Red China Had Woes In 1960-61

TOKYO (AP)—The U.S. State Department's publication of documents telling of unrest and near-revolt in Red China's army in 1960-61 confirms what the Chinese themselves have hinted—there was major trouble.

The documents also substantiate outside assessments of what the shakeups and changes of that time and earlier meant.

Against K's Advice

The beginning of the Red army disaffection dates from 1958, when party chairman Mao Tze-tung, boss of Red China, launched a speeded-up industrial and agricultural program to bring peasants into a vast network of rural communes.

Mao took the drastic step against the advice of Soviet Premier Khrushchev.

Marshal Peng Teh-huai, defense minister, recognized that Mao's dispute with Khrushchev could lead to withdrawal of Soviet help to the Chinese army. Peng opposed Mao's plan and was reported to have communicated his views to Khrushchev.

Dismissed In 1959

He was dismissed in September 1959 and his name has not been mentioned by the Chinese since. Gen. Huang Ko-cheng, Peng's army chief of staff, was fired at the same time. His disgrace was completed in September 1962 when he was fired from the secretariat of the Communist party Central Committee along with Gen. Tan Heng, head of the army's chief political department.

Soviet Aid Stopped

Khrushchev is said to have attacked the Chinese leaders sharply in 1960 for dropping Peng. From that time on the Chinese now have disclosed, Soviet aid to China stopped.

19-Year-Old Hitchhiker In Far East

TOKYO (AP)—A world trip by 19-year-old Wayne Kiley of 354 Merick, Adrian, Mich., has covered 20,000 miles so far.

Hitchhiker extraordinary, the Ferris Institute freshman is making good in his dream to see the world.

Kiley, here in Tokyo after leaving home in Michigan March 18, proposes to make it all the way around the world as both an adventure and to learn.

Russia is on his knapsack itinerary if he can get a visa. The young man has serious motives.

"I want to try to understand the people of the world by experiencing their customs and manners," he said.

50-Pound Knapsack

Also, he said he wants to try to dispel any ideas about "ugly Americans."

A 50-pound knapsack on his back, Kiley arrived at the southern Japan port of Kagoshima last Wednesday.

He hitch-hiked the 650 miles to Tokyo, mostly by riding in the backs of trucks.

That has been the general system since he left Adrian with two companions. They gave up before they reached Hawaii, Kiley said.

"It hasn't been easy all the time. 'Sometimes I get flat,' Kiley said. 'But I always keep telling myself things will work out fine.'"

He reached Hawaii May 13 and stayed there 2½ months working.

On Okinawa he worked a day at a golf course, earning \$10 which he called "very good pay." He had \$19 when he got to Okinawa.

"Isn't it everybody's dream to see the world? I was free and I decided quickly," he said.

Kiley said he expects to use up about two years in his globe-circling and then return to college.

The Weather

Forecast for Marquette and vicinity: Variable cloudiness tonight, with widely scattered thunder-showers early tonight; low tonight, 55 to 60; Wednesday, partly cloudy and a little cooler; high 75 to 80.

Outlook for Thursday: Fair and pleasant.

Forecast for Lake Superior: Small craft warnings in effect; northerly winds 20-28 MPH tonight, diminishing slowly Wednesday; partly cloudy, showers tonight. Lake temperature, 63.

Data for 24 hours ending at noon:

Temperatures — 79 at 6 a. m.; 84 at noon; highest in last 24 hours, 91 at 4 p. m. yesterday; lowest in last 24 hours 68 at 1 a. m. today.

Relative humidity at noon — 44 per cent.

Precipitation — none in last 24 hours; total to date this year, 14.27 inches; normal to date, 18.36 inches.

Sun rises at 5:37 a. m. and sets at 8:13 p. m. tomorrow.

Records for August 6 — Maximum temperature, 99 in 1947; minimum temperature, 43 in 1884; most precipitation 1.55 inches in 1875.

Historic Signing

Indonesian President Sukarno, Philippine President Diosdado Macapagal and Malaysian Prime Minister Tunku Abdul Rahman (left to right), signed Historic Manila Agreement at Foreign Office in Manila, Monday. They ended a summit meeting with a pledge to work for peace and progress in Southeast Asia. (AP Wirephoto)

Officials Keep Uneasy Watch For Vote-Ins

JACKSON, Miss. (AP) — Election officials kept an uneasy watch for Negro vote-ins today as an estimated 450,000 Mississippians began voting in the Democratic primary.

Reports circulated that unregistered Negroes would invade the polls despite a ruling by Atty. Gen. Joe Patterson that such a move would be illegal.

The racial tension climaxed a campaign which centered on civil rights and the Kennedy administration. The four gubernatorial candidates, all segregationists, spent most of the campaign emphasizing their opposition to Kennedy racial policies.

Candidates

The four are:

• Former Gov. J. P. Coleman, 49, an Ackerman lawyer who headed the state government from 1956-60.

• Lt. Gov. Paul Johnson, 47, a Hattiesburg lawyer making his fourth bid for governor.

• Robert Mason, 65, a Magee welder who polled 2,704 votes in his 1959 race for governor.

• Charles Sullivan, 38-year-old Clarksdale lawyer who as an unknown finished a strong third in his race for governor four years ago.

Other weak spots in the syndicate's chain are being tapped for information. Not only Valachi's cooperation, but also the Justice Department's increasing pressure on organized crime, is being credited here for a sudden increase in the number of talkative hoodlums.

Police Charge Two Teachers With Assault

DETROIT (AP) — Two schoolteachers, both divorcees, were charged with felonious assault Monday in the alleged flogging of the 13-year-old son of one of the two.

Mrs. Catherine Trebing, 33, the mother, and a neighbor, Mrs. Edith Bates, 37, both grade school teachers in suburban Southgate, pleaded innocent in Southgate Municipal Court. They were released in \$500 bond for examination Thursday.

MOSCOW (AP) — The Soviet Union today launched another Cosmos earth satellite, an unmanned scientific research vehicle.

DETROIT (AP) — Gov. George Romney doesn't favor the idea of eliminating Highway Commissioner John Mackie's job. A suggestion for replacing Mackie with a bipartisan highway commission instead Jan. 1 is under consideration by a joint legislative committee studying ways to implement the state's constitution.

EAST LANSING (AP) — A blue ribbon education committee has recommended Michigan State University have a four-year medical school by 1975, an MSU spokesman reports.

LANSING (AP) — Sec. of State James Hare recommended Michigan today that changes in freeway speed laws do not go into effect until Sept. 6. On that date, the night speed limit on controlled-access freeways becomes 70 miles per hour while a minimum speed on such freeways is set at 45 miles per hour.

SAIGON, Viet Nam (AP) — which the Xa Loi pagoda (Buddhist headquarters) will be destroyed, and Buddhist leaders will be killed.

"This plot could also be aimed at introducing another person than you into the presidency on the basis that you are considered too weak."

The "other person" mentioned in the letter was not named, but Buddhists said they had in mind Ngo Dinh Nhu, the president's powerful brother.

Close Watch

American officials are keeping a close eye on the situation but tend to discount the likelihood of a coup.

Civil Rights Strategy Meet In Washington

WASHINGTON (AP) — Negro leaders and white sympathizers gather today for a strategy conference designed to assure passage of civil rights legislation.

The National Association for the Advancement of Colored People called the three-day meeting of several hundred persons from around the country to:

1. Enable them to meet with their members of Congress and stress their desire for "meaningful civil rights legislation."

2. Plan "continuous grass roots activity" in the states to build popular sentiment for the legislation and convey this sentiment to Congress.

Speakers

Among those listed to speak at the sessions were several Congress members and churchmen of Protestant, Roman Catholic and Jewish faiths.

The sessions are distinct from the big "march for jobs and freedom" which six civil rights organizations, including the NAACP, are planning for Aug. 28. In this demonstration, an estimated 100,000 to 250,000 Negroes and Whites are to gather near the Washington Monument and march to the Lincoln Memorial, a half mile away, for exercises and speeches.

Discussing this march Monday, Dr. Walter Fauntroy, Washington coordinator of the demonstration, indicated that if Congress should decide to take a long Labor Day recess and thus be out of town Aug. 28, the demonstration would be postponed. But the director of interfaith for the march, Sy Posner, said in New York: "The march will be held rain or shine on the 28th whether Congress is in session or not."

Other weak spots in the syndicate's chain are being tapped for information. Not only Valachi's cooperation, but also the Justice Department's increasing pressure on organized crime, is being credited here for a sudden increase in the number of talkative hoodlums.

Meanwhile, it also was learned that the Valachi testimony—which he spilled during a year of questioning — has led to more breakthroughs in the government's quest for information about the syndicate.

The syndicate — to which Valachi gave the name "Cosa Nostra" meaning "our thing" — has noised it around the underworld that the man who kills Valachi for breaking the syndicate's blood oath of silence, will be paid \$100,000 informants said.

Hiroshima Pauses To Remember

HIROSHIMA, Japan (AP)—The people of Hiroshima paused today to mourn the victims of history's first atom bomb attack, made on their city 18 years ago today. But they took heart from the signing of the partial nuclear test ban treaty in Moscow.

At 8:15 a.m.—the exact time that the American B29 "Enola Gay" dropped the bomb on Aug. 6, 1945 — a swarm of doves wheeled into the air and the Hiroshima peace bell began its sorrowful toll.

A crowd of 15,000 stood with bowed heads for a minute of silence before the simple, arched memorial to the city's atomic dead.

Nuclear Pact

Mayor Shinzo Hamai, dressed in black, referred to the Moscow treaty in his memorial address, expressing "great gratification that at long last a pact for the partial banning of nuclear weapons has been concluded by the United States, the United Kingdom and the Soviet Union."

The memorial ceremony was brief and restrained, in marked contrast to the confusion and political bickering which broke up the opening Monday night of the Communist-dominated ninth world conference against hydrogen and atom bombs.

Split

Delegates from Red China, Soviet Russia and many other countries were present at the commemoration today, but they were relegated to the background.

The conference split over whether to denounce nuclear testing by the Western powers only, as Red Chinese and the Japanese Communists demanded, or testing by all nations, as the Russians and the Japanese Socialists proposed.

Yank Ambush Fails To Net Red Raiders

WITH U.S. 1ST CAVALRY DIVISION, Korea (AP) — A heavy American force set up ambush positions in the demilitarized zone Monday night and withdrew at dawn today without contacting any Communist North Korean troops.

The combat-ready Americans went into position at dusk Monday. They set up three traps for Communist patrols that have been striking into United Nations territory and on occasions launching strong attacks on U.N. units.

Classified

The exact number of American troops involved was classified. But the U.S. force is known to have been much larger than the small patrols that normally guard the U.S. sector of the 151-mile truce line established after the Korean War.

It is obvious that the U.S. command is determined to stop all North Korean movement—by large Red forces or small units—into what the 1953 armistice agreement termed U.N. territory.

Orders

Orders were given that the American force hold its fire until Communist troops moved in close.

Boy Drinks Fifth, Dies; Man Sought

MANISTEE (AP)—State police said today they expect an arrest shortly in the death of a 16-year-old Manistee youth who died within 15 minutes Sunday after drinking a fifth of whiskey because he "felt like drinking."

Cpl. David Felkamp said: "We think we know the man who furnished the liquor."

Dennis L. Darling, on a beach party with four or five other teenagers at Canfield Lake, was pronounced dead on arrival at a Manistee hospital shortly after midnight Sunday.

Felkamp said the youth's companions told of his drinking the fifth and becoming sick. The coronal said a blood test showed an alcoholic reading of .38. A person with a reading of .15 is considered by state police too drunk to drive.

Justice Douglas Wed

Associate Justice William O. Douglas of the U.S. Supreme Court, 64, is shown with Joan Martin, 23, after their wedding ceremony in Buffalo, N.Y. Monday. Douglas is twice-divorced. Miss Martin worked in the office of the Agency for International Development (AID) in Washington. Douglas' divorced wife, Mercedes, said today she will marry Robert B. Eichholz, 52, a Washington attorney. Mrs. Douglas is 46. (AP Wirephoto)

Blonde Says Ford 'Just Good Friend'

MILAN, Italy (AP) — A blonde Italian divorcee, linked romantically to Henry Ford II by New York newspapers, says she and the auto tycoon are "just good friends and nothing else."

Mrs. Christina Austin told news-men Monday:

"I met Henry Ford and his wife in Paris three years ago and I have seen them from time to time in New York."

Ford, 45-year-old president of Ford Motor Co., and his wife, Anne, 44, announced their separation over the weekend. They were married 23 years ago.

Mrs. Ford's whereabouts were not known.

Craig Breedlove, 26, above, of Los Angeles, Calif., drove his jet-powered tri-cycle, the "Spirit of America," at an average speed of 408 miles per hour on Utah's Bonneville Salt Flats Monday. He made runs of 388 miles per hour and 428.37 miles per hour to establish the average. (AP Wirephoto)

Cap Haitien Surrounded By Rebels

SANTO DOMINGO, Dominican Republic (AP)—A report circulated here today that a band of Haitian exile invaders, aiming to topple the terrorist regime of dictator Francois (Papa Doc) Duvalier, have surrounded Cap Haitien, Haiti's second largest city.

Cap Haitien, a port city of 25,000, is 90 miles north of Port Au Prince, Haiti's capital.

Duvalier, the voodoo-preaching physician turned strongman, acknowledged Monday night there was an invasion of Haiti's north coast.

The Dominican frontier forces and navy were alerted after news of the invasion and Haiti charged that some of the invaders came from adjoining Dominican Republic, which shares the island of Hispaniola with Haiti.

Dominican President Juan Bosch conferred with his armed forces chiefs at the national palace.

The newspaper Listin Diario reported that a number of Haitian officials have crossed into the Dominican Republic seeking asylum. Some Haitian soldiers also reportedly fled across the border.

Haitian exile sources in Santo Domingo said at least 500 well-armed men, trained for guerrilla warfare, landed Monday at Fort

WASHINGTON (AP)—The Organization of American States called an emergency meeting of its council today to discuss the exile invasion of Haiti.

The meeting was set for 3 p. m.

