

13 Yanks Clash With Grenade-Tossing Reds

U.S. FIRST CAVALRY DIVISION FRONT, Korea (AP)—Thirteen American soldiers fought off seven grenade-hurling North Korean raiders today in the longest clash in eight days of fresh ac-

tion on the Korean front. Five Americans suffered scratches from grenade fragments in the two-hour battle, fought in pre-dawn darkness. There were no known Communist casualties.

The Communist North Koreans used whistles like pheasant calls to guide their attack. They struck at an American outpost in a narrow finger of the demilitarized zone that was a bloody battleground in the 1950-53 Korean War.

The North Koreans hurled a barrage of grenades at the American outpost set up about 1,000 yards east of where a Communist patrol last week ambushed three Americans in a jeep, killing two and wounding the third.

The spot is 13 miles from Panmunjom, where the U.N. command warned North Korea it would invite its own destruction if it failed to halt attacks south of the border dividing North and South Korea.

North Korea's spokesman, at the Armistice Commission meeting Saturday, rejected the U.N. command's charges as "fabrications."

No Reports Of Fighting
A U.N. command spokesman said today there were no reports of fighting elsewhere along the 151-mile Korean front.

The commander of the besieged group, Capt. Jerry Scott of Ada, Okla., said the Communist patrol leader apparently directed his soldiers with whistles sounding like pheasant calls.

Only One Hit
This correspondent was in a battle position on a nearby hill when Scott's outpost was attacked. "Pheasants" whistled throughout the area but Scott and his men were the only ones hit during the night.

GOP Leader Sees Trouble For JFK

WASHINGTON (AP) — The House Republican leader, Charles A. Halleck, predicts a tax reduction-revision bill and some sort of civil rights legislation will be passed by the House. But he foresees stiff opposition in the Senate.

Sunday in a televised interview (NBC-Sunday Report). His somewhat optimistic prediction for the fate of the two measures in the House—given top priority by the Democratic administration—is contrary to the GOP leader's earlier views.

Major Decisions
This week, congressional committees may start making major decisions on tax cuts and civil rights.

The House Ways and Means Committee took a series of votes on the tax legislation last week and may reach the most important question—reduced rate schedules—in the next few days.

President Kennedy recommended a net cut of about \$10.2 billion to be reached in stages. Rep. Thomas B. Curtis, R-Mo., a member of the committee, said Sunday in an interview on New York television stations, "The most we are probably talking about is a \$7-billion or \$8-billion cut, net."

The Senate Commerce Committee completed its public hearings last Friday on one of the most important sections in the civil rights package—a ban on discrimination in public accommodations.

Vocational Education
Tuesday or Wednesday, the House will take up a bill to increase sharply the government's outlays for vocational education.

Later in the week the House will debate a bill to extend the \$309-billion debt ceiling until Nov. 30.

The Senate will consider on Tuesday a \$5.5-billion appropriations measure for the Labor and Welfare Departments.

Mississippi Demos Eye Candidates

JACKSON, Miss. (AP) — President Kennedy is very much in the Mississippi Democratic primary even though his name isn't on the ballot for the election Tuesday.

What one candidate calls a "cuss the Kennedy" campaign has overshadowed traditional state issues in the heated campaign to pick the probable successor of 65-year-old Gov. Ross Barnett.

Barnett, who attracted worldwide prominence last fall by defying the federal government in the court-ordered admission of James H. Meredith, a Negro, to the University of Mississippi, can not succeed himself.

Traditionally, the incumbent governor takes no part in the campaign to choose his successor. Barnett has held to this line, saying he was too busy with affairs of state.

Candidates
The four Democratic candidates are:

• J.P. for James Plennon Coleman, 49, of Ackerman, governor in 1956-60. A lawyer, he has been in the state house of representatives for the last four years.

• Paul B. Johnson, 47, of Hattiesburg, the lieutenant governor, a World War II Marine captain and son of a former governor, Johnson—like Barnett—faces federal criminal contempt proceedings stemming from the Meredith case.

• Robert Mason, 60, of Magee, a welder who earned the nickname "blowtorch" for his colorful stump speeches during the 1959 gubernatorial campaign. He finished last in a four-man field with about 20,000 votes.

• Charles Sullivan, 38, of Clarksdale, the third major candidate. Sullivan, a prematurely gray-haired ex-district attorney, finished a surprisingly strong third in the 1959 gubernatorial campaign. He is a state rights advocate who says he will bolt the Democratic party rather than vote for Kennedy.

GOP Entry
Although Democratic victory has virtually assured election for nearly a century, Republicans are mounting their first serious bid for the state house in decades.

Onetime Democrat Rubel Phillips, 38, is stumping the state as the GOP standard-bearer for the general election. Republicans hope to capitalize on dissatisfaction with the Kennedy administration and the national Democratic party.

None of the three major candidates is expected to win a clear-cut majority, which means the top two would go into an Aug. 27 runoff.

The Weather

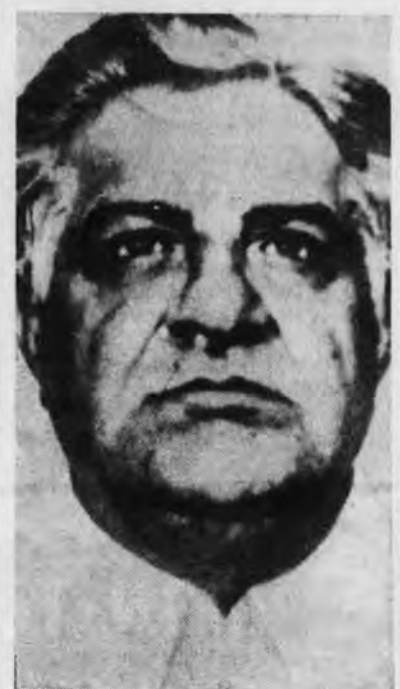

Forecast for Marquette and vicinity: Partly cloudy and warm tonight and Tuesday; low tonight 60 to 65, high Tuesday in the upper 80's. Outlook for Wednesday: Continued warm with a few showers.

Forecast for Lake Superior: Southwesterly winds 12-22 MPH tonight, becoming west to northwest Tuesday; partly cloudy. Lake temperature, 63.

Data for 24 hours ending at noon: Temperatures — 68 at 6 A. M.; 86 at noon; highest in last 24 hours, 86 at noon today; lowest in last 24 hours, 64 at 11 p. m. yesterday. Relative humidity at noon — 44 per cent.

Precipitation — None in last 24 hours; total to date this year, 14.27 inches; normal to date, 18.27 inches.

Sun rises at 5:36 A. M. and sets at 8:14 P. M. tomorrow. Records for August 5 — Maximum temperature, 102 in 1947; minimum temperature, 42 in 1889; most precipitation, 1.59 inches in 1906.

JOSEPH VALACHI

Motor City Linked With Crime Ring

DETROIT (AP)—Detroit is one of numerous cities named by an underworld informant as being in a nationwide organized crime ring.

The informant is Joseph Valachi, 60. The FBI said the closely-guarded Valachi told it about a crime organization called the "Cosa Nostra"—literally meaning our thing—and the network of mobs it dominates in more than a dozen American cities, including Detroit. Valachi is to appear before the Senate Investigations Subcommittee when arrangements can be made in connection with its investigations into the international narcotics traffic.

'Commission'
The FBI said Valachi told it the "Cosa Nostra" was headed by a group called the "commission", and members of the commission are known as "bosses" or heads of crime "families" in cities across the nation.

The families control organized crime in their areas, and known families are said to be operating in Detroit, New York, and New Orleans, among others.

Meanwhile, Detroit Police Commissioner George Edwards has called on all citizens, the police and the courts to fight organized crime.

WASHINGTON (AP)—The government is confident that an underworld figure it says has given federal agents a detailed description of the dominant crime organization in the United States will live to tell his story to Senate investigators.

In a secret hideout FBI agents are guarding Joseph Valachi, a 60-year-old New Yorker once fairly high in the mob hierarchy, who has outlined the structure of the terror-ridden "Cosa Nostra" and put the finger on some top racketeers already under investigation.

No Date Set
Valachi has a date with Sen. John L. McClellan's Senate investigations subcommittee when it resumes its inquiry into illegal narcotics traffic.

The McClellan panel began its probe of narcotics three years ago, then turned to the Billie Sol Estes investigation and the TFX warplane contract award. No date has been set for the resumption of its hearings, but McClellan, an Arkansas Democrat, said Sunday he expects Valachi to be a witness.

The government considers Valachi's account of crime in America—including an inside view of the celebrated November 1957 mobsters' convention at Apalachin, N.Y.—an important intelligence breakthrough.

Corroborated
His story has been corroborated by other sources and investigations, and information he gave federal agents has been passed on to local authorities, Edwin O. Guthman, Justice Department public information director said.

The theory of a secret society at the hub of organized U.S. crime has been supported for many years by the Federal Bureau of Narcotics. Valachi provided a blueprint of the "Cosa Nostra"—literally meaning "Our Thing"—and confirmation that such an organization of criminals exists.

The story of the Valachi breakthrough appeared Sunday in a copyrighted story in the Washington Star. The Justice Department confirmed the essentials.

Head Of 'Cosa Nostra'
At the head of "Cosa Nostra" Valachi placed Vito Genovese, 68-year-old Italian-born narcotics boss serving a 15-year sentence at Atlanta Penitentiary.

Genovese plotted the Apalachin meeting. While Valachi was not prominent enough to attend, he was high enough in the organization to know what went on—and for a time later, he was Genovese's cellmate in Atlanta.

U.S., British, Soviets Sign Partial N-Test Ban Treaty

Keating Eyes Ratification Of Nuclear Pact

WASHINGTON (AP)—Sen. Kenneth B. Keating predicts overwhelming Senate approval for the limited nuclear test ban treaty if Secretary of State Dean Rusk makes it clear that no "under-the-table" deals are involved. Keating, a New York Republican, said he asked Rusk for assurance that U. S. negotiators have not agreed to a nonaggression pact or increased trade as a price for the agreement being signed today in Moscow.

"If we get a forthright response, and a denial of any under-the-table deals, then I am confident that the Senate will ratify this treaty by an overwhelming vote," Keating said Sunday in a taped radio-television program broadcast in New York.

No Agreements
A two-thirds majority is needed for ratification. In a speech to the nation July 26, President Kennedy said: "The Moscow talks reached no agreement on any other subject, nor is this treaty conditioned on any other matter."

A Democrat, Sen. Strom Thurmond of South Carolina, raised doubts Sunday about the treaty, which would ban tests in the atmosphere, outer space and under the sea.

Thurmond, in a letter to constituents, said Soviet Premier Khrushchev's failure to keep agreements on Cuba, Southeast Asia and other world trouble spots make it questionable whether he can be trusted on the test ban.

Doubts Tricky
But Undersecretary of State W. Averell Harriman, who negotiated the treaty, said he does not believe Khrushchev has any tricks up his sleeve in connection with the test ban. But he added in a television interview (NBC-Meet The Press) that the United States must be ready to test at any time in case the Soviets break the agreement.

WASHINGTON (AP) — The Soviet Union has stepped out of the race to land a man on the moon because it's too costly, Sir Bernard Lovell, noted British astronomer, said today.

In a copyrighted interview with the news magazine, U.S. News & World Report, the director of Britain's Jodrell Bank observatory also said: "The Russians are making sincere overtures toward cooperation in space."

World Land Speed Record Broken By Los Angeles Man

BONNEVILLE SALT FLATS, Utah (AP) — The Utah Highway Patrol says Craig Breedlove, 26, of Los Angeles set a world land speed record of 408 miles an hour today.

