Republicans Demand Proof
That N-Test Ban Pact Will
Increase Nation's Security

WASHINGTON (AP) — Republicans are demanding President Kennedy prove his claim that the limited nuclear test ban treaty will increase U.S. security. The proof will be sought when military and scientific experts are questioned in hearings on the treaty, said Republican leader Everett M. Dirksen of Illinois. In sending the pact to the Senate Thursday, Kennedy said the ban on atmospheric, space and underwater blasts "will assure the security of the United States better than continued unlimited testing on both sides."

barred and the President has said they will be continued. Later, talking to reporters, Dirksen said: "I presume that the President is fully prepared, through necessary witnesses, to fortify his statement that our security will be enhanced, instead of impaired, by the provisions of this treaty." In Washington, Moscow and London Thursday, officials of 34 other nations signed the pact. It is expected to pick up more signatures today and Saturday. The State Department says 62 nations have announced they intend to sign and more than 100 are ex-

pected to do so eventually. After Kennedy sent the treaty to the Senate it was referred immediately to the Senate Foreign Relations Committee where public hearings will start Monday in the big caucus room of the Old Senate Office Building. Secretary of State Dean Rusk, flanked by Undersecretary W. Averell Harriman, who negotiated the agreement in Moscow, and William C. Foster, director of arms control and disarmament, will open the administration's presentation. On Tuesday, Secretary of Defense Robert S. McNamara will testify.

U.S. Film Capital
Target Of Negroes

HOLLYWOOD (AP) — Negroes have made the entertainment capital a top target of their civil rights drive. They threaten nationwide boycotts if they don't have their way. Hollywood industry and labor leaders say they are sympathetic, and have begun negotiations. But there are serious problems, and even the most optimistic expect no overnight change in television and movie programming and production. Back Demands. Negro demands are backed by such stars as Marlon Brando, Paul Newman, Charlton Heston, Joanne Woodward, Steve Allen, Frank Sinatra, Anthony Franciosa, Burt Lancaster, Debbie Reynolds, Joan Crawford and Bette Davis. The National Association for the Advancement of Colored People contends that Hollywood, except for recent films that address themselves specifically to the prejudice problem, still gives the Negro the "Uncle Tom" treatment—a menial or comic character. A threat to boycott Hollywood films and products of television sponsors unless Negroes show up soon in all phases of the film industry has spurred concern. Reject Demands. But three craft unions, Scenic Artists Local 818, Cameramen's

Local 659, and Film Editors Local 776, have rejected demands that Negroes be assigned to film crews as outlined by the NAACP. They contend that according to the request would violate labor contracts, would amount to sanctioning "featherbedding" and would be contrary to California's fair employment law. The Screen Actors Guild and the Association of Motion Picture Producers, have agreed on a contract with a clause calling on producers to cast performers "belonging to all groups in all types of roles." Demands. In brief, the NAACP demands that 1. Negroes appear in television commercials. 2. Negroes be shown in professional roles to balance menial roles. 3. Negroes comprise one-ninth of film casts and crews, since they comprise about one-ninth of the nation's population. 4. The Negro be depicted as he really is in the context of American life. 5. A Negro have a continuing role on each television series. Unless a Negro technician is installed on the crew of the "Hazel" television series, the NAACP threatens a nationwide boycott of the sponsor, Ford Motor Co.

Hungarians May Release Mindszenty
BUDAPEST, Hungary (AP) — Pope Paul VI told Hungarians today that "we expect good news about the Catholic Church from inside your frontiers and we are swelling with hope in the prospect."
His message, a special invitation to Hungarian bishops to attend the second session of the Ecumenical Council opening Sept. 29 in Rome, was taken as an indication that an agreement is near between the Vatican and Hungary's Communist regime to free Josef Cardinal Mindszenty and ease the Roman Catholic Church's situation in Hungary. The cardinal has lived in self-imposed refuge in the U.S. legation since the 1956 Hungarian uprising.

Hurricane Arlene Slams Bermuda
MIAMI, Fla. (AP)—Hurricane Arlene slammed into Bermuda today with 80-mile-an-hour winds. The Miami Weather Bureau said the eye of the hurricane, around which the highest winds raged, was directly over the island chain 670 miles southeast of New York at 11 a.m.
The hurricane was not a threat to the coast of the United States.
Rosemary Clooney Reconciled With Jose
CINCINNATI (AP) — It's a week-end reunion in Cincinnati for singer Rosemary Clooney, her husband, actor Jose Ferrer, their five youngsters and Miss Clooney's family and friends.
Miss Clooney and Ferrer told newsmen they had quietly reconciled and canceled their California divorce decree several months ago—a few days before it was to become final.

Kennedy Baby Dies

BOSTON (AP)—The new son of President and Mrs. Kennedy died early today while top medical men battled the lung disease that stifled his heart. The President stood only a few feet away when his son's 39-hour battle for life ended.
Patrick Bouvier Kennedy died at 3:04 a.m. (EST) and press secretary Pierre Salinger told newsmen of the baby's death in a hastily-called news conference at the Boston Children's Hospital Medical Center at 3:26 a.m.
The President flew out of Bos-

ton a few hours later to carry the tragic news to his wife, recuperating from the Caesarean delivery Wednesday at Otis Air Force Base on Cape Cod.
At Otis, Salinger told newsmen the death was attributed to hyaline membrane disease, a membrane formation in the lungs and an ailment dreaded in premature babies.
The President arrived at the big air base 65 miles south of Boston at 9:30 a.m. and spent more than two hours with his wife. Then he departed with his two brothers—Atty. Gen. Robert and Sen. Ed-

ward — presumably for the summer White House on Squaw Island, off Cape Cod.
A Mass of the Angels will be held Saturday in Richard Cardinal Cushing's private chapel at his residence.
The cardinal will officiate at the service, which will be a private one, presumably only for members of the immediate family.
The President was only a few steps away from the big breathing apparatus that held his son when doctors told him the breathing difficulty had overstrained

the child's tiny heart.
News Withheld
Reportedly, the news of her baby's death was kept from Mrs. Kennedy until the President could reach her in a special wing of the Otis hospital. Increased guard details kept newsmen from gathering too close to the building in the early-morning hours.
The President spent the night in special quarters of the medical center.
Only Thursday afternoon, doctors placed the child in the Hyperbaric chamber, a submarine-like device 31 feet long and

