They were dated May 20, 21 and 27.

"If you violate the probation conditions," Judge Davidson told Gobert, "the court will not be lenient. You have worked as a carpenter and I hear the warden is always looking for a carpenter."

Bess was arrested by state police June 22. He is charged with taking a tire and wheel from a vehicle parked off County Road 550 in Powell Township.

"Don't Come Back" Judge Davidson pointed out that

Bess had served a previous sentence for breaking and entering in the nighttime.

"The court is inclined to give you another chance and I hope I won't see you here again," the Judge said.

All of the defendants placed on probation must, during the probation period, (1) not leave the state without the permission of either the court or the probation officer, (2) report monthly, or as often as is required, to the probation officer, and (3) not violate any city ordinances, state laws, or federal statutes.

Sale Of City Property To Ironwood Firm, Residents Given Okay

Sale of some city-owned property on Wright St. and on Lake Shore Blvd. to a private company and to some residents was approved by the Marquette City Commission at its regular meeting in the city hall last evening.

City Manager Thomas Moore recommended that action be taken in both cases, following his investigation of the requests.

Ordered approved were requests for the sale of:

1. An unimproved parcel of land having 150 feet of frontage on Wright St., immediately east of the Federal Forest Service Laboratory, and extending back, or north, a distance of 400 feet, to the Industrial Piping Co. of Ironwood, at not less than the appraised fair market value of \$3,000.

2. A small parcel of land about 25 by 88 feet, on Lake Shore Blvd., to Mr. and Mrs. Frank Paul, which is situated in the southeast corner of their lot, at a fair market value of \$500.

To Establish Office Here

The Ironwood firm has indicated it will construct a building and establish an office on the Wright St. property. Two appraisers were hired by the city, in accordance with previous commission action, to obtain a market value of the property.

In the case of the Paul property, Moore said the city owns ample property adjacent to the parcel for a sewerage pumping station, if one is needed in the future.

Commissioner James R. Smith suggested that it would be wise for the city to specifically designate this area for such a pumping station, action which the commission indicated it would do at a later date.

Schools' Request

Ordered referred to City Manager Moore for a study and report back to the commission was a request by Superintendent of Schools Henry J. Bothwell for the vacating of some property adjacent to the Fisher School.

Bothwell said an alley in that area, and also an extension of S. Third St., south of Mather St., should be abandoned as public thoroughfares, and that they should become available to the Marquette Public Schools, so that they may be incorporated into the Fisher School playground.

He added that the Fisher playground already is a "very small area" and that these two parcels of land "would be greatly appreciated."

Bothwell said the new U. S. 41 bypass grading has been completed and the board of education is in a position to erect a retaining wall to hem in its playground property.

Moore said the alley dead ends both ways, and that if the abandonment were agreed upon, one-half would go to the school board

and one-half to the adjoining property owners.

Freestone Alley Request

Also ordered referred to Moore for a study and report back to the commission was a request from four property owners for the abandonment of property known as Freestone Alley, from Division St. east to U. S. 41, which they said is not being used and which is one of the last which has not been vacated by the city.

Purpose of the request, the petitioners said, is so that a creek, known as Billy Butchers, Orion and Western Creek, can be moved to flow down the alley and thereby improve the whole area.

In its present course, the creek flows diagonally across some lots and then down Furnace St., preventing improvement of Furnace St., they said.

Preprinted Insert Appears In This Edition Of Journal

Northern Paper Co. is sponsoring the fifth pre-print multi-color advertisement in today's Mining Journal.

This new method of promoting multi-color advertisements is employed by newspapers prohibited by cost from having their own color printing presses.

The page advertisements are printed in advance at a central publishing plant and shipped to The Mining Journal by freight. The pages are put on the press, with the reverse side blank, enabling the regular newspaper copy and

U.P. History Meeting Set For Aug. 9-10

SAULT STE. MARIE — This city will be host to the 14th annual Upper Peninsula History Conference Aug. 9-10.

The U.P. conference was last held in the Soo in 1955 on the occasion of the centennial of the Sault Canal. Now members of the Historical Society of Michigan will have an opportunity to meet in the Soo on another auspicious occasion — the period when the new International Bridge linking Sault Ste. Marie, Mich. with Sault Ste. Marie, Ontario has just been opened to traffic. One of the highlights of the conference will be a trip across the bridge into Canada for a tour of important sites in the Canadian Soo.

The program starts Friday, with registration and is followed by a tour of historic Sault Ste. Marie. Dr. Philip P. Mason will speak on "Schoolcraft and the Indian Agency of the Upper Lakes." An award will also be given to the Drummond Island Historical Society by the Historical Society of Michigan for the society's "significant work, study, and appreciation of the local history of the island and for productive efforts to preserve the physical remains of previous occupations of Drummond Island."

In Canadian Sault

The conference program on Saturday is divided into two parts. In the morning the various U.P. Historical Societies will report on

their activities — a popular and traditional feature of these meetings.

The second half of the Saturday program will be devoted to the Canadian Soo. Starting from the American side, the participants will cross the International Bridge to Soo, Canada and will have luncheon at the Windsor Hotel. The Soo Canada Historical Society will then conduct a tour of the Canadian Soo.

City Delays Action On Request To Start Marina Construction

Action was deferred last night by the Marquette City Commission on a request to grant permission to start construction of a marina in the upper harbor.

City Clerk Everett H. Kent had prepared a memorandum for the commission, noting the request for (1) designation of land for the marina and (2) request of permission by the harbor committee to commence work on the project (such as digging and dredging).

Commissioner Joseph Fine suggested tabling the matter, saying the suggested site would be too close to the Shiras Pool area.

"This is an important matter," Fine noted, "and in order for the marina to be constructed in the suggested location the city eventually would have to build another road to Presque Isle Park. I believe this is something for the people to decide."

Mayor C. Fred Rydholm said there had been a three to one split within the harbor committee on the site for the marina, and that the one person who was absent reportedly was against that site, making it a three to two division.

Recreation Area Need Cited
"Our population is increasing and our developed recreation area is shrinking," Fine said. "We should be careful about acting hastily on this matter."

Commissioner Elmer K. Carlson said he would support the harbor committee's recommendation on the site.

Commissioner James R. Smith said he wondered if the Michigan Waterways Commission would review the situation.

"We should first obtain an

estimate of the cost of the proposed marina," Fine stated, "and then decide whether or not we can afford it."

Mayor Rydholm said the committee has had tentative approval by the city on part of the marina program.

'Too Many Unknowns'
After further deliberation, the commission, on a motion by Smith, supported by Fine, tabled action on the matter until the entire harbor committee can meet with the city commission. The commission's vote was unanimous.

"There are too many unknown factors tonight," Smith said.

At the suggestion of City Manager Thomas Moore, the commission decided to ask the Michigan Waterways Commission have a representative present at the commission-committee meeting.

11 Clergy Appointments Listed By Bishop; Fr. Weber Succeeds Fr. Carmody In Baraga Position

Appointments affecting 11 priests of the Catholic Diocese of Marquette were announced today by the Most Rev. Thomas L. Noa, D.D., bishop of the diocese.

The appointments are effective Tuesday, Aug. 6. Six involve priests from the Marquette area or who have served here.

One of the principal changes involves the superintendency of Bishop Baraga Central High School. The Rev. Charles J. Carmody is being granted a leave of absence to work on the faculty of Loyola University in Chicago and is being succeeded by the Rev. Glen G. Weber, who also will continue as administrator of St. Mary's Church, Big Bay.

Father Weber also has been serving as assistant editor of the Northern Michigan Edition of Our Sunday Visitor. He will continue to reside at 245 Baraga Ave., in

a dwelling owned by the diocese. Complete List Given

Following is a complete list of the appointments, as announced by Bishop Noa:

The Rev. Glen G. Weber, from the Northern Michigan Edition of Our Sunday Visitor post to administrator of Bishop Baraga Central High School, and continuing as administrator of St. Mary's Church, Big Bay.

The Rev. Charles J. Carmody, superintendent of Bishop Baraga Central High School and secretary of the Bishop Baraga Association, leave of absence to join the faculty of Loyola University, Chicago.

The Rev. Howard J. Brown, from chaplain at St. Francis Hospital, Escanaba, and teaching at Holy Name High School, Escanaba, to assistant pastor at St. John's Church, Marquette, also taking over the work previously done by Father Carmody at the

Bishop Baraga Association.

The Rev. Dennis D. O'Leary, from assistant pastor of St. John's Church, Marquette, to chaplain, St. Francis Hospital, Escanaba.

The Rev. Matthew G. Nyman, from assistant at St. Christopher's Church, Marquette Township, to assistant at Nativity Church, Sault Ste. Marie, and also as principal of Holy Name High School, Sault Ste. Marie.

The Rev. Wilfred L. Pelletier, from assistant pastor at St. Mary's Church, Sault Ste. Marie, to administrator of St. Ann's Church, Calumet.

The Rev. Armour Roberts, from assistant pastor of St. Joseph's Church, Lake Linden, to assistant pastor of St. Mary's Church, Sault Ste. Marie.

The Rev. John F. McArdle, from assistant pastor of Holy Family Church, Ontonagon, to administrator of the newly-established parish of St. Mary's, Mohawk, with missions in Keweenaw County.

to assistant pastor, Holy Family Church, Ontonagon.

The Rev. Victor Karch, pastor of St. Adalbert's Parish, Menominee, appointed dean of the Menominee Deanery.

The Rev. Lawrence T. Gauthier, from principal of Loretto High School, Sault Ste. Marie, to superintendent and business manager of Holy Name High School, Escanaba.

Redistricting Suit Hearing To Continue

PORT HURON (AP)—A federal court panel of three judges is going ahead with a hearing of labor leader August Scholle's challenge of reapportionment provisions of Michigan's new constitution. A date remains to be set.

The three judges Monday unanimously rejected motions to dismiss or delay the suit.

The state's motion to dismiss, made by Atty. Gen. Frank J. Kelley, was rejected as "not well taken" in the words of Judge Clifford O'Sullivan.

"Apportionment," Judge O'Sullivan said, "is a genuine controversy. A prompt decision should be

made."

Kelley had contended that no one's rights could be violated until the new constitution goes into effect next Jan. 1. He said the suit was therefore premature.

The rejected motion to delay the hearing—on grounds that the U. S. Supreme Court may rule by October on Scholle's earlier 1959 suit—was made by Republican State Sens. John W. Fitzgerald of Grand Ledge, Paul C. Younger of East Lansing, and Frank D. Beadle of St. Clair.

Purchase Of Fuel Oil Blender, Ballpark Agreement Approved

Purchase of a fuel oil blender was approved by the Marquette City Commission at its regular meeting in the city hall last evening.

Action came after City Manager Thomas Moore said that in order for the city to maintain the present price of fuel oil that it is paying it is necessary to blend three types of fuel oil.

"We need to install a mixer-blender, known as a 'lightning-mixer,' in our large steel fuel tank," Moore said.

Cost Of \$1,461

Since the city made many in-

Wage-Hour Hearings Set For August

LANSING (AP) — Gov. George Romney hopes for good attendance at a series of legislative committee hearings on a state minimum wage.

The hearings, to be conducted by a joint interim study committee on minimum wage legislation, will be held next month in more than a dozen communities. Rep. Don Gordon, R-Leland, is chairman of the joint committee.

'Vitality Important'

"These hearings can be vitally important to the solution of a very important problem—the right of every worker to receive a decent wage," Romney said.

"I recognize the great complexity of this problem," he said. "I am confident the hearings will assist greatly in establishing a better understanding of the issue so that an equitable minimum wage bill will be passed next year."

Schedule

The schedule:
Aug. 1, Lansing; Aug. 5, Detroit and Warren; Aug. 6, Detroit and Livonia; Aug. 7, Pontiac and Flint; Aug. 8, Saginaw; Aug. 12, Mackinac Island; Aug. 13, Escanaba; Aug. 14, Traverse City, Manistee and Cadillac; Aug. 15, Grand Rapids; Aug. 16, Grand Rapids and Kalamazoo.

quiries and found only one company which manufactures a petroleum products blender, Moore said, he was asking that the city waive the asking of bids.

The commission agreed, granting the permission to purchase the blender, at a price of \$1,461, F.O.B., Rochester, N. Y., from the Mixing Equipment Co. of that city.

Agreement With Cliffs Dow

Moore also asked the city commission to approve of a new agreement with the Cliffs Dow Chemical Co. covering the lease of property owned by Cliffs Dow and used for the North Marquette Ballpark.

The park recently was rearranged so that the diamond is in the far northeast corner, away from all the homes, in contrast to having the home plate area in the southwest corner, where a lot of foul balls were going in residents' yards.

The agreement was approved by Moore, James C. Engle, parks and recreation department superintendent, and, as to form, by City Attorney Waldo A. McCrea, who also was acting as city clerk for the night, in the absence of Clerk Everett H. Kent, who is on vacation.

Ordinance Amendment

A request from Dr. M. Cooperstock, city health officer, for a change in an ordinance, approved by the City Health Council last May, covering the requirement of having city employees over the age of 30 take chest x-ray each year, was ordered referred to City Attorney McCrea for re-wording and presentation at the next city commission meeting.

Such x-rays are to be used for the detection of tuberculosis, incidental conditions of the heart and cancer of the lungs, Dr. Cooperstock's proposal notes.

Employees under 30 are to receive a tuberculin (skin) test, except those who already are known

to have a positive test.

Letter From Legion

The commission also:

• Received and ordered placed on file a communication from Jack Dempsey, general chairman of the American Legion Convention Corp., thanking the city in general and the city police department in particular for their cooperation during the Upper Peninsula Legion Convention held in Marquette during June.

• Received and ordered placed on file a communication from Leonard C. Brown, 337 W. Bluff St., treasurer of the Marquette Amvets Little League, concerning the expenditure of \$350 which was allotted to the league for equipment.