Fern D. Baguidy, Haiti's ambassador to the OAS, asked for the meeting.

Liberte, 18 miles east of Cap Haitien, and quickly captured the towns of Fort Liberte, Derae, Trou and Limonade.

There were rumors that another force of exiles landed on Haiti's long coast in the night.

Cap Haitien was placed on a war footing and a curfew imposed.

Reports reaching here said American families were evacuated to Cap Haitien from the U.S.-owned Dauphin sisal plantation on the orders of the Duvalier government.

The plantation lies near Fort Liberte, about 5 miles west of the Dominican border.

A news source in Port au Prince said Monday night little was known in public there except that a rebel force apparently was fighting the Haitian army in the north. Censors barred correspondents from sending out news by cable.

Gen. Leon Cantave, chief of the Haitian armed forces for five months in 1957, led the invasion under the banner of the National Democratic Union. Cantave told an interviewer recently he was not interested in becoming president, only in ousting Duvalier.

Paul Verna, a former Haitian diplomat representing the National Democratic Union, said an unidentified island off the coast was used as a staging area for the invasion. Some of the invaders were identified as former Haitian army officers who had been living in Santo Domingo.

Verna said the rebels expect to form a military-civilian provisional government in north Haiti.

Cantave, a career officer, became chief of the Haitian army in December 1956 after the overthrow of President Paul E. Magloire. He quit on May 25, 1957, to avoid involvement in his country's turbulent politics, and has been in exile for six years.

Cap Haitien Surrounded By Rebels

Month's Valuation Of Building Permits Dips; Year's Total Still Up

Valuation of building permits issued during July in Marquette fell below the valuation of permits issued during the same month last year.

Valuation of permits issued so far this year, however, continues above the value of permits issued through the end of July last year.

A big boost was provided to this year's building permit valuation by a permit issued in April to Northern Michigan University for construction of a \$935,000 addition to the student center.

Last month 15 permits, with a total value of \$128,400 were taken out, City Assessor John R. Meyers reports. In July 1962, 15 permits, valued at \$176,800, were issued at the city assessor's office.

So far this year, 57 permits, totaling \$1,270,400 in value, have been issued. Excluding the per-

mit issued for the NMU student center, valuation of permits issued through July 31 amounts to \$335,100.

For Schools, Churches
At the end of July last year, 72 permits totaling \$879,500 in value had been issued.

"A lot of building has been going on this summer, but the majority of it is additions to schools and churches, which will provide no tax revenue to the city," Meyers commented.

Residential Permits
Permits for residential dwellings were issued last month to Richard F. Lutzke, 1024 Alouez Dr.; Edwin Hill, 1500 block, Garfield Ave.; Norman Bergh, contractor, W. Nicolet Dr.; Sigward Olson, 719 W. College Ave.

A permit for a residential addition was issued during July to Gail Washburn, 902 Norwood St.

Permits for garages were issued last month to George Altman Jr., 206 E. Hewitt Ave.; Ellen LeVine, 425 Spruce St.; Mary Remington, 239 Baraga Ave., and Milton Johnson, 415 W. Magnetic St.

Commercial Construction
Permits for commercial construction were issued to Sampalla Construction Co., for a gasoline station at the Soo Hardware Co., 1100 S. Front St.; Industrial Piping Co., for an office and storage building, 800 Wright St.; Ward Beverage Co., for an office and storage building, W. Ridge St.; Horrigan Oil Co., a gasoline station at the corner of W. Magnetic St. and Lincoln Ave.

Permits for commercial additions were issued to Peninsula Plywood Co., 420 Spring St.; and the First National Bank and Trust Co., for the drive-in banking facility at the corner of N. Third St. and Fair Ave.

Statistical Breakdown
A breakdown of the statistics for last month follows.

Residential construction: four permits, valued at \$45,000.

Residential additions: one permit, valued at \$500.

Garages: four permits, valued at \$3,400.

Commercial buildings: four permits, valued at \$58,000.

Commercial additions: two permits, valued at \$21,500.

Comparative Totals
Comparative figures for the

same month in 1962 showed the following:

Residential construction, seven permits, valued at \$61,000; garages, three permits, valued at \$1,900; residential additions, five permits, valued at \$3,900, commercial additions, one permit, valued at \$0,000; institutional building, one permit valued at \$20,000.

Cumulative Statistics
Cumulative statistics for both years follow, with the 1963 figures listed first and the 1962 figures following in parentheses:

Residential construction: 22 permits, \$238,000 (30 permits, \$282,000).

Residential additions: 12 permits, \$14,100 (20 permits, \$22,000).

Garages: 15 permits, \$13,500 (14 permits, \$9,600).

Commercial buildings: five permits, \$68,000 (four permits, \$67,500).

Commercial additions: two permits, \$21,500 (four permits, \$67,500).

Institutional buildings: One permit, \$935,300 (one permit, \$400,000).

Student MEA Parley Here Aug. 23-24

Chapter presidents and advisers of the Student Michigan Education Association (SMEA) will meet at Northern Michigan University on Friday and Saturday, Aug. 23-24, for their annual leadership conference.

The SMEA is the professional association for college students preparing to teach and is designed to encourage and deepen interest in education as a career.

The conference will open with reports on the Student National Education Association Conference which was held in Columbus, Ohio, this summer. The second session will revolve around a discussion of the National Education Association's Code of Ethics.

Dr. Ed Pfau, dean of education, Northern, will speak on "The How, Why and What of the National Council for Accreditation of Teacher Education" at the third meeting of the conference.

50 To Attend
"Thoughts on Local Chapter Programs" will be the topic presented by Robert R. Richards, Lansing, MEA state consultant for student programs.

Approximately 50 are expected at the two-day conference.

Richard Kleyn of Jackson, University of Michigan student, is president of the SMEA and Eugene Brenneis of Mt. Pleasant's Central Michigan University is president-elect.

Mrs. Buck Dies At 82 In Nursing Home

Mrs. Jessie Z. Buck, 82, of 119 E. Crescent St., died at 10 last night in the Palmer Nursing Home, where she had been a patient for a year and a half.

Mrs. Buck was born with a twin brother on Oct. 5, 1880, in Spring Mountain, Coshocot County, Ohio, and lived in Battle Creek in her early life.

On March 1, 1899, she married Miles M. Buck, who died in 1957. She was a resident of Marquette 41 years and had been a resident of Gladstone for 17 years, prior to moving to Marquette.

She was a member of the First Methodist Church, the Women's Benefit Association and Presque Isle Chapter of the Order of Eastern Star.

Survivors are a daughter, Mrs. Will (Bernita) Sparks, Miami, Fla.; two sons, Harvey, Dewain, and Marvin M., Marquette; a niece, eight grandchildren and two great-grandchildren.

Services will be held at 1:30 Thursday afternoon in the Swanson Funeral Home with the Rev. Norbert Smith, pastor of the First Methodist Church, officiating. Burial will be made in Fernwood Cemetery, Gladstone.

Friends may call at the funeral home beginning at 3 tomorrow afternoon.

City Paragraphs

The city fire department was summoned to the Northern Michigan University campus at 9 yesterday morning by a false alarm given by phone. Firemen said the caller reported there was a blaze at the university, but an investigation disclosed otherwise. Seven firemen responded with the Nos. 2 (1,000-gallon) and 5 (500-gallon) pumps. They returned to the station at 9:13 a. m.

Mayor Fails To Show For New York Trial

NEW YORK AP)—Mayor Donald Netlow of River Rouge, Mich., failed to show up Monday for trial on a disorderly conduct charge stemming from an argument with a taxicab driver.

Criminal Court Judge Edward Calazzo signed a warrant for the arrest of Netlow, but a disorderly conduct charge does not entail possibility of extradition.

Netlow has been free on \$25 bail after pleading innocent.

He was arrested July 12 after he declined to pay a \$2.85 cab fare. An argument followed. Netlow contended the cab driver drove him around unnecessarily and he didn't owe that much.

Jack Purple Dies At 58 In Hospital

Jack Purple, owner of the Jack Purple Junk Yard, Lake Shore Blvd., died at 1:30 yesterday morning in St. Luke's Hospital.

Mr. Purple was born May 13, 1905, in New York, and had been a resident of Marquette 15 years.

Survivors are two brothers, Joseph and Benjamin, Detroit.

The body was sent to the Hebrew Benevolent Society in Detroit, where services will be held. Burial will be made in Hebrew Memorial Park, Detroit.

Lifelong City Resident Dies In Hospital

Mrs. Carl (Bernice Elizabeth) Beerman, 35, of 423 W. Park St., died at 3 this morning in St. Mary's Hospital, where she was a patient one week. She was ill four months.

Born Oct. 19, 1927, in Marquette, Mrs. Beerman was a lifelong resident of the city. She was a member of St. Michael's Church.

Survivors are her husband, Carl; three sons, Joseph, Dale and Michael, and a daughter, Anna Rose, at home, and several aunts and uncles.

Services Thursday
Funeral services will be held at 10 Thursday morning in St. Michael's Church with the offering of a Solemn Requiem High Mass. Burial will be made in Holy Cross Cemetery.

The body is in the Fassbender Funeral Home, where the parish Rosary will be recited at 8 tomorrow evening. Friends may call at the funeral home beginning at noon tomorrow.

40 Attend Area United Fund Training Conference In City

Forty persons attended the Upper Peninsula United Fund Campaign Training Conference held in Marquette.

Conducting the session, which was presided over by John L. Farley, Marquette, U. P. committee chairman for the campaign, were various state officials of United Fund.

Meetings were held at the Hotel Northland and included a luncheon at noon.

Morning sessions included a discussion on the importance and significance of budgeting to a good united campaign, presented by Dwyer C. Sump, Lansing, associate director and admissions and budget director of Michigan United Fund, and a discussion on public relations, by Charles H. Chaske, Lansing, public relations director for United Fund in Michigan.

Sump talked about administrative procedures in the budgeting process and on sound techniques

in the budgeting of the dollars for United Fund.

Important Function
Chaske discussed techniques in the successful promotion of the United Fund campaign and distributed some materials for this purpose. He said public relations is "one of the most important functions in successful united campaigning."

Afternoon speaker was Thomas J. Hetherman, executive secretary of the Saginaw Community Chest, who spoke on the establishment and operation of a successful united campaign organization.

Hetherman discussed how a sound campaign organization can be developed and how it should function, also talking about fair share giving, report meetings and other campaign ideas.

Marquette County Delegation

Others appearing on the program were Jack Miller, Marquette, field representative for Michigan United Fund, and W. Earl Prosser, Lan-

ing, executive vice president for Michigan United Fund.

Attending from Marquette County were Dr. Albert H. Burrows, Mrs. Bernice Chamberlain, John C. Gerling, Roy Cassette, Eugene Kepler, R. Ralph Smith and Mrs. Eugene Cole, Marquette; Lt. Col. Charles V. Gardner and Edward Hannu, K. I. Sawyer Air Force Base; Vernon Greenwood, Ray Sundblad, Walno Mantyla and John Schmeltz, Ishpeming, and James Hofbauer, and the Rev. Leslie Niemi, Republic.

Larson C-C's Chairman For Potato Show

Directors of the chamber of commerce have named Howard H. Larson as the chamber's chairman for the Upper Peninsula Potato Show.

The potato show will be held Wednesday and Thursday, Nov. 6 and 7, in the National Guard Armory here.

It is sponsored by the U. P. Potato Producers Association, in co-

Marquette Officer Head Of Safety Program For U.P. Fair

School Safety Patrol boys and girls of the Upper Peninsula, more than 3,000 of them, will gather at the U. P. State Fair in Escanaba on Tuesday, Aug. 13, for a program honoring them for their work in promoting traffic safety.

A record attendance is expected at the 10th annual Safety Recogni-

tion Day, when the students and their supervising teachers will be guests for the day at the Fair.

The program is sponsored by the Michigan Automobile Club with the cooperation of the Michigan State Police and the U. P. State Fair board of managers. Supervising the program is Sgt. Russell Gates, Michigan State Police, Marquette.

"The purpose of this program is to reward the hundreds of boys and girls who devote many hours to school safety during the year," said Sgt. Gates.

"Last year 3,000 were registered for the event and this year an even larger number is expected to attend, representing every community in the Upper Peninsula."

Tickets will be given the boys and girls when they arrive at the fairgrounds that will entitle them to a picnic lunch, free rides, and the afternoon grandstand show at reduced prices.

The performance will be the

Danny Fleenor Auto Thrill Show at 2:15 p.m.

The picnic is scheduled for 4 p.m. and the young people will be offered hundreds of gallons of milk and soft drinks, thousands of buns and weiners, and ice cream and other picnic fare.

The youngsters will leave for their home communities by bus at 6 p.m.

The safety patrol recognition program was originated by the then State Police Sgt. Ralph Sheehan when he was stationed at U.P. district headquarters here.

37 From Marquette County Awarded Degrees By NMU

Thirty-seven Marquette County residents received degrees from Northern Michigan University during summer commencement exercises.

They were among the 135 candidates for bachelor's and master of arts degrees.

Degrees were conferred by Dr.

Edgar L. Harden, president of Northern.

The Marquette area candidates were:

Ray A. Brotherton, son of Mr. and Mrs. John Brotherton, 128 Peck St., Negaunee, a bachelor of science degree. He majored in history and geography.

Dolores Lahtela Carriere, daughter of Mrs. Zelta Lahtela, Republic, bachelor of arts degree with a major in liberal arts — Spanish. While at Northern she was a member of the Spanish Club and Kappa Delta Pi National Honor Society in Education.

Walter P. Lakari, son of Mr. and Mrs. August Lakari, 117 E. Lincoln St., Negaunee, a bachelor of science degree with a major in biology.

Paul Miron, son of Mr. and Mrs. Elmer Miron, 440 Jackson St., Marquette, a bachelor of science degree with a major in conservation.

Patricia G. Olive, K. I. Sawyer Air Force Base, daughter of Lt. Col. and Mrs. William E. Olive, 31

Coolwood, Little Rock, Ark., a bachelor of science degree with a major in home economics. At Northern she was a member of Beta Omega Tau sorority and the Home Economics Club.

