## Tarred And Feathered

An ambulance attendant gave Mrs. Katherine Gammon Harwell a transfusion as she was rushed to a hospital early Wednesday in serious condition from burns she suffered when she was coated with tar and feathers and left in a burning house near Walnut, Calif. She said three men tied her up, threw her in a closet, and ignited the house. She managed to drag herself outside before firemen arrived. (AP Wirephoto)

## British Nab 2 In Connection With Robbery

LONDON (AP)—Two men were held today on charges in connection with Britain's great train robbery, and a man and two women were detained for investigation. Police said a large sum of money—reportedly about 100,000 pounds (\$280,000)—had been recovered.

Two men, both about 45, were arrested Wednesday night in Bournemouth, a resort on England's south coast, after they stopped a woman on a quiet street and asked if she could recommend lodgings. The woman became suspicious and phoned the police. When detectives arrived, a fight ensued and the men were taken into custody. Police said a considerable sum of money was found in a car and later another car was found about a mile away with a large sum of money in it. Police in Bournemouth said charges were placed against the men but did not announce the charges or their identities. The men were to be taken today to Buckinghamshire, the county in which the bandit gang held up the Glasgow-London mail train and escaped with 2.5 million pounds (\$7 million) in currency. The other man and two women were picked up in London.

## News In Brief

WASHINGTON (AP)—A bill that could pump nearly \$3 billion into college building programs has won overwhelming approval in the House. It would authorize \$335 million in federal grants and \$360 million in loans over a three-year period, with the institutions getting the grants having to raise \$2 of their own for every \$1 in federal funds.

JACKSON, Miss (AP)—A State College Board subcommittee has voted 3-1 to recommend that the board take no action to deny James Meredith his diploma.

LANSING (AP)—Gov. George Romney has wired all law enforcement officials in Michigan asking them to step up traffic safety enforcement activities for the remainder of the year. The Governor noted there were 51 highway fatalities last week.

STRATFORD ON AVON, England (AP)—Citizens of Shakespeare's home district voted today to fill John Profumo's seat in the House of Commons.

DETROIT (AP)—Gov. George Romney had "no comment" today on reports that have singled out American Motors Corp. Board Chairman Richard E. Cross to head Michigan's Civil Rights Commission.

## The Weather

Forecast for Marquette and vicinity: Fair and cool tonight, low temperature about 50 near Lake Superior and 40 to 45 inland; Friday, generally fair and a little warmer, high 70 to 75, chance of showers Friday night. Outlook for Saturday: Scattered showers and no decided change in temperatures. Forecast for Lake Superior: Northeast to east winds 10-18 MPH, tonight and southeasterly 15-24 MPH Friday; chance of some showers or possibly thundershowers west half late tonight or Friday. Lake temperature, 64. Data for 24 hours ending at noon: Temperatures—55 at 6 A.M.; 58 at noon; highest in last 24 hours, 72 at 6 p.m. yesterday; lowest in last 24 hours 54 at 6:30 a.m. today. Relative humidity at noon—67 per cent. Precipitation—Trace in last 24 hours; total to date this year, 14.65 inches; normal to date, 19.22 inches. Sun rises at 5:49 a.m. and sets at 7:58 p.m. tomorrow. Records for August 15—Maximum temperature, 95 in 1912; minimum temperature, 41 in 1881; most precipitation 1.21 inches in 1897.

## Youlou Quits Congo Post Under Fire

BRAZZAVILLE, Congo Republic (AP)—President Fulbert Youlou resigned today in a dramatic announcement from the steps of his palace. The army temporarily assumed power. A chanting mob of 10,000 Africans had surrounded the palace, shouting for Youlou's resignation. They hailed his announcement with jubilation. The downfall of the little, 46-year-old priest-politician came on the third anniversary of this equatorial African nation's independence from France. Youlou had been the Congo republic's chief executive from the start. Strong gendarmerie reinforcements had coped with the crowd since morning, when workers marched to the palace to demand that Youlou get out. Labor leaders have charged there was graft and corruption in his government. After the announcement, the crowd began breaking up. They walked off toward native villages excitedly talking about what they called "our victory." Workers rioted Tuesday, calling for reform in government, abolition of Youlou's plan of one-party rule, and higher wages. Then they stormed the city prison and liberated 480 inmates in a search for jailed labor leaders. Police fire killed five and wounded about a dozen.

East German Security Scheme Backfires BRUNSWICK, Germany (AP)—Two East German soldiers posted in a field along the Iron Curtain to make sure harvest workers do not escape have themselves fled. West German border authorities said today. The escape occurred in lower Saxony Wednesday, border officials said, and the soldiers, both aged 20, came across with their weapons.

## 3 BILLION TO 1 SHOT:

# She Has Twins Again!

SYDNEY, Australia (AP)—"Mummy has done it again," John Struthers told two of his daughters Wednesday night after his wife gave birth to her fifth set of twins. A Sydney gynecologist said the odds against that many twins in one family are about 3 billion to 1. The boy and girl, each weighing five pounds, brought the Struthers brood to 14 children. Four

arrived singly. "It's very exciting news," said Janette Struthers, the 44-year-old mother. Fairfield Hospital said she and the babies were doing well. Father John, 46, earns 19 pounds (\$42.50) a week as a factory machine greaser. The couple and 11 children moved to Australia 2½ years ago from Scotland. Their oldest son

James, 25, is a signal man in the British army. Family A six-room house at Guilford, a Sydney suburb, houses Mr. and Mrs. Struthers, Alex, 21; David, 19; Agnes, 16; John 15; Ann and Archibald, 14; Robert and Isobel, 11, and Christine and Margaret, 8. David's twin, Moreen, is married but has no children.

## U.S. Begins Consultations With Allies

WASHINGTON (AP)—The United States has started consultations with its NATO allies on the next round of Western talks with the Soviet Union.

Officials here hope for the development of a Western negotiating position by the middle of next month.

The target date arises from the fact that Secretary of State Dean Rusk and the British Foreign Secretary Lord Home, are scheduled to meet Soviet Foreign Minister Andrei A. Gromyko in New York about the time of the U.N. General Assembly opening Sept. 18.

Other Fronts Meanwhile, East-West diplomatic talks on the shape of the next round and on specific problems which may be dealt with in an effort to lessen cold war tensions are expected to go forward also on three other fronts—in the disarmament talks at Geneva, in meetings between State Department officials and the Soviet ambassador in Washington, and in discussions between the Foreign Office and the U.S. ambassador in Moscow. At the United Nations in New York, the United States is reported to have proposed to the Soviet Union that they resume talks soon on laws to apply to the exploration of space.

GEN. MAXWELL D. TAYLOR

## Taylor Says JCS Made Up Own Minds

WASHINGTON (AP)—Gen. Maxwell D. Taylor testified today that the Joint Chiefs of Staff agreed to support the limited test ban treaty without any pressure or arm twisting from civilian superiors in the Pentagon.

Taylor, chairman of the Joint Chiefs, said the top military command was consulted in advance of the treaty's negotiation and had complete access to all cables between Moscow and Washington while the negotiations took place in Russia.

Taylor testified at a public hearing by the Senate Foreign Relations Committee. He had previously told the Senate Preparedness subcommittee Wednesday that while the treaty had both advantages and disadvantages, the top military command believed that on balance it should be ratified by the Senate.

Taylor spoke of necessary safeguards in general terms, and there were demands from some members of the Preparedness group that he submit later more specific views on these safeguards. Members of the Senate Armed Services Committee are sitting in with the Foreign Relations Committee on the hearings, as are members of the Joint (Senate-House) Atomic Energy Committee.

Pressure Sen. Richard B. Russell, D-Ga., chairman of the Armed Services group told Taylor that Senators hear "a good deal about pressure being brought to bear on the treaty. He asked if any such pressure took place. "Not in the sense that you suggest," Taylor replied. He said the only pressures on the military leadership are from the "services, conscience and duty to our country."

But, he told Russell, as to any pressures from superiors to take that stand, "No sir, definitely not." Statement Taylor read to the hearing the same statement he had given the Preparedness subcommittee—that the Joint Chiefs agree that while there are military risks and disadvantages, they approve the pact as "compatible with the security interests of the United States."

He repeated that among the risks in the treaty is the danger of any "relaxed military effort by the United States and our allies." Time Needed The demand from the Preparedness subcommittee for specifics on the necessary safeguards was on motion of Sen. Henry M. Jackson, D-Wash.

Jackson reported that Taylor had assured the subcommittee in his closed-door testimony that the data could be supplied but that it would take some time to assemble it. Judge Thomas F. Murphy passed sentence. Drummond appeared shocked as he heard the sentence. He tightly gripped the edge of the table against which he stood. "You have been convicted of a most awful crime," Judge Murphy told Drummond, who could have received the death sentence.

## Chinese Say 'K' Welshed On Atom Deal

TOKYO (AP)—Red China charged today the Soviet Premier Khrushchev welshed on a promise to teach it how to make atomic bombs in order to please President Eisenhower at the Camp David talks four years ago.

In a biting statement broadcast by the New China News Agency, a "spokesman for the Chinese government" said the Soviet Union on June 20, 1959, "when there was not yet the slightest sign of a treaty on stopping nuclear tests, refused to provide China with a sample of an atomic bomb and technical data concerning its manufacture."

The statement said this "unilaterally tore up the agreement on new technology for national defense concluded between China and the Soviet Union on Oct. 15, 1957."

"This was done as a presentation gift at the time the Soviet leader (Premier Khrushchev)

VIENNA, Austria (AP)—Communist Albania, Red China's tiny European ally, formally rejected today the limited nuclear test ban treaty.

In a communique broadcast by Radio Tirana, the Albanian government called Premier Khrushchev a traitor for concluding the agreement.

went to the United States for talks with Eisenhower," the statement asserted. Raising a new angle in the Moscow-Peking feud, the Red Chinese spokesman charged that Soviet leaders "would not hesitate to obliterate the international position" of Communist East Germany "in order to curry favor with U.S. imperialism."

'Real Aim' "Formerly we thought the Soviet leaders were genuinely afraid of the West German militarists' coming into possession of nuclear weapons," the Chinese said. "Now we see that they trust U.S. imperialism and think it does not matter if the West German militarists possess nuclear weapons provided they are under the control of the United States."

The statement said "the real aim of the Soviet leaders is to compromise with the United States in order to seek monetary ease and to maintain a monopoly of nuclear weapons and lord it over in the Socialist camp."

No Excuse The new Chinese blast against Soviet participation in the limited test-ban treaty said Soviet possession of a nuclear arsenal was no excuse for preventing other Communist nations from acquiring their own stockpiles.

## Famed Priest Dead At 62

ST. LOUIS (AP)—The Rev. Charles Dismas Clark, 62-year-old "Hoodlum Priest" who helped rehabilitation of about 3,500 ex-convicts, died of a heart attack today.

He had been a patient at St. Mary's Hospital the past 19 days. The Jesuit priest believed so strongly in the basic good of man, that he adopted his middle name in honor of the good thief who, some Biblical accounts say, died on the cross beside Christ. He also gave that name to his rehabilitation center, Dismas House, located in a 91-year-old former school building near downtown St. Louis.

About 2,080 former convicts passed through the center. "You have sold the security and safety of your country for \$24,000, and you did this while a member of the United States Navy." As the judge spoke, Drummond's wife, Lucille, sat in the first row of spectators in the crowded courtroom, nervously clasping and unclasping her hands as the judge pronounced sentence.

## Henry Cabot Lodge Sworn In

Henry Cabot Lodge, right, Republican candidate for vice president in 1960, Wednesday was sworn in as U.S. Ambassador to South Viet Nam by State Dean Rusk witnesses the oath-taking at the State Department in Washington. (AP Wirephoto) Angier Biddle Duke, chief of protocol, Secretary of State Dean Rusk witnesses the oath-taking at the State Department in Washington. (AP Wirephoto)

# Byrd Doubts Congress Will Approve Tax Cut Legislation This Year

WASHINGTON (AP)—Sen. Harry F. Byrd today joined Republican congressional leaders in expressing doubt that Congress will pass a tax reduction bill this year.