• Approved and ordered payment of bills totaling \$135,836.52, of which \$39,360.29 comprises the city payroll for the period.

• Ordered received and placed on file a communication from Gov. George W. Romney, pointing up the increasing damage and toll from traffic accidents and asking the police chief to "do what he can

Production Mark Set By Prison Cow

Marquette Burke Marie, a four-year-old cow, owned by the Marquette State Prison, produced 15,800 pounds of milk and 585 pounds of butterfat in 305 days.

Michigan State University supervised the weighing and testing of production as a part of the official breed improvement programs of the Holstein-Friesian Association of America.

In announcing the new record, a spokesman for the national Holstein organization said that it compared to the average cow's annual output of 7,211 pounds of milk containing 270 pounds of butterfat.

with whatever facilities and men from traffic accidents and asking the police chief to "do what he can

Peninsula Groups To Organize To Oppose NCA Flight Curb

Escanaba City Manager George Harvey is organizing an August meeting in Escanaba for communities and agencies protesting the proposal of North Central Airlines that the Civil Aeronautics

Board authorize discontinuance of its inter-peninsula flights. North Central now serves the Peninsulas of Michigan with connecting flights by way of Green Bay and offers one round-trip flight each day on its aerial bridge between Traverse City and Escanaba, and flights between Sault Ste. Marie and the Lower Peninsula.

The aerial bridge flight originates in the morning in Detroit, goes to Marquette by way of stops at Pork Huron, Saginaw, Traverse City and Escanaba, and returns the same way.

If this flight were cancelled as North Central proposes because it has not been heavily used and it correspondingly heavily subsidized, inter-peninsula travelers from the central and western U. P. could go downstate only by way of Green Bay.

Proposed In CAB Study
The aerial bridge flight between Escanaba and Traverse City was proposed in the Great Lakes local service study of CAB several years ago and is now half way in a 5-year trial.

Upper Peninsula cities which want a buildup of transportation services between the two peninsulas of Michigan protest that as now routed the aerial bridge flights do not serve the Upper Peninsula's prime interests downstate, which are direct connections with Lansing and Detroit.

Marquette, Escanaba Object
Escanaba and Marquette have filed objections to North Central's proposal with CAB and so have Traverse City, Saginaw and the Michigan Department of Aeronautics.

The strategy meeting planned for Escanaba, said Harvey, will invite representatives of the tourist and resort industry, business, the military and other elements concerned with U. P. transportation.

Prexies Asked To Michigan Fiscal Parley

LANSING (AP) — Michigan's college and university presidents have been invited to attend a meeting next month to discuss the state's economic expansion research program.

A \$750,000 state research fund was established by the Legislature this year, and the meeting has been called to establish a sound working relationship between the institutions and the Michigan Economic Expansion Department.

Objectives Noted
B. M. Conboy, executive director of the department, said the program will:
—Present objectives of the research program and guidelines for action.
—Provide the college presidents

Region Traffic Parleys Slated By Governor

Gov. George Romney will confer with citizen leaders and traffic experts at several regional traffic safety conferences at seven cities around the state during August.

Secretary of State James M. Hare, State Police Commissioner Joseph A. Childs and other top state officials will speak and otherwise give leadership to the program.

Representatives of the National Safety Council and other state and national organizations concerned about the increased traffic losses in Michigan will participate in the discussions. The series is co-sponsored by the State Safety Commission and the Michigan Citizens Highway Safety Action Committee.

Improving Licensing of Drivers, a possible vehicle inspection law, expanded traffic law enforcement, and raising standards for driver education will be the main subjects at the meetings.

These items received recent attention by the Governor and the State Safety Commission as a result of an extensive inquiry by Hare and a report by the National Safety Council.

A total of 14 areas of need for improvement were developed of which the subjects above were in most general demand. These were discussed and approved at a series of meetings in the Governor's office.

High Damage Noted
Michigan figures for the first and their key research men an opportunity to discuss the program among themselves.

—Afford an opportunity to the presidents to learn about the administration of the research fund first hand.

Speakers at the meeting, to be held Aug. 12 at Michigan State University, will include Gov. George Romney.

six months of 1963 reveal that traffic deaths, injuries, and property damage reported have increased more than 16 per cent over the same period last year. If such a trend continues, financial loss alone could exceed \$300 million for the year.

It is hoped that the series of regional conferences touching every official and citizen alike to the need for cooperative action.

The all day conferences are being held with the cooperation of local committees at Battle Creek, Aug. 9; Grand Rapids, Aug. 12; Cadillac, Aug. 14; Sault Ste. Marie, Aug. 16; Ironwood, Aug. 19; East Tawas, Aug. 21, and Pontiac, Aug. 23.

City Receives Petition For Sewer Main

City Manager Thomas Moore has been asked to make a study and report of a petition requesting the installation of a sewer main, west on Wright St., from East Ave. to Granite St., to the Dead River.

The Marquette City Commission last night asked Moore to look into the request, made by nine residents of the area.

Ronald Maitland, city sani-

tion, said several residents have been having trouble with septic tanks in that area, and Mayor C. Fred Rydholm noted that this constitutes "an urgent case."

Moore said the Dead River is being polluted, as a result. He said estimates can be made this year and the project put on next year's construction schedule.

The city commission annually requests petitions for public improvements to be received by the last Monday of March, so that the work may be planned for during

Work Out Balance To Avoid Misery

MIAMI (AP) — Dr. Charles G. Werner, University of Miami philosophy professor, told a young people's group how to keep from being miserable.

He said a person must work out a balance between the way he thinks people should treat him and the way they actually do.

the budget study, which is held in March and April.

Overnight Parking Restricted In Two-Block Area Near NMU

Overnight parking will be restricted in a two-block area near the Northern Michigan University under a trial order to be placed into effect by the city.

Action was taken by the Marquette City Commission at its regular meeting in the city hall last evening, following the receipt of a petition from 11 residents of the area, who said the parking situation has "become an acute problem during the past school year."

Under terms of the 90-day trial order, parking will be prohibited in the 1300 block of N. Eighth St. (between W. College and W. Kaye Aves.) and in the 700 block of W. Kaye Ave. (between N. Seventh and N. Eighth Sts.) between the hours of 1 and 6 a. m.

The petitioners noted that their blocks are adjacent to university-owned property and in the vicinity of the college dormitories off N. Seventh St.

Base Wing Competes For SAC Award

K. I. Sawyer Air Force Base's 410th Bombardment Wing has been selected as the winner of the Second Air Force OJT "Trophy Dash."

The award is given annually to the second Air Force unit which has the most effective on-the-job training (OJT) program. The wing was picked tops in Category I (100-400 trainees).

In addition, Second Air Force has selected the wing as its representative in the Strategic Air Command competition for the SAC OJT Achievement Award.

Selection for the OJT award is based on organization, training effectiveness, use of training aids and effective records maintenance. Need High MCS Rating

Also, a wing must attain an average score of 95 per cent for a year under the SAC Management Control System (MCS).

The Sawyer wing maintained a 100 per cent score in the MCS in the OJT area in the past fiscal year.

OJT officer for the wing is 2nd Lt. David Lucas, MSgt. Zacharia Constantine is the wing OJT supervisor.

Man Drowns Trying To Aid Daughter

HOUGHTON (AP)—A man trying to aid his teen-aged daughter drowned Monday when his row boat overturned in Rabbit Bay of Lake Superior, 12 miles east of Houghton.

Houghton County sheriff's officers identified the victim as Elmer Houghton, 48, of Saline. Houghton set out in his boat to help his daughter, Barbara, 16, whose canoe began drifting as a sudden wind developed. Houghton reached her canoe and was about to tow it 300 feet back to shore when his craft tipped over, deputies said.

Friends on shore heard Barbara's shouts for help and went to her rescue. She was still in the canoe, deputies said. Houghton's body was recovered by an unidentified friend.

The sun loses four million tons of mass per second, but is so enormous its fuel should last for several billion more years.

obvious preference for leaving their cars in this residential area rather than using the university-provided parking lot," they said.

"From Monday morning until Friday evening cars have been parked and left, bumper-to-bumper, all week long. Some even have been left there through weekends."

They added that this has "created a miserable situation" for the homeowners in the area, as there is no parking left for the residents and their guests.

The street is "continually cluttered, and even normal street cleaning by the city cannot be done properly," they said.

Normal Action By Teen-Agers

"When students do use their cars in the evening, they come back at all hours, slam car doors and talk noisily back and forth. In this respect they are behaving very normally for teen-agers, but it is extremely annoying to be awakened repeatedly while trying to get a good night's sleep."

"Ideally, of course, the university could, and should, control this situation. To date, however, it has shown no inclination to do so, in spite of the fact that this problem has been repeatedly pointed out."

Daytime Functions Unaffected

"We have a genuine interest in the university and its success, and we do not wish to ask for something like 'two-hour' parking, which could hamper many university functions, especially at the fieldhouse."

"We have, instead, decided to ask that the city post our area with 'no parking, 1 to 6 a. m.' signs. This could eliminate most of the problem, as it would eliminate overnight parking."

"This, in turn, would keep the students from using hi sars aats students from using this area as a permanent parking lot. No daytime function by anyone would be affected."

Truck Traffic On North Side Discussed At City Meeting

Truck traffic in an area in the north section of the city was discussed at length at last night's regular meeting of the Marquette City Commission in the city hall.

Several residents of the Clark and Wetton Sts. and Neidhart Ave. area addressed the commission, lodging protests against use of the roads in that area by trucks from the Gannon Lumber Co.

A written request for permission to speak had been presented in advance of the meeting. Around 40 interested persons were in attendance.

John Hinak, 2009 Wetton St., objected to the nighttime driving, saying the trucks made excessive noise and endangered the safety of area residents.

Unable To Sleep
Ben Kallio, Wetton St., said he

works nights and is unable to sleep days because of the truck traffic, adding that his house vibrates when the heavy vehicles go by.

The truck traffic poses a hazard to children of the area, asserted Mrs. Howard Treado Jr., 817 Clark St.

Mrs. Carl Pellinen, 1901 Neidhart Ave., said the trucks go by constantly during the day.

After hearing all the complaints, Mayor C. Fred Rydholm said the city was aware of this problem and that the city manager, Thomas Moore, has been working on it.

Counter Complaints
Moore said he and other city officials had contacted Leo Gannon, company owner, and suggested that the city could open up Union St. for truck use, but Gannon had said he would hesitate

Tree Planting Job Done In County Noted

During the past month 113,900 trees were planted in the Marquette County forest near K. I. Sawyer Air Force Base.

H. L. Shroeger, Marquette, superintendent-engineer of the county road commission, said 114,400 jack pine, 1,000 Scotch pine and 500 white fir trees were planted.

The jack pine will produce future pulpwood stands and was planted on 31 acres of land.

For Yule Tree Markets
Scotch pine and white fir trees were planted on a light gravelly loam soil and will be grown for the Christmas tree market.

Total cost per tree planted amounted to .02584 cents, Shroeger said, including the treatment with chemicals to protect future growth against disease and grubs.

In addition, 84 acres of old slash areas were disced and planted with jack pine seed.

The average cost per acre seeded amounted to \$13.25, which included the treatment with chemicals.

Henry Ford Born Century Ago Today

DEARBORN (AP) — One hundred years ago today Mrs. William Ford gave birth to a son who was to play a major role in putting the world on wheels.

The child was Henry Ford. And a near seven-month centennial celebration of his birth ends tonight with a civic pageant staged by the people of Dearborn and titled "The Man From Dearborn." The centennial celebration began in mid-January.

Modest Farm Home
Ford, who completed his first automobile in 1896 and organized the Ford Motor Co. in 1903, was born in a modest farm home in what is now this city of 112,007 on July 30, 1863. The room as well as the bed in which Ford was born still may be seen at the Greenfield Village here. It is one of the many exhibits that Ford, an avid collector of Americana, gathered during his lifetime which ended on April 7, 1947, when the automotive pioneer was nearly 84.

The Ford Motor Co. first was housed in a small, wooden building (now an exhibit at Greenfield Village), but grew into an industrial giant that now has more than 60 plants in this country, the largest of which is the Rouge plant complex here.

The Rouge covers 1,200 acres, employs some 40,000 persons, has its own utilities and fire department, one of the world's largest foundries and its own dock for lake and ocean freighters. Ford also has manufacturing, sales and assembly facilities scattered across the world.

Ford's great success came with the mass-production of the "Model T" in 1908, a simple car that sold at a price the average person could afford. Before the "Model T" was replaced by the "Model A" in 1927, some 15 million of the "Tin Lizzies" had been sold. It has been estimated that half of the autos made in the U. S. between 1917 and 1927 were Fords.

Attorneys' Committee To Aid Cities

LANSING (AP)—A special committee of the Michigan Prosecuting Attorneys' Association is being formed to advise and assist cities in civil rights issues.

Leo Farhat, Ingham County prosecutor and president of the association, said the committee chairman is the only member picked so far, Raymond King, Ogemaw County prosecutor and former Constitutional Convention delegate, will be chairman.

Functions

- Farhat said the committee will:
 - Serve as a voluntary board of arbitrators at the request of a community and assist in negotiating any problems in the civil rights field.
 - Advise and assist individual prosecutors in the implementation and enforcement of civil rights legislation.
 - Review present laws and recommend improvements to the commission.
 - Assist with research in preparation of legal briefs which may be submitted by the association in appropriate causes.

Farhat called the formation of the committee an "unprecedented step" in response to Gov. George Romney's urgent call to the prosecutors for leadership and action in the fight to eliminate discrimination in the state.

Only men and ants engage in organized physical conflict between groups of the same species.

NBC Returns Davy Crockett To Television

BY CYNTHIA LOWRY
AP Television-Radio Writer

HOLLYWOOD (AP)—A major threat to the nation's rabbit and raccoon population is scarcely a month away: Davy Crockett, in a concentrated three-weeks dose, will return to television.