Conway Kenneth Fellow, son of Mr. and Mrs. Robert C. Fellow, 418 Lincoln St., Negaunee, a bachelor of arts degree with a major in English.

Bernard Regan, son of Mrs. Agnes Regan, Negaunee, a bachelor of science degree with a major in history.

Margaret Shimmin, daughter of Mr. and Mrs. Clarence Shimmin, 516 Maple St., Ishpeming, a bachelor of music education degree. At Northern she was a member of the band, orchestra, Kief Klub, and was assistant to the music director for the production "South Pacific."

Dorothy B. Sivula, 455 Bay De Noc St., Negaunee, a bachelor of science degree with a major in elementary education. While at Northern she has been a member of Kappa Delta Pi National Honor Society in Education.

Irene B. Sivula, Ishpeming, wife of Dr. T. B. Sivula, a bachelor of science degree with a major in elementary education. At Northern she has been a member of Kappa

Delta Pi National Honor Society in Education.

Don Stratton, son of Mr. and Mrs. Edward Stratton, 817 W. Magnetic St., Marquette, a bachelor of science degree with a major in biology. While at Northern Don has been a member of Tau Kappa Epsilon fraternity, Cambium Club, and the Student Council, 1961-62.

Other Graduates

Others receiving degrees, but not pictured were:

Bachelor of arts: James Arnold Beckman and Salvatore Phillip Tassone, Marquette.

Bachelor of science: Jack Joseph Dixon, John McDonnell Harkin, John Dolf Penglase and William Howard Woodbridge, Marquette; Virginia Langlois and Lee Matthew Sayring, Negaunee; Signe Aho Lake, Deerton; and Peter Balwant Diol, Princeton.

Master of arts: Julanne Marie Honkavirta, Andrew George Léanes, Edwin Russell Malmberg, Stephen Mannie, John Alfred Myers, George Johnson Schrandt and George William Summers, Marquette; Marilyn Swanson Andrew, Richard Norman Andrew, Darrell Keith Lawson, John James Lima, Kenneth Elvin Nelson and Beverly Mary Stanaway, Ishpeming; Joanne Harju Liuha and Stanley Andrew Utito, Negaunee; and Gordon Eldred Farragh, Champion.

Bennett On Panel For State GOP Parley On Mackinac Is.

A candid analysis of the national and state political scenes will be the main order of business at the Republican Party's biennial fall conference Sept. 13-15 at Mackinac Island.

The conference, spotlighting GOP "Targets for '64," will feature a delegation of Republican Congressmen to lead a discussion on "myths and blunders of the Kennedy Administration" Saturday afternoon (Sept. 14).

Congressmen James Harvey Saginaw, an Iron Mountain native, 8th District; August Johansen, 3rd District; Robert Griffin, 9th District; Charles Chamberlain, 6th District; Elford Cederberg, 10th District; George Meader, 2nd District; John B. Bennett, Ontonagon, 12th District, and Edward Hutchinson, 4th District, have said they plan to participate in the panel discussion.

To Review Accomplishments

Key state-wide legislators, who will review accomplishments of the Republican-led legislature and the Romney Administration during a Saturday morning panel discussion, will be Senator Stanley G. Thayer, majority caucus leader; Senator William J. Leppien, senate elections committee chairman; Rep. Allison Green, Speaker of the House, and Rep. Robert E. Waldron, majority floor leader.

Moderators for the two panels will be two former GOP state chairmen, George M. Van Poursen and John Felkens.

Also scheduled as a program highlight is a major Party address Saturday noon by Gov. George Romney. His topic will be "Republican Opportunity in '64."

Other Program Features

Other program features include: Scheduled messages by two national leaders of the Republican Party (names to be announced later) one at the Saturday evening dinner meeting and the other at a Sunday noon luncheon session.

State Central Committee meetings Friday evening.

A full RSCC business meeting

Bridge Traffic Up 4.4 Per Cent During Month

ST. IGNACE (AP) — Traffic over the Mackinac Bridge during July was 4.4 per cent greater than in July, 1962, Prentiss M. Brown, Bridge Authority chairman announced today.

Brown also said bridge revenues for July jumped 4.3 per cent over the figure recorded for July, 1962. The \$1,023,956 was the highest July income since 1958, when the bridge was newly opened.

Cumulative revenue of \$2,483,168 for the first seven months of 1963 was better than cumulative revenues for any similar period in bridge history, he said.

SAC Surgeon, Legal Generals Tour Air Base

Brig. Gens. Alonzo A. Towner, Strategic Air Command's surgeon general, and Paul W. Norton, the command's staff judge advocate, visited K. I. Sawyer Air Force Base this week.

The two general officers, as well as members of their staffs, were on a tour of Air Force bases at which the command has either host or tenant units.

Views Hospital Operation

Gen. Towner visited the 56th USAF Hospital here and was briefed on the hospital's operation by Lt. Col. Francis D. O'Brien, hospital commander. The SAC surgeon general also conferred with Dr. (Capt.) Anthony J. Leone, the SAC flight surgeon assigned here.

Gen. Norton met with Major Edward Molnar, judge advocate of the Sault Ste. Marie Air Defense Sector at Sawyer and with members of Molnar's staff.

The sector judge advocate handles all legal matters for the sector and base. The 410th Bombardment Wing (SAC), a tenant unit, is supported in its legal matters by the sector judge advocate.

An informal reception was held at the Officers' Open Mess for the generals and their party. Several lawyers and physicians from the surrounding area were in attendance.

Why are some drugs like "ecstasy sauce?"

If you read "Li'l Abner" you may recall how the Gourmet's Club plotted to make "Ecstasy Sauce" from the Yokums' pet pig, Salomey. Recipe: Boil down one hammus alabamius (Salomey) until just one single, solitary delicious drop remains—and that is "Ecstasy Sauce." In terms of food, this is humorously ridiculous, but it's actually routine in the making of drugs. Often hundreds of pounds of raw materials must be processed and reprocessed to obtain one tiny pinch of the active medication. Which helps explain why modern drugs are so potent, and why we pharmacists dispense them only when your physician writes a prescription.

Owner

Separate sealed bids for the following two (2) contracts:

1. GENERAL CONTRACT: Including Building Work, Mechanical Work, Electrical Work and Elevator.
2. KITCHEN EQUIPMENT CONTRACT: Including Food Service equipment, Refrigerators and Refrigeration Systems.

For the RESIDENCE HALL AND FOOD SERVICE BUILDING will be received by the Michigan State Board of Education at the STUDENT CENTER BUILDING, NORTHERN MICHIGAN UNIVERSITY, MARQUETTE, MICHIGAN until 2:00 P.M. E.S.T., August 29, 1963 and then at said office publicly opened and read aloud.

The information for Bidders, Form of Bid, Form of Contract, Bidding Documents, Form of Contract Security may be examined at the office of SWANSON ASSOCIATES, INC., 74 W. LONG LAKE ROAD, BLOOMFIELD HILLS, MICHIGAN, and copies may be obtained there upon payment of \$50.00 for each set. Two (2) sets will be available to each bidder. Any unsuccessful bidder, upon returning such set by SEPTEMBER 4, 1963 and in good condition, will be refunded his payment. Any non-bidder returning such set, or bidder returning such set after the date above will be refunded \$25.00.

The owner reserves the right to waive any informalities or to reject any or all bids.

Each bidder must deposit with his bid, security in the amount, form and subject to, the conditions provided in the Information for Bidders.

Attention of bidders is particularly called to the requirements as to Conditions of Employment to be observed and minimum wage rates to be paid under the contract. No bidder may withdraw his bid within 30 days after the actual date of the opening thereof.

Date: July 29, 1963.

*Mechanical & Electrical Bidding Documents will be issued August 9, 1963. See paragraph 18, Page 1B-4.

Decision Due By High Court In Appeal By Marine Union

A decision was expected to be handed down this afternoon by the Michigan Supreme Court in a marine union's emergency request for suspension of the temporary injunction issued in Marquette County Circuit Court here against picketing of a Canadian ore carrier.

Action had been anticipated yesterday, but no decision was reached by the high court.

Emergency Appeal

An emergency appeal petition was filed last week by attorneys for District II of the Marine Engineers' Beneficial Association (MEBA) and Gale Sherbrooke, 18, Bay City, a MEBA picket arrested here.

The temporary injunction was issued in Marquette County circuit court July 18 by Judge Ernest W. Brown, Iron Mountain, against the Great Lakes District of the Seafarers International Union "and all organizations acting in concert with the SIU."

The petition for an emergency

appeal was taken to the Supreme Court by MEBA attorneys on the grounds that the marine officers' union was not a party to the complaint in the hearing on the temporary injunction.

The Canadian ship, the Red Wing, owned by Upper Lakes Shipping, Ltd., Toronto, has been picketed at Marquette docks five times this summer.

Pickets Arrested July 27

Since the judgment was issued, the Red Wing has been picketed by men carrying MEBA signs on July 19 and 27. Two pickets were arrested in the July 27 incident at the Lake Superior and Ishpeming Railroad Co. dock, after they continued to picket in defiance of the injunction served on them.

Principal MEBA attorney in the case is A. L. Zwerdling, Detroit, and local counsel for the union is the firm of DeFaut and Bridges, Negaunee.

Local counsel for Upper Lakes is John E. McDonald, Marquette.

Need For All-Purpose Clinics For Mental Patients Stressed

ESCANABA — The people of an area will be best served in the field of mental health when communities have all-purpose clinics where there can be early evaluation and treatment of the mentally disturbed, Dr. R. R. Cameron, superintendent of Newberry State Hospital, told the Escanaba Rotary Club.

The ideal situation would be to have enough clinics so no citizen would be more than 50 miles from a mental health center, he said.

"The way it is now in most cases the illness must develop to the point where no one can tolerate them, and then they are sent off somewhere else. This is like letting a common cold develop into pneumonia."

There is need in this state and in the nation for the development of treatment programs for the mentally retarded child, he said.

The hospital at Newberry has facilities for 385 children maximum, since it is a hospital for the retarded as well as the mentally ill.

Newberry State Hospital does not have a ward for alcoholics, and Dr. Cameron indicated that while he is not unsympathetic toward the concept of alcoholism as a sickness, there is the greater need to do something for "children and others."

Strengthening of programs for evaluation of the mentally and emotionally disturbed should be encouraged at the local level, Dr. Cameron said. Federal funds are now forthcoming to augment state financing of programs, "but whether it's federal, state or local, it's your money still," he pointed out.

"Large institutions can be anti-therapeutic at times. When the doors clang shut behind a patient the family readjusts and the patient is often forgotten by the family," he said. The report of a survey revealed, for example, that in one institution in Illinois 47 patients cost three million dollars.

Forgotten Ones

Strengthening of programs for evaluation of the mentally and emotionally disturbed should be encouraged at the local level, Dr. Cameron said. Federal funds are now forthcoming to augment state financing of programs, "but whether it's federal, state or local, it's your money still," he pointed out.

"Large institutions can be anti-therapeutic at times. When the doors clang shut behind a patient the family readjusts and the patient is often forgotten by the family," he said. The report of a survey revealed, for example, that in one institution in Illinois 47 patients cost three million dollars.

Gov. Romney, Dems Agree On Tax Need

DETROIT (AP) — Gov. George Romney and most Democratic legislators apparently were agreed today that Michigan needs new taxes, but the unanswered questions remain — how much, on whom and in what fashion?

Romney broke bread Monday with the Democrats in a five-hour closed-door meeting at a Detroit hotel at which he outlined his eight suggested tax reform programs and then asked for suggestions.

The programs, first unveiled by the Governor last June, include possible ways of easing the tax burden on business while meeting the expected \$60 million increase in next year's general fund budget.

State Income Tax

Nearly all of the plans include a state income tax, ranging from two to three per cent on individuals and two to six per cent on corporations.

Romney's approach with the Democrats was the same one he has used in recent meetings with Republican lawmakers. He is scheduled to meet with more Democrats today and wind up the fiscal talks at a three-day session with GOP legislative tax leaders at Mackinac Island beginning Wednesday.

Automation Eliminates State Jobs

LANSING (AP) — Automation has and will continue to eliminate jobs in state service, reports the Civil Service Commission.

Commission Director Franklin DeWald reported that installation of a computer and other data processing equipment is expected to eliminate 49 jobs in the commission itself in the next three years.

UNITED STATES OF AMERICA, FEDERAL POWER COMMISSION. The Cleveland-Cliffs Iron Company, Project No. 2577. NOTICE OF APPLICATION FOR LICENSE (Issued July 22, 1963). Public notice is hereby given that application has been filed under the Federal Power Act (16 U. S. C. 791a - 825c) by the Cleveland-Cliffs Iron Company, (correspondence to: Mr. D. F. Forzy, Vice President, The Cleveland-Cliffs Iron Company, 1460 Union Commerce Building, Cleveland 3, Ohio) for license for construction of Project No. 2577, known as the Hotel Project, located on Dear River in Marquette County, near the cities of Ishpeming and Negaunee, State of Michigan. The project consists of: a storage dam, located about 15 miles north-west of Ishpeming, having an earth-filled section and a concrete gravity valve section with crest at elevation 1,461 feet; and a reinforced concrete spillway with crest at elevation 1,486.50 feet; Silver Lake Basin, created by the dam, with a storage capacity of about 26,800 acre-feet; a storage intake dam, located 6 miles north of Ishpeming, having an earth-filled section and a concrete gravity section with crest at elevation 1,533 feet, equipped with 3 feet high flashboards; a basin behind the dam with a storage capacity of about 33,300 acre-feet at normal highwater elevation 1,348 feet; and 788 feet of penstock conveying water to a powerhouse containing 3 horizontal type units with a combined rating of 4,400 kilowatts. Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the Rules of Practice and Procedure of the Commission, 18 C.F.R. 1.8 or 1.101. The last day upon which protests or petitions may be filed is September 9, 1963. The application is on file with the Commission for public inspection. Joseph H. Gutzler, Secretary.

tax structure is to take place, it appears certain that at least some Democratic votes will be needed because of a lack of unanimity among Republicans.