The patrol said Breedlove made two runs—one of 388 miles per hour, the other of 428.37 miles per hour—on Utah's Bonneville Salt Flats. The course is on the Utah-Nevada border west of Salt Lake City.

The late John Cobb of England set the previous speed mark—394.2 miles per hour—16 years ago on the same salt speedway.

Breedlove set the record in his jet powered tricycle called the "Spirit of America."

Winds Thwart Bid To Cross Lake On Kite

GRAND HAVEN (AP) — High winds and swells that slowed his tow boat thwarted 18-year-old Dave Rude's attempt to sail in a kite across Lake Michigan today.

But the North Muskegon youth said he'd try again, next time at night.

Rude said he was approximately 41 miles out on his 80-mile flight from Grand Haven to Milwaukee when swells and winds slowed his tow boat, dunking him and his kite into the lake. He lost his skis, a necessity to becoming airborne again, when he dropped into the water.

The youth, whose 18th birthday is today, had flown for an hour and 40 minutes after takeoff.

One-Legged Scout Completes Rugged Hike Of 50 Miles

BUTTE, Mont. (AP) — A one-legged Boy Scout has completed a 50-mile hike that took him across the Continental Divide four times, through mountain streams, over rocks and felled trees.

Robert Reopelle, 12, made the trip on crutches with 23 other members of Butte Troop 6 and two adult leaders. They covered more than 50 miles in the primitive Anaconda-Pintlar wilderness area south of Moose Lake in Granite County.

Henry Ford II and his wife, Anne, Saturday decided upon a legal separation. Ford, chairman of the Ford Motor Co., and his wife have two daughters and a son. They were married at Southampton, Long Island in 1940. See story, page 14. — (AP Wirephoto)

BRITISH SCIENTIST SAYS: Soviets Drop Out Of Race To Moon

WASHINGTON (AP) — The Soviet Union has stepped out of the race to land a man on the moon because it's too costly, Sir Bernard Lovell, noted British astronomer, said today.

In a copyrighted interview with the news magazine, U.S. News & World Report, the director of Britain's Jodrell Bank observatory also said: "The Russians are making sincere overtures toward cooperation in space."

Their prime programs now are to land instruments softly on the moon, and to orbit a space platform manned by an engineer and an astronomer for five to seven days to view the heavens from a space telescope.

Sir Bernard said his information came in a recent trip to the Soviet Union and interviews with the president of the Soviet Academy of Sciences.

News In Brief

ASHEBORO, N. C. — Racial violence struck Asheboro for the first time when four white teenagers were wounded slightly by a shotgun blast outside a newly integrated theater. Five young Negroes stopped after being heckled near the Sunset Theater. Police said the white youths, part of a crowd of about 100, started toward the Negroes and the shooting followed.

MACKINAC ISLAND — Highway Commissioner John Mackie said today he favored a proposal to complete the 41,000-mile interstate highway system two years ahead of schedule.

GLASSPORT, Pa. — Hundreds of workers today dug into piles of debris left by a storm that ripped a path of death and destruction through Glassport and nearby western Pennsylvania communities. Two were killed and some 70 others were injured by the furious assault of rain and wind Saturday night. Damage ran into millions of dollars.

MANILA — The leaders of Malaya, Indonesia and the Philippines ended their summit meeting today with a pledge to work together for peace and progress in Southeast Asia.

CLEVELAND, Ohio — Teamsters Union President James R. Hoffa got a standing ovation Saturday night for his speech at a Junior Chamber of Commerce meeting. Hoffa accused the Kennedy Administration of trying to create a police state. He said "I'm here to excite you tonight; to urge you to recognize there is no difference between you budding management men and me. We have a common cause, the survival of this nation."

Left On Train

With her mother jailed in Wichita, Kan., and her father missing, six-month-old Alison Mihaley is coddled in the home of a couple in Amarillo, Tex. The dark-eyed tot was left on the Santa Fe Railway San Francisco Chief and taken off the train in Amarillo last Friday. — (AP Wirephoto)

K Witnesses Historic Event In Red Capital

MOSCOW (AP) — Representatives of the United States, Britain and the Soviet Union today signed a partial nuclear test ban treaty in solemn ceremonies in the grand Kremlin palace.

Secretary of State Dean Rusk, British Foreign Secretary Lord Home and Soviet Foreign Minister Andrei A. Gromyko put their signatures on the historic document at 4:34 p.m. Moscow time. Premier Khrushchev witnessed the signing.

First Step
"Our three governments," said Rusk, "have today taken what all mankind must hope will be a first step on the road to a secure and peaceful world."

"The treaty we have signed today is a good first step—a step for which the United States has long and devoutly hoped. But it is only a first step. It does not end the threat of nuclear war."

Warning
Rusk warned that it would be impossible "for us to guarantee now what the significance of this act will be."

"History will eventually record how we deal with the unfinished business of peace," he continued. "But each of our governments can and will play an important role in determining what future historians will report."

Rusk made his remarks after putting his signature on the treaty binding the three powers to end

BONN, Germany (AP) — West Germany will not sign the atomic test ban treaty for the time being, Chancellor Konrad Adenauer's chief press spokesman said today. Karl Guenther von Hase said West Germany wants to avoid any misuse of the treaty to increase the prestige of the East German Communist regime.

Walter Ulbricht, the East German leader, wants to sign.

all nuclear weapons testings in the atmosphere, in space and under water. Underground testing is not affected.

Determined Effort
"In a broader sense," Rusk concluded, "the signature of this treaty represents the readiness of the United States to join with the two other original signatories and with other nations in a determined and sustained effort to find practical means by which tensions can be reduced and the burdens of the arms race lifted from the shoulders of our people."

Immediately after the simultaneous signing by the three foreign ministers, Gromyko made a speech hailing the treaty as "a success of the peaceful policy of the Soviet Union."

Champagne Toast
He proposed a champagne toast to peace and friendship among nations. Witnesses to the signing clinked glasses with Khrushchev and U.N. Secretary-General U Thant, another witness who flew to Moscow for the signing.

Khrushchev had met separately before the ceremony with both Rusk and Home and their delegations and with Thant.

Adlai E. Stevenson, U.S. ambassador to the United Nations, and six U. S. senators were present at Rusk's talk with Khrushchev.

Favors Treaty
Sen. J. W. Fulbright D-Ark., chairman of the Senate Foreign Relations Committee, alluded to possible Senate opposition to the treaty.

He remarked to Gromyko: "No one can speak for the Senate unless it speaks for itself, but I am personally in favor of this treaty."

2 Teachers Held For Investigation In Beating Of Boy

DETROIT (AP) — Two grade school teachers, both divorced, were held for investigation today in the reported beating of the 13-year-old son of one while he was tied to a tree.

The women, Mrs. Catherine Trebing, 33, and Mrs. Edith Bates, 37, both teachers in suburban Southgate, were arrested Sunday and taken to Wayne County Jail.

Police said Mrs. Trebing admitted she tied her son, James, to a tree in the yard of Mrs. Bates, her neighbor in Southgate, and said she and Mrs. Bates struck him with a clothesline. James was being disciplined for having run away from home.

Unemployment Dips, But Remains High As 562 Seek Work Here

After a sizable increase during June, the number of job seekers in the eastern half of Marquette County has leveled off, according to Michigan Employment Security Commission files.

Frank B. Paitl, manager of the MESC office here, said today that the office's file of job seekers dropped from 660 in June to 562 in July. A year ago July there were 457 persons actively seeking work through the MESC office.

Paitl explained that the number of job seekers is following a normal seasonal trend, with a jump occurring in June because of high school and college students seeking vacation work.

Of the 562 persons seeking work in July, 182 were women and 95 were veterans.

150 New Applications

New applications for work received at the MESC office during July numbered 150. This compared with 154 during July 1962. The number of new applica-

tions last month dropped from 244 received during June, when students were looking for work.

Of the 150 applications made at the MESC office last month, 64 were from women and 19 were from veterans.

Job placement made through the office during July totaled 72, with 166 job seekers referred for 76 job openings.

Of the placements made last month, three were in the manufacturing field, one was in construction, three were in public utilities, 30 were in wholesale and retail trades, one was in finance and insurance, 14 were in services, 15 were in private households and five were in government posts.

Seasonal Hiring

Paitl pointed out that 30 placements were made in July and 21 in June in wholesale and retail trades.

He noted that this is generally the "big" employment category during the summer months, when stores hire extra help to handle the tourist trade and increased summer buying.

No large increase in employment opportunities is expected in the near future, with most job categories holding a steady level of employment, Paitl said.

Fewer Jobless Payments

Unemployment compensation benefits paid to persons in the eastern section of Marquette County last month were less than in the previous month and less than in the same month last year.

Benefit payments made last month amounted to \$16,014, whereas benefit payments made in June totaled \$18,238 and payments made in July 1962 totaled \$22,203.50.

Due To More Employment

Noting the decrease in benefit payments made last month, Paitl said that a number of people have exhausted claims, but that most of the dropoff is caused by a higher employment figure.

During the first 30 weeks of 1963, he said, \$89,265.50 less was paid out in benefit claims than during the same period of 1962. For the first 30 weeks of 1963 benefit payments amounted to \$300,194.50 and during the same period in 1962 benefit payments amounted to \$389,460.

At All-Time High

WASHINGTON (AP) — Employment in the United States rose to a new all-time high of 70.9 million in July while unemployment showed a substantial although seasonal decline for this time of year, the Labor Department reports.

Gertrude Bancroft, special assistant to the commissioner of labor statistics, said the number

of jobless persons dropped by a half million to 4.3 million in July.

The seasonally adjusted unemployment rate, she said, was 5.6 per cent in July, compared with 5.7 per cent a month earlier and 5.4 per cent in July 1962.

Non-Farm Employment

The increase in total employment, termed a substantially better-than-seasonal-change, was in non-agricultural employment—including the self-employed, unpaid family workers and domestics.

This category reached 64.9 million in July, Miss Bancroft reported, or 1.4 million higher than a year ago.

She said figures compiled thus far by the Labor Department do not include a breakdown on industries in which the big boost occurred. These figures should be available in another two weeks, she said.

The over-the-month employment rise was concentrated among teen-agers and young adults aged 20 to 24, reflecting the high birth rate in the early part of World War II.

Despite the increase in total employment and the decrease in unemployment, joblessness around the country still was 300,000 higher than a year ago because of a rise in the number of young jobseekers over the year.

Emergency Appeal By Marine Union Before State Supreme Court

(Related story on Page 5)

Michigan's Supreme Court was expected to consider today a petition for an emergency appeal filed by District II Marine Engineers Beneficial Association (MEBA).

Through the emergency appeal, MEBA attorneys are seeking suspension of the temporary injunction issued in Marquette County Circuit Court July 18 against seamen's union picketing in Marquette of the Red Wing, an ore carrier owned by Upper Lakes Shipping, Ltd., Toronto.

The petition for an emergency appeal was taken to the Supreme Court by attorneys representing MEBA and Gale Sherbreck, 18, Bay City.

Sentenced Here July 19

Sherbreck was sentenced in circuit court here July 19, pending an appeal to the Supreme Court, for contempt of the restraining order served on him July 12 while he was picketing the Red Wing in behalf of MEBA.

Principal MEBA attorney in the case is A. L. Zwerdling, Detroit, and local counsel is the firm of DeFant and Bridges, Negaunee.

Local counsel for Upper Lakes Shipping Co., Ltd., is John E. MacDonald, Marquette.

In the petition to the Supreme Court, MEBA asks that an emergency appeal be granted, coupled with a stay (suspension) of the proceedings.