Byrd, Virginia Democrat who heads the Senate Finance Committee which would consider any measure passed by the House, said opposition to any immediate tax reduction has been building up to the point where it is touch-and-go whether any measure could gain majority support within the group.

Beyond that, he said in an interview that a prospective Southern filibuster on civil rights legislation may slow committee procedures to the point where it could not act until late in the year, even if a majority supported tax cuts. Byrd opposes any reductions not accompanied by spending cuts he said the administration seems unwilling to make.

"I just don't know what will happen," he said. "But with the committee so divided and the legislative schedule so jammed up, it seems doubtful to me that a bill can be passed. I don't think Congress is going to want to stay here all year."

Senate Republican leader Everett M. Dirksen of Illinois and House GOP leader Charles A. Halleck of Indiana told a news conference Wednesday they doubt that a tax bill will be passed this year.

Dirksen said legislative action probably couldn't be completed in the Senate until Thanksgiving and he indicated he doesn't really think Congress will stay in Washington that long. Halleck said the House wouldn't be happy if it passed a bill and the Senate held it over until next year.

Civil Rights Showdown The word has gone around the Senate that civil rights will be brought to a showdown after Labor Day, about the time the House is expected to debate the tax bill. Whatever moves administration leaders make will be met by civil rights opponents with a filibuster.

While the filibuster is on, the Senate Finance Committee can meet only when the Senate itself is not in session. Byrd predicted that the narrow 13-12 vote by which the House Ways and Means Committee defeated Wednesday a Republican-

sponsored move to tie tax reduction to a holddown on deficit spending would spur similar attempts in his committee. House Vote The House committee approved

by a 19-4 vote across the board reduction in individual income levies, averaging 20 per cent in overall rates and 15 per cent in the brackets into which most taxpayers fall.

Two-Step Reduction The committee approved also a two-step reduction of the corporate income tax from the present 52 per cent to 48 per cent and provided for a rearrangement of normal and surtax rates within this rate so as to give a special break to small business.

Effective next Jan. 1, the tax would drop to 50 per cent—22 per cent at normal rate applying to the first \$25,000 of corporate income, and 28 per cent surtax. The present normal tax is 30 per cent. A year later the surtax would drop to 26 per cent, for a total tax of 48 per cent.

Present Law The issue of dividend taxation is one of the last remaining important questions to be resolved before the bill can be put in final shape for House action.

At present, the law allows exclusion from income of the first \$50 of dividends—\$100 for stocks jointly owned by husband and wife—and then a direct credit against taxes of 4 per cent of the remainder.

WASHINGTON (AP)—Men from two Cuban warships and a helicopter kidnaped 19 Cuban refugees from Anquilla Bay, a British Caribbean island, Tuesday, while U.S. warplanes watched, the State Department disclosed today.

A U. S. Coast Guard ship sailed into Key West with 16 other refugees who escaped the Castro raid. Phillips said the U. S. Coast Guard patrol planes and U. S. fighter craft which saw the Castro seizure "were not in a position" to do anything about it because of international law.

## Cuban Raiders Nab Refugees

WASHINGTON (AP)—Men from two Cuban warships and a helicopter kidnaped 19 Cuban refugees from Anquilla Bay, a British Caribbean island, Tuesday, while U.S. warplanes watched, the State Department disclosed today.

A U. S. Coast Guard ship sailed into Key West with 16 other refugees who escaped the Castro raid. Phillips said the U. S. Coast Guard patrol planes and U. S. fighter craft which saw the Castro seizure "were not in a position" to do anything about it because of international law.

WASHINGTON (AP)—Space agency scientists said today they have placed the Syncom II satellite in station high over Brazil. The world's first virtually synchronous satellite was placed in position to enable 24-hour transatlantic communication between Lakehurst, N.J., and Lagos, Nigeria.

Commands were radioed to the satellite in the early morning hours to touch off tiny jets of nitrogen gas and speed Syncom II's orbit to make it nearly synchronous with the earth's rotation. Scientists expect the satellite to stay on station, 22,300 miles above the earth, for two years.

## Syncom II In Position

WASHINGTON (AP)—Space agency scientists said today they have placed the Syncom II satellite in station high over Brazil. The world's first virtually synchronous satellite was placed in position to enable 24-hour transatlantic communication between Lakehurst, N.J., and Lagos, Nigeria.

Commands were radioed to the satellite in the early morning hours to touch off tiny jets of nitrogen gas and speed Syncom II's orbit to make it nearly synchronous with the earth's rotation. Scientists expect the satellite to stay on station, 22,300 miles above the earth, for two years.

# Navy Spy Gets Life

NEW YORK (AP)—Nelson I. Drummond, 34, U.S. Navy yeoman, was sentenced to life imprisonment today as a Soviet spy. Drummond, a 17-year Navy veteran from Baltimore who was arrested with secret documents in company of two Soviet officials, was convicted July 19 of conspiring to commit espionage. Federal

Judge Thomas F. Murphy passed sentence. Drummond appeared shocked as he heard the sentence. He tightly gripped the edge of the table against which he stood. "You have been convicted of a most awful crime," Judge Murphy told Drummond, who could have received the death sentence.

"You have sold the security and safety of your country for \$24,000, and you did this while a member of the United States Navy." As the judge spoke, Drummond's wife, Lucille, sat in the first row of spectators in the crowded courtroom, nervously clasping and unclasping her hands as the judge pronounced sentence.

## Bradway Playwright Dead At Age Of 57

HOLLYWOOD (AP)—Clifford Odets, famed Broadway playwright and motion picture director, died in Cedars of Lebanon Hospital Wednesday night after undergoing surgery for a stomach ailment. Attendants said Odets, 57, entered the hospital July 23 for treatment of ulcers.

# Hearings Of Necessity Scheduled In 4 City Road, Sewer Projects

Public hearings to determine the necessity of four public improvement projects will be held by the Marquette City Commission at its regular meeting to be held on Monday, Aug. 26.

The commission, at its last session this week, adopted the standard form resolutions accepting the recommendations for the work and scheduling the hearings.

**Charter Procedure**

Charter procedure calls for the hearing of necessity to be held at one meeting and the hearing on the assessment roll on the following meeting.

These are the first public improvement projects on which hearings of necessity have been scheduled this summer. In each case, the assessment will be divided into five equal annual installments at an interest rate of four per cent on the unpaid balance. One installment becomes due within 60 days after the adoption of the assessment roll.

Following are the various projects on which hearings of necessity will be held, as recommended by City Manager Thomas Moore:

1. Sanitary sewer in Altamont, McMillan and Newberry Sts.
  2. Paving and curbing on Lynn St., from Center to Waldo Sts., and on Center St., from Lynn to Birch Sts., and having only on Birch St., from W. Fair Ave. to Waldo St.
  3. Sanitary sewer and water extensions in Hampton and Altamont Sts.
  4. Construction of gravel base on Neidhart Ave., from Clark to Union Sts.
- Necessary Steps**
- In relation to the second project (Lynn St.), Moore said necessary steps which must be taken prior to the paving are as follows:
1. Installation of a 24-inch storm sewer to accommodate surface water runoff from the new high school area.
  2. Replacement of the existing one-inch water line on Birch Ave., from Waldo St. to Fair Ave., with a six-inch main.
  3. Installation of storm sewer, water mains, curbing and gravel base during the current construction season, with paving to be deferred until the 1964 construction season.
- (Details concerning each of the

# G. F. Rublein, Lifelong City Resident, Dies

George F. Rublein, 72, of 385 Harrison St., a lifelong resident of Marquette, died at 9:15 yesterday morning in his residence. His death was unexpected.

He was born on June 7, 1891, in Marquette, and prior to his retirement seven years ago as an engineer, he had worked for the Duluth, South Shore & Atlantic Railroad Co. (now the Soo Line Railroad) for 45 years.

Mr. Rublein was a member of St. Peter's Cathedral, the Holy Name Society of St. Peter's, the Third Degree Knights of Columbus and the Brotherhood of Railroad Firemen and Enginemen.

**Services Tomorrow**

He is survived by his wife, Elizabeth, and a sister, Mrs. Henry J. Kohanke, Painesville, Ohio. There also are several nieces, nephews and cousins.

The body was removed to Tonella's Funeral Home, where friends may call after 3 this afternoon. This evening at 7:30 the members of the Knights of Columbus will recite the Rosary. Liturgical services will be held at 8 this evening.

Funeral services will be held at 9 tomorrow morning in St. Peter's Cathedral. Burial will take place in Holy Cross Cemetery.

The escorts will be A. C. McKinnon, William Imeson, Ben Jorns, Robert Grace, Albert Eddy and Vincent Bur.

# Rep. Jacobetti Commended By Bus Group

State Rep. Dominic J. Jacobetti (D-Negaunee), Marquette County District, was commended today by the Michigan Federation of Citizens for Educational Freedom for his "time and interest given in the passage of the Fair School Bus Bill in the last session of the Legislature."

STUART D. HUBBELL, president of MCEF made the following statement in regard to Jacobetti:

"With the completion of your recent legislative session it may well appear to you that your efforts at Lansing have been generally forgotten by the people back home. Insofar as at least one measure is concerned, the Fair School Bus Bill, I assure you that the many citizens who favored the bill have not forgotten, nor will they forget, the support you rendered on behalf of the measure."

"From the very beginning they recognized that this legislative proposal would require statesmanship and objectivity. We believe that is precisely what you rendered in the consideration you gave this bill."

**350,000 Children**

Hubbell stated that much was said about the interest of citizens in the passage of the bus bill, but that in the end it "was clear that it was the obvious weight of justice and fair play which brought about the passage of the measure. Unless the bus bill had indeed been 'fair' it would not have been adopted no matter what the citizen interest had been."

"So, now that the air has cleared a little it seemed appropriate that a letter be sent you conveying the sincere thanks of the 350,000 non-public school children, their parents and supporters for your action on behalf of democratic justice."

# Obituary

**CHARLES G. MIETTUNEN**

Services for Charles G. Miettunen, who died early Tuesday morning in St. Luke's Hospital, will be held at 1:30 tomorrow afternoon in the Swanson Funeral Home with Mr. Robert Peterson, seminary intern at Messiah Lutheran Church, officiating.

Palbearers will be Maurice Donnelly, Andrew Haara, Walter Cook, Werner Gustafson, Maimo Maki and Vincent Kroll, Burial will be made in Park Cemetery.

Friends may call at the funeral home this afternoon and evening.

**INFANT BOY DIES**

Daniel Scott Gentz, infant son of Mr. and Mrs. Heinz Gentz, Route 1, Marquette, died shortly after birth Tuesday evening in St. Mary's Hospital.

Besides his parents, the child leaves one sister, Crystal; one brother, Randall; his paternal grandparents, Mr. and Mrs. Ernest Gentz, Cherry Creek, and his maternal grandparents, Mr. and Mrs. Walter Gutzman, Green Garden.

Services were held this morning in the Swanson Funeral Home with the Rev. Bertram Naumann, pastor of the Calvary Lutheran Church, officiating. Burial was made in Park Cemetery.

# Axel Johnson Dies At 83 In Hospital

Axel Johnson, 83, County Road 350, Marquette, died at 8:45 last evening in St. Luke's Hospital, where he had been a patient one week.

Mr. Johnson was born January 2, 1880, in Finland, and had been a resident of this area for 40 years. Before his retirement 12 years ago, he had operated a farm located 12 miles north of Marquette. He was a member of the Big Bay Presbyterian Church.