8 feet in diameter to aid his lungs to breathe. The apparatus is the only one of its kind in existence.
'Too Much For Heart'
"The struggle of the baby boy to keep breathing was too much for his heart," Salinger told newsmen in a packed room at the famed children's hospital.
The President's brother, Atty. Gen. Robert Kennedy, who himself became a father for the eighth time a few weeks ago, and presidential adviser Davis Powers were with the President when doctors told him the boy was dead.

Antlerless Deer
Season Okayed

CADILLAC (AP) — The State Conservation Commission today unanimously approved a season on antlerless deer in Michigan this fall.
The commission will issue permits allowing a harvest of about 17,000 antlerless deer in the Upper Peninsula and 43,000 in the Lower Peninsula.

The proposal to a ballot test. Teague said cherry growers and timbermen were pushing the antlerless shooting and argued that the commission, by acting for the fruit and timber industry, was hurting the tourist industry.

CADILLAC (AP)—A decision on whether to issue 155,000 antlerless permits to hunters this Fall was expected from the State Conservation Commission today.
At an informal commission meeting Thursday, it was proposed that permits be issued to allow the harvest of 17,000 antlerless deer in the Upper Peninsula and 43,000 in the Lower Peninsula.

Wall Street Relaxes With End Of Probe
NEW YORK (AP) — Tensions abated in Wall Street today following the final report in the first exhaustive investigation of securities market practices since the 1930s.
But brokers, mutual fund managers and others in the securities business recognized there probably will be tighter supervision from Washington, and some changes in ways of doing things.
Except possibly for the mutual fund segment, the financial community found little unexpected Thursday in the third report on the two-year inquiry by a special staff of the Securities and Exchange Commission.

Romney Appoints
Wakefield Man To
State Labor Post

LANSING (AP) — Gov. George Romney today announced the appointment of Roy Johns, Wakefield city councilman, as State Labor Commissioner.
The appointment will be effective Sept. 1. Johns, 63, will succeed James Bowden of Lansing, who was not confirmed for a term ending April 22, 1965. The post pays \$11,000 a year.
Johns is a former Wakefield mayor and is a member of the AFL-CIO United Steel Workers.
Senate confirmation of the appointment is required.

Robbery Losses
Near \$7 Million

LONDON (AP)—Known losses in history's greatest train robbery approached the \$7 million mark today. Scotland Yard and police of 14 countries hunted the gang that ambushed the Glasgow-London mail train.
As bank after bank reported on the cash shipments seized by bandits at a rural junction Thursday, the total climbed to 2,472,000 pounds (\$6,921,000).
Unofficial estimates placed the loot at a staggering 3 million pounds (\$8,400,000).
Most of the loot in the holdup near Cheddington, 40 miles northwest of London, comprised used banknotes, British paper currency. The currency, still negotiable, was being shipped by banks to London to be destroyed.
The Midland Bank said its loss ran around 500,000 pounds (\$1,400,000). The National Commercial Bank of Edinburgh estimated its loss at 320,000 pounds (\$996,000).
The National Provincial Bank said it had 1,064,000 pounds (\$3,279,200) in the second coach. Barclays announced it lost 514,000 pounds (\$1,439,000). A spokesman said "it may be a little more but we are insured."
Three other banks reported smaller losses.
Several British newspapers said

Auto Tycoon
C. T. Fisher
Dead At 83

DETROIT (AP)—Of the automobile industry's seven famous Fisher brothers, only three remain.
The death Thursday of Charles T. Fisher at 83 was the fourth among the seven brothers within recent years.
Charles T.—who was a General Motors Corp. vice president and philanthropist and was noted as a breeder of fine race horses at his Dixiana Stables—died in Harper Hospital after a long illness. Death was attributed to pneumonia.
Brothers
The Ohio-born brothers pioneered in the auto industry through the Fisher Body Co., originally a carriage business and later the nation's top car body builder. Eventually Fisher Body became a part of General Motors.
Charles T. was a GM vice president until 1934 when he left to head Fisher and Co., family-owned investment firm.
The remaining brothers are William A., Edward F., and Alfred J. Fisher.
Millions To Charity
Charles T. and his wife, Sarah, reportedly gave millions of dollars to charity.
Fisher was a director of several banks and companies.
Besides the widow and his brothers and sisters, Fisher survived by three sons and a daughter.

Rusk Meets
With Nikita

GAGRA, U.S.S.R. (AP) — U.S. Secretary of State Dean Rusk and Soviet Premier Khrushchev sat down today for a shirt-sleeve conference on cold war issues at the premier's luxurious estate overlooking the Black Sea.
Rusk flew there Thursday from the Baltic seaport of Leningrad. It was assumed Rusk and Khrushchev again would range over major East-West issues, including the future of divided Berlin and Khrushchev's proposals for an East-West nonaggression pact and stationing of observers on both sides of the Iron Curtain to guard against surprise attack.