When Walt Disney presented his first television programs about the pioneer nine years ago, small fry everywhere blossomed forth in coonskin caps and for a time put cowboy and cops and robbers games in retirement.

4-Year Wait
NBC, whose network started the craze, sagely waited four years — until 1958 — to repeat the shows. That was time enough for a new crop of fans. NBC will rerun Crockett shows on three successive Sunday nights starting Sept. 8. This time they may be seen in color.

Davy is played by Fess Parker. NBC has signed Kathie Browne for six episodes of "Bonanza." Object: matrimony with Adam

PENDILL PHARMACY
Washington, Corner of Front Marquette

Dickinson County Extension Director Frank Molinare (left) of Iron Mountain and Michigan State University Extension Economist Richard T. Hartwig (center) of Marquette visit with Alfred Oelke of Norway in planning for the Upper Peninsula farm management tour there tomorrow. At the Oelke farm, visitors will see the "airport" potato field and see how Russet Burbank bakers are processed.

U.P. 3-Farm Tour Slated Tomorrow

"Managing Modern Family Farms" is the theme of the 1963 Upper Peninsula Farm Management Tour set for tomorrow of three farms in Dickinson County.

The tour committee is made up of Dickinson County farmers, Dickinson Extension Director Frank Molinare, Michigan State University Extension Economist Richard T. Hartwig of Marquette and U. S. Soil Conservation Service personnel.

All three are family farms. But the families manage the farms, instead of letting the land control the destiny of its people—a popular concept of family farming in the horse and buggy days.

The tour will start at the Iver Alfredson farm at 10 a. m. Visitors at this first stop will see a set of ultra-modern farm buildings and interesting sidelights, such as a Christmas tree shearing demonstration.

But they will be most surprised at how Alfredson has, through persistence and a lot of tractor and manpower, removed stones and trees and converted 54 acres into some of the best dairy pasture in the state, Hartwig said.

"So lush are the grasses and clovers that a mother bear and her cubs have been visiting the pastures daily this summer for a morning snack," he said.

The Dickinson County farmer fertilizes, rotates, clips, strip grazes, constructs waterways, sprays weeds and generally handles his pasture as if they were producing high value cash crops.

It doesn't take long for the grasses and legumes to be converted into cash after they're run through Alfredson's 33 Holsteins. The Alfredsons have five children, four to 19, so there is little need for hiring outside labor.

Diversified Operation
Next stop on the tour, which is expected to also draw many farmers from neighboring Wisconsin, will be the Joe Paluch farm, south of Norway. Mrs. Paluch will host wives in her home and her hus-

ing programs unique to the commercial production of vegetables. This too is a family operation, with four children age seven through 16 pitching in to help.

To Hear MSU Economist

Lunch will be served at 12 in Marion Park, near the Paluch farm. Well-known MSU Economist Art Mauch will speak on the "Hits and Myths About Agriculture."

Some of the U. P. farm tourists will be most interested in the "longest rows" which they will see after lunch at the Alfred Oelke farm, west of Norway on U. S. 2, Hartwig said.

Some are going to be more interested in the way Oelke produces the famed Russet Burbank potatoes on 80 acres of the sandy soil by fertilizing heavily and by irrigating. Others will take special note of the way Oelke processes and packages the Russet Burbanks—a system he and other farmers worked out to win the top state farm product development award during 1963 Michigan Week.

Oelke was the first Michigan producer to "count pack" potatoes for the choosy restaurant and hotel trade and buyer Gene Katz of Iron Mountain says, "They practically stand in line to purchase the long bakers, when quality and size uniformly are guaranteed."

Electronic Machine

An electronic machine sorts potatoes by size and they are then packaged 50 or 80 to the box. Oelke and Katz say they even have several requests for bakers pre-wrapped in aluminum foil.

When things are buzzing around Oelke's "airport" potato farm the whole family is kept busy handling activities in the fields or around the two large warehouses which, along with old hangar buildings, make the farm look like a small industry.

band will conduct the tour so the men can view his uniquely diversified operation that paid for the new house.

26-Cow Dairy Herd

Paluch produces snap beans and cabbage and markets through the Norway Canning Cooperative. His rotation—hay, three years, beans or cabbage then grain—produces his cash crops plus feed for his 26-cow dairy herd.

Visitors will see a two-row snap bean harvester, will view a variety trial of the MSU-developed green bean "Spartan Arrow" and will hear about tillage and spray-

Making Tourists Stay

Tourism developers have been telling the Upper Peninsula for years that it should do more to keep its recreational visitors.

The motel operator who thinks he's doing all right because he fills up in the peak months of summer travel isn't tempted to work hard at keeping his guests for a second or third night. There'll be some more along on the second and third nights, so why exert ourselves?

But this outlook doesn't spur growth. It's possible to drive the more than 300-mile expanse of the Upper Peninsula in one day, and if a visitor does it he spends very little in the U. P. Worse, he doesn't really see it, doesn't savor and enjoy its attractive melt of historicity, beautiful landscape and seascape and unique area character.

There are many signs that the Upper Peninsula is awakening like Rip Van Winkle from its long sleep and becoming impressed with the cash value of its attractions for tourism, but the car bumper strips are reminders that much of our commercial enterprise in this field is cornball and misdirected.

No one need leave Detroit or Toledo to

see a sea shell shack or mystery hole, and if they become an important part of the Peninsula's offering to its visitors it is welcoming striptown blight. Clare Gunn of Michigan State University reports serious deterioration in the quality of Upper Peninsula roadsides in the past decade. It's another way of saying that we've lost a lot of our wealth; that we still don't understand the value of scenic beauty. When an area lets a car wrecking lot destroy property values for a whole neighborhood it is posing a public policy of indifference to income.

The Upper Michigan Tourist Association's "Pays To Know" program is designed to impress Upper Peninsulars with the attractions that their home areas hold for visitors. It is making some progress. It will make a lot more and make it much faster when the U. P. becomes impressed with the pocket-book implications.

A look about our fringes is revealing. At Mackinac City the restoration of Old Fort Michilimackinac is an example of the kind of activity that the U. P. should be in up to its neck. A history-rich site is being developed so that the visitor can see the physical reality of the frontier.

When the Mackinac Bridge replaced the straits ferries, Mackinac City got a business wallop. Travelers no longer had to pause at Mackinac City; they could whisk right over the bridge. Obviously most of them did, and still do, but a Mackinac City is changing the character of its appeal to visitors and building for a better future than could have been based on a quick grab at them while they were waiting for the ferry.

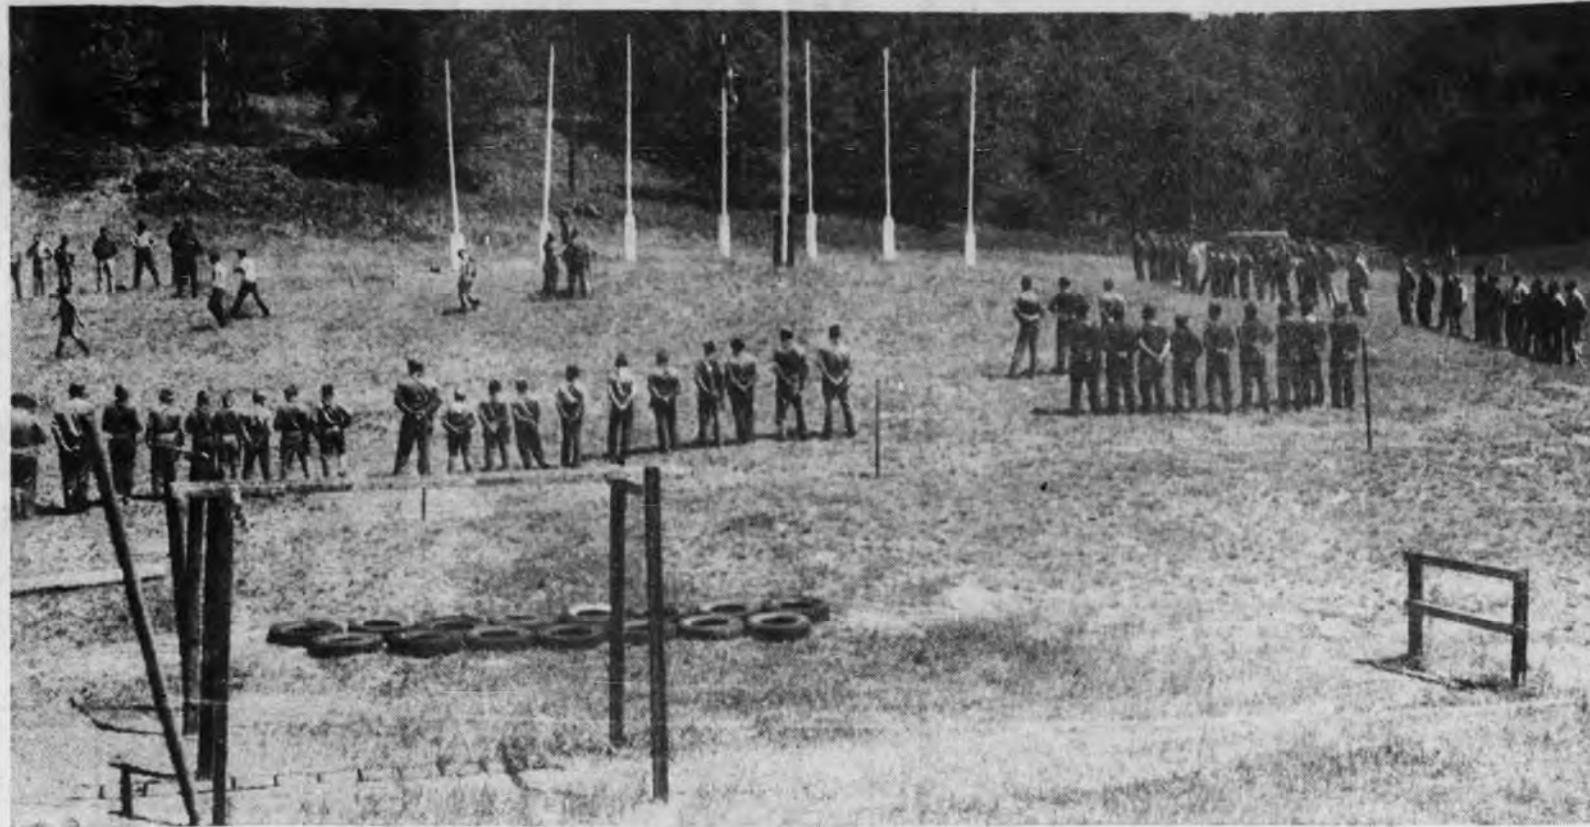

Fort Michilimackinac and other developments will give the area new attraction and require that the community plan to attract visitors and have something for them to see and do when they stop. This involves the difference between selling a "quickie" meal and an Indian headdress (made in Japan) and a half day visit to the fort that figured in the Massacre at Mackinac.

Washington Island at the tip of Wisconsin's Door County Peninsula is an object lesson for the U. P. Some persons on the island thought that it should "go modern" in its appeal to visitors—create amusement parks, turn the bars into nightclubs and generally jazz up the recreational tempo.

Wiser heads prevailed, and the island kept its quiet bars and its fish boils, its Norwegian festival and other traditional island activities. At Gill's Rock, where you get the ferry for Washington Island, there's a big coffee pot where you're served coffee free, like a guest at an old time island fishery.

What's the result of this old charm, of an atmosphere redolent of hot coffee, braided hair, fish and brown butter and clabbered milk? Land values on the island have increased enormously. There's very little beach property to be had. People are anxious to go there and build there in a place not loused up by honkytonks.

Various Activities Highlight Camp Red Buck Program

Various activities highlight the program at Camp Red Buck in Alger County which is the headquarters of the Upper Peninsula Council, BSA Scouts of America, summer camp for Scouts of the region. Above, full dress color ceremonies are held each Sunday and Wednesday evening and on Saturday afternoon at the close of each camping period. Each troop in camp has its own flag pole in the center of

the camp and provides its own color guard for its troop flag. Award ceremonies also are held each Saturday, with Scouts receiving their mile swim certificates, Scout life award emblems and Red Buck adventure award patches. All regular rank advancement awards and merit badges are presented to the scoutmasters for formal presentation at home meetings. Red Buck will be in session until Aug. 10.

Whirligig

BY ANDREW TULLY

WASHINGTON — Barry Goldwater already has scored a substantial victory for the conservative elements in the Republican party. He has forced the liberals and the moderates to take his presidential candidacy seriously, and they are now out in full force in a determined campaign to stop him.

Gov. Nelson Rockefeller of New York led off with his bitter charge that Goldwater's strategy of the "radical right" would destroy the Republican party. Gov. George Romney of Michigan has cast doubts on Goldwater's devotion to civil rights for the Negro and has said the senator from Arizona could not carry Michigan. And at the Governors' Conference in Miami, most of the GOP governors insisted privately that Goldwater doesn't have a chance.

Likened To JFK Campaign
If this sounds familiar, it is. Goldwater's candidacy has now reached the point where John F. Kennedy's was in 1959. Almost every influential Republican is opposed to the Goldwater bid, just as in 1959 Kennedy's bid was opposed by former President Truman, Lyndon B. Johnson, Adlai Stevenson, Eleanor Roosevelt, Sen. Hubert Humphrey, Sen. Stuart Symington and others. They are saying Goldwater can't win because he is a conservative, just as they were saying that Kennedy couldn't win because he was a Catholic.

In an area of presumed social awareness bequeathed by the New Deal and the Fair Deal, perhaps it is riskier to run a conservative than it was to run a Catholic in 1960. But it is Goldwater's luck, as it was John Kennedy's, to be making his bid at a time when his party is divided, when his opponents spend almost as much time fighting one another as they do Goldwater.