**Services On Saturday**

Mr. Johnson is survived by one daughter, Mrs. LaVerne (Lennea) Thorpe, Culvert, Mich.; two stepdaughters, Mrs. Susie Smith, Big Bay, and Mrs. Gracie Thorpe, Culvert, Mich.; two stepsons, Wallace Phillips, Ludington, and Rudie Phillips, Detroit, and four grandchildren.

Funeral services will be held at 10 Saturday morning in the Big Bay Presbyterian Church, with the Rev. John Hamel, Marquette, officiating. Burial will be made in the Big Bay Cemetery.

The body is in the Swanson Funeral Home, where friends may call beginning at 3 tomorrow afternoon.

# Beauty Salon Opened By Mendelins

Mendelin's Beauty Salon has been opened by Mrs. Tony Mendelin at her home, 1123 N. Third St.

Mr. and Mrs. Mendelin moved here this month from Calumet, where Mrs. Mendelin operated a beauty shop for the last 10 years.

Mrs. Mendelin is a graduate of the DelMar Beauty School in Detroit and her husband is a musician and salesman. They are natives of Calumet.

in the areas of community development, industrial development, industrial parks, research parks, urban planning, state planning, legislation, educational programs and zoning.

Among those on the committee is Charles Burton, Gladstone.

# Five-Year Job Ends For Ricardo Sandan

MANILA (AP) — For five years Ricardo Sandan had been signing papers in the Customs Bureau.

Finally someone discovered that Sandan had no appointment papers and no personnel record — in other words, that he was never hired by the bureau.

# Two Brothers, City Natives, Owners Of Firm In Detroit, To Attend Conference Here

Two brothers who are natives of Marquette and who own the Marquette Tool and Die Co. at 530 S. Junction Ave. in Detroit, will attend the second annual Northern Michigan Apprenticeship and Training Conference to be conducted here this month.

The parley will be held on the Northern Michigan University Campus on Thursday and Friday, Aug. 22 and 23. The brothers-businessmen coming are Joseph and Leslie Bourgeois.

The Bourgeois brothers were born and reared in Marquette, which is the reason they call their Detroit firm the Marquette Tool and Die Co. They have two brothers and two sisters who still live in the

Marquette area. Their father, Arthur, is 89 years old and resides at 817 N. Third St.

The brothers learned their trade as machinists and served their apprenticeship in Marquette at the Duluth, South Shore and Atlantic Railroad Co. (now the Soo Line Railroad Co.) shops.

Today they have 50 persons employed in their tool and die business in which they feature holding dies which make interior and exterior auto trim.

The success story of the Bourgeois brothers is typical of many industrial leaders who started in apprenticeship training. The apprenticeship method of skill development is still recognized as one of the most efficient means of training in our highly automated society.

# Lack Of Aid In Insect Control Cited

ESCANABA — "I went to Davenport, Iowa, recently to ask the cooperation of the Council of State Governments in insect infestation controls," George S. McIntyre, Lansing, state director of agriculture, told the Michigan Commission of Agriculture meeting here this week, "but I didn't do well."

His immediate quest was aid in control of the cereal leaf beetle which has invaded grainfields in 17 counties of downstate Michigan, but the broad application of cooperation he was seeking would have helped in control of the Japanese beetles and other threats to state farm crops.

**Danger Up With Trade**

The danger of new infestations, McIntyre has pointed out increases with travel and international trade.

"The Japanese beetle doesn't bother them in Ohio, so they won't do anything about it," said McIntyre "but we can't control insects unless all the states work together."

The cereal leaf beetle, a tiny bug was suspected in downstate Michigan and identified last year. How it came from Europe isn't known. One persistent rumor is that a truck with a load of fertilizer from Belgium shipped to Chicago tipped over on a road in Lower Michigan and the farmer at the scene brought the spilled fertilizer and the infestation started on his farm.

**In By Car**

Another rumor says it came in with an imported car. It has been found in cars at five ports of entry. A car entered at Muskegon had some heather in it and beetles.

This summer the State Department of Agriculture sprayed 12,000 acres in Lower Michigan in fighting the cereal leaf beetle. Nine thousand acres in Berrien County are heavily infested and the beetles are spreading outward and being fought on many local fronts.

"We don't have the total answer year," said McIntyre in describing the state of the battle. He praised the agricultural engineering of Michigan State University in quickly devising control measures and the farmers in the infested areas. "There were so many involved," said McIntyre and they all wanted to do the right thing. I hope that we don't do something wrong and disappoint them."

# Percy Angove Rites Today

Services for a former Upper Peninsula resident who became one of Michigan's pioneers in special education, Percy C. Angove, 73, were held today in downstate Northville.

Former executive secretary of the Michigan Society for Crippled Children and Adults and one-time secretary-treasurer of the American Association of Crippled Children, Mr. Angove died of a heart attack at his summer home at Glen Lake Saturday.

**Worked In Copper Mines**

A native of Cornwall, England, he came to the United States in 1915 and first went to work in the copper mines in the Upper Peninsula. After returning to school and graduating from Western Michigan University, he went on to earn a master's degree from Wayne State University in 1933.

Mr. Angove was the founder of the state's Vocational Rehabilitation Department and was the first nonmedical man to receive a Distinguished Service Award from the Michigan State Medical Society.

He helped write the original legislation establishing industrial safety standards in Michigan.

**On Bay Cliff Board**

He was a past superintendent of education at the Wayne County Training School. He held the Charles S. Potter Award for outstanding aid to the handicapped and received a distinguished alumni award from Wayne State last May.

Mr. Angove was a member of the board of directors of the Bay-Cliff Health Camp.

He is survived by his wife, Eloise; two sons, Edward and Robert; a daughter, Mrs. Murray B. Foster; two brothers and nine grandchildren.

# Beef, Fryers Get Top Food Store Billing

DETROIT — Beef roasts and chicken fryers get top billing at many food store meat counters this weekend.

Lamb chops also will be priced attractively in several areas, and in a few regions turkeys are being pushed as a prime candidate for the main course at Sunday dinner.

Pork supplies continue to be relatively light, although up from the seasonal lows of a few weeks ago.

On both the East and West coasts, egg prices have risen from a week ago, although they are down a bit in some other regions.

**Fruits, Vegetables Abundant**

Fresh fruits and vegetables remain abundant.

Melons, particularly watermelons, are coming in strong now to many markets. Cantaloupes are also widely featured.

Peaches, bananas, grapes, plums, blueberries and early apples will be among top values in many localities.

**Sweet Corn 'Buys'**

In the Midwest and some other areas, sweet corn will head the produce list as the crop moves along toward maturity.

Also ample and attractively priced will be cabbage, green peppers, cucumbers, red potatoes, carrots, celery, green and wax beans. Tomatoes are getting better and less expensive.

Many groceries in the South-east are planning a wide variety of pork items at better than usual prices.

## Health Tests Required In Code Change

Stricter health examinations for persons employed in restaurants in Marquette will be required under a change in a city ordinance which is proposed by the city commission.

A public hearing on the amendment to the ordinance will be held at the next regular meeting of the commission, scheduled for Monday, Aug. 26.

### Endorsed By Doctors

The amendment was proposed at the last meeting of the commission. City Manager Thomas Moore said it had been recommended by the Marquette Health Council and endorsed by both Dr. M. Cooperstock, city health officer, and by Dr. James R. Cocks, superintendent of the Morgan Heights Sanatorium and Medical Section.

Under the amendment, each person over 30 employed in a restaurant will be required to have an x-ray examination of the chest annually and to furnish to the health officer an approved medical certificate stating that he or she is free from tuberculosis, abnormality of the heart and cancer of the lungs.

Each person under 30 employed in a restaurant is required to have a tuberculin (skin) test, except those persons already known to have had a positive test, and any positive reactors are required to have a chest x-ray and furnish a certificate as provided for employees over 30 years of age.

### Now Not Specific

The present ordinance requires health examinations, but is not as specific as to the type.

The ordinance amendment will be adopted at the next commission meeting and will become effective 10 days after its adoption and publication in the newspaper.

## City Paragraphs

The Campbell Revue will be featured in the entertainment portion of the Upper Peninsula State Fair in Escanaba tomorrow. Tonight's headliner is George Gobel, of television fame.

Hockey player Leonard Keely sat in the Canadian House of Commons as a Toronto Liberal in 1962, according to Britannica Book of the Year.

Ted Veihl (right) of the Public Service Garage, General Motors community relations chairman for the Marquette area, presents Maurice Swift, assistant supervisor of Northern Michigan University's Area Training Center, with keys to a six-cylinder engine given to the center by General Motors Corp. (NMMU photo.)

## Automotive Training Added To Courses At NMU Center

Automotive training programs have been added to the courses conducted at Northern Michigan University's Area Training Center in Marquette.

Forty students are enrolled in a 48-week course in auto mechanics. Fifteen students are taking a 48-week course in auto body work. Classes meet eight hours a day, five days a week in the courses sponsored jointly by Northern and the Michigan Employment Security Commission under the federal manpower development and training act.

### 30 Students Enrolled

Evening classes are being held for motor adjusters and service station mechanics and for aircraft mechanics. A total of 30 students are enrolled in these 16-week programs.

Automotive companies have contributed equipment for the program, which are under the supervision of training center director William Martin and assistant supervisor Maurice D. Swift.

### Donations By Motor Companies

General Motors has provided a 1962 Chevrolet prototype chassis with six-cylinder engine and manual transmission, a front suspension assembly, rear axle assembly, front and rear brake assembly, cut-away three-speed transmission, automatic transmission, differential carrier assembly and other items.

American Motors has donated an automatic transmission, standard overdrive transmission, power steering units, carburetors, generators and regulators.

Studebaker has provided a six-cylinder engine, overdrive and automatic transmissions, rear axle assembly and converter assembly and housing.

Instructors in the auto mechanics course are Robert Charter, NMU graduate, and Leonard Park, auto transmission specialist from Stanton.

Renaldo Negri of the Wakefield

Front and rear assemblies get close attention from Leonard Park, Marquette, instructor at Area Training Center, and Edwin Senecal, Grand Marais, one of 30 students enrolled in automotive training. (NMMU photo.)

Body Shop is the instructor for the auto body course.

Teaching the evening classes are Clarence Ericson, Marquette, motor adjusting and service station mechanics, and John Tripp, Marquette, aircraft mechanics.

Students spend one-fourth of their time in classroom work and the remainder in actual laboratory experience.

Applications for the courses are screened by and processed by employment security offices. The training aspect of the program is handled by Northern's Area Training Center.

## Underhill Qualifies For Insurance Club

Milo E. Underhill, CLU, Marquette, has qualified as a member of the 1963 Top Club of New York Life Insurance Co.

Membership in the Top Club is based on 1962-63 sales records and is composed of outstanding agents of New York Life, which has a field force of 7,500 full-time agents in 256 offices throughout the U. S. and Canada.

As a member of the Top Club, Underhill will attend an educational conference Aug. 22 to 25 in Banff, Canada.

## Longer Waterfowl Season, Bigger Bag Limit Announced

WASHINGTON (AP) — Regulations announced Wednesday are designed to permit waterfowl hunters to kill more ducks, geese and coots this season than last.

The Interior Department said basic season will be 35 days for ducks and coots—10 days longer than last year—and the basic bag and possession limits for ducks will be double those of last season. The open season on geese will be 70 days—an increase of 10—but the bag and possession limits remain unchanged.

States will prescribe the shooting days within their boundaries in accordance with the federal regulations, being allowed to select duck and coot seasons between Oct. 5 through Jan. 5, 1964. The outside dates for goose seasons will be Oct. 1 through Jan. 15 in the Atlantic, Mississippi and Central flyways.

Lake County, Ohio, has more than 200 plant nurseries.