Day Resigns
Post Today

WASHINGTON (AP) — J. Edward Day steps out of political life today after 2½ years as postmaster general.
On his last day on the job there wasn't even a promising rumor afloat as to who will succeed him.
Informed sources said President Kennedy hasn't decided on a successor. Speculation arose that the new postmaster general might be a Negro—first ever to hold a Cabinet post.
When Kennedy took office he first offered the job to Negro Rep. William L. Dawson, D-Ill., but Dawson turned it down.
Mother Nature Gives Theater Helping Hand!
OKOBOJI, Iowa (AP) — Nature is giving the Okoboji Summer Theater a hand with its staging this summer—and residents here are a little apprehensive about what may be coming next.
During July a storm blacked out the theater during a performance of "Dark at the Top of the Stairs."
The weather turned hot and sent the mercury up to 89 degrees Tuesday—just in time for the opening of "Cat on a Hot Tin Roof."
Now the townspeople are pondering what wondrous things the weatherman may have in mind for the last play of the season, which opens two weeks from now. It's "The Miracle Worker."

News In Brief
SANTO DOMINGO, Dominican Republic — The Haitian exiles who invaded Haiti reportedly have taken to the hills to wage guerrilla warfare against the government of President Francois Duvalier. Reports from Port au Prince, the Haitian capital, indicated the drive which exile spokesmen had said the invaders were making across northern Haiti had fizzled or been dispersed by Duvalier's forces.
BOGOTA, Columbia — Police say ex-dictator Gustavo Rojas Pinilla and 10 others accused of plotting to seize control of the government have been arrested.
CAPE TOWN, South Africa — A maritime reconnaissance plane of the South African air force was reported missing today during a flight off the Cape coast. The plane, carrying a crew of 13, was taking part in air-sea exercises with British, French, Portuguese and South African ships.
ASUNCION, Paraguay — President Alfredo Stroessner again has extended for 90 days the state of siege that has prevailed almost continuously for more than 10 years of his dictatorship.
FORLI, Italy — Two strong earthquake shocks caused widespread alarm today throughout a tourist-jammed 200-mile triangle of northeast Italy, from Florence to Trieste and north to Bolzano. Chimneys were knocked down, cornices crashed into the streets, walls of some old houses cracked, but there were no casualties.
SAIGON, Viet Nam — The government claimed today 57 Communist guerrillas were killed Thursday while trying to overrun a government hamlet 75 miles west of here.
WASHINGTON — Sen. Thomas J. Dodd, D-Conn., said today preliminary figures on juvenile court cases indicate the juvenile delinquency rate skyrocketed last year, increasing more than three times the 4 per cent growth recorded in 1961.
WASHINGTON — There is a firm belief in diplomatic circles that the United States and Communist Hungary will resume full diplomatic relations, probably by the end of this summer. The belief persists despite State Department denials.
LONDON — A coroner's jury deliberated for only three minutes today and found that Dr. Stephen Ward committed suicide. The 50-year-old society osteopath and artist, a central figure in Britain's biggest political scandal of the century, died Aug. 3 of an overdose of drugs after 80 hours in a coma.

Typhoon Leaves
Havoc In Japan

TOKYO (AP) — Typhoon Bess cut through northern Kyushu, Japan's southernmost main island, today leaving havoc in her wake. National police headquarters here said one person was killed and two others are missing. A total of 2,317 people were left homeless.
Waves nearly 55 feet high pounded streets along the shore in Ohita.

Hikers End
1,529-Mile
Alaska Trip

FAIRBANKS, Alaska (AP) — Two young hikers from Lansing, Mich., arrived in Fairbanks Thursday, ending a 1,529-mile walking trip from Dawson Creek, B. C., on the Alaska highway.
Ted Struble, 21, and Keith Coseley, 17, made the trip in 48 days. Parker Seiler, 37, a Lansing school teacher, and John Hall, 26, a Michigan State student, accompanied them in a vehicle which carried food and equipment.
The hikers insisted they walked every inch of the way.
Struble said he used four rolls of adhesive tape on his feet.
"I walked on a solid cushion of water from the blisters for a week," he said.
The youths appeared tired, but in good health.

Duke Of Argyll Wed
Secretly For 8 Weeks

LONDON — The Duke of Argyll was secretly married eight weeks ago to American-born Mrs. Mathilda Coster Mortimer, friends disclosed today.
The bride, 40, is the duke's fourth wife. She has three sons by a previous marriage.
The duke, 60, was granted a divorce from his third wife last May on grounds of her adultery.

2nd Apprenticeship, Training Meeting In City Aug. 22-23

Northern Michigan University will be the site for the second annual Northern Michigan Apprenticeship and Training Conference, to be held on Thursday and Friday, Aug. 22 and 23, it was announced today.

Announcement was made by the conference co-chairmen, William E. Martin, the university's supervisor of area training, and Chester Walker, Upper Peninsula field representative for the U. S. Department of Labor's Bureau of Apprenticeship and Training (BAT).

Theme of this year's conference is "Quality — To Shape America's Future." Participating in the conference will be educators from the secondary, vocational and technical schools and universities — and training experts from labor, management and government.

They will review and explore the nation's and Michigan's urgent manpower problems, and the imperative need to upgrade the skills of the work force in an era of rapidly changing technology.

The division of vocational education of the Michigan Department of Public Instruction is a cooperating agency, together with Northern and BAT, in the sponsorship of the conference.

The two day program consists of three general sessions and six sectional meetings. Mayor C. Fred Rydholm and Northern's President, Dr. Edgar L. Harden, will welcome the conferees at the opening session on Thursday morning.

They will be followed by William Price, Jack J. Harris and Stanley Arnold, Lansing, and Raymond Brisson, Norway, who will speak respectively on behalf of BAT, the State Department of Public Instruction, Labor and Management. BAT State Supervisor Price will chair the session.

The general session on Thursday afternoon will be addressed by Martin. He will speak on "Michigan's Modern Manpower Menace."

Panel Discussion

A panel discussion on "Types of Training Programs" will feature the Friday afternoon general session. Panelists will be Harris, Price and Bert Whalen of MESG, Detroit. Joseph Sullivan of Marquette will serve as panel moderator.