Can't Agree On Opponent
In 1959, there were Democrats who didn't want Adlai Stevenson again, or Lyndon Johnson, or Hubert Humphrey, and they could not be persuaded to unite in favor of one candidate to stop Kennedy. Similarly, the Republicans who don't want Rockefeller or Romney so far have refused to get behind either to stop Barry Goldwater. Both Rockefeller and Romney are claimed by the liberal camp, but neither is about to hand the nomination to the other or to concede.

The reason for all this jockeying is obvious. The Republicans have decided that the presidential nomination will be worth the effort after all, that maybe Kennedy can be beaten. They ponder the political difficulties which are sure to dog the President as a result of the civil rights squabble, and the trouble Kennedy is having trying to get the rest of his program enacted, and they see a chance for a Republican in 1964. There no longer is any talk about letting a conservative have his day, because nobody can beat Kennedy anyway.

Goldwater's Long Shot
Former President Eisenhower has denied that he has eliminated both Rockefeller and Goldwater from his list of potential candidates. But he has never liked either of them because of their criticism of his Administration, and it is likely he looks askance at Rockefeller's remarriage. On the other hand, Ike does like both Romney and Pennsylvania's Gov. William Scranton, and would support either man.

For Goldwater, this is not bad. It seems definite now that Rockefeller will not retire without a hard fight. Both Romney and Scranton undoubtedly can be persuaded to run. And while these three are battling it out for the support of the liberals, Goldwater — as the unopposed conservative candidate — just might squeak through. John F. Kennedy, labeled a liberal but with many of the instincts of a conservative, parlayed a similar situation into an overwhelming first-ballot victory at Los Angeles in 1960.

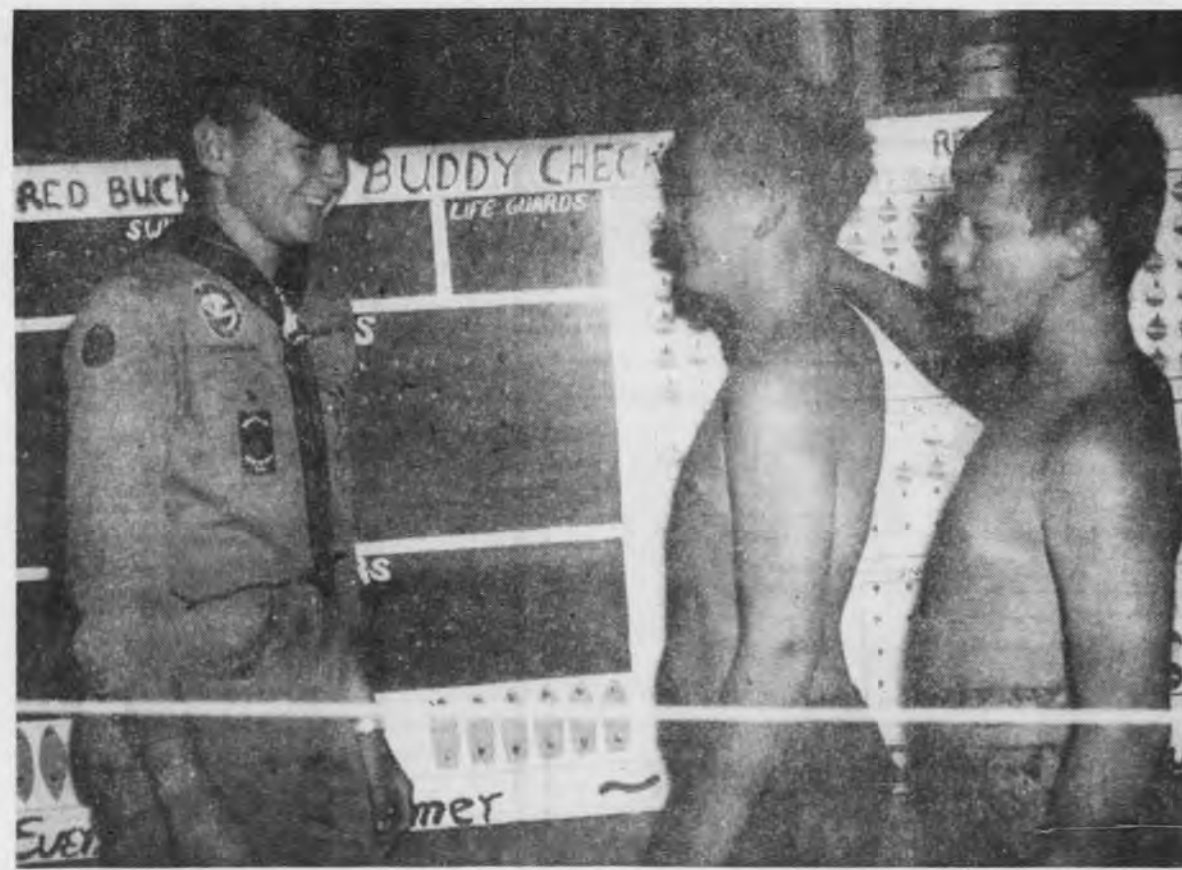

Goldwater can take a lesson from that victory, while hoping that the GOP liberals will not. (Bell-McClure Syndicate)

Its population of about 55,000 was one-fourth slaves when Arkansas was admitted to the Union in 1836.

Inspecting the new physical fitness testing equipment installed this spring by the Order of the Arrow for camper's use at Red Buck are, from left, Herman Brandmiller, Chicago, deputy regional Scout executive; Richard Florence, Iron Mountain, camp director, and John Ohlson, council camping

and activities chairman. Visible in the background are the scaling wall, rail walk, rope climb and climbing bar. Ten different items such as these are encountered on the course and the Scouts must compete against each other and their own time and are saying of improvement during their stay at camp.

One of the favorite locations at the camp is the waterfront. Here the Scouts are instructed in swimming, boating, canoeing, life saving and other related aquatic activities. Each Wednesday evening the campers stage their "water carnival" for visiting parents and friends followed by the traditional campfire. Here as a part of the "eight-point de-

fense plan" used in Scouting's water safety program, the Scouts each check-in the waterfront area with their "buddy of like swimming ability." Periodic checks are made by the waterfront staff on buddy pairs who may be swimming, boating or canoeing.

As every parent knows, the 13th point of the Scout Law is "A Scout is Hungry." Using National Jamboree menus, the troops receive their food issue prior to each meal from the camp commissary and prepare it themselves. The cooking, cleanup, and fire building details are rotated so that each Scout

gets a chance to cook for the troop. Camp staff members and the troop scoutmaster provide help and training. From buckwheat cakes at breakfast to fried chicken in the evening meal, all actual cooking is done by Scouts.

Keating Reaps Political Hay

By PETER EDSON

WASHINGTON — (NEA) — Sen. Kenneth E. Keating of New York runs one of the smartest bipartisan radio and television news commentary programs originating in Washington.

Though he is a dyed-in-the-wool and rock-ribbed Republican from way back, he puts Democratic guest stars on his show and lets them say what they please in answer to his pointed questions. He doesn't argue with them. But he often puts on his program Democrats who support his viewpoint.

Started In 1949

So far this year he has had 10 Democrats on his 13-minute weekly shows, to seven Republicans and 11 other government officials or prominent private citizens.

He began this in 1949 when he was still in the House of Representatives. He pioneered the use of television as a supplement to his letters and weekly reports to constituents.

In 14 years he has become something of a pro as he sends out advance transcripts of his shows to political writers and he makes news. He has built up his program so that it now goes out over seven to 10 television stations and 36 to 41 radio stations in New York state. He also runs a five-minute program for two other television and 26 other radio stations.

Public Service Newscasts
Buying the tapes, they carry the programs as public service newscasts. This is another reason why Keating has to keep them non-partisan. If they were straight party line, they might have to be paid for as political broadcasts.

His shows move fast. The senator uses about half of his time at the beginning and end of his program to answer the most intelligent letters he has received from constituents during the previous week. He puts over his own ideas in these answers. The other half of his time is an interview with his guest.

Among the prominent Democrats he has had on his show recently are: Ambassador to India Chester Bowles on foreign aid; Sen. Thomas J. Dodd of Connecticut on the Congo, Laos and Viet Nam; Undersecretary of State Averell Harriman on the nuclear test ban negotiations in Moscow; new Undersecretary of Commerce Franklin D. Roosevelt Jr.; Sen. Warren G. Magnuson of Washington State, chairman of the Commerce Committee which is now holding hearings on equal access to public facilities in the civil rights program.

Needs Democratic Votes

Keating says he gets a little fan mail from lifelong New York Republicans, asking why he puts these so-and-so Democrats on the air. But he gets far more mail and comments from Democrats, commending him for giving both sides.

For Keating, this is smart politics. In his state the Democratic registration is about 400,000 higher than the Republican in a seven million total. Also, New York has a Conservative party which polled 130,000 in the last election, a Liberal party which polled nearly 300,000 and a substantial independent vote of unknown dimension.

In short, a Republican running for President, senator or state office in New York has to attract a lot of Democratic votes if he wants to win.

Keating has to run for re-election in 1964. So he has to make his pitch at the Democratic independent and liberal voters in New York.

Bipartisan Pennsylvania Show
About the only thing comparable to the Keating show is the series of joint broadcasts made to Pennsylvania by its two senators, Republican Hugh Scott and Democrat Joseph S. Clark. They really do a job of informing the voters of their state on party differences. They debate issues in the best interest of educating the public.

Intelligent, independent voters think there should be more of this kind of informative discussion on both sides of the many controversial issues facing the country.

The old-time partisan debate based on the theory that one party is always right and the other always wrong is long gone. Both parties are hopelessly divided between conservatives and liberals. So party labels no longer have any meaning.

Remember When . . .

By HAL BOYLE

NEW YORK — Memories are life's true gold.

Memories are better than money. Stored in the mind, they always draw a high rate of interest. Unlike money, nobody can steal them away from you.

Chances are that you are personally wealthy in this timeless currency yourself if you can remember when—

Children envied rugs, because rugs were usually beaten only once a year.

The first thing a boy did when he got a new bicycle was to turn the handlebars down so it would look like a racing bike.

A guest, after a bounteous family meal, would compliment the beaming hostess by saying, "My, you certainly put the big pot in the little one!"

'Drugstore Cowboys'

Cautious mothers in small towns kept their kids in the house when a gypsy caravan rolled by.

Teen-age, would-be romances were called "drugstore cowboys." Those a little older, known as "sports," gave forth with their views on life and love at the corner barber shop or the local pool hall.

Everybody in the neighborhood felt sorry for a baby whose mother didn't breast-feed it. You could get a thick, creamy chocolate milk shake—made with two dips of real ice cream—for 15 cents.

Everybody was careful what he said over the telephone, because you never could tell what gossip would be listening on the party line.

Labor-Saving Devices

The only labor-saving device the average housewife had was a broom—or a helpful daughter.

During heat waves all the neighbors liked to call on the only family in the block that owned an electric fan.

The best thing about the movies was that they were silent. Many people thought that talking motion pictures—if they ever did come about—would be a nuisance.

A man who could brag he had once shaken the hand of heavyweight boxing champion John L. Sullivan could get a free drink in any saloon.

Peninsula Perambulator

Some of the clerks of the Wakefield Co-Op Supermarket are picking the market while some housewife patron members carry banners designed to attract business and sympathy for the store, according to the general manager, Matt Lassila. Lassila said the unresolved issue which precipitated the strike concerns the salary of one employee whose classification has been abolished for economic reasons and who was retained in a different classification.

Caspian city commissioners, reversing a decision made earlier this month, have rescinded a motion to sell eight forties of non-contiguous land owned by the city to George Young, Chicago industrialist, for use in a resort-type development near Chicago Lake. Commissioners, however, took no formal action on setting up the auction for the land. Commissioners said further action would be taken at the August meeting. Young presently is in Europe and will not return until September.

Ronald Gates, 16-year-old son of Mr. and Mrs. John Gates of DeTour, is credited with saving the life of his close friend, Billy Adams, after a swimming accident there. The Adams boy, also 16, was severely cut and suffered a concussion after diving off a dock on the waterfront near the Drummond Island ferry dock. The gas from the eyebrow around to the back of the head was closed with from 70 to 100 stitches, and the doctor told the boy's parents that he would have to stay in the hospital for nearly a week because of the concussion.

From The Journal Files

60 Years Ago

—Marquette—
Every Marquette family will be enrolled in President Roosevelt's national recovery movement, it was announced yesterday by L. A. Biegler, postmaster. He expects to receive from Washington today pledge cards, which are to be distributed to every householder in the city during the next few days, with a request that they be signed and returned to the post office as a part of the campaign to enlist the entire nation in the NRA. Mail carriers will distribute and collect the cards.

No premium on United States money orders drawn on Canada will be paid when the rate of discount is five per cent or less, according to a ruling received by Postmaster L. W. Biegler yesterday from Washington.

Appointment of Elliott M. Cowplant of Ishpeming as chief clerk at the Marquette Branch Prison to succeed Harry J. Bush was announced yesterday by Warden W. R. Doell.

—Ishpeming—
The City of Ishpeming on July 21 had a cash balance of \$113,542.32 in its various funds, of which amount \$104,422.31 was impounded in the two closed banks here and \$11,120.01 was in special trust accounts, according to the annual report of the finance committee, submitted last night at a special meeting of the common council and adopted by the council.

The annual meeting of the Upper Peninsula Association of Insurance Agents, which will be held here Saturday, is expected to attract about 150 persons to Ishpeming. A number of prominent insurance men will appear on the program.

The threat to recall Gov. Comstock may be attributed to the activities of disgruntled job-seekers who were given a cold shoulder by the Governor when they pressed him to make changes in important state posts so that they might get on the payroll, it was declared here today by C. C. Cowplant of Ishpeming, a member of the Marquette County Democratic Committee.

—Negaunee—
The office of the receiver of the closed Negaunee State Bank has been moved to the First National Bank, where G. Sherman Collins, cashier, recently appointed receiver of the Negaunee State, has transferred notes, bonds and current records of the closed institution, along with necessary additional office furniture.