ADVERTISEMENTS  
ATHLETE'S FOOT  
HOW TO TREAT IT—  
Apply instant-drying T-4-L. You feel it take hold to check itching, burning, in minutes. Then in 3 to 5 days, watch infected skin slough off. Watch healthy skin replace it. If not pleased BY ONE HOUR, your \$6 back at any drug store. NOW at Pentell Pharmacy.

## Vintage Auto Club In U.P. Honors Last Chippewa Chief

A quartet of ancient automobiles reminiscent of the first 25 years after the turn of the century pay tribute to Presque Isle's beloved deceased chief, Kawbawgam, whenever they move about the Upper Peninsula.

The body of Charlie Kawbawgam, who was the last chief of the Chippewa Indian tribe, is buried in Marquette's Presque Isle Park.

Those who drive the ancient cars are traveling under the name of the Kawbawgam Historic Motor Club of Marquette. There are about 75 cars among the members of the organization.

Almost every weekend the club moves to a different area in the U.P. Last weekend the focus was on the Copper Country.

The travelers left Marquette

Friday and remained in Calumet Friday and Saturday nights at the Dr. Oatley residence.

The people that made the trip to Calumet were Richard Lutey, with five travelers, Marquette; Dave Bennett, with six travelers, Negaunee; Frank Oatley, with Mary Lee Hamari as a guest, Marquette, and Rudolph Pennala, with four members of his family, Ishpeming. Pennala is president of the club.

Whenever they travel they excite curiosity and hundreds of photos are snapped of the tributes not only to Kawbawgam, but to Henry Ford, the manufacturer, whose 100th natal day is being observed this year.

The Roman Empire was founded after the death of Julius Caesar.

# Romney Expects Program Of Development For Region

ESCANABA — "I expect a program of development because of people living in the Upper Peninsula," Gov. George W. Romney said at a Governor's luncheon sponsored by the U.P. State Fair here yesterday.

"The U.P. is a geographic entity which justifies special treatment but it would be a mistake to regard it as distinct and separate from the State of Michigan," the Governor said. "The future of the Upper Peninsula is unalterably attached to that of Michigan. As Michigan goes, so goes the Peninsula, and there could be no economic salvation until Michigan was re-

scued from the scrap heap.

"A year ago we were still cited as what other states didn't want to be like. But people believe that Michigan is better today. It is the most important single thing that could have happened to Michigan. Opportunity For Industry

"As new industry comes to Michigan it will find that it is overlooking an opportunity north of Mackinac. Industry is spreading and moving north. Industry will discover the riches of Upper Michigan in minerals, forests and recreational resources which are ready to be employed.

"The most significant change in national attitude toward Michigan came when we adopted the new constitution. There were hundreds of editorials across the country about it and headlines like 'Michigan Sets the Pattern for the Nation'.

**Legislature Praised**

"The last session of the Legislature did much to help Michigan's economic expansion. The Department of Economic Expansion and Commission were created. Authority was given to local units of government for tax free bonds to finance new plants. A \$750,000 state research fund was created for allocation by the Governor, Legislature and Department of Economic Expansion.

"Defects in the unemployment compensation program were remedied by the Ford-Canton Act. Employers will no longer have to finance strikes against themselves, without denying workers their proper rights of compensation when they are unemployed through no fault of their own.

**Financial Integrity**

"Financial integrity has been restored in state government and we have a budget surplus and the debt will be of manageable size at the end of the current year.

"Michigan needs tax reform; both parties have been talking it for 33 years, and our tax growth has discouraged economic growth and the creation of jobs and discriminated against persons in the lower income brackets.

"Michigan's tax structure is wrong in both terms of the individual and of business enterprise. We plan corrections in the fall session of the Legislature.

"Government can provide the impetus and environment, but the job (of economic development) has to be done by individuals. Groups like UPAC, and Operation Action and the Economic Expansion Department exist to help individual committees to act. It is organizations like CO-INC, at Ironwood that produce results. It is necessary to get local programs under way.

"I talked to a legislator just back from a survey of the Upper Peninsula who said that there are two things that the U.P. ought to do:

"1. Stop arguing about who is responsible for what happened in the past.

"2. Stop asking when somebody is going to bring the Peninsula some industry. You have got to stop thinking that someone else will do the job.

"We will be glad to help."

Gov. Romney was introduced by Jean Worth, editor of the Escanaba Press. The Governor addressed the grandstand throng at the U.P. State Fair and toured the grounds, shaking hands with hundreds of persons.

# Soil Moisture Shortages In State Noted

More reports have been received of soil moisture shortages in Michigan, the Federal - State Crop Reporting Service in Lansing said today.

Much of the Upper Peninsula and the northern part of the Lower Peninsula need rain. This continues the pattern of the season, with some areas reported very dry and others with too much moisture.

Scattered showers in some areas slowed the pace of oat and wheat harvesting during the past week. Oats were 65 per cent harvested and winter wheat 95 per cent harvested.

**Most Of Corn Tasseled**

More than 90 per cent of the corn was tasseled.

The cherry harvest was completed and the peach and plum harvest volume was increasing.

The blueberry harvest was at its peak and the raspberry harvest was expected to be completed by the end of the week.

**Pickle Harvest Peak Hit**

The pickle harvest was at its peak. Tomatoes, melons, carrots and other summer vegetables were moving to the markets in volume.

The pea harvest was drawing to a close. The set onion harvest was completed in most areas. The snap bean harvest was at a peak in Southern Michigan.

# Police Boss Assailed By Rights Chiefs

DETROIT (AP) — Five civil rights leaders denounced Detroit's police commissioner on television Wednesday night, a week after he was on the same station to defend the patrolman who shot and killed Negro Cynthia Scott.

They contended Commissioner George Edwards should have taken action against Patrolman Theodore Stricher, who said he shot Miss Scott, 24, when she attacked him with a knife as he tried to arrest her July 5.

Four of the five said Spicher was arresting Miss Scott illegally. Spicher was exonerated in the slaying of Miss Scott, a convicted prostitute, by police officials and Wayne County Prosecutor Samuel H. Olsen. State Atty. Gen. Frank J. Kelley investigated and declined to intervene in the case.

Arguing the exoneration last night were Roland O'Hare of the Metropolitan Detroit Branch of the American Civil Liberties Union; Bernard Fieger of the Detroit Chapter of the National Lawyers Guild; Richard B. Henry, head of the Group On Advanced Leadership; the Rev. Albert B. Cleage Jr. of the Detroit Council for Human Rights and Edward Turner, president of the Detroit Chapter of the National Association for the Advancement of Colored People.

Henry said he was appearing to answer the "inaccuracies and inadequacies" of Edwards' explanation of the case in a point out the "suppression of the Negro community in Detroit" by police.

Henry said he was appearing to answer the "inaccuracies and inadequacies" of Edwards' explanation of the case in a point out the "suppression of the Negro community in Detroit" by police.

# Fall Stars To Be Seen This Month

ANN ARBOR — Three autumn constellations, linked together by the famous Greek legend, will be seen this month, reminds University of Michigan Astronomer Hazel M. Losh.

"No other legend is so well illustrated in constellation as that of the Perseus, the hero; Pegasus, the winged horse; and Andromeda, the fair daughter of the king (Cepheus) and queen (Cassiopeia) of Ethiopia," Prof. Losh says.

"Almost directly east is seen the

# Great Square of Pegasus, balanced in one corner of its square.

Two Spreading Lines

"From the lower left hand corner of this Square extends Andromeda in chains in two long spreading lines of stars, the upper one stretching toward Cassiopeia, the lower to Perseus. Andromeda features the brightest and nearest of the spiral galaxies and the only one visible to the unaided eye.

"Fittingly, the hero, Perseus, is placed not far from Andromeda, whom he rescued from the sea monster, Cetus. Perseus is shaped roughly like a giant letter 'K' in the northeast."

About mid-way between Perseus and Cassiopeia is "one of the most beautiful telescopic objects in the whole heavens, the double star cluster.

Perseus also contains one of the most interesting binary stars in the whole starry realm, the noted variable Algol, which is believed to be made up of two components, the dimmer eclipsing the brighter every three days.

# Season's 1st Pollen Count Noted Here

Marquette recorded its first pollen count of the season this morning.

The pollen count is taken from the roof of the federal building. An ordinary microscopic slide, covered with a thin film of petroleum jelly, is suspended for a 24-hour period to obtain the atmospheric sampling.

Persons with allergies are affected by pollen in the air. Some begin sneezing with only a few grains of pollen in the air, but most are not affected until the pollen count reaches 100 or more.

Marquette normally has only four or five days of "100 or more" pollen days a season. The pollen season generally lasts until early or mid-September.

The figure represents the pollen

# Seven County Boys Attend Camp Plagens

Seven Marquette County boys are among 69 boys, ages 8-12, reporting for ten days of supervised camping activities at the younger boys' session at Camp Plagens, which opened Sunday.

Camp Plagens is the summer camp of the Catholic Diocese of Marquette, located near Watersmeet.

Those attending from the county are Thomas Knauf, Patrick Lowney, Danny Clonner and Douglas Dormer, Marquette; David Carlson, Negaunee and James and Bruce Tippett, Ishpeming.

**Staff Listed**

Daniel Sparapani, senior seminarian from Bessemer, is the camp director, and is aided by a group of counselors, who are studying for the priesthood.

Head counselor is Corbin Eddy of Houghton; the Rev. Mr. William Hoover, Chicago, is in charge of evening programs; Jim Kaczmarek, Wakefield, maintenance; and Albert Stefanich of Ontonagon, water safety instructor.

The Rev. Thomas Coleman, Watersmeet, formerly of St. Peter's Cathedral Parish, Marquette, is camp Chaplain. Mrs. Francis Rose, Negaunee, is camp nurse for this period.

**Retreat Next**

Program plans for the 10-day session, terminating next Wednesday, call for instruction in riflery, archery and swimming; horseback riding, field day activities, baseball games, camp fires and night programs.

This session concludes the summer camping schedule for Camp Plagens. A three-day retreat for men will begin on Aug. 23. Inquiries may be directed to secretary, Box 538, Marquette.

Julius Caesar's grandnephew, Octavianus was the first emperor of Rome, under the name of Augustus.

# Driverless Cars Involved In Accident

Two driverless cars were involved in an accident here at 9:25 last night.

Involved were automobiles owned by Raymond P. Petta, 523 Pine St., and Sara C. Goulette, 124 W. Crescent St.

City police said Petta had his car parked in the driveway on the south side of W. Crescent St., in the 100 block, with three small children in it.

**Releases Handbrake**

One of the children apparently released the handbrake, causing the vehicle to coast backwards. It traveled north, across Crescent St., and struck the left side of Mrs. Goulette's automobile, which was parked on the north side of the street, facing west, in front of her residence.

The left side of the Goulette car, a 1955 two-door sedan, was damaged. Apparently no damage occurred to Petta's automobile, a 1957 four-door sedan.

**PLEASE TAKE NOTICE** That it is the intention of the City Commission to make the following improvement:

Installation of sanitary sewer and water extension on Allamont Street and Hampton Street.

The report and recommendation of the City Manager, and the profile, plan and diagram and estimate of the costs of the proposed improvement, and of the district to be assessed therefore, are on file in the office of the City Clerk for public examination.

The City Commission will meet in the Commission Chamber at the City Hall on August 26, 1963 at 7:00 o'clock P. M. to consider any suggestions and objections that may be made by parties interested with respect to such improvement, and to review said assessment, at which time and place opportunity will be given to all persons interested in said improvement and assessment to be heard.

Dated: Aug. 14, 1963.

EVERETT H. KENT, City Clerk.

## LEES LASTING STAR

the first and the best carpet made with DuPont 501 nylon pile

**ONLY \$7.95** SQ. YD.

AVAILABLE IN 12 & 15 FT. WIDTHS  
24 DECORATOR COLORS TO CHOOSE FROM

Lasting Star not only wears better, it looks better than run-of-the-mill nylon carpets for two very good reasons.