Subsequently, Russel Adams will explain the university's business and industrial services. After a question and answer period, William van Koski of Marquette will summarize the proceedings of the conference.

Sectional Meetings

The sectional meetings will be held on Thursday afternoon and Friday morning. They will be devoted to the latest developments in apprenticeship and training programs in construction, mining, railroads, manufacturing, utilities and forestry and lumbering.

Experts in these fields will lead the discussions and serve as resource people. Emphasis will be placed on the Upper Peninsula's problems in these fields.

The construction trades section will be divided into subsections to fully cover recent developments in the individual crafts.

To Visit Shops

The conference will provide the participants an opportunity to visit shops operated under university supervision for trainees in projects under the federal Manpower Development and Training Act.

Martin said the university "is very happy to again be able to furnish the facilities to hold the conference as well as serving as one of the sponsors."

\$65,000 For Superiorland Project

John Zerbel (third from left), Milwaukee, chief promoter of the Superiorland recreation project in Marquette County, is shown receiving U.S. government check for \$65,000 for project development from Aida Giglio, regional counsel for the Small Business Administration. Others on hand for check presentation in Marquette yesterday were (from left) Glenn G. Potter, SBA loan specialist at the Marquette duty station; Tom Angeli, Iron River, Area Redevelopment Administration field coordinator; Frank J. Russell, Marquette, a member of the board of directors of the Presque Isle Development Co., one of three corporations formed to carry out recreation project, and J. H. Kline, Marquette, vice president and general manager of the Marquette and Huron Mountains Railway Co., which will operate Superiorland's scenic railway between Marquette and Big Bay. Superiorland project is the first in Marquette County that has been approved and received a federal loan under the ARA program. The \$65,000 represents the first payment of a loan totaling \$195,000. — (Mining Journal photo.)

Union Filing 'Normal' Appeal To High Court; Hearings Here Today

Union attorneys are appealing to the Michigan Supreme Court the temporary injunction issued here against picketing of a Canadian ore carrier, although a petition for an emergency high court appeal was denied this week.

An emergency appeal is heard by the Supreme Court without the usual arguments before the court.

Now that the petition for an emergency appeal has been denied, attorneys for the unions involved in the picketing will follow the normal procedure for a Supreme Court appeal by asking leave to appeal the injunction judgment.

The temporary injunctive judgment, issued July 18 by Judge Ernest W. Brown of Iron Mountain in Marquette County Circuit Court, declares that picketing of the Red Wing by the Great Lakes District of the Seafarers International Union and organizations acting in concert with the SIU was unlawful and for an unlawful purpose.

The Red Wing, operated by Upper Lakes Shipping, Ltd., Toronto, has been picketed five times this summer at Marquette's ore docks.

The petition for an emergency appeal of the temporary injunction was taken to the Supreme Court by attorneys for the Marine Engineers Beneficial Association (MEBA) on the grounds that MEBA was not a party to the complaint in the hearing on the temporary injunction.

The emergency appeal petition asked for a suspension of the temporary injunction, for an order vacating the contempt cases connected with the picketing and that the proceedings be remanded to circuit court for hearing, with the record returned to the Supreme Court for decision.

Through the petition for an emergency appeal, MEBA was asking for quick action in the case by the Supreme Court, rather than going through the usual procedure for a Supreme Court hearing.

MEBA stated that it feared "immediate and irreparable deprivation of its constitutional and lawful rights if required to follow the procedure for application for leave to appeal."

Two Arrested July 27

Since the temporary injunction was issued, the Red Wing has been picketed in Marquette by men carrying MEBA signs on July 19 and July 27.

Two pickets were arrested in the July 27 incident at the Lake Superior and Ishpeming Railroad Co. dock, after they continued to pick-

et in defiance of the injunction served on them.

A contempt hearing was scheduled in Marquette County Circuit Court this afternoon for the two MEBA pickets arrested July 27.

The two men, William E. Babbit and William Westbrook, both of Duluth, have been released from the county jail on \$500 bond each.

Preparatory To Appeal

A hearing was also scheduled in circuit court here today for three pickets who were sentenced July 19 for contempt of restraining orders served on them while picketing the Red Wing.

She hearing is preparatory to asking leave to appeal the contempt case to the Supreme Court.

Local counsel representing Upper Lakes Shipping Co. in the case is John E. McDonald, Marquette. Local union counsel is the Negaunee firm of DeFant and Bridges.

Presbyterian Church Gets New Pastor

The Rev. William T. Payne will be installed as the pastor of the First Presbyterian Church of Marquette Sunday evening at 7:30.

There will be an informal reception in the church parlors following the service.

The Rev. Mr. Payne comes here from Plain City, Ohio, a Columbus area church, where he served as pastor of the Presbyterian Church for the past four years.

Attended Yale

Born in Omaha, Neb., in 1928, he graduated from Westtown School (Friends) in Westtown, Pa. and from the College of Wooster in 1950. He attended Yale University Divinity School, New Haven, Conn., and worked as director of radio and television for the New Haven Council of Churches.

His seminary career was interrupted by service in the U. S. Navy. He was chief engineer aboard the destroyer escort, U.S.S. Ulvert M. Moore, from 1954 to 1957.

He returned to Yale and received his Bachelor of Divinity degree in 1959. While in seminary he served as student pastor of the Congregational church at Centerbrook, Conn., and as interim of the Grace Baptist Church in Meriden, Conn. He was ordained by the Presbytery of Columbus in 1959.

The Rev. Mr. Payne is married to the former Sarah Longman of El Cajon, Calif. She is a graduate of San Diego State College. The Paynes have four children, Helen, 7; Connie, 5; Paul, 3; and Robert, 2.