'Not Party To Complaint'

MEBA is seeking suspension of the temporary injunction on the grounds that it was not a "party to the complaint" in the case.

The temporary injunction was issued by Judge Ernest W. Brown, Iron Mountain, against the Great Lakes District of the Seafarers International Union "and all organizations acting in concert with the SIU."

The petition also asks that an

order be entered vacating the contempt case and that the proceedings be remanded to circuit court for hearing and the record returned to the Supreme Court for decision.

Rights Challenged?

After the temporary injunction was issued by Judge Brown, attorneys for the Great Lakes District of the SIU said they were asking leave to appeal the judgment to the Supreme Court.

The petition now before the Supreme Court is a move for immediate action by MEBA, which states that it "fears immediate and irreparable deprivation of its constitutional and lawful rights, if required to follow the procedure

for application for leave to appeal."

Action Called 'Coercion'

In the injunctive judgment, Judge Brown declared that "the real purpose of the picketing is to coerce Upper Lakes and to compel it and its employees to become members of the SIU."

Since the judgment was issued, the Red Wing has been picketed in Marquette by men carrying MEBA signs on July 19 and July 27. Two pickets were arrested in the July 27 incident at the Lake Superior and Ishpeming Railroad Co. dock, after they continued to picket in defiance of the injunction served on them.

Beatings Charged

CHICAGO (AP) — Two SIU agents pleaded innocent in Duluth, Minn., July 30 to federal grand jury indictments charging they and two others had beaten and intimidated four Duluth seamen.

The union squabble was blamed for a dynamite blast at the Toledo, Ohio, port Thursday, which damaged Wabash railroad tracks leading to Anderson's grain elevator.

The blast was the second on Wabash property near the Maumee River elevator in recent weeks. A third blast occurred near the Mid-states Terminal grain elevator on the east bank of the Maumee.

Court restraining orders against picketing of Upper Lakes boats are pending at Superior, Wis., and at Toledo, Ohio.

So far this shipping season, three Upper Lakes vessels have run aground because tugs have re-

fused to help them. The skipper of an Upper Lakes boat was beaten up in downtown Cleveland but boarded craft and left town declining medical assistance.

Officials of the United States and Canada will make a new effort Monday to settle the dispute. George Haythorne, Canada's deputy labor minister, will meet in Washington with Secretary of Labor Wirtz and Asst. Secretary James J. Reynolds.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

City Traffic Study Set At Intersection

City officials will make a study of the traffic situation at the corner of Fifth and W. Washington Sts.

The Marquette City Commission requested City Manager Thomas Moore and Chief of Police Donald C. Hermanson to study the traffic situation at that intersection, after several requests for "doing something there" had been received.

Commissioner Elmer K. Carlson said complaints had been received from a number of persons who said they have had a lot of difficulty driving onto Washington St. from S. Fifth St., especially during the noon or evening dinner hours.

With a stoplight change at the Fourth St. corner, traffic proceeding westward prohibits motorists on S. Fourth St. from making a left turn onto Washington St. Parking hinders vision.

There likewise is difficulty experienced in turning left onto Washington from N. Fifth St., but traffic in this direction is not as heavy as it is from S. Fifth.

Another obstacle for motorists on S. Fourth St. from making a Washington St., hindering their vision and causing them to inch out onto Washington before determining whether traffic is clear.

Five Ticketed, Eight Autos Damaged In Area Accidents

Five motorists were issued tickets and eight automobiles were damaged, but no one was injured, in five area traffic accidents which occurred during the weekend.

1. At 7:30 last evening a car being driven south on County Road TP by Rene DeVooght, 36, Route 1, Marquette, and an oncoming vehicle operated by Thomas Swenor, 50, of 231 Jackson St., Marquette, collided a mile south of County Road 545, in West Branch Township.

State police said DeVooght was on the left side of the highway on a sharp left curve, with the automobiles colliding almost head-on.

The left front of DeVooght's car, a 1962 station wagon, and the front end of Swenor's automobile, a 1957 station wagon, were damaged. Both vehicles were driven from the scene under their own power.

State police ticketed DeVooght for driving to the left of the centerline.

2. An automobile being driven north on M-35 by Letus Driver, 40, K. I. Sawyer Air Force Base, went off the left side of the highway, five miles south of Little Lake, in Turin Township, and crashed into the ditch, at 10 Saturday night.

Driver told state police he may have dozed off momentarily at the wheel. Extensive damage occurred to the front end of his automobile, a 1956 coach, which had to be hauled from the scene by a wrecker.

State police arrested Driver for failing to report a property damage accident and also ticketed him for violation of the basic speed law.

3. At 8:40 last night a car being driven east on U.S. 41 by Donald McLennan, 31, Laurium, smashed into the rear end of an automobile operated by George Schoeneman, 42, Plymouth, Mich.,

at the Evergreen Drive-In Rd., in Ely Township.

State police said Schoeneman had stopped for oncoming traffic before attempting a left turn.

Extensive damage occurred to front end of McLennan's car, a 1959 sedan, and to the rear end of Schoeneman's automobile, a 1962 four-door sedan. Both vehicles had to be hauled from the scene by wreckers.

State police issued McLennan a summons for failing to stop in an assured clear distance ahead.

4. An automobile being driven north on M-35 by Linda Perkins, 19, Skandia, went out of control and rolled over, two miles south of County Road 456, in Forsyth Township, at 6 yesterday morning.

She told state police a deer ran across the highway, causing her to lose control of the vehicle. The car went off the roadway and rolled over, coming to rest on its wheels and facing south.

Extensive damage occurred to the top and both sides of the car, a 1954 sedan, which had to be removed from the scene by a wrecker.

Miss Perkins was issued a ticket by state police for a speed law violation.

5. At 5:20 yesterday afternoon a car being backed up from a parking place in the Shiras Pool parking lot by James Milnes, Route 1, Box 4, Teal Lake Ave., Negaunee, bumped into an automobile being driven northwest in the parking lot by Ann LaFortune, 1314 N. Third St.

William Gilmore, 24, of Detroit, was killed Sunday when he was struck in the throat by fan blades which tore loose from their mountings as he repaired a car engine.

Heikkila is a sophomore at Concordia Theological Seminary, Springfield, Ill. Gunard graduated from Gravenet High School, Marquette, and he attended Concordia College, St. Paul, Minn.

He plans to become a minister in the Lutheran Church — Missouri Synod.

The E. A. Heinecke Agency, Wausau, of Aid Association for Lutherans serves eligible Lutherans in this area. Urbo Lammi, Houghton, is the district representative.

also lists the U.P. field archery championships to be held in Marquette Aug. 31 - Sept. 1.

Another Hit Scored Here By Weather

Weekend weather scored another hit in the Marquette area, with lots of sunshine and "just right" temperatures.

Scattered thundershowers were expected this afternoon or evening, Emil Ellingson, meteorologist at the U.S. Weather Bureau in the federal building here, said this morning.

However, mostly warm weather is predicted through Saturday evening.

The sun was out 100 per cent of the possible time from dawn to dusk yesterday and 62 per cent of the possible time Saturday.

As has been the case most weekends this summer, beaches and picnic areas were crowded.

Yesterday was the first day this month that the temperature has

averaged below normal and the average temperature for the first four days of the month is one and a half degrees above normal.

The average temperature yesterday was 66, which was two degrees below normal, with a high temperature of 74 and low of 57.

Saturday's average temperature was two degrees above normal. With extremes of 75 and 64, the average for the day was 70.

Overnight the low temperature was 64. Overnight temperatures in other areas of the Upper Peninsula were in the low 60s, except for Sault Ste. Marie, where the mercury got down to 48 last night.

Precipitation over the weekend amounted to only a trace, which occurred on Saturday. It was the only rainfall since the first of August, but normal amount of precipitation for the month through today is a half inch.

Last measurable amount of rain here was .30 of an inch on Wednesday.

Precipitation so far this year is exactly four inches below the normal amount. Normal amount is 18.27 inches and precipitation for the year through today totals 14.27 inches.

With warmer weather expected for the next five days, temperatures are expected to average two to four degrees above the normal high of 76 and low of 59.

Precipitation in the next five days is expected to total one-half to three-fourths of an inch, in scattered showers occurring mostly near the end of the week.

City Student Gets Lutheran Scholarship

Gunard Heikkila, son of Mr. and Mrs. Wilmer Heikkila, 808 S. Lake St., has been awarded a scholarship from Aid Association for Lutherans, a fraternal life insurance society with home office in Appleton, Wis.

Heikkila is a sophomore at Concordia Theological Seminary, Springfield, Ill. Gunard graduated from Gravenet High School, Marquette, and he attended Concordia College, St. Paul, Minn.

He plans to become a minister in the Lutheran Church — Missouri Synod.

The E. A. Heinecke Agency, Wausau, of Aid Association for Lutherans serves eligible Lutherans in this area. Urbo Lammi, Houghton, is the district representative.

also lists the U.P. field archery championships to be held in Marquette Aug. 31 - Sept. 1.

Highlights In Peninsula For August Noted

A week-long celebration marking Menominee County's 100th anniversary and the Upper Peninsula State Fair at Escanaba highlight August activities in Upper Michigan.

Stage shows, fireworks, parades, queen coronation, whicker judging contests, log-rolling exhibitions and industrial and farm tours are part of the program being held in Menominee County's centennial celebration this week.

The observance is centered in the City of Menominee — a tiny trading post 100 years ago and once the busiest lumber shipping port in the world — but part of the celebration will take place in the mid-county community of Stephenson.

The week-long event in Menominee will be climaxed Saturday, with the main centennial parade, a historical time capsule ceremony and an official whicker shaving contest.

The U.P. State Fair and Next Week U.P. State Fair, which attracts visitors from throughout the region, will take place at the fairgrounds in Escanaba Aug. 13-18.

Another Delta County attraction for August was the "Blessing of the Fleet" ceremony at Fayette yesterday. Bishop Thomas L. Noa of Marquette blessed the fleet.

The Upper Michigan Tourist Association's calendar of events

also lists the U.P. field archery championships to be held in Marquette Aug. 31 - Sept. 1.

Wage Dispute On Prison Job Settled

A wage dispute which had temporarily stalled a construction project at the Marquette State Prison has been settled and the matter has been referred to the Michigan Labor Mediation Board.

Following the denial of the petition for an injunction, the parties involved agreed on a temporary settlement of the wage dispute. The issue will be submitted to the mediation board for final determination.

Marquette County Circuit Court Judge Bernard H. Davidson denied the petition for an injunction filed by an Iron Mountain construction company involved in a wage dispute with laborers at the site of the Marquette State Prison's new dormitory at the Mangum Farm.

Picketed Two Days

Two men, members of the Construction and General Laborers Union, Local 1329, AFL-CIO, stood picket duty at the dormitory construction site on Wednesday and Thursday.

The union claimed that the contractor, Cowell and Brosio, Inc., Iron Mountain, paid unfair wages and that working conditions were inferior and did not meet the standards of other employees in the construction industry.

Company Sought Injunction

The construction firm, represented by Attorney V. Robert Payant of Iron Mountain, sought the injunction in Marquette County Circuit Court last week to prevent picketing.

Business agents for the local are Cornelius Alessandrini Sr. and Cornelius Alessandrini Jr. The union was represented in the hearing by Michael F. DeFant, Marquette, and E. Nickolas Bridges, Negaunee.

Nine Persons Die In State Road Mishaps

(By the Associated Press)

Two young Bad Axe men died in an automobile crash Sunday and seven other persons were killed in separate accidents to boost Michigan's weekend traffic toll to at least nine.

In addition, weekend drownings claimed at least 10 lives and two persons were killed in miscellaneous accidents.