First, 501 nylon is the first ever engineered especially for carpet use, in one long, strong, continuous filament that never can fuzz up into little dirt traps or broken, matted ends.

Second, Lee's gives this modern man-made fiber the same respectful care that's gone into every yard of carpet they ever made. Same number of painstaking inspections at every step of the way.

Every one... of these heavenly carpets by Lee's is registered by number for your protection.

That's why Lasting Star is not like other nylon carpets. Durable! Won't shed! Won't Mat! Resists stains and scuffs! And so easy to care for, you can go wild on color - the lightest, the brightest, even white. Naturally Lasting Star is mothproof, mildew-proof and non-allergenic. Truly a remarkable carpet.

### County Farmers Honored At Fair; More Reduction Seen In Peninsula's Dairy Units

ESCANABA — More reduction in the number of Michigan dairy farmers, who have been reduced by half in the past 15 years, was predicted at the Upper Peninsula State Fair dairy dinner this week when the Peninsula's best dairymen were honored.

The prophet of more attrition in dairy farming, but of a good future for survivors was Dr. Charles Lassiter, East Lansing, head of the dairy department at Michigan State University.

#### Only Half Today

Liimakka's 23 cow herd produced an average of 13,689 pounds of milk testing 4.01 and 549 pounds of butterfat and the Martinson herd of 19 cows produced an average of 13,240 pounds of 3.93 milk and 520 pounds of fat.

"There were 50,000 dairymen in Michigan 15 years ago and there are 25,000 today and I don't see that the trend is going to change in the near future," said Lassiter, "but I know of no aspect of agriculture in Michigan with any brighter prospect than dairying."

"It has been predicted that our dairymen will go down to 10,000 and some predictions are not so low. The day of the inefficient farmer is over. If they're not producing 8,000 pounds of milk and 350 pounds of butterfat as a herd average they're not going to be with us."

"I think herds are going to be larger. At least 25 per cent of Michigan dairymen are losing money today and it would be better if they were not in the milk producing business."

#### Same As Crop Yields

"If farmers are not getting good crop yields they're not in good business; they don't get enough

### Groups Hear Testimony On 2 Port Bills

DETROIT (AP)—Opposing testimony over two port bills was heard by two legislative committees Wednesday. The committees will hear more testimony at Muskegon Friday and at Lansing next Thursday.

The House Marine Affairs and Senate Taxation Committees heard supporters and opponents here.

The City of Detroit favors the bills but private terminals and the Board of Commerce oppose them.

One bill would reduce the required voter majority from 60 to 50 per cent for approval of revenue bonds for public port development. Detroit Bond elections barely missed the 60 per cent requirement in 1957 and 1958. The other bill would permit port commissions to accept gifts, grants, loans and funds from federal, state and local governments.

The two bills were defeated in committee in the Legislature last year.

### Dairy Code Proposed At U.P. Meeting

ESCANABA (AP)—A plan for uniform dairy inspection and milk regulation in Michigan was proposed to the Agriculture Commission by spokesmen for the Michigan Dairy Foods Association at the commission meeting at Escanaba.

Frank Koval of Lansing, association secretary, said milk producers and dealers in Michigan are becoming concerned about the multiplicity of milk regulations and inspections. Koval said the group represents some 200 dairy concerns in the state that handle about 90 per cent of all the bottle milk sold in Michigan.

The group asked for uniform standard of regulation for all milk produced and sold in Michigan for bottled use.

A single state-wide standard, the association said, would eliminate existing confusion because of numerous local ordinances, state laws and grade A milk codes.

It also was suggested that the U.S. public health ordinance and code for Grade A milk be adopted as the uniform standard for Michigan with two exceptions.

#### Inspections

These would be that a qualified dairy plant field man licensed by the Department of Agriculture could make one of two required annual farm inspections and that farm water wells periodically tested and found free from contamination should be exempted from other testing provisions for five years.

Such a uniform code, the industry spokesman said, would help Michigan producers sell excess milk in other states.

#### Potatoes

The commission also ordered standards to be prepared for Michigan potatoes that might be offered under a state seal of quality. Hearings will be held.

for their milk to permit it. And we've got to be able to market our milk and dairy products. If it hadn't been for the population explosion of the past 10 years we'd have had a great many more dropouts in dairying.

"We hope we've stabilized the drop in consumption. One of the things the industry needs is new products; we must conceive of milk as a raw product. Is the 2.10 milk going to help consumption? We've got to change the form in which we market our product."

"The time is going to come and it's almost true today that three processors will handle 75 per cent of the fluid milk in Michigan. These people are in the milk distribution and processing business to make money and if they can make more processing prune juice that's what they are going to do. The problems of the dairy industry are primarily producer problems."

The awards to the kings of Peninsula milk production included a special citation to the Shire Brothers, Morton and Howard of Wells Township, Marquette County, who have set an all time owner sampler record of milk production with 855,416 pounds of milk produced by their 92 cow herd on the 1,240 acre farm in 1962. They have a four-cow tandem milking parlor and a loose housing operation. The farm has 400 acres under cultivation.

Honorees from the tri-county area in dairy herd production at the dinner, which was attended by George S. McIntyre, Lansing, state director of agriculture and the Michigan Commission of Agriculture, MSU extension leaders of the U.P., breed association representatives, dairymen and their wives, included:

Alger County: Big Herd, Ludwig Knaus, Traunik, 13,619 pounds of milk, 479 pounds of butterfat of 3.52 test; small herd: Arnold Hill, Trenary, 9,686-346-3.57.

Baraga: Reuben Turinen, Pelkie, 11,242-456-4.06, and Donald Lehto, Baraga, 9,040-417-4.61.

Marquette: Paul VanDamme, Marquette, 11,210-398-3.58; O-S Marcel Verbrigghe Rock, 10,715-346-3.23; O-S Eero Saarikko, Rock, 8,343-374-4.48.

### 13 Persons Pay \$146 In Justice Court

Fines and costs totaling \$146.20 were paid by 13 persons who appeared before Justice George J. Fezey in Marquette Township Court.

Carmen Sylvester Jr., Sault Ste. Marie, was ordered to pay a fine of \$5.70 and \$4.30 costs on a charge of speeding. State police issued the summons Aug. 2 on U. S. 41, in Negaunee Township for driving 75 miles an hour in a 65-MPH zone.

Violation of Speed Law For violation of the basic speed law, John P. Meyers, 442 W. Washington St., Marquette, paid a \$5.70 fine and \$4.30 costs. He was ticketed by state police July 16 on County Road 550, in Marquette Township.

Joel Joki, Rumley, paid a \$5.70 fine and \$4.30 costs for failure to stop at a signed intersection. He was issued the summons by state police July 30 at the intersection of U. S. 41 and Marquette Dr., in Marquette.

A fine of \$5.70 and \$4.30 costs were paid by James H. Utto, Route 1, Box 201, Negaunee, for failure to signal for a turn at the intersection of County Road 492 and U. S. 41, in Marquette Township. State police issued the ticket July 31.

Failure To Stop Donald A. McLennan, Laurium, paid a \$20.70 fine and \$4.30 costs for failure to stop in the assured clear distance ahead. He was issued the summons by state police following an accident August 8 on U. S. 41, in Tilden Township.

For improper passing (oncoming traffic), Roger W. Baxter, Route 1, Marquette, paid a \$5.70 fine and \$4.30 costs. State police ticketed Baxter Aug. 7 on U. S. 41, in Marquette.

A fine of \$10.70 and \$4.30 costs were paid by Edward S. Lane Jr., Route 1, Lakewood, Marquette, for improper passing (on the yellow line), on County Road 480, in Sands Township. State police issued the summons July 29.

Bond Forfeited A bond of \$5 posted with state police was forfeited by Baastien A. Koper, Winnipeg, Manitoba, Canada, on a charge of improper passing on a marked hill. He was ticketed by state police on U. S. 41, in Michigan Township July 25.

Fred L. Fisher, K. I. Sawyer Air Force Base, paid costs of \$4.30 for excessive noise (mufflers). State police issued the summons August 4 on County Road 450, in Sands Township.

For defective brakes, Earl Black, Sinfeld, paid a \$5.70 fine and \$4.30 costs. He was ticketed by state police July 5 on U. S. 41, in Chocoy Township.

No Fishing Licenses James Acocks, Morgan Heights, and John Haynes and Jimmy Jordan, Sawyer AFB, each paid fines of \$5 and costs of \$7.30 for fishing without a license.

Acocks and Jordan were arrested Aug. 5 on Goose Lake, in

Richmond Township, and Haynes on Silver Lake, in Champion Township on Aug. 5. Conservation officers arrested them.

### Hybrid Plant To Revolutionize Pickle Picking

EAST LANSING (AP)—A Michigan State University researcher has developed a hybrid plant that may revolutionize pickle picking—an all-girl cucumber.

The new female cucumber, which is disease-resistant, was bred by Dr. Clinton Peterson, an MSU horticulture professor.

It is expected to add up to good news in Michigan, the nation's

number one pickle producer.

The hybrid cucumber, a descendant of a Korean cucumber variety, eliminates the need on the part of plant breeders for costly hand pollination or removal of male blossoms.

According to Peterson, all the farmer has to do is plant the new female variety and the desired male parent in the same field and let the bees do the rest.

Michigan farmers gross about \$7 million annually from about 20 million pecks of pickles picked in the state.

The fish was chosen as a symbol of watchfulness against temptation by the ancient Buddhists, because eyes of fish have no eyelids and are never closed.

### Designation For GAM Missile At Sawyer Changed To AGM

That old familiar GAM-77A designation of the missiles assigned to the 410th Bombardment Wing at K. I. Sawyer Air Force Base is no more.

Wing officials are now in the process of redesignating the GAM-77A to the AGM-28B under the provisions of a joint regulation directed by the Department of Defense last December.

The popular name for the missile, the "Hound Dog," will not change, but similar types of rockets and missiles, regardless of the branch of

service, will have a common basic designator.

In addition to the redesignation of the GAM-77A, other changes in SAC's missiles are: Atlas SM-65 to Atlas PGM-18D; Titan I SM-68 to HGM-25A; and Titan II SM-68 to LGM-25C. The Minuteman SM-80 has been redesignated LGM-30A, Hound Dog GAM-77 is now AGM-28A and the Quail GAM-72 is ADM-20A.

#### Test Or Experimental Method

The new designations use letters to indicate a test or experimental model, type of launch environment,

mission and kind of vehicle.

A number denoting each vehicle type with the same basic design and another letter to indicate a major modification model completes the identification.

#### Letters Denote Status

Letters used to denote status are: J - special test, temporary; N - special test, permanent; X - experimental; Y - prototype; and Z - planning.

Launch environment symbols are: A - air; B - multiple; C - coffin; H - silo-stored; L - silo-launched; M - mobile; P - soft pad; R - ship, and U - underwater.

guided missile; N - probe; and R - rocket.

The new designation AGM-28B for the GAM-77A, for example, means it is air launched (A), has a surface attack mission (G), is a guided missile (M), is the 28th model of a basic design (28), and is the second modification model (B).

#### Two's Company . . . Three's A Crowd!

OLD SAYBROOK, Conn. (AP) — A 16-year-old Manchester, Conn., boy recently discovered — the hard way — that two's company, three's a crowd.

He was arrested for having three persons in the front seat of his sports car which only provides seats for two.

### L'Anse Board Takes Steps Toward Building New School

L'ANSE — The L'Anse Township Board of Education has taken the first step in a proposed elementary school building program, but agreed to leave the door open for the discussion of future consolidation with other school districts in the county.

Board members agreed at this month's meeting that a new elementary school for L'Anse is a necessity and authorized Superintendent of Schools Robert W. Fredrikson to set up interviews with a number of school architects as soon as possible.