Installation By Rev. Ranck

The installation service will be conducted by the Rev. J. Robert Ranck, moderator of the Presbytery of Mackinac.

The sermon will be delivered by the Rev. Dr. Paul Calvin Payne, father of the new pastor and general secretary of the Board of Christian Education of the United Presbyterian Church in the U. S. A., from 1959 to 1957.

Dr. Payne was one of the founders of the National Council of Churches and vice president of the council.

City Firemen Called Out Two Times

Marquette's fire department was called out twice yesterday, but neither call resulted in any serious damage.

At 4:52 yesterday afternoon firemen were summoned to the residence of Frank Oberstar, Honor Camp Road, Harvey, where some boxes in back of an Our Own Bakeries, Inc. truck caught fire.

Started By Children

Firemen said some children playing with a burning stick had shoved it into one of the cardboard boxes in the truck, causing the boxes to burn.

The blaze had been extinguished before firemen arrived. Three firemen had responded to the call in the No. 4 (750-gallon) pumper. They returned to the station at 5:17 p. m.

Firemen also were called out at 12:23 yesterday afternoon to the home of Anthony Hogan, 420 Baraga Ave., where an oil-burning hot water heater became overheated.

Firemen said the unit became overheated due to an excess amount of soot collecting in it. Firemen stood by until the heater cooled off. Nothing was used.

Three firemen answered the call with the No. 4 pumper. They returned to the station at 12:45 p. m.

Area Boys Win High Awards At Diocese's Camp Plagens

Area boys were among the top winners at the older boys' session at Camp Plagens, the Marquette Diocese's summer camp.

Awards were presented outstanding campers at the conclusion of the August session.

Each degree of the society has been based on some outstanding missionary who has worked in the Upper Peninsula. The virtues or qualities of the various degrees have been based on the outstanding virtues of these missionaries.

Awards were also presented to the campers excelling in individual activities.

Others Awarded

Under the direction of Albert Stefanich, water safety instructor, several campers successfully completed training and requirements at Camp Plagens for the American Red Cross beginner, intermediate, swimmer, junior and senior life-saving courses, and are currently certified by the Marquette County Chapter of the American Red Cross.

Also included among the awards were those in riflery, certified by the National Rifle Association.

Awards were presented to: Paul Lukowski, swimming; Frank Lynott, track; Thomas Donckers, baseball; Jose Puig, boating.

Robert Glantz, swimming, pro-marksman in riflery; James Drobney, swimming; Brian Van Overloop, baseball, ARC swimmer; Robert Malone, baseball.

Cooperation, Progress

Robert Brumm, cooperation; Russell Brumm, progress in riflery; Kirk St. Cyr, progress in riflery; Frank Donckers, leadership, pro-marksman in riflery, senior life-saver.

William Houlmont, archery, pro-marksman in riflery; Jay Dorais, riflery, pro-marksman in riflery.

All the boys are from Marquette, except Bonetti, who is from Ishpeming.

Full Program Slated Here Tomorrow For Shrine Ceremonial

Imperial Potentate Coming; Party At Hospital, Parade, Ritual, Entertainment Set

Shriners will "take over" Marquette tomorrow, when Ahmed Temple holds its traditional summer ceremonial.

Around 500 Shriners and their wives will be in the city for the various events, which include ritual work, for the induction of novices; a party at St. Luke's Hospital for crippled children; a parade in the downtown section of the city and entertainment at the Graveret High School's Kaufman Auditorium.

This year's ceremonial is being designated as the Harold C. Close Ceremonial, in honor of Imperial Potentate Harold C. Close, Sphinx Temple, Hartford, Conn., who was scheduled to arrive in Marquette this afternoon for the ceremonial.

Headquarters for the ceremonial will be the Masonic Temple.

Programs Listed

Morning programs will include registration for novices and nobles, beginning at 8:30, and the ritualistic section for both groups, at 10:10 a. m. At 10:30 a. m. nobles and ladies will participate in the St. Luke's Hospital crippled children's party.

Line of March Given

A class luncheon will be held for novices at noon.

The Ahmed Temple Band will present a concert in front of the temple at 1 p. m. The Shrine parade will begin at 1:30. Included in the parade will be the Ahmed clowm troupe, mounted patrol, drum corps, patrol and band.

Line of march for the parade will be west on Bluff St. to N. Fourth St., south on Fourth to W. Washington St., east on Washington to Front St., south on S. Front to Baraga Ave., circling on Baraga and returning north on Front to Washington and west on Washington to the Masonic Temple, where the parade will end.

Committees Listed

General chairman for tomorrow's event is Harry W. Gjelsteen. Other committee chairmen are Frank J. Russell, publicity; E. L. Slade, membership; Richard Verrant, ritualistic; Fritz Wangberg, second section; George Holly, luncheon; transportation, Carl Olson; parade, James P. VanLandegend, chairman, and C. R. Weber, marshal; John Martin, visiting guests; E. L. Pearce, election; Mr. and Mrs. C. L. LaTurneau, hospital visitation; units luncheon, L. C. 27 Notaries Appointed For County

Twenty-seven notaries public were appointed or reappointed in Marquette County during the second half of 1963.

All of Michigan's 80,000 notaries must be bonded for \$1,000 to protect the public. In other states the amount of a bond can run from \$500 to \$10,000.

Nebraska, for example, has a \$2,000 bond which covers notaries who confine their work in local or county areas, with a \$5,000 bond being required for those offering state-wide notarial services.

According to Secretary of State James H. Hare, Michigan law requires each applicant for such a commission to present to his county clerk a properly executed bond of \$1,000, and to pay a fee of \$1 for filing the oath and bond in the county clerk's office in the courthouse here.