30 Years Ago
part of the library site which is in dispute. The strip is three feet in width and 90 feet long and the consideration was \$168.75.

About 40 of the lady friends of Mrs. A. Clifton gathered at her home on Cleveland Ave. and tendered her a surprise party, the occasion being her 84th birthday. Mrs. Clifton makes her home with her daughter, Mrs. Andrew Nelson.

Last night a water snake about a foot long made its appearance in one of Ishpeming's saloons. It is supposed it came through the water pipes.

The first lumber was placed on the site of the new Carnegie Library yesterday and a large shed was built to house tools and materials. The poplar trees on the property have been cut down.

—Negaunee—
Postmaster Connors says that one of the few rural delivery routes in the Upper Peninsula is the one between here and Palmer. There is one in Menominee County, and recently the farmers living between Bruce Crossing and Robbins in Ontonagon County petitioned the Post Office Department for one.

William Arzall is back in his old position as conductor on the street railway line after having been off for several months because of illness.

The firemen and the "All Stars" will meet on the diamond again in a day or two.

The building committee of the Odd Fellows at a special meeting accepted pencil sketches of plans for another building. The drawings have been returned to Mr. Chubb, and it is expected he will soon have the whole plans ready.

Miss Maude Verran has taken a position as clerk in Rudolph Olson's insurance office.

The first meeting of the national convention of the Finnish Temperance Society will be held at 9 this morning. Following the church services, the convention will assemble at the Finnish Co-operative Hall, where all the remaining sessions will be held.

At a special meeting of the city council last evening, a resolution was passed authorizing the sale to Mrs. F. P. Tillson of that

part of the library site which is in dispute. The strip is three feet in width and 90 feet long and the consideration was \$168.75.

Here's beautiful news: AURORA is a new two-ply tissue. Two colors in a single roll—pastel outside, white inside.

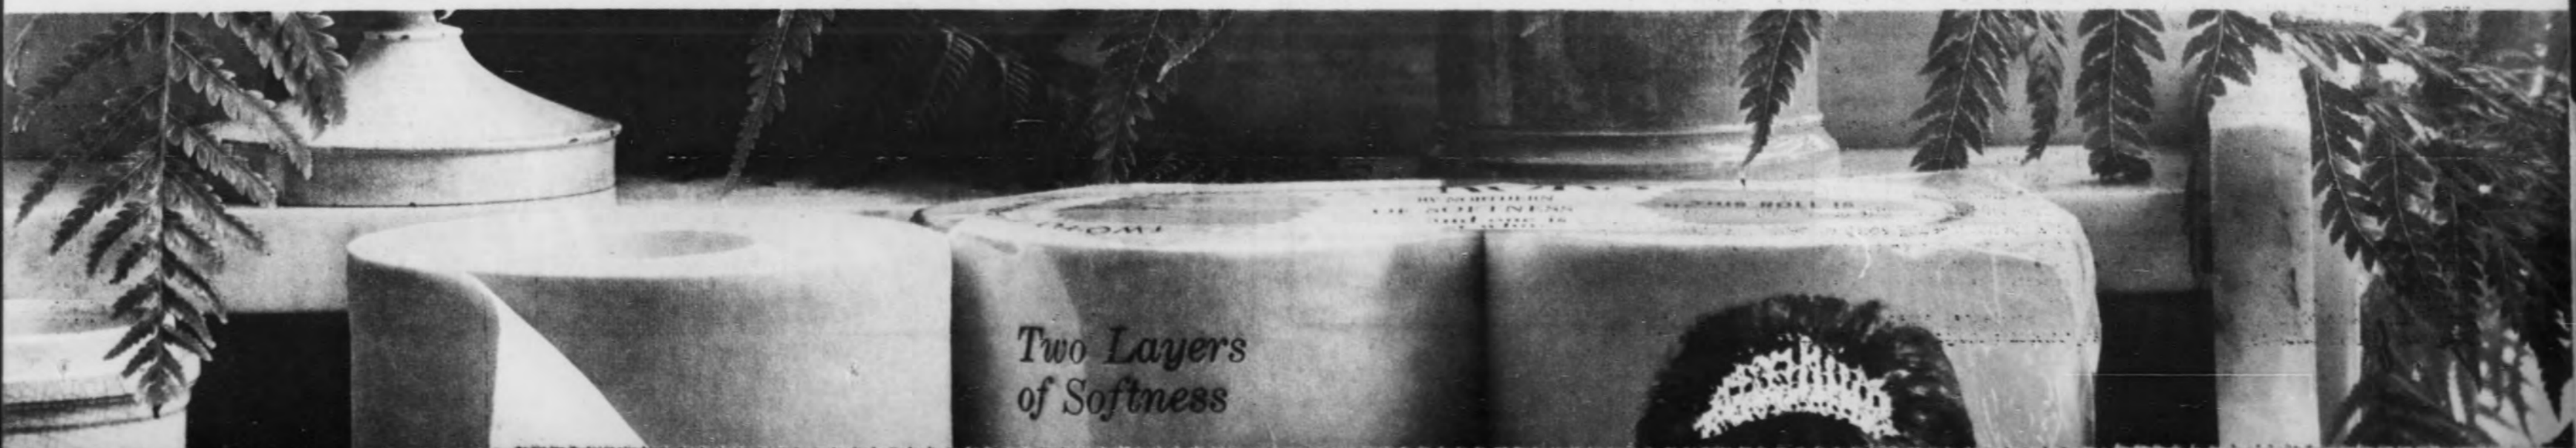

Try beautifully new AURORA. Wonder how we made it so soft.

ANOTHER FINE PRODUCT OF AMERICAN CAN COMPANY

AURORA is packaged differently—one roll ready, the other wrapped separately to stay neat. Beautiful News!

Dear Abby....

BY ABIGAIL VAN BUREN

DEAR ABBY: Just before school was out my Dad asked my Mom for a divorce. Mom didn't want one, but they got divorced anyway. Now my brother gets to live with my Dad and I have to live with Mom. All my friends got to choose which parent they wanted to live with when their parents broke up, but nobody even asked me. I think a 13-year-old girl should know what is best for her, but Mom says she knows better, what is best for me. How can I get to live with my Dad? My mother is always yelling at me for something and we don't get along. Don't you think it should be MY choice?

DEAR ABBY: Just before school was out my Dad asked my Mom for a divorce. Mom didn't want one, but they got divorced anyway. Now my brother gets to live with my Dad and I have to live with Mom. All my friends got to choose which parent they wanted to live with when their parents broke up, but nobody even asked me. I think a 13-year-old girl should know what is best for her, but Mom says she knows better, what is best for me. How can I get to live with my Dad? My mother is always yelling at me for something and we don't get along. Don't you think it should be MY choice?

DEAR STUCK: When some adults don't know what is best for themselves, how are children expected to know? Young ladies are usually better off living with their mothers. Take my word for it, honey, and don't complicate your mother's life by complaining. She has enough on her mind right now.

DEAR ABBY: What do you think of a guy who tells you that he loves you, and in the next breath he says he doesn't care if you go

DEAR ABBY: If you don't answer this right away I am going to have a nervous breakdown. I have been married for nine years and have three children. Out of the clear blue sky my sister, who is four years older than I am, said to me, "I wish you'd tell 'Baldu' (that's what she calls my hus-

band) to keep his eyes off me." I told her she must be imagining things. When I mentioned this to my husband he said to forget it — that she was a trouble maker. My sister has never been married and claims she hates men. I can't get this out of my mind. How can I be sure?

DEAR NERVOUS: Believe your husband. And tell your sister the next time she catches your husband ogling her to direct her complaints to "Baldy" himself.

THE GIRL
DEAR GIRL: I think he is angling for the same privilege. (Other GIRLS — not "GUYS.")

DEAR ABBY: Arthur's idiot (who broke out in uncontrollable laughter every time he kissed her) brought back memories of myself. My husband and I eloped many years ago. We were young and didn't have much money. In fact, I had to dig into my purse to help pay for the blood tests. When the Justice of the Peace asked my husband if he would "shower" all his

worldly goods on me." I broke up in laughter and became so hysterical they had to hold me up.

ANOTHER IDIOT
Tell your troubles to Abby. For a personal, unpublished reply, please send a stamped, self-addressed envelope to Box 3365, Beverly Hills, Calif.

31 Attend Reunion Of Marquette Class Of '35

Thirty-one members of the Marquette High School Class of 1925 attended a class reunion at the Northland Hotel Saturday afternoon and evening.

Bureau-Jacobson

(Beauchamp's Studio photo)

Patricia Ann Bureau, daughter of Mr. and Mrs. Donald A. Bureau, 1012 Spruce St., Marquette, and James Allen Jacobson, son of Mr. and Mrs. Alb T. Jacobson, 117 W. Ohio St., Marquette, were united in marriage Saturday in the Messiah Lutheran Church, Marquette.

The ceremony was performed by the Rev. J. Otto Magnusson, pastor of the church, and the Rev. Maynard Nelson, Seattle, brother-in-law of the groom. The church was decorated with pink and white gladioli.

The bride was given in marriage by her father. Mrs. Norman Ott of Bay City sang "O Perfect Love." The organist was Lewis Robinson.

Bride's Gown: Matron of honor was Mrs. Thomas Cook, Madison, Wis., sister of the groom. Gail Hillier, Marquette, cousin of the bride, and Helen Anderson were bridesmaids. Gordon Argall, Ishpeming, another cousin of the bride, was ringbearer, while Kerry Cook, Madison, niece of the groom, was flower girl.

Best man was Carl Lackey of Sault Ste. Marie. Attendants were Jack Moyle, Marquette, and Ronald Jacobson, Wittenberg, Wis., brother of the groom. Francis L. Flint, Bruce Crossing; Bay City; Hancock; Iron Mountain; Kalamazoo; Calumet; Negaunee; Ishpeming; Eben; Lake Linden; Duluth, Minn.; Wittenberg, Wis.; Sault Ste. Marie; Skandia and Gwinn.

The bride's chapel length gown was of silk organza with long fitted sleeves. The scooped neckline was re-embroidered with alencon lace accented with seed pearls. The bouffant skirt, accented with lace medallions, ended in a short train. Her elbow length veil was attached to a pill box hat trimmed with seed pearls. She carried a bouquet

of white carnations and pink rose buds. The matron of honor wore an ice pink satin gown with a bell-shaped skirt. The fitted bodice had a bateau neckline. She wore a matching pill box hat with a short veil and carried a bouquet of rose and white carnations.

The bridesmaids' gowns were the same as that of the matron of honor except that they were a deeper pink. They carried pink and white carnations. For her daughter's wedding, Mrs. Bureau chose a light green tunic dress with matching hat and bone accessories. Her corsage was of pink and white carnations.

The groom's mother chose a pink ribbon lace sheath with matching beige accessories. Her corsage was of rose and white carnations. To Attend MSU: A buffet supper was served at the church. Three hundred guests attended the reception.

After spending the summer in Marquette, the couple will attend Michigan State University in September. The bride is a graduate of Gravelaet High School and is now employed at the Chalet. The groom, also a graduate of Gravelaet, is a member of the Michigan State University varsity hockey team and is presently employed by the Cook Sign Co.

Out-of-town guests at the wedding were from Metolfe, Ill.; West Allis, Wis.; Topeka, Kan.; Seattle; Superior, Wis.; Proctor, Minn.; Madison, Wis.; Wentworth, Wis.; Flint, Bruce Crossing; Bay City; Hancock; Iron Mountain; Kalamazoo; Calumet; Negaunee; Ishpeming; Eben; Lake Linden; Duluth, Minn.; Wittenberg, Wis.; Sault Ste. Marie; Skandia and Gwinn.

Following registration, a smorgasbord and a song fest led by Mrs. Bill Lyons at the Northland Hotel, the group attended a picnic at Mrs. Helmi Biekkola's cottage at Superior Shores on Sunday.

At the smorgasbord, the class colors of purple and gold were used in the souvenir booklet and in the centerpiece of shasta daisies, spikes of delphinium and gold leaves. Each class member received a gift topped with a sweet pea, the class flower.

Those who were not able to attend the reunion will receive a copy of the souvenir booklet. Howard Chubb, Marquette, Marquette, was chairman of the committee which planned the reunion. Other committee members were Ralph Barber, Gladys (Goethe) Oberg, Helen (Erickson) Lupton, Jean (Giesregen) Wittler and Leonard Perrin, all of Marquette and Don Walsworth, Ann Arbor.

Prizes Awarded: Communications from persons unable to attend were read by Mrs. Ardetth (Skilleter) Morin, Marquette. Greetings came from Paris, Texas, New Mexico, Illinois, Florida, Wisconsin and Washington, D. C.

Prizes were awarded to Llewellyn LaBonte, Detroit, for traveling the longest distance to the reunion and to Bill Lyons of Brampton for being the newest newlywed. Alice (Evon) Williams of Superior claimed three prizes, for being the longest married, having the most children and having the most grandchildren.

Ladies Auxiliary Of VFW Will Hold Picnic Thursday: The Ladies Auxiliary of the Veterans of Foreign Wars will hold its annual picnic Thursday at 6 p. m. at Presque Isle, on the pavilion side.

Members wanting rides and those having cars should be at the Veterans Building by 5:45 p. m. In case of rain, supper will be served in the Veterans Building. For further information, call Mrs. Madeline Healy, CANal 6-7662, or Mrs. Genevieve Cleary, CANal 6-8404.

Engaged: Mr. and Mrs. J. Alton Mallmann, 316 S. 18th St., Escanaba, announce the engagement of their daughter, Kathryn Elizabeth, to John James Linna, son of Mr. and Mrs. Arvid J. Linna, Route 1, Ishpeming. Both young people are graduates of Northern Michigan University in Marquette. The wedding will take place on Aug. 31 in St. Mark's Lutheran Church in Marquette.

Personal: Mr. and Mrs. Frederick Long and children have arrived from London, England, and are visiting at the home of his parents, Mr. and Mrs. Fred Long, 534 E. Ohio St., Marquette, before being re-assigned to Washington, D. C.