**Comments By Bourdo**  
The board chairman, Dr. Eric A. Bourdo Jr., stated, "If we are going to try to sell a new school building to the people, we need an architect's sketch. To get this we need definite information on how big a school we need, the number of grades which should be taught and what special facilities and equipment should be included."

He added that the first step is to decide what the ultimate needs of the district will be — whether plans should call for construction of merely a grade school, a junior high school, a senior high school or even a school complex. He also pointed out that the board should decide now whether the school should be built in a complex or completely dissociated.

Dr. H. J. Winkler, veteran board member and strong supporter of the consolidation theory, stated, "I still don't think the idea of building one high school for this county is dead! I think the state people are going to come around within a very few years and tell us to do just that, or it will interfere with

our state aid." Dr. Winkler then questioned what the present high school would be used for in the event a new county high school were to be constructed.

**'We Need It Now'**  
Dr. Bourdo stated, "We need a new elementary school and we need it now! This high school is in part obsolete, but will not be obsolete for a long time. It will have considerable value for the next 10, 15, or even 20 years and would make an excellent junior high school if and when we build a new senior high school."

He also stressed the added advantage of having a modern and fully equipped senior high school as compared to the value of a new junior high school where the curriculum would be less complex and would not require such highly specialized equipment.

Preliminary work has already been done by a citizens' study committee on site selection, anticipated future enrollment and investigation of various designs and material choices for the new construction. Negotiations are now under way for purchase of a suitable site, but no final decision has been reached yet.

### Five Water Buffalos Victims Of Gun Battle

MANILA (AP) — Five water buffalos were the victims of a gun battle between rustlers and farmers.

Caught in a crossfire, three of the animals were killed and two wounded. There were no human casualties.

### Columbus Circle Meeting Aug. 21

ISHPEMING — Columbus Circle, Daughters of Isabella, will hold an important business meeting at 8 Wednesday night, Aug. 21, in the new St. John's Kron-Dingfelder hall.

A summary of Regent Lois Ayotte's trip to Hidden Valley Ski Lodge at Gaylord will be given.

Members are reminded that dues should be taken care of at this meeting.

Esther Tasson is chairman, with Laura Tousignant assisting.

### Calvin Bjorne Given Elks District Post

ISHPEMING — Ronald J. Dunn, grand exalted ruler of the Elks lodge, announced the appointment of Calvin Bjorne, 572 Duncan Ave., Ishpeming, as district deputy grand exalted ruler for the northeast district of Michigan.

The northeast district has jurisdiction over lodges in Marquette, Ishpeming, Negaunee, Sault Ste. Marie, Manistiquette, Menominee and Newberry.

Bjorne recently returned from the grand lodge convention in San Francisco, where he received his commission and participated in business sessions of the grand lodge.

### 12 Graduates At Eben's Class Of 1953 Reunion

Twelve graduates of Eben High School, Class of 1953, attended a recent reunion. Pictured above are (from left, with graduates identified by an asterisk): Dolores Johnson Salmi, Norma Ihmaki Salmi, Mrs. Ronald Maden, Michaelyn Malnar Doty, Alice Ylitalo, Marlene Hupala Snow, Joyce Laakso Laurich, second row — John Laurich, Ronald Maden, Paul Holmgren, Irene Maki Obenuaf, Gloria Dun-

quist Lintula, Mrs. Edwin Jalonen, Juanita Nickel Holmgren, third row — Roger Snow, Oswald Salmi, Kaino Salmi, Leslie Lintula, Kenneth Johnson, Gerald Foubert, Edwin Jalonen, Missing were Gerald Sturvis, Jack Pokela, Kenneth Posio, Lowell LaFave, Helen Hallstrom Usikoski, Patsy Pittsley Jolin, Doris Beck Nybeck. — (Mary Jayne Hallifax photo.)

### \$94,488 Bid For New Alger Jail Approved

MUNISING — The Alger County Board of Supervisors, at its regular meeting this week, accepted a revised bid of \$94,488 from the Manistique Builders Construction Co. for the construction of a new jail and sheriff's quarters.

The original bid of \$116,531 submitted by the company was reduced after changes were made by G. Arntzen & Co., architects, and the contractor.

Other changes made reduced the mechanical cost to \$34,347 and electrical to \$9,318. The cost of equipping the new structure remained the same — \$12,292.

The cost of the complete unit will be \$150,445, plus \$17,627 for contingents, legal fees and architect's fees for a total of \$168,072.

The board must now get approval from the Home Finance Commission office in Chicago to finance the \$8,072 which is over the allotted \$160,000 as determined from an \$80,000 federal grant, and a bond issue for the same amount must be approved by the voters of

### Champion-Humboldt School Loan Okayed

LANSING (AP) — New school district borrowings against anticipated state aid totaling \$1,990,000 have been approved by the Department of Public Instruction, including:

- Chippewa County — Sault Ste. Marie, \$210,000; Whitefish Township, \$8,000.
- Dickinson County — Vulcan, \$16,000.
- Luce County — Lakeland, \$12,000.
- Marquette County — Champion-Humboldt Community, \$8,000.

### per Peninsula Elks Association and the Michigan Elks Association.

A star is formed, according to the most common theory, from a cloud of interstellar dust and gas reacting to pressure from nearby stars. After the clouds reach a certain density, gravitational attraction pulls the particles still closer.

### 37 At 20th Reunion For Munising High School Class

Eight states were represented when 37 members of the 1943 graduating class of Munising High School, with their husbands and wives and 123 children, attended a reunion picnic at Sand Point last Sunday. The night before, 24 of the 90 members of the class attended a dinner. Pictured above (from left) are: Front row — Dean Florida, Ted Ouellette, Ted Lehig, Henry St. Amour, Gordon Mootie, John Twok, Bill Douglas, Jack Carberry, Lee Booker, Edwin Graves, Bill Putvin, Harold Ames, Roy Hanson, Michael Elavsky; second row — Phyllis Pangborn Lundblom, Alice Archambeau Strand, Leonard Manning, June Knox Borgsmiller, Claire Banzu Sangraw,

Jane Mellin Bowerman, Helen Johnson Bagby, Pat Miller Newbauer, Bill Cox, Margaret Cremer Martin, Joyce Doucette Chartrand, Rose Lisic Holmes, Jean Monette, Kathryn Chase Matheny, Margerite Bailey Quayle; third row — Dr. Leland Parks, Gloria Wise Seglund, Helen LaFlam Sappington, Eileen Pelletier St. Armour, Grace Knox Bjerke, Kathryn Cannon Lawrence, Claire Corrivae, Laura Schmidt Dotson, Anna Ludwa Carlson, Glory Chaltry Arman, Paula Moore Hanson, Doris Beaudette Metekal, Edith Larson Pinter, Ann Dolaskie Graves, Auden Grimmes. — (Mary Jayne Hallifax photo.)

### THANK YOU

We wish to express our sincere thanks to our relatives and friends for honoring us on our Silver Wedding Anniversary. We want to thank those who worked so hard to make our anniversary such a memorable occasion.

BILL and SYLVIA AMKINEN

### Tri-County Briefs

#### Gwinn

The Grace Lutheran Church invites friends to a reception in honor of the Rev. and Mrs. Edward Leppaluoto's 25th wedding anniversary, to be held in the church between 2 and 4 p.m. next Sunday, Aug. 18. Devotions will be led by Chaplain Arthur Erickson of K. I. Sawyer Air Force Base.

Oscar Nordeen, manager of the Gwinn clubhouse, announced today that showers for women will not be available until after the football season, as all locker space is now in use.

Veterans of Foreign Wars will hold its meeting Friday evening at its club in New Swanzy, beginning at 7:30.

Mr. and Mrs. Glenn Fores and family of Lansing are visiting at the home of Mr. Fores' mother, Mrs. Jennie Fores.

#### Palmer

The Rev. Ahti Karjala will be the guest speaker for the Finnish services in the Concordia Lutheran Church Sunday at 2 p.m.

Mr. and Mrs. William Trewheila Jr. and family and Mr. and Mrs. George Frusek and family have returned to Battle Creek after spending a vacation here with relatives and friends.

Mr. and Mrs. Oscar Larson of Minneapolis are visiting Mrs. Ida Beckstrom.

Mr. and Mrs. Oris Dane will leave Saturday for their home in California after visiting relatives here.

#### Republic

The Luther League of Bethany Lutheran Church will meet in the church at 7 Sunday evening, Aug. 18.

#### Carlshend

Covenant Youth will conduct the 9:30 worship service in Evangelical Covenant Church Sunday. Mrs. Ray Perkins has returned

to Mountain, Wis., after visiting her son and daughter-in-law, Mr. and Mrs. Harold Haynes.

John Berg has returned to St. Paul, Minn., after spending a few days here.

After visiting relatives here, the Rev. and Mrs. Walter Anderson and family have returned to their home in Litchfield, Minn.

#### Negaunee

Mr. and Mrs. W. J. Tamblin Sr., Pioneer Ave., spent a week in Milwaukee visiting their son, John Tamblin, and daughter, Mrs. Thomas Williams.

#### Ishpeming

Mr. and Mrs. Hugo Kulju and son, Roger, Elliott St., have left for Rochester, Minn., where Roger will go through the Mayo Clinic.

Mrs. John Pietro Sr. of National Mine has returned from a trip to San Juan, Puerto Rico. She was accompanied by her son, Capt. Joseph M. Pietro of North Central Airlines, and his son Bruce, both of Chicago.

Miss Tyne W. Parviainen, Gary Betts and Miss Elizabeth Bennet spent last week at the 1963 teachers conservation scholarship school at Camp Shaw, Chatham.

Mrs. Miina Parviainen, Mrs. Velko Kauppinen and sons, William and Bob, have returned home from a week's visit with Mr. and Mrs. William J. Parviainen and family in Iron River.

#### Chatham-Eben

Mr. and Mrs. Arthur Blank of Plymouth, Mich., are visiting at the summer home of their daughter and son-in-law, Mr. and Mrs. William Kirkpatrick, at Rock River.

Mr. and Mrs. Oliver Tuimala of Flint have been visiting relatives and friends in Chatham and Marquette.

Dennis Laakso, who is employed in Milwaukee, spent the weekend at the home of his sister and brother-in-law, Mr. and

Mrs. John Laurich, and with his father, Ferdinand Laakso.

Mr. and Mrs. Toivo Erickson of Warren, Mich., visited relatives here over the weekend.

Mr. and Mrs. Wally Salminen, of Walled Lake, Mich., have been visiting at the home of Mrs. Salminen's parents, Mr. and Mrs. Conrad Swanberg, and with other relatives.

Mr. and Mrs. Martin McClintock and daughter, Gail, of Lantana, Fla., are visiting at the home of Mrs. McClintock's brother, Oswald Hautamaki. They are former residents of Eben.

Mr. and Mrs. William Heikkinen and daughter, Kathy, of Royal Oak, are visiting at the home of Mrs. Heikkinen's parents, Mr. and Mrs. Victor Palonen.

Mr. and Mrs. Lloyd Lindquist of DePere, Wis., and Mr. and Mrs. Francis Clement of Green Bay, Wis., spent the weekend at the home of Mrs. Evelyn Malnar.

Mr. and Mrs. Arthur Mattson of St. Petersburg, Fla., who are vacationing at Shag Lake, visited in Chatham Sunday. They are former residents of Sundell, where they operated a grocery store.

### They'll Aid Dogs, Cats Out Of Luck

HAMDEN, Conn. (AP) — The Hamden Fire Department will rescue a dog in trouble, but not cats.

Once the department did go to the rescue of a cat," says Fire Chief Paul Leddy, "but it was at the end of a long swaying branch and we didn't have an aerial truck. The boys decided that a little water would convince the cat it ought to come down."