Hare listed the names of notaries public in Marquette County who have been appointed or reappointed during the second quarter of 1963. They are:

Marquette — Clarence M. Bjork, 201 E. Prospect St.; Betty J. Bodenus, 828 High St.; Arnold L. Johnson, 3132 Lake Shore Blvd.; E. J. Johnson, 3228 Lake Shore Blvd.; John A. MacDonald, 2014 Wetton St.; Robert E. Moore, 440 E. Michigan St.; J. K. Moyle, 116 E. Fair Ave.; John R. Meyers, 613 Pine St.; Kay J. Peters, 416 N. Fourth St.; Mary R. Peterson, 121 E. Hewitt Ave.; Sandra Salo, lot 21, Pine Acres for Mobile Homes, and Noreen S. Wirth, 320 E. Arch St.

Ishpeming — Stephen J. Catal, Woolworth Bldg.; Lillian Rowe, 536 Jasper St.; Clyde E. Sundberg; Helen L. Sundblad; Theodore A. Swanson, 745 Elliott St.; Larry Viall, 511 E. Vine St.; and Mary Viall, 511 E. Vine St.

Neegaunee — E. Nickolas Bridges, 115 E. Lincoln Ave.; Melvin L. Johnson, 913 Pine St. and Marlon O. Woodward, 1208 Opechee St.

Gwinn — Dave Gerou, Box 502; Sherman E. LaTour, Box 108; and Germa M. Powell, 114 Adams St.

New Feature For U.P. Fall Teacher Meet

ESCANABA — A meeting to tell citizens "What's New in Education" will be a special feature of the annual fall Upper Peninsula teachers' conference to be held in Escanaba, Oct. 10-11.

Teaching machines and aerospace education will be the topics discussed at the open meeting to be held the evening prior to the conference's first official session. Exhibits from business and industry will also be open to the public.

School Closed — All public schools will be closed during the two-day session to permit educators' participation in the program sponsored by the Michigan Education Association.

Three general sessions and almost 75 small group meetings will present new teaching methods and techniques. Discussion will be held to the conference's theme "Teaching—A Profession Dynamic."

Glenn E. Snow, assistant executive secretary for lay relations of the National Education Association, will be the keynote speaker at the first general session Oct. 10. His topic will be "Educational Prejudice and Community Pressures."

News analyst John Metcalfe of the Chicago "Sun-Times" and "Daily News" will address the second general session, Oct. 10. "Where Are We Going?" is his topic.

"Motivation for Living" is the subject to be discussed at the third general session, Oct. 11, by Bob Richards, director of the Wheaties Sports Federation.

Tech Given Army Contract For Vehicle Research Project

HOUGHTON — Michigan Tech has been awarded a \$43,366 Army research contract to develop an analytical method for determining vehicle mobility in muskeg, a type of grassy bog, reports Dr. R. L. Smith, coordinator of research at Tech.

The contract is the result of the combined efforts of Dr. W. M. Haas, professor of civil engineering, and E. W. Niemi, professor of mechanical engineering. They will co-direct the project, assisted by Richard Bayer, professor of mechanical engineering, and several graduate students.

The award was made by the U. S. Army Mobility Command. The muskeg research will be performed for the Land Locomotion Laboratory of the Army Tank-Automotive Center, Detroit, under the direction of Laboratory Chief Ronald Linton.

Not Isolated Problem — Vehicle mobility in muskeg is not an isolated problem, Tech professors said. Not only is the Army concerned with it, but so is the Canadian government and commercial interests in the U. S., Canada and several northern European countries where muskeg-type land is quite prevalent.

It is anticipated the work done by the Tech group will be correlated with similar work being done in Canada under Dr. N. W. Radford of McMaster University, who has pioneered in the scientific studies of muskeg.

Muskeg studies have included three areas of primary interest: building construction on muskeg; use of muskeg peat in agriculture, and traversing muskeg areas with vehicles, which will be explored at Tech.

Second Major Program — "This contract," said Smith, "marks a new era of research cooperation between Tech's civil and mechanical engineering departments in a fruitful field of investigation — land locomotion."

"As long as people must move from one point to another, there will always be problems connected with the type of vehicle they move in, the terrain they move over and the nature of the subsurface of the terrain itself."

The muskeg project marks the second major research program awarded to Tech in recent months in this generalized field of land locomotion.

First Cavalry Division troopers continuously cruise the Imjin River, which the Communists must cross en route south.

The division, which switched from horses to tanks many years ago, got serious about the navy business 10 days ago when Communist activity increased along the American sector of the 151-mile demilitarized zone across Korea.

Patrolling the river is the job of Company A, 8th Engineer Battalion, which boasts of being "closer to the bad guys than any other engineering unit in the whole U.S. Army."

This slogan is the favorite of the company commander, Capt. James Z. Metalios, 29, of Tuckahoe, N.Y.

The fleet ranges from small assault boats, which can be paddled into dark coves, to 27-foot power boats that carry six troopers up and down the river at high speed. Riflemen are furnished by the 8th and 9th Cavalry Regiments that have 15 miles of the Imjin in their sectors.

Man In Charge — The man in charge of the navy, S. Sgt. Osko Baccus, 33, of Security, Colo., has had little experience with boats.

"Once in a while we get embarrased by getting stuck on a sandbar," he said, "but now we've got a pretty nice little fleet here."

Pfc. Alfred Baker, 18, of Alderson, W. Va., said being a water-going cavalryman is the best Army duty ever.

Sub Tragedy Slows Navy Fleet Buildup

CAPE CANAVERAL, Fla. (AP) — The tragedy of the nuclear submarine Thresher is slowing Navy plans for a quick buildup of the Polaris submarine fleet.

Officials estimate a five-month holdup while modifications are made to Polaris subs now being assembled in boatyards. The changes are being made in hopes of preventing a recurrence of the disaster which sank the Thresher last April 10 with loss of 129 lives.