Unfortunate

The Governor told newsmen the meetings have convinced him that there is a broad recognition among both Republicans and Democrats of the need for tax reform in the state.

Romney said it was unfortunate that so much attention had been focused on the suggestion for a state income tax.

"The need for tax reform is far greater than the question of any particular tax," he declared.

The chief goal, he added, is to create a better tax climate for business, thus encouraging industry to locate in Michigan.

There also is a need to provide tax relief for local governments, he said.

2 New Ideas

Romney said he heard at least two new ideas from the Democrats that had not been put forward earlier in his series of meetings with Republican legislators.

But he refused to say what the ideas were, except that one concerned a possible new source of revenue and the other a new area in need of tax relief.

8 From Area In August Pre-Draft Call

Eight registrants from Marquette County will take their pre-induction physical examinations this week in Milwaukee.

The eight, who comprise the 160th pre-draft contingent from

12 Forest Fires In U.P. During Week

Twelve forest fires burned 13.5 acres of land in the Upper Peninsula state protection area during the past week.

That made a total of 353 blazes, which have burned 1-796.2 acres of land in the U. P. state protection area, for the year. By comparison, in the same period last year there were 190 fires, blackening 415.7 acres of land.

the county, will report to the Hotel Clifton here at 1 tomorrow afternoon. They will take a chartered bus at 1:30 p. m. to Milwaukee, where the examinations will be given the following day.

There is no draft call for Marquette County this month.

September Calls

At the same time, Mrs. Frances Drake, clerk in charge of the board's office, Marquette Post Office Building, said the following month's induction and pre-draft calls are scheduled for Monday, Aug. 9.

The September induction call will be the 159th and the pre-draft call the 161st under the terms of the 1948 Selective Service Act. Ten registrants will take their pre-draft physical examinations and four will be inducted into the armed forces. Notices will be mailed during the week of Aug. 19-24.

Pre-draft calls for this week are as follows:

Kenneth Eugene Bressette, Joseph Lee L'Hullier and John Kassten Lawrence, Marquette; Ralph David Holappa, Palmer; Robert Cornish Windsand, Ishpeming; Paul Joseph Ketola, Princton; George Hugo Sironen, Negaunee, and David Richard Lilly, Kenai, Alaska.

Dr. Edgar L. Harden, president of Northern Michigan University, has been appointed to a committee of the United States Chamber of Commerce.

Harden was named to the Association Committee of the Chamber, which this coming year will be chaired by John L. Spafford, Washington, executive vice president of the Association of Credit Bureaus of America.

Harden is the only Upper Peninsula member of the committee. His appointment is a new one, for a one-year term.

Appointments were made by Edwin P. Neelan, president of the chamber. Neelan is president and chairman of the Bank of Delaware, Wilmington, Del.

The committee helps the cham-

ber set up and run programs for trade, technical and professional associations to increase the value of associations to their industries and their effectiveness in public affairs.

Queen Victoria used the phrase "red tapings" to mean delays and involvements, according to the Encyclopaedia Britannica.

At the same time, Mrs. Frances Drake, clerk in charge of the board's office, Marquette Post Office Building, said the following month's induction and pre-draft calls are scheduled for Monday, Aug. 9.

The September induction call will be the 159th and the pre-draft call the 161st under the terms of the 1948 Selective Service Act. Ten registrants will take their pre-draft physical examinations and four will be inducted into the armed forces. Notices will be mailed during the week of Aug. 19-24.

Pre-draft calls for this week are as follows:

Kenneth Eugene Bressette, Joseph Lee L'Hullier and John Kassten Lawrence, Marquette; Ralph David Holappa, Palmer; Robert Cornish Windsand, Ishpeming; Paul Joseph Ketola, Princton; George Hugo Sironen, Negaunee, and David Richard Lilly, Kenai, Alaska.

Recruit Officer For Coast Guard Here Tomorrow

Boatswain's Mate Roger Roznoski of the Green Bay recruiting station for the U.S. Coast Guard will be in Marquette tomorrow

for recruiting purposes.

Roznoski will be stationed in the Marquette Post Office Building between 10:30 a. m. and 5 p. m. and anyone interested in enlisting may call on him without appointment.

The USCG reminded applicants that visual requirements for enlistment have been lowered.

Four Drivers Fined \$22 By Justice

Four persons were assessed a total of \$22.00 in fines and costs when they appeared before Justice Lawrence Ewing in Chocoley Township Court.

NMU Prexy On National C-C Group

Dr. Edgar L. Harden, president of Northern Michigan University, has been appointed to a committee of the United States Chamber of Commerce.

For failure to stop at a thru highway, Robert E. Clemenson, 1015 Waldo St., Marquette, was ordered to pay a fine of \$2 and court costs of \$4.30. He was ticketed by state police July 21 on County Road BAR, in Chocoley Township.

Elliott Webb, Route 1, Skandia, and William H. Brown, Route 1, Marquette, each paid a fine of \$1 and costs of \$4.30 on charges of parking in the main traveled portion of the highway. Webb was ticketed July 29 on U. S. 41, in Skandia Township, and Brown was ticketed July 21 on County Road 480, in Chocoley Township. Both were issued the summonses by state police.

For defective brakes, Thomas F. Salo, Route 1, Marquette, paid a \$1 fine and \$4.30 costs. He was issued the summons by state police May 19 on U. S. 41, in Chocoley Township.

Appointments were made by Edwin P. Neelan, president of the chamber. Neelan is president and chairman of the Bank of Delaware, Wilmington, Del.

The committee helps the cham-

City Appeal Board Meeting Scheduled For Tomorrow

A meeting of the city appeal board will be held at 7:30 tomorrow evening in the city hall.

The appeal board rules, by a simple majority vote, on requests for exceptions to the city zoning ordinance. There are five mem-

bers on the board, appointed by the city commission.

To be heard tomorrow is the appeal of Mercure & Diedrich, contracting company, for permission to construct a carport, measuring 15 by 18 feet, at a location five feet from the side lot line, with a total side lot width of nine feet (instead of the required 12-foot minimum) at 2008 Neidhart Ave.

Six blazes burned 10.8 acres in the Newberry District (comprised of Luce, Mackinac, Schoolcraft, Chippewa and the east half of Alger Counties), with the district having 76 fires, blackening 669.1 acres of land, so far this season.

In the Baraga District (Baraga, Gogebic, Houghton, Keweenaw and Ontonagon Counties), there were three blazes, burning 1.1 acres of land, in the past week. For the year, 83 fires blackened 140.4 acres in the district.

In the Crystal Falls District (Iron, Dickinson and Menominee Counties), there were two blazes last week, burning 1.2 acres of land. So far the district has had 95 fires, blackening 643.2 acres of land.

Upper Peninsula Waterfalls

Michigan has approximately 150 waterfalls, and all but one of them are located in the Upper Peninsula. This is more than a statistic on geography. It is a figure that suggests what sort of country the Upper Peninsula is, for waterfalls are among the most beautiful and spectacular sights in all of nature.

The Upper Peninsula is favored with waterfalls — large and small, narrow and broad, serene and turbulent — from one end to the other. Many of them are remote and almost inaccessible. Few of them except Tahquamenon are highly publicized, if at all.

And this is unfortunate, for it is evidence that the Upper Peninsula is failing to capitalize on one of its most striking attractions for tourists. It is true that articles have been published in magazines and newspapers about the Northern Peninsula's grand cascades. And it is true that the Upper Michigan Tourist Association has published and distributed a most attractive pamphlet describing the Peninsula's waterfalls, complete with a map indicating the location of some of the most important falls.

But local communities are doing very little to let tourists know about the waterfalls in their own areas.

One person who is concerned about this is Benjamin H. de Claire of Grosse Pointe Park, who has traveled extensively in Michigan to view its scenic sites. Here is what he said recently in a letter to Motor News on this subject:

"Now that it's so easy to cross the Straits, the Upper Peninsula beckons. But its story is nowhere near half-told. Hundreds of scenic wonders and charms exist, but are known only to the natives. It is claimed that there are over 150 waterfalls in the Upper Peninsula, but, aside from Tahquamenon, Upper and Lower, try to find them.

"For the past four years my family and I have tried to find these attractions, and our experience has been most frustrating. Aside from the Tahquamenon, Bond and Agate, these little or big side shows are very poorly marked, excepting those along the Presque Isle River in Ontonagon County and the four spectaculars on the Black River in Gogebic County. In Grand Marais, their only attraction is Sable Falls, and if you follow their dilapidated arrows you wind up in a meadow. Locating the Laughing Whitefish Falls in Alger County results in a dry cleaner's field day. You find yourself . . . hub deep in mud . . . with no guiding markers.

"This apathy among the natives is unforgivable . . . They holler for industries, but the now existing tourist industry can go hang. Believe me, California, Texas and Florida would bust a gut to promote anything that would attract a tourist's dollar without requiring any capital investment or much outlay. Michigan's natives are fast asleep."

Steps are being taken to make Laughing Whitefish Falls more accessible. The Michigan Conservation Department is negotiating with Celotex Corp. to acquire land around the falls and establish this as a scenic site. If this becomes a reality, Laughing Whitefish Falls finally will receive the attention it deserves, but it will be because the state intervened and undertook this responsibility.

Another cascade in Alger County — Wagner Falls near Munising — became state property through a gift a couple of years ago. It was dedicated as a scenic site and a plaque was installed at the head of a footpath leading to the falls. But here again state action was required before the falls were prominently called to the attention of tourists.

Marquette County likewise has falls that have not been properly publicized on the local level, and this undoubtedly is true of almost every other Upper Peninsula county. What is needed is a realization that waterfalls are a valuable resource and the initiative to do something locally to take advantage of this resource.

Forester Honored
A highlight of the Amasa meeting of tree farmers and foresters was designation by Marathon Division of American Can Co. of 93,000 acres of its Amasa forest holdings as the Bruce G. Buell Tract, in honor of the forestry leader who managed it for a third of a century and developed it into a showplace of Lake States industrial forestry. Buell retired in February.

The tree farm program is a system of private forest management to make woodlands more productive in development around lakes or along good streams; about 75 per cent of our outdoor recreation is water-oriented. Most outdoor recreational facilities require considerable investment of capital, and your income from them is largely seasonal. Investigate very carefully before you take the plunge. Even though long-term, low interest

loans are available from the government, there is no assurance of success.

"On the other hand, tree farming — growing trees as a crop — will normally return a 4 to 6 per cent income on your investment. You have the risk of fire, insects and disease, but with the excellent protection record of your conservation department forestry division this is not a major problem. Moreover, timber harvesting will improve the food and habitat for most game on your property and particularly for deer.

Effect Of Harvesting
"Eventually hunters will have to pay for their sport. In addition, you may well devote a portion of your tree farm to recreational facilities such as a picnic area or leased camping site. Our recent opinion survey showed 30 per

cent of people think that harvesting makes recreational use more attractive as compared with 22 per cent who think it makes recreation less desirable. Twenty-six per cent think it has no effect and 22 per cent have no opinion.

"The growing of timber for harvest, while yielding the added benefits of recreation, wildlife and increased water yields and soil stabilization, is known as multiple use. It is the cardinal principle of the American Tree Farm System. We will not have any more lands, so we believe it the best answer to our growing needs for forest products, recreational needs and the like in the years ahead.

Most Favor Multiple Use
"In our nationwide survey, only 18 per cent of people had even heard of the term 'multiple use' and only four per cent really un-

derstood what it meant. On the other hand when they were given three alternative ways of managing land, 68 per cent thought that management under multiple use was best.

"The survey revealed that 52 per cent of people were of the opinion that we already have enough forest land available for recreation, and, although the wilderness bill has been termed a vital national issue, only four per cent of the people had heard of it. Sixty-six per cent said they had never heard or read anything about wilderness.

Timber Surplus
"In recent years there has been talk of a timber surplus in some localities. The question, 'Are we growing more timber than we need?', has been asked. Quite possibly some of you may have had difficulty in marketing your products. Markets are soft in some areas now, but this does not mean we are going to have unmanageable surpluses of wood in the sense that we now have surpluses of wheat, cotton or corn.

"At the same time it must be recognized that all landowners will not be able to sell all their products of whatever quality or at whatever location at the exact time they wish and realize a profit.

Demand Rising Rapidly
"It is essential that for a short period of time we grow more timber than we can harvest if we are to meet the needs of the years ahead. Fortunately, timber can be stored on the stump and it keeps growing. Our lumber consumption per capita has stayed about the same for 20 years, but we are adding one person to the population every 7 1/2 seconds. This means we need more lumber. If it were not for unprecedented imports of Canadian softwood and Japanese hardwood plywood, our lumber and hardwood plywood industry would now be at peak production. These imports amount to about 15 per cent and 80 per cent of our consumption, respectively.

"But in the past 20 years the consumption of paper and paperboard has nearly doubled, hardwood has climbed from 1 1/2 square feet per person to 15; plywood has quintupled since 1940. The demand for wood is rising rapidly and we are losing about a million acres of forest land a year to the bulldozer for roads, airfields, parks, industrial sites, reservoirs and suburbs and much of the land we lose supports excellent timber."

Priorities
Secretary of the Treasury Dillon has good reason for urging that the Administration tax program be given legislative priority over civil rights. A tax cut would strengthen the economy and improve job opportunities for Negroes. Outlawing job discrimination will not be particularly effective if there are no new jobs for Negroes.

And yet Sen. Javits of New York has good reason for saying: "Civil rights legislation, as the No. 1 moral issue of the country, deserves top priority in congressional action, even over tax reduction, vital as that is."

We tend to side with Sen. Humphrey of Minnesota, the assistant Senate Democratic leader. "Neither has priority," says Mr. Humphrey. "We've got to do both." — St. Louis Post-Dispatch

Water-Oriented
"But let me caution. Your chances of success in recreation are in developments around lakes or along good streams; about 75 per cent of our outdoor recreation is water-oriented. Most outdoor recreational facilities require considerable investment of capital, and your income from them is largely seasonal. Investigate very carefully before you take the plunge. Even though long-term, low interest

loans are available from the government, there is no assurance of success.