The cat came down, but the Society for Prevention of Cruelty to Animals received complaints about turning a fire hose on a cat. Since then, no cat rescues.

Dogs rarely get in such perilous situations, the chief says.

Sea Explorer Ship 310 recently carried Ishpeming crew on week-long cruise of Lakes Superior, Huron and Michigan. Vessel is 35-foot diesel powered yacht.

### Ishpeming Sea Scouts Take One-Week Cruise

ISHPEMING — Ishpeming Sea Explorer Ship 310 recently completed a one-week cruise aboard the SES Williams, a 35-foot diesel powered yacht.

The boat was loaded in the lower harbor in Marquette Aug. 3. Because of rough weather, the entire crew spent that night in Grand Marais harbor.

The following evening the vessel was locked through the Davis Lock at Sault Ste. Marie.

**Frequent Drills**  
During the trip, swim calls were

held at Lake Munising, Lake Michigan, Lake Huron and the St. Marys Waterway inside Canadian waters.

Purpose of the cruise was to put into practice the training the crew received during the winter.

Abandon ship drills, fire drills and man-overboard drills were frequent during the cruise, giving the crew ample practice in their training. Timing of these drills were described as very important, and constant drilling reduced the average time for a man-overboard drill to well within a margin of safety.

The crew enjoyed a view of the Mackinac Bridge from underneath and then were given shore leave to enjoy the sights at Mackinac Island.

#### Postcards Sent Afloat

Postcards, placed in bottles, were dropped overboard at various points along the cruise. Return of the postcards will enable the crew to make a small study of the currents in the lakes. Last year, on a cruise to Isle Royale, the same project was undertaken, with a 70 per cent return of postcards.

On the return trip, the ship was locked through the MacArthur Lock, the largest lock at Sault Ste. Marie.

Recorded in the ship's log was the relative calm on Lake Huron and Lake Michigan in comparison with Lake Superior.

Since safety is stressed aboard ship, the skipper found it necessary to make many stop-overs on Lake Superior because of heavy seas, which later made it imperative that the crew be sent home by automobile from Shelter Bay.

Over 700 miles were covered on the cruise over a period of seven days.

The ship encountered more than 70 vessels over 300 feet in length during the cruise.

**Crew Members Named**  
Ports of call included Sault Ste. Marie, and after 40 miles on St. Marys River, DeTour, Hessel and Mackinac Island. The return trip had stops at Drummond Island, Sault Ste. Marie, Grand Marais, Munising, Shelter Bay and Marquette.

Those on the cruise were James Weingartner, skipper; Richard Skewis, first mate; Brian Carlson, mate; Dudley Markert, advisor; Alan Koivula, navigator; Thomas Vicary, crew leader; Gary Gallion, Peter Goldsworthy, Charles Skewis, Robin U'ren, Davis Williams, all crew members, and a guest, eight-year-old Todd Weingartner.

### School Board Gets Letter From JFK

ISHPEMING — The Ishpeming School District Board of Education is in receipt of a letter from the President of the United States, asking that Ishpeming continue its progress in education.

The letter, addressed to Arthur Hebbard, secretary of the board, stated:

**Preserving American Tradition**  
"At a meeting in the White House with a group of leading educators, it was recommended that I write you personally to seek help in solving the grave civil rights problems faced by this nation. I am convinced that the resolution of this deeply-troubling issue must have the attention of leaders from all walks of life in every community and state.

"It is the American tradition, which we all wish to preserve, that the responsibility for education remain at the state and local level — in the hands of duly authorized citizens closely associated with particular schools, colleges and universities. The leadership that you and your colleagues show in extending equal educational opportunity today will influence American life for decades to come.

**Returning To School**  
"At the White House meeting it was urged that a massive, nationwide effort be undertaken this summer to persuade our young people to return to school in September.

"As you know so well, this is a problem which affects both white and Negro students and their families. It is of particular significance because of the lack of job opportunities for inadequately trained youth and the explosive situation in many of our great cities.

**Cooperation Needed**  
"The cooperation of state and local school systems, colleges and universities will be needed, and I hope that you and your colleagues will give the program every possible support.

"Equal opportunity for education and for employment is a phrase without meaning unless the individual is prepared to take advantage of it.

"Young people and adults alike who have been disadvantaged need special programs in both general and vocational education if they are to be ready for further formal education or for employment.

**Bi-Racial Commissions**  
"I have proposed to the Congress an expansion of federal support in these areas, but the main task, of course, has to be carried out by state and local educational systems and by public and private institutions.

"I have also urged that there be established across the country bi-racial commissions to aid in solving the variety of problems that have arisen in our society in the area with which we are so concerned. I hope that you and your colleagues will work actively with these commissions and urge their establishment where they are not yet in existence.

**Enlisting Support**  
"Finally, may I express the hope that you will discuss this letter with your colleagues and if possible enlist their support. I urge you to commence or intensify your effort immediately in meeting this national problem and suggest that you advise Commissioner Keppel of the United States Office of Education of your progress.

"Whether there is a significant reduction in dropouts when schools resume in the fall will depend, in great measure, on your efforts in your own community. We solicit your sympathetic support and assistance."

### Sawyer Man Booster Club President

GWINN — Sgt. Donald Gren, Booster Club in the Gwinn Club was elected president at a meeting of the Gwinn High School K. I. Sawyer Air Force Base, house, Mrs. John Fallon was elected secretary and Sgt. Carl Lindstrom treasurer and Mrs. Lois Gren was named chairman of the telephone committee.

The new head football coach, Lee Johnson, was introduced, along with his assistants, Robert Pelkie and Robert Syrja, and Charles Gendron, who will be the junior varsity coach.

A report was given on summer projects which are now completed, consisting of construction of a seven-man sled, tackling machine and a permanent isometric rack. Work was done by male members of the club.

It was voted to purchase a tripod for the club's 16-mm camera and a large electric coffee maker to be used at the refreshment stand and for club meetings. The refreshment stand will be in operation at all home games. New Booster Club's decals, with the school emblem and colors, have been received and will be sold by members.

The next meeting will be held at 7:30 Monday evening, Aug. 19, in the clubhouse.

### Siamese Twin Dies Of Blood Infection

LOS ANGELES (AP) — Daniel Bartley, four-day-old Siamese twin, died Wednesday at Children's Hospital of a blood infection.

Daniel and his brother, David, were born Saturday to Mrs. Rebecca Bartley, 15. They were separated Sunday.

David has not yet developed symptoms of the infection, a hospital spokesman said.

### Tigers In Reach Of Eighth Place; Could Tie It Today

KANSAS CITY (AP) — Billy's bat and Phil's pitching put the Detroit Tigers back within easy reach of eighth place Wednesday night — and, according to the standings, they have an easier opponent today.

The ninth-place Tigers still are playing the Kansas City Athletics. But now it's the eighth-place A's instead of the seventh-place A's.

Los Angeles beat Washington last night and took over seventh while the Tigers were beating the A's 5-2.

So who's Billy? A 233-hitting centerfielder named Bruton who closed his sixth home run of the season Wednesday night in the ninth inning and brought in the three winning runs. It was his third hit of the night.

And who's Phil? Phil Regan — for the past two months — has had the best pitching record in the American League. Wednesday night's victory, on an eight-hitter, was his sixth straight. He hasn't lost since June 13.

**Win Would Make Tie**

A Detroit victory today would put them in an eighth-place tie with the A's. The Angels are out of reach today, but if they lose and Detroit wins, they will have just a two percentage point lead on the Tigers.

Members of the Lions Club, champions of the Marquette Babe Ruth League, are shown at the North Marquette Field, where league games are played. In photo are, from left, kneeling, Bubby Robert DePetro, Chico Salminen, John Smith, John Blumberg, Johnny Paterson, Brendan Biolo and Ron Thill; standing, Coach Bruce Voet, Ruth Leanes, Brian VanOverloop, Jim Remington, Jack Specker, Tim Bennett, Tom Greenleaf, John Carlson, Bill Perron and Manager Eddie Voet.

### Lions Beat Mobil In Sizzler To Win City's Babe Ruth Loop Title

Behind the steady, five-hit pitching of Jim Remington, the Lions defeated Mobil in a sizzler, 6 to 5, last evening on the North Marquette Field to win the Marquette Babe Ruth League championship for the second straight year.

With darkness rapidly approaching, Lions Second Baseman Johnny Patterson made a leaping, over-the-shoulder catch of Wayne Roberts' looping fly ball, which was headed toward center field, for the final out of the game.

At the time, Mobil was in the midst of a rally, with two runs home, two out and the tying run on third and the winning run on first.

**Five-Run Fifth Inning**

Manager Eddie Voet's Lions, victors over Pepsi Cola in their first playoff contest Tuesday evening, exploded with five runs in the fifth inning to rack up what seemed to be a big advantage over Mobil Pitcher Jay Olson and his club.

**Packers Practice No-Contact Plays For Dallas Tilt**

DALLAS (AP) — The Green Bay Packers took it easy again Wednesday as they prepared for their Saturday night exhibition game with the Dallas Cowboys.

There was more emphasis on passing with Bart Starr and John Roach dividing the work and the Packers ran a few ground plays. There was no contact although the players had their pads and helmets on.

This is a precautionary measure, it was explained.

**Red Wings Have Agreement With Johnstown Jets**

DETROIT (AP) — The Detroit Red Wings of the National Hockey League and the Johnstown Jets of the Eastern League have entered into a working agreement for the 1963-64 season.

### Softball Ends In Munising; K of C Champs

MUNISING — The Munising Softball league wound up another season of play with the Knights of Columbus defeating Drewry's Beer, 6-0, to win the City Play-off Crown. Phil Fedoruk, pitching for the Knights, fired a three-hitter and was supported with a nine hit attack, which included two singles by Fedoruk. Drewry's had previously eliminated the Knights in the U.P. Class D district tournament.

The Casino Honor Camp won the league championship with a 14-2 record followed by Baij's Bar, 11-5; Knights of Columbus, 8-8; Drewry's Beer, 6-10; and the Bengals, 1-15. Sponsors of this year's league were the Ben Franklin Store, Farrell's Drug Store and the Alger County Hardware.

**Archery Scores In Sunday Meet**

ISHPEMING — Scores not previously reported in the 6th U.P.F.A.A. Archery Tournament held Sunday in Ishpeming are as follows:

Boys Novice Class — First: Ken Vadness, 275.

Second: Jay Hoffman, 170, Munising.

Third: John Cady, 137.

Fourth: Richard Sirtz, 133, Marquette.

Free Style Class — First: Jerry Belange, 830, Iron River.

Second: Ken Nelson, 762, Ishpeming.

Third: Jack Williams, 649, Ishpeming.

Fourth: Dan Petroff, 646, Iron River.

### Schlitz Splits With Baij's In Hurley Play

In Wednesday night's softball action at Hurley Field, Schlitz took the first game of a double tilt, 16-0 from Baij's Bar, and then lost the game, 3-2 to split the double-header.

**Legion Wins Exhibition In Negaunee**

NEGAUNEE — Unearned runs and top-notch pitching by Gerald Pirkola and Paul Remillard combined to highlight an exhibition game between the Negaunee American Legion team and Michigan game Herbs and Mary's team. The Negaunee team climaxed an exciting game with a two-run rally in the last inning to defeat the highly regarded Michigan team, 5-4.

**Pirkola Settled Down**

Handing Herb's and Mary's three unearned runs in the first inning, Pirkola, who was just off the sickbed, settled down to pitch an excellent three-hitter, fanning 14 opposing batters during the game.

Harry Ray started the game for the losers with a sharp single in the first inning, which turned out to be the only solid hit off Pirkola in the entire game. Two consecutive Legion errors brought Ray in to score, and establish a 2-0 lead for Herb's and Mary's.