Although the Thresher was not a Polaris submarine, the Navy decided to "reschedule construction and overhaul intervals" on all nuclear subs.

The decision could delay development of Polaris craft with the North Atlantic Treaty Organization and in the Pacific and Indian oceans. The nine missile subs now on patrol are in waters off Europe.

A Navy spokesman termed the delay minor and reported it is not expected to upset the Navy's timetable which calls for 41 Polaris subs prowling the seas by fiscal 1967.

The delay came to light with the arrival here this month of the Alexander Hamilton to practice-fire Polaris missiles in Atlantic waters off Cape Canaveral.

Magnuson-Peterson

(Lemon Studio photo)

Married last Saturday in the Messiah Lutheran Church were Judith Ann Magnuson, 710 W. Magnetic, daughter of the Rev. and Mrs. J. Otto Magnuson, and Owen Everett Peterson of 817 Brookfield, Kingsford.

The Rev. Mr. Magnuson, assisted by the Rev. George Olson, Rapid River, Mich., performed the ceremony. For the candlelight service the altar was decorated with pink and white gladioli.

Given by her father in marriage, the bride wore a gown fashioned of pure silk organza over taffeta with a bouffant skirt extending into a train. The Sabrina neckline was edged with Swiss applied medallions which also edged the elbow length sleeves. A Swedish style crown held her silk illusion veil in place. Her bouquet was of white gladioli, feathered carnations, pompons and trailing ivy. The bride's only jewelry was a pearl necklace, a gift of the groom.

Mrs. LeRoy Mueller, St. Paul, was matron of honor. Other attendants were Miss Patricia Findley, St. Paul, and Miss Barbara Dahlin, Rockford, Ill., college classmates of the bride, and a friend, Miss Sharon Kent, Marquette. Terri Lynn Johnson, Escanaba, a niece of the groom, was junior bridesmaid.

Richard Lindholm, Iron Mountain, a college classmate of the groom, was best man. Groomsman were David Dawe, Mankato, Minn., cousin of the groom, Robert Cambensy, Marquette, a cousin of the groom, and Jon Magnuson, a

brother of the bride. Thomas Heidin, Minneapolis, a college classmate of the groom, and Don Hartman, Nahma, were ushers.

Attendants Gowned Alike

All of the attendants were gowned alike in floor length white needlepoint pique. The sheath style dresses, in front, went into an empire waistline and were accented by moss green satin cummerbunds. A full paneled Grecian effect in back featured a bow at the waistline. The girls wore matching green pillbox hats with veils and carried cascade bouquets of deep pink feathered carnations and trailing ivy.

For her daughter's wedding, Mrs. Magnuson chose a dress of beige lace over taffeta with matching hat and accessories. Her corsage was of white and pink feathered carnations. The groom's mother wore a dress of pink silk with matching accessories. Her corsage was of white carnations and pink sweetheart roses.

A rehearsal dinner was hosted by the groom's parents at the home of Mr. and Mrs. Richard Cryderman, Shiras Hills.

Church Reception

The entire congregation of the Messiah Lutheran Church and many relatives and friends attended the reception in the church social room.

Soloist was Conrad Beck, Escanaba, who sang "Praise My Soul the King of Heaven," "Wedding Prayer" "Crown with Thy Benediction" as the couple knelt at the

altar. He was accompanied by Mrs. Harold Sponberg, Topeka, Kan., organist. In addition to the pre-nuptial music, the congregation joined in the singing of two hymns, "Lord Jesus Christ, Be Present Now," at the beginning of the service and "Now Thank We All Our God," following the ceremony.

Trip To Hawaii

The couple drove by car to California and from there are flying to Hawaii for eight days. The trip to Hawaii is a gift of the bride's only aunt and uncle, Mr. and Mrs. Warren Rice, Sunland, Calif., who were unable to attend the wedding. The new Mrs. Peterson attended Graveret High School and spent her freshman year at Northern Michigan University. She has a bachelor of science degree from Gustavus Adolphus College, St. Peter, Minn., and received her clinical training at Bethesda Hospital, St. Paul. She was affiliated with Sigma Delta and the Bethesda Nurses Choir. Following graduation in June of this year, she was a nurse at St. Luke's Hospital.

The groom is a graduate of Kingsford High School and has a bachelor of science degree from Gustavus Adolphus College, where he was affiliated with Nu Upsilon Gamma. He will be a teacher of biology and athletic coach at Nahma, where the couple will live.

Out-Of-Town Guests

Attending the wedding were friends and relatives from Chicago, Rock Island, Minneapolis, Mankato, Minn., Escanaba, Gladstone, Bark River, Rapid River, Perkins, Nahma, Iron Mountain, Kingsford, Felch, Foster City and Norway.

Background music during the reception was provided by Russell Babcock, violinist, and Karen Bruckman, pianist.

The bride is the first pastor's daughter to be married here in the history of the Messiah congregation.

Hanson-Runsat Duo Place First In Bridge Event

MUNISING — Mrs. Ira Hanson and Mrs. Robert Runsat posted a score of 66.67 per cent to top players in the Munising Duplicate Bridge Club Tuesday evening in the chamber of commerce building.

Other high scores were made by Ray Windus and Elsie Wapienik, 37.29; Frank Stebbins and Alice Mary Scholtes, 55.21, and Mrs. Wally Ahlborn and Dick Hallifax, 50.