Homemaking Tips: Ever mix brown sugar and honey in equal proportions, as a glaze for ham? Many southern cooks like to use a shallow baking dish for spoon bread. You can add as much as one cup finely grated cheese to one cup thin or medium white sauce.

When you make up orange-flavored gelatin dessert, you may substitute orange juice for part of the water called for. One cup of boiling water (for dissolving the gelatin) and one cup of cold orange juice is a good proportion for a three-ounce package.

New Names In The News: DALTON - A son was born July 28 at St. Luke's Hospital to Mr. and Mrs. Donald Dalton, 3022 Lake Shore Blvd., Marquette.

GALE - Andrew Peter is the name of the son born July 26 in the K. I. Sawyer Air Force Base Hospital to Staff Sgt. and Mrs. Jan Gale, 336 Dart St., Sawyer AFB.

McGAVERN - 2nd Lt. and Mrs. Cecil G. McGavern, 248 Explorer, Sawyer AFB, are the parents of a daughter, Melanie Lynn, born July 26 in the base hospital.

VIZZINI - A daughter, Laura Kristen, was born July 27 in the K. I. Sawyer Air Force Base Hospital to Capt. and Mrs. John F. Vizzini, 350 Cadet St., Sawyer AFB.

Schwartz - Capt. and Mrs. Gerald Schwartz, 520 Invader, Sawyer AFB, are the parents of a daughter, Beth Ann, born July 27 in the base hospital.

HEMMI - Lisa Ann is the name of the daughter born July 27 in K. I. Sawyer Air Force Base Hospital to Staff Sgt. and Mrs. Roger E. Hemmi, 317 Skybolt Drive, Sawyer AFB.

HANNON - A daughter, Mamie Joanne, was born July 28 in the K. I. Sawyer Air Force Base Hospital to Staff Sgt. and Mrs. Francis R. Hannon, 189 Panther Drive, Sawyer AFB.

King And I Presented In Calumet

The Keweenaw Playhouse, Calumet, opens its sixth week tonight with the production of Rodgers' and Hammerstein's "The King and I."

The setting is Siam in the year 1860, where the proud king of the country has brought an English widow to serve as tutor of the children he has fathered with his numerous wives. Against the colorful background of this Asiatic country the story is told of how the tutor's most interested pupil turns out to be the king himself, who learns from the governess how to govern his country in a more enlightened way.

Familiar Favorites: The songs of the show, which by now have become familiar favorites to most Americans, are not cued-in song numbers in the old fashioned musical comedy sense, but are a part of the action itself and blend into the spoken dialogue, so that "The King and I" exists as a play with supplemental music to intensify its effectiveness.

Lilyan Wilder will be starred as the prim, stubborn and witty school teacher, with such memorable melodies to sing as "Getting To Know You," the haunting waltz, "Hello, Young Lovers," the optimistic "I Whistle a Happy Tune," the wise and psychologically witty, "Shall I Tell You What I Think of You?"

Co-starring with her will be Don Jacob as the fiercely scowling king who becomes so confused by his governess' insistence that a woman is a person, not a chattel, that in uncertainty he sings the philosophical tenor, "A Puzzle-ment." Together they will sing the lovely "Shall We Dance?"

Ladies Auxiliary Of VFW Will Hold Picnic Thursday

The Ladies Auxiliary of the Veterans of Foreign Wars will hold its annual picnic Thursday at 6 p. m. at Presque Isle, on the pavilion side.

Members wanting rides and those having cars should be at the Veterans Building by 5:45 p. m. In case of rain, supper will be served in the Veterans Building.

For further information, call Mrs. Madeline Healy, CANal 6-7662, or Mrs. Genevieve Cleary, CANal 6-8404.

Engaged

Mr. and Mrs. J. Alton Mallmann, 316 S. 18th St., Escanaba, announce the engagement of their daughter, Kathryn Elizabeth, to John James Linna, son of Mr. and Mrs. Arvid J. Linna, Route 1, Ishpeming. Both young people are graduates of Northern Michigan University in Marquette. The wedding will take place on Aug. 31 in St. Mark's Lutheran Church in Marquette.

Personal

Mr. and Mrs. Frederick Long and children have arrived from London, England, and are visiting at the home of his parents, Mr. and Mrs. Fred Long, 534 E. Ohio St., Marquette, before being re-assigned to Washington, D. C.

Homemaking Tips

Ever mix brown sugar and honey in equal proportions, as a glaze for ham? Many southern cooks like to use a shallow baking dish for spoon bread. You can add as much as one cup finely grated cheese to one cup thin or medium white sauce.

When you make up orange-flavored gelatin dessert, you may substitute orange juice for part of the water called for. One cup of boiling water (for dissolving the gelatin) and one cup of cold orange juice is a good proportion for a three-ounce package.

OES Ritual Team 1867 Style

Paul Benedict of Hillsdale and Mrs. George Frarey of Allen are shown in the costumes they will wear Aug. 2 when they present work of the Order of the Eastern Star ritual team in the manner in which it was done in 1867. The presentation will be made in a program conducted by Luce County OES Chapter 364 of Newberry. Members of all OES chapters in

Waterproof eye make-up takes away that washed-out look our faces often get when in brilliant sunlight. This model touches up her brows with a special brush.

By ALICIA HART, Newspaper Enterprise Beauty Editor

When you are sunbathing or at the beach this summer, lack of make-up sometimes gives you a faceless, washed-out expression.

Waterproof eye make-up in summery hues solves this problem. You also should keep your lipstick handy because it serves as a pretty sunshield and help protect your lips from dryness.

For your eyes, use a waterproof brush-on mascara applicator to

'Good Mood' Featured In Fall Styles

PARIS (AP) - Yves Saint-Laurent today keyed his fall and winter fashion note to opulent prosperity with a lavish collection called the "good mood."

There were no bombshells or radical changes. Saint-Laurent, who stepped into the shoes of Christian Dior after Dior's death and later was forced out, has attracted enough wealthy clients to his own house to avoid sensationalism.

'Puss In Boots' Hemlines comfortably cover the kneecaps. Sports and evening wear claimed most of the interest from the collection.

For sports, Saint-Laurent put his models into "puss in boots" styles. Suede, alligator and calf boots climb thigh-high and zip or strap on. Tight pants are worn with them.

Restrained But Opulent The ensembles are completed by tweed or mohair tunics and space helmets or fancy headgear. Evening wear is restrained in silhouette but opulent. Jeweled and sequined embroideries appear in long, tight sleeves. Jet, topaz, small pearls and rhinestones are used.

Saint-Laurent develops his own trend of past designs and adapts it for winter. His tunics and peasant shirts are promoted to slender shifts with a low waist often marked by a flat welded seam or a line. Low vertical pockets and back belts often coming part way in front also stress a lower waist line.

Alger Supervisors Seeking Solution To Jail Financing

MUNISING — The Alger County Board of Supervisors met at 7 last night in the courthouse in an effort to find a solution to financial difficulties which have arisen since the acceptance of bids last week on the new county jail and sheriff's quarters.

The new structure was to be built at an estimated cost of \$160,000. The money was to come from an \$80,000 federal grant and matching funds totaling \$80,000 derived from the sale of bonds approved by the voters of Alger County in an election May 20. However, the total low bids covering general construction, mechanical, electrical and other miscellaneous fees amount to \$192,000, or \$32,000 over the available funds.

It was the consensus of the board members that if they are to proceed with plans for construction of the new jail, the cost under no circumstances should exceed \$160,000. It was decided that a 30-day extension be requested beyond the Aug. 28 deadline, which was set by the federal government, and that a special meeting be called on Tuesday, Aug. 6. Attending will be the building authority, G. Arntzin and Co., architects, along with the board of supervisors, in an effort to make changes to cut costs of the proposed structure. The awarding of bids will be postponed pending the outcome of this meeting.

Tri-County Briefs

Alger . Baraga . Marquette

Negaunee

Mrs. Tyna Stone has returned home from a six-week motor tour of Finland.

The Negaunee Youth Council will hold a dance tonight and Friday night from 8 to 11.

Ishpeming

Mr. and Mrs. Al Meeks have returned to Bicknell, Ind., after visiting at the home of Mrs. Meeks' parents, Mr. and Mrs. Fred A. Nault, Green Creek Location. Mrs. Meeks is the former Bernice Delbridge of Ishpeming.

Dr. Roy M. Goethe and family of Midland, visited at the home of his parents, Mr. and Mrs. Werner Goethe of Ishpeming. Accompanying them home were his parents, who will visit in Midland, Flint and Berea, Ohio.

Gwinn

Silas Moquin Jr. has returned to his home in Kersey, N.J., after visiting his parents and other relatives in Gwinn.

Mr. and Mrs. Felix Valent of Bremerton, Wash., are here visiting relatives.

Sidnaw

Mr. and Mrs. Floyd Green returned to their home in Berrien Springs after visiting here a week.

E. C. Bennight of Scottsdale, Ariz., who was a patient in the Baraga County Memorial Hospital, is now at his summer home here.

Dr. and Mrs. Arche Pequet and family of Milwaukee are vacationing at Kidney Lake.

61-Year-Old Ishpeming Woman Dies

ISHPEMING — Mrs. Mary Rashleigh, 61, of 776 E. Empire St. died yesterday afternoon in Bell Memorial Hospital, where she had been a patient nine days.

She was born April 27, 1902, in Champion and came to Ishpeming 12 years ago.

Mrs. Rashleigh was employed at the J. C. Penney Store the past 11 years.

Survivors Listed

Survivors include her husband, Richard; one daughter, Mrs. Thomas (Kathryn) Greene of Los Angeles; four sisters, Mrs. Thomas (Kathryn) Cahill of Chicago, Mrs. Noble (Martha) Davis of Chicago, Mrs. Harry (Amelia) Robinson of Oak Brook, Ill., and Miss Irene Patanen of Chicago. She also leaves one grandchild.

The body is in the Bjork & Zhulkie Funeral Home, where friends may call after 10 a.m. tomorrow.

Funeral services will be held in the funeral home Thursday at 3 p.m.

The Rev. Reno Kuehnell will officiate. Burial will be in the Ishpeming Cemetery.

Women's Police Force Kept Busy By Children

ROME — The 103 inspectors and 450 assistants of Italy's newly created women's police force say they've been busy and useful during the first two years of their service.

Among other activities, they report they caught and returned 849 children who ran away from home, most of them from little towns to life in the big cities of Rome, Milan and Naples.

Police Didn't Keep Him From Attaining Goal

LEBANON, Mo. — Clark G. Spears was determined to become a doctor, and he didn't let an attack of polio at 17 or the aftermath of braces and crutches stand in his way.

Almost exactly 10 years from the June day in 1953 that he was struck by polio, Dr. Spears was graduated from the University of Missouri School of Medicine. Surgery has eliminated need of some of his braces, but he still uses crutches.

Latest Veterans' Administration figures show 22,220,000 veterans in the nation.

Star Of Solidarity For Altobello

Leonard Altobello (right) of Ishpeming, vice president and cashier of the Miners First National Bank, was one of three recipients of the Star of Solidarity at the 54th annual convention of the Upper Peninsula Federation of American-Italian Societies in Calumet recently. The award is presented by the government of Italy to those who have made outstanding contributions to their communities. Altobello is past president of the Upper Peninsula Bankers Association and is a member of the Italian Council of Upper Michigan. He was mayor of Ishpeming for two terms. The presentation of the second class star was made by Vittorio Re, Detroit, vice consul of Italy, who is pictured with Altobello. (Photo courtesy Houghton Daily Mining Gazette).

Three Autos Damaged In Area Crashes

ISHPEMING — Three automobiles were damaged and a motorist was ticketed, but no one was hurt, in a pair of area traffic smashups reported today by state police from the Marquette post.

At 12:15 yesterday afternoon a car being driven north on M-95 by Louise Krueger, 36, Milwaukee, smashed into an automobile operated by Arthur Kangas, 51, Republic.

State police said the collision occurred at County Road 601, as Kangas was making a right turn.

Following Too Closely

The left rear of Kangas' 1960 station wagon and the right front of the Krueger car, a 1954 sedan, were damaged. Both vehicles were removed from the scene by their owners.

State police ticketed Mrs. Krueger for following too closely.

The other mishap took place at 10:35 yesterday morning on County Road 581, a mile south of the City of Ishpeming, in Tilden Township.

State police said Phyllis McDonnell, 43, of 548 Palm St., Ishpeming, was driving north on Road 581 when a dog jumped out of a ditch in front of her car.

She said she applied the brakes of her car in an effort to avoid striking the animal and lost control of her vehicle, which went into the ditch on the left side of the highway.

The front end of her 1962 coach was damaged and the car was driven from the scene under its own power.

Blue Notes To Play At 'Half' In Packers-Giants Contest

ISHPEMING — The Blue Notes, crack drum and bugle corps from Ishpeming, will perform in a "rain check" appearance at halftime during the third annual Bishop's Charities football game scheduled in Green Bay, Wis., Labor Day night, Sept. 2.

That announcement was made today by Ed Gagnon, Green Bay, general game chairman, as preparations continue to move along for the game that will rematch the National Football League's 1962 divisional champions, the Green Bay Packers and the New York Giants.

Torrential Downpour

The Blue Notes were scheduled for the halftime program last year, but a torrential downpour shortly before game time put the field in a condition that prevented their appearance.

They took a rain check as a result and will appear instead this year. In the meantime, the drum and bugle outfit has continued to accrue additional honors since the last Bishop's Charities contest.

State Champions

The group took first place in the 1963 American Legion drum and bugle corps competition for the entire state. The Ishpeming Blue Notes Junior Drum and Bugle Corps, as the group is officially known, also was designated the 1962-63 American Legion state commander's corps.

The Blue Notes were organized in 1957, originally for parade appearances only. An all-girl color guard was started in 1959, and in 1960 girls were accepted into the corps proper for the first time.