"On the other hand, tree farming — growing trees as a crop — will normally return a 4 to 6 per cent income on your investment. You have the risk of fire, insects and disease, but with the excellent protection record of your conservation department forestry division this is not a major problem. Moreover, timber harvesting will improve the food and habitat for most game on your property and particularly for deer.

Effect Of Harvesting
"Eventually hunters will have to pay for their sport. In addition, you may well devote a portion of your tree farm to recreational facilities such as a picnic area or leased camping site. Our recent opinion survey showed 30 per

cent of people think that harvesting makes recreational use more attractive as compared with 22 per cent who think it makes recreation less desirable. Twenty-six per cent think it has no effect and 22 per cent have no opinion.

These imports amount to about 15 per cent and 80 per cent of our consumption, respectively.

"But in the past 20 years the consumption of paper and paperboard has nearly doubled, hardwood has climbed from 1 1/2 square feet per person to 15; plywood has quintupled since 1940. The demand for wood is rising rapidly and we are losing about a million acres of forest land a year to the bulldozer for roads, airfields, parks, industrial sites, reservoirs and suburbs and much of the land we lose supports excellent timber."

Priorities
Secretary of the Treasury Dillon has good reason for urging that the Administration tax program be given legislative priority over civil rights. A tax cut would strengthen the economy and improve job opportunities for Negroes. Outlawing job discrimination will not be particularly effective if there are no new jobs for Negroes.

And yet Sen. Javits of New York has good reason for saying: "Civil rights legislation, as the No. 1 moral issue of the country, deserves top priority in congressional action, even over tax reduction, vital as that is."

We tend to side with Sen. Humphrey of Minnesota, the assistant Senate Democratic leader. "Neither has priority," says Mr. Humphrey. "We've got to do both." — St. Louis Post-Dispatch

Water-Oriented
"But let me caution. Your chances of success in recreation are in developments around lakes or along good streams; about 75 per cent of our outdoor recreation is water-oriented. Most outdoor recreational facilities require considerable investment of capital, and your income from them is largely seasonal. Investigate very carefully before you take the plunge. Even though long-term, low interest

loans are available from the government, there is no assurance of success.

"On the other hand, tree farming — growing trees as a crop — will normally return a 4 to 6 per cent income on your investment. You have the risk of fire, insects and disease, but with the excellent protection record of your conservation department forestry division this is not a major problem. Moreover, timber harvesting will improve the food and habitat for most game on your property and particularly for deer.

Effect Of Harvesting
"Eventually hunters will have to pay for their sport. In addition, you may well devote a portion of your tree farm to recreational facilities such as a picnic area or leased camping site. Our recent opinion survey showed 30 per

cent of people think that harvesting makes recreational use more attractive as compared with 22 per cent who think it makes recreation less desirable. Twenty-six per cent think it has no effect and 22 per cent have no opinion.

"The growing of timber for harvest, while yielding the added benefits of recreation, wildlife and increased water yields and soil stabilization, is known as multiple use. It is the cardinal principle of the American Tree Farm System. We will not have any more lands, so we believe it the best answer to our growing needs for forest products, recreational needs and the like in the years ahead.

Most Favor Multiple Use
"In our nationwide survey, only 18 per cent of people had even heard of the term 'multiple use' and only four per cent really un-

derstood what it meant. On the other hand when they were given three alternative ways of managing land, 68 per cent thought that management under multiple use was best.

"The survey revealed that 52 per cent of people were of the opinion that we already have enough forest land available for recreation, and, although the wilderness bill has been termed a vital national issue, only four per cent of the people had heard of it. Sixty-six per cent said they had never heard or read anything about wilderness.

Timber Surplus
"In recent years there has been talk of a timber surplus in some localities. The question, 'Are we growing more timber than we need?', has been asked. Quite possibly some of you may have had difficulty in marketing your products. Markets are soft in some areas now, but this does not mean we are going to have unmanageable surpluses of wood in the sense that we now have surpluses of wheat, cotton or corn.

"At the same time it must be recognized that all landowners will not be able to sell all their products of whatever quality or at whatever location at the exact time they wish and realize a profit.

Demand Rising Rapidly
"It is essential that for a short period of time we grow more timber than we can harvest if we are to meet the needs of the years ahead. Fortunately, timber can be stored on the stump and it keeps growing. Our lumber consumption per capita has stayed about the same for 20 years, but we are adding one person to the population every 7 1/2 seconds. This means we need more lumber. If it were not for unprecedented imports of Canadian softwood and Japanese hardwood plywood, our lumber and hardwood plywood industry would now be at peak production. These imports amount to about 15 per cent and 80 per cent of our consumption, respectively.

"But in the past 20 years the consumption of paper and paperboard has nearly doubled, hardwood has climbed from 1 1/2 square feet per person to 15; plywood has quintupled since 1940. Russell C. Flom, vice president, Marathon Division, American Can Co., left, presents a desk replica of the "Bruce G. Buell Tract" tree farm sign erected at Amasa on the 93,000-acre tree farm of Marathon to honor the company's recently retired chief forester. Buell of Chassell is at center in the ceremonies at Amasa High School and James C. McClellan, chief forester, American Forest Products Industries, Inc., Washington, D.C., is at right.

Canadian, Japanese Imports Keep U.S. Lumber Industry From Peak

BY JEAN WORTH
Journal Special Correspondence

"If it were not for unprecedented imports of Canadian softwoods and Japanese hardwood plywood, our American lumber and hardwood plywood industry would now be at peak production," James C. McClellan, chief forester of the American Forest Products Industries, Inc., told the annual Upper Peninsula tree farm dedication assembly at Amasa in urging a forest buildup.

It was a sentimental journey from Washington for McClellan, who recalled that 14 years ago he attended the launching of the Michigan tree farm program in the Upper Peninsula at Carlson's Camp near Munising.

Forester Honored
A highlight of the Amasa meeting of tree farmers and foresters was designation by Marathon Division of American Can Co. of 93,000 acres of its Amasa forest holdings as the Bruce G. Buell Tract, in honor of the forestry leader who managed it for a third of a century and developed it into a showplace of Lake States industrial forestry. Buell retired in February.

The tree farm program is a system of private forest management to make woodlands more productive in development around lakes or along good streams; about 75 per cent of our outdoor recreation is water-oriented. Most outdoor recreational facilities require considerable investment of capital, and your income from them is largely seasonal. Investigate very carefully before you take the plunge. Even though long-term, low interest

Today's Special Story

Marquette County likewise has falls that have not been properly publicized on the local level, and this undoubtedly is true of almost every other Upper Peninsula county. What is needed is a realization that waterfalls are a valuable resource and the initiative to do something locally to take advantage of this resource.

Priorities
Secretary of the Treasury Dillon has good reason for urging that the Administration tax program be given legislative priority over civil rights. The Rough Road To '64

The National Whirligig News Behind The News

BY ANDREW TULLY
WASHINGTON — While Congress is trying to make up its mind whether to pass the "truth in pack-

aging" bill to curb deceptive packaging practices, it should look into the sleazy attempts by the liquor barons to make their product a status symbol.

I like an occasional dollop against the vapors, but I am tired of being patronized by the hooch makers. Aside from the fact that kids should not acquire the idea that boozing is one of the cardinal virtues, it is time the distillers were made to desist in their claims that if a man doesn't drink their particular brand he is a peasant and a clod.

Oh, For Good Old Days!
Time was when the average whiskey advertisement was a joy to the beholder. It was succinct, unadorned and informative. There was a picture of a bottle of the stuff, the claim that it tasted good, and the price. You did not have to be a Chaucerian scholar to get its gist; all you had to do was count your money to see if you could afford some. There was no hint that it built character or would turn the local moron into Cary Grant.

But now the purveyors of popular popskull have gone aristocratic. They seem to be ashamed of trying to peddle whiskey on its merits. Their advertisements are courtier and more dignified than most banks, or even those of the lingerie manufacturers in the New York Times Sunday Magazine. They're refined.

Swank
In these advertisements you never see any more regular fellows belted up to a bar enjoying nature's finest. What you do see is some genteel poseur, usually equipped with a beard or monocle

or both, debarking from the Queen Elizabeth or dismounting from a polo pony. At times, he lolls in a gleaming Rolls Royce; at others he is toying with a Shakespeare folio. He owns a full dress suit.

This elegant charlatan does not discuss the comfort to be found in a belt of Old Lockpaw. Instead, he speaks knowledgeably of Picasso and first editions, and he quotes Goethe and Shelley. It is only when you have digested this extension course in gracious living that he mentions, with studied casualness, that of course any man who doesn't drink his poison is a Mongolian idiot in disguise who should be dropped from his club and even, perhaps, barred for life from playing touch football.

A Rebellion
As I said, there are times when I reach for a dram for the rheumatism, and I am a patient man with those who peddle the stuff. I appreciate the problems of an industry beset by potential clients who sometimes choose to purchase costly baubles for girls instead of having one for the road. But I have my limits. I do not choose to live in a world where my social status is suspect if I don't drink a certain brand of booze. I like lively and intelligent conversation, but I will not discuss Balzac or Victor Hugo — or even Christine Keeler — with the proprietors of a distillery.

I say to these people: Just tell me the name of the stuff, how old it is and whether it is available to ordinary folk. I shall continue to get my culture from Jackie Kennedy.

Goldwater Gets The Jump

BY PETER EDSON

WASHINGTON — (NEA) — The National Draft Goldwater for President headquarters in Washington will announce the names of its first state chairmen and state organizing committee members within the next few weeks.

All will be regular Republicans with experience and recognized standing in the GOP.

The political importance of this state effort can hardly be overestimated. It will refute the contention of New York's Gov. Nelson Rockefeller and others that the Goldwater drive is the work of right-wing extremists on the lunatic fringe.

There is no disputing that most of the enthusiasm for Goldwater now comes from grass roots supporters and political amateurs. There have been local Goldwater for President clubs in many communities for two years and more, but they have been unrelated, unofficial and outside the Republican party.

The second big job of the National Draft Goldwater Committee — to be done concurrently with setting up state, county and city organizations — will be to co-ordinate these independent local clubs with the regular party.

10,000 Signatures
Many of these local clubs have been circulating their own petitions urging nomination of Goldwater as the candidate in 1964. Draft Goldwater headquarters also has petitions out, and it asks all signers for a dollar as their contribution to the cause.

There are around 100,000 signatures on these petitions now. The idea is to bring them all together. There is a blank state chart in Draft Goldwater headquarters now, waiting for insertion of the first state totals. The hope is to run the total number of signatures into the millions.

Peter O'Donnell Jr., national chairman of the Draft Goldwater Committee, and F. Clifton White, its executive director, head up the job of building this organization.

O'Donnell, well-to-do young Dallas businessman and Republican state chairman in Texas since 1956, knows all the GOP regulars. He is on the move, calling on national and state committeemen to line up responsible leaders.

Political Science Teacher
White is a New York political science teacher and public relations man who has dabbled in politics since 1948 as a Dewey, Eisenhower and Nixon backer. He played a leading role in blocking Rockefeller's presidential ambitions in 1960. He wouldn't be averse to doing it again in 1964.

Some GOP state committees have a rule that their chairman must be a neutral, not backing any one candidate for political office before the primary or state convention.

In other states this is a ruling of the state executive committee, a custom that has been followed for years, or a personal preference of the state chairman himself.

In all such states, O'Donnell, White and their co-workers are forced to look elsewhere for Goldwater state and local chairmen and committeemen. But they are recruiting from the ranks of responsible Republican citizens who have the Goldwater conviction of conservatism — not the crackpot extremists.

New Hampshire Primary
There is no assurance that Goldwater will allow his name to be entered as a candidate for the Republican presidential nomination in the New Hampshire primary next spring.

If he doesn't allow it, a group of his supporters may try to present his name anyway.

The importance of all this effort is that Goldwater backers have obtained a big jump on supporters of Rockefeller and the other GOP possibilities.

Rockefeller, speaking before a few hundred rich Californians at Bohemian Grove, will make no appeal whatever to the rank and file Republicans he needs to win.

The Republican Citizens Committee, meeting at Hershey, Pa., even under President Eisenhower's sponsorship, is just as far removed from the great mass of voters.

Remarks To Irk Toupee Wearers

BY HAL BOYLE

NEW YORK (AP) — Remarks a man with a new toupee gets tired of hearing: "Well, hair today — gone tomorrow!"

"I don't know why you feel so upset about it Ronald. After all George Washington wore a wig — and they built a monument to him."

"Here comes old goldilocks himself."

"May we suggest sir, that you shake a little salt on its occasionality? The resemblance to dandruff will give it that final natural touch."

"He's so absent-minded that some mornings he puts it on backward — and then I can't tell whether he's going or coming."

Some Mistake
"I must say that Ronald has real Savoir Faire. When his toupee slipped out of his front of him at that Chinese restaurant, he didn't panic. He simply called the waiter over and told him, 'I'm afraid there's been some mistake. I didn't order this bird's nest hot.'"

I know it must itch terribly in this hot weather, Ronald, but for heaven's sake quit scratching. Everybody's watching."

"Don't sit too close to an electric fan, dear. Remember when it blew out the apartment window and landed in a tree, and you had to pay that little boy 50 cents to climb up an get it?"

I Hit It Twice
"Sorry I mused it up darling. I was just tidying the floor, and when I saw it lying there it gave me such a fright I hit it twice with the mop before I realized what it was."

"If it shrunk, sir, I'm afraid it was your own fault. This model does not carry a drip-dry guarantee."

"Don't wear the crew-cut one, Ronald. If you plan to ask for a raise today. Wear the one with the streaks of grey in it. That'll remind your boss of the long years of service you've given to the company."

I'm New Here
"You must be particularly careful about moths, sir. Unfortunately they prefer toupees to sirloin steak."

"Gee, fellow, I'm new in the office. I don't see why you have to fly off the handle when all I asked you was where there's a good barber around here."

"Wonder what happens when he reads a hair-raising mystery."

advice is to grow a beard

"Yes, it looks fine, Ronald. But my advice is to grow a beard. That would kinda balance it."