Trout Creek Youth Loses Life In Lake

KENTON — James Harde, 19, Trout Creek, drowned at 6 p. m. yesterday while swimming in Teepee Lake, nine miles south of here. Harde and a friend, James Nordin, 23, Kenton, were swimming towards a raft anchored in about eight feet of water when the mishap occurred. Nordin told state police he and Harde — neither of them good swimmers — had waded into the lake as far as they could, and then tried to swim to the raft, which was anchored about 200 feet from shore. Nordin said he reached the raft first and called back to Harde to return to shore because it was too far. He added that when Harde called for help, he assumed his companion was joking, but returned to the water to try to assist him. Harde struggled with him in the water, but soon released his hold and sank. Nordin then returned to the raft, where he called for help. An unidentified couple rushed to the spot in a boat and the woman dove in after Harde. The two brought the victim back to shore, where the man administered mouth-to-mouth artificial respiration. An Iron River physician, who arrived 10 minutes later, took Harde to the Stambaugh City Hospital, where he was pronounced dead on arrival. Harde was the son of Mrs. Norma Harde of Trout Creek. The body was taken to the Brown Funeral Home in Bruce Crossing. Funeral arrangements are incomplete.

Iron ore was reported in Minnesota as early as 1850.

Driver Hurt, Ticketed In '581' Crackup

ISHPEMING — A motorist was injured, his car was wrecked and he was ticketed in a smashup at 3:40 this morning on County Road 581, west of County Road PBC, in Tilden Township. State police said Earl Hill, 33, Detroit, was driving west on Road 581 when his car went out of control, going off the left side of the highway and traveling a considerable distance in the ditch before coming back onto the highway and rolling over. Hill suffered minor cuts and bruises and sought his own treatment. His car, a 1962 coach, was a total wreck and had to be towed from the scene by a wrecker. State police issued Hill a summons for a speed law violation.

Longevity, Cumulative Sick Leave Pay For City Workers Okayed By Negaunee Council

NEGAUNEE — Acting on recommendation of City Manager Leonard Harris, the Negaunee City Council at its regular August meeting last night approved longevity pay and cumulative sick leave for municipal employees.

Under the longevity pay program, amounts which employees will receive are as follows: Five to nine years of service, \$50; 10 to 14 years, \$75; 15 to 19 years, \$100; 20 to 24 years, \$125; 25 to 29 years, \$150, and 30 years or over, \$175.

Harris explained in a letter to the council that at present 55 employees would be eligible for longevity pay, and that the dollar cost to the city would be \$4,700 annually.

"In 1964, at present projections, we would have 53 employees and the dollar cost to the municipality would be \$4,475," he said.

"The balance of the employees between 53 and 74 indicate an immediate discrepancy, but is made up of people with less than five years of service. It is apparent from reviewing the retirement roster that this same relative cost will prevail as older men retire and newer men obtain more seniority.

"My recommendation is that the municipality could absorb the program at this time without unreasonable cost or disruption of the city's overall program of service to the taxpayer, and by the same token possibly result in higher efficiency due to improved morale among city employees."

Concerning cumulative sick leave, the council action provides for 50 per cent of the number of days accumulated by an employee to be paid upon retirement or death with a \$1,500 limit.

"We have computed the annual dollar cost to the municipality based on a 100 per cent accumulation of authorized sick leave for each employee for the years 1963 through 1976," Harris informed the council. "At the present time, we are paying 10 per cent of the accumulated sick leave at the time of retirement or death. If we offered a 50 per cent payment at retirement or death with a \$500 limit, then the out-of-pocket cost to the municipality would average less than \$1,000 per year or approximately the same annual cost at the 10 per cent rate now in effect.

"My recommendation on this point is the 50 per cent of the accumulated sick leave be paid upon retirement or death with a \$1,500 limit, and that you favorably consider changing the rule to include honorable separation from the city's service, as is done in other communities. This rule should be changed to take immediate effect, which would reward men eligible for retirement beginning with November and December of this year.

"Cost of this program would approximate \$2,000 per year prior to 1976 and would not exceed \$4,500 per year after 1976. This, in effect, would be the face value of a paid-up life insurance policy at retirement. We should also establish a sinking fund of \$2,500 per year to defray this cost. Obviously, the sum paid to each employee will vary with the individual and it is considered very unlikely that any individual will accumulate 100 per cent of his sick leave between now and retirement, except those now immediately affected.

"With respect to sick leave, we are currently paying the full cost of hospitalization under Blue Cross-Blue Shield for employees and their dependents. The recent increase in the Blue Cross-Blue Shield rates have required an additional premium of approximately \$3,500 per year or roughly \$4 per man per month. This cost has been absorbed by the city without negotiation with the employees' group."

Regarding the request by the Negaunee local of the State, County and Municipal Employees Union for city-wide seniority on layoff and recall if ability and seniority permit, Harris noted that practice was now being followed.

No Action On Pay Request
Council took no action on two other requests — an increase of 10 cents per hour in pay across the board and adjustments in the present vacation schedule which provides for three weeks after 15 years of service. The local asked for one additional day of vacation for each year of service beyond 15 to provide a maximum of four weeks.

Harris advised the council that a study made of the wage structure showed that, on the basis of prior experience, an increase of 10 cents per hour would cost a minimum of \$16,651.55 per year.

Munising Chamber Reports Hike In Visitor Registrations

MUNISING — Registration of visitors at the Munising-Alger Chamber of Commerce has reached 8,000, an increase of 3,000 over a year ago, according to Richard McLaughlin, president.

The 10,000th visitor who registers this summer will be feted by the chamber. The lucky traveler and his wife will be treated to an overnight stay at one of the leading motels in the city, be a guest of Captain Charles Morrison on the Pictured Rocks cruiser, escorted on a tour of waterfalls and other scenic attractions, tour the Munising Division of Kimberly-

Clark Corp., entertained at dinner and receive many gifts from merchants.

He also will be interviewed over Radio Station WMAB and finally, to help him on his way, his car will be serviced and the gas tank filled as a final gesture of hospitality from the people of Munising.

The chamber will hold an "open house" from 10 a. m. to 4 p. m. Tuesday, Aug. 13, and invites all area residents to visit the office. This will be a regular working day for the staff. It will be a good chance to see services provided for visitors.