Since entering competition in 1959 the drum and bugle corps unit has won numerous awards in competition throughout Michigan and the Midwest. The drum major is Tom Hendra, assisted by Nancy

AuTrain, Forsyth School District Borrowings OK'd

New school district borrowings against anticipated state school aid totaling more than \$3,000,000 have been approved by the State Department of Public Instruction, including borrowings by the AuTrain and Forsyth School Districts.

The AuTrain borrowing is \$3,000. The Forsyth borrowing is \$150,000.

Other borrowings in the Upper Peninsula are Brimley, Chippewa County, \$20,000; Escanaba, \$110,000; Watersmeet, Gogebic County, \$14,000, and Powers-Spalding, Menominee County, \$14,000.

This brings the total for the fiscal years to more than \$7,300,000.

Ferneau. The color guard commander is Susan Allen, assisted by Jeanette Main.

Sewer, Water Lines Being Put In On Ridge, Vine, Arch Sts.

NEGAUNEE — Personnel in the municipal water utility have started installing sewer mains and water lines in areas to which homes will be transferred this summer by Cleveland-Cliffs Iron Co., City Manager Leonard Harris disclosed today.

According to the manager, CCI plans to move approximately 17 houses, which will be placed on foundations that are being constructed on Ridge, Vine and Arch Sts. The homes are being transferred from areas in line with future mining operations.

Installing Circulating Lines

In addition, utility crews are installing circulating lines in the eastern end of the city to replace former lines that were lost due to subsidence of ground in the area.

Harris has contacted the concern which will be in charge of the house moving program to obtain a quotation for transferring a quonset hut used for storage purposes from the old warehouse area to the site of the new garage-warehouse facility constructed last fall near the Maas Mine property.

Footings already have been poured at the new site for the quonset hut, which it was originally planned to move with city labor. Harris said, "We had planned to dismantle the quonset hut and reconstruct it at the new site, but have been advised by the house movers that it is possible to transfer the structure in one piece. If the movers can provide us with a bid that will be cheaper than the cost of moving the quonset with city labor, I will recommend they be given the contract."

The manager announced also that everything was ready for installation of new street lighting on Iron and Silver Sts., if and when fluorescent luminaires arrive here. Shipment of the luminaires, which were due here in May, was held up by a strike at one of the sub-contractors. "We are all set, and once the luminaires arrive here it will not take long to install them," Harris said. "The last word we had regarding the material was that it would be shipped some time this week."

Alger County Queen

Miss Cynthia Starzyk, 17, daughter of Mrs. Norma Starzyk, 309 W. Superior St., Munising, was crowned Alger County's queen at the annual Lions carnival Sunday by the out-going queen, Miss Darlene Kangas of Rumely. Miss Starzyk competed with 13 other girls from Alger County for the title of Miss Alger County. (Mary Jayne's photo).

11 Motorists Draw Fines In Munising

MUNISING — Judge William Doré assessed 11 drivers fines and costs amounting to \$119.10, when they appeared before him in justice court during the past week.

Ticketed by Munising state police were Carl W. Strand, Munising, excessive speed, \$10; Warren L. Beaudry, Munising, disregarding a stop sign, \$7; Ellen H. Moldovan, Chicago, making an improper left turn which caused an accident, \$15; Frank E. Cloft, Shingleton, defective brakes, \$10; Chauncey J. St. Germain, Northville, Mich., excessive daytime speed, \$11.40; George McIntyre, Detroit, excessive speed, \$11.40; and Herman H. Korsh, Flint, reckless driving, \$14.30.

City police issued four tickets to the following motorists: Gary P. Myjack, Munising, failure to report a property damage accident, \$15; Richard A. Fromm, Munising, unsafe start from a parked position, \$8; William E. Beerman, Munising, failure to stop at a stop sign, \$10; and John D. Pink, Munising, passing on a double yellow line, \$7.

Love Of Beauty Requires Almost Forgotten Skill

ANDERSON, Mo. (AP) — Joe Reed's love of beauty led him to revive an almost forgotten skill — rail splitting.

"So far I've split out and laid up 130 rails," said Reed, who started the project because he decided the valley where he has a 63-acre farm near here "would be a lot prettier if I had a rail fence

THEY'LL DO IT EVERY TIME

By JIMMY HATLO

across the front."

His only concession to modern times is to use a chain saw to cut logs into nine-foot lengths. Then he splits the logs into rails with an ax.

Republic Altar Society Schedules Its Annual Picnic

Sponsor Of Carnegie Courses Annual C-C Dinner Speaker

ISHPEMING — George Kirscht, sponsor of the Dale Carnegie courses in northern Wisconsin and Upper Michigan, will be the guest speaker at the annual Ishpeming Chamber of Commerce dinner on

Sept. 21.

One of this area's highest paid speakers, Kirscht has spoken to national conventions, groups of top executives and management personnel, sales groups and others on the subjects of selling, leadership, effective speaking, human relations and enthusiasms.

Knows Sales Problems

His training of hundreds of salesmen, executives, business owners and managers, professional and supervisory people, together with his 14 years experience as a salesman, sales manager, sales trainer and business executive have especially qualified him to talk on how to build and maintain a powerful, high caliber selling organization.

As he actively heads a highly successful two-state sales organization of his own, he is conversant with sales problems facing business owners and managers today.

Kirscht, the regional manager of the Dale Carnegie courses, is the president of the Leadership and Management Institute, a certified Dale Carnegie teacher and has given critiques on over 5,000 talks in Dale Carnegie classes.

GEORGE KIRSCHT

Homemakers Of Deer Lake Plan Picnic Wednesday

ISHPEMING — The Deer Lake Homemakers will have a family potluck picnic tomorrow at 11 a.m. at the Al Quaal Recreation Area.

In case of inclement weather, it will be held in the clubhouse.

Members are asked to bring a potluck dish and table service for their families.

Stamp certificates may be turned in at this time.

INSURANCE

More than 75 per cent of the U.S. population in 14 states now is covered by health insurance, with New York State topping the list with 90.7 per cent coverage.

Street Project Preparations Under Way

NEGAUNEE — In preparation for the 1963 summer street improvement program, which is scheduled to get under way the second week in August, public works department crews under direction of Superintendent Arthur Anderson are wedging and raising manholes. City Manager Leonard Harris announced today.

Blacktopping is expected to begin the second week of August, the 1963 program including Cherry St., the east end of Lincoln, Brown Ave. and Baldwin Ave. from Cherry to U.S. 41.

At the start of the year the status of the blacktop program was doubtful due to cuts in valuations of iron mining properties by the deputy state geologist, which resulted in decreased municipal tax revenues. However, economics that have been in effect in governmental operation since the first of the year, plus a portion of a surplus carried over from 1962, which was earmarked for street improvements, will provide sufficient funds for the project.

With completion of street improvements listed for this summer, all streets in the city will have been given a bituminous aggregate surface, and all alleys seal coated, as a result of a continuing program that has been in effect for the last 12 years.

Youth Loses Left Hand While Firing Cannon

WEST POINT, Ohio (AP) — Richard J. Lacher Jr., 16, lost his left hand and suffered severe powder burns while firing a cannon Sunday during a mock Civil War battle. His condition was reported as serious.

The accident occurred as Lacher shoved a ramrod down the barrel of a 16-pound brass cannon.

More than 10,000 persons viewed the mock battle commemorating the 100th anniversary of the capture of Confederate Gen. John Hunt Morgan.

Swiss Farmer Makes Gold Strike Under Tree

NIDWALDEN, Switzerland (AP) — Franz Amstutz cut down a tree near the fashionable Alpine playground of Burgenstock, and trod on a box crammed with gold pieces.

Local police are trying to decide who gets the gold — the farmer, the man who owns the ground where it was found, or the original owner, perhaps a Frenchwoman from Nice who stayed in the neighborhood during World War II. Franz isn't worried. No matter who claims the gold, he still is entitled to a finder's reward of up to 50 per cent of the total, which is 3,700 francs at today's values.

one of the all-time favorite bras! formfit romance "566"...\$2.00

And a favorite for good reasons. The lift lasts... and lasts! Nylon Braid circle-stitching in the cups shapes and keeps a high, young line. It's cotton for easy wash and longer wear. It's comfortable. No wonder Formfit style 566 is a classic. Sizes 32A to 38C.

Formfit Fiber Facts: all cotton.

Former Tiger Ruins Lolich Mound Stint With Homer In Ninth

BALTIMORE (AP)—Detroit Tiger rookie pitcher Mickey Lolich gave up just three hits Monday night, but a former Tiger and former Michigan State star Robin Roberts kept him from winning the game.

The former Tiger was Dick Brown, who belted a Lolich pitch over the left field fence with two outs in the ninth inning, giving the Baltimore Orioles a 2-1 victory.

Roberts, veteran righthander, scattered two Tiger hits — allowing one in the first inning and one in the ninth. Dick McAuliffe had both of them.

All Well Until Ninth

Lolich, completing his fourth game in 11 starts, had given up only one hit before the ninth inning. Then, with one out, Al Smith batted for Roberts and singled. With two outs, Brown crushed the third hit off the 22-year-old rookie Tiger lefthander and it was all over.

Lolich, who faced only two batters — two over the minimum possible, took his sixth loss against four victories.

Roberts evened his record at 9-9.

He gave up only one unearned run in the first inning.

Billy Bruton walked and McAuliffe bled to double down the right field foul line. Bruton moved to third base on the hit, and continued home when Russ Snyder's throw from right field was off target at second base.

Roberts then set the Tigers down in order — except for free passes to Norm Cash, who was walked and hit by a pitch — until McAuliffe's ninth inning single.

Only Bob Johnson's two-out single in the fourth inning marred Lolich's perfect performance over the first eight innings. He did not walk a man and struck out five.

Hard Shots Caught

Baltimore hit a half dozen hard shots off Lolich which were caught by the Tigers, including two in the final inning.

Brown went to Baltimore early this year in exchange for catcher Gus Triandos.

Don Mossi (4-6) will pitch for Detroit tonight in the second game of a three-game series against the Orioles. Milt Pappas, 9-5, will pitch for the third-place Orioles.

Softball Is On The Menu In The Area

By RON PORTALE
Of The Journal Staff

ISHPEMING — Yep! There's softball on the menu and plenty of it.

Following a very successful year in all softball leagues in Marquette County, teams are preparing for the 1963 District Softball Tournament to be held in Negaunee and Marquette on August 5.

Before the battles begin, another one is in the process of Ishpeming as the Twin City Softball league participates in a "playoff" which is more or less a warm-up for the district meet on the 5th.

League winner CCI, with power and pitching, will try to add to their impressive 18-2 mark in the league while making an effort to convince the rest of the league they are true champions.

Trouble Spot

CCI had one trouble spot this year, Marukus. The Negaunee squad handed them their only two defeats.

With power to spare, CCI has moved down the opposition in a number of ways. Getting off to a slow start in many of the games, the engineers exploded in several games as such sluggers as Blomquist, Ferris, Solberg and Dally connected time after time to pull one out of the fire.

At the start of the season, the CCI crew were going with Richard Marietti on the mound and later with Ron Champion who was to rise to the cause and establish himself as one of the top hurlers in the league.

While CCI won the title quite easily, a battle for second place occurred much of the season before Marukus of Negaunee, with power in their own, settled that issue.

In the final few weeks, Schlitz and WJPD battled it out for third place with WJPD eventually winning out.

Hills finished the year's play in fifth and the Independents in last place.

At the beginning of this year, when softballers were expressing interest in the formation of a league, it was doubtful one would begin as the number of teams was undetermined.

On May 13, the league began, with the last team to enter being the Independents, the youngest collection of ballplayers in both cities.

A spirited group of ballplayers had tough going most of the season but managed to win three of their games while in the process of trying to find the winning combination.

On the Tri-City side of the softball menu, Woody's of Ishpeming, with Werner "Wiener" Maki, Matt Wierns and Tony Milne, three of the county's top pitchers working for them, they took the Tri-City League title in good fashion.

Other Ishpeming and Negaunee teams which are capable of causing trouble in the Districts are Ishpeming Casino's, Copper Country Dairy and MLI's.

(Editor's Note: Although Ishpeming teams have proved to be top flight units, what would be like if they had such hometown lads as Bill Bertucci and Jack Stone back with them? As the old saying goes, "Distant fields are always greener" or something like that.)

Over the years, both Ishpeming and Negaunee have produced the finest teams in the county. We'd say this year has been one of the same, as the softball interest seems to be here once again after a minor lag in the last few years.)

Pirates Threaten Third-Place Team In Negaunee BR

NEGAUNEE — In Negaunee Babe Ruth League play Monday night, the last-place Pirates, with a record of 3-8, pulled within one-half game of the third-place Tigers, 3-7, as they defeated the latter team, 7-2, at Negaunee Playgrounds.

The Pirates scored seven runs in the first two innings, to coast to victory behind winning pitcher Joey White, who fanned nine Tiger batters.

Five runs were brought in in the first inning, on four walks, two errors, and a single by Ray Richards. In the second, back-to-back doubles by Gary Wainio and Gary Piziali, coupled with another Richards single, made it 7-0.

The Tigers scored two in the third inning, trying to recoup their past performance standard, on two walks and an error, and a single by Billy Bath, but the Pirates were by then determined to hold their lead, and ended the game with a final score of 7-2 Tiger hurler Ray Jandron took the loss.

ISHPEMING — The Kiwanis Club meets AFL-CIO in Babe Ruth League play tonight at 5:45.

Bletilla will confront Kiwanis tomorrow night in the final game of the year in Babe Ruth competition.

(By The Associated Press)

Heartbreaking losses for a pair of youngsters and a touch of luck for a veteran. It was that kind of a night on the American League pitching scene Monday.