Errors proved costly again in the second inning, as Wayne Wiljanen hit a misjudged fly ball single, and scored on more Legion mistakes.

**Season Record**

Pirkola found himself after the second inning and struck out 12 more batters to register his total of 14 for the game, and finish the 61 innings of pitching for the season with a 94 strikeout record.

Pirkola stayed strong through the last three innings, retiring seven of the last nine outs of the game via the strikeout route, using a blazing fast ball and a sharp-breaking curve. This performance reduced his season earned run average to 1.61.

Going into the last of the sixth inning, Negaunee could not buy a hit, as Remillard had the batters off balance with a beautiful drop curve. Remillard lost his effectiveness in the last of the seventh inning, however, and a walk, singles by George Torreano and Dave Roberts loaded the bases with two outs.

**Kangas Wins It**

Dale Kangas decided the game at that point by smashing a line single to right field, bringing in the two winning runs for Negaunee Legion.

Remillard finished with a fine four-hitter and struck out eight batters in the course of the contest.

### Kaline Gets Golden Glove

DETROIT — Al Kaline continues to collect the material awards which go with the Tiger outfielder's reputation as one of the greatest performers in the major leagues.

The newest additions to the Kaline trophy collection are the Rawlings Gold Glove award for his selection by The Sporting News on the American League All-Star Fielding Team in 1962 and a silver-framed plaque for his recently-won membership in the "200 Home Run Club."

This is the fifth time Kaline has received the Gold Glove fielding award. His 1962 selection with Mickey Mantle and Jim Landis as the American League's top glove men in the outfield was a notable tribute to his skill because the Tiger star missed two months of action after receiving a broken collar bone in May.

In the 100 games he played, Ka-

### Dodger Lead Dwindled By Hank's Homer To 3 Games

(By the Associated Press)

Third-place St. Louis closed to within four games of the top, edging Houston 3-2 on Bill White's seventh-inning homer. Philadelphia moved into a tie for fifth with Chicago, dropping the Cubs twice 7-2 and 9-3. The New York Mets defeated Pittsburgh 4-2.

Drysdale, 15-13, had a three-hit shutout going into the seventh. With one out, Roy McMillan singled, Del Crandall walked and a passed ball moved the runners up. One out later, Drysdale intentionally walked Lee Maye and Frank Bolling singled to tie the score 1-1. Aaron followed with his drive, getting rookie Bob Sadowski his second major league victory.

**Hit Barrage**

The Giants started Frank Linzy, just called up from the minors, while John Tseitouris got the call for the Reds. A hit barrage ensued.

The Giants got 15 hits, the Reds 17, including a homer by Veda Pinson that put Cincinnati ahead 6-5 in the seventh inning. Jim Davenport singled to set up the Giants' tying run in the eighth; then led off the 10th with a double and rode home with the clincher on Alou's hit.

### Stan Aces Hole-In-One Second Time

MUNISING — Stan Whitman scored his second hole-in-one in as many years Monday evening in the Men's Two-night league. Stan made it on a 225 yard drive to No. 6 hole using a 3 wood. He made last year with a 115 yard drive to No. 2 green during open play.

**Twins Fans Enjoy Shifting Of Odds In AL With Win; Leads Shrink, Leaders Lose**

(By the Associated Press)

The Yankees' runaway in the American League apparently hasn't dimmed the enthusiasm of the fans in Minnesota where the Twins are making a strong fight to take over second place again.

A crowd of 25,014 in the Minneapolis-St. Paul area was on hand Wednesday night and boosted home attendance to 1,017,146—the third straight year the Twins have lured more than a million customers.

**Had A Ball**

The fans had a ball Wednesday night. They watched the score board and cheered as the Yankees took a double beating from the Red Sox at Boston, 14-7 and 5-4 and the Cleveland Indians nipped the second-place White Sox at Chicago, 1-0, in 11 innings on Willie Kirkland's homer.

Then they whopped it up as Bernie Allen's single drove in the run that gave the Twins a 13th-inning 2-1 edge over the Baltimore Orioles who had been nipping at their heels.

**Yanks Eight In Front**

As a result of the night's activity, the Yanks were eight games in front of the White Sox with the Twins just another length

### Boros Cheered On By Home State Fans In City Open

HARTFORD, Conn. (AP)—The crowd is rooting for a local boy and U.S. Open champion Julius Boros has shown that he intends to please them in the 12th Insurance City Open Golf Tournament starting today.

A native of Fairfield, Conn., Boros scored a stellar five-under-par 31-35-66 Wednesday in the pro-am trial, preliminary to the tournament competition.

**Has Failed Before**

The 43-year-old master has failed in several attempts to win the Insurance City crown on the par 71, 6,515-yard Wetherfield Country Club course.

Looking as if he were putting in his back yard, Boros rolled in a hole of 12 feet or better to win the \$300 top money in the pro-am.

There is \$40,000 at stake in the 72-hole competition starting today. And Boros has said: "I want to win this one, with the home folks looking on, very much."

**Nicklaus Relaxed**

Jack Nicklaus, Boros' toughest foe among the 160 entries, is making his first appearance on the course. The current Masters and PGA champ seemed to take it leisurely Wednesday.

He scored a three-over 37-37-74, getting the feel of the course.

Boros had six birdies, four on the front nine. He finished three strokes up on former U.S. Open winner Billy Casper, who had a 31-38-69.

### Wolverines Begin 84th Season With Improved Lineup, Higher Hopes

ANN ARBOR (AP) — The University of Michigan is about to launch its 84th official football season with only one way to go—up.

The Wolverines turned in their poorest performance since 1936 last Fall, winning only two games and losing seven, and posting a 1-6 conference record.

**Signs Look Good**

But the signs point to a better year, said Bump Elliott, who starts his fifth season as head coach with the opening of fall practice Aug. 26.

Practice starts a week earlier than other Big Ten schools because of the earlier opening of classes (Sept. 3) to accommodate Michigan's new year-around academic program.

Seventy three players—including a promising crop of sophomores and experienced Juniors—are expected to turn out 11 days from now.

**Better Squad**

The upcoming squad is decidedly better than the one that took to the practice field a year ago.

Elliott said, but is not outstanding.

The Wolverines lost only three starters through graduation this year. The only serious loss was that of Dave Raimey, right half from Dayton, Ohio, and Michigan's greatest scorer since Tom Harmon in the early 1940s.

Weakness at end, center and fullback plagued the Wolverines last Fall.

This year, they have three lettermen at end—Juniors Jim Conley of Springdale, Pa.; Ben Farabee of Holland, and Bill Laskey of Milan—as well as promising sophomores in Steve Smith, a 6-2, 230-pounder from Fay Ridge, Ill.; Dennis Flanagan, 6-2, 215 of Niles, Ohio; Craig Kirby, 6-1, 180, of Royal Oak Kimball High School, and Jeff Hoyle, 6-1, 195, of Chicago.

**Three At Center**

At Center there are three lettermen where there were none a year ago — although sophomore Tom Cecchini of Detroit Pershing High School is scheduled to start at that spot. The lettermen are junior Fred Tension, senior Bill Muir of Cuyahoga Falls, Ohio, and Dick Szymanski, a senior from Toledo.

At fullback are two tested veterans and a promising sophomore, Junior Mel Anthony of Cincinnati and senior Wayne Sparkman of Plymouth will supply the experience. Sophomore Charles Dehlin, 5-11, 195, of Flushing could be a contender for the starting spot before long, however.

**Veteran Quarterbacks**

Lack of experienced quarterbacks continues to be one of the least of Elliott's problems. He has four lettermen for the spot—including Bob Timberlake, a Franklin, Ohio, junior; senior Bob Chandler of La Grange, Ill.; senior Frosty Evashevski, son of Iowa football coach Forest Evashevski, and senior Tom Prichard of Marion, Ohio.

### Negaunee JV Squad Gets Issue Saturday

NEGAUNEE — Candidates for the Negaunee High School junior varsity football squad should report for their equipment starting at 9 a. m. Saturday. Coach Bob Herman announced today.

Twice-a-day practice sessions, scheduled for 9:30 a.m. and 2 p.m. will get underway on Monday, Aug. 19.

Herman reminded candidates that before being permitted to start practice they must turn in physical examination cards signed by their family physicians and parents, and must make arrangements for dental protectors.

**Maintenance In Humboldt Mine Contest**

ISHPEMING Air tight defense and timely hitting by the Humboldt Maintenance softball team enabled them to be victors over the Humboldt Operators in a game played last Friday evening on the Owl's diamond in Ishpeming. The final score, was 11-12.

Two Operator runs were cut off at the plate by accurate throws of John Barston; another highlight of the game was a towering home run by Pete Ombrello in the top of the seventh inning.

**Five Michigan Entries Qualify In Junior Meet**

COLUMBUS, Ohio (AP) — Five Michigan entries qualified Wednesday for the 46th Western Junior Golf Championship at Ohio State University.

Bill Newton of Ann Arbor and Fred Ewald of Birmingham led the group with scores of 144. Newton shot 74-70 and Ewald 73-71.

Others were Pete Smith of Niles, 77-72-149; Charles West, Birmingham, 80-70-150; and Kent Cadey, East Grand Rapids, 76-74-150.

**Ishpeming BR, Legion Men To Clean Suits**

ISHPEMING — All players on the Ishpeming Babe Ruth and American Legion baseball teams are urged to have their uniforms cleaned and returned to their managers within the next week.

### Ticket Lineup?

Three British thoroughbreds might well be queuing up at the opera instead of running like at the opera in Brown Jack Stakes as Ascot, as they are. (NEA Telephoto)

Jury Finds Pair Guilty Of Murder

KALAMAZOO (AP) — Prison terms — one for life, the other indefinite — face Adolphe White, 22, and his nephew, Charles Hodges, also 22, in a \$1,500 Pontiac robbery-slaying.

A jury of nine women and three men convicted White Tuesday of first degree murder in the fatal stabbing and shooting March 16 of Robert Greene, 22, assistant manager of a Pontiac supermarket.

The sentence for first degree murder is mandatory and calls for life in prison.

Defense attorney Milton Henry, who called the trial "a farce," said he would appeal White's conviction.

Rules Out Insanity Plea Circuit Judge William J. Beer had ruled out a defense insanity plea for White, finding the evidence insufficient to support it.

In another ruling the judge held Hodges guilty of second degree murder. Hodges was originally a co-defendant with White but then changed his plea to guilty, with the court to determine the degree of guilt.

The jury's verdict, delivered after approximately one hour of deliberation, followed a dramatic court room scene.

"... I Didn't Do It" White walked to Beer's bench and, with hands raised, cried, "Let me talk to the jury... I didn't do it."

Judge Beer restored order, directing a deputy sheriff to return White to his chair. White knelt on the floor and wept.

During the trial White and Hodges, a prosecution witness, each accused the other of taking the crime in the first instance, police said.

Change Of Venue The purported confession, broadcast on television, led to a change of venue for the trial, Judge Beer holding it here instead of in Oakland County. The defense said a fair trial would be impossible in Oakland County because of the TV broadcast.

Greene, the victim, was stabbed 42 times and shot in the head. White was employed as a stock boy at the market. Most of the stolen \$1,500 was recovered. Det. Sgt. William said White led police to a hiding place for the loot.

Sentencing Judge Beer made his ruling on Hodges' degree of guilt after the jury returned the verdict on White. One of the three men on the jury was a Negro. The court set Aug. 23 for sentencing of both men.

England has shifted its famed Greenwich Observatory from the prime meridian in the ancient castle of Herstmonceux in the clear air of Sussex.

Announcements—Card of Thanks

IN APPRECIATION We wish to take this opportunity to thank our friends, relatives and neighbors for their many acts of kindness during our recent bereavement of our wife and mother, Bernice Elizabeth Beerman. Your kindness will always be remembered.