From The Journal Files

60 Years Ago

Marquette

The Freemans, owners of part of the land needed, placed a high value on their property, while the others were more reasonable in their demands. When President W. G. Mather arrives, the subject undoubtedly will be taken up again.

A delegation of 12 or 14 firemen, over half the membership of More Hose Co., will leave this morning for Hancock to attend the tournament of the Upper Peninsula Association. They will be joined by the Ish

YOUTH PARADE

By REBA and BONNIE CHURCHILL

Sports Clothes Going Western At A Gallop

1. Sports clothes are going western at a fashionable gallop. Faster than you can say "Giddy-up," the buckskin and denim are claiming attention as fun-to-wear clothes. Keeping pace with the trend are glamor "galluses" which brighten any shirt and skirt teaming. Walter Plunkett, who designed costumes for M-G-M's "How the West Was Won," spent months on re-

search for the movie, then in a "Youth Parade" exclusive updated some of his fashion findings. The gaily embroidered ribbon suspenders, modeled by Margie McNally, are worn the reverse of their frontiersman counterpart, but lose none of their practicality or prettiness in the change-about.

2. This vest from the West is a highly original addition to jeans or slacks. Pockets and armholes are trimmed with fringe, while the back offers something unique —two feet long buckskin fringe! Latter swings free from shoulders to waist. It is a boon for those who need figure camouflage, for it lengthens a heavy frame and conceals a toothpick torso.

3. Swimsuit cover-up is made of blue denim and is loose-fitting at

the back, snugly belted at the front. Giving the masculine shirt collar a feminine look, designer Plunkett again took a cue from the Old West. Instead of conventional yarn appliques, he followed the Indian custom of beading a design around the neckline.

P.S.: Inches seem to melt off and you look better in your clothes if you practice good posture. Special exercises, plus a figure measurement chart where you compare your dimensions with your favorite star's, are included in our leaflet. Send 10 cents and a stamped, self-addressed envelope to "Youth Parade—Posture and Proportions," c/o this newspaper, P.O. Box 46-181, Hollywood 46, Calif. Due to volume of mail, only those enclosing coin and stamped envelope can be answered.

Reception Held For Nun, Priest

A joint reception was held Sunday afternoon for Sister M. Domingo, OFM, and the Rev. Dennis Dalton O'Leary in St. John's Church Hall.

Sister Domingo is being transferred to St. Andrews School, Manitowoc, Wis. Fr. O'Leary has been assigned as chaplain of St. Francis Hospital, Escanaba.

Students, parents and parishioners came to express their wishes during the afternoon.

Miss Christine Chopp served punch.

Table Decoration

The tables were decorated with white and gold liturgical tablecloths.

Sister Domingo's table was centered with a two-tiered cake superimposed with a replica of a Franciscan nun representing her order. The cake was flanked with black wrought iron candelabra, each with a single white taper.

Fr. O'Leary's table was centered with an open missal cake flanked by black wrought iron candelabra with white miniature tapers. The Rueta chalice and biritta candleholders were entwined with lily of the valley flowers.

Certificate Presented

Mrs. C. W. Dupras, on behalf of the Michigan State Police and the school safety patrol, presented Sister Domingo with a certificate of appreciation "in recognition of her eight years of distinguished service in educating school children to meet today's pedestrian and vehicular traffic problems." The certificate stated: "Effective guidance and supervision of school safety patrols has been influential in teaching the essentials of traffic safety in the schools. The achievement of having children plan and practice democratic principles, develop leadership qualities and accept responsibilities is a worthy and outstanding contribution to the community." The certificate was signed by Ernest P. Davis, Lansing, director of the state police safety and traffic division, and Capt. James P. VanLandegend, Marquette, commander of the state police force in the Upper Peninsula.

Sister Domingo and Fr. O'Leary received fountain pens from the Altar and Rosary Society, along with other gifts and purses of moneys.

The joint reception was given by St. John's Home and School Club and St. John's Altar and Rosary Society.

Past presidents of the Altar and Rosary Society and members of the Home and School Club poured.

Meetings

The Golden Age Club will meet tomorrow evening at 7:30. Cards and refreshments will follow the business meeting.

The Gold Star Mothers will meet at Elizabeth Swenor's residence, 326 Jackson St., Marquette, at 2 p. m., Thursday. Members were asked to bring potluck.

Star And The Boss

Sophia Loren discusses the progress of the film, "The Fall of the Roman Empire," with producer Samuel Bronston on the set near Madrid. Sophia plays Lucilla, daughter of Emperor Marcus Aurelius.

Homemaking Tips

For sophisticated tastes: Add silvers of syrup-preserved ginger to chocolate sauce and serve over vanilla ice cream. If the syrup-preserved ginger isn't available, use the kind that comes in packages and wash off its coating of granulated sugar under hot wa-

ter. The water will soften the ginger and make it easy for you to cut into thin strands. But remember that a little ginger goes a long way, so add with a light hand.

Ever sweeten whipped cream with brown sugar (light or dark) instead of the usual white sugar? Add a hint of spice, too — nutmeg or cinnamon. Wonderful on steamed fruit puddings.

WCS Holding Missions Institute Here

Officials of the Detroit Conference of the Women's Society of Christian Service of the Methodist Church are holding their 10th annual Institute of Missions in Marquette this week. The program opened yesterday and is to be concluded tomorrow, in Northern Michigan University's West Hall. Shown at the session are, from left, standing, Mrs. Alvin Odgers, Detroit, conference treasurer; Mrs. Kirk Rae, Flint, staff member; Miss Sylvia Adrich, Southern Rhodesia (Africa) missionary; Mrs. B. Love Dean, Howell, conference secretary for mis-

sionary education and service; Mrs. Donald Schram, Detroit, conference secretary for promotion, and Miss Frieda Schwartz, Munising, conference secretary for supply, and, seated, Mrs. William Musolf, Dansville, conference secretary for literature; Mrs. Arthur Iverson, Detroit, conference secretary for student work; Mrs. Earl Price, Dearborn, conference vice president, and Mrs. William Cansfield, Northville, conference president. — (Mining Journal photo.)

Mormon Parley Set Aug. 10-11 In Wisconsin

The quarterly district conference for members of the Church of Jesus Christ of Latter Day Saints will be held at Lyndhurst, Wis., Aug. 10 and 11, according to Luman D. Lewis, president of the local branch.

This district of the church, commonly known as the Mormon Church, encompasses upper Wisconsin and the Upper Peninsula. Congregations from this general area will attend the conference. President Richard W. Maycock from the mission headquarters in Chicago will preside, assisted by Willis W. Waite of Champaign, Ill. Leadership meetings will be held in the afternoon and evening. Priesthood sessions for all male members over 12 years of age, and a mother-daughter special program will be the features of Sunday morning activities.

Betty Autio Weds Herman Stensrud Here Saturday

Betty Autio of Detroit and Herman Stensrud of Marquette exchanged wedding vows Saturday morning in St. Peter's Cathedral rectory in Marquette.

The ceremony was performed by the Rt. Rev. Msgr. Nolan B. McKevitt at 9 a. m.

Bridesmaid and groomsmen for the wedding were Mr. and Mrs. Ambrose Thomann, 703 Champion St., Marquette.

Following the services, a wedding breakfast was held at the Northwoods.

A reception will be held at the home of the newlyweds at 709 Champion St., Marquette, Saturday evening.

pop will be furnished by the lodges.

Anyone desiring a ride may call CA 6-2335 or CA 6-3052. Supper will be served at 5:30 p. m.

Picnic Planned By Victoria, Superior Vasa Lodges

Members of the Victoria and Superior Lodges of the Order of Vasa will have their annual picnic Sunday at the Carl Mattson camp at Shot Point starting at 2 p. m.

Members were reminded to bring either a hot dish, salad or cake and their place service. Coffee, cream, sugar, rolls, ice cream and

Ishpeming Area Enjoying Excellent Tourist Season

ISHPEMING — The City of Ishpeming and nearby communities are enjoying one of the best summer tourist seasons in years, according to the Ishpeming Chamber of Commerce.

Motels, hotels, restaurants and tourist homes all report an increase in the number of downstate and out-of-state visitors coming to this area. Because of the warm and balmy weather, many are remaining longer than in former years. Beaches and lakes in the western half of Marquette County are crowded almost daily.

"Resort owners and busi-

nessmen say the tourist trade is contributing much to the area's economy," the Chamber stated.

Pamphlets and brochures prepared by county and Upper Peninsula promotion agencies are available for visitors wishing information on vacation sites, places to visit, and lodging and eating accommodations.

On Lake Michigan, Van Ripper State Park — one of Marquette County's leading recreational areas — has been experiencing what is described as a "tremendous flow of tourists."

Easily accessible from U. S. 41, the park offers excellent facilities for campers, a sandy beach and swimming area, and equipment for recreational purposes.

Smaller lakes in the area also provide ideal spots for swimming, boating and fishing.

Visitors from virtually every part of the United States have made use of Ishpeming Chamber of Commerce services this summer. The office is open daily to answer queries on what to do and where to go.

The City of Ishpeming itself maintains and operates the spacious Playgrounds and Al Quaal Recreation Area, open to both residents and visitors without charge. Recreational facilities at each have been in constant use, with the supervised Playgrounds providing an ideal spot for children's play.

"Many persons have told us they rate Ishpeming's accommodations

as among the finest found in any recreation area," the Chamber declared. "Too, they've made use of our services to visit the many scenic spots in western Marquette County.

"We're sure many will want to return to this area for future vacations."

Ex-Ishpeming Man Wins Award

Harry H. Nault, (right), Flint, a former Ishpeming resident who is the son of Mr. and Mrs. Fred A. Nault of Ishpeming, accepts a maximum suggestion award of \$5,000 from Ronald O. Warner, manager of the pressed metal unit of the Chevrolet Manufacturing Plant in Flint. Looking on is C. D. MacLean, pattern shop foreman. Nault, a special clerk in the pattern shop, is the first employee of the pressed metal unit to win the maximum award. He plans to buy General Motors stock with it. His \$5,000 idea resulted in a reduction in material costs for making castings.

Boy Seriously Injured In Swim Mishap

GWINN — John Robert Jackson, 16, son of Mr. and Mrs. James R. Jackson, Rock, was seriously injured in a swimming accident around 11:20 yesterday morning at the Upper Peninsula Bible Camp on Farmer's Lake in Forsyth Township.

State police said the Jackson boy was swimming at the beach and dove off the dock into some shallow water, striking his head on the lake bottom and suffering a fractured neck.

Officers said the water was only about three feet deep in that area. The youth was taken from the water by Mike Simonson and a lifeguard, Susan Clift.

Resuscitation administered. They administered mouth-to-mouth resuscitation and after he began breathing again he was taken to the K. I. Sawyer Air Force Base Hospital in the base ambulance, being transferred at 3 p. m. to St. Luke's Hospital, Marquette.

Authorities at St. Luke's this morning his condition was listed as being "serious."

82 Arrests In Negaunee Last Month

NEGAUNEE — City police made a total of 82 arrests in July, Chief Kenneth Roberts noted in the department's activities report submitted today to Manager Leonard Harris.

Two arrests were made on charges of simple larceny, two for illegal possession of beer by minors, one for furnishing beer to minors, three for malicious destruction of property and one for defrauding a restaurant. Eight arrests came under the municipal ordinance that prohibits loitering.

Arrests for major traffic violations included four on reckless driving charges, one for drunk driving and one for permitting an intoxicated person to drive. Others listed by the department were disorderly, drunk and disorderly, non-support, speeding, along with 34 miscellaneous traffic violations.

According to the routine section of the monthly report, the police department received 117 complaints and 201 telephone calls. Officers investigated 19 auto accidents and provided first aid for two persons.

Police also disposed of 11 dogs, seven other animals, and reported 19 street lights that were defective, and provided lodging for three persons at the city jail.

Health Camp Fund Lunch In Munising

MUNISING — The Alger County Chapter of the Crippled Children's Society will sponsor its annual "Help-A-Child" lunch Monday, Aug. 12, at the Red Owl store parking lot. Proceeds will go to the chapter's fund to assist at Bay Cliff Health Camp.

The following will help the chapter during the day: Junior Chamber of Commerce, high school students, Legion drill team, Munising High School band and the Silver Echoes Drum and Bugle Corps.

Serving will begin at 10 a. m. and continue throughout the day, according to Mike Booth, chairman of the chapter's fund-raising effort. The menu will include hot dogs, baked beans, pop corn, coffee and pop.

According to Booth, Alger County is behind in meeting its quota for Bay Cliff. He called for public support in the effort to meet the fund goal.

Kelley Asked To Rule On Elections

LANSING (AP) — Atty. Gen. Frank Kelley has been asked to rule on a series of questions dealing with the election schedule for state and local officials under the new constitution.

The queries were posed by Rep. Russell Strange, R-Clare, chairman of the legislative sub-committee named to handle election problems.

Strange noted the Constitution provides that the first election of a governor for a four-year term shall be held in the general election of 1966. The Constitution also provides for the election of a sheriff, county clerk, county treasurer, register of deeds and prosecuting attorney in each county for four-year terms.

Same Ballot? The attorney general was asked to rule if the county officers should be elected at the same time and on the same ballot as the governor.

If they should be elected on the same ballot with the governor, Strange asked if the Legislature could provide for a general election for the county officials in 1964 for two-year terms in order to bring their terms into conformity in preparation for the first four-year election in 1964.

Strange also asked if the terms of such public officials as supreme court judges and judges of the circuit and probate courts, elected county officials and University of Michigan regents, Michigan State University trustees and Wayne State University governors should continue in office after Jan. 1, 1964 until their successors are elected.

Two From Baraga County Receive Degrees At NMU

Two Baraga County residents were among 133 persons who received degrees from Northern Michigan University during summer commencement exercises.

The commencement address was given by Dr. Judson W. Foust, president of Central Michigan University. Degrees were conferred by Dr. Edgar L. Harden, president of Northern.

Chief Lists Five Alarms During July

NEGAUNEE — Members of the Negaunee Volunteer Fire Department responded to five alarms in July, Chief Francis Dighera declared today in his monthly activities report filed with City Manager Leonard Harris.