The Associated Press weekend death count began at 6 p.m. Friday and ended at midnight Sunday.

The victims included:

Traffic

James L. Smith, 17, of Vandercook Lake, was killed Saturday when his car skidded off Brown's Lake Road, south of Jackson, and struck a tree.

Mary Desilets, 42, of Madison Heights, was killed Saturday when the car in which she was riding ran off an Antrim County road.

Wellington Edward, 26, and Robert Gage, 22, both of Bad Axe, were killed Sunday when their car left the road and rolled over off M 142 just west of Bad Axe.

Alfred Arnold, 19, of Saginaw, was killed Sunday when his car ran off the road and into a ditch just outside of Saginaw.

Struck By Car

James Hickman, 4, of Detroit, was killed Saturday when he was struck by a car in Detroit.

Clifford Boyce, 31, of Chase, was killed Sunday when his car rolled over near Reed City.

Peter Kavanaugh, 20, of Carson City, was killed Sunday when his car ran off a road and overturned about three miles northeast of Ionia.

Elbert H. Riche, 19, of Algonac, died Sunday when his car collided with another auto at the intersection of M-59 and Elizabeth Road in Macomb County.

Drownings

Pamela Wilson, 8, of Rockwood,

Scow rides at anchor while repair work continues on the Straits of Mackinac cable lying across its bow. A plastic covered hut protects workmen. Inset, a portable microwave installation (at right) was erected next to the regular tower to provide additional communication channels for uninterrupted service across Straits during the cable repair operation. — (Michigan Bell Magazine photos.)

City Man Observes Repair Of Straits Cable He Helped Lay

Division Plant Engineer Douglas Hartz of Marquette watched intently as an underwater telephone cable was hoisted out of the chilly depth of the Straits of Mackinac recently.

Almost 35 years ago, in the fall of 1928, he had helped lay this cable between Michigan's two Peninsulas. Hartz was then a 19-year-old testman.

Also keenly observing the operation was Splicer Ray McCloskey of Escanaba, who at that time was 18 and had assisted in splicing the cable into a span of nearly four miles.

Battered By Ice

Earlier this year, after being battered by the ice of 35 harsh winters, only half of the original 54 cable pairs still could be used.

Tests had pinpointed much of the trouble at the first splice 2,100 feet off the St. Ignace shore and Hartz had

recommended that repairs be made.

Before the work could be started, the cable had to be lifted from the lake bed and laid across a barge hired especially for the job.

And since the cable would be out of service during repairs, a portable microwave system had to be set up temporarily to help the communications channels across the Straits at full capacity. **Still 'Bone Dry'**

Even after its many years beneath the water, the splice was still bone dry. But the strain of weather had so loosened wire ends that it was necessary to replace the splice.

So that ice and storms wouldn't be able to separate the wires a

second time, a special submarine splice case was clamped to the armor on each side of the splice.

Today the dependable old cable is once again the primary communications link across the straits.

Chimney Blaze Extinguished By City's Firemen

Marquette's fire department was called out at 4:25 Saturday afternoon to put out a chimney blaze at the residence of Edward Rivord, 2318 Wilkinson Ave.

Firemen used the booster hose off the service truck to extinguish the blaze, which they said was caused by a dirty chimney.

Six firemen responded to the call, with the service truck and the No. 2 (1,000-gallon) pumper. They returned to the station at 4:57 p.m. There was no damage.

Tourist Association To Tell Solons Effect Of Wage Law

Effects a minimum wage law would have on the resort industry, particularly as it would apply to seasonal operators, will be outlined for state legislators by the Upper Michigan Tourist Association at a hearing in Escanaba Tuesday, Aug. 13.

The hearing is one of 12 to be conducted throughout the state by a Senate-House study committee, according to Rep. Don Gordon (R-Leland), chairman. Only other U.P. session planned by the group will be on Mackinac Island Monday, Aug. 12.

Both employees and employers have been invited to testify at the hearings, to provide information that will help the committee shape its report to the State Legislature next January. Each witness will be restricted to 10 minutes.

No Official Position

The Upper Michigan Tourist Association, which is headquartered in Marquette, representing tourist operators and other business and industrial interests throughout the Peninsula as well as community and county governing bodies, took

no official position on a minimum wage bill considered by the Legislature earlier this year.

But it is known that many of its members regarded the 1963 measure — as passed by the Senate but not by the House — as a potential death knell to their business.

Few, if any, oppose a minimum wage law. But they believe it should contain provisions that protect seasonal operators.

Seasonal Effects

They point out that, unlike year-round businesses, motel and summer resort operators must obtain revenue during the few months they are open to meet certain fixed expenses. Taxes, mortgage payments and maintenance costs are among such items.

Many of the operators hire employees on a seasonal basis, thus for instance, permitting students to earn money to continue their education and retired persons to supplement their income. Some employees receive "tips" in addition to their pay. Others are given

lodging and/or meals as part of their compensation.

'Merits Apparent'

"The merits of a state minimum wage law are apparent, and we do not oppose passage of such legislation," a UMTA representative stated.

"However, we do believe that the position of the tourist industry should be considered in formulating a measure to be presented to Legislature and that protection be accorded operators who would be adversely affected.

"One possible result of minimum wage legislation, as we see it, would be a price or rate increase that would include a provision against gratuities by guests to employees.

"Such action would, we believe, bring about a downturn in the type of service now rendered by employees of Upper Peninsula resort establishments.

"We invite any interested persons to attend the hearing in Es-

canaba and to help present our position to the minimum wage study committee."

Union Chief Comments On Railway Situation

WASHINGTON (AP) — AFL-CIO President George Meany said that if Congress is going to strike it might as well nationalize the railroads.

Uneasy Lull In Rivalry Of SIU, CMU

CHICAGO (AP) — An uneasy and unresolved lull prevailed at Great Lakes ports today in the bitter rivalry between two maritime unions which has been marked by shootings, beatings, court injunctions and top level discussions between the United States and Canada.

The Canadian Government views the situation so seriously that Prime Minister Lester Pearson has indicated he will call Parliament back from summer recess immediately if matters grow worse on the waterfronts.

Judicial Dispute

The judicial dispute is between the Seafarers International Union and the Canadian Maritime Union.

It started last year after Upper Lakes Shipping Ltd., of Toronto, signed crews with membership in CMU. The shipping company contended it had experienced too many contract difficulties with SIU in previous years.

Blasts In Marquette

The subsequent dispute has been marked by various forms of violence.

Two dynamite blasts which police said could be connected with the dispute caused minor damage at railroad tracks in two sections of the harbor at Marquette, Mich., July 25. An Upper Lakes boat, the Red Wing, was due to arrive there to take on a load of ore.

Court restraining orders against picketing of Upper Lakes boats are pending at Superior, Wis., and at Toledo, Ohio.

So far this shipping season, three Upper Lakes vessels have run aground because tugs refused to help them.

Marquette's Market Ranking

On the basis of its economic strength, as exhibited in the past year, Marquette is ranked high as a retail market.

The city's market standing, relative to that of other communities, is indicated in a new, copyrighted "Survey of Buying Power," released by Sales Management.

The amount was much greater than might have been anticipated on the basis of population alone.

The advance was not limited to any particular retail lines, although the automobile business was a star performer.

pliances and refrigerators. The gains were achieved despite warnings of a probable business slump and despite the stock market break in the spring.

The survey shows that net earnings locally, after deducting personal taxes, came to \$37,666,000, an increase over the prior year's \$35,513,000.

The relative standing of one community to another, with respect to purchasing ability and business vitality is shown through an "index of sales production," which considers population, income and spending.

He enjoys much who is thankful for little; a grateful mind is both a great and a happy mind. — Thomas Secker

Going places: Taking trips far or near to strange or favorite spots, perhaps into the wilderness or to the big city or both; the excitement of planning and packing; getting away on your own; seeing new people, new ways of doing things this is exploring — And a cruise to Isle Royale is sea exploring.

This year 11 members of Marquette Sea Scout Ship 303, S.E.S. Spindrift, are on their 10th annual cruise to Isle Royale National Park.

Members of Sea Scout Ship 303 have cruised to Isle Royale every summer since 1954. Their first trip was made with their 25 foot motored surfboat, Polaris I.

On Monday a man named Henry Roberts, employed by the Jackson Iron Co., was kicked in the back by a horse and seriously injured.

We saw an immense safe at the depot the other day for the First National Bank. As the safe seems about as large as the building the bank occupies, how are they going to use it?

Two men were caught last week attempting to break into a freight car on the North West-ern track. They were arrested, and taken to Marquette and lodged in jail.

Dr. A. Brodeur, dentist, office over Dr. Cyr's drugstore. Teeth extracted without pain by the administration of nitrous oxide gas, which is endorsed by all scientific men as the safest anaesthetic known. (Adv.)

that ways and means of securing funds for the erection of a new convent school would be considered at next Sunday's services.

The Ishpeming mixed choir carried off the honors in the contest at the Finnish Temperance Society's picnic yesterday afternoon, winning the first prize of \$20 and the harp.

As most of the musicians will be absent from town, Trombley's orchestra will not run an excursion to Presque Isle this week, postponing it until next week.

"Ordinance 13," the one relating to cows, has finally been made effective for the first time in all the years it has been on the city's statute books.

The city rock crusher will be moved to the Maas bluff today and will be put into commission at once.

The National Whirligig

BY ANDREW TULLY

WASHINGTON — In democracy's fair name, we put up with a lot of vicious and imbecile jazz from minority groups in this country.

These addle-headed weepers are now whimpering that Uncle Sam had a nerve and no legal right to sack a dozen members of the Negro club from their government jobs.

Islam is nonexistent at this writing, being a state the Black Muslims hope to create either here or in Africa so they won't have to associate with whites.

Not Quite Loyal According to the Civil Service Commission, all 12 Muslims took an oath of allegiance to the Constitution, as required by law.

As is done with all probationary employees, the Muslims were asked whether in the event of a conflict between Islam and the United States they would defend Islam or the U. S.

As far as practicable, the CSC should double-check all Black Muslim members who work for the government, even if it costs a few extra bucks.

What is incredible is that even

at this late date, and allowing for the wilderness of so many of the nation's less rational rights groups, there could be any fuss made about a government's minor exercise of the right of self-preservation.

been a marine radiotelephone and Coast Guard approved life jackets. Other money raising projects of Ship 303 are the preparing and marketing of a gasoline heater, operation of marine gas service in the lower harbor and delivering handbills.

It is possible for a Sea Scout to earn enough points and money credit to take part in all of our activities without having to take any money out of the pocket expenses.

Besides earning the way to go on the annual cruise they are busy through the winter months planning on where their next trip will be, looking over charts and maps, getting their cooking and camping equipment ready and preparing menus.

So as the summer weeks pass by and they have made their annual trip to the bay jammer and after returning to Marquette with their broom high in the air, the time draws near for them to really get into high gear and start packing for their cruise to Isle Royale.

Food is purchased, "wanigan boxes" are packed (so called because they put everything in them that they will want again), special crews are formed, those Sea Scouts with the most points getting the choice positions.

Ship 303 has several money raising projects. Our most successful and fruitful has been the sponsorship of teen-age waterfront dances.

On Saturday the crews began to come aboard. The weather was checked, and as departure time drew near and all hands were aboard, the dock lines were cast off and they were on their way.

The General's Press Conference

BY WALTER LIPPMANN

Although, as expected, Gen. de Gaulle will not himself sign the test ban, in his press-conference last Monday he gave it his blessing: "The Moscow agreement . . . which has been concluded between the Anglo-Saxons and the Russians . . . appears satisfactory to us, and we even share in the joy so eloquently expressed by President Kennedy . . . concerning this event."