Joel Horlen of the Chicago White Sox had his brilliant try for a no-hitter—and victory—shattered in the last of the ninth at Washington. Chuck Hinton's single with one out was the first Senator hit off the 25-year-old righthander, recalled from the minors last week. Then Don Lock's two-out homer pinned Horlen with a 2-1 loss.

Lolich Hit Late, Too

At Baltimore, rookie Mickey Lolich of the Detroit Tigers led the Orioles to one single through eight innings but in the ninth Al Smith singled with one away and one out later pinch batter Dick Brown smashed a homer and Baltimore won 2-1.

Old-timer Robin Roberts got the victory with a two-hit performance.

At Cleveland Dean Chance of the Indians and was backed by a free-scoring spurge that included an eight-run third inning capped by Felix Torres' grand slam homer. Score—11-0.

Big One's Dumper

Also in the AL—Dave Wicksham turned in an eight-hit shut-out and Wayne Causey and Norm Siebern banged homers as Kansas City beat New York's first-place Yankees 5-0 and Boston

Marquette Eliminated In Tourney

Detroit Northwestern trimmed Marquette's Babe Ruth League All-Stars, 10 to 5, yesterday afternoon to eliminate Marquette from the Michigan Babe Ruth Baseball Tournament.

Marquette had lost Saturday to Garden City but won Sunday, 10-9, over the Port Huron Whites to remain in contention. In other games yesterday, the Ypsilanti Americans eliminated Benton Harbor, 8 to 6, in the double-elimination tournament.

In the Marquette - Detroit contest, Dick Peterson of Marquette smacked a triple with two men on base in the sixth inning to highlight Marquette's five-run rally.

Pitcher Bob Allen and Rom Rae homered for Detroit in a seven-run first inning which Marquette found too hard to overcome.

In the other contest, Al Kelley and Ed Northrup hit home runs for Ypsilanti and Ron Zuhl homered for Benton Harbor.

Today Detroit Northwestern was scheduled to face Ypsilanti and Algona was to face Garden City. Marquette's squad, which left here Friday morning, was scheduled to return this afternoon. The team won the Upper Peninsula championship in the tournament in Iron Mountain the previous weekend.

Western Open Closes Close; Palmer Adds \$11,000 To Roll To Near \$100,000 Mark

CHICAGO (AP)—A bogey was worth \$11,000 to Arnold Palmer in the strangest putting hole ever to confound golfing greats looked in a major tournament.

Arnie took the Western Open title and its accompanying check as a gift from Julius Boros and Jack Nicklaus in an 18-hole playoff Monday.

Close Finish

Suffice to say that Arnie won by shooting 33-70 over the demanding Beverly Country Club course and its par 36-35-71.

Boros, with 36-35-71, and Nicklaus, 37-36-73, each pocketed \$4,500.

Palmer boosted his winnings to \$96,355, giving him a shot at becoming the first golfer to win \$100,000 in a season.

Wild 17th Hole

The playoff can be capsuled on the par 3,203-yard 17th hole with its tricky, rolling green. Two successive birdies had helped pull National Open champion Boros into a tie with Palmer at the 16th, each with 61 strokes, while the Masters' and PGA king Nicklaus, seemed left at the post with 63.

At the 17th, all used No. 2 irons on the tee.

Boros went over the green into the crowd and deep rough. Nicklaus stuck his shot five feet from the cup. Palmer pulled his into a trap on the left side of the green.

All Over-Putt

Palmer exploded from the trap and rolled 35 feet past the hole. Boros' chip was on the green but 40 feet short.

Boros putted three feet past the hole. Palmer putted four feet past. Nicklaus rimmed the cup and rolled nearly four feet beyond.

Palmer dropped his for a bogey 4. Nicklaus again missed, also taking a 4. Boros missed, getting a double bogey 5.

Decided On Last

Two putts by Palmer and three each by the other two brought the match to the last hole with Arnie holding a one-stroke edge over Boros.

Nicklaus was out of it.

Boros and Palmer were on the 396-yard 18th in three. Palmer missed a 2 footer and settled for his par 5. Boros had a sharp-breaking 7 footer and missed, also taking 5.

That was it.

Marquette Eliminated In Tourney

Then he transferred to Northern Michigan and helped build the Marquette team into a national small-college power.

Because of his transfer status, Silc was restricted to Northern's last eight games in 1961-1962. He averaged 18.8 points and 10 rebounds.

Last winter Silc scored at a 16.6 point clip and had 11 rebounds a game. He was voted the team's most valuable player and also earned All-Michigan NAIA first-team honors and Little NAIA All-American honorable mention.

Silc's finest game at Northern came against Central Ohio State in the national NAIA tournament. He scored 30 points and picked off 23 rebounds in a 101-87 victory.

The team eventually was eliminated by Pan American College of Texas, which went on to capture the championship.

Silc is one of eight newcomers in the Pistons camp. Eight veterans will also participate in all or part of the week's sessions under new Coach Charley Wolf.

Silc Reports To Pistons Tryout Camp

Gary Silc, a 6-foot-7 forward from Northern Michigan University, is the first Canadian rookie ever drafted by the Detroit Pistons.

In reporting to the club's summer tryout camp starting Monday morning at Cobo Arena, Silc also will be trying to become the first Canadian ever to make the grade with a National Basketball Association team.

Silc has an impressive collegiate background. After playing for Sudbury High, which won the Provincial (state) title for two years, he entered San Fernando (Calif.) Valley State College for a brief stretch.

Then he transferred to Northern Michigan and helped build the Marquette team into a national small-college power.

Because of his transfer status, Silc was restricted to Northern's last eight games in 1961-1962. He averaged 18.8 points and 10 rebounds.

Negaunee LL Action Sees Lions Win

NEGAUNEE — Monday night's Negaunee Little League action saw victories by the Lions and Palmer or opponents in excellent games.

The Lions won a close game which saw a threat posed by the losers for some innings. The winners led, 12-3, into the fifth inning, on slugging of Paul Symons, who singled, doubled and smashed a grand-slam home run to bring in a total of seven runs.

In order to allow other hurlers to pitch, the Lions removed starting pitcher Scott Northey in the fifth, and put in five different pitchers, who could do nothing with VFW's attempts to rally and tie.

Walks, errors and singles by Mike Paterno, Scott Gleason, coupled with a double by Jim White and a triple by Richard Duroli, brought in seven VFW runs for four, including a grand-slam homer, Ernie Purto, with a three-run homer, and Harold Trehelias' two hits.

The Palmer squad had no trouble in dispatching the Local 479 nine, 18-1, behind heavy hitting by Billy Arbellus, who was three for four, including a grand-slam homer, Ernie Purto, with a two-run homer, and Harold Trehelias' two hits.

Pitcher Roger Poutanen struck out 12 men and allowed five Local hits, to take the win for Palmer.

Niles Takes National Canoe Title

LAKE SEBAGO, N. Y. (AP)—The Niles Canoe Club of Niles, Mich., with 29 points, won the team title in the national championships of the American Canoe Club Sunday.

The Niles team edged second place Washington Canoe Club of Washington, D.C. by two points.

In competition Saturday, Helene Murphy of the Niles Club, won the women's 500-meter kayak single in 2:27. Sperry Jones, also of Niles, was second.

Anderson 1st In Marquette Skeet Shoot

Lloyd Anderson of Ishpeming topped a field of 29 competitors in a shoot Sunday at the Marquette Skeet Club Range after shooting off a tie with Major Henry A. Kaiser of K. I. Sawyer Air Force Base.

Anderson and Major Kaiser finished their regulation 30 rounds by breaking 47 targets apiece.

In the shoot-off, Anderson broke 23 clay pigeons, one more than Major Kaiser.

The major thus placed first in Class A, ahead of Jack Avery, Ishpeming, and James R. Williams, Sawyer AFB, who were tied for second and third with 46. A shoot-off at a later date will determine the winner.

Results In Other Classes

Clyde Baragwanath, Marquette, placed first in Class B with 44. Second was Eric Johnson, Negaunee, and third was Martin Burdick, Sawyer AFB.

William C. Johnson, Sawyer AFB, won Class C honors with a 46, followed by Jack Ufferman, Sawyer AFB, 41, and William Martin, Marquette, also 41. (In case of ties, standings were determined on the basis of longest consecutive hitting streaks.)

Larry Lohf, Marquette, topped Class D competition with a 33. Philip Martin, Marquette, finished second with 32, and Jerry Vickberg, Marquette, was third with 31.

The five-man team event was won by Sawyer AFB with a score of 220. Sawyer's team also won the two-man event with 93.

Western Open Closes Close; Palmer Adds \$11,000 To Roll To Near \$100,000 Mark

Dodgers End Losing Streak; Koufax Pitches 17th Win To Maintain 4 1/2 Game Lead

(By The Associated Press)

Handy Sandy Koufax, performing a thorough clean-up job for the Los Angeles Dodgers, has pulled the National League leaders out of their longest losing streak in two months.

Koufax pitched a five-hitter and posted his 17th victory in a 6-2 decision over surging Philadelphia that ended the Dodgers' losing streak at four games and maintained their 4 1/2-game bulge over the pursuing pack.

Smooth Pitching

Winless for 13 days as the Dodgers struggled through their worst skid since early June, Koufax pitched smoothly if not spectacularly, with home run support from Tommy Davis and Willie Davis.

The 27-year-old left-hander has a 17-4 record — tied with Juan Marchal of San Francisco for the most victories in the majors. He is No. 1 in strikeouts with 195 in 194 2/3 innings and in complete games with 15 while maintaining a brilliant 1.89 earned run average.

Mays Moves Slipped

San Francisco slumped past idle St. Louis into second place as Willie Mays hammered his second

straight game-winning homer and gave the Giants a 3-4 victory over Pittsburgh.

In the only other NL game scheduled, Milwaukee's Warren Spahn posted his 34th victory, with homers by Hank Aaron and Lee Maye providing the power, 8-2 over Cincinnati.

24th For Willie

Trailing 3-0 after two innings, the Giants closed the gap to a run on Chuck Hiller's third-inning homer and took the lead for good when Mays hit his 25th homer with two on in the fifth. The shot by Mays tagged Vern Law, 4-5, with the defeat and gave the victory to reliever Jim Duffalo, 3-0.

Spahn, slowed recently because of a sore elbow, picked up his first victory since July 7, checking the Reds on six hits. The 42-year-old left-hander, 13-5, was touched for homers by Vada Pinson and Frank Robinson. John Tsitouris, 7-4, started for Cincinnati and was a loser by the time he had pitched to four batters.

With one out Tsitouris walked Ed Matthews and Aaron and Maye followed with consecutive homers.

Official Protest Sent To Olympic Alpine Committee

SALT LAKE CITY (AP)—The Intermountain Division of the United States Ski Association has entered an official protest on makeup of the 1964 Olympic Alpine ski squad.

The protest was sent to the United States Olympic Association with a request that it review the procedure and select the squad over again.

The Intermountain group contended the squad wasn't selected according to rules. The implication was that some members were selected who didn't rate the honor on the basis of performance.

Al Korfonta of Pinedale, Wyo., division president, said rules provide that "no athlete shall be selected for the team unless he has won his right to do so in a tryout or series of tryout races."

Not All Proved Skill

Korfonta said this was not the case with all those named to the 1964 team.

The protest was released Saturday after weeks of preparation which began in secret after the U. S. Olympic team was announced.

Ishpeming Softball Playoffs

ISHPEMING — In a perfect night for softball play, CCI lambasted Hill's Auto Mart, 11-5, and Schlitz edged WJPD in the night cap, 4-3, as the Twin City Softball playoffs began Monday.

In opening round action last night, CCI walked their way to victory over Hill's, garnering 15 walks, and producing only four hits. The big blow was a homer by Rueben Hansen.

Hill's needed more than a one-man show to win this one, as Dave Bertucci banged out four for four in the plate in a losing cause.

Mound Duel

Schlitz and WJPD tangled in one of their usual skirmishes, this time in a tightly played game. Sam Champion and Sal Tupa duelled in a good ball game, with Tupa giving up three runs on four hits, and Champion four runs on eight hits.

"Curly" Stone, slick-fielding shortstop for the Airbase nine, whacked out three for four. Fine fielding showed up in this contest as Canipe came through with two good catches in the last inning to preserve the win for Tupa.

Tonight's Play

In the third game of the playoffs tonight, the Independents, who drew a bye last night, will confront CCI, while the Marukus, who also drew a bye, will play Schlitz in the second encounter of the evening.

The winner of the Independents-CCI game will meet the victor of the Marukus-Schlitz game in the first contest tomorrow night, and Hill's and WJPD will lock horns in the second tilt, both being now in the losers' bracket.

Western Open Closes Close; Palmer Adds \$11,000 To Roll To Near \$100,000 Mark

CHICAGO (AP)—A bogey was worth \$11,000 to Arnold Palmer in the strangest putting hole ever to confound golfing greats looked in a major tournament.

Arnie took the Western Open title and its accompanying check as a gift from Julius Boros and Jack Nicklaus in an 18-hole playoff Monday.

Close Finish

Suffice to say that Arnie won by shooting 33-70 over the demanding Beverly Country Club course and its par 36-35-71.

Boros, with 36-35-71, and Nicklaus, 37-36-73, each pocketed \$4,500.

Palmer boosted his winnings to \$96,355, giving him a shot at becoming the first golfer to win \$100,000 in a season.

Wild 17th Hole

The playoff can be capsuled on the par 3,203-yard 17th hole with its tricky, rolling green. Two successive birdies had helped pull National Open champion Boros into a tie with Palmer at the 16th,

Cambridge Has Biggest Uncontaminated Room

CAMBRIDGE, Ohio (AP) — In what is believed to be the world's largest "white room" — 72,000 square feet in which temperature, humidity and dust are controlled rigidly to avoid contamination — electronic parts are prepared here for Minuteman intercontinental missiles.

Indians May Recover \$29.1 Million For Land

WASHINGTON (AP) — Three groups of California Indians may soon recover \$29.1 million for land taken by the United States during the gold rush days more than 100 years ago.