A cutting torch was responsible for one fire in the dry at the old Cambria-Jackson Mine, which is in the process of being razed. The property is owned by the Republic Steel Corp. Since the building had no value, it was not covered by insurance.

As a precautionary measure to protect other buildings, the assistant chief and two members of the department remained at the scene all night.

At the medical clinic building owned by Dr. R. G. Jaedecke, 829 Croix St., an overheated electric light fixture caused insulation to burn, resulting in damage of \$30 which was covered by insurance.

Careless smoking caused a fire in the back seat cushion of a car owned by Walter Hill, Prince St. Damage was estimated at \$30 and was not covered by insurance.

Responsible for the two other alarms were a grass and brush fire at the city dump and a trash fire on Cleveland St.

Pneumator calls were made to the home of Aulis Taskila, Case St., and Llewellyn Price, Croix St.

One building inspection was made and three building permits were issued. A work session was held for the purpose of washing, drying and reconditioning hose in the drying tower. Following the "work bee," seven members of the department reloaded hose on the No. 2 truck unit. In addition, a practice session was held at which equipment was inspected and replacements named for members who attended the Upper Peninsula Firemen's Tournament July 24-26 at Laurium.

All told, the department worked a total of 12 hours and traveled eight miles, with an average of 24 men responding to each alarm.

Obituary

ANONEN INFANT GWINN — Sandra Marie Ahonen, infant daughter of S-Sgt. and Mrs. Richard Ahonen, 926 Skybolt St., K. I. Sawyer Air Force Base, died at 12:20 Monday afternoon in the 56th Air Force Hospital at the base.

She was born July 15, 1963, at the base hospital. Besides her parents, she leaves two sisters, Paula and Julie; her paternal grandmother, Mrs. Hjalmer Ahonen of Wakefield; her maternal grandfather, Julius Schultz of Sterling, Ill., and a number of uncles and aunts.

Services will be held at 3 Wednesday afternoon in the Lakeside Memorial Chapel, Wakefield. The Rev. Edward Leppaluoto, pastor of Grace Lutheran Church, Gwinn, will officiate and burial will take place in Wakefield Cemetery.

The Perala Funeral Home, Negaunee, is in charge of arrangements.

sketch was built around a school for Santas, and the gag involved a Spanish-speaking Santa saying "Jo-Jo-Jo," instead of "Ho-Ho-Ho." It was necessary to establish that, in Spanish, the letter "J" is pronounced like "H." Thus was born Jose Jimenez, pronounced hos-ay heem-en-eth.

Jerry Lewis Jerry Lewis plans to do his weekly two-hour ABC show next season live—which makes it unusual. Even NBC's "Tonight Show" is taped a few hours before air time, which permits the removal of offensive or slanderous material.

Jose Gets Own Series On Television

BY CYNTHIA LOWRY AP Television-Radio Writer HOLLYWOOD (AP) — Circumstances of the births of television characters are almost as varied as those in real life.

"Hazel" and "Dennis the Menace" were cartoon characters. "Perry Mason" and Lucy Carmichael of "The Lucy Show" sprang from books. "Dr. Kildare" came out of motion pictures. "Bill Dana Show" But Jose Jimenez, a sad-faced earnest little comedy character, was born four years ago on the old "Steve Allen Show" to set up a gag. He's been around ever since. On Sept 22 he will begin a Sunday series on NBC. It is called "The Bill Dana Show," after the man who created and plays the role.

Dana was one of Steven Allen's writers. In November 1959, a

Correspondent, Photographer Will Cover Miss America Contest For Mining Journal

ISHPEMING — The Mining Journal has assigned a correspondent and a photographer to cover the activities of Ishpeming's Kathleen McLaughlin, Miss Michigan of 1963, when she represents her state in the Miss America contest in Atlantic City, N.J., next month.

The Mining Journal will publish daily accounts of Miss McLaughlin's progress in the competition from her arrival in Atlantic City on Labor Day, Sept. 2, through her departure on Sunday, Sept. 8. The articles will be illustrated with photographs taken exclusively for The Mining Journal. The photographs will depict Miss McLaughlin at various contest events, the Boardwalk and other activities connected with the selection of Miss America.

Ski Museum 'Open House' Wednesday

ISHPEMING — George Quaal, curator at the United States Ski Hall of Fame, today extended an invitation to the public to attend an "open house" at the museum Wednesday night following the Ishpeming City Band concert at 7:30.

The band will conduct its final concert of the summer season on the lawn in front of the Ski Hall of Fame.

"Here is an excellent opportunity for Ishpeming folks to visit one of Ishpeming's prized collections," Quaal said. "The collection of ski items in this building is the finest in the world and dates back to the very first trace of skiing in America."

The United States Ski Hall of Fame is open the entire year and tours are conducted daily.

Plea Changed In Reckless Driving Case

NEGAUNEE — Dale Guy Biscar, Sawyer AFB, who entered a plea of innocent to a reckless driving charge at his arraignment in Negaunee Municipal Court Friday, changed his mind over the weekend and appeared before Judge William Haupt to enter a guilty plea.

Biscar was arrested by city police on Peck St. at 2:10 Friday morning. At his arraignment he requested a trial by the court, which was scheduled for Friday, Aug. 9.

Following the change of plea, Judge Haupt ordered Biscar to pay \$35 fine and \$8.85 court costs.

Front-End Loader Purchased By Road Commission; Probe Threat Hurdled By Supervisor

L'ANSE — Following a half-hour executive session, the Baraga County Road Commission, by a 2-1 vote, authorized purchase of a Caterpillar demonstrator model 966A front-end loader for \$25,000.

A total of 17 bids was received from seven manufacturers, quoting prices on new, used and demonstrator models, with and without trade-in allowances.

At last month's meeting of the commission, a bitter three-hour controversy over whether a Pettibone-Michigan machine, which is manufactured in Baraga, should be purchased in preference to the Caterpillar triggered the resignation of Leo J. Erickson from the commission. In addition, all bids submitted on the advertised specifications were rejected and the commission called for front-end loader bids for this month's meeting on a "wide open" basis. Pettibone representatives claimed at that time that their machine had been "written out of the specs."

Threats Inquiry Robert A. Brown, Baraga Township supervisor, who appeared at last month's meeting to press for purchase of the Pettibone machine, and who engaged in dispute with Arvon Township Supervisor George Falk over appointment of a replacement commissioner, angrily threatened a "full investigation of this purchase and a thorough airing of the entire deal at the next meeting of the board of supervisors" as soon as the purchase was okayed.

Arthur (Babe) Denomme, L'Anse, appointed by the county board July 22 to fill the remainder of Erickson's term which expires Dec. 31, 1968, was seated. Denomme, a former member of the road commission, was first appointed to fill the unexpired vacancy of George Loosemore and

then was reappointed to a full term. He was replaced by Erickson in 1957.

On a motion by Eino Seppala, Covington, supported by Denomme, purchase of the Caterpillar loader was authorized. Commission Chairman Joseph A. Osterman, Baraga, cast the only negative vote. Immediately following the executive session, Osterman proposed that the Pettibone machine be purchased, but his motion died for lack of support.

Thorough Investigation Bids on demonstrator machines without a trade-in ranged from \$20,700 for the Caterpillar 944A, through \$23,588 for Pettibone's Cary-Shovel 204A to \$25,000 for the Caterpillar 966A. Quotations on new models without trade-in ranged from a low of \$20,995 up to \$33,010.

The commission agreed that the Pettibone loader purchased by the road commission three and one-half years ago should be retained as an auxiliary machine to fill in when the new loader is busy.

Before making their decision, commission members made a thorough investigation of the performance and cost records kept by other county road commissions, private contractors and several Upper Peninsula builders on the various makes of front-end loaders. Demonstrations were conducted here on Caterpillar, Pettibone, Hough, Michigan and Euclid machines prior to the meeting.

Seppala, emphasizing that the decision on the front-end loader was based on the commissioners' appraisal of their needs, demonstrated performance and past experience, stated: "We feel it is our duty to the people of the county to buy the machine which we feel will do the best job for the least money. There were seven bidders — one winner and six losers — but we will be buying other machines in the future."

The road commission purchases between \$50,000 and \$50,000 worth of trucks and heavy equipment annually. During the last 10 years, major equipment purchases include a gravel crusher, dragline, Caterpillar grader and Pettibone grader and loader.

AMC Reports 12.6% Boost In Earnings

DETROIT (AP)—American Motors Corp. reported Monday its earnings for the first nine months of its fiscal year were 12.6 per cent higher than for the same period a year ago, despite a third quarter lower than last year's.

Net sales for the nine months were a record \$910,161,241—up 4.9 per cent over the same period of 1962. They brought earnings of \$34,042,522—or \$1.81 a share—up 12.6 per cent from last year's figures.

The company reported net earnings of \$11,499,339—or 62 cents a share—on sales of \$300,310,669 in the quarter ended June 30.

This was down from earnings of \$12,161,123—or 66 cents a share—on sales of \$303,150,839 in the June quarter of 1962, but up from earnings of \$10,297,586 in the second quarter of fiscal 1963.

The drop in June quarter earnings from a year ago came from a drop in Rambler American sales, said Richard E. Cross, chairman, and Roy Alberneathy, president.

The drop in June quarter earnings from a year ago came from a drop in Rambler American sales, said Richard E. Cross, chairman, and Roy Alberneathy, president.

INVITATION

U. P. Sports Notes:

GLC Champs Could Have Another Winning Season

On the eve of the opening of pre-season football practice in the Upper Peninsula, many coaches and fans were guessing that Escanaba High School will come up with another winner.

Escanaba, as well as other U. P. schools, will begin training Monday, Aug. 12, for season's opener slated for Aug. 30-31.

Michigan High School Athletic Association regulations stipulate that practice can be started on the Monday of the week during which Aug. 15 falls and that a player must have three weeks of practice before he can play his first game.

Open At Home Escanaba will open at home against Menominee Saturday, Aug. 31. The Eskymoes have defeated the Maroons four straight years.

Head Coach Jerry Cvangros and his assistants — Harold Johnson, Frank Miketnac and Dick Olivanti — will have nine returning lettermen from the team which won five, lost one and tied two in 1962.

In addition, more than 30 players from an unbeaten junior varsity will be trying for berths on the varsity eleven.

Besides continuing the winning ways launched under former Coach Al Siganm, the Eskymoes in their first year under Cvangros won three more games on home turf to run their home consecutive victory string to 14 before dropping a one-point decision to Iron Mountain.

The two ties were with Gladstone and Marquette. Escanaba now has won three consecutive Great Lakes Conference championships.

Republic Ends Junior Season Over Weekend

REPUBLIC — The Republic Junior baseball team ended their season over the weekend by playing two double-headers, splitting with their opponents on both days.

On Saturday, behind the pitching of Jim Fowler, Republic defeated Marquette Standard Oil in the first game. In the second game, Marquette bounced back with a 10-6 victory.

For Republic in the first game it was 5-3-3 and Marquette had 4-9-3. Batteries were Jim Fowler and Dale Evans for Republic.

Pinino and Jarvis handled the chores for Marquette as L'Huillier and Beerman tripled in the losing cause.

In the second battle on Saturday, behind the slugging of Pinino and Beerman, Marquette outscored Republic 10-6.

L'Huillier and Pinino pitched for Marquette, with Jarvis behind the plate. Robert Hoag and Jim Fowler shared mound duties with Rick Isaacson catching. Isaacson came through with a triple for the losers.

Fowler racked up another win in the first game Sunday as Republic downed a stubborn L'Anse nine by a 7-5 score. Republic was out-hit 7-5 but made their hits count.

Nordstrom and Gerard pitched for L'Anse. The second game saw L'Anse come back, grabbing a 6-3 win with St. George pitching and Gerard and Hofbauer catching. Nordstrom doubled for L'Anse in this one.

Republic finished the season with seven wins and eight losses.

Nordstrom and Gerard pitched for L'Anse. The second game saw L'Anse come back, grabbing a 6-3 win with St. George pitching and Gerard and Hofbauer catching. Nordstrom doubled for L'Anse in this one.

Negaunee Football Men To Get Physicals This Week; Practice Monday

NEGAUNEE — Candidates for the 1963 Negaunee High School football squad were reminded Monday by Coach Lodie Morris that they should make arrangements with family doctors for physical examinations this week.

Physical examination forms signed by examining physicians, parents, and candidates must be turned in at the opening practice session on Monday, Aug. 12.

Need Mouthpieces Boys must also procure mouth protectors as required by the state athletic association before they are permitted to start practice.

Costs of physical exams and mouth protectors are paid by individual candidates, while the Board of Education defrays the expense of the insurance program.

Similar requirements apply to junior varsity candidates. Morning and afternoon practice sessions will be held each day. Varsity candidates should report to Lakeview School at 8:45 a. m. Monday

and on the practice field at 9:30 a. m. Junior varsity practice is scheduled to get under way Monday, Aug. 19.

Morris will be assisted again this year by Line Coach George Collins. The junior varsity will be under the direction of Bob Herman, who will be assisted by Jack Boase.

Varsity candidates will be notified by Morris on what days equipment will be issued this week. Due to the fact locker rooms at the athletic field stadium will not be used starting this fall, the coaches will issue equipment at either the high school or Lakeview School.

When practice gets under way, equipment will be stored in a drying room that is being conducted beneath the permanent bleachers at Memorial Gymnasium, and Memorial Gym locker facilities will be used by both varsity and junior varsity squad members.

A shuttle bus service will be operated to transport players from Memorial Gymnasium to the football field.

New Schedule Three changes, including one new opponent, are listed on the eight game schedule which the Miners will play this fall. For the first time the Maize and Blue will encounter Gwinn on the gridiron, as the Model Towners replace Kingsford.

Other changes result from the rotating Great Lakes Conference schedule. Under this plan, Negaunee will play Newberry and Manistique this fall instead of Munising and Stephenson.

As in previous years the schedule calls for an equal number of games at home and away. Three of the home tilts will be night affairs, one of which is slated for Saturday. On the road, the Miners play two arc light and two day games.