The explanation began with an acknowledgement, more explicit than any previous one, that at the present time and for some years to come the peace of the world rests on the balance of nuclear power between the Soviet Union and the United States.

It is within the shelter of the USSR-USA nuclear truce that the general is conducting French policy. Given the nuclear truce, the critical question for him is how subsequent relations within the Western alliance and relations with the East are to be conducted.

So as the summer weeks pass by and they have made their annual trip to the bay jammer and after returning to Marquette with their broom high in the air, the time draws near for them to really get into high gear and start packing for their cruise to Isle Royale.

Food is purchased, "wanigan boxes" are packed (so called because they put everything in them that they will want again), special crews are formed, those Sea Scouts with the most points getting the choice positions.

WDMJ, Booster Club Will Sponsor Weekly Record Hops For Students

WDMJ, The Mining Journal station, in cooperation with the Bishop Baraga High School Booster Club, will inaugurate a series of weekly record hops for high school students in the radio station's listening area on Wednesday night. The dances will be held in the new gymnasium of the Bishop Baraga High School and will be adequately chaperoned by members of the booster club and their wives.

Eldon Wallace, WDMJ program director. Other WDMJ announcers who will take part in presenting the dance night programs are Paul Donovan, James LaFortune and William Bonick. — (Mining Journal photo.)

To assure the best possible quality in music, WDMJ has purchased the most modern portable turntable and speech unit available. A self-contained unit consisting of two turntables, speech console with two microphone inputs, the unit simultaneously can furnish on-the-scene amplification of sound for public address systems and radio broadcast lines. The dances, which will be restricted to bona-fide high school students, will be held each Wednesday from 8:30 p.m. to midnight during the summer. The dance nights will be changed to Friday evenings when school opens.

Salo-Berggren

(Lemon Studio Photo.)

In a candlelight ceremony in the First Presbyterian Church at 7 p.m. Saturday, Miss Sally Pauline Salo, daughter of Dr. and Mrs. W. D. Salo, 427 E. Michigan St., and Franklin Forrest Berggren, Menominee, exchanged their nuptial vows before the Rev. William T. Payne.

The bride wore a gown of white tulle trimmed with a Persian blue chiffon sheath with white accessories, and Mrs. Berggren wore a dress of black and white jersey with white accessories. They wore identical corsages of white carnations and pink sweetheart roses. Mrs. W. T. Menge,

L'Anse, and Mrs. David Salo, Marquette, grandmothers of the bride, wore corsages that were gifts of the groom.

The new Mrs. Berggren is a graduate of John D. Pierce High School. She attended Michigan State University and Northwest Institute of Medical Technology, Minneapolis. The groom graduated from Menominee High School and is associated with his father in the operation of the Royal Berggren Dairy Farm, Menominee. Following their wedding trip to

'Good Mood' Earns A Kiss

Fashion Designer Yves Saint-Laurent receives a kiss from model Eva after the showing of his fall and winter fashions in Paris last week. Saint-Laurent called the lavish collection the "Good Mood" Sports and evening wear claimed most of the interest of the collection which produced no radical changes. (AP Wirephoto.)

'Carnival' Presented In Calumet

CALUMET — Just about everything in a carnival except its sawdust will be brought to the stage of the Keweenaw Playhouse Aug. 6 through 11 when the long run Broadway musical hit, "Carnival" will be presented with Joan Kroschell starred in its central role.

"Carnival" is the stage musical version of the memorable movie called "Lili." It is a tender, romantic tale set in the tinselly world of a smalltime circus on its travels to little towns in southern France.

Leland Ball has directed this recreation of a carnival's hurdy-gurdy world, and Miss Kroschell's supporting cast includes Ken Bridges as the touchy puppeteer, Don Jacob as the flashy magician and Gail Arcus as Rosalie, his jealous partner.

Mavis Ketola Weds Robert Jancsi In Gwinn Church

GWINN — In a double ring ceremony July 27 at 4 p.m. in the Grace Lutheran Church, the Rev. Edward Leppaluoto united in marriage Mavis Ketola, daughter of Onnie Ketola of Princeton, and Robert Jancsi, son of Mrs. William Jancsi of Cleveland.

The couple was attended by Mrs. Lois Jacobson and Paul Ketola. The bride wore a gown with a white lace bodice, featuring a Sabrina neckline, long sleeves tapered at the wrists and a skirt of chiffon over taffeta. Her veil was held in place by a tiara of baby pearls, and she carried a colonial bouquet of pink roses and white pompons.

Mrs. Jacobson wore a blue nylon dress. Her corsage was of white mums and pink roses.

A reception was held in the bride's home in the evening. The bride is a graduate of the Gwinn High School. The groom graduated from Brooklyn High School in Cleveland. The young couple will reside in Princeton. Guests from Houghton, Carney and Daggett attended the wedding.

Laura Embley, Maude Kronquist Paintings Exhibited

Artists who will have paintings on display in the Student Center lobby at Northern Michigan University during August and September are Laura Embley and Maude Kronquist.

Both artists are members of the Lake Superior Creative Arts Association.

Paintings by Mrs. Embley will be two abstracts done in lacquer paint, a work titled "Moon River" done in polymer tempera and a figure done in oils.

The two paintings on exhibit by Maude Kronquist will be watercolors, a Lake Superior scene and a fish dock scene.

Derby-Narotzky Duo Place First In Bridge Event

Mrs. E. L. Derby and Mrs. Nathan Narotzky scored 61.97 per cent to place first in Superior Duplicate Bridge Club play Friday evening in the Clifton Hotel.

Mr. and Mrs. Bernard Schmelzler took second with 55.72 per cent. Placing third was Mrs. Russell Adams and Mrs. Ray Windus with 55.20 per cent. Fourth was Helen Winter and Mrs. Earl Makela, scoring 52.60.

Next Friday's play will be held at the residence of Rollin Thoren, 431 E. Ridge St., beginning at 7:30 p.m. The following week, play will again be resumed at the Clifton Hotel.

Voegtline-March

(Photo by Don L. Schrader)

GWINN — Marriage vows were exchanged July 27 at 2 p. m. in the Gwinn Methodist Church by Kaye Lorraine Voegtline, daughter of Mr. and Mrs. Newell Voegtline of 614 Pine St., Gwinn, and A/C Charles Edward March of the K. I. Sawyer AFB, son of Mr. and Mrs. Sawyer March, 4262 W. 220th St., Fairview Park, Ohio.

The Rev. Everett Erickson performed the double ring ceremony. Decorating the altar were bouquets of pink and white gladioli banked by candelabra. Mrs. Bruce Joyner, accompanied at the organ by Mrs. Alden Trombly, sang "O, Perfect Love" and "The Lord's Prayer" while the couple knelt at the altar. The bride, who was given in

marriage by her father, wore a gown of pure silk organza over taffeta, featuring a scoop neckline, three quarter sleeves and controlled short skirt. An applique of imported French Peau de Onge lace trimmed the bodice and was applied to the dainty silk skirt. A crown of aurea borealis crystal held the triple tissue English illusion in place. Her crescent-shaped bouquet was of pink sweetheart roses and feather carnations.

The maid of honor, Miss Priscilla Ann West of Marquette, wore a mint green tulle gown, street length, and matching head piece. Her colonial bouquet was of yellow roses and white carnations. Miss Rebecca Mead was the flower girl. She was gowned in pink organza with a white lace bodice and sleeves and matching pink and white headpiece. She carried a white basket filled with pink and white flowers.

A/C James Jeffords of Sawyer AFB was the best man. Ushers were Keith Wilks, uncle of the bride, and Gary Erickson, both of Gwinn.

For her daughter's wedding, Mrs. Voegtline wore an aqua and silver brocade sheath with bone accessories. The groom's mother wore a two-tone chiffon with draped bodice and overskirt and matching accessories. They each wore a corsage of pink sweetheart roses and white carnations. Mrs. Clyde Sarasin, grandmother of the bride, wore a pastel blue dress with white accessories. Her corsage also was of pink sweetheart roses and carnations.

Wedding Trip To Cleveland

A rehearsal dinner was hosted Thursday evening in the Northwoods Club by the parents of the groom. A reception followed the marriage ceremony in the parlors of the church for 150 guests.

The young couple made a wedding trip to Cleveland. They will reside at Spruce St., Gwinn.

The bride is a graduate of the Gwinn High School and is presently employed as a secretary at Sawyer AFB. The groom is a graduate of the West High School, Cleveland, and currently is serving at Sawyer AFB.

Out-of-town guests included Mr. and Mrs. Charles March and daughter, June and Richard Kruezer of Cleveland; Mr. and Mrs. S. J. Ward and son, Green Bay, Wis., and Mr. and Mrs. Floyd Del Bello of Ewen.

Lone Girl Majoring In Forestry

TORONTO — The first and only girl to study forestry at the University of Toronto is known as "Rosie the Lumberjack" by her male classmates.

But 5-foot-3 115 - pound Marie Rauter is a far cry from the husky Bushwhacker the nickname implies. She's shapely and feminine and even after a year and half her classmates regard her with a mixture of affection and lingering suspicion.

'Awful Teases' She calls them "My hundred brothers" and says they're "awful teases." They still play pranks on her and on one occasion slipped a salamander down the back of her dress.

"But at least I'm not ignored," Marie says. "They're aware that I'm around."

When she registered in the four-year course the dean warned her she might not be accepted by the male students. She admits that at first she did feel out of place. "Everyone teased me, saying I took the course so I'd catch a husband. But I soon convinced them I'm not interested in marriage yet. I'm interested in forestry."

Doesn't Like City

Since it's almost impossible for a woman to become a camp foreman or head a logging operation, Miss Rauter plans to get her M. A. and eventually her Ph. D. and then go into forestry research. Other branches open to her are reforestation and forest management.

Nevertheless, there's nothing she enjoys more than roughing it in the bush as she did last summer working in field research at Long Lac, 200 miles north of Port Arthur. Next summer she will spend two weeks at a logging camp.

Threesomes Listed For Wednesday Afternoon Golf

Threesomes for this week for women golfers playing Wednesday afternoon at the Marquette Golf and Country Club were announced today as follows:

- Starting from No. 1 tee: 1 p. m. — Ruby Carter, Sallie Chisholm and Grace Denny.
- 1:05 — Becky Florin, Ellie Polzin and Marion Cory.
- 1:10 — Helen Hettie, Marge MacDonald and Theresa Mueller.
- 1:15 — Louise Beldo, Agnes Micklow and Ann Frazier.
- 1:20 — Lola Salo, Peg Dahlke and Alice Mason.

Starting from No. 5 tee: 1 p. m. — Norma Biolo, Vera DeHaas and Lu Lake.

1:05 — Louise Rushton, Jane Kendricks and Carolyn Johnson.

1:10 — Alice Baldwin, Peg Fimlinger and Peg Gustafson.

1:15 — Sally Breenner, Marie Lowe and Bobbie Boffilo.

1:20 — June Snyder, Louise DeHaas and Ethel Connors.

In last week's golf, Ethel Connors carded low net. In team play, the Putters have 35 points, the Drivers 31 and the Chippers 21.

In bridge, Caroline Treloar placed high and Rena Bruce second.

Coffee will be served following Wednesday's golfing.

Ever mold hamburger beef in porterhouse-steak shape and broil? Lift with a couple of wide spatulas or pancake turners

Engaged

Mr. and Mrs. Philmore Anderson, Ishpeming, announce the engagement of their daughter, Karen Elizabeth, to A/C Jay R. Christ, K. I. Sawyer Air Force Base, son of Mr. and Mrs. J. B. Christ, Quincy, Ill. An October wedding is planned.