Following is the schedule: Friday, August 30 — Stambaugh, (away) 8 p. m. Saturday, Sept. 7 — Sault Ste. Marie, (home) 8 p. m. Saturday, Sept. 14 — Newberry, (away) 2 p. m. Friday, Sept. 20 — Manistique, (home) 8 p. m. Friday, Sept. 27 — Ishpeming, (away) 8 p. m. Saturday, Oct. 5 — Gwinn, (home) 1:30 p. m. Friday, Oct. 11 — Marquette, (home) 8 p. m. Saturday, Oct. 19 — Escanaba, (away) 2:30 p. m. Tuesday night, Aug. 13, Negaunee High will entertain one of the series of football rules clinics being held in the Upper Peninsula under sponsorship of the Michigan High School Athletic Association.

The session is scheduled for 7:30 p. m. in the school auditorium. Coaches and officials in the area are invited, and should bring with them their copies of rule books and case books. A film entitled, "This Is Football," will be shown.

Munising Football Practice Begins Monday, August 12 MUNISING — Football practice for Mather High School Varsity squad candidates will begin Monday, Aug. 12, according to W. Howard Berkel, school principal.

Physical examinations for boys, grades 9-12, who intend to go out for football, or any other high school sport during the coming school year, will be held at the school between 8 a. m. and 11 a. m. Wednesday, Aug. 7. All senior boys interested in any school sponsored sport are urged to get their physical exams at this time.

Football equipment will be distributed to varsity squad members Thursday afternoon, Aug. 8.

Ishpeming Midgets Play Championship Game Tomorrow

ISHPEMING — The Midget League championship game will be played tomorrow night at 7 on the Ishpeming diamond, with Ishpeming No. 1 pitted against the Alger County All-Stars, for the league title.

In Sunday's action, the Ishpeming No. 2 team downed Negaunee No. 3, 13-1 in a consolation game. Steve Carlson led both the pitching and hitting attacks as he tossed a four-hitter against the Miners, and blasted two homers and a double, good for six runs batted in. Wayne Charbeneau also had a home run.

Three Hurlers Hemmila was the starter for Negaunee, and took the loss as he allowed seven runs on seven hits. Ring and Gleason also pitched in this contest.

Sunday's second game was a thriller as the Alger County All-Stars defeated Negaunee No. 2 by a 3-2 score.

John Silta was the winning hurler, allowing only two runs on eight hits. Hoim took the loss, allowing three runs on five hits. Northey finished the game, allowing no runs, and limiting the opposition to three hits.

Gals To Resume Wawonowin Golf NEGAUNEE — Competition will be resumed in the Wawonowin Women's Golf League at 3 p. m. Thursday when 18 matches are scheduled.

As a result of play held last week the Spoons are out in front with 84 points, while the Brassies occupy the runner-up spot with 81.

Winners of high and low competition on the ninth hole were Vi Oja and Gladys Elson. High and low putt prizes were by Pauline Erickson and Helen Olson.

Matches scheduled Thursday afternoon are as follows: PUTTERS Helen Savolainen Gladys Elson Betty Levine Rhoda Savolainen Sallie Abendroth Clare Bodie EVELYN WILKINS SPOONS Jean Ives Vi Bolness Rose Gernat Sue Starbuck Ruth Gorchinoff Rose Stein WEDGIES Edan Repola Harriet Rosenbaum Rose Collins Kay Hoare Dorothy Bessolo Sue Svocek BRASSIES Margaret Cororan Ruth Warshawsky Margaret Franzen Elizabeth Gunnerson Shirley Mitchell Evelyn Wilk Irons Lillis Northey Annette Parley Eleanor Arsenault Pauline Erickson Elaine Mitchell Vi Oja DRIVERS Helen Olson Marie Rahm Carol Carlson Rosalie Miller Ida Narotzky Joan Lehman

Graverat Exams For Footballers Next Saturday Bill Hart, football coach at Marquette Graverat High School, has announced that physical examinations of all football candidates for varsity and junior varsity squads will be held on Saturday, August 10. Candidates should report to the Nurse's Office at the high school at 9 a. m.

Equipment will be issued following the examinations to all football candidates. Letters have gone out to a number of likely prospects for the Graverat football teams; however, all Graverat boys in the 9th through 12th grades are invited to try out for the team, regardless of whether or not they have received a letter.

District Softball Tourney Under Way With Big Scores

District Softball Tournament play began last night, with a preponderance of lopsided scores, as teams blasted their opponents with a determination to move into contention for the championship with all speed.

In the Negaunee side of Class D action Monday, the Munising Dreyry's team defeated Eben Bosch, 5-1 at LaCombe Field. Eben got their one run in the first inning on a walk, followed by a hit and an error, but Dreyry's gained an early lead by gaining four of their five runs in the same inning, adding another run for good measure later on in the game.

Harold Johnson took the win, limiting Eben to three hits. Fantastic Hitting In the second game of the evening at LaCombe, Hill's Auto Mart downed Syria's Bar by a wide margin of 12-0. A fantastic hitting attack brought in seven Hill's runs in the first inning, five in the second, and was led by Dave Bertucci, who was three for four. Ken Paulson took the Hill's win, holding the losers to four hits.

The first game at Negaunee playground saw a partial contest which had to be completed in Ishpeming, due to rain. The Independents romped to a 24-5 win over Herb's Flyers, gaining 13 runs in the first inning alone, on eight hits.

At the end of the fifth inning, the Indy's led, 21-5, and upon moving to the Ishpeming diamond, added three more runs, apparently out of sheer enjoyment.

The Flyers scored four of their runs in the first and fourth innings, one of them on a home run by Geller. Ed DeChambeau took the win for the Independents.

In Class A action at the Negaunee playgrounds, Woody's Bar defeated CCD, 2-0 in a close game. The winners scored their first run in the first inning, on two errors, a walk and a hit to center field by Ron Wigg.

The other run came in the fifth inning, when Wigg bunted a single, followed by Matt Bjorn's single and sacrifices by Bob Ayotte

announced that physical examinations of all football candidates for varsity and junior varsity squads will be held on Saturday, August 10. Candidates should report to the Nurse's Office at the high school at 9 a. m.

Hall Of Fame Status Given To Oldsters

COOPERSTOWN, N.Y. (AP) — It was a dark, dreary afternoon, but the brightest day of their lives for two old men.

This is a bigger day than any I ever had before," said 87-year-old Elmer Flick after he and Sam Rice, 71 and the late Eppa Rixey and John Clarkson were inducted into baseball's Hall of Fame Monday.

Out For 20 Years The four, who boosted membership to 94, were elected in January by the committee on oldtimers who consider only men out of baseball for

Probation Officer Finds His Desk Unwanted

MIAMI — Probation officer Russ Evenson was asked to leave his desk behind when his office was moved into Dade County's new Criminal Courts Building.

Inspectors had found termites in Evenson's desk.

Witnesses' Supervisor In Negaunee

NEGAUNEE — The Negaunee congregation of Jehovah's Witnesses announced Monday that Ronald T. Soliday of Brooklyn, N.Y., traveling minister and special representative of the Watchtower Bible and Tract Society, will be in Negaunee today through Sunday to supervise the training of local ministers.

Tuesday evening Soliday will meet with ministers who are entrusted with special duties within the congregation and who serve the needs of the individual minister. Starting at 7:30 the local ministry school and Christian field service meeting will be held and counsel will be given by Soliday.

Group Bible studies are scheduled for various areas Wednesday and Thursday evenings.

At 8 Saturday evening Soliday will deliver a 45-minute talk on his observations and counsel on the spiritual condition of the local congregation. An audience participation of a half-hour will be spent on "New Things Learned" by Bible scholars in recent months. His visit will be climaxed by a public talk, "Is Your Destiny of Your Making?" which will be delivered by Soliday at 3 Sunday afternoon. A discussion of the Watchtower and a 30-minute talk will follow.

All meetings are held in Kingdom Hall, corner of Jackson and Tobin Sts. All sessions are open to the public.

Steel Output Heading For 6-Year Peak

CLEVELAND — The steel industry is headed for the best production year since 1957 if the decline in steelmaking is halted this month and orders pick up a little. Steel magazine predicted today.

If steelmaking operations drop only 15 per cent, August production will be around 7.3 million ingot tons (vs. 8.6 million tons in July). Assuming no improvement in September (another 7.3 million tons), the third quarter's output will be 23.2 million tons and that of the first three quarters, 82.4 million.

109-Million-Ton Output?

Assuming some steel industry leaders were right when they predicted that fourth quarter output will equal that of the first quarter (26.7 million tons), output this year could total 109 million tons (vs. 112 million tons in 1957).

Look for ingot output this week to be less than the 1.8 million tons that Steel estimates were poured last week. Operations are close to 58 per cent of unofficial capacity.

The magazine's price composite on No. 1 heavy melting scrap rose 66 cents to \$26.33 a gross ton last week due to higher bids on industrial scrap offerings for August.

Earnings Rise Sharply

Steel industry earnings rose sharply in the second quarter after months of low profits, Steel reported.

The industry's dollar volume of net profits in the second quarter doubled that of the first quarter. Net profits per dollar of sales jumped to 6.3 per cent from the first quarter's 4 per cent and were almost double the 3.75 per cent rate in the second quarter of last year.

Contributing to the improvements in earnings was an increase of 27 per cent in the dollar volume of sales over the first quarter's. Also sweetening the earnings were higher rates of operations in the second quarter; price increases on some products, primarily those in strongest demand; improvements in production processes, and intensification of cost reduction.

Second quarter earnings are all

Munising American Legion Post Officers

Roderick Prato Post, American Legion, Munising, installed the following officers Saturday night (left to right): Seated — William Smuck, executive officer; Norman Ouellette, reelection commander; Richard T. Erickson, assistant; Louis Champagne, chaplain; standing — G. Wallace Masters, installing officer; Jack Tierman, executive officer; Alfred Moros, second vice commander; Willard St. Onge, first vice commander, and Matthew Furlott, sergeant-at-arms. Other officers are George Chudacoff, finance officer; William W. Bowerman, service officer; Art LaFlamm, Matt A. Kirmo and Richard Nebel, members of executive committee. — (Dick Hallifax photo.)

Two Eastern U. P. Counties To Join Alger, Schoolcraft In Enlarged Health Agency

MANISTIQUE — Schoolcraft County Board of Supervisors has joined the Alger County Board in approving formation of a four-county public health department with Luce and Mackinac Counties.

Representatives of the two latter counties met with the Schoolcraft board here and Dr. Douglas Fryer, head of the local health services of the Michigan Department of Health. Dr. Fryer said the State Department of Health would approve the merger.

The four counties have a total population of about 37,400. State aid for the counties would remain at \$3,000 each — and federal aid of 8 cents per capita will be available to help finance the four-county health department. A committee is to be formed

ed a continuance of this practice. Dr. R. A. Fearnan, director of the Alger-Schoolcraft Health Department has endorsed enlargement of the department.

Two Injured In Accident; Deer Killed

MUNISING — Two persons were slightly injured and two cars were damaged in area mishaps over the weekend in Alger County, according to Munising state police.

The first occurred Sunday at 2 p. m. on Highway M-28, just east of the Seney-Hiawatha township line. A car with a boat mounted on the top, driven by David A. Hammel, Birmingham, was passing one driven by Houston Jalayer, Detroit, when the boat came loose from its mountings and flew into the front of Jalayer's vehicle.

Two passengers, Mrs. Annette Goodreau and Ali Rabbani, both of

Detroit, received minor cuts and bruises from flying glass. The cars were driven from the scene.

At 5:20 a. m. Monday a car-door accident was reported on Highway M-28, a mile east of M-77. Driver of the car was Donald M. Holt, Sault Ste. Marie, who told police that he saw two deer come out on the highway, swerved to avoid hitting one and struck and killed the other. His car was driven away.

Assistant Ranger Given Transfer To Veina, Illinois

MUNISING — James (Bill) Martin, Munising, assistant ranger, Hiawatha National Forest, for the last two years, has been notified of his transfer, effective Aug. 18, to the Shawnee National Forest in southern Illinois. He will be stationed at Veina, Ill., as an assistant ranger.

Replacing Martin will be Robert McKinder, who at present is assistant ranger at the Manistique ranger station. He is a graduate of Michigan State University and is single.

Library Use High In Spite Of Vacations

NEGAUNEE — Although the summer season means vacations for both patrons and staff members, circulation of books at the Negaunee Public Library is holding up fairly well, Mrs. Caroline Goodhue, librarian, noted in her July report filed yesterday with City Manager Leonard Harris.

During the past month, the staff handled a total of 3,840 requests for books and periodicals, which was approximately the same number as in June. Included in the total were 2,370 requests by adults and 1,470 by children.

"Vacation time normally brings a decrease in requests by both adults and children, as in the majority of instances entire families go on trips or to cottages," Mrs. Goodhue said.

"The library staff utilizes the additional time which it has at its disposal to take inventory, which was recently completed. In checking our collection for balance, especially in the reference and non-fiction sections, we found only a few books missing."

Congressmen Suggest Stronger Action To Rid Cuba Of Castro

WASHINGTON (AP) — About 25 congressmen of both parties, speaking in the House for almost four hours recently, recommended stronger action to rid Cuba of Premier Fidel Castro and his Communist regime.

The recommendations ranged from stricter economic sanctions to encouraging and arming Cuban exiles to fight Castro.

the more impressive considering that steel employment costs continued to climb and that operating costs included increased amounts set aside for depreciation and depletion under the new guidelines for reckoning depreciation for federal tax purposes.

Close To 1962 Peak

So far in the third quarter, industrial activity is just about matching the fast pace set in the second quarter. Mirroring the good state of business is Steel's index of industrial production which is only 2 per cent under the 1962 high mark.

Such activity is heartening since many plants are closed for vacations and others (particularly steel plants) are feeling an order pinch as customers cut inventories.

That business is better than was expected is also reflected in Steel's quarterly survey of component inventories. Respondents indicate some inventory building will take place over the next three months — particularly in castings; machined components, such as bearings, gears, cylinders, and mechanical rubber goods.