Fall Fashion Show Study In Elegance

PARIS — Buyers and department store executives have given glowing descriptions of Givenchy's new fall and winter fashions. They called the showing a display of total elegance.

Contrary to most other houses, Givenchy and Balenciaga reserve their first showings for buyers, rather than fashion writers. The press is given its first look much later. Balenciaga will show today.

Used No Gimmicks

Those present at Givenchy's showing said he had used no gimmicks, presented nothing spectacular but achieved the elegant overall look through cut and details. Everything was in contemporary style, with no dependence on flashbacks or historical reminiscences.

Givenchy revived the fitted suit, with the wrist-length jacket cinched at the waist. His second suit silhouette is cropped at the hips and belted just above. In contrast to his previous collarless line, this season he shows small tailored collars with high notches.

Full Skirted Coat

Some of the suits are worn over unbelted contour sheaths. There are no blouses in the collection.

Givenchy also introduced a new full skirted coat. Fitted redingotes have narrow backs and are belted high in front. Some have half shoulder capes halfway around, others all around.

Baraga County Dairy Day At Pelkie Aug. 7

L'ANSE — Wednesday will be Dairy Day in Baraga County! Farmers, 4-H'ers, extension club members, princess candidates and a host of county residents will be in hand to take part in the 23rd annual "county fair" festivities.

According to Reuben Turunen, president of the Baraga County Dairy Herd Improvement Association, and Urho Wuori, DHIA director, a larger number of dairy cows — all with production records — will be shown Wednesday than in any previous year.

Twenty county dairymen will show cattle from their herds and an additional 25 or 30 animals will be shown by 4-H Club members. The animals will be judged by C. J. Little, Chatham, dairy extension specialist, and Frank Molinere, Dickinson County extension director.

Exhibits At School Tuesday
Women's extension club mem-

bers are asked to have their exhibits delivered to the Pelkie School by tomorrow evening, since judging will get under way at 9 Wednesday morning. Rating the homemaking exhibits will be Mrs. Ingrid Bartelli, Marquette, MSU consumer information agent, and Miss Marvyl Intermill, Houghton, Upper Peninsula Power Co. home service representative. K. J. Mollanen, Ontonagon County extension director, will judge the 4-H exhibits.

In addition to the regular exhibits and animal competition, a full program awaits Dairy Day visitors. The dairy princess, who is to be selected Tuesday evening, will be crowned at 9:30 in the morning. The Golden Eagles Drum and Bugle Corps — last year's state champions and runners-up this year — will perform and a group of 4-H Clubbers will present a square dance routine. In addition, a number of acts will be offered by members of the Share the Fun Club.

C. J. Dubuque, president of the Commercial Bank of L'Anse, will present the "Outstanding Dairyman" award to members of the Charles Tervo family of Keweenaw Bay. Presentation of the grand prizes in each category will complete the day's activities.

The dairy princess crown will go to one of 10 contestants, all of whom are either farm girls or 4-H Club members between the ages of 15 and 18. According to Baraga County Agricultural Agent

SALLY NARHI

SHIRLEY RISKU

SHIRLEY PARKILA

DARLENE WUORI

G. F. Biekkola, the girls will be judged on natural beauty and vitality, mannerisms and power of expression, naturalness, poise and personality, knowledge, general intelligence, general appearance and style and on a two-minute prepared speech. The princess committee is comprised of Mrs. Ronald Mollanen of Pelkie, Mrs. Wayne Heikinen of Baraga and Mrs. William Saarinen of Watton. Last year's dairy princess, June Myllyla will relinquish her crown to the new princess.

The ten girls entered in the Princess contest are:

sponsored by the L'Anse Lions Club; will be a senior at L'Anse High School in the fall. She has been active for seven years in 4-H Club work, completing projects in dairy work, clothing, saddle horses and rifle. She is a member of Bethany Lutheran Church.

Cynthia Gasner, 16, Watton, sponsored by the Baraga County Women's Extension Council. She will be a junior at L'Anse High School this year. Active in 4-H work for five years, she has studied sewing, knitting, conservation and wildflower identification. Her hobbies include skiing, knitting

and swimming. Mary Lehto, 17-year-old daughter of Mr. and Mrs. Donald Lehto, Baraga Township, represents the Sturgeon Valley Artificial Breeders' Association. She will be a senior at Baraga High School, where she has been a member of the band and an assistant school librarian. She has been active in 4-H work for eight years and is president of the Luther League.

Patricia Maki, 16, Pelkie, is the candidate of the Agriculture Stabilization and Conservation Committee. She will be a junior at Baraga High School, where she has been a member of both the agriculture and homemaking classes. She has been actively engaged in 4-H Club work for two years and is a member of the Faith Lutheran Church Luther League.

Shirley Mitchell, 16, is the choice of the Baraga Lions Club. She is a junior at Baraga High School and during her career there has been active in the band, chorus, debating team, French Club and Future Nurses Club. She also has been a member of the varsity cheerleading team and secretary of the student council. Last year she took first place in the 4-H talent show and represented Baraga County at Camp Shaw. She is a member of the Luther League and teaches a Sunday School class.

Sally Narhi, 15, Pelkie, will be a sophomore at Baraga High School in the fall. She is the candidate of the Sturgeon Valley 4-H Club, of which she has been a member for five years. Her projects include sewing, dairying, outdoor meals, cooking, rifle and junior leadership. At school, she has been a drum majorette and a member of the band, chorus, debating team, French and Forensics Club. This summer she is employed at the Arcadian Copper Mine.

Shirley Parkila, 17, will be a senior at Baraga High School. She has been a 4-H Club member for three years, a member of the Luther League for four years and is in the Future Homemakers Club. She is sponsored by the Farmers' Co-op Livestock Market-

ing Association. Shirley Risku, 15, Watton, will be a sophomore at L'Anse High School. Her sponsor is the Baraga Farm Bureau. She has been an active 4-H Club member for five years. Her hobbies include swimming, skiing, horseback riding and gymnasium work.

Karen Sherman, 15, is sponsored by the Baraga Soil Conservation District. She is a member of the Future Homemakers' Club, and has been active in 4-H work for three years. She will be a junior at Baraga High School in the fall.

Darlene Wuori, 16, will represent the Dairy Herd Improvement Association. She will be a senior at Baraga High School, where she has been active in band, chorus, forensics, French Club, pep band and has worked as a school librarian. She is a member of the Faith Lutheran Church, is active in the Luther League, is a Sunday School teacher and church organist. She is also a member of the Sturgeon Valley 4-H Club.

Con Comes Down From Lofty Perch

FORT MADISON, Iowa (AP)—A convict who expressed his displeasure at his sentence with a five-day camp-out on a 140-foot state penitentiary water tower, was back on the ground.

William T. Bradley, 45, of Sioux

City, faced disciplinary action by prison officials and possible censure of fellow inmates who have expressed disapproval of his antics.

4 Days, 13 Hours
Bradley came down from his lofty perch voluntarily Thursday night, 4 days and 13 hours after prison authorities first spotted him on the tower early last week. Authorities said he appeared to be "in good shape."

Bradley, serving a 25-year sen-

tence for assault with intent to commit great bodily injury and as a habitual criminal, contends he got a "raw deal" when he was convicted and sentenced.

Syrian Prime Minister Forms New Cabinet

DAMASCUS, Syria (AP)—Prime Minister Salah Bitar today announced formation of his third cabinet in five months.

Secretary

A 168-hour-a-week *secretary* that never takes a coffee break . . . that's one of the many roles the telephone plays in your life.

For your telephone is your own personal Gal Friday, always ready to help you arrange things, order things, learn things, organize things, start things, finish things . . . and on and on through a day's demands.

Your telephone actually saves you money while working for you 24 hours a day. In fact, the more you put this *secretary* to work for you, the more you're likely to save. You save time, and save expenses that would otherwise mount up if you had to arrange everything in person.

It's hard to imagine what life would be like without a telephone *secretary* to help you keep things running smoothly. And it's still one of the biggest bargains in your family budget. Use it often.

Michigan Bell

FOR SALE

The following described property will be sold in bulk or in parcel to the highest bidder, subject to the approval of the Referee in bankruptcy on Monday, August 19, 1963 at 9:00 a.m. This property has been appraised by William Pearce, Palmer, Michigan and the appraised valuation is shown opposite each item. The merchandise is stored in the basement of the John Tobin residence on County Road 492 and may be inspected by appointment. Arrangements for inspection should be made with the trustee.

50 Michigamme Graduates From 28 Classes At Reunion

ISHPEMING — An informal reunion of Michigamme High School alumni, attended by approximately 10 per cent of the 517 persons who have graduated from the school, was held in the Mather Inn last evening.

Fifty graduates, representing 28 different classes, were registered for the gathering, which grew out of a planned reunion by the Class of 1910. All nine living members of that class attended.

Joseph P. Rahilly, Newberry, member of the 1910 class, introduced the alumni by classes. Florence Scanlon Tanner, Michigamme, another 1910 graduate who did most of the work arranging the reunion, spoke briefly.

A letter was read from Dr. Simon Levin, Houghton, 1893 graduate, who was unable to attend.

Including wives and husbands, more than 60 persons were present. The graduates spent the evening renewing acquaintances, reminiscing and planning future reunions.

Registered were the following:

- 1906—Bettie Johnson, Milwaukee.
- 1907—George E. Backes, Escanido, Calif.
- 1909—John Frisk, Marquette.
- 1910—Arthur E. Anderson, Big Rapids; Emily Johnson Holbrook, Milwaukee; Sadie Christenson Backes, Escanido, Calif.; Ivy McKercher Lundberg, Iron Mountain; Vera Anderson Trihey, Michigamme; Anne Christenson Johnson, Richmond, Calif.; Joseph P. Rahilly, Newberry; Luella Brown, Chicago; Florence Scanlon Tanner, Michigamme.
- 1911—Delcie Luneau Frisk, Marquette.
- 1912—Leo W. Bruce, Marquette.
- 1913—Lawrence Paquin, Michigamme; Ruth Anderson, Michi-

- gamme.
- 1914—Emma Raisanen Green, Michigamme; Ernest R. Christenson, Milwaukee; Leona Johnson Christenson, Milwaukee; Margaret Martinson Marks, Marquette.
- 1916—Catherine Hickey McClure, Michigamme; Dan Rahilly, Mancelona; Otto R. Lund, Michigamme; Manila Trezise Lund, Michigamme.
- 1918—Ruth Muck Hunter, Royal Oak.
- 1919—Howard C. Treado, Marquette.
- 1923—Ann Raisanen Martin, Detroit.
- 1925—Mae Beale, Midland.
- 1926—Albert Treado, Kingsford; Earl Numinen, Michigamme.
- 1928—Phyllis Watts Kotela, L'Anse.
- 1929—Beatrice Wilmer Anderson, Newport Beach, Calif.
- 1930—Harriet Beale Wilmer, Marquette; Reginald McGinnis, Ishpeming.
- 1931—Leah Treado Dishnow, Michigamme; Edwin E. Wilmer, Marquette.
- 1932—Sylvia Wiljanen Pantti, Ishpeming.
- 1934—Byron Carkeek, L'Anse.
- 1935—Arne Wiljanen, Houghton.
- 1936—Helmi Partanen Wiljanen, Michigamme.
- 1938—Paul B. Dishnow, Iron Mountain.
- 1939—Donald A. Olson, Marquette; Blanche Paquette Trethewey, Marquette.
- 1941—Patricia Frisk LaPin, Ishpeming.
- 1942—Grace Ellingsen Cook, Ann Arbor.
- 1944—Janet Frisk Foster, Ishpeming.
- 1948—Roberts Lawrence Frisk, Michigamme; Calvin Frisk, Michigamme; Donald Numinen, Grand Rapids.

Among Michigamme High School graduates who attended a reunion Sunday evening in the Mather Inn, Ishpeming, were (from left) Arthur Anderson, Florence Scanlon Tanner, Howard Treado, Luella Brown and Edwin Wilmer. Anderson, Mrs. Tanner and Miss Brown were members of the school's Class of 1910; Treado graduated from Michigamme in 1919 and Wilmer in 1931.

No Claimants Yet For \$10,000 Serediuk Property

CHATHAM — No one has yet appeared to lay claim to the \$10,000 property left by a member of the Serediuk family, according to Arthur R. Meyer, an investigator for the Henry R. Ferris Co., 228 N. LaSalle St., Chicago.

As reported in Saturday's edition of The Mining Journal, this Ukrainian family emigrated from Galicia to Canada about 50 years ago and were known to have been living at North Bay, Ontario, from 1921 to 1924. Beside the parents, William and Ann, there were two sons, Peter and Nicholas Serediuk.

There also was a daughter, whose given name the Ferris company have been unable to obtain, nor have they been able to learn the name of her husband or date and place of the marriage. It is known, however, that she was living in or near Chatham about 20 years ago. If alive, she would have first claim to this property. If she is deceased, her children, if any, should make claim.

Although of Ukrainian birth and ancestry, this family, because of its long existence in Canada, probably would refer to themselves as Canadians.

In Saturday's Journal account, the family name appeared as Gerediuk instead of Serediuk.

Blue Notes Present Exhibition Tuesday

ISHPEMING — Forty minutes of music and marching are in store for residents tomorrow night at 7:30 at the Ishpeming Playgrounds during an exhibition by the 1963 state champion Blue Notes Drum and Bugle Corps.

Also appearing will be the Munising Silver Echoes and the Blue Notes' feeder corps and color guard.

The public is invited to witness the latest marching techniques used by the Blue Notes and the improving musical capacity of its young feeder corps. There will be no charge.

The Munising Silver Echoes, who performed very well this year, have promised to stage an unusual presentation in their guest appearance.

Two Drivers Get Tickets In Accidents

ISHPEMING — A Manistique motorist was ticketed Saturday after he struck another car as he was attempting to turn into a parking lot.

Allison Chambers, entering a parking lot on Bank St., struck the rear of an auto owned by Arthur J. Palmer, 612 E. Empire St., causing slight damage to the Palmer car.

Police issued him a summons for making an improper right turn.

At 11:55 a. m. yesterday, Ishpeming police ticketed Thomas J. Champion of National Mine, who, while driving north on Third St., crashed into a parked car on the left of the street.

The car, owned by Mrs. Ida Pepin, 510 N. Main St., received minor damage, but the Champion car had to be removed from the scene by a wrecker.

Champion was charged with reckless driving.

VFW Drive Funds Will Be Used For Loan Cabinet

ISHPEMING — Veterans of Foreign Wars Post 4573 will conduct a campaign throughout Marquette County to obtain funds to carry on its service work, which will include the purchase of orthopedic equipment for the loan cabinet.

Funds raised will be used to purchase and place for the use of Marquette County residents in their homes wheel chairs, hospital beds or walkers for sickroom equipment, when needed.

Milton Collick, commander, said funds will be raised through the post's annual magazine subscription sales campaign. No donations will be sought or accepted.

HEAVY ADVERTISING

During 1962, total advertising volume in the United States reached an all-time high of approximately \$12.4 billion, with direct mail advertising accounting for the largest share of this total, or \$2 billion, according to the Britannica Book of the Year.

Baraga Man Dies; Funeral Wednesday

BARAGA — Otto Heinonen, 83, died Saturday evening in Baraga County Memorial Hospital, where he was a patient for a short time. He had been in ill health for some time.

He was born in Finland Nov. 5, 1879, and came to this country with his parents in 1880, going to Calumet. He was a resident of Pelkie and Baraga since 1910.

Mr. Heinonen was a member of the First Apostolic Lutheran Church of Pelkie. His wife, the former Maria Tuomala of Calumet, whom he married June 7, 1902, died last March.

Surviving are two daughters, Mrs. Philip (Martha) Gores of Royal Oak and Mrs. William (Viola) Salmen of Lathrop Village; four sons, Otto Walfred of Detroit, Adrian of Pelkie, Raymond of Baraga and Clarence of Detroit; 13 grandchildren and six great-grandchildren.

Services will be conducted at 1:30 Wednesday afternoon in the First Apostolic Lutheran Church in Pelkie. The Rev. Paul Heide-man and the Rev. Walter Torola will officiate and burial will take place in Pelkie Cemetery.

Friends may begin calling at the Swanson Funeral Home, L'Anse, this evening.

Three Hancock Men Nabbed In Dollar Bay Theft Case

HOUGHTON — Three Hancock men—Leonard Archambeau, 23; James Baakko, 28, and William Kotila, 32—were bound over to the October term of Houghton County Circuit Court Friday on charges of breaking and entering.

The three were arrested by Houghton County sheriff's officers and state police from L'Anse in connection with the theft of \$5,000 worth of carpenter and machine tools stolen from Albert Loukkinen of Dollar Bay last April 28.

A report that large box of tools had been purchased from Archambeau for \$15 led to Archambeau's arrest. According to officers, he admitted his part in the theft and implicated Baakko and Kotila.

Four large boxes of tools, a shotgun and shells and several lanterns have been recovered. The loot was found in buildings owned by the three defendants. Archambeau first told officers that he had thrown most of the tools in the Portage Canal, but later acknowledged that he had sold some.

According to Loukkinen, who owns and operates a tool shop in the Beacon Hill area, the major portion of the loot has been recovered, but a number of stolen articles are still unaccounted for.

The three men, arraigned before Hancock justice Abe Goldman Friday, waived preliminary examination. Archambeau was released on a \$2,000 property bond, but Kotila and Baakko, unable to furnish the required \$1,000 cash bond, are being held in Baraga County jail awaiting trial.

Ex-Ishpeming Man Given Promotion By Finance Firm

ISHPEMING — Ray Kantola, former Ishpeming resident, has been advanced to branch manager of Mid-Plains Finance Co. in Garden City, Kan., where he recently opened a new office for the firm.

He previously was employed by the company in Hutchinson, Kan., and Liberal, Kan., where he was assistant manager. Kantola has been associated with Mid-Plains Finance since his discharge from the Navy in 1959.

He and his wife, Nancy, are the parents of two sons. Kantola is the son of Lauri Kantola, Marquette, and Mrs. John Steve Jr., Ishpeming.

The name of Wilbur Wright, co-inventor of the airplane, was added to the Hall of Fame for Great Americans in 1955.

Ishpeming Meetings

- Salvation Army — Ladies Home League at 7:30 p.m. Wednesday. Midweek prayer service at 7:30 p.m. Thursday.
- Ishpeming Assembly of God — Prayer service at 7:30 p.m. Wednesday.
- Bible Baptist — Midweek Bible study and prayer meeting at 7 p.m. Wednesday.
- St. Joseph's Catholic — Week day Masses at 8 a.m.
- Ahmeek Lodge, IOOF at 7:30 p.m. Thursday.
- Royal Neighbors at 7:30 p.m. Tuesday.
- Choraleers practice at 7:30 p.m. Thursday.

Second Half Outlook Good, Cleveland-Cliffs Iron Co. Says

ISHPEMING — Cleveland-Cliffs Iron Co. reports total earnings for the first half of 1963 of \$3.6 million compared with \$3.8 million in 1962, a decrease of 4.3 per cent. This amounted to \$1.40 a share, compared with \$1.46 a year ago.

The decrease in earnings resulted primarily from late start of iron ore shipping on the Great Lakes, said President H. S. Harrison, which in turn was due to the large inventory of iron ore on hand at steel mills.

Steel production was maintained at a high rate during the first half of 1963 due to increased orders by steel consumers as a hedge against a possible strike. This same pattern prevailed in 1962, but on a larger scale this year.

"The friendly spirit with which labor negotiations were carried on this year," said Harrison, "had a tendency to curtail excessive steel inventory buildup by most steel consumers. Now that an agreement has been reached by the steel industry and the United Steel workers, production during the second half of 1963 will be at a considerably lower rate than during the previous six months. We feel, however, that the rate will not be as low as during the comparable period of 1962.

"Our pellet plants on the Marquette Range continue to operate above rated capacity and have

been setting new production records each month. The demand for this superior blast furnace feed is excellent, resulting in sales equaling estimated production during the rest of the current shipping season on the Great Lakes.

"Construction work at the Empire Mine near Palmer, which will be the third pellet property operated by our company, is proceeding on schedule and we anticipate production will start sometime during November 1963. Initial capacity will be 1,200,000 tons of high grade pellets annually.

"Owing to the increased demand for pellets and high grade foreign ores, the market for domestic standard ores has declined sharply. To use our large reserves of this type of ore we have been conducting research and pilot plant studies on the feasibility of concentrating and agglomerating them in order to make them competitive with high grade ores.

"These studies have indicated the possibility that some of our underground ores in Michigan can be pelletized into acceptable furnace feed. We are currently conducting further studies to determine the economics of pelletizing these ores.

"As an incentive to promote the pelletizing of ores from underground ores, legislation has been passed which would substantially reduce the state taxes on an underground mine if at least 25 percent of the shipments were agglomerated. Without the splendid cooperation of the mining communities, the union and the represen-

Half-Year Earnings By C&N.W. Railroad Best Since 1947

The Chicago & North Western Railway reports net income and special credits for the first six months of 1963 of \$11.9 million, compared with a loss after special credits of \$3.7 million in the first six months of 1962, an improvement of \$15.6 million.

Net income before special credits was \$1,047,853, compared with a loss before special credits of 4.5 million in the first half of 1962, an improvement of \$5.6 million. The net income represents the best first half operating results since 1947.

Total revenues for the first six months were \$108.8 million or \$1.8 million higher than a year ago. Freight revenues increased \$1.1 million more than a year ago. Passenger revenues were \$8.7 million, or a million more than a year ago due to the discontinuance of pairs of trains between Chicago and Minneapolis and Chicago and Mankato, Minn., for a saving of over \$1.2 million yearly.

The steeplechase originated in England as a diversion from fox hunting.

IN APPRECIATION

We wish to thank our many relatives, friends and neighbors for their kindness during our recent bereavement, the death of our wife, mother and grandmother, Mrs. William (Lydia) Lehtinen.

We also wish to thank the staff of the Bell Memorial Hospital, Perula Funeral Home, Rev. and Mrs. Edward Lepola, the pallbearers, the women who served lunch and all those who assisted us in any other manner. Their kindness will ever be remembered.

National Mine Church Hosts Bolivia Pastor

ISHPEMING — From Bolivia, the "Tibet of the New World," the Rev. and Mrs. Monroe D. Grams and their three children will come to the National Mine Assembly of God Church Wednesday at 7:30 p.m.

The Grams family has lived for 10 years in La Paz, Bolivia, the highest capital city in the world at 12,500 feet above sea level. Living at this high altitude, there are many adjustments to make, related the Rev. Mr. Gram in a message to Pastor Edmund Hiet of the Assembly of God Church.

Four Seasons Every Day
In describing conditions there, the Rev. Mr. Grams wrote: Cakes don't bake the same, eggs take longer to boil, there is a lack of oxygen in the very rarified air and the red blood count has to increase considerably to help in this adjustment.

Bolivia has the four seasons every day, spring in the morning, summer at noon, fall in the afternoon and winter at night. During their stay in Bolivia, the Grams have built the La Paz Evangelistic Center and founded two Bible training institutes, one in La Paz and the other in the village of General Pando. The latter, located in the high plateau area of the Andes Mountains of Bolivia, is for the training of Aymara Indian men.

Weekly Spanish Broadcast
The Rev. Mr. Grams has served as superintendent of the Bolivian Assemblies of God for the past two years, in addition to his duties in La Paz and the surrounding country area. He and Mrs. Grams are heard on a weekly Spanish radio broadcast.

Both the Rev. and Mrs. Grams are graduates of North Central Bible College of Minneapolis and pastored in Cataract, Wis., prior to their services in Bolivia.

They are sponsored by the Assemblies of God Church with headquarters in Springfield, Mo. **In Native Costume**
Their three children will appear in the native costume of the Aymara Bolivian Indians and all will sing and speak. Two of their children were born in Bolivia.

The Rev. Mr. Grams also will present colored slides of his work. The Rev. Mr. Hiet invited the public to attend Wednesday night's program.

K-C Tests New Line Of Papers

NEENAH, Wis. — Kimberly-Clark Corp. a major manufacturer of paper and cellulose products, will begin extensive test marketing of a 14-item line of home and school writing papers in four mid-western states in August.

Scribe papers will be sold through retail stores in Wisconsin, Minnesota, North Dakota and Upper Michigan, which comprise about five per cent of the national market. The brand, two years in development, was test marketed in Syracuse, N. Y., Fort Wayne, Ind., and Sacramento, Calif., in 1962.

A major feature of the Scribe brand is a special surface finish that gives the paper tear-resistance for easy erasing and reduces see-through, skipping, fuzzing and strike-through.

The 14 items include notebook filler paper, personal and legal size envelopes, stenographers' notebooks, composition books and writing tablets.

Searchers Find Body Of Cincinnati Boy

TRAVERSE CITY (AP)—Searchers recovered the body of Thomas Ten Eyck, 3, in Grand Traverse Bay recently. The boy and his father, George, 40, drowned Saturday while on a fishing trip. The body of the elder Ten Eyck, a Cincinnati construction company executive, was recovered Tuesday.

The Rev. and Mrs. Monroe D. Grams and their three children will appear in the National Mine Assembly of God Church at 7:30 p. m. Wednesday to present a program centered around Bolivia, where the family has lived for 10 years.

Tri-County Briefs

Alger . Baraga . Marquette

Negaunee

The VFW Ladies Auxiliary will hold its regular business meeting Thursday at 7:30 p.m. in the VFW clubrooms. All chairmen are urged to turn in their notebooks during the meeting. Lunch and refreshments will be served. Games will be played.

Religious services will be held in the Apostolic Lutheran Church Thursday night at 7:30 under the direction of the Rev. Reuben Kauppila.

Jury Acquits Woman In Gwinn Court

GWINN — Mrs. Ellen Winfield, 30, Sawyer AFB, was found innocent by a jury following a trial in Gwinn Justice Court Friday on a charge of selling beer to a minor.

Mrs. Winfield, employed at the Happy Hour Tavern, was apprehended by state police July 2. She pleaded innocent and asked the jury trial, which first was set for July 19 and later changed to Aug. 2.

Michael Khoury, Marquette, represented the defendant, while the prosecution's case was presented by Edward Quinnell, Marquette. Witnesses were Richard K. Rosenquist, Burton C. Amey and Dennis E. Howe, Sawyer AFB, for the prosecution, and Charles B. Jones, John Crowe and Duane George, Sawyer AFB, and Pat Pavalono and Robert Lesterson, Gwinn, for the defendant.

The jury, which deliberated for an hour before returning a verdict, was comprised of Joseph Delmont, Ida Juicici, John Kanerva, Marcella LaFreniere, Arthur Nylander and Dorothy Tousignant.

Trenary Man Heads Alger Soil Agency

MUNISING — Edgar Williams, Trenary, was elected chairman of the Alger Soil Conservation District Board at a meeting Friday at the Upper Peninsula Experimental Station in Chatham. Others elected were Henry Schiersmidt, Munising, vice chairman; Joe Ostanek, Trenary, treasurer; John P. Campana, secretary, and Robert Smith Chatham, director.

New cooperators admitted to the district at the meeting were Joseph S. Niedzwiecki, Munising; Toivo Linnamaki, Grand Marais, and Waldemar T. Gerke and Willard St. Onge, Chatham. There were 166 cooperators in the district at the end of the first month of the fifth year of its existence.

Basic plans were completed for Ervin Probst and Walter Krackowski, Grand Marais, and Mrs. Beatrice Corriveau and Charles Marble, Munising, in July.

Don Pellegrini spoke on the subject "Working Together," defining the need for cooperation among all agencies and groups. District directors expressed their awareness of the efforts of Paul Smith, Trenary, outgoing chairman.

Grosse Pointe Farms Request Rejected

DETROIT (AP)—A request by the Grosse Pointe Farms city council that Detroit waive charges for standby fire and water service was rejected recently by the Detroit city council.

This Friday the Soo Locks, world's busiest waterways, will provide the backdrop for one of the five NBC "Today" show programs originating from Northern Michigan this week. Shown inspecting the St. Marys River in the Soo from the U.S. Army Corps of Engineers tower are, from left, Ken Dorman, secretary-manager of the Upper Michigan Tourist Association, which is headquartered in Marquette; C. A. Aune, corps engineer in the Soo, and Rick Ballard, writer for the program.

Ford's Wife May Move To Long Island

DETROIT (AP) — After a 49-year absence, the Metropolitan Opera Co. returned to Detroit in 1959, and the woman most responsible for engineering this cultural coup was Mrs. Henry Ford II.

Whether her separation from her husband, announced Saturday, will affect Mrs. Ford's contributions to this city's cultural and civic life remains to be seen. However, society sources said, following word of the separation announcement, that Mrs. Ford, 44, probably would leave the couple's mansion in suburban Grosse Pointe and make her home at Southampton, Long Island, New York, the place where she and Ford, 45, were married 23 years ago.

Met In 1936
Ford met his future wife, the then Anne McDonnell, in 1936 while both were returning from Europe aboard an ocean liner. Ford became a familiar figure at the McDonnell family's Southampton mansion in the following years, and in 1940 he and Anne were married in a million-dollar wedding attended by industrial greats and social leaders from the United States and Europe.

Anne, one of 14 children, was the granddaughter of inventor Thomas E. Murray, who was credited with 1,000 patents. She is a Roman Catholic, and her husband, a Protestant, was converted to his wife's faith at the time of his marriage by Bishop Fulton J. Sheen. The separation does not violate the laws of the Roman Catholic church which discourages divorce and forbids remarriage.

6-Week Honeymoon
After a six-week honeymoon in Hawaii, the Fords settled in Grosse Pointe, and Mrs. Ford began her career as a civic, cultural and social leader. She was active in the Junior League and worked for Catholic church charity organizations.

She and her husband were familiar with the leaders of international society, often visiting Europe to buy art treasures, as well as with political leaders and stage and screen celebrities.

Mrs. Ford, who studied art as a student at Grotanelli School in Siena, Italy, made her first significant gift to the Detroit Institute of Arts in 1956—a 15th century Italian wood sculpture of the Madonna. She followed this with gifts of a Rembrandt, the museum's first Picasso, a number of sculptures and bronzes and Tiepolo's lost masterpiece "Giulio Wilm a Lute."

Co-Chairman
Prior to 1958 the Fords primarily mingled with society from outside Michigan, but in that year Mrs. Ford became co-chairman of a concert sponsored by the Detroit Institute of Arts' Friends of Modern Art Society and assumed Detroit's cultural and social leadership.

The following year saw the Metropolitan Opera come to Detroit primarily through her efforts. In December of that year, the Ford home was transformed into an 18th century French court ballroom by Paris designer Jacques Frank for the coming out party of Ford's eldest daughter, Charlotte, now 22. The Fords have two other children, Anne, 19, and Edsel, 14.

In 1952, Mrs. Ford appeared on the list of the nation's 10 best dressed women, and each year following. In 1950, she was placed in Fashion's Hall of Fame to mark her style leadership.

Glamorous
She was selected as one of the world's six most glamorous women by the International Artists Committee and the National

Wholesale Jewelers named her one of the nation's 10 most graciously jeweled women.

Former President Eisenhower appointed her to the Fine Arts Committee of his People-to-People Program, and, in 1962, she was asked to serve on the Fine Arts Committee for the White House by President Kennedy's wife.

Bids to be addressed to Mrs. Elsie Healy, Secretary, Chocolay Township Board of Education, Route No. 2 Box 705, Marquette, Michigan. Envelopes to be marked with specific item being bid. Bids to be received by 4:00 p.m. Wednesday, August 14th, 1963.

Locks Site For Friday's 'Today' Show

SAULT STE. MARIE — Commerce, industrial development and history will keynote the telecast of the National Broadcasting Co.'s "Today" show when the 7-9 a.m. program originates from Sault Ste. Marie this Friday.

The visit to the Soo locks, which handle more tonnage than any other shipping canal in the world, is part of a week-long origination of the "Today" show from northern Michigan this week.

Transportation, Resources
The show will cover the discovery, utilization and transportation of natural resources in Northern Michigan and their impact on industrial development in America, as well as tourist attractions in the U.P.

Origination of the program for a week in northern Michigan is the result of cooperative efforts of NBC; Consumers Power Co., Jackson; Delta Advertising, Bay City; Leonard Refineries, Alma; and the Michigan Tourist Council and its affiliated regional tourist associations.

Other popular vacation sites being visited by the show include Mackinac Island; Fort Mackinac; Wilderness State Park, near Mackinaw City; and Interlochen Music Camp, near Traverse City.

The "Today" show, featuring Hugh Downs, Jack Lescouleur and Pat Fontaine, is seen by some 25 million persons throughout the country each week, via NBC's net work of more than 200 affiliated television stations.

Suggestion By Base NCO Wins \$100

SSgt. James R. Weber, a member of the 410 Armament and Electronics Maintenance Squadron at K. I. Sawyer Air Force Base, has received a \$100 check from Strategic Air Command for a military suggestion which has been adopted by SAC.

Lt. Col. Joseph J. Knofszynski, squadron commander, presented Weber with the check.

The suggestion by Weber, a native of Escanaba, was for a stand used in checking pieces of electronic equipment in the bombing-navigation section of the 410th Bombardment Wing. The stand is designed to swivel so both mechanical and pressurization checks can be made on a piece of equipment without transferring it to a separate stand.

Won Earlier Award

The stand is designed to handle receiver-transmitters and modulators used on the B-52H aircraft assigned to the wing. Weber estimated total cost of the stand at \$10, and added that it was all made from scrap material. He said a commercial stand which performs virtually the same job is now on the market which costs several thousand dollars.

The stand took about six months to design and build in his off-duty time, he added.

Weber has earlier been awarded \$75 for a suggestion he made. The prior suggestion was for a tool he devised for closing radomes on the B-52s.

Lock Hopes For Hike In State Tax Revenue

LANSING (AP) — Clarence Lock, chief of the State Revenue Department, says he hopes for a one or two per cent increase in state tax revenue during the current fiscal year.

Lock said final returns are not yet in from the past fiscal year, but estimated revenue at around \$550 to \$560 million.

Society Of Florists Elects Dearborn Man

CINCINNATI (AP) — Harry J. Miller of Dearborn, Mich., was elected president of the Society of American Florists recently. His election came at the organization's 79th annual convention here.
